There won't be any write-up next month, as we expect to be spending our vacation at Long Beach, Cal., fishing, bathing, etc., instead of shoveling seven or eight tons of coal a month to keep warm.

No items were received from west end.

Mrs. Phillips, of Goodeve, is visiting friends in the East.

Bro. Deshaye, of Fenwood, still in the hog business; trains kill the hogs, and he does the rest.

Wabash R. R., Div. No. 2.

St. Louis Division—

We boys in "GM" feel that our general committee and Bro. Quick have at this time done all they could in their efforts to complete our schedule negotiations, and that you have voted very intelligently that further negotiations be temporarily postponed until July 1st, or such time before that date as the Wabash is taken out of the hands of receivers.

In order that we may have improvements in wages and working conditions it is necessary: first, that we keep after every non until he gives his support. No doubt many of the nons would line up if every member would use his efforts to secure the application. When our committee is called in to negotiate with the company for more money and better working conditions, we should be solid and ready to support it to the limit and not be too quick to find fault. We don't know what it has to contend with. There isn't a road in this vicinity where the pay is as small and the work as hard; yet we all love the old Wabash. However, we are getting a little sore thinking maybe she doesn't love us. We are asking for nothing we do not deserve, and therefore I feel we are bound to get it. The general committee has the "backbone," so brace up. If you can not land a non alone, then double-up on him and give him no peace until he can produce a card. Remember at all times, "No
card, no favors." What is the use of pulling all the load while the nons come along behind and get their share of the benefits? When you get "up against" a chronic non, or some question you can not answer, drop our local chairman a note and he will help you out.

In looking over my reports things are going fine along this division, the nons are coming in and the delinquents paying up. That shows that the boys are beginning to feel it their duty to give part of what the O. R. T. has gotten them to maintain the Order and keep a strong front. A good front always makes a man look well, but if he is solid all the way through he is very hard to put down. "Let us be solid all the way through." We have got 'em started, so keep them on the run until you get the last one.

It is now Bro. S. C. Talcott at Renick.

Bro. Robinson, third Clark, resigned, relieved by Bro. Schaffer, who later resigned, relieved by Bro. Saunders, pending bulletin, relieved by Mr. Hardin, from Renick, on third Montgomery, pending bulletin.

Extra Dispatcher Sullivan goes back to telegraphing, extra dispatching being over for the present, placing Mr. Owens on first "NE," Moberly, Mr. Messick on third and Bro. Begole on second, relieved by Mr. Jacobs a few days, while visiting home folks.

Bro. Krome assigned High Hill agency.

"B," Cert. 2147.

Manager J. W. Halloran, "GM," off a few days recently on account of the death of his sister-in-law, was relieved by Bro. Carter, relieved by Bro. Bagby who doubled.

Dispatcher Whiteley, "GO," Moberly, off the last two months on account of poor health, relieved by Extra Dispatcher Sullivan, has resumed work, looking much improved. Mr. Johnson, "JS," Chicago, on the sick list recently, relieved by W. H. Sando, from 47th street, Chicago, has also resumed work.

At the recent election of officers of St. Louis Division No. 2, I take great pleasure in announcing that Bro. Carter, of "GM" office, was elected first vice-chief.

"B," Cert. 2147.

Decatur Division—

Brothers, read the article of Bro. Nason, of the N. P., in the January Telegrapher. The same conditions exist on the Wabash in regard to others beside telegraphers handling train orders by phone. We should take all such cases up with the local chairman and have this matter adjusted.

Bro. Nettleship awarded Raymond agency, relieved at Strohn by Somers from second.

Bro. Keller, first "JO," fell on the ice and sprained his arm, relieved a week by Bro. Lowary.

H. E. Stimpling, C. B. & Q., Rock Falls, and Miss Ada Myers, sister of Bro. Myers, were recently married at Decatur, Ill., and spent part of their honeymoon with Bro. and Mrs. Veech, at Cerro Gordo. Mr. Stimpling will soon be a member.

Thanks to Bro. Hope for his items, the only one who sent me any news.

Let us have a meeting in Decatur or Forrest, and everyone come out and discuss matters that will benefit us. Those interested write Bro. Nash and have him arrange it.

Fraternally yours,

R. VEECH, Div. Cor.

Springfield Division—

It has been decided to postpone our negotiations until the road gets out of the hands of receivers; proposition No. 1 having carried by an overwhelming majority.

Each one of us must get after the nons now personally and by letter, and get this division 100 per cent. Any information will be gladly furnished by your local chairman. V. Bluffs needs our attention, it is all non air.

Negotiations are under way for the sale of the road, the date to be set by Special Master Krum, and as soon as this takes place, we are going to go after a schedule worth talking about. Go over your schedule carefully and send me a list of any changes, additions, etc., you wish to have in our new schedule. This information will greatly assist your chairman in drawing up a satisfactory schedule.

I wish to thank the boys who assisted in this write-up, and request them to come again.

L. W. A., Cert. 748.

Peru Division—

Bro. J. C. Cox, agent Liberty Center, returned from his honeymoon February 15th. Congratulations.

Bro. C. E. Romick, Whitehouse, sick a few days, was relieved by Extra Bridenbaugh.

Brothers, get in that non working with you. Let us make this division solid and give our committee the support it should have. Let us all go to work and show a solid front before the summer months roll by. Remember "No card, no favors" is the motto. If we will live up to it, there will be no trouble to get the nons in.

Let's have a meeting, get together and organize a campaign to get that non next door.

Application blanks can be secured from our local chairman. Each member secure another, thus making progress toward a new schedule and better conditions.

Let's put the trainmen "next" to where there is a non, and they will help us to enforce the motto, "No card, no favors."

Read your journal from cover to cover; then pass it to some non and show him where other roads are paying more because the boys there back their committees to the limit.

**Chicago & Alton R. R., Div. No. 2. Western Division—**

Telegraphers who have been in the service for five years should have annual passes, as well as any other employees. The telegraphers and agents at the smaller stations are now working nine hours a day, seven days a week, and many of the latter are working twelve hours a day, seven days a week, while signalmen draw $70 a month for about five hours' work a day, six days a week, with no more responsibility. Get a card and enable our committee to present these matters to the management, with the proper backing behind it, when we go up for a revised schedule.

Bro. Stener spent a few days in Denver recently, relieved by Bro. Baker.

We should see that Mr. Lewis, at Illinois River Bridge, keeps his promise to take out a card. He is a brother of Bro. "Bill" Lewis, who is always up to date.

Our schedule enables Mr. Vermillion to hold second Blackburn, and we should see that he takes out a card and does his part; also that the few nons west of Slater get in line. They are good boys and should be with us. Brothers, remember our motto: "No card, no favors."

Bro. W. C. Warner's little girl, who was operated on at Mountain Lake Hospital for appendicitis, January 34th, we are pleased to say has about fully recovered.

Bro. F. D. Everett, of Ash Creek, called to Blue Earth, January 26th, on account of the death of his brother-in-law, also called on General Secretary and Treasurer Tenney while in Mankato, relieved by Bro. O. A. Iverson.

Bro. M. R. Dewar is now enjoying the new depot at Wilder, built while he was on several months' vacation.

Bro. B. J. Funk relieved Bro. Tenney while he took his little boy to Minneapolis to be placed under a specialist in the Swedish Hospital. We are pleased to report rapid improvement in the little fellow's condition, but he has had a run of eight weeks, which has left him in a very delicate condition. Bro. E. F. McCarthy, who relieved Bro. Funk on second, was relieved at Savage by Bro. O. S. Brown, from the Wisconsin Division.

Bro. A. M. Sundet, after only a few days' sickness with diphtheria, died at Ashton, February 4th. His remains were shipped to his parents at Chipewa Falls. A memorial and telegraphers' wreath of flowers accompanied the remains.

The attention of the brothers in Nebraska is called to the candidacy of Bro. H. C. Peterson, of Bloomfield, in the coming primaries for State Railway Commissioner. Bro. Peterson has a splendid past record, and at present is assistant cashier of the Farmers and Merchants State Bank of Bloomfield.

With the exceptions of a few, all the dues have reached the general secretary and treasurer. The increase of the additional $1 is making the treasury show up splendidly. There seems to have been a strife among the brothers to see who could get their dues in first. Let them come, boys, we have lots of receipts left and are glad to do a little extra work now and then.

Several telegraphers, including General Chairman Liddane and General Secretary and Treasurer Tenney, attended the union meeting of the five organizations at St. Paul, February 15th.

Bro. W. C. Ziebarth has taken up his new duties at Su City shops.

In a long drawn-out controversy relative to the question of overtime surrounding Bro. McDonald's case, at Kasota, the following ruling has been handed down by the general superintendent: "Telegraphers who are called to work on a nine-hour trick outside their established hours will be paid 50 cents for the call and their regular salary for the balance of their trick; that is to say, the first hour will be 50 cents and the other eight hours the regular pro rata. This is also applicable to an eight-hour trick." CERT. 2.

Bro. Owens is going to start in the hotel business at "CO." Good luck.

Ex-Bro. E. W. Wilson has given up ranching and is now at Winside agency pending bulletin, vice Bro. Hartson resigned.

Let every brother give Bro. Poole his earnest support toward lining up the nons still on this division. Get after that one working with you, and give him no rest until you land him. The local chairman has plenty of blanks.

Bro. Hartson, who was switching in Council Bluffs, is now with the Milwaukee, at Vermillion, S. D. We wish him success.

Understand Bro. Wallace, the duke from Obert, was buying baby clothes recently.

Bro. H. C. Peterson, out for State Railway Commissioner, has an up-to-date good until June 30, 1914, although out of the business. Don't forget him when the time comes for your vote.

Any brother who has an old worn-out Oliver to trade for a new Emerson (and get little to boot) let me know.

Thanks, boys, for the items. Am a little too far out in the hills to get much of the news without some help, so news items are welcome at any time.

CERT. 114.

EASTERN DISTRICT—

Everybody is sitting tight and hanging on to their jobs as work is scarce. Bros. Engebretson and Waldum are going to Antigo to work for the C. & N. W.
Mr. Gormely, who relieved Bro. Chase at Hustler, while he went to Eau Claire to take the eye test, also relieved Bro. Grandel at Graniton so he could take the test, then relieved Mr. Johnson, Lewis second, on vacation.

Bro. Gray's wife has returned from visiting her parents in Missouri.

Night watchman at Tunnel found an old man in the tunnel with both legs cut off; evidently insane as he left his shoes quite a distance east of the mouth of the tunnel, and had been walking in his stocking feet.

One of the maintainers found thirteen broken rails in going two miles the other morning. Every broken rail puts the automatics at stop, preventing trains from passing over the broken places at high speed.

Those who have failed to get that new card should do so at once.

K. C. Jacobson,' from the Soo Line, visiting his brother Bouse, at Fall Creek, says they are laying off men there.

Bro. Burger, from Stillwater Jct., was relieved by Bro. Lee, while he relieved Mr. Perry, Northline third.

Bro. C. B. Harshman is just out of St. Paul hospital where he underwent a serious operation.

The joint meeting at St. Paul February 15th under the auspices of the O. R. C., was well attended by the members of the B. L. F. & E., B. L. E., B. R. T., and O. R. T., who were invited to join them. The questions of efficiency and federation were discussed, and a good start was made towards joint action by the five organizations in creating better conditions on the Omaha. The O. R. T. was represented by General Chairman Liddane, General Secretary and Treasurer D. O. Tenney, Bros. John O'Connell, of Marshfield; E. J. Stanton, of Rusk; L. W. Richards, of East St. Paul; C. B. Fairbaird, of St. Paul shops, and several brothers from M. & I. Division. Bro. Liddane spoke for the O. R. T., and presented their ideas on the subject.

There will be more of these meetings in the future, and every effort should be made by our members to attend. It will mean the closer knitting together of the five organizations, and will be productive of untold good to the men.

I wish to thank the brothers for news sent me, and hope more of them will send me all they can hear near where they are working. If only a line or two it will help. We all like to hear what is going on, and a man located at one end of the line can not get it all unless the others send him the items they hear of.

CAVE 7.

Northern District—

Bro. J. Sauleen, Deer Park nights, was home on a visit; relieved by Bro. J. H. Reed, from Draper, transferred from Division 93.

Train Nos. 91 and 92 from Spooner to Eau Claire on the C. F. & N. have been discontinued.

P. Mislund bumped on side wire at Spooner by an extra dispatcher from Eau Claire, is now on third Solon Springs.

Bro. F. G. Payson, agent Barronnet, was at Spooner between trains to take the physical examination.

While Bro. Patterson, second Barronnet, was out hanging up the mail, someone climbed through the transom above the office door and rifled the cash drawer of about $22.00. A suspicious character, seen around the depot, was apprehended at Shell Lake the next day, and Bros. Patterson and Sauleen went there to identify him as the burglar, but he was later released, and "Pat" stood the loss.

Bro. R. W. Carey, on this road for several years, now with the C. M. & St. P. at Heritage, Mont., writes that he is going ranching there in the spring.

The change in telegraphers and tricks at New Richmond as determined by Superintendent Stockwell was not in accordance with our schedule, and, at the intervention of General Chairman Liddane, the men were put back on the old basis. Nons, please take notice.

Your correspondent had a very pleasant visit with Bro. Steiner at Deer Park recently, who was just recovering from a siege of the grippe.

We are glad to see some of the old confirmed nons coming in. It seems much harder to convince them than the new men.

There was a joint meeting of the organizations on the Omaha held in St. Paul, February 15th, in the Masonic Temple, for the purpose of discussing united action.

Bro. J. Sauleen was relieved at Deer Park, on account of sickness, by J. O. Murphy.

We hope it will be Bro. F. W. Kurrasch, first Cedar Lake, again pay day.

Stine, the relief agent, next morning, so that he might go to Cozad, where a relative was ill. Bro. Morria succeeded in fighting him off as he ran towards the hotel. His calls for help finally scared the fellow away.

Colorado Division

No news from the D. P. this month. Hope you will all take a hand next month and help me out. It is very hard to keep these write-ups going unless you do so, although we have missed only twice in nearly two years. Let's all take a new start and give me the news.

K. P.

L. C. Dunsdage, Agate, Colo.

Wyoming Division

Bro. Kabes, formerly of Table Rock, is now with the Florida East Coast.

It is now Bros. Brown and English at Red Desert and Bitter Creek respectively.

J. T. Peckenaugha, chief dispatcher B. & M., Sterling, Colo., who died suddenly Saturday, January 31st, was at one time a member of Division 6, working several years at Laramie and other points on the U. P. His brothers—C. D. Peckenaugha, superintendent Sheridan Division of the B. & M., and Bro. J. H. Peckenaugha, of the Ogden relay—and Local Chairman Horiskey, from Cheyenne, attended the funeral at Laramie, February 2d. "Peck" had many friends among the railroad men, and since returning to the Burlington has risen fast, making good as an official as well as in the ranks.

Mrs. Brown, second Red Desert, has resigned, replaced by A. J. Dunlap.

Bro. Cessna relieved Mr. Benedict at Tipton a few days; then went to Wamsutter first. Bro. Durst, from the Fifth District, is agent at Wamsutter until bulletin closes.

Bro. Metcalf is roughing it while Mrs. Metcalf is visiting relatives in the East.

The parcel post is getting to be such a great thing that some of the agents and telegraphers are contemplating "back to the farm," where they can take life easy.

The local chairman has to work his trick the same as we do, so we should help him all we can by notifying him of vacancies that should be bulletinized, foreign members for transfer to this division, and nons that should be lined up (after you have tried them). If you have a grievance, write him the facts of the case, so he can adjust it. Why not put him on a salary sufficiently large to permit him to take a few days off each month and devote them exclusively to the interest of the division? This would cost us very little and be a great benefit to all.

Carl Loback, third Table Rock, left on short notice one night recently.

G. S. Benedict, third Tipton, a taxidermist, is endeavoring to sell his wares to telegraphers along the line. He is not a member. Our motto is "No card, no favors." Post up on your secret work.

When asked for a favor, use your wire test, and hang "No card, no favors" on the nons.

Let us each try to get a new member and make this division 100 per cent strong.

I have a number of small articles, including styles and emblem rings, made by Bro. Ezell, who is serving a life sentence in the Pittsburgh, Pa., penitentiary, and am helping him to dispose of them in an effort to raise funds to get his case before the board of pardons. Bro. Ezell killed a yardmaster defending himself from a murderous attack, and was sentenced to hang, but, through the efforts of the members, his sentence was commuted to life imprisonment. He has served ten years, and if his brother telegraphers will assist him in this way to raise sufficient funds he can be freed. Write me for complete list and prices.

H. A. Matheny, Tipton, Wyo.

Wyoming Division, Eighth and Ninth Districts

Bro. Joe Atchison, pulled off there on account of reduction, goes to the Seventh District.

Bro. S. Reed, third Rock Springs, reported sick.

Ex-Bro. H. H. Brown, formerly on this road, is reported to have died recently in Milwaukee.

Quite a number have promised to line up this month. Will mention them next month. Better not to "count the chickens before they are hatched."

Fifth District—

The Fourth District, the banner district of the O. R. T., the only district that has an absolutely solid O. R. T. line-up, is also the banner district of the entire Union Pacific, holding the record for the largest tonnage per engine mile, with least cost of operation. There are few accidents of every kind on the Fourth District than on any other district on the Union Pacific. Those are facts. Now, so far as we employ of the Fourth District are concerned, we think we've got the banner set of dispatchers, the banner chief dispatcher, and, beginning the first of this month, we have the banner trainmaster as well. You can go right along the line and say we've got the banner set of enginem en and the banner set of trainmen. All of which is by way of saying that it's
men—not things—that count. Mr. Van. A. Wirt, who on the first of March succeeded Mr. G. R. Smith as trainmaster, is an artist in the science of railroading, just like Harry Lauder is an artist as a Scotch comedian. The thing that makes Harry Lauder an artist in entertaining is because he does it so easily. That's the way Mr. Wirt does his little act. Railroading is not difficult for "Van." He does it just as if it were like eating biscuits for breakfast. He does not explode a set of fireworks at regular intervals, but goes about everything with a quiet earnestness and enthusiasm which is contagious, and therein lies the secret of his success. Everyone, from the dispatchers down to the section foreman, will go just a little farther to get a train over the road if "Van" says the word. Mr. John T. Davis succeeds Mr. Wirt as chief dispatcher, and Mr. Wirt's promotion to the office of trainmaster is no more popular than is the good news of J. T. D.'s. It would be hard to find two men more alike in their manner of doing business. The very essence of courtesy characterizes Mr. Davis' dealing with the men, and he can get them to do anything he wants to accomplish. With this well-matched team in the harness, and all the rest of us at the wheels, giving our little mite of push, it means "bon voyage" for the Fourth District.

**British Columbia Division, District One—**

A meeting was held at the King Edward Hotel, in Revelstoke, February 12th, fairly well attended, with Jack Young in the chair. The meeting opened with a discussion of local affairs. A letter was read from Bro. McBean, in which he asked to be relieved of his duties as local chairman, owing to pressure of business. The proposed reorganization of the medical arrangements on the British Columbia Division was discussed and the matter left to the local chairman to appoint a delegate to represent us at the Kamloops Medical Association. By a unanimous vote Bro. Little was appointed permanent representative to the Revelstoke Medical Board, succeeding Bro. Bradshaw, unable to continue in that position.

Bro. McPherson, from the general committee, addressed the meeting, outlining the work done at the recent meeting at Ottawa, touching on other vital matters of interest to the brotherhood.

Bro. T. E. Little was elected local chairman. We are very fortunate in our selection of Bro. Little for the man to represent us; he takes well with the boys, is a man of character and ability, and a booster in whom we can safely place our confidence.

Before adjournment a hearty vote of thanks was given to Bro. McPherson for his efforts in our behalf and his visit to our district.

Those present were: Bros. Lane, Helmer, Sloan, Withler, Peters, James, Hout, Ireland, Storey, Hanna, Nichols, Laughlin, Young, Keech and McPherson.

Dispatcher E. E. Bunnell, third Mountain Sub-division, died recently, after a short illness at his home in Revelstoke. The boys on the line paid their respects with a floral offering for the funeral. Bro. V. English appointed to fill the vacancy caused by Mr. Bunnell's death, and Bro. Young appointed to third trick on the Shuswap. All work trains pulled off that sub-division owing to dull business.

Bro. Stewart, agent Three Valley, on vacation, relieved by Lane, and he by Bro. Helmer.

Bro. Robitaille, agent Salmon Arm, on vacation to the coast cities and California, relieved
by Bro. Foster, who later went to Clanwilliam agency.

Bro. Brooks, Ducks night, on ten days' vacation, relieved by Bro. Maloney; Bro. Stewart, off a few days at Craigellachie, relieved by Bro. Maloney, and Bro. Clark, agent Golden, a few days, by Bro. Becker.

Bro. McBean and McCarty, Palliser and Bear Creek, respectively, exchanged agencies by bulletin.

Bro. Hanna recently dismissed through the efforts of Mr. Britt, both operators in "BY," Revelstoke, have been put back in the service as second "BY." Mr. Britt now out of the service.

One set of dispatchers have been pulled off in North Bend, and the district is worked through from Kamloops to Vancouver by one set. As dispatchers seniority extends over the general division, Dispatchers Bros. H. C. Webster and C. A. Davidson bumped our Bro. English and Young, third on the Mountain and Shuswap subdivisions, respectively, at Revelstoke.

Chief Dispatcher J. H. Armstrong is on a vacation relieved by Dispatcher J. F. Haney.

Bro. Sloan, Lytton days, abolished, is on six weeks' leave.

Whennock agency closed, Bro. Wellington bumping Bro. Foster, at Niceman, closed later, he then bumped Bro. Smith, at Tranquille Pit.

It is with deep regret I announce the sudden death of Bro. Shea, first Mission, February 9th, just after completing transfer, one of the oldest and most popular men on this district.

Bros. Walsh and Fuller are now with the G. T. P., at Prince Rupert.

Calgary Terminals—

Our worthy chief, Mr. Mansfield, at Calgary, tries to do the square thing by everybody and has an able bunch of assistants in Bros. Miller, Lane and R. G. Sutherland on the west end, Bros. Forbes, Manchester and Thompson on the north end, and our old friend Bro. Cia Hopkins, the roustabout man who can show them all a few.

Bro. Bauman is on two months' vacation, visiting his old home in Oklahoma, the "412" job being abolished during his absence.

Calgary terminals to Field west is 100 per cent strong. Can any other division beat us?

Quite a number of offices have been closed lately on account of the money stringency.

Our worthy local chairman, Bro. Jackson, has been receiving quite a few rats for presents lately.

The telephone has been extended to take in the line from Calgary to Edmonton, and in the spring the whole line branches, and all will be using the telephone.

Bro. Wilkinson has been transferred from Edmonton to Canmore.

Bro. McFarland, Banff nights, spent a few weeks in Texas recently.

Bro. Fox, at Nevis, was off for a few days getting married. Congratulations.

Like our brothers in the United States, we are soon to have the parcel post, but we do not have to carry the mail.

There may be quite a demand for operators and agents shortly, as the G. T. P. and the Canadian Northern will soon be operating into Calgary; the Canadian Pacific, in the near future, will be running through to Kerrobert on the Lacombe branch, and operating the Alberta Central, and the Edmonton Dunvegan line will be opened in the spring.

Bro. McCue, an old-timer, relieved Bro. Fox at Nevis.

We were sorry to lose the best superintendent we ever had here, when Mr. Uren was transferred to Toronto. He is a thorough railroad man and universally liked by all who knew him, and we were exceedingly sorry to see him leave this division.

F. S. T.

Saskatchewan Division, District Two—

We have not had a write-up in The Telegrapher for over a year from this division. Suppose we have our local chairman call a meeting in the near future at Moose Jaw, where we can get together and discuss any grievance and have a regular correspondent appointed.

Station staff at every point has been greatly reduced and many of the brothers laid off.

Moose Jaw, "MS," closed and the dispatchers are doing this additional work, and day operators have been taken off at all points on the main line, excepting Morse, Herbert and Notman, latter two being end of double track. Many stations on main line and branches have also been closed.

We should all work together. Remember "No card, no favors," and live up to it, especially at this time when organized labor is being hit at so hard both in this country and in the States.

Mr. Cunningham, from "MS," bumped one of the brothers at "YD," still a non, but reaping the benefits we worked hard to secure.

Mr. Milestone, at Chaplin, is old enough now to support a card. Remember our motto when any favors are asked by these men. Those who are not with us are against us.

If at all possible, see that the goods you buy bear the union label.

Bro. Hunter is at Herbert, Caron days abolished. Norman is pleased with the new job, as he has a chance to do book work.

Bro. Adams is on Swift Current third, and there are numerous other changes.

G. J. C. is away on holidays. Hope to have him with us soon again.

Bro. J. King was laid off on account of Dunkirk being closed. There are younger men than him on the division working, and even one without a card. We should see that our schedule is lived up to.

The new wire test is certainly a great improvement.

Dossin, Cert. 794.

White River to Chapleau, District Two—

The general superintendent has decided that operators should not throw switches, it being inconsistent with the principle of safety first. The brothers at Depew, Goldie, Healy and Esher made a heroic stand when the local officials were trying to force us to throw the switches while the double-track men on the east end threw them. Boys, we must stick together and not allow a few brothers to bear all the burdens. The superintendent is a man who has seen the job from the bottom up, and we do not blame him, in his official position, for trying to make things go as cheaply as possible.

It was at the regular meeting on the last Saturday in January, where a good bunch of the boys were present, that we discussed the switch question and decided that we would not throw them, and the preceding paragraph shows the result.

We had a special meeting February 12th, on account of General Chairman Rooney being at Chapleau in connection with Bro. Stack's grievance case. Bro. Rooney had Bro. Stack immediately put back to work, also Sister Sullivan, whose case he took before the superintendent.

Other members present in addition to those named were Local Chairman Hogg, Bros. Sullivan, Cavers, Byrne, Johnson, Sauve, Brenton, McIsaac and Nesbit, Chapleau; Bro. Bates, Healey; Bro. Walsh, Goldie; Bro. Johnson, Misanable; Bro. Fournier, Nemegos; Bro. Forsay, Roberts; Bro. Forsyth, Ridout, and Bro. Dougherty, Metagama.

We had a fine meeting, after which we all repaired to the elaborate dining-hall, the "New York Cave," where a sumptuous spread of chicken awaited us. Bro. Fournier, Nemegos, accompanied by the Cave Orchestra, gave us some fine old selections, rendered in his usual good style, which were received with applause. Bro. Fournier is always very modest on occasions of this nature, and he tried to hide up-stairs, but was called back time and again to respond to hearty encores.

Bro. Rooney spoke on many subjects of interest at the meeting, and we will be glad to see him back again.

Bro. Byrne thanked all the members present for the favor they had shown him on his return to our division on account of the illness of his
wife, and wished to express his thanks, through the columns of the journal, to all the brothers who were not present.

Bro. Rooney commented most gratifyingly on the way the brothers on this district handled the case of Bro. Byrne, it being a commendable example, he said, for any district or any body of union men to follow. This was true brotherhood.

At the regular meeting many matters were taken up, principally our shortages, overtime on account of the new ten-hour day, and the manner in which the accountant was handling our time.

Any shortages any of the brothers have suffered should be put in the hands of the local chairman, who will handle them right. If you have any grievance or any dissatisfaction, if it is just, you may rest assured it will be dealt with in the right manner and at the right time, if you bring it up in the proper way.

Bro. McInnis is at Dalton nights, Bro. Ruest at Grasett days, and Bro. Beatty on nights there; Bro. Sherwood at Esher nights, and Bro. Depew at Healey nights.

Two or three at Chapleau are our only delinquents, and we hope they will soon pay up and set a good example to the younger operators coming into the service.

We will have the regular meetings every month, so don't forget about them, boys, and come when you can.

We want to see all the boys in their "glad rags" at our banquet after Lent. Don't forget it, boys.

Cert. 1287.

Superior Lodge of Schreiber, District Three

It is with the deepest regret we announce the death of Bro. West, dispatcher at Schreiber, who died at St. Joseph's Hospital, Port Arthur, where he was taken shortly after taking ill. It was a great shock to all members of this lodge.

Bro. J. A. Nicol accompanied the body to Schreiber, where the funeral was held Thursday afternoon, February 5th, thirty members of the lodge attending in a body. There was a large number of representatives from all the other labor organizations, including the B. of L. F. E., B. of R. T., O. R. C., and the Ladies' Auxiliary of the B. of L. F. E., and the Orange Lodge, of which our late brother was a member. The pallbearers were all dispatchers from Schreiber—Chief Dispatcher Moran and Bros. Hawke, Depew, Lee, MacKay and Mudge. The floral offerings were numerous and beautiful. The O. R. T. wreath stood about two feet high, with a cross on each side, to which two telegraph wires were attached, and wound with a wide white ribbon with the letters "O. R. T." There were many other wreaths, sprays, etc., from other organizations and lodges. Bro. West was a favorite with all telegraphers, trainmen and engineers wherever he has worked, who will regret very much to learn of his death.

Owing to the absence of Bro. Hawke, our chief telegrapher, the meeting which was to be held last month was canceled. Bro. Hawke has returned, and the next meeting will be held as usual.

We want every member possible to attend and help us along.

Bro. Morrow, of Nipigon, has returned from a few weeks' holidays, and has resumed duty at that station.

Bro. Pepin, of Peninsula, and Bro. Williams, of Bluejay, were recently married. Congratulations.

Bro. "Mac" McDonald, of Coldwell, is back from an extended holiday. Mr. Lake is on holidays, relieved by Bro. Walsh.

Bro. and Mrs. J. A. Nicol, residing at Port Arthur, visited Bro. P. A. Nicol at Jack Fish lately.

Bro. Currie is working Schreiber first phone.

Bro. R. Taylor has returned from a few weeks' vacation.

Bro. W. H. Vickernan is back again on the east end.

One of the boys was let out for too many demerit marks, mostly due to unstamped tickets.

The attentiveness of the boys on No. 3 helps "XI" get the 6 a.m. report away on time.

Atlantic Division, District Two

We are all very sorry to hear of Bro. Mosher's illness with typhoid, and trust his condition will soon improve.

Bro. McQuoid is at Caribou agency, relieved at Benton by F. J. Carr.

Bro. Morgan bid in Green River agency, relinquishing temporary telegraph position at Caribou, now on bulletin.

The potato traffic is very heavy, and the heavy snowfall and severe cold weather is making it difficult to move the traffic.

Bro. Estabrooks is temporary operator Grand Falls.

Harlem Division—

By calling personally on the delinquents on this division I reduced the list down to three who had to be dropped. These men all received $5.00 increase per month last May.

Our next evening meeting will be held at White Plains, on a Monday instead of Saturday evening, the latter not having proven a good night. Other divisions have changed, and we will also try it.

Let us get in the few nouns here, and make this division as it was last year, one of the best organized on the system. I have plenty of blanks.

Our first year with a paid general chairman has increased our membership about 200, with a nice cash increase. Bro. Morey has attended to all grievance matters, closing them up quickly; chased up the nons and delinquents, and turned in to Bro. Blim about $2,000 as a result of his efforts.

Let's help the cause along by paying our dues promptly, and the O. R. T. will pay as big a dividend to its members this year as it did last.

H. H. Sourdine, Local Chairman.

Harlem Division Notes—

Bro. Ostrander is relieving Bro. Wymark, at Pleasantville, covering Sherman Park agency.

Understand Bro. Buckley, of Dyhemans, has two fine cows, and is going to supply his town with pure dairy products.

Relief agent's position is on bulletin.

Bro. T. B. Tompkins, on sick list a few days, was relieved by Bro. J. R. Ostrander.

BUNK AND CERT. 1293.

Mohawk Division—

The January meeting in Schenectady, N. Y., was well attended. Bro. Lynch furnished us a fine brand of cigars.

Bro. C. J. Wells, from Fort Plain, is now living in the Pine Bush at Karnes, N. Y.

The new electric tower No. 34 does away with tower 35, and tower 36 is to come out later. This will probably cause some with the ten years' rights to buck the extra list.

Bro. Karnes, first "SS" 39, has had the hard luck to be displaced after being there over twelve years.

Bro. Harder, first "SS" 24, is now second trick dispatcher East End. We are certainly sorry to lose him.

Bro. Joyce, second "SS" 6, bid in second "SS" 4, West Albany. This is a 68-lever Armstrong with no leverman to assist and pays $71.

Bro. Payne, first "SS" 4, recently enjoyed a week's vacation with his parents along the D. & H.

Bro. H. A. Smith has returned to third "SS" 3 from Hot Springs, Ark., where he was doctoring for rheumatism.

G. W. Suits, third "SS" 19, bid in first there. It seems he can't afford three cents a day for a card.

Understand the terminal dispatcher's phone is going to be placed on the T. & S. Branch, and also at "SS" 6, West Karner. Bro. Bernan, displaced on third "SS" 6, is now on second there.

F. W. Haight, "SK" office South Schenectady, may be a good fellow, but talk is cheap. The card is the thing that talks right.

---

Ontario Division, East End—

Bro. H. R. Morey, general chairman, called on the boys up this way recently, when we learned that Division 8 gained 179 members during 1913, with a nice little gain in the treasury. This looks as if the present arrangements were working out O. K. We always have some questions for our general chairman to answer, and glad to receive a call from him.

Bro. H. A. Miller, displaced at Greece agency, goes to second Adams Centre, vice Bro. H. D. Dalton, who relieved Bro. Frank Feltner, second Adams, who went to Watertown to undergo an operation; he is getting along nicely. Later Mr. Scharf relieved Bro. Dalton on second Adams.
The Railroad Telegrapher.

Bro. L. E. Mott, agent Altmar, off on account of his father's illness, relieved by Bro. H. L. LaMont, with Bro. E. N. Pond on first, and Bro. J. W. Powers on second.

If the brothers on line between Watertown and Rome will send their news items to Bro. Merriman, the assistant chairman, at Adams Centre, N. Y., he will see that they are sent in each month.

B. C. Division—

Bro. Stover, agent at Dimeling, has been elected to fill the vacancy created by Local Chairman Marteni's resignation. Now, let's all help Bro. Stover to line up the few nons.

Bro. Tom Fleming, promoted from telegrapher at Mill Hall to chief clerk for the trainmasters at Clearfield, was relieved on bid by Bro. Roy Bitter.

Bro. Hendricks has gotten to his job at last.

Bro. Butler recalled his bid on Monument after looking the job over, and it was secured by Mr. Felton, of Glen Campbell.

We are glad to hear Bro. Kennedy back at Dowler Jct.

Boys, how many of you have done the necessary? You know a union card is a good recommendation, also meal ticket when necessary.

Business has been good on Beech Creek this winter, and we hope we will not see the usual closing of jobs this spring.

Get the nons on the division in line, brothers, especially those on the upper branches of the West Branch. They seem to thrive up there, but some of them say they have not been asked like men to join.

We are glad to hear of the recovery of Trainmaster Bullock.

You fellows along the river line should organize an O. R. T. orchestra.

I hear that the B. R. T. has offered its members a reward for the one who locates the most O. R. T. buttons west of Clearfield. Get busy and help our brother trainmen win a prize.

River Division—

Bro. Hoag is now located in his new station, and the overhead bridge is now in service. A new station is to be built at Marlboro near the road crossing.

The two arm automatic signals between "CW" and "WKEN" are to be changed to one arm, same as those in use between "NR" and "QA.

Bro. Van Valen is on two months' leave, and Bro. Young is South for the winter.

Our congratulations are changed to expressions of sympathy to Bro. Van Wagner.

Recent assignments: Bro. Wolfe to third, and Bro. Rowe, second "Q." Bro. Schoemaker to third "GO;" Bro. Fosbrook, third "CX" Tem; "MX" second and "QA" days up for bid.

Helper at "GI" and second assistant "DA" taken off account reduction of expenses.

Bro. Wilbur bumped Bro. Johnson at "HW" who went on extra list.

We closed 1913 with the greatest number of members and percentage of strength. Since the first of the year your local chairman visited non-members and secured Smith, Clark and Keelar, and received promises from others to be with us in a short time. The cost to join in March, $7.85; April, $7.00, which pays to June 30, 1914; initiation fee, $3.50.

The initiation and M. B. D. fees do not change. Applicants simply pay dues from the first of the month in which they join to the end of that term. This explanation is made in answer to many inquiries.

Your local chairman, upon request, called a special meeting at Haverstraw, February 18th, and a grand crowd was in attendance. It was decided to hold meetings at 7:10 p. m., the third Wednesday of each alternate month at Haverstraw Junior Order Hall, and the next meeting for the benefit of members on the lower end will be held on third Wednesday of April. The right spirit was shown, and these meetings should prove successful and of interest to the members on lower end of the division. Many matters of importance come up before meeting. We elected local officers to conduct those meetings. We are also endeavoring to change nights for meetings at Newburgh to other than Saturday night. Notices of change will be sent out.

Two members, Bros. M. J. Hyde and P. H. Manzant, are appointed to collect notes of interest and send them to the local chairman who will put them in shape and send to Bro. Quick for publication in our journal. We are going to try and have something read of matters of interest to men on this division. You can send the above any notes you may have.

Every member should attend our meetings, as it is the place where you learn in full what is going on—where you can air your views, and it's a duty you owe yourself.

Electric Division—

If we could only realize our responsibility to our beneficiary, none of us would ever be behind in our dues and assessments. Pay up at once and don't become delinquent. We are all glad to see Bro. Borrin line up again, and hope Mr. Schwartz will soon do likewise. We are also glad to see Bro. Connors back at "SG" again.

Brothers, when you are talking to a non, remind him that he has received an increase in salary through our efforts, and don't forget our motto: "No card, no favors."

Bro. Birchard awarded second "WM;" Bro. Borrin relieving Hastings; Extras Rice and Hynes to "KÔ" and "HA."

Electric Division Notes—

Bro. Kahn is now on third "MJ."
Bro. Hirschfield is at Tower 1, terminal job.
Bro. Harry Byrne is reported sick.
Bro. A. Magaw, who has been in poor health for some time, is improving slowly. Brother members are trying to arrange a change of climate for him.
Boys, let’s cut out all mention of the nons, except to show them where they stand.
Bro. Moss will probably be our next local chairman, vice Bro. Jagger, resigned. We look forward to his work with confidence.

H. D. S.

It is Bro. Carlson, extra out of Germantown now.

Bro. Cleveland, from the Erie, is extra out of Poughkeepsie.

F. Bishop, a new man, bid in second “SS” 51; Mr. Huddleston bid in third “SS” 88; Bro. Hudson is on third “SS” 81 pending bids; Bro. Witty was on first “SS” 63, while Bro. Filler was off on account of his house burning down. Fortunately he saved most of his household goods.

During the recent blizzard, Bro. Hudson, third “SS” 88, and Bro. Moran, second “SS” 88, could not get there, causing Mr. Kirkbright, first, and Bro. W. A. Smith, regular relief, to work twelve hours one night.

Bro. Taylor, first “SS” 87, was off several days on account of death in the family. We extend him our heartfelt sympathy.

Bro. Donnelly, third “SS” 89, on twelve days’ trip South, relieved by Bro. Boucher, and by Mr. Loring on second “SS” 42.

Should we not put the proper title of Bro. to a member’s name, advise and it will be corrected.

Radford Division—

Several offices were closed in December on the Bristol line, which gave us quite a crop of extra men.

Understand one of the “Safety First” Committee has reported that some of the telegraphers were repeating train orders before copying them down. This is a very serious thing, and if true those guilty should be discharged. If untrue the man who made such a report should be dealt with.

Although this report may have been untrue, yet it may serve a good purpose and keep anyone from repeating even part of an order before it’s written out in full. If dispatcher is too fast, hold
him down so you can copy the order in a good plain hand. Train orders are very dangerous things in the hands of incompetent or careless men.

We have a good lot of men on this division with whom it is a pleasure for any dispatcher to work, but one improvement I would ask, is that a few of you pay your dues a little more promptly, and not cause your chairman to spend so much time and postage stirring you up. We know you are not going to drop out, so why not pay early, as it does not cost any more.

CERT. 34.

Michigan Central R. R., Div. No. 16.

East Toledo and Bay City Division—

Our regular meeting, Monday, February 16th, at our hall in Detroit, was fairly well attended, and interesting. Current topics of interest were discussed. General Chairman Culkin did not attend, much to our disappointment, owing to the unreliability of the train service, and bad weather. Bros. James Roberts, Jos. Ferriat, L. W. Mills and Anthony H. Turiskey, of the Towermen, were with us. Some topics of interest to these brothers were discussed.

Expense-reducing struck this section, and seven operators are engaged looking for some younger unfortunate whom they may oust from his position. Business, however, seems to be picking up again, and all signs point to prosperity in the near future.

Our schedule negotiations are making progress and will come out all right in due time. Let all have a shoulder to the wheel and the result is assured.

A pleasant social time was enjoyed by a goodly crowd at Jackson, Saturday evening, February 21st, eating good things, visiting and dancing. The boys and girls around Jackson know how to make these affairs go.

Your correspondent is up against it for items.

Bro. T. H. Slater died at the home of his brother, Archibald Slater, 1191 Hudson Ave., Detroit, Mich., Friday, February 6th, and was buried the following Tuesday. Bro. Slater was at Windsor a number of years, also in the ticket accountant's office, and at the time of his death was in the division freight agent's office, on the Wabash, in Detroit. He will be well and favorably remembered by the old-timers on the Michigan Central.

Whereas, We are deeply grieved at the separation from this good brother, who, in his life, exemplified many virtues; therefore, be it

Resolved, That this notice be published in our official publication, The Railroad Telegrapher.

and a copy sent to the brother of our departed friend.

Toledo Division—

On account of the lull in business Toledo Belt telegraph office is closed, and the work is now being done at North Toledo yards. It is keeping Bro. Jackson busy placing the men who have been bumped.

An Old-Timer.

Northern Division—

Bro. F. J. Suphin, agent Waters, to Swan Creek on bid, relieved by Mr. Muscott.

Bro. Cha. Poole, "DI" Bay City, relieved in "DS" Bay City a few days, but was thrown out when the economy axe dropped.

Second St. Charles and Zilwaukee, second and third Bay City, W. S., Denmark Jct., Otter Lake and Rochester abolished, making them all one-man jobs. Second man put back at Denmark Jct., account of delay to passenger trains later on.

Bro. W. J. Stokes is selling tickets at Bay City, W. S., and Bro. Doc Gilbert taking a vacation since their positions were discontinued.

Bro. F. H. Jones, from Zilwaukee, relieved agent North Lansing two days. Bro. Murray is on sick list.

Bro. W. J. Shaw in timekeeper's office Bay City since one man taken off "DI" Bay City.

Mr. Nickerson relieved Sister Butterfield, on sick list, Saginaw, Gen Ave. first several days.

Bro. Compton, agent Henderson, accepted agency Cairo; Henderson on bid.

Bro. J. L. Kerby, agent Topinabee, spends his spare time fishing, and we hear lots of fish stories, but I am from Missouri.

Bro. C. S. Lauber appointed agent West Branch to succeed Bro. Goldie.

The parcel post is certainly an imposition to the one-man agencies, most especially the ones joined with the express company. We are now practically delivering former express shipments, but are short on the commission part of it. There should be some provision made for this additional work in our next schedule.

Bo.

How about you, Mr. Non-member? What is your excuse for not coming into the ranks of those who are working so nobly to bring your organization to the front on the Peninsula? There is an argument from the standpoint of instinct that should bring you to recall several things of note and among those are the following:

Who tells the birds that fly southward every winter that the trees will shed their foliage and the ground be covered with snow? Who tells the birds to come back again in the springtime, when the trees again send forth their foliage and the beautiful flowers again come into bloom?
Who gives the bee the instinct to fly on toward three miles to gather the clover honey and then to return with unerring instinct to their hive? Do you know if the hive were moved fifty feet from its position at the time the bee flew away for the clover patch it would stop at the very spot where its hive was when he left, and straight as an arrow, and would not know enough to go that fifty feet? Who tells the squirrel to lay up nuts in cold climates and not to do so in warm climates?

If instinct tells the bird, the bee or the squirrel what to do to be safe in times of storm and danger, why can not you see what is your duty in the premises and affiliate yourself with an organization that has protected the telegraph operator against storms for the past twenty-five years? Surely you should have instinct to know right from wrong and not only to know it but to do it. Will you? Ah! but you may flitter your time away waiting for this and that thing to come to pass and be like the person who never missed the sweet songbird until he had flown away. Is this not a fact? Now is your time and you may give a mint should it pass from you for another opportunity. I know you can give numerous excuses for not coming in the Order, but not one of you can give a reason. Look at your fellow-brakeman if you please and see what he does when he is eligible to join his brotherhood. Does he manufacture all kinds of excuses? Ah no, he does his duty and this is what you should do. Today is the day of achievement and tomorrow is the day of sorrow and disappointment. The fellow who is going to always do something tomorrow or the day after is the man who is missing much happiness as he passes through life. We have been doing that too long already. During the past few years we have lost many dollars a month, and you know it, by not having a solid organization. How long will you remain in this rut? Wake up, Mr. Non-member, and show the men around you that you are no longer a cipher in this conflict. You have a hard-working chairman and he needs your support and your encouragement and his local board are men of the highest standing in the communities where they live, and stand for honesty of purpose and ever stand ready to assist you in any reasonable manner to bring you in the organization. Fee for joining in March is $7.50 and for April is $6.75, and pays you up to the close of the term. Get busy. When the division had no chairman and Bro. Miller wrote the two words "get busy" to Bro. Grieb, he grasped the opportunity and gave the ball a kick and started it rolling and it has never stopped, and you should be as earnestly engaged in this warfare as your chairman.

How about the student question? How many of you men are making chopping blocks to cut your heads off? Do you take students because you think the company needs a greater surplus of men? Do you take them because you figure that they can help you out with the work which the company is paying you to do and do you think that they are anyways responsible for any oversight that may occur while they are with you.

Do you figure that they are good friends of yours and that you feel it an obligation to teach them your trade so they may be in a position to take your job? When potatoes are plenty is the price high or low? With these few remarks I will let you figure out the reason why you teach students.

BUFFALO DIVISION—

The two joint open meetings of the Renovo and Buffalo Divisions, held in Seger's Hall, Emporium, Pa., were a grand success, and the enthusiasm shown by those who attended, especially by the brothers from the Renovo Division, was simply contagious. We like to have you brothers from the south end of the Buffalo Division come to these meetings and bring all the nons you can with you. All of you will learn something of great benefit, as to what the O. R. T. is doing on the Pennsylvania Lines east of Pittsburgh.

Bro. Conductor J. Mulroy and J. A. Roynan, chairman for the B. L. E., Buffalo Division, gave us a very interesting talk on the co-operation of the five railroad brotherhoods, a number of brother enginemen, firemen, conductors and trainmen also being present. Brothers, come out to these meetings, brothers, and bring the nons with you. You will all hear something that will help get them in line.

General Chairman Miller and Assistant General Chairman Fidler were present at all these meetings, and gave us some very good talks and advice, and no doubt the nons who heard will get right at once.

"WB" tower is now solid.

Through the action taken by the five brotherhoods, the pass law has been amended so our wives and families can have transportation in Pennsylvania again. Then the nons say the Order has never done anything for them.

Brothers, have the nons read your magazine and see what we are doing for them.

There is a movement under way now to have a big joint meeting with the other four brotherhoods in Olean this month. Brothers, get the nons next to you lined up, so we can show a nice membership when we get ready to co-operate in this great movement.

Brothers, give the company the best of service and show that "the men" are "the union men."

Bro. Chiglett, third Brocton, spent his relief night in the big tower at "GB." Bro. Goodnote, first there, was off recently attending the funeral of his cousin at South Wales, N. Y.

Bro. Buckley, first Mayville, was a recent Buffalo visitor.

Would like to have Bro. Conners, at Spartanburg, give us a few notes from the south end.
Brothers, keep after the new men over here and also line up some of the old ones.

The recent new members are: Bros. R. D. Bowen, W. C. Bowen, John Foster, Jr., Hinsdale, N. Y.; John Wagner, Portville, N. Y.; L. E. Marriott, "WB" tower; J. F. Phillips, East Aurora, N. Y., and L. W. Hammond, south end chief operator. We welcome them all, and hope the rest will soon follow.

We are glad to see all paying up so well, and there are going to be very few, if any, delinquents on this division.

Brothers, send a few notes to Local Chairman C. S. Simmons, Keating Summit, Pa., not later than the twenty-second of each month, for our write-up in The Railroad Telegrapher.

CERTS. 2003 AND 1139.

Renovo Division—

Seldom has there been a meeting held on the Renovo Division which accomplished so much as the joint affair between the five brotherhoods held at Emporium, February 4th. Emporium is not a very convenient place to hold such a meeting, but the attendance was large, and the spirit that pervaded at both sessions was admirable.

Both sessions, afternoon and evening, were called to order by the local chairman, who, after a few remarks, introduced Local Chairman A. C. Grieb, of the flourishing Williamsport Division, and the brother delivered a very fine talk along organization lines. He explained how he succeeded in getting his members interested by having every brother consider himself an organizer and talking O. R. T. whenever the opportunity presented itself. This is what is necessary to bring results anywhere. If the members themselves do not take any interest in building up an organization, surely the non-members will not. We should all realize what thoroughness in organization has brought to others, and that it is absolutely necessary in our case if we wish to enjoy increased salaries and better working conditions.

Bro. Arendt, the old war-horse organizer and member of the general committee, followed Bro. Grieb. The theme of his address was "Co-operation." The brother has been in the front of the battle here on the system since 1910, and pointed out convincingly that co-operation was the only salvation for the continuance of railroad brotherhoods, and could be made an effective weapon after the plan of the five brotherhoods on the D. & H.

The general chairman in both sessions deliv-
ered the final argument with telling effect. As the worthy brother has traveled up and down the system time and time again, addressing gatherings of laboring men engaged in many different spheres, he naturally has the facts at his command, and it is no trouble for him to marshal them. He covered the field completely, touching upon every phase of the situation as it confronts organized labor today, and stated that he always has been in favor of co-operation among the five brotherhoods. The general chairman deserves the abiding confidence of every telegrapher on this system, for he certainly has labored untiringly in their behalf, and that in the face of a physical condition that would have driven any other from the field long since. Bro. Miller was given a special invitation to be present and address a union meeting to be held at Olean in the near future by members of the other brotherhoods from the Buffalo Division, so favorably were they impressed with his speech.

Besides these addresses almost everyone present had something to say. It certainly is encouraging to attend a meeting of this character when the selfish spirit which at one time marked brotherhood meetings gives way to the broader spirit characterized by each brother realizing that "he is his brother's keeper." Such was the feeling displayed, at the Emporium meeting. Engineers in service for years, conductors, trainmen and firemen, likewise expressed themselves as believing that the time for co-operation of all the railroad brotherhoods had appeared.

Much credit is due Bro. O'Leary for the success of this meeting, for he was the first to suggest that it be made a joint affair, and did all he could to get the brothers interested and induce them to come out to our meeting. The brother is deserving of the thanks of the members of Renovo Division.

The general chairman displayed his ability as an up-to-date organizer, and wrote up three applications before the meeting closed, one of whom had been considered hopeless. Besides this we have the promises of several who attended the meeting that they will be with us in the very near future, and we know that they mean what they said. The day following the meeting Bro. Arendt lined up five or six and induced two backsliders to pay up again. Bro. O'Leary has four and Bro. Barner three or four, and a few others have one or two new members to their credit this year.

Encouraging, indeed. Let us all get into the game and make it still more interesting.

There are some thirty-five extra operators on the division, and it is very hard to keep track of them all. Wish some of you brothers on west end west of Kane would send me a few lines each month.

DIV. COR.

Renovo and Erie Divisions—

We were sorry some of the boys could not get out to our union meeting at Emporium, nevertheless we had a good attendance, with Bros. Mann, Miller, Arendt, Fidler and several representatives of the B. of R. T., B. of L. E. and B. of R. C. The co-operative plan was the main issue, and will be further explained at Olean in notices which will be mailed to each member in the near future.

Brothers, do your blocking strictly according to rules and you will always be in the clear.
It is now Sister Walsh, of Johnsonburg, and Bro. Ford, of Sheffield, Pa., also Bros. Tierney, St. Marys; Hoag and Kyte, Cameron, and O'Brien and Hoffman, "GR" tower, Benzinger, Pa. This shows that good old spirit. Welcome!

Bro. Mathewson, who joined at our Emporium, Pa., meeting, February 4th, bid in Howard first, vice Bro. B. J. Kane, who gets 5 p. m. track in superintendent's office at Renovo.

Bro. Tierney is on first "MA" St. Marys; Bro. Joe Mangle is doing the extra between there and Renovo.

Bro. Arendt has been going the rounds and obtaining good results. Fuller, "RM" tower, and Andrews, first "JN," are the only nons between St. Marys and Emporium, and we hope to convince them that our cause is their's also.

Bro. Burlingame received second "HA" Howards on bid. This makes Howards solid.

"Williamsport and Susquehanna Divisions—"

We closed the most successful series of meetings ever held on this division on February 2nd and 3d, which were in charge of Local Chairman Grieb, and were held in Red Men's Hall, at Sunbury, and in P. O. S. of A. Hall, Lockhaven.

We were favored by a fine, inspiring address by General Chairman Miller at each of the three meetings, and ex-Chairman Herman delivered a very effective address at the Sunbury meeting. At the morning Sunbury meeting the chairman asked all who were members to rise to their feet, and 39 of the 44 present rose, and the other five rose when all were asked to rise who would come in. At the three meetings we had 106 men and ladies out, and everyone went to their several homes alive to the situation, realizing that our only hope lies in thorough organization, cooperation and unity of action.

The members are paying their dues nicely, and new members are being admitted monthly, nearly a dozen coming in during January and February.

The dawn of victory is slowly but surely arising on the horizon, and ere long the boys on the "Pennsy" will reap the harvest for their faithful perseverance and work. Every deserter "meets his Waterloo" on the road of self-ambition and sacrifice of others, and, one by one, fall by the wayside. The O. R. T. was never so strong and the members so enthused as at present on this division, and we can well be proud of them, both as to quantity and quality.

Let every member put his shoulder to the wheel and help our worthy, hard-working local chairman, Bro. Grieb, to bring in the few remaining nons, put more enthusiasm in the members. It is mainly by his untiring efforts that this division is up to its present high standard. Let the slogan be "Everybody get busy," and we will see great results.

Bros. E. F. Biever and C. R. Bailey's took in the evangelistic meeting at Sunbury recently.

Bro. A. Steffen had his third "JN," cracked a bone in his right arm while pulling levers. He has our sympathy.

Bro. H. W. Johnson, second "MA," was off a few days attending the funeral of his brother. Bro. C. E. Beller, first "MA," took in the opera at Sunbury recently, and visited Bro. F. W. Wetzel, who spent his relief day on the farm helping butchering. Bro. C. A. Riland was also a recent Sunbury caller.

Bro. W. D. Mantz, one of our younger live members, is on the sick list at present. We hope for his speedy recovery.

Bro. L. S. Wagner recently visited his parents at Selinsgrove.

There is considerable "bumping" going on owing to the closing of "H," "DE," "BA," "VN," and "PM," and reducing the force in several other offices.

"Baltimore Division—"

The joint meeting at the Baltimore & Ohio and the P. R. R. telegraphers January 16th, to discuss the passing of a law in the State of Maryland to give all telegraphers who receive or transmit orders for the movement of trains, two days' rest per month with pay, named Bros. F. F. Sullivan, local chairman Philadelphia Division B. & O., and General Chairman J. F. Miller, P. R. R., as a committee to handle the measure in the generally assembly of Maryland. They went to work at once and were successful in less than a month's time in having the measure pass both branches of the general assembly and sent to the governor for his signature.

Thus Maryland again has taken the lead in the matter of legislation that will be beneficial to the men of our class. This measure was passed solely by the efforts of O. R. T. men, and shows again what can be accomplished by an organization back of a committee.

We understand that an effort will now be made to pass such a law in every State the P. R. R. covers, and ere long we can enjoy two days' rest on the entire system.

On account of the depression of business many men have been laid off on this division, and several telegraph offices have closed, causing the
following changes to be made: Bro. E. E. Mc-
Mann, second "FA;" Bro. B. F. Talbott, first 
"CD;" Bro. R. N. Hetrick, not placed; Bro. 
W. W. Winstanley, second "CD;" Bro. E. L. 
Talbott, third "GU;" Bro. R. G. Merryman, first 
"HK;" Bro. C. E. Smith, second "JA;" Bro. 
H. J. Yeagy, first "JA;" Bro. L. T. Scally, 
second "HK;" Bro. I. C. Mayes, first "FA;" 
Bro. Abe Sirkis, first "CG;" Bro. R. E. Lloyd, 
extra list; Bro. George Taylor, second "BA." 

Beware of the P. R. R. Employees' Mutual 
Benefit Association, another dual organization. Be 
not deceived and warn all employees not to join it.

Attend your regular monthly meetings, there 
is always something doing that will interest you. 
Have you asked the extra men to join the 
O. R. T.; if not, why? We need them in the 
organization and they need the organization.

Ask the men that work with you and beside 
you if they have paid their dues, and if not, see 
that they do so at once.

Let's make our division the best on this 
system, we can do it if each member does his 
part this term.

          "SALIO."

Delaware Division—

Since our big joint brotherhood meeting at 
Wilmington, Del., January 25th, all are looking 
forward for more of them. They should be held 
often in order that the men in the various 
organizations could be brought closer together for 
their mutual protection.

Local Chairman Truitt is now on the Balti-
more Central, putting in the D. A. S. bunch. 
Bro. Kirk, of Delmar, called on Bro. Truitt 
during his absence. Hope he will call again soon, 
when the brother is at home.

Our men are paying up in good shape. Keep 
up the good work boys, and we are sure to win.

Bro. Thorndyke Roe, of the D. & R. G., is 
est visiting his relatives.

Quite a number of the nons on this division 
are thinking very seriously of getting cards, and 
we hope each member will see that they are 
furnished the necessary information to do so. 
Keep everlastingly after them, and we will win.

Boys, whenever you hear of any news send it 
to either Bro. Pusey, at Seaford, or our local 
chairman, who will see it is properly attended to.

          CART. 5.

Allegheny Division—

Brothers and sisters, I have now felt as encou-
raged in the work as I have in the past 
month. Recently I have taken men into the 
Order who have been out several years, and 
came to the conclusion that the only way to 
get better conditions was to get into the Order 
again and stay in because they find by dropping 
out they become worse off so far as working 
conditions are concerned, than if they had stayed in.

The families of employees have their passes 
again, because of the influence of the O. R. T. 
and other brotherhoods brought to bear on our 
lawmakers, and the nons are all reaping this 
benefit, as well as our members. This is only a 
few of the things that has been accomplished 
by the O. R. T., and we must get the nons to 
understand that the way to secure better condi-
tions and better wages is through the labor or-
ganizations.

Brothers, don't simply be card carriers, but ap-
point yourself a committee of one to get that man 
working next to you, and don't stop till you get 
him.

During the month of February I covered the 
Reno Division between Reno and Union City, 
practically making that division solid between 
Reno and Warren. During January I took in 
nine full paid members on this division and have 
a few more to add to the list this month. Things 
are looking more encouraging every day, we are 
gaining in membership more than ever before and 
will not be long until we will win a complete 
plow victory on the P. R. R.

It was pleasing to read in the January Tele-
grapher of such an affair as the Canadian Pacific, 
O. R. T., second annual banquet at Saskatoon, 
among those present being the assistant general 
managers, general superintendents and superin-
tendents all mingling together as men. These 
conditions will prevail here just as soon as we get 
together and bring them about as our Canadian 
brothers have, by thorough organization. We 
must awaken to our interests and work unceas-
ingly to attain that end. The Southern Pacific's 
new schedule is another example of what can be 
done by 'thorough organization, the men on that 
road now having one of the best in the United 
States.

The numerous changes on our division will con-
tinue until the double track and the tunnels are 
completed. Rimerton and Hooks towers have been 
closed and new tower opened between those points, 
called Rapids, with Bros. Rimer, first, E. O. 
Hooks, second and B. S. Hooks, third; Bro. 
C. H. Roofner, formerly third "HS," going to third 
"WR."

Bro. F. A. McElhinney, formerly third "CH," 
is now on second Johnetta.

Bro. P. S. Hilliard, extra, secured the new 
twelve-hour job opened south of Kittanning called 
Narrows.

Sister V. D. Snyder, first "KM," spent last 
relief day in Pittsburgh. Bro. C. E. Luttrel spent 
his in Franklin.

Mr. Armfield from first Sandy to agent-opera-
tor, Red House, N. Y., by appointment; Bro. E. 
O. Cramer working first Sandy until bid in.

Bro. G. W. Logue, Jr., back from his honey-
moon trip, is on third Phillipston.

Mr. Wick, a new man, has No. 5 relief, one 
of the best paying jobs. The solid bunch of 
O. R. T. men he is working among should see 
that he makes his promise good soon.

Bro. L. D. Segui, third Driftwood, who bid in 
third Sandy, now expects to land third "FO."

Bro. Elliston was relieved twenty days by Bro. 
Johnson from the Reno Division.
Bro. C. F. Geerhart, second "VS," relieved by Mr. Baker, went to "K" during the rush.

Bro. E. O. Cramer relieved Bro. J. R. Karns two days, on account of the death of his mother at Lower Hillville. We all extend our sincere sympathy to Bro. Karns and family. Bro. Karns desires to thank all those who contributed toward the purchase of the beautiful floral wreath for the occasion, which bore the initials of the grand old O. R. T.; also Bro. Cogley for taking charge of the flowers and seeing that they were delivered promptly.

Bro. W. J. Steele, while visiting friends at Monarch Park, was relieved by Bro. F. L. Watson.

Bro. F. A. McNamara and M. T. Smith have exchanged tricks for thirty days.

Bro. Golden and Lowery have gone in the poultry business.

Bro. J. A. Lowery, while visiting his parents in West Virginia, was relieved by Bro. C. B. McCoy.

Bro. T. E. R. Bevington, second Shops, was off seven days on vacation, and Bro. C. H. Compton spent his relief day in Oil City.

Bro. M. S. McCoy visited his parents in West Monterey recently.

Boys, get after the first trick men at "RD" and "NB," and make these places solid.

A new tower has been installed with fixed signals at the Shops, with Bros. Rhodaberger and Bevington on first and second and Ex-Bro. Aber on third.

Bro. T. A. Hatton, first Pump House, fell recently while going to work and was laid up for a few days, relieved by Operator Redmond. Bro. J. H. Osgood, third Pump House, spent his last relief day in Pittsburg.

Bro. M. J. Ciubdy, second "DK," was off recently on account of the death of a relative. We extend our sympathy to the brother. Bro. E. H. Davis, third "DK," visited his parents in Jamestown, N. Y., during January.

Bro. F. E. Wiley, third Sandy, bid in third Siverly.

Bro. C. O. Will, third "NB," while in "K" office was relieved by Bro. C. B. McCoy.

Bro. H. J. Shively, third "SY," laid up with rheumatism several weeks, has returned to duty.

It is now Bro. Joe Lyttleton, second "RO," making Rockmere solid. Bro. C. C. Crawford, of first, spent his last day off in Titusville, and Bro. S. R. Hooks, third, spent his relief day in East Brady.

Bro. Stephens and Thurquinst, second and third Eagle Rock, spent the 17th and 18th in Oil City, Harry attending the Tabernacle and Enoch the several theaters.

Bro. W. E. Upton, second Tionesta, is having good success in the poultry business.

Bro. H. D. Gies bid in third Trunkleyville, formerly on second there. Bro. R. E. Billington and son took a trip to Cleveland, Ohio, the first of the month.

The extra set of dispatchers put back on the Salamanca branch for a few days were again taken off. Bro. Hugh Connor, from the B. R. & P. is on first Glade.

Bro. C. R. Seitz, Hickory, visited in Warren, Pa., on his last relief day. Bro. C. B. Johnson was a Pittsburg visitor recently.

C. F. Brown is traveling for the Oliver Type writer Co. Brothers, advise him that an up-to-date will get him better business among the telegraphers.

Bro. A. L. Schobey, first Onoville, is off thirty days.

Bro. J. C. Lamb, first Vandalia, spent his relief day with his family at home.

Bro. A. A. Crandler, second Thompson, has been appointed postmaster there. Congratulations.

Bro. A. F. Gilbert was off for a few days recently, relieved by L. L. Brown.

R. B. Caldwell has resigned to return to the New York American League. He is one of their leading pitchers.

Bro. G. N. Shoup relieved C. W. Pfaff a few days.

Bro. C. H. Hilliard, operated on for appendicitis recently, is getting along nicely.

Thanks to the brothers who sent items this time, especially Bro. Carey. Come again, boys, it is a pleasure to make up a write-up when you have something to work on. Hope some of the boys from the Low Grade will send some in next time.

The brothers are paying up fine, the majority having already paid their dues for the current term, and I hope what few have not paid yet will have done so before time expires. Cert. 18.

WHEREAS, Our heavenly Father, in His infinite wisdom and goodness, has deemed it best to call to her heavenly home the beloved mother of our esteemed and loyal Bro. J. R. Karns, and we bow
in humble submission to the will of Him who doeth all things well; therefore, be it

Resolved, That we, the members of Allegheny Division, System Division No. 17, Order of Railroad Telegraphers, extend to the bereaved brother and members of the family our sincere and heartfelt sympathy in this their hour of sorrow and sadness; and be it further

CARD OF THANKS.

To the members of the Allegheny Division:

Through the columns of The Telegrapher I wish to extend the most sincere thanks to all the brothers for the most beautiful floral offering sent us at the death of my mother. It was the most beautiful floral piece I have ever seen, with a silk banner bearing the initials of the Order.

Brothers, this beautiful expression of sympathy was very much appreciated by me and will never be forgotten. It is these mute expressions that sink deep into the heart. Brothers, I thank you one and all.

Yours fraternally,

J. R. KARNS.

Franklin, Pa., January 24, 1914.

Philadelphia Division——

The suggestion of one of the brothers that we hold meetings at various places along the division to accommodate those unable to attend the Harrisburg meetings, is a good idea, but such meetings will be of little intellectual, mutual or brotherhood advantage unless the brothers for whose benefit they are called exhibit a keen interest in and attend them. We have had exceptionally good meetings of late, and if each one will exert himself to attend and get others to come, they can be made a success.

A few suggestions from the brothers in regard to this plan, with a view of propagating some means of entertainment at these meetings, will be heartily appreciated by me. Every suggestion, no matter how trivial it may seem, sometimes goes a long way toward making a success in carrying out our work, usually a difficult task for one or two to accomplish.

Those who are not members of the Order should be intelligent enough to see that they are doing themselves, as well as their fellow workmen, an injustice by overstocking the division with incompetents. There are plenty of good, experienced telegraphers in the country, and the company will hire them if this "ham factory" business is discontinued. When you are asked if you can furnish one of these telephone artists, you should answer "No." Such undeveloped talent inconveniences your brother laborers and depreciates our means of gaining an existence. Unless you pluck their over-ambitions enthusiasm, they will some day get your job.

"Hit the ball." Make your knocks to the local chairman. He has an excellent amount of superficial avoidupois to stand them. I'll sacrifice what little of mentality I have to assist Bro. Melchoir in anything that will be beneficial in aiding him to get everything our schedule calls for.

Our motto is progression, not retrogression; principle, not pelt; evolution, not revolution.

It is equally amazing and amusing to learn that some of the nons on this division started a petition recently asking for shorter hours and longer vacations each year. This antiquated and obsolete method to secure desired results reminds us of the old style of petioning long before we had an organization to adjust such matters for us. All we ever received has been through organization, and all we will ever receive in the future will be through the same channel—organization and legislation.

Local Chairman Melchoir is still after the nons. Bro. A. B. Hambright, our relief man, is also rounding them up. He will soon land his twenty-fifth man.

Bro. E. N. Stoner, H. M. Shields, N. E. Stoner, W. G. Krall, H. Deibler, L. H. Mohn, commonly called "river brethren," were all at our last Harrisburg meeting, filled with the union spirit that makes a meeting worth attending.

Brothers, the payment of the semi-annual dues is the important thing. Our record for 1913 was 100 per cent—every man paid up—so we hope that our record for this year will be up to par.

CERT. 2004.

Trenton Division, Lower End——

The general superintendent recently made a trip over the main line between South Amboy and Bordentown, also over the Trenton branch of the Trenton Division.

Mr. Wilmot's office in Trenton has been abolished, and he is doing clerical work in Mr. Cross' office, Camden.

Bro. Moore has opened a picture show. A non whom he asked to join asked, "What has the O. R. T. ever done?" and Bro. Moore was so overcome with grief that he promptly reported off sick.

We are glad to see N. T. Haines back on second "BU" tower, after a long spell of sickness.

Bro. Raymond Johnson landed first Edgewater Park.

Floyd B. Bennett, messenger at Burlington, is now helper at Beverly freight house.

Bro. Lockwood has been off sick, owing to a nervous breakdown.

CERT. 666.

West Jersey & Seashore Division——

The boys on this division have paid up more promptly this term than ever before, and we thank them for this increased interest. The few who
have not paid should attend to this matter at once and protect their beneficiaries.

We are adding new members right along. Bro. Rickards, Jr., Woodbury second, and Bro. R. S. McNeil, second Luckaston, we welcome as new brothers, and hope to announce many more next write-up.

We hope the agents will get wise, send in their applications without any further delay, and help us to help them improve their present conditions.

J. P. Lloyd examined us on the book of rules this year and Mr. Mole on the eye test.

Bro. E. C. Hill is now with the Lehigh Valley in Pennsylvania. We hope he will retain his card and show the boys over there why the men should get together. He knows what it meant here, and no doubt left because conditions did not appeal to him.

A wholesale retrenchment has just been made on this division, inconveniencing many of the boys and eliminating about fifteen men in our department. Sewell third abolished, salary reduced to $57.50; hours now 5:20 a.m. to 3:40 p.m., and 3:40 p.m. to 12:40 a.m.; and Clayton made a one-trick office. These changes will cause many to be bumped. We hope the boys will not bump a brother when another man who has not played fair can be bumped. Several, after being shown this courtesy, dropped out of the Order, thinking themselves secure from further harm.

Reductions also made in "KN." J. P. Lloyd will get a position in "CF," displacing Mr. Justice in "CF."

We are going to have a "ladies' night" meeting, to which we want every married man on this division in our department to bring his wife. All will be welcome, whether they have up-to-date cards or not, and we hope all who can possibly get out will come. It will be simply a social affair to get acquainted, and we hope to have it about May 16th. The matter will be further discussed, and you will all get more definite information later. We want to get acquainted with all our men and their wives and sweethearts. This will bring about more cordial relations and good will among us.

Next meeting March 26th. Don't forget it, and come and bring every non-member you can get to come with you.

The telephone has been put in service on the Atlantic City Division, and the boys are now getting used to their new surroundings.

Pavonia agency was abolished. Mr. Sibley going to Asland (where the salary has been raised), vice A. D. Plank, who resigned after over twenty years service, after others all around him got a raise and he was not included, his loyalty apparently not having been recognized.

Walter C. Vaughn, Jr., extra agent, has returned to his position at Haddonfield.

Bro. T. J. Albertson, at Franklinville, has been in poor health for some time. We hope he will soon get well. He has the sympathy of all the boys.

Pavonia shops telegraph office abolished, Miss Weller displacing Mr. Ryan at "PR," on the Camden Terminal Division. We would welcome Miss Weller as a sister, as the O. R. T. established the rights enabling her to secure that position.

Bro. J. C. Marshall, second Atlantic City yard, "CA," is able for work again, but has not yet received his return-to-duty card. Div. Coa.

Third District—

Bro. Glenn, who relieved Mr. Holabough, second Maple Grove, a few days, also relieved Bro. Wolfe when called to Columbus on account of the illness of his mother. Later Bro. Glenn relieved Bro. Stateler while visiting his parents at Dupont, and also relieved Bro. Lingenfelter at Fostoria and Bro. Walter at Colby a few days on account of sickness.

Some men who will not belong to the O. R. T., which makes their living, are obliged to join the musicians' union before they can play in a band for amusement, the difference being that the latter is compulsory and the former is not.

You few delinquents should pay up at once, as our committee has been after another increase for nearly four months and needs your help. A "has been," you know, is not much better in such a case than a "never was." It's the duty of everyone of us to back up our committee in every way possible.

The party who has been trying to pose as an up-to-date will have to produce hereafter, or dismount and walk.

The non on this division gloating over his success in bidding in good jobs and refusing to join should be remembered. "No card, no favors."

We owe our thanks to Bros. Cowley and Crisembery for securing us annual passes.

A conductor or trainman does not have to come into your office to sign his orders, and they have no right to come in and use the telephone to get their own orders. Let them use the ticket window or trainmen's room, which in many cases adjoins the office. Secure a copy of any orders they copy and bring it to the next meeting or send to General Chairman Bro. Cowley. We want them for future reference. The window at Fostoria is being enlarged, so the conductors and engineers will have no trouble in signing their orders. The office there is being further improved by putting down a new floor.

Car inspector Wilson, who was injured recently at Mortimer when the local freight backed up and knocked him down, is up and around again, but it will be some time before he will be able to swing the hammer.

Bro. Thompson was recently married at Maple Grove. Congratulations.
IN MEMORIAM.

WHEREAS, Our heavenly Father, in His infinite wisdom and goodness, has deemed it best to call from our midst to the great beyond our beloved brother, M. L. Russell; in manifestation of our grief at this time and fraternal sympathies, be it

Resolved, That the members of N. Y. C. & St. L. R. R. System Division 18, Order of Railroad Telegraphers, extend to the sorrowing wife and relatives their sincerest and deepest heartfelt sympathy in this sad hour of their bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved wife and family, and a copy be spread upon the minutes of this division, and a copy forwarded to THE RAILROAD TELEGRAPHER for publication.

F. F. Cowley,
E. W. Fuller,
R. W. Ferry,
Committee.

Bro. Smith, third Cadonia, while off attending the funeral of his father-in-law in the western part of the State, was relieved by Bro. Lyons.

Bro. Terwilliger landed second Burnside tower, Bro. Maybee third Roscoe, and Telegrapher Mulley (soon to be a brother) bid in second Apex.

The meeting at Mountain House, Cadonia, Sunday, February 22d, was attended by Bros. Culinan, Poote, Couch, Wood, Smith and DeGraw, of the Southern Division, and Pfoor, Devany, McAvoy and Reed, of Scranston Division.

Much business of importance was transacted, including the presentation of the annual report of the secretary and treasurer, which shows our division to be in very comfortable circumstances financially and pretty strong numerically.

More of the members who can should attend these meetings, so they may know what is being done.

No one sent in any news items this month.

North End—

Boys, let us try to have a write-up each month. Send all the notes, changes, etc., you can get along the line to Box 1011, Deshler, Ohio, before the 20th of each month, and I will see that they get into the current issue of our journal.

Bro. N. L. Chelf, second Ferrysburg, off several weeks on account of illness, was relieved by J. Leydorf.

Bro. E. W. Heyman, second Tontogany, off a few days, was relieved by Mr. Krebs, who later went to North Side.

The telephone has been put in service on this division, and the boys are gradually getting used to it. A spelling school over the phone some night might create a little fun and improve us in that line.

Bro. Mangan, from the B. & O., relieved our new brother, Mr. Cunningham, second Leipsic Jct., a few days and then resigned. We are glad to have him come in.

Bro. J. W. Kelley, second Bates, relieved by Extra Rhoades, later relieved by Mr. Lyons on bid, who worked one day and resigned, and Mr. Rhoades took the job again.

The manual blocks will soon be in service on this division—a good system, which keeps a man on the job all the time, but that is what we are paid for. It will be a little hard for agent-operators to get their work done by having this system, but no doubt they will be given necessary help when business is heavy.

Bro. O. A. Martz is relieving Bro. Martz, second Cairo, for a six months' trip through the West, after a long time in the service. Glad to see Bro. "MZ" back with us again.

Mr. Phillips, who bid in Belmore agency when Mr. Veitch took the cashiership in the bank there, after a month's service disappeared one night, and has not been heard of since. Relief Agent W. J. Kroeger took charge pending bulletin, but no bid received, and R. White was assigned permanent agent. We are glad to see Mr. White back again.

Bro. H. Folk, third Leipsic Jct., resigned to start in the restaurant business at Bellevue, Ohio, was relieved by Bro. Young, second Deshler, on bulletin, and third trick "BU" cabin and second trick Deshler are now on bulletin.

In your notes please show if person named is "Bro." or "Mr." Let us all work together on this end, line up the nons and make it 100 per cent strong, and try to have regular meetings at Lima on this and the Lima-to-Dayton end. If these two divisions would work a little harder we could have meetings there in a short time.

Remember, "No card, no favors."

Second District South—

The local chairman visited Sidney, February 6th, and first trick man relieving Bro. Shine, has promised to get in line.

The new interlocker at "AK" tower is now in operation.

Your local chairmen now have the latest seniority list, and can tell your standing in the service at a moment's notice. On the second district the entire list has been arranged numerically from 1 to 167, showing the number employed by the Toledo Division. No. 1 was employed in 1872 and No. 167 in 1914. This arrangement shows how many men are ahead of you, and how many you are ahead of in seniority. One or two mistakes in the list were
corrected by Division Operator Brant. The revised list due in June will be further improved upon, by an alphabetical arrangement. Each non-member's name in red type instead of black.

Cridersville, represented in a railroad way by Bros. Fischer, Nichols and Sellers, recently organized a rat-killing contest. Divided itself into two sides. The losing side to furnish a banquet for the winners, which came off first week of February. Have not heard which side the brothers were on.

The manual block system was put in operation February 8th, between Erie Jct. and Lima double track. The operators at those points will now handle yard engine movements.

Bro. Shyne, first Sidney, for some time a patient in a Columbus hospital, after his recovery, took ninety days' leave, and is now on the State Tax Appraising Commission at $120 a month; $4 a day for six hours' work.

Our general chairman has been busy for some time with the committee, and a report has been sent you of the work on our new schedule negotiations by the general secretary and treasurer.

F. G. Shultz, second Anna, is again sick at his home near Lake View, relieved by R. A. Newland.

Mr. Carl, second "GR," Cabin, is now with a telephone company at Troy, his home town.

Smithville District—

Our general committee has just returned from a long-drawn-out conference with the management, and we are again working under a new agreement and wage scale effective January 15th 1914. I am sure all the boys feel grateful to the management for the courteous treatment shown our committee during the past four months. Now, let's all show our appreciation by rendering better service and make this a banner year for the "Katy." Also show the committee our appreciation by keeping our dues paid up, and living up to the schedule. The increase in pay will more than reimburse us in keeping up our dues.

An invention, usually, when first produced, can be improved upon. The same thing applies to every work of man. Perfection is gained only through untiring efforts. Our schedule is the work of man, therefore it may not suit all of you. But do not be too hasty to criticize. We are not through. By your support we will be able to do more and better things.

We want everyone of you to be an active member. Pick out some "non" and peg away at him until he comes through. A solid division by June 30, 1914, would look mighty good, and it is not at all an impossibility. See what was done with a membership of about 75 per cent. What would 100 per cent mean to you?

I notice some 1913 cards "first out" in some of our brothers' card cases. The year 1913 will long be remembered by the boys of Division 22, but do not hold these cards as relics. Those bearing the date of June 30, 1914, are a much prettier color. They look better and are better; get one, and don't forget the slogan, "No card, no favors."

The mother of General Chairman Bro. G. E. Soyster, of this division, died at the home of his sister in Wagner, S. D., at 9:30 a. m., February 14, 1914, of broncho-pneumonia, after an illness of only eleven days. She left two sons, Bro. Soyster, 403 Drexel Bank bldg., Chicago, Ill., and C. L. Soyster, Willow Brook, Cal., also two daughters, Mrs. E. M. Simmons, Cripple Creek, Colo., and Mrs. G. F. Dresselhuys, Wagner, S. D. March 16th she would have been eighty-two years old. Her remains were taken to Elkport, Iowa, for burial, the funeral being held February 17th. Bro. Soyster was called to her bedside from Avery, Idaho, while on his way to Seattle and reached Wagner at 6:30 p. m., February 13th, the day previous to her passing away.

IN MEMORIAM.

WHEREAS, In the course of human events the Creator has seen best to remove from hence the mother of Bro. G. E. Soyster, and

WHEREAS, The loss of a mother is irreparable, and we can only express our sincere sympathy to Bro. Soyster and the bereaved family for their loss; and

WHEREAS, Their mother lived to an advanced age, and her life was one of devotion and kindness to her family and friends. This will ever be remembered and can only be an inspiration to her children; therefore, be it

Resolved, By C. M. & St., P. Division 23, Order of Railroad Telegraphers, that we do hereby express our heartfelt sympathy to Bro. Soyster and relatives for their loss; and be it further

Resolved, That a copy of these resolutions be sent Bro. Soyster, a copy mailed Bro. L. W. Quick, for publication in The Telegrapher, and a copy placed with the minutes of Division 23.

CARD OF THANKS.

We desire to sincerely thank each and every one of the many friends and members of the O. R. T. for their kind expression of sympathy on account of the death of our dear mother, also to thank the Grand Division and Division 23 of the O. R. T. for the beautiful floral pieces which they so kindly sent.

Especially do we thank Mr. Derrickson, general secretary and treasurer, and Mr. Rellihan, local
chairman of the Dubuque Division, for their attendance at the funeral at Elkport, Iowa, as representatives of Division 23 of the O. R. T.

MRS. E. M. SIMMONS,
MRS. G. F. DRESELHUYVES,
CHARLES L. SOYSTER,
GEORGE E. SOYSTER.

Resolved, That a copy of these resolutions be sent to the bereaved brothers, a copy spread on the minutes of the division, and a copy sent to THE TELEGRAPHER for publication.

Third District—

We are glad to say that business seems as good again as ever.

We are glad to say that Bro. M. J. Gould, who has been off three weeks with a gripe and rheumatism, is able to be on the job again. Bro. Clayton, Lucas, is especially glad to see him back, as he had to go back and forth on freight, sometimes not getting home until 2 a. m.

We are glad to call Bob Helton brother again. He was off thirty days for forgetting an E. J. and E. order, but had to be called back to relieve his relief Mr. Coffman, who could not stand prosperity, and it was claimed was not attending to business. The chief wanted Bob back as he is too good a man to lose. He also relieved Bro. Benny Simmen a few days.

Bro. Ripple, second Hebron tower, has been appointed agent Shererville, vice Bro. C. M. Reed, appointed to Union Stock Yards, whom we expect will take the extra job in "CG" general office shortly, as he is the only one from the C. & M. that would go there.

Bro. O. C. Tabbert, extra dispatcher, appointed to "US" yards, later went to Tower A-2 as assistant director, vice Mr. Taffley, let out there and later bid in Zenda agency.

Wish some "J" line brother would send us some notes once a month, so we could know more about the boys there.

We have most all the nons lined up now, and before long hope to have them all; so everybody watch the new men coming in and advise the local chairman if they are Order men. If not, get after them. No "hard luck" excuses go nowadays, and it's up to us all to get everybody in the Order, and keep them there because therein lies our strength.

We hear Bro. Fred Mauck's chime-in once in awhile on the line. He will probably be too busy to talk when they start to put in their new $15,000 depot there.

Bro. Ed. R. Derrickson has our heartfelt sympathy in the death of his mother.

CERT. 1261.

IN MEMORIAM.

WHEREAS, The divine Ruler, in His infinite wisdom, has entered our midst and removed the beloved mother of our worthy local chairman, Bro. Ed. R. Derrickson; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of Third District of System Division, No. 23, extend to the sorrowing brother and members of the afflicted family our heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy spread on the minutes of the Division, and a copy forwarded to THE TELEGRAPHER for publication.

E. J. CARROLL,
Local Board Members.
Rocky Mountain Division—

The boys on the east end and the branch, who were unable to attend the meeting at Lombard, held on February 8th, missed a good deal. Arrangements should be made to hold such meetings at least once a month, and at such time and place as will afford as many members as possible a chance to attend. The officials say they are willing to do all they can to let the men off and get them to and from the meetings. Chief Dispatcher J. W. Ross met some twenty-five of his men at Three Forks on their way back from the Lombard meeting, most of whom he had never seen before, and remarked that he never knew he had such a good-looking bunch working for him.

The meeting was a great success. On account of Bro. Derrickson being called from his duties to the bedside of his mother, Bro. Soyster was unable to leave Chicago in time to be present at the meeting as announced, which was a great disappointment to us all. Bro. Soyster passed over the road on the Monday following on his way to Seattle, when he received word to return home on account of the illness of his mother, which we are grieved to learn resulted in her death. Bro. Kearby, who was also on his way to Seattle on grievance work, returned with Bro. Soyster from Alberton.

Several subjects of vital interest were discussed and plans made to have them attended to at once. There were several other matters the boys desired brought before the meeting, but lack of time prevented. It was decided to hold a meeting once each month, to be held alternately at Butte and Lombard or Harlowton.

We hope to hold another meeting at Lombard as originally planned at Bro. Soyster's convenience.

Local Chairman Bro. Kearby's youngest boy, Kenneth Karl, has been selected as one of the representatives from this State in the Temple of Childhood at the Panama Exposition. He took the prize at the State fair for being the most perfect baby in this county and ran sixth in the State out of about four hundred babies shown. The brothers and sisters on this division heartily congratulate Bro. and Mrs. Kearby in the grand showing made by their little boy.

Bro. J. G. Campbell will reside in Lombard and work all the extra he can get, until something permanent shows up.

Bro. R. S. Harrington, extra, relieved Bro. Bleichner at Lombard while Bro. Kearby was away, and also relieved Bro. Phare a few days.

Every member should write his district congressman and ask for his support of the eight-hour bill soon to be introduced in the house. This bill seems to be our only salvation in regard to trainmen using phones and copying their own orders. We must all use our individual efforts to have it go through.

We now have a brother at Piedmont.

Bro. E. L. Robinson is back on first Sappington. Bro. J. W. Thompson is working now and then on first and second Janney, since third abolished there.

Bro. Gray and Faucher attended the meeting at Lombard, February 8th, representing relay office grievances.

"GS" office is now solid, excepting H. A. P. Bros. Harrington and Joyner relieved Bro. and Sister Sill, at Summit, for a week, also Bro. and Sister Peacock, at Lenape.

Bro. Campbell relieved H. D. Hughes on second Ringling, while Hughes relieved Bro. Ramsey, agent, on a trip to Butte.

Bro. Bradley relieved on third Lenape by Kathryn Peacock, relieved H. L. Muldersberger on second Three Forks a few days. CERT. 1489.

The following letter of sympathy was sent to Bro. Derrickson:

Butte, Mont., February 10, 1914.
Mr. Ed. R. Derrickson, Chicago, Ill.:

Dear Sir and Brother—Received the sad news of your mother's death today, through Bro. Soyster, and as a committee, appointed by Local Chairman H. C. Kearby, Rocky Mountain Division, Division 23, we hereby extend to you our sympathies in your sad bereavement and offer the following resolutions:

IN MEMORIAM.

WHEREAS, Almighty God, in His infinite wisdom, has seen fit to take unto Himself the beloved mother of our brother and secretary, Ed. R. Derrickson; and

WHEREAS, In full realization of his great loss we fail to find words to express our sympathy, but direct him to our Creator, the ever-ready Comforter; therefore, be it

Resolved, That the members of Rocky Mountain Division, System Division 23, extend to Bro. Derrickson our heartfelt sympathy in this his sad bereavement; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved brother, a copy to The Telegrapher for publication, and a copy be spread on the minutes of the division.

Arthur F. Fanche, Chair. C. Gray, David G. Goggin, Committee.

CARD OF THANKS.

Mr. C. C. Gray, Butte, Mont.:

Dear Sir and Brother—The resolutions of sympathy from the members of the Rocky Mountain
Division received, and needless to say I appreciate deeply your action. Of course, nothing can mend my loss, but knowledge of sympathy among friends alleviates the sorrow somewhat. Kindly express my sincere appreciation to Bro. Kearby and the membership on the Rocky Mountain Division.

Yours fraternally,

E. R. Derrickson.

The following letter of sympathy was later sent to Bro. Soyster:

GRACE, MONT., February 22, 1914.
Mr. G. E. Soyster, Chicago:
Dear Sir and Brother—Received the sad news of your mother’s death today, through our Local Chairman H. C. Kearby, and as a committee appointed by him, we extend to you the profound sympathies of all members on the Rocky Mountain Division in your sad bereavement and irreparable loss, and offer the following resolutions:

IN MEMORIAM.

WHEREAS, It has pleased our heavenly Father and all-wise Ruler of the universe to call to her reward the beloved mother of our General Chairman G. E. Soyster; in manifestation of our grief and fraternal sympathy, be it

Southern Minnesota Division

A very interesting and instructive meeting was held at North LaCrosse, January 18th, about thirty-five being present, including a number of visitors from the Burlington. Bro. Geo. E. Soyster, general chairman; Bro. W. N. Upham, local chairman of LaCrosse Division, and Bro. Geo. B. Turner, local chairman Southern Minnesota Division, gave us very clear talks on the needs of the men in our class, and how to secure what we want. Everybody enjoyed the meeting and all declared they had been greatly benefited and well-paid for having gone, and unanimously voted to sustain the committee through thick and thin.

Bro. Geo. B. Turner, local chairman, had an all-day meeting at Madison, South Dakota, Sunday, January 25th, which was also well attended. Among those present were: Bros. C. A. Berg, F. N. Canfield, R. G. Langen, R. F. Gunderson, W. E. Campbell, Fred Severson, Bob Newton, M. E. Glison, J. C. Palmer, W. A. Sellman, E. N. Bucklin, P. Blackster, Jos. Snyder, W. A. Sellman, J. E. Felker and Lud. Olson.

Bro. Turner gave one of his clear and forceful talks on O. R. T. matters in general, and all declared the meeting a great success, and voted unanimously to sustain the committee to the end.

A joint meeting of the I. & M. and So. Minn. Divisions was held at Austin, Minn., Sunday, February 8th, which was well attended. Among those present were: S. J. Bennett, J. C. Whalan, A. M. Fried, F. M. Meyers, D. C. Jorgenson, Jim Seehey, E. F. Svehla, H. Mathison W. H. Siemens, J. O. Malley, W. A. Geason, W. O. Burnett, E. L. Barlow, L. H. Grow, G. B. Turner, S. Parker, C. Stephenson. The other brothers present will please pardon me for being unable to recall their names when writing this up.

Bro. L. H. Grow gave a very interesting talk on our need of thorough organization and what we may accomplish with 100 per cent membership. He also discussed a number of grievances and how to handle them. He handled his subjects in a clear and forceful manner, which will be of great benefit to those who heard him.

Bro. Turner discussed the progress the sub-committee had made, and what he hoped it would be able to accomplish in the present negotiations. He also dwelt on the hours of service and the penalties for violation, and what the men along the line could expect in case of trouble through such violations. He handled the subjects discussed in a clear and intelligent manner, and we predict it will be a long time before any of those present are caught on duty outside of their regular assigned hours.

Everybody present enjoyed every minute of the meeting and want another at an early date, and voted unanimously to sustain the committee.

Bro. John Lieser, of Grand Meadow, Minn., fell dead on Wednesday evening, January 22d, of heart failure. This was a terrible shock to his wife and children, his brothers and his many friends. His remains were taken to his old home at Brownsville, Minn., for burial. Bro. Geo. Lieser, of Iona Lake, and Bro. Chas. Lieser, of Reno, Minn., are brothers of the deceased.

On February 7th, Bro. John N. Solberg, of Hokah, Minn., died of Bright’s disease, after an illness of but a few days. His remains were taken to Wells, Minn., February 10th, for burial. He is survived by his wife, one son and one daughter.

Bro. H. E. Brann, Egan, South Dakota, has resigned to follow farming in Montana. We all wish him abundant success. Harry was a loyal member, a jolly, whole-souled boy all around whom we will all miss at our meetings, and elsewhere. His address is Jordan, Mont., 80 miles from a railroad. Any of the “SM” boys who go out in that country should be sure and call on him, as he will surely be glad to see you.

Grand Meadow agency; Lyle W. Stevens, Jackson third; R. H. Solberg, Houston second; T. W. Burke, Dexter agency. Bro. Roy A. Peterson is relieving at Welcome while Bro. Harmon is out selling his "jag" cure.

Bro. Fred Severson, of Erwin, S. D., was married recently and is visiting at his old home, Winnebago, Minn.; also Bro. Leslay, of Alpha. He can well afford it since his station was placed in the schedule.

Bro. J. H. Bradley, of Edgerton, is the happy father of two of the nicest, brightest babies we ever saw. CERT. 324.

CARD OF THANKS.

Linby, Iowa, Feb. 19, 1914.

To the Brothers of the K. C. Division:

I. & M. Division

A joint meeting of the I. & M. and S. M. Divisions was held at Austin, Minn., February 8th, with a good turn-out. On account of the death of Bro. Derrickson's mother, our general chairman, and general secretary and treasurer were unable to be present. Bro. Turner, local chairman of the S. M. Division, occupied the chair and gave the members one of his interesting talks, after which the meeting was turned over to the members for general discussion, and the way the men went to it shows that they are alive to their interests. While the attendance from this division was fairly good, if the members had made a little more effort it could have been better. These meetings will show good results if a larger number of the men will attend. We intend to hold several this coming summer, and hope the members will make as great an effort to attend them as they do to get out to the "safety first" meetings.

It becomes our sad duty to announce the death of the mothers of both our general chairman and general secretary and treasurer. Bros. Soyster and Derrickson have the sympathy of the entire membership in their bereavement.

Bro. Goertz, agent at Thielen, was a caller at the Austin office between trains February 19th.

Bro. Conklin, agent Medford, off for a few days, was relieved by Bro. Motweiller.

Brothers, when you hear of any news please drop a line to Bro. C. R. Parker, 2721 East Ave., South, Minneapolis. Let us make a combined effort to get a good write-up for this division.

The engine tank of engine 42, derailed north of McNeil, February 18th, turned over and killed Conductor E. A. Heap, who had been on the I. & G. N. for fifteen years. His many friends along the line were shocked to hear of his sudden death.

A car in a stock train crossing the Sabine River derailed recently and knocked down an entire span of the bridge, with nine cars. Through passenger trains were badly delayed for several days. Fortunately, no one was injured.

Jct., and Bro. Hopkins at Colorado Bridge, and I am catching it myself, and it looks like every operator on the line will soon be raising chickens.

Our Texas political pot is commencing to boil, and it will pay all the boys to study over the matter as to who to vote for next July. Our present State treasurer, Bro. Edwards, is one man you want to be sure to vote for. He is an old Cotton Belt operator, and still carries his card up to date.

Bro. Carroll, from Round Rock, made Austin a pop call the other day.

Cold weather and delayed trains caused some of our older passenger conductors to lay off and Bill Hays and Dick Webb to wear brass buttons a few days.

T. L. Davis assigned to operator-clerk position at Tyler, and Bro. J. B. Davis, Jr., to Neches, made vacant by the death of his father, Bro. J. B. Davis.

Bro. Z. N. Robbins is on second Dodge, Bro. Roy Robbins agent, and R. G. Hatfield third there.

I want to thank all the boys who so liberally contributed news items for this month's write-up. Use the stamped addressed envelopes I send you, and we will have a good write-up each month.

Bo.

Southern Kansas Division—

If all of you will mail your notes to Bro. Lucy at Leroy, Bro. Garton at Conway Springs, or myself here at Coffeyville, we will have a fine write-up each month.

Get after the few nons on this division. Remember the old motto. "No card, no favors," and live up to it.

It was the writer's pleasure to hear Superintendent Carden give an address on the subject of

"Safety First," at one of the social entertainments held by the wives of the railroad men at the Y. M. C. A. His talk was very interesting and closely followed. Among other things he spoke of was regarding the men not taking their proper rest, therefore making it dangerous when they went out on their runs. All of us should take our rest, so when we come on duty we will be on the alert for anything which may come up and have our minds on our business. I have been told, however, by the dispatchers that they have a good set of both day and night men, who answer calls promptly. Keep up this good work, boys. It will show up well for us later on.

Westphalia agency is now up for bids, vice Bro. Stein, who bid in Cedarvale.
It is now Bro. H. L. Rearick on second Altoona, whom we are glad to have with us.
Bro. N. Certain is off thirty days, relieved by J. C. Holleran on second Garnett.
Bro. Sandborn, Arkansas City, is off thirty days, relieved by Bro. Sawyer, and he by Bro. Lacy, from the U. P.
Mr. Willingham, agent Larned, called home on account of the serious illness of his mother, was relieved by Helper Doodown, from Kingman.
Bro. C. C. Crone, third Buffalo, was married January 22d. The cigars are going around. Congratulations. He was relieved on his honeymoon by L. F. Brandon.
I have up three cases now entitled to vacation pay for 1913, which I am sure will be settled satisfactorily, and I am under the impression that three or four more of you have had your vacation allowance cut out. This should be taken up at once for settlement. Those who have not received their vacation allowance, write me.

The train dispatcher put out an order at a telegraph station the other day with instructions to operator on duty to phone to train when they called for same. The conductor of this train called up from a station where the company maintains an agent, but only pays him about half an operator’s salary. This practice is strictly against our contract and should be reported every time it occurs.

Bro. Crites assigned to Westphalia agency, relieved at Hudson agency on bid by L. A. Strange. Hudson and Dexter telegrapher are both up for bid now.

Bro. Hanks bid in Dexter, and Bro. Manning bid in Seward, putting Turon and Niotaze agencies on bid.

Bro. Sandborn has resumed at Arkansas City, after a short vacation.

The new depot at Garnett is now ready for occupancy.
Each one of you do your best towards lining up the very few nons that we have left, and let’s make the Southern Kansas the best in Division 31.

T. F. Jamison.

Wichita Division—

We note with pleasure the interest taken by a number of the members in writing to the nons. Keep the good work going. If every
member would write the few nons left and let them know how they stand it would accomplish wonders. Several on the east end need your serious attention. One of them here for years continues to promise, but when pay day comes "just can't make it this time." Keep after him until he lines up.

Each one of you can help your committee by being on the alert to secure applications. Do not hesitate to write me; I will be glad to advise you.

All 12-hour telegraphers should remember that vacations will not be allowed those on leave of absence more than 30 days. Be sure to claim time for making transfers from one position to another, also remember that the management promised us a liberal application of the Sunday rule. If you think you are not being given as much time on Sunday as you are entitled to, furnish the facts in the case and we will see if the matter can not be remedied.

Paste this up and don't forget to furnish the local chairman a copy of every verbal or written order being sent to a train at a non-telegraph station. There is too much of this kind of work being done. The trainmen would have a just grievance should some of us run a train out, and we have an equal cause for complaint when they keep telegraphers out of employment by voluntarily performing their duties. In spite of the fact that the organizations have passed resolutions against this practice, some few are so zealous of putting a feather in their own cap that they go out of the way to take the place of the telegrapher. F. O. Morr, Local Chairman.

**Wichita Division Notes—**

Bro. S. G. Huddleston, of Clearwater, is looking for a location south, relieved by a new man.

We have only had five nons on this division. Boys, get after them. If you don't know who they are ask Bro. Morr, Bro. Mohler or myself. We will be glad to furnish application blanks to write them up.

Bro. Chas. Bodle, of Benton, is on vacation, relieved by Mr. Engel.

Bro. Jones, at Lyons, is being relieved by J. W. Sheas, and he at Eldorado on bid by F. H. Jenkins, from 25th st. yard.

W. A. Schreier assigned Argonia agency. Brothers, keep after him until he joins.

Second Trick Dispatcher Samuels is in St. Louis Hospital. We hope for his speedy recovery. Extra Dispatcher Jarson relieving him goes to "H" office, on his return putting Mr. Ellis on extra board.

G. E. T., Div. Cor.

**Eastern District—**

Brothers, paying your dues and carrying an up-to-date card is not all we are required to do. We must all pull together, try to get new members, and hand in a few items each month for the journal.

Several of the boys have been let out on account of so many night offices closing. St. Aubert third being recently added to the closed list, but Grand Pass second has been reopened again, and that is some encouragement.

Bro. H. McClain, off several months, was relieved by H. Fleming. T. D. Malkley, off 30 days visiting friends and relatives in Colorado, bid in third Lee's Summit, and Bro. Canfield bid in first Boonville.

Bro. Butter drew first, Mr. Wilson second, and Williams third Sedalia; Bro. Haub bid in Osage agency; Glencoe on bid.

St. Aubert agency and Glencoe on bid.

Bro. J. D. Keithly, on third "GR" 23d st., St. Louis. Bro. Gunn on second, and Bro. Davis on first.

Mr. Stahlman, off on account of his mother's death, has our heartfelt sympathy.

There was quite a sore and disabled bunch around Cole Jct. for several weeks. Bro. Puliam with a vaccinated arm; Bro. Adams with a nail-punctured foot, and Mr. Church with the la grippe. He and Bro. Adams were off several days.

Mr. Lewis, third Myrick, while laid up with the mumps, was relieved by Mr. Tally. Mumps and smallpox are getting as fashionable as the tango.

Bro. H. L. Dare, second Eureka, now closed, is visiting home folks in Indiana 30 days.

Second Trick Dispatcher Henry, Jefferson City, our relief chief, is off for 30 days, on a trip to Washington, D. C.

Bro. C. W. Cole, Centertown nights, bid in St. Aubert agency; Centertown open for bid.

Block phones are being installed on the River District, where several day and night offices will probably open up in a month. Everybody get that new card, and be protected in landing one of these new jobs.

If the good brothers will aid me we will have a write-up in every journal again. Look at the nine-page write-up of the N. P. Division of the January journal, then look at our division, and see the difference. Let's try and make this old pike solid. Every brother who has a non at his station keep after him until he gets him in, then we can stand a better show to get a good schedule at our next committee meeting.

Let me hear from some of our good brothers with some news for our next journal.

"AD" at "BJ.," Cert. 2742.
Valley Division—

Bro. Gysen assigned to Portland second, and Bro. Bryan to Blissville second, pending last bulletin. The former was a recent Portland caller, and the latter a recent Blissville caller. Cliff Harison, clerk Portland, is now cashier in the bank there. T. R. Bradford, formerly clerk at Portland, later at Dermott, is attending school at Tyler, Tex.

Bro. A. C. Seaman, first Dermott, was off a week on the sick list, relieved by Bro. Cook, of second, and he by Bro. J. T. Walker, from Colorado.

It is now Bro. F. A. Yagger, agent Morrell.

Bro. J. T. Cook assigned Benita third, pending last bulletin.

Bro. Butts, agent Barkdale, transferred to Eoline, relieved by Mr. Gilbert, of the Cotton Belt.

Central Division—

Bro. J. E. Brown, agent Knoxville, was off several days recently, account having run a nail in his foot.

Bro. D. V. Wood, relieved by Bro. J. H. Pugh, has returned to second Palarms, made a hurried trip East, on account of his mother's illness, whom we are glad to say is better. Bro. Wood and the agent have to "bach", as there is no place to board at Palarms. Bro. H. C. Farmer, of Palarms, is attending school in St. Louis.

Bro. A. M. Henley, from Russellville, one of the oldest men on the system, is now on second Gore, succeeded by Mr. Hobbs, who decided not to take it, after he had bid it in.

The fine, modern brick depot at Conway will soon be ready for business. The old one has been moved across the tracks for a freight depot.

A nice addition has been made to the Knoxville depot on account of the growing business at that place. Bro. Brown is assisted by Bro. S. M. Rorex and R. R. Henderson—all mighty fine boys.

Bro. "Tom" is relieving Agent R. M. Wildman, who has gone away for an operation, which we trust will be successful. Bro. H. L. Bidwell is on first and Bro. O. G. Milton on second.

Bro. L. L. Garrett was called to Hillisboro, Ohio, last month on account of the sudden death of his father.

Bro. C. H. Haskins, of Atkins, is carrying his arm around in his hand, having been vaccinated the other day, and it "took." Bro. L. D. McCoy, on second, accompanied his sister-in-law to Little Rock where she is taking medical treatment.

Bro. A. C. McCollum, assistant cashier in the Merchants' and Farmers' Bank of Adkins, drops in to see the boys about every day, and to listen to the hum of the wires. He's a mighty good man wherever you put him.

Bro. C. Edmonson, of Mulberry, put in some time working out by a telegraph pole recently, when a freight train went in the ditch from a broken axle.

Quite a number of changes were made in the block offices last month.

Louisiana Division—

Bro. McDougald has appointed me division correspondent and I hope all the boys on the division will send me all the news they can, so we can have a good write-up each month.

Bro. Mathis, off since October, 1913, has been reinstated, bumping Mr. Bernard at Grayson, who bumped Mr. Gordy, El Dorado days, until Bro. Iverson was reinstated there, when Mr. Bernard bumped Bro. McGuire off second Georgetown and he bumped G. L. Toole from third there, who returned to Monroe as extra dispatcher, and later went to the G. H. & S. A. in Texas. Mr. Gordy went to the L. & A.

Bro. Walter Boswell relieved Mr. Hunter, Pollock days, who relieved Bro. Beardsdale, while in Oklahoma on a vacation, then relieved E. Noise, agent Clarks, resigned.

Bro. B. F. Selvidge, Simms nights, relieved a few days by Mr. Cline, a new man, now at Huttig days.

Bro. S. B. Davis, agent Olla, owing to the illness of his brother, relieved by J. W. Miller, third there, and he by Bro. D. J. Lewis, a new man.

Bro. Bell, joint agency Georgetown, has gone to L. R. & N., at Alexandria, relieved by F. W. Schaefer, from the Cotton Belt. Ex-Bro. Bush relieved on third Georgetown by Bro. McGuire, from C. I. & S. Mr. Harris, second Georgetown, relieved by C. E. Rutledge, and he later by L. M. Evans, from Simms. It is now Bro. Bernard, on second Georgetown again, and will soon be Bro. Schaefer, agent there. We hope the other few nons and delinquents will soon do likewise.

Local Chairman McDougald should be advised promptly of all changes. He has appointed an assistant on each district, and we will now be able to keep better posted all over the division, and work together better than we have ever done and have vacancies bulletin promptly, if you will all do this.

Bro. Mathis, on the Monroe District, has compiled a statement showing how all the boys on this district stand; showing that we have only three nons, one of whom will soon be with us, and we should be able to get the other two without much trouble.

I hope to get a list from all the districts showing how strong we are, in the near future.

Let us all get to work together and do something on this division.

New Castle Division; West End—

The government mediation board is now working on the differences between the telegraphers and the company. All stand true to the committee.

The few nons west of Akron are keeping a close tab on the working rules of the schedule. Now is a good time to line them up. Let's organize a Ladies' Auxiliary and get the women after them.

Bro. Lane, first "MR" tower, took the examination for postmaster at Homerville; J. J. Dieter relieving him.

We are glad to welcome back to the fold as brothers: C. F. Adams and C. H. McConahay, of Lodi. The third trick brother should be made to ride the goat.

The local chairman has received the new seniority list from the division operator, and will have them printed soon. When asked to pay your share don't kick out, as he has troubles enough without having to pay the printer's bill.

It's worth your time, brothers, to attend the meetings, just to hear McLaughlin's stories, some of them acted out, too.

The retrenchment in progress on the Cleveland Division reduced the telegraph force about thirty men. Among the offices closed was the end of double track Seville, compelling trains to get their orders at Sterling.

F. E. Gary, Sterling third, who went firing on the "Nickel Plate," is now on first Newton Falls, and Bro. Jones is trying out a position in the local bank.

Remember, "No card, no favors." CERT. 758.

Cleveland Division—

Bro. K. D. Kelly is with the Postal, Chicago.

Bro. McCully, our "51" man for past two years, has resigned and gone to the W. & L. E.

Brothers, keep up the good work in regard to the service law and telephoning of orders.

Brothers, send me all the news you can, before the 20th, so we can have a good write-up every month.

Our local chairman will call a meeting as soon as he meets the general committee, and will have some good news for us.

Brothers, let's "hit the ball" and show the company that the Order men are always on the jcb.

Assistant Trainmaster Chas Hahn, resigns, is now temporary examiner on new book of orders.

General Manager Thompson and other officials recently paid this division a visit.

Double track has been started between Hollway and Piedmont.

Bro. O. F. Weaver and wife were recent Cleveland visitors.

Thanks to Bro. Billings for news items.

Bro. C. B. Blythe, Howard St., Akron, is on leave of absence.

Akron Jct. and East Akron closed on account of reduction of business.

Mr. J. H. Baker, relief operator, has taken a position with the Newburg and South Shore at Cleveland.

Mr. F. Mowery and Mr. Robinson working days at "CS" office, and Mr. Wagner on nights; they expect an eight-hour shift in spring.

Our old-time dispatcher, Mr. Trisch, has taken a furlough, Mr. Jackson taking his vacancy. Mr. J. F. Wagner on second and Mr. D. B. R. Lucas on third at Cleveland.

J. H. Spence, South Park second, bumped Mr. Akers, from Willow. Bro. A. C. Lampe is agent and operator at South Park again, after working on some western road several years. We are glad to see him back.

Bro. O. F. Murray has taken the relief agency, relieved by A. C. Gamble.

Bro. C. W. Meiser, agent Everett, was on the sick list several days.

Bro. S. B. Shafer, who is spending the winter with his brother in Homer, Mich., is greatly improved in health.

Dispatcher O'Leary has returned from a sixty-day leave in the East, putting Dispatcher Johnny Wagner back on third.

Brothers, don't forget the motto, "No card, no favors." Backsliders and nons all look alike.

It is now Bro. G. G. Tope. We hope more of the nons will soon follow "Red's" example.

VI, CERT. 2685.

Monongahela Division—

Bro. L. W. Graham, agent Kanawha, who underwent an operation for appendicitis at St. Joseph's Hospital, Parkersburg, and has been removed to his home in Kanawha, can rest assured that we are all interested in his speedy recovery.

Bro. Rinker, agent Ellenboro, was relieved by Bro. Donohue, while passing on the colors.

Bro. C. M. Baker, on third Petroleum, later relieved by Bro. C. O. Stevens, during the absence of Clyde Joseph.

Bro. A. G. Harbert, third "D" tower, visited Cumberland recently.

Bro. J. E. Maxwell is back at Wolf Summit; Ray Wrick goes from third "MO" tower to agent Wolf Summit.

Bro. Louden was on second "D" tower while Hargert attended court.

Bro. G. W. Drainer bid in Petroleum agency. We wish him success.

Bro. C. M. Baker has been relieving a few of the boys while they are being examined on sight and hearing.
Conductor B. F. Ward recently found a pocketbook at Salem containing a photo of a boy, evidently about two years old, and it clearly seemed that the pocketbook belonged to Bro. D. L. Coyne. Bro. Graham, at Long Run, demanded an explanation which, no doubt, proved satisfactory to all concerned.

Bro. B. S. Marshall is on third Cornwallis, relieved by Bro. L. B. Ferrell, at Central. Bro. W. M. Donohue is on second Smithsburg during the absence of Mrs. Cahill.

We are all thankful that the winter is about over; also that we have been doing a little missionary work and feeding our wives and babies warm. We have been lightening the burdens of poor wives and babies of the undeserving non-s. By paying your dues in the grand O. R. T. you made it possible for those non's' wives and children to have a little warmer fire, a little warmer clothing, a better pair of shoes and many other comforts that they would not have had if it was not for the efforts of the O. R. T. We wonder when they sit around the fire with their families, if they remember that a few years ago $45 a month was the salary paid on this division, and twelve hours a day's work. The credit for the great change in these conditions did not just happen, but were brought about by our organization. Let us see that they come in and keep the good cause along.

After a brakeman is on the road a few months he joins the B. of R. T. and stays with it, he don't drop out with some flimsy excuse when it is time to pay his dues, that is why their check is so much more than yours. The non's with us never fail to take everything they can get their hands on. Our committee has been in conference with the management for some time, and although up against a hard proposition, we expect good results. It is an outrage that men who claim to have normal intelligence have to be begged and pleaded with to join the union labor movement.

As an organization we are the family of that society, as that family our interest should be so bound up in each other, that while we might have differences of opinion, yet that difference should never alienate us. It would not be fair to forget that one is necessary to the success of the other and injury to one effects us all. Brothers, keep in mind our golden rule, "No card, no favors," and see that the non you are working with gets an up-to-date.

"BILLY," Cert. 1369.

Pittsburg Division

Bro. R. B. Dillinger, our efficient extra, and Bro. A. O. Kyler, both joined last month.

Bro. Davidson bid in Schenley third, relieved at "DU" by J. W. Giles, and Bro. Morgan bid in first trick at "VA."

Bro. Marsh, third "RD," was off a few days recently on account of sickness. Bro. Willings, first "R," was also off several days lately.

Bro. J. H. Heath, transferred from Division 14, worked and bashed with Bro. Yeager, on the A. C. L., in the wilds of Florida ten years ago.

Bro. P. M. Gear, "DS" Pittsburg, is on a furlough to California with his wife and daughter.

Bro. L. L. Williams, agent Evans City, is now on Rand second, relieved by Bro. McElhinney.

Sister Smart, off a few days on account of sickness, relieved by Bro. Kepler.

Mr. Jarrett, at Bryant, and another Mr. Jarrett on the river were brothers when they quit the business, and now that they are back should be lined up again.

We were pleased to hear from our Bro. C. V. Harbison, now with the Atlantic Ref. Co., who still carries an up-to-date. He has a warm spot in his heart for the old B. & O. boys, and is always glad to get his journal each month and read the Pittsburg Division news.

Bro. Yeager, local chairman, returned from the general committee meeting in Baltimore the latter part of January, and was taken ill soon after reaching Pittsburg, and was unable to get around among the boys. He had not fully recovered when he left for Washington, D. C., February 15th, to serve on the general committee, reconvening on the 16th, the Government mediators having promised to meet both parties there on February 17th. Remain loyal and be patient, brothers, and keep after Mr. Non.

Wish to thank Bro. Yeager for the items he furnished this month. Cert. 159.

Wheeling Division

Bro. W. M. Killen, second Bridgeport, Ohio, was off a week visiting relatives in Newark, Ohio, relieved by Extra Pugh.

Bro. C. W. Linn, extra copier, is on second "HN" Benwood. Relief dispatcher in "Q" cut off temporarily. Bro. J. C. Mellott, agent Benwood Jct., was off several days on account of sickness, relieved by Bro. Edw. Voight, from "HN." Bro. M. F. Teathers went to first "BN" during the illness of T. A. Daisy.

Automatic block signals between Wheeling and Benwood Jct. went into effect January 22, 1914, relieving "WR" and Benwood Jct. offices of blocking between those points. They still block east on main line, making plenty of work.

W. H. Johnson, who bid in Tunnel Sidings, has moved from Klee to Flushing, Ohio.

Three new members already this year, several others paying up and others promised for next pay day. A little effort by each member will complete the organization on this division.

If the report is found to be true that a certain member on the Ohio side has two students, his
name will be published and charges preferred against him.

Bro. Van Fosson has been appointed postmaster at Holloway. Bro. W. H. Kinney, of Holloway, is in Miami, Fla., and Bro. L. E. Kinney, of "HO" tower Holloway, on six months' leave, Extra Jackson relieving.

Bro. L. B. Tennant, of Underwood, can furnish everything in the horticultural line.

Bro. C. L. Allender, while on the Wheeling and Monongahela Divisions during the fourteen days’ delay waiting for the mediators to take up our case referred to them on January 24th, initiated three new members, collected $70 dues, and secured several applications.

A careful comparison of our schedule with that of other highly organized roads shows that the nons are costing each operator from $7 to $10 a month. Brothers, help us to complete our organization, and save yourself this loss.

Twenty-five of the Monongahela and Wheeling division operators attended the funeral of Conductor James A. Boyd at Moundsville, February 12th, in company with a large number of railroad men from all departments. Bro. Boyd was deservedly popular, and his loss is deeply felt by every man on the division.

Don't fail to pay up your dues and insurance. If this has not been done, rush them.

C. O. Division

Bro. Thomas has resumed on third "NJ," after an extensive leave, relieved by Bro. Sims, who also relieved Miss E. P. Becker while off on account of the illness of her sister, and later relieved Mr. Nash, second Eldon, a few days.

Mr. Huffman, second Media, was recently off a few days, relieved by Mr. Hollingsworth.

Mr. Kinkade has gone to the Western Union, Newark, nights.

Boys, get after the nons and send in their applications; also send me some items, so we can have a write-up every month.

C. O. Division.

C. O. Division.

Chicago & Eastern Illinois R. R., Div. No. 34.

Bro. J. W. Begbie, second St. Anne, Ill., has been appointed correspondent for Chicago Division, Danville District. Send him all the items of news you can.

Fraternally,

P. S. LOTTINVILLE, Local Chairman.

Chicago Division, Danville District—

I am going to ask every one of you to send me your news items not later than the 20th of each month, so that I will be able to get them in on time. I can not do very much unless the boys along the line send me the changes, births, deaths, etc.

The splendid schedule obtained by our committee went into effect December 1, 1913, and we all appreciate the better working conditions, shorter hours, overtime, seniority, etc., for which our faithful, efficient and loyal committee have our heartiest thanks.

We should live up to the contract in every respect and show the management that we appreciate it by putting forth every effort at our command, to increase our usefulness to our employers, and do everything within our power to protect their interest as well as our own.

The increase gained will mean about $2,400 added to the company's roll each month, making the minimum salary $60 instead of $57.50. This increase will be placed to the best possible advantage after bringing salaries up to the minimum by applying the balance to a few minor positions.
Owing to financial conditions we were very fortunate in securing anything. As soon as conditions improve we can ask for another increase, which will be applied to positions not reached this time, and eventually all will be benefited.

Those holding positions benefited by the raise this time have been bulletinized to contribute their first month's increase to reimburse Division 34 for the amount expended while our committee was at work on the schedule, and we trust all will respond at once. All will receive a copy of the new schedule as soon as it is printed. The revised article on seniority is great, also several new ones that were added. Let us have our general chairman, in the near future, call a meeting some place between Danville and Chicago; everyone attend who possibly can and discuss the many questions of great benefit to us.

If there is a non at your station, make it your business to get his application. Don't let up until you have it with the amount necessary to get him a card. Show him that it is to his own advantage and for his protection as well as yours, to always be up-to-date. Treat him kindly as long as it is possible to do so; try "No card, no favors," and we will then get results.

It will soon be Bro. C. P. Thompson, third "HJ" tower; Bro. Mottern, at Wichert, and Ex-Bro. Miller, at Coaler. We will also call the girls, at Sollett, Sister before long.

Marceau is solid, even to the agent.

Bro. Olhmkke, while visiting the old folks in southern Illinois, was relieved by Telegrapher McClesky.

Bro. C. R. Montgomery, second Watska, off several days, owing to illness in his family, was relieved by C. T. U. Bro. Hubbard.

Bro. Butler, Woodland Jct., off a few days, was relieved by J. S. Selsor.

Bro. W. S. McCoy, third Glover, was off several days with a sprained back.

Mr. McClesky is relieving Mr. Fogarty at Glover.

It is now Sister Todd, on second, and Bro. "Billy" Hendricks, on third Bongard; another solid office.

Bro. C. E. Hubble went to Goodwine recently, during the detouring of main line trains via Cisnma Park branch, on account of the Milford wreck.

Bro. C. D. Smith, first Gerald, off on account of sickness, was relieved by Sister G. R. Smith, of second.

It is now Bro. Snow, ticket agent Chicago Heights.

Bro. Payne and Mr. Hubbard doubled at Watska during the illness of Bro. Prough's baby.

Many thanks to Bro. Smith, at Gerald, for the items he sent in. The rest of you take the hint.

Local Chairman Lottinville, on a trip to the city recently, called on your scribe.

A more genial and efficient set of officials, dispatchers, etc., could not be produced anywhere than we have here. Let us give them the best of service by answering our calls, always being on the job while on duty and looking after the company's interest as you would your own.

Notice of dues were mailed to all, and dues should have been paid on or before February 28th in order to place you in good standing until June 30th. Delay causes extra work for our force in headquarters. Be prompt always with your dues, as it only costs the same amount whether you pay them sooner or later and prevents your insurance from lapsing, an important matter. Those who have not yet paid, do so at once.

Fraternally,

"BO," Cert. 572.

**Illinois Division**

Bro. J. H. Harkey, agent Westervelt, off a few days recently, was relieved by C. F. Leigh, who also relieved Bro. F. M. Johnston, second Johnston City, one day. Mr. Leigh will soon be wearing a wreath and sounder.

Bro. L. Finn, third "WF" yard, has returned from a vacation in California; relieved by Bro. R. C. Diffenbaugh.

Moccasin second and third are now bulletinized as "temporary." Owing to this station being closed recently, Bro. Sneed bumped Bro. Goodman, third Hall.

Mr. Petter, second "B" tower, on a visit to Cypress recently, was relieved by J. F. Dunn.

Bro. F. D. Stephenson, second Benton, who bid in second Salem yard, making that point solid again, was relieved at Benton by Bro. J. T. Carroll; Bro. F. H. Huser on second Salem yard while on bulletin, vice G. W. Green, who bid in third Kell.

Bro. Turner relieved J. O. Bryant, third "Q," Villa Grove, resigned, until bid in by Bro. J. A. Winkler, extra, since "VE" tower was made a one-man night job. Since then a block signal has been put up at "Q," making a little more work for the brothers there.

Bro. Clark, at Findlay Jct., off a few days on account of sickness, was relieved by Bro. Goodman.

Bro. W. E. Hicks, local chairman, attended a business meeting of Division 34 at Danville, February 14th.

Bro. G. H. Huser relieved F. E. George, first "TY" tower, several days recently.

Brothers, did you put the last TELEGRAFER where the nons could read the write-up from our division or mail it to them? If not, it isn't too late yet.

---

**Pere Marquette R. R., Div. No. 39**

Some brother on each division make it his duty to forward to his local chairman or myself notes for his division each month. This will keep us posted as to what is going on and help us with the write-ups. W. R. Adeir, G. S.-T.

**Chicago and Muskegon Districts**

The practice of placing the telephones in booths outside of the stations and also installing them at all passing tracks is an ominous one, and the matter of trainmen using this means to get their trains over the road and handling train
orders after having been on duty 13 hours, and longer, is a subject for some legal action with reference to violating the nine-hour law.

Bro. N. E. Tillison secured Grand Junction booking his winter supply of meat through the ice, is being relieved by Bro. A. H. Thatcher.

Bro. Ward, of Bridgman, bid in first Michigan City, relieved on bid by Bro. G. E. Morris, of Hudsonville agency, which with Hartford agency and operator and clerk at Hart are now on bulletin.

Bro. Peterson taken off at Laporte, the agent doing the business alone. Bro. Peterson relieving Bro. Jackson, agent McDonald, who is ill.

Bro. S. E. Marshall is relieving Bro. A. J. Sadler at Stevensville, owing to illness in his family.

Bro. N. E. Tillison, Zeeland, and Bro. Plummer, Grand Junction, have traded agencies.

J. J. Waite, agent Porter, resigned, relieved by Bro. C. A. Thomas.

There have been many changes on the north end, as well as on the Muskegon District, and several operators have been pulled off on account of reduction in forces and closing of offices. The Detroit Division has been likewise affected.

If some of our brothers who have time to write for the M. P. Magazine, would give a few minutes of their valuable time in writing something for our journal, which should be first in their minds at all times, the north end and Saginaw and Detroit Divisions could be well represented. Many who are not with us today would be glad to hear what is going on along the old P. M., and if all divisions were represented it should make a nice write-up each month. Brothers, please let us have a few notes from these divisions every month before the 20th.

The January issue birth list reports a son to Bro. and Mrs. H. W. Smith. The boys along the line, thinking it was our "Harry," were all very liberal in their gifts for the baby, and he is now looking for the other party who carries his name, in order that he can send the gifts to the proper party. He's sorry he is not the right H. W.

Bro. Jacob made a short trip over to Holland and up to Hart, visiting all the boys, as the train made the station stops in both directions, and report all wearing their buttons, and a fine lot.

Bro. Shanner, for many years agent at Berry, died of apoplexy, February 5th, in Hackley Hospital. Flowers were ordered sent by Bro. Jacob, and Bro. Terrel, of Muskegon ticket office, were sent with them.

Mr. Kingen relieved Bro. Shanner when he was taken to the hospital.

CARD OF THANKS.

The family of our deceased brother, E. S. Shanner, wish to thank the members of P. M. Division for their remembrance in their hour of sorrow and for the wreath sent to the funeral.

A. A. J.

Petoskey Division—

We have but six nons on this division, and all have promised. Brothers, see that they keep their promises.

Bro. Cross, Northern passenger agent, is back on first Petoskey. Third there discontinued for the winter, vice M. R. Drescher, on extra list.

Bro. Burch, Bay Shore, after the death of his father, visited relatives in Buffalo, N. Y. He has our sympathy.

Agent and Mrs. Gonser are spending the winter in Florida, making the trip by automobile, relieved by G. B. Marsac.

Bro. Clark, Ellsworth, is on vacation, relieved by Mr. Dell, Boardman yard.

Bro. W. E. Hastings, Central Lake, resigned and is doing nicely with his greenhouse at South Lyon, relieved by Bro. R. L. Hoyt.

Bro. Benton, Bellaire, has had his warehouseman taken off.

Bro. D. Vanderhill, who resigned Rapid City agency, relieved by Bro. Gugloman, to go into the grocery business, has given that up. We will be glad to welcome him back.

Barker Creek and Wallin stations closed, and those boys are visiting relatives on the farm.

Bro. Rosenbrook is back at Elk Rapids, after a vacation.

We are very glad to learn that Bro. John Vanderhill, agent Kalkaska, is able to be at work again, after a long illness.

Bro. Henderson, Boardman, was away on a short vacation. Bro. Smith took several weeks' treatment at Grand Rapids and recuperating at Alden with Bro. Keller.

Bro. Robinson was relieved by Bro. Corbett, of Elk Rapids, at Interlochen agency, while engaged in business awhile in southern Michigan. Third temporarily discontinued, and Bros. Rhodes and Milne are dividing second trick between them, as both have their homes there.

Thompsonville brothers have had additional burdens put upon them by the closing of Wallin station.

An operator each at White Cloud and Kaleva have been laid off, and Bros. Hopper and Todd are required to cover a trick in addition to their duties as agents. Bro. Becker, White Cloud, went to Grant, but Bro. Birum, Kaleva, has not landed anything yet.

We are glad to hear that Bro. Harrison now has a solid line-up at Bitely, and that business at that point has greatly increased.

Brothers, you will do me a favor by giving me any item of news, also changes at your stations, and if any new men on the line are nons, so we can get them lined up.

R. M. B.
Chesapeake & Ohio Ry., Div. No. 40.

Hinton Division—

We had a very good meeting at Hinton on Thursday evening, January 15th, but the Alleghany District was not very well represented. General Chairman Hicks was sick and unable to meet with us. Both of our local chairmen were present, and several very interesting subjects were discussed. We hope to hear of Bro. Hicks’ speedy recovery. He has attended our meetings faithfully the past year. His presence and talks always liven up the boys, and his enforced absence was very much regretted.

Boys, try to attend the meetings. Your assistance and presence are especially needed now to help us prepare for better conditions in the near future. Pay up your dues promptly, urge the brothers you meet to do likewise, and keep after the nons, and with the assistance of each brother and sister our competent chairman will soon be able to make our division 100 per cent solid, which means better working conditions.

Relief Dispatcher Gwinn relieved on Quinnimont third by Bro. E. R. Shanklin while at Raleigh a few days. “MQ,” Cert. 373.

Erie R. R., Div. No. 42.

Cincinnati Division—

The new automatic signals between Galion and Marion went into effect January 19th, and “BX” tower, “CN” Caledonia and “W” Slicks were closed. The operators at “A” tower, Galion, “RM” Martel, and “Q” tower Marion are handling the work by the electric dispatchers’ blocks and short line telephones, so trains can report in the clear, etc.

February 3d the dispatching districts were changed: Kent to Marion on phone No. 612, and Marion to Dayton on the wire as before; the dispatchers on the Fourth Division doing the message work, including the car report. The additional work on the 612 telephone from Galion to Marion keeps Dispatchers Dressler, Welch and Ballenger hopping. All message work possible should be handled on the 612 circuit. Sherrock is on days and Nelson nights.

Murphy, formerly in the dispatcher’s office at Galion, is now assistant to Car Distributor Scudder.

Vacancies have not been advertised for several months, due to bumping. Let’s see that our local chairman has this remedied now.

J. P. Overshiner relieved C. E. Bombarger a month on second Marion Jct. tower while recovering from injuries by his motor car running off the track.

Boys, answer calls promptly and help out Wire Chief Smith all you can during the bad weather.

January 5th trains Nos. 10 and 11 were discontinued Cincinnati to Youngstown, and Marion to Cincinnati and Green Camp. Broadway and Kennard nights taken off.

Fox, first “Q” tower Marion, while off owing to illness in his family, was relieved by W. H. Bender, of second, and he by I. F. Petty, from Green Camp, who later relieved J. C. Simonton on third for a little trip up the line.

Roster issued January 1st had no dates showing when services began, and several names were in the wrong places. Look up your seniority, and if not correct, take it up with the chief dispatcher. One man eight years below his proper position had it adjusted to his satisfaction.

Several jobs are being worked longer hours than specified in our schedule. We should take this up with our chairman at once. Also get after the nons and keep after them until we land them. Send in all the news you can from your part of the line, and let us have a good, newy write-up in The Telegrapher each time.

CERT. 20.

CARD OF THANKS.

I want to thank the members of the O. R. T. for the beautiful flowers they sent when my heart was breaking. They were indeed beautiful. Also the Freight Agents’ Association of Cincinnati for their beautiful offering. I thank you all.

Mrs. I. F. Lary and Sons.

R. G. Lewis, first “YO,” recently purchased a typewriter. All you can hear from that office is: “Cut her loose.”

Green, third at “DY,” off on account of sickness, relieved by Copier Smith, and he by Lewis. “YO,” relieved by Carris, closing “VV.”

Sherman Hart, elected assessor for Warren City, Mrs. Jenkins (nee Dean), now with the Northern Pacific, is in Warren visiting her parents and calling on the boys.

Jackson, second “UR,” was a recent Lowellville visitor, relieved by Laughlin.
Dr. S. S. McDermott is in Cleveland attending the doctors' clinic, relieved by Mohon on second "YQ," closing up "VO."

Marshall is getting to be a regular Warrenite of late. Must be some attraction.

Bacon, second "SB," bid in agency-operator at "SP."

Ours is an age whose big problems are not the getting but the fairer distribution of wealth and the equalizing of opportunities. Man by instinct is selfish. Be a life wire, and don't get stepped on; it is the dead ones that are used for floor-mats.

Marvin, first "GS," on ninety days' leave, is going to try "back to the soil." We wish him success.

Main Line—

Bro. E. J. Bucher bid in first "NJ." Second there and third "BJ" up for bids.

The regular meeting at Jersey City, February 16th, was very poorly attended owing to sickness of some of the brothers, including Bro. Coleman, and bad weather. A few of the old dependables were on hand as usual.

The passenger station at Mahwah was totally destroyed by fire on the night of February 15th, cause unknown, and Bro. Fansewic now has a day coach for an office.

Bro. Whirtner is slowly recovering from a sore leg.

Our new division operator has promised us an up-to-date roster, which we have been needing for some time. We miss Bro. Green at the meetings, and hope he can soon arrange to be a regular attendant.

Bro. Horton has been having a strenuous time with the snow and sleet lately.

G. H. Palmer,

Western Division, First District—

Quite a few changes on this district on account of staff reduction, but no agencies closed. Mikado agency, closed for several weeks, reopened, and stations closed on other districts have all been re-opened.

Bro. Parkinson secured Wadena agency, and we will have to have a new relief agent in the spring.

The prospects for heavy business this spring are very promising. We look for our through connections from east to west also to open up this year, which will increase the strength of our division and put it among the foremost in the Order.

Cert. 52.

Western Division, Second District—

Bro. Cavanaugh lost out at Saskatoon, "SJ," through reduction of staff, and relieved Bro. H. E. Thompson, at Big River, for a few days, then went to Rosethorn until relieved by Bro. Wilson, on bid, relieved at Hanna by Bro. Grosch, of Rosetown days.

The new Battleford Prince Albert Line has been opened. Bro. L. S. Bussey going to the new station at Hafford, and now it's a familiar call that sounds like half "HF," Hafford station was secured by a brother from Third District.

Though we liked to hear the ring of the noise "SU" made in Saskatoon, still we are glad to welcome back our old standby "D."

We, on the north end, regret losing the genial "Ben," but all wish him success in his new station.

The wires have been cut into North Battleford, and when the big rush comes and Bro. Hindley breaks a wire on the south end there is another loop to be used for tests.

The boys on the north end were glad to see our old Bro. "G. A. R." formerly at "DC," now at home in Edmonton, taking in the sights in Prince Albert, with his newly-made partner recently.

Bro. Milloy secures Cereal, and Bro. Berube, Davidson days.

Cert. 111.

Bro. Mike Farrell, assigned Vegreville days, and Bro. Elliott nights, and Bro. S. J. Harrington to third North Battleford.

Regret the recent error in regard to Bro. Bruce. He is up-to-date and is now caretaker at Rumsey station, several of the younger ones being laid off.

It is now Bro. A. T. Henry, caretaker at Delmas, on account of reduction. Bro. Christmas went on the extra list when that station closed.

Calgary station is now open with A. C. Thomas, from the east end, as agent, and Bro. Potts as operator.

**Winnipeg Division—**

The meeting in the Empire Hotel, Winnipeg, Sunday, January 25th, was called to order by Chairman Bro. J. R. Williams, agent Belmont, Bro. H. E. Davidson acting as secretary. Some fifty-one members being present, including General Chairman “Frank” L. Munsey, who is always a welcome visitor, as he always has something interesting for the members. Matters pertaining to the work on this division were thoroughly gone into, and a general understanding to all was given.

Bro. Munsey, during his speech, showed that the Canadian Northern was well to the front with all roads in Canada and United States, both as regards wages and conditions. During the course of the meeting we were all pleased to hear that some of the old agents had returned to the O. R. T.

Bro. A. L. Bougher, Division 7, Neepawa Jct., relieving “Romeo” Desmarais, spending a month at his St. Anne, is dreaming of the $11,000, Kerchenko money, which faded away, obliging him to return to Russell nights at $73 per.

Boys, send your notes to Bro. T. J. Murphy, first “FG,” by the 20th of each month, so they will appear in the current issue. Bro. Depew has turned this over to me, on account of being so far away from headquarters.

Dispatcher’s office Winnipeg lined up with Bros. Fink and Crooker on first; Bros. Skelding and Ladd on second; Bros. Clarke and Dench on third; regular relief, Bro. E. P. Seivers. Can you beat this for a dispatching office? Dispatcher’s office, “Ry,” River, closed, extra territory now handled by this office. M. B., Cert. 962.

Halifax & South Western Ry., Div. 43.

Our revised schedule, which went in to the management September 1st, was, after about three months of negotiations, turned down by the management, and the matter referred back to the organization. Our officers have not had the time since then to proceed with the formation of a board of adjustment, but it will be taken up now before long.

When our management is approached for express commission and other conditions, we are always met with the contention that as the road does not pay big surpluses or dividends, we should be satisfied to wait for these conditions to occur before asking for more money.

The cost of everything has steadily increased until it’s quite a problem how to make ends meet without some increases in present salaries. If the brothers will exert all the influence of themselves and their friends in our behalf, our fight might not be so hard. The old saying that “the pen is mightier than the sword” could well give place to “the ballot being the supreme king.”

Bro. Barter has resigned to sell sewing machines, and Bro. Merry bid in “HO.”

Bro. Smith, of “KR,” on a few weeks’ holidays, was relieved by Bro. Patterson, relieved by Sister Wyatt at “SK.”

Brothers, don’t forget we must have a write-up every month, so send in your items. Cert. 958.

Central of Georgia Ry., Div. No. 46.

Columbus Division—

Bro. Darling, of Roanoke, off thirty days doing agency work, relieved by Mr. Bolt.
Bro. Belk, of Union Springs, was promoted to Columbus city ticket agency. We all wish him success.
Bro. Jeanette, of Margaret Jct., while attending his uncle’s funeral, was relieved by Bro. Featherston.
Bro. Sides, who relieved Second Trick Dispatcher Casey while on the sick list, also relieved Mr. Ellison while off.

Understand Mrs. Kidd, of Childersburg, is to be made cashier at Sylacauga.

Boys, when you hear of anything happening along the line, advise the local chairman, so we can have a write-up every month. All the boys from the Columbus Division working elsewhere will enjoy reading the notes in our journal as well as those on other roads.

A kick is being made on the assignment of Mr. Perry to Union Springs ticket agency. He is the youngest man on the division, and at least two older men bid for it. We should see that we get what is coming to us under our contract and have this matter thoroughly investigated.

Cert. 717.

Chattanooga Division—

We are glad to have Bro. Jeb Martin back at Chickamauga, after several years’ absence in south Georgia. The two new men at Senoia and Bowdon Jct. are both true blue.
Bro. S. O. Addison still continues very low at Carrollton, and it is feared he has little chance for recovery. His family has our sympathy. Bro. King relieved Bro. Allison.

We have lost several good men on account of “boozing.” This should be a warning to “let it alone.” The Order can do nothing whatever for a man let out on this account.

I am in receipt of a card from Mrs. C. N. Allen stating that she has received $1,000 for Bro. Allen’s O. R. T. insurance. This convinces me more than ever of the importance of our keeping our dues paid up at all times and thus protect our loved ones, should we be taken.

Am very glad to note a substantial improvement in the showing of agents rendering correct ac-
counts. This is a very important matter and deserves our best efforts each month.

Any who have not yet paid dues for the current term are urged to remit same to Bro. Travis, Route 68, Atlanta, or to your local chairman, who will be glad to remit them for you. And don't forget your mutual benefit dues.

CERT. 69.

**Denver & Rio Grande R. R., Div. No. 49.**

**First Division—**

There has been a great deal of moving during the past month on account of reductions in force and closing offices, but everyone is about settled now, and it looks like the board has been cut to the limit. "XN" Denver yard office closed, Jenkins going to "DN" Union Depot first, E. F. Debrall back on second at "DN," and Wagoner to Littleton third.

A. H. Dahlberg and F. C. Hogue are on second and third Palmer Lake.

Arnold to Fourth Division as agent LaVeta; W. R. Phillips and "Andy" Anderson are with the C. & S. temporarily; Vallie closed. Swallows and Parkdale also reduced to "day only" offices; Reed from Swallows to Carlisle nights, and Sam Rohr from Parkdale to Sample nights. Lots of extra men on hand now in all departments.

Former General Chairman Frank Aiken was a recent Pueblo visitor.

Our popular chief dispatcher, R. L. Brown, is laid up with the mumps, relieved by Night Chief Ed Elchar.

CERT. 41.

**Second Division, First District—**

It is now Bro. Sheehan, agent Tennessee Pass; Bro. Foley, second Tennessee Pass, and Bro. Collins, third Granite. We are all glad to see the gentlemen come in. Mr. Barrow, third Tennessee Pass, promises to be with us in the near future which will make that point solid.

Bro. Wilson, third Malta, was called to Illinois on account of the illness of his father. We hope it will be nothing serious. He was relieved by Ex-Dispatcher Gaddie, who also relieved Bro. Hawkins, second Buena Vista, a few days, and Bro. Alton, third Salida, several days, owing to the illness of his father.

There are still a few nons on this division, and some of the brothers are working in the same offices with them. Brothers, we need a new schedule. Our old one is away below par with almost any of the eastern roads, but we can't expect our committee to do much unless it has the solid backing of all the divisions. Get after those nons and see if we can't make our division 100 per cent by the end of this month.

Plenty of snow falling over the division, and the flanger is making daily trips between Minturn and Malta.

Bros. Blackwood and Erickson, agent and second Granite, captured (?) a herd of wild donkeys. Ice train again put on at Pando, after several weeks' idleness on account of the ice not up to the standard (24 inches). This will help business along some.

CERT. 599.

**Second Division, Second District—**

There have not been very many changes in the last few months.

A heavy snowslide recently near Red Cliff required all the section men to clear the line, a caboose being knocked down an embankment injuring the rear brakeman. Trains were delayed for some time.

We have just received a copy of the new seniority list, which shows quite a few new men and a bunch of the older heads missing.

The time for new cards is up. Boys, all remit and try to get a new member.

Now that the parcel-post package weights are fifty pounds, some of the boys will have to get a horse and wagon to handle the mail from the depot to the post office. Bro. Swarengen, third Eagle, is handling everything on his little stage line from a spring chicken to Sears & Roebuck's largest threshing machine.

We still have a few nons scattered over the division, and as we want to revise our schedule in the near future, it is the duty of every member to get after these boys and get them to see the benefit it will be to them, as well as the rest of us to come in at once.

CERT. 567.

**Fourth Division—**

As there has been no write-up in The Telegrapher for several issues, I will appreciate it if each member will send me an item or two by the 15th of every month.

J. W. Rafter, Del Norte, is on a month’s vacation to New Orleans, Tampa, etc., everywhere but Mexico.

David Phelps, Blanca, was married in December, and depot robbed in January.

Bro. Tucker, joint agent Monte Vista, is now furnishing free freight transfer for the new San Luis Central Road.

Silverton Branch was snowed up from February 1st to the 15th. Bro. Pirtle will have to dig in harder than ever, now that the embargo is lifted. We have also had considerable trouble with snow on Cumbres, but it has not been as deep as usual at this time of the year.

We have a fine set of boys in “RM.” Help them out brothers; by so doing you help yourselves; also keep after the nons working with or on either side of you. They reap the harvest as well as we and ought to help to pay for the seed and to till the soil. Don’t expect the local chairman to do it all. He is right there and will lend a helping hand.

Thanks to Bros. Norton, Ogle, Wright, Watson and Richards, for the most of the notes we have this month.

Remember our motto, “No card, no favors,” and remind the nons of their promise this pay day.

**Green River Division—**

Green River—Operator Lowery, from Kyune, on third; Mr. Jones on a trip to Nevada.

Westwater—Bro. Severson returned from Mack third, vice Mr. Blythe, gone back East.

Cisco—Bro. Wesner bid in second trick, and it is now Bro. Church on third, making Cisco solid. Bro. Moore, helper, second, is another new member.

Sunnyside—Mr. Grubbs has promised to come in next pay day.

Fruit—Mr. Imhoofe, working as clerk, is now in Salida Hospital with a poisoned arm.

Bro. Hopkins advises that as soon as Fifth Vice-President Manion is through with the O. R. N., he will be with us to look over the revision of our schedule. Do the right thing, brothers, and stick with the committee.

Boomers are not so numerous as of late, and no extra men in sight now.

Lord and Lady Decies Gould passed over our lines for the coast on a special train recently.

“LUD.”

The first meeting of the Order of Railroad Telegraphers on the Oregon-Washington Railroad & Navigation Co. lines was held at Pendleton, in the Pendleton Commercial Club Rooms, on January 18th, 1914, under the auspices of the O. W. R. & N. General Committee, which is composed of three veteran telegraphers in the service: Bro. J. H. Young, general chairman, of Hermiston; Bro. C. C. Thompson, Gibbon, Ore., of the Second Division Oregon Lines, and Bro. A. O. Miller, Tekoa, Wash., of the Fourth Division Washington Lines.

We were more than pleased with the outcome of the meeting, and despite the fact that train service was unusually inadequate on this date, thirty-five enthusiastic members turned out for both meetings. The success of our first meeting was largely due to the interesting talk made by our popular and efficient Vice-President, Bro. E. J. Manion, who devoted an hour on the subject of fraternalism and co-operation in the telegraph service. We are proud to have Bro. Manion in our midst at this crucial moment of the career of our organization on the lines of the O. W. R. & N., when our future welfare and prosperity depends upon the best effort we put forth and the quick thinking we must display at the right time, and we feel that without him we would be as sheep without a shepherd.

We have been negotiating with the O. W. R. R. & N. Co. officials for a month and a half, and
have now reached a point where we feel that a settlement is near and the hardest portion of our journey to a solid organization level on this line has been almost completed. We feel that a turning point in conditions will soon be brought about from the results of our labors here, and we are looking forward to better working conditions on the line and a higher standard of efficiency which always follows co-operative organization.

The meeting was called to order at 2:50 p. m. by General Chairman Young, who read our proposed schedule and the company's counter-proposition, and quite a discussion followed. All members present were heard from and all of them expressed hearty approval of the schedule as submitted.

The working of split tricks was an important topic under discussion, and Bro. Manion explained to the brothers, who were in doubt about whether or not our proposed schedule covered this point, how our "Hours of Service" rule covered the working of split tricks.

Bro. Hunter, of Echo, talked for some time on the effect of parcel post competition on express commissions, and another discussion quite as important as the split trick question followed.

Bro. Compton, our pleasant and active organizer, talked at some length on conditions as he had found them, and also his past experiences on other lines, which proved of much interest to all.

We were well pleased at the interest displayed by some of the members. Bro. J. G. Hoffner, of Pilot Rock, pumped fourteen miles on a speeder to attend the meeting. The evening meeting was announced and the meeting adjourned at 4:50 p. m.

At the evening meeting Bro. Manion again spoke along the lines of co-operation and also the progress we have made up to the present time, and also talked of the merits of the S. P. schedule which everybody knows is one of the best in the U. S. A., and in the securing of which he was largely responsible.

Bro. Young again read our submission for the benefit of some of the members who were not able to attend the afternoon meeting, and another discussion somewhat similar to that of the afternoon meeting followed.

Bro. Starcher, of Umatilla, talked for some little time along the lines of co-operation and expressed himself, as well as did the rest of the boys, as being behind the general committee to the last ditch.

A vote of thanks was extended to the Commercial Club for the use of the hall, and an announcement of our Portland joint S. P.-O. W. R. N. meeting to be held at the Multnomah Hotel on Sunday, January 25th was made.

We want to have more of these meetings and expect to have them, and sincerely hope that the boys will not lose interest in this work. You will hear more of the progress of our work in the next TELEGRAPHER.

CERT. 2149, Correspondent.
The Railroad Telegrapher.

roads come into Portland, and at least a hundred members could enjoy the benefits of this club, a motion was made and unanimously carried that after the O. W. R. & N. matter was cleared up, a club known as the "Fort Club" be organized. This club would serve to bring members closer together and give them a chance to express their views amongst themselves, and as this is unfortunately the one great drawback in our organization and something that probably has retarded our progress, to a certain extent more than anything else, we think that the organizing of this club would be a great asset to us.

Meeting was adjourned at 10:45 p. m.

Bro. L. Shinabarger has to do the telegraphing on the morning trick at Hillsboro, his operator being taken away, and the job abolished.

Bro. Whitefield, extra third Leland, is relieving Bro. S. J. Hill at "JR," who is on the sick list.

Bro. S. L. Smith, Leland, has taken his assigned position. Agent Whiteson relieved by Bro. C. Domashofsky from Jeff street.

Bro. F. G. Morris, bumped by Bro. E. A. Miller, third Jct. City, has gone to his assigned third Leland.

Bro. Newell, second Glendale, off a few days, was relieved by Bro. Waldron.

Bro. Olson has had two new men to break in, in as many days.

Oregon City is now solid, with Bros. Livenhood, agent; Ed. Maddox, second, and Divens on third. Too bad there are not more stations like this one.

Bro. Tibbles, Cottage Grove, was recently married. Congratulations.

Bro. Ed. Maddox, Oregon City, is baching while his better half is on a visit.

Bro. F. E. Divens has gone to Pendleton to prove up on his grazing land.

Mr. Mulligan, clerk Oregon City, the only single man in that office, will soon take out a card. Welcome to our ranks.

The new seniority lists were delayed a little in printing.

I hope the boys who have neglected to pay the special assessment of $2.00 to meet the expenses of getting our new schedule, will remit at once, also any who have failed to pay their dues for the term ending June 30th, as after February 28th you will be dropped and will have to make out new papers, to get back in.

This month I sent out eleven requests for news from the branches, but received no replies. I can take care of the main line where I have the wires, but not the branches.

I wish to thank Bros. Knox, Gaines, F. C. Morris, Divens, M. L. Shinabarger and Whitfield, who contributed news this month, and hope they will keep up the good work, so Portland Division will always be seen with a good write-up.

G. M. Leslie, Div. Cor.

Coast Division—

Considerable construction work was necessary to repair the damage from the recent floods. Salinas River cut in on the track at Harlem, necessitating putting in a new 400-foot bridge. The bridge at San Miguel on the Nacimiento River went out; also the one crossing Neponsatt Creek near Del Monte Junction, and both had to be practically rebuilt. The Neposat bridge on the Monterey branch cutting off train service to Pacific Grove and Monterey, brought all of that business to Salinas via auto and kept us bustling with our night ticket clerk being taken off.

If you boys will let me know when there's a change it it will make this job a whole lot easier. Bro. Smith, at Gilroy, is the only one outside of Bro. Werner who gave me any notes. It only takes a second to call me on the wire after 2 p.m. and say some one moved or came back today; you will not have to waste any time calling. It doesn't make any difference if three or four of you tell me about the same change. I want to see a write-up from this division every month, but I must have help to get one in.

San Ardo opened again as twenty-four-hour office after the rains started. Bro. Feldt on third.

Bro. Morebeck, second San Ardo, who relieved Bro. Danneberg, agent Surf, on vacation, also relieved Agent Bradley, and later relieved Bro. Westington at Aromas, assigned Gilroy agency.

Bro. Merrill on second Santa Cruz, Bro. Siason doing relief work.

Bro. Tophamback, from his vacation, relieved Bro. Shackelford, Del Monte Junction, who relieved Bro. Derr, Santa Margarita, a few days.

Bro. Crofut, third Del Monte Junction, back from vacation, relieving Bro. Moore, who went to "MS," San Francisco, later to Watsonville Junction fourth.

Bro. Day bumped at Watsonville Junction by Bro. Kenyon; Bro. Heistand back to second, Bro. Day to Soledad, twenty-four-hour office during the washouts, later to temporary office Nacimiento River bridge while rebuilding.

Bro. Shackelford, relieved at Santa Margarita by Bro. Derr, went to Sudden temporary office during storms, later to San Luis Obispo fourth.

Bro. Kramer, agent Tres Pinas, off a few days, was relieved by Bro. Kenyon, first Watsonville Junction, and he by Bro. Paul Werner.

Bro. Young, agent Gonzales, laid off a few days, after being relieved at Gilroy by Bro. Westington.

Bro. Doyle, returning a visit with his folks at Kansas City, was marooned by washouts several days at Salinas, but it didn't seem to bother him. There's a reason. "HS," CEAT. 1558.

**Western Division**

Bro. J. R. Nicholson, third Suisun, called home to Wisconsin on account of the illness of his father, was relieved by Bro. McCormack, second Suisun, and he by Bro. Burns, extra.

Mikon closed as telegraph office and Webster cut to one man days; Bro. Backshel's was there for thirty days, when he was relieved by Bro. Alexander, thrown on extra list again and went back to Crockett to await an opening.

Bro. Walker on second Davis until assigned; Mr. Rash still on third, did not fulfill his promise to join January 1st.

It is now Bros. Braun and Harper at Newark, Johnson at Elma, and Loesser and Burns extra. Sister Robinson, at Elmhurst, sent hers in some time ago.

The position of general superintendent of the Central District, held by Mr. Davis, who has gone to the C., H. & D., was abolished and the two other general superintendents, Messrs. Platt and Campbell, were made assistant general managers and their territory increased to include the Central District. Mr. Platt gets the San Joaquin and Coast and Mr. Campbell the balance. Mr. Campbell was over this part of the district on inspection the first of the month.

The dispatchers are making trips over the road, relieved by Dispatcher Michelson, from the Coast Division.

More heavy rains caused washouts on the Clear Lake branch, but train service resumed in a short time.

Bro. Eby has purchased a fine home at Calistoga and "CO" agency; will probably not soon appear on bulletin.

Bro. Bryan, at Hayward, was the only contributor this month.

If we would see this the best division on the Pacific System we must keep everlastingly after the nons. Try what a few letters will do on some of the nons you know. After your second or third letter, if you feel you have made no progress put some other brother wise. There are a number whom we could all write one letter to, and that is all that it would be necessary to write. Let us start with R. L. Chandler, Niles second; A. J. Pearson, San Leandro; G. S. Coley, agent Napa Jct., and C. C. Christian, agent Pittsburg, and see if we cannot have their applications and money inside of a month; also write A. Leitchamer, Richmond nights. A splendid article to mail to the nons with your letter appears in the Railroad Man's Magazine for February, 1914, page 476. Referring to the importance of the railroads and the railroad man, it states that at least one man in every fifty is a railroad man in our 100,000,000 population, and that the great controlling influence that makes the might of the railroad man a restless force for betterment is the railroad brotherhood. Every man realizes that conditions are not what they should be and they are striving to make them better, every step tempered by a quiet tolerance that does much to help them gain their end. Prosperous and healthy, they are facing problems with thought, not threat. And for this very admirable reason the railroad brotherhoods accomplish much for the railroad man's welfare. This is only quoted in part, but it is a mighty good argument that should do much to convince any hesitating non receiving a number of letters from men who are members of this great brotherhood, showing that they are interested in his becoming a member of it.

The line from Oakland to Tracy via Niles is solid with the following exceptions: Agent and operator at San Leandro, agent Hayward, second trick man at Niles, agent at Lorenzo, first and third tricks at Livermore. Brandt, at Altamont, has an up-to-date C. T. U. A. card. The agent at Newark is the only non from Niles to San Jose. From Oakland to Tracy via Port Costa the agent and operator at Richmond, agent at Martinez and agents at Pittsburg and Bethany are the only ones without cards. Benicia to Sacramento, Davis third. I have the agent's application at Suisun. On the Napa and Santa Rosa branches agents at Napa, Napa Junction and Santa Rosa. On the Clear Lake branch agent at Vacaville, Esparto and Guinda. You all have their names, so get your mill out and get busy. Mail me copies of the letters you write and I will report progress we are making from time to time trying to make this division the nearest solid of any.

I am still looking for some one to act as correspondent for the division.

Don't forget the nons.

L. C.
Continue to give good service, brothers; try and increase the revenue in every way possible, and cut down expenses; do not be wasteful with stationery and other supplies and we will soon convince the officials that it pays to employ Order men.

Bro. J. E. Cowgill, general chairman, has requested Bro. M. Purcell, agent Rutherford, Cal., to audit G. S. & T. Bro. D. W. Koppius' accounts according to our constitution.

On Sunday, February 15th, at 2 p. m. a meeting was held at Colton, Bro. Paul Walter in the chair, and Bro. Hammond as secretary. It was a decided success and important topics were discussed. There were some brothers from west of Los Angeles, which makes it look bad for those in the immediate vicinity of the meeting who did not attend. It is my intention to call meetings at different places all over the division about a month apart. Would like to hear from the membership regarding this.

On January 20th San Fernando Tunnel cave-in, making it necessary to detour all valley trains via Montalvo. An extra set of dispatchers was put on Coast end, one set working from Los Angeles to Santa Barbara, other from Burbank to Saugus and Montalvo. On account of heavy traffic on Coast end several offices were opened nights. All extra men are busy, and several were borrowed from the San Joaquin Division. Offices opened three tricks: Montalvo, Bro. W. W. Moore, first; Bro. C. R. Weitz, second; Bro. H. F. Mead, third; Santa Paula, J. B. Tomer, first; Bro. Jerome O'Neil and J. W. Brace, second and third (both from San Joaquin Division). Piru, Bro. M. H. Goodlander, first; L. M. Holman and Bro. Davis extras. Tunnel station, Bros. E. C. Nichols and C. D. Corzine and G T. Brown.

Washouts between Los Angeles and Santa Barbara tied up traffic two days and nights, January 27th and 28th.

Bro. J. M. Hodge gave up his assignment at Brawley for the extra list, relieved by H. R. Wyberg, a new man.

Bro. H. L. Earl relieved on second Beaumont by Bro. J. R. Blake on bid, to "NG" office extra, then to Redlands Junction second, on assignment,
relieving L. M. Holman, to Palm Springs second, relieving Bro. H. H. Brannan, on leave.

Remember the seniority lists will be printed in January only each year in future, but the local chairman will be furnished a revised copy during July by superintendent's office. Those wishing their lists corrected will please forward them to me the first of July; will correct and return.

Am indebted this month to Bros. J. M. Hodge, C. R. Weitz and A. H. Ernst for news items. I appreciate the interest these brothers show in keeping me advised as to changes, etc.

The four brothers at Imperial Junction are a credit to any division. They are always active. I am glad when I hear of a non going there to work because when he leaves he is a union man. I wish we had more offices like that.

New members: N. S. Gillum, Summerland; J. R. Blake, second Beaumont; C. C. Yater, Imperial; Opr. D. C. Gale, Imperial agent; C. L. Friddle, second Edom. These new brothers have joined the campaign for new members. The movement is becoming general and in a very short time the desirable non will be a thing of the past.

Each man get one new member.

Bro. H. H. Brannan has returned from Alabama with his bride after a trip to Santa Barbara and Los Angeles. They will be at home at Palm Springs. The members of this division extend congratulations.

Get in the campaign for the 100 per cent on the Los Angeles Division.

The extra message operator at Colton has again been taken off and the "world's news" and space messages are being handled by El Casco. Bro. B. L. Webb, second El Casco, still off on account of sickness of his wife in the East.

A. M. HAMMOND, L. C.

San Joaquin District—

An interesting meeting was held at Tehachapi, Sunday, February 8th, although there were only three members present besides those working at Tehachapi.

One of the worst storms on record visited Southern California, February 17th to the 21st, washing out the tracks of the Southern Pacific and Santa Fe between Mojave and Los Angeles, and completely suspending traffic for four days, and all wires were down except one from El Paso. Telegrams from points within 100 miles of Los Angeles had to be routed via San Francisco and Chicago for Los Angeles. The Coast Line was also so badly crippled that it took two weeks to repair it.

G. H. Frederick relieved G. H. Doyle at Brown; Bro. Ivy Krum relieved Bro. Vaughn, agent Searles; Bro. F. M. Bushy relieved Bro. J. O'Neil, night agent Searles; Bro. F. L. Moorman relieved Bro. Paddock at Inyokern, and Bro. J. H. Shaye relieved Bro. McKnight, agent Oweno, while these brothers were taking the examination at Mojave. Bros. O'Neil and Moorman were held at Mojave to work fourth and fifth tricks, respectively, due to excessive business caused by washouts.

Bro. V. E. Watson, fourth Mojave, and Bro. S. S. Bigger, sixth Mojave, last out account reduction of force, just before the storm, and at the time original force was restored, they were in Los Angeles, and could not be reached.

Local Chairman Blume has mailed a copy of our latest seniority list to all telegraphers whose address he has. Should there be any who have not yet received one, write Bro. W. E. Blume at Cameron. The regular monthly meeting will be held on Sunday, at the time, or just before the full moon of each month. Notices will be mailed to each member stating the time and place.

Bro. Geo. W. Urie, agent McFarland, on fifteen days' vacation to Los Angeles and the deserts, was relieved by Bro. E. E. Eaton.

Bro. H. B. Hendry, relief agent, is at Clevia.

Bro. Edson, of Selma, bid in Famoso agency; second and third Selma abolished.

Bro. F. B. Lardner, agent Ravanna, is on vacation.

Bro. E. D. Myers has returned from Pennsylvania with a wife. Congratulations.

W. B. McMULLEN.

Tucson Division—

At a recent conference between Local Chairman Cull, Committeeman Butler and the Superintendent's chief clerk, in which several cases of disallowed overtime was the issue, we were instructed that the overtime not allowed was on account of the dispatcher not being notified at the time it was made, so that it could be put on the train sheet to be checked again by the timekeeper. No instructions had been issued to do this, and the disputed overtime was allowed. A bulletin, Circular No. 2122, was issued January 28, 1914, covering this. For a copy, write the superintendent. Give all the reasons possible on the back of your overtime slip, so should the dispatcher fail to mark it down, it can be checked against the train sheet. This will save you trouble, and also the local chairman in taking up such cases.

When going to assignments as per bulletin, instead of claiming mileage, claim one day for transferring, to which you are entitled.

**Houston District—**

Two interesting meetings were held at Gunter Hotel, San Antonio, January 27th, at 9 a. m. and 8 p. m., General Chairman Bro. Cowgill being present. Bros. J. C. Humphrey, of Luling; Frank Delagoya, of Seguin, and M. V. Burris and A. C. McCown, of San Antonio, were among those at the morning meeting, which was a very lively and interesting one.

At the evening meeting we had: Bros. R. L. White, J. C. Humphrey and R. M. Turner, of Luling; R. E. Stotter, of Kingsbury; W. W. Chism of Schertz; Mr. R. V. Chism, of Con

The meeting was called to order by former Local Chairman M. Braden, who stated that it was called for fraternal purposes and to hear the reading of the proposed new contract.

Local Chairman W. J. Haddon then took the floor and read and explained the new and revised articles in the proposed new contract, and after same had been discussed at length, General Chairman Cowgill took the floor and delivered a short, interesting and instructive talk, which was very much enjoyed and appreciated. Owing to the fact that Bro. Cowgill and most of the out-of-town boys had to leave on the 11 p. m. train, the meeting was obliged to close much sooner than was desired.

Bro. Cone relieved Bro. McNutt, Sabinal third, few nights.

Bro. J. E. Williams, relieved on Sugarland second by Bro. Alworth, Victoria Division, relieved Bro. Frank Delagoya on Seguin third, who relieved Bro. A. L. Chapa, third Glidden, a few nights, and went to Weimer days.

Bro. Oscar Rosenbush, Seguin second, was off several weeks having his eyes treated and hunting.

Second Trick Dispatcher Johnson was off several days owing to the illness of his grandfather at Waelder, who is reported convalescing.

Chief Dispatcher Bednark off with asthma. In pneumonia was relieved by First Trick Dispatcher McClure.

Bro. Frank Fusselman, of Waelder nights, was a Schulenburg visitor recently.

Bro. W. J. Dobbs and wife, of Schulenburg, visited the latter's parents at Weimer recently.

Messrs. Holland and Shatto, agents Schulenburg and Weimar, Bro. O'Farrell, of Waelder, and many other agents, attended the San Antonio agents meeting. Bro. O'Farrell was relieved by M. C. Meyers from the Santa Fe, who later relieved Bro. Chism, agent Schertz, sixty days.

Bro. L. P. Lester, first trick Schulenburg, has a new Maxwell-25 car.

Bro. W. J. Haddon, local chairman from first East Yard, attended the meeting of the general committee in Houston.

Our new schedule has been approved by President Perham, and it has been turned over to Mr. Waid for consideration, who will meet our committee as soon as he is through with the Roadmen's schedule. While waiting, let's give the company our best service; pay up our dues and assessments promptly; see that the non next to you gets an up-to-date, and don't forget our motto,
"No card, no favors." Those on the west end should be attended to at once. Bro. Haddon has plenty of application blanks, so everyone gets busy.

Div. Cor.

H. & T. C., Main Line—

Recent assignments: Ferris, W. M. Moseley; Allen, J. H. Caldwell; Alma, J. H. Carnes; Dallas third, B. F. Billings; Sherman first, H. L. Kelly; Ennis third, R. H. Chapman; Groesbeck, D. H. Finch. All brothers, with exception of Carnes.

Mr. Patterson, at Cypress, is enjoying one of our best agencies. Boys, if you find you cannot get in these nons, write Local Chairman Laisure, who will go out of his way to land them.

Remember, "No card, no favors." If this little motto was lived up to, a different air would be assumed by some of these nons.

Bro. Rodgers has left for other fields.

Bro. Brumfield was on third Ennis a short time.

Bro. Harris, Bryan first, our "old standby," has been re-elected mayor of that little metropolis again. We are all proud of him.

Several night offices recently closed, throwing out some of the boys.

Bro. H. L. Griffin, who took a commercial job, is with us again, and is on his way for a dispatcher's job now. We all hope he lands it. Everybody will be benefited with his promotion.

Bro. Laisure will call our regular meeting shortly, at some convenient point, Don't fail to attend and learn something. Show your willingness to stand behind your officers. Become interested in the only proposition which will or is interested in you. All who possibly can, be there. Flimsy excuses for non-attendance injure no one but yourself. Let's see twenty-five men on hand at the next call. By attending these meetings you will learn how other men do their work. Probably they can suggest some way that will help you.

All of us should try and give the best service, thereby showing the officials why an O. R. T. man is so far ahead of a non.

By answering the dispatcher's calls promptly, prompt "OS-ing" of trains, etc., we can increase our reputation immensely.

Don't forget to drop me a card about the 23rd of each month to help me to have a nice lineup of what is going on.

Again I say "No card, no favors." Keep it in mind.

Look for the next announcement of the meeting and don't fail to be there.

W. F. Davis, Div. Cor.

T. & N. O. and Galveston Divisions, including Dallas-Sabine District—

Bro. Dunnam, who bid in "HN" Houston third, has returned to second Galveston.

Bro. Buffington requests that we all use our best judgment, and do not bid on bulletin positions unless sure we want them and are capable of holding them. Bidding in jobs and falling down on them or turning them down, results very unsatisfactorily for all concerned, as the company officials use these cases to argue against the seniority clause of the contract, and it also frequently prevents capable men from getting the places; further, it results in the successful bidder losing his own position and also costs him a fourth of his seniority, which is sometimes a very serious thing for him, in bidding on further positions.

Bro. Wedell, owing to being completely swamped with work at Rockland, resigned the assistant local chairmanship, and Bro. E. D. Stakefielder, at Echo, was elected to handle the job.

Bro. E. A. Oliver, from China, in Houston hospital for over a month, is improving slowly.

Bro. Bowser, from Hempstead, who has been at the hospital for about a month, after being operated on, took typhoid fever, and as soon as he recovered had to undergo another operation.

Bro. U. S. Vincent, Harrisburg tower, has our heartfelt sympathy in his bereavement, owing to the death of his father recently at Ft. Worth, Tex.
The new contract has been placed before Assistant General Manager G. S. Waid.

Phones will probably be installed shortly from El Paso to New Orleans.

Stick tight and stand by the committee.

G. H. & S. A. R. R., El Paso Division—

Assignments: Marathon agency, Barnhart; Marathon second, Haef:; Valentina first, Barber; El Paso seventh, Smith; Marfa second, Gonzales.

Vacancies: Sierra Blanca agency, Pumpville day telegrapher and pumper, Valentine and Marfa third, and Ft. Hancock second, vice J. B. Cleaver, gone West.

Bro. Baudet, Marathon second, has transferred to Division 53.

Bro. Haas, Valentine second, off a few days, was relieved by Extra Wainwright.

Bro. H. G. Fuller is now with the E. P. & S. W. in El Paso.

It is now Bro. Campbell at "RK." Bro. Bryoles, at "RK" for a week, relieved by Bro. N. Kotton, from New Orleans.

Bro. Campbell, off a few days, was relieved by Bro. Graves.

Bro. Lickorish has gone to the Dominion and left his ducks with Bro. Polk at "JN."

General Chairman Cowgill and Local Chairmen Cull of Tucson and Starnes of El Paso Divisions, recently paid the El Paso force a visit. Glad to see these brothers at any time. Bro. Starnes has ordered a duplicating machine, and will get out a circular each month covering matters of interest.

Boys, let's all try to land the one non left on our division.

In the recent fire which destroyed Valentine depot, Bro. Gardner, the agent, saved all the freight, express, stationery and most of the office fixtures and station records, but lost all his own household goods. When the fire was discovered it had already gained such headway in the upper and Brown News sections that it was impossible to enter that part of the building, and the occupants only had time to escape with their lives.

Bro. Floyd, on duty at the time, saved all the company funds, but lost his coat. Bro. Barber, when he learned that his typewriter had been saved, dashed into the burning building, saving the fire extinguishers and bulletin of demerits.

Thousands of cattle are reported en route from Mexico to Ft. Hancock, for shipment to eastern points. Bro. Bush, agent there, drank a quantity of gin from the neck of a ginger ale bottle, and was taken to the hospital in El Paso for treatment. Bro. Sorsby, from Torcer, was sent to Ft. Hancock.

Bro. J. A. Skipper, relief agent was recently married. Congratulations. CERT. 2410.

G. H. & S. A., Victoria Division—

J. J. Johnson, second Victoria, has resigned and is now chief dispatcher for the M. K. & T. at Greenville. He always gave us a square deal, and left a host of friends on this road. We wish him good luck, and congratulate our friend W. O. Smythe on his elevation to a regular dispatcher's trick.

Bro. Toland, at Edna, has had his operator restored to him. Mr. Guthrie, from Illinois, is filling the position.

Bro. Olyer and Mr. Dooley are "VI" copy operators pending bulletin.

Bro. J. D. Harris, former agent El Campo, now wireless operator on a steamship running out of San Francisco, still carries an up-to-date—an object lesson to many around here in the service who never saw a card. Bro. Harris still has the O. S. & D. worries, being "over" and "short" his meals, when the sea runs high.

Bro. Rice, at El Campo, has a sure enough Wells-Fargo horse and wagon, and the office force matches nickels to see which one can get it to take his girl out riding Sunday.

Wish some of you fellows on the west end would drop a line and let me know what you are doing. I'm getting gray-haired fishing for news. If you don't answer my distress signal, I'll have to go into the hands of the receiver.

Have you paid your dues. If not, why?

"1715."

Louisiana Lines—

Trains going to New Orleans for carnival were so crowded that extras had to be run to take care of the crowd. One of our coldest days for carnival was this year, it having snowed in some places and ice everywhere. Pretty bad for September Morn.

F. Tillotson, third Bayou Sale, relieved by Miss Smith, a new one, went to third Rayne, later relieved by Mr. Bull.

Mr. Perkins, third Patterson, went into the dairy business, relieved by Mr. MacHome.

W. Walker, third Algiers, on sick list, relieved by Mrs. Cope.

E. M. Chapman on third Avondale, relieved on second by Mr. Somerville.

The meeting in New Orleans, Saturday night, February 14th, was well attended. Bro. Cowgill gave the boys a nice talk. Next time there is one (which will be soon), everybody go.

Recent assignments: Agencies—Bowie, H. L. Feske; Adeline, C. J. Norman; Roanoke, W. H. Gates; Bowie second, O. B. Brubacher; Butte third, A. Champaigne; Vinton third, W. A. Wathere; Schriever first, R. Fincher.

Vacancies: Rayne and Eunice agencies; Avon- dale, Schriever, Morgan City and Bayou Sale second tricks; Schriever, Avondale, Rayne and Cheneyville third tricks.

Your scribe has been successful in landing five nuns in one week, and is still after those very
few that are left. Everybody get after them, and let's get them all up to date.

Don't forget, if you haven't remitted, that your dues are past due and must be paid at once.

It is rumored that Raceland Jct. will be closed, and that telephone will be put in "J" and Bowie, making the operators at "CA" handle all "J" business over phone.

The second and third trick operator at "CA" are very anxious for Lent to pass, in order that the wedding bells may ring.

We are glad to have our old friend J. E. Nunz back on the Morgan. He is working third trick and was our night chief for a long time when he resigned to accept the position of chief dispatcher with the T. & F.

J. C. Hill, roadmaster Morgan District, has resigned, relieved by W. L. Hesterly, and he on the L. W. District by J. J. Bridges. The foreman presented Mr. Hill with a fine diamond. They were certainly sorry to lose him.

J. Whitmeyer, agent Franklin, was off a few days, relieved by his clerk, C. A. Landen.

Thanks to Mr. Brooks for the bunch of notes. Come again.-------------Div. Cox.

Northern Pacific Ry., Div. No. 54.

Montana Division——

As our assistant chairman, as well as our correspondent, are on vacation, it devolves on your local chairman to do all the house-cleaning during their absence. Bro. Haines, Logan, is off for two months' rest, Bro. Arnold for six weeks, and Bro. Conrad, our local treasurer, for three months.

Bro. Winters, Laurel yard office, was also off a few days.

Bro. Brown, from first Whitehall, has taken up his duties at agent at Greycliff.

Big Timber is now solid. We are going to crowd the Idaho Division for first honors as to membership very soon.

According to Chief Clerk Maxwell, of the Bureau of Agriculture and Publicity, Helena, Mont., railroad work in Montana will be more than brisk during the present year. He says that the Great Northern has already let contracts for building the cut-off from Fairview to Lewistown, a part of the line from New Rockford, N. D., to Lewistown, and that the tunnel on that branch will be finished before snow flies in the fall. The Milwaukee road, now steel laid from Lewistown to Great Falls, will push on to Missoula, and will continue the branch from Agawam, north of Great Falls, to Glacier Park, and to the big coal fields just across the Canadian line, near the park. The Northern Pacific will also build to Glacier Park from the western part of the State, via Polson. Montana last year built more than 450 miles of railroad, placing it first among all the States in railroad construction, with Texas a close second. With the Great Northern going through Dawson and Fergus Counties, tapping an area as big as the State of Iowa, a practically undeveloped section, rich in resources, a rush of settlers is expected, and the railroads are making preparations for their coming.

Your chairman notes that in a great many places there are one and in many instances two members, and the third is a non-member. He will more than thank you to slip him the name of this stranger, so he can write him, or, if necessary, call on him and make that office solid. If your chairman is willing to do this, you at least can send him the name. He gets no compensation for this work, but is willing to do it for the sake of the good of the Order. Will you also do this for the Order? A. A. W.

Montana Division Notes——

Automatic signals will be continued westward out of Livingston as soon as frost is out of the ground.

The Livingston Railroad Club presented to overflowing audiences, February 18th and 19th, a musical comedy in two acts, entitled "The Yellowstone Trail." It was an evening of music, song and dance, and the beautiful costumes added brilliant color to the surroundings. The pony ballet and show girls consisted of some of Livingston's prettiest girls, full of life, with good voices—decidedly pleasing to the large audience. Mr. Babbitt, Mrs. Hunter, Miss Laurens, Miss Brown, Robert Seitz and Joe Lund, principals of the play, did exceedingly well. The splendid dancing by Miss Miles and Kenyon Talcott, interspersed with the beautiful solos by Miss Simpson and Miss Swindlehurst, kept the audience busy with applause. Mrs. Babbitt, Mr. Lund and Dr. Hunter had difficult comedy parts, and, speaking generally, "They were there." The sextet vaudeville travesty made one of the biggest hits of the evening, but the Tango Argentine, by Miss Miles and Mr. Talcott; a dainty Parisian dance by Miss Hogan, and the dancing revue by Miss Laurens and Mr. Talcott, were not by any means surpassed during the evening. Especially pretty songs were: "The Legend of the Butterfly," by Miss Simpson, assisted by the Butterfly ballet; "Summer Love," and "I Love My Old Montana Home," by Miss Simpson, and "I'm Saving My Smiles for Someone," by Miss Brown, Mr. Seitz and chorus. Dr. Hunter was accorded great applause when he sang "It's My Temperament," and Mr. Babbitt's monologue "What Next" was a timely hit. In the first bass of the glee club were included Dispatcher Lund and Bro. Ed
Orman. After paying expenses the club came out with a fine balance to the good.

Bro. Conrad and wife are still in the East. Bro. Cranwell acting local secretary and treasurer in the absence of Bro. Conrad. Sister Sullivan, Springdale, on vacation in Chicago and other points, relieved by Mr. Shumway, who was recently married after being East.

Bro. Spangler, Manhattan, temporary agent on Camp Creek line, relieved by Mr. Hale. Bro. Lueke, of Belgrade, was a Livingston visitor February 16th. Come again.

Mr. Atwood, on his return from the farm, took second "W" Butte, McDowell going to Bridger and Bro. Riddle to second Whitehall.

Bro. Pidgeon and wife returned from East and bid in second and third Lombard.

Sister Turk, Chestnut, is back after a visit with her folks in Missouri.

Bro. Haines, Logan, and Bro. Johnson, Park City, have returned from a pleasant visit East.

Bro. and Sister Douglas, Greycliff, are on vacation, relieved by Powley and Morgan, the latter also relieving Bro. Roberts, Big Timber, while he was off a few nights with rheumatism.

Bro. Talcott, after relieving Bro. Winters, resigned and went East. Bro. Garry is again in these parts.

Yours truly was in "KC" recently, but came home alone. I refuse to testify to further facts of the case. Time tells all things.

Thos. Holker, agent Toston, was a recent Bozeman visitor, where his daughter is under medical care. We hope she will keep on improving. Her mother is with her.

No one sent any notes from the west end. I can't get much of a write-up without help, when I haven't a wire west of "VS." I am indebted to Mr. Bowers for most of the notes of that part of the division, the brothers apparently taking no interest in the work.

Dispatcher Mercer recently returned from a Tacoma hospital, where he was in a critical condition for some time and underwent a difficult operation. He is now at work again. Dispatcher Kane goes to the coast country in the interests of the Dispatchers' Association. We will be glad to see him back.

**Idaho Division**

We, the undersigned committee in charge of the voluntary offering, made for the purpose of presenting our local chairman, Bro. Nason, with a suitable gift in recognition of his efficient and faithful services of the past, and especially as a member of the general committee of 1913, beg to report that the amount of $45.50 was subscribed, with which the committee purchased a library table and a Morris chair for Bro. Nason. We desire to thank those telegraphers who contributed to this fund.

A. E. ELVER,  
E. P. WILCOXON,  
GLEN F. DAVIDSON,  
E. S. SMITH,  
Committee.

**CARD OF THANKS.**

I desire to avail myself of this opportunity to express to the telegraphers of the Idaho Division, my sincere appreciation of the magnificent and useful gifts presented to me, through your representative committee. We shall treasure these gifts, not only as an ornament to our home, but as a priceless token of the friendly and fraternal spirit which prompted their presentation. Words fall short in expressing my thanks, and I trust that my future services in the cause will demonstrate all that I have failed to convey in this acknowledgment.

B. E. NASON.

All members: I have frequently made request, through these columns, that when bidding on vacancies, or exercising your bumping rights, that you mail me a copy of your communication to the chief dispatcher. This has been done only in a few instances. This is an important matter and it will entail very little labor on anyone to comply. If you do not furnish me with this information, it is necessary to gain it through hearsay, which is not always reliable. Please do not overlook this—mail me a copy of your bid or "bump."

Telegraphers at some of our stations are showing but little regard for the hours-of-service law. I have two letters, from two different points on this division, charging in each case that an operator at each place is working practically fifteen hours a day, while another operator at each place is doing practically nothing to protect their own tricks. I have requested in former issues of the journal that all telegraphers refrain from such practices. I dislike very much to forward such complaints to the division officials, but in the future will be compelled to do so. The hours-of-service law was written for our protection, and for the protection of the traveling public, and there is no excuse for its violation, especially by a member of the Order. I shall not mention this matter again in the journal, but after verifying reports of this kind, will turn them over to the superintendent for such action as he may deem necessary.

The main line is now solid, Cheney to White Pine inclusive, with only three non-members, giving us a percentage of 95. The Fort Sherman branch is solid, and there are but two non-members on the C. W. branch, both promised for the near future. There are still a few non-members on the F. & L., Genesee and Clearwater branches, but I am receiving much encouragement in my work of organizing in that territory, and feel confident that by the end of this term, all branches will be better than 90 per cent strong. I am pleased to report an increase in individual effort; a great many of our members trying to secure the few nons left. I hope all of our members will soon realize that this is their work, and assist us in making the Idaho Division solid. B. E. NASON, L. C.
Idaho Division Notes—

Recent new members: L. F. Bunge, of Cheney, and J. S. Hamred, of Govan. Welcome to our ranks, brothers.

It is rumored that second and third Thompson Falls will be closed and a night ticket clerk installed, same as at Sand Point and Plains. If the "home guard" on third there ventures out to any other point on the line he will probably learn the value of an up-to-date card.

Bro. Underhill, second Hope, on vacation, relieved by Bro. Bartley.

Bro. Harned, bumped at Govan by Non Dickinson, will go to Coulee City, vice out of service, relieved by Bro. Jackewitz.

Sister Mcnerney, second Yardley, has been ill for some time, relieved by Bro. Hope. Sister Cunningham, third Ramsey, is being relieved on account of the illness of her son, by Bro. Gephart. We hope for her speedy recovery.

Bro. Nason, called to Spokane to adjust grievances, was relieved by Bro. Garrett.

Three temporary tricks were opened at Cocolalla, on account of the ice harvest, with Bro. King as exclusive agent, and Bro. Thompson, Zielke and Garrett telegraphers.

Trainmen's telephones are installed at west end, and Paradise yard, Plains, Weeksville, Eddy, Frost, Woodlin, Belknap, White Pine, Childs, Furlong, Tuscar, Vermilion, Marnott, Smeads, Heron, Cabinot, Oozma, Denton, Oden, Sand Point, Lignite, Algoma, Cocolalla, Careywood, Granite, Hauser, Otis, Orchard, Irvin, Parkwater, Division Street and Hangman. More of them than open offices. Bulletins, posted at all terminals, instruct conductors to call up for orders when necessary, at any point where an operator is not on duty, and arrange to secure or release the block if they get stuck at a point between offices. This looks like a violation of the Federal law, governing the hours-of-service for "any operator, train dispatcher, or other employee who, by the use of the telegraph or telephone dispatches, reports, transmits, receives, or delivers orders pertaining to or affecting train movements," and should be brought to the attention of the Interstate Commerce Commission and action demanded.

We are grateful to Bros. Davidson and Wilcox for news items this month. Div. Con.

Yellowstone Division—

I wish to thank you for your support given me during our recent election to fill the vacancy of local chairman. I will try to serve you to the best of my knowledge and ability. Lend me a helping hand, and take into consideration the feeling of others and in time you will understand your misunderstandings.

Let's all get busy and land the nons on this division, and bring it up to the standard of the other divisions.

A brother on the C. B. & Q. recently remarked in the journal, "Our brothers on the Northern Pacific have clearly demonstrated what can be accomplished by solid organization." Let us try to be worthy of such complimentary comments.

I am going to ask every member on this division to get busy and capture these nons, most of them can be landed for the mentioning, or handing them a set of blanks, and showing them how to fill them out. If you haven't any blanks drop me a card and I will be glad to furnish you all you can use. I am not in a position to make any suggestions until I get better acquainted with the work, as it is new to me in a way, and will undoubtedly be hard at first, and I want you all to help me in keeping down any ill feeling on the division. How about holding a meeting in the near future?

Brothers, kindly keep me posted on all changes at your station and on any new man who lands there; find out if he has the necessary credentials to entitle him to your courtesy. In making applications for positions on bulletin kindly mail me a copy so that I may keep a check and see that you are given a square deal. Help me and I will help you.

We are short a division correspondent, and a board of adjustment. Each brother should help to select these men as well as the local chairman, and I am going to leave it to you to find these three men.

I wish every member would read the article written by Bro. B. E. Nason, local chairman, Idaho Division, and realize its importance, as it concerns everyone of us.

THE RAILROAD TELEGRAPHER.

Wish you would all mail me copy of your bid in making application for positions on bulletin—this interests you. J. O. SPENCER.

"ONE WHO HELPS."

Tacoma Division—

Recent assignments: Second Roy, Bro. Z. A. Hipke; third Tenino, Bro. R. R. Selfe; third Rainier, W. S. Fisk; agency Rochester abolished.

Bro. J. J. Kuhn bid in third 15th St.

We regret the death of Mrs. Thomas, the wife of our popular night chief dispatcher. The Tacoma Division contributed an elegant floral piece and extend to Mr. Thomas and family our sympathy.

It is now Bro. F. M. George, billing clerk Tenino. Although not employed in a scheduled position, he realizes that only through organization can conditions be bettered. We hope the nons along the line can be made to see this in the same light.

The dance given by members of this division in Tenino, February 7th, was a grand success in every respect. Dancing began at 9:30 with a grand march led by Bro. F. R. Bradbury and Sister Nellie Wiley.

The feature of the evening was the prize waltz. Prizes being gold cuff buttons. Mr. Ed. Kack, our popular brakeman, and Miss Larson, private secretary to Mr. Wiser, division storekeeper, were awarded the prizes. The dance was well attended by the members, and the committee wish to thank them all for their hearty co-operation in making it a success. We have been highly complimented, both by press and public, and numerous requests have been made of the committee to give another dance. The members wish to thank our local officials for their co-operation in arranging relief and stopping trains so that all who wished could attend. The members given membership badges are requested to save them for future use.

The following is report of local fund: Total cash on hand, February 1, 1914, $24.15; expense of the dance, $66.40.
Cash taken in and remitted $104; balance on hand from dance, $37.60; cash on hand February 21, 1914, $61.75.

There is $6 or $7 yet to come in, as all the tickets have not been paid for.

There will be a meeting at an early date to discuss reducing the dues of the Social Fund to ten cents a month, payable quarterly. We hope the members will respond promptly, as only about fifteen in the past have paid into this fund, and we have recently been compelled to call upon the members to contribute to floral offerings. We hope to eliminate this in the future. All who will not be able to attend the meeting, please write Bro. R. F. Graham, Woodland, or Bro. J. F. Henderson, Box 11, Bucoda, giving their views of the matter.

Bro. S. C. Sherwood, third Centralia, off sick a few days, was relieved by Bro. H. L. Hugg, from "VY" office.

The First Aid Teams of N. P. Ry. employees, of Cle Elum Mine, No. 7, and Cle Elum Mine, also of Cle Elum, jointly gave a demonstration meeting at Cle Elum on the evening of February 18th. There were 100 men present, including first aid members and visitors, among the latter being officials of the N. W. Imp. Co., C. M. & St. P. and No. Pac. Ry. The object of the meeting was to show first aid work in general, and to eliminate such dangers as bleeding to death, infection, further injury to tissues by fractures, etc., to show how to properly prepare an injured person for transportation. The N. P. first aid boys wish to see their comrades all along the line take up with this work and organize classes at every terminal and in every shop.

We note that the nons are still reaping the benefits of our schedule, in the way of securing the good things that are under our schedule, such as securing the positions they desire in the "hump" route and better salaries, but will not help the cause along by taking out a card.

Keep after the nons, brothers, and give them no rest until they take out a card.

Secure the non working at your station or on either side of you, and see if we can not make this division solid.

"HAPPY."

We would call your attention to the article by Br. B. E. Nason, of the Idaho Division, in the January Telegrapher, concerning the use of telephones by trainmen. This question is of vast importance to the telegraphers and deserves a thorough and thoughtful reading. Br. Nason is to be commended for his excellent write-up.

We regret the lack of more interesting news for this issue, but very few were received from the line. We attach our "30" and hope for a bigger and better one next trip.

Faithfully yours,

H. H. Ellsworth.

On Sunday, February 8th, about 5 p. m., the station at Sugar Creek caught fire, while Bro. Rice was at supper, and nearly all the office furniture and records were destroyed.

Wanted—A brother located on the west end of the Toledo Division to furnish notes for The Telegrapher every month.

Let us get together and have a nice write-up in each issue.

Miner and Porter nights closed; Oak Harbor day operator and clerk up for bid.

Chief Dispatcher Conalid, who underwent an operation at the Canton Mercy Hospital, December 22d, has recovered sufficiently to allow him to make the trip to Tampa, Florida, alone. He is
gaining strength rapidly and a full recovery is expected.

Bro. F. C. Ames, third Norwalk yard, off a few days on account of sickness, relieved by Harry Woodman, who later relieved "Pappy" Ayers, third Clyde, on the same account.

Bro. J. J. Syler, formerly dispatcher on this line, now with the Northern Pacific at Jamestown, N. D., writes that the thermometer there often registers 34 below zero. John is a truthful boy, and we do not doubt his word.

The two new "high ball" runs over the "Big Four," "WC," to Cleveland, keep the "owls" between there and "HO" awake.

Bro. "Pat" Furlong, second Clyde, keep the "owls" between there and "HO" awake.

Bro. "Fat" Lance, first Canton yard, now has a full set of cooking utensils and is ready to serve meals at all hours.

I wish to thank all the good brothers who helped me secure items for THE TELEGRAPHER this month.

W. S. B. and W. P. T.—

Bro. W. W. Weis, agent Valley Jct., on the W. & L. E., was a recent Pittsburg visitor.

All you W. S. B. and W. P. T. boys send in your news by the 20th.

Received nothing from the W. P. T. this month.

Wheeling Division—

Bro. Tom Lucas, third Jewett, "self-appointed auditor" to check the accounts of the Unionvale agency (poor Miss Lewis), was relieved by C. J. Fisher, who also relieved Bro. C. R. Guthrie, first Jewett, while visiting the boys at Canton.

It is now Bro. E. A. Butler, third Hopedale.

Bro. Walter Weiss, passing through Brilliant on his way to Pittsburg recently, called on yours truly.

Bro. Tom Horton, first Sherrodsville, off on account of the serious illness of his mother, was relieved by Bro. C. D. Endress, relief agent, and later by C. H. McCully, an old-timer just returned from the B. & O.

Bro. R. Buchanan was off several days recently.

Bro. F. M. Eby, second Mingo yard, bid in Congress Lake nights, relieved on Mingo yard second, pending bids, by Mr. Fisher, who promises to soon get in line.

Jewett is solid again. Boys, we should no longer regard the excuses put up by the nons for not paying their proportion of the expenses it takes to maintain this organization. We have been lenient with them, given them chance after chance, and handicapped by our local officials in keeping the division lined by favoring them just as if they were members, and it is now time to carry out rigidly our motto: "No card, no favors." We brothers are footing the bill every six months, while they receive the same benefits as we do without paying a cent. We can not afford to relinquish our efforts because we have a fair schedule now, for the benefits we enjoy today are only paying the way for something better. The success of our division depends upon the continuous organization of all, and let every union man become an organizer.

I wish to thank Certs. 177 and 79 for their help in securing these items. Let's have a dandy write-up next month.

Asheville Division—

"To Col. C. C. Hodges, Supt., Asheville, N. C.:

"We report a general walk-out of operators and agents along this line. We have on our trains practically every operator on Asheville Division, backed by their suffragette wives and sympathizers from Danville Division, all bound for Hickory. Advise.

(Signed) "Ticket Collectors, Trains 12 and 21."

It is rumored that the above message, received in the superintendent's office Saturday evening, February 14th, causing consternation in the division offices at Asheville, was only allayed when the office boy mentioned that it was the date set for the Telegrapher's Banquet at Hickory. A sigh of relief escaped several white-faced officials as each remembered his invitation to the function, and later regretted that circumstances were such as forbade their attendance.

On the arrival at Hickory of trains No. 12 and 21, on the above mentioned date, a party of some sixty telegraphers, their wives, sweethearts, and guests, were escorted to the Chamber of Commerce quarters, secured through the courtesy of Mr. A. K. Joy, secretary, by the committee in charge, where they were introduced by Bro. W. R. Little, local chairman, to Hon. John Mitchell, city manager of Hickory, who formally delivered the keys of the city into the hands of the telegraphers, after a warm and cordial welcome, which was responded to by Bro. Little. Letters were read from Supt. Hodges, Chief Dispatcher Johnson, Dispatchers Mullikin and Meacham, Trainmaster King, Block Inspector Gandy, all of Asheville. H. B. Perham, president, of St. Louis, and Secretary Burgess, of Alexandria, Va., expressed regret that various previous engagements, and in some instances illness, prevented their attendance. Fourth Vice-President Dermody, who expected to be present and address the gathering, wired that he was snow-bound after leaving Cincinnati, reaching Asheville an hour or so too late to make connections for Hickory. His absence was very
much regretted by everybody, as a great deal of pleasure was anticipated from his address.

Bro. H. G. Alexander, general chairman Division 59, in his address outlined the achievements of Division 59 for the last fifteen years, which was gratifying in the extreme, and awakened the pride of every member present. Bro. Alexander is a much-appreciated factor in the development and advancement of all the telegraphers on the Southern Railway.

After listening to some further interesting remarks and very excellent music, rendered by a stringed orchestra engaged for the occasion, the entire party adjourned to "The Huffry," Hickory's magnificent hotel, and were photographed in the act of commencing to mete out full justice to the sumptuous spread prepared by the management of the hotel, who saw that no expense or pains were spared to make everything a complete success.

In simple and fitting words the Rev. A. L. Stanford, pastor of the First Methodist Church of Hickory, bestowed the Almighty Father to lend grace to the occasion, after which the course supper, then served, was pronounced by all to be beyond criticism by even the most fastidious. Menu cards bearing on the outside cover the emblem of the Order, the place, date, etc., tied with white ribbons; brilliant red carnations at every plate, and pound boxes of finest chocolate for each lady guest, with an abundance of good cigars for the gentlemen, left nothing to be desired.

After each course in turn had been served, Bro. Horace F. Payne, of Morganton, was introduced as toastmaster, and acquitted himself for the rest of the evening with remarkable credit and ability. The keenest wit, rarest humor, and most graceful phrases, were employed by the Hon. A. A. Whitten, Hon. John Mitchell, Rec. A. L. Stanford, Mr. Chas. M. McKesson, Bro. H. G. Alexander, Mr. W. Walden and Mr. E. J. Nottingham, who, in their remarks, paid a beautiful tribute to telegraphers of the Asheville Division.

A more attentive and deeply appreciative audience than listened to these gentlemen could not have been found anywhere.

At the conclusion of the speeches for the evening, a rising vote of thanks was given the management of the hotel for the splendid and efficient service rendered, and the party returned to the spacious lobby and drawing-room to await the arrival of trains Nos. 16 and 35, which, through the courtesy of Mr. D. W. Johnson, chief dispatcher, were stopped opposite the hotel for the telegraphers, with their friends, to board.

The presence of Sister Alice Reamy and Gertrude Smith, of "MV" office Salisbury, was a great pleasure and delight to everybody—especially those who are so unfortunate as not to possess a better half.

The number of ladies present was a compliment to the division, and it is hoped that events of this nature will be such as will stimulate their interest in the Order.

May this voice the appreciation of the division for the work performed by the committee on arrangements, consisting of Bros. D. L. Miller, O. H. Bumgarner and C. E. Abernethy. To them is due the credit for the splendid manner in which everything moved forward, without a hitch in the program. In this connection it will be well to remember that it was Bro. W. R. Little, local chairman, who furnished the initiative that eventually led to the success of the occasion.

It is the hope of every member on the Asheville Division that St. Valentine's night will mark in the future an Annual Banquet given by the telegraphers, even rivaling in success and entertainment the one held at Hickory, N. C., February 14, 1914. "R. S."

Asheville Division, A. and S.—

Sister Davies, second Inman, with her friend Mrs. L. B. Stevenson, operator from Uniondale, Ind., on the Erie, are on an extended trip to Florida and Havana, Cuba.

Bro. Cooper, second Campbell, and J. E. Bishop, third Headville, enjoy the balmy climate of Florida for a few days.

Bro. Shands, third Buena Vista, relieving Bro. Cooper, extra Walden, on third "B."

Bro. Slagle, second Tryon, was the only one from the A. & S. whom we heard of attending the banquet at Hickory, N. C., on February 14th.

Someone please send me some notes each month.

Danville Division—

We had a well attended meeting in Greensboro, N. C., January 24th. Among the members present were: General Chairman Alexander, Local Chairman Duncan, Sister Reamy, and Bros. McNarns, Queensbury, Shields, Jacobs, Smith, Whitfield, Sommers, Baxter, Kendall, Millaway, Johnson and Cox. Although the weather was
extremely inclement, there were others who could have attended without any neglect of their duties, and there were other members in town who could not resist the temptation of the moving-picture shows, etc. Bro. W. T. Milloway, from the C. & O., was a welcome visitor at the meeting. An interesting session was held and several important topics were discussed.

Bro. Alexander delivered an inspiring address. The annual banquet was discussed, but no definite steps were taken in regard to setting a date, etc. We need the banquet and other attractions to draw the members together, but unless the boys show a more self-denial spirit in the future than they have in the past we can not have a good strong attendance at these monthly meetings. Bear in mind the date, brothers and sisters, the 4th Saturday night in each month; tell those next to you and urge them to come out.

Those who deliberately stay away from our meetings are not only cheating themselves of that inspiration which makes them better Order members, but they are weakening the Order itself in this locality, which is no stronger than the loyalty and determination of the individual members make it. You suffragette members, while awaiting an opportunity to vote upon political questions, come to your meetings and show your fitness for the call by voting intelligently upon the difficulties which arise.

We are truly pained to hear of some of the boys being discharged for sleeping on duty. There’s no excuse for this when a man is working an eight-hour trick. If he is sick and can’t sleep his proper hours while off duty, he should so report, and not go to work in that condition and tie up the road. The company can not tolerate such services, and the O. R. T. can not uphold a man who does such things.

We have a few nons over here, and we must use our best endeavors to get them into the Order. This is the critical time of the year with some of the fickle-minded boys in regard to renewing their cards.

Send in your dues promptly. Put down at the head of your expense account, "$6.00 due January 1st and July 1st," just the same as your board or grocery bill, and send in the amount without delay.

Bro. O. C. Knight relieved R. W. Wrenn at Stacey, on fifteen days’ vacation.

Bro. Gordon Witt, of Lima, spent a few days in Washington this month.

Sister Alice Reamer, of Spencer third, after a few days off on account of ill health, bid in Sadler nights.

Bro. C. D. Kendall, of Brown Summit, worked a few days in “GO” recently, where it is now Bro. E. B. Mastin. Congratulations.

Bro. Watt, Shelton, has been on the sick list recently.

Bro. W. P. Ayres attended the Masonic banquet at Greensboro.

Bro. Ramsey and wife, of Jamestown, on their fifteen days’ vacation visiting Washington, Raleigh and Roanoke.

Sister Gertrude Smith spent several days at home recently.

I have been appointed division correspondent. We have needed one for a long time, and I would much rather someone more suitable had been selected, but if the boys will send me their notes by the 20th of the month, I will do the very best I can. All take notice, however, that the job is open at any time to anyone who will take it.

C. M. Kirkman, Cert. 2819.

Charlotte Division, South End —

We are proud to see Bro. Silby, Benton, back after an illness of three months. Bro. Silby is the right man in the right place.

Sister and Bro. A. E. Folger, Fallis first and second, have been on a trip to Havana, Jacksonville and other southern points.

Bro. J. C. Utsky, Greenville message side, on vacation to Charleston and other points on the coast.

Bro. B. B. Cheek, second Calhoun, assigned Courrelia agency; Bro. A. P. Lawrence assigned Calhoun second.

Bro. F. B. Higgins, Eastly first, on a trip to Washington, D. C.

Regular meeting was held at Central, S. C., on February 15th, with about eighteen present. You boys who didn’t come certainly missed a good time. New officers were elected for the coming year.

Bro. M. C. Rhodes, Norris agency, on vacation a few days.

Bro. J. G. Blair, second Calhoun, who went to Seneca on 41 (extra), while waiting for No. 35 there, on his way home, February 14th, was held up, robbed and pretty badly cut by unknown parties. We all extend him our deepest sympathy, and wish for his speedy recovery. He was relieved by Bro. J. F. White, extra.

Bro. O. P. Lawrence, Central second, off a few days sick, was relieved by R. P. Gaines.

The regular monthly meeting during 1914 will be held at Central, S. C., on second Sundays. Remember the date and place, and see how many can turn out.

Every member is requested to turn to page 3, January journal, and read, “Vital Element” and “Get busy.”

“ON” Atlanta Relay —

This office is in better shape now than ever before, and we are going to try to make this a banner year. All relay offices come on and give us some dots.

Atlanta Division, North End —

At present we have no outlet into the passenger department, as we have no positions wherein the operator comes in contact with the passenger department in such a manner as to acquaint the officials of that branch of the service with his
THE RAILROAD TELEGRAPHER.

525

abilities as a ticket man. Probably many of us desire a chance of promotion through this department. Certainly none should object to having one; so, it seems to me, a way ought to be provided. At present the entire conduct of the office at Dalton rests upon the first trick operator, who might work a lifetime in that position and still be unknown to the officials of the passenger department, while the general agent gets the credit for any increase in sales, or other showing the office may make, in return for the use of his name, which the operator signs to the reports.

It will not detract from the prestige of the general agent to make the proposed change. Why not give the one performing the work credit for the conduct of the office; and with it a chance of some better ticket agency? This arrangement should be to the interest of the company, as it will give it two accredited representatives, who, working in sympathy with each other, could materially increase both freight and passenger business. And it's only a question as to what name shall be signed to the reports as regards any change in the conduct of the office.

Write the local chairman, giving your views, at once, so that he will have time in which to get the matter ready for presentation to the committee.

In accepting the depot position at Rome, one leaves age and all chance at something worth while at other points behind. While waiting for something better an opening elsewhere might turn up, but without age, which was given up on acceptance of that place, one would have no chance. So that can not be urged as a reason against the change proposed at Dalton.

Brothers, get busy. We are entitled to the fruits of our labor. Let's get it. Cert. 735.

Atlanta Division, North End Notes—

I note Bro. R. R. J.'s write-up in the January journal in regard to a man being thrown out of his regular job by its abolishment, or from any other cause, not being allowed to "roll" anyone else in the service younger than he. I think Bro. Jones has "tread the wrong coon," as I do not know of anyone who has agitated the question of a man not being allowed to "roll" another in case a "regular" job was cut off.

What we referred to was "temporary" positions—less than twelve months' duration. If a man takes one of these temporary places, knowing at the time he accepts it that it is temporary, and the position is abolished, then he should go on the extra board until a regular job is bulletinized, as he is not entitled to "roll" anyone, because he took the temporary place as a matter of choice. I would not like to see a man with two months' age working a good job, and another with eight years' seniority working a third trick, but the latter has the same chance to bid in that "good" job as the former. If he failed to do so, whose fault is it?

As our contract now stands, temporary positions are bulletinized and filled according to seniority by men with regular jobs, some of them probably eight or nine years' age. When these jobs are closed in four or five months, these men are allowed to take their choice of any position their age entitles them to, and I know of several cases where an old man bid in a temporary position with the sole intention of "rolling" some younger man when the position was abolished, which he could not have done otherwise. I do not consider this a fair proposition. I believe in giving the old men preference over younger men, but at the same time I think the younger man should be shown some consideration, too, if he carries a card in his pocket. Because he hasn't got quite as much age as the other fellow is no reason why he should not be considered, too, as well as the old man.

If the proposed change is not a good one, as our brother seems to think, why should the Central of Georgia, our neighboring line, and a majority of other railroads have it included in their contracts? Certainly, if it helps them it will us. Our officials seem to think the change is necessary according to the bulletin that was issued when these offices were opened up last fall. They were accepted with the understanding that when abolished the men affected should take their turn on the extra board until a regular job was bulletinized.

It's just a matter of whether or not we will allow the contract to remain as it is, and be run around from one place to another every year, never knowing whether we will keep the same job ten days or three months, and have no chance to buy a home, settle down and prepare for a rainy day, or if we do buy one, after making the first payment allow some man to come along from an abolished temporary job and "roll" us off; or will we have our contract so amended as to cut this out and give us all some showing?

When a position is opened, let it be bulletinized, and every man have an equal show, according to his age. Should you or I fail to avail ourselves of the opportunity, then abide by the result, and not disturb a dozen or more men who are contented just because we failed to bid in the job at the proper time.

Should a "regular" job be abolished on account of depressive business, or any other unforeseen cause, then let the men so affected take their rights.

I think if this proposition was put to a vote of the members of this division it would be approved by at least 85 per cent, and I am in favor of the matter being handled by our committee at their next meeting.

"RN," Cert. 2850.

Atlanta Division, North End Notes—

Everets, from third, he being relieved by Mr. S. B. Dickie.

I did not receive a single note from anyone this month, and am not in a position to get all the changes. I would like to receive some news from the boys all along the line. Don't forget that this is the last month in which you have got to pay your dues, and "do it now."

"RN," Cert. 2850.

South End, Atlanta Division, Coast District—

This is our first endeavor to have a write-up from this end since the line south of Macon was formed as the Coast District.

Since the installation of block south of Macon and the opening of several new offices, there has been considerable changing of men.

We have been endeavoring to have a meeting the third Wednesday night of each month at Lumber City, but, on account of the very poor attendance, it has not been as much success as we would like to have it. Boys, make a special effort each month to attend these meetings. They are the life of the O. R. T. when successful, and make the men with up-to-date cards more enthusiastic in their endeavors to keep after the nons on each side of them.

Bro. J. J. Bridgen, agent McRae, is being relieved by Bro. Nipper, clerk-operator.

Bro. Davis, at "GM," will soon be occupying his new quarters, which will no doubt be very pleasant to him after spending several months in a box-car office, since the station was burned at that place.

Bro. Bartee spent several days recently with his father, who was reported very sick.

Bro. Brock, who has been sick for some time, is not expected to recover.

I want to ask the boys along the line to send me all the notes they can by the 20th of each month, in order that the write-up can be in Bro. Quick's office before the 28th. "Z" at "CN."

Mobile Division—

Let us see that everyone on this division has an up-to-date. Make them understand that as a non they are getting something which does not belong to them. When a man out of a job has an up-to-date card we know he is not a regular tramper.

Let's get after these nons now, and send in all notes we can to our local chairman, so we can have a write-up every month.

Bro. R. G. Bulloch, extra dispatcher, now has first trick on the south end, and, Mr. York, from the Birmingham Division, the second trick, all the old dispatchers being kept on the north end.

R. W. Puckett is on second "XN." Bro. Harris, while having an operation performed on his throat, was relieved by Extra Battle, who later bid in clerk-operator Marion Jct., and Bro. Reedy second, "DS," the new trick there. Bro. Trayler, second "Marion Jct.," bid in third Wilton. Bro. George Hale was on a few days' vacation recently.

Chattanooga, Tenn., "VN" Relay.—

Our force is very small here, only three of us besides the manager, the two who carry cards being Bros. Hanson, "W," and Jones, "F." We hope Night Wire Chief Lancaster will decide to come in later, as we need all good men like him.

Our manager is a jolly good fellow and seems to have his hands full amusing his grandson, after putting in a good day at "VN." Our popular messenger is happy now, since one of the picture shows have signed up to work union operators.

We are glad to see the write-ups from the other relay offices and therefore add our mite, as every little bit helps.

The Q. & C. hold now regular monthly meetings every third Monday in Central Labor Hall, third floor, Purger Building, on East Eighth and Cherry Sts., and extend an invitation to all of our men to attend. We are trying to organize an O. R. T. club, and hope every member who can attend will help us to get it started. Attend the next Q. & C. meeting, brothers, and we will see what can be done. Chattanooga is a good place for a telegraphers club, and we will do well if the boys will all become interested in it.

The writer would appeal to the men on the line to try and watch out for us and save us from having to call so much, as we are kept very busy and have to keep an average sheet showing what we handle each hour and on what circuit.

Having to call an unusual length of time lays out other business and makes it hard for the relay men who never get clear and are always on the go. Keep cut in, watch for us and try to run each other in, we will appreciate it and will always be glad to do anything we can for you.

Don't hold the circuit open to answer a telephone or get a train by. This is a dead lay out. If you will close it, we can possibly move one to some one else. We have to make a log of everything that takes place which will show up bad for some one, but if everybody will try to better things, we can save that.

Let us discontinue "scrapping" on the circuit or for the circuit. Everybody try to get along, run the students off and keep the live wire going.

We get good service from the line men into Chattanooga and appreciate it very much and hope to continue to improve as we go. We wish to congratulate our Bro. "BO" in "QN" office, for making good his song, "Gee I Hope it's a Boy." He should be very proud of the dear little "Bad-Order."

"Willie."

Memphis Division—

Brothers, let each of us get the few nons on this division in line. Explain the benefits of being a member of our Order, and if they stand you off the first attempt, try again with renewed efforts to show them what the Order has accomplished for them in the past few years and what we can do for them as well as ourselves in the near future, if they will come in with us.

It is an easy matter to find out from the local chairman who the delinquents and nons are, and then get after them.
Quite a number of the brothers have expressed a desire of having a meeting once a month at some convenient point, nothing will create more interest than a monthly meeting with a good attendance. Let us ask our local chairman to arrange this, near the middle of the division, so as many as possible can attend.

Bro. Hooker was relieved by Bro. Conover, later by Extra Kimbrough, who also relieved Bro. Atchley, agent Glines, while visiting home folks. Bro. Conover also relieved Bro. Wyatt a few days.

Bro. Monk, on a trip to Memphis, was relieved by Extra Thompson.

It is now Bro. Moore at "V." Div. Cor., Cert. 2641.

Knoxville Division—

The meetings at Knoxville have been discontinued, and future meetings will be held subject to call, and they will probably be held alternately at various places on the division, when I hope you will attend as it is the proper place to settle all discussions.

The west end of the division reported for the close of the year a membership of 99 per cent up-to-date. The general chairman will make a canvass of a portion of the division as soon as he can find the time, and will make clear to you some of the things talked about recently concerning the distribution of the increase, etc.

The last few bulletins show a number of demerits and a few dismissals. Let us endeavor to reduce these by good service, and never take advantage of good treatment. It has been said that this is the best division on the Southern for revenue, etc. Let us try and make it the best in other ways.

Dispatcher Guy Keister, the operators' friend, has gone to the M. & O. as night chief dispatcher. He stated to me that the telegraphers on this division had given the best service of any he ever worked on. Let us give the other dispatchers the same service.

Knoxville Division Notes—

Two certain conductors on this division show too much willingness to take their own orders over the telephone at Loudon and Athens. The brothers at these points or any other point should not allow trainmen to perform duties that are clearly those of a telegrapher. Telegraphers and station agents do not perform any duties outside of their regular work that would help to throw any train or enginemen out of employment, and we expect the same consideration from them, and must insist upon getting it. Watch this matter closely and whenever a trainman takes his own orders by telephone report the case to your general chairman and President H. B. Perham, voicing your protests in no uncertain terms.

Every man who failed to pay dues for 1913 should get a card at once. It will mean much to you in aiding the committee to secure better concessions for all of us. Those who fail to do so are against us and should be treated accordingly. Several nons failed to get a larger increase which they would have received had they been members. The committee is certainly going to represent the members hereafter. Individual effort helps. Get the names of these nons and delinquents from your local chairman.

All of these men received increases and vacation amounting to something like $100 in some cases and more. Get after them, brothers, and show them that it is to their own interest and a good business proposition to carry an up-to-date.

We hope we can have every man now behind renew before the committee meets, and stand with us for right and justice.

Div. Cor.

Birmingham Division, East End—

In the January issue our brother from Atlanta Division, writing on the "rolling" proposition, only gives one side of the question. I agree with him that it is hard to see a man with two weeks' age working some good first trick, and some old head working third "down in the Alligator District." An old head who will let a new man bid in a good first trick while he remains in the "Alligator District," fails to exercise his seniority rights. When a job is bulletinized the old heads can bid on it the same as a new man. A man who has worked on a division eight or ten years has a good idea which jobs will be cut off, and is not liable to remain on that kind of a trick. When a man is assigned a position let it be his as long as he wants it. In case it is abolished let him go on extra list, retaining his seniority bid on the first thing open that he has a right to. Not many men will suffer under this rule. The majority I have talked with believe the schedule needs revising on this line. More of the boys should make an effort to attend our meetings, and discuss these matters. There is no reason why one or two men from each station should not attend. Get acquainted and learn to have a more brotherly feeling for one another.

Bro. Harry Foster relieved Mr. Smith, third Muskadine, a few nights, who says he is not going to telegraph long and can't see his way clear to join. Mr. Smith should pay the O. R. T. the $4.00 it secured for him.

Bro. Lawrence, the only man with a card in "GS," made us a nice talk at the last meeting. He needs our help in lining up the nons there.

Former Bro. J. S. Aly relieved Bro. W. T. Crawford, agent Brompton, a few days; Bro. M. Jackson, first Cooks Springs; Bro. O. L. Haward, second Cooks Springs, a few days, and Bro. J. T. Rhodes, agent Iron City, one day.

Thanks to Bro. M. Jackson for the news he sends each month. I wish every man on the
division had the interest in the welfare of the Order that Bro. Jackson has.

C. E. Crawford, Div. Cor.

'Birmingham Division, West End—

The regular meeting was held at Parrish, February 22nd, with fairly good attendance. One candidate was initiated, and several more are on our list. Everybody keep right after them until we get the division solid. We would be glad to see a good sized crowd out next time. Let everyone make an effort to attend these meetings; we always have something new and interesting to all of us.

Bro. Stewart, at Berry, has the promise of an operator the year round, which has been needed for some time.

Sister M. P. Johnson, second Corona, is on ninety days' leave, relieved by Mr. Kinsdale.

Bro. T. M. Cannon, first Parrish, who bid in Pell City, was relieved by Bro. P. M. Griffis, who later bid in third trick Corona.

Local Correspondent, Cert. 253.

Washington Division—

Bro. W. E. Berry, of Orange, Va., has been appointed division correspondent. We hope to have a good write-up from the Washington Division in the future, and that all will co-operate with Bro. Berry in getting the changes.

P. McCleary,
Assistant Local Chairman.

Queen & Crescent Route (North), Div. No. 62.

Cincinnati to Chattanooga—

Bro. F. G. Gardner is relieving Agent Myers, Georgetown, Ky., while he attends duties as representative (Scott Co.), Frankfort, Ky.

Brothers, this write-up represents the entire C. N. O. & T. P., Cincinnati to Chattanooga, and each of us should contribute items therefor; please mail them to me as they occur. Let us persuade the nons to get a card, and make the old Q. & C. solid O. R. T.

In order to give all members a chance to attend, a series of meetings were held over the entire division in January; beginning at Birmingham, Ala., January 13th, at 7:00 p. m.; Tuscaloosa, Ala., January 14th, at 7:00 p. m.; Eutaw, Ala, January 15th, at 7:00 p. m.; Chattanooga, Tenn., January 17th, at 7:00 p. m.; Oakdale, Tenn., January 18th, at 7:00 p. m.; Somerset, Ky., January 19th, at 7:00 p. m.; Danville, Ky., January 20th, at 7:00 p. m., and Lexington, January 21st, at 7:00 p. m. The meeting which was scheduled to be held at Meridian, Miss., January 16th, was deferred on account of the general chairman and general secretary and treasurer not being able to get there in time.

The meeting at Chattanooga, Tenn., was a success from start to finish, there being a good attendance, two brothers of Division 53 being present. The bunch of live wires in and around Chattanooga have organized a telegraphers' club, to meet on the night of the 23d of each month. All who failed to attend any of these meetings missed a great deal. By attending we get better acquainted and closer together. Instead of getting out on the street corner and telling your troubles, come to the meetings and tell them, where there can be some action taken in your behalf.

I would like to see every member of Division 62 land one non during 1914. If there is a non working with you, or at the next station to you, don't let up on him until he has a card. "No card, no favors," is our motto. When you show a non as much courtesy as you do a member you make a great mistake. As it is nearly time for our general committee to meet the management again, we should make a general clean-up among the nons.

Bro. G. W. Hatfield bid in third Lancing, Tenn., vice Bro. J. D. Pemberton, who bid in Lancing agency.

Bro. M. O. Buttram, from Oneida nights, third "FR" tower.

Bro. Allen, relieved Nelson, "GV" second, a few days.

Bro. "Cody Bill" Grayson, accompanied by Bro. B. W. Grant, from Division 59, returned from a successful hunt recently.

Bro. Ray Gardner, who recently relieved Bro. F. A. Lewis, agent-operator Devon, while sick has returned to Hinton.

Bro. Vallindingham, second High Bridge, visiting at Science Hill, Ky., was relieved by Bro. Frank Mason.

Bro. F. K. Dunningway, "UN" Oakdale second off on account of the death of his mother, was relieved by Bro. Owens.

Bro. J. S. Dumas relieved at Nicholasville, while Mr. Webb was on vacation.
Rices Creek nights bid in by Bro. H. B. Griffin; "US" Jet. third by Bro. Dungan.

It is now Bros. Shoppe and Rich, at "DV" Danville, latter relieved on first "UX" Oakdale, by Non Barlow.

Thanks to all who contributed.

DIV. COR.

A. G. S., Chattanooga to Meridian—

I recently made a trip over the Chattanooga and Birmingham Division, and met with much success, and wish to thank the brothers and sisters for their kindness and courtesy. I am contemplating my first trip over the south end, from Birmingham to Meridian, and hope to meet with similar success. This division has only recently been assigned to me in addition to the Chattanooga and Birmingham Division.

I wish to impress on the brothers and sisters the importance of mailing me a carbon of your bids. I can then tell who has bid on the jobs, and see that you get your rights. We have been taught a lesson on this subject recently; I also earnestly urge upon you all the importance of always keeping up to date, so that we will have a strong backing when the committee goes up again. Get the habit of helping yourself and you will help your brothers and sisters, and dependent families. We are working for a common cause, and must stand up for our just rights. Do not allow yourself to become delinquent and work side by side with a good brother or sister carrying your part of the burden. The first obligation to your good family and brother laborer is to pay your dues in the Order. I hope our division correspondent will be able to get in a good write-up next time.

Queen & Crescent (South), Div. No. 69.

N. O. & N. E. R. R.—

We would appreciate it very much if each one would send any changes or anything else of any interest to either Bro. Bilbo or myself. We must have your support to have a write-up each month.

Our committee met the management of these lines on January 13th, but the "thirteenth" proved unlucky for us. After listening to their (the officials') hard-luck story for a good part of two days, it was decided to call the meeting off, and at a later date, when the time seems more opportune, resume our negotiations with them and get our contract revised, but in order to do so it will be necessary to have the entire support of our membership, and we can not impress upon your minds too forcibly the necessity of complete organization. I hope every member will take it upon himself to find out if the man working next to him is a member; if not, ascertain why, and show him the importance of joining.

Our present wages and working conditions, which have been greatly improved in the last few years, are due solely to the efforts of organized labor, and by more thorough organization we will be enabled to accomplish still better conditions and rates of pay.

The writer was recently in conversation with a member who was very enthusiastic; learned later that he was working between two nons, and thought them up to date, when one of them has never had a card. Brothers, it is your duty to know where you stand and where the man stands who is working beside you, and you should make it your business to inquire into his case.

The nons have no excuse for not being members. If they can not live and have enough spare money with the increases they are getting over the salaries a few years ago to invest in an O. R. T. card, we fail to see how they existed when working on a small salary.

When Homer Evans, of Poplarville, was sick with typhoid fever, our members and employees went to his assistance, and we feel sure he will show his appreciation of this now by joining. L. D. Austin, at Hattiesburg, keeps promising. Ex-Bro. Singleton, at Vossburg, has a much better paying position than ever before, his seniority secured through our organization being instrumental in getting him the place. These men always take their vacations. See them and get them in line.

Bro. H. H. Kamper, of Barnett, on vacation in February, was relieved by Bro. Will Horne.

Bro. Ed. Reed, of Moselle, has been off with the mumps.

Bro. Apperson, of "MY" Meridian, freight office, was relieved few days in January by Mr. Poole.

Bro. L. H. Bilbo has been relieving sick men at Lumberton, Poplarville and Eastabouchie.

Bro. Thiele, of "JC" shops, was off few days recently sick, relieved by Mr. Holmes.

Members have been very prompt in paying their dues this term.

Send in the names of the extra men, with their standing, as soon as they alight, so we can put them in this division.

We are indebted to Bros. Bilbo, Apperson and Weems for news items this month. Come again with anything interesting, and we will have a write-up each month, and remember that it takes every member to make a complete organization.

We very much appreciate the interest some of our members are taking, and would like to see a great campaign made to complete our organization. The responsibility for this rests upon every one. Do not shirk your duty, but lend a helping hand in every way possible.

M. V. Hickman.

Eastern Division—

Bro. C. O. Davis, at Elrick Jct., has transferred from the Grand to our division. Hope he will line up the agent and third trick operator there.

Mr. Coons, third Brighton, Iowa, was in Burlington recently to take the examination for R. R. mail clerk.
Bro. Heritage, first trick dispatcher, is now car man at "DS" Oakaloosa.

Brothers, we have too much at stake to think of dropping out. So keep in line and get our profession up to a living wage. Let's all get busy and help the good work along. Send in your items, boys; none in this month.

W. C. M.

C. and W. Divisions—

J. E. Dwyer, who bid in third New Prague, will come in soon.

H. S. Wolters bid in Winthrop agency, vice C. A. Carnes, resigned, now in a bank there.

Some of the old-timers are getting in line, and several nons have promised. Keep after them until they are all cleaned up.

C. E. Goethe, former agent Watertown, is now at New Prague agency.

Ex-Bro. Moss relieved S. H. Jones, agent Perry, resigned.

Bro. Allen, of Callendar, relieved Agent Lemberg, at Rippy, while off on account of the death of his father in Minnesota.

Bro. M. A. Sandmier, agent Moorland, visited his brother at Waukeee recently.

Helper at Gilmore taken off and Bro. A. J. Richards resigned.

Bro. E. J. Hughes is now on second Perry.

Sister Mrs. G. W. Hanley is on first, and Bro. G. L. Carr on second Gowrie.

Each member has been mailed a copy of the seniority list. Those who did not receive one, apply to your superintendent or local chairman. In making bids for a position mail a copy of same to your local chairman. Notify the general chairman of any violation of our agreement immediately.

Let's see if we can't make the C. & W. solid by the time the committee goes in. If the nons expect anything they should line up with the rest of us. Everyone make an extra effort to bring them in.

General Offices "SJ"—

The officials following their usual custom of fairness in recognition of good service during the rush season are now giving the usual summer vacations of ten days with full pay, saving the expense of extra men, and keeping the younger men on the pay roll.

The way the boys are now coming in indicates that our "booster boat" is getting results. Some of the divisions are almost solid, and we will soon be 90 to 95 per cent for the entire system. Get busy with the nons, boys; back the committee up solid and we will be rewarded with a schedule that will compare favorably with any in the country. Sentiment does not enter into a business proposition. Every brother select a non and keep at him until you get his application.

Bro. Lyle Alverson and bride went to New Orleans on their honeymoon to the Mardi Gras. Congratulations.

Bro. and Mrs. P. E. Gray are now enjoying their annual vacation (with pay), visiting friends in Kansas City and Omaha.

Bro. W. J. Early was off two days visiting with his parents in Chesterton, Ind.

Bro. Troy was a welcome caller at "SJ" recently.

Bro. Smart, the C. N. W. "Abe Lincoln," extends a cordial invitation to the brothers to attend the Cort Club meeting held in the Masonic Temple, 9th floor, first Saturday in each month; there is always something interesting and beneficial at these meetings.

Only two nons now in this office, and one of them promised his application March 1st.

"E."

Chicago Terminal—

The meeting held in Chicago, February 22d, was better attended than the last, and was very instructive. The boys went away feeling that they understood conditions better than ever before, and willing to abide by whatever the general committee think is best to do.

Bob Crampton, first Division St., off a few days, was relieved by Bro. Goebel.

Bro. Morrison, fourth trick Canal Jct., is on another leave of absence, owing to illness of his wife.

The local chairman was visiting Des Plaines recently transacting a little business with Bro. Ganley.

Bro. W. E. Watt, formerly first Rose Hill, is now on third Main St., vice George Russ.

Brothers, we must wait until our committee feels that the time is ripe for action; perfect our organization, and remember our motto, "No card, no favors."

Brothers, have you paid up your dues to Bro. I. R. Kempkes, at Nevada, Iowa, and your M. B. D. assessment to Bro. L. W. Quick, G. S. and T., St. Louis Mo. If not, do so at once. This is very important, as our committee will soon convene and needs all the assistance and financial help we can possibly give it; also keep after the nons and get them in line. Cert. 262.

He pursued his medical studies while working a shift in Chicago, and is fully entitled to all the glory that may be his through his remarkable discovery. May there be more of us "go and do likewise.”

Keep up the good work, brothers, and we will soon have a solid division, which is needed before the committee goes to Chicago. Bro. Drengler came all the way from Denmark to attend.

Our hall rent, printing and other things of importance are paid out of our local fund, and every member should pay his local dues promptly.

Bro. E. A. Roach, Wakefield, is on vacation, relieved by Bro. Hunzick, from the south end.

In mentioning R. B. Penberthy in our previous write-up, the title of “Bro.” was omitted. We find he is an up-to-date member.

D. V. Cronin, Hurley, is on vacation, relieved by H. H. La Fave.

Our new local chairman has been over the division and secured nearly all those who were not up to date. This is good news.

A circular just out called attention to the Federal Hours of Service Law, that we can not exceed thirteen hours per day at a station operated only during the day. This not only applies to the handling of trains, but also to any other station work where the employee comes under the schedule. All concerned should be very careful, as it is apparently the intention to follow up the matter.

Every member should make a special effort during the next few months to line up the nons and delinquents solid on this division, so that we will not be obliged to send out an organizer, which entails quite an expense. Apply to local chairman for list of nons.

Brothers, be prompt with your dues and save Bro. Kempkes a lot of extra work.

---

**Iowa-Minnesota Division**

We must keep right after the nons and give them to understand that they are not desirable fellows unless they take out a card. There are places where O. R. T. agents have nonoperators working for them. There is no excuse for such conditions. This is a business proposition and the nons should be given no rest until they come in. We must keep right after them until they do. They are working against us as long as they remain nons.

Our committee will soon go in for a revised schedule, and we must get right in behind it with a solid membership.

I sent out several requests for news, but the only ones I heard from were Bros. Odin and Byrd, who I wish to thank for their contributions. Please send in any news you have, no matter how little.

Our general committee will soon convene in Chicago again to negotiate with the management for a revision of the schedule and an increase in wages. Everyone of us must try and land a
nion. The revenue our treasury will thus receive will help considerably towards our success.

We had a very good meeting at Redfield, Sunday, February 22d. The storm cut down the attendance, but those who were there were well repaid for the effort they made to attend. It was decided to hold our meetings regularly on the second Sunday of each month at Redfield, beginning in April. We hope the members of the Huron-Pierre Division, which has not been represented at the last two meetings, will be present. Bro. H. D. Harrington was elected local secretary and treasurer.

It's now Bro. Plank, second Bassett.

Bro. Babcock is on second freight yard office, and Bro. Shubert, relief agent, Bennington agency.

Your local chairman has his station work and other duties to perform, so get after every non you know of and don't let up until he lines up. Write to the chairman for the list and get busy.

We are pleased to learn that the wife of Bro. J. H. Howe, at Valentine, who has been very low, is now convalescing.

CERT. 194.
New Orleans, Mobile & Chicago R. R.,
Div. No. 80.

New Albany Division—
Everything is modern and up-to-date on this 367 miles of road from Mobile, Ala., to Middleton, Tenn., except the telegraphers; therefore we have not the schedule we should have. If I can get some co-operation from the brothers, we are going to wake nons out of their lethargy. We have too many students and as long as we retain them as assistants we will never get any extra help, the company always preferring them to any experienced men. If there are two extra men on the line, the ham-student will bid in the first opening and get it. Every brother should line up his neighbor agents and operators, then we can get as good schedules as other roads; until we do we will still be hammering away for our little $50 a month and express commissions, which the parcel post has almost robbed us of. I am getting a list of the nons on the New Albany Division, and will work on them until they come in, and hope every brother on his respective division will do the same.

Third trick dispatcher at Relay yard was relieved by Bro. L. M. Sharpe, second Ackerman, on account of C. D. T. Holland being sick.

Ernest Haney has returned from Laurel agent's office.

Let us all be up and doing, and every man put up above his desk this motto, that I see in offices along the Q. & C. when I travel that route, viz., "No card, no favors." 

Southern Division—
Bro. G. R. Smith, off with the mumps, relieved at Newton by Bro. W. W. Watts, who later relieved Mr. Mansfield there, also down with the mumps. Bro. C. H. Weathersby, agent Deemer, on sick list, relieved by Bro. Callehan. Bro. M. J. McWhorter, Decatur, also on sick list a few days, relieved by Bro. A. L. Rayburn.

Boys, there are only a few nons on this division. Let's try and get them in, so we can go up next month and get a new contract, less hours, more money. They are getting the fifteen days and pay secured for them by the O. R. T. the same as the members, and should come in and help.

Third Trick Dispatcher Bennett, called to his home recently on account of his father's death, was relieved by Bro. Lindsay, trainmaster's clerk, Louisville.

Bro. S. G. Smith has resigned.
Chief Dispatcher Johnson spent several days in the southern part of the State recently.
Bro. Collier, first Ark. Jct., on committee work in Denver, was relieved by Mr. Kirkpatrick.
Bro. Taylor, Cascade, baching now, has gained quite a reputation for making Chinese noodles and chile.

"K. N."

Second District—
Bro. C. F. Ellis has resigned as second district correspondent, and I will handle it for the present. Kindly drop me a card if you catch a news item.

Borsman and Scandlan are the only nons on this district.

F. B. Ross, L. C.

Brothers, we have been sailing the past year over troublesome and turbulent waters, and it seemed at times as if the "tidal wave" was about to rush in and then engulf us; but now, not far distant, we see that happy and glorious land of brotherhood, where we must band together and protect each other. We owe it as a duty to ourselves and families, as well as the Order, to get in every worthy non working with us or at the next station. Remember that every new member added throughout the country means a step nearer to thorough organization; so, brothers, get busy, and don't be satisfied with just paying your dues from year to year. Get enthusiastic over this work of thorough organization, and you will enthuse the new member and everyone else you meet.

Send your "Scribe" all the notes you can each month, not later than the 20th. As I only have a wire about 50 miles each way, it is hard to tell what is being done on the other 530 miles.

It is now Bros. Mitton, at Oakfield, and Barnett, at West Seboois, and there are quite a number who should now follow their footsteps.

Bro. Crozier relieving Mr. Sylvester at East Millinocket, on the sick list.

Bro. Price was relieved at Patten by Mr. Mosher.

Miss Clark, from Sherman, is now at "BC," Milo Junction.

Bro. A. H. McNair bid in third West Seboois.

Bro. Meisner has returned from the West, and is now on first Rand Cove, which with Norcross has been put on a two-trick eighteen-hour service for the winter season. Bro. Crocker is on second Norcross.

Bro. Buchanan, third trick dispatcher, has returned to "WB," Bangor, after being on the sick list several days.

Bro. Dunphy is now chief clerk to Superintendent Hallett.

Bro. Crommet, relieving at Griswold, was on the sick list recently.

Bro. Matthews, to Sheridan agency, relieved by Bro. Lyons, from Jentland agency, at Masardis agency, on bid; Jentland now on bulletin.
Bro. Mooney, agent Island Falls, and Mrs. Mooney, have gone South for the winter; Bro. Brooks relieving.

Bro. Mahaney, of Davidson, recently spent Sunday in Bangor.

There was and may be yet a tendency on the part of some conductors to sign up train orders for the engineers, and vice versa, which is, of course, strictly against the rules, and the telegraphers who allow this are also at fault. I am very glad to say that there has been a decided improvement along this line on the Southern Division. There may be some few cases where it is done after obtaining permission from the dispatcher; even then his right to request or allow us to violate an established rule might be questioned in case of an accident, and the blame put on the telegrapher; so I take it that it would be the safer plan to have each one sign personally. Remember that our attitude is to be strictly neutral during this strike. We should neither do anything for or against it. All of us have seen enough of the present so-called engineers and firemen, and would like mighty well to see the good old boys back, so let's not do anything to mar their chances. If we have to do either one of the two, let's help rather than hinder. Chances are mighty good for the old boys today, and it seems as though we will eventually see them back.

Let's get down to business, get the nons, have no friendship for the scabs.

Yours for thorough organization.

CERT. 52.

Northern Division—

Bro. Crommett is acting as station agent at Griswold.

Bro. R. B. Wakefield, from the Maine Central, is on second Oakland.

Bro. Kelley, train dispatcher "KK," is on the sick list. We all hope for his speedy recovery. Chas. McLanson is now car distributer at "CD," Bangor, relieved as yardmaster at Oakland by F. E. Duplisea.

Bro. Griffith has returned from a week's vacation in Boston.

Bro. Mitton bid in first Oakland; Bro. Griffith bid in third, and H. E. McAllister, from second there, who went to Plaistow, will be with us next pay day. Bro. Walsh goes from Limestone to Oakfield agency.

CERT. 141.

Texas & Pacific Ry., Div. No. 88.

Transcontinental Division—

Recent new members are: H. C. Ezell, extra agent-operator, Windom; R. R. Campbell, agent Dixie, La., and H. G. McDonald, agent Belcher, La., with several more promised in the near future.

First Vice-President Kearney remarked, during our recent negotiations, that he hoped every good telegrapher on the Texas & Pacific would join the O. R. T. and live up to its teachings and be a loyal member. We certainly appreciate Mr. Kearney's attitude towards our fraternity, and each one of us must show him that we appreciate it by doing our best to give first-class service and be loyal to the company's interest in all things. We are getting friendly and courteous treatment from all of our officials, and we should do all we can to keep the good feeling and good work going on. Of course, little misunderstandings, and even grievances, come up occasionally, but we must try to keep these down to the minimum and always do the right thing under all circumstances.

Better tracks and fast trains will probably be a reality on this division in the very near future. Heavy steel is being laid between Sherman and Bonham, and the gravel trains are already at work, showing that the division is to be put in first-class condition as rapidly as possible. The joint track, from Whitesboro to Ft. Worth, is to be given eight inches of rock ballast and made one of the best pieces of road in Texas. Let the good work go on. We are already doing a big business, and it is gradually getting better.

Bro. S. McGlasson, second Bonham, off recently on account of sickness, was relieved by Bro. E. L. Harvey, who also relieved Bro. F. A. Wemple, on third there, while on a few days' hunting expedition. We hope he left some game for seed next fall.

Bro. E. M. Jackson and Mr. Robertson, DeKalb, were relieved, respectively, while on business in Texarkana several days, by A. S. Bailey. DeKalb operator has been pulled off.

Bro. Maddox, third Paris, called home to Keller, Tex., on account of his mother's illness, was relieved by J. W. Wilson. H. E. Gillis, second Paris, has just received the sad news of the death of his brother, Chas. H. Gillis, superintendent "Clover Leaf" telephone system. He was stricken with apoplexy in the "Clover Leaf" yards at Frankfort, Ind., January 28th, and died soon after reaching the hospital. He was an old train dispatcher and a member of the O. R. T. in the nineties, on the P. C. C. & St. L.

G. F. Tapp, for many years assistant roadmaster, has resigned, succeeded by Thos. Higgins. We all liked Mr. Tapp, and wish him success.

Boys, send me all the news you can by the 20th, so we can have a good write-up every month. It will only take a very little time to do this. Answer calls promptly and be right on hand all the time and up-to-date in everything.

P. O. Ruthven, L. C.

Eastern Division—

Brothers, it is very necessary in order to have a write-up each month that you send me items of interest from your vicinity by the 20th, so I can get it to St. Louis before the 28th.

Bro. Cherry, Messrs. Van DeMark, Rhodes and Harris, extras, will kindly furnish me items each month, stating where they worked and who they relieved.

All the nons should be solicited to become members, and no excuses be taken. Compare our contract and schedule with older organized roads, and you will realize what a good one we have to
were taken off, and at a few other places. Manager Stephens, "BG," is alone with the dispatchers now. Agent Leighty, at Merkel, lost his warehouse man, and the station forces were cut some at Abilene and Baird, but the grain and cotton crops will begin to boom things shortly.

The bulletin system is working fine and the boys are bidding into the jobs of their choice as they open.

It is now Bro. G. E. Day, at Merkel, and Bro. J. C. Childress, at Trent.

Don't forget the nons who work with you, and try to impress upon them the necessity of having this division 100 per cent.

Bro. Dowdy bid in Barstow station, relieved at Stanton on bid by Bro. Price, of Midland.

Bro. H. W. Hester, Merkel, bid in Kent station, being relieved at Merkel by Bro. Rogers, who was cut off by reduction in "BG," and G. A. Collins bid in third Cisco.

Clyde station bulletin temporarily, owing to the ill health of Agent Hall, was bid in by Bro. Stover, relieved at Tye on bid by Bro. T. M. Vick, of Ranger. Pecos third is up for bids.

We are glad to see Bro. Caley back on third Abilene; he having been the victim of typhoid for awhile.

Telegrapher Barkley, from the C. B. & Q., who has done no telegraphing for years, was at Stanton pending bids. He intends to line up again.

Trick Dispatcher Glenn has returned to Big Springs, after a spell of sickness. Dispatcher Flueallen has resigned. Dispatchers Pool and Paylor filled the vacant chairs; later Bro. Paylor visited with relatives at Abilene and other places for a few days.

T. M. Van Horn, of Westbrook, an old-timer with the T. P., who has been in the mercantile business for some years past, is back at the key again.

Cox. 89.

Rio Grande Division, West of Big Springs

We are most of us young in the cause of the O. R. T. now working under the first schedule on this road; therefore we should study the rules of the Order as well as the company, and do our very best to give satisfaction to all concerned. We have, one of the best contracts with the best people to work for in the country. Let us live up to it in every respect, then we can expect the company to do likewise. Don't consider it a personal favor to the dispatcher to come to your office early, or stay late, or work the meal hour, and not turn in overtime, as the company will gladly pay you if you demand it. Turn in every hour's overtime you work. If you don't you are working against your own interest as well as your brothers.

Brothers, don't keep students around your offices, letting them handle the wires and teaching them the agency work. This is strictly against the
The rules of the O. R. T., without special permission, and you are subject to dismissal from the Order. If you can not do the work without help, you had better quit than violate your obligation.

Extra Agent-Operator Bro. Barkley is at Stanton pending bulletin assignment.

Night operators cut off in "BG" placed Bro. Rogers on third Cisco, bumping the youngest regular man.

Extra Operator Dier got married, then hiked to the G. H. & S. A. at El Paso.

Bro. Tobe, Paylor, is dispatching third trick and doing fine.

Eleven different orders came together in a meeting at Big Springs, February 5th, for the purpose of adjusting the trip pass business. The O. R. T. was represented by Bro. J. T. Cross, appointed by Local Chairman Bro. Henderson. If there is anything doing to better the cause, we want the O. R. T. to do its part.

Mr. Boyd, third Pecos, on three months' vacation, relieved by Mr. Scott. If he don't return it will be bulletined.

Agent-Operator Hamlett, from Odessa, was at Big Springs, February 11th, as witness in a W. U. case.

Bro. Simmerson, of Odessa, died in Marshall Hospital recently, and was buried at El Paso. The operators and others along the line sent a nice lot of flowers there for the funeral, and received a note of thanks from the brother's wife.

Bro. Cross, Odessa, will give any items of interest his best attention, and see that we get a write-up each month with your assistance. This is to include Big Springs and West. "73" to all.

"CS."

Louisiana Division—

Now that the busy season is over, we want to have a write-up every month, and will ask all members on this division to send in notes to Bro. R. E. Cecil, Burton, La., regular correspondent, and the boys on the Marshall and Bunkie Districts also contribute, etc.

The superintendent's office will be moved to Alexandria, so, boys, look out for the new jobs to be bulletined, as this removal will cause several important changes.

Brothers, send your dues promptly to Bro. Hambright. It will save time and trouble to all concerned. Keep up to date all the time, as a mishap may fall on any of us at any time.

Bro. L. B. Mattingly and T. F. Sledge, Donaldsonville and Grand Cane, La., respectively, two of the oldest employees in the service, joined recently, unsolicited. We sincerely hope their example will be emulated by the younger men on the road, and thereby assist us as well as themselves in the worthy cause. Keep up the good work. Our chairman has secured twenty applications in the last two months, with the able assistance of Bros. W. H. Robinson, of Glynn, and H. J. Smith, of Cypress. Everybody be an organizer and write up your neighbor. Your chairman will send you all the blanks you can use, with the amount to be charged for fees.

Bumping is still progressing merrily. Mrs. Anthony, second Glenwood, took East Concord, vice B. I. Raych, to third Hoyts, vice Miss Lucy Larkin, extra list; Sister R. M. Button, West Falls second, to Glenwood second, vice Bro. McGavern, to Beaver second.

Bro. Wm. Depka bid in Great Valley agency, vice Bro. Lee Richards, on leave. Bro. C. A. Doh, relieved Depka at Jewettville agency on bid, relieved by Geo. Smith, returning to East Hamburg second, from which he was recently bumped.

The new bridge south of Great Valley is now complete, and third there closed, vice Oconner, with a good list of seniority, who has not yet started to bump.

We were hoping that some of the offices recently closed would soon open and eliminate the bumping, but, as business is still on the decrease, the aspect is rather poor.

Bro. M. McGurn, Ashford third, off a few days on account of a strain caused while throwing lever, relieved by Mr. Kelley.

A number have been called for relieving other telegraphers on the eight-hour jobs before the specified time. Although within the nine-hour limit it is not a violation of the law, still it should be discontinued, as the officials are very averse to it. Secure permission from the chief dispatcher and be on the safe side.

The writer recently had the pleasure to meet Extra Conductor Watson, of the Middle Division, who has done no telegraphing in years, but still carries an up-to-date O. R. T. card. Some now in the service could emulate his example with credit and profit to themselves as well as their fellow-workers.

It is now Bros. E. G. Reynolds and McGavern. Some of the other telegraphers on the road longer than they have been, who have been receiving the many benefits of our organization, should get wise.

C. A. Burrell.

Mississippi Division—

On the second Sunday night in February we held one of the best meetings, at Holly Springs, that the writer has attended in quite a while. On our arrival there a committee met us at the train, and we were invited into the hotel dining-room, where one of the most delightful suppers was served, after which Mr. McDermott passed the cigars, and we enjoyed a good smoke. I hardly know how to express our thanks and appreciation to the committee who arranged this affair, or to Hotel Manager McDermott, who served it, but I assure them it was appreciated by one and all. After supper we were escorted to a large room upstairs, where a good meeting was held and several business matters thoroughly discussed. Those answering the roll call were: Bros. Mulhall, J. E. Bull, Bryant, F. L. Allen, Jones, Huff, Gore,
Rowe, H. B. Caldwell, Neely, Tyler, Crawford. Kirkwood, Furell, Sommers, Turner, Herr, Faucett, Oliphant, Goolsby and Hamilton. I see no reason why we cannot have a greater number at Grenada next month, as the trains will allow more to attend there than at any other place on the division, arriving there from four directions at the right hour for night meetings.

Bro. Steel is relieving Bro. Duke, agent Seebold, owing to illness.

Bro. G. E. Calloway, of Oakland, has been enjoying a sixty-day vacation, visiting in Chicago and St. Louis. While in St. Louis Bro. Calloway paid our general offices a visit.

On account of Mardi Gras, night and day offices were opened at Oakland and Hernando, on the Grenada District, which required four additional telegraphers, filled by extras. Bro. Allen and wife, of Hardy, and Bro. Davis and wife, of Coffeeville, were New Orleans visitors during Mardi Gras.

Bro. Bracken was required to go to Chicago and have glasses fitted on account of the examination a few weeks ago, which we all had to undergo.

Bro. Winn, of Horn Lake, was off a few days, relieved by Bro. Holley.

Bro. White, who has been in the Chicago hospital for some time, is back home at Ackerman, and we hope will soon be able to work.

Bro. L. D. Goolsby bid in Ethel agency during Mr. Cook's thirty or sixty days' leave, owing to bad health.

Bro. Ballard, first West Point, resigned, relieved by Mr. Arnott, of second there, on bid. Latter now on bulletin. Grenada third also on bulletin again, Bro. Gule returning to Durant.

Cert. 326.

Louisiana Division—

Our meeting at Hammond, February 28th, was a hummer. A large crowd was present and lots of business disposed of. The legislative committee for the State of Mississippi rendered its report, showing that both the "bonding" and "coercion" bills had passed, which puts that grand old State in the front ranks as to progressive legislation for the telegraphers. After all routine matters were disposed of Local Chairman Miller explained the proposed new contract, the changes in rules, etc., which looked good to the boys, and they all pledged their support to the committee.

The strawberry and vegetable season is now on. The prospects for a large crop is very good, and it's going to make the boys hustle to handle it. Other business is good, and it looks as if we are going to have another season of prosperity and good times.

After bidding in the Natchez agency, Bro. Elsley found it undesirable, and, by permission of the superintendent, went back on the extra list. The station is on bulletin again, with no takers, owing to the inadequate force there.

Sister Addison found the work at Canton too strenuous, owing to poor health, and as her former job at Yazoo City was again on bulletin, she bid it in. Canton second is on bulletin again. also second at Jackson, Miss., Bro. W. W. Hill having passed it up and decided to stay at Brookhaven, so second at Jackson is on bulletin again. Hereafter when a man bids on a job and has been assigned to it, he will have to take it or go on extra list.

LeBlanc's telegraph school at McComb guarantees to graduate the victims in three months and get them positions with the I. C. There are still a few "suckers" born occasionally.

Bro. W. W. Sloan, agent Leitchfield, Ky., en route to Beaumont, Tex., spent several days in New Orleans, taking in Mardi Gras and enjoying the good things. He says the Crescent City is "some town."

Div. Cor.

New Orleans Division, Y. & M. V. Ry.—

Last check of this division shows a good, solid percentage. However, there are a few who need our attention, and if pressure is brought to bear in the right place, we will get them.

A number of new men have drifted in with the busy season. Many of them are lining up with us, and several members of other divisions have been transferred to 93. Welcome.

Bro. L. W. Lyle, agent Norman, while having his eyes treated, was relieved by Bro. L. V. Lyle, of Baton Rouge, and he by Bro. W. W. Fincher, from Reserve first, cut out.

Bro. McNair resigned St. Gabriel on account of his health. Agency assigned to Bro. R. B. Donald, of second Reserve, one of our new men, and a good one. Bro. W. H. Felps, second Reserve (discontinued), relieved Sister Rollins at Pattison while attending court at Vicksburg. Bro. A. L. Achee, from the Missouri Pacific, transferred to Division 93, on third Reserve since first and second there discontinued, works all night, the office not being used for telegraphing days.

Bro. Hallidie bid in Lutcher agency, relieved on bid by Young at Bachary agency. Samuel Hosea is at Baker, vacated by Young, pending bulletin. Sister Smith, of Garyville, spent a few days with home folks recently, relieved by Mr. Dawson.

Bro. Montgomery, of St. Rose, attended court a few days, relieved by "F.R." from Lutcher.

Bro. James, agent Reserve, spent Sunday recently with the old folks at home.

Bro. Cogan assigned Port Gibson third; second there on bulletin. It won't be open long, as everybody likes to work with Bro. Daugherty.

Bro. L. L. Briggs resigned third St. Gabriel, relieved by Bro. Holt, now on sick list, relieved by Mr. Taylor, from the N. O. M. & C.

Bro. Caulfield, agent Burnside, while attending Masonic lodge, was relieved by Bro. Phelps.
Bro. Brignac, agent Norwood, off on account of sickness, was relieved by Relief Agent Drumgoole.

Bro. Bond has returned from "HD" Wilson to Harriston.

The best proof that you are a good member is to keep an up-to-date card and keep constantly after the nons on your division. Let's all be good members.

Bro. Spinharney, at Meriden, has asked for six months' leave, and the station has beenbulletined.

Bro. Garrison was in Sioux Falls recently looking over the ticket clerk's position on bulletin.

The last meeting held at Ft. Dodge was the banner one of the season, there being forty-seven members present; a nice increase over previous meetings. Let the next meeting be a banner one.

Bro. and Mrs. Stoker, at Matlock, visited Chicago recently, on account of the illness of relatives.

The members of this division sympathize with Bro. and Mrs. Prang, at Washita, account the death of their little baby. A large bouquet of beautiful flowers was furnished for the funeral.

Bro. Hats, East Soo, and Bro. Libby, Rowena, visited Sioux Falls recently.

Mr. Myers, clerk from Rock Rapids, is at Hills, pending bulletin.

Bro. Stivers, at Alta, spent ten days in Idaho looking over the prospects; relieved by clerk from Anthon.

The division correspondent is still at Sioux Falls, and all the notes you send me will be appreciated. Let them come.

**NOTICE.**

Fretzel City Telegraphers' Club now meets third Wednesday of each month at Ladies and Knights of Security Hall (formerly I. O. O. F. Hall), 107 Stephenson St., Freeport, Ill.

---

**Wisconsin Division**

It was decided at the last meeting to change the meeting nights to the third Wednesday instead of the third Friday. Brothers, do not forget this date and be sure and show up, as there will be something doing at the next meeting.

The brothers who did not attend the last meeting surely missed something good. Mr. S. Glenn, of the Federation, and Rev. Safford, of Freeport, gave a very interesting talk, which was very much appreciated by us all. Bro. Mulhall was on hand, and the talk and advice that he gave was of the very best. We wish that all the brothers could have heard it.

Bro. Kelly was on hand with a pocket full of seniority lists and a box of cigars, which were liberally disposed of. All those who did not receive a seniority list can get one by writing him, and probably a cigar, too.

We hope that the brothers who attended from Chicago "X" office will be with us again, as they all seemed to have a very good time.

Bro. Hinrichs did the emergency work at Wenna while the wreck was being cleared up there, and also relieved Bro. Kelly while he attended the meeting.

Bro. Weidner, of Tonica, has resigned and will enter the new bank at that place, as assistant cashier. The hours are shorter and the pay is better. We wish him success.

Bro. Wheelas is back at Rockford, after undergoing an operation at the Mercy Hospital in Chicago.

Bro. Devaney, at Dixon, relieving Sister Mead, is being relieved on Bloomington third by Mr. Camp.

Tonica agency is on bulletin, and we hope some good brother will get it.

It is now Bro. Blumm, of Burlington. This leaves but one non on the East end and we suppose you all know who that is.

**Illinois Division, Chicago District**

Bro. D. J. O'Connell, of Parnell, was off five days recently.

Bro. F. A. Henion, extra agent, relieved Bro. H. M. Cline, of Colfax, on vacation.

At the meeting held in Kankakee, February 20th, the following officers were elected for the ensuing year: C. R. Waters, chief telegrapher; V. E. Harper, first vice-telegrapher; C. C. Jewell, second vice-telegrapher; B. E. Peistring, secretary and treasurer. These and the appointive officers will be installed at our meeting in March, and a large attendance for the occasion is earnestly solicited.

Some kind of action must be taken to get in the nons. A number of new members comprise the larger percentage of these, and it is imperative that they be looked after with the same vigor as the old stand-patters. We would suggest that the "No card, no favors" policy be more strictly adhered to. This might possibly impress upon some of them the advantage of being a brother.

Bro. Childers, second Cairo ticket office, while visiting home folks, was relieved by Mr. Casey. Illinois Jct. is to get a 12-foot switchboard, with 150 wires. The ball park is in Illinois Jct.'s back yard. Pretty soft for Bros. Cameron and Dye.

Bro. Strand, third at North Jct., is visiting in Chicago.

It any brother hears of any changes I will be glad if he will notify me at Cairo.

NOTICE.

Pretzel City Telegrapher's Club now meets third Wednesday of each month at Ladies and Knights of Security Hall (formerly I. O. O. F. Hall), 107 Stephenson St., Freeport, III.

Northern Division—

The following brothers of the Northern Division attended the agents' meeting at Pt. Dodge, Ia.; L. P. Beardsley, Fairhaut; Geo. P. Casey, McIntire; E. O. Jarstad, Skyburg; J. E. Leiser, West Gate; G. F. Morrill, Randolph; R. R. Reynolds, LeRoy, and Wm. Reimer, Zumbruta.

Bro. H. O. Holbert, agent Hampton, Minn., has resigned to engage in farming; relieved by Bro. R. F. Selby, of Division 130, transferred to 96. We wish Harry success.

Bro. J. H. Littrell, second Summer, was relieved ten days by Bro. A. Logerwall, from Randolph, and Bro. N. E. Latimer, third Summer, being transferred to Fairhaut, Bro. Little took third.

When you ask some nons to join the O. R. T. they look at you as though you were asking them some great favor, and we hear them being greeted and favored by some member every day.

Bro. O. E. Plowman was relieved at Mankato by Mr. Morkross, going to Morristown agency, vice H. E. Kendree, resigned.

It is with regret that we report the sudden death of Bro. E. J. Simpson, agent at Mantorville, one of the best in the service, and one of our most loyal members. He had been sick with a cold only a few days when on closing his office for the night, the evening of February 3d he called a physician, but too late, for pneumonia had set in and he died at 11:30 the next morning. The agents and telegraphers of this division contributed a large standing wreath of solid flowers, three feet in diameter, with the letters “O. R. T.” in the center. The minister in charge informed the congregation as to what the letters denoted, and I felt proud to know how well this brother was respected by us all.

C. E. N.

Southern Division—

It is very encouraging the way the brothers have been paying their dues. It is the men who pay their dues promptly and are always found up-to-date who are a help to the committee. The nons simply help to defeat the efforts of the Order, and bring misery to themselves and everyone who works with them, therefore we should give them no rest until they all get an up-to-date card.

Recent appointments: Third Marshalltown, F. M. Pickering; third Fairbanks, E. Z. Chase; Baxter nights, W. W. Henry.

Bro. W. D. Watson, agent at Benton, is one of our new members. All are welcome.

Bro. J. H. Calkins, assistant agent at Concepcion, who relieved Mr. Jones, agent at Ravenswood, Mo., a few days, later relieved Mr. Junker at Athelstan, resigned, pending bulletin.

Bro. Calkins was relieved by Mr. McGruder, from the Wabash Ry., who promises to soon take out a card. It isn't very healthy for a non to light at "CP."

I wish to thank the brothers who sent me items and hope they will send more next time.

Keep in the game, brothers, and don't let up on the nons; always remember "No card, no favors."

Div. Cor.

North Carolina Division—

There are only a few still out on this division and a number of these will soon be up to date, with the others very hopeful cases. This is a good showing, but we must keep after those next to us until there is not a non left.

We agreed to abide by the decision of the general committee as to future negotiations in regard to the schedule, also perfect loyalty to the company's interests, and a go-slow, cautious, considerate, and careful procedure in all matters. We found that last year's report gave us a fine showing.

Speeches were made by our chairman, also Bros. Tally, Pepper, Mercer, Swink and Rowe. Oratory flowed like water, and those who doubt the oratorical abilities of our brothers should come out and be convinced. The insurance feature was very highly commended, and much
stresses was laid on the importance of all carrying it. General topics were discussed carefully and the importance of absolute attention to our duties to the company was impressed upon us. The trust reposed in us is great. Let us ever strive to give the best that is in us, and always have the satisfaction of knowing that we have performed our duty well.

A high tribute was paid to the officials of the N. C. Division, who have always given us a square deal, we could ask no more. When we come up to the standard of efficiency required, we hear no complaint. We appreciate our superintendent and chief dispatcher, and are to a man striving to make this not only the greatest division of the system, in point of mileage and tonnage, but also the greatest in point of efficiency and loyal service.

The importance of every man acting as a missionary and keeping after the nons was also impressed upon us, as we are our brothers' keeper. Other discussions followed, which demands your personal attention at the meetings if you desire to know what they were. This stresses the necessity, and importance of each one who possibly can attending personally. The next meeting will be held at Seaboard Hotel, Hamlet, 11:30 a.m., in room 62, on Sunday. The date will be given out later by Local Chairman Moore. A large number wired their regrets at not being able to attend. Of course we all know it's not possible for all to attend at any one meeting, but brothers, as far as consistent, let's come out and breathe, the air of good, true and loyal members. It is a great privilege to attend these meetings and should be highly esteemed by all.

We are sorry to report that the house of Bro. J. L. Davis, second at Hamlet yard, with all its contents, was recently destroyed by fire. The members extend him their sympathy.

The depot and contents at Apex, and the coal chute at Raleigh, were also destroyed by fire a few days ago.

Miss Karouss has gone from second Moncure to second Aberdeen, N. C.

There is a new man at Fleet. Brothers, look after him.

Mr. Limerick, relieved at Carey by Mr. Pointer. Limerick bid in Cheraw, S. C.

Proveaux, at New Hill, was relieved by W. R. Carpenter, and R. B. Glass bid in New Hill agency.

Mr. Jones, at Apex, is to work four months as clerk there.

Bro. C. W. Scales, third Monroe yard office, attended the dance given at Charlotte recently by Mrs. Evelyn Thaw, and like many others, came away a wiser and a sadder man.

Bro. Coefield, at Ellenboro, attended the recent grand jubilee at Washington.

Bro. Rogers, from Pee Dee, was recently operated on at Charlotte for appendicitis. His many friends on this division hope for his speedy recovery. We miss him sadly.

Bro. Moore, local chairman, has been confined to his bed several days with a grippie, but we are glad he is up and on the job again.

Bro. Cumming made a trip over the N. C. and Ga. Divisions recently, and found everything in first-class shape.

Boys, give the dispatcher the information about a train he wishes to get hold of, and move promptly. If the conductor is not in office get him in. We can assist the dispatchers wonderfully if we will always be on the job, and help him as the case demands. It is very often necessary to change a meet after a train has arrived at a station. We should not hesitate to go and get the conductor, even if the weather is a little rough; we should have that much interest in the company's business. A good motto is, "Don't see how little you can do and stay on the job, but see how much you can do outside of what is really required of you."

Brothers, send in the news items as fast as you can get them by the 20th of the month. We greatly appreciate what has already been done. Let the good work go on.

R. H. Cunningham.

Florida Division—

Vegetables are beginning to move, and watermelons will be next. Tourists are still pouring in from the cold North, and another Pullman has been added to the St. Louis Limited south of Jacksonville.

We are glad to see everything moving along nicely, and hope all the boys will continue their loyal support both to the Order and the company.

A new office is to be built onto the old freight house at Ocala, which will be heartily welcomed by the force there.

Bro. J. C. Sale, former agent Bronson, we are glad to learn, is making good in the abstract and title field. He is now a member of the State Democratic Executive Committee.

Third opened at Starke—eight hours and $59 monthly.

W. T. Pullen, temporarily on second Archer, recently opened, has promised his application first pay day.

Bro. G. P. Graham, agent Cedar Key, is looking over the Sarasota Express agency.

Send any notes of interest to your local chairman. They will be greatly appreciated.

Braddock, third Ocala, goes to "QN" Tampa second.

Those who haven't remitted for their new cards should do so at once and not wait until they have to join over again. It isn't business-like to play such a waiting game. CERT. 854.

Agent Moore has returned to Hobart. Bro. U. S. G. Morgan granted six months' leave, is now editor of the Hobart Herald. We wish him success in his new field.

Bro. T. Ennisk, off a few days on account of the sickness of his wife, later relieved Bro. G.
THE RAILROAD TELEGRAPHER.

F. Haines and wife, on vacation to Washington, D. C.

Bro. L. E. Joyce, off a few days on account of the gripe, was relieved by Bro. J. H. Joyce.

The new station at Woodstock, nearly completed, will be the most beautiful on the line.

Telegrapher Rowland, at Stamford, was relieved by Bro. H. Falk. Rowland's brother was one of the four men killed on the Wallkill Valley Railroad crossing near Binnewater, when a straw-ride party was struck by a midnight freight. Another of Rowland's brothers met a similar fate a year ago. We all sympathize with him and his family in their loss.

Dispatcher Decker has purchased a motorcycle.

Bro. Hedges, of Mt. Pleasant, while visiting his parents, was relieved by Bro. Ecker.

The newlyweds, Bro. Krom and wife, are keeping house in one of Agent Bishop's houses at Arkville.

We hope to soon call Dan Thompson, of Hobart, "brother." All write him a welcome, encouraging letter.

The Stony Clove train was tied up at Hunter the night of the big blizzard, and Bro. Lafferty could not get home. He spent the night with Bro. Mooney, of Hunter, discussing matrimonial problems.

Every brother should be truly loyal to his Order and his brothers, and when we decide on what we honestly and reasonably think we are entitled to in return for our labor, we must all work together, and work hard, to that end, and we will surely win.

Bro. Krom, of Arkville, and Bro. Maxwell, of Oneonta, are appointed special correspondents to send to me all news items for THE TELEGRAPHER by the 20th of each month. Boys, help me out, and we will always have a good write-up.

"N."

Bro. H. G. Lytle, agent Ewen, resigned, relieved by Bro. Stuesser on bid, but, being unable to get a house there, was reinstated at Bruce's Crossing, and Bro. C. M. Garmon, of Biron, then bid in at Ewen.

Mr. Swertz, Nestoria, off a few days on account of the death of his mother, was relieved by Mr. Hogan. Bro. Dygart, Nestoria, off a few days, was relieved by Bro. Kronkie, who later relieved Bro. Wright at McMillan.

The new seniority list is out, and the boys can see where they stand.

Any who have not yet secured their new cards should do so without further delay.

Since logging operations have begun Wellsburg is one of the busiest offices on the Mackinaw Division, and Bro. Ziegler now has a colored helper, who bled in with the recent blizzard. We wonder if he is going to make an agent or a future "Jack Johnson" out of him.

Trainmen on the east end are having troubles of their own nowadays, owing to the heavy snow and large bark and log shipments.

The interest the membership is taking in securing new members was made manifest during the month of January, when we added twenty-one to our rolls—most encouraging to the general and local chairmen. Keep up the good work and remember we are allowing you a credit of $2 on your dues for every application you turn in accompanied with the necessary amount. Each member become an organizer and get after the desirable nons, and we will soon be 100 per cent. The Portage branch is now 99 per cent, and we hope to reach the 100 per cent mark in the near future.

The Manitowoc branch now is 100 per cent, also the Athens branch. We must have every member possible to insure success when we decide to revise our schedule. This should interest each of you and give you courage to get after the man in your office not now in possession of an up-to-date. The dues are coming in fast. If any of you have not paid them for the current term, please do so at once and keep up to date. It is just as easy to pay them now as it will be some time in the future. 

Cxt. 94.

Drake Fordville Line—

Mr. Drake, from the auditor's office, bid in agency Whitman. Bro. Petit is at Harlow pending bulletin. Orrin is also open for bids. There is an abundance of good water there.

The water-tank project at Whitman has been abandoned, after drilling 715 feet and failing to strike water.

Bro. Clark, formerly agent at Ottertail, is now at Lucedale, Miss., counting the oranges and strawberries as they grow on his farm. We all wish him success.

The new express rates are quite a reduction over the old ones, and the tariffs are quite complicated. We will have to do quite a large volume of business in order to get enough express commissions to pay up our debit errors, at the same time lug our express from the office to the post office by the parcel post for nothing. Agents are the most accommodating fellows you ever met. They have spent nearly all their lives working for the railroad companies for comparatively nothing, and it is now hard for them to get out of the habit; but we think we see a slight ray of light now, so that we may not always have to lug the U. S. mail for nothing. 

Cxt. 939.

Duluth-Superior Division—

Positions in the train service are opening up, but none of the operating tricks pulled off have been restored.

The Alaskan Railroad, for which Congress has appropriated forty million dollars, will be of concern to us, as the system of operation used on this road will probably be adopted universally in the near future; so, be read up and keep tab on the progress of this new Alaskan Railroad.

Minnesota Division—
Mr. J. G. Mersey, agent McGrath, bid in Gully agency, succeeding Mr. Campbell, relieved by R. A. Curel. Bro. Roderick, from Omaha, is at McGrath agency pending bids. The new station at Automega is also up for bid.
Mr. M. J. Harris is now on Third Twenty-eighth street, vice Bro. Clarke, laying off.
The remaining track at Blackhoof, held by Bro. W. D. Ballon, has been pulled off, also second Lawler, held by Marian Sparks, and third track there held by Bro. L. E. Sabine, who humped Bro. Roderick at Federal Dam.
Bro. G. Van Camp bumped H. E. Plummer at Remer.

F. W. C. & L. Division—
Bro. C. J. Mercer relieved at New Lisbon by H. B. Schook, transferred to Eaton, Ind., vice Mr. H. C. Poulsen to Montpelier as cashier.
Our two Sunday passenger trains have been pulled off, and the boys can all go visiting now, after they send the new "NR" report.
Since the N. Y. C. dropped this line it is rumored that our own tracks are soon to be used all the way from Muncie to Connorsville, connecting with the C. H. & D., as was done years ago.
There have been a number of vacancies filled with new men on this division within the last year. Boys, if you want any of these vacancies place your bid with the division superintendent. Some vacancies have been bulletinized.
Boys, it only takes $8 a year to get a card. Get after the nons near and around you. The cost is next to nothing, when you consider what we can do when thoroughly organized. We owe it to our families as well as ourselves, and get others to get busy. Who ever heard of getting a policy for $1,000 for the small sum of $7.20 per year, until the Order of Railroad Telegraphers started it? Old line companies will hang you up for three times that much. If we ever expect to get anything we must be able to demand it, not beg for it like a tramp asking for a crust at the back door of another man's house. The trainmen are in a fair way to get what they are after. Why not the operators and agents? In union there is strength.

General Offices—

Herington, R. I.—Had a good meeting here Sunday night, February 15th. All the Herington men being present who were not on duty, except Bro. Pearsall, who is still hitting the trail for Lincolnville every Sunday. Mr. B. Johnson, chief dispatcher, both the first trick dispatchers and Paul Johnson, extra dispatcher, were with us. The out-of-town brothers present were: Bro. Meadon, general secretary and treasurer, Meadon; C. A. Ferguson, Topeka; Pringle, Dwight; Jones, Lost Springs, and Burke, Haysville. All present were called upon for a little talk and most of them responded. Another meeting was proposed for the latter part of March, on some Friday or Saturday night, when the wives of the Herington brothers will prepare a banquet, and Bro. Jones, of Lost Springs, Bro. Bosseutter, Bro. Meadon and others will have a musical entertainment ready for us. Mr. Johnson said Friday or Saturday night would be better than Sunday on account of the heavy business on Sunday, and he could arrange to let more men off on those nights than on Sunday. Watch for the date and everybody come and have a good time.

Bro. Ford took in the auto show at Kansas City and other shows with Reggy Herbert of that city.

Bro. Hugewoning made a trip to Wichita recently.

We are to have a dynamo battery and new tables, instruments, etc., in the near future.

"NO," El Reno—Business increased considerably, mostly due to routing business from Ft. Worth and Little Rock, formerly handled by "KL," Topeka, necessitated another Morse operator and printer girl.

It is still Ex-Bro. (R.) Sullivan.

Boys, remember "No card, no favors."

Bro. Snodgrass, "NS," has been assigned assistant wire chief, position created by our last schedule. He was relieved by Bro. Peacher, "P," during his recent illness. Bro. Merkle, here a few days pending bulletin, has resigned.

Bro. J. H. Powers extra, was the only victim of the "reducing axe" so far.

Fairbury "F." Bro. R. M. Graham bumped Woolen from Topeka to Havelock; Bro. Tucker is now at Thompson. We are waiting for the crossing frog over the St. J. G. I. tracks to move into the new depot. Dispatcher McCoy was off a few days with the grippe.

Halleyville "HY." W. J. Supplee, of Cedar Rapids, bumped W. E. Hamilton, who relieved C. W. Allen on vacation. Fred Rippon, who bumped J. G. Blevins, later bid in vacancy at El Reno, and vacancy here is nowbulletined. Bro. Hutchinson now on second, and Bro. Wyatt on third; the only non in the office is the manager. We don’t have meetings very often on account of the poor passenger service, making it difficult to get a crowd.

Topeka "KL." Bro. Hattwick, the last man let out here, bid in at Des Moines. The big blizzards that visited Kansas, Sunday, February 22d, blew hundreds of poles down and the Markrum was silent for four days, but the good old Morse was right on the job. It took Supt. Hubbell and his staff some time to straighten out the trouble.

General Chairman Brown and General Secretary and Treasurer Meadon, accompanied by their wives, attended the Mardi Gras at New Orleans during February.

Illinois and Chicago Terminal Division—

Bro. A. C. Weitz has resigned as agent at Anna-
wan agency, and Bro. J. L. Sumner, first Peoria
yards, bid it in. The former has gone into busi-
ness with his brother, G. H. Weitz. We wish
him success. Extra Peterson relieved Bro. Sum-
ner, pending bids. Reynolds agency also on bulletin.

Bro. D. H. Andrews, second trick Rockdale,

with relatives in the northern part of the State.
Bro. H. H. Hilfinger, who relieved him, is going
to the H. D. Division, at Evans.

Bro. Geo. Robertson, agent Atalissa, and wife,
recently spent a few days at Audubon.

It is now Bro. W. L. Putman at Victor, and
Bro. J. J. Martin, Omaha.

The ice has all been harvested at Coralville.

Bro. A. D. Brittin, agent Tiffin, is doing busi-
ness in a box car since the station burned down
a few nights ago. Bro. Brittin is having a song
published entitled, "Rocking the Baby."

A new movement, called "the Holy Rollers," has originated in Illinois. It might prove a good thing for this division if the contagion hit the nons.

Bro. C. W. Coffin, second trick operator Home-
stead, is on two weeks’ vacation; relieved by
F. E. Hewitt.

F. J. Sadlack, agent Kellogg, resigned; unable
to secure a desirable dwelling.
The local chairman would appreciate it if news items would be mailed him on or before the 20th of each month.

F. R. Kurin, Local Chairman.

Minnesota Division, Iowa Falls Line—

We should make an effort to have the seniority lists corrected. The names of some of the boys who worked here for several years are not on them, while some who have not worked here for nearly a year are still shown.

Mr. Robinson, second Grunby Center, is now in a bank there; relieved by Bro. S. H. Leary, who relieved Bro. Vilmont, the agent, a few days recently.

Bro. Blakeley, Iowa Falls, was relieved on three weeks' vacation, by R. O. Staley.

It is now Bro. De Long at "GA," and Bro. "JC" at "MA." Brothers, let us get after the rest of the nons, and have a solid line-up before we go in for a new schedule.

Brothers, send Bro. Halpin 50 cents for a card in the "CR" O. R. T. Club and drop in to their monthly meetings. It will do you good and make the Order look "real" to you.

Brothers, if you haven't your new cards by this time, get them without further delay; you can not afford to become delinquent.

Mr. C. H. Schneider and family visited in Chicago a few days with relatives.

Bros. Haviland, Merrill, Leary, Beecher and O'Kelly attended the Cedar Rapids O. R. T. Club meeting the night of February 20th. The principal speaker was General Chairman Troy, of the C. N. W., and his talk was very interesting and instructive. He emphasized the necessity of the brothers attending these meetings for the purpose of a better understanding of the labor question, as pertains to our Order.

Mr. Heath was most accommodating in having No. 419 make the necessary extra stops for the return of the brothers. Hope to see more of the brothers from up this way out to the March meeting. One of the brothers refused $6.00 to play at a dance that night and went to the meeting. That's the proper union spirit.

Bro. Hans Mork has returned after three years on the D. & R. G. in Colorado, and is now at Linn nights, vice Mr. O'Brian.

Bro. S. A. Meyers is back after a visit with home folks at Badger, Minn.

Sister Pearl McRight has resumed on "AO" Iowa Falls second, and her sister, Miss Minnie, was checked in again at Shipley, on their return from a month's vacation visiting their parents in Louisiana.

Dakota Division—

It is now Bro. Lathrop on third Dows. This leaves only two nons on the Iowa Falls line—one at Clarion and one at Emmettsburg. Let us get them in at once and have a solid line-up. Bro. Lathrop, third Dows, relieved, while on a visit to Marshalltown, by Mr. Wingrave, who later went to Sioux Falls.

Bro. Ayers relieved Bro. Peterson at Ottosen agency, where he had been assigned in error. Bro. Fitzgibbons checked in at Swea agency. Bro. Sturdevant is relieving at Burdette pending bulletin.

Did not receive any notes this month. Wish some of you brothers north of Estherville, some on the Watertown line, some on the Sibley branch and some on the Sioux Falls line would send the changes, about the 20th of every month, to Box 377, Dows, Iowa, by mail.

Div. Coa.

C. R. M. & D. Division—

Nearly all the stations on this division are on bulletin.

Bro. Mork, from the D. & R. G., on second at Linn; Kelly gone. Bro. Miller, from Manly, on second Waterloo, R. O. Staley going to Iowa Falls yard office, vice Blakeley, on vacation to the coast.

Mr. Hendrickson, agent Gordonville, resigned, going farming, relieved by Mr. Van Heel, relieved at Albert Lea by O. A. Schrieber. Bro. W. N. Staley, Waterloo, Iowa, is making a steeple for 75 cents. Bill has been on the sick list a lot. Buy one and help him.

Div. Coa.

R. J. Underwood, second Udell, was relieved by D. R. Luse on account of sickness.

A. E. Gibson relieved Bro. W. M. Logue, Eldon, a few days, also Bro. M. J. Fox, Princeton, a few days on account of sickness.

Bro. B. C. Wells, Muscatine, working for the agent on account of sickness in the agent's force.

Bro. P. V. Cox, agent Mercier, off a few days, relieved by Bro. D. E. Cox.

We must make an effort to clean out the nons. The meeting to be held at Trenton the third Saturday night in March will find this question before them.

A good meeting was held at Trenton on Saturday night, February 21st. The ladies being present. Those not present missed a good time. Don't fail
Arkansas Division—

Bro. J. C. Fowler bid in Searcy agency. Glad to see an up-to-date brother get it.

Hulbert and Roland third, Mesa second, and Proctor and Haskell agencies are now up for bid.

I asked Bro. Minich, at Roland, to send in a write-up last month, as I had to get up a lot of back reports that had been neglected prior to my coming here and did not have time to do it and my work too. I wish some of you boys on the main line east and west of Little Rock would send in some items. A man on the Hot Springs branch is handicapped for news unless the boys on the main line send it in.

Germany has been made an agency, with Bro. Bargion, first there, as agent, which will take lots of work off Bro. Lee; at Bauxite, as he now has six blind sidings besides his station work at Bauxite, not saying anything about the numerous interchange reports that he has to render on account of the Bauxite and Northern, which handle on an average of 150 cars per month, in addition to handling mail for five trains. The mail business at this place is something anyone should dread, as it just lacks 13 feet of being 400 yards from the depot to the post office, and lots of times the writer has to call on outside help to carry the mail to the post office on account of it being weighted down with parcel post packages. I would like to see the mail question decided, so that we operators did not have to make pack saddles of ourselves. Anyone who has to handle U. S. mail knows that it will ruin a suit of clothes carrying the dirty mail sacks.

Bro. Lee, at Bauxite, and Bro. Inglis, at Butterfield, have had their depots repaired lately, which helps their appearance greatly.

Will give you a better write-up next time, but need the aid of a few good members on the line.

George D. Lee, Cert. 185.

IN MEMORIAM.

Whereas, It has pleased our heavenly Father and all-wise Ruler of the universe to call to his reward Bro. H. L. Strickland, agent at Gregory, Ark.; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of Arkansas Division of Division 126, Order of Railroad Telegraphers, extend to the sorrowing family their sincere and heartfelt sympathy in this their sad hour of bereavement, and that a copy of these resolutions be forwarded to the bereaved family and a copy to The Telegrapher for publication.

Bro. F. H. Shanklin to third Herington yard.

W. R. Shores, second Maple Hill, relieved Bro. T. H. Woolsey as agent a few days.

Bro. T. M. Daniels, second McFarland, called home on account of the serious illness of his father, was relieved by W. S. Lyon.

The meeting in Topeka was an interesting one, thirteen of the brothers being present. Among the brothers along the line were W. S. Griggs, second Willard; Bro. F. H. Munzer, second Volland; Bro. Pringle, of Dwight; Bro. H. A. Ford and C. O. Lowe, of Herington relay, the rest being Topeka brothers.

We have no delinquents on this division, but have a few nons left. Remember, brothers, “No card, no favors.”

Bro. J. B. Benham, Wichita, has returned from a thirty-day visit to Kansas City and Southeast Kansas; relieved by Bro. Grove, later resigned.

Bro. C. S. Farber visited home folks at Kingman, Kan., recently.

Brothers, hurry along the petition in favor of Bro. W. J. Hunter, now circulating from Horton to Caldwell. The Pardon Board meets in April, and we want to get it in as soon as possible; when it reaches Caldwell mail to Local Chairman Herington, Kan., Box 49, quick.

The meeting at Herington, Sunday evening, February 15th, was well attended. The following brothers were present: C. H. Meador, general secretary and treasurer; Ford, Allen, Lowe, Ingraham, Shaw, Hagenwaring, Shanklin, Bonecutter, Jones, of Lost Spring; Burke, of Haysville; Pringle, of Dwight; Extras Ferguson and Lyon; Bro. McCollan, of Division 31, and Mr. Vogel, of the Western Union; from dispatcher’s office, Chief B. Johnson, Dispatchers Richards, Greene, Poire, Johnson, and dispatcher’s clerk, Bro. G. L. Johnson. The evening was well spent, and it was decided that on March 20th we would have a social meeting for the brothers and their families, with a musical program and refreshments.

Local Chairman Shaw was in Wichita, February 3d, on business for the Order.

Bro. M. W. Shaw on first Herington yard, while Mr. Johnson is clerking at “DS.”

Bro. Cleveland is on a visit South.

Bro. Bonecutter, our genial agent at Herington, is organizing a ladies’ band.

Send your news items to Box 24, Volland, Kan.

Sister Croft, agent Scandia, visited her mother at Courtland recently.

Bro. Ensor is now at Kensington second.

Bro. Smith, relief agent, is at Virginia, spent his honeymoon at Ft. Worth, Tex. Bro. Shephard on sick list for a few days.

Nearly all the brothers on the Horton Line have sent in their dues.

“No card, no favors.”

Extra Dispatcher and Operator Olsen is on a trip to Kansas City, Memphis and Ft. Worth.

Send in any news you hear.

Colorado Division—

February 10th, 12 telegraphers and 12 of the 14 block operators were cut off, mostly third tricks. Mustang, Bethune and Edson block offices were entirely closed. Reductions were made in the general offices several months ago. Reductions were also made in the dispatcher’s office at Goodland, the chief dispatcher’s clerk being taken off and night chief, only two dispatchers now on duty at night. Harry Hill on third.

Bro. Tommie Murphy is relieving A. D. Williams at “WJ” Colorado Springs, on vacation.

The agent at Falcon now works from 6:30 a.m. to 3:30 p.m., and his operator ten hours nights.

Bro. Dodge to Stuttgart third, relieved on third Burlington by Frank Blakeman, Jr.

Sister Holtz is now on third Kanorado; Bro. Jarrett, second there, was off several days recently.

Bro. Bob Garber, agent Selden, is recovering from the painful effect of a broken nose.

Bro. W. A. Neville, first Norton, has returned from his 90 days’ vacation.

Let’s get the local chairman to appoint a division correspondent, and all send him notes each month for the journal.

Former Local Chairman Gillispay has left the service. He worked hard for our betterment.

Bro. Tracy, bumped at “GD” relay, bid in second at “DM,” and moved his family there.

Sister Mrs. McGee, third “XII,” relieved on ten-day lay-off by Bro. McCall.

Sisters Gareheime and Connors, out of service on account of block tricks being abolished at “G” and “AU.” Second “DM” and “VW” discontinued. Agent and operator working ten hours each; office closed other four hours. Agent gets overtime for handling No. 8’s mail.

Let’s get after the noms, and remember, “No card, no favors.”

All who have not done so remit $6.00 dues for the current half at once to Bro. Meador, Topeka, Kan., and M. B. dues to Bro. Quick, St. Louis. There’s no excuse for any of us not having an up-to-date card. A delinquent soon becomes a non, and you all know how a confirmed non is rated.

TIBERIUS.

Indian Territory Division—

I have been appointed division correspondent, and will try to have a write-up every month, if each of you will send me some items by the 20th.

Bro. P. M. Paul, Wilburton, Okla., who was unanimously elected local chairman, has been an active and zealous member for years, but heretofore could not be induced to accept an official position. We are to be congratulated upon securing such a man as a leader, and we will do ourselves, our fellow craftsmen and Bro. Paul a genuine injustice if we fail to support him in his work in every respect as men should. He is a hustler and can secure results. It will be impossible for him to fail if we render him the assistance we should.

Bro. Chas. Kirk, Holdenville, Okla., has been appointed assistant local chairman of the West end, Shawnee yard to Haileyville, and Bro. W. C. Holmes, Wapanucka, Okla., assistant local chairman of the Ardmore Branch, Ardmore to Haileyville.

The meeting held at Haileyville, January 27th, was a success and very interesting and instructive. The visitors were Bro. Meador, G. S. and T., and Mr. Henderson, chief dispatcher. Mr. Henderson made the boys a talk. Bro. Meador took up the schedule and explained it thoroughly. The vote of appreciation to Mr. Henderson for his fair treatment was unanimous.

The joint meeting held at McAlester, February 7th, was not very well attended by either R. I. or M. K. & T. boys, on account of very disagreeable weather, and the Katy trains from the south being three hours late, prevented the boys from that direction attending. The Katy general chairman was present and the matter of a joint local meeting every month, at McAlester, was discussed and unanimously agreed to. And authority has been requested of our general chairman to secure a charter.
The Railroad Telegrapher.

The next joint meeting will be held at McAlester, March 21st, when we hope to have Bros. Brown and Meador with us. Request passes several days before the meeting. It is very important that at least one man from each station should attend the meetings so that we may keep in touch with one another.

G. W. Hutchinson, Wilburton, Okla., has written all the boys asking each of them to send 50 cents in order to purchase our local chairman a desk and chair, which he is very badly in need of.

Bro. W. G. Baker, of Mansfield, Ark., has resigned, and is now in the mercantile business at Peach Orchard, Ark., but will continue to carry his card.

Panhandle Division

Bro. A. L. Martin, third east yard, spent five weeks in the hospital with smallpox. He sent his dues so he would be paid up to date. Bro. Allen, east yard, resigned to go back on the farm.

New jobs have been created on this division—third Weatherford (making that office continuous), and operator and cashier at Hydro.

The Pan-homa Club meetings at El Reno, January 22d and February 21st, were not as well attended as they should have been. We should take more interest in the meetings.

Have you written your congressman and senator about the eight-hour law? Do it now.

Bro. Nichols, our hard-working and efficient local chairman, has resigned that position. He made a splendid record on this division during his three years of office; the membership being kept up around the 95 per cent mark all the time and all grievances received prompt attention. There is not a man on the division who does not appreciate the sacrifices Bro. Nichols has made for us. Bro. W. R. Wilday, of Oklahoma City, assistant local chairman for three years, has been appointed to succeed him, by Mr. Meador, upon the recommen
dation of Bro. Nichols. Bro. Wilday is the oldest in the straight telegraph service on this division, always on the job, and we can depend on him to fulfill the duties of his office in a thorough manner.

The new seniority lists show few changes for 1913. Old heads only moved up about two members, and men here two years are about ten from the bottom. Working conditions, pay, etc., are as good here as anywhere and we have a well satisfied bunch of men who co-operate with the management in making a good showing for the division.

Bro. Barnard, of El Reno, has been appointed correspondent for the Pan-homa Club, and we expect some interesting write-ups.

Send us the news before the 15th of each month.

C. H. Armstrong, Box 150, Oklahoma City.

Amarillo Division

Bro. J. J. McLean, formerly agent at Lela, Tex., is now in Amarillo yard telephone office.

B. L. Summers, agent Adrian, Tex., is our only non. He has already received $240 actual increase in salary besides many other benefits since the schedule became effective February 1, 1912, and is still receiving it. Hope some brother will be able to get him back again.

CERT. 1851.

El Paso Division

Bro. M. E. Holiday, agent Nara Visa, N. M., while visiting East, relieved by J. H. Hamphill, from the Chicago general office.

C. M. Pierce.

Western Division

Our meeting at Chesterton, Sunday, February 1st, was a great success, except for the small attendance. Chesterton was chosen, as it was convenient for the men west of there and there are a number of men in the town, but only one brother was interested enough to attend, and only four from west of there. We had to pay a very high price for this hall for only a few hours, but were willing to do it to give those boys a chance to attend, and it was very discouraging to see such a small crowd, as others put themselves out considerably in order to attend. Bro. Warner, of Lydick, there, as usual had to go to South Bend to get on No. 23, and had to stay in La Porte until morning. Bro. Hoops, first, and Bro. Grey. third Whiting tower, were also with us.

Local Chairman Graham, on committee work at Cleveland, who gave a very interesting talk on what was being done, made the trip from there, expecting to find a good attendance. It is no wonder the nons failed to show up when such a lack of interest was shown by the members.

Brothers, these meetings are where we should get together and talk over our situation.
Bro. Calloway writes from Cincinnati that he has been unable to land a job and advises all to hang on to what they have.

Chesterston third closed, displacing Bro. Whitehead, now on third 101st, future. A phone was placed in the pump house at Chesterston, and the 12-hour pumper answers the dispatcher's questions. Funny game, eh?

Bro. Bosko Messick, the somnambulist, is back on third "HIM" again.

Bro. Shaffer, while off recently, was relieved by Bro. Zimmer from the B. & O.

Bro. Graham, in Cleveland on committee work, relieved on first Mishawaka by Bro. Ocker.

Burdick is solid; Bro. Krathwol there has been a member all the time.

Bro. Miller is confined to his home account of illness, relieved by Bro. Zimmer. We hope for his speedy recovery.

Bro. Witter is back on third west tower Elkhart.

Keep after the nonis near you till you land them, and when there is a 98 per cent membership we can do something worth mentioning. They are all good men and should be with us.

"No card, no favors."

Bro. C. W. Hazen, Saybrook agency (dispensed with), relieved Bro. D. L. Shaw at Unionville agency.

Bro. C. V. Greene, North East third, has resigned to enter business with his brother, relieved by Bro. Glen Miller.

"No card, no favors." "GIPF."

**C., B. & Q. R. R., Div No. 130.**

**Relay Division**

In pursuance of the various ultimatums received, your committee has agreed to convene for a revision of schedule. Our proposition will be in the hands of the company by the time this issue reaches you. The success of these negotiations will depend upon the support you give your committee. If sentiment indicates anything, then your committee is assured of solid support. Remember that a chain is only as strong as its weakest link. If you are working beside a non, induce him to join. It is his place to belong, and it is your duty to see that he does belong.

Owing to the recent reductions, you no doubt now fully realize the value of a schedule. Its rules were strictly complied with, and every man got just what was due him. In order to show our appreciation of the fair treatment received, we should put forth our best efforts in the interest of the company, and thereby helping ourselves as well as the committee when it goes up for a new schedule.

The Burlington has the reputation of having the best telegraph system in this section of the country, and it should be our utmost endeavor to maintain the good name. Good service means more telegraphing, and more telegraphing means more telegraphers.

A great many desirous of becoming wire chiefs make no effort whatever to equip themselves for such duties, depending on seniority for promotion. This is entirely wrong; seniority will get you nothing unless you make some effort to learn the work. If you do this, there is no doubt but what your seniority will be recognized; if it is not, file a grievance, and the matter will no doubt be cleared up.

The Morkrum printer, in operation between Chicago and Aurora about two years, has been taken out. The business is now being handled by telephone. These printers do not seem to be a paying proposition unless there is a large volume of business to be handled on one wire. It is rumored that the Chicago and Galesburg printer is also to be taken out and substituted with a phone.

Owing to the various changes, it has been impossible to get any notes this month. The majority of the men laid off have secured positions with other companies, but those who wish to remain in the service should keep the proper official notified of their whereabouts, so that it won't be necessary to hunt them up by wire when needed.

G. M. Riggan assigned Bulletin 105.

**Aurora Division**

Bro. C. L. Russell, of this division, traveling passenger agent for the Grand Trunk System, whose home was at 3608 Lake avenue, Chicago, Ill., died recently at the Hahnemann hospital there, after a short illness of typhoid fever. He was buried at Yates City, Ill., under the auspices of the Order of Odd Fellows.

**IN MEMORIAM.**

Whereas, It has pleased our heavenly Father, in His infinite wisdom, to remove from our midst our brother, L. C. Russell; in memory of our departed brother and in sympathy with his relatives and friends, be it

Resolved, By the members of Division No. 130, Order of Railroad Telegraphers, that we extend to the members of the family and friends of our deceased brother our heartfelt sympathy in their bereavement; and be it further

Resolved, That a copy of these resolutions be sent to the family of the deceased brother, a copy
spread on the minutes of the system records, and a copy sent to The Telegrapher for publication.

E. F. Todd,
J. F. Gardner,
J. H. Rogers, Jr.,
Committee.

Beardstown Division—

It is now Bro. Beckman, Litchfield; Bro. Schneider, Sorento; Bro. Livesey, Centralia yard; Bro. Kirkpatrick, third Sesser. Centralia yard is now solid.

Bro. Ehram, telephonner in Brown relay office, is lining up the nona.

A water is now open, with three tricks. Second and third opened up again at Beardstown yard, on bulletin, also third Metropolis.

Bro. Wharton's wife at Franklin is visiting her folks in California.

Send me some news, boys, as it is hard to get.

D. K.

La Crosse Division—

Bro. Carlyle, second East Winona, off a few days, was relieved by Bro. Gilbertson, who later relieved Bro. J. P. Groff while in St. Paul on business.

Bro. Davis, second Prescott, fell while skating and broke his arm. We wish him a speedy recovery.

Bro. Van Slyke, of Oakland, while off two weeks, relieved by Bro. J. H. Wilson, looked up old acquaintances along the division.

Bro. Ed Johnson bid in Trevino second, vice Bro. Heitman, who relieved Mr. Flicker, third, for two weeks, and Bro. Woods two weeks.

Bro. Hornby and Bro. Thiessa, of Bagley, were off a few days.

Bro. W. E. Gardner, Diamond Bluff second, was off a few days, visiting Bro. J. R. Garber, agent Savanna.

Bro. Gravas, Galena Jct., was off a few days taking treatment at the Prairie du Chien sanatorium.

A daughter was born to Bro. and Mrs. II. A. Fitzsimonds, at Lynxville, January 24th, but lived only one day.

Bro. Falkenstein, agent Wyalusing, off for a month, was relieved by Bro. Otis Sands, who later relieved Bro. McDonald, third Savanna, on account of sickness.

Bro. Cullen, first East Dubuque, off several weeks, was relieved by Bro. Fitz. We don't know the name of the girl.

Bro. Schrunk, Savanna, attended the recent meeting at La Crosse.

Bro. Beckmeyer, agent Alma, on short vacation lately, passed over the line.

Bro. N. A. Randall and wife, and Bro. Bright, of Lynxville, and Bro. Smith, agent Ferryville, were recent Prairie du Chien visitors.

Alma first and third, and Lytle and South Jet. third on bulletin.

Bro. Smith, agent Ferryville, spent a few hours in Prairie du Chien.

Bro. S. R. Kimball, second Charme; Bro. Russell Kimball, first Charme, and Bro. Otto Sands, second Bay City, have all been on the sick list. The Brothers Kimball were recent "CD" callers.

A new passenger train for Winnipeg is the latest report.

The boys in Illinois are paid twice a month now. There should be no excuse now for not paying promptly.

Trading positions will not be allowed, according to schedule, and anyone violating the article subjects his job being put on bulletin. Be sure to report any violations of the schedule to your local chairman. It is hard to keep up with everything on the division unless someone lets him know.

An express car on No. 57 took fire at Galena Jct., January 25th, resulting in the total loss of car and contents. Value of car alone was $5,000.

Brothers, keep up the good work by paying your dues early. It looks like a clean sheet this term. Avoid having your name on the delinquent list. It wouldn't look good there.

One trick—6 a. m. to 6 p. m.—opened again at Chelsea.

I wish to thank the brothers who contributed to this write-up. It is not necessary to mention names. Keep up the work, and we can have a showing every month.

L. C., Cert. 1416.

IN MEMORIAM.

WHEREAS, It has pleased almighty God, our heavenly Father, in His infinite wisdom to remove from the home of our brother, H. A. Fitzsimonds, Lynxville, Wis., the infant daughter of Bro. and Mrs. Fitzsimonds; be it

Resolved, That we, as members of the La Crosse Division, Order of Railroad Telegraphers, Division No. 130, extend to the sorrowing mother and father their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved parents, a copy spread on the minutes of the division, and a copy sent to the Railroad Telegrapher for publication.

W. E. Bright,
Committee.

Creston Division—

MALVERN, IOWA, February 16, 1914.

Bro. R. L. Gleason, Red Oak, Iowa, is appointed correspondent for the Creston Division, on account of Bro. E. B. Wallahan giving up the work.
Brothers, about the twentieth, send to Bro. Gleason all the news you can, and let's try and have a nice write-up each month.

R. L. Hale, L. C.

Creston Division Notes—

Bro. R. E. Poindexter is relieving R. C. Abel, while on vacation.

L. O. Price has been assigned first and H. G. Cook, second Shenandoah.

It is now Bro. M. G. Bacon, third Pacific Jet., and Bro. Dale Ellis, Greenfield, with promises from others for this pay day.

We were sorry to learn of Bro. C. C. Ingram's mother passing away at Arbela, Mo., and extend him our sincere sympathy. He was relieved by Bro. Dan Gleason, from second Hastings, while attending the funeral.

Bro. Poindexter from second McPherson to second Nodaway.

Bro. Bishop, Orient, is on three weeks' vacation.

Bro. Fleming has resumed work at Greenfield. Div. Cor.

Centerville Division—

If you have not paid dues do so at once. It saves Bro. Rogers a lot of unnecessary correspondence, also your local chairman.

It is now Bros. Hockett, at Farmington, and Parish, at "DX." Show them that we appreciate having them among us.

Answer your calls promptly and don't oblige the dispatcher to call for fifteen or twenty minutes when he wants to help a train.

If in doubt as to your seniority, write your local chairman for a copy of the list, and if data is not shown correctly, take the matter up for adjustment. When you receive the list, make a copy and return the one he sent you.

Boys, if we all do a little missionary work, you will be surprised at the result.

Bro. Cooeey, while visiting home folks, was relieved by Bro. Holbrook; Bro. J. M. Reed, agent Cincinnati, visited with his parents at Milton recently; Bro. Baldwin, Sedan, is home on vacation; Walker, of Luray, visited at his home in Tama, Mo., recently, and Agent Murray, Bogard, on vacation, was relieved by Mr. Thompson.

Bro. C. L. Parish is back again at Sedan.

Business is still booming on the "KC." Cincinnati recently reported ninety-two cars on his "61" for one day.

Let's try and have a good meeting in the near future on this division. All we have to do is to start it, boys.

Bro. D. E. Parish bid in agency Hale, vice Bro. Parish, resigned to accept a position as cashier in the bank there. We wish him success.

Chas. Ledgewood, from the St. Joseph, was shaking hands a few weeks ago with old friends at Gravey. He was agent there for nine years.

The depot at Gravey was destroyed by fire January 31st. All records and contents lost, and the agent is now in a box car. ("Good night nurse.")

Bro. E. F. Parish, from "DX," bid in agency Corydon, vice Mr. Snider, resigned. "DX" on bulletin.

Not an item from any of the brothers this month—not very encouraging. One or two can not keep the division up, and our local chairman certainly, in addition to his duties, has one of the hardest stations on the division.

Bro. Parish, agent Clearfield accompanied his wife to Des Moines, to undergo an operation, which we are glad to learn was successful, and that she will soon be able to be around again.

Brothers, let's all study up the unwritten work carefully, as it has been changed some, and learn the wire test thoroughly, then we can easily tell who are nons; and when new men come on the line.

No write-up in the journal last month, as yours truly was on vacation. Several of the brothers sent me items this month, for which I wish to thank them. If all will do this, we can have a fine write-up every month.

Brothers, let's all pay our dues promptly and avoid the unnecessary correspondence it causes Bro. Rodgers and the local chairman. If any of you have neglected or forgotten to remit, do so the moment you read this. You can not afford to risk your beneficiaries being left unprotected by allowing yourself to become or remaining a delinquent. Keep after the nons until they get a card, and practice the old slogan, "No card, no favors" to the very letter, if you do this we will soon be solid on this division.

G. E. S., "X," Div. Cor., Gravey, Iowa.

Ottumwa Division—

Our good brother, C. H. Lunders, agent Thayer, has been off for some time now, account of eye trouble, relieved by Bro. C. L. Bradshaw, third Afton. We wish him a speedy recovery and return to duty.

Bro. D. Smitherman, of the Grand, is on second Cameron, pending arrival of Bro. H. R. Babcock, second Happy Rock, who bid it in.

It is now Bro. H. B. McMillan, agent Maxon, and Bro. E. F. Jones, Indianola.

Bro. W. C. Critsfield was compelled to take a trick at Beardstown, on account of the big reduction in force at "CW" relay. Bro. "V" was one of our very best workers, being president of the Ottumwa O. R. T. Club, and never missed a chance to show a non the error of his ways. We hope to see him back soon with us.

Bro. Humphreys, on third Murray three years ago, is back among us for a short time. He has been with the Spokane International for two years, but on account of slack business, was laid off last fall. He reports jobs very scarce and hard to find. He was formerly with the wire.
less, and made a trip around the world with the big fleet.
Bro. J. M. Stevenson, third West Burlington, was called home account of his father's illness, whom we understand is doing nicely now.

Don't forget, brothers, if you have not paid your dues yet, that after February 28th you are delinquent, and in practically the same boat with the nons, as far as benefits are concerned, it's a serious matter to which you should give immediate attention. Don't make it necessary for your local chairman to keep after you all the time to keep you up to date, that's not business; we must have your undivided support for our committee in Chicago if we expect results. Let's do all we can to make it a sure thing.

I have appointed Bro. J. M. Walden, of Gladstone, assistant local chairman on the east end; kindly do all you can for him, brothers.

Former Local Chairman Brand, who went with the Northern Pacific, on account of Mrs. Brand's health, writes me that she is very much improved.

T. R. CRANDALL, L. C.

ST. JOSEPH DIVISION

Bro. J. F. Jefferies, third Cornning, on vacation, relieved by P. A. Pewson.

Ed. Davis, stationed at Hamburg, now has charge of the line Council Bluffs to Cornning, and Cornning to Villisca.

Bro. Armstrong, agent Amazonia, is on vacation, relieved by Mr. Boyer, of third there.

Bro. W. E. Stouffer, called to Fairtax account death of cousin, was relieved on third Hamburg by Bro. P. L. Young from the Frisco, who also relieved Bro. R. R. Fields, agent Fairfax, three days.

Block 4 has again opened up as a day office.

Bro. Wood, dispatcher from Michigan, visited friends recently at McPaul and Thurman. It looks good to see the dispatchers carrying an up-to-date.

Bro. Steve Spreekemeyer, second Payne, off a few days, was relieved by Bro. V. A. Solider.

Bro. F. A. Arnold, off few days account death in family, was relieved on first Hamburg by Bro. W. W. Warranstaff, who was relieved by Bro. V. A. Solider.

Boys, pay up; stay in line, and stick together. These are critical times and we need a strong organization. Read what they are doing on the Northern Pacific, as outlined in the N. P. write-up in December journal. We still have a few nons here yet, several on the Tarkio branch, some on the south end, and a few on the north end main line. Get after those near you and line them up. Every brother make it his duty to do this and we will soon be solid.

Thanks to Bro. Arnold, Hickman and Fields for news this month.

HANNIBAL DIVISION

Our local chairman, Bro. Callie Mays, should succeed himself on this division. He is conservative, honest and strictly sober; no man south of Hannibal working a wire gives better service. He has been with the Burlington more than twenty years and is bound to receive due consideration and respect from the officials who he is expected to meet in our behalf.

Bro. J. J. Leu, of Keokuk, is convalescing, after a siege of typhoid fever.

Bro. E. R. Banks, first Machens, visited over Sunday with relatives at Gregory.

Bro. B. Gregory, on vacation, visited in Alton.

Bro. O. L. Jarman and family spent Sunday with relatives in Quincy, Ill., recently.

Bro. J. M. Porter is relieving Foner Trihey, second at Firma.

Bro. King, third Machens, was in St. Louis recently.

Expert machinists from Chicago are working on the interlocking plant at Machens.

The time is about ripe for us to ask for annual vacations.

When the nons begin knocking get back at them with "Get a card and take up your grievances in the proper manner, and they will be looked after." Get busy on the nons working between you and make them "hit the ball," give them the unlock for trains only when they are out of the station in advance, according to rules and there will be no room for complaint. Our slogan is "No card, no favors," live up to it.

Bro. W. G. Meriwether is back at Elsherry, from the sick list.

Bro. Blinco, Wellsville nights, later at Sandusky, has accepted Veile agency, vice Bro. F. C. Palmer, transferred to the new (box car) depot at LaGrange.

Bro. A. W. Mueller, of Alexandria, off on account of sickness, relieved by Mr. Wing.

Bro. Mitto, relieved by Bro. J. M. Porter at South Troy. Our local chairman with some others, were looking after our interests in Hannibal, February 15th.

OMAHA DIVISION

Bro. Gilbert, of Wann, off ten days looking around in Colorado, relieved by Bro. Gordon.

Bro. Smeethen, of Dak. City, expects to go South to look over the land.

Some of the boys on this division are bidding on jobs that they do not want. Several have bid
in different positions and then backed out. This all causes Mr. McShane work in making new assignments as well as making a bulletin for the position held by the bidder. You can rest assured if you bid on position that you will get it, providing you are the oldest man and are capable of handling the place. There are a few of the nons on the main line who bid on every position open.

The committee has started negotiations for a new schedule, and we should all try to help the move along all we possibly can by getting in the nons and giving the company the best possible service. The "Grain Door" makes some nice pictures along the line.

Lincoln Division—

Bro. E. E. Holmes, Friend, off a few days, was relieved by Wishesney, and Bro. G. O. Vant, second, "GS," Hastings, on vacation, by Bro. D. J. Clark, from "N.I" office.

Bro. V. D. Chidester, extra agent, who took his vacation when work was slack, is now in the auditor's office at Chicago.

Remember Bro. H. C. Peterson, a member of Division 4, of Bloomfield, Neb., is a candidate for State Railway Commissioner at the spring primaries. He will appreciate your vote and your help.

Bro. I. C. York, agent Gltner, is going to Montana to his homestead, and that agency is up for bids.

Bro. J. Vogil, agent Archer, on vacation, called on Bro. Miller, at Hastings.

C. A. Smith is now agent at Ucheling, and Bro. B. F. Kaney at Utica.

Bro. E. O. Erickson, while off owing to the illness of his wife, was relieved by Mr. McMellan, of "N.I," Lincoln.

Joe Kunselman, helper Harvard, relieved A. R. Plyth, agent Horace, while visiting his brother, Bro. C. J. Plyth, agent Saranville, and C. E. Rogers, agent Berks, on vacation, was relieved by helper Anderson from Saranville.

Bro. E. H. Wade, St. Paul, with his wife, on two weeks' vacation, relieved by I. Doll, visited his father, Bro. F. B. Wade, agent "UP," Blue Springs, and attended the wedding of his sister, Gertrude; also visited Mrs. Wade's folks at Atchison, Kan.

Carr. 2441, "WA."

Wymore Division—

It is positively essential that the brothers mail us every item they can get hold of, if they expect to see the Wymore Division represented in The Telegrapher. It only takes a few minutes of your time, and possibly a two-cent stamp.

Alva Antrim recently at Smyrna to relieve Agent Blazer, who failed to pass physical examination.

Trainmasters are covering divisions, checking up condition of depots as regard to cleanliness. Glad to say most of them are found in very good condition, even if an overworked agent is compelled to put in his time keeping them that way.

The paring down of force in "SN," Wymore, caught Bro. Carl Glenn, now on the extra list.

Bro. F. H. Haley checked in as agent Vesta; Bro. F. A. Young transferred from agency Dunbar to agency Shickley, vice Bro. Messmore, resigned; Dunbar agency on bulletin.

Bro. Tom Antrim is helper temporarily at Liberty, on account of reduction in extra men.

Have you paid your dues yet for the present term commencing January 1, 1914? If not, and as far as standing for any benefits from the Order, you might as well be a non. Don't take chances of losing the assistance of the Order because you have neglected to keep your dues up-to-date, but remit today and get in line where you belong and can be protected if trouble should swoop down upon you. Also keep your eye on your neighbor non, and bear in mind "No card, no favors."

The snow and sleet storm of February 22d was about the worst ever experienced on this division. There were practically no wires all day the 23d. All lines were cut off from the dispatcher's office at Wymore, and Dispatcher Miller went to Table Rock that night and opened an office, handling trains there until well along Tuesday, when connections were again established with Wymore.

McCook Division—

Bro. H. F. Kissell assigned first Alma.

Bro. Anson Leeds, agent Franklin, while off to take the Chapter degree at Red Cloud, relieved by Bro. Paxton. Bro. C. A. Peterson was a Red Cloud visitor recently and incidentally rode the Chapter goat also.

Bro. Lauritsen, agent Cambridge, off recently, relieved by Bro. Paxton.

Bro. Overman, Hudson, off on account of sickness, was relieved by Bro. Barth, laid off at Keensburg on account of reduction of the force. Atlanta night also closed.

Bro. Vennerie was off a few days to get married.

Bro. H. E. Peterson relieved Mr. Morgan, agent Roggen recently.

Bro. Ayers, agent Franklin, has been taken to Ingleside to be put in the care of a specialist. We hope for his speedy recovery.

Bro. Spahn, Culbertson, off several days, was relieved by Bro. Vennerie, who also relieved Bro. Knowles, and later relieved Bro. Campbell, Roggen, on vacation.

Bro. Weyl, off a few days, relieved at Laird by Bro. Green.

Bro. Enlow, agent Orleans, spent Sunday recently at Cambridge.

Bro. C. R. Bauer relieved as chief clerk to Mr. Runnels while Miss Ryan was on vacation.

Brothers, we thank all who contributed to this write-up, and hope you will come again.

C. R. Hunt.
IN MEMORIAM.

Whereas, Almighty God, our heavenly Father, in His infinite wisdom, has deemed it best to call to His heavenly home the beloved father of Bro. John Jamison, of Hudson, Colo.; and

Whereas, We bow in humble submission to Him that doth all things well; therefore, be it

Resolved, That we, the members of the McCook Division of the C. B. & Q. System Division 130, extend to the sorrowing members of the afflicted family and brother our sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved brother, a copy spread on the records of this division, and a copy sent to The Telegrapher for publication.

C. R. Hunt,
O. B. Landau,
W. A. Stingly,
Committee.

Alliance and Sheridan Divisions, Main Line—

A meeting was held in Alliance, February 14th, which was well attended. Bro. J. F. Carder was present and gave the boys a splendid talk, which was well received and attentively listened to.

Meeting was held at Seneca, February 27th, to enable the east end boys to get out, and one at Edgemont, February 28th, to allow the Deadwood line boys an opportunity, as well as some on the east end of the Sheridan Division, to attend.

We are practically solid on this division at last. Bro. Fiske third Belmont, and Bro. W. E. Herculain, first Edgemont, sending in their applications, thus closing the gap.

Bro. Seybolt, second Crawford, has gone to New York and will return with a helper. Congratulations in advance.

Bro. E. S. Powell bid in Hemingford, Bro. Jack Kennedy going to agency Ellsworth.

Bro. C. C. Graham, agent Marsland, took a trip to Southern Missouri, where he invested a sum of money in ten acres of fruit land.

Bro. L. Z. Young, second Orealla, is relieving Bro. Seybolt, second Crawford, temporarily.

On bulletin: Agency Halsey, first Seneca, second Broken Bow, and third Belmont and Whitman.

Bro. Lee Gregory, agent Belmont, is confined to his bed with a severe attack of grippe; relieved by Bro. Wade Hack.

L. M. Davis.

Sheridan Division—

Bro. J. J. Videtto, assigned to Echeta second, made a trip to Omaha before taking position.

I hope ever member will assist me in effecting the return of the three members dropped from the list on account of failing to pay dues, and also secure your neighbor's application. The names of delinquents will be furnished you upon request.

Sister Gallagher, third Crow agency, now closed, relieved Bro. Gallagher, on second Crow agency, who relieved Bro. Garwood at Ulm a week.

It is now Bro. Atcheson, Echeta nights. We trust he will be a live member and secure others.

Thanks to the brothers who sent me notes of changes along the division. Hope each one will do this in the future.

The membership on this division is stronger than for years, and we ask every member to try and make it stronger. There are still a few agents along the line whom we should make extra efforts to get in.

J. E. Wham, Local Chairman.

Atlantic Coast Line R. R., Div. No. 132.

Norfolk District—

Bro. Spruil, "KN," relieving third trick dispatcher Sholar a few days. Bro. Spruil being relieved by Mr. Lafarage, who later relieved Bro. Hale a few days.

Bro. Hathaway and wife are visiting relatives at Conetoe, N. C.; relieved by Bro. Matthews.

Fayetteville District—

After being held out of service three months on account of relief department, Bro. C. A.
Bodenhamer has been reinstated and put back on his regular trick at Pee Dee.

Bro. B. C. Mauney, of Elm City, after spending three weeks in the South Rocky Mount Hospital with smallpox, is able to be out again, and is spending a few days with his parents.

Bro. H. L. Clark was called home on the 10th, to the bedside of his aged father, who is suffering with a severe stroke of paralysis.

Hamer third, opened for tourist season, now in full blast, by C. Kennedy, pending bids. 87 and 88 have the fastest schedules ever operated over this line. It is gratifying the way the boys watch "Mr. Ray" go south at about 70 per. So far no one has been guilty of letting "the hay" cause trouble.

Bro. V. J. Yelvington has resigned. We hate to lose such a good brother from our active ranks, but all wish him much success "down on the farm" near Clayton, N. C.

Bro. D. L. Prudden, after 23 years' active service, has resigned the Godwin agency to enter other business. We all wish him great success.

Positions on bulletin: Godwin, Smithfield, "YD," Pembroke third, and Dunn second.

Out of the last six assignments, two have been made to nons. Looks as though some of the brothers are not active enough.

Bro. Dave A. Foster, "X" Rocky Mount, has resigned to accept a position as dispatcher in "KY" Wilmington.

Lots of times when you approach a non for his application you get only a hard-luck spiel and a promise. Hard luck comes to all of us sometimes unavoidable, but keep your eyes open and see that the promise is not forgotten.

IN MEMORIAM.

WHEREAS, It has pleased our heavenly Father and all-wise Ruler of the universe, to call to her reward the beloved wife of our brother, J. H. Walker, in manifestation of our grief and fraternal sympathy; be it

Resolved, That the members of Atlantic Coast Line, Division No. 132, Order of Railroad Telegraphers, extend to the sorrowing brother and members of the afflicted family their sincere and heartfelt sympathy in their bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy spread upon the minutes of the division and a copy forwarded to The Railroad Telegrapher for publication.

L. M. Dixen,
Thos. Sasser,

Savannah District—

Several of the "tourists" took "French leave" recently, but none of them had a card.

It was learned that Bro. Wheeler, returning from the conference of general chairmen and secretaries of the Southeast in Richmond, would spend the night in Jacksonville, so Bros. Tedder, of Seville, Pixley, of Waycross, and Hollahan of Jacksonville, were on hand when the "choo-choo" arrived, and escorted him to the Aragon, where a pow-wow was held until the wee hours. Don't understand by this that the brothers were afraid of Bro. Wheeler getting lost enroute, simply glad to see him, that's all.

It is regretted that Bro. Jeb Martin decided to leave us, to accept a position on the C. of Ga., near home. Jeb was an A1 boy and he leaves us with the best wishes of the bunch.

There has been quite a number of "foreign" members transferred into our division this winter so far, due to the alertness of the men in notifying the proper officials when they arrive, and to what division they are a member of.

Bro. Howard, at Ludowici a number of years, bid in second Folkston.

Bro. F. D. Clark has been assigned first Daniel. Ex-Bro. J. W. Starnes, out of service quite a while, promises to join us again soon.

H. C. Starnes, illustrating that he is a chip off the old block, has already requested blanks and will join immediately.

Bro. A. L. Bunch has been assigned second "DE" temporarily.

E. R. Fuller has returned after an absence of several months. Having returned to good company; let's corral him again.

Bro. E. Jackson, of Division 97, has accepted a position at Daniel, also Bro. Thomas.

We are pleased to welcome to our ranks G. W. Murray, Jr., extra in Savannah for several months.

Tim O'Shea.

Albany and Waycross Districts—

Note what Bro. B. E. Cason, of the N. P., has to say on page 111. January Telegrapher, in regard to conditions. This matter concerns all connected with our line of work, and we should be up and doing in an effort to prevent such an imposition as the trainmen would be doing us by going out of their way to collect 50 cents per call for calls they make on line. Surely, this would not be in accordance with the ruling of the I. C. C., which prohibits the handling of orders more than nine hours in twenty-four.

Lakeland District—

Business is heavy, telegraphers are scarce, and it is almost impossible to get relief except in case
of sickness. I suppose this is why I have received no notes from any of the boys to help me out in this write-up.

Bro. J. E. Long, third Croom, off to get married, relieved by J. M. Jordan.

Bro. O. O. Roberts goes from second Dunnellon to Iastachatta agency, relieving Bro. R. E. Collins, resigned and gone with phosphate people.

Bro. W. R. Hayes, on Montbrook nights, relieved Bro. W. P. Arlegh, who went to "CD."

J. M. Huiet, off sick, relieved by Bro. W. D. Harnage, third Triby.

A. J. Harnage, agent Montbrook, off sick, relieved by J. O. Myers.

J. M. Jordan is on second Dunnellon now.

Brothers, please pay your dues, so we do not have to call your attention to this so much.

"Big Four" R. R., Div. No. 138.

Cincinnati-Sandusky Division—

The January meeting was well attended, there being quite a number of brothers present both from the Cincinnati and Sandusky Divisions. Those who attend these meetings regularly are able to comprehend more clearly the changes that take place, the amendments, the revision of the schedule, etc.

The rates to join in March, April and May are $7.83, $7.00 and $6.17 respectively. I have plenty of blanks to mail you to go to work on the nones.

Mr. Lemon, ticket agent Middletown, while spending a few days in New Orleans, was relieved by Bro. Vail.

The State commissioners have decided against trainmen taking orders from the phone.

Unless we can say something for the good of the Order, let's leave the talk out. Pay up and have a new card. Don't become delinquent; that hurts only yourself.

Bro. Fulker son, off a few days, was relieved by Mr. Yezell, third Rox.

Mr. Smith, second Lad, has gone back to the farm, relieved by J. Holtzman.

There is some talk of putting a Panhandle wire in the M. & C. Jct.

There has been installed in "GC" Cincinnati a Giff selector on No. 18 wire, for the purpose of ringing operator by the use of a code of signals. The combination call is "G. D. N. M."

Mr. Harman, second Mauds, was off a few days with a broken finger.

Snyder, third London, relieved by W. Argenbright, second Lilly Chapel, pending bulletin.

We had an extra dispatcher of seven years' experience, who served his time as operator and dispatcher at Panna Crossing, Alaska, working on third Sand Cut recently.

Mr. Sitesinger appointed agent at West Liberty, vice Bro. C. O. Batlin, acting agent to "J" Springfield.

Five more brothers were added to the list for January.

Boys, don't allow those musical stunts on the phone to interfere with the company's business, no matter how much you enjoy them.

Avenue closed, and Mr. Walters bumped Mr. Harp at Fifth avenue, Columbus, who bumped Bro. J. R. Teach, second London, who took second Deer Creek. Bro. Zellner, third Avenue, bumped Bro. Long on third Enon, who bumped Bro. Clark, third Brooks. Avenue is now a twelve-hour office; second and third tricks discontinued.

Bro. Dave Kehoe, Avenue first, is seriously ill, with slight chances for recovery.

Give the nones no rest until they get up to date, and we will soon have a solid line-up.

Recent assignments: First tricks—Draw Bridge, G. M. Hench; Sand Cut; W. C. Kenney. Second tricks—Draw Bridge, R. V. Perry; West Carrollton, J. L. Diehl; Sand Cut, T. M. Hadley; Par, J. M. Holtzman; Lad, N. E. Weaver; Lilly Chapel, O. Grutsch; Springfield yard, R. E. New. Third tricks—Springfield yard, L. F. Armstrong; Deer Creek, R. G. Hopfe; Dayton yard, E. W. Himburg; Sand Cut, C. E. Harmon; Shale, W. D. Cavanaugh; Rox, A. H. Phillips; Middletown yard, Oscar Keyes; Belle Center, Fred Jenkins; East Sharon, A. L. Rankin; Osborn, L. C. Koltleff, and "CD" Columbus, A. W. Hagerman.

Bro. Irwin to second Middletown yard, vice Bro. Dr. Meese, to third Glen Echo.

Bro. John Foley and Bro. D. E. Shane have returned from a trip East.

C. Schnorr to first Draw Bridge, vice Bro. Gallager, to first Dayton yard.

Bro. N. C. Fullerton, from C. M. & St. P., on third Rox pending bulletin.

Bro. Jenkins is on the Cincinnati Northern. The safety-movement car, which stopped at points along the Sandusky & Cincinnati Division, was very interesting and gave some valuable information to those who visited it.

Mr. Borschers recently called on the boys and examined them on the book of rules, and passed them with honor.

Boys, I can not see Why so few items are sent to me. I am a brother, not a non, So send the news and we'll all know the fun. Please help the dumb.

We are indebted to Bro. Emmers for contributions to this write-up. Let us keep in line with our neighbors, brothers.

Cleveland Division—

Bro. Carey, second Longville, off a few days, was relieved by Foner Fredmore.

At Rush, February 9th, No. 297 struck and instantly killed Dr. C. M. Fisher. This makes the fourth accident there in the last few years, the toll being one man and three horses killed, and one man seriously injured.

Station agents along the line who handle express business, joint with their railroad work, have received notice of a decrease in commissions by the express companies if business does not pick up. Too much parcel post.

Bro. Joe McCartney, third Galion, off a few days sick, relieved by Extra Powers, who also relieved Bro. Greifstine, third Leonardsburg, while off sick.

Bro. Bill Elliott, Ashley, off a few days, relieved by Extra Dougherty, later relieved by Bro. Crone.

Bro. Harold Clutter, third St. James, off a few days, relieved by Extra Burk.

Bro. E. P. Golden, off a few days on account of the death of grandfather, was relieved by Bro. Conklin.

Bro. I. S. Tripplott, third Hills, off a few days, relieved by Extra Jarvis.

The meeting at Cleveland, February 11th, was well attended. Next month we will try to get the boys on all the roads running into Cleveland to get together and start a Forest City Telegraphers' Club, which would bring the brothers on the different roads together. We propose starting meetings at Galion again to accommodate the brothers who can not get into Cleveland. Would like to have the brothers who favor this plan write me. If a sufficient number can be depended on will try and arrange it.

Dispatchers Kelly and Falvey are being relieved by two new men from some other road.

Bro. Eberhart, Rushsylvania, helped me out on this write-up, which is greatly appreciated.

Cront. 1123.

IN MEMORIAM.

WHEREAS, The all-wise God has seen fit to take to Himself the infant daughter of our esteemed brother, M. M. LaRue; and

WHEREAS, It is proper that we should give expression to the profound sense of bereavement that we entertain; therefore, be it

Resolved, That Big 4, Division 138, O. R. T., extend to the bereaved brother and wife our heartfelt sympathy in this their sad bereavement; and be it further

Resolved, That a copy of these resolutions be entered on the minutes of this division, published in The Telegrapher, and a copy sent to the bereaved.

F. E. Bouchers,
F. C. Busser,
Committee.

Maine Central R. R., Div. No. 140.

Main Line—

Mr. Harris, agent South Gardiner, off on account of the death of his mother, was relieved by T. J. Murphy, later by Sister Mildred Little. Mr. Harris has our heartfelt sympathy.

Mr. Earles, spare, who landed second Clinton, will soon be with us. It is now Bro. Ellis, at Harmony. Welcome, Chester.

When we called on Bro. Laurence, agent at Vassalboro, he had a hammer in one hand and a chisel in the other, trying to get his safe open. What he was saying when we entered the room, I would hate to repeat.

Sister Little was relieved at Bowdoinham by Ex-Bro. Prince, former second vice-chief of Boston Division 89. He will soon be with us.

It is now Bro. Allen, at Bath, due to Bro. Wilder's good work.

Bro. Dickey landed Waterville yard first, and Bro. Gardiner first Cumberland Mill.

Bro. Wilder bid in second Augusta, relieved at Freeport by Mr. Burdick. They will soon have a tower at Augusta. That will give us a chance to do some more bidding.

Only $7.16 for a card this month.

Bro. Lowe has resigned Clinton agency, on account of poor health. We wish him a speedy recovery.

Bro. Laurence, agent at Vassalboro, was relieved by A. E. Burdick, and Mr. Travis by Mr. Ferguson, while attending court at Waterville. Travis has given his promise.

The Passion Play given at Richmond was a great success. Among those chosen for committee were four of our good brothers: J. T. Dailey, J. E. Fardy and S. A. Lavallee, from Richmond; and W. D. Fardy, from Iceboro.

If you want a mill or a vibroplex call up Bro. McCorm, "WR," Portland.

The express rates are lower since February 1st. So is the percentage for us, but it is not us they are looking out for.

Digitized by Google
Mr. Hardy is at Warren pending bulletin.
Bro. H. M. Harris, agent at Pejepsct, visited his parents at Detroit, Maine, recently.
Don't forget the little green shamrock the 17th of March.

Mountain Division—

Bro. H. Savage, formerly of Beecher Falls, writes from Edmonton, Alberta, how the brothers so far from home appreciate reading the items from this division. He is very enthusiastic over the possibilities of that great country, the Orders being well organized there in all the different railroad departments, and the officials and employees working harmoniously together; but the supply of men is greater than the demand, owing to the closing of offices after the grain season is over. His closing injunction is that we shall all be loyal to the O. R. T. and always carry an up-to-date.

Bro. S. F. Haskell bid in Bald Mountain; Bro. C. B. Tinkham goes to Greene, vice Bro. Russell to second Thompson's Point.

Bro. Durgin, first at Brunswick, sent in a batch of items. I shall be glad to take care of all the items sent me and see that The Telegrapher gets them on time.

The Ladies' Auxiliary is making great strides in the Western and Central States. Hope before long Division 140 will be represented in this splendid organization.

Understand Bros. Guthrie and Saunders are making a try of the railway mail service. We wish them success.

Bro. Crepeau, with his family, is visiting friends in Canada, relieved by Bro. Whitaker, and he by his wife, Sister "DO."

Elliott, at "CN," the only man out. Everybody else in.

Brothers send me all the items of interest you can by the 20th of the month. W. S. McGeoch.

Houston and San Antonio Divisions—

Bro. Henson, wire chief Yoakum, spent several days in Kenedy and San Antonio; relieved by Bro. Stevens, recently recovered from a very severe attack of rheumatism.

Bro. Grant, while on a hunting trip, was relieved by Bro. Chandler.

There has been several changes made in agencies, but I have been unable to get them.

I have a letter from Bro. Hill in regard to our present schedule, but a little over a year old and he thinks it would not be wise to try now for a general revision, but there are several jobs that need fixing, especially in the relay office at Yoakum. We have three men in "Q" working 11 hours a day, and we want to get them on an eight-hour-day basis. Most of the well-organized roads are now working their relay men only eight hours. The Cotton Belt and Katy are working only nine hours and we should have as good working conditions as they have. This would call for another operator in "Q" and this is just what we want, and the only way to get it is to ask for it.

Let's not stop until we have our schedule up to the standard. To do this we must take more interest in getting new members by keeping the local chairman advised in regard to the nons as fast as they show up. When a new man comes on the road not lined up, keep after him until you get him, or if from another division, have him transferred.

If you hear of any changes or new men going to work write Bro. Cherry, at Rockdale, whom Bro. Barnett has appointed local chairman, vice Bro. McNutt, who is now wire chief at Palestine for the I. & G. N. "HG," "KY."

Alice Branch—

I have decided to again pursue the peaceful pleasure of writing for the best of all the brotherhood magazines.

I want to remind the men who handle tickets and route freight that the S. A. & A. P. has been hard hit by two over-flows and a short-cotton crop, but we are still on the map, although it will be a long time before the effects of this season are no longer felt. No road in the country treats its station men better than the S. A. & A. P., and we must now help it to secure the revenue it is entitled to.

Bro. Gregory has resumed at Alice after spending a month in the western part of the State trying to kill a deer, and is a nimrod no more.

Bro. Edmunds has regained his health and will soon resume on the Waco Division; Bro. Mackey going to Nordheim.

Bro. Haw, at Premont, is being relieved by Relief Agent Thomas.

Bro. S. S. Seay, second Flattonia Jct., has returned from his vacation in west Texas, relieved by Bro. E. N. Tompkins.

Bro. W. A. Alford, Rosebud, has returned from his honeymoon. Bro. Trantham, Flattonia, visited the old home at Ft. Worth recently, relieved by Mr. Sutton.

Many changes of agents at the small stations are being made.

Some of you try to give me a little help with the write-ups.

Mutt.
IN MEMORIAM.

Whereas, It has been the will of God to call from our midst, to the great beyond, our highly esteemed and worthy brother, W. E. Hendershot; in manifestation of our fraternal sympathy, be it

Resolved, That the members of S. A. & A. P. Ry., System Division 141, Order of Railroad Telegraphers, extend to the sorrowing wife and family, their sincere sympathy in their bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved wife, a copy filed on the records of the division and copy forwarded to THE RAILROAD TELEGRAPHER for publication.

HOLLY CROCH,

E. B. HILL,  
Committee.

Grand Rapids & Indiana Ry., Div. No. 143.

Northern Division—

Bro. F. G. Reed was called to Detroit, February 24th, on account of the serious illness of his wife's mother; Relief Agent Graves, relieving.  

Bro. C. W. Brownell, from the "Big Four," is on third "SA."  

Bro. L. B. Babcock relieved Mr. Phelps, agent Petoskey, while attending the agents' meeting at Cadillac, and Bro. L. L. Wright, Kegomic, relieved Agent V. A. Pool, who also attended that meeting. Others who attended were: I. H. Lee, assistant executive Penna. Lines, Pittsburgh; General Manager Hughart; Supt. Hunter, Northern Division; Supt. Hudson, Southern Division; Assistant Trainmaster Hulin and Trainmaster Eddy, G. R. & I.; Agent Marble, Grand Rapids, and Chief Clerk Holmes; Acting General Freight Agent Kelley; Agents Lane, Muskegon; A. Amphlett, Reed City; Arner, Howard City; Weyant, Petoskey; Phelps, Manton; R. Hilton, Walton Jct.; Liddy, Traverse City; Lacy, Pellston, and Blue, Mackinaw City; also Ticket Agents Robbins and Phelps, Traverse City, and Phelps, Petoskey, and Com. Agent Quaintance, Petoskey. They met to talk over means of advertising to get before the people enough statements and suggestions to help the railroads get the proposed freight rate increase.

Mr. Nielsen was reinstated at Boyne Falls after being out of the service about three months, during which time he worked for the P. M. We hope he will now get a card.

Bro. W. S. Plummer and wife visited Mrs. Plummer's mother and boys at Boyne Falls recently.

F. D. Newman, a former dispatcher on this division, has been appointed division operator. Since A. W. Linton's death in January, 1913, the placing of the operators has been handled through the superintendent's office. If we will all give Mr. Newman our hearty support and do our work better than the nons we can show him that organized boys are the best for the service.

During the recent heavy snow storm on Saturday night, February 21st, Brakeman Roy Emery started to walk to Pellston from Brutus and was found at the south wyne switch at "SA" by the snow plow crew, badly frozen, and brought to Pellton at 5:30 a.m., Sunday. He did not regain consciousness till about two o'clock in the afternoon, and was so badly frozen it was feared he would lose his arms and feet, but we now hope he is out of danger.

Some brother below Cadillac and north send in some notes for the write-up. Let everyone help.

—BUZZ—

Fort Worth & Denver City Ry., Div. No. 145.

First and Second Divisions—

"RD" office made continuous now, with Bro. Allen on second and Bro. Dickinson on third.

Bro. Webb, third Quanah, was a recent Wichita Falls visitor.

Bro. Weaver's wife, who has been ill with blood poison for four weeks, we are glad to note is much improved.

It's Bro. Robinson now on first "FR," and it will soon be Bro. Conley on third.

Bro. Dorsey, of Bellevue, is enjoying a visit with his folks at Sunset, relieved by Bro. Abington, who also relieved the agent at Decatur early in the month.

The few who have not paid up for the current term should do so at once. It is to your own interest to keep up to date. Last year's business is one to be proud of. You will all soon get a copy of the report.

Dispatcher Clark off a few days with la grippe, relieved by Dispatcher McDowell, who also relieved Dispatcher Clugh several days while looking after his oil interests around Childress and Electra.

W. D. McDowell was a recent Wichita Falls visitor.

Bro. Abington, relieving Agent Sherwood at Decatur, was relieved by Bro. Campbell as cashier.

Bro. Menter, off several days threatened with pneumonia, is on duty again, relieved by Bro. Mize. Mr. Darling, first trick dispatcher, was off several days on account of the illness of his wife, who, we are glad to report, is about again.

Bro. G. H. Wheeler, elected tax assessor, has resigned, but will continue to carry an up-to-date.

Mr. Tatum, first Clarendon, is visiting in Dennison.

Stock will soon begin to move and business will be booming again.

—Div. Cov. —

Third and Fourth Divisions—

Bro. F. V. Mize is relieving Phelps at "N" Childress, visiting home folks at McKinney.

Bros. Gilley and Goldsmith were off several days, relieved by Mr. House, an old-timer, going to Denver in the produce commission business, which he has been in for two years.
Bro. Sides, who relieved Bro. Johnson while
relieving Dispatcher McDowell, assigned Chann-
ing.

Extra Everett, son of the section foreman at
Hedley, has gone to Channing.

Bert Knight, stenographer in trainmaster and
superintendent's office, has resigned, bought a farm
near town, and is going to raise chickens, hogs,
etc. He also has a horse ranch in New Mexico.

Bro. E. A. Horton, Hartley, Tex., is now in
the grocery business. We regret to lose this good
brother from the railroad service, but wish him
success.

Former Dispatcher Wilson is now on third
Wichita Falls. C. R. Smuck, second trick dis-
patcher, resigned, relieved by Mr. Freeman.

Bro. Webb has returned to second Quanah,
relieving Bro. Rutherford, who relieved Bro.
Ludwig at Acme, on a trip to Ft. Worth.

Bro. Weaver, third Quanah, is off sixty days
with eye trouble. Bro. Wales, from Sunset nights
(closed), is relieving Bro. Rutherford at Quanah.

Bro. Greenwood's wife, at Bowie, has been
quite ill. We are glad to note her improvement.

Have just received a copy of the splendid new
schedule the brothers secured on the T. & B. V.
They have us "skinned" on both the wage scale
and good working conditions. But we are not
through yet.

Bro. Potts, first Quanah, on a trip to Ft. Worth,
was relieved by Bro. Rutherford.

Brothers, if the happenings or changes at your
stations do not appear in the journal it is because
you fail to send them in. I use all the news
items I get through my own efforts, and all the
others that are sent me. If each brother would
endeavor to contribute matters of interest, it
would make our write-up more interesting. Let's
see if we can not have as newsy a monthly divi-
sion write-up as any of them. Cfr. 43.

Atlanta, Birmingham & Atlantic R. R.,
Div. No. 146.

Birmingham Division—

At a well-attended meeting at Manchester, Sun-
day, February 8th, one correspondent was ap-
pointed for the birmingham and one for Bruns-
wick end, and I was the "goat" for the former.
Wish all the boys would drop me a line about
anything of interest on the division near them
each month.

F. E. Judge appointed agent Manchester, vice
I. L. Lamar, resigned, elected mayor of Man-
chester. W. C. Matthews, agent LaGrange, be-
comes chief clerk to Superintendent Kirkland at
Manchester, W. W. Breedlove, cashier LaGrange,
succeeding him as agent; Bro. C. T. Kilgore, bill
clerk, as cashier; T. F. Davis, third, going on
second as bill clerk; Bro. Bridges from Stovall to
LaGrange third, and Bro. McCray (scribe) to
first trick.

Pyrillon, Stovall and Arkwright agencies on bid.

Mr. Barnes, a new man, goes to Lineville
nights. The office having been moved from Crag-
ford, Ala.

Everything is moving along nicely. We are
about 95 per cent strong, and I hope in just a
few days we will be a solid division.

Our general chairman, Bro. O. D. Gorman, is
a hard worker, a first-class man for the job, and
gave us some mighty fine talks at the meeting at
Manchester. Boys, give him your support. All
the boys of Division 146 will receive notice from
Bro. Pye at Oglethorpe that the dues beginning
June 30th will be $6 instead of $4. This is a
good move, as the dues on most of the roads are
$6, and we are just as able to pay $6 for our
cards as any road in the South. If you can't
get your Mr. Non next to you to join, give him
the "once over"—"No card, no favors."

W. W. McCracy.

Delaware & Hudson Ry., Div. No. 151.

Penn. Division—

The local chairman wishes to take this oppor-
tunity to thank all of the boys who so kindly con-
tributed towards the fine presents he received
through Bro. Gibb, of Yatesville, consisting of an
large easy chair and a tie pin. They came to
him as a complete surprise, and he is wondering
why the chair, as he never has time to use it,
being the busiest man on this pike. When he is
not taking care of his job at Moosic, he is out
over the road looking for nons, and they are get-
ting pretty scarce on this end of the road; about
the only ones that can be found here, is when a
new man strikes the pike, and Erny is after him
on the first pay day.

The one day "Historical" strike showed that
this division was 100 per cent strong, not a click
of the instruments after 11:45 a. m. Every one
said "GB" to the dispatcher and walked out. On
the day of the strike I had the good fortune to
be with the local chairman at Hotel Jermyn,
Scranton, and if it had lasted another day I
think the hotel would have had trouble with the
bell boys, as they were about the busiest lot you
ever saw, trying to keep Danks on four telephones,
interviewing reporters and answering Western
Union and Postal messages all at the same time.
Bro. Danks was the busiest man in Scranton
on that day without doubt.

Any changes on this division? Yes—so many
that it will be impossible to record them all here.

Bro. Livingston has been appointed relief
man for the Nineveh branch.

Relief Dispatcher Clune has been appointed
night chief on the Susquehanna Division and I
can assure him that although we are sorry to lose
him here, we are all pleased to know that he is
going to a more important place and among
friends. The Susquehanna boys have a warm
spot in their hearts for "Mike," and they will all
help him make good up there.

R. S. Red, G. A. Artley and I. Madigan have
been appointed trick dispatchers at Carbondale;
all the boys from out on the road and everyone
making goo.

Bro. A. J. McLane, from "WB" yard office,
Wilkesbarre, to clerk in dispatcher's office.
Our official family is now composed of former telegraphers entirely: C. A. Morgan, superintendent, former chief dispatcher; J. J. Rounds, trainmaster, former chief dispatcher; E. G. Knapp, assistant trainmaster, former chief dispatcher; P. F. Kilker, former night chief to day chief, and R. A. Seigle, day trick to night chief. These men have all graduated right up from the ranks on this road, and they are as good a bunch of officials as you can find in the United States.

Our former Superintendent C. E. Burr has been appointed general superintendent, with headquarters at Albany, N. Y.

The New York State two-day bill which was signed last May, was put into effect February 1st on Nineveh branch on this division. Fourteen men on branch now enjoying two days off per month. There are only two nons among them, whom we hope to have in the fold before another month rolls by.

Three new members taken in on February 1st. Only five nons on the division. Boys, "get busy," look them up. If you do not know who they are, ask your local chairman, he will be only too glad to tell you, also give you blanks to help line them up.

Bro. L. J. Speicher, Hudson tower days, off five weeks on account of sickness, was relieved by Extra Kittle.

P. F. McDonal1 bid in third "WB" yard. Hope to call him "Bro." next write-up.

Virginian Ry., Div. No. 164.

Deepwater Division—

At present it is not convenient to hold meetings on our division so that many can attend. This year has been started off with bright prospects for us. Let us pull together for results, bearing in mind that the organization is just what we make it by our personal efforts. We have reason to feel proud over the results accomplished during 1913. Previous to that time we had no organization to speak of, while at present we are working under one of the best schedules in the country, both with the Virginian and the Adams Express Company. The agreement has been lived up to by our officials and the men in general have given better attention to their duties, as they realize more and more every day that our organization is not to antagonize but a medium through which both the company and men can work together for the good of all concerned.

You boys out on the line realize how it goes with an agent. Having many duties to perform, it is an impossibility to keep in touch with happenings over the road. I want your help and co-operation. When an operator comes to your station, find out if he is up-to-date. If not, why not? If not, and is worthy, give him an application blank and ask him to fill out and do as you have already done. Put it in the proper channel to make him a brother. You will find some, no doubt, a little close fisted, but it only takes a minute to destroy that illusion as the facts stand out too prominently that the operators over the country are enjoying benefits secured for them by the O. R. T., which more than offset the small amount paid in as dues, and furthermore the assurance that your loved ones will be provided for even after you have passed over to the other shore comes in as a big consideration. Others, no doubt, will advance the ideas that by becoming a member of the organization that they will be retarded in their aspiration for favor or a higher position with the company. The company don't consider in this line what you "ain't," it is what you are. First show them that you are a man, and I know of no better way to head that way than the O. R. T.—so see that they get in line.

During this year we want to see the dispatchers members of the Order. Dispatchers on other lines parallel with the Virginian are affiliated with the Order on their roads, so should the dispatchers be on the Virginian. It is the writer's pleasure to know personally all of the men in the Princeton office, and I am glad to say I know of no finer lot of men.

Remember, brothers, that we should give our best service to the company, that the officers may realize that a union man is the best man. A good full measure and a little more won't hurt us, and in the meantime be true to yourself by handing out a good word to the delinquent brother, or a man who has never seen the light, reminding them that this is the time of the year to get that up-to-date card.

S. H. Davis, Local Chairman.

First and Second Divisions—

Several operators have been cut off; Suffolk, Adsit and Goodview closed nights; Carolina second and clerk-operator Suffolk on bulletin.

We regret that our extra men will have to leave, as well as some of our regulars, as they have stuck to us since they have been here, and we wish to thank them for doing so.

Dispatcher Smith has returned to Victoria, after clearing up the statistical work in the general offices at Norfolk. We are glad to have him back with us.

Bro. Daniels, Third Division, has returned to Tams, after several months' on "CD" first, putting Extra Dispatcher Brown back on first there.

Bro. Williams, off a few days recently on account of the illness of his mother, was relieved by Bro. Matthews.

All of you should give the very best service possible, as we have a fine "Chief," and he deserves our co-operation in every respect.

I have asked several of the brothers along the line to send me a few notes, but so far only a very few have responded. We can not have an interesting write-up unless you assist your correspondent, as it is hard for him to get everything over the line alone.

P. S., Cert. 83.
Chicago, Indiana & Southern R. R.,
Div. No. 159.

Boys, I want to congratulate you on your promptness in paying the 1914 dues. There are only a few not yet paid up, and out of 111 jobs we have 103 members, for which you can thank your local chairman. "Shim" and certain of the old agents who have signed up are certainly entitled to a vote of thanks.

We will give our first annual ball, in the near future, at Schneider, Ind., and expect to have a big time. I am going to sell tickets to our grand chief, grand secretary and treasurer and certain other grand officers, so they had better be getting their dollars ready, and we want as many of them as can possibly do so to attend.

C. C. B.

Dantville Division—

C. T. Allison says he will come into the Order as soon as the switch lights are taken care of at Allison by someone besides himself.

F. C. Williamson, of Free, wants to know more about the O. R. T. before he can join, although he has been working with members over a year. It is up to you, brothers, to make him acquainted with the O. R. T. DO IT.

C. L. Smith.

Kankakee Division—

Bro. Shimaneek has been on the warpath for the past month getting new members, and as a result it is now: North Judson solid, Bro. Morgan at Knox and Bros. Richter and Marshall at Schneider, making this station solid with the exception of Extra Fuller, who still holds his card in the union he formerly belonged to. It is also Bro. Popejoy, at Momence, making that station and Walkerton solid, and we expect Knox will be solid before long.

The meeting at Kentland was not very well represented by the members of this division; nevertheless, the boys had a good time and did some good. This kind of meetings are showing their worth, and we are earnestly looking for one of them at Kankakee or Schneider.

This road recently had the misfortune to lose two of its most trusted employees—Conductor R. Bollman receiving injuries at Streator that proved fatal in about thirty minutes, and Bruce Walker, fatally injured at Zearing, was one of the oldest engineers on the road. Their untimely deaths are mourned by all the brothers.

Business on this pike has kept up very good this winter, nearly all the train crews knocking out about $150 per, and some of the "ops" as high as $60 per. Thorough organization will even up this difference wonderfully. Let's try it.

Recent new members on this division: F. J. Fitzgerald, Walkerton; G. G. Morgan, Knox; G. D. Weigner, C. F. Roney and John G. Burjianek, North Judson; W. J. White, Wheatfield; W. H. Popejoy, Momence; C. W. Layman, McNab, and R. E. Jones, De Pue. H. Tarter, of De Pue; C. C. Johnson, Momence Tower, and F. J. Fletcher, Howe, expect to retire from the railroad business. Mr. Settle, Lostant tower, will be with us soon as he returns from vacation through the South. Mr. Lee, new man at Budd, will be with us soon as he gets settled.

J. W. Driscoll, of Kankakee, has been reinstated and has one of the best jobs on the pike, thanks to General Chairman Shimaneek.

Fire destroyed the tower at Lostant, and Bro. Gould had to buy a pair of new rubbers and stand in the cold giving hand signals with the weather below zero ever since the tower burned down.

Tango? Hesitation waits? Well, I should say so. General Chairman Shimaneek was at Kentland recently rehearsing with the boys and getting in shape to play for the big dance to be given at Schneider shortly, and expects to bring out an orchestra of about eight pieces. Indications point to a sociable good time. Ascertain the date this dance is to be given, and be there with your friends.

Our motto, "No card, no favors." How about you, brother? Are you not helping your next-door telegrapher who is a non to keep up with his work? Are you not looking up rates for him? Are you not accommodating him every day? Don't you know that it's up to you to stop this accommodation and wake up and live up to your motto?

C. L. Smith.

CORT Club.

The Cort Club meeting, January 7th, was a bumper, very interesting and beneficial from start to finish, and those absent missed a great treat. It was called to order promptly at 8 p.m., with all club officers present except Diemer and Anderson.

At the termination of the regular routine business the following officers were unanimously elected for the ensuing year: C. L. Craig, C. R. I. & P., president; F. C. Corcoran, C. M. & St. P., first vice-president; D. C. Smart, C. & N. W., second vice-president; J. J. Rose, C. B. & Q., secretary and treasurer. The new officers elected were: W. J. Early, C. & N. W., third vice-president; T. J. Reid, C. M. & St. P., fourth vice-president.

We are much pleased in inducing Secretary and Treasurer Rose to accept a re-election, as he had tendered his resignation at the December meeting. Thanks for the concession, Jim; we need you in our business.

Bro. Carder, general chairman C. B. & Q., entertained us magnificently for a short time with one of his good old brotherly talks, and gave us
much interesting information relative to his line of procedure over on the "Q"—what they are accomplishing every day, and, incidentally, what they are going to accomplish in the future if Bro. Carder gets the proper backing. Bro. Carder is a general through and through and a man of business abilities. So back him up, you "Q" brothers, and watch results from his coming negotiations.

Bro. Dal Jones was next on the floor, and a welcome speaker, indeed. He rendered one of the most interesting, able and brotherly lectures that it has ever been my pleasure to hear for some time. His emphatic denunciations of certain existing conditions that are of an exceedingly deplorable nature were right to the point, and were set forth by him in a very clear and comprehensible way. Every word uttered met with absolute approval by the members present, for they realized that pure facts were being unfolded to them, but in a different light than they ever dreamed of before, and that all was being related in good faith and with absolute intrepidity. If we only had a few more like him scattered around in the Chicago general offices it would prove wonderfully beneficial to our craft. Don't be afraid to claim your O. R. T. card after paying for it. One would never know you were members unless he communicated with your secretary and treasurer; you don't show up at the meetings.

Bro. Harry Fellows, from the Frisco general office, Springfield, Mo., who entertained us for a few moments with humorous remarks, also gave some very interesting information relative to conditions on the Frisco. We all enjoyed his talk very much, and will be glad to have him with us again. He is now with the C. & N. W.

Bro. W. J. Early recently spent a couple of days with his parents in Chesterton, Ind.

Bro. and Mrs. P. E. Gray, on two weeks' vacation, visited friends in Kansas City and Omaha.

Bro. Bradley, local chairman C. & N. W. general office, is busy doping out what he is going to get us at the coming negotiations.

Bro. Hanson, Diemer and Gray were among the Cort Club members attending the grand ball given by the Masons in Masonic drill hall, February 12th. They report a very delightful evening.

We were all glad to have Bro. G. A. Flynn with us at the meeting and hope he will come again.

The C. & N. W. brothers recently reported a very pleasant call from their general chairman, Jim Troy.

The W. J. Hunter shawl was won by Bro. D. C. Smart, $25 being realized thereon.

Conditions in Chicago at this time are exceedingly dull. All railroads have greatly reduced their general office forces with the exception of the C. & N. W. The boys there are being given their annual vacations (with pay). They consider this quite a concession on the part of Superintendent of Telegraph Bennett.

I was the only C. & N. W. Cort Club member who attended Division 76 meeting at the Victoria Hotel, 2:30 and 8 p. m., Sunday, February 22d. Both meetings were very enjoyable. We were honored with the presence of two loyal sisters—Miss Reil, from Des Plaines, and Miss Veasly, from Chicago avenue, Chicago—who promise to become Cort Club members in the near future.

D. C. SMART, 2d V. F. and Club Cor.

Topeka O. R. T. Club.

Our meeting at the Throof Hotel, Sunday evening, February 8th, was a very pleasant and interesting one in every respect; there were about twenty members present, and each one proved to be a live wire.

The meeting was called to order at 8:30 p. m. with President Stover in the chair, who opened up the meeting with an eloquent address, commending those brothers who had to ride a hundred miles to get here and thanking the members collectively for their interest displayed in the club. After the reading of the minutes of last meeting and the reading of a few letters, including the regrets of Bro. Smith, of Division 6, on his inability to attend, Bro. Powell announced that according to our constitution officers for the ensuing year would be elected at this meeting, and moved that the hour of 10 o'clock be made a special order of business for Past President Brown to take the chair, and we proceed with the election of officers for the ensuing year, seconded by Bro. Edwards and carried unanimously. General Chairman Brown gave us one of his heart-to-heart forty-five-minute speeches, which was very interesting in every respect. Bro. Pringle, of Dwight, gave us a short but interesting address dealing with the parcel post and other matters of vital importance to the agents, and handed a few bouquets to the boys in Topeka and Herington relay offices for their unceasing efforts in behalf of the organization for the past year, comparing the conditions of now and a few years back, when we did not have the support of these men. Short talks were also made by Bros. Carver, Meador, Ford, Lowe, Edwards and Powell.

The hour of 10 o'clock arriving, Bro. W. T. Brown was called to the chair; and Bro. Powell nominated R. D. Stover for president, seconded by Lowe. On motion of Bro. Pringle, seconded by Bro. Edwards, nominations closed, and the secretary and treasurer cast a unanimous vote for R. D. Stover for president.

Bro. Powell nominated H. A. Ford for the office of first vice-president representing the Rock Island Lines, seconded by Stover. Pringle moved the nominations be closed, and the secretary-treasurer be instructed to cast the entire vote of the meeting for H. A. Ford for first vice-president; seconded by Lowe and carried.

Bro. Powell nominated Sister M. L. Doering for the office of second vice-president, to represent the Union Pacific; seconded by Meador.
Edwards moved the nominations close and the secretary-treasurer be instructed to cast the entire vote of the meeting for Sister M. L. Doering for that office; seconded by O'Grady and carried.

No representative was present from the Missouri Pacific, and it was decided to defer the election of third vice-president representing that road until the next meeting.

After appointing Bro. W. J. Edwards sergeant-at-arms, the officers-elect were installed by Past President Brown.

After many cries of "Speech! speech!" the new officers responded with eloquent addresses, outlining the work for the future and soliciting the co-operation of all.

Bro. Carver moved that all general chairman and secretaries of divisions entering Topeka be made honorary members of our club and their cards furnished them free. In view of the fact that there were about fifteen clubs in this territory, it would amount to quite a sum, as our division officers are obliged to attend most of the club meetings. Bro. Powell moved as an amendment that we also include Grand officers on the honorary list; seconded by Bro. Edwards and carried.

At 11:50 p. m. it was moved and seconded that we adjourn to meet at Herrington, Kan., Sunday evening, February 15th; carried.

R. A. Powell, Secretary.

Our February meeting was well attended, several brothers coming from quite a distance. The boys in the city turned out in good shape and a good time was had. We expect a large attendance at our March meeting.

The meeting was called to order at 8:30 p. m. by President Cheney, and three new members, Bros. Rosenbaum, J. W. Easter and J. G. Martin, were elected.

All the old officers were elected, and the president was authorized to appoint representatives for the Santa Fe and D. & S. L. The question of giving a dance was brought up, and it was decided to give our annual Denver O. R. T. ball at the Albany Hotel, Denver, Colo., on Tuesday, March 24, 1914.

Bros. Fulmer, Cheney, Kane, Shoults and Rosenbaum were appointed on committee of arrangements. The hall has already been secured, which is one of the finest ball rooms in the West, and we expect to make this one the most successful of any of our previous balls, which is saying a lot.

Do not forget the date, March 24th, time 8 p. m., place Albany Hotel, and last but not least don't forget to bring your wives, best girls and friends for a good time.

Scribe.

J. E. Cowgill, General Chairman.

Since current discussion has been largely upon a matter of vital importance to many millions of people whose welfare has been entrusted to your keeping, and since special interests have endeavored to prejudice the minds of legislators and the public and to place them at variance with the contention of the workers thereon, there rests upon me an imperative duty, not only to those upon whom the dead weight and burden of industry have ever fallen, but to you, that you may avoid being placed in opposition to labor's contentions without having had them fully and completely presented for your consideration.

The matter to which I refer is embodied in the Bartlett-Bacon bill (H. R. 1873, S. 927), Sixty-third Congress.

I am addressing you to explain why the working men and women demand, as a matter of social justice and humanity, that they be given relief from the status in which they are now placed by reason of court interpretations of the Sherman antitrust law of 1890.

The history of those who toil has been one of pathos and bitter struggle, one of great suffering and indomitable courage. In the earlier centuries the toilers were compelled to work at the will or caprice of masters who owned their bodies and their labor power. Living beings with human hearts and brains were legally and socially rated as things, property. As a result of the barbarian invasions that overthrown the social, economic and political institutions of Europe and produced feudalism, it was expedient that changes be made in the status of the workers—they were made serfs and villeins. Although their bodies were made free, the overlord retained an ownership in their labor power. From this status, this semi-thraldom, the workers struggled to secure more definite and more advantageous terms affecting the services they owned, until finally they reached the level of freedom of contract.

Yet liberty, equality in justice, equal opportunity, had then not been won, nor are they yet assured to those who have always been the oppressed, wherever or whenever oppression has existed. They had no voice or influence in determining the laws of the land, or in selecting the administrative agents who made them effective. The laws of the land had been made by those whose interest, environment, experience in no way touched the world of the workers; political and judicial theories, precedents, were in accord with the convictions and viewpoints of the controlling classes; intellectual life and interests were isolated from the work-a-day world. Ethical and moral standards were as yet untouched by enlightened and merciful humanitarianism. It was the task of the workers to present their pleas and conceptions of justice so that established practices and standards might be broadened to include the welfare of all the people. This was the task laid upon untutored, undisciplined workers. Opposed to them were the keenest, most subtle intellects and forces vested interests could retain. Each forward step was fiercely contested. The controlling interests would not abandon their special privileges even when once lost, but sought to regain them by circumvention, sophistry, and legal chicanery.
Law is a product of two elements—the imperative and the traditional. Most of our difficulties have arisen through the second element. Precedents and judicial interpretation, determined by the individual bias of the judge or by prevailing economic and political philosophy, have been obstacles to the adoption of newer ideals of justice and to the shifting of standards to suit changing conditions.

These are some of the difficulties which the workers of today inherit from the past ages. They explain why the workers of today have to combat legal and economic theories which accord to employers certain rights to labor power, and why greater consideration has been paid to safeguarding wealth than to safeguarding the freedom of the men who help to create that wealth. The working men of our country ask most seriously and solemnly whether it is just that property be hedged about by inviolable sanctity, while they are denied normal activities in furtherance of the interests of human beings.

When feudal regulation of labor conditions was broken down by the disturbances resulting from the black death, a system of State regulation was inaugurated. This was never effective and completely failed under the changes set up by the “industrial revolution.” With the coming of the factory system, individual relations between employers and employed became impossible, and the workers were powerless to protect their rights, interests, and even their lives. Collective action by workmen in furtherance of their own interests, as opposed to those of the employers, was legislated against as “conspiracy.” According to the old political and economic theories of justice, employees had no right to withhold labor power necessary to the operation of the employer’s business, a theory evolved under the conditions of the former periods when workmen were the master’s property. We, in our country, inherit many of the problems and theories from the old country, and some are of our own making. It took years to secure relief from the old “conspiracy” laws which curbed and restricted the workers in protecting and promoting their industrial rights and interests. When at last it seemed that efforts of the toilers were to be rewarded, the courts of the United States, by interpretations which amounted to judicial legislation, applied the Sherman anti-trust law to trade unions in a way which virtually and actually revived the conspiracy laws.

When the courts applied the Sherman anti-trust law to labor organizations, it created an offense never intended by the makers of that law. As has been repeated again and again, but never refuted, as an investigation of the Congressional Record will prove, the men who drafted the Sherman anti-trust act, Senators Sherman, Edmunds and George, did not intend that it should apply to organizations instituted not for profit. On March 25, 1890, when the bill was before the Senate, Senator Sherman insisted upon the following amendment:

“Provided, that this act shall not be construed to apply to any arrangements, agreements, or combinations between laborers, made with a view to lessening the number of hours of labor or the increasing of their wages; nor to any arrangements, agreements, or combinations among persons engaged in horticulture made with a view of enhancing the price of their own agricultural or horticultural products.”

Senators George and Edmunds did not oppose the amendment, but regarded it as surplusage. The amendment was agreed to while the Senate was sitting in Committee of the Whole. On March 26th, when the bill came up again for consideration, Senator Stewart, of Nevada, said:

“The original bill has been very much improved and one of the great objections has been removed from it by the amendment offered by Senator Sherman which relieves the class of persons who would have been first under the prosecution under the original bill without amendment. * * * The bill ought now to be satisfactory to every person who is opposed to the oppression of labor and desires to see it properly rewarded.”
In advocating the amendment, Senator Hoar said in part:

"I hold we may constitutionally and wisely allow laborers to make association * * * for the sake of maintaining and advancing their wages * * * their contracts are made with corporations who are but associations or combinations of capital on the other side. When we are promoting and even encouraging that, we are encouraging what is not only lawful, wise, and profitable, but absolutely essential to the existence of the Commonwealth itself."

Afterwards the bill was referred to the Committee on Judiciary, where the amendment was suppressed.

Because of the failure to include this amendment in the law, organized labor was always apprehensive that attempts would be made to pervert the act from its real purpose. Nor were we mistaken, and that is why we now seek legislative relief that organized labor may not be prohibited from doing things "not in themselves unlawful."

That which we seek is not class legislation. It is a common custom in speaking to couple together the words "labor and capital," as though they stood for things of similar natures. Capital stands for material, tangible things, things separate and distinct from personality; labor is a human attribute, indissolubly bound up with the human body. It is that by which man expresses the thought, the purpose, the self that is his own individuality; if he is a free man, he has the right to control this means of self-expression. This he values above all, for if he lose this right to decide the granting or withholding of his own labor, then freedom ceases and slavery begins.

Under the present industrial order with its concentration of industry on the one hand, and the division and sub-division of work on the other, the individual working man is unable to maintain his right of self-assertion unaided, hence workers instituted organizations and banded together to secure for themselves wider freedom of action, to regain their economic and social power they lost by the conditions mentioned. To classify these combinations, not for profit and without capital stock, in the same category with corporations, trusts, and monopolies, is forcing an indefensible classification, and grouping together things of a directly opposite character.

The associations of working people, commonly known as labor unions, deal not with property, material things, but with labor power alone, with lives, happiness, rights and welfare of men, women and children. They strive for the uplift and conservation of the nation itself.

Corporations, trusts and monopolies aim to create monopoly conditions, to manipulate capital and production so as to secure monopoly profits. It is most unjust to try to co-ordinate these two inherently different kinds of organizations and to apply to them similar regulations. Justice does not necessarily result from the application of identical provisions to all people, or to all groups or associations of people. On the contrary, it works injustice if the conditions, rights and purposes are dissimilar or the people unequally situated. Theoretical justice only becomes real justice when the men as well as the deeds are taken into consideration.

It is impossible to legislate equitably for "labor" and "capital" under the same law. Certainly it is not class legislation to make different provisions for two things inherently different, aiming at different purposes and employing different methods. The provisions of no law will admit of universal indiscriminative application.

This is no "special privilege" or "exemption" that organized labor asks. Our demand for justice is that working men and women, and their organizations, shall not be prosecuted for entering into any combination or agreement having in view the increasing of wages, the shortening of hours, or the bettering of conditions of labor, or for any act done in furtherance thereof not in itself "unlawful."

Attention is respectfully and particularly called to those last four words that have been so persistently and unfairly suppressed by the press and our opponents. We are not seeking to be permitted to do criminal acts, but are demanding that the
rights of which we have been deprived by judicial interpretation be restored to us. We are not asking to be "exempt" from the application of a law which properly applies to labor organizations as well as to other voluntary associations organized not for profit, but we are asking that inherent differences that exist be recognized by the laws and the courts as well as by reason.

The mere fact that a law or a legal precedent exists, does not necessarily imply that it works justice. Oppression and wrong may become established, and under the cloak of authority and regularity take on a prestige and a sanctity usually ascribed to accepted rules of justice. These are the insidious forces that have fought labor under the guise of conspiracy laws, and now seek to accomplish their purpose by interpreting the Sherman anti-trust law as a modernized conspiracy act.

Those rights which we wish restored are rights necessary to conducting the normal activities of labor organizations. Labor organizations are formed to protect the workers and their rights against the cupidity of employers and combinations of employers dealing in the products created by labor power. The right to cease work, to strike, to withhold labor power, is essential to the maintenance of the freedom of the workers. It would be impossible to retain present advantages, or to increase wages, or better conditions of work, without the right or the power to strike not only as individuals, but as organizations. Organized labor does not advocate strikes. On the contrary we deplore the necessity for them, but we know, and we know from actual experience, how powerless and helpless workmen would be to protect themselves without the right and the power to strike. To make acts in furtherance of these purposes either enjoinable or punishable both by fines and imprisonment takes from the associations of workers that which gives them virility and effectiveness.

The men and the organizations that have instituted suits against labor unions under this law, the methods that have been employed and the charges made, make it manifest beyond a doubt that the purpose of the prosecutions is not to prevent restraint of trade or competition, but to disrupt or make ineffective labor organizations.

Those who have been in the ditches, the factories, the grinding toil of modern industry, know what the labor movement has done for human progress and welfare. Those who work for the steel corporations, the tobacco trust, know what it is to deal with organized employers without collective protection. In the light of these facts, which are well known, would it not be well to consider seriously whether or not this fear of alleged "conspiracies" of labor associations should be allowed to pervert an effort to arrive at standards of justice that do not sacrifice human rights to the right to conduct business?

Peaceful, rightful attempts to secure advantages for labor or to resist deterioration and oppression have been deemed "combinations in restraint of trade." The Workingmen's Amalgamated Council of New Orleans struck to induce the employers to make a beneficial joint agreement with union labor—a purpose certainly not in restraint of trade. No violence was charged, and yet the court ruled, "the defendants were in restraint of trade." In the case of Loewe vs. Lawlor et al., it was offered and accepted as evidence of "conspiracy" that out of eighty-two manufacturers of hats in the United States, seventy were in agreement with the union of hat makers to maintain the best standards of wages and other labor conditions prevailing in the trade. Is it any wonder that the men of labor have been forced to the conclusion that judicial interpretation of conspiracy is synonymous with successful hostility to the humanizing influences of unionism? It is absurd to argue that activities of organized labor are intended to destroy or injure business; such a result would defeat the very purpose they have in view.

Even should the activities of labor organizations be rightfully classified as conspiracies, has not the time come when it must be considered whether these "conspiracies" of organized labor do not do more to further the advancement of humanity and national
welfare than the property interests which have been heretofore carefully safeguarded? It is no "man of straw" that we fear in the application of the Sherman anti-trust law to organized labor.

While it is unthinkable that the organized labor movement can be crushed out of existence, yet the repression of normal activities thus rousing among the workers resentment at injustice, and the denial to them of legal methods of redress, would lead to situations and conditions which thoughtful, patriotic citizens can not consider without dread.

This struggle of the working people to secure individual rights and liberty has not been confined to our own country. In England the same problems have been confronted and solved. In 1824 Parliament enacted that no workman should be:

"Subject or liable to any indictment or prosecution for conspiracy, or to any other criminal information or punishment whatever, under the common or statute law, for 'entering into any combination to obtain an advance, or to fix the rates of wages, or to lessen or alter the hours or duration of the time of working, or to decrease the quantity of work, or to induce another to depart from his service before the end of the time or term for which he is hired, or to quit or return to his work before the same shall be finished, or, not being hired, to refuse to enter into work or employment, or to regulate the mode of carrying on any manufacture, trade or business, or the management thereof.'"

For a while the toilers were released from "legal shackles," but the courts by judicial legislation and interpretation, in England as here, sought again to bind on the chains. As soon as legislative relief was given against the judicial theory of "criminal conspiracy" under the common law, the interests took refuge behind the doctrine of "civil conspiracy." Finally the workmen won their fight by securing the British Trade Disputes Act of 1906, which contains the following provisions:

"1.—The following paragraph shall be added as a new paragraph after the first paragraph of section three of the Conspiring and Protection of Property Act, 1875:

"'An act done in pursuance of an agreement or combination by two or more persons shall, if done in contemplation or furtherance of a trade dispute, not be actionable unless the act, if done without any such agreement or combination, would be actionable.'"

"2.—(1) It shall be lawful for one or more persons, acting on their own behalf or on behalf of a trade union or of an individual employer or firm in contemplation or furtherance of a trade dispute, to attend at or near a house or place where a person resides or works, or carries on business or happens to be, if they so attend merely for the purpose of peacefully obtaining or communicating information, or of peacefully persuading any person to work or abstain from working.

"(2) Section seven of the Conspiracy and Protection of Property Act, 1875, is hereby repealed from attending at or near" to the end of the section.

"3.—An act done by a person in contemplation or furtherance of a trade dispute shall not be actionable on the ground only that it induces some other person to break a contract of employment or that it is an interference with the trade, business or employment of some other person, or with the right of some other person to dispose of his capital or his labor as he wills.

"4.—(1) An action against a trade union, whether of workmen or masters, or against any members or officials thereof on behalf of themselves and all other members of the trade union in respect of any tortious act alleged to have been committed by or on behalf of the trade union, shall not be entertained by any court.

"(2) Nothing in this section shall affect the liability of the trustees of a trade union to be sued in the events provided for by the Trades Union Act, 1871, section nine, except in respect of any tortious act committed by or on behalf of the union in contemplation or in furtherance of a trade dispute.

"5.—(1) This act may be cited as the Trade Disputes Act, 1906, and the Trade Union Acts, 1871, and 1876, and this act
may be cited together as the Trade Union Acts, 1871 to 1906.

"(2) In this act the expression 'trade union' has the same meaning as in the Trade Union Acts, 1871 and 1876, and shall include any combination as therein defined, notwithstanding that such combination may be the branch of a trade union.

"(3) In this act and in the Conspiracy and Protection of Property Act, 1875, the expression 'trade dispute' means any dispute between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or the terms of the employment, or with the condition of labor, of any person, and the expression 'workmen' means all persons employed in trade or industry, whether or not in the employment of the employer with whom a trade dispute arises; and, in section three of the last-mentioned act, the words 'between employers and workmen' shall be repealed."

It may not be amiss to quote here the declaration upon this subject of the Democratic party platform of 1908 which was repealed in 1912:

"The expanding organization of industry makes it essential that there should be no abridgment of the right of wage-earners and producers to organize for the protection of wages and the improvements of labor conditions, to the end that such labor organizations and their members should not be regarded as illegal combinations in restraint of trade."

In his speech of acceptance of the presidential nomination by the Democratic party, Honorable Woodrow Wilson took occasion to make the following declaration:

"The working people of America—if they must be distinguished from the minority that constitutes the rest of it—are, of course, the backbone of the nation. No law that safeguards their life, that improves the physical and moral conditions under which they live, that makes their (the working people of America) hours of labor rational and tolerable, that gives them freedom to act in their own interests, and that protects them where they can not protect themselves, can properly be regarded as class legislation or as anything but a measure taken in the interest of the whole people, whose partnership in right action we are trying to establish and make real and practical. It is in this spirit that we shall act if we are genuine spokesmen of the whole country."

The Progressive party platform of 1912 contained the following declarations upon this subject:

"The Progressive party, in order to secure to the people a better administration of justice, and by that means bring about a more general respect for the law and the courts, pledges itself to work unceasingly for the reform of legal procedure and judicial methods.

"We believe that the issuance of injunctions in cases arising out of labor disputes should be prohibited when such injunctions would not apply when no labor disputes existed.

"We believe also that a person cited for contempt in labor disputes, except when contempt was committed in the actual presence of the court, or so near thereto as to interfere with the proper administration of justice, should have a right to trial by jury. * * *"

"We favor the organization of the workers, men and women, as a means of protecting their interests and of promoting their progress."

Mr. Wilson, presidential candidate of the Democratic party, and Mr. Roosevelt, candidate for president of the Progressive party, represented the principles enunciated in the two party platforms of 1912. Those principles quoted above, declared in favor of the legislation urged by the workers, and received, computing together the votes for both the Democratic and Progressive presidential candidates, 10,412,977 votes as against Mr. Taft, the candidate of the Republican party, which did not declare for labor's principles, who received 3,484,974 votes. Surely no one can, therefore, truthfully declare that the people are not in sympathy with that which the workers deem so necessary for their welfare. The people desire the welfare of human beings and seek information how best to promote their purposes. The spirit of the age is sympathetic, humane.
But overwhelming as was the indorsement by the people of this legislation, it is submitted that the fundamental principles involved in the assertion of labor's rights should be more amply set forth. Those principles are based upon established truths. Who will gainsay that the ownership of a free man is vested in himself alone?

The only reason for the ownership of bondmen or slaves is the ownership of their labor power by their masters. Therefore, it follows that if free men's ownership of themselves involves their labor power, none but themselves are owners of their labor power. If a free man by choice or by reason of his environment sells his labor power to another and is paid a wage in return, this wage is his own. This proposition is so essentially true that it is the underlying idea upon which is based the entire theory of private property. To question or to attempt to destroy the principle enunciated, involves the entire structure of civilized society.

The free man's ownership of himself and his labor power implies that he may sell it to another or withhold it; that he may, with others similarly situated, sell his labor power or withhold it; that no man has even an implied property right in the labor of another; that a free man may sell his labor power under stress of his needs, or he may withhold it to obtain more advantageous returns.

Labor power is not a product; it is human ability to produce. Because of its very nature it can not be regarded as a trust or a corporation, formed in restraint of trade. Any legislation or court construction dealing with the subject of organizations, corporations, or trusts which curtail or corner the products of labor, can have no true application to the association of free men in the disposition or withholding of their labor power.

The attempt to deny to free men, by injunction or other process, the right of association, the right to withhold their labor power or to induce others to withhold their labor power, whether these men be engaged in an industrial dispute with employers, or whether they be other workmen who have taken the places of those engaged in the original dispute, is an invasion of men's ownership of themselves and of their labor power, and is a claim of some form of property right in the workmen who have taken the places of strikers or men locked out.

If the ownership of free men is vested in themselves and in them alone, they have not only the right to withhold their labor power, but to induce others to make common cause with them and to withhold their labor power also that the greatest advantage may accrue to all. It further follows that if free men may avail themselves of the lawful right of withholding their labor power, they have the right to do all lawful things in pursuit of that lawful purpose. Neither court injunctions nor other processes have any proper application to deny to free men these lawful, constitutional and inherent rights.

In the disposition of the wages from the sale of labor power, man is also his own free agent. All things that he may lawfully buy, he may also lawfully abstain from buying. He may purchase from whomsoever he will, or he may give his patronage to another. What he may do with his wages in the form of bestowing or withholding his patronage, he may lawfully agree with others to do.

No corporation or company has a vested interest in the patronage of a free man. If this be true, and its truth can not be controverted upon any legal basis, free men may bestow their patronage upon any one or withhold it, or bestow it upon another. And this, too, whether in the first instance the business concern is hostile or friendly. It is true for any good reason, and, in the last analysis, for no reason at all.

It is not a question of whether we like or dislike lockouts or strikes, boycotts or blacklists. The courts have declared that lockouts and blacklists and all that pertain thereto are not unlawful. It is difficult to understand, then, unless the courts have the concept that an employer has some form of property right in the laborer or the laborer's patronage, how they are justified in stretching their authority, perverting the purpose of the law, and undertaking by the injunc-
tive process to outlaw either the strike or the boycott.

To claim that what one man may lawfully do becomes unlawful or criminal when done by two or more men, is equal to asserting that nought and nought make two.

The legislation sought is not what can be termed "class legislation" if that expression is interpreted in the disparaging sense implied by those opposed to Labor's position. Practically all legislation is group or class legislation. Universal categories of the Kantian type can deal only with metaphysical principles. Specific laws deal with groups clearly differentiated from others and possessing common characteristics. Unlike quantities, groups, or conditions, can not be subjected to the same controls, if justice is the end sought. It follows, then, that special legislation is necessary and just, provided, however, that the differentiation is based upon correct principles. This fundamental truth has been upheld by the judiciary in the following decisions:

"Legislation which, in carrying out a public purpose, is limited in its application, if within the sphere of its operation it affects all persons similarly situated, is not within the amendment (the fourteenth amendment). (Barbier vs. Connolly Laundry Case, U. S. 27; United Railway Company vs. Beckwith, 129 U. S. 26, and cases cited therein; Railroad Cattle Damage case.)

"The inhibitions of that section (section 1 of the fourteenth amendment) are laid upon the action of the several States and have no reference to legislation by Congress. (Chinese summary trial, presumption of guilt; in re Sing Lee, 54 Fed. Rep., 337.)

"The equal protection of the law * * * does not forbid classification. * * * The power of classification has been upheld whenever such classification proceeds upon any difference which has a reasonable relation to the object sought to be accomplished. (Atchison Railway vs. Matthews, 174 U. S. 103. See also Kentucky Railroad tax cases, 115 U. S. 321.)

"Classification must also rest upon some difference which bears a reasonable and just relation to the act in respect to which the classification is proposed, and can never be made arbitrarily and without any such basis. (Gulf, Colorado and Santa Fe Railway vs. Ellis, 165 U. S., 155.)"

The fact, then, that organizations not for profit but for securing humanitarian benefits for the workers, would be exempt from the application of the provisions of the Sherman anti-trust law would not constitute a reason for declaring the measure unconstitutional—such a decision would depend upon whether there are real or inherent differences between the voluntary associations of working people (organized not for profit), and monopolies or combinations whose sole purpose is profit, or upon whether the application of the law to the two kinds of organizations would produce similar results.

Such differences do exist. Organizations of labor have their origin in human need; they seek human welfare and betterment; they have to do with human labor power. Capitalistic monopolies have their origin in desire for larger profits; they seek economic control and the elimination of competitive rivals; they deal in material things, in the products of labor, in wealth.

Between capital and labor there is a vital and fundamental difference, an understanding of which is essential to those upon whom falls the responsibility of dealing with matters influencing the freedom of men.

Capital consists in material things, which are external, useful and appriopriable.

Capital is that which a man has, not what he is.

To classify skill, knowledge, labor power as capital is an error in terminology that has crept into the thinking of some economists and political scientists.

It is an error conducive to grave injury to the working people.

These attainments or attributes are not possessions of the individual; they are the individual and can not be separated from personality. Cultivation of powers and ability increases the potential labor power, increases and enriches the resourcefulness and efficiency of the individual. But these things are subjective, immaterial; and are not in themselves capital. The individual may be able, powerful, and therefore fortunate, but it does not necessarily follow
therefrom that he has capital. The wealth which he may produce and use as capital is separate and distinct from himself.

It follows, then, that to apply to voluntary associations of working people (commonly called labor organizations) which are concerned with individuals and their powers, the same regulations as are applied to organizations manipulating the products of labor leads to mischievous results and perversion of justice. Legislation recognizing the inherent difference between these two kinds of organizations could not be condemned as unconstitutional on the charge of unjustifiable discrimination.

After considering the charge of "class legislation" from the angle of "difference of kind," it remains to take up the matter as to whether the law would produce similar effects upon both kinds of organizations. The effect upon trusts and monopolies of the application of the Sherman anti-trust law is an open question, the discussion of which is not essential to the matter in hand. Suffice it to say, the law aims at the prohibition of conspiracies, monopolies, or combinations in restraint of material things, the re-establishment of competitive conditions in material things. So far as the law has been invoked against labor organizations, it has been directed against two kinds of collective action—the withholding of labor power and the withholding of patronage. It is at once evident that both labor power and patronage are not capital or material things, property, to which that law was intended to apply, but are subjective, personal.

If labor power and patronage are treated as something to be controlled as property, then so much of the individual no longer belongs to himself. The individual, like a nation, can not exist part slave and part free—it must be either one or the other.

A free man has the right to bestow or withhold his labor power and his patronage whenever or wherever he may wish. To gainsay this right is to deny freedom. Since no individual is given any legal or inherent proprietary right in a man's labor power or patronage, he can not be aggrieved or afforded grounds for action when they are withheld from him. Labor power and patronage are what make the individual workmen effective and forceful—they constitute his principal protection and means of self-expression. They must be guarded as the foundation of individual freedom, the precious birth-right of a man free to be himself and to possess his own soul.

Not only must the theoretical right to bestow or withhold labor power and patronage be maintained, but this must be given reality and effectiveness by permitting men to pursue lawful courses of action in exercising this right. If the end is lawful and worthy, then the normal means for attaining that end must also be recognized as legal and necessary. Justice must be reasonable and practical. There has been an attempt—it matters not whether consciously or unconsciously—to build up a legal fiction which tends to nullify these rights by discrediting and misrepresenting the means by which they are exercised.

The legal mind is strongly influenced by the traditional element of the law developing out of the observance of precedents in its application. It is concerned for consistency, for continuity of even an antiquated concept.

Consequently, the old legal concept that labor unions and their normal activities for making their demands effective are either conspiracies or partake of the characteristics of conspiracies, is very hard to dislodge from the legal mind, and continues to influence many decisions and arguments. Lawyers of this type speak the orthodox vernacular, and their curiously twisted phrases take on the semblance of accepted principles and lines of reasoning. Yet the heterogenous elements of their legal fictions appear somewhat incongruous and mystifying to the layman. They speak of an unlawful combination or conspiracy to accomplish a lawful purpose, and of a lawful combination to accomplish some criminal or unlawful purpose, or to accomplish some purpose not in itself criminal or unlawful, by criminal or unlawful means, as being equally criminal. Then by using one or more of these hypotheses, together with the use of precedents based upon the principle that labor combinations and collective action are conspiracies, lawyers and judges have restricted labor organizations in their
elemental, normal activities intended to promote the welfare of those who toil. In this connection permit me to call your attention to these memorable words of Junius upon the nature of precedent:

"If any honest man, and, I may truly affirm, a laborious zeal for the public service has given me any weight in your esteem, let me exhort and conjure you never to suffer an invasion of your political constitution, however minute the instance may appear, to pass by, without determined, persevering resistance. One precedent creates another. They soon accumulate and constitute law. What yesterday was fact, today is doctrine. Examples are supposed to justify the most dangerous measures, and where they do not suit exactly, the defect is supplied by analogy. Be assured that the laws, which protect us in our civil rights, grow out of the constitution, and that they must fall or flourish with it."

This legal fiction of theoretical justice and equal protection of all men under the law does not accord with the facts as experienced by those upon whom the burden of the world's heavy toil has fallen. This legal fiction represents what might be called visible or outward justice. But greater and more real than this is the invisible or real justice that is not bound by theory or convention, but goes straight to the heart of things, takes into account facts and modifying conditions, and is not circumscribed and bound by conventions and precedents. That is the justice too often gagged, bound and wellnigh stifled by lawyers. That is the justice that must be rescued and established by our statesmen, if liberty and freedom are to be maintained. This was the course advocated by Edmund Burke in regard to the American colonies, the policy which Honorable Woodrow Wilson admirably expressed in his history of the American people thus:

"Mr. Burke admitted that his theory was not a theory for the strict lawyer; it was a theory for statesmen for whom fact must often take precedence of law."

Law and legal interpretation have not divested themselves of all the influences of that time when men were not free and were looked upon as chattels and property. They have not yet come under the sway of the newer expressions of the social conscience which Professor Charles E. Merriam has aptly termed "social politics."

Hostile lawyers, lawyers paid to present the cases of their clients, judges under domination of the employer's and the legalist's viewpoint, have misrepresented and misinterpreted acts and purposes of the workingmen to make them appear criminal and destructive, whereas the guiding purpose animating the labor movement is not destruction, but construction, completion and perfection of general welfare.

It is charged that workingmen conspire to destroy business when they withhold labor power or patronage, pending the securement of specific rights. As a matter of fact, destroying business would frustrate the end sought. This legal fiction, called destroying business, arises out of confusing physical property with the immaterial something called good will which is dependent on reputation and patronage. This latter emanates from individuals not concerned in the particular business under consideration, it has a direct relation to business, but it is not business. For detracting from patronage, either individually or collectively, workingmen can not any more be charged with destroying business than can competitors who build up their business at the expense of others engaged in the same line. Workingmen have the right to pursue policies for their welfare which may entail losses by employers. To be sure, the employer has a right to his property and a right to do business, but the latter is a general right. He is not guaranteed the right to be protected against all hazards in a particular business. That is the principle involved in the reduction of tariff, even though that may mean some decrease in the employers' or other business men's profits.

Whenever the activities of organized labor have raised new issues and problems, or brought precedents into question, rather than adjust to meet the new ideas and the new conditions and blaze out newer and straighter paths to justice, judges and lawyers have applied the well-nigh threadbare dictum, "criminal conspiracy," following the old legal maxim, "When in doubt,
hang the prisoner," figuratively if not literally. Legal fiction and misunderstanding have placed restrictions upon individual freedom through which it is hard to break.

Since the Sherman anti-trust law has been so interpreted as to increase these limitations, labor has found the right to unite for mutual protection, but a mere legalistic expression. The law as now interpreted has the effect of crippling and enervating labor organizations and prohibiting the exercise of necessary powers. What we seek is not special privilege, immunity from prosecution for crimes, but the right to do those things necessary to organizations accomplishing a real work for human workers.

In regard to another point made by opponents, namely, that the Bartlett-Bacon bills if enacted into law would be regarded as unconstitutional, your attention is respectfully called to the exemption provision of sections imposing a tax on corporations embodied in the tariff law of 1909, approved and signed by Mr. Taft, then President. That proviso is as follows:

"Provided, however, that nothing in this section contained shall apply to labor, agricultural or horticultural organizations, or to fraternal beneficiary societies, orders, or associations operating under the lodge system, and providing for the payment of life, sick, accident and other benefits to the members of such societies, orders or associations, and dependent on such members, nor to domestic building and loan associations, organized and operated exclusively for the mutual benefit of their members, nor to any corporation or association organized and operated exclusively for religious, charitable or educational purposes, no part of the net income of which inures to the benefit of any private stockholder or individual."

In Flint v. Stone Tracy and Co., the Supreme Court of the United States, in rendering its decision on the validity of the proviso excluding labor and other organizations from this corporation tax, anticipated the objection raised by opponents. The Court decided thus:

"As to the objection that certain organizations, labor, agricultural and horticultural, fraternal and benevolent societies, loan and building associations, and those for religious, charitable or educational purposes, are excepted from the operation of the law, we find nothing in them to invalidate the tax. As we have had frequent occasions to say, the decisions of this court from an early date to the present time have emphasized the right of Congress to select the objects of excise taxation, and within this power to tax some and leave others untaxed, must be included the right to make exemptions such as are found in this act."

That there is nothing novel or pernicious in provisions of this nature is further proven by the tariff law recently enacted by Congress. That law contains, in the section dealing with the income tax, the following provision:

"Provided, however, that nothing in this section shall apply to labor, agricultural or horticultural organizations, or to mutual savings banks not having a capital stock represented by shares, or to fraternal beneficiary societies, orders, or associations operating under the lodge system, or for the exclusive benefit of the members of a fraternity itself operating under the lodge system, and providing for the payment of life, sick, accident and other benefits to the members of such societies, orders or associations and dependents of such members, nor to domestic building and loan associations, nor to cemetery companies, organized and operated exclusively for the mutual benefit of their members, nor to any corporation or association organized and operated exclusively for religious, charitable, scientific, or educational purposes, no part of the net income of which inures to the benefit of any private stockholder or individual, nor to any corporation or association organized and operated exclusively for religious, charitable, scientific, or educational purposes, no part of the net income of which inures to the benefit of the private stockholder or individual, nor to any civic league or organization not organized for profit, but operated exclusively for the protection of social welfare."

Nor is this the only exemption—all annual incomes under $3,000 are exempt; the
tax itself is graduated, making the burden, not mathematically, but really, equal and in proportion to ability to pay; the compensation of all officers and employees of a State or any political subdivision thereof, is exempt, except when such compensation is paid by the United States government. In fact, all excise taxation is based upon class differentiations. The question to be considered is not whether a distinction is made, but whether the distinction is founded upon a real difference, and whether the results from recognizing the distinction would promote the welfare of the greatest number.

The opponents of the legislation assert that the principal activities and methods of organized labor are destructive and subversive to orderly progress. Quite the contrary is true. To be sure, things have been done by some connected with the labor movement which all right-thinking people deplore. These excrescences have been featured by the sensational and hostile press. The undue prominence given them tends to minimize or obscure the constructive, permanent, fundamental work of the movement. This side is often wholly hidden from persons whose lives do not come in contact with those who work in the ditches, the mines, the factories, and wherever the burden of toil is borne by those who can not enter the easier places.

This labor movement is a real, vital expression of human need and hope; it must conform to life as it is, and though it hopes to establish better things, it can not deal with men and present conditions as though they were ideal. The men and women in the movement are human beings with all the passions, frailties, and possibilities of human nature. Is what they are and are not due, in a large measure at least, to existing social conditions? If they have at times done that which they should not, it has not infrequently been because they had been made desperate by denial of justice, and because protective measures had been declared illegal by those in judicial and political control. As the thoughts of men have widened, practices and acts which had been held illegal have been legalized. The working people have won many such victories; by the adoption of the legislation under consideration they seek to establish recognition of the right to effective collective action, not in itself unlawful.

Our opponents simulate great alarm as to the disastrous effects of the boycott. But is that such a new anarchistic device? Quite the contrary. It is a weapon that has been successfully used for good purposes by men of all times. Our revolutionary fathers used it most effectively to defeat what they considered the unjust demands of the English government. It may be interesting to here call attention to the placards reproduced in the second volume of Honorable Woodrow Wilson's "History of the American People," which illustrates the point so nicely. The one on page 159 is an "unfair list;" on page 162 is a "conspiracy" agreement; on page 173, an unmistakable boycotting poster, though conceived in patriotism and ended reverently with "for ever and ever, amen."

The boycott per se is not evil. Its purpose and the means employed to make it effective determine whether it should be given praise or condemnation. It has been used for innumerable purposes by all classes and kinds of people. Nor are the "interests" adverse to these devices used by labor organizations. A short time ago the Missouri legislature repealed a law legalizing rates filed in accordance with the statute, thereby reviving the anti-trust law. Ten insurance companies promptly withdrew from the State. Later, the agents of over one hundred companies were instructed by their respective superiors to do no more business in the State. That policy of the companies is to all intents and purposes a strike, ceasing to do work until their demands shall have been granted. There are innumerable illustrations of effective boycotts prosecuted by certain interests against other interests—for profit.

Organizations to promote temperance, prohibition and like purposes, in making a campaign against the liquor traffic, are trying to institute an effective boycott against the liquor interests. The efforts of
the Consumers' League to create a public sentiment hostile to establishments, business houses, factories, which pay low wages, fail to provide seats, conveniences, and sanitary conditions for their employees, and then to give this sentiment expression by refusing to purchase articles without the label which guarantees "fair" conditions of production, are, in the last analysis, a boycott against establishments where low standards prevail.

The boycott in itself can not, therefore, be condemned as pernicious, illegal, or as a class weapon. But opponents insist that if the Bartlett-Bacon bills, or the principle embodied in them, are enacted into law there would then be no recourse under existing law, for violence or lawlessness in connection with a strike or lockout. As a matter of fact, existing federal and State laws now provide penalties for violence or crime committed by persons whether the result of a strike, lockout, blacklist, or boycott, connected with any other activity, or due to any other cause.

Acts of violence and crimes can be and are punished under proper laws made and provided to meet them. No one need fear but that all crimes of working men will be duly punished. It is not immunity from such punishment that labor asks. only exemption from a statute which was not intended to and should not apply to it, and which was framed to regulate an essentially different kind of organization.

Opponents usually say that the working man may strike, agree to strike, and apply the direct boycott, but when it comes to going farther and so acting as to impede and obstruct the natural and lawful course of trade in this country, then the law says he shall stop.

That sounds well to those who can be content with mere phrases and paper declarations. But to those who know and who have felt the power of the invisible forces working in and through the government, it is but an empty platitude, an expression of theoretical or academic rights which lack the effectiveness of reality. It is the old, old story of the employers who approve of unions, but only of unions that do nothing.

The working man shall not interfere with the "natural and lawful course of trade." Forsooth, is there any trade independent and uninfluenced by some human agency and directing control? Is not its course determined by these human agents for their own satisfaction and benefit? If these agents, who are now accorded, by law, limited powers to regulate and manipulate trade, and who by the domination of wealth, corrupt bargains, and secret agreements, exercise unlimited power over trade for personal interests, is it equitable that the workingmen should be barred from exercising control of themselves and their normal activities? The statement of our opponents which I have quoted, is akin to the phraseology of the old-time idealistic sciences, the "natural" man of the political rights school of thought, the "economic" man of the early economists, the "average" man of statistical theories—straw creatures, like unto nothing seen upon the earth or in the spaces above or beneath.

Even Senator Root, scarcely recognized as a leader of progressive legislation, yet in the first of a series of lectures on "The Essentials of the Constitution," he delivered last year at Princeton University thus acknowledged the domination of the interests in political affairs:

"All of these new political methods are the result of efforts of the rank and file of voluntary parties to avoid being controlled by the agents of their own party organization and to get away from real evils in the form of undue control by organized minorities with the support of organized capital."

Government was first organized to protect property. Property owners and wealth possessors long controlled and directed it. With changing social and economic conditions, the development of the social conscience, men have realized that political agencies may be made to serve social ends, hence all should participate in the government, and that the welfare of all should be secured in that way. The courts have been especially backward in recognizing the rights secured by legislation. As in the Danbury Hat-
The Railroad Telegrapher.

In the hatters' case, the Supreme Court applied the Sherman anti-trust law to the union, and found a "conspiracy in restraint of trade" for three reasons:

A strike at the factory; collective bargain agreements by which seventy out of eighty-two hat factories of the country agreed to union shop conditions; and a boycott of the hats of the Danbury firm. It is evident from this that theoretical rights do not always constitute real rights. The hatters were confronted by the following alternatives:

First, for the Loewe Company, with which the dispute arose, to pay whatever wages it pleased to its workmen, to force its employes to toil a longer working day, and to impose any other conditions at variance with those prevailing in the trade without resistance or strikes on the part of the union, and thereby to encourage other employes in the trade to follow the same policy, and even creating the necessity for their cutting wages, increasing hours of labor to meet the conditions prevailing in the Loewe establishment; or

Second, for the hatters to do as they wisely and justly did, to exercise their lawful, constitutional, and inherent right to quit work, to strike, and to endeavor to persuade their fellow-citizens and friends to give their patronage to hat manufacturers disposed to be more just in their dealings with their employes, and thus to maintain a higher general standard of life afforded by the conditions prevailing generally in the trade.

As George W. Alger says in his book, "Moral Overstrain," in discussing some equivocal rights of labor:

"Stated as concretely as possible, the principal difference between the working people and the courts lies in the marked tendency of the courts to guarantee to the workmen an academic and theoretic liberty which he does not want, by denying him industrial rights to which he thinks he is ethically entitled. His grievance is that in a multitude of instances the courts give what seems to him counterfeit liberty in place of its reality. * * *

"The workman does not want the vain liberty so often declared to him by the courts, of throwing up his job and looking for another. He does not take kindly to the judicial affirmations to him of the right to be maimed without redress, or to be killed, by his employer's indifference to his safety. His grievance is not directly with the courts and law. The workman knows little about the law, and most of what he understands he does not like. He objects to the economics on which those killing decrees are rendered against him. He does not call it economics, but at the bottom the real trouble from the workman's point of view is the blindness of courts, which do not seem to notice or to understand the social and economic conditions under which he has to work. For the law still embodies in these decisions an outworn philosophy, the old laissez-faire theory of extreme individualism. * * *

"The whole point to be noticed is simply this: that by the working class ideal of liberty a special demand is made on the law—a demand more frequently refused than granted. What it demands from the courts is the recognition and protection, and at times the creation, by law of the worker's economic rights. The law, on the other hand, guarantees to him the ancient and largely negative individual liberty, freedom from legal restraints, the right to do any unforbidden thing he wants to—if he can—and tells him to shift for himself for his economic rights. The worker's discontent with the law lies in the fact that it guarantees him individual and not social or industrial freedom."

The hatters' case was retried last year and the men again found guilty of "illegal conspiracies" because they tried to establish a minimum standard of wages and conditions for all the workers in the trade, and because they determined to withhold their patronage from an unfair firm which refused to conform to the union wage scale and conditions prevailing in the trade. For these reasons, their little property holdings and deposits were levied upon and held to satisfy the threefold damages allowed by the anti-trust law.

Recently the Supreme Court of Errors of Connecticut, in Conners v. Connelly,
rendered a decision ignoring the difference between trusts and labor organizations, and declaring that there is danger in a monopoly of "anything" of which there is common need. Though a laboring man may be very humble, yet he is not a thing. The whole opinion is reasoned from that false hypothesis. It ignores the economic necessity for collective bargaining and ignores the difference between that human act and a monopoly or a trust in material things. The toilers grow weary and restive under laws and courts that promise them the rights of men, but judge them as "things." How long must they ask for relief?

In addition to the instances already cited, in which men of labor were indicted under the criminal provisions of the Sherman anti-trust law because they sought to protect and advance the interests of their fellow-workers as workers, proceedings were brought against the Electrical Workers' Union, of Chicago, Ill. Since then the officers of the coal miners' unions were indicted under the provisions of that law, and for no other reason than that already mentioned.

Federal district attorneys and grand juries make so-called "investigations" of the normal activities of workers to see whether some indictment or other process can not be employed to stop the workers from protecting their rights and their interests against conscienceless employers. These investigations at the least result in harm to the workers by harassing the organizations of labor and leaving them with a burden of expense in legal defense. These prosecutions, which may better be termed persecutions, should come to an end. They can be ended by the enactment of the Bartlett-Bacon bills.

Unless the principles involved in this discussion are promptly and effectively enacted into law, securing to the working people freedom to unite for the purpose of safeguarding and exercising recognized rights necessary for their physical protection and the development of those qualities which determine their very being, the sense of injustice already stirring abroad in our land will be fostered by even a greater reason for existence.

The working people of our country ask nothing in the form of legislation—the subject we are discussing—that is not already statute law in Great Britain, for in 1906 the British Parliament enacted the British Trades Dispute Act which has been quoted.

The specific applications of the Sherman anti-trust law to labor organizations have done violence to the right to strike—to cease work collectively—with all that involves, and the right to withhold patronage and to agree to withhold patronage. The issues in this legislation involve the same principles found in our contention against injunction abuses, namely, there is no property right which an employer has or can have in the labor power or the personality of another citizen—a workman. In a hearing before a subcommittee of the Senate Committee on the Judiciary, during the last session of the Sixty-second Congress, I presented some reasons why the law should be amended to protect workmen from present abuses. I had incorporated in the record documents substantiating the position of labor. They are as follows:

"Trial by Judge and Jury: Henry C. Caldwell.
"Section 20 from High on Injunctions.
"Arthur et al. vs. Oakes et al., Opinion by Justice Harlan.
"Injunctions in Labor Cases: David Silverstein.
"The Misuse of Equity Power: Andrew Furuseth.
"Man's Ownership of Himself: Samuel Gompers.

"Essence of Labor's Contention in the Injunction Abuse: Samuel Gompers.
"Another presentation of this same principle is found in the address of Mr. Jackson H. Ralston, made before the American Academy of Political and Social Science, and published in The Annals, July, 1910."
My presentation of the cause of organized labor has not been from the legal viewpoint, for I am not a lawyer. But even could I present the legal phases, I doubt whether that would aid in determining justice for the workers. Often justice is obscured in the mazes of legal theories and technicalities. The law is not an unfailing source of justice, it can only approximate that ideal as it is rendered flexible enough to adjust to new conditions and needs. That is what we ask for in the legislation we seek.

It is not my purpose to present here a legal argument in defense or in furtherance of labor's position with respect to the principle involved in legislation of this character, nor can I herein make a sociological or even an economic presentation of the subject.

The legislation sought, that is the enactment of the principles embodied in the Bartlett-Bacon bills, is one of deep concern to the workers of our common country. It lies very close to their hearts, and vitally affects their rights, their interests, their progress.

A sense of duty and the obligations devolving upon me as a citizen, a man, a worker, as well as president of the American Federation of Labor, impels me to express in this form the thoughts, the hopes and aspirations of the toiling masses of Americans to whose welfare it has been my good fortune to devote the best efforts of which I am capable. It is this sense of duty and obligation which impels me to submit in this way, perhaps rather voluminously, whatever of information or experience I have upon the subject under discussion. It is a duty not only to the toilers of America, to its citizenship, but also to the representatives of the people, their governmental agents, in the interest of the great principles upon which our republic is based, to present the cause of justice and human welfare as fully and as clearly as lies within my power. That the facts and the arguments herein set forth may be available to all in determining their course upon this issue, fraught with such tremendous possibilities for weal or woe, directly to the millions of working people and generally to all the people of our common country is my warrant for the length of this statement.

It is earnestly hoped that the appeal may not be in vain and that the legislation sought may be promptly enacted.

EDITORIAL NOTES

Nine hundred and one new members were initiated into the Order during the month of March.

Congressman Palmer, of Pennsylvania, has introduced a bill in Congress to reduce the hours of service of the 18,000 postal clerks who work at night.

At the time of going to press, the Board of Directors of the Order is in session at headquarters, making its annual check of the account of the organization.

John Mitchell, formerly President of the United Mine Workers of America, has been appointed a member of the Workmen's Compensation Commission of New York.

In an appeal that was published in the March number of THE TELEGRAPHER, in behalf of C. E. Moss, a member of Division 32, through a typographical error, his address was given as "R. F. D. 2, Symrna," instead of "R. F. D. 2, Smyrna, Ga."

J. M. Edwards, a member of the Grand Division, who, two years ago, was elected as Treasurer of the State of Texas, is again a candidate for that office. He has made an excellent record and no doubt
will receive the active support of all unionists of that State.

Attorney-General McReynolds of the United States, in an opinion rendered to the Judiciary Committee of the National House of Representatives, holds that impeachment proceedings against a federal judge must begin on the floor of the House and can not be brought into Judiciary Committee.

What is believed to be a record verdict was recently rendered against the Delaware, Lackawanna & Western Railroad in favor of Matt Yurkonis in the State District Court in Brooklyn. Yurkonis was working in the railroad company’s mine at Lucerne, Pa., where he lost the sight of both eyes by an explosion of a squib of fuse in a powder hole.

On account of the great importance of the Bartlett-Bacon bills to organized labor, a greater part of the Editorial Department of this issue has been devoted to the reproduction of a very able article on this subject by Samuel Gompers, President of the American Federation of Labor, and every member should carefully read that article.

The United States Supreme Court recently upheld the decision of a lower court, assessing damages to the amount of $45,000 against the Grant Brothers Construction Company, a California concern, for violating the alien contract labor law, or bringing in through its representatives forty-five Mexicans to the United States to work on railroad construction in Arizona.

The United States Senate has passed a resolution directing Secretary of the Navy Daniels to submit to Congress a plan that will permit of the using of fast war cruisers for commercial mail service between the United States and South American ports after the Panama Canal is opened. The suggestion was proposed by the Secretary, who recommended that vessels of the navy, not required for immediate military purposes and best adapted for postal and commercial activity be placed in this service.

A law just passed in Kentucky provides that in cities of the first, second and third classes, no persons under twenty-one years of age shall be employed in delivering goods or messages between 9 p.m. and 6 a.m. Another provision prohibits boys under fourteen or girls under eighteen years of age from selling papers or engaging in any other occupation in streets or public places.

On April 6th the Supreme Court of the United States passed an order directing a reargument in the contempt case now pending on appeal before it of Samuel Gompers, John Mitchell and Frank Morrison, President, Vice-President and Secretary respectively of the American Federation of Labor. The reargument is to take place on April 20th, at which time Judge Lurton, who did not attend the original hearing, will be present.

A grand jury in Terre Haute, Ind., has indicted T. F. Grover, manager of the street car company of that city, and David Masterson, confessed slugger, etc. They are charged with breaking into the room of Joseph C. Colgan, a representative of the Amalgamated Street Car Men, and carrying away books, papers and private correspondence. It is claimed that Grover induced Masterson to break into the unionist’s room. Both men were held under $5,000 bond.

The statement issued by the Bureau of Immigration for the month of February, 1914, shows that there were 73,571 aliens landed at the various ports of entry during the month; that there were 1,995 debarred from entrance, classified as follows: Idiots, 44; insane and epileptic, 11; loathsome or dangerous contagious diseases, 270; likely to become public charges, 1,054; mentally or physically defective, 245; contract laborers, 119; accompanying aliens, 29; under sixteen
years of age and unaccompanied by parent, 51; assisted aliens, 30; criminals, 63; polygamists, 2; prostitutes and procurers, 44; without passport, 7; under provisions of Chinese exclusion act, 26. The report also shows that there were 361 aliens returned after landing.

The Senate Immigration Committee has reported to the Senate that it favors the Burnett Immigration Bill with its literacy clause, recently adopted by the House of Representatives. Several amendments to the bill as it passed the House are recommended, but the literacy clause was not changed. Of this, the Senate Committee says: "The literacy test has been adopted as the best device, so far suggested, for reducing immigration where it most needs to be reduced. As now reported, it is confidently believed the measure is nearly ideal in its selective, administrative and restrictive features, as it is possible to make such a law."

A widow's pension bill, which aims to contribute materially to the support of fatherless children in the State of New York, has been completed by a commission after several months study of the question in this country and Europe. The bill, to be introduced will provide a pension of $20 per month for any worthy dependent widow with one child, $35 per month where two children must be supported by the widow, and $10 per month for each additional child. The maximum sum that shall be paid in any case would be $60.

Children over sixteen years old would be excluded from the provisions of the bill. The naming of child welfare boards for the administration of the law is provided. The members are to serve without compensation.

The members of the Board of Directors who are now in session in St. Louis were treated to a surprise when they convened in annual session at the headquarters of the Order, by being informed that one of their number, George E. Joslin, was a "newlywed," and that his trip to St. Louis was a honeymoon as well as that of business. Further inquiry developed the fact that Bro. Joslin was married on Wednesday, March 25th, in Dorchester, Mass., to Miss Ethel May Potter, the accomplished daughter of Mr. and Mrs. Henry E. Potter of that city. The Telegrapher, on behalf of the entire membership, as well as itself, extends congratulations to the happy couple.

The statement issued by the Bureau of Immigration for the month of January, 1914, shows that there were 68,339 aliens landed at the various ports of entry during the month; that there were 2,329 debarred from entrance, classified as follows: Idiots, 32; insane and epileptic, 13; loathsome or dangerous contagious diseases, 190; likely to become public charges, 1,430; mentally or physically defective, 234; contract laborers, 194; accompanying aliens, 21; under sixteen years of age and unaccompanied by parent, 50; assisted aliens, 23; criminals, 45; polygamists, 2; prostitutes and procurers, 49; without passport, 6; under provisions of Chinese exclusion act, 40. The report also shows that there were 490 aliens returned after landing.

NOTES FROM THE GRAND SECRETARY AND TREASURER.

The Just Government League of Maryland held their annual convention in Baltimore, Md., April 14th and 15th. The Grand Secretary and Treasurer attended as the representative of the Ladies' Auxiliary to the Order of Railroad Telegraphers. This is the first time our Auxiliary has been represented in conventions of other women's organizations.

We note the list of prize winners in the O. R. T. for the year 1913. Do not forget that we also have our prize contest, and that much interest is being taken in it, and we hope the next term that more will be, as now the winter is over many can go over their divisions, and see the nons personally. Anyone wishing to know what the prizes are we are offering can look for them in the back numbers of The Telegrapher. We hope to give out many of the new Ladies' Auxiliary emblem pins as prizes, and hope the locals will work for the silver spoon prize.

Sister Florence Graham, of Div. No. 140, is working for a local, and we hope by the next issue to announce that they have sent for the charter, and have elected their officers. She writes that they are nearly ready.

Sisters Helen F. Cook and J. W. Banker are working for a local on Division 139, and they hope to secure the charter very soon, and put out a campaign all over the division. Many others are giving them support, and with the interest they should have a very flourishing local. They desire the help and assistance of every O. R. T. brother, and they will be repaid for their trouble.

Bro. Jno. E. Cowgill wrote for L. A. and M. B. D. blanks, also enclosed an invitation to attend the joint meeting of division Nos. 22, 25, 141, 53, 144, held April 5th at Houston, Tex., and that they propose to form an O. R. T. Club in Houston, and we have requested these brothers to form an L. A. Club at the same time, as they will enjoy their meetings much better, and their club will be more of a success with the L. A. We hope the booster movement will spread all over the country, and we may have the pleasure of supplying blanks for these kind of meetings, where they are inviting the wives for the first time.

Sister Edmund Mulvihill has resigned as General Chairman of Local No. 18, and Sister Blume has been selected to fill the vacancy, she writes that she was to attend a big meeting to be held at Mojave, Calif., on Easter Sunday, and they look to secure many new members in the Auxiliary. They are also working for the big prize to be given at the next convention.

Again it is my sad duty to report the passing to the great beyond of the father of one of our most faithful members. Sister King, of Division 139, has met with this sad loss. We extend to her our sincere sympathy in this her hour of sorrow, and hope that she will bear it with the fortitude to help her see that these things come to all of us, and they must be met in that spirit.
The Mutual Benefit Department is the most absorbing subject of interest among the members, and new members are being added, and many write that this insurance for the O. R. T. men is a most commendable business move on the part of the Auxiliary.

Up to the writing of my last notes the consensus of opinion seemed to be that on account of the small initiation fee, and the small dues, that we should not reduce the dues for any part of the term. We are now in receipt of opinions that some reduction should be made for the L. A. M. B. D. the same as it is in the O. R. T. M. B. D. If the M. B. D. is not the success we expect it to be, the money will not be turned into the L. A. fund, but returned to the members, and in order to accumulate the Mortuary Fund as quickly as possible, we have desired to request all members to realize this, and to pay full dues. This question is very important, and the final decision will be given in the May issue of our department.

I still urge all prospective members and others to send direct to me for blanks and all information in order that you will have the attention sooner than by applying to others.

Rates are as follows in Series "A" and "B": Series "A" initiation and dues, $1.30 per six months (18 to 50 years). Series "B" initiation and dues, $2.10 per six months (18 to 40 years). By adding initiation and dues to join the L. A. to the above amounts, and noting the amount to join the L. A. at bottom of blank, you will have full amount to join both L. A. and M. B. D.

Notes from the Board of Directors.

I am just in receipt of notice from the President of the appointment of Sisters J. R. Hefner, Monticello, Ill., and G. F. Willis, Greenup, Ky., to fill the unexpired terms of Sisters Nightingale and Boutwell as members of the Board of Directors.

Sister Hefner needs no introduction to the membership, having already served one term as a member of the Board of Directors. I think it is due her to state that she was unable to attend the last convention, and was not a candidate for re-election. Her services were so entirely satisfactory that we looked to her immediately to help fill the breach made by the retirement of the two sisters elected to these offices.

Sister Willis is new to the work, but is well known in her territory and we have great confidence in her ability. We cordially welcome both sisters and anticipate a year of co-operation and pleasant associations.

-----

The annual report of the Grand Secretary and Treasurer was received too late for mention in the last issue of The Telegrapher, on account of some of the local secretaries not quite understanding what was desired from them. This report shows our organization in better shape financially and numerically than ever before. The Mutual Benefit Department is also beginning to take on a semblance of reality and I think our next report will show a marked increase in membership because of it.

Very much credit is due to our Grand Secretary and Treasurer and to secretaries of the locals for the excellent reports they were able to make for the year 1913, and our organization is indeed to be congratulated in securing their services. 

Dita May West, Chairman.

Northern Pacific Ry., Local No. 24.

I am pleased to announce that the last thirty days have witnessed a very material growth in the membership of Local 24, and that an increasing spirit of enthusiasm has been manifested by both sisters of our local and brothers of Division 54. During the month of March we have been able to gain new members on both the Dakota and Montana Divisions, Sister W. W. Jaynes, of McKenzie, N. D., having been appointed as local chairman of the former and Sister B. I. McDonald, of Bozeman, Mont., local chairman of the latter division. In both of these good
sisters we will have persevering and loyal workers for the cause and the results of their labors are this early in evidence through the applications coming in from their respective territories.

To Bros. H. H. Ellsworth, of the Dakota Division, and B. I. McDonald, of the Montana Division, I wish to express my personal thanks and those of Local 24, for their action in securing us a new member each, and making it possible for us to be represented by a local chairman on those divisions. We are in the infancy of our work in this local, and the kindness of these brothers in giving us first aid in getting a start on their divisions will be the means later of adding many members to our ranks.

In a great many cases our appeals to the brothers of the O. R. T. have met with indifference, and we have no desire or intent to criticise on this account, because we know that most of them are busy with the affairs of their organization and have but little time to devote to our cause, but it seems that those brothers who by experience have become acquainted with the ups and downs of organizing their own ranks, would take cognizance of the fact that we are now experiencing the hardest struggle that we will ever have, the struggle to get representatives on every division, so that we can spread our doctrine of fraternity and co-operation, and step aside from their every day routine long enough to assist us in getting at least one active member in the territory we have been unable to reach, so that we can build the foundation for future expansion. Try it, brothers of Division 54, give us a helping hand in our hour of need and when we have arrived at the point in our journey where we are able to do so, we will repay your kindness by assisting you in your battles for the right.

We welcome to membership in Local 24 Sisters W. W. Jaynes, of McKenzie, N. D.; Harry S. Marsh, of Brinsmade, N. D.; B. E. Donley, of Temvik, N. D., and B. I. McDonald, of Bozeman, Mont. I am sure that every one of these sisters will make a good worker for the cause and that much good will result from their enrollment in our ranks.

MRS. B. E. NASON,
General Chairman.

Local No. 16.

The question of holding an election of officers for the ensuing year has been decided by a ruling of the Grand Secretary and Treasurer and concurred in by the First Vice-President of our Order, therefore before this article gets into print we will without doubt have had an election of officers. This question will be explained more fully in the next issue of THE TELEGRAPHER.

Also by the time this appears in THE TELEGRAPHER many of the members of New York Div. No. 44 of the O. R. T. will have received substantial increases in wages due to the untiring efforts against great odds of the Long Island General Committee. THE RAILROAD TELEGRAPHER goes into the home of every member of the O. R. T. who is in good standing in the Order. The question very naturally arises have the women, the wives and other members of the family who are eligible to membership in the Ladies' Auxiliary done their full duty towards assisting the bread winner to obtain better wages, shorter hours and better working conditions. If not, they can aid very materially by becoming members of the Auxiliary. Application blanks for membership may be had by addressing a post card to the secretary and treasurer or from any member of the Auxiliary.

Master Georige Hilley, Arnie Martin and Willie Decker, who were on the sick list at one time or another during the past few weeks, we are glad to say are very much better at this writing.

Let's see, was it a girl or a boy that arrived at the residence of Bro. and Sister D. H. Powers recently? Anyhow, congratulations on behalf of Local 16 hereby extended.

MRS. J. E. SHIELDS,
Secretary and Treasurer.
NUMBER FIVE'S HEADLIGHT.

An old engineer was telling me not long ago how they came to put a stop to smoking while on duty on a northern railroad some years ago. "There was a certain engineer named Patrick McFarland—he's dead now. Pat pulled the daily express, as fast trains were called in those days. He was an inveterate cigar smoker, and seldom was he seen on his seat in the cab, either standing or running, without the inevitable cigar in his mouth. In fact, it was a standing joke among Pat's companions as to which emitted the most smoke—the stack of old No. 236 or Pat's cigar.

"The train that our hero pulled was doing most of its traveling during the night, and used to arrive at the terminal where the engine and crew took their rest about 5 o'clock in the morning. Several miles from this point was a long up-grade toward the terminal, and Patrick, like many other locomotive drivers, used always to take a little 'cat nap' going up this grade. I was his fireman," said the engineer who told me this story, "and Pat knew I was young and alert and looking for a promotion, and that I would watch the track ahead with the sharpness of a lynx while he took his little 'nods,' as he called them. There was an express train due to leave the terminal track over us. It was in the days of what they term 'variation of watches,'—that is, the train that had the right of track had to wait five minutes beyond the time they were scheduled to meet another, then if the delayed train was not in sight, the one with the right of track pulled out and went ahead, and paid no attention to its belated companion, no more than as though they were not on the road. On the night in question Pat had a half-smoked cigar in his mouth going up the long grade, and as usual I noticed his head nodding right and left as old 236 crowded steadily up the long hill. In some way or other there was a slight jolt—probably a low joint, but enough to arouse Pat, whose head came up to the perpendicular with a jerk, and at the same time he lurched forward, jammed in the throttle, threw on the emergency pressure of the air brake, and 'hossed' her over, as we used to call reversing the lever. Just as he threw her over he yelled to me, his eyes staring ahead, like balls of fire, 'For God's sake, Pete, jump!'"

"I had been looking ahead while he was making these frantic efforts to stop, and I could see no danger. I looked back and could see by the tail lights that we had not broken in two, so thinking maybe the old man had gone daffy, I jumped to his side and looked ahead over his shoulder, while he was pulling out the throttle again to its full length, had opened the cylinder cocks, and was letting the sand run a full stream. 'God, man, don't you see No. 5's headlight? Drop off, my boy, I'll stay with her until we hit.'"

"He still had the cigar firmly grasped between his teeth; the ashes had got knocked off when he awoke so suddenly, and the lit end of the cigar was casting a reflection on the cab window in front of Pat that did in truth look like the headlight of an approaching train. I sprang forward ahead of him, threw the front window open and back, and the supposed headlight approaching faded from view. We were now stopped and Pat's face wore a sickening expression as he seized an oil can, monkey wrench and a torch I lit for him, and climbed down off the machine.
to put up a bluff when the conductor came forward to learn the trouble.

"The division superintendent was aboard that night, and as he had been waked up by the porter just as we approached the long grade, so he could dress before we reached the junction, he came over ahead with the conductor to learn the trouble. Pat fussed around the eccentrics and cylinder for a minute or two, then suddenly and to the surprise of us all, addressed the superintendent and said: 'It's no use, boss, I thought I saw No. 5's headlight coming, and it was only the reflection of my cigar in the cab window. It's not safe, and I will never smoke a cigar, pipe or any other contrivance in my mouth again, while I'm running an engine.'

"The story got out, of course, and Pat was mercilessly gibed by his companions, but he kept his resolve. The management of the road heard the story and in less than a month a circular came out, that any trainman caught smoking while on duty would be discharged, and that was, I believe, the first official order on this subject emanating from a railroad company." —Dallas News.

THE HAUNTED TUNNEL.

When they told the boys at the round-house about it they were laughed at, of course.

"May be you had a little too much mountain dew," one of them suggested, good naturedly.

"Been hypnotizing him, Jim?" they asked the engineer in regard to the fireman.

Some one suggested they might have been dreaming; some one else rubbed his hand across his brow significantly.

It was evident that no one would believe the story.

As those who cross the Alleghanies on the road of soot and dust well know there is a certain tunnel built at such a grade that the train must slow up to go through it. It isn't long, as one thinks of long tunnels, like the St. Gotthard or the Hoosac, but in the light of things tunicular, otherwise it is of goodly size.

Aside from an occasional red light at the side there is nothing in the tunnel to take the eye, and from the cab of the locomotive one looks ahead into a shaft of headlight and black night.

That had been the accustomed thing until this run.

Now, however, as the engineer hung to his window, looking idly into the tunnel, seeing and yet seeing not, his reverie was suddenly broken by an apparition, a something on the wall.

It was a ghost—a woman—she moved her hands, waved a red flag, unfurled this farther to show the single words "Warning: do not come here again!" and then disappeared.

The tunnel was dark as before.

The thing lasted but a brief instant, but the engineer's instinctive "Oh, Jim!" had caused the fireman to turn and see it before it had vanished.

Then each held the other and asked the other, had they seen it? What was it, who was it, how came it there?

A woman of gigantic size, all in white, and plainly seen in a tunnel black as ink! And what of her warning.

They discussed it between themselves, then each advised the other to say nothing until they were certain.

On the return trip again they saw the woman. Only this time she brandished a pistol and as the train passed through the tunnel they heard a shot like the roar of a torpedo placed on the track to indicate trouble ahead.

Both saw it, both could not contain themselves at the information, so they told it to the round-house crowd, only to be laughed at as indicated.

Just then a long freight came pulling in from the mountains.

"By Jiminy, dat vos a crossing," the German fireman began as soon as he had stepped from the engine. "'Ve seen a spooks, and it, she, it fire a revolver at us."

"Vot, you no believe? Then you go look at the window; dere am a big crack in it."

The engineer came to the group, his face blanched despite the grime.

"Boys, it's no joke; the tunnel's haunted, and what's more the ghost's got a revolver it's mighty handy at."
Number nine, east-bound, was just about to leave for its flying trip over the mountains.

"I'm not fooling, but when you get into the Connemah tunnel, duck low."

"Yes, so we don't see your ghost," the fireman retorted jocosely. "I guess we won't see him after all. You fellers are pretty slick with this put-up tale of yours, but I guess a crew of freight and passenger engine men ain't so clever after all. Come on, Harry."

They climbed into the cab, and the engine sped on its way.

It was some two hours later when the round-house was thrown into consternation. An order had come from Shoo Fly, just beyond the tunnel, to send down another engineer.

Harry Smith had been shot in the tunnel, and while the fireman denied the crime, he was under arrest. Only he or some tramp could have done the thing, but any tramp riding blind baggage would not murder an engineer in a tunnel for no apparent cause.

The fireman told a tale of a woman of giant size who shot at them. It was possible that he had gone suddenly insane and while so shot his companion. That, or else was now trying to shield himself by shamming insanity through pretending to believe so fantastic a story as this.

When the other four men who had seen the ghost told their experiences, the general superintendent ordered them locked up as accomplices to the act. All five had connived at this story, to give Harry's death a cause other than the real. Did any man think the general superintendent was a fool to believe such a story?

He himself would go through that tunnel with any fireman who would take him, and show them who was afraid.

The taunt was too much, and a half dozen volunteered.

"What's more, you men can all come along in a flat car behind us!"

Engine and flat car were hitched up, right-of-way given, and the little company set out.

On the way they passed an up-special with the dead engineer. The general superintendent halted them and heard the story.

It took away the fantastic to see poor old "Booster," as they'd called him, cold in death. And to know that five of the brotherhood were under arrest for the murder of a sixth, members all of the same lodge, put a damper on one's feelings.

Ahead, now, loomed the tunnel. Innumerable villagers had gathered about it, speculating on the crime.

Two daring fellows had gone into the tunnel for half an hour's walk and reported seeing nothing.

The superintendent ordered all trains stopped at either end, and then had his little special begin its journey. The men sat on the open flat car looking anxiously at the night. There was no longer the levity that marked the outset of the occasion.

Suddenly, just as half a dozen mingled "Oh's," "There it is," "What's that?" came from them, and as a figure appeared on the tunnel side, there came a terrific whistle and roar as of a Mauser bullet, and a groan of pain from a man in the cab, brought the train to a stop.

Lanterns were lit, and rushing to the cab, the general superintendent was found hit almost in the temple by a bullet.

The train backed—it was the quickest way out—and then made full speed to the nearest village. There the doctor was uncertain if the man would live or not.

The thing had now passed the stage of levity or suspicion.

There was some devilishness that warned the train to keep off the tracks, and if it did not, aimed so well as to hit whoever might be in the engine cab.

Local gossips got busy and looked a little into history.

The mountain hereabouts were tenanted by a peculiar set, somewhat similar to the Amish. They had fought tooth and nail against the tunnels here, because they feared their houses would be caved in under. Not that this was groundless, either, for in a number of cases, as a tunnel came out of a mountain side it happened to poke its nose
right into some mountaineer's garden, and he was forced to sell and move. They are a home-loving lot, these folk, and many were not evicted without trouble. Possibly they had to do with it.

When the road detective got to the tunnel they investigated in a new way.

There was no need of running risk of more shedding of blood, so they took one engine, boarded it up completely with sheets of iron, like the engines of the last war in South Africa, and fixed these plates one overlapping the next, so that one could peer down along the track through them.

Then they ran the train in at a snail's pace.

Going this slow, and with a dozen eyes glued to the track, they detected what had not been noticed before, that the tunnel had been much tramped. Ordinarily the bed of track between the two inner rails, is undisturbed, for years well-nigh, but this had been walked very recently.

They halted the engine long enough to see that the footsteps were large, then they went on.

Suddenly again came the roar of a shot, and it flattened out against the piece of iron that covered the window pane of the cab, falling off to the ground. Again they stopped, then went on.

Emerging from the tunnel they ran the curious engine into a switch and sent on for some incandescent bulbs and wiring. With these they festooned the entire train, so that it would light up the entire track on signal. Then they backed her into the tunnel.

This time it made the entire circuit, but nothing came of it. Back and forth, in and out the train went, but without hurt.

In fact, in a day or two, a letter came to headquarters. "You kin run yer trains now; I had my revenge for the wreck of my place."

It was scrawled on a piece of birch bark and came in a torn envelope, evidently used before. It held good, though. The man who wrote it was one of the mountaineers, and he held to an "eye for an eye, and a tooth for tooth," as so many of them do. His revenge satisfied, he was content.

But the how of obtaining it?

Years later, the man on his death-bed confessed. Simple mountaineer as he was, he had attended the university as a youth and learned a thing or two. What was more, he was an expert in physics. The mountains round about the tunnel were full of caves, and one of these led very close to the tunnel's side. From it it was easy indeed to bore a hole just big enough to fit the lamp of a lantern; then to this he attached a magic lantern, and to that put the film of a little biograph, such as are sold over the mountains, lantern, film and all at five dollars, for home entertainment. The idea was for the operator to turn the wheel fast, and thus give to the picture-cycle the appearance of life. Not risking it to remain here, he put an electric battery nearby, and rigged it up to do this work. Then, on the track some little distance in the tunnel, either way, he laid wires leading to the battery. As soon as a train struck the proper point on the track, it set the connection, and the pictures were rotated before the lantern while a little light, as that of a pocket electric, carried them into the tunnel and onto the opposite wall. There was need only of a short series, as the train was soon passed, and what was more he did not wish to exhaust his batteries. That was the first step in his devilishness. The next was not difficult to accomplish.

Finding, by riding on the train himself one day, that passengers heard nothing of this, and that it failed to scare the firemen, he went a step farther. He set a repeating rifle into another cranny, which he cut into the cavern, in such a way that just its mouth showed out. Then the electric wires were arranged that the end of the pictures meant the shooting of a single bullet, this aimed at just the point a man in the cab must be. It was neatly timed, too, after much practice in the lonely tunnel.

To a skillful electrician the whole arrangement was nothing more than a little trouble, for the old man had removed enough stones from the tunnel side to allow his easy entrance and exit. As soon as a distant rumble apprised him of a train either way he had plenty of time to make his exit. Between, there was no chance of detection.
Finally, to make assurance doubly sure, he had a little flap arranged to lower itself over both the mouth of the lantern and the gun, after each had done service. This was of a sliver of stone and so like the rest of the interior, remaining, therefore, undetected. Above, he had screened the entrance to his cave so that no chance passer would find it, and he was secure.

Once his revenge was full, it was little labor to remove lantern and gun to his home in the valley and rip up the wire next the track.

So the ghost of the tunnel was laid, nor did it ever rise to haunt folks again.—By Felix J. Koch, in The Railway Conductor.

AN EASTER STORY.

ONE spring day, the Saturday before Easter Sunday, a boy of fifteen trudging along a road with a little bundle containing his clothing stopped under a tree to eat a bite of luncheon he carried in his pocket. While he was there a girl a year or two younger than he came along and said to him:

“You look very tired. Have you come far?”

“I have walked all the way from L. since 4 o'clock this morning. I am going to the city and must reach it before night.”

“What are you going there for?”

“To begin to make myself independent. I am a half-orphan with a step-mother. She has made it so disagreeable for me at home that I can stay there no longer.”

“Have you any friends in the city to help you?”

“No.”

“Any money to use till you get a start?”

“No.”

“What will you do for food and for a place to sleep?”

“As for food, I will go hungry; as for a place to sleep, I hear there are benches in the parks.”

A great pity welled up into the girl’s eyes. Presently she unclasped her palm and uncovered a crisp five dollar bill. She looked at it longingly, then extended it to the boy. “Take this,” she said. “My uncle gave it to me for a birthday present. I am thirteen years old today.”

“What were you going to do with it?”

“I was going to buy a sweater. All the girls have sweaters, and I have long wanted one. But you will need it far more than I. It may keep you till you get a position.”

The offer of this money was the only sacrifice the boy had ever experienced. Thus far whatever had been given him had come from those whose duty it was to protect him, but everything he had received had come grudgingly.

“What is your name?” he asked.

“Laura.”

“Laura what?”

“Laura Maryweather.”

“And you think me so despicable as to take from you your birthday gift? Nothing would induce me to do so. I am going to the city to make my fortune. I have learned the value of money by hard knocks, and I shall take more such lessons. I shall make people pay me for what they get out of me, and I shall work, work, work, and save, save, save, until I am rich. But I will do it all myself. I will be beholden to no one.”

“What are you going to do with your money when you get it?”

“Do with it? Well, one thing I will do with it—I will hold it up to glitter before the eyes of those who have denied me those things a boy desires, and I will make them feel how easy it would be to make them happy, but I won’t.”

The girl looked at him through a pair of eyes that grew big with wonder, mingled with which was an expression of reproach. Finally she said:

“Are you a queer boy?”

“Do you think that, too?”

“Yes.”

“Well, I suppose I am queer since you say so. Others have told me that, but I would not believe them. Well, I must get on. Goodby.”

“Aren’t you going to thank me for offering you my birthday gift?”

“No. Thanks are empty words.”

“Well, you have taught me a lesson in courage and independence, for which I thank you very much.”
The boy turned away from her without another word. She watched him till he passed out of sight, then said to herself: "That's the queerest boy I ever saw in my life."

After that she went on to the village and bought a sweater.

And what did the boy say of the girl as he drew away from her? "That girl is the biggest fool I ever met."

Twenty years passed. Laura Mary-weather in a worldly point of view fulfilled the boy's opinion of her. She gave first to others, second to herself. As to economy, she never knew what it meant. The day came when she passed beyond her father's and mother's care and was obliged to take care of herself, being compelled to work very hard. She was always giving away things she needed herself, taking no forethought for her future and spending what money she devoted to her own use without much wisdom. She was the personification of improvidence.

When she was twenty-five she married a man named Spellmeyer, who had no better head for getting on in the world than herself. Several children were born to her, then her husband died and left her with just what she had when he married her—nothing. Another five years passed, during which her children were growing older and needing more and more every year. Then she broke down in both health and spirit.

One morning the postman left a letter for her containing a check for $25, signed with a name she had never heard before, Simeon Wrinkle. The letter said that on Saturday before Easter there was to be an auction sale of household furniture in the city. "Attend the sale and bid on a cake of maple sugar." The check bore date of several months before, and the envelope looked a little faded. The recipient was puzzled beyond measure. There was nothing to eat in the house and she was furnished with $25 with which to buy a cake of maple sugar probably not worth a dollar. She spent the money for necessities.

One trait common with us all, curiosity, led her to attend the sale. She tried to borrow a dollar to take with her to buy the maple sugar, but though she applied to those indebted to her, no one could spare the amount at the time, so she went with but a few cents in her pocket.

She found that a man supposed to be wealthy had died and left no will, so far as had thus far been discovered. He had left instructions that his household effects be sold at auction and all his relatives be bidden to the sale. An army of these persons were there, believing that a legacy would be contained in some of the articles sold. As soon as the auctioneer mounted the stand a spirited bidding commenced on everything that was hollow. Crockery, knives and forks that could not be used to conceal a treasure went for nothing. Mrs. Spellmeyer regretted that she had spent her $25, for she could have bought lots of things she wanted for a song. But sofas, bureaus and desks with locked drawers brought fabulous prices. As soon as an article was knocked down to a bidder it was torn to pieces in the hope of finding a sum of money, stocks, bonds or jewelry.

Finally some kitchen stores were put up and among other things a cake of maple sugar. Mrs. Spellmeyer by this time began to suspect that the deceased had intended to favor her, but she could scrape together only 7 cents of the money provided to secure the sugar. She made the first bid on it she made on anything, and, this attracting attention, the cake was soon up to $10, so she lost it.

Meanwhile there was a smashing and a tearing to pieces of all sorts of articles as fast as they were bought.

The sale was over without any large sum being discovered, though those who had made purchases were still pulling to pieces what they had bought. One old lady who had bought a bed had ripped the ticking off the mattress and was throwing the contents aside, as a ship throws the waves from her bow. A man who had purchased an iron box (locked and no key) was drilling a hole in it with a view to inserting an explosive and blowing it open. A boy was chopping to pieces a bureau, the drawers of which could not be removed in any other way. A young girl added to the din by trying to blow bank bills out of a cornet's
piston. At the moment some one stove in
the head of a drum.

The auctioneer, standing on the platform
with a bit of paper in his hand, wrapped
with his gavel. When he had secured
attention he began to speak.

"Ladies and gentlemen, the intention of
the deceased in ordering this sale has been
discovered. One of the articles sold, a cake
of maple sugar, was broken apart and this
paper found within: 'I give and bequeath
all my property, real and personal, to Laura
Spellmeyer, nee Maryweather.'"

There was a hush for a moment, fol-
lowed by a howl of disappointed rage. The
auctioneer rapped and cried above the din,
"Is Laura Spellmeyer present?"

The widow, not knowing whether she
was on her heels or her head, stood up
and said she was the party called for. A
sleek looking gentleman advanced toward
her and stated that he had been the de-
ceseed's attorney and had the care of the
property. He had forwarded to her the
mysterious letter she had received. It had
been left with him by the testator some
time before his death.

A crowd gathered round the widow, com-
posed mostly of those who had expected
little or nothing, to congratulate her. To
their questions as to her connection to the
deceased she replied that she had never
heard of him, whereupon the attorney said
that the testator had told him the reason
for willing his property as he did.

In all his life he had received but one
offer of purely disinterested kindness.
When journeying to the city a penniless
boy he had met a girl who offered him a
five dollar bill she had just received for
a birthday gift. That girl he made his heir.

Mrs. Spellmeyer tried to remember
the incident, but failed. It had occurred many
years before, when she was a child, and it
had passed out of her memory.

She was receiving congratulations, her
face wreathed in smiles, when the lawyer
asked her if she knew how much money she
had inherited.

"La' sakes," she exclaimed, "I never
thought of that!"

"Guess."

"A thousand dollars."

"A thousand dollars! It's more than a
million."

"Oh, my goodness gracious! I wonder
how I came to deserve such treatment of
my heavenly father."

"Inasmuch as ye did it unto one of the
least of these ye did it unto the king."

In the collection plate in Mrs. Mary-
weather's congregation the next day was
an Easter offering of $100,000 for a new
church and another $100,000 for an endow-
ment. This was only the beginning of the
widow's gifts. She seemed to take as much
pleasure in scattering her money as the man
from whom she inherited it had taken in
hoarding it. The only smart thing she ever
said was in this connection:

"The Lord needs two people to dispense
benefactions—one to get money together,
another to scatter it."—By AMELIA WRIGHT,
in Journal of Industry.

"HAPPY."

FROM the first moment there must
have been some vague familiarity
about the thin young man in the
greasy dinner coat who moved with jerky
quickness among the tables, dexterously set-
ting down here whiskies, there beers, there
cocktails, and over at a more spendthrift
table drawing out with a muffled "plump"
the cork of a bottle of domestic champagne;
some subtle but insistent prompting from
the past, for though my eyes still followed
the young man, my mind, for the time
unconscious of its swift voyage, had left
the din and glitter of the Elite Cafe, had
drifted back—far back—ten years back—
and was searching over half-forgotten
scenes, almost forgotten faces; and pres-
ently, my outer mind still unaware of this
subconscious quest, my memory stopped at
and fastened upon a single dominant figure
—a boy, thirteen or fourteen—with other
shadowy figures playing lesser roles about
him. And I felt a pleasant, romantic ting-
ling. * * *

"Oh, come now, your dope's all wrong!"
a man was declaring to me in good-natured
irritation, a man with the large, emphatic
manner of superior knowledge—a man in
that far, shadowy ten years ago. "Good
God, don't you suppose I want what's right
for the kids as much as you do? But I could never help along a measure like that you've been talking about. It's all sentimental rot! Why, nothing prepares a kid for life so well as actual experience. I'm a business man, a practical man, and I know! Oh, sure, schooling is all right, and I'm for it; but life, that's the real thing! And these kids that work in the streets that you've been rowing to me about—why, they've got the best chance of the lot. They're little business men. What they make is their own. That stimulates them to look for opportunities, and to make the most of opportunities. There's nothing in the world like the street to sharpen up a kid's wits. I tell you I know! Why, there's a kid, a great little kid, that brings me in my evening paper about this time—why, if you could see him, then you'd realize what the street could do for a kid. 'Happy' they call him. And a great little kid he is, a great little kid, with a great career before him!"

We argued on, and presently Happy came in with the paper. The business man engaged the boy in talk which brought out his points. Happy was shrewd, no doubt of it; shrewd beyond his years, and had ambition, and was energetic, and also was irresistibly likable. As far as the concrete example was concerned, I was worsted; and I went out of the office in defeat. But I had made a new friend in Happy.

After that I saw Happy often. His shrewd, racy, observant talk was a delight; and he sang, in a very good voice, all the popular sentimental ballads of that day. He liked to come to my room and sit with me; and also I used to take him to a settlement where there were boys' clubs and a kindergarten. He became a favorite with the boys of his own age, and the way he directed and protected the kindergarten children when they were dismissed was a marvel. His humanity was of the most natural strain. And he was always so good-natured!—no wonder some one had nicknamed him "Happy." All of us who met him thought him amazingly clever; all felt that he was going to develop into a man very much worth while if not alto-

gather remarkable. For certainly he was rare material.

To be sure, a few slight things cropped out that disturbed me. I caught him in more than one lie, in more than one petty theft, and discovered that on several nights he had not even gone to bed—and I had a sense that there were aspects and portions of his life that he discreetly kept from my knowledge. But all boys have their defects; these seemed to me merely the natural defects of Happy.

And then I had moved away. There ended my knowledge of Happy and of his promising career, and the long-ago film that had been unreeling within my memory became suddenly blank. * * *

A violent clashing of chords upon the piano jerked the whole of me back to the Elite Cafe—with its foggy odor of slopped-over drinks—with its stale girls, too worn-out for more pretentious places, whose inviting eyes were so callously bold as no longer to hold allurement—with its fresher and younger working girls who had dared to be "sports" and come in here with their young escorts to see what "life" was—girls whom one could imagine a little later with these other girls' cold, bold invitation come into their eyes.

I had already noticed such originality as the Elite's cabaret show possessed; that the dress-suited waiters, in regular turn, laid aside their trays and sang the favorites of musical comedy and vaudeville. At this moment there took his place beside the piano the young man who had first caught my attention. As I studied him I shivered. Hardly ever have I seen a body so emaciated, and yet still have life in it. His eyeballs made me think of glass marbles precariously balanced upon his cheekbones; his cheeks themselves seemed but merest webbing; his larynx stood out ridged, alone, almost as though it had been dissected away from its neighbors; the two great tendons at the back of his neck were each the ridge-poles of translucent skin-tents.

The hilarious piano changed into a softer mood. The young man began to sing. A joyous light sprang into his marble eyes; his whole frail body began to sway and gesture with a strangely infectious happi-
ness. His song was "When It's Apple Blossom Time In Normandy," and the sentiment he threw into that syrupy melody, for all his cadaverous handicap, was a genuine expression of an element of his being. But his voice came out with the peculiar dead huskiness which makes clean-minded doctors shudder.

That sudden flash of happiness, that sentiment, threw a bridge across the years for me. I thought I knew him. And when he had ended and, artist no more but tray in hand, was passing me, I said:

"Hello, Happy."

He turned about and gazed down on me. His bulging eyes were good-natured, but puzzled.

"Hello, pal. But I guess you got it on me all right."

"Don't you remember ten years ago—where you used to come in Sixth street off Second avenue?" And I mentioned my name.

"Say, but I'm certainly glad to see you again!" And he gave me his hand—a few loose bones and their wrappings of skin; no more flesh than a duck's foot. He leaned down. "Wait a few minutes if you can. The joint closes at one, and we can have a chin—what?"

A little later Happy and I were in the December street. It was his nature to talk freely and the chance that our old acquaintance had been renewed in a place like the Elite perhaps unconsciously impressed him with the belief that our ways of looking at life were much the same. At any rate he soon was telling me, in light humorous fashion, his history from the far time when that business acquaintance had declared that the street was making a business man of Happy.

And Happy's was certainly an industrial Odyssey of many and swift changes. From selling evening papers, which he had been doing when I had known him, he had shifted to the sale of morning papers. At this, his work began about twelve or one and kept him on the streets throughout the night—Broadway and Third avenue and Sixth avenue—streets that were moving pictures, of late theater parties, and revellers, and degenerates, and bums, and crooks.

Then a friend whom he had made through me got him a place in an office. But after the freedom and constant change and high excitement of his old life, the regularity of his new job irked him.

The street and the night life had called, and he had gone back. Again he had sold morning papers—adding to his profits by performing nameless services for the inhabitants of the night and getting their free-handed tips. And then at various times he had been a waiter on a Coney Island steamboat, a waiter in a Coney Island restaurant, an omnibus in a Broadway cafe; a bookmaker's helper on Southern race tracks; a pool-room employee; a singer of illustrated songs in the cheaper motion picture theaters, a stage hand, a "puller-in" for stands at country fairs and at Coney Island; and when down on his luck, selling papers again, calling carriages after theater, and opening and closing their doors; always change—change—change—always excitement—always something doing; until at last he had landed his present job of minstrel-waiter at the Elite where he got $10 a week and tips.

And, he ended, he was going to be married—"just as soon as things got to breakin' better."

"Married!" I cried, gazing at that fleshless figure, which jerked along with what to me was inexplicable speed and jauntiness. I adopted his light tone: "Where'd you pick her up?"

"In a cabaret over on Eighth avenue. She's a bit of an actorine. I was settin' at a table next her, and she lamped me. 'Oh, you black eyes,' she says. I was flush then, and I nerv'd myself up, and moved over to her table and threw down a ten-dollar bill, and I says, 'What'll you drink?' That's how it begun."

While we had been walking he had asked me to come with him to "Joe's"—Joe being an ex-newsboy for whom he had once worked. "Runnin' a gamblin'-joint now. He's sure one lucky guy. Why, between Saturday night and Sunday morning, last week, he cut thirty-three dollars. Ain't that goin' some!"

We now turned into a stairway off Seventh avenue, and mounted two flights.
A peculiar rapping by Happy and the door swung open and admitted us into a three-room flat, smoke filled, stiffly close. In the farthest room a card game was going on and playing about the table, and standing around the room watching, were seventeen young fellows from perhaps eighteen to thirty—all of them, as Happy afterwards told me, ex-newboys—the smart, clever, admired newsboy of the corner grown to manhood. In a moment Happy was among those around the table, a faint flush in his shrunken cheeks, a hectic brightness in his protuberant eyes. For an hour he sat there, tense, feverish—winning sometimes, more often losing; then arose with a laugh, stripped of his week's earnings, and gaily kissed his long fingers at the table.

We joined a group in the front room who were drinking the bottled beer that Joe served free to his patrons. They were exchanging tales of their amours—in humorous, cynical, matter-of-fact tone, as though such things as these they told of were the order of the universe; tales of sumptuous debauchery, where there had been light and beauty and wine and the tossing of large bills—and of dark hallways where the coin that had passed to the young girl or the old woman “bum” had been merely carfare or the price of a drink.

To these tales Happy contributed his share. The history of his life given on the way to Joe's, I had sensed, had been unconsciously edited and expurgated. Here was Happy unexpurgated. All of the man, as he now was at twenty-three, came out. He told a story, told it as a joke on himself, told it in a gutter-language and with a realism that made ordinary vulgarity seem chaste and desirable—a tale that in sordid, revolting horror capped all the sordid, revolting horrors that had gone before.

Presently some one called on Happy for a song. He at once stood up—smiling as always. But from the first moment, I saw that his wasted, over-stimulated body was unsteady. He gripped the backs of two chairs to support himself, and in that thin husky voice of his—that huskiness which was to me now so significant!—and in the close, sweaty room, foul with the odor of the late familiar talk—he sang once more, “When It's Apple Blossom Time in Normandy,” and sang it with that sure touch of sentiment which springs alone from genuine feeling. The crowd applauded loudly, for none love song-chromos more than such an audience as was Happy’s. Then he sang another emotional song about “That Little Kid at Home,” and was in the midst of a third whose refrain was woven about “Your Dear Old Mother,” when of a sudden he began to sway. Before anyone could reach him he had slumped down between the two chairs in a loose heap of angles.

They stretched him out upon the floor, and hastily brought water from the bathroom and threw it into his face. “Jest a faint, lately he's been havin' them spells purty often,” one of the young men assured me, the one they had pronounced the “lucky boob.” “But he'll come 'round all right. He's a pal o' yours?”

I answered that I once had known him, but until tonight had not seen him for a long time.

“Well, Happy's a reg'lar feller all right,” the young man explained, “only he's always hit up too fast a pace. Never knew what it was to stop. You can't last goin' like that. A while ago he was fixed up swell; had two girls—queens, bo' of 'em, you bet—hustlin' for him. But they quit him. Tough on Happy o' course—but, gee, you can't blame them gashes a lot. Look at the shape he's in. O' course you know what's the matter wid him?”

I did. And I shrank away from the casual confidences of the 'lucky boob.'

Perhaps I should have stayed on until Happy had “come 'round.” Perhaps there was something I might have done for my acquaintance of long ago. But as I gazed down at that wasted, waxy-yellow face among the cigarette stubs on the floor, the vision which that same face had raised at the Elite arose before me once again—of a light, boyish figure, a frank, clever, likable face, instinct with promise. And I could stand no more. When the next persons left the flat I slipped unobtrusively after them, and down into the street. Shivering, I gasped at the fresh air.
Through the four o'clock dark I hurried for my subway station in Times Square. As I came toward it a small huddled body started forward from the wide mouth of the kiosk. "All the mornin' papers, sir," it called out.

I halted. The boy before me might have been twelve, or he might have been sixteen; he was of that stunted breed whose size is no index to their age. But he was very young; and though heavy with sleep, this face also was shrewd, and likable, and instinct with promise.

I gripped his shoulder with spasmodic fierceness. "What are you doing out like this?" I demanded huskily.

"Now, what'n hell!" he exclaimed, staring. "I'm 'tendin to my business, see!"

Yes, he was attending to his business! I could see! The scenes back at Joe's, the talk I had heard—they were flames of fire within me. Passion-lost, incoherent, I began to question the boy, argue with him.

"Aw, cut it out, bo," the little fellow interrupted. He threw open his coat, revealing a newsboy's license. "Jest point your lamps at that, will youse? Say there, copper"—to a passing policeman—"make this here nut quit buttin' into me affairs."

The officer wanted to know what was up. I turned the flood of my ex postulation upon him. At first he looked bewildered; then he began to smile, ever so faintly.

"I don't get you, friend," said the representative of the law, in patient, propitiatory tone, politely trying to repress his amusement. "Why, the kid ain't doin' nothin' except just attendin' to his business. He's got a right to be here. And what's more, I know him, and I can tell you he's a fine, bright little kid. So you see there ain't nothin' at all for you to worry about."

I looked from the kindly, reassuring officer back to the boy, who now was grinning at me. I wanted to act; I burned to do something big, decisive. But I began to waver. A sense of helplessness closed about me. What could I, an individual do?

Silently I turned and went down the subway stairs.—By Leroy Scott, in Child Labor Bulletin.

"RED" HAWKINS.

"There's so much good in the worst of us,
And so much bad in the best of us,
That it ill becomes any of us,
To speak evil of the rest of us."

As a last resort to try and rid the country of an exceptionally undesirable citizen, a reward of $5,000 dead or alive was placed upon the person of "Red" Hawkins, bandit and outlaw.

Hawkins was a man of cunning and endurance. For months and months the different stage lines and other valuable-carrying messengers could go their way without fear and unmolested, then, suddenly, seemingly from nowhere in particular, would come this mysteriously masked man and make his haul.

The wife of "Red" Hawkins, a fragile and law-abiding little woman, lived alone in a cabin, except for occasional and secret visits from her adventurous but loving husband. She knew no more when to expect these visits than did the sheriff, and although both she and the cozy little cabin were watched by day and night it availed naught.

Sheriff Herbst was at his wits end, it was his territory that suffered the heaviest losses and it was beginning to wear upon his nerves. The sheriff was a true Western Arizona character—a man of few words, decided actions, and sometimes called cruel in the performance of his duty, but always in all cases a true weigher with the scales of justice.

As all strong men have certain weak spots, the sheriff was not without his—his little ten-year-old daughter, Nellie, could twist him around her finger. His mild-mannered wife often told him he would spoil the child, but the warning fell upon barren ground. The great rugged heart of the man beat for his little child day and night, not a day passed but what he tried to think up some new pleasure for the dainty, blue-eyed babe—the sun may cease to shine, the world may stop its motion, let any strange calamity take place, but harm not the sheriff's child.

For one solid week the sheriff had hardly been able to get his necessary rest and sleep. Not only was "Red" Hawkins busier than usual, but a posse headed by the sheriff had been scouring the mountains for
a crazy man, who after killing and mutilating his keeper had made good his escape and was still at large.

One evening, as the sun was just sinking out of sight, and dusk was beginning to throw its mantle over the earth, a solitary horesman could be seen gingerly walking his horse down a narrow mountain trail. Both horse and rider seemed perfectly suited to each other, and a slight pressure of the man's knees was instantly obeyed with almost human intelligence by the horse and he came to a stop.

"I'd swear I saw something skulk across the road there, Don," muttered the man, speaking to his horse, "but I guess maybe 'twas the shadows, they are mighty foolin' about this time o'night." Once more "Red" Hawkins pressed with his knees and the horse again began his journey, picking his steps like a dainty lady and making scarcely any noise.

After covering a few more yards, both horse and rider were suddenly startled by hearing a child's voice cry out in piteous anguish and then as suddenly cease, as if the cry was strangled in its throat. Although Hawkins was a seasoned man and had experienced great hardships, this child's cry seemed to touch an otherwise unused chord within his breast and he shuddered. Slipping quickly and silently from the saddle, he swung his heavy-laden holster more to the front and then dropping the reins straight down from his horse's bit, he went forward alone. As he approached a shadowy clump of bushes, he was aware of a struggle going on just beyond them near the roadside. Drawing his revolver, he crept noiselessly along and peered over the hedge—there before him, in the deepening gloom, writhed a shapeless, wild-faced man and within his grasp was a swooning little child. "Red" Hawkins, with a stifled curse of horror, darted forward, there was a sharp report and the writhing figure on the grass gave a shudder, as if of relief, and gradually the clutch loosened from the child and all was still.

Some few minutes after midnight that night, a strange occurrence could have been witnessed within the sleeping town. Upon its outskirts appeared a horseman and within his arms he held a tear-stained but peacefully sleeping little child. Looking neither to the right or left, he rode straight to the sheriff's house, and after carefully placing his precious burden upon the doorsteps, he drew his pistol and hit the door a resounding clatter. Before the echo of the blow had died away the horse's galloping hoofs were lost in the night.

When the sheriff returned, weary-eyed, weak and almost heart-broken, he was told of the good fortune and given a note that was found pinned upon the little one's breast.

"Friend Sheriff," it read, "Here's your kid. I happened along just in time, and I'm glad I wasn't a few minutes later. You'll find that crazy man with a bullet-hole through him, lying just around the corner from that split-pine tree on the Gulch trail. Yours truly, 'Red' Hawkins."

Two months later, when things had again assumed their normal state of affairs, the stage pulled into town, over two hours behind time, with a bunch of passengers demanding justice and protection from such a calm and methodical bandit.

For exactly nineteen consecutive nights, the sheriff had arisen promptly at midnight and gone to his secret vigil, watching the cabin of "Red" Hawkins. Upon the twentieth night, as he cautiously approached his post, he was gratified to see a big, black horse, saddled and briddled, standing like a statue before the cabin door.

Without even a thought of wasting time by going for help, the sheriff crept silently, with cocked revolver, to the door, and quickly pushing it open, threateningly covered a man who was kneeling beside the bed.

"Hands up, Hawkins," growled the sheriff, "no foolin' now, don't try any tricks with me or I'll shoot. Come, hand over." His words were interrupted by the feeble cry of a new-born infant. Hawkins looked at him for the space of a second and then kept right on with his work.

The arm of the sheriff fell by his side, and he tip-toed towards the bed.

"You want any help?" he asked, in a husky tone, "where's the water and other stuff?"
“Get that kettle from the stove,” replied “Red,” “and take away this quilt. Everything is alright now.”

One year later Sheriff Herbst received a letter postmarked from a northern State:

“Friend Sheriff,” ran the letter, “I told you I’d write, and we sure are doing fine. I’ve got a good job here as line-rider now, and I’ve cut out the rough stuff. You ought to see the little kid, she’s growing big, and her and Don are great old pals. I won’t forget your kindness, and I’d like to be remembered to little Nellie. Your friend, Ed. Hawkins.”

Anyway, the sheriff always prided himself upon the art of reading human nature.

IN THE SMART LITTLE TRAP.

“AND he has the smartest looking trap you ever saw, Madge! It’s champagne colored and a perfect love. What do you bet I don’t land him, trap and all, before the summer’s flown by?”

Miss Irene Warden, a beauty (and aware of it), was writing to her girl chum concerning the bachelor who had just taken the big colonial house with the carriage road and iron archway, which for several seasons now had abandoned hope of usefulness.

She was writing by an open window where the scent of the roses came up from the front garden. Beyond lay the pretty tree-lined road over which the bachelor and his champagne-colored trap had just flown by.

“Although I’ve told you his name is Horace Matlock,” ran on Miss Warden’s pen, “I haven’t told you what he looks like. He’s an old man, forty or fifty, I should say. His nose is rather too big, although people call him handsome, and he’s a bit bald; but, then, I suppose most men who live in big houses and drive smart traps have big noses. What?” Miss Warden smiled a little soft smile into the glass above her dressing table and then bent over her portfolio again.

“Of course, I’d prefer dear old Tom. He’s young and stunning and sings college songs so beautifully; but, as you know, he hasn’t a red! And I really must do some-

thing this summer, Madge. My already meager allowance will be cut considerably in the autumn, for in September pa’s going to enter the matrimonial game himself—a horrid, designing widow, too! So I must ‘step lively,’ in the parlance of street car officials.

“In point of fact, though,” pursued the voluble pen, “it’ll be pretty easy, plain sailing. I haven’t a single good-looking rival up in this out of the way place except old Professor Thornton’s daughter, and she’s the quietest poke of a girl—a regular stay at home. And as, for dressing—well, Madge, you and I spend as much on our gloves and veils, I reckon, as she does on her whole outfit. That’s what comes from having a bookworm for a father.”

The next week in the little village post-office a friend presented Mr. Horace Matlock to Miss Irene Warden. Apparently the meeting was by accident, but Miss Warden felt her smooth cheeks flush, and her habitual composure was rippled for a second, while, for his part, Mr. Matlock scarcely looked at her, and, having passed a conventional “glad to meet you,” lifted his hat politely and walked out to his smart little trap.

“I had on my chic voile, the one Aunt Tessie sent me from Paris, you know,” wrote Miss Warden to Madge, “and my big white hat with flopping fuchsias. But it was all rank waste.”

She couldn’t understand it. Her dreams hadn’t ended that way at all.

One day in the tiny idle little bank Horace Matlock stopped short as he recognized a stooped, gaunt figure with a patrician face.

“Why, it’s Professor Thornton, isn’t it?” he cried, stepping up to him with a cordial outstretched hand.

When Matlock years ago had entered Yale as a freshman, Thornton had been tutoring, and quite a friendship had sprung up between them. Subsequently they had lost track of each other. But the satisfaction of the younger man in meeting the older one again was genuine.

“Poor, old professor! How thin and worn and aged he’s become!” thought Mat-
lock as he drove the professor home to his modest little cottage.

Out in the cottage's sideyard by the hollyhocks a girl was picking a great bunch of sweet peas for the lunch table. When she heard the smart little trap stop at the gate she looked quickly up from the blossoming vines and wondered. Who was the distinguished looking stranger? And where had he picked up dear daddy?

A few days later Matlock drove up to the cottage again. It was only decent, he told himself, that he should show the professor some attention and take him driving now and then. Perhaps some day also he would take the professor's daughter. He liked her. He liked the natural, unabashed way in which she had acknowledged her father's presentation of him, with her sleeves rolled up and her arms full of sweet peas; he liked the width between her eyes, the breadth of her brow, the lines of her mouth. She was less pretty than many young girls, but there was about her a freshness, a sweetness, that pleased him, and he had noticed that her figure in her simple little gown was well molded and slim.

One evening toward twilight, when out in the open lawn bats were whirling aimlessly and tirelessly, Matlock dropped in upon the professor to make him a little call. He had fetched him his afternoon mail as pretext. While they were sitting out on the porch from the shadowy little parlor came the first chords of Beethoven's beautiful "Moonlight Sonata."

"That's Cynthia," said Professor Thornton in answer to his guest's start of surprise. "She's never too tired, no matter how hard or long the day has been, to play that sonata for me in the evening. I love it above all other written music, and she never forgets."

Then while the three toads droned their harmonies he told Matlock a little about his daughter—how four years ago he had suffered a paralytic stroke and she had been obliged to leave school in her graduating year and nurse him night and day with untiring sweetness; how, when their slender income was exhausted a year back, she had begun to make use of her musical skill and give lessons on the piano. And when the professor told of Cynthia's tri-weekly trips to Adams, the nearest town, his silvered head went down on his coat sleeve, and in the gloaming behind the honeysuckles the two men were silent.

Presently they smoked their usual cigars and indulged in their usual conversation—newspaper topics chopped fine by individual opinion, a good deal of politics, a little of art and science. Last of all, Cynthia came out.

"Delighted!" she said, going prettily up to Matlock with outstretched hands. "While you two have been gossiping I've been remembering your weakness for tea and have drawn you a cup. Will you come in, or shall we have it out here?"

They went in. Near the little fern screened fireplace was a tea table, dainty in its array of polished silver and thin china. The hanging lamp shed the rich, soft glow of olive oil, and there was an air of intimate homeliness about everything. Matlock had been a stranger to that sort of thing for so long that it sent a kind of thrill shivering through him. After all, to have a cozy tea table and a slim white hand to inclose in yours—Cynthia's hands were slim and white enough as they moved along the china in the half light. He pulled a chair close for the professor and then sat down himself.

Before Horace Matlock went to bed that night he remembered that on the morrow Cynthia Thornton was to drive with him in his champagne-colored trap. How it would harmonize with her soft hair before the ambitious sun touched it to gold! What a dear, womanly little treasure of girlish brightness she was anyhow!

Cynthia only returned from Adams the next day a half hour before her drive and was consequently a bit tired. She was not one to make conversation, and the quiet and beauty of the scenes stretched out before her made her very silent. Matlock, as he handled the reins, watched both her and the landscape. There was a certain peace about them both. And peace was, above all things, what he wanted.
The next day Miss Warden wrote to her
girl chum again:

"In the beginning of the summer, Madge,
dear, I wrote you that a certain matrimo-
nal venture would be 'easy, plain sail-
ning.' Alas! I'm afraid I shall never find
port—not at least with my bachelor up on
the hill. And in the name of wonders, who
of all people do you suppose has taken the
wind out of my sails? Cynthia Thornton,
the old bookworm's daughter! He had her
out driving in that little beauty of a trap
three times during the last week to my
knowledge! I'm afraid Cupid isn't very
kind to me. You'll find I'll die an old maid
after all, unless Tom"—

At this point Miss Warden's pretty teeth
absently caught the top of her penholder,
while she looked dreamily toward the sunny,
three-lined street. Then she began to hum.

As she started on the fourth bar of her
song a champagne-colored trap skimmed by.
In it was the charming bachelor, and by his
side was Cynthia Thornton.—By VIRGINIA

I

A

M

a

telegraph
operator
at
a
lonely
little
office. I had just finished reading
a Pennsylvania newspaper which
had been thrown from a passenger train
the day before. Presently I heard footsteps,
and looking up I saw a man approaching.
He was whistling, and now and then he
would sing a snatch of an old song.
When opposite my cabin he stopped and
looked at me.

"Hello," he said, and "Hello," I re-
sponded.

"Got anything to drink?"

"Nothing stronger than coffee," I replied.
"There is a spring here, back of the cabin,
if you prefer water."

"Water let it be," said he. "I had a good
breakfast this morning and all I want is a
drink of something cool."

I took the glass from the shelf in the
office, filled it at the spring, and handed it
to him.

"Gee!" he said. "That's a little bit like!"

Then he sat down beside me, on the
doorspost. "Well, what's the news?" he be-
gan, picking up the newspaper which I had
thrown aside at his arrival. "Pennsylvania,
 huh? I've traveled a heap in Pennsylvania."

His eyes wandered over the columns un-
til he came to one headed, 'The Heights.'

"Oh, gee!" he exclaimed. "Listen to this!
'Grant-Lindeman. Married, at Wynnewood,
the summer residence of the bride's
parents, Mr. and Mrs. William Lindeman,
Eleanor Irene Lindeman to Marcel Edward
Grant.'"

"Well," I replied, "I see nothing extra-
ordinary in that announcement."

"Maybe not!" he chuckled. "Maybe not!
But if it hadn't been for yours cordially
there wouldn't 'a' been no weddin' at
Wynnewood this year I reckon."

I looked at him in interested surprise.

"I sure don't look much like a Cupid, do I,
pal?" he continued. "But I was right there
with the goods, all the same."

"Tell it to me," said I.

"Ah, yuh wouldn't believe me, anyhow,
so what's the use?"

"Well, I don't know. I am a firm be-
liever in the saying that truth is stranger
than fiction. At any rate, it will do no
harm to tell me."

"All right," he returned. "Yuh see, it
was like this."

Here I, the operator, will withdraw, and
permit Neil Farrington, hobo, to tell his
own story in his own way.

"I was stretched out on a flat car, half
asleep, lookin' up at the sky an' wonderin'
where I was at.

"All of a sudden I heard somebody say,
'This is your terminal, bo.' I looked up
an' seen it was the con, an' just then he
gave me a shove with his foot an' off I
went. Some conductors is awful reckless.
but this one was all right, for I landed
in a big heap o' weeds an' never got a
scratch. Two snakes wriggled out o' the
grass near me, an' I felt a prick on my
hand and thought I had got bit, but it was
nothin' but a nettle, or a thistle, or what-
ever yuh call 'em.

"Well, I got up an' took a survey o' my
surroundin's. I looked down the track an'
seen the caboose o' the train I had been on
hittin' 'er up around the curve. I looked
up the track an' seen a water-tank an',
farther on, a depot. I looked straight ahead o' me an' seen a small-sized town. Couldn't see much of it on account o' the trees, but there was a little path leadin' up that way, so I thought I'd go up an' have a look at the burg. I was feelin' kind o' hungry an' wanted to see what was doin' in the grub line. I went up the path an' came onto the main road. There was a road leadin' off on the right-hand side, an' a big house at the end of it that looked plumb good to me. So I struck out for it, whistlin' to myself as I went along.

"It was a nice street, all right. A long, white road in the middle, an' a gravel walk on each side, an' trees borderin' the paths all the way.

"Well, I came to the big house an' went in at the back gate. There was a big iron gate at one place, an' a broad walk leadin' up to the front steps, but I went in by the little gate, an' up the path, an' around the house to the kitchen.

"The door was open, an' I seen a girl sittin' there, with a big blue apron on. She was lookin' right mad, but she sure did look pretty. I stood there a minute or so gazin' at her, an' then she raised her head a little an' seen me.

"She gave a little yelp an' jumped to her feet. It was no wonder she was scared of me, for I had two weeks' growth o' hair on my face, an' I was tattered an' torn, an' not a bit pretty to look at.

"I took off my hat an' came a bit closer to the door, an' said, as nice as I knew how:

"I didn't mean to scare yuh none, lady."

"Well, yuh did it, all right," she said. She stood there lookin' at me for a minute or so, then she said:

"Well, to what do I owe the honor o' this call?"

"Lady," says I, "yuh needn't be none afraid o' me. I'm under the painful obligation of informin' yuh that I'm downright hungry, an' I'd appreciate a little assistance in the eat line."

"The cook is out," she snapped.

"A beefsteak will do just as well," says I. "I ain't no cannibal."

"Well," she says, "I'll see what I can do for yuh."

I stood there waitin', while she skirmished around in the kitchen. At last she came to the door an' said:

"I might as well tell yuh that I'm alone here, but yuh see this, don't yuh?"

An' out of her apron pocket she pulled a cute little pearl-handled revolver. I replied that my vision was unusually keen.

"Well," she says, "it's loaded, an' it shoots straight, an' I know how to handle it. Now come in."

"Sure Mike," says I, acceptin' the invitation.

She put a white cloth on the table, an' set out all the eatin' utensils, an' then she said:

"Which do you prefer—cold beef or cold chicken?"

"Chicken," says I, without deliberatin' any.

"Or maybe you'd rather have eggs?" she suggested.

"Don't bother," says I. "Chicken's good enough for this child."

So out come the chicken, an' a lot more stuff that I don't dare mention now, or I'd get indigestion from thinkin' about it. Talk about your grub!

"Cake or pie," says she.

"Both," says I; an' out come the cake an' the pie.

"Coffee or milk?" says she; an' "milk," says I.

"Chocolate if you like?" says she; an' "All right," says I.

By and by she got everything ready, an' asked me to sit up an' make myself to home. I'm not like the boy that can't do it, you bet, an' I wasn't a bit slow.

"I suppose," says she, "that you're a—that is, a gentleman of leisure?"

"You're a good guesser," I answered. "How did yuh spot me so sudden? Yes, I'm a gentleman of leisure all right—only most folks hasn't got the manners to say it that-a-way."

"How do they say it, then?"

"Well," I says, "mostly they call me hobo—when they ain't callin' me worse."

"A tramp," says she. "An ordinary tramp, huh?"
I had my mouth full o' chicken, but when I got it down I says, "Yes, ma'am—but some do say that I'm an extraordinary one."

"Indeed? As to how, may I ask."

"Well, in the first place, as to the fact that I prefer a glass o' cold water to a quart o' red-eye."

"How remarkable!"

"On Sundays, an' in Kansas," said I—but she didn't hear that.

"In the second place, as to the fact that I always carry a cake o' soap an' keep my face an' hands right clean."

"Indeed?" says she again.

"Yes'm. An' also as to the fact that I am considered a most elegant dancer."

She gave another yelp.

"What! Do you dance? Are you a good dancer, sure?"

"Well," says I, "I'm some out o' practice, but I guess I could hold my own."

"Say," says she, "how old are yuh, when you're shaved?"

"Twenty-six—an' twenty-five when I'm tagged out in a bunch o' glad rags."

"An' how tall are yuh?" says she, gettin' plumb excited, "an' what size collar an' hat do yuh wear an' all that?"

I told her, an' yuh just ought to seen her.

"Why," says she, "you're just the man I'm lookin' for."

"Glad to hear it," says I. "I didn't know yuh wanted me, or I'd 'a' been here sooner."

"Say," she continued, "are yuh in a hurry to get to where you're goin'?"

"I don't happen to be goin' anywhere in particular," I told her, "so the question o' speed ain't none important."

"Well," says she, "are you open for engagements?"

"In what capacity," says I, "an' how much is there in it?"

"Twenty-five."

"Say, lady," I says, lookin' at her reproachful-like, "two bits looks kinda small to me. Make it half a dollar, an' I'm right with yuh."

"Two bits, indeed! Twenty-five dollars is what I'm sayin', an' yuh can take it or leave it."

"If I don't take it, make me take it," says I. "What's the game?"

"Quit eatin'," says she, "an' listen to me."

"I never learned to eat with my ears," says I, "or to listen with my mouth."

"But I want your undivided attention," she says.

"Age before beauty, lady," says I; "an' the chicken has yuh plumb skinned."

"Well," says she, "quit eatin' for a little while. I want yuh to dance with me."

I follows her till we came to a phonograph, which she started goin'.

I stepped it off with her, an' when the record was played out she put the brake on an' took the record off.

"You'll do," she says. "A little out o' practice, but you'll do. Now, if you're hungry, we'll go back to the kitchen." An' back to the kitchen we went.

"Yuh see," says she, "it's like this." An' there she stopped.

"Well, go on. It's like what?"

"Why," says she, "I am engaged to be married. Not exactly engaged, that is, but—er—there was an understanding—yuh see?"

"Yes'm, I see. An' affair o' the heart, is it?"

"Yes. That's what makes it so hard to explain. Yuh see—"

"Now, lady," says I, "to make it easier for yourself an' for me, suppose yuh tell me just who all is concerned in this deal."

"Two men, an' another girl an' myself."

"Names, please—or numbers. I must have somethin' to go by, or I'll get all tangled up."

"The one man is Marcel Grant. The others don't count."

"An' Marcel was the one yur was most engaged to, huh?"

"Right."

"An' you had a little run-in, huh?" says I. "What was it about—the other man or the other girl?"

"The other man. Yuh see, I—"

"I see, lady. Look here, now, did this man Marcel ever ask yuh right out to marry him?"

"No, but—"

"Go easy, go easy! I'll bet you did something to make him jealous. Am I right? What was it yuh did?"
"Oh, I just danced with the other man, an' played tennis with him, an'-an' such like."

"An' Marcel spoke to yuh 'bout it, an' yuh got hot under the collar. What did yuh tell him?"

"I told him," says she, "that I hadn't signed no agreement to the effect that I'd not receive attention from anyone else but him," or words to that effect.

"An' Marcel 'lowed yuh hadn't, if that was the way yuh felt about it. Say, lady, how long have yuh bullied him around—this man Marcel?"

"'Bout two years, an' I thought—"

"Sure yuh did, but you missed your guess that time. Where is the other man now, an' where does the girl come in?"

"I got so mad," said she, "that I shipped him off an' he went back to Philadelphia last week. The girl is a girl from Maryland, who is visitin' frien's here, an' everybody is plumb crazy about her, includin' Marcel."

"Which is humilatin' to you. Now, where do I come in?"

"Why," says she, "there's a dance tonight, an informal sort of affair, and I want yuh to be there, see? I'll fix it with the hostess, all right. Yuh see, half o' the unmarried men o' this burg is engaged, an' the other half—"

"An' the other half has at various times an' places been refused the privilege o' footin' your bills for the rest o' your natural lifetime."

"Precisely."

"An' therefore they'd be only too glad to see somebody hand yuh the same-sized lemon that yuh handed them."

"Precisely."

"An' yuh want to show them that they ain't the only sands on the shore, an' that yuh got an escort o' your own."

"Precisely."

"An' this man Marcel, when he sees yuh ain't missin' him none, will also see that you're worth while havin', after all, an' yuh'll make up an' live happy ever after."

"Precisely."

"All right," says I. "I'll be Romiet if you'll be Julio—an' I'll do my best or break my neck a-tryin' of it." An' I pushed back my chair, signifying that I was through.

"Now," says she, "my brother's clothes will just fit yuh, I know. Yuh'll put on a traveling suit, an' I'll show yuh the path that leads down to the railroad tracks. Then, after the noon passenger train goes, yuh'll come up the front way, but don't come in by the back gate, like yuh did this morning."

"Yes, ma'am," says I.

"By the way," says she, "what might your name be?"

"Farrington," says I.

"Nice name; where'd you get it? The Duchess? Bertha M. Clay?"

"Lady," says I, "I come by that name honest. I didn't beg it, ner borrow it, ner steal it, ner buy it. I come by it honest— an' I ain't never disgraced it."

"Beg your pardon. No offense intended." Then she gave another yelp.

"Farrington! Herbert Farrington, of New York!"

"No, ma'am. Neil Farrington, of nowhere in particular."

"You don't understand," says she.

"Maybe not."

"Your name is Herbert Farrington—"

"Beggin' your pardon, lady—" but she looked at me an' says, "Don't interrupt."

So I dried up sudden.

"Your name is Herbert Farrington, an' you're the hero of that New York automobile accident."

"Ain't it funny," says I, "how a fellow forgets a little thing like that?"

"Yuh saved my life," she continued. "I'd have been killed, sure, if it hadn't been for yuh."

"Don't mention it," says I. "Besides I must 'a' been asleep when I done it, so I don't deserve much credit."

"An' Jim offered yuh his wallet—five hundred in it—an' a promise o' more later, but yuh refused it."

"Oh, gee," says I. "Why, oh, why didn't yuh wake me up, lady?"

"Yuh disappeared then," says she, "but we met yuh later, an' we became very good frien's. An' last week yuh met Jim in New York—"
"No, lady, it was in Pittsburgh. I got a chip on my shoulder for Jim, all right. I'll break his face for him the next time I see him. He took every cent I had."

"Sir," says she, "do yuh mean to say that my brother—"

"Oh, is Jim your brother? The Jim I'm talkin' about is an old pal o' mine what played me crooked last week an' robbed me."

"An' Jim told yuh that he'd be at home this week, sure, an' if yuh got a chance, yuh should run up an' spend a couple o' days with us."

"I accept the invitation, all right. Don't worry none about that."

"Now," says she, "I had a telegram from Jim this morning, sayin' that he won't be home till next week. But that's between yuh an' me, an' ain't intended to go any farther. So o' course yuh'll stay till tomorrow, an' as pressin' business demands your presence in Baltimore or St. Louis or any other place yuh care to mention, yuh'll be sorry that yuh couldn't see Jim, but yuh couldn't think o' stayin' any longer—an' yuh'll try to accept our invitation to spend a week or two with us in the fall, but yuh can't promise for sure."

"I get yuh," says I. "An' how well acquainted am I with yuh? Well enough to call yuh by your first name?"

"Well, not steady. But yuh might once in a while—beggin' my pardon immediately."

"Right. An' what is your name?"

"Well, it ain't Mamie, an' it ain't Maggie."

"No, an' it ain't Peggy ner Poll. Quit tellin' me what it ain't an' tell me what it is."

"Eleanor," says she. "Eleanor Irene Lindeman."

"Well," says she, "what's the matter? Don't it suit?"

"Sure it suits. I'm just practicin'. I want to say it just right, yuh know, so as to make that man Marcel plumb jealous."

"Say," says she, "I don't want to hurt your feelin's none, but—but—"

"Out with it! Ain't my appearance up to standard?"

"Yes, but your grammar ain't."

"Don't let that trouble you, Miss Eleanor. I can sling Reed and Kellogg like an old-timer, an' do all sorts o' stunts with infinitives without spittin' 'em a mite."

"Is that straight?"

"Straight as a wire clothes line. I keep my grammar for State occasions, an' tonight I'll do my very best. I went to high school a while once, an' I reckon I ain't forgot quite everything I ever knew."

"All right, then, —You be sure, now, an' don't disgrace me. Now for the clothes."

"One minute," says I. "Where's all your folks?"

"Oh," says she, pannin' her apron pocket where her pistol was, "Papa an' Mamma are out o' town, an' won't be back till four o'clock. Aunt Nell is spendin' the morning with one o' her friens' over town, an' she an' the chauffeur an' the car will be due in at one p. m. The telephone is out of order, so the cook had to go over an' order the groceries. She'll be back pretty soon now. The maid got sick yesterday, an' we're hookin' our own gowns till she comes back."

"I admire your grit," says I, "an' here's hopin' yuh'll never need to use that little shootin'-iron. Now, where's the glad rags?"

"This-a-way," an' she led me to the stair-case. "Second room, right-hand side. By the way, there's a suit-case there, which yuh can just take along. Yuh can put your old clothes in 'em, if yuh like. Yuh'll find everything yuh need, I reckon—hats, shoes an' all."

"All right," says I.

"Now," says she, "I gotta put away the remains of your meal, an' wash those dishes."

Well, it didn't take long to make a new man o' me, for those clothes just fit. Then, downstairs I went, an' out into the kitchen, where Eleanor had just finished washin' my breakfast dishes. She looked me over critically, an' said, "All yuh need now is a shave. There's a barber shop right near the depot."

"Do yuh think my face is good?" says I.
“I beg your pardon?”
Then she saw daylight. “Just a minute!”
She ran into the next room, an’ came back with a five-dollar bill.

“This,” says she, “don’t come out o’ the twenty-five. Now come on, an’ I’ll show yuh the short-cut down to the track. Hike it up to the station, an’ get a shave, an’ manage to arrive here about one o’clock.”

I followed her instructions, an’ arrived at the house just at the stroke o’ one. A ‘haircut an’ shave had improved my appearance a whole lot, an’ I was feelin’ fine.

Aunt Nell had come home a little ahead o’ her schedule, it seemed, for she an’ Miss Eleanor was sittin’ on the porch, chattin’ like old frien’s an’ takin’ life easy. When I opened the gate I seen ’em lookin’ at me keen, as if they were wonderin’ who the deuce, ace an’ ten spot I was, anyhow. When I got half way up the walk, Eleanor jumped up an’ stepped forward, like she’s awful glad to see me again.

“Why, Mr. Farrington!” she exclaimed. “How do you do? This is an unexpected pleasure,” an’ a lot more on that order.

I made an appropriate answer, an’ if any rules o’ grammar got smashed that day, I didn’t smash ’em. It was hard, an’ I ain’t ashamed to admit it—but the twenty-five looked good to me.

“Aunt Nell,” says Miss Eleanor, “this is Mr. Farrington. I’m sure you’ve often heard me speak of Mr. Farrington in connection with that dreadful automobile accident?”

Aunt Nell gave me the glad hand, an’ I told ’em the little tale about meetin’ Jim in New York. Eleanor told me how sorry she was, but they were expectin’ him right now, an’ when they first seen me comin’ with the suit case, Aunt Nell thought I was him.

Well, I spent a mighty pleasant after- noon, I tell yuh, an’ when I spoke of goin’ they insisted on my remainin’, so I consented.

“Yuh must meet Mamma an’ Papa,” says Eleanor. “An’ besides I’d like yuh to meet some of our frien’s. They’ve all heard of yuh,” an’ I whispered to myself, “Gee! I hope not!”

“An’ besides,” says Aunt Nell, “Jim will probably arrive tomorrow, so yuh musn’t think o’ leavin’ yet awhile.”

“An’ oh, Auntie,” says Eleanor, “Mrs. Brown’s dance tonight! It’s rather informal, yuh know—”

“Sure thing,” says Auntie. (Course, she didn’t say it just like that.)
Would I like to meet some o’ their frien’s? Was I too tired?
Sure, Mike! Oh, no!
The phone had been fixed, so it didn’t take long to arrange things with Mrs. Brown.

‘Bout three o’clock they ordered up the auto to go down to the station to meet Pa an’ Ma. More instructions, an’ the glad hand from every side when they reached home. They was glad they had a chance to meet me personally, to thank me for havin’ saved their dear Eleanor’s life, an’ wouldn’t I, couldn’t I possibly spend a month or two with them? But I told ’em I couldn’t possibly, ’cause I had to leave for Salt Lake City the next day, but if nothin’ happened, I’d be around later.

Pa an’ Ma didn’t go to the dance, but Aunt Nell did, as chaperone to Eleanor. No use botherin’ about preliminaries. We got to Mrs. Brown’s, all right, an’ then a lot more introductions. I reckon I met everybody in town worth knowin’.
Everybody seemed glad to know me, an’ after a while I noticed a chap lookin’ at me mighty keen. I spotted him for Marcel, an’ I didn’t miss my guess. After a bit I got an introduction to him, an’ he didn’t seem pleased to death about it. I could see he was gettin’ right jealous.

Eleanor was lookin’ mighty pretty, with her big dark eyes a-shinin’, an’ I reckon Mr. Grant didn’t know what he was doin’ when he shook her. She had it fixed so he didn’t get a single dance with her. He came up to where she was sittin’ once, an’ said, “I may claim this dance, may I not, El—er—Miss Lindeman?”

“Sorry,” says she, as she looked at her tally-card, “but this is Mr. Farrington’s.”
Just then I came up to claim her, an’ he bit his lip, mad-like, an’ walked right off.

“Eleanor,” says I, “this is my dance. I believe?”
“Yes, Herbert,” says she, just loud enough for him to hear, an’ yuh oughta seen him look at me.

After a while we seen him drift into the conservatory. He was so blamed hot an’ mad at himself an’ me an’ Eleanor an’ everybody else, that I reckon he just had to get off by himself, or he’d bust.

Eleanor looked at me an’ whispered, “It’s up to yuh,” an’ I wasn’t slow about takin’ the tip.

So we slid into the conservatory, an’ way back in a corner, behind a lot o’ palms an’ roses an’ such. I could see Mr. Grant, nursin’ his grouch.

We sat down, an’ I said, “Eleanor—”

“Please don’t Bert,” says she.

“Eleanor,” says I, emphazizin’ the “nor,” which made it sound soft an’ smooth an’ sweet. “Eleanor, dear, why won’t you say yes?”

“Don’t ask me, Bert,” says she. “Please don’t, Bert. I know I owe my life to you, an’ I am truly grateful to you, an’ I appreciate—”

“Don’t say that, little girl,” says I, takin’ her hand in mine an’ raisin’ it to my lips. “Don’t say that, Eleanor. Can’t yuh say yes, little girl? I’ll give yuh everything that money can buy, and I’ll be true as steel to yuh.”

“I know yuh would, Bert. Your too good to me. I don’t deserve it”

Maybe I ‘magined it, but I’d ‘a’ swore I heard Mr. Grant cussin’ under his breath.

“No, little girl,” says I. “Not half good enough for yuh.”

“I appreciate your friendship, Bert,” says she, “an’ I hope it will always continue, an’ grow stronger with the years; yuh’ll always be my friend, won’t yuh, Bert?”

“Eleanor,” says I, “what you say goes with me. I’ll always be your friend, if yuh want it that way, but is that all the hope you’re goin’ to give me. I know I was some hasty, little girl, an’ I’ll give yuh time to think about it. Maybe yuh ain’t sure o’ your feelin’s. Maybe there’s someone else that yuh like, too, an’ yuh can’t choose be-
tween us. I won’t ask yuh, an’ you needn’t tell me, but if such is the case, I’ll give yuh time. I’ve always played square with yuh, Eleanor, an’ yuh ought to—”

“Bert,” says she, in a tremblin’ voice, “come to me six months from now, an’—”

Just then another couple entered, an’ found us discussin’ our favorite authors. Pretty soon we went out, an’ joined in the dance again. An’ when Marcel Grant emerged, about five minutes later, he was lookin’ anything but happy. I didn’t see much of Eleanor for the rest of the evening, but once, when she glided past me, she whispered, “Good for you!”

Next morning we were sittin’ out on the veranda, when a boy came up with a bunch o’ roses an’ a note. Eleanor read it an’ handed it to me. Just one line it was—

“Eleanor: May I call this evening? M. E. G.”

“Tell him yes,” said Eleanor to the boy. Soon as he was out of hearing, I said. “What yuh goin’ to tell Jim, when he comes?”

“If yuh knew Jim yuh wouldn’t ask. I’ll tell him all about it, an’ he’ll say, ‘I always knew yuh were a game youngster, Eleanor!’ That’s what Jim’ll say.”

Well, the train was due in about forty minutes, so she ordered the auto up, an’ we went inside to get ready. She handed me an envelope, sayin’, “Y’hu’v’e earned it, Neil—me n’ Mr. Farrington.”

They all went down to the station with me—Pa, Ma, an’ Eleanor. Just as the train was pullin’ in, Eleanor says to me, “If there’s ever anything I can do for yuh, Mr. Farrington—”

“Aw,” says I, “name the first boy—good-by Miss Eleanor! Good-by Mrs. Lindeman an’ Mr. Lindeman! Yes, I’ll be around later. Regards to Jim!”

When the train pulled out, Eleanor waved her handkerchief, an’ I called good-by once more. I opened the envelope, an’ took out five fives, an’—well, that’s about all, I reckon.—LYDIA M. DUNHAM O’NEIL, in The Railroad Trainman.

April Music.
Haste, oh, April, haste and wake
Silver notes in field and brake.

Liquid music, timid in tune,
To the morn's gold dancing-shoon!

Quicken with a magic word
Fife of reed and flute of bird,

Tripping measure, dying fall
Of the south wind's madrigal;

Bid the brook's wild tambours clash
Where the cool, brown pebbles flash;

Touch the oak-leaf's sounding shell,
Sway the tinkling flower-bell.

Then, I pray, ere strains like these
Melt in mellow melodies,

In the wonder grant me part—
Smite the wind-harp of my heart!

If You Don't Watch Out.
When the auditor—he checks me up—
To see how things are run,
He scares me mighty nigh to death;
I'll tell you it's no fun.
He'll say: "Be sure you charge enough,
Or I haven't any doubt
That the I. C. C. 'll git you,
If you don't watch out."

And then he'll say: "Don't charge too much,
Not even by a cent,
And watch the stars and asterisks
To see what all is meant;
Be sure you read up all the laws
To see what they're about,
Or the I. C. C. 'll git you,
If you don't watch out."

There are two million tariffs
Which you must memorize,
And they each have a supplement
Of monumental size;
And then there's Circular 39,
Learn it—you lazy lout
Or H. J. S. 'll git you,
If you don't watch out.

And watch your liquor shipments;
On that you must not fail,
Or the sheriff he will git you
And lock you in the jail.
Don't overlook your crop report,
Or J. O. B. will pout
And send Candee to git you,
If you don't watch out.

When you have read up all the rules
In Circular 39
And can repeat them, word for word,
And not omit a line,
Why study up your baggage rules,
Or I know some baggage scout
Will snoop around and git you,
If you don't watch out.

But it's the salary I get
That makes me stick around,
For a job at forty dollars
Can't every day be found,
And so I learn about the law
And the auditor put to rout,
For there can't nobody get you
If you just watch out.

Prejudice.
He pricked his finger on a rose
And then went forth to warn
His neighbors of the bush that grows
A sharp and dangerous thorn.

"Beware," he cried, "that little tree;
It is an ugly thing,
For once it sorely wounded me,
And you 'twill surely sting."

And so he went along his way
Proclaiming loud his woes,
Advising every one to stay
In terror of the rose.

And there are men who walk about,
With logic just as sound,
Of other fellows pointing out
The faults that they have found.

They bid us heed their cry of "thorn,"
And fail the rose to scan;
And they would bind us with their scorn
To what is good in man.

Parcel Post.

Our postmaster says, says he to me
Our Uncle Sam is up to date,
We take no further chance you see,
Awaiting packages by freight;
That's why we boast of parcel post,
And I'm sorry for to say
Your fast express will carry less
Than in the bygone day.

In days of old, says he, I'm told
The stage-coach was the best,
Long before rail brought eastern mail
To Denver in the West.
But now oh my! your price is high,
You must reduce your rate,
Your price did force our parcel post
That came to us of late.

 Says I but think! the ships that sink,
That plows the ocean blue,
That brought your mail from east by sail,
Will soon be lost to view.
Likewise the mails that run on rails,
Which you consider fast,
Will soon no doubt be down and out,
And a thing of the past.

For through the sky your mail will fly,
In the coming airship trains,
From pole to pole your mail will roll,
In well-equipped aeroplanes;
We all will ride on this trackless tide,
And her wireless code on high,
For our coming trains are the aeroplanes,
The monarch of the sky.

Green Fever.

I've caught green fever, mercy me!
Just feverin' for the maple tree.
And willer, where the mint grows strong,
And some wild, wondrous redwing's song
To shake me loose from dust and grime—
Green fever for the summer time.

I've got it, sure as you are born—
Green fever for the soft, cool morn
That comes so dewy and so sweet,
With such green shoon upon her feet,
And laughing lops, and all the mile
A rosebud from her lips of smile.

Ah, well, I'm glad to have it, dear;
So glad the fever's coming here,
Glad, glad, I've caught it once again;
For my sake and for other men—
Green fever, with its burning joy
That turns old codgers back to boys.

Blest heart, it almost makes me jump
Out of my skin, and hear that thump
My heart is giving 'gainst my side;
Green fever for the rippling tide,
The shadowy shore along whose rim
The minnows and the white perch swim.

Don't care how much I get it, no,
Nor whether it goes fast or slow;
Just want it, want it, oh, so bad—
Green fever for the hours so glad,
The blossoms and the birds and things,
And flies and frogs and fairy wings.

Fraternity.

Down the tow'ring steps of time,
Rolls the song of songs sublime,
And it echoes through the land;
Pealing forth on ev'ry hand;
And the message that it brings
Rings alike to clowns and kings,
Over land and over sea,
Fraternity, fraternity.

Ev'ry loving son of earth
Is a Frater from his birth,
And his heart is keeping time
With the universal chime;
Swelling out to all the race
In the tones of love and grace,
And it calls to you and me,
Fraternity, fraternity.

Hand in hand the sons of earth,
Pressing onward from their birth,
March triumphant to the strife
For the better things of life;
And their banners wide unfurled
Fling this message to the world,
To the bondman and the free,
Fraternity, fraternity.

All mankind shall find at length
That in union there is strength.
And protection for the home
And the weary ones who roam;
And the feeble shall be strong
When they hear this glorious song
Heard in ancient Galilee,
Fraternity, fraternity.

A Laugh.

A laugh is like the sunshine,
It freshens all the day,
It tips the peaks of life with light
And drives the clouds away.

The soul grows glad that hears it,
And feels its courage strong—
A laugh is just like sunshine
For cheering folks along.

A laugh is just like music,
It lingers in the heart,
And where its melody is heard
The ills of life depart.

And happy thoughts come crowding
In joyful notes to greet—
A laugh is just like music
For making living sweet.

The Obstacle.
Blobbs—The trouble with Big hedde is that he is stuck on an insurmountable obstacle.
Blobbs—What is it?
Blobbs—Himself.—*Philadelphia Record.*

The Secret.
Mr. Gazip—That romantic Miss Passe says there is a secret connected with her birth.
Miss Pickles—So I’ve heard. It’s the date.—*New York Globe.*

Divination.
Seeress (mysteriously)—There is a dark something in your life which promises to give you trouble.
Patron (with a sigh)—I know it. It is the brunette I’m engaged to.—*Baltimore American.*

Impossible.
“The Venus of Milo would never have joined in the cry of votes for women.”
“Because she was too well satisfied with the power of beauty?”
“Oh, not that. She never would be able to take things into her own hands.”—*Baltimore American.*

In Public Eye.
“Somehow,” said the genial station official as he seated himself beside the traveler, “there are some things which lead people to appreciate our wonderful improvements for their convenience and comfort.”
“Oh, don’t worry,” laughed the jolly traveler. “There are some things about your line that are always in the public eye.”
“I’m glad to hear that, sir. And would you mind naming them?”
“Cinders, sir—cinders!”

Not a Laboring Man.
Tramp—Good morning, lady. I thought perhaps I might be able to get a bite here.
Mrs. Snapp—Certainly not.
Tramp—Oh, then I am laboring under a mistake.
Mrs. Snapp—It strikes me you never labor under any circumstances.—*London Opinion.*

Worse Yet.
She had just finished reading “The Man Without a Country,” and as she laid it down she sighed and said:
“I can’t imagine anything worse than a man without a country.”
“I can,” replied her friend.
“Why, what’s that?”
“A country without a man.”

She Was a Countess.
Squaggs—Say, Squiggs, is there anything in the story that your nephew married a countess?
Squiggs—Well, yes, I suppose there is. The young lady ran the adding machine in Bughouse & Bingle’s office.

What He Really Needed.
A young man very fond of the girls, but very cautious as to his dealings with them, recently went to a poetical friend and asked him if he would help get up a birthday sonnet to a certain young lady.
“Well,” said the poet friend, “what do you want me to say?”
“Why, you ought to know about what’s the proper thing,” said the young man, “something rather tender, but at the same time, remember, I don’t want to commit myself in any way.”
“Well,” said the poet, “you don’t want a poet to draw up your birthday verse. You want a lawyer.”—*Ladies’ Home Journal.*
Man of Experience.

"So you claim the world is round," sneered the skeptic. "How do you know that it is not square?"

"Because I have had too many dealings with it," grimly replied Columbus.

Keeping Up With Providence.

In Americus, Ga., there is an old man who has quite a record for marrying. Four wives have died, and he has married the fifth. After the fifth wedding a neighbor met the old man's son and said:

"Well, John, I hear your father has married again?"

"Yes, sir," said the boy. "Every time the Lord takes one the old man takes another!"—Saturday Evening Post.

Tit for Tat.

Standing by the entrance of a large estate in the suburbs of Dublin are two huge dogs carved out of granite.

An Englishman going by in a motor thought he would have some fun with the Irish driver.

"How often, Jack, do they feed those two big dogs?"

"Whenever they bark, sir," was the straightforward reply.

Where They Are Found.

Finding a lady reading "Twelfth Night," a facetious doctor asked: "When Shakespeare wrote about 'Patience on a monument,' did he mean doctor's patients?"

"No," said the lady, "you find them under monuments, not on them."

Return of the Envelope.

The treasurer of the Newburyport Water Works sent out his annual bills one year by mail. In the corner of the envelope was the customary request: "After five days return to Newburyport Water Works, Mass." What was his surprise to have a woman come into his office five days afterward and pass him an empty envelope with the remark: "Here is your envelope, but what you want of it is more than I can see."—Lippincott's.

Diagnosis.

A young lady complained about the way her sweetheart treated her.

"Why don't you give him the mitten?" said her chum.

"Mitten, nothing," responded the forlorn one. "He doesn't need the mitten. I had better give him a pair of socks; he's getting cold feet."

His Synonym for a Quick Retreat.

In the sixth grade the teacher was questioning a boy about Napoleon's disastrous invasion of Russia and the subsequent retreat from Moscow.

"What did the French do then?" she asked.

"They ran away," said the boy.

"Yes, that is what they did," said the teacher, "but 'ran away' is hardly the correct phrase to use. What should you have said?"

The boy's face lighted up with understanding.

"They beat it!" he exclaimed proudly.—Kansas City Star.

The Home of the Swallow.

The teacher in natural history had received more or less satisfactory replies to her question, and finally she asked:

"What little boy can tell me where the home of the swallow is?"

Long silence, then a hand waved.

"Well, Bobbie, where is it?"

"The home of the swallow," declared Bobbie, seriously, "is in the stummick."

On the Safe Side.

A carpenter sent to make some repairs in a private house entered the apartment of the lady of the house and with his apprentice began to work.

"Mary," the lady said to her maid, "see that my jewel case is locked up at once."

The carpenter understood. He removed his watch and chain from his vest with a significant air and gave them to his apprentice. "John," he said, "take these right back to the shop. It seems that this house isn't safe."—McCall's Magazine.
OUR COLLECTIVE CONSCIENCE.

We write on March 11, 1914. Only a few days ago the New York papers notified the death of a very important potentate, at the age of forty-eight, worth $50,000,000. He inherited $10,000,000 a goodly number of years ago. He did not seem to have any longings for wealth accumulation. He was a lover of nature and knowledge. He mastered eight languages. He lived a quiet, sensible life. His wealth grew without paying any attention to it. He must have had a very good wealth manager. To purchase when prices are low; to sell when prices are high; to be in the inner circle where business combinations originate, in close contact with the intrigues of legislative bodies. There we have the elements of rapid wealth accumulation. All that is the result of our own artificial civilization. It has nothing to do with the natural order decreed by divine law. It is all the product of our own egotistic ideals incorporated in the laws of nations.

Three reasoning processes or methods of analysis can be conceived when we deal with human events affecting the destinies of humanity in their ensemble and general results. Let us call them the optimistic, the pessimistic and the realistic. Optimism has always been very popular. It takes so little thinking, so little effort to say that everything is about right! It is so flattering to our human vanity not to have to acknowledge that we are making any great mistakes in our conduct, private and collective! If we could have a private talk with the Prince of Darkness we would find that he is an optimistic chap of the first water, a very encouraging fellow to talk with, always pleased with himself. And what about the pessimist? Well, he thinks sometimes too much and sometimes too little. In both cases he takes no cognizance of the center of gravitation in human life. In that he is like the optimist. It is only the realistic fellow who radiates all his thoughts from life's gravitation center, from the essence of things. And he sends back all his thoughts to the fundamentals in healthy human life.

Now let us see where we should naturally localize the gravitation center of our human life and development on earth. You ask that question of the wisest and most prominent chaps in the optimistic or pessimistic ranks. You will not get any precise, scientific answer from any of them. And still the answer can be found in Genesis, third chapter, verse 19, viz.: "In the sweat of thy face shalt thou eat bread." The industrial life is then the key to the situation. All other human activities would cease to exist without the industrial ones. Hence the imperative need of our applying equity, morality, honesty, to all industrial relations, if we wish to have any decent, sensible human life on earth. Can you find any escape to that simple conclusion, you optimists or pessimists? Hardly.

Yes, the quality of the industrial life in each national group, that is what shall determine the goodness or badness of every other department in our human development, including what we call "our religious life." All stands or falls on the honesty or absence of it that we may have embodied in our industrial relations.

It is quite exasperating to have to notice that so many generations of fine, good people have passed over the earth without noticing the rank injustice of all the industrial systems by which we have given boundless wealth to some and greater or lesser poverty to many, and many without whom no wealth would be created, of any account, for anybody. The case we have mentioned at the beginning of this essay is but one in millions all over the past and present nations. It happens that the wealth
we create, year after year, does not remain around anywhere long. The most indispensable to human life is consumed in less than two or three years, some in a few days. The wealth that remains for any one or more decades, that wealth would not keep alive humanity for any twenty-four hours. What remains forever is the power that human laws give to some, the power of placing under tribute the many for permission to work and live. And if you dare to broadly mention such facts you will find neither jobs nor consideration anywhere. That is the worst of our present progress.

Ignorance of essentials, or moral cowardice, seem to be indispensable to material success in our terrestrial life. You have to watch what public opinion is willing to stand or be able to digest. If you don’t you shall perish, perish in material advantages or esteem. Is not that deplorable?

In forms open or hidden most men have always believed in the existence of “A Power” that makes for righteousness. By natural implication it is our imperative duty that we should co-operate with that “Power,” we personally, we collectively. We still decline to actualize that duty. The Power in question can not then sensibly or logically suppress the connections and relations of causes and effects through all cosmical and conscious life ramifications. Hence the prolongation of all sin and sorrow among men on earth. The situation is prolonged through centuries because neither we the optimists nor we the pessimists or fatalists wish to see the rationale of rising up to the duty of co-operation with God on His plan of life. We still wish God to descend to our own plan of mean, selfish, social development.

The town where the writer lives has recently had what we may call an examination of our local collective conscience. We have discovered that even small towns are unfolding some of the wrongs of our large cities. How can it be otherwise? We can only clean our cities, towns, hamlets and farm sections by the cleaning of the nation. No doctor in medicine attacks sickness on any small section of our body when we are sick. He tries to clean the whole system, to the extent he can and conditions allow him.

The whole universe of God is a unit. The moral order is but the complementary element of the symphonies of creation. The planet we call the earth is yet sick through and through. That is very likely the only abnormal spot in the universe. Unto us, men of position and intelligence, unto us it is given the power to rapidly place the earth in peace with the Father of all sublimities. It has to be done through our Collective Conscience.

Jose Gros.

FROM THE SECOND VICE-PRESIDENT.

To the Editor:

In view of the wedding of Bro. George E. Joslin, the esteemed member of the Board for the Eastern Territory, I have been asked to extend the congratulations of the membership in that territory, and take pleasure in doing so in the following open letter:

“It is not to be supposed, my dear George, that a man in your pleasant circumstances can have the flavor of his cup of happiness improved, even by the felicitations of his friends. But we can not allow you to leave us with the treasure you have made your own without congratulating you on your good fortune and wishing you and your fair one all the blessings with which a union of hearts can possibly be crowned.

“Henceforth, you have two worlds before you—the general world, to which we all belong, and a little domestic world of your own.

“May you have a joyous bridal trip, and may your journey through life be over pleasant roads.”

When I came to the Eastern Territory some ten or twelve years ago, I formed what has been termed a “Bachelors’ Cabinet,” composed of two of the gayest in the East and myself, namely: Manion and Joslin, and now having put them both to flight I am left alone and bids will be received from applicants who desire to undertake to fill these two vacancies, but in the meantime we will all drink to the health of “Josh.”

Yours fraternally,

T. M. Pierson,

Vice-President.
NOTICE.

All matter for this department must be in the hands of the Grand Secretary and Treasurer on or before the 28th day of the month in order to insure its use in the following issue.

New Haven, Conn., Div. No. 29.

As usual, the March meeting was favored with a good attendance and everybody had something to say, and much of interest was discussed and disposed of.

The following officers were installed for the ensuing year; General Chairman Ross acting as installing officer, ably assisted by Bro. Davis, as marshal.

E. C. Terry, chief telegrapher; W. H. Gordon, first vice-chief; Jno. Mills, second vice-chief; G. F. McCormack, secretary and treasurer.

The chair appointed as inside sentinel, Bro. Snively; outside sentinel, Bro. Manning; marshal, Bro. Dunbar.

Second Vice-President Pierson sent his regrets, being unable to attend, on account of being engaged at Boston, finishing up the Boston Elevated affairs. A congratulatory letter was sent Bro. Pierson by Chief Terry and Secretary and Treasurer McCormack, on behalf of the division for the fine work he did for the boys on the Boston Elevated, securing the first schedule signed by an officer of the O. R. T., with an increase of 3 cents an hour for the first year and an additional cent an hour the next year; time and one-half for Sundays and overtime and one day off a month with pay and back time, which amounts to about $72.00 per man, and no man can get his back time unless he holds an up-to-date card.

If there is one thing the writer is proud of it is the fact that T. M. P. secured his application some 12 years ago.

Reports from the West confirm our prediction that when "Doc" Manion was elected fifth vice-president he would reflect credit on Division 29 and the Order. Two of his recent victories are the S. P. and the O. W. R. R. & N. schedules, and we are justly proud of him.

Bro. Ross is busy handling grievances, attending meetings and filling engagements for conferences with the officials. He is looking out for our interests all the time, and his report will show what a hustler he is. Come out to the meetings. He will call on as many of you as he possibly can.

Our newly-elected chief, Judge E. C. Terry, needs no introduction, he has for years been a hard, keen worker, always having the telegraphers' and agents' welfare uppermost in his endeavors. He is responsible for most of the legislation in Connecticut tending to better our conditions.

The tenth annual meeting of the general committee was held at Providence, R. I., Thursday, Friday and Saturday, March 19th, 20th and 21st. The Providence Evening Tribune, of March 16th, published photos of General Chairman Leonard, Jackson Ross and Local Chairman Geo. E. Joslin, of the Providence, who is also a member of the board of directors of the Order. A very interesting account accompanied the photographs.

T. A. A.

Midland Division—

Brothers, every time you have a chance, drop off at Manchester and show ex-Bro. Weir where he is wrong in dropping out. Every eligible non is worth saving.

Hartford "AD" is now three tricks, with Bro. Phillips, of East Hartford yards, on third; relieved by Bro. Hibborn, from Branch switch.

When the Hartford union depot burned on February 21st the Midland dispatchers and operators were moved to the old C. X. E. station, third floor, with new tables and equipment. It is to be regretted that more Midland Division brothers could not have been present at the big meeting of Division 35 on March 21st. The remarks of Bros. Pierson and Ross were an inspiration to us all to keep up the good work.

We are glad to welcome back into our ranks Bro. T. H. McKenna, agent Armory, one of the oldest employees on this division. It was also Bro. Otis three days after he bid in Auburn second. Some of these old-timers make a note of that.

Bro. T. M. Buckley is now car distributor, and Bro. Koch is acting stationmaster.

It is your duty to attend your meetings on the first Friday or third Tuesday of each month.

"EX."

Western Division, N. Y., N. H. & H.—

Bro. Moschka secured the application of Mr. Fill, second Stevenson. It is also now Bro. Pete Reardon, second Hawleyville Jct., secured by Bro. "OC" Wheaton, Hawleyville.

Bro. Link, second "RX" tower, resigned.

Bro. Brink is now extra dispatcher, and Mr. Donald on second "JC" side wire.

A Member.
Western Division, N. Y., N. H. & H., and Danbury Branch, C. N. E.—

Bro. Thos. McTigue relieved Agent Torrey, Van Deusenville, while absent on account of the death of his mother.

Bro. Winnie V. Hover was on third “GT” Barrington several weeks.

All the brothers were glad to see Trainmaster J. W. Carr, who has just returned from a pleasant trip to Cuba.

Bro. F. F. Odlum, relief agent, relieved Bro. Lowrey, while in Providence attending convention.

Bro. C. M. Sherwood was on several weeks’ vacation.

Rear-end block system was established on the first district Sunday, March 15th.

West Patterson, closed as an eight-hour, is now a twelve-hour office, and Holmes opened as a three-trick office, causing Bro. Lates to wear a broad smile.

The American Red Cross car was in this section the middle of March and many attended the lectures; the officials offering every inducement for employees to do so, by stopping trains, running specials, etc. All who attended learned much that can be of great help to them and others.

This big storm surely tied things up, particularly at Hopewell and west. The L. & H. was in very bad shape and the “Federal” had to be detoured via New York for four nights.

T. A. A.

Old Canal Division—

Bro. Moody, second Simsbury, visited his parents at Northampton a few days recently.

A. Z. Rose bid in Collinsville. “8R” at “NR” tower, is the white hope of this division. He is there with a walkup in one hand and an up-to-date in the other.

Agent Rockefeller, Congamond, has gone to the B. & A.; relieved by Relief Agent Zanky. Agent and operator Congamond, Mass., 7 a. m. to 3 p. m.; Cedar Hill, agent and operator, 6:30 a. m. to 6:30 p. m., and Air Line Jct., 11:00 p. m. to 7:00 a. m., on bulletin.

The old soldier, “WA,” is still on first “NR” tower. Mr. Case is to be made a dispatcher. Good luck, “Johnnie.” Bro. Bell, of Springfield, was a recent visitor there, and we hope he will come again.

Quite a few new trains and changes on the “Canal” require more attention by the dispatchers. Let’s all “hit the ball.”

Div. Cor.

If all the brothers would furnish me with some items we could have a write-up each month.

Our new local chairman, Bro. Margraf, is right on the job, and we may expect a visit from him shortly. He is to cover the whole line in the near future, from Hopewell to Danbury included, and get in touch with each man as well as every member. He has appointed Bro. Clark “GD” tower, and Bro. Marshall, at Bangall, committee, and will probably appoint another one for the line between Hopewell and Danbury.

It is now a year since our last schedule went into effect, when everyone, nons included, received an increase in salary and better working conditions, and some received vacations. Still there are some who refuse to join and help support our organization.

Brothers, we must all help our chairman to get these fellows in. We are getting tired giving them free rides. If you brother members happen to bid in a job which is not paying a salary of other like positions, you can figure there happened to be a non on that position when your committee was in and that you will not be forgotten next time. We have no right to work for a man or woman who do not wish us to represent them, and a non certain does not, or he or she would not be on the outside.

We are glad to welcome Bro. Teasdale.

Bro. Franklin bid in third West Patterson.

Bro. Dalley’s son at “BO” tower, who has been very sick with pneumonia, we are glad to hear, is now improving.

March 1st brought a blizzard which tied us up three or four days, breaking poles, telephone, telegraph and signal wires. Bro. Hotchkiss, second “GD” tower, had his hands full first night of storm, having to act as dispatcher, yardmaster and operator, getting trains over the single track section between “GD” and “BO” towers. It was the worst storm for many years. Our assistant superintendent at “QA” and the operators along the line kept trains moving until the dispatchers were able to control the whole line again.

E. L. C., Cert. 263.

Hour of meeting has been changed to 7:30 instead of 8:00 p. m.

Bro. Nugent bid in C. & O., Portchester days.

Bro. Silverstein went to Harrison station a few days, relieving Bro. Maguire, to whom we extend our deepest sympathy in the loss of his mother.

Bro. Hoptkins has had the honor of having a station named for him. In speaking of this please be careful to make the proper distinction between Bro. Hoptkins and the station.

Cert. 123, Div. Cor.

Our annual ball, held on Feb. 20th in Hibernian hall, was a decided success, about 150 couples attending and a good time was enjoyed by all.

Boston & Albany R. R.—

Bro. M. J. Walsh, first trick “WS” yard, was elected secretary and treasurer at our last meeting. A good man for the position, who will work for the interest of the Order. So boys carry an up-to-date card and do what’s right, and he will see that you get a square deal.
Bros. M. L. Fleming and R. P. Keefe have gone with the N. Y., N. H. & H. Our best wishes go with them. Mr. Denman, agent Russell, off account of sickness, relieved by Mr. Moquin.

A. M. Crosier, agent New Salem, has resigned, and Bro. W. H. Sweat at bid in the vacancy. Glad to see him get it. Other positions bid in: Bro. W. A. Barry, third “SI,” Springfield, which brings him home; Bro. R. W. Austin, third “SD” Springfield dispatcher’s office, and R. M. Hardaker, operator Renfrew. Up for bids: Second tower 41, Springfield, 4 p. m. to 12 m., $2.85; second tower 44, Agawam Jct., 4 p. m. to 12:01 a. m., $2.25; third Russell, 10 p. m. to 7 a. m., $2.14; Bondville, 7 a. m. to 6 p. m. (an hour for dinner), $2.00; second Springfield dispatcher’s office, 4 p. m. to 12:01 a. m., applicants must be proficient on typewriter for this position.

Wm. B. Marshall has been appointed chief clerk to Supt. H. J. Curry succeeded by P. Hasley; Night Chief Wm. J. Powers, second trick dispatcher, succeeding him as first trick dispatcher.

W. H. Sweet, relief operator and towerman, is relieving F. H. Bristol on third “HK” tower 65, Chatham, while off to California.

Bro. H. D. Whitney, chief signalman, west end, is on third Washington, pending Mr. Kingsland’s arrival.

Bro. McCabe is on first “SD.” Chief Signalman Brewer, east end, also in “SD,” and tower 41, and Bro. Thomas Powers on second “SI,” Springfield.

Operators and towermen find it hard to get relieved, the west end being short of men.

Those who have news of any interest or of personal mention please send to E. F. (Doc) Whitney, Div. Cor., “HK” tower No. 65, Chatham, N. Y.

In Memoriam.

Whereas, It has pleased our heavenly Father, the Supreme Ruler of all, to call to his reward our brother, E. F. Ritchie; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of Boston & Albany Division 38 extend our sympathy to his bereaved mother and friends in this their hour of sorrow and sadness; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family and also to The Railroad Telegrapher for publication.

Boston, Mass., Div. No. 41.

Officers installed at March meeting by Past Chief Tuck: Chief telegrapher, T. J. Fogarty; first vice-chief telegrapher, D. J. MacDonald; second vice-chief telegrapher, T. F. Quilty; secretary-treasurer, F. C. McGrath.

Attendance was good and it was pleasing to note the interest taken in all measures that come before the division. The bill now in legislative committee’s hands, which will be reported within a few days, is a step in the right direction. One day off in seven should be the slogan of all of our overworked brothers who labor seven days a week year in and year out. Even if we are stood off this year by the solons on Beacon Hill, we can make a start and can keep at it another year. It is bound to come.

The members should take heed of the friendly advice and warning from General Chairman Bode at the March meeting, it won’t do to slip up on these matters.

B. & M. R. R.—Terminal Division—

Tower “A,” partially destroyed by fire in January, has been rebuilt and a new machine installed, eliminating handling of trains by hand signals.

B. & M. R. R.—Main Line—

B. & M. Ry., C. & P. Division South—

Bernardston third bid in by Mr. Roy, and Willamansett agency by Mr. Wells. Third South Vernon, Springfield and Fitchburg yard, and Belows Falls, are up for bid. Bro. Parker is at the latter point pending bulletin, vice Mr. Hopkins.

It will soon be Bro. Patterson on third Brattleboro.

The noon had a meeting on the wire the other night, telling how much their jobs paid and what they ought to pay and what the hours should be. We should all get busy and show them that they themselves are responsible for this low pay and long hours. You brothers who have a non working beside or near you show him this, and if you, can’t make him understand drop Bro. Swan a word and he will try his hand, and don’t forget, “No card, no favors.”

Send Bro. Swan any news you can and he will see it is sent in.

B. & M. R. R., Southern Division—Main Line—

Frank Rourke relieved at Montvale third for four weeks.

The dispatcher’s office in “HO” Boston has been abolished and the staff moved to Concord, N. New York, N. Y., Div. No. 44.

Our March meeting was well attended. Besides a large number of our own members, we had several visitors, including Second Vice-President Pierson, who, as usual, had something good with him—the newest thing in existence. After he had installed our new chief, Bro. Light, and the other officers for the ensuing year, we disposed of a large amount of business, including several applications for membership.

General Chairman Leonard reported as the result of the conference of the committee with the company that a new wage-scale would soon be published, the committee not being quite through with its labors yet.

Bro. Pierson read the new schedule he had secured with the Boston Elevated, in which it was expressly agreed by the company that none but members of Boston Division No. 156 should share in the increase. This makes it compulsory for all affected by the schedule to become members in order to get back pay since May 1, 1913, as the schedule dates back to that day with an average of $72.00. Every towerman has joined, making Division 156 100 per cent solid, and the general chairman was asked by the company to be at the pay office to identify members of the O. R. T.

We were glad to see Bro. Jake Thuma at the last meeting. He, with Bros. Leonard and Adams, visited Erie Division 42 meeting March 16th.

Bro. Jim O'Rourke, who recently underwent a serious operation, we are glad to note is now on the way to a full recovery.

This division lost one of its staunchest members in the death of Bro. P. H. Hayes, on Feb. 24th.

Long Island R. R.:

Bro. E. M. Jones, Valley Stream second, goes to "WJ" tower second.

Bro. Tom Gaffeny is busy painting his new bird cage.

Our veteran brother, Sam Adams, was given a pleasant surprise by several of the brothers on March 18th, his 73rd birthday.

Bro. Frank Shields has returned to Deer Park terminal agency after a long illness; relieved by Bro. Dietz.

Bro. Jim Robinson, agent Kings Park, now has for his assistant S. Darling, relieved as assistant agent Stony Brook, by the son of Bro. Young, the agent there.

Bro. G. Oliver, agent Wyandanch, resigned, relieved by Bro. A. A. Donuck, relief agent.

R. E. Baldwin, Kings Park, bid in agency Setauket.

F. Kelly, agent Central Islip, resigned; appointed postmaster there.

Bro. Adair, agent Ronkonkoma, did not take Richmond Hill freight agency after bidding it in.

Bro. Tom Bennett, whose position was recently abolished, bumped Bro. Garrahan at "OY" tower. Tom was appointed inside sentinel and Bro. Adams as marshal at our last meeting.

Pittsburg, Pa., Div. No. 52.

Notice—The by-laws committee submitted its report and recommended changes and amendments to the by-laws of this division, which report was accepted and the proposed amendments ordered submitted to The Telegrapher for publication, in accordance with our present by-laws. These amendments will be acted upon at our regular meeting June 13, 1914.

Section 4, page 7, line 1—Eliminate the words “an,” “and,” “duplicate,” “voucher,” and insert the word “warrant;” lines 2 and 3, eliminate the words “first vice chief telegrapher.” Article VII, Section 1, line 4—Substitute the word “warrants” instead of “vouchers.” Article IX, Section 2, line 1—Substitute the word “and” in place of “or;” line 2, substitute the word “himself” instead of “themselves,” and in line 3, substitute the word “he” in place of “they.” Article XIII, Section 2, line 6—Substitute the word “teller” in place of “tellers;” eliminate Sections 3 and 4.

No change is proposed by the committee’s report of any of the other articles or sections of articles not named.

H. K. Klingensmith, Secretary.

After almost ten years of continuous service in office (two as treasurer and nearly eight as secretary), the writer decided that he would not seek re-election. My main reason for arriving at this decision was that I found I did not have time enough to devote to the work of the office of secretary and handle the business in the manner that it should be handled, or even handle it the same as I did in past years. Bro. Campbell also decided that he did not desire to remain longer in office, and by unanimous vote of the division the office of treasurer was abolished.

The officers elected and installed were: Chief telegrapher, E. E. Shafer; first vice-chief, G. Nelle; second vice-chief, B. L. Mohney; secretary and treasurer, R. W. Bees.

Resolved, That the members of Campbellton Division, No. 61, Intercolonial Railway Telegraphers, extend to our sorrowing brother and family their sincere and heartfelt sympathy in their bereavement; and be it further

Levis, Que., Div. No. 64.

Intercolonial Railway—

Our regular meeting was held at Victoria Hotel, Levis, February 17th, with seventeen in attendance, and J. W. Fraser, relieving operator Riv. du Loup, and J. A. Lavoie, son of our old, faithful brother, Jos. Lavoie, of St. Pascal, were admitted to membership.

Several questions of importance were fully discussed and acted upon, and the following officers were elected for the ensuing year: Chief telegrapher, Bro. Cesaire Morin, first vice-chief telegrapher, Bro. J. E. Remillard; second vice-chief telegrapher, Bro. Geo. Roberge; secretary-treasurer, Bro. William Parson (re-elected); auditors—Bros. J. H. Proulx, Alp, Baribbeau and Arthur Marier.

Mr. D. Pottinger, who has been connected with this road for nearly fifty years as general superintendent, general manager and as a member of the managing board, recently retired. The members of this division, wishing to express their appreciation of Mr. Pottinger's sterling qualities and the spirit of fairness they have always met in their relations with him, decided they would present him and his wife with a token of their admiration and their esteem. Secretary Parsons heard from Mr. Pottinger at Victoria, B. C., under date of December 10th, en route East, and again on December 20th at Toronto, when the presents were received. Mr. Pottinger wrote:

"Although the box had been opened before we received it, we found the beautiful cane and bag had not been injured in any way. I can not thank Division No. 64, Order of Railroad Telegraphers, sufficiently for their great kindness in sending such useful and beautiful presents. My wife and I are both much pleased at your thoughtfulness in remembering her. The solid sterling-silver bag she will find useful, and it will be a continual reminder of your kindness. We both appreciate these presents very highly, as we know they were sent from the kindness of your hearts and with no afterthought, as I had retired from the railway.
and was no longer in a position of influence there. I need scarcely assure you that we will always bear your kindness in grateful remembrance. The fact that you included my wife in your kind remembrance is most pleasing to me. The presents will be a continual reminder of the pleasant intercourse between your members and myself for many years. That your division may continue to prosper and that the members and their wives and families may enjoy every happiness is the sincere wish of their friend,

"D. POTTINGER."

Enclosed in Mr. Pottinger's letter was the following, under same date:

"Dear Mr. Parsons: The kind letter addressed to Mr. Pottinger and me on October 16th reached us when we were on the Pacific coast, and the box containing the presents was received on December 26th, after we reached Toronto. It gave a great pleasure to learn from your letter the kindly feeling entertained for my husband and the good wishes expressed for us both by the members of Levin Division, No. 64, Order of Railroad Telegraphers. I was much touched by their kind remembrance of me, and I send my warmest thanks to the division for their beautiful gifts, and when using the lovely bag it will always remind me of their good wishes and thoughtful generosity. That I did not reply sooner and thank you was not because I did not fully appreciate your kind attention and valuable gift, but the delay was caused by the inconvenience of moving from one place to the other. With every possible good wish for the prosperity of the division and the happiness of the members, their wives and families,

"Believe me most cordially,

"MRS. LOUISE POTTINGER."

These letters were read by Secretary Parsons at this meeting. The meeting for the installation of officers, reception of report of auditors, etc., was held at Levin, March 17th. Several questions of importance were discussed. The division is in a healthy condition and must be kept so to insure our future success.

With best wishes to all.

CERT. 3, Div. Cor.

Boston, Mass., Div. No. 89.

It was a well-attended and enthusiastic meeting which our new chief called to order on Saturday, March 7th. The word was early passed that Vice-President Pierson would surely be present, also that Bro. Mullen would render an interesting report. This had the desired effect of bringing out the forces, and all were well repaid for their efforts.

Visitors were present from the Grand Division and from Nos. 35, 38, 41 and 156, all of whom spoke on matters which interested them the most.

Bro. Mullen, the first one called upon, reported that several hearings had been held on the bill which are supporting, and that the committee on railroad affairs had turned it over to the attorney-general to pass on its constitutionality.

The report was extremely lengthy, yet as concise as propriety would allow. The discussions that followed emphasized the spirit with which the result of the measure is anticipated.

The amendments we pray for are not so far-reaching, since the greatest number of employees mentioned in our amendments enjoy the conditions embodied in the original bill, but a compromise may be made more in keeping with the New York State law recently passed.

Vice-President Pierson, the next called, after a rousing hand of welcome, told of the successful conclusion of the Boston Elevated schedule, and congratulated the Order in general in securing this, the first contract in its history, whereby the O. R. T. is recognized and made a party to the agreement, as no one not a member of the Order will benefit by this schedule, and he hoped ere long it would apply to some of the larger roads. He minutely described the benefits derived from cooperation such as now existed on the D. & H. R. R., the improved method of polling the road, the strike being of but one day's duration, which from an economical standpoint alone, should justify co-operation, and last but not least, the harmonious relation brought about among the big brotherhoods and the road's officials. He urged the members to get busy along similar lines on the N. H. System.

In regard to the bill this division is fostering, he advised us to be mindful of the "nigger in the woodpile," as the law in this State provides for one day's rest in every seven for railroad employees, and the Order is well capable to look after the compensation end of it.

Bro. Pierson also spoke of Vice-President Mannon's progress and success in the far West, and we sent the brother a night-letter message congratulating him and wishing him still greater success.

Bro. Pierson then installed our new officers, wishing them "God speed" in their new field of endeavor.

The daylight meeting was presided over by Chief Bro. Enos, who rushed business through and then handed the gavel to General Chairman Ross, who had his entire committee present for the purpose of getting our views on subjects of interest for schedule revision. The committee came well prepared with copies of schedules now in force on all railroads in the United States and Canada.

Bro. Ross wittily introduced the members of the committee, portraying their respective characteristics, to which each responded briefly. The committee was anxious to have a closer understanding of the idea of each individual regarding schedule affairs, but the members neglected this golden opportunity to present their views or fully question the committee on matters pertaining to the revision.

Boston Terminal——

Bro. Whittier, while on vacation, took a prominent part as aide in the evacuation-day parade in South Boston, March 17th.
Bro. Gilley, general chairman Boston Terminal, while attending the committee sessions in Providence and Boston, was relieved by Bro. Hodge.

Bro. Thom spent a week's vacation in New Hampshire on his farm.

Bro. Tucker and Bro. Andrews, assistants to General Chairman Gilley, were present at the day meeting.

Bro. H. Sullivan, who lost his new hat, is now wondering who is wearing it.

O. R. T. meetings are held every day in the Boston Terminal. Twenty-seven members working in one tower is certainly a good quorum.

Boston Division, N. Y., N. H. & H.—

Bro. Kohler, first South Braintree, was relieved several days by Bro. Clark.

Bro. O'Brien, of Hingham second, was at the day meeting, interested in legislative work. He has spoken to a number of representatives.

Bro. Don Godfrey, first Savin Hill tower, was off several days attending special election in the twelfth district for congressman. Don is making good as a platform orator.

Bro. Hickey, third Savin Hill, spent several days in the histrionic Berkshires.

Bro. J. P. Riley, off three days attending committee meetings, lost his train one night and was forced to bunk on a couch.

Bro. Hackett, "SX" tower, returned, after two weeks spent in New York and Maine.

Bro. Goble, Clarendon Hills second, is back, after a two months' vacation at the home of his daughter in New Jersey.

Bro. G. C. Bartlett, of Chickering tower, we are pleased to chronicle, has returned, improved in health, after his long siege of illness.

Bro. Bicknell, Readville tower, has just purchased a tract of land for poultry purposes.

Providence and Old Colony Divisions—

Bro. S. D. Sprague bid in Foxboro agency.

E. M. Allen, Holbrook, bid in Mansfield second leverman.

Bro. C. O. Bruce, agent at Norton, has been elected selectman of his town.

Midland Division—

Bro. Ross reports this division 99 per cent solid. Mr. Kempf, of Putnam, is needed to make it 100 per cent solid.

Bro. Butler, first Norwood tower, was away a few days on account of increase in his family, relieved by Bro. Condon.

Bro. Gilbert, second Franklin tower, is nursing a badly sprained ankle.

Bro. Wm. E. Murphy is now qualified as dispatcher on the Passacon branch.

It is rumored that Bro. Whithouse has political aspirations and is looking for office of selectman at Hampton, Conn.

Chicago, Ill., Div. No. 91.

Our officers were installed at the meeting March 7th for the ensuing year, with a large number of members present. Bro. Carder, general chairman of the "Q," did the installing in a way to do himself credit as well as the division.

Bro. G. Dal Jones, our faithful old war horse, was made chief again; Bro. W. E. Carter, secretary and treasurer; Bro. T. J. Dockery, first vice-chief; Bro. W. H. DeLong, second vice-chief.

Interesting talks on topics we are most interested in were given us by Bros. Carder, Jones, Corcoran, Smart, Rose and Craig. The report of the auditing committee was accepted as read.

Former Bro. W. J. Hunter was forwarded $25 for the shawl which this division and the C. O. R. T. Club disposed of for his benefit.

The three men in Kirk yard, also the man at "CB," say they are coming in right away, which will make us solid on this end except the men at Hobart, and Bro. Ritchie and I are going to try and get them to come in also. Griffith is solid again, and we must keep right after the others until we get them in.

Bro. Ray Cavannaugh on a two weeks' visit to folks in Ohio, relieved by Extra McCleery.

Bro. Wolschlag, third Chicago Heights, off sixty days, has been elected president of the Holpuch Roofing Company there, and we lose one of our best members, whom we wish well.

Now, boys, get down to business and see if we can't get a schedule this year, for we have a nice bunch of officials to talk to.

Send me a few lines each month, and I will try to fix up a write-up for our journal.

"W" at "C," Cert. 467.

Meridian, Miss., Div. No. 94.

Mobile & Ohio R. R.—

Ye scribe was unable to attend the March meeting on account of illness, but the rest of the faithful were there and had a big time. Our local chairman is still sick, but we hope to have him with us at the next meeting.

Bro. Robinson, of Greenville, Miss., went to headquarters in the interests of the Southern in Mississippi telegraphers, and secured a substantial raise. Keep them all lined up over there, and we will do all we can to assist you.

Thank Bro. Holmes, of Artesia, and Crump, of Reform, for items this month. Have been unable to get a line from anyone south of Meridian, but am going after them strong next time. Bro. A. F. Peterman, third Artesia, off a few days visiting home folks at Brent and Kellerman, relieved by Bro. Lawhorn. Bro. J. M. Elliott, second Artesia, while doing extra dispatching at Tuscaloosa, was relieved by Mr. Kimball, who later relieved Bro. Holmes, called home on account of the serious illness of his mother.
J. R. Stoval, manager and first trick Meridian, while relieving Dispatcher Avinger, was relieved by Bro. Sikes, and he by Bro. R. F. Dawkins, Bro. Lawhorn going to "RK." Bro. S. A. Norman, fourth Meridian, was recently married. Congratulations.

S. M. Hodges, agent Aberdeen, transferred to Okolona, Miss., vice R. B. McEachin, resigned, relieved by S. P. McMillan, and he as clerk-operator Aberdeen by J. Y. Dawkins, of Booth. Both promise to join soon.

Bro. Boykin is relief agent at Booth agency pending bulletin.

Make a special effort to attend the meeting every month, as you will hear something that will do you good.

If you are in doubt as to who the non is next to you, write Bro. Hendley, Artesia, and when you get the desired information, get busy.

Montgomery Division—

Very glad to know Bro. Hubbard, at Elrod, has returned to work, after an extended absence, one of Bro. Caldwell's boys helping him out with the telegraphing on account of his arm.

Bro. C. Floyd relieved Mr. White, third Columbus, a few days, and also relieved Bro. R. S. Swetman, third Reform, while attending court at Aberdeen.

Mr. Albright went to Duncanville pending bids. Booth also on bulletin.

Mr. Fuller, of McShan, called away owing to the death of his father, relieved by Mr. Payne. Mr. Fuller promises to be with us shortly, sickness having prevented him doing so heretofore. Don't let him forget it.

Boys, we only work eight hours, and there is no excuse for not giving satisfactory service. Stay awake and on the job.

Remember the slogan, "No card, no favors," and live up to it. W. W. Wilkins.

Concord, N. H., Div. No. 106.

Extremely cold weather and deep snow kept so many away that it was impossible to open our February meeting; therefore election of officers was held over until our March meeting, which was attended by a large number. After the regular routine business the following officers were elected for the ensuing year: F. A. Martin, chief telegrapher; H. M. Clay, secretary and treasurer; T. P. Rolfe, first vice-chief; A. C. Black, second vice-chief. Although urgently requested, Bro. Turcotte, who has served as chief for the past two years, declined a re-election. All were sorry that Joe felt this way, as he has been a success in the chair, but he promises that he will continue to give us his support in every way possible.

Good judgment was shown in the selection of Bro. Martin as chief, and I sincerely hope that the members will support and encourage him by making greater efforts to attend our meetings. It is discouraging to your officers to face an almost empty hall month after month, when it is just as convenient for them to leave home and work to attend as it is for the other members. While you do much in keeping your dues paid to date, you should not feel that your obligation rests there, but make a special effort to attend your meetings each month, and not expect a few to do it all. Good accommodations are furnished by the management in a special train, which follows No. 79 closely. Some of you boys who haven't been down since joining ought to come once anyway.

Bro. Ricker, agent at Bristol, has been appointed traveling agent for this end of the division. All are pleased by his selection and confident that Bro. Ricker will make good.

Any brother in need of a nice spring overcoat should get in touch with Bro. Martin, at Converse, at once. Be sure and state size if you wish to exchange. Anyone desiring seal records of drop-end coal cars can obtain them from Bro. Smith, of Pattee.

Local Chairman Gage has been in Boston the past few days, taking up the Brewster-Kellogg case, and conditions point to a favorable adjustment. Mr. MacDonald, from Martins, is at Bristol agency pro tem.

All the brothers who have not paid that $2 assessment which was declared when the committee was in session, should do so at once and not expect the other members to carry this expense for them. Make remittance direct to H. L. Jones, general secretary-treasurer, Fremont, N. H.

Brothers, attend meetings more regularly this year. You surely can, if you only try.

"Safety First." H. M. Clay, Secretary.

Quebec Central Railway—

Bro. Poulin relieved Mr. Voyer and Bro. Perron recently.

Bro. Morin, on sick list for two months, is back on the job again.

Bro. Collet on holidays recently, relieved by Bro. Lessard.

On February 21st was held at Thetford Mines, in the Commercial Hotel, our first annual banquet. The following were present: Bros. G. D. Robertson, third vice-president; J. Lipsey, chairman; A. Lagueux, secretary and treasurer; C. A. Bilodeau, J. Doyle, J. A. Vallee, E. Leclerc, Dancoze, Berube, Beaulieu, Theberge, P. Doyle, P. Goulet, Corriveau, Lafontaine, Bois, J. P. Gagnon, N. Giguere, Deveau, Dostie, Lambert, J. E. Gosselin, J. Lemieux, J. A. Lessard, Grondin, C. Gagne; Collet, J. Roy, Rheault, Messers. E. McElreavy (express agent), A. Pouliot, A. Poulin, Blouin, Bilodeau; also Mr. V. Morisset, representing the city of Thetford Mines, and Mr. J. L. Demers, representing his father, M. L. A., unable to attend.
Bro. Lipsey acted as toastmaster. The first toast, "Our King," was responded to by all present in the good old time-honored fashion.

The next toast, "The City of Thetford Mines," was replied to by Mr. V. Morisset, in a well-chosen speech, in which he expressed his appreciation of the telegraphers selecting Thetford Mines as the scene of their banquet.

In reply to the toast "Our Country," Mr. J. L. Demers, in a humorous speech, referred to the difference in the tone of voice which agents and freight clerks assumed at a banquet compared with that used in their daily routine, when collecting freight bills and so forth. Mr. Demers also referred to the very important positions of trust and responsibility held by railway employees in general and agents in particular, which called for the best brain and talent which the country affords.

The toast "Our Employer" was drunk, but, unfortunately, was not responded to, as there was not a representative of the employers present, owing to pressure of business.

Bro. Doyle, in proposing the toast "Our Order," reviewed conditions for the past fifteen years, and referred with pleasure to the progress which had been made. He urged all to join hands and make the union strong.

Bro. Robertson replied, and first referred to his predecessor, Bro. D. Campbell, who had entered the service as an operator at the age of twenty. Bro. Campbell, he said, on being appointed chairman of this division, had found it necessary to take up the study of law in order to help him to better fulfill his duty to the Order. He continued this study until September, 1913, when he was admitted to the bar at Toronto. He has now opened an office, with headquarters in Winnipeg, where he will continue to watch the interests of the Order, which, Bro. Robertson said, stood for all that was good and right; that the Order was bringing about better service in return for better conditions and a better scale of wages. He quoted several general superintendents of the larger roads as stating that they would not be without the Order on their roads if they could, as it was so much easier to deal with committees than with individual agents, or clerks; therefore saving an endless correspondence in this respect alone. Bro. Robertson also spoke of the good feeling that now exists, and always has existed, between employers and employees on this division. He said where employees were as loyal to their employers as he found them here, good results must necessarily follow.

Bro. Lipsey, in his closing remarks, referred to the good feeling spoken of by Bro. Robertson. He said that when the banquet was first spoken of he had communicated with the management, through Assistant Superintendent Reid, asking permission to hold it. The reply had come promptly, saying the permission was granted, and as many as possible of the agents and their assistants would be relieved and furnished with transportation to attend.

Bohn's orchestra rendered music during the evening, which was much appreciated.

The banquet was brought to a close by the singing of "For He's a Jolly Good Fellow."

Immediately after the banquet the annual meeting was held, all being present. It was decided to ask the company early in the spring for a new schedule and better wages, and we all hope that the officials will give us what we ask for.

Boston & Maine R. R.—

Meetings have been called always on time, and would like to have the brothers and sisters take a little peek at it and understand that the second Saturday of each month, at 7 p.m., lodge opens in I. O. O. F. Hall, North Adams. All are welcome and will be received with pleasure and entertained to the best of the officers' ability. Come and give us a chance to see that smiling countenance, and we will all listen and note any remarks or suggestions that may be offered. What we desire is criticism if there is any failure at any point in the things being handled. A touch of praise will be very nice if you have noticed any part that has been bettered, and it seems almost anyone can do a little extra after hearing a word of praise. Don't be stingy either way.

All the members of Division 139 wish to extend their heartfelt sympathy to Bro. John Glass, of Troy, who buried his daughter in the early part of March. Very glad to see that John is back at work. He was relieved by Dan Harrigan, who is just starting his railroad career.

Train dispatchers' offices formerly located at North Adams and Boston have been consolidated and are now in full operation at Greenfield. Bros. Van Ness, Manning, Short and that long-arm Tracey are at Greenfield with 'em, and shooting the lightning over the little strands of steel wire with some vim.

Bro. Patrick and Sister Walther are working the "posish" with Operator Scully at North Adams.

Sister Smith ran out of steam and got orders to doublehead with Brakeman Barber. Rev. C. R. Lunn, of Schenectady, was the dispatcher who gave the necessary order that caused former Sister Smith to spell her name Sister Mrs. Barber. They spent their honeymoon at the home of Mr. Barber's parents at Salem, N. Y. All the members of 139 send congratulations.

Heard Bro. Franz Moak's old-time fist on the wire recently. He is sure there when it comes to putting the finishing touches onto lightning.

Hope all the brothers have their new Easter-toes.

Toronto Terminals, Sixteenth District—

About sixty attended the joint meeting of the C. F. R., C. N. R. and G. T. R. members held at the Labor Temple, Toronto, March 16th, to discuss the organization of a telegraphers' social club for members of the three roads running into
London Division, Seventeenth District—

A very successful meeting was held in London at Collins Hall, for the night operators. A large number in the vicinity of London turned out, and many interesting topics were discussed.

Recent new members are: W. A. Murray, agent Harrisburg; W. A. McMonagle, agent Woodstock; W. A. Abray, agent Beachville; T. M. Davis, agent Wyoming; W. G. Hancock, days Lyden Jct.; W. Hurly, days Dunfries; G. W. Kinder, days Strathroy; G. H. Barnes, second London relay, and W. W. Langford, Burlington, N. & N. W. This makes the west end from Hamilton almost solid—only about three non-members left—and surely amongst us we can bring them in before the next write-up. Hamilton to Niagara Falls in good shape, but the Sixteenth District from Hamilton to Toronto has altogether too many non. To the untiring efforts of the members on the Seventeenth District this good territory owes its present condition. The brothers on the Sixteenth should get busy and keep in line with the Seventeenth.

Bro. Malcolm, Woodstock, off two weeks, relieved by Bro. Davidson, who later spent a few days at his home in Preston.

Bro. Little, while relieving in “W” a few days, was relieved by Bro. Hooper, and he by Bro. Davidson.

Bro. G. A. Robinson, second trick dispatcher West, on sick list a few days, relieved by Bro. Aikman, and he by Bro. Goodwin.

The new tower at Paris Jct. is now running full blast. The trainmen are very cautious about making too many moves, for fear their engines will get turned the wrong way and start back where they came from.

Bro. C. W. Vail, Watford, has resumed duty, after a serious illness, and Bros. Kerton and Newman are now back at the old stand. All dispatchers over the road recently relieved by Bros. Goodwin and Vail.

F. A. Rutherford, our very popular chief dispatcher, has been appointed trainmaster on the Western lines between Elsdon and Battle Creek. The boys will all be very sorry to lose him, but wish him success in his new position. W. M. Doherty is acting chief, and Bro. S. D. Bishop night chief pending permanent appointment.

Div. Con.

Clandeboye and Brucefield have been made telegraph offices, and Agents Bros. E. A. Patton and Atkinson have qualified as telegraphers. Bro. F. G. Forrester relieved Bro. Patton while he was writing the rules.

Mr. Seeman is agent at Pt. Colborne, vice Banamy.

Bro. J. D. Hodgins is now at Lucan waiting instructions. Mr. Sadler, agent Strathroy, voluntarily remitted $5 to the Order. Cont. 1469.

Stratford Division—

Our fourth monthly meeting was held Friday evening, March 20th, in the Odd Fellow’s Hall, Stratford, with an attendance of 28. The comparatively slim attendance is accounted for by some of the boys getting the dates mixed. General Chairman Bro. L. M. Eddy and General Secretary and Treasurer Bro. D. L. Shaw were unable to attend. Local Chairman Bro. W. Middleton, of Breslau, called the meeting to order and named Bro. J. D. Craig, of Stratford, as chairman for the evening, and Bro. C. C. Leavitt as secretary. Bro. Craig responded with an address in which he warned the members to carefully check their offices when train orders are being repeated, as efficiency tests would probably be made in the near future, as was being done on other
divisions. He also outlined the O. R. T. club plan, which it was decided at the Toronto, March 16th, meeting to form, comprising the telegraphers of the C. P. R., C. N. R. and G. T. R., in Toronto and vicinity.

Relief Dispatcher Bro. F. Holman related several pleasing anecdotes, and Bro. A. M. Cusack, agent Blackwell, then responded to the subject, "Would it be practicable and would the members of the different brotherhoods on the Grand Trunk consider the advisability of getting together and using their franchise to further the interest of the road by which they are employed regardless of party." Bro. Cusack contended that whatever is good for the G. T. R. is good for all of us, and that any legislation which spells prosperity for the G. T. R. means more or less prosperity to the employes.

Bro. G. S. Cline then responded to the call of the chair and proved that he could hold his own with any of the C. P. R. orators who showed up so splendidly at the joint meeting in Toronto on March 16th.

Ex-Bro. S. D. Craft, soliciting freight agent, was also called upon and assured us of his moral support, and told of his experiences when in the telegraph department trying to persuade the boys out on the line to come to the meetings.

Chairman Craig thanked Mr. Craft for the splendid service he has given and is giving us lining up nons and promoting a kindly feeling among the agents towards the O. R. T., and gave him a cordial invitation to attend the meetings when possible, which was backed up by a unanimous vote.

Bro. L. K. Fox, transferred to the G. T. Pac. from Petersburg agency last fall, was not relieved until after the slack season set in, and has been idle all winter. He asks to be reinstated on the G. T. R. with full seniority rights, being willing to go on spare list till an agent's vacancy occurs. On motion it was unanimously decided that his request be granted and proper steps taken to make it effective.

Local Chairman Middleton read a letter from Bro. L. M. Eddy in regard to having members on the different sub-divisions assist their local chairman, keep him posted as to what is doing etc.

Bro. A. J. Casson, of New Hamburg, in taking two flash-light photographs of the assembly burnt his hand severely when igniting the flash sheets in the dark.

the man who earns his pay and insists on getting what he is worth, than for those who are willing to take what another man, or body of men, has worked for, and never try to make any return for it.

Bro. Beaupre fell down on the color sense test, and Bro. Reynolds bid in Aubrey agency, where a new agency will probably be built this spring.

It seems hard to get in touch with any news here.

My parting injunction is, remember, "No card, no favors."

**Western Division—**

The meeting in Pontiac, Mich., March 9th, was called to order by Local Chairman P. A. Donaldson, of Gagetown, Mich. A number of matters were discussed at length, the most important being the bulletining of vacancies on each superintendent's division, and rendering the best possible service to the company, and the boys will all do their utmost to put two dollars in the company's treasury for every dollar increase handed out in the recent negotiations.

General Chairman Eddy, in addressing us, showed clearly what was expected of each member, and how good service could be rendered.

Among the brothers present were: Agents Bro. Longnecker, Owendale; E. Cogswell, Pigeon; A. J. Vandyke, Kings Mills; Donaldson, Gagetown, and Telegraphers Fisher and Church, Pontiac, and General Chairman Bro. L. M. Eddy, of Marcellus.

The discussion started by Bro. Longnecker relative to Sunday overtime and other matters pertaining to the schedule which was participated in by almost everyone present, was greatly enjoyed.

It was decided to meet at Pontiac monthly hereafter, and Bros. Fisher and Church were appointed a committee to secure a hall, and arrange for meeting the brothers upon arrival of trains. Place of meeting, Mystic Workers Temple Hall, Pontiac, over 15 North Saginaw street. Dates, April 10th, May 8th, June 12th, July 10th, August 14th, September 11th, October 9th, November 13th and December 11th. If any of these dates are changed you will be notified by your local chairman.

Bro. Harold, Bettis, has been transferred to Wilmot as agent, succeeded by Bro. Simmons, as telegrapher at Bad Axe.

We are glad to see the boys falling in line. If the record for the past few weeks is kept up for a short time we will soon be 100 per cent.

Brothers, see that the nons get in line and attend as many of the meetings arranged for the balance of the year, as you possibly can. Two or three can not make these gatherings the success desired. It requires the help of every one in the station service. Get together, get acquainted and learn what your duties are, in order to improve your own conditions as well as making yourself the efficient employe your local officers would have you be. Come!

Second Trick Dispatcher Sparkling was on a trip to Ft. William recently.

Districts Four, Five, Six and Branches—

When our first schedule was issued nearly a year ago your committee requested each telegrapher to make a voluntary contribution of his first month's increase to help out the finances of the division. A majority of the members and some of the non-members complied with the request, but there are still quite a number who have not done so and these I ask, "Are you satisfied in letting some other member pay your share of the expenses incurred in obtaining you an increase in wages and better working conditions?"

C. J. Mitchell, Local Chairman.

The proposed Telegraphers' ball was postponed indefinitely on account of the winter train service, and our meetings were discontinued until trains three and four are put on again.

If we will all assist our local chairman in lining up the few nons left we shall soon have this division solid. Boys, if you have not got a current term card in your pocket get busy.

Brothers, send all the news you can to Bro. Oscar Hawthorne, agent Asquith, Sask., and he will see that our write-up appears in every journal. Now pull, and pull all together. Extr. 758.

Wabash R. R., Div. No. 2.

R. J. McElhinney, secretary and treasurer, Division 2, has removed to 4110a Arsenal St.

Relay Division—

Bro. Carter took in the sights in "Chi" recently. "GM" is now solid. Let us hear from some of the other relay offices. The boys in that office have taken the time and gone to the expense of getting out a circular letter, enclosing application blanks to all the nons on the entire system, asking them to take out a card and give us their financial and moral support. Those who refuse to help to do their part are hurting themselves individually, and will see it when too late. The committee will be going into St. Louis shortly, and if properly supported will bring back the best, and it is a duty of every one to have an up-to-date, so that this can be made a reality. It may not be so easy for a man to take the money next time unless he can show that he has helped pay the expenses necessary to get it. Members who work at the offices where there are nons should try to get them to come in and help the local chairman to make the division solid. This is a business proposition which brings large returns for the money invested, and when a man will not help pay his pro rata of the expense for the increase he receives every month through the efforts of the O. R. T. and paid for by the members, he should not receive any further benefits whatever; and the time is coming when such men will be left out of the schedule. This bulletin clause alone, is worth more than what it would cost to join. I notice the nons all look for the bulletins just as regularly as they do their meals and with just as much pleasure. And they are getting the benefit of it and lots more without any cost to them. The trainmen, who receive three times our salary, pay their dues promptly and vote solidly when necessary to stand by their committee. When the telegraphers learn to do likewise, they will be in a fair way to get what they are worth.

Moberly Division—

Local Chairman Hampton has been transferred to Dalton agency.

Bro. Southern visited the boys between trains while out over the north end recently.
Bro. Cullers, Tracy, is rejoicing over the fact that he has been given two operators, Mr. Harlow on first, and Mr. McClanahan, second.

Bro. Minnis is back again after a few days' sickness.

The fifteen and sixteenth district wires went down during the recent storm and all trains were from one to twelve hours late. Dispatchers Horan and Cotter worked from "MU" for two days and kept them moving.

Boys, let's have a good write-up every month, and not let the Decatur and Peru Divisions do it all. We are not able to see each other very often, as the trainmen do, and discuss the many things we would like to, compare notes, etc., so the only thing we can do is for each one drop Bro. Layton a note, at "GM" St. Louis, and exchange ideas and opinions in that way.

"B," 2147.

Decatur Division—

I again solicit the aid of the members in lining up the few remaining nons on the division, so your committee will be in better shape to meet the management soon as the receivership is terminated. The committee is only awaiting this action to return to St. Louis, and conclude negotiations. Let's up all make a special effort, to have things in such shape that the members can come back and say "With your loyal support we at least have accomplished many betterments in the working conditions of our schedule."

Bro. B. W. Dunham, agent Stonington, resumed work after three months' vacation; relieved by Bro. T. C. Burwell, who later relieved Extra Tyron, third Morrisonville.

J. M. Keys, third Staunton, resigned; relieved by Bro. A. E. Moore, formerly of second Raymond.

It is now Bro. J. E. Miles, agent Fairmount, and Bros. Hedden and Hyde, at Mt. Olive, making the latter solid.

Bro. Myers and wife called on Bro. Veece and family recently.

A. H. Singleton, Ashburn agency, has resigned; relieved on bid by Bro. C. A. Davis, putting first Forrest up for bulletin.

H. O. Folrath, of Cerro Gordo, is running for collector; H. G. Tolithon for a similar office, at Monticello, and Bro. J. R. Hefner for alderman, Monticello.

Many thanks to the brothers who assisted in this write-up. Come again, and have all the brothers send in the changes at their station and any other news they can. This is a matter easily neglected. Do it now.

R. V.

Springfield Division—

Mr. Ross, second Griggsville, off sick recently, was relieved by Extra Godfrey, and Mr. Foutche, first Bluffs, by Extra Deerwater.

Bro. Frederick, second Valley City, bid in Valley City agency, and Bro. Ryan, third Berlin, bid in second there.

Our membership from Decatur to Jacksonville is 103 per cent strong. Help me on the west end, Jacksonville to Hannibal, and get it the same. Also get after the two nons on the High line, Carthage and Bowen.

Don't forget the news items each month and that your local chairman will give you any information he can.

I have secured seven applications since January 1st. Get after your non neighbors and get them lined up.

L. A. W., Cert. 748.

Peru Division—

Business is picking up on this division, and the men are sticking pretty close to their jobs at this time. Very few of the "tourists" looking for employment recently have cards. It is an "empty" for them when they leave town and no refreshments before departure.

V. L. Gentry, who relieved C. F. Shibley, third Titon, and H. F. Robertson, second Logansport, on account of sickness, also relieved Jack Culp, third Williamsport, several days.

J. W. Kief relieved C. M. Kennington, at Lafayette, thirty days, on vacation.

R. H. James, who relieved B. C. Hicks, first Peru Jet., a few days, later relieved C. C. Chase, first at Titon, several days, account sickness.

C. G. Rectenwall, agent Spencerville, off several days account of sickness, relieved by L. O. Wade, from third there, relieved by C. M. English.

I. J. Thompson, agent Buck Creek, off several days account of sickness, relieved by F. Graham, who is now relieving A. F. Lannen, first Defiance, on thirty days' vacation.

O. C. Waterman, agent Butler, off several days account sickness, relieved by W. Muxy, of second there, relieved by H. O. Eiviston.

Edw. Heffinger, first Gould, off several days account sickness, relieved by S. P. Aubry, a new man.

A. Weber, second Buck Creek, was relieved a few days by F. Graham.

M. L. Parkman relieved W. S. Bandy, first Andrews yard, while the latter was being entertained thirty days by a friend at Huntington.

F. A. Hood, third Clymers, on the sick list since January 7th, is still in a serious condition, and his recovery is doubtful. Himself and family have the sympathy of the boys on this division.

R. Hoover is relieving E. W. Masters, third Maumee, and C. M. English is relieving B. Dickman, second Defiance; both on vacation.

F. O. Cole relieved Miss V. M. Baker, third West Lebanon, resigned. Other resignations are: H. V. Slayback, first "GS" tower; J. A. Fuilen, second Butler, and F. P. McLemore, third Attica, and V. L. Gentry. The latter, after visiting Los Angeles, will go to the Northwest. He is a first-class operator and a loyal man to the cause and we are sorry to lose him.
THE RAILROAD TELEGRAPHER.

R. H. James, another good brother, our division correspondent, has gone to the N. P., and the correspondence will be looked after by the local chairman. Any assistance given him will be appreciated. We still have a few nona and delinquents on this division, and must keep right after them and get in the best shape possible for the struggle which we will have to make when the committee meets again.

J. S. RIXOR, Local Chairman.

Mobile & Ohio R. R., Div. No. 2.

First Baldwin abolished, Bro. Taylor taking third there, vice Bro. Briggs, relieving Mr. Dean, who has sickness in family.

Bro. Hailey, off sick, relieved by E. Moore, of Dyer.

A very enthusiastic joint meeting was held at Jackson on March 11th. All of the I. C. and M. & O. boys who could attend did so. Subjects of interest to all were discussed, and a very enjoyable time was had. All who can possibly do so should attend these meetings along the line, as they concern us all, and help us to get better acquainted and pull together. Bro. H. L. Meeks was relieved on third Shannon to attend by Bro. McCarter.

Those who haven't got their 1914 cards should get in line and stay, as this is what gets results. You can't expect to do anything when only half organized. Owls, let us all stay awake and show the company that it pays to have O. R. T. men on guard.

G. E. MEISENHEIMER, "X."

Cert. 973.

Our present schedule has been in effect just one year and five months, when we gained more of an increase in salary and better working conditions than most of the larger roads did the first time their committees went up. One year from the time the committee first went in, it was called up on a grievance case, which was settled satisfactorily by the brother being reinstated, and at the same time some of the positions slighted in the first schedule received an increase in salary, better working conditions, and we got a signed agreement with the company. It has taken some of the large roads ten or fifteen years to do as well as we have done on the C. & A. Our membership has increased and we have a good foundation. Every brother get busy when he hears of a non working next to him, or anywhere on the line, and don't let him rest until you have his application. Don't wait for the other fellow, but go right after him, and we will
soon be 99 per cent strong. Keep an up-to-date card yourself, give the committee your support and your employers efficient service, which includes a tidy station and always on the job. Pull together, attend the meetings and we will attain amazing results.

The quarterly meeting held at Bloomington, March 21st, was well represented by members of the three divisions, Northern, Southern and Western, numbering between sixty and seventy, and some very interesting matters were discussed, demonstrating that we are a very live bunch on the C. & A.

The meeting was called to order at 8:30 p. m. by General Chairman Bro. Gents, followed by a long talk of interest by First Vice-President Bro. J. A. Newman, relating to our organization in the past, present and future, which was well worth hearing and very much appreciated, especially the good pointers as to what solid organization will do for us and the importance of loyalty to both our employers and organization. Bro. Newman was very busy with several committees, and it was quite an effort for him to be with us.

Bro. H. E. Edmunds, of “GO,” Chicago, also gave a very interesting talk, relating to firmness, loyalty and progress of organization, and other talks on the same line were given by Local Chairman Bro. Mullin, Western; Bros. Riley and Wright, Southern, and Bro. Gents, of the Northern Division, after which a number of minor grievances were discussed.

Bro. W. E. Cook, Bloomington, was elected to serve as chairman of our quarterly meetings, and Bro. H. L. Major, Bloomington, as secretary.

Our time was short, due to the interesting talks, and we did not have as much time to discuss various grievances as we would liked to have had, the general chairman, however, is handling these matters with the superintendent, and will no doubt get results.

It was decided to hold a meeting at Joliet in the near future, and also at Springfield or Roodhouse, to enable all members to attend meetings, due to the inconveniences getting to Bloomington when these meetings are held. All members in these vicinities try and attend, you will be given notice in time to make arrangements.

The next meeting at Bloomington will probably be some time in June, announcement later.

We were pleased with the attendance of the agents from the various stations at our Bloomington meeting, with the interests shown and the new applications secured.

We will have a 99 per cent solid organization to back the committee when we go in for a revision in schedule. Let every member continue the good work of lining up nons, especially on the Jacksonville line and P. & N. Get busy, brothers, and assist Bro. Wright to line-up the few nons scattered around over there.

Due to the sickness and death of the wife of Bro. Edgar, our division correspondent, he needs all your aid in collecting items for our division, and your assistance will be much appreciated.

Our new president, Mr. Bierd, is making reductions in all departments, in order to reduce operating expenses. He comes from a scheduled road, and will, no doubt, be fair with us, as he has that reputation. Let’s meet him at least half way by giving the most efficient service possible.

The brothers on the C. & A. extend their congratulations to Bro. C. O. Lakin, recently appointed chief dispatcher of the C. I. & M., at Taylorville, Ill., and wish him success. He had just bid in third Roodhouse, which is now on bulletin again. Reduction in Bloomington relay caused Bro. F. E. Pfeffer to bid in second Roodhouse.

It is now Bros. Clark, Normal; Bridges; Elkhart; Read, Broadwell, and Ryan, Alton freight house.

Bro. E. E. Edgar relieved Bro. D. D. Scoville, agent Dwight, on vacation; Bro. H. Deaton is relieving the ticket clerk at union station, Joliet, and Bro. Moon, “GO,” on vacation, was relieved by a new brother from the C. & N. W.

Bro. Feathers, from the B. & O., who relieved Bro. White, third Bloomington yards a few nights, later relieved Mr. Lamb, Glenn yards, Chicago, on vacation.

Brothers, on the Western Division, help Bro. Mullin to line up the few nons over there, and also the two at “DV,” Kansas City. Take advantage of Bro. McElhinney’s recent bulletin letter, and see how many we can get in by May 1st.

IN REMEMBRANCE OF BRO. E. E. EDGAR’S WIFE.

(By H. E. Baker, Cert. 1752, Odell, Ill.)

Do not grieve because your loved one
Early found the gates of gold.
Early left her little family.
For the blessings of the fold.
She has filled her earthly mission,
Sealed her book and gone to rest.
God has called her, “come up higher.”
Do not question, He knows best.

Little children, Mother’s waiting.
In that home not made with hands,
Looking, watching for her darlings.
Weep not, Jesus understands.
Years ago these words were spoken.
“Let the children come to me,”
In His earthly arms he clasped them.
Took and blessed them tenderly.

“For of such the heavenly kingdom,”
What a solace in your sorrow;
Knowing He will watch and keep
Mother’s darlings till the morrow.
Happy family then united
All life’s trials and sufferings past.
No more death or separation,
Home with Jesus; home at last.
CARD OF THANKS.
We wish to express to our friends and neighbors our sincere thanks and appreciation of the many kindnesses and the sympathy shown at the time of our great bereavement, also for the many beautiful flowers.

Hunter, sentenced to prison for fourteen years for improper handling of company funds, when his wife was in need of medical attendance. This story which appeared in THE TELEGRAPHER several months’ ago, has been taken up by every road in the Northwest, and possibly throughout the United States.
If any of you have failed to remit your dues to the general secretary and treasurer, and your insurance assessments to Bro. Quick, you should attend to it at once.
Bros. Jansen, Stanton and Shier checked up the records of the general secretary and treasurer and left a clean bill of accounts. It is quite surprising to go through these records and learn of the method and amount of business transacted in a year’s time by our little division.
Automatic signals will probably be installed on the eastern end of the M. & I. Division this spring. The management recently went over that territory quite thoroughly. Your attention is called again to your duty in securing the application of your next door neighbor. You are contributing your money while he is receiving the same benefits as you do, without coming in.
Your conditions can not be bettered if you allow these conditions to exist. Get busy with your neighbors and at least invite them to join.

**Nebraska Division—**

Bro. L. R. Foot, agent Concord, on his honeymoon, was relieved by Mr. Wassum. Congratulations.

S. R. Morrell, third Emerson, who was relieved a few days by L. G. Hallisey, enjoyed a visit from his brother, A. E. Morrell, former Bro.-Agent at Nacora, who now has a better job in Milwaukee.

"Cary" Wilson is with us again, relieving at First street.

Mr. Wassum drew Sholes, and L. G. Hallisey bid in Coburn.

Would like to have some items along about the 15th of each month. Don't get much chance to hear the news where I am, and no chance for a good write-up. In this write-up, note that there is too much "Mr." business. Some of you brothers help us change them to brothers.

**Cert. 114.**

**Wisconsin Division, Northern District—**

M. E. Carey relieved Mr. Meffert, at Wascott, a few days.

Palmer Imislund relieved at Solon Springs, expecting to get Shell Lake second again, but although the business there is about double that of any preceding year, we were unable to get the trick replaced and "PI" went to Draper.

We are sorry to record the resignation of Local Chairman Bro. W. E. Steiner, who has gone into a hardware store at Deer Park. We lose a good, reliable railroad man; a friend of organized labor and a strong power in the O. R. T. He has our best wishes, and we hope we may be able to get a capable man to take his place. He was relieved at Deer Park by Bro. J. H. Reid.

Assistant Local Chairman Bro. Hurst, from the east end, was on an organizing tour recently, lining up the nons.

Heavy business on the Kennedy Line opened night offices temporarily at Draper, Winter and Couderay, filled, respectively, by P. Imislund, Arthur Halverson and O. F. Vannot.

G. Nelson, second Rice Lake, off a week on account sickness, relieved by O. S. Brown, who later relieved Ed. Kozlick, at Koll, while he relieved his brother at Haugen.

Bro. R. Block, now with the Iron Mountain, in Missouri, visited friends at Rice Lake and Haugen recently.

We are indebted to Bro. Rudi, of Rice Lake, for a few items this month.

**Div. Coa.**

**Eastern District—**

But one man responded to my appeal for items. Bro. H. L. Nelson, third Sheppard, had his face badly burned by explosion of gas from a bucket of dust coal he was putting in the stove, causing him to lay off two weeks, relieved by Mr. Gormley.

Mr. Johnson, second Levis, off a week on account sickness of his baby, relieved by Bro. Waldum, who came back from the C. & N. W., on account of his rights after working a week at Hunting. Bro. Engenbretson still working for C. & N. W., at Wausau Junction.

Bro. Campbell, agent Neillsville, on account of his wife’s poor health, visited their folks in Iowa, relieved by S. L. Jacobson, from Millston.

Bro. Kavool, agent Humbird, is back again after being off over a month. Had two operations. We are glad to see him back feeling better.

Bro. Allen was a recent Sunday B. R. Falls caller.

Our old side-kicker, K. C. Jacobson, is now working in an elevator at Fall Creek.

Bro. A. Andrews, who contracted typhoid fever and was laid up in Glendive, Mont., hospital some time while on his trip West, visited old friends at Woodville a few days before returning to Draper.

Bro. Erickson, who relieved Bro. Pence, at Spring Valley, when called to Indians on account of his father’s death, was relieved, at Woodville, by Bro. Baskin. A six-horsepower gasoline engine has been installed at the latter place, to work the elevator, which makes it much nicer for the boys there, and Bro. Pope is wearing a happy smile now that he doesn’t have to “heave ho” on the ropes any more.

The union meeting of the five organizations held at St. Paul, March 15th, was attended by a number of our members, including Bros. Liddane, Tenney and Hurst. A series of monthly meetings were decided on. Bro. John F. Collins, of the B. L. E., was elected chairman, and Bro. Liddane, of O. R. T., was elected secretary.

Bro. Tom Hurst, while covering the Northern and Eastern Divisions, lining up the nons, was relieved on first Hudson by Bro. Kuhn, from Minneapolis.

Bro. Harpold, B. R. Falls, while attending the funeral of his brother-in-law, at Mauston, was relieved by Bro. Waldum.

If each brother would take an interest in the non next to or near him, there would be no need to send a man over the line to get in the nons, thereby taking money out of our treasury that our committee needs badly. If a man would come into your home each day and sit at your table and eat his fill and get up and go away without a “thank you,” how long would you stand for it, yet you are paying that non’s way working with you, or alongside of you, and never say a word to him about helping pay his own way. How long are you going to continue doing this? It’s time you are coming too. Wake up and tell that non what you think about it.

**Cert. 7.**

**Kansas City Southern Ry., Div. No. 5.**

**Northern Division—**

Business is picking up along this whole division, and the prosperity of the employer is bound to be beneficial to the employe.
Bro. F. L. Snodgrass, third Goodman, relieved Bro. H. P. Graham, second there, while he was in Kansas City with his wife, who underwent an operation, from which we are glad to say she is rapidly recovering. Later Bro. Snodgrass was relieved, on vacation, by C. S. McElwain, who also relieved Bro. Dixon, on Lanagan third, while Bro. Dixon was off South with the mumps, and then went to Richards nights.

Boys, when you lay off or know of any other news items, send them in. Cxtr. 128.

Southern Division—

Boys, send in a few lines monthly, so we can have a write-up in every issue of the journal.

Bro. Malone was called to his home at Benson, February 15th, on account of the illness of his best friend, his mother, who died the 17th. Our chief, Mr. Gable, and his office force sent a floral offering, and we all deeply sympathize with Bro. Malone in his bereavement. Bro. George Berg, of the Missouri Pacific, who relieved Bro. Heard, at Benson, while he took in the Mardi Gras, later relieved Bro. J. B. Finney, agent Hornbeck. Cxtr. 182.

Kansas Division—

A circular letter has been mailed to every member on the Kansas Division, giving the result of our Denver meeting, March 11th. Your local chairman would like to speak for your hearty co-operation in the next few months in order that the programme mapped out at that meeting may be carried to a successful conclusion.

In placing Bro. E. L. Stump at the head of our division, we feel that we are giving you the benefit of the services of a man who is without a peer today as a general chairman, and a man who undoubtedly has done more to secure for you the concessions you now enjoy and to establish and maintain the present relations with the management, than would have been possible for another to have secured.

With Bro. Manion in charge of the Western Territory; Bro. Stump at the head of Division Six, and the division in better shape financially and numerically than ever before; and with every indication pointing to better things in the near future, all that can be asked is that you take an active interest in our affairs and co-operate with your committee in every possible way.

Bro. Cosley, Armstrong, off spending some of his cream commission, was relieved by Bro. Stine.

Div. Cox.

Colorado Division, D. P.—

Bro. Rosenbaum relieving Bro. Link on third Brighton, latter off sick.

Erie and Hardin, closed in January account slack business, will soon be opened again.

Mr. McElroy, agent Palco, who bid in Ault, promised to line up this month.

Bro. Mitchell, off sick and Bro. Stump off attending to his duties as general chairman, caused their jobs to be bulletinled in "UD" Denver temporarily.

Bro. Brawner, in "UD," will help out with news this coming month. Am indebted to him for all the "DP" notes and a few of the "KP" notes.

K. P.—

Bro. C. A. VickRoya returned to Sharon Springs, relieving Bro. Joe Shaw, who after a few weeks' vacation, relieved Bro. Fritz, agent Wakeeny, several days.

Bro. Roberts, who relieved Mr. Dalnes, Sharon Springs Third, who went to the Wyoming Division, later relieved Bro. Houser, Grainfield, on a trip to Florida, to look after his land down there. Bro. Roberts was relieved by Bro. Katz, who was later relieved by Bro. Anderson, and returned to Pullman third.

The ballasting of the K. P. from Wild Horse to Oakley, will open up a few new jobs down there.

Bro. Bailey, agent Collyer, was relieved by Mr. Lummis from Oakley, while on an auto trip to Nebraska.

It will soon be Bro. Minnick again, at Oakley. Thanks to Bro. Roberts.

Am indebted to Bros. Roberts, VickRoy and C. C. Mabn for their assistance in the K. P. line-up this month. We need some assistance from the rest of the boys in order to have a good write-up every month.

The K. P. seems to be getting its share of business, regardless of the Marysville cut-off.

The movement of about 10,000 cars of gravel in the near future will open up several telegraph offices, and put a number of the boys back to work when the fall business should be heavy enough to keep all the offices open.

Understand the dispatchers taken off at Sharon Springs will be put back in the near future. Every effort is being made to have the dispatchers office installed at Hugo. Our live and up-to-date terminal is now quite elated over the prospects of doubling the size of the roundhouse, and the prospects of the gulf line connecting with the main line there. Supt. VickRoy, at Hugo, recently was very much surprised to learn that the building now occupied by the Range Ledger there is the old depot where he was agent in the early days.
The management deserves great credit from the "safety first" movement, and the strenuous enforcement of "Rule G."

The boys between Sharon Springs and Hugo are sorry to lose from their midst the smiling countenance of their friend "Barney."

Say, you K. P. brothers, did any of you ever think how the wife and kiddies looked on Sunday, and how you might feel if you were permitted to sit at the Sunday dinner with them? Thorough organization is the answer.

L. C. Duemweg, Agate, Colo.

Nebraska Division, First and Second Districts—

Owing to a rush of business preparing for the annual meeting the first of March and getting cases as nearly cleaned up before my successor should take charge, I lost out on a write-up last month. I want to thank all the boys for the co-operation and support I received while acting to the best of my ability as your general chairman.

Bro. Frank Hannum represented this division creditably at the annual meeting and made a hit with the old-timers on the committee, who generally expected a new man to be a little "green," but there were no sprouts growing on Frank. Bro. Cliff Winters, who relieved Bro. Hannum as agent, was relieved by Bro. L. M. Knopp, at Gothenburg.

Former Local Chairman Ging, from Egbert, bid in third Kearney. With three "Beau Brumels," Bros. Armstrong, Stevens and Ging there now, we have a combination that is going to be heard from.

Bro. Knopp recently relieved Bro. Larson, at Miller, a few days.

The entire district is very sorry to learn of the ill fortune of First Trick Dispatcher Geo. Wigington, who is in the hospital at Grand Island almost blind. The specialist says it is due to an organic affliction which is temporary only. He gained universal good-will for square treatment of the men while chief, and has the sympathy of us all at this time. Bro. Cole is doing the extra dispatcher's work; Bro. Smith relieving him in "CE," Grand Island, and Albert Baker is doing the extra work.

Many friends have been made in a town strong pro-Burlington, when the Union Pacific constructed a nice new depot at St. Paul, which was opened this month. Having worked there myself, I know the boys appreciate it too, but it will be worth the money to the Union Pacific regardless of convenience, etc., to their employees.

Bro. Buehler recently relieved Fred Schumaker at Silver Creek, and Bro. Birmingham at Columbus, a few days each. Bro. A. G. Snyder took a week off also, relieved by "JK" Johnson. There probably were some other changes on the first I didn't get. I am back in the office now, boys, and can not keep such close tab on the changes, so if you want a full list, better come through with what you know.

Bro. Stepnoski, of the Second, and Bro. Runyan, of South Omaha, are both off sick, but improving.

Bro. O. E. Johnson, relieving the cashier at Fremont, was relieved by Mr. Mills. Bro. C. A. Laughlin, third at Kearney extra, off, with the mumps, relieved by Bro. Knopp. Doing fine, I believe.

Wyoming Division—

Bro. Wiles, second Walcott to first Table Rock, vice Mr. Riddle, assigned second Black Buttes. Mrs. Adams and Mrs. Wiles on second and third Table Rock.

Extras Cox and Wilson laid off, no vacancies.

If there is a non in your vicinity, keep after him until he lines up, or if you can not do anything with him, pass his name along to some other member of the "Get 'Em" club. "No card, no favors."

Bro. J. H. Burnsmeier, agent Rock River, assigned Wamsutter agency. Mrs. B. is visiting relatives in Los Angeles.

In appreciation of the good service rendered by J. H. Peckenpaugh, late chief dispatcher for the "Q," at Sterling, Colo., the officials of that road have presented his wife with a check for six months' salary, and a letter of appreciation for good services rendered. Mr. Peckenpaugh was formerly a member of Division Six and worked in "KI" office. Last month's journal contains notice of his death.

Bro. Dwight Shotliff bid in Buford agency, vice Bro. Horton, who bid in second Dale Creek, and Bro. Lewis, extra Buford, was assigned third Bitter Creek.

V. J. Lovlace, at "KI," Laramie, who worked through the winter pending bulletin, has returned to his homestead in Nebraska. While regularly in the service he was always up-to-date. Putting a farm in working order is pretty expensive.

A relay brother reports several "boomers" along recently, who all lost their coats, and, strange to say, each inside coat pocket contained an up-to-date card. "No card, no favors," might induce them to carry their cards in their trouser's pocket.

Eighth and Ninth Districts, Wyoming Division—

Bros. Drummond and Borsenberger, of Granger, were Evanston visitors this month. Bro. Anderson, of Carter, also.

Bro. Weber, at Knight, went to Colorado a few days to look after his farm. We think there is some attraction at Denver.

Three exclusive agents on Ninth District all got from $2.50 to $5.00 raises; one after numerous promises says he can’t afford to join. Several operators on same district who received an increase are still out. This is the most desirable district on the division, all preference positions. Two were dropped for non-payment of dues. Ogden, the best town on the division, has received $10.00 increase in last four years, and we have three members there. We must get busy with these nons.

L. C. Duerstein, who claims the Order is no good is now at Pine Bluffs, Wyo. Judge.

We are about 90 per cent strong and are pushing for a clean 100.

Bro. Culverson, first Hiawatha, resigned, relieved by Bro. Eberstein and gone in the moving picture business there.

First Trick Dispatcher G. L. Byers is on a ninety-day vacation on his ranch in Utah; relieved by Chas. P. Cahill.

Bro. Jack Harrison is now on first “GO” St. Joseph.

Bro. G. B. Shortridge, third Fairbury, on his vacation east, made a stop in Jamesport and Gilman, Mo., to see friends. He has his quill turned toward the poet’s field.

Bro. R. V. Tye, second Fairbury, is relieving the cashier there.

Bro. Harrison and Bray, St. Joseph, took the dispatchers’ examination, while the board of examiners were on our line.

Bro. Henderson, who has been with the Grand Island twenty-five years and an old member, is now agent at Hollenburb.

Bro. Arnell, first Fairbury, is studying the wireless. There is a wireless station there now.

Bro. Mansion, third Hanover, spent two weeks with home folks recently.

Boys, safety first; send in your dues; a card is the only thing; let’s get to the 100 per cent mark.

Get your news in early as I have to send it to the editor not later than the 28th of the month. I have broken the ice; let’s have a strong line-up next month.

Supt. Cowan has gone to the I. C. R., succeeded by V. A. Harshaw from Woodstock. R. J. Anderson has been appointed as trainmaster at McAdam Jct. We all congratulate “Dick,” although we will miss his hearty laugh, when he used to drop in to sign 31’s.

Our next door neighbor, the I. C. R., has installed the phone system.

Gaspareaux, MacKamp, Hardy Pond and Franklin closed. Bro. McGuigan, third “YD,” to Boundary; Bro. Ross, first “YD,” was on the sick list a few days.

Bro. Vaughan took a trip to St. John recently. He had a roll that would trip an elephant when he started.

Bro. Bill Journay was on a fishing trip to Gaspareaux recently. There is nothing else there except fish.

Bro. Mosher, of District No. 2, is ill with typhoid fever. We all hope for a quick recovery. Bro. Duplisea, agent Hoyt, made a trip to St. John recently.

Bro. Law and Harris are working first and second dispatcher’s “OS” east, respectively.

Bro. Mesereau was at McAdam recently on account of death in the family. Bro. Small was also off several days on account of the death of his uncle. We all extend our deepest sympathy.

Bro. H. J. Rand, who went west last spring, is visiting his brother, Bro. E. H. Rand, Fairville days.

The staff machine at McAdam causes such curiosity as a circus in a small country town. The natives all flock around and turn the handle to hear the bell ring, finally discover that there is a telephone attachment on it, and ask anything from how many cars there are in the yard to who put “the bug” in “Burpee,” turning a really useful thing into a nuisance. If our brothers on the “MC” will take to working the machine themselves, keeping the yardmen, conductors, car knockers, etc., away from it, we may be able to live a few more years in peace and contentment. Boys, keep the trainmen away from your fones, as well as the staff machine. We don’t try to supervise their work, and should not allow them to interfere with ours. If we let this abuse grow unrestricted, some day we are going to be sorry for it and pay the penalty.

Get in the few remaining nons, help to make our division solid, and let me have your notes.

CERTIFICAT 2510.

Ontario Division—District Three—

Capt. Dan McCaughrin (36 Peel Reg.), Canadian Infantry, was appointed legislative representative for all the Canadian railway telegraphers at the legislative committee which met in Ottawa January last. He is now there looking after our interests. Dan has been local chairman for this district eight years, and is in his second term as assistant local chairman for Ontario Division. He is a most successful committeeman, very much admired by the railway officials and is possessed of enough Irish wit to carry him through any difficulty. We predict for him a brilliant career at the capital, and know if anything good can be gotten, Dan will get it.

London and Windsor Subdivisions—

We had a dandy meeting, but would like to see some of the older men out, and not leave it all upon the young fellows.

West End, District Five—

Our joint meeting was held in Smiths Falls on February 21st, Local Chairman J. E. Angus in the chair. Brothers present: Dixon, from Petawawa; Foley, Pembroke; Healey, Renfrew; Usher, Sand Point; E. Hogan, Armbr Prob; T. P. Eagan, Pakenham; G. Etherington, F. Hogan, Smith, Pierce and Heintz, Almonte; Collier, Carleton place; T. W. Boyes, Stittsville; J. B. Garton, E. C. McKay, M. Denver and Bolton, Smiths Falls; H. Haddon, Westmount, and Bro. J. C. Rooney.
Ottawa. Business of great importance was taken up. All were requested to be at the next meeting in Smiths Falls, March 28th, and help to wipe off the old balance sheets. Now that we have "started the ball a-rolling," let's keep it going.

The accident near St. Polycarpe Jct. delayed No. 29; therefore we had only two of the boys with us from the east end. Cobden and Franktown were the only stations on the west end not represented. We were glad to welcome those Almonte boys, as we have been in great need of their assistance.

Our regular meeting, which should have been held in Arnprior last month, was canceled on account of the hockey match in Ottawa.

Bro. Dixon spent his holidays at home before the rush came.

Bro. Shanks, Carleton place nights, was relieved a month by Bro. L. B. Smith.

Bro. Foley and Behnkie on sick leave, relieved by Bro. McCallum and Smith.

Brockville days abolished, the Grand Trunk taking over the operating department.

Bro. J. B. Garton has taken a trick in Farnham. We regret losing him, and hope the vacancy will be filled by just such another.

Our regular meeting was postponed in Smiths Falls until March 28th, on account of General Chairman Bro. Robinson being unable to be with us.

Bro. A. H. Buchanan, from the east end, is starting in a business of his own on account of poor health. We all wish him success. He may look for a visit from the bunch whenever we hold our meetings in Smiths Falls.

We are all glad to see Bro. J. H. Dickson back in "Q;" also glad to hear Bro. Shanks back at Carleton place.

We congratulate Bro. Douglas, Petawawa nights, on his last visit to the "beach." Trust he will always live up to the "safety first" spirit.

It was suggested that the east end man send his notes to me, so as to make a good write-up, but I have not yet received any. "Thanks to Bro. Douglas, Petawawa, for the notes he sent me. Please send the doings from each station, to enable me to give a good write-up from District 5.

CERT. 1670.

Resolved, That we tender to his loved ones our heartfelt sympathy in their hour of distress; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family, a copy spread upon the minutes of this division, and a copy sent to The Railroad Telegrapher for publication.

District No. Two, White River to Chapleau—

Business very slack and lots of trouble about overtime and hours. The latter was regulated by the chief dispatcher from 9 to 9. This caused a general protest, and after four or five days they were changed back, 7 to 7.

Local Chairman Hogg attended the Bonspiel in Sudbury, and came back with a silver cup.

Bro. Beatty is baching at Goldie days. Bro. Walsh is at "DO" nights.

Bro. Freeborn, back from an extended trip East, bid in "HA" second.

There are only two or three delinquents on this district, and they are promising.

The prize contest for new members is of no use to us down here on the C. P. R., as there are not enough nons altogether to take very seriously, but the few we have are like a rotten apple in a barrel—an eyesore as well as objectionable, and we are trying to get our district clean of them and keep it 100 per cent strong. We are not going to allow our whole district to be killed on account of one or two rotten spots in it. "An ounce of prevention is worth a pound of cure." The man who has the chance to belong to the union of his class and neglects to take advantage of the privilege has something wrong with either his heart or his head. This applies to the "good scout" who is too "lazy" to get a card, as well as his more contemptible brother. There is something indescribably contemptible in one who gets funny and does things, or, worse still, assumes a long face, to keep hanging on.

It was the O. R. T. that kept our working conditions as they are. If it were not for the Order this winter, some $90 and $100 a month jobs would now be paying $45 or $50. We can see this in the comparative reductions that have been made in the other departments. The increased pay check every month is a good return for the little $12 or $15 a year you put into the Order. And, moreover, you have the protection, as well as the respect, of the fellows among whom you are working, both trainmen and operators.
Brothers, don't knock a brother member. Say what you like about the non— the more the better—but don't violate your obligation or let personal quarrels interfere with your duty to your brother as a member. Let the spirit that is with us when we are in our meeting room together, fighting a common enemy for a common cause, be the spirit that governs us always.

The obligation of our Order is the highest, and the one true expression of Christianity, "Love and help one another."

Brothers, when a new man comes on, don't forget to tell him that the motto of the L. S. D. is: "Anything but a non," and the cry now is: "100 per cent strong."

Lake Superior Division, District Three—NOTICE.

To all members Superior Lodge of Schreiber, District 3, C. P. R. System, Division 7: It is of the greatest importance that all matters and business pertaining to the O. R. T. be kept strictly private. I wish to ask all brothers not to discuss anything in connection with our lodge in the presence of anyone who is not a member or on the telephone and telegraph wires. This is for the welfare of our lodge, and I would like all brothers to be very careful that anything said or done in the lodge rooms are kept secret.

M. L. DaLongo, Sec’y and Treas.
Schreiber, Ont., March 5, 1914.

Lake Superior Division, District Three, Superior Lodge of Schreiber Notes—

On Thursday evening, February 19th, a joint meeting of the O. R. T. and B. of L. F. & E. was held in the lodge room at Schreiber. This meeting was the occasion of Bro. Campbell, our Canadian Consul, visiting the lodges, and was largely attended by members of both organizations.

Bro. Campbell addressed the meeting on the duties of the Canadian Consul, which was very interesting as well as instructive.

Although we are very sorry to lose Bro. Campbell as our vice-president, still we feel that the work he has taken up will prove of great benefit to both the O. R. T. and B. of L. F. & E., and he takes with him the best wishes of the members of this lodge for success in his new field.

Bro. Robertson, our general chairman, has taken over Bro. Campbell's duties as vice-president, and Bro. Rooney has been appointed chairman of Eastern lines in Bro. Robertson's place. Both Bros. Robertson and Rooney have the hearty support of this lodge in their new positions.

A special meeting was called Sunday evening, March 1st, on account of Bro. Rooney, our new general chairman, visiting the lodge. A large number of the boys were in and made this one of the best meetings we have held since last fall. Considerable business was attended to, after which Bro. Rooney addressed the lodge. All brothers who were not present missed a treat, especially those interested in the double track question, which was explained to us by Bro. Rooney. After lodge all were invited to the King George restaurant, where an excellent meal was prepared, and, although we had to hurry in order for the west end boys to catch their train, still we had a very pleasant evening.

It is with pleasure that we welcome Sisters Morrow and Hayne into our lodge. We are now about 99 per cent strong. Boys, keep after all the new men. Explain to them what the Order means to all operators, and I am sure they will come in without any hesitation. Remember the old slogan, "No card, no favors," and live up to it. Do not help a non. If they think they can reap the benefits of our Order and refuse to join, show them that they are mistaken.

Owing to so little business on the district this winter, there has been considerable reduction of operators, and there may be another one, due to the fact that no construction work is expected this coming summer. We hope something will turn up, as we have a good bunch of "ops," and would like to see them stay with us.

Bro. Toole is now at Tarpon, Blacks having been closed. Bro. Bagg relieved Sister Hayne at Navillus, and Bro. Walsh relieved Sister Hannan at Middleton a few days.

Bro. Dooley, of Horn, is the Port Arthur hospital, relieved by Bro. Walsh. We hope he will soon be able for duty again.

Sister Syberg has returned to Pearl from her holidays, spent at her home in Nova Scotia, relieved by Bro. O'Donnell, now relieving Bro. Bennett at Blue Jay, relieving Bro. Guene, of Coldwell, gone South to purchase a farm.

On March 11th a circular regarding the handling of switches at the ends of the double track was issued, and a copy mailed to all agents. Any who have not received it, ask the secretary and treasurer for one.

CARD OF THANKS.

We wish to sincerely thank the Order of Railroad Telegraphers for the floral tribute and kind sympathy shown us during our recent bereavement.

Mr. and Mrs. H. West.

Port Arthur and Winnipeg Line—

Bro. Sinclair, Port Arthur, is back from his trip East. Third man taken off there, and he relieved Pawcett, who went to Raith nights, vice Bro. Godbout, who bid in Rennie agency.

Let us all send in a few lines for the journal each month. Csnr. 1719.

Saskatchewan Division, District One—

Dispatching staff Regina has been reduced, Bro. J. R. Leydon returning to Saskatoon as relief dispatcher, Third District. Dispatching staff at latter point also reduced, and Bros. C. Zinger and J. J. McGrath bid in the two dispatchers’ positions at Assinaboa, to handle construction trains west, the latter from Third District, and former returned from six weeks’ holidays through eastern Canada.

Bro. A. R. Garson bid in Lajord agency, and enjoyed a few days holidays before taking charge.

Bro. Lonergan has resumed at McLean nights, relieved several weeks, on holidays through eastern Canada, by Bro. Green.

I did not receive any news from the main line this month. Boys, send in your items, and if there are any nuns get them in line. Csnr. 1604.

Saskatchewan Division, District Three—

Last regular meeting was held at Queen’s Hotel, Saskatoon, on Sunday, March 8th, attended by about eighteen members mostly from District 4, on account of better train service. Bro. Robinson, from Lanigan, and Bro. Hall, from Southey, were there, and would have been glad to see more from the east end.

Chair was taken promptly at 2 p.m. by Assistant General Chairman Mike McGough, who gave an account of business done at the recent meetings held in Ottawa in January.

The meeting was getting nicely down to business by 16:30 when we had to close up on account of members from the west having to take the train home. A number of the boys brought their wives with them. They should line up in the Ladies’ Auxiliary so they could attend some of their own meetings.

In the evening, a meeting held in the Labor Temple for the benefit of the clerks in the agents’ offices, was largely attended. Bro. McGough was again in the chair, assisted by Bro. Cordinley.

Much business was transacted at this meeting, and the material in this department will be a great source of strength to the organization. The clerks held a meeting again on Monday evening, when the pros and cons of the craft were thoroughly discussed, and, on invitation, Bro. McGough addressed them at some length, after which a vote of thanks was tendered him.

Bro. J. A. Brown, of Abernethy, returned last week from Vancouver; relieved by Bro. Boyle.

Bro. Sarka, of Springside, away for a few days, was relieved by Bro. McAuley.

Mrs. G. A. Cameron, Drake, Sask., has been ill.

Bro. G. A. Nich, night operator Wyndard, called west on account sickness in family, was relieved by Bro. King.

Bro. M. H. McGough was in Moose Jaw recently adjusting grievances.

The new general chairman, Jim Mein, of Winnipeg, has gone west to the coast and will return this way.

Bro. D. Campbell, Canadian general counsel, was obliged to disappoint us again on account of a rush of business on Eastern lines.

If Grand Secretary Quick don’t soon come over to see his Canuck cousins, we will all have whiskers, and he will be calling us “grandpa.” Life is short and we might get fired any day, so please, “Q.,” take this as a tip.

Mr. Chapman made a trip over the Neudorf subdivision lately, extending the glad hand to his many friends. We suggest this be made a monthly affair. He is the best chief in Canada (including U. S. A.).

Bro. Paul Dow has returned to Montreal to his old love the brokerage department. Haven’t heard whether his trip West made him a bull or a bear. We think he is a bear (all the girls do).

Bro. McGrath, dispatcher, is now at Assinaboa, for construction department.

A committee has been formed to arrange for regular monthly meetings of this division in the Labor Temple when a better attendance will be looked for.

Bro. Pat Foster promised some poetry for this issue, but after he had recited it, wiser counsel prevailed about printing it.

Bros. Cory and Johnson, affected by the reduction in staff this winter, are in the East, but we hope for their return with the robins.

Bro. Jack Merkley bid in third trick dispatcher at Regina, and we miss his cheery voice at transfer time. “W.SUB.” “D.SUB.”

A few notes from the boys will be appreciated for the magazine, come through. Csnr. 719.
Alberta Division, Second District—

Any member, as well as our own brothers and sisters, are interested in reading the notes of different roads they previously worked on, and through the columns of the O. R. T. journal hear of friends of bygone days, and it keeps us in closer touch and gets us better acquainted with each other to have a monthly write-up. Send your notes to the division correspondent, boys, each month.

Our last meeting, held at Medicine Hat, was largely attended, two coming all the way from Lethbridge. Among those present were Dispatchers W. H. McKeown, A. B. Burpy, W. J. Patterson, E. A. Wheeler, J. L. Abell and A. E. McAmmond.

Our able local chairman, Bro. F. L. Brown, presided, and several grievances were discussed and satisfactorily disposed of.

We were sorry Bro. N. K. Black, former dispatcher, now at "NS," was unable to be present, and hope he can be with us at our next meeting.

One set of dispatchers is now handling the two divisions at the Hat. Bro. N. K. Black, west end, is now second trick dispatcher at "NS," and Bro. W. J. Patterson first. Have not yet learned particulars of other changes.

Bro. Hamblin is back at Piapot from the homestead.

Spring Coulee closed.

Bro. Munire bid in Redcliffe, relieved by Bro. Boston, at Montana Jct., who went on third, vice Bro. Wright, on days.

Bro. Boston has our sympathy over the accident which befall him at Montana recently.

The new Lethbridge-Weyburn line will soon open. That should place all of our surplus operators.

The March meeting took place in the Alexandria Hotel, Calgary, on March 17th, with Bro. G. T. Jackson in the chair. Others present were: Bros. Donlevy, Walkley, Bye, Getz, Erickson, Longpre, Otto, Sutherland, J. C. Miller, Higgin, Kerr, A. G. Fox, Bryden, Lucas, Williams, McKenzie, Trudell, Gainer and Woytenowski. Bro. J. M. Mein, our new general chairman for the western lines was also present, and after several minor grievances and communications had been dealt with, he gave a very instructive talk regarding the work of the Order, emphasizing that our success depended on our being well-organized, and complimenting this district on its good standing.

A very satisfactory statement was read, showing that Division 7 is in a highly prosperous financial condition, with a large balance to its credit at the bank.

The attention of members was called to the fact that Bro. D. Campbell is now located in Winnipeg, and is our general counsel; his services are at our disposal should we ever require legal advice on any subject, either personal or otherwise.

Several interesting discussions took place and many good points were brought out. One in particular, dealing with our daily intercourse with the public, should prove of great benefit, for if we always bear in mind that one friend is better than ten enemies and that one enemy has it in his power to do a lot of harm, we will the better retain the good will of the public towards the company as well as ourselves.

This very successful meeting terminated about 11:30 p.m., though many of the boys remained to discuss matters until the wee sma' hours.

Bro. Colin Johnson is now at Olds nights, vice Bro. A. R. Fox, resigned.

Bro. H. B. Williams, relieving Bro. E. J. Routledge for three months, bid in Yoho nights, where he has only the day man and the mountain lions for company.

General sympathy is felt for Bro. R. H. Fox, agent Nevis, called east by the death of his mother.

Bro. W. L. Taylor, Leduc, had his station burned down, and is now trying to sing "Home, Sweet Home," in a box car.

British Columbia Division, District No. One—

Bro. Maloney is relieving Bro. Gram, Field yard second, on leave.

Bro. Morrison, agent Spillimacheen, called to Vancouver recently on account of the illness of his mother, was relieved by Bro. Kennedy.

Bro. Halstenberg and Kenney, Rogers Pass, changed off for several weeks.

Bro. V. English, upstairs in "N" Revelstoke, was married recently. "Vern" is quite popular among the boys with whom he works and all wish him happiness. Bro. Hout, dispatcher's office Revelstoke, laying off, was relieved by Bro. English, and he later by Bro. Alexander. Bro. J. A. Young, dispatcher Revelstoke, on holidays, is visiting at his home in the East. Bro. Boyle, extra dispatcher Revelstoke, is temporarily relieving Bro. Hanna, "BY" second.

Bro. Yeager is at Albert Canyon nights, and Bro. Becker at Sicamous nights.

Bro. Jones, Neigut, and Logan, were laid off on account of reduction in force, during the slack season.

British Columbia Division, District No. Two—

There has not been a write-up from this division for a long time. Bro. T. A. O'Regan, our official correspondent, has been doing three men's work and keeping up with his literary work, and has not had a moment to spare. I shall endeavor to send in a write-up each month until he finds time to do so.

Bro. Jack Davis, formerly a member of this division, now at Pine Bluffs, Wyo., U. P. R. R., writes me that this district is a "dead one," because he has not seen anything about us in the journal for over a year, but we are one of the best organized and most energetic districts on this
system division. Bro. F. Davisson, from District 3, goes to Agassiz nights, vice Bro. F. W. Nagel, resigned. Bro. R. L. Pallen is in Portland on account of the illness of his wife. We hope for her speedy recovery and that Bobbie will soon be at Agassiz again.

Bro. Bray, Port Moody, was relieved a week by Bro. A. C. Whitley.

Bro. D. H. Robinson and wife are spending their holidays in the East with relatives, relieved by Bro. H. B. Young.

Bro. J. F. Boulter, formerly at Huntington, now at Los Angeles, is sales agent for the "Boulter transmitter."

Bro. T. H. Walsh and W. P. Wasson are with the G. T. P. at Prince Rupert. Here's wishing them success.

Bro. G. T. Wynnes and Bro. R. A. Clark are now with the government telegraph at Ft. George, or north of that point.

Bro. Fraser, car service office, has gone North on leave, owing to reduction of night operator at "CS."

Bro. G. L. Kemerling, North Bend, has gone to Prince Rupert with the G. T. P. as trick dispatcher. We all wish him success.

Bro. Bourke, our newlywed at Wallachin, is again a bachelor, his wife having left for Washington for a few weeks. Here's hoping his better half will return soon.

Bro. Kandell, from Ashcroft, was last heard of at Galveston. The local chairman has his clearance papers awaiting his address. He has been moving about too fast for the mails to catch up with him.

Bro. G. A. Davidson and H. C. Webster, dispatchers, transferred to Revelstoke on account of dispatching force at North Bend being cut to three men, owing to light business. Business is picking up fast, and it will soon be impossible for one set to handle the trains properly.

It is not likely that any more construction work will be done on this district this year. There are now eight or ten men with from six months' to two years' seniority fighting the spare board, and prospects for operators coming here during the summer months and getting work are pretty slim. Since the completion of double track to Ruby Creek, fewer operators are required. Those contemplating coming to the Northwest this spring, kindly be governed accordingly.

We have only three nons on this district now, one an agent, who "hates forms." An operator who has been with us for years, and one lineman. We hope, however, by the next write-up to report 100 per cent solid. Let every brother remember that eternal vigilance must be our watchword, and each one assist in keeping our ranks unbroken.

Don't forget, boys, that the regular monthly meetings are held at North Bend on the arrival of No. 14, on the third Saturday of each month. There should be a member from every station at each meeting, in order to keep in close touch with the work of our organization. Cert. 1688.

IN MEMORIAM.

Whereas, On the ninth day of February, 1914, it pleased Almighty God, in His infinite wisdom, to call to his heavenly home our dearly beloved brother, Frank E. Shea; and

Whereas, We realize that District Number 2, System Division Number 7, has lost a true and faithful member and his family have lost a devoted husband and loving father, and been brought to face a sorrow, the like of which only comes to those who have lost, the bitterness of which can only be healed by Him who has suffered for us; and

Whereas, Each member of District Number 2, System Division Number 7, feel a personal loss in the death of deceased brother; therefore, be it

Resolved, That in the death of Bro. Shea, the Order of Railroad Telegraphers has lost a true and loyal member, the family a devoted and loving husband and father; be it further

Resolved, That we tender our heartfelt sympathy to the bereaved family and friends in this their hour of sadness and sorrow; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family and a copy to The Railroad Telegrapher for publication.

CARD OF THANKS.

Mission City, B. C., March 23, 1914.

I wish, through The Telegrapher, to express my sincere thanks to the officers and members of the O. R. T., District No. 2, B. C. Division, for the beautiful flowers sent and the kind sympathy shown me in the recent death of my late husband, F. E. Shea.

Alice J. Shea.

Mohawk Division—

After succeeding in getting a ruling on the "two days' rest" law in the police court, before Judge Brady, and a fine of $2,000 against the New York Central for its violation, the road having been given thirty days to comply with it, the company has carried the case to the court of appeals. This law has not yet been enforced, and we are patiently awaiting the decision of the higher court. New York State may have the honor of being the first to have a law of this kind passed, but you boys in the other States should not be in a rush to come to "little old" New York expecting a bed of roses.

W. E. D.

Mohawk Division Notes—

Bro. Henry Hitter, freight agent at Minoa, N. Y., over forty years, after an operation, died in Syracuse hospital, January 7th, aged 64 years. He had been in the employ of the N. Y. C. for fifty-two years, and was the oldest agent on this division.

C. H. Williams, Cert. 206.
Western Division—

The Mohawk and Western Divisions held a joint morning and evening meeting at Clinton Hall, Syracuse, March 19th. General Chairman Morey and Local Chairman Mansell attended both meetings and matters of importance were taken up and discussed. One matter in particular, still in an “embryo state,” will with the tact and skill of General Chairman Morey, become an important factor for our future welfare.

It was decided to have a regular meeting every month—morning and evening alternately—subject to call.

Depew is up for bid, $79 per month.

Remember, the home of the Order in Syracuse is Clinton Hall, Clinton block, corner Clinton and Genesee streets.

Send in your news items and address all correspondence to G. A. Hoyt, 1303 Bellevue avenue, Syracuse, N. Y. G. A. H.

Hudson Division—

The regular meeting held on March 17th was a good, large one; as we are doing business every meeting night, and you all hold stock in the Order, you should attend and see that your interests are being looked after to the best possible advantage.

Recent assignments: Bro. A. L. Stickel to S. S. 65 on third; Bro. E. V. Quinn, regular relief on the south end; Bro. Gardner to first S. S. 77; Bro. A. H. Hallenbeck to third S. S. 81; Bro. Southerland, ticket agent Hudson; Bro. Berger to regular relief agent; second S. S. 54, 51 and 81 are vacant.

We are glad to welcome Bros. Dedrick and Cleveland, back from the Erie.

Extra men from the D. L. & W. take advantage of all the good things in our schedule, and when asked to take out a card make all kinds of excuses.

We hope for better train service when the summer schedule comes out. The one in effect March 22d works a hardship on the extra and second trick men living at a distance from their work.

While the two days’ rest law is in the higher courts for settlement, an inspector from the Labor Department is looking up the many violations, and we hope we will soon be enjoying the days off.

Get that non working with you, brother. There is no more reason why he should hold that job than that you should board him free at your home. You paid for the increase and schedule, and he should help maintain it; keep after him until he comes in.

Bro. E. Cook, second S. S. 98, while off recently tangling with the ladies at St. Patrick’s Day dance at Stuyvesant Falls, was relieved by Mr. Connors.

Bro. Osterhoudt, second 71, was off a few days recently on account of death of his mother, relieved by Bro. Cleveland. He has our sympathy in his sad bereavement.

Bro. Lochart, first S. S. 50, off a few days sick, was relieved by Bro. “Polly” Smith.

Bro. Hudson is on second S. S. 81 pending bids.

Bro. Dedrick, second S. S. 74, vice Bro. Nolan, resigned, is now on second S. S. 54 pending bids.

Bro. Witty has resumed third S. S. 63.

Bro. Carrotte is at Barrytown agency, vice Mr. O’Connell.

Bro. Sloane, on a week’s vacation South, relieved by Bro. Burger.

We are gratified to see Bros. J. J. Kiley’s and H. H. Ostrander’s names on the roll of honor in the N. Y. C. “Safety” pamphlet for February.

The boys on the north end should make a special effort to get to the meetings now, as train 75 leaves later and they can be there long enough to find out what is going on.

A. A. S., Div. Cor.

Bro. F. Wall is at "WV" freight office pending bulletin, vice Bro. Maxfield, relieving Bro. W. A. Melius, on sick list.

Bro. C. Andrews is third "CK" 9 p. m. till 2 a. m.

BUNK.

Electric Division—

"Those who attended the regular night meeting for March were given a rare treat. Attorney R. B. Stringham, son of Bro. Stringham, gave us a thoroughly enjoyable and instructive talk on the two days a month rest law. He treated the matter exhaustively from a legal and constitutional standpoint, citing the objection to it that would prob-

ably be raised in the higher courts, as well as bringing out the points that might be adduced in its favor. At the conclusion of his remarks he was tendered a vote of thanks, in which well-merited compliment his father was also included, the opinion being unanimous that the young man was a worthy son of a worthy sire."

The above was turned in by a nimble-fingered correspondent, who is never at a loss for a pleasing word to turn a phrase. Am sending it in verbatim, and thank you, John. I know the young man tried to present a fair view of the law, with no false hopes. Passed and signed nearly a year ago we seem to be as far away as ever from the luxury of a regular day off, and the lay minds of the brothers, floundering in the exasperation of legal uncertainties all that time, are growing restless. Again I say unto you, put not your trust in politicians, or the sons of politicians, but get what you want through your committee, that it may be a joy forever.

One of our young brothers took Saturday off recently. One of his intimate girl friends is a school teacher.

Bro. Stecker is on the sick list, relieved by Bro. Pequigne.

Bro. Hopper caught some ducks at Harmon during the late cold snap. They were frozen in the ice.

Second Trick Dispatcher Braeze has returned from a pleasant trip through the West. Mrs. Braeze accompanied him. Relief Dispatcher De Camp covered his job.

Bro. Moss, the new local chairman, is finding plenty to do. Let's do all we can to encourage him in his arduous and exacting duties.

Bro. Kneipp is getting out his fishing tackle, and the butchers in Woodlawn are sad, as "Heinie" will soon be supplying all the suburbanites there with fish.

Bro. Burchard and family have the sympathy of all the brothers in the recent death of his father.

Bro. F. H. Lester's office call is the same as his initials—"FH." Peg always was in a class by himself.

H. D. S.

Electric Division Notes—

Mr. Rice awarded "HA" second, and Mr. Sullivan extra "KO." Bro. Borrin is on second Morris Heights.

Bro. Alrutz has resigned.

Bro. Roselle, off fifteen days, was relieved by Mr. Smith.

Bro. Dawson is relieving as baggageman at "BV."

C. E., Div. Cor.

We are now solid on the north end of the Adirondack, and I wish to thank Bro. Van Sickler, our relief agent, for the good work he has been doing while relieving over the division in getting in the nons, and hope he will be able to line up the few on the south end. Boys, let us all make a special effort to help him land them, and make the
whole division solid, so that when we have our next meeting we can secure eight hours and the same working conditions as the other roads have in Canada. We are working twelve hours a day, and on the south end only eight hours, and we should have the same conditions, as we are all working under the same superintendent and doing the same work. We can have this when we secure our new schedule from one end of the Adirondack and St. Lawrence Division to the other if we line up the nons.

We have the phone system installed, and also have the wires; therefore, we should give good service and be able to please the company and get good working conditions for all the brothers.

CHRT. 1839.

Michigan Central R. R., Div. No. 16.

Middle Division—

We have not had a write-up from this division since Bro. J. T. Northrup resigned about ten months ago. The members should get together and elect a division correspondent as soon as possible, and keep the brothers interested in their organization.

Brothers, do not overlook your dues; unless you have the current password, you will not be admitted into the council chamber at the next meeting, which will take place soon, and some interesting news will be told you.

Bro. J. E. Cavanagh, dispatcher East Division is the extra day chief at Jackson. It did not take our superintendent, M. S. Wright, very long to recognize Bro. Cavanagh’s ability. We congratulate them both.

Bro. J. H. Phillips, dispatcher Air Line Division, off several months, has been elected president of the Phillips Metallic Hose Co., Jackson, Mich. We wish him success. Bro. J. B. Carter is relieving him.

Dispatcher W. S. and Mrs. Kileline visited Detroit, his old home, recently.

Bro’s. Chapple and Butler are in “SF,” extras. Bro. Lou Chapple, one of the many congenials there, has just returned from a thirty days’ rest in Florida.

Bro. A. J. Worth, night wire chief “SF,” always up to date, is branching out in the real estate business on the side. He will give you a square deal and easy payments.

Bro. E. J. Wholihan, dispatcher, and Yardmaster Seward are going in the chicken business extensively this spring.

Bro. Charles Sayles has resigned the relief agency and is now chief clerk to Chief Dispatcher P. E. Gardner. Congratulations. Bro. Slater, acting relief agent, also assists Bro. Sayles in the chief dispatcher’s office.

Bro. McEldowney is chief clerk to night Chief Ex-Bro. F. I. Vanwagin, Jackson.

“Mr.” (not Bro.) Cunningham is night report clerk at Jackson at a good salary. Get busy.

O. K. Renner, former dispatcher M. C. and P. M., is now car distributor under Chief Dispatcher Gardner. We hope he will not forget the card.

We are fortunate in having such a genial man for chief dispatcher, trying to do the right thing, as Mr. P. E. Gardner, always willing to meet the boys half way. Give him your support.

Bro. C. H. Keefe, dispatcher, was relieved a few days by Bro. D. N. Smith, who also relieved the entire force of dispatchers and night chief for their one day off. We congratulate Bro. Smith.

Bro. Sloane bid in Parme second on account of reduction in force at Jackson “JA.”

We have three nons at East yard. Help Bro. Brown to get them in. Then, with Mr. Conine’s application at third Dearborn, the East Division will be solid.

Bro’s. R. L. Brown and F. C. Fitch, dispatchers Grand Rapids Division, promoted to East Division extra work. Congratulations.

Bro. Eagle has moved into his new home near Bro. Fitch, in “society row.”

It is rumored Mr. Vanwagin’s title is to be changed from night chief dispatcher to night train director. By placing a megaphone in his office he can reach the yardmasters more promptly.

The next issue of a time-table will make it necessary to employ many more operators on account of blocking trains. “Safety first.”

Mr. J. J. Ross, our genial superintendent of telegraph, is trying hard to get the “head-in” signals working perfectly on the Middle Division, but they cannot be handled from the dispatcher’s office satisfactorily, not being dependable unless the operator is on duty and they are handled from the office by him.

Bro. and Mrs. M. F. Ryan, of Marshall, visited friends in Jackson recently.

Bro. Gifford, third Battle Creek, leaves for Mexico shortly, indefinitely. Notice of funeral later.

Dispatcher F. G. Wicks has resigned and accepted a similar position with the Grand Trunk at Durand. The Grand Trunk, under its new schedule, pays dispatchers considerably more than the Michigan Central. This is rather surprising, as a train dispatcher, above any other employee, holds the most responsible position on a railroad.

East Toledo and Bay City Divisions—

An unusually well-attended and interesting meeting was held at our hall, 140 First street, Detroit, Monday evening, March 16th. Bro. J. C. Cullkins, general chairman, and Bros. U. G. Feaster, A. T. Hewson, Joseph Ferriett and James Roberts, from the Towermen, were with us, also Bro. J. J. Callahan, from Toledo, after a long absence. The delegation from “F” office was very complete, and we hope they do it again. Live topics were discussed and much enjoyed.

The father of Bro. A. T. Hewson, of Twentieth street tower, died in this city March 17th. Bro. Hewson has the sympathy of all.

“Z” car shops office was recently closed, throwing out three men. Bro. E. W. Brockmiller went to “F” office, and Bro. Graves and Armstrong are on temporary vacations.
Bro. C. F. Pfeiffer is relieving Bro. D. O. Felt at "NS" transfer house, on two month's vacation West.

At Dearborn we have a nice "solid" force—Agent M. J. Kappler and Telegraphers C. J. Berno, J. H. Nesland and D. E. Connine.

Tower "J," at the entrance to the Detroit yard, has been moved to the new tower at Maple Road several miles further out, which records the growth of the city and the railroad facilities therein.

There is a rumor extant that this line is to install a positive block system that will open up quite a number of new positions. 'W. H. C.'

Northern Division—

Bro. F. S. Smith is relieving Bro. Garrison at Holt, laid up with rheumatism; Bro. Doc Gilbert is relieving Bro. G. H. Robertson, Bay City "WS," a few days, and Bro. C. Poole is relieving Bro. Gordon, on committee work.

Bro. Compton has given up Caro agency, and came back to Henderson, Bro. S. B. Cook relieving at Utica.

Bro. C. E. Honey, while his wife was being operated on in Bay City, was relieved by Bro. Poole. Mrs. Honey is rapidly improving.

Bro. Kellogg, agent Gladwin, was in Gaylord recently, visiting his parents.

Bro. Goldie, agent West Branch, injured last fall in an automobile accident, is still in a serious condition.

Mr. Hoyt, agent St. Helen, promises to be with us before long.

Several new offices will be opened up soon, and some one-man positions changed to three-man on account of the new block system to be put in operation. "And now is the time for all good men to come to the aid of their party" with that card and show their good intentions. Bro.

Conemaugh Division—

Brothers and Sisters: Emerson has said that the English version of the Bible is as perfect as the work of man can be, so let it be with the members of the Order of Railroad Telegraphers on the Pennsylvania. Here is a motto for one and all to follow:

"The heights by great men reached and kept
Were not attained by sudden flight;
But they, while their companions slept,
Were toiling upward in the night."

Do you not think if we were all to follow the above motto that our grand and noble Order would be E Pluribus Unum? Let us make it the first one out of many. For the benefits we would reap would not only be for our advantage and betterment, but for humanity in general and for the posterity which is to follow us.

There never has been any reformation for society that amounted to anything that was not preached, advocated and listened to by the meek and lowly or the laboring classes, and there is no school like the school of bitter experiences, and I think we operators are very nearly graduates of that school of the Pennsylvania Railroad. And as one of the present-day hobbies is "Safety First," which is very good, and as one of the first laws of nature is self-preservation, I think we should be up and doing to better our working conditions. As the time goes by the scythe and sickle have disappeared; so should our conditions, and in their place a new working schedule, with justice to all and special privileges to none; but until we all follow the motto, the conditions will not be changed, for, under our present-day system of society and industry, no man can say, "This I have completed," for it has to pass through the hands of many workers before it is finished; so it is with handling trains on a great railroad like the Pennsylvania.

We operators, under the block system, have the lives of the train crews and traveling public in our hands, as they pass along the right-of-way through life, and unless we are properly equipped to handle them—by satisfactory working conditions or schedules and a just compensation—so that when we don't feel well we can lay off and rest up for the severe mental strain which we have to go through each and every day, some of us will make mistakes which may cause the loss of life, followed by a case of manslaughter and possibly a twenty-year sentence to prison, under the statutes of Pennsylvania.

Brothers and sisters, stop and look the question in the face. If we received wages so that when we are not feeling well or sick we could afford to lay off duty two or three days a month with pay, as we are monthly men and receive as much on a 30-day month as a 31-day month, why should we have the loss of time deducted from our salary and the wolf standing in front of our homes or the sheriff's sale sign on our door, with sickness of dear ones within?

If such conditions could be swept aside—and they can by solid organization—life would be worth living; it would be a brighter day and a better day for all.

Until we all put our shoulders to the wheels of progress, the old conditions of special privilege for a few will prevail, and they who can "gum shoe" around the officials of the company will receive the favors, and we who would like to be among men will have to take the hard knocks, and the pets receive the favors.

As the world grows older, the "writing on the wall" appears, and if we all read Senator Martine's speech in the U. S. Senate on government ownership of railroads and coal mines in Alaska, published in a recent issue of the United Mine Workers' Journal, we will see the way public feeling and the winds are blowing, and when a senator from New Jersey speaks, one naturally thinks of a "monopoly incubator."

But the facts are of record, and the railroads of this country will have to heed it, or there
THE RAILROAD TELEGRAPHER.

It will soon be Bro. Harriger, Dykins and Wicken.
Bro. S. R. Hooks, third Rockmere, while attending the services at the Beiderwolf Tabernacle, was relieved by Mr. Redmond.
Mary Frederickson was relieved by Bro. Croll while visiting in Oil City, and Bro. Billington and Giles also took in the sights there recently.
Hunter and Onoville block stations have been closed, and Tidioute office put on three tricks instead of two.
Brother Keating, second Glade, has returned from his vacation with a bride. Congratulations.
Bro. A. F. Gilbert, off a few days, was relieved by his son, Bro. S. P. Gilbert.
A special train was run from West Hickory to Oil City tabernacle meetings, carrying about five hundred people. Bro. J. W. Lyttleton took in the sights at the latter city one night recently, and Bro. H. J. Shively visited Warren.
'It is now Bro. G. H. Herman, third Tionesta.
Sister R. L. Reitzel, first Falls Creek, and O. L. Coleman, baggagemaster on this division, after an extended wedding trip, have taken up their residence in Du Bois. Congratulations. Sister Reitzel was relieved by Geo. Williams, second Falls Creek. We hope he will follow in her footsteps and carry an up-to-date. B. L. Stanley relieved Mr. Williams.
Bro. J. L. Crawley is quite ill at his home in Reynoldsville. We all hope for his speedy recovery.
C. G. Dixon, at "WE" extra, has promised to come in soon. See that he keeps his promise.
Bro. J. F. Schneider and Operator A. J. Fenner, of Du Bois, were recent Reynoldsville visitors.
The meetings at Oil City and Red Bank were very well attended and successful in every way. A number of brothers from the other brotherhoods were in attendance, and assured us that they were with us in every way, especially in co-operation, which is now uppermost in the minds of all men in the transportation department. They have also promised to help us organize our men in every way they possibly can. Brothers, this is indeed encouraging. Any assistance we can give them will be greatly appreciated.
Let's begin to use our motto, "No card, no favors," whether it be with our own men or the men in the other brotherhoods, and enforce it at all times. If we all do this, we can make the old P. R. R. System solid in all branches of the transportation department.
I again wish to thank all those who helped me with items, and hope you will all continue the good work, so that we can have a good write-up every month.

CARD OF THANKS.
To the Members of Allegheny Division:
Through the TELEGRAPHER I wish to thank the members of the O. R. T. for their many kind words of sympathy and the beautiful floral offering at the death of my dear mother.
Geo. N. Sawyer.

Bro. C. O. Will is in "K" again, extra.
Renovo Division—

A union meeting of the five brotherhoods was held in Sheehan's Hall on Sunday, March 22d, at Olean, N. Y., to consider the co-operative idea. Bro. Miller could not attend on account of previous engagements, so he delegated Bros. Mann and Arendt, local chairmen of the Renovo and Allegheny Divisions, to represent the operators.

The brothers were warmly received, and their stay at Olean made very pleasant. They made many acquaintances, whom they will always remember with pleasure.

The afternoon meeting was presided over by Bro. Corrigan, of the Trainmen, and the evening session by Bro. Rodgers, of the Enginemen, both able men in organization affairs. Every brother present expressed himself in favor of co-operation among the five brotherhoods, and it was decided to hold another meeting on April 26th at the same place and for the same purpose, when the general chairmen of all the brotherhoods, as well as some of the Grand officers could be present.

This division is in a very flourishing condition, and the brothers and sisters are urging non members to come in and help us perfect our organization.

We have initiated eighteen new members already this year, and have a number of applicants partly paid, who will also soon be with us. This wonderful showing should inspire us all to greater activity. We have enlisted the support of the other brotherhoods, and shall keep them posted as to "No card, no favors" condition, so keep on hammering away at the old moss-back non.

Div. Cor.

Buffalo Division—

Co-operation is being talked with great favor among the men of the five brotherhoods in the transportation department, but brothers and non members if we want to co-operate with the other four brotherhoods we have got to line up so we can show them we have those in our ranks who are willing to stand up and fight for what is right with them. They are not going to take us in and fight for us with a small membership, so brothers, get in the non's next to you.

The "two days' rest bill" has passed the Mary land Legislature, and been signed by the Governor, and General Chairman Miller who fathered that bill and is always doing something in our behalf, is now using all his efforts to have a similar bill passed in New Jersey, and it won't be long before he will present one in Pennsylvania for passage. So brothers line up the non's around you to back him up. Show them this magazine to prove what he is doing for them.

One of our oldest conductors, Al. Love, who has run a flyer on this division for a number of years, was pensioned off March 12th.

Bro. Conductor Jim Mulroy is faithfully working on the non's for us and is doing great work on this division. Brothers, when a conductor takes such an interest in us, it is time for every member to wake up and get after all the non's. If everyone of us will take an active part it won't be long before we will have a strong organization. Bro. C. S. Simmons, Keating Summit, Pa., will send you all the application blanks you can use. We are all thankful to Jim for his great assistance.

Mr. Beyea took second Sierville, vice Miss Hackett.

Bro. Prosor was in Olean taking in the sights, and Bro. H. R. Brown, Keating Summit third, was off recently.

Bro. Coltrane, let us hear from you with a few notes from the north end. Chnt. 2003.

Chautauqua Branch—

The men on this branch are waking up and asking for application blanks. We expect to soon have a number of new members over here.

Mr. Cain was off a few days recently, relieved by Mr. Breman. Mr. Snell, off several days, was relieved by Mr. Taylor, and Mr. Lincoln by Mr. McDonald.

Bro O'Connor, of Spartansburg, was a recent Corry caller.

Would like to hear from Bro. Kuhlman and some of the other boys on the south end. Chnt. 1159.

Williamsport & Susquehanna Divisions—

The brothers have paid up far better this term than ever before, and there will not be a delinquent on this division. New members are coming in rapidly and the interest and enthusiasm of the brothers on this division and on nearly every one on this system exceeds anything in the previous history of our Order on the P. R. R.

Bro. Lustig has resigned to go into the clothing business at Plymouth, PA. While we will miss him, we wish him success.

Bro. C. H. Fenstermacher frequently practices ventriloquism on the telephone.

Bro. G. H. Wetzel was off several days, sickness recently; Bro. H. J. Engle was off a few days to move, and Bro. C. C. Spade was off several days attending court at Middleburg.

Bro. C. E. Beller has a chance to work off some surplus fat since "MA" was put on twelve hours again.

there, vice R. O. Denoskey to extra list; and many others too numerous to mention.

Bro. F. W. Wetzel and wife enjoyed a sleigh ride from Herndon to Pillow, returning to Mendota for refreshments. "Steve."

CARD OF REGRET.
Members Williamsport and Susquehanna Divisions—

It is with profound regret that I leave the service of the P. R. R., as it was a pleasure for me to try to show the non-members the light, as I was led to see it by Local Chairman Grieb, in whose leadership I have the utmost faith and trust. He has brought these divisions up to a standard with the best on the system and it is your duty to give him every assistance possible to reach the goal you are all striving for. My future address will be Plymouth, Pa., where I will go in business for myself, and while I shall be away from the boys whom I love so dearly, yet if there is anything that I can do I shall be glad to render such assistance. With love, joy and happiness to one and all, may this year close with a schedule on the old P. R. R. is my wish.

Fossy Lustig.

Baltimore Division—

Several towers have been cut out, throwing many of our men on the extra list and causing a great deal of bumping. There are about thirty extra men on this division alone. Those with paid-up cards who desire positions on other roads should write the general chairman.

With all this retrenching, however, our membership has paid up well and some of the few delinquents have promised to remit shortly. Those who hold cards should ask the fellows they work with to show up, and if they haven't paid insist that they do so at once.

The five brotherhoods, B. of L. E., B. of L. F. and E., O. R. C., B. of R. T., and the O. R. T. are arranging a joint ball to be held at the Fifth Regiment Armory Hall, and expect an attendance of about 5,000 the first week in May. Each brother should do all he can to make this a success. The five brotherhoods are also arranging a large public meeting to be held at the Lyric, Baltimore, Md., in the interest of the candidacy of Hon. Isaac Lobe Straus, for United States Senator for Maryland, to succeed Hon. John Walter Smith. Mr. Straus is a friend to the working class and has done many favors for the railroad men in the State of Maryland, and every man should rally now to his support.

Bro. N. G. Tracy bid in second "PX;" Bro. I. C. Mayes is at third "V;" Bro. W. W. Winstanley, first "PX;" Bro. Geo. Taylor, third "BA;" Bro. G. M. Smith, first "V;" Bro. R. N. Hendrick, third "MW;" Bro. B. F. Talbott, first "FA;" and many other changes have been made north of York, Pa., that have not been reported to me.

Bro. T. E. Fidler, local chairman, has been on the sick list several days. We hope to see Tom out soon.

At our last monthly meeting we were favored with addresses by the Hon. Isaac Lobe Straus, Bro. J. F. Miller, general chairman, and several members of the B. & O. general committee, and our old friend Dr. J. B. Sebastian, who was right there with one of his famous talks that made us all sit up and take notice. More than fifty turned out and all went home pleased. Come again, and let's make our meetings interesting, you can help.

Are you helping to organize? Have you paid your dues? Have you secured a new member this term? If not, get busy. Member.

Delaware Division—

First tricks have been cut out and the men working from 3:30 p. m. to 11:30 p. m. instructed to put out the signal lights, lock the office and pull the banners clear, which closed the block until 7:30 a. m. Bro. Hudson, first "RU," bumped M. J. Elliott, third "DA;" Bro. Pusey, "SJ," bumped Bro. Conoway at "H," who bumped Williams at "HA," who went on extra list; Bro. Allen, "WI," bumped J. E. Willis from third there, who bumped Phillips at "DJ," who bumped Freedman at "A," who bumped Howett at "J;" Woerner, "WS," bumped Bro. Maybaw at "C," who bumped McMahon at "GS," who bumped Hastings off first there, who bumped Yungman off first "C," Yungman going on extra. Richards, "WN," put in for the ticket job at "MD," and was told he would have to pass examination before he could land it. Pippin bid it in during the trouble in 1912, when Local Chairman Truitt was elected to represent us before the management. This should teach our men that we need an organization here, so such things will be eliminated. Some of the men who never contributed anything toward bringing about the conditions we are now working under, were the first to demand the rights we secured for them, but are not men enough to come into the organization that has been fighting for years, and spending time and money to make it possible for every man to get what belongs to him. If this reduction in force had come about twelve years ago, before we had any working agreement, the men affected would have been out of a job unless the division operator saw fit to give them one, and it was up to him entirely whether you got one or not, as you had no say whatever in the matter. You should see to it, boys, that these things we are now enjoying are not taken from us, and the only way that can be done is for each man to join the organization covering his craft.

Extra, advertised in "W" superintendent's office, was bid on by three or four men, but it was given to the youngest man in the bunch, which also shows how badly we need thorough organization.

Bro. Truitt, our local chairman, is doing good work on the Baltimore Central. Things are coming our way. Let's all wake up and do everything we can to hasten thorough organization here.

Cert. 5.
Schuylkill Division—

Both meetings held at Clinton Hall, Saturday February 28th, were well attended, and honored by the presence of Bros. J. F. Miller, general chairman, from Baltimore, Md.; T. W. Truitt, local chairman of the Delaware Division, and Organizer P. A. Wenrich.

Bro. Strunk, our local chairman, spoke about the good work being done, showing that things are progressing very rapidly. He has canvassed the division from Pottsville to Pottstown, securing nineteen new members, with promises from more who will join shortly. He is now on leave of absence canvassing the rest of the division, with prospects of doubling the number of members, who have joined recently.

Bro. Truitt made a rousing speech, showing what had been done and what more can be done by thorough organization.

General Chairman Miller's address was certainly a treat. His concise statement of facts throws ambition and encouragement into his hearers and the party at the morning meeting who was allowed to challenge the statements Bro. Miller had made would have acknowledged their truthfulness, only that he could not do so and maintain the obstinate position he had assumed.

Bro. Sam Thompson, a conductor on the division, also spoke about the boys sticking to the Order, and the necessity of the others coming in. He strongly approved of the five brotherhoods joining together, which will eventually come.

The M. B. D., another new dual organization, is entirely detrimental to all of our interests and we must all steer clear of it, as its ultimate purpose is to "bust" the other brotherhoods.

Motto: "Let every member get one," and we will soon be solid. Cert. 2079.

Trenton Division, Lower End—

All interests are centered on our two-day-rest bill, No. 238, now before the Senate, introduced by Senator Ackley, of Cumberland County, N. J. Bro. L. A. Page, chairman of the legislative board (appointed at our February meeting), and Bro. Nightingale, who presented the bill to Senator Ackley, are working hard for its passage, as they are always trying to do something for the benefit of the telegraphers on the P. R. R. General Chairman Bro. J. F. Miller, who succeeded in getting a similar bill passed in Maryland, is also working day and night for the passage of our bill. Members and nons alike should donate toward the expenses of securing this legislation, as it will benefit all of us. Local Chairman Bro. Simanton, who is also working for the passage of the bill, will be glad to accept your donations for this purpose, as well as the applications of the nons, as this all helps him in the grand work he is doing on this division.

Bro. Lockwood is to be congratulated on his answer to the article in the Trenton Sunday Times and Advertiser, March 22d. It was a manly and unanswerable defense of our two-day-rest bill. It has passed the Senate and is now in the House.

Brothers, get your wives interested in the Ladies' Auxiliary, and have them help in this good work. Every brother should have his wife join.

Div. Cox, Cert. 666.

Second District—

The old boys are lining up. Let us keep right after the new men. Understand the chief has put several new ones out to learn how to railroad on the Diamond Spoon. Bro. C. C. Chapman landed second Euclid, and a new man got Shinrock.

Bro. Fargarson took Wickliffe, putting Richardson (now relieving Slagle on third Euclid) on extra board.

Bro. Bill Engle was off several days, relieved by Bro. P. S. Lazarus.

Bulletins have been mailed out covering the pension department. The rate will be one percent of the average wage scale multiplied by twenty-five years or such as the case may be. Some of the older boys will have something to fall back on.

Dispatcher Giddings, while attending the funeral of his father-in-law, was relieved by Jimmy Burnapp.

If you boys have any grievances, take them up with Bro. Kist.

Glosser, our good old comrade, has been relieving Bro. L. Raynor, who has been working the car job for Mr. Crane.

Mr. Miller, from the Erie, will come in next pay day.

Bro. Jack Forney was in Cleveland recently.

Bro. Hammond was off several days, relieved by Stoneride.

If Hatch, who, we understand, came from the Buffalo Division, is not in line, some of you fellows get after him.

Bro. Cowley made a trip over the district recently and secured the applications of H. S. Dunlop, Euclid; F. A. Blakeslee, Ashtabula; R. C. Thompson, Kingsville, and I. S. Kinzie, Lorain. You can call these boys brothers now.

"Bill," Cert. 412.

Third District—

The regular monthly meeting was held at Bellevue, Friday, March 20th, with a fair attendance. An interesting session was had and much business transacted, including installation of the newly elected set of officers, as follows: Chief telegrapher, L. L. Wagner; secretary, C. L. Zimmerman; first vice-chief, C. B. Woolpert; second vice-chief, R. E. Klugh; past chief telegrapher, W. A. Stover.

Bro. L. V. Stipp, first Fostoria, off several days sick, was relieved by C. D. Lapham, and Mr. Ansanger, third there, off a week with the mumps, by Mr. Magner.

third there. Bro. Cowley, general chairman, has returned to first Mortimer, awaiting the convening of the arbitration board in Cleveland. The third arbitrator has been selected, and the hearings should soon start. Bro. Wolfe, who relieved Bro. Cowley, after a visit with home folks, returned to third Mortimer, vice Mr. Magner, who spent a week in North Dakota.

Bro. L. M. Walker, agent Townwood, on two weeks' vacation, relieved by Bro. R. J. Bowman. attended the Bellevue meeting.

Bro. J. H. Brudi, first New Haven, is on the sick list.

Boys, see to it that these nons get in line.  
DIV. COR.

CARD OF THANKS.

I desire to convey to all members and kind friends in general my sincere appreciation for the many expressions of love and sympathy, and the beautiful floral offerings in my recent bereavement in the loss of my dear husband.

Bros. F. B. Littlefair, on second Sidney several years, has resigned to go into the feed business at his home town, Rockdale. We all wish him success, and trust he will continue to stay on the roll of Division 20. His position was bid in by C. F. Melvin.

The telegraph office at Wilbers has been closed between the hours of 3 a. m. and 4 p. m., leaving one man, C. A. Hickox, there.
Bro. H. P. Kimball, second Oswego, while off visiting his father at Ogensburg, N. Y., and on business at Buffalo, N. Y., was relieved by Relief Operator G. U. Rhoades.

Let's have a meeting.
No notes received this month; therefore, this short write-up.

Southern Division—
The dispatchers were located at different points along the line for several days after the storm prostrated the wires on March 1st. Terwilliger went to Summitville, and Bros. Pearson and Downs to Centerville, moving from there to Fallsburgh and then to Livingston Manor before the wires were finally in shape for them to return to Middletown.

Mamakating station was burned on Friday evening, March 20th. Bro. Downie was away and lost all his household goods.
It is now Bro. Ira M. Mullen, agent Trout Brook, and Bros. J. P. Brundage, S. W. Capwell and Hervey Sheare at Diamond Crossing, on the Scranton Division. We welcome them to our ranks. May they always keep up to date and work for the good of the Order.
Brothers, send me any news you know of. While working a second trick I don't get much chance to hear what is going on.

H. J. DeCraw, Div. Cor.
Box 206, Hancock, N. Y.

Springfield Division—
Each brother who wishes to see this division represented in the journal from now on kindly send me at least one note before the 25th of each month.
Trainmaster Sappenfield relieved Third Trick Dispatcher Gossert, Springfield Division, who relieved Third Trick Dispatcher Kerr, Indianapolis Division, for a week on account of sickness. Second District—
Bros. Zint, Marker and Kropf are getting all the exercise they need with the new interlocker at "AK" tower.
The steady increase in our membership will soon place us on an equal footing with any division on the system. Keep moving, brothers, and we will soon be there.
Bros. Nichols, of Cridersville, and Young, of Leipsic Jct., were recent callers at Lima. Bro. I. J. Fischer, agent Cridersville, was also a recent Lima caller. We will be glad to have them call again.

Recent bulletin assignments: McCormick, second Deshler; Barr, third "BU" cabin; Buschman, second, and Gad, third "GR" cabin, and Rhoa-les, second Bates. Three "canned" recently for violation of Rule "G." That's an awful short rule, but it has "the kick" to it.

A few notes from the boys would also help some. CERT. 207.

M., K. & T. Ry., Div. No. 22:

Smithville District—

The charter and all papers relative to Division 22 have now been turned over to Bro. M. M. Mosely, of 526 S. 5th street, Waco, who has been elected general secretary and treasurer of this division. All communications relative to dues, applications, etc., also all money for dues should be remitted to him, while all remittances for insurance assessments should go to Bro. Quick, Grand Secretary and Treasurer, St. Louis, direct.

Each member, by individual effort, should try to advance the cause in the way that appeals to him, but I would suggest that we begin by finding out who the nons are, and use every honorable means within our power to bring them into the fold. The future success of the committee depends entirely upon the backing given it by the rank and file, and it is well to remember, that when we appear before the management again, if we have only a 50 per cent membership we can only expect to secure a 50 per cent contract; the value of our contract and the amount of future concessions and betterment of working conditions given us by the company depends entirely upon our strength as an organization. It is absolutely necessary that all the members see the importance of this, for in this way alone can we hope to better ourselves.

We must cultivate the union spirit among ourselves, and show by our actions toward each other that we are brothers in more than name, showing no favors of any description to non-members, always with an eye to advancing our interests collectively, for it is an old axiom but true, "In union there is strength."

A change in working conditions, which amount to almost a revolution, is always accompanied by some friction, and it will take some time for all concerned to grasp the full meaning of the new schedule in all of its component parts. However, all the interested officials and men are disposed to observe the contract, and everything will be running smoothly in the course of time.

To secure better working conditions we must strengthen our organization to the point where we can secure more concessions. If every member of Division 22 will secure one new member in the next thirty days, we can have a solid line-up, which insures some vitally necessary changes in our schedule, when the committee goes up again.

I have been unable to secure any news items from the brothers whom I have asked for assistance along the line, but I hope to inaugurate a "personal" column, in the near future, with their help.

I beg the pardon of the boys at Cisco, for classing them with the nons in my February write-up. They are all brothers in good standing. The new yard men can also be removed from the "barnacle" list, as they are all now up-to-date and should be treated as brothers.

There are still a few more "barnacles," however, hanging on to the hold and retarding the good, old O. R. T. ship, and it behooves us to get busy and reduce the number to a minimum. I heard an official remark the other day, that there had been a decided improvement in the service rendered the company in the telegraph department recently, and that a better class of men were offering themselves for employment as telegraphers. This speaks well for us, and shows the company that organization is the key note to ability and independability, and that a body of men who are true to each other will be true to the company as long as the company is disposed to treat them fairly and squarely.

WM. A. REID.

Coast Division—

The meeting called for February 15th at Seattle, owing to the death of Bro. Soyster's mother, was postponed until March 1st, when it was held at the Donnelly Hotel in Tacoma, that being the most convenient for the majority of the members; besides, "Mount Tacoma" can be seen plainer from there. About thirty-five members attended the meeting, Bro. J. Hurley presiding and Bro. Nisonger acting as secretary. Many important questions were discussed, and the sentiment of the members on the different matters was freely and forcibly expressed. Our general chairman called on Mr. Foster, and succeeded in getting satisfactory rulings on most of the questions; none, however, having any bearing on the negotiations for a revision of our schedule, which we understood was to be renewed some time in April.

We are stronger now than ever, and must keep the division well organized.

Bro. H. C. Kirby, local chairman of the R. M. Division, accompanied Bro. Soyster to Seattle and attended our meeting at Tacoma on March 1st; also Bros. Clover, Cipra, McAllister and Wells, from the T. E.

Bro. Soyster has returned to Chicago. We all sympathize deeply with Bros. Soyster and Derrickson and relatives in their great bereavement in the death of their mothers almost simultaneously.

Bro. E. F. Clark Raynor, at Cedar Falls during 1912-13, has been in Providence Hospital, Seattle, over four months with dropsy and leakage of the heart. Ten dollars to assist him has been raised and sent him, but his mother, Mrs. H. C. Raynor, advises they are in destitute circumstances and need assistance badly. The Order gave them $25 and paid his dues and insurance, but we have no fund for such purposes. Anyone desiring to contribute to his relief may send directly to his mother, General Delivery, Seattle, Wash.
A petition was recently started to create a local fund to compensate the local chairman for his services, and each member to remit 10 cents monthly. A better way would be for each member to remit any amount he desires to General Secretary and Treasurer Derrickson with his dues, and Bro. Derrickson could then remit the whole amount to the local chairman every six months.

Bro. E. W. Hoag, agent Maytown, was relieved several days recently by Bro. Rader. The grounds are being prepared there for a new depot; several tracks are being laid, and a "wye" is being put in with a lead long enough to accommodate and turn a full train, in preparation for the new branch line to Centralia now under construction.

Summer agency bulletin has been recalled. Bro. Hurley will be retained there.

Bro. C. L. Reynolds bid in third Auburn, vice Bro. Barrett to agency Duwall while Bro. Steiner is on an extended leave.

Bro. H. I. Derrickson has returned to second Tide Flats from his mother's funeral. We all sympathize with Harry.

Bro. J. Hurley has resigned as local chairman. Bro. W. H. Lang has gone with the N. P.

Bro. R. F. Rader, who relieved Bro. Barrett, third Auburn, a few days on account of sickness, also relieved Bro. M. B. Wells while in Seattle a few days.

Third Trick Dispatcher Peterson is on sick leave, relieved by C. V. Phillips, and he by C. Otto.

Bro. Farley relieved Bro. McDonald, second Tacoma jet, a week.

A baseball team has been organized among the "Milwaukee" employees at Tacoma, with Bro. Ray Grummet as manager. A large bunch turned out to the try-out on the "flats" Sunday, March 8th, and some promising material developed. Judges appointed to select the team includes Joe McGinnity, the famous "iron man," now owner of the Tacoma franchise in the Northwestern League. New suits have been ordered, and great excitement prevails.

DEDICATED TO THE TACKHAMMER CLUB.

Put your hammer in the locker, hide the sounding board likewise;
Any one can be a knocker, any one can criticise,
Cultivate a manner winning, though it hurts your face to smile,
And seems awkward in beginning, be a booster for a while.
Let the blacksmith do the pounding, that's the way he draws his pay.
You don't get a cent for bounding saint and singer night and day.
Cultivate a winning manner, give your grumbling tones a shake,
And with grim determination, throw your hammer in the lake.

Those who live in glass houses should never throw a stone,
We have our faults, but who have none,
Perhaps we have, for ought we know,
Fifty to their one."

Missoula Division—
Local Chairman Dean reports fine work the past month, and very much pleased with conditions on the division. You all are asked to continue keeping after the nons, as there are but three regularly assigned on the division. Ask your local chairman or correspondent who they are. Write them and keep tab on all of them.

The meeting held at Sister Van Antwerp's, on March 14th, was a fine one. Those present were: Sisters Van, Trimble, Lena Huibregtse, Skinner, Waters and R. O. Clark, and Bros. Local Chairman G. L. Dean, R. O. Clark, Van Alstine and W. H. Glover. Others there for the social function were: Bro. Van Alstine's wife and Sister Waters' sister, Mrs. Mae Nickles.

We all thank Mrs. (Sister) Van Antwerp and Sister Trimble for their kindness in asking us down there for the meeting and for the nice spread they gave. It certainly was enjoyed by all.

We expect to hold our next meeting at Superior, on April 25th, at Mrs. (Sister) Ray's. A social will be arranged on the arrival of Nos. 17 and 18, and later in the evening a dance and we will keep things going until our train leaves. All come, and be sure and ask for relief and transportation early.

Sisters Mrs. Van and Miss Zelda Trimble had a fine trip to the coast the second week in March, relieved by Bro. Stanley Van Antwerp and Sister Mrs. Dean.

Sister Miss Vivian Smith, of third Kyle, is visiting her home in Bonner for three weeks, relieved by Sister Mrs. Kight, who later took her "boy" and went to Wisconsin on a pleasure trip.

Bro. and Sister Skinner, of Adair, are preparing for a month's vacation to Spokane and Middle States.

Sister Rose Barlow has returned from a three months' visit East.

Bro. Glover, who relieved Bro. Smith while he went to Bonner to move his family to St. Regis, also relieved Mr. Johnson, second Deer Lodge, resigned.

Bro. Ralph Coon is on a three weeks' trip to the coast.

Sister Jane Dehlin has returned to St. Regis. Sister Margaret Ray has removed from St. Regis to Superior, to await the arrival of her partner.

Sister Miss Lena Huibregtse, third Falcon, is visiting at Bearmouth, relieved by Sister M. Ray.

Bro. H. A. Hanson, first Huson, on vacation, was relieved by Mr. McGuire, now at Deer Lodge. Line him up, boys. Bro. Hughes, second Huson, on a trip to Seattle, was relieved by Mr. Chambers, from the Postal at Missoula.

Sister Waters is on a two weeks' vacation, accompanied by her sister, Mrs. Mae Nickles.
Sister Van Antwerp drew second prize in 1913 for selling the most foreign money orders among the Wells-Fargo commissioned offices. Congratulations.

Sisters Van and Miss Zelda, at Falcon, have the honor of having the first O. R. T. meeting held by the local chairman. Sister Eva Waters and Mrs. Nickles entertained the members with several duets. We hope to have them at the Superior meeting also.

Bro. Miller, Bro. Ray's son-in-law, has gone to Alberton.

Trick Dispatcher Hill has gone East, relieved by Mr. Baker.

Bro. Herndon, who was in the hospital at Deer Lodge with typhoid, is now on second Deer Lodge.

The Missoula meeting was cancelled, as it costs too much to hold a dance there, and we have no social funds for that purpose. The May meeting will most likely be on the east end.

At the last meeting it was decided that no more students would be taken in or posted in the staff district or elsewhere. All are asked to see that no student comes to your office. Give your best services to the dispatchers. We have a good set of them in Missoula. Let's always be on the job.

W. H. G., Cert. 2695.

Rocky Mountain Division—

Bro. "Dad" Thompson, at Sixteen, is on a thirty-day leave, relieved by Bro. Phare.

Bro. J. J. Early has returned from a three months' visit to relatives in the East, and Bro. Hughes to his homestead.

Bro. L. B. Kay bid in Willow Creek agency.

There are still two or three between Three Forks and Harlowton who dislike to be called brother, but know how the Order should be run; also a few on the west end. Bro. Leeper has returned to third Harlowton.

Bro. J. L. Du Houx is on third Two Dot temporarily.

General Chairman Soyster and Assistant General Chairman Burnworth visited Local Chairman Kearby, getting things lined-up on the Rocky Mountain and Northern Montana Divisions. In the evening Bro. Kearby invited the visiting brothers to a whirl party in the old red school house. Bro. Soyster secured the grand prize, a picture of September Morn's brother. Bros. Crane, Campbell, Bleichner and Riddell were among those who attended.

Bro. M. E. Spencer bid in Geraldine on the Great Falls line.

Vendome gravel pit is open for the summer, with Bro. Joyner in charge, pending bulletin. Another gravel pit job was placed on bulletin at Tunnel No. 3, Canyon. Extra gangs are being organized at several places on the division, and things are beginning to look a little brighter.

Sister Mrs. Geo. Redding went to second Finlen, pending the opening of the twelve-hour night office at Morel.

The Rocky Mountain and Northern Montana Divisions are now operated as one telegrapher's seniority district, and the employees covered by the telegraphers' schedule on the two divisions will be carried on one seniority list. These employees will take their dates from the time they last entered service on the Rocky Mountain or Northern Montana Division with the exception that employees now on the Northern Montana Division who transferred direct from a division of the I'Cap Sound Lines will be allowed to retain their original date which was held on such division.

Several positions, opened after November 25th, will shortly be bulletinized; also several new positions to be opened up within the next few weeks as temporary positions.

Columbia Division—

Bro. E. O. Walden, east on vacation three months, after visiting his uncle, Bro. A. Walden, agent Pine City, a few days, returned to second St. Marys. Bro. C. H. Thompson, who relieved Mr. Maps when he resigned at St. Marys, upon Bro. Walden's return, relieved Bro. Fred Beal at Spokane several days.

Bro. L. L. Hearn, third Ellensburg, off on account of sickness, relieved by Bro. T. C. Holland.

Bro. J. H. Vassey, while visiting relatives in Montana, was relieved by Bro. R. L. Duell, who has been bucking the extra list for four months, which has been pretty slim.

Another dispatcher has been put on at Malden, which replaces L. V. Curran. G. A. Rostach, caught in the reduction last fall clerking in superintendent's office, is relieving on second.

Bro. Hartsock, Warden, has taken six months' leave in order to accept the helper position there. Get after the new men on the line and see that they get a card. We have a nice percentage, let us see that we maintain it.

Bro. J. H. Connell is on a thirty days' trip East. Bro. H. W. Smith, second St. Joe, off a few days, was relieved by Mr. Weisit.

J. J. Murphy, trainmaster on this division for five years, has been appointed superintendent of the Rocky Mountain Division. Mr. Murphy was one of the most popular officials on this division, and all are glad of his promotion.

Bro. H. N. Harper, called east by the death of his sister, was relieved by Bro. T. E. Crandall.

Bro. and Sister Sharp returned from their vacation and Bro. Sharp relieved Bro. Rediak at Slayton nights for a short time.

Now that your correspondent has bid into a pretty busy station it will be necessary for each of you to mail him any items you may wish to have published in The Telegrapher. Don't forget this as it is one of the best proofs of an up-to-date division to have a real live write-up each month. If any other brother or sister will accept the place as correspondent I shall be glad to turn it over to them. But if not I will try and do the best I can rather than not see the Musselshell Division represented. Send your items to me at Slayton, or by mail to Cushman, Mont.

Cert. 2446.

Trans-Missouri Division—

Sister Florence Holmes relieved Bro. Kelly, second McLaughlin, while he got married, and relieved Bro. Laird, at Marmarth, a few days. Bro. Wm. Kugler, agent Wacouta, on vacation, goes to third South Minneapolis, on his return. Wacouta agency was discontinued when the new automatic signals were installed and a custodian now opens the waiting room for two passenger trains, builds fires, etc., for $8.00 per month.

A helper now sells tickets for the evening trains for $25.00 per month, at Frontenac, after agent’s hours.

C. O. Carlson, section foreman and extra gang foreman at Lake City, who started in the track service when fourteen years old, has been offered the position of “forester,” a new office recently created on the Soo Line.

Bro. J. F. Sainsbury is taking a few days' vacation before going to Hoffman Ave., St. Paul, relieved by Bro. Winters, from Whitman.

Giving away their canary birds to cut down household expenses is the latest scheme of the boys for meeting the high cost of living. Isn't it time we got that long-looked-for raise in wages?

Thanks are due for several of the brothers, especially Hanson, Howard and Marron for the write-up this month.

Sister Pauline Leahy, of the Ladies' Auxiliary, St. Paul, will give a card party for the benefit of the "I Should Worry Club," composed of Minneapolis and St. Paul members of the auxiliary, after the Lenten season. Div. Cor.

W. V. Division—

Bro. R. E. Schultz, our local chairman for many years, passed to the great beyond at the Sacred Heart Hospital, Tomahawk, Wis., Sunday, March 8th. On Christmas Day he was thrown from a wagon, fracturing his right leg. After the bones were set they did not knit properly and he was taken back to the hospital and splints were put on the bones. He had become very weak from being confined to his bed for about three weeks and the shock from this last operation was too much for him. He leaves a wife, one son, Carl, and two brothers, Herman and Albert, to mourn his loss. Bro. Schultz has always been a hard worker in the up-building of the O. R. T., and it would be hard to find words to express our great loss.

Bro. West bid in agency Hazelhurst.

Third Minoqua and Tomahawk have been reopened by Bro. Herman and Mr. Parker, respectively.

Bro. Harris, first Merrill, is doing the extra dispatching during the winter rush at Wausau, relieved by Bro. Heath and he by Bro. Blanchfield, with Mr. Borman on third Merrill.

Bro. Blain, from the C. & N. W., is on extra here now, also Bro. Kudy now on second Brokaw.

Some train crew had a joy ride the other night and was none the wiser when a car of logs got to doing the tango about half a mile east of Tomahawk. It left the rails and ran on the ties to the west switch at Gilbert's when it jumped back again and no one knew the car was off until the section men found spikes torn up and bolts broken on rails the following day.

There are still a few nons left on the division, which we should try and line up. Have one good promise whom I think we will soon be able to call by the proper name. Cert. 1110.

IN MEMORIAM.

Whereas, Our heavenly Father, in His infinite wisdom and goodness, has deemed it best to call to the great beyond our esteemed brother, R. E. Schultz, and we bow in humble submission to the will of Him who doeth all things well; therefore, be it

Resolved, That the members of Division 23 extend to the sorrowing members of the afflicted family our sincere sympathy in their bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved family and a copy to The Railroad Telegrapher for publication.

W. F. VanGilder,

The February meeting of the Cedar Rapids O. R. T. Club was quite well attended, and all present had a good time. Bro. B. C. Snyder, from Paralta, was the only one present from this division. All who can possibly attend these meetings without violating the nine-hour law should do so, as it serves to keep up the interest, and strengthens our organization.

Chicago Division, Northern District—

Many of the boys laid off during the lull in business have been re-employed. The ore season will soon open again and will give a few more of them work for the summer. A record-breaking output of ore is predicted, with Mr. Anderson in charge again. We hope all the boys who go up on the range will give him their support. Many have joined during the last few months, and Bro. Lewis has succeeded in making Mellen solid for the first time in many years. With Bros. Wesenberg, Roan, Gonja and McGeeen, we have a strong footing on the northern part of the division.

Bro. A. H. Hilson, cashier at Ironwood, received an increase in his monthly check when the Western Express was given to Mr. Madison, agent there. Hear that Bro. Hilson is soon going to be married.

Get after the n·oms and give them no rest until they come in. “No card, no favors” is our watchword, and make them see that we mean to live up to it.

Bro. Teichner, second Cadott, has been reinstated. It never pays to drop behind. It takes just that much more to pay up later. Keep your dues paid up and keep an up-to-date card; that’s what counts.

I am indebted to Bros. Lepinski and Schubert for these items, and hope to see more next time. CERT. 550.

CARD OF THANKS.

I wish to express the heartfelt appreciation and sincere gratitude of my mother, family and myself towards the members of the O. R. T. for the beautiful flowers sent us at the time of the death of my sister.

Yours truly,

A. D. Finegan.

St. Louis, Iron Mountain & Southern Ry., Valley Division—

The telegraphers of this division met at McGehee, the division headquarters, Sunday, March 8th, and organized a local. There were about twenty members from various parts of the division present, and Bros. Maxwell and Mohler, general secretary and treasurer and general chairman, from St. Louis.

The invited guests were Division Trainmaster Gilhula, Acting Chief Lamb and Dispatcher Grimes. Mr. Gilhula and Mr. Lamb both made interesting talks on blocking and other rules that were highly beneficial to all concerned. After the social features were over, the visitors retired and the meeting went into executive session.

General Secretary and Treasurer Mohler delivered an address upon organization and schedule work, which was a revelation to most of the members present. Some of those who formerly had known little of the Order except that it was a kind of duty to keep up their cards came away full-fledged O. R. T. men, and they have been heard from more within the past two weeks than ever before.

General Chairman Maxwell presided at the meeting, assisted by Bro. Lewis, local chairman, and short talks were made by several of the brothers, all of which were interesting.

The second Sunday of each month was agreed upon as the regular meeting date, and we trust that those who could not be present at the last meeting will make an effort to be at the April meeting.

McGehee District is now solid except Pettis and Magnow, Collinston, both good boys whom we hope to soon remove from the non list.

Bro. Archibald, second Wilmot, was off several days recently, relieved by Bro. Martin.

Bro. Richards, second Mer Rouge, emerged from “single blessedness” and now trots in matrimonial harness. Congratulations.

Bro. Williams, of Lake Village, off several days relieved by Bro. Butts, from Parkdale, who later went to third Gould.

Bro. Barker, assistant local chairman from Montrose, and Bro. Meyers, local chairman from Winchester, both attended court at Monticello recently.

Bro. Gilhula, McGehee, is in Hot Springs on account of ill-health. We hope to hear his familiar “G” on the string soon.

The third operator has been allowed at Montrose, placing Sister Barker on first pending bulletin, Bro. Guise on second and Bro. Foster, from Blissville, on third, relieving Bro. Barker of telegraphing altogether. We are glad to see this, as Montrose was a hard job for the agent, who formerly had to do first trick telegraphing. We commend our division superintendent for his action.

Blissville second pulled off temporarily, second track man there going to Montrose third.

Bro. Bryan, second Blissville, is relieving Bro. Pierce, third Dermott, while Mr. Pierce transferred to Pine Bluff.

Dermott second and third are up for bids. Bro. A. C. Seamont, first Dermott, while attending court at Lake Village, was relieved by Bro. Walker, of second.

Chief Rogers is on vacation, relieved by Dispatcher Lamb.

Fire at Monroe on the night of March 17th destroyed several cars and nearby dwellings, delaying train 104 several hours.

Blissville nights closed recently.

Bro. Pierce, second Pine Bluff yards, paid the office force at Dermott a visit between trains on March 15th, but there was something else that attracted him, probably, besides his old office fellows.

Bro. Hensley, from Stuttgart, is on second Farrell.

The wife of Bro. Copp, night ticket agent and operator at Pine Bluff, is very ill.
Mr. Manor, agent Redfield, has resigned, throwing it on bulletin.
Bro. Maxwell’s visit to the boys on the north end of the first of February was very much appreciated.
Bro. Stussman has resigned and gone to his home in Memphis on account of the sickness of his father.

H. H. BRYAN, Div. Cor.

**Louisiana Division**
Two or three of the boys on the Monroe District are the only ones who help me with the news, but we hope to be more successful in covering the entire division hereafter.
Our local chairman desires a complete report as to how we stand all over the division from each of the assistants covering their territory, showing who is up to date, who are delinquent and who are the nons.
Bro. S. B. Davis, agent Olla, has returned from a thirty-day trip, relieved by the writer, who is now back on third there, vice D. J. Lewis, now relieving Bro. Jack Bernard, second Georgetown, who bid in Huttig days, vice Bro. A. L. Davis, who bid in Farmerville agency.
Bro. L. P. Spyker relieved Bro. Schaefer at Georgetown agency.
Mr. Sullivan relieved Mr. Hunter at Pollock agency several days.
Griffin agency and Georgetown second now on bulletin.
Mangham agency was bid in by Bro. W. I. Tate, from the K. C. S., who was transferred to our division.
The nons are gradually coming in, but we must keep after them until there are none left, and don’t forget to keep up to date ourselves. We are the losers if we wait until we become delinquent, for we have to bear the expense of joining over again, which shows plainly a lack of interest. I hope any who have dropped behind will renew right away and keep up to date in the future.
Let us get busy and make this a solid division.

J. W. M., Cert. 1941, Div. Cor.

**Arkansas Division**

A shipping shed is to be built at Delight, to handle the crop of fruit and cantaloupes this season, estimated at 150 car., which will also mean additional office force during the season.
Bro. J. R. Williams, agent Garner, has been attending court in Newport.

Bro. C. L. Smith, our genial local chairman, makes trips frequently over the division looking after the boys. He advises that there are the smallest number of delinquents than ever heretofore.
Bro. J. W. Sloan is relieving the regular man at Alicia, who is in the hospital to undergo an operation.
Signalman R. W. Anderson, agent Russell, will soon be carrying a card.
Bro. J. C. Rice is back at third Bald Knob from an extended honeymoon; also Bro. Marsh, second "KS." Congratulations.
We are glad to note that Malvern agency bulletin has been recalled and that Bro. Rogers will remain with us.
It is again Bro. Farley, second Bald Knob, one of our "good old scouts."
Bro. Griffin, second Newport, has our deepest sympathy on account of the long-continued illness of his wife, who has been at the point of death several times.

**IN MEMORIAM.**
Whereas, It has pleased our heavenly Father and all-wise Ruler of the universe to call to his reward our brother, Edward L. Jamison, of Alexander, Ark.; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of Arkansas Division, St. L. I. M. & S. Ry System Division 31, Order of Railroad Telegraphers, extend to the sorrowing wife and members of the afflicted family their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved wife, a copy spread on the minutes of the division, and a copy sent to The Railroad Telegrapher for publication.

J. M. ASHLEY,
C. H. STONE,
N. D. RODGERS,
Committee.

**White River Division**
Bro. A. C. Chapman is back, after working extra awhile on the Joplin Division.
Bro. J. A. Pittman has resigned and gone to the Rock Island, putting Guion, Ark., station on bulletin.
Ex-Bro. O. H. Collins has resigned Cricket agency and gone with the Frisco.
Ex-Bro. Hannibal, claim assistant, assigned Aurora agency, has gone to another division, putting Aurora on bulletin again.
Sister Jessie L. Barron, second Batesville, was relieved by J. G. Davis while taking a ten-day vacation visiting relatives in Missouri.
General Chairman Maxwell was over the division recently, picking up a few nons. Hope he will pay us another visit as soon as convenient.
Boys, get after the nons next to you. Send in your dues so you will get The Telegrapher regularly. It will help you to convince the nons that they should come in at once.
Boys, if you don't understand the schedule on any matter, write your local chairman and have him explain it to you. One of the boys who took the chief dispatcher's ruling on overtime and meal hours wrote to Bro. Maxwell later and found he had lost several dollars by not properly understanding that part of the schedule.

Boys, send me a few items. I am at a small way station and hear very little news for the write-up. Send me all you can get hold of. No matter how old, it will be news to me and maybe to others. Let's have a write-up each month.

This is my first attempt, but I know the editor will put it in proper shape.

I thank the brothers very much for their contributions this month. -

Central Division—

Telegrapher Knox, from the East, at Ozark, promises to sign up. Agent Wildman, of Ozark, who was operated on several weeks ago, is getting along fine. Bro. O. G. Milton went to third Ozark during the changes.

London and Finney shipped fifteen cars of sweet potatoes last month, and Russellville and Atkins each a car of poultry, the first shipment of the kind from that section. It is estimated there will be 1,750 cars of peaches shipped from the stations between Van Buren and Conway, and the strawberry crop is also very promising.

The boys have moved into the new $20,000 depot at Conway, and the M. E. people are building an $80,000 church, which, with the fine school buildings there, makes Conway a fine place to live.

Felix Lucand, Van Buren, operated on in the hospital several weeks ago, was relieved by C. C. Westmorland.

Our new brother, B. A. Jacobs, bid in Russellville second, his home town.

Bro. G. G. Green is back at Morrilton, after being sick some time at his home in Bellville, Ark. While hunting recently he captured a fawn.

The boys at non-telegraph offices should not use the wires still in their offices to send "22" reports, and the block men should not use them either for blocking trains and sending messages. It is not expected that you should do this, so don't do it.

Be cautious and careful in handling the block system. Be prompt in reporting trains cleared, and especially report trains in the block as soon as they go. This may save a collision some time. The block system is not a scheme to get trains over the road, but to insure their safety, and this duty falls to a great extent upon the block operator.

Conductor Berry Wilcox, upon being called in the other day on account of the rear-end collision at Russellville, told the superintendent it was not necessary to call in the operators to the investigation, that it was his fault; that his shoulders are large and that he could bear the blame. Not only are his shoulders broad, but his mind, his sense of justice, honesty, and everything that is essential in making man a man. This act alone will raise to a higher point their admiration of him, and each and everyone of us hope that he may not be taken out of service. -

Missouri Division—

Bro. D. L. Long has resigned to engage in farming; relieved by Bro. H. E. Cabey, on second Okean, on bid. Okean agency and third on bulletin.

Bro. Chas. Hall was recently called to Portland, Ore., on account death of his father; relieved by Bro. Stalcup, from T. & P., who also relieved Mrs. C. C. Courtway, Hilliards days, one day on account of the fifty-four-hour-a-week limit for woman labor in Missouri.

Mr. Redwine, Neelyville, was off a few days recently on account of the death of his uncle.

Bro. Bathurst, Poplar Bluff, off a few days, was relieved by Bro. Smith. The boys all welcome Wire Chief ("BU") P. N. Hunter into the circle.

Bro. Davis relieved Bro. Drury at Mill Spring a few days, called to Ste. Genevieve account sickness of his father.

Bro. E. K. Beckler, former local chairman, has the sympathy of all the brothers in the death of his father at St. Louis, Mo., March 26th, at the advanced age of eighty-four years.

The trainmaster has instructed all of the men, Poplar Bluff to Hoxie, to not phone orders under certain circumstances. Some of the brothers complain that some of the offices are violating his instruction and the law also.

Bismarck coal chutes burned March 2d. Origin of fire unknown.

Any suggestions from the brothers will be highly appreciated, and I ask the assistance of every member on the entire division in order that we can also have a nice article in The Telegrapher each month. I would like to have a correspondent to take care of the district between Poplar Bluff and Hoxie yard, another between Poplar Bluff and Cairo, and one at Belmont, Bismarck, Poplar Bluff and Piedmont, Piedmont and DeSoto, and DeSoto and St. Louis. In this way a good all-round write-up can be framed up and sent me not later than the 20th. I desire to thank all of the boys for their assistance this month.

B. H. Selvidge, Div. Cor.

Eastern Division, Sedalia District—

*River District*

Mr. Talley, third Myrick, has resigned, relieved by John C. Wilson.
Dispatcher Hobbs, river route, is acting night chief, relieved by Dispatcher Miller, from Kansas.
Block phones completed west of Boonville, are working on east end.
Line up the few nons and delinquents and keep up to date, and we will soon be able to get that $75.00 minimum. We will get more the stronger we get. The committee can do nothing without our backing. That prize contest is open to all. Get in that non holding down the other trick and don't forget our motto, "No card, no favors."

Thanks to the brothers for their assistance in this write-up.
Bro. Wilmarth asked me to act as correspondent and want you all to send me every item you can. Keep me posted as to changes, new positions, new men, etc., at your station.

C. L. Adams.

Rose agency bid in by Bro. Nevius, nights Westphalia.
Bro. Nigh relieved Bro. Huey a few days at Penalosa.
Mr. Bobbitt, extra, assigned Niataze agency, has resigned.
We are 95 per cent strong, but must make it 100 per cent. Find out whether the men working along side of you are up to date or not, and assist in making the division 100 per cent, by securing their applications. Are you receiving all the benefits the schedule entitles you to? Do not overlook any of these but at the same time if the company grants you additional favors be willing to return them. Meet them half way and I am sure you will profit by it. There isn't a better set of officials on any division of this system than we have at Coffeyville. Continue to give them good service and you will not be the loser.

Let me remind you once more to make it your business to find out who are supporting the Order and who isn't. Everyone receives the benefits, therefore should pay the small dues asked for to maintain them.

T. F. Jamerson, L. C.

*Wichita Division*

It is now Bro. Schreier, at Argonia.
Bro. E. M. Atkins, of Lyons, while on a trip to Sioux City, Iowa, was relieved by J. H. Sheas.
Mr. Ellis, relay office, bumped by Dispatcher Larson, went to St. Louis.
C. W. Hawkins, of Sterling, an old-timer, engaged in other business, gave Bro. Dan Goodwin his application recently. He is heartily welcomed into our ranks. This ought to put to shame these fellows who have been working steady and always put up the excuse that they are going to quite or can't afford it.

G. E. T., Div. Cor.

**Baltimore & Ohio R. R., Div. No. 33.**

**Metropolitan Branch**

On March 4, 1914, the State legislature of Maryland passed a law compelling the railroads of the State to grant their telegraphers two days' rest a month with compensation, same as their regular day's wages.
Just before the law was passed by the general assembly the railroads sent their representatives to the State House at Annapolis to present their arguments, with a view of convincing the committee in charge of the bill that it was "unfair" and an injustice upon them to pass such a law, and the O. R. T. representatives presented our arguments in favor of this law, which was finally passed and went to the governor for his signature. The railroads then tried to have him veto it, claiming it was unconstitutional, but our representative, Hon. Isaac Lobe Straus, an eminent and prominent lawyer, ex-attorney-general of the State, showed that the supreme court of the State was the proper body to decide as to the constitutionality of a law, and the governor signed the bill, making it a law of the State. The railroad officials then abolished depot telegraph offices in utter disregard of the general public interests. Some of the towns where these offices were abolished have a population of from 3,000 to 5,000 people, who now have no way of finding out how the trains are running which transport...
them to and from their daily work. Is it any wonder that there is a cry for government ownership of railroads.

On the Baltimore Division phones have been placed in crossing watchmen's shanties. How can these men attend to their duties and do the telephone work necessary for the operation of trains? This is a violation of the federal nine-hour law, which we should take up at once with the proper federal authorities and have none but telegraphers allowed to use the phones in the movement of trains.

Chas. 2179.

**Pittsburg Division—**

My assistants have all failed in a bunch this time, and Local Chairman Yeager, who always kindly assisted me, is absent, so I have very little news.

The correspondent is now prepared to furnish a list of the news in this division.

Bro. Gleisinger, first Reduction, is now in Florida, relieved at "DU" tower, recently destroyed by fire, by Bro. Heath. He will find a nice box car waiting for him on his return.

Bro. Fitzgibbons, third "MK," while off duty on account of the death of his brother and attending civil court, was relieved by Bros. McElhinney and Kepler.

It is now Bro. F. Ambler, leverman at Laughlin Jct., and Bro. J. W. Giles.

The rumor that Bro. J. B. Weideman, second Bessemer, voted to accept the company's proposition is false. I witnessed him vote and know that he voted to support the committee.

Our general committee is still in Washington, D. C., endeavoring to induce the mediators that we are entitled to an increase.

Don't forget our regular monthly meetings, the fourth Thursday evening of each month, and let's try to have a good attendance.

Chas. 159.

**Cleveland Division—**

Bro. G. G. Tope bumped from third Columbia by Mr. Scholes.

Mr. Shanks, second Uhrichsville, went with the general manager's special over the division, relieved by Bro. T. E. Bigler.

Bro. A. A. Hammell is on second "DA."

Mr. Hill, yard clerk Canal Dover, returned to train service, relieved by the oldest son of Assistant Trainmaster Loux.

Bro. S. B. Shafer, off some time seeking better health, is much improved, we are all glad to learn.

Bro. A. A. Hammell is considering a transfer to the B. & O. S.-W. at Seymour, Ind., on account of reducing the telegraphers' force on this division.

Bro. Landis, second Columbia, visiting his son-in-law at Wellsville, Ohio, was relieved by Bro. D. V. Kelly.

Bro. Schiezer, relieved H. H. Baird at Lorain a few days. Brothers on the west end should get after the newcomer and remember, "No card, no favora."

Bro. T. E. Bigler worked several days at Willow and also at Piedmont during the cleaning up of the wreck.

Bro. A. T. West is now in the up-town Western Union office at Medina; other office closed. The Medina Gazette says: "Bro. West is the most accommodating operator between the Atlantic and Pacific coast." This shows what O. R. T. men are made of.

Thanks to Bros. McCabe, Schieser and Landis for news items.

Would like to hear from some of the brothers on the Valley, as I am unable to get the news otherwise.

"VI." Chas. 2685.

**Newark Division—**

Bro. Harley A. Whipple died of spinal meningitis at his home in New Concord, Ohio, March 2, 1914, aged 38, after two weeks' illness. The community in which he had lived was deeply stirred by his untimely death, and his funeral was largely attended. Many beautiful floral offerings attested the esteem in which he was held by his neighbors and business associates. Six telegraphers served as pallbearers, and Division 33 furnished a handsome floral design for his bier. Every local railroad employe that could be spared from his post of duty attended his funeral. From the tree of life Death plucks impartially the bud, the blossom and ripened fruit. He regards not person, place nor condition, but in the night of grief gleams brightly the star of hope, and the soothing touch of time heals our broken hearts.

"Life is a shadowy, strange and winding road on which we travel for a little way—just from the cradle with its lullaby of love to the quiet wayside inn where all at last must rest, and where the only salutation is, 'good night.'" J. H. B.

**IN MEMORIAM.**

WHEREAS, The mystic touch of death has stilled into eternal silence the lips of our loyal and beloved brother, Harley A. Whipple; be it

Resolved, That by his death Division 33 is deprived of the support and loyalty of a model member, and his devoted wife and mother the companionship of an affectionate husband and son.

Resolved, That we hereby express to the bereaved wife and mother of Bro. Whipple the heartfelt sympathy of Division 33.

Resolved, That a copy of these resolutions be furnished the widow of the deceased and a copy sent to The Telegrapher for publication.

New Castle Division, West End—

We had an interesting meeting in Akron, February 28th, but rather a small attendance. Boys, if you don't take any interest in your own affairs, how can you expect anyone else to do so. Bro. McCabe, from Lester, on the Cleveland Division, was a welcome visitor, riding freight trains to get home. You men who can go home on passenger trains should be ashamed for not attending.

It is Bro. Coyne, extra, and Bro. Dieter, relief operator, now. Welcome.

Bro. Gleason, second Northern Ohio Crossing, bid in Boughtonville agency, bringing him nearer to his farm.

"X," Easton second, close 1, Mr. Smith bidding in third Lowellville.

Bro. Stephenson, off several days, relieved by Winchell, who also relieved Mr. Wolfe, at "SK," three weeks.

Bro. McBride visited his old home in Richland County a few days, relieved at Sterling by Bro. Dieter.

Get that card and boost. Cert. 758.

New Castle Division, East End—

Bro. Marshall, first "TF," was relieved a few days by Bro. J. W. Morrissey, from Connellsville Division, who also relieved Bro. Foley, third "BD," and Bro. O'Connor, third "XN," two weeks. Bro. Foley was called to work three days at Haselton while on his vacation.

Ohio Division, B. & O. S. W.—

We are working for a pretty good line, comparing favorably with a majority of other lines in regard to wage scale and general working conditions. Other roads with a higher wage-scale sometimes have other drawbacks that we know nothing about, and the men on these roads are dissatisfied, just the same as we are, but probably for different reasons. It will be quite a while yet before the working conditions on all roads become ideal, but they are steadily growing better.

You who have been in service for the past fifteen or twenty years, or even less, compare your present wage and working conditions with what it was then. We have lots of dissatisfied members who let their personal grievances get the better of their judgment and drop out. Don't let this happen to you. If you can not settle these grievances with your local chairman, don't allow them to force you out of an organization that is making your living and giving you the advantages you now enjoy. Be a little broadminded, and remember that you can help if you kick the right way.

There is an example of this kind on this division now, where a certain agent was reported for violation of hours of service law, and because the Order wouldn't back him up for doing something strictly against the law, he dropped out, and now threatens to scab twenty-four hours a day if the company wanted him to; and another threatens to drop out because the local chairman would not sanction his going from his regular position to another to work extra, and allow him to waive the $1 per day which our contract calls for. As long as the present local chairmen are on the job there will be no violations of the schedule by either side, if it can be helped. We have spent good money to get a contract, and it must be lived up to by both sides.

Right now we should all give our earnest support to the Order; get after the nons in our territory, see that the men working with you have an up-to-date or find out the reason why. Our general committee is now with the Government Mediation Board in daily session at Washington, D. C., and has the full support of the membership.

The meeting of local members at Chillicothe, Ohio, Wednesday evening, March 11th, was well attended, several coming from quite a distance and remaining up most of the night to get back home. Working conditions were discussed, the boys got acquainted and a good time was enjoyed. It does the boys good to get together, creates a new interest in the affairs of the Order and gives the brothers an opportunity to learn what is going on. These meetings will be held every two months; when you receive notice don't fail to attend, even if you have to lose a day in doing so. Your local chairman is always on hand, ready and willing to give any information you want or handle your grievances. We have as fine a set of officials to work under as you will find anywhere, and they will think more of you and do more for you if they know you have an up-to-date card in your pocket.

There have been quite a number of men sick recently, and division operator has been hard put at times to furnish extra men and in many cases has been obliged to double them up to relieve the situation. Mr. Plumley has the interests of all the men employed under him at heart, and it is a pleasure to work under such an official.

Bro. P. H. Tigar is now on third Anderson.

It is now Bros. F. O. Allison, agent Blanchester, and Fultz, agent Leesburg. We hope the other exclusive agents will soon fall in line.

"CD," Chillicothe, opened recently to permit greater facilities in clearing trains, and handling the block there, is manned by Bro. W. L. Allison on first, Bro. F. Lechner second, and Bro. Ed. Prosch on third, who bid in Blackfork agency on Portsmouth branch.

Bro. Frank Maloney, first Farmers, bid in second Dundas.

Only two delinquents now on the division. Remember, "No card, no favors," and stick to it. Send in your items of interest to O. E. Marsh, local chairman, and they will be forwarded to your correspondent.

We want the B. & O. S. W. to show every month in the fraternal department of the journal, and you can help by sending in your news items. Cert. 1511.
Indiana Division, B. & O. S. W.—

Bro. C. E. McKay bid in Nebraska agency.

Bro. R. Vick, whom we wish to thank for sending in so many interesting items, was relieved, while attending lodge, by L. A. Guthrie. We also thank the other two brothers who sent us items, and hope to hear from more of them hereafter.

Bro. J. E. Arnold appointed agent Addyston, Ohio, vice J. R. Holland, and Joseph Boel, agent Eighth St., Ohio, vice W. J. Burke, transferred.

J. R. Holland was transferred from Addyston agency to Brownstown third, and Bro. R. P. Stanton secured third "RH" tower.

Bro. J. V. Spalding, on the sick list, was relieved by C. T. U. Bro. W. B. Carter, who will line up in the near future. Bro. W. S. Sanders was a recent Washington visitor.

Bro. L. V. Williams spent a week in Louisville, relieved by Mr. W. B. Carter.

First and second Finney, Huron third and Addyston agency are open for bids.

Get after the new men and get them started right.

Two tricks have been abolished in the dispatcher's office at Eighth street, making the wide-wire man work ten hours, and the second and third trick dispatchers do two men's work. "Mr." Ballard, third Eighth street, forgot to bump until the ten days' limit had elapsed. A man with a card and a copy of our schedule would not overlook his seniority rights. Bro. Stanton "copped" the schedule book from "RH" tower while Ballard was looking over the job.

Only four nons left on Cincinnati terminals, probably waiting for another increase.

Logootce is a solid non office. You all know where it is, brothers, get busy. C. F. Gibson, third there, had a card but dropped it while at North Vernon. He is a "good old scout," but was imposed on at North Vernon by "Boomers." Get him back, and he will help to get the others.

Now Bro. Stanton's address is 114½ W. 7th street, Cincinnati, Ohio, and Bro. Hill's is 4803 Ravenna avenue, Madisonville, Ohio; items sent to either of them will be gladly received and sent in for publication as received. Send a line or two, and do not forget "No card, no favors."

We will try and have some news of our committee, who are on the "war path" for a new schedule, by next month.

Certs. 2918 and 3029.

Illinois Division—

Bro. J. M. Peck died March 8th in the Springfield (Ill.) Hospital, fifty-five years of age. He had been agent and operator at Farmington, Ill., for thirty-two years. He was a member of the Order almost from the time of its institution, and through his uniring efforts as local and general chairman secured some of the best concessions for the boys on the Baltimore & Ohio Southwestern. After securing a revised schedule for them, they presented him with a gold watch, which he treasured very highly; while in later years he was not active in the Order on account of being afflicted with rheumatism, he never lost interest in its welfare. His honesty, fairness and loyalty made him friends wherever he went, and "he never sacrificed a friend."

The funeral services were conducted by Rev. J. E. Flett of the Presbyterian Church, of which he was an active member. Bro. Peck was also a member of the Masonic Lodge, at Pleasant Plains, Ill.; the pallbearers being John Kneedon and Charles Pickett, of Farmingdale; N. E. Rawles and Earl Purvines, of Pleasant Plains, representing that fraternity, and G. L. Conner, of Rochester, and A. F. Tate, of Beecher City, representing the O. R. T.

The O. R. T. has lost one of its best and most valued members, and all whose good fortune it was to know him feel very keenly their great loss.

Too much praise can not be given those who completed the arrangements for the funeral, among whom was F. E. Goldsby, of Flora, Ill., an old-time friend of Bro. Peck, a former member, and Bro. C. Segelhorst and V. A. Tate, of Springfield. Bro. Allen, of Taylorville, arranged for the beautiful floral emblem, which was a fitting tribute to the memory of the noble brother, which the members of Baltimore and Ohio Division 33 will ever treasure.

Fraternally,

L. R. PORTER, L. C.

WM. ROSS AND FAMILY.

Chesapeake & Ohio Ry., Div. No. 40.

Mountain and James River Districts—

I haven't sent in a write-up recently owing to illness at the time the items should have gone in. Brothers, no one sent me the changes as requested several times through the journal, and working a third trick makes it impossible for me to get them.

Bro. W. S. Goode, on return from his honeymoon at the home of his parents in Powhatan, relieved his brother-in-law, Bro. W. S. Asord, on sick list.

Bro. R. A. Cutler, on vacation, relieved by Bro. H. L. Simpson, who later bumped Bro. H. C. Worley, third "AN."

Bro. M. J. Putnam, on sick leave, relieved by Bro. O. C. Stinnetti, is considering a proposition at Danville, Va., to take up the practice of law entirely.

Bro. S. W. Noell has gone to Key West, Fla., to see the land he purchased there several years ago.

Bro. G. T. Keller, relieved at Haden by A. P. Caldwell, on thirty days' leave, was pressed into service at Tyree while Bro. C. E. Spitzer was helping to sell Easter flowers, and later relieved Bro. E. W. Coleman at "UD" account of sickness.

Bro. J. G. Thompson, who relieved Bro. L. G. Bear, second Stapleton, while off on account of the death of his brother-in-law, later relieved on first at "RA" while Bro. R. L. Fletcher took his daughter to a specialist at Baltimore.

Bro. H. C. Anders, owing to nerve trouble, is unable to use his right arm; C. W. Orange relieving.

It is now Bro. Linkenhoker, agent Springwood.

Bro. G. S. Campbell, agent Balcony Falls, is on a sixty-day leave attending to his orange crop in Florida; relieved by Bro. H. F. Thomas.

Bro. W. L. Waugh is spending his vacation pounding brass for the Florida East Coast; relieved here by Bro. H. G. Peters.

Bro. W. H. Milloway, Griffith nights, took his vacation in January.

A new depot is being built at Swoope, the old one being burned the night of March 7th. Bro. H. P. McElung probably can't help but "snicker up his sleeve."

Bro. M. P. Keller, while off moving his family, was relieved by W. R. Bennett.

Bro. L. L. Strickland assigned agency Barbers Creek, vice Bro. W. A. Woody.

Mr. G. has told some who were refused their vacation money that hereafter those entitled to a vacation would have to lose as much as fifteen days all at one time in order to get it. This will keep the old hard-shells and other nons from getting what rightly belongs to the extra men. Brothers, we should busy ourselves getting in these nons. If you have not received a copy of Bro. Shuey's letter dated Craigsville, Va., January 28, 1914, showing who the nons are on this division, write him for one. They are all good men, but they are not treating their fellow men right who help to buy their meat and bread. Get your journal for February, turn to page 292, and show the non you are working with the article written by the division correspondent of the Chicago & Eastern Illinois R. R., Illinois Division, and let him see himself as others see him. If he has any excuse to make after reading that article, why he should not join the O. R. T., he is hopeless, no good to himself or anyone else; in other words, a public nuisance. CERT. 579.

Richmond Division—

Let's keep our correspondent posted relative to changes and have a write-up each month.

Bro. Ancree, from Bremo, relieved by Bro. E. B. Taylor, and Bro. Ancree, from Hanover, relieved by Bro. Binford, have just returned from a trip to Florida. The brother at Bremo is expecting an alligator by freight, which he captured while south.

Bro. Winn relieved Lindsay, while Bro. Taylor, relieved at Bremo.

Dispatcher Belton is on the sick list. We hope he will soon be able to resume duty.

Boys, don't forget that good service means to give the company your undivided time while on duty.

Bro. Beckham, second trick dispatcher Gordonsville, was off a few days, relieved by Bro. Ruzinner.

Bro. Thacker, third trick dispatcher Gordonsville, and Bro. Flanagan, second Keswick, made a business trip to Charlottesville recently.

Recent assignments: Bro. Jones to second "JW," relieved on first "GS" by Bro. Orrock, relieved
on second there by Bro. Whitfield, of second Saber, now on bulletin.

Vote is now on for local chairman, the candidates being Bros. Colley and Scott.

Bro. Carr, first Strathmore, has returned from a pleasant trip to Florida.

Notify your chairman of any nons on your division, and help him make the division solid.

CERT. 514.

Hinton Division—

Bro. Mike Pfadt advanced from second to first Allegheny; L. Rucker bid in the agency there.

A. F. Bryson, agent Fayette, bid in Eccles agency, and Bro. Alderson bid in Fayette.

O. P. Ball, agent Cotton Hill, relieved by C. R. Gleason.

C. C. Hoffman, while off getting married, was relieved by D. S. Older.

White Sulphur third and second Fort Spring are now advertised.

We are practically solid on the Mountain and New River Districts, and those not referred to as brother, was only a saving of repetition.

E. V. Bleau, of Meadow Creek, is relieving on second Prince.

C. B. Seldon, maintainer of electric signals at Hinton, W. Va., for several years, who has given the best of service, is now lineman at Huntington. He has our best wishes for success.

Our districts have had several official changes recently—the combining of scattered forces into a central one and also the elimination of smaller officials seems the order of the day.

Attendance at meetings is good, but we can make it better. Come, all of you, and compare notes once a month.

New York Division—

Our regular meeting at Jersey City on Monday evening, March 16th, was fairly well attended.

Vice-President Pierson gave some valuable advice and information, as usual, which we should all appreciate and comply with. We are always pleased to have Bro. Pierson visit us.

General Chairman Husted also surprised us with his appearance, and gave a good line-up on his work.

Several visiting brothers were also present from the L. I., including Bro. Leonard. We all appreciate these visits, and hope they will be more frequent hereafter, and that many of the other brothers will meet with us.

The brothers from the L. I. gave us some good points, which, if we follow, will put us in better shape than at present. We are contemplating a visit ourselves to the L. I. brothers in the near future, although it will mean an all-night jaunt for our delegation.

Bro. Coleman is out for business. Put him wise to the "hard shells," and he will try to land them. He can not do it all, however, and each member should become an organizer.

The recent D. & H. strike is an object lesson. It was a great victory for us as well as the other brotherhoods, and shows that co-operation is the quickest and only way to get successful results.

With the assistance of the four other brotherhoods, unlimited strength is assured. This is the class we belong with, and hope to see it discussed more frequently and carried out throughout the entire country.

Senate Bill 238 is similar to the one introduced in New York State some time ago, compelling railroads to give all men in the operating department handling trains by telegraph or telephone two days off each month. We all hope this bill will be passed and become a law and be complied with. We certainly need at least two days off a month, and there is no other occupation where a man should labor 365 days a year.

Bro. Scascraft, third "HX," while off was relieved by Operator Noonan.

Third "BJ" is up for bids.

Bro. Readdy is on the sick list, relieved by Mr. Bowen. We hope for his speedy recovery.

We hear Bro. Henion, first "SJ," is soon to fall heir to his back pay. Hope it's true. He is certainly deserving of it.
Send your items to the division correspondent through Bro. Coleman, so we can have a line-up throughout the whole division and side lines. It is impossible for one or two to cover it all.

During the recent blizzard Bro. Dean made quite a name for himself by removing telegraph poles and other obstructions from the track and assisting No. 157 to Newark Jct.

The territory west of Suffern, which a few months ago was barely 60 per cent, is now fast approaching the 98 per cent mark.

Bro. Morgan Sweeney is at "JY" dispatcher's office again, and making good, as usual.

"MQ" situated far from the main line, where the brothers seldom have an opportunity to attend meetings, shows a solid front, with Bros. Garland, Angelo and Custer in charge.

Bro. McNamara and another brother visited Newark recently.

IN MEMORIAM.

Whereas, our heavenly Father, in His infinite wisdom and goodness, has deemed it best to call to her home the beloved* mother of our esteemed brother, M. S. Earl, of Harriman, N. Y.; and

Whereas, We, the members of System Division 42, Order of Railroad Telegraphers, bow in humble submission to the will of Him who doeth all things well; therefore be it

Resolved, That we extend to the sorrowing brother our fraternal sympathy in his sad bereavement; and be it further

Resolved, That a copy of these resolutions be placed upon the minutes of the division, a copy sent to Bro. Earl and to The Telegrapher for publication.

Committee.

Susquehanna Division—

Your scribe was again confined to bed with laryngitis when the write-up for March should have been sent in, and requested several brothers to write up something, but they failed to do so. Each division of the Erie should have a write-up every month.

Bros. Husted, Gallagher and Hesss went to Deposit and audited the books of General Secretary and Treasurer Bridge, which we found in first-class condition and every cent accounted for. We might look for a long time before we would find a man better qualified to hold this position.

Friday night, March 20th, we held two well-attended meetings at Delevan House, Elmira. Bros. Husted, Bridge and Gallagher were present at both meetings, and gave very interesting talks on the general situation and all matters regarding our welfare. It was a great treat for us to have these three brothers with us, as it isn't often we have this pleasure.

Bro. C. R. Elliott, local chairman of the P. R. R., also gave us an interesting and able talk on matters pertaining to our cause. Bro. Elliott's presence was also highly appreciated by the brothers of old 42. It is with pleasure that we welcome the P. R. R. brothers to our meetings. They have a standing invitation to meet with us on all occasions, and will be assured a cordial welcome. We will notify your local chairman of all meetings in time for him to get notice to you.

We trust that the remarks made by the brothers at these meetings will be deeply impressed on the minds of those present, especially in regard to each brother considering himself an organizer individually, so we can do a wonderful lot of good in convincing some of these nons why they should stand for their own interest instead of against it. There are just two positions in this matter, "for" and "against." The nons may say he is with us, but as long as he stays out he is dead against us, not only working against us, but also working against himself, and the worst of it is that he knows this.

A general manager recently told a committee if it had the membership it would not have been necessary to have taken a strike vote.

Men on this division whom we have gotten as much as $20 increase are still nons, and are asking when we are going to get them some more. Now, Mr. Non, read this over carefully, have your wife read it and explain to her what an unmanly part you are taking in this matter, and I believe she will advise you to do a man's part.

Bro. E. F. Ferguson has taken Horseheads agency. We congratulate him on his promotion.

Bro. Chester Stahl, from the P. R. R., has been transferred to Division 42. We gladly welcome him, and hope he will soon land a steady job.

We deeply regret the death of our fellow-telegapher, M. Cronin, March 18th, at Elmira, one of the old-timers on this division. His death caused deep sorrow among his many friends here, and we of Division 42 extend our heartfelt sympathy to his bereaved family.

I wish to thank the brothers for the good turnout on March 20th. I assure you Bros. Husted, Bridge, Gallagher and Elliott appreciated the courtesy.

---

Delaware and Jefferson Divisions—

We are getting ready for our spring campaign for betterment in conditions and wage scale, and need the assistance of every man in our department. There is no excuse for anyone not carrying an up-to-date card. All have received increases; and those who are not with us are against us.

Our lady monitor, Miss Theresa Conners, has resigned from the dispatcher's office, and now writes her name "Mrs."

Bro. Bridge relieved Mr. Ambrose on the Jefferson Division wire in dispatcher's office at Susquehanna, and Mr. Bush relieved Bro. Gallagher, second "DV."

Agent Sherman, of Hale Eddy, has resigned, relieved on bid by Mr. Shanley.

J. McAndrew, of Hankins, bid in "KI" third. Callicoon agency bid in by Agent Gibheart, vice Agent Bush.
Assistant Agent Sheehan, of Lackawaxen, bid in agency Shohola.

J. Vanaken bid in first "BG," relieved on second by Mr. Webster, from Cochehtan.

Allen McGuire relieved White "UB" second.

Mr. Gallaway takes third "CP," Mr. Lowery, third "SQ," and Edwards, of Shohola, second "TU."

Items from any of the brothers would be appreciated, so we could have something in The Telegrapher each month. Your chairman can not secure all the items.

The meeting at Susquehanna on March 19th was well attended, considering the bad weather, by both brothers and nons. General Chairman Husted explained the happenings of interest to all, and outlined the work we are about to take up. This will be repeated in the near future. Come and learn what is going on.

Bro. Hess, of Elmira, with General Chairmen Husted and Gallagher, audited Secretary Bridge's books and found them in No. 1 shape, as usual.

PROF.

Mahoning Division—

T. C. Eddy recently lost his wife by death, after a long illness. We all extend sympathy.

Kerr went to "SB" and "NE" pending bids.

Bailey, on an extended visit to Florida, was relieved by Ferguson.

Collopy, off on account of sickness, relieved by Heckman.

Elliott entertains the crowd Sundays on the dispatcher's phone with selections from his graphophone.

Kelly bid in second at "P," and Hemple second "SB."

Spencer, off visiting several days.

Perry off sick, relieved by McMahon.

Gellette relieved Marvin, on vacation 90 days.

Jones, called to Chicago on account of sickness of his son, was relieved by Smith.

Cassidy was visiting in Cleveland several days, and Pierson visited the railroad show in Chicago.

Look in the journal and see how many join each month. How many of these have you sent in? No other profession has as many opportunities for advancement as the telegrapher. Millions of dollars have been granted in increase of wages and shorter hours obtained. If we would all get after the nons, the Order would not have to give valuable prizes for securing new members, but this is no reason why you should not secure one of these prizes yourself. Hustle and get your share. If the nons are approached in the proper manner, you can get their applications.

Mail your journal to some non; then call on him with an application blank and a rate card. The local chairman has plenty of them, and will mail you all you can use. The Order is conducted on business principles, and will bear investigation.

"SLATS."

Canadian Northern Ry., Div. No. 43.

Fifteen new members admitted to Division 43 during the month of February, eight by initiation and seven by transfer. Seven hundred and ninety-six members in good standing at close of year 1913, as compared with 657 members at close of 1912, an increase of 21 per cent.

G. H. PALMER,
General Secretary-Treasurer.

Western Division, First District—

Signs of activity are apparent in business conditions, and traffic at the present time is equal to the same, period in last year on this division, and this district has shipped 7,000 cars of grain of the 1913 crop, which indicates prosperous conditions.

Bro. Card, of Star City, will take six months' leave on account of ill-health. We hope he will be with us again at the end of that time in the best of condition.

Bro. Fizell has returned to Hudson Bay Jct. from a short vacation; relieved by Bro. R. S. Henderson.

Bro. Harper is at the lonesome job at Ceba on the Hudson Bay subdivision.

Bro. Barr is relieving at Mininonatse until regular agent is appointed.

Bro. Mullin has been assigned to Togo, vice Bro. Dwyer resigned.

All of the men who were laid off the first of the year, on account of slack business, have returned to work either regular or on relief, and there will be plenty of work from now on.

Bro. McLeod, of Canora, called East by the illness of his father, was relieved by Bro. A. W. Butler, and later by Bro. R. A. Craven.

Bro. Ouellette, of Kamsack, had an extended trip to the East, taking in some of the big cities, relieved by Bro. Martin.

The C. N. R. Debating Society, at Dauphin, has received a new impetus by the acquisition of a talented debater in the person of Bro. A. V. Benoit.

Western Division, Third District—

Bro. Healey is now owl at Warman, vice Bro. Wert to Big Valley days.

Bro. J. J. Wilson, agent Clyde, resigned, going to California.

Bro. Henry is now at Radisson nights, vice Bro. Campbell, off on account of reduction.

Mr. Matthews appointed agent Rocky Ford on Calgary Branch.

Bro. Tilley bid in Clyde agency, relieved at Howell by Bro. Altwater, train agent on Athabasca branch.

Bro. Stevenson did not like the looks of Lamont so bid in Mundare agency, relieved by Bro. Menzie at Lamont.
Bro. M. O. Farrell goes to Calgary days. We hate to have "Mike" leave the main line. He visits old friends in Edmonton before leaving.

Cardiff station closed, Bro. Hicks acting agent Clyde until regular agent appointed, and then relieved Bro. Akin, agent, Athabasca landing, on holidays.

Business is rushing on the Calgary subdivision since trains have been running into Calgary, and two more extra train crews put on.

Some good positions will soon open on the Calgary and Brazeau branches and main line west of Edmonton.

Bro. Woods, agent Warman, while spending a few days on the farm, was relieved by Bro. Stevenson.

Bro. Ryan, agent Mundare, bid in Vegreville agency, making it solid again.

A grievance committee has been appointed for the Third District consisting of Bros. Chard, Douglas and Stevenson. "Getting more up-to-date every day."

Bro. Savage, a new man from the East, is at Cardiff.

Bro. LePage, agent St. Albert, on holidays, was relieved by Bro. Grant, who relieved Bro. Fallow at Maymont several weeks.

Bro. Guigere, from C. P. R., is at Big Valley nights.

Brothers, let's have a meeting at least every two months, haven't had one on Battleford Subdivision for five months. We should get some understanding as to what rights we are going to have in British Columbia, nothing definite about our rights west of Edmonton in our schedule now. The trainmen and enginemen have it right in their schedule, but we are away behind as usual. Better get busy, or we will miss some fine jobs in "BC." Send notes to "FD," so we can have a good write-up every month.

Bros. S. J. H. and D. J. B.

**First District, Central Division—**

We are sorry to learn of the illness of Bro. Revell, night chief "WI" office. His cheery "OK R GE" is missed by the boys along the line. His speedy recovery is hoped for. We now can say Bro. F. Lea, at Brunklid.

Mr. Marshall and Mr. Richens, at Swan Lake and Holmfield, are still hanging out, so we can not call the Second District soli.

Bro. Sievers is now working second trick on branches, and Bro. Skelding on swing, and Bro. Ladd is second on main line.

Bro. Fink is contemplating a trip to North Dakota early this summer.

Bro. Dench has returned from the East, much improved in health and happy in the possession of a brand new daughter. It keeps "Hank" busy now, catching enough sleep in the day time, as the new arrival has a splendid pair of lungs.

**Rapid City Sub. Division, Third District—**

The long cold spell has broken at last and we are now enjoying spring-like weather.

Isabella and Decker stations were closed on January 15th, but a delegation of the Board of Trade from the former place interviewed the officials with the result that the station was reopened January 22d, having been closed only one week. Bro. W. O. Davies, former agent there, bid it in. Decker reopened March 24. Former agent, Bro. MacLennan, bidding it in. These two brothers filled the position of carctakers at their respective stations during the period they were closed, which gave them an opportunity to enjoy the winter sports. A number of jack rabbits fell victims to their deadly aim.

Nearly all elevators on this branch are filled with grain and business should improve with the arrival of real spring weather.
Halifax & South Western Ry., Div. No. 43.

Bro. Jollymore was in Halifax to meet Bro. Robertson and the superintendent in regard to increase, so brothers and sisters keep up courage, we'll get it yet, and don't forget your cards; remember the motto, "No card, no favors."

Columbus Division—

The more members we have the better showing we stand at Savannah. It is now Bro. L. K. Sides relieving at "SD." A good fellow, a good operator and some dispatcher. We are glad to have him with us. It is also Bro. Featherstone, who relieved Bro. Coleman, Union Springs, ten days.

Bro. R. I. Winfree, third Opelika, spent ten days at Hamilton, Ga., relieved by Frank Hill.

Some of the conductors are not giving us a square deal on the "fome" proposition. Be sure they don't use yours. One of them seems to like the fome so well that we are thinking of buying him one.

Understand there are several corrections to be made in our seniority list before it can be printed.

Send your local chairman a copy of your bids, so he can be sure we all get what's coming to us.

Bro. Houston, who relieved Bro. Carlisle, agent Inverness, and Bro. W. D. Corley, agent Colgate, off account sickness, later took the mumps, and was relieved by Bro. Cowdon, from Camp Hill.

There is some talk of a union passenger station at Sylacauga with the L. & N., which might help us some.

Bro. E. C. Norris, agent Luthersville, who has been off sick for some time, had a relapse; Mr. Newberry relieving.

Agent Seale, off with eye trouble, relieved by L. W. Owen.

Third Trick Dispatcher Connelly, attending dispatchers' meeting Jacksonville, Fla., relieved by Extra Dispatcher Sides.

Win. Crye, agent Hamilton, off with smallpox, relieved by Bro. "SW" Miles, who later took the measles, relieved by J. O. Bolt, who also relieved Bro. G. F. Pollard while hunting; Bro. J. D. Wallis, agent Jackson Gap, and Bro. Darling, at Roanoke, a few days.

Bro. P. G. Moss, agent Ellaville, was in Columbus seeing the bright lights recently.

Bro. Goodwin's mother, at Sylacauga, is very low. We hope for her speedy recovery.

We have only three nons in our territory now and whom we expect to line up soon to save correspondence and work for chief dispatcher and everybody. Brothers, kindly try and render your "form 59" promptly, daily and correctly.

Bro. E. N. Ream, Margaret Jct., off a few days, was relieved by Bro. Houston, who also relieved Bro. C. J. Conaway, Jr., a day or so.

Bro. A. M. Warlick, Opelika, lost his brother at Cusseta recently. He has our sympathy.

First Goodwater cut off for the summer. Bro. Rawls, the agent, will do the telegraphing. Bro. Brown to second and Bro. Featherstone takes clerk's job.

Bro. Wilkerson is trying for one of the premiums and has seventeen already. If he gets more he will have to go off this division. He owns a half interest in this write-up, and there is always room for one more. Anything sent to B. F. Jinnett or C. J. Conaway, Jr., Box 114, Leeds, Ala., sure will be appreciated and we can have a write-up every month.

CERTS. 478 AND 590.

Ann Arbor Ry., Div. No. 48.

Bro. Miller, third Hallet, while on his way home on his motorcycle was struck by an automobile and laid up several days with a badly sprained hand and arm; Bro. McCollum, local chairman, relieved him.

Bro. E. E. Hisey, who was struck by a P. M. switch engine while going to work, had two ribs broken and his arm badly sprained, but is recovering rapidly.

Ex-Local Chairman Bro. G. E. Lanham is with us again and is now clerk to Mr. A. D. Cole, general yardmaster at Ottawa yard, who recently accepted a similar position with the Grand Trunk at Durand. He will be relieved by Mr. G. H. Smith, of Owosso, Mich.

The M. C. and A. A. have installed a new interlocker plant at Alexis. This is a three-trick tower and all solid O. R. T. men enjoying the benefits of the M. C. schedule, a difference of about $20 to $30 a month, due to the fact that the M. C. is 95 per cent solid. That is what we are going to make the A. A. Ry. We want to get all the boys lined up this coming spring. Dig our old schedule out of the attic, brighten it up and let the company know that we have one. Wake up, brothers, and send in some real live news for the journal each month, and let others know that we are still on the map. That will help some.

Bro. O. A. McCollum has been appointed local chairman, vice Bro. Terrill, resigned.
There are plenty of good men on the road who with a little encouragement would get a new up-to-date card, especially the ex-brothers.

Several brothers belonging to other divisions will soon be transferred to this division.

Let our motto be "No card, no favors."

Business is fair and the Northern Michigan resort and Sunday excursion trains will soon be put on.

Anyone knowing some brother on the Third Division who would act as local correspondent kindly advise Bro. McComb, local chairman, 526 Woodland Ave., Toledo, Ohio, so that each month we can have some items in THE TELEGRAPHER. Be sure and get all items to him on or before the 20th of each month. Every member be sure and send something. We have not had any items in for some time. Let us all get busy in earnest.

CERT. 145.

First Division—

California fruit movement east and tourist business west was pretty good during March.

Sister Washburn, Burnham, in the hospital, relieved by Bro. C. M. Morris. Mr. Triplett, Castle Rock, called to Denver by death of his brother, was relieved by Bro. J. W. Brooks.

Bro. Sam Rohr now at Carlisle, Routh at Sample and Reed at Swisvale. Echo up for bid.

CERT. 41.

Fourth Division—

We wish to congratulate and heartily welcome the brothers who recently joined, as we feel that they will be an honor to our organization. The old brothers of this division are to be highly complimented on the good work they have done towards making Division 49 solid. There are only a few now on the outside. Let each member do his part and make this division 100 per cent.

Recent new members are: G. T. Bailey, H. W. Wallace, J. J. Graves (cashier Espanola), J. G. Sipple, J. A. Kuhn and J. E. Graves, agent Silvertown, who was a member about fifteen years until he left the telegraph service. Let's keep up the good work.

Bro. Grace, who relieved Calkins, clerk at Garland, while the latter was sick, is now considering an offer as timekeeper for the Trincheria Estate Company.

Bro. Sipple, who was suspended on account of some trouble with a captain of militia at La Veta, is now cashier at Trinidad.

Bro. O. G. Cummins, agent Lumberton, was off a few days, relieved by N. O. Orobins.

Surveyors are now working on the Hallock-Howard Lumber Co. spur from Caliente.

Business is getting better on the "Chili Line," loading cattle for Santa Fe, Espanola and Servilleta.

Osier station closed for the season March 11th, Bro. Smith returning to Denver.

We are glad to hear that Bro. McCully's smallest daughter is recovering, after a severe sickness.

Bro. Lively, of Cumbres, reports the columbinies in bloom. He caught a couple of wolves and a coyote during the winter, but the foxes were too quick for him, if he is "Lively."

We are looking for three or four more applications before this goes to press, and hope to be able to announce them in the next issue of THE TELEGRAPHER. Things are brighter than ever. Do not stop until we land the rest of the nons, and remember our motto: "No card, no favors."

Wish to thank the brothers who sent me notes for our write-up this month. Keep up the good work, and we can have a line from this division each month.

"CR."

Southern Pacific Ry., Div. No. 53.

Portland District—

Beg Bro. G. H. Smith's pardon for requesting "somebody" in the February write-up to "get after" him. This is an error on my part. Bro. Smith is up-to-date.
Mr. L. R. Fields, after being with this road for some forty years, thirty-nine of which he was superintendent, has decided to retire from active railroad work. All classes of railroad men regret this very much, as we will have to go very far to find a man who always treated the men under him with the utmost appreciation of their services. There was a big festa given in his honor at Portland, on March 7th, which all the railroad men who could get away attended, there being some 300 present. The good things said about Mr. Fields at the dinner in his honor were well merited. He is a part of the history of one of the great railroad enterprises of Oregon. For a great many years he was the man behind the gun in the operation of the Southern Pacific system in this State. His career with the company began when a passenger train ran each way between Portland and Roseburg, another between Portland and Albany, and one between Portland and McMinnville on the west side constituted the entire train service. It was during his connection with the company that the line was built through from Roseburg to Redding and from McMinnville to Corvallis. From a crude system as the Oregon & California, then as a part of the Oregon & Transcontinental, and finally as the Southern Pacific, Mr. Fields was with the road in its process of expansion into a splendid system of smooth roadbed, excellent equipment and effective service. He was a part of that transformation, and by reason of the achievement has fairly earned the retirement and rest that should be the sequel to his long period of grave responsibility. Communities know little of the hosts of railroad workers. There is an army of them—able, conscientious, versatile, brilliant, honorable and amiable. They are a great trained body of highly skilled captains and lieutenants of transportation, who are the soul and life of the railroad systems. Our dear and always favor-giving superintendent, Lewis R. Fields, has been one of them for nearly a generation.

Local Chairman Buuy, on a grievance in Southern California, was relieved by Bro. G. H. Smith, as agent Oakland, and he by Bro. O. E. Duncanson, from the Puget Sound Electric Ry. Welcome to our ranks, Bro. Duncanson.

The following is in the Los Angeles Division write-up for February:

"We must insist that not the slightest abuse of the schedule be tolerated, at the convenience of the company, or for the benefit of any special member. Slight abuses, if allowed to creep in from time to time, might destroy the effectiveness of portions of our agreement. This was the case of our schedule just superseded, where part of it became almost inoperative."

This you all know applies on this division as well, and positively must be lived up to.

Bro. G. F. King, agent Cottage Grove, off thirty days, was relieved by Bro. H. A. Tibbils, an lie, by Bro. McLemore.

Bro. J. E. Jacobson has gone to his assignment, third Roseburg, relieved at Harrisburg by Bro. Nicholas.

Bro. J. S. Prime said the call "Z" did not jibe with his sign "J," so has gone back to his old stand as agent Monmouth.

Bro. C. E. Deakins, first Eugene, has taken his assignment at Dallas, relieved by L. J. Wilkinson. Assistant Superintendent Capt. May has returned from Arizona, where he went after his fall at Myrtle Creek.

Bro. Geo. D. Darrow, who took his wife on a hurry-up call to Stockton for an operation, has returned and relieved Bro. R. Hickman at Wolf Creek agency, who went to his assignment as agent Turner.

Bro. August Brunken, of Grants Pass third, taking lessons in tango dancing, is scheduled to appear shortly before Medford's 400s, to give them some lessons.

Bro. J. F. Knox, extra from Dallas, to second Glendale, relieving Bro. F. H. Newell, to his assignment third Brooklyn.

Bro. O. C. Purkeypile, fourth Medford, is gradually moving the freight department into the passenger office, but notices no slump in business. From the way the Pro numbers are piling up he will probably have to go back on a twelve-hour trick to keep up with the times.

The boys on the O. W. R. & N. made good in the recent try for a new schedule, but I have not learned what they gained. Hope some brother from that line will favor me with some news about it, so I can give it to the rest.

Bro. T. M. Boyd is to blame for the seniority not being out as stated in the February issue. He figured out his station balance one night on the back of a corrected list, then burnt it up.

What excuse has Mr. Mahoney, at Grants Pass, for not coming in when the Order has secured an advance to his monthly pay check?

Bro. C. A. Nelson, from Turner to his assignment as agent Leland, relieving Bro. Damoshofski, in Portland, taking in the sights.

Bro. E. C. Simpson, agent West Fork, on a hunting trip, relieved by Bro. Crimp, he by Bro. Gaines, relieved by Bro. Lacey, who holds card dated 1889, the last year he telegraphed until now, when he had the misfortune to break his shoulder while on the P. E. & E. as conductor. He is known by the undersigned and is O. K. He certainly will come back in with us if he stays in this department.

Bro. Crimp, looking for some plan to reduce his weight before the hot weather sets in, was told to stop eating for a month, but declined.

Bro. Tom May, third Drain, while in Portland telling them about the war in Mexico, was relieved by Bro. Nicholas, who later relieved Bro. H. M. Wilcox, off for the same thing.

W. O. Miller, now with the Pac. Tel. & Tel. Co., Medford, made a hurry-up call to Portland recently, not having been there for some ten days.

Bro. J. M. Isham was at Mr. Fields' banquet, as well as other brothers, whose names I was unable to get.

Have as yet not had any news from the branches. Hope they will wake up and get in with the main
line. Received only a few notes this time, for which I am thankful, but hope every brother will get in and pull or push; we can beat every division in 53 for a write-up if you will all favor me with just a note or two.

G. M. LESLIE, Div. Cor.

Los Angeles District—

The Southern District has been extended to include the Coast and Western Divisions. The general superintendent's position on the Southern District has been abolished, Mr. H. V. Platt made assistant general manager of the Southern District and Mr. E. E. Calvin has gone with the Oregon Short Line as general manager.

I wish to impress upon the membership the importance of notifying Bro. L. W. Quick, Grand Secretary and Treasurer, and Bro. D. W. Koppi-kus, general secretary and treasurer, of all changes in your address, so important communications from these offices may reach you promptly.

My attention has been called to the great number of telegraphers, especially new men and nons who know absolutely nothing about a switch board. I have been asked to bring this before your attention and ask you to make a study of it and try and improve along this line. This is one of your most important duties.

Mr. E. L. King, our new superintendent of telegraph, was agent at Verdi, Nevada, about fourteen years ago, and was then local secretary of the O. R. T. on that division. Later he has been trainmaster at Dunsmuir, Cal., for a number of years.

Our new application blanks have explicit instructions printed on back and same should be followed closely.

February 24th Indio was made a dispatching office, opened by Mr. G. H. Marsh, first trick, and "Desert Chief" W. W. Burns, second, and F. V. King, third. Later Burns to Bakersfield, relieved two days by G. E. Matteson, latter relieved by C. P. English, and he by J. H. Davis, from Iris. Los Angeles to Yuma was split into three districts, one set from Los Angeles to Colton, one set Colton to Indio, and the Indio set Yuma to Indio including Imperial branch. It is hoped this arrangement will be made permanent. Main line battery has been installed at Indio, feeding both dispatcher's wires and a thirty-two-strap switch board is to be installed.

C. P. English returned to Los Angeles, relieving Dispatcher McKinley, second Coast, who relieved J. A. Day, night chief, a few days.

Bro. F. Rothman relieved Bro. Wm. Fitzpatrick, first Shorb, one week, on account of sickness, then to River Station third, relieving Bro. Sam Woodworth a few days.

Bro. V. E. Watson, a new man, is at Iris, vice Bro. Davis.

John Beaton, relief man from "BD," San Francisco, is in "NG," Los Angeles.

Bro. C. L. Fridell, second Edom to Santa Paula extra, relieved by Bro. C. R. Weitz.

Bro. R. H. Hobgood, second Imperial Jct., on a year's leave to engage in mercantile business, relieved by Bro. A. F. Thomas. This trick will be bulletin temporarily for one year.

S. F. Willard, agent El Centro, off on account of sickness.

Townsite opened at Imperial Jct., and post office name changed from Hobgood to Niland.

A. T. Sullivan, with eleven months' seniority, wishes to transfer with someone in Los Angeles Division. Write him at Caliente, Cal.

Am pleased to inform you that during the prize contest of 1913 I won a specially made watch charm for having secured fifteen new members up to time of my appointment as local chairman.

This is to announce that on Sunday, July 12th, a big telegraphers' meeting will be held at the Labor Temple, Los Angeles, details to be announced later. This date has been named as "O. R. T. Memorial Day" by Bro. H. B. Perham, president, in accordance with resolutions passed at the Baltimore, Md., convention, in honor of Bro. A. D. Thurston, founder of the Order.

H. J. Hicks relieved Bro. I. B. Carl, third Burbank, a few days.

Mr. Logue is temporarily at Carpinteria.

After three weeks' sickness our veteran Bro. H. C. Powell is back on second Chatsworth.

Keep me advised of all irregularities.

A. H. HAMMOND, Local Chairman.

Coast Division—

The old Salinas River during the last storm cut the bank away at Harlem, or, old Riverbank and Milepost 154, just below Metz, by the thousand tons, but Mr. Ahern kept showing on, dumping in hundreds of carloads of rock, and driving piles, and by building a shoofly around it kept the trains moving. A temporary office was opened at Harlem, with Bro. Morebeck in charge.

Salinas nights reopened, with Bro. Bramlet as night ticket clerk, an old-timer from the Burlington.

Bros. May and Allison went to Watsonville Jct., and Bros. Shackelford and Pittman to San Luis Obispo during the storm rush. Mr. Mansfield, clerk at Watsonville Jct., appointed to the new Atascadero agency.

Cashier Hylton, San Mateo, relieved Bro. Green, who went to the general hospital for an operation. 

I am indebted to Bros. Werner and Smith at Gilroy for items.

Bro. Kramer, agent Tres Pinas, was relieved by a few days by Mr. Miles.

Bro. Morebeck, Harlem washout, relieved by Bro. A. P. Shackelford, returned to second San Ardo.

Bro. Jenkins, agent for the Delaware & Hudson, on vacation in California, visited your correspondent while en route to Los Angeles. 

Local Chairman Bro. Ward, off several days on account of sickness, relieved on second San Jose by Telegrapher Rouse, Western Division.

Mr. Davis assigned agency Glenwood, vice Mr. Miles. Some of you boys up near him do a little missionary work.

Our new seniority lists are out, thanks to Bro. Ward, who made them up, for their completeness. Any brother can obtain one by writing him at San Jose.

Bro. Hoon, agent San Lucas, spent several hours in Watsonville Sunday night recently.

Assignments: Agencies—Aromas, Bro. C. Charles; Glenwood, E. N. Davis; San Ardo third, Bro. Luttrell. 

"HS," Cert. 1558.

We welcome Bro. W. A. Troutman at Mojave, making that place solid again. Invitations have been sent to all the members of the division to attend "Judge O'Neil's day" at Mojave Easter Sunday. Bro. Jerome O'Neil will be the host for the day, and a large crowd is expected.

Bro. F. B. Lardner, agent Ravena, off thirty days, relieved by G. H. Frederick.

A telegraph office was installed in a box car at Rusta while damage to the track east of Vincent, caused by the recent storms, was being repaired.

Bro. T. D. Towles, while visiting friends in Los Angeles and Fresno, was relieved at Mojave by Bro. F. L. Moorman, of Division 2.

Kelly and wife took a motorcycle trip to the poppy fields east of Bakersfield on Sunday recently. All the operators in "K" office, Bakersfield, now have either a motorcycle or an auto. "K" is no place for Bro. Day. R. B. Mould is now society reporter for a paper there.

Bro. C. L. Coleman, of Bakersfield, is now operator and lineman for the Postal at Mojave.

Blume has been appointed general chairman of the Ladies' Auxiliary on Division 53, and the members of that department on this division are highly elated because of her securing the appointment. The ladies will hold a meeting at Mojave on Easter Sunday in conjunction with the O. R. T., and Sister Blume hopes to secure the applications of all the wives of the operators present who have not already joined.

Brothers, have you noticed how much more the telephone is used by trainmen and enginemen since several offices have been closed on the hill, and do you realize what it means? Div. Coa.

Tucson Division—

Bro. Christian and Cull assisted me with the write-up this month, but the others either forgot or overlooked it. I would like to have Bro. Hibbs, Lawrence at Bowie, O'Brien at Gila, Bechtel at Lordsburg and Del Buono at Cambray, help me out next month.

The lists I recently sent over the division to purchase a present for Local Chairman Cull in appreciation of his work on the general committee, have all been returned, a total of $100.50 being received. The fifty cents was used for stamps and the balance forwarded to Bro. Cull in a bank draft, requesting him to use it in any way which would best suit him. In acknowledging the receipt of the $100.00 draft from Yuma, Ariz., on March 12th, Bro. Cull said:

"I can not find words to convey my deep appreciation for this gift. Coming, as it did, at a time when I am greatly in need of some ready cash, it is more to be appreciated than a present of a like value; however, in order that I may have some visible evidence in the future, I have decided to purchase myself a roller-top desk with a portion of this cash, the desk being an article of furniture that I have long felt the need of, more so since assuming the duties of local chairman, but have so far been unable to afford it.

"Through you I desire to thank the members for this token of their appreciation and good-will, and in particular the members of this committee—Bros. Butler, Stanley and Wilson—whom I feel were the prime movers in this matter, and to assure one and all that I shall continue to put
forth my best efforts in their behalf, whether filling the office of local chairman or as an ordinary member.”

The following is Brother Cull’s letter of thanks:

To the Members—

“Brothers—I wish to acknowledge receipt of your handsome present of a bank draft for $100.00.

“Your appreciation of my work while a member of the reduced general committee would of itself have been ample compensation for my efforts in your behalf.

“Your added generosity is indeed gratifying, and coming as it does after a severe illness makes me appreciate it all the more.

“The purposes of our organization and the welfare of its members places a duty on every member to labor for the common good, and if my work has been productive of any beneficial results I feel that I have only performed the duty which we owe one another and which I sincerely hope I will ever be able to perform.

“Thanking the members of the Tucson District for their kind remembrance, and trusting that I may continue to meet your esteem, I am,

“Fraternally,

“T. T. Cull, Local Chairman.”

R. E. Walsh, from Gila, relieved Bro. W. P. Larcey at Wellington, who went to Tucson hospital unconscious from a stroke of paralysis. Bros. Stanley, Wilson and myself were out to see him several times, and on March 13th, after being there three weeks in the hospital, he had not yet regained consciousness. He will probably be moved to San Francisco hospital if no improvement is shown soon. Bro. E. M. Brough, returning from Tucson, relieved Mr. Walsh.

F. V. King, “CY” ticket office, went to Indio as extra dispatcher during the congestion caused by recent wash-outs.

Bro. W. Brusha who relieved Bro. Black at Mescal a few days, later relieved Guy Edwards, Picacho, resigned.

Bro. H. F. Dumond, on Wellton agency, relieved by R. E. Walsh, on second there.

Bro. J. S. Geraghty, from Division 8, relieved W. C. Jordan, second Bowie, to dispatcher’s office Tucson.

Bro. B. D. Mahoney, Jaynes, while taking his wife to hospital for operation, was relieved by Z. B. V. Wilson, who later relieved Bro. R. D. Jones, making improvements on his homestead.

Bro. Geo. L. Gallaher, cashier Yuma temporarily, has returned to the “Milwaukee.”

Bros. McCandless, Hettinger, Brough and Warren were recent Tucson visitors.

The assignment to third Welton on last bulletin should have read A. Halliday, instead of J. H. Cloonan.

Two new members and three transfers in February. It is now Bro. Healy, agent Red Rock, and Bro. G. N. Wilson, first Maricopa.

Boys, after making the combination 14221, leave your key open four or five seconds so that we can see the lamp. The combination rings a bell to call our attention and then lights a lamp so we can tell which wire it is.

Bro. Hibbs, agent Dragoon, a busy man. The Johnson Dragoon and Northern branch of the S. P. Co., has been leased from the S. F. by people opening up the mine at Johnson, who are delivering eight to ten cars of ore daily at Dragoon.

“BC,” Cert. 2099.

Bro. G. C. Hoffing, third Lemay, resigned, relieved by E. H. Gibson.

Bro. W. R. Rich took Mrs. Rich to Ogden hospital to have an operation performed; relieved by McCann. Mrs. Rich getting along nicely.

Sister Gannon, who relieved Bro. Grauvogel, at Lakeside, while he attended court at Salt Lake, for the company, later relieved Mr. Larson, first Lovelock, and then went to Reno hospital to undergo an operation. We hope for her speedy recovery.

E. L. King, appointed superintendent of telegraph at San Francisco, vice F. S. Rawlins, deceased, was formerly agent for S. P., and Justice of Peace at Verdi, Nev.; promoted to Sacramento Division dispatcher then chief at Dunsmuir dispatcher, and later to trainmaster Shasta Division, at Klamath Falls.

Bro. A. D. Radcliffe, on first Winnemucca, pending bulletin. Bro. W. B. Owen, night ticket clerk Winnemucca had the sad misfortune to lose his wife during the latter part of January. He has the heartfelt sympathy of Division 3.

Boys, it only takes a moment's time to make a note and mail your items to Bro. Grauvogel, at Lakeside, who will consolidate the news from the division, and give us a good write-up each month. Notify him of the changes at your respective stations. Give the dispatcher prompt service, and show your genial chief that you are willing and right on hand when needed. That is the kind of men who gain promotion and get all that possibly can be given them.

G. H. & S. A., El Paso Division—

Assignments: Pumppvill days, A. J. Hoffman; Marfa third, W. A. Floyd; Valentine third, Hickerson; Sierra Blanca agency, Barnhart; Ft. Hancock second, C. L. Bush; El Paso eighth, Williams.

Vacancies: Marathon agency, Ft. Hancock agency, Marfa second, Sierra Blanca second, El Paso tenth, Houston nights.

We have a bill pending in Washington, at this time, that will bring trainmen under an eight-hour provision of the hours-of-service-act, if a single train order or message pertaining to train movement is received or sent by them. Have you written your Congressman?

Bro. Pratt, the bugero of "RK," El Paso, believes in concentration: by putting the whole work on the smallest possible lead platform.

Bro. Nat Kolten has been called East by the serious illness of his sister. We hope she will have entirely recovered long ere this is in print.

Bro. Graves, "RK," El Paso, is back from a two weeks' hunting trip near Sierra Blanca. As Bro. Polk, too, was off, suspicion has it that the latter was doing guard duty in the rear of his lot. Polk raises ducks—when they hatch—and when they don't.

Bro. Roberts has gone to Sierra Blanca to relieve Bro. Hoffman, who goes to Pumppville.

The faster Bro. Williams sends the faster moveth his lips.

An eastern pastor says: There will be no baseball in heaven. Now what harm has Bro. Stewart done to St. Peter?

The little drops of water,
And little grains of sand,
Are getting shot to thunder,
Along the Rio Grande.

G. H. & S. A., Victoria Division—

Bro. Skiles, agent Ganado; Bro. F. Harris, agent Thomaston, and Bro. Black, operator Wharton, have re-enlisted in the Order. Welcome. We hope the three new men on the division, Agent Williams, at Pierce, and Telegraphers Ganado, Ford and Edna, will also line up.

Bro. Reinhart, who bid in operator's position Ganado, has gone to Beasley as agent, where, we understand, he will make a home for his bride. Congratulations to be in order about the close of school, when a box of cigars will be forthcoming.

Bro. Isaacson, agent Beasley, on vacation, will go to Westhoff agency, his assigned position, on resuming duty.

We are well on the way to a solid division. Our local chairman has worked like a trojan lining it up, and we are more than pleased with his success.

Wells Fargo is to establish an express office at El Campo, independent of the railroad company, but with the support of our contract. Bro. Rice probably will not suffer any financial loss.

We acknowledge a brief but pleasant call from Bro. Cowgill, general chairman, on his way to Port Lavaca to confer with Bro. Alexander.

Char. 1715.

H. & T. C., First Division, North End—

We are now building a new agreement, and between its presentation and the time when the officials meet us is when we should all be busy organizing, keeping the committees informed of any changes at our stations, relative to added work, reduction of force and anything else of advantage in presenting arguments in support of our demands, so I hope each of you will from time to time advise us of anything you think will benefit us in the negotiations.

The dues will be the same as heretofore until after June 30th, when they will be raised to $12 a year.

Bro. Starr, agent Anna, had to close up shop one day on account of the serious illness of his baby boy, whom we are glad to report is on the road to recovery.

Bro. Hardaway, agent Melissa, is branching out in the poultry business.

Bro. Jim Caldwell, Ferriss days, and former city official there, relieved Bro. Darwood, extra agent,
Bro. Greene, the dynamiter, is sporting a new bay window in his shack at Hutchins.
Bro. Vaughn, second Ft. Worth, visited friends in Corsicana, and stopped off to see the writer, while passing through Ennis.
Bro. Jackson, third Mexia, was recently married. Congratulations.
Bro. Garland, agent North Zulch, has gone out on his farm on a ninety-day leave, relieved by Bro. Frost, from the T. & B. V. He has promised to send us some baked possum.
Bro. Robertson, agent Fallon, is off sick, relieved by Bro. Darwood.
Bro. Frost, extra, second Bremond, was relieved by former Bro. Cayce, who has been out of the service several years.
Bro. L. C. Moore, Calvert days, has gone to his goat ranch in New Mexico, relieved by Bro. Pitzer, relieved nights there by Mr. Evey, U. S. Signal Service.
Remember that the nons are the greatest drawback we have. Let’s all join in converting them.

Local Chairman.

H. & T. C. First Division, South End—

Recent bulletin assignments: Telegrapers—Second Sherman, Bro. H. L. Griffi; Dallas, J. K. Cayce. Days—Ferris, Brg. C. E. Foster; third Bryan, Bro. J. E. Pitzer. Agencies—Millican, Bro. C. H. Darwood; Rice, Bro. C. W. Priest. Cayce, Dallas, promises to line up soon, which should help us get the last of the boys in Dallas office. Bro. "Josh" Billings, from Bryan, is there, and will no doubt get busy.

There are several places on the line where a card man is working side by side with a non. While we are resting they should get his application. If we allow these few nons to remain among us, it is our own fault. One or two men can not do it all, but if each individual member will make an effort, we can make this line solid. Observe that worthy slogan, "No card, no favors," constantly. You are injuring yourself unless you do so. Support our officers, clear the line of nons and we will soon "get there."

Bro. Laisure, local chairman, is at "JO" again. You will note from this write-up that there is class to him.

Mr. Drayer is at Courtney agency pending bulletin.

It is now Bro. Taylor at Prairie View. Some one get after the agent at Cypress.

A change or contemplated change, or any other news, although it may not vitally interest you, may be of great interest to other readers of the journal. Drop me a card, noting such items, before the 25th of each month. We can then have as good a write-up as Bro. Laisure sends in for the north end.

Remember, “No card, no favors,” and the necessity of individual work on everyone’s part to make this division 100 per cent strong.

W. F. Davis, Div. Cor.,
College Station, Texas.

H. & T. C. District, Second Division—

We are looking forward with keen interest for the new schedule of wages and better working hours the general committee has been trying to perfect now for two or three months with the management at Houston. No class of workers need better conditions any more than we do, and we feel sure we are going to get them.

The Sunday extra freight train east on the west end from Llano to Austin, causing us to do freight work on that day same as any other, simply to please the freight train crew, ignoring our feelings in the matter, we feel is an injustice. This freight train is scheduled to run daily except Sundays and handle passengers, but instead it is run extra Sundays and annulled Mondays and does not carry passengers either Sundays or Mondays, creating confusion in public service and cheating us agents and operators out of our day of rest.

Mr. Millstead, Lampasas, expects to soon be a brother, and C. N. Chamberlain, of Llano, enrolled with us this month. We have good material at Burnett, Marble Falls, Liberty Hill, Giddings and other places. Help us to line them up.

Bro. Rummell, at Leander; Schermersen, at Burton, and Fishbeck, at Chapel Hill, have been appointed on the division safety committee, and will get a trip to the capital city once a month.

Elgin tower has been assigned: Bro. Davis, first; Bro. Cunningham, second, and Bro. Forsen, third.

Giddings union depot first, overlooked when it first opened up, is now on bulletin.

In order to see us represented in the telegrapher each month with a nice write-up, each brother should do his share in furnishing the local secretary with a few items on or before the 20th for the following issue.

Local Secretary.

Louisiana Lines—

Following are new members: F. W. Geshefski, P. J. St. Romain, L. H. Guidry, J. Whitmeyer, L. M. Ducote, F. B. Perkins, U. Mauberret, R. S. Salsman, L. M. Firmin. This shows the good work of all combined. Let’s get in the rest and make it 100 per cent strong. No card, nix mit the favors.

Meeting held by General Chairman Cowgill in New Orleans, February 14, 1914, not as well attended as was hoped, owing to short notice, inability to secure relief and bad train service. The sixteen present made up in enthusiasm what they lacked in numbers. Meeting called to order by Bro. Wells, local chairman. General Chairman Cowgill made a very interesting talk, and
explained in detail the proposed contract and the changes.

Bro. Vonau, the original "war horse," gave some interesting reminiscences of old times and the struggles he, together with others of the first general committee, had in securing our first schedule. While it is regretted that none of the boys from off the line could attend, yet the meeting was of general good, and its effects have already been felt.

We all regret to hear of the fire in New Orleans on March 7th, in which Bro. C. G. Moseley's residence burned; total loss about $2,000, with $500 insurance.

The local chairman desires to thank Bros. F. G. Tubbs, H. L. Feske and O. F. St. Blanc for their assistance in securing new members. Such services cannot be bought, and shows what a few earnest brothers can do.

Telephone service has been put in between Bowie and Raceland, cutting out telegraph office at Raceland Jct., all business handled over the phone. A resonator has been put in at Bowie, all instruments fixed and all new wiring.

Bro. B. F. Brubacher was off a few days, relieved by his son, O. B.

Bro. O. Champaigne relieved Bro. E. C. Mahan on Patterson third, who went to Morgan City second.

Botte second trick closed. Bro. Champaigne, of third there, while attending the funeral of his father, was relieved by W. C. Bienvenu.

Houma telegraph office closed and phone put in between there and Schriever, making "B" handle all the business.

Bros. H. L. and A. H. Feske attended the wedding of their sister at Franklin, La., March 26, 1914.

Refer to last paragraph of March bulletin, and be sure you do as instructed.

"FS," Cert. 2179.

IN MEMORIAM:

WHEREAS, Our heavenly Father, in His infinite wisdom and goodness has deemed it best to call to the great beyond the beloved father of our brothers, A. and P. Champaigne; in manifestation of our fraternal sympathy, be it

Resolved, That the members of Louisiana Division, System Division No. 53, O. R. T., extend to the sorrowing brothers and family their sincere and heartfelt sympathy in their bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brothers and family, and also a copy forwarded to The Railroad Telegrapher for publication.

H. L. FESKE, for Div. 53.

Northern Pacific Ry., Div. No. 54.

Seattle Division—

Brothers and sisters, I trust you have all paid your dues in the local fund, thereby showing the same spirit in maintaining it as you did in creating it. I highly appreciate the good judg-
Bro. Leland, Fremont, came in last November, and Mr. Morrison there promised faithfully to do so not later than the first of the year. On the strength of that promise I handed him a seniority list, but although I reminded him of his promise then and visited him after March payday, I was put off again until the end of this term.

Do not forget to pay your dues promptly, and attend meetings when possible. You will be surprised at the interest it will create. Set aside a day or so every week in doing something towards strengthening our division, give the company the best service you can and show the officials that Order men give the best service. Offer any suggestions you may have and I assure you they will meet with our full consideration and prompt reply.

You may cut from your seniority lists Nos. 101, 111, 112, 125, 135 and 138. No new additions.

In future meetings will be held at Auburn second Saturday of every other month, beginning with April; at Cle Elum second Saturday of every other month, beginning with May; meetings to start at 10 a.m. and 7 p.m. unless otherwise ordered. On the north end meetings are hard to get to on account of train service, but if possible will arrange for them later. Former attempts at meetings on the north end have met with poor attendance, so am not very optimistic about calling them, but if anyone has any suggestions they will be appreciated, and I hope we may find some way of having them.

R. C. BERGEM, Local Chairman.

Seattle Division Notes—

Bro. Hainsworth awarded the operator-agency Thorp, vice Mr. Mounce, to Sumner days, on bulletin.

Agent Gillett, Cle Elum, ptomaine poisoned recently, was fixed up by Dr. Kirby, the company doctor.

Sister Jonas, first Nelsons, was relieved a few days by Bro. Palmer, while visiting the Sound.

Bro. Shorty Anderson, second Upham, on three months' leave, to try his skill with the Associated Press at Helena, Mont., was relieved by Miss C. E. Erdman, who has been relieving Sister Robinson, days Maywood.

Bro. Fenner, third Martin, off a few days to attend to business connected with the F. & S. sweatshop at Auburn, owned by Sister Fenner and Mrs. Saxton, relieved by Bro. Burghard.

Bro. and Sister Dawley, first and second Weston, visiting friends in Tacoma, relieved by Sister Morgan and Sister L. F. Rivett, latter relieved by Sister Leeper.

Bro. Tom Curren, first Ravensdale, on visit to his home in Maine, it is reported, to be married. Congratulations.

Auburn yard office reopened after being closed three weeks, with Mr. Carr on first, Bro. Palmer on second, and Bro. Gould on third, pending bulletin.

Owing to the failure of the Christopher, Knickerbocker and Howard Bank, at Auburn, quite a number of the brothers and sisters, and other Northern Pacific employees have lost their savings. The depositors may realize about seventy-five or eighty cents on the dollar.

The company is installing automatic block between Cle Elum and Easton, expecting to have it completed about June 1st.

Pasco Division—

The employees of this division have organized a baseball team with which they hope to beat all teams between Spokane and Ellensburg. The organization started by the clerks in the superintendent's office will take in and represent the entire division, and not the city of Pasco, as some suppose. Carl Mockross, "PA" office, will do a good share of the twirling. Quite a sum was raised by subscription. The grounds near the headquarters have been cleared off and work on the diamond is practically completed. Across the street from the new grounds is the Northern Pacific club house, and after the games our perspiring athletics will be enabled to enjoy shower baths there. New uniforms of gray cloth with a blue stripe have been ordered and the N. P. symbol will adorn the breast of each player. The weather has proven favorable, already a dozen aspirants are out each day practicing.

Bro. Daley and wife, when reduced to extra list, resigned and left for St. Paul.

Bro. J. W. Wickwire, on second Pomona several years, who went to the C. P. R. in Canada, has returned on a sixty-day leave.

Bro. Virgil Wilson, bumped on third Matton by Bro. Hampson, now on extra list; Sister R. M. Moore, bumped at Alalfa by Bro. I. I. Burfield, went to third Toppenish, and Bro. N. D. Starr, bumped on second Attalia, is acting agent at Lamar.

Sister I. I. Burfield is on ninety days' leave, and Sister O. L. Johnson is on third Eltopia.

Bro. Virgil Wilson relieved Bro. O'Neil at Prosser a few days.

Vista, like many other stations, was made two tricks and is now held by Bro. and Sister Johnson.

Bro. Mitchell, at Schragg, is being relieved by F. B. Wood, and Bro. E. E. LeMarche is relieving N. J. Byrne, car distributor, for thirty days.

A card was received from Bro. B. B. Dingleidine, postmarked Valparaiso, Chile, S. A., saying he was on his way to South Africa. CERT. 606.

Tacoma Division—

Bro. L. P. Carter, Sherlock agency, in Tacoma hospital six weeks after an operation, went to Forest Lake, Minn., his old home, to rest up. We hope he will soon be among us again.

Bro. Virum returned from the East, has been relieving Bro. Henderson on second Tenino.
Sister Henderson, mother of Bro. J. F. Henderson, has been quite ill for several weeks, obliging him to lay off and take charge of the household.

Please turn to your schedules and carefully read Clause B, Rule 9. This rule does not give a telegrapher any more right to waive this dollar per day extra compensation than the company, and by so doing you not only violate the schedule, but work a great injustice upon yourself and your brother co-laborers, who at a later date may desire to ask for this extra compensation. For the sake of harmony and the good will of your brothers do not become a party to any violations of our schedule.

It is very trying to a local chairman to have any delinquents on his division. Our future welfare depends upon our united efforts and we can not expect the general committee, without the encouragement and support necessary, to represent us properly and obtain more and better concessions. There is not a member of your committee but what is spending time every day that should be given to their families, and yet, at the close of the sixty-day period of grace, they find it almost an absolute necessity to spend the remaining four months of the term reorganizing the division. Brothers, the very least you can do is to pay your dues promptly, thus giving your local chairman a chance to look into reported schedule violations and show the remaining hard-shell nons the error of their way.

I have several more copies of the seniority list printed in December, nearly up-to-date as there have been but few changes in the past three months. Any member can have one by dropping me a card.

Bro. Lindel has returned to Raymond from his eastern trip, vice Bro. Swille, now bumping the extra list.

The death of news this month is caused by the inability of our local correspondent to send in any items, due to sickness in his home. Send your items for next month to Bro. Henderson, Bucoda, Wash. In the meantime get the application of that non working at your side.

R. F. Graham, Local Chairman.

Montana Division—

An important meeting was held in the committee rooms of the R. R. Club, at Livingston, on Saturday evening, March 7th, there being about twenty-five of the brothers present. Talks were given by several of the boys, on subject of interest, not only to this division, but at large, with the operators of the west.

Bro. Haines was installed as acting local chairman in place of the brother who left the service, to whom the boys voted a hearty resolution of regrets and thanks. It was agreed by all present that his work the past two years has been the most beneficial to our Order of any local chairman ever on the division. We all wish him the best of success wherever he locates, and will be glad to have him with us again, if he finds nothing better.

A grievance committee was elected, Bros. Haines, Cranwill, Spangler and Nixon; committee on resolutions, Bros. Little, Tietz and Angle. Subscriptions to the flower fund still go to Bro. Conrad, and we hope all the boys will take an interest in it. It was agreed we should have a meeting the second Saturday night of each month, to be held at different points on the line, giving all a chance to attend at least a part of the meetings. Three assistant local chairmen were appointed, Bros. Brown, Crey Cliff; Skelley, Belgrade, and Haines, Logan, and it is asked that all other brothers make notes of changes at their places, and send same to me at Mission. With this help and that of the new assistants, we should be able to get a write-up each month. Items go in about the 21st of each month, and brothers will please get them to me by the 18th or 19th, that I may get them ready to send to St. Louis on time. As two or more may send the same items, it is necessary to arrange them accordingly. It is evident that interest is being taken, having received notes this month from several brothers on main line, and Bro. Morrow, Silesia, who will give us the two branches each month. That's the spirit that keeps us from the $50 class.

Sis. Taylor, Columbus, off a few days for eye treatment at Butte, relieved by Bro. Bush, who later went to “WH,” Operator Warren, third “CO,” and Operator Nelson, “GN” Jct., have requested papers, and will be with us soon.

Bro. Harlan, “CD,” is now on his farm near “RN,” relieved by Bro. Raror, from Y. & M. V. All join me in wishing Bro. Harlan success, and hope he will come back when he gets his “taters” threshed.

Bro. Herrick, “BZ,” is going into the rabbit farming business, along with many other side lines. It will at least be a “hair-raising” experience, and we hope successful, for we would like to have a spring bunny for breakfast some cool “September morn?”

Bro. Sigg has returned to his farm near Joliet. It seems the “back to the farm” spirit is contagious in these parts.

Bro. Conrad, “VS,” has returned from a pleasant trip East, but reports too much water, at least for one used to something better.

Bro. Carpenter, past local chairman, is now at Red Stone, on the big G. Montana Division is soon to have a Ladies’ Auxiliary, and blanks may now be obtained from Sis. Nason, wife of local chairman, of Idaho Division, at Athol, Idaho. The dues are $1 to join, and 10 cents a month. It will help your hubby brother to join, and show him he has backing in being a union man. If some young lady will take an
interest in yours truly, she can be a member at once, but she must have red hair and a million in the Postal Savings Bank. Don't all answer at once.

Bro. Fuerer, "RG," has returned from a two months' trip South. Wish we could get his recipe for saving the silver 'till it turns to gold. Bro. Darham on second "RG," pending bid.

Mr. Bowers, extra "BX," is sending in his papers.

Bro. Burns, at Edgar, will help Bro. Morrow with items on the branch, and wish all the other boys would do the same.

Automatic blocks will probably be installed, Livingston to Toston, this spring, which may cut off a few operators.

Bro. Perkins, Toston, broke his ankle by a fall with a motorcycle, and is now in Missoula Hospital. Mr. Shaw relieving.

We regret to learn of former President Howard Elliott, now with the New Haven lines, being in ill-health. His many friends on the Northern Pacific wish him a speedy recovery and success in getting that road in shape for good business.

Bro. Dahl has taken his wife to Butte for an operation, which we hope will be a complete success.

Engineer Coffin, operated on for gall stones, had a relapse which proved fatal. He was buried at Livingston. His many friends extend sympathy to his relatives.

Our chief dispatcher is now east on company business, also our division superintendent. Through the kindness of Acting Chief Ramsber, I was allowed to attend the meeting on March 7th, and he also favored several of the boys by allowing them to return on different trains to their respective stations.

"SHORTY."

Rocky Mountain Division—

M. E. Wilcoxen awarded Avon third, vice W. P. Wilson, relieved on account of violation of Rule "G." We are thankful to be rid of one more non. We hope Wilcoxen will now make good his promises to join. Bros. Harmon and Manchester relieved at Avon during changes there. A nice new depot is being built there to replace one destroyed by fire several months ago.

Bro. F. L. King (Florida Land King) resumed on Evaro third, relieving Non Olson, who had been relieved by Bro. Campbell there ten days for not being on hand to handle his trick. Bro. J. W. Scott is on Evaro second, Sister Estep being unable to resume work, at expiration of her leave, on account of sickness.

Bro. Merrick relieved Mr. Showalter, "MD," Missoula second, while he relieved in the dispatcher's office a few days.

Bro. Fretts returned from his visit East to Elliston second, Bro. Dorval going to Skyline a few days, later relieving Bro. Mielke, Arlee second, who is putting in spring crops on his ranch.

Office opened at Clinton several nights by N. O. Parr, on account of the slide covering the westward track between Clinton and Bonner.

Bro. Blankenship, Silver Bow first, relieved by Mr. Olson, while "Blank" packed his household goods for shipment from his ranch at Dixon. Bro. Campbell on Silver Bow third, later bid in by Olson.

While shopping in Butte, the evening of February 28th, Bro. LeRoy O. Hinton, from Silver Bow third, was stricken with a fainting spell and fell to the walk, striking his head on an iron door. He was picked up by the police and rushed to Murry Hospital, where it was found he had fractured his skull just above the left ear, which caused his death at 1 a.m., March 1st. Bros. Blankenship, Johnson and Parks took charge of Bro. Hinton's remains, and arranged with his relatives for the shipment of the body to Olathe, Kan., for burial, drew up resolutions and handled the flower fund. The contributions for flowers amounted to $30, and a beautiful O. R. T. wreath, covering the whole casket, was purchased at Butte, and the balance of the money was given to Mr. George, who accompanied the remains, and purchased more fresh flowers at Kansas City. I wish to thank all those who contributed so freely and promptly, and above all the members of the committee for their prompt and efficient work.

On account of so few of the regular men laying off, the extra men have had a very hard time of it this winter, four or five of them around Missoula awaiting an opening. At that we consider ourselves lucky, as not a single position was abolished on this division, while on the Idaho about half the second and third tricks between Spokane and Paradise were closed.

A new set of repeaters are to be installed at Garrison on 20-146, also on 49 wire, in the near future. No rest for the night men there.

Bros. Rowan, H. B. Avery and Lee, the latter from relay division, in Missoula Hospital recently for several weeks, have all resumed work.

Bro. Rowan has purchased a new five-passenger Ford. Bro. Avery says it's to run down the nons. Evidently with a view of getting a little training before tackling the real article Rowan tried it on a boy in Missoula recently. He got over him with all four wheels, and had just got his car stopped and was getting out to surrender to the police for murder, when the boy jumped up and said: "Gee, mister, I'm glad you didn't have an automobile, or you sure would have hurt me." Now Rowan says he is going to trade the Ford for a steam roller.

Mr. Fox, third trick dispatcher east end, spent a day in Helena recently, and dined with Bros. Kuffel and Nutter at the Placer.

Am indebted to Bro. Avery for most of these notes. Keep on coming, Harvey.

V. N. Wesb, L. C.
IN MEMORIAM.

Whereas, It has pleased our heavenly Father and all-wise Ruler of the Universe to call to his reward our beloved brother, L. O. Hinton; in manifestation of our grief and sympathy, be it

Resolved, That the members of Rocky Mountain Division, No. 54, Order of Railroad Telegraphers, extend to the sorrowing brothers and members of the afflicted family their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved family, a copy spread upon the minutes of the division, and a copy sent to The Telegrapher for publication.

L. M. Blankenship,
E. J. Johnson,
J. J. Parks,
Committee.

Idaho Division—

Sadness prevails over the entire division, caused by the recent death of Mrs. B. B. Johnson, wife of our universally esteemed chief dispatcher. The sad tidings came as a distinct shock to everyone, as Mrs. Johnson's death was of short duration, and her demise entirely unexpected. The sympathy of every telegrapher on this division goes out to Mr. Johnson in this time of bereavement, with the benign trust that the Great Chief Dispatcher, to whom we must all give our final "OS," will lighten his burden of grief in this dark hour.

The telegraphers and agents of this division made a beautiful floral offering of roses, carnations and lilies.

The delinquent list for the current term, while somewhat smaller than those of previous terms, is still nothing to be especially proud of. We have something over one hundred members on this division, and twelve of that number had not paid their dues for this term prior to March 1st. This does not mean that twelve of our members are going to sever their connection with the Order, but that the majority of those twelve members are careless and indifferent, and have either neglected the remitting of their dues or have postponed it in order to make some other use of the amount of money necessary to pay such dues. This will make it necessary for me to write from one to half a dozen letters to each one of these twelve delinquents before I get them to pay up, and the time necessary to write these letters, and the postage to carry them, might much better be expended in an effort to organize the few remaining non-members on this division.

Our members should at least keep their dues paid up, and not make so much additional work for the local chairman each term merely to adjust this matter of delinquencies. The handling of grievances and the work of organizing the non-members, together with the other correspondence connected with this position, is sufficient to use up the most of my spare time, and I believe that our membership should awaken to the fact that the time to pay dues is before—not after—becoming delinquent. I hope that before this letter appears in print every delinquent on the list will have remitted dues, and that next term will find every member paid up before September 1st, so that there will be no delinquent list on this division for the last term of 1914.

There appears to be a disposition on the part of some four or five of our ex-members—and near ex-members—to create a couple of solid non offices on the First District, although all of these parties have profited by past schedules, more than the division average, because in one instance a schedule rule would not be broken to grant a special privilege, and in another instance the organization insisted on protecting its membership without fear or favor. I have not only used them fairly, but have exerted myself at times in an effort to be of assistance to them, because I knew that it would take more than a return of $180 per year on a $12 per year investment to satisfy them. I have gone the limit in my efforts to please, and our membership feels that we are not receiving fair treatment from these parties, and those who are honorably and honestly striving for better things on this division for the future will not forget the importance of "No card, no favors."

When displaced in the service, do not lose sight of the fact that the telegrapher who does not carry a card has no claims on you. Also remember that it is best not to "bump" a brother or sister as long as any other positions may be claimed on your rights. B. E. Nason, L. C.

Idaho Division Notes—

Bro. W. E. Floyd, first Paradise, relieved a few days on account of rheumatism by Bro. Fuller K. Sims, recently returned from his home in Newark, Ohio.

Second and third Eddy closed, Sister Allgaier bumping Bro. Mays on second Trout Creek, who bumped Bro. Thornton on agency at Granite, relieving at Clarks Fork ninety days, vice Bro. Cusick, on vacation. Sister Stevens, third Eddy, displaced Sister Marshall on third Trout Creek, now on vacation.

Sister Owen to second Heron, Non Dickinson returning to second Garfield.

Bro. and Sister Cusick, agent and second Clarks Fork, on vacation ninety days. Bro. Thornton on agency, Sister Percy to second trick. Bro. Thompson relieving her on third.
THE RAILROAD TELEGRAPHER.

Bro. Gephart, first Kootenai yard, relieved while ill by Bro. Culler.

Bro. Bailey has returned to second Ramsey, Sister Cunningham to third Ramsey, vice Sister Cahill, who relieved Bro. Cahill on first several days.

Bro. “Dick” Lee, second Velox, essaying the role of “merchant prince” in Spokane, relieved by Bro. Partridge. We hope “Dick” makes a million, but comes back at the expiration of his vacation.

On account of reduction in force, all numbers on seniority list from No. 121 to No. 136 inclusive have been stricken off; correct accordingly. We regret the loss of a number of good brothers, but are glad that nons like Colegrove, Vawter, Melien and Searight went down with the bunch.

Non E. C. Clarke, who inflected his presence on this division for over a year, is on a ranch in the Big Bend territory—a place he is eminently fitted for.

Bro. Hazen, of Pullman, is making a decided improvement in our membership on the P. & L., Genesee and Clearwater branches.

Recent new members: Wilcox, of Kendrick; Dierkes, of Cocolalla; Harned, of Govan, and Bunge, of Cheney.

We congratulate our brother telegraphers on the O.-W. R. & N. on their success in gaining their first schedule, which was signed up March 6th. Now if the G. N. will only wake up and do the same, we will have just cause to be proud of our section of the United States.

This is our first attempt at furnishing a write-up for the division. We shall be glad to have the members send news notes to Bro. Nason prior to the 20th of each month. Bro. Thompson and Kay have our thanks for contributions this month.

“No card, no favors.”

Dakota Division—

Hizzoner, the local chairman, has asked me to handle the notes this month.

It is now Bros. G. V. Skinner, Medina, and J. J. Ryan, Tuttle, whom we gladly welcome into our ranks. There are several others who are long on promises, to whom we should strictly apply “No card, no favors.” Your local chairman can furnish you their names.

The delinquent list, thanks to the efforts of our worthy chairman, has been reduced to a minimum. If you would maintain the advantage gained, be prompt with your dues. The railroads are not paying the expenses of this organization.

Bro. Emery, at Timmer, has resigned and left for the East; Bro. Kelly, operator-clerk, Mott, secured the vacancy on bulletin, relieved on bid by Bro. S. F. Morse. Bro. Snell, at Cannon Ball, also resigned, relieved by A. F. Anderson on bid.

Petitbone agency, vice A. O'Neill, resigned, assigned to Bro. Jaynes, of McKenzie, relieved by Mr. Moe on bid.

Bro. Ralph Whitcome laid off several weeks until the new yard office at Jamestown was completed.

Presume you have all received your nifty “Careful Club” buttons by this time. This is a good work, and should receive your hearty support. It’s better to be careful than crippled.

Bro. Norton, of Steele, recently married, was relieved by Bro. Roberts, on his short honeymoon at South. No particulars. Congratulations.

Bro. Andre has returned from Wisconsin with his wife, and the new son to Dawson, also relieved by Bro. Roberts, who later relieved Bro. Reque, of Flora, on a jaunt to the sunny South. Bro. Roberts is now relieving Guy Rich, on vacation.

Bro. F. J. Thimmesch relieved Bro. Streukens, on third Windsor, for a little rest from his arduous duties.

General Chairman Mrs. B. E. Nason, of the Ladies’ Auxiliary, has appointed Mrs. W. W. Jaynes, of Petitbone, as local chairman for the Dakota Division. She is endeavoring to start some enthusiasm amongst the O. R. T. members’ wives and sisters, tending toward a good membership in the Ladies’ Auxiliary. All brothers should lend their support wherever and whenever possible in building up this branch of the telegraphers. Have your wife, sister or mother read the Ladies’ Auxiliary notes every month, and do everything you can to have them send in their application.

In joining the Auxiliary they are brought in closer touch with the Order and as a result become better boosters.

I wish to thank Bros. Underwood, Roberts and Ellsworth for the notes they so kindly contributed, without which there would have been no write-up. Bro. Underwood, at Elgin, has consented to act as scribe next month, and I have no doubt that with your assistance he will make a very creditable showing.

D. C. POINDEXTER.

Minnesota Division—

We are glad to see our division being represented in the journal, as it will arouse an interest in the nons and delinquents, and help us accomplish, by our united efforts, a solid organization, by their brotherly assistance. We must awaken the manhood in the non-members, and not allow them to remain a stumbling block to our advancement, but see that they come in and do their part. Brothers, keep after those nons next to you and give them no rest until they join.

We should hold monthly meetings at some place where the boys could get there and back and not leave their position unprotected. Brothers, let me know what you think about this. I thank Bro. Taylor for the items he sent in. He is the only one I received notes from this month.

Bro. Live, second Wadena, who went to Brainerd Hospital for fifteen days, relieved by W. E. Johnson, was obliged to go back again in ten days for another examination.

W. O. ASH, Local Chairman.
Red River Branch—

Conductor Brown, an ex-telegrapher who lost his arm by being thrown off the caboose and run over, now on trip South, will take third East Grand Forks on his return.

Brothers, try and get theansonexto you and the ones working with you to join. Don’t get discouraged if you can not land them, but get someone else to help you.

Take up your grievances with your chairman, if you can not get satisfaction, and give him all the facts relating to the case. Div. Cox.

Relay Division—

We hope the few delinquents, some of whom are out of service on account of recent reductions, will pay up at once. There’s nothing gained by waiting. By keeping our membership up-to-date we are assured of more salary with which to pay living expenses.

Bros. A. R. Jones and G. A. Ford, of St. Paul, have resigned and transferred to Division 132, and are now employed by a turpentine company at Ludowici, Ga. Both fine fellows, whom we wish the best of luck.

E. M. Dormer was laid off at St. Paul.

Bro. Jensen’s wife (St. Paul) has left the hospital, after being severely ill for about seven months, and is now getting along nicely.

It is now Bro. A. E. Robinson, at Tacoma, who recently became a “benedict.” Congratulations.

G. E. Smith, who bumped Assistant Day Chief Whaley, at Dickinson, resigned a week later and went to the Western Union, at Helena. Position was bid in by W. J. Flurry, L. N. C., but bids were reopened on account of W. J. Servis being on vacation, and he was assigned, leaving Flurry on late nights. Bro. R. D. Miles, at Tacoma, who bid in Flurry’s position lost out when Servis was appointed assistant chief.

Bro. A. R. Lee, our local chairman, is not getting the support he should from other members of this division. He is making a noble effort to get the relay solid and keep our present members in line, but he needs the co-operation of every card-bearer in the relay. If you are not doing your part for the benefit of the Order, take another hitch in your belt and get busy. Untripped.

St. Paul Division—

Thanks to Bros. Sartell, Anoka; Utz, Clear Lake, and Cert. 1980 for notes this month; that’s the way to have a good write-up. Come again, boys, with some more of the same.

Agent Mero, at Becker, was off sick a few days, relieved by Bro. Utz, from third Clear Lake.

A. R. Wilson, from the Great Western, promises to join soon.

Bro. Barrett, agent Dayton, on an extended leave, relieved by Mr. Fitzsimmons, relieved there by Bro. Utz, when Agent Mero resumed at Becker.

Bro. Love, agent Rice, has returned after sixty days’ honeymoon in California.

Trick dispatchers are on their annual tour of the division. Mr. Mero, third “MS,” doing the dispatching, relieved by Bro. Anderson.

Signal Maintainer P. B. Johnson, of Anoka, was hit and badly hurt on February 15th, by No. 3, running about sixty miles an hour, between Coon Creek and Anoka, but he is now on the road to recovery.

We expect McGill, agent Lincoln; Vetters, Elk River, and Ferron and Galloway, at Anoka, to soon be with us. Clyde Bartle, L. C.

Lake Superior Division—

Local Chairman Bro. A. E. Youngberg has requested me to take hold of the correspondence again, and will ask all the brothers on the division to send me all the notes and changes they can. That is the only way we can have a write-up, as I am unable to get all the changes and happenings, and this was the reason that I discontinued them a few months ago. Help me all you can.

We deeply regret the sudden death of Bro. T. J. Vesper, on March 7th, at St. Paul, in the hospital, few days after an operation there for appendicitis. In Bro. Vesper we lose a true brother and one of our dearest friends. The funeral services were held at Forest Lake, his former home, and interment made at the Wyoming Cemetery.

Bro. F. W. Eastlund, agent Shafter, is witness for the company in a damage suit pending against the company at Des Moines, Iowa.

J. M. Warhndal, agent Centre City, off for several months on account of sickness, relieved by H. O. Rolig, is now coiningalescing.

Bro. Warner has resumed at Hugo agency after a few weeks’ leave.

Bro. Peterson was awarded agency Wyoming on bid, relieved there by J. H. Brownlee, on second; Bro. Knedel on third.

Bro. D. C. Gray is at Centre City during the absence of H. O. Rolig.

Taylors Falls branch is solid, with the exception of this place.

Bro. B. E. Nason, of the Idaho Division, had a write-up in the January number which not only applies to his division, but to ours, and all the other divisions as well, and I would advise all the brothers to read it the second time, as this seems to be a rather serious question that confronts us.

Remember that notes must be in my hands not later than the 20th of each month, in order to get them into the journal the following month.

C. W. Michaelson, Div. Cor.

Wheeling & Lake Erie R. R., Div. No. 55.

Toledo Division—

The report in the February issue of The Telegrapher that Bro. Friend, of Toledo, was appointed chief clerk to Civil Service Commission there, was an error. It was K. W. Kessler, of Ironville shops, who was appointed to that position.

Bro. Cartwright, third Homestead, took a merry ride on the Odd Fellow's goat, and is now sporting three gold links.

About half the force of shopmen at Ironville shop were laid off March 2d.

Bro. C. A. Porter, "GO" Toledo, resigned, and it has remained closed as a telegraph office since.

Mrs. E. D. Gier, wife of Bro. Gier, agent Milan, has returned from Hudson Falls, N. Y., where she had been called on account of sickness.

Cleveland Division—

Bro. J. E. Swope, agent Ellis, who broke his leg between the knee and thigh recently by falling on the ice, and was taken to Zanesville hospital, was relieved by Bro. J. C. Swope, from third Canton yard.

Bro. F. T. Perego bumped Bro. H. K. Taylor, operator and clerk at Sugar Creek.

Bro. F. M. Eby, from second Mingo, bid in Congress Lake nights.

Bro. J. P. West, agent Mogadore, off sick, relieved by Bro. C. L. Farquhar, operator and clerk there.

Bro. E. B. Farley, second Coal Docks, was off sick several days and Bros. Keough and Jackson worked twelve hours.

Wheeling Division—

Bro. C. J. Fulton, first Pittsburg Jet., while visiting home folks at Bethesda, Ohio, was relieved by Bro. F. G. Beider.

Bro. Tommy Lucas, third Jewett, visited the boys (?) at Canton several days.

Bro. Dan Healy, Connor days, drew second Mingo. "Dan" was relieved while sick a few days by Bro. M. L. Strickland.

Bro. Glampy, third Warrenton, off a few days, was relieved by Mr. McCaffery.

Bro. C. A. Porter, on the W. & L. E. several years, is now auditor for the Ford Motor Co., of Detroit, Mich., at a good salary. He still carries an up-to-date, and says he will continue to carry it, although he has no intentions of returning to telegraphy. His many friends wish him success.

Bro. W. K. Carr, first Mingo, champion checker player of the road, challenges any and all members of Division 55.

W. S. B. and W. P. T.—

Bro. Wilson, agent Bruceton, was in Pittsburg recently; relieved by Bro. Sturgis, agent Fair Haven.

Bro. H. A. Cowen, agent Longview, off several days with an attack of appendicitis, was relieved by C. A. Coleman from the superintendent's office.

Bro. C. W. Weiss, agent Castle Shanon, moved into his new depot and feels very proud of it.

Bro. E. W. Sturgis and P. A. Burens are in the chicken business and will soon have some fancy stock for sale.

I wish to thank the many brothers who sent me items for this issue, and wish that all would take more interest in helping me out. Several of the boys have not replied to the cards I sent them. Let's have a nice write-up in each issue. Mail your items not later than the 20th of each month to Bro. R. F. Smith, Brilliant, Ohio.

Atlanta Division—

Regarding the rolling clause in our last contract, dated March 1, 1913, I differ with R. R. J. with reference to conditions remaining as they are. We have several temporary positions accumulated during the winter months on the Atlanta Division, it being the custom heretofore for any telegrapher to bid in these temporary positions; it mattered not how much age he has, and being on a regular job when such temporary position is bulletinized, the regular men have been bidding them in and then when such job is closed the man so affected would pick out any position his age entitled him to, and roll some telegrapher at a point where possibly he has invested a good part or all his many years' savings into real estate, etc., besides the inconvenience and expense of moving. Our officials are becoming tired of changes being made so often at the various stations, owing to some brother being displaced on account of some temporary job having been abolished. If a brother is displaced from a regular job then he should have a right to any job his age entitles him to; but the men permanently located
on regular jobs should hold on to them. If dissatisfied with their present location bid in some other job when they are advertised. Let the extra men work the extra jobs, taking the same advantage of the monthly bulletin to bid on jobs so advertised the same as regular men, and getting what their age entitles them to. So long as our rolling clause remains as heretofore, operators will never accumulate a thing for old age, that we are sure to meet, and leave nothing but an emblem of the O. R. T. for his dear wife and family to remember him by. I favor asking our local chairman to call a meeting immediately and vote the way we feel about this matter. I trust that every member will see that this continued rolling on our system is detrimental to all concerned. Please pinch your memory about the trouble there is in moving.

W. O. Davis.

With reference to Bro. R. R. J.'s write-up in the January journal, and the different ones in the February issue, in regard to the proposed change in seniority rule, we differ with these brothers. During the winter months, south of Macon there are about ten or fifteen offices cut in, and two or three north of Atlanta, which stay in about five months. These jobs are bulletinized and open to all operators on the division who care to bid on them, having the assurance that when those offices were cut out they would get any job that their seniority gives them in the regular offices, but this year our chief stated in his monthly bulletin that regular operators who had regular jobs bidding on these winter jobs would have to take them with the understanding that when the extra offices were cut out they would have to take extra work until a regular job could be bid in by them. We believe this was the best thing to do under the present contract, for besides putting a lot of unnecessary work on him in trying to place the men, it keeps them in a common uproot for about four or five months trying to get settled again, changing from seventy-five to a hundred about. We do not believe that the men who have regular jobs should be allowed to bid on these extra jobs, and then when the extra jobs are cut out every year for them to take a pick at every job on the entire division. A man would have to have thirty years' age to be sure of not being "rolled" when those extra jobs are cut off.

When a regular job is vacated, let every man have a chance at it, then the oldest man get it. Then let them stay there as long as they wish, unless some "regular" job is cut off, and give the extra winter jobs to extra men, also all jobs that are known to be of less than twelve months' duration. If we give the winter jobs to the extra men, then when they are cut out in the spring, let every man entitled to a vacation, which is given free, take it in preference to money, and give work to the extra men.

Those entitled to fifteen days' vacation should take it, thereby showing the company that we appreciate it, and not take the money for it, but give some unfortunate brother on the extra board the work he would secure as a result of our taking the vacations. We recommend that a special meeting be called, notifying each member to be present to discuss this matter at an early date.

CERL. 2844, 1460, 2840, 2850, 2009, 663, 3284.

Atlanta Division, North End—

Notes for February journal were sent in too late for that issue, and were published in the March journal, on account of our misunderstanding as to when they should have been sent in.

Bro. Ed. Williams assigned second Rome, vice C. A. Beatty, to Terminal Station, Atlanta. Bro. Williams was relieved by Bro. B. G. Wardell, from Hiram.

The boys at Shannon have moved into their new depot. Bro. Groover was appointed agent. Bro. G. D. Groover, first there, off a few days, was relieved by Bro. Bloodworth.

Bro. Pullen, second Plainville, off last month, visiting in the Western States, relieved by Mr. Daley.

Bro. Hyatt, second Waring, visiting several days in Chattanooga, relieved by Bro. W. H. Davis, from the A. C. L.

Bro. McLeod, third Waring, now with the C. of Ga., relieved by Bro. Raina. Sorry to see Bro McLeod leave the Southern, but hope he will like his new place.

Bro. Fisher, from third Brice, bid in third Dallas. Bro. Massingill, second there, is now at Cedar Bluff agency, on the main line.

Mr. O'Donnell to third East Rome tower, vice Bro. B. G. Wardell, resigned.

Bro. Graves, first Dalton, on vacation in Florida, relieved by Bro. Robertson, from third.

Brothers, let's all get busy with the nons on our division and round them up. Every man become an organizer, and don't sit back and make remarks about what someone else is doing or not doing. If you don't like the way things are being done in your neighborhood, get out and change it. Get after the non next door. If he won't come in, when he asks you to do a personal favor, tell him "nothing doing." Make him understand he doesn't belong in your class. If we only work along this line, it will not be long before even the "hard shell" non will wake up to the fact that he is very unpopular and will either join or quit the business.

Boys, don't go to sleep and stop trains. We only have eight hours to work, and should give the company the very best service we can. We have good dispatchers to work with, men who are considerate in all cases. To repay their kindness by "laying down" on the job makes a mighty bad showing on our part, as well as on the Order of which we are members. Let's show the com-
pany the necessity of employing men with up-to-date cards in preference to nons.

Several members with whom I have talked believe that a meeting should be held at Rome to discuss several important matters. I recommend that our local chairman be requested to call a special meeting at as early a date as possible, notifying all members to be present.

Macon & Brunswick District, South End, Atlanta Division—

An automobile ride was enjoyed in the afternoon and an oyster supper at the McLeod Hotel in the evening to welcome the members who met to assist in the good work of our Order. After refreshments sixteen of us marched to the lodge room, where five were initiated, and important subjects were discussed and received favorable opinions from everyone present.

Bro. Young, of Baxley, off a few days, is due congratulations. We are glad to have Mrs. Young as a neighbor.

Mr. Tracy was relieved at Scotland a few days, on account of sickness, by Mr. Phillips.

We would be glad to have all the news on our minutes, and would be glad to hear from anyone.

We have good material on this division, and all are growing more interested. We expect to have a large banquet at our next meeting, and sincerely hope to have a larger crowd. We extend to all a hearty welcome to be with us.

DIV. COR.

"QN" Atlanta Relay—

I want to thank Bro. Stone, of "CS" Chattanooga Terminal, Q. & C., for endorsing my views in the December and February issues. I am glad to know that the brothers in other offices take such an interest in the journal and work, and would be glad to see a write-up from that place every month. The boys on the local wires out of "QN" try, I believe, to get the best possible, and am sure they will continue to do so.

We had Bros. Alexander and Allen visit us recently. They will always find "welcome" on the doormat at "QN." Come to see us again.

We are always glad to shake hands with men who have done so much for Division 59.

In the February issue the "GM" correspondent asks whether the seven relay offices should have an individual chairman. I say "by all means," for in the relay service there are ups and downs that the men on the line never experience, and if a man employed in one of the relay offices was chairman, I think he would be in a better position to look after our interest. But I think that the local chairman for the division nearest the respective relay offices should be given the power to handle any grievance that requires immediate attention, as sometimes there will be differences arise that need attention right then, and if the chairman for the relay offices was located in some distant office it could not very well be handled without some delay.

I am sure that the local chairmen nearest the seven relay offices would co-operate with us in this plan and be willing to lend their services any time we desired. We sent the "GM" correspondent our views several months ago in a letter. You certainly have the support of "QN" in this matter.

L. S. Murray, "P," is now with us. He is a fine fellow, and his many friends will be glad to learn this. Some misfortune lately prevented him from joining sooner. F. Hatchcock, "S," is still on the outside, and R. I. Thomas, "R," third trick wire chief, owing to illness and unforeseen misfortune, has been compelled to defer joining just at present. We need all such good men in the Order, and will be glad to welcome them as brothers. Let us all put aside the trifling bickerings of the past and live for the future.

The brother in "GS" Birmingham relay should give us a write-up, telling us what he has accomplished.

Cmt. 2159.
"GM" Office, Washington, D. C., Relay—

Was very glad to see the several write-ups from "GM" and "QN" offices, and hope we will have them every month from each relay office.

We still have a few nons here, everyone of whom has received not less than $100 increase in the past two years. They are: Hoppe, "HY," who has been here nearly two years, and Clint, "A," who "do not expect to stay"; Odom, "Y," and Golden, "N," "not able to get a card"; Hvali, "U," "religious scruples." The other sixteen men are able to carry cards, and there is no excuse for the five not doing so.

For the past two years an effort has been made to get all the relay offices to sign a petition asking that they be given a local chairman, but up to this year it has failed through lack of interest. This year all the offices signed except Chattanooga and Columbia. Our general chairman now has the petition and promises to do his best for us. We maintain a separate seniority list, and no division local chairman is in a position to represent us.

Carr. 1809.

Washington Division—

Upon being requested to act as division correspondent I agreed to do the best I could, provided I had some assistance, and received some very extravagant promises, but have received notes from just one person. Brothers, a few notes from some of you are necessary, and unless I have the co-operation of you all, I can not make a success of the job. So if you want the division represented you will have to do your part. Let me know what you and the other fellows are doing at your station. Someone on the south end help me, also on the Manassas Branch. There is enough for us all to do, if we will only do it.

The installation of the automatic signals between Seminary and Orange is progressing rapidly, and will probably be in operation by May 15th.

Bro. Desler, third Buena, on fifteen days' vacation, relieved by Mr. Crump.

Warrenton agency on bulletin.

Bro. Bruffy, third Arrington, was off several days, relieved by Mr. Wenderoth.

Have you that card for this term? There is no excuse for not having it. The boys in "QN," Atlanta relay, have the right idea, advertise the fellow who persists in being a non. Ascertain who has a card and who has not, then try to reduce the list of nons. Get the man beside you into the fold. When you want off, hunt up an extra man who has a card1, and ask the chief to send him to relieve you. This will make a man appreciate being up-to-date; make it not only "No card, no favors," but "No card, no work," as near as possible. Make your membership in your union practical. When you find an engineer, conductor, fireman or brakeman, put the same proposition up to them that you do to the telegrapher. Hasten the day when we shall be as the proverbial bundle of sticks: separated, easily broken, but all together withstand the strength of a giant. We can only do this by insisting on union labor and the products of unionism.

There should be a joint meeting of the O. R. C., B. of L. E., B. of R. T., B. of L. F. and O. R. T.

Let us have several of these meetings and invite the officers of the division to come and meet with the employees.

Bro. Douglass is relieving Mr. Lewis, first Montpelier.

Bro. C. S. ("Fisherman") McClure says the Rapidan River is just alive with fish.

Bro. K. H. Lewis is on first Cameron Run, in Javin's place, and Bro. Weeks on second.

Bro. L. M. Brittle, third Brandy, off on account of illness of his father.

W. E. Strother, second Declare, while off getting married, was relieved by Bro. Crump.

Send me your doings before the twentieth.

W. E. Berry, Div. Cor.,
P. O. Box 363, Orange, Va.

Washington Division Notes—

Bro. Urban was off a few days on account of sickness in his home.

Bro. Melson and Mr. Ford have returned from their trip through Alabama.

Bro. Burgess was off several days on business recently.

Owing to the movements made around "AH," our good and faithful Uncle "Doddle" is now agent at "AH," relieved on first, on bid, by Bro. Wright, and he on second "MO" by Bro. Clifton.

Bro. Roberts was on the sick list several days, Bro. Redmiles relieving. Sister Connally was also on the sick list a few days, causing the boys to double, owing to the shortage of extras.

We should line-up the few nons left. The grand and local secretaries have swamped them with circular-letters, which seem to have had no effect. We must get after them on our own account.

"CH," Cert. 2882.

Knoxville Division—

We are sorry to hear of Bro. Gillespie's death. The division has lost a loyal member, who always kept paid up-to-date, and as a result leaves his wife, who has been an invalid four or five years, $500 insurance, which will, of course, be some help, and the members of the division must do what they can to extend Mrs. Gillespie what help and protection is needed.

This is another case that should convince every brother the importance of keeping up-to-date, both as to dues and insurance assessments, thereby protecting the loved ones when the death summons comes. Life insurance has prevented the shipwreck of many homes. It has done more for humanity than any other one thing, and the man who has had business forethought enough to carry life insurance for the protection of his wife and children, knows in his last hours that he has done all that he could do to safeguard the home after he is no longer here to look after it. The peace of mind this thought gives one is worth more than the cost of insurance.
A nice wreath of flowers was furnished by the
east end brothers, and several attended the funeral
of Bro. Gillespie, which was held in Abingdon, Va.
Assistant Local Chairman Bro. Foshee, of Johnson
City, is commended for his interest in soliciting
contributions, and the brothers who donated to pur-
chase the flowers, the balance of the fund of $16
being turned over to the widow. The brothers on
the entire division would have gladly donated had
there been time to do so, but such things must
be done quickly, and until a local fund is es-
established for such purposes we will have to do the
best we can by subscription.

Brothers who have allowed their dues and insur-
ance to lapse should renew their membership and
reinstate their insurance immediately.

Our friend and trainmaster, E. J. Wooten, died
in Cleveland, Tenn., March 14th. He made many
friends while chief dispatcher, and while he was
made trainmaster of the west end, by his congenial
and kindly manner, and we are deeply grieved
at his death. Quite a number of the boys attended
his funeral at Knoxville, March 17th. A beauti-
ful floral offering, bearing our official emblem let-
ters, “O. R. T.” was contributed by the tele-
graphers and station agents as a last respect to
their departed friend. I wish to thank those who
contributed, especially Assistant Chairmen Bros.
Barkley, Foshee and Haney, for their interest in
the matter. Considerably more was contributed
than necessary to pay for the floral offering, which
was $20, and all received in excess of this amount
will be turned over to the treasurer at next meet-
ing, to be used for a similar purpose when neces-
sary.

With the addition of the sixteen station agents
we now carry 232 men on the seniority list just
received, which is a pretty large division. The
names of the delinquents will be furnished every
brother who will help us to get them back in the
fold, on application to the local chairman. The
committee will soon be on the ground again for
revision, and we must line-up these nons and
delinquents. Men who make a habit of joining
just before the convening of the committee each
year, when the rate is the cheapest, and then drop
out until the next time the committee goes up,
should be treated the same as the nons: “No
card, no favors.” Until we do this, there will not
be much change in this situation. It’s a pretty
mean man who will accept the increase, usually
over $100 a year, and refuse to contribute $12 in
dues to help pay the expenses of the organiza-
tion that made this increase possible. Such a man
deserves no consideration, when it comes to favors
and the adjustment of his grievances, and mem-
ers working with nons should endeavor to secure
their applications at once. They have already re-
ceived the benefits and know what it means. Make
a united effort to get these men in and then keep
them in.

Recently I received a criticism, from one of our
brothers on the east end, for not having more of
a write-up. In answer to this well-meaning
brother, I will say that for eight years very few
write-ups have been sent in, except those written
by me, yet this is not the business of the local
chairman. On several occasions I appointed a cor-
respondent, but not one of them ever took hold
of it, therefore I have been obliged to attend
to it in addition to the duties of division chair-
man. This brother also wanted to know what had
become of Assistant Local Chairman Bro. An-
erson on the east end, who has not been in that
position for over a year. The assistant chairman
on the east end has done his duty according to the sup-
port given him. The chairman of the local board is
supposed to look after the handling of grievances,
organizing meetings and otherwise be the official
representative of the division, but there should be
a division correspondent to handle the write-ups,
a man for treasurer to look after such matters
as floral offerings for deceased brothers and others,
and each man perform his duties assigned him.
I have had this matter up in our meetings many
times, yet no action has been taken, therefore one
man has had too much of the division’s work put
on him. One man can not know all the happen-
ings on a large division like this; handle all
the work and carry on meetings successfully
unless the members attend with more regularity
and in larger numbers; therefore, I suggest that
the brothers look after these matters and co-operate
with the division chairman and his assistants on
the east end. You will find them willing to do
their part and glad to receive suggestions at any
time. What has discouraged previous assistant
chairmen on the east end, causing them to resign,
is the seemingly indifferent action of the men, re-
ceiving no support in matters they took hold of
for the good of the organization. Just as much
responsibility rests upon the membership as upon
the division chairmen, and many times more, and
they must take an interest and do their duty
individually and personally in order to get the
best results.

It is hoped that all who can will attend the next
meeting, and we will go into matters of interest
to the division and see what can be done, and if
the brother who wrote me the letter will atten-
d this meeting and make himself known, the local
chairman will take pleasure in explaining to him
other things that will convince him that he has not
kept abreast of the times and is not posted as to
the division, etc.

Knoxville Division—Morristown to Asheville

Floyd Calfee, who has been off quite a while on
account of his health, has returned, and bid in
Vance.

Bro. Line bid in third Sweetwater, and Bro.
Sutherland, third Alexander. Bro. Onsbei bid
back his old job, second Paint Rock. Bro. Gott
gets first Delrio.

Boys, let’s save a write-up from this end each
month. Send all the news and changes you can
get this way. It’s hard for one or two to find out
all of it, so help do this every month.

Cerf. 1632.
Charlotte Division, North End—

Boys, we can have a write-up each month on this end as well as other divisions if each one of you will send in the items you hear of.

Boys, get after the extra men and see that they get a card if they stay on this end.

A new position, agent-operator, $64.00, at Mayesworth, N. C., opened up April lst.

We note the write-up in January journal by Atlanta Division correspondent in regard to our seniority rule being changed, so when a position is abolished the man affected will go on extra and take chances on bulletin. It would not be fair for a man with ten or fifteen years' seniority to have to work extra to be compelled to pay board on the road as well as the expenses of his family at home, when there is a man one year old holding a desirable position on the division to which the man whose position was abolished is entitled. Boys, our present rule has worked satisfactorily and will come nearer giving justice to all concerned than any other. Give this serious consideration and have a vote taken before adopting any change.

M. E. Wood.

Charlotte Division, South End—

Bro. E. H. Brown, Central third, while on vacation relieved by C. O. Jones.

Bro. J. N. Wallace, third Easley, visited home folks in North Carolina recently.

It's now Bro. W. M. Tollison. J. L. Brown and B. L. Rice, shown in February journal as brothers, are both delinquent.

Bro. E. Shelton, third Buford, off with measles, relieved by C. W. Duncan.

Regular meeting held at Central on March 8th with about twelve members present.

Get after the non working or by you, and don't rest till you get him. B. W. G.

Danville Division—

We have some good workers, and should have a good write-up each month, and keep the boys posted who are not fortunate enough to get to a meeting. We have only a few delinquents on this division and I hope they will appreciate the protection the organization affords; its influence for the higher and nobler aim we aspire to as well as more money and better working conditions, and pay up at once. We should all try and attend the meetings and discuss railroad subjects, that would benefit our employer and show that we merit a raise by attention to our duties. Meetings of this kind will bring out the errors in our work and possibly give some brother a new working plan.

A good way to remove crystallized copper and zinc sulphate from the bottom of battery jars is to turn them upside down on the ground. In a few days it will loosen enough so the crystallized substance can be removed by adding a little water and some times it will come out without the aid of water.

A brother working with a non or delinquent is not doing his duty unless he uses every means in his power to induce him to come into the organization and pay up.

We have a good set of officials who are very lenient in overlooking mistakes which all human beings are likely to make, and in such cases a man is given a chance to redeem himself, but cases of exact carelessness are not liable to be condoned.

A CARD OF CONDOLENCE.

To Bro. WREESE—We wish to extend our sympathy to you in this sad hour, owing to the loss of your wife, and in your deep grief we direct you to our heavenly Father who will surely show you that it was for the best.

It is hard for us to find words to comfort you, but we know that time will drive the shadows of grief away and in the end you will again be united with your loved ones to part no more, where shadows never gather and sorrow is unknown.

Fraternally,

GORDON B. WITT.

Columbia Division—

Bro. Crout, Gilbert, received his fifteen days' vacation for 1913; relieved by Mr. Turner. Bro. Ottes was sick three days.

Mr. Hutton, Rock Hill, promoted to dispatcher Charleston Division, relieved by Mr. Limberger, later relieved by Mr. Bridges.

Manager Veach was over the division recently inspecting the wires.

Bro. Miller spent a Sunday with his parents at Batesburg recently.

We are now in a battle for our rights. To those who are not willing to rally to the bugle call of the O. R. T.: “No card, no favors.”

The railroad commissioners recently made an inspection of our division and found everything in shipshape.

The Sunday meeting at Greenwood was largely attended and many points of interest discussed. Come out to the next one at 1652 Main St., Columbia, first Sundays.

M. D. D., L. C.

St. Louis Division—

The meeting at Huntingburg, Saturday night, February 21st, was a success in every particular. about thirty present, not quite as many of the boys as were at the agents' meeting at Princeton. All enjoyed the meeting very much. We had hoped to have one or more of the grand officers with us, but on account of other engagements, it was impossible for them to attend. Our general chairman, Bro. H. G. Alexander, was very favorably impressed with the interest shown at this meeting. Many questions were brought up and discussed that were of vast importance to the men. The only way to learn the whole situation and get in the discussion is to attend these meetings. Many nice talks for the good of the
Order, and the men employed on these lines, were made by many of the brothers present. We hope to have a better turn-out at our next meeting. Brothers, try to get off and attend and get the good out of these meetings, as that is what they are for. Bro. M. L. Spurling, of East Jct., sent his regrets at not being able to attend. His heart was with us.

Bro. W. E. Young, of Rockport, just returned from a tour through Florida, relieved by Relief Agent L. C. Smith.

Bro. J. H. Peters and Mr. Swank traded tricks February 1st, to allow the latter to visit at English.

The brothers at Mt. Carmel had to double two or three nights recently, on account of serious illness of Bro. Booth's wife. We are glad to learn of her recovery.

Brothers, let's all do the right thing on third trick now. We have "Old Red Harris" back with us.

After a very severe siege of rheumatic trouble, Bro. Hutchinson is back on second Mt. Vernon.

H. G. Hartley, first New Baden, and Bro. Overbee, third Fairfield, have a new Martin vibroplex.

Bro. T. G. Steverson, agent Booneville, has resigned; relieved by Bro. P. R. Bishop, from Lincoln City.

Bro. L. E. Bell, of Ayersville, was a recent Huntingburg Sunday visitor.

C. E. Ellis, who bid in second Milltown, has returned to Oakland City second, and H. V. Steele, who bumped Bro. L. E. Bell, at Ayersville, bid in third there.

Bro. J. A. Whaley made a trip to Louisville recently.

Bro. J. H. Holstein, of Gentryville, says it does not pay to make a race in politics.

Bro. C. C. Schmuck, first Oakland City, visited home folks at Troy recently.

General Chairman Alexander visited Local Chairmen C. L. Watson, at Veechdale, and L. E. Crandall, Chrisney, after attending the meeting at Huntingburg.

Bro. W. I. Atkins, of Dubois, visited sick folks at Kyana recently.

Queen & Crescent Route (South), Div. No. 69.

On Sunday night, March 8th, the Valley Division of the Mt. Pac. held a meeting in "MC" Gehee, Ark., their local chairman, Bro. J. E. Lewis presiding. I can't recall when we have had a meeting, and there are several of our brothers who probably never attended one. Let us have a meeting where we can get the views of the different brethren.

Our general committee will return to "NO" in the next thirty or sixty days to try again to revise our contract and get us some more money, so let's get all the nons lined up before then. Each member select some particular non whom he knows and keep after him until he secures his application. We would soon be 100 per cent strong if we would do this. If two members should get after the same non, all the better. They will have a better chance to land him.

Bro. W. A. Caples resigned second Ruston, relieved by Mr. Ellan, pending bids.

Bro. J. N. Melton is in the sanitarium sick. We all hope to soon see him back at "NA."

Bro. McKinney, while at Simsboro attending the burial of his friend, Dr. Chapman, at Garfield, was relieved by Relief Agent Hoge.

Mr. McIntosh, at Delta Point, was formerly agent at Tremont. Boys, let's see what he has got on his hip.

Bro. McKinney will soon be loading strawberries on No. 9.

H. L. Mitchell has forgotten to answer letters from our brothers. Don't let us forget "No card, no favors."

Boys, send me all the news you can by the 17th of every month, so we can get in our write-up on time.

Eastern Division—

Business is good, night offices having been opened up on that account at Rockwell, Abbott, Liscob and New Sharon, making shorter hours and more station help. Wish they would extend this service on down the line.

W. F. Hogan, relieved at Macon City second by L. W. Colter, who went into the train service (the trainmen get a living wage). Mr. Colter has promised next payday. We hope the brothers up that way see that he does it.

The Rockwell night office only lasted three weeks, and they had three operators in that time; H. C. Cahill, Richardson and Bro. E. E. Carmichael, the latter being transferred to third at Marshalltown yards, vice Mr. White, resigned.

Bro. J. D. Wilson, of Division 126, relieved at Abbott nights by Bro. A. A. Jordan, of Division 2.

Bro. E. E. Erickson, at Latmer, was laid up several days, also your scribe for two weeks with a very bad case of grippe, but was unable to get relief and had to stick it out until we wore the grippe out. Expected to get out on the line some time this month, but hope to get out soon and line some of the nons up. My friend, C. O. Davis, at Elrick, landed M. E. Lash, third there, and we now welcome him as Bro. Lash. We extend our thanks to Bro. Davis. Hope he and Bro. Lash will keep lashing that agent down there until he also comes across.

Among the other new brothers are: E. R. Urbine, agent Gilman, and Telegraphers F. I. Griffin, Albia; S. M. Gearhart, Mason City third, and C. B. Morgan, Oskaloosa second, with several more good prospects for the near future.

General Manager Bierd has resigned to accept the presidency of the C. & A., succeeded by
C. W. Huntington, superintendent Iowa Central a number of years. General Superintendent C. S. Lake also resigned, succeeded by E. E. Kerwin, trainmaster under C. W. Huntington, who also filled other positions on the old Iowa Central.

A number of petitions were sent over this division the past month received from the committee of Division 23 for the pardon of former Bro. W. J. Hunter, now incarcerated in the Nevada State prison.

Bro. E. S. Packard was relieved by Relief Agent Archambault while he attended an investigation at Oskaloosa.

Bro. L. C. Clark, of Chapin, was off several weeks on account of the serious illness and death of his father.

F. B. Hageman, while on the sick list, was relieved by Bro. Heritage and Dispatchers Cunningham and Laird.

Bro. L. Quinlan, of Eldora, called to Minneapolis on court business, was relieved at Eldora by Bro. D. N. Blankenship, of Division 2.

Bro. Murray, second Pickering, resigned, relieved by Bro. C. C. Butts, of Division 53.

Bro. Rex Davis, who went to Middle "G" agency, is now on second Elrick, vice Decker, resigned.

Bro. Ed Anderson, whose wife died after an operation in Hampton hospital and was buried, at Abington, relieved Mr. Close at Elrick Jet., when called to Kilburn, Ill., on account of the death of his mother.

Bro. C. L. Keshon relieved Bro. S. K. Anderson at Oskaloosa while he attended the funeral of his mother.

Boys, let's all get busy now on the nons and the delinquents, and line them up before we go in for a new schedule, which we are badly in need of.

W. C. M.

IN MEMORIAM.

C. & W. Division—

New Richland nights bid in by Brandt, relieved by N. Oight, from C. & N. W., at Humboldt.

The Hunter petition was signed by every man on the division.

E. J. Dalton, "HF" nights, resigned.

Auditor Smith and Mr. Musen went over a part of the road recently, shaking hands with the boys.

Bro. Conklin, Division 23, secured several members for us on west end recently, and several of the back-sliders have promised to get in line.

Only received items from two of the boys. Take a little more interest in this matter. When you hear of a change on the line jot it down and send it to me. Let's try and have a big write-up for next month.

"Jorn," Cert. 29.

Chicago & Northwestern Ry., Div. No. 76.

Chicago Terminal District—

Brothers, we must line-up the few delinquents and nons still left on the division. We may now shake hands with Harry Gladiath and Frank J. Gart, of Wilmette and Rose Hill.

We extend congratulations to Bros. Jacoby and Ganley on the birth of their boys, and accept the cigars with many thanks.

Messes. Mann and Steers, of Clinton St. towers, have resigned, and Bro. John E. Strande, third Deering Bridge, has secured one of the positions. He has certainly earned the promotion, and we are all glad to see him get it.

Bro. Scanlan, second Lake St. tower, relieved thirty days by George Russ, telephone operator.

I wish that all members would try to attend the meetings of the Cort Club on the first Saturday of each month in the Masonic Temple. If you will do this, you can keep in touch with the O. R. T. movement in general, also on the C. & N. W. Ry., as Bro. Troy frequently attends these meetings and you will always be able to know just what is going on and will not have to be governed by hearsay.

Remember! No card, no favors!

LOCAL CHAIRMAN.
THE RAILROAD TELEGRAPHER.

Resolved, That the members of the Madison Division of Division 76, Order of Railroad Telegraphers, extend to the sorrowing brother and family their sincere and heartfelt sympathy in their bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy spread on the minutes of this division, and a copy forwarded to the Telegrapher for publication.

C. E. L. Hansen,
Committee.

CARD OF THANKS.

BUFFALO, Wis., February 18, 1914.

To the Members of Madison Division:

Brothers—I wish to express my great appreciation and sincere thanks to all the members of Madison Division for the beautiful floral offering presented by them in token of their sympathy for the great loss of my beloved wife.

Fraternally,

A. C. Deutschbein.

Wisconsin Division—

Mr. Hardesty recently assigned to first Wiscona returned to second there, vice Bro. F. Boynton returned to third, relieving Bro. J. O. Ricks, returned to Tower "SW." These changes were made necessary on account of irregularity in assignment of first Wiscona, which has been secured by Bro. H. R. Wollmer.

Bro. J. N. Woodbury, agent Alden, is laying off a few days.

Conductor Gene Dady, of Harvard, relieved Bro. Regan at Capron, February 221, while he was in Chicago.

Chas. H. Lee, of the Terminal District, Clinton St. tower, visited his mother at Capron recently, and called on the boys at Harvard.

Chief Dispatcher McIntyre called on his parents at Capron recently.

The boys along the "KD" are kept pretty busy with the ice trains and a general all round pick up of business.

Trainmaster Davis is successfully looking after the overs, shorts and bad orders on our division.

Numerous changes have taken place recently, on account of the various bulletins, and we are receiving many new men.

Brothers, get after the nons and make them get a card.

Bro. Coburn was absent several days on account of sickness in his family, also doing committee work, relieved by Mr. Soles, of Woodstock.

We desire to call your attention to the Cort Club meetings held on the first Saturday night of each month at Room 912, Masonic Temple. A card in this club only costs you 50 cents semi-annually, or $1 a year. Every railway in the city is included in the membership of this club, and no more interesting meetings could you attend anywhere; discussions of vital matters, both legal and otherwise, are given by the ablest of men, and you could not help out a better cause. If you are not a member and hold a card up-to-date and have the pass word, you are cordially invited to attend the meetings. Don't forget the date, and be sure and come in to our next meeting. Any further information can be procured from Bro. H. L. Sharer, at "GO," Chicago.

Miss Andrews, formerly of Chicago Ave., has returned to work at Des Plaines second, relieving Mr. Sherman, who goes to West Bend third, vice Bro. G. A. Hallade, who bid in third Racine, vice Mr. Bassett, who went to second Tower "SW," relieving Mr. Saxe, on vacation.

The special meeting of Wisconsin and Galena Divisions, General Office and Chicago Terminal District, called by General Chairman Troy, at Victoria Hotel, Chicago, February 224, was well attended considering the snow storm which raged all day and well into the night. The afternoon session was a hot one, and many new and interesting facts were brought to the attention of those present.

The evening session was called to order at 8 p. m., Bro. H. L. Sharer acting as chairman. There was a large attendance, and questions of vital import were discussed at length.

The meeting was opened by a short address from Bro. E. H. Webster, local chairman, Galena Division; interesting talks were also made by Bro. Smart, of "SJ," general office, and Bros. Henning, Graves and Cohen, on present conditions and the efforts that are being made to interest the non-member. Every member should not only make a special effort to interest the man whom he works with in the organization of the craft, but should attend these meetings whenever and wherever possible and thus keep posted. Two of our sister telegraphers from this division of whom we are justly proud, braved the storm to be with us at the evening meeting, and the boys who stayed at home on account of the weather can well take a lesson from this and make an effort to get out to the next meeting. It will cure your faint-heartedness.

Brothers, send the news to Bro. Coburn, at Harvard. This will be greatly appreciated. Thank you for the items you have already sent in.

Cort. 262.

Sioux City Division—

Everything moving along smoothly, and new members coming in rapidly. Now, if the men on the Sioux City-Missouri Valley line will only become "alive," we can show one of the best-organized pieces of road in the country.

C. W. Mapes, transferred from Division 30, is now at Stratford. Mr. Guille resigned Sargent's Bluffs to engage in farming in Illinois. Boyer, from Sac City, bid in the position. Mr. Sunberg, a new man, is at Cal. Jct. Mr. Lewis,
from Danbury, relieved Boysen, Lake City, a few days. Mr. Graham, Modale, called to Illinois owing to the death of his mother. Mr. Clayton, assigned Lawton, left us without notice or address.

It is rumored that a new fast train will be inaugurated, Carroll to Sioux City, shortly, and our No. 22 reduced to the ranks of a local.

Mr. McClure requests that the boys live up to his instructions as far as possible in regard to admitting persons to the office, including unauthorized employees. Inspectors report direct to Chicago on such matters. It is then referred to Mr. McClure, who has to explain the complaint. We trust the boys will live up to the rule literally, and not impose too much upon Mr. McClure's good nature.

The circular letters in regard to the observance of the hours-of-service law should be carefully read and complied with. Station work does not come under the emergency clause.

The following is the seniority list. In case error is detected or you wish the exact date of employment, write the local chairman, who will loan you one of the lists: 1, Hungerford; 2, Felts; 3, Van Der Velden; 4, Strong; 5, Laing; 6, Penn; 7, Yule; 8, Sands; 9, Ryman; 10, Talbert; 11, Marple; 12, Beck; 13, Hammond; 14, Noe; 15, Ihde; 16, Green; 17, Sheldon; 18, Pratt; 19, (out); 20, Dick; 21, Baker; 22, Elliott; 23, Hooper; 24, Fuller; 25, Barfoot; 26, Treloar; 27, Diem; 28, Pangborn; 29, Kelsey; 30, Short; 31, Carnes; 32, Kent; 33, West; 34, A. Boysen; 35, (out); 36, Eck; 37, Cochran; 38, Fagan; 39, Neves; 40, J. F. Simpson; 41, Watson; 42, Boysen; 43, Breuneman; 44, Edwards; 45, Roach; 46, Dean; 47, Meehan; 48, H. W. Hays; 49, Crinklaw; 50, Clahanan; 51, Willhoite; 52, Graham; 53, Alloway; 54, Cochlin; 55, Boyer; 56, Russell; 57, F. L. Hundall; 58, Lobdell; 59, Straus; 60, Clifford; 61, C. H. Hays; 62, (out); 63, Graves; 64, Baskin.

We trust the practice of the agents hiring additional help out of their salaries will be discontinued on this division, as the company is fully able to provide the necessary assistance to handle the business.

Bro. Sands is very sick in St. Joseph's Hospital, Sioux City. PARCEL POST.

Minnesota Division—

The new seniority list is out. Many of the boys will find their numbers changed a great deal, and all have been moved up somewhat.

Chester Station has been changed to Haverhill, and Mankato Jct. to Burdette, owing to the likeness of Chester to Rochester and Mankato Jct. to Mankato, to eliminate the possibility of errors in train orders.

Jim Ingram, a freight brakeman on this division, was killed in Mankato yard, February 25th, while going west on train 481. Jim was well liked by all who knew him, and his sad ending was a shock to his many friends.

Bro. A. G. Bosshardt, agent Dover, while on the sick list was relieved by Bro. C. L. Cady, from Dodge Center.

No news from the Watertown line. I sent out several appeals for assistance from a news standpoint, but very few returns. However, we are very grateful for all we received, and hope the boys will come to our aid better next month. One little item from each brother on the division would help greatly.

Bro. R. H. Krause, former agent at St. Peter, now with the A. C. L. at Drewry's Bluff, Va., sends his "73" to all the boys. We wish him success.

Dispatcher R. M. Morse, third trick Middle Division, recently enjoyed a few days' vacation, relieved by Tom Carroll, and he by Bro. Dan on third East End.

The subscription taken up for Bro. Cotton, amounting to $215, was presented to him at Janesville, March 18th, coming at a time when it was sorely needed. He wishes to express his thanks and appreciation for this remembrance, and hopes that the opportunity will present itself some day to be able to repay the many friends who so freely gave towards the fund. Employees from every department donated, also our division officials and dispatchers, for which we are very thankful. It shows their hearts are all with us, and we should show them we appreciate their friendship by helping them out in every way, so that we may all benefit by their success.

I. M. Donkoskie, second Minnesota City, was recently elected justice of the peace, and promises to tie up all the O. R. T. boys who wish it free of charge.

Bro. J. F. Pierce, third Waseca, has resigned and left for the sunny South, to work for the W. U. Telegraph Co.; relieved by Bro. A. M. Thompson, Sanborn second, and he by F. L. McInstry, relieved at Minnesota by Bro. Wagner, the regular man.

Bro. Harry Sorenson, second Winona side wire, while visiting his home at Kasson, also the Twin Cities, was relieved by L. B. Curran.

Let us see what we can accomplish as an organization by this time next year. We have a good membership, and that is the prime factor in getting results. Push.

An open meeting was held at Mankato, Saturday evening, March 15th. Superintendent M. J. Boyle and Traveling Agent Perry were our guests. All the division officials received an invitation, but only those two gentlemen were able to be present, and brought the excuses of the rest. Addresses were given by Mr. Boyle, Mr. Perry, General Secretary and Treasurer Tenney, of the Omaha; Bro. E. J. Thomas and others.

The meeting was not adjourned until nearly 11 p.m., and those who were fortunate enough to be present were so well pleased that they would go any distance to be in attendance at another
such meeting. Bro. Wentworth, from Gary; E. C. Mielke, from Canby, and C. R. Riebe, from Marshall, hold the record for long distance.

That much good resulted from this meeting goes without saying, as it tended to bring out the friendly feeling that exists between the division officials and the boys, and all are looking forward to the time when another open meeting will be held.

Bro. Tenney is fast becoming a fixture at the meetings. By his presence and encouragement the destiny of the O. R. T. on this division is enhanced fifty per cent. Let the good work go on, and more of the boys put forth an effort to attend these meetings. If you once get the habit, you would not miss one. — D. J. M.

Dakota Division —

I have been very busy this month, having been on my vacation and changing my location, and have had very little time to drum up much for this Telegrapher, and I think it is as little as some of the boys on the line can do to send in a few notes. You won’t attend the meetings once a month, never speak a word to the non you work with every day, and don’t send in any notes; so the only proof you have that you are an up-to-date member is your division card. Work individually during the month, and come in on the second Sunday of the month and let’s all tell what we have done “for the good of the Order.” If impossible to come this month, send in your notes, and try to swap off and be there next time. We have a few one-man stations where brothers hold forth who have not missed a meeting. Try to do likewise. There are two or three and possibly four at some stations, and not a single member attends a meeting. Two or three individuals can not make a live division. It is absolutely necessary for each and every member to do his part before we reach that standard we claim to be striving for.

We have added several new members recently, and hope to soon have several more. Attend our meetings and you will get the news up to date and not have to depend entirely upon the journal. You prosper according to your deeds. Brothers, wake up; your integrity is at stake; be working members of our Order, and don’t stand back and wait for someone to do it for you.

Bro. M. E. Taylor, agent Garvin, and wife have gone to his claim near Faith. Mrs. Taylor recently underwent an operation at Omaha.

Bro. E. H. Rohlf, first Salem, off a few days visiting in Omaha and Manning, Wy., was relieved by Bro. R. W. Richardson, who, with Bro. Boughner, Salem, attended the basket ball game at Huron recently.

R. E. Stengle, second Balaton, off on account of sickness, is being relieved by A. Lane. Mr. Moe, agent Elrod, has resigned, relieved by J. H. Wohlender, helper at Alcester.

Bro. R. A. Pfefferle has cut down the high cost of living by going to Cavour to work, so as to cut out the weekly trips.

N. Paulsen, agent Centerville, off thirty days, was relieved by Bro. Ed Finnerny.

Bro. E. W. Carpenter was a recent Lake Preston and Cavour visitor. His wife, who was visiting at Buffalo Gap, has returned.

Dispatcher “Bill” Seaton has gone to California for a few weeks.

Ex-Chief Wilson was sick a few days, relieved by Bro. R. W. Richardson. Extra Dispatcher Kendall has also been off on account of sickness.

Eighteen members were present at our Redfield meeting—the best showing so far.

Bro. H. A. W. Graham, of Carthage, secured the shawl purchased from ex-Bro. Hunter, of Nevada. Another one has been purchased. Our next meeting (on account of Sunday being Easter) will be postponed one week.

Bro. Pfefferle has appointed assistants on all parts of the division to help him out on the news. The treasury is flourishing, but there is still some money due from the brothers for local dues. If you have not done so, please send your 50 cents to Local Secretary and Treasurer H. D. Harrington, Iroquois, S. D.

Bro. J. D. Lane, agent Mansfield, recently in the Black Hills, Council Bluffs and Cavour, has returned to work. He was relieved by his son, A. Lane.

Bro. Collins, agent Reform, went through a routine of court trips 18th to 21st; relieved by Bro. W. R. Moore, relief agent.

Bro. Holmes, first Ackerman had an enjoyable trip to Atlanta, Ga., recently.
Some of the boys have begun to send in their applications for the two weeks' vacation with pay. A number of boys are entitled to it. Remember to send in application sixty days before vacation is wanted.

We expect to soon know the details of our revised contract, and should all get after the few nones on our division and make it solid.

Send in your suggestions to the general committee as to what you want in our next contract.

Bro. T. R. Craig, agent Falkner, had the misfortune to lose his new home by fire in January. All who wish to help him please hand your donation to the relief agent, who has a list for that purpose. Although Bro. Craig has not asked for help it will show our brotherly love to give him something.

Bro. M. J. McWhorter, agent Decatur, while on the sick list, was relieved by Bro. A. L. Rayburn.

We have secured a new contract, but can't say yet what increase was granted.

I wish all the members of this division would send me the changes and other items of interest by the 20th of each month so we can have a good write-up in the journal. W. W. Watts, Newton, Miss.

Colorado Midland Ry., Div. No. 81.

Second District—

Bro. "Slim" Ellis is on the sick list, relieved by Mr. Brewer.

Perhaps you have noticed the change in touch from the key at Ruedi. Bro. Cooke has been strolling down as far as Ruedi Canon, listening to the echo of the word "papa." Congratulations.

Our meeting at New Castle was probably the most successful one ever held on this district, the following being present: Bros. O'Brien, Hughes, Coldiron, Rose, "Slim" Ellis, Jones, Maxwell, Smith, Lamborn and Harry Crutchfield, also Bros. Wright, of Division 126, and Miller, of Division 1. Upon our arrival at New Castle at midnight, Smithy escorted us to I. O. O. F. hall, where Mesdames Crutchfield and Lamborn had "the eats" all ready. It was not until after he was threatened with expulsion, that Bro. O'Brien discontinued putting huge slices of cake away in his pockets. At 3:15 a. m. upon motion by Bro. Crutchfield we took a short recess to look over the fittings of the little hall, the refrigerator in the back room seemed to be the center of much attraction.

Bro. Smith endeavored to put a motion before the meeting several times, which had he succeeded, would probably have resulted in bloodshed or a recourse to the boxing gloves, with Bro. Crutchfield, as one of the combatants.

A vote of thanks was given to Mrs. Crutchfield and Mrs. Lamborn for the splendid supper, also to Bros. Smith, Lamborn and Crutchfield for their services on committee of arrangements.

Bros. Crutchfield, Maxwell, Jones and Coldiron have been appointed a committee in charge of O. R. T. Memorial Day services. They will be glad to receive any suggestions upon the subject, as we desire to observe July 12th, our first memorial day, in a most befitting way.

By request of Bro. Coldiron our next meeting will be held at Arkansas Jct., and I hope to be able to induce Bro. Manion to be with us, in the event he is in our territory at that time.

Lest we forget, Messrs. Borneman, Scandan and Brewer are our second district non-members. May we hope that some day in the near future each may be called brother.

F. B. Ross, Local Chairman.

Western Maryland Ry., Div. No. 82.

Eastern and Middle Divisions—

Bro. H. E. Hare is in a pitiable condition, having been sick for several months, the trouble having affected his eye-sight, causing total blindness, but we hope it is only temporary. He is the sole support of his widowed mother and is sorely in need of our support. While several small sums have been contributed, I trust all the brothers and others who wish to assist him will send what you feel able to give to Bro. O. E. Mull, Meyersdale, Pa.

Bro. R. G. Sterner was off several days on account sickness; relieved by M. Breighner. Bro. R. R. Myers was also off a few days making preparations toward housekeeping, moving, etc.; relieved by "Fatty" Myers.

All three tricks at "SM" and "SA" and one trick at "SY" and "K" and several on the line west of Hagerstown have been closed, throwing about fifteen operators out of work. It is hoped this is only temporary and that they will be re-established when business picks up.

Bro. E. E. Baugher, who relieved the writer several days while on business in interest of the division, later relieved T. S. Shamberger.

P. C. Gardner was running trains a few days, Chief Dispatcher Koons being off, threatened with pneumonia, but am pleased to state that he is able to be on the job again.
Bro. Harbaugh, third "MC," is erecting a residence on Oakland Ave. Bro. Lawrence and Bro. Ogle have both been on the sick list.

Bro. Heinez, relieved at "UD" agency by Mr. Gardner, has taken second Wallbuck.

Bro. E. M. Loose has had quite a siege of carbuncles, relieved by Bros. Senft and "Fatty" Myers.

Bros. Frank and Arnsperger bid in second and third "FD," and Bro. Danner second "MC."

We have a few less than the general average of delinquents scattered over the system than usual at the end of a dues period, and we hope they will get up to date as soon as possible; become "up-and-doing," brothers, and forget their petty differences and fancied grievances. Because we are organized or partly so we must not imagine that everything can be accomplished and overcome, conditions arise that become insurmountable and we act wise when we make the best of the situation. Kickers are never satisfied, when one condition is satisfactorily adjusted, they seek in another way to find something to fuss over—what a pitiable affliction. If it were not for the organization we would have much less than we have now. If you desire a change stay on the inside and help make it. You are doing yourself and perhaps others harm by remaining out.

With the induction into office recently of the new high officials there probably will be improved conditions, and we must make every effort possible to bring about a complete and happy organization of those not within the fold, then steps can be taken toward negotiations for improved conditions. Do your utmost to help accomplish this. I kindly extend thanks to those contributing news. Come again.

**Bangor & Aroostook R. R., Div. No. 83.**

This is a year of uncertainties, and every brother should get the real good old O. R. T. spirit coursing through his entire system and work for the grand old Order as he has never worked before. Get that non working with you, or at the next station. Keep after them until you get them into the fold. Every "brass pounder" who is morally and physically fit should get into the ranks and help to make this division as near solid this year as possible. We should have 95 per cent before September 1st, in order to get a new schedule, as it runs out then, and we must have a good working percentage to get another schedule signed up with an increase and better working conditions. This can only be brought about by the honest and sincere work of the membership, the strong backing up of the committee to a man, and the committeemen doing the best there is in them. Let's have our committee go in with that strong understanding and absolute backing which knows no defeat. Other divisions do it and so can we.

Every brother should plan from now on to attend our regular annual meeting in Houlton in August. As this will be so short a time, prior to the committee going in, it is very important that every possible member should attend. There will be many important questions to be decided upon, and every brother's views are earnestly solicited. When you start for Houlton to attend this meeting don't go off to camp meeting, or hire an automobile or team and go sight-seeing. Get up into the lodge room and put your committee-men wise to what they are to do.

Bro. Sherburne is back at Limestone, vice Bro. Walah to Oakland agency.

Bro. Federson, agent Mars Hill, has resigned; relieved on bid by Bro. Morton, of Bridgewater.

Bro. Donoghue, of Sherman, spent Sunday in Bangor recently.

Bro. Cutler and Mrs. Cutler are enjoying a few weeks' visit at Lincoln, Bro. Cutler's former home.

Bro. Connelly is now handing out the "J1's," etc., on first at North Maine Jct. Bro. Hitchings landed third there.

Bro. Greene, of Searsport, off for several weeks, was relieved by Bro. Crozier, who also relieved Bro. Robbins, of Gridstone, recently, when he took in the Masonic meeting at Presque Isle.

Bro. Thorpe, of Millinocket, went to the wreck at Packards recently. Bro. Blake, second Millinocket, while off sick, was relieved by Mr. Atwood, of Norcross.

It is now Bros. Blake and Power, of Sherman, also Mr. Snow, South La Grange, and Mr. Trask, of West Sebois, making the latter solid.

Bro. Hatt, agent South LaGrange, and Bro. Hib. Scribner, first "G" tower, have their hands full keeping run of the cars and handling the levers.

Bro. Lawrence, at West Sebois, had a good day's catch of pickerel in Sebois Lake recently.

Bro. P. L. Bates is doing his regular stunt down around Sandy Point now, and is feeling a lot better.

Sister Rollins is handling the station business at Prospect in a creditable manner.

Some of the north end brothers kindly donate some news items, and don't forget to work for the good old Order this year, next year and every other year until it becomes necessary through old age to lay your frame away, but let the button go with it. This means all of you. Yours for a solid O. R. T. and better times. **Cert. 52.**

**Texas & Pacific Ry., Div. No. 88.**

**Transcontinental Division**—

We only have four nonns between Whitesboro and Texarkana. Wake up, boys, and get after that non next to you, get him into the Order, and have none left on the division.

It is now Bro. J. B. Pope, third Clarksville. Hope he will keep after Gooding and Miller until they come in.

Bros. Anderson and Smith, from Bells, paid the local chairman a pleasant call during March. Come again. The weather is good, and a walk from Bells to Savoy is a splendid morning or evening
exercised. Bro. C. A. Elkins, third Bells, on the sick list for thirty days, was relieved by Bro. W. O. Robertson, who later relieved his brother, Bro. C. C. Robertson, agent Hooks.

Bro. J. W. Wilson, of Division 53, transferred to "RN," Texarkana.

Bro. H. C. Dabney, first Clarksville, was relieved a month by Bro. Pope, relieved by Bro. W. W. Walker, from the Cotton Belt.

Bro. F. A. Wemple, Sr., while off sick, relieved by Bro. McGlasson, and he on second by Bro. F. A. Wemple, Jr.

Boys, I think it would be a good idea to have a meeting at Bonham some time this spring, and get better acquainted; have Bro. Hambright with us, and have talks by different members over the affairs of the division. A good part should be able to attend. I could arrange to be with you any time that suits.

P. O. RUTHVEN, Local Chairman.

Rio Grande Division—

It is now Bros. Carl Lasater, third, and J. E. McMurray, agent Aledo.

Pecos third assigned to Bro. Rogers, relieved on third Merkley by Kelly Hogg, later relieved on bid by C. L. Jones, from third Ranger, now on bid.

Midland third bid in by Bro. T. E. Paylor, extra dispatcher Big Spring.

Bro. Ralph, Colorado first, in hospital three days, relieved by Bro. Woods of second there.

Brothers, remember your obligation and allow no students in your office without the proper authority.

Barstow, Vonahans, Odessa and Toyah should be investigated, and if reports are true the "ham factories" discontinued.

Bro. Cary, third Abilene, was a recent motorcycle visitor at Merkle, accompanied by a friend.

I am very much obliged to the few who furnished me a few items this month. I hope more of you will help so we can have a good write-up each month, as I can only learn of a small part of the changes that take place on this division.

Agent Hall has resumed at Clyde, putting Agent Stover on the bump again.

Bro. Price, from Midland, bid to Stanton station.

Bro. Boyd, Pecos third, resigned on account of his drug business there needing his undivided attention; relieved by Bro. Rogers.

G. W. Marshall is bowling at Baracho, while his wife is visiting relatives East.

Bro. Cochran, of Allimore, on vacation to Fort Worth and El Paso, was relieved by Mr. Van Horn.

Bro. Hester, at Kent, has been attending court in Abilene recently.

Czar. 89.

Rio Grande Division West of Big Springs—

Bro. Gage, agent-operator Iatan, and Mr. Farrant, third Odessa, have arranged to trade jobs.

A young would-be O. R. T. with us when we organized, when things were looking kinder blue, tore up his card in presence of the officials, one of whom patted him on the back, saying, "Young man, that will make you superintendent some day." His friend said, in reply, "Young man, you will be sorry for that some day." He is already out of a job with "No card, no favors" greeting him at every turn, as we are on top now and almost solid, enjoying a good schedule.

Bro. Chatham, first Toyah, was on the sick list several days last month. The Toyah oil business is increasing the Western Union receipts there.

Bro. Chas. Frame was off a few days at Monahans with a sprained ankle, relieved by Bro. Moore.

Bro. Graham, agent Pyote, was called to Odessa recently as a witness. About twenty-five more company witnesses also reported at Odessa, including Night Chief Dispatcher Young, from Big Springs, and Trick Dispatcher Steward, from Baird.

We are doing our best to have a write-up, and that is all a mule can do. We remember when we pounded on a mule instead of the key, and we were satisfied when old Beck did her best. Any items you may give me, over wire, phone or by mail, will be appreciated. Let's pull together. No card, no favors.

Czar. 311.

Eastern Division—

Bro. George Montague, while visiting in Ft. Worth and New Orleans, was relieved by Bro. Cherry, from Grand Saline, where the best brass band played an appropriate selection, "Who would have thought it," as he carted the parcel post to and from the post-office.

Bro. Colvin and Hogan are keeping "bach" at Eagleford. Peter Gavin, third there, being relieved by Mr. Vandermark. Sister Colvin is also off. Bro. Hogan was called to his home in Louisiana recently, owing to the illness of his mother.

It's now Bro. Pearce, first Willspoint, who was "one of the boys" back in the eighties.

Mesquite is now up for bid.

Bro. Douglass, second Terrell, was relieved by Mr. Rhodes, from Grand Saline, a few days.

Bro. Pearce, called to Burleson, Tex., owing to the illness of his father, was relieved by Bro. Geo. Montague.

Bro. Molhausen's wife and baby have returned to Edgewood from their two weeks' visit. We hope Bro. Molhausen will still continue to call on us at Willspoint occasionally.

Bro. McJimsey, who relieved Roy Walton, Grand Saline, off on leave, got split trick Mineola on bid: Mr. Harris, from Willspoint, got second, and Mr. Rhodes, first Grand Saline.

Bro. Tigner and Huffmaster have returned from their vacations, relieved by Telegraphers Rhoades and Hill.

Brothers, keep after the nonis, and land every one you can. Agent W. H. Farrar is now a brother.

Among those present were: Bros. Mulhall, Collins, Williams, Reaves, Cosgrove, Derryberry, Felts, Boyd, Demger, Allen, Maxwell, Pierce, Smith, Phillips, McFarlin and others.

Bro. Shannon sent his regrets for non-presentation on account of being engaged with the auditing committee in the yearly audit of the division accounts.

Bro. Mulhall took the chair and gave us a very fine talk, mostly along lines relating to the proposed new schedule, the duty of the rank and file to the organization, and the support they should give the general committee when up for a revision of schedule. A number of the members expressed themselves as being enlightened and benefited with a better idea of schedule negotiations than before.

These meetings are held for the benefit of our members, and the pity is that more of them can not be induced to attend. Still, we are not discouraged. This division is in better shape now than it ever has been, and we intend keeping at it until we get it complete. Meetings will be held from time to time, circulars printed and mailed the members, and new schedules will be secured, and we intend to demonstrate in a general way that Division 93 is very much alive and intends keeping on doing business as formerly.

The local chairman is in need of assistance in keeping the men organized, and individual effort should be given to this matter, thereby keeping the organization in a strong, healthy condition.

We should all stand by the general committee during the schedule revision, leaving all matters to be decided by it, and all the benefits possible will then be secured.

**Louisiana Division**

It is with extreme regret that we announce the death of our chief dispatcher, C. S. Brill, after a lingering illness, at the I. C. Hospital, New Orleans, March 16th. Mr. Brill had been chief at McComb for a number of years, and was exceedingly popular with all classes of employees.

J. E. Schneider, first trick dispatcher on Canton District, has been appointed chief. Joe was "made" on this division, and is very popular, especially with the telegraphers, and the boys will give him their best.

Bro. L. E. Crawley, fourth operator at "MO" and extra dispatcher, promoted to regular trick dispatching, has already made good.

Our general committee is now in Chicago in conference with the general manager, revising our contract. Conditions have changed wonderfully since our last revision, over a year ago, and there is an insistent demand, especially from the agents, for better conditions and more money. The parcel post and reduced express rates have greatly reduced express commission, and the policy of the company in bonding the cheap clerk and helper and making them meet the early and late trains, has almost entirely eliminated overtime, consequently some of our heaviest agencies are hardly paying more than an "OS" job, and the cost of living has also increased fully 10 per
cent since our last revision. If the membership will give the committee their solid support, the bacon will be brought back.

There is only a "corporal's guard" of nons left. Let's land on them and show a 100 per cent. The new members are: K. S. Rheams, E. F. Dunning, Antonio Yenno, Peter Reets and F. M. Hall. Extend them a welcome and all courtesies. John Bouldousque, agent Flora, Miss., and Leslie Chambers, agent Tangipahoa, La., still head the down and out delinquent club. Their old hard luck story don't go with those who know them.

The new depot at Independence, La., has been completed, and Bro. Hiram Allen is as proud as a boy with his first pants. The strawberry crop has been set back by the frost and cold weather, but "Whallen" says things will be popping all about the middle of April.

Senor Martin and Grandma Foley's poultry farm at Nogan is not prospering. Suggest they enlarge the farm and take in Stewart Grant, thereby making it a full house.

A meeting of general and local chairmen for the State of Louisiana has been called for April 11th at New Orleans. Legislative matters will be passed upon and bills approved to be submitted to the legislature, which meets in May. Since the Mississippi boys did so well in the legislative line, the Louisiana boys are getting into the game.

Kentucky Division—

We are still 100 per cent solid and working for the good of the Order.

Saturday night, March 7th, we held a very interesting meeting at Central City, opened by General Chairman C. A. Mulhall. The following members were present: P. C. Berry, Kosmomule; A. M. Davis, Tip Top; Rickets, West Point; R. L. Pulliam, Grayson Springs; W. W. Sloan and W. C. Strickler, Leitchfield; C. C. Crawford, Millwood; J. T. Lashbrook, Horse Branch; H. Q. Crawford, Fordeville; J. E. Layman, McHenry; C. H. Dewese and John Couch, Central City; G. W. Crawford, Greenville; J. C. Oates, Luzerne; J. W. Copely, Graham; W. C. Durham, White Plains; O. N. Sisk, St. Charles; J. K. Adams, Dawson.

The meeting lasted until 1 a. m., when most of the Paducah District boys had to leave to catch No. 103.

Bro. Mulhall explained the new schedule, which calls for an eight-hour workday for all three-man stations, ten hours for all twelve-hour stations, and fifteen days' leave of absence for everybody.

Some of the brothers are not taking the interest in these meetings they should. I know of several who could easily have attended had they made an attempt. Let's see if more can not come out in the future.

Bro. Tom Netherton, back again on this division, bid in agency Mercer.

Bro. H. Q. Crawford, nights Mercer, to extra list.

Bro. H. Curd, second Paducah union depot, was recently married.

Bro. R. O. Neel is on vacation, relieved by Bro. H. Q. Crawford.

Brothers, send me all the items you can.

Bro. Sloan, at Leitchfield, now has three operators at his station.

Bro. Williams, at Beaver Dam, and Bro. Crawford, at Greenville, have each secured a clerk.

Two heavy sleets recently put the phone out of business, but we had the old trusty telegraph instruments to fall back on.

NOTICE.

To the Members of the Illinois Division:

As the quarterly assessment of 25 cents (payable in advance) levied by this division is our only source of revenue for the maintenance of a local fund to provide for current expenses, such as the purchasing of flowers for sick and deceased members, hall rental, etc., I am compelled to request you to remit promptly when these assessments fall due. As the assessment is too small to justify the mailing of receipts, I would suggest that payments be made for the four quarters at the beginning of the year. This would warrant the purchase of a money order, the receipt of which could be retained to guard against a possible misunderstanding.

Remittances should be forwarded to me at 256 North Schuyler avenue, Kankakee, Ill.

B. E. FELSTRING,

Approved:

C. R. WALTERS,

Chief Telegrapher.

It was our good fortune to have Bro. Mulhall at our meeting in Kankakee on March 20th. Bro. Mulhall delivered a lengthy talk on important questions, which was generously applauded. An exceptionally good crowd attended the meeting and
the following appointive officers were named by
Chief Telegrapher Walters: Marshall, R. L.
Madix; inside sentinel, B. C. Madison. On ac-
count of sickness, Past Chief Telegrapher Mor-

Springfield Division—
We had a good crowd at our last meeting, held
in the St. Nick, at Springfield, March 14th, when
Bro. Mulhall gave us an interesting talk on the
new schedule, which has some good amendments.
We should all support our committee, and stand
by it to the end. A 15 per cent increase, all
Sunday work overtime, forty cents per hour over-
time and sixty cents for calls, ten hours for the		\(\text{twelve-hour men, and eight hours for the trick}
men, are some of the amendments in the new
schedule. Now is the time to line up that non
and make this division 100 per cent strong. We
are going to let the nons this time stay on his
same old feed.

lied at Alvan by Mr. Horton.

Southern Ry. in Mississippi, Div. No. 94.
GREENVILLE, MISS., March 26, 1914.
To the Members Division Ninety-four, Southern Railway in Mississippi—

DEAR BROTHERS—I regret very much that I have not had the opportunity of meeting each one of you since my trip to Mobile, but hope to
do so in the near future, as I feel that you are all very happy since securing our contract and raise in salary, and will be glad to hear from me.

The officials of the company deserve the sincere thanks of everyone of us for the courtesy shown to Bro. Neyman and myself, and I hope to be able to show my appreciation of the same in the near future.

I expected some consideration from the officials but the manner in which we were treated, and especially the raise in salary, shows that the company appreciates our efforts and is willing to meet us half way if we only show the proper spirit.

Let us do everything in our power to show the company the good of an organization of this kind, by handling the business promptly, looking after every little thing around the station that we know will save the company any unnecessary expense, and be polite to the patrons of the road.

Let us all co-operate with our officials and when the season is over be able to say that none of our members lost out on account of sleeping at the post, and the officials will feel very much encouraged because of an up-to-date force of faithful and efficient men.

Fraternally yours,
J. W. ROBINSON, General Chairman.

Bro. E. M. McCarthy, second Parnell, while visiting in Kansas City, was relieved by W. O. King.

We are glad to see our old-time brother, J. N. Trunnel, secure Dunkerton agency.

Live up to our motto, "No card, no favors," cut out favoring the hardshell nons.

We have had a large increase in membership since the first of the year and if each member would make it a point to get after the nons we would soon be 100 per cent strong. You should not leave it all to your chairman, as they can not get them all, and if you would speak to those who are not up-to-date you could probably do more than your chairman. It is to your interest to help get a solid line-up, so let us all get in the game.

Many thanks to the brothers who sent me items and hope you will continue to do so every month. One man can not do it all.

CERT. 475, Div. Cor.

**Eastern Division**

The best way to keep up an interest on the division is for every member to send in the news items he hears of. It's impossible to get it all without your assistance. Let's see what we can do toward making this the banner division on the Great Western.

W. W. Beattis, our genial local chairman, was out non hunting recently, with good results.

Hon. J. Conroy, of Clare, is busily engaged playing the hero act, when he is not engaged in his rhubarb patch.

Bro. J. E. Hanna, St. Charles, has returned to work after a three weeks' siege of mumps.

Bro. Reynolds is recovering from an attack of rheumatism.

Holcomb has a new platform and electric lights, and the brothers there are happy.

Bro. Hasner, Syracuse second, relieved W. M. McGirk, second Wilkinson, while he was relieving at Bellewood.

All get busy and send in your news items to Bro. Hasner, Sycomore, so we can have a good write-up every month.

Bro. C. L. Meister, second Elmhurst, was called home to Iowa, on account of the illness of his folks, relieved by Mr. Welch, from the Milwaukee, who will soon be with us.

Bro. Phipps, upon his return to Holcomb, off two weeks on the sick list recently, presumably left his suit case at St. Charles by mistake. Can it be possible that this is another "suit case mystery?"

Bro. Harry Mullen resigned third Dyersville to accept an agency on the Dubuque Division of the Illinois Central. We wish him success.

John W. Tanner, relieving at Bellewood, has resigned.

J. R. Hudson has resumed third at South Freeport, after spending the winter in the South.

Dispatcher F. E. Lawrence has resigned, on account of ill-health, and gone to California. Best wishes.

W. M. Boots, second Thorpe, on two week's vacation, was relieved by Mr. Nickerson, of Kidder. Mr. Virtue is on Dyersville third, pending bulletin.

Thanks to the brothers who helped with this write-up. Don't forget to help next month.

I. L. H.

Our members are giving very efficient service, and it is very gratifying to know that none of them lost out by failure to do their duty during the season of the limited and special trains, while a number of the nons bit the dust.

Mr. Fields, of the W. S. S., is one of our new members.

The taking off of the limited may close a few offices, but business generally is heavy and we will probably have a busy spring.

Mr. Fields relieved Mr. Edwards, second Vass, a few days; Mr. Clapp, Hamlet yard, went to third Camden, S. C.; Mr. Rice, former clerk to chief dispatcher, bid in third "HY," Bro. C. G. Pepper, first Hamlet, exchanged places with his son, first Hamlet yard, on account of heavy work at Hamlet.

We are also glad to note that Bro. Windham has been promoted to train dispatcher, and is making good; also Dispatcher Sauls, promoted to night chief.

Mr. Pridegon, an old-timer, is acting freight agent for Mr. Chestnut at Hamlet, who is in very bad health. Bro. G. W. Rowe, relief agent, is acting as ticket agent at Hamlet.

On March 22d the entire South was wrapped in a sheet of solid snow, something we have not seen in many years.

Mr. C. G. Pepper asks us to say for him, and the brothers in general, that we appreciate the untiring efficient work of our worthy Bro. Cumming on this Division. He has been kind and helpful to men who have not been so fortunate as himself. We appreciate his work and his love, and after knowing him for eleven years, Pepper thinks more of him today than ever before. Bro. Cumming is the champion of every worthy cause which aims at making working conditions better for us and making our homes more happy by being contented and faithful to our trust.

Div. Cor., Cert. 197.
Florida Division—

Bro. C. P. Graham is on thirty days' leave, trying out a position with the Interstate Commerce Commission as tariff clerk at Washington, D. C. Best wishes for his success.

J. P. Sims, is acting agent at Cedar Key, pending bulletin.

Miss Maudie Sasser, our genial lady agent of Bronson, visited her home at Williston, Saturday and Sunday recently.

Bro. J. L. Vining, former local chairman of this division, now local chairman of South Carolina Division, has been elected a member of the general committee. A good man. Congratulations.

Main Line Notes—

Miss Eagan, Campville, resigned, relieved by Bro. J. F. Ricketson.

Bro. Prince transferred to Hampton, H. C. Groff to Summerfield.

Cabbage moving from Southern District, and strawberries from Starke and Lawtey. Prospects good for heavy vegetable and watermelon movement this season, during the rush. We hope the boys will do their part as they have done in the past, and make this the banner division for efficiency in our line.

F. W. Brown, L. C.

Bro. Pough, off three days, relieved by Bro. T. Ennist.

Agent Elmendorf, Phoenicia, on vacation, relieved by Bro. Falk, "RA." 

Bro. Sanford, Big Indian, off a few days, relieved by Bro. T. Ennist, "RA."

It is reported that trains Nos. 31, 34 and 37 will be discontinued this summer.

The snow blocked trains more than in many years past—the Stony Clove branch for nearly two days. In the "notch" for nearly half a mile it averaged fourteen feet; at some places eighteen feet deep. It was packed so hard that it took the snow-plow with four engines to cut through it.

Bro. Lafferty, who could not get to Kasterskill during the blizzard, cut in at Stony Clove and reported progress of the snow-plow.

Brothers, are you doing your best to secure the non nearest to you? There are only a few left, and we want every desirable one lined up with us. Remember, in union there is strength.

"IRE."

Toledo & Ohio Central Ry., Div. No. 118.

I have only been here about six months, but there have been a number of changes made and a few new positions opened up, and I am one member among the 75 per cent of our division who is ready and willing at any time to help push along the new schedule now pending.

Bro. Schaffer, third Kile, has been off for some time on account of the illness of his mother. Former Bro. Grubbs, agent Croton, bid in second Thurston. Remember, brothers, "No card, no favors." Bro. Devore, first at Thurston, was on vacation recently, and it is reported that Bro. Sanford, third there, is soon to be married.

It is now Bro. Poling, operator and clerk at Pleasantville. We are glad to welcome him, and hope he will punch up the gentleman just south of him.

Bro. Clark bid in the new agency and operator position at Blanchard.

Bro. Jenkins, operator and clerk at Wapakoneta, took his vacation recently.

Mr. Artz appointed agent and operator at Kile.

I hope all the members will send me some news for next month, not later than the 25th, and keep it up every month. CERT. 354.

It is quite encouraging to the officers of the division to note that the membership have taken hold of the work in earnest and are trying to convince the remaining nons that they are on the wrong side of the fence. The work of the members is making itself quite manifest. We advised you that through their efforts we added twenty-one new members to our membership during January. During February, a short month, we added sixteen more. We have only a few of the old “hard shells” left. If the good work continues, we will add more during this month than we did in any previous month of this year. Have you secured one non? If not, you have not done your share towards making the system 100 per cent strong; so please get busy and help the other members by doing your share. If you will only exert yourself just a little, we are confident you will be successful in helping us out by at least securing one application. Remember, we are still allowing you a credit on your dues of $2 for every application that you turn in accompanied with the necessary amount. In a past write-up we told you of a certain young man who has had his salary increased in the past three years $15 per month, but he refuses to take out a card, and we advised you that unless he made good in the near future we would advise you where he is located, but we believe in giving everyone a chance to make good before giving his name to the entire membership on this line and forty-five thousand other brothers in the United States and Canada; so we are going to give him one more chance. Some good brother see that he gets to read this article.

J. H. Gray is now up to date, and we welcome him among us.

The nons are getting restless about the revision of our schedule. The non has more money coming, but he has not done anything to help get it. We have the money, and the membership will tell the committee when to go in, so Mr. Non need not worry now, at least. He may have a chance to worry when the committee gets through.

CERT. 94.

Topeka "KI"—Reggie Herbert, of Kansas City, worked a few days the first of March, while
Sister Brown and Bros. Ehrhart, Carver, Powell and Prescott were laying off.

Mrs. Skinner, wife of manager at El Reno, visited Sunday, March 8th, with Sister Brown.

Bro. Powell spent Saturday, March 14th, in Kansas City.

Some managers seem to be obsessed with a supine indifference as to what becomes of their men, the paramount issue with them being the reduction of force. A legitimate reduction of expenses is commendable in any manager or official and is to be expected by all, but the rerouting of business and the employment of other and more expensive methods of handling business, making an increase of force necessary in other offices at the expense of some other office, naturally causes resentment in the minds of those affected. Men who have established themselves at some point and purchased homes, expecting to make that their permanent residence, then to be cut off and sent elsewhere without any actual reduction in expense, and no real good being accomplished, feel that "there's a reason."

The reduced committee convened in Topeka the last week in March and audited the accounts of Secretary and Treasurer Meador.

Bro. Brown attended a joint meeting at McAlester, Okla., night of March 21st, while Bro. Meador attended a meeting at El Reno the same night. The meetings are becoming popular, and the attendance gradually increasing. There's nothing more helpful to our organization than these meetings where we get acquainted and discuss matters pertaining to our work and the Order.

Several of the brothers in Topeka attended the banquets at Herington and Trenton on March 27th and 28th.

When a man continually protests his fairness and squareness, when it has never been questioned, and never overlooks an opportunity to flaunt his "square deal" ideas, will usually bear watching. He is either a crook or has an axe to grind. Can any of the brothers in "KI" call to mind such a man?

The recent ruling handed down by the infringement court didn't hit anyone in "KI," excepting Bro. deGarmo, and Bruce says, "Tsch ca bibble."

Baseball season is with us again, and Bro. Carver has one more good ankle to sprain.

Bro. Hattwick, formerly of "KI," advises they use the same kind of 280 blanks in "MS" as they do here. Charley is the boy that can take 'em, too.

The officers of Division 126 report the largest number of members paid-up ever known at this early period in the term, also the applications coming in better than ever before.

A very large per cent of the expense of our division is due to the fact that all the men do not remit upon first call, making it necessary to issue later notices. When we all learn to remit promptly the division will get the benefit of the interest on all the money saved on postage and increase the working fund several hundred dollars a year.

The improvement in interest and personal work is the greatest ever known on our division. A continuation of this will give us a solid line-up at the end of this year, a stronger delegation to the next convention and the assurance that our committee will have all the backing and support necessary to meet every condition.

Delinquents cost us many thousand dollars a year as well as hard work and expense in addition to getting new members. It is therefore necessary for us to keep after the forgetful ones as well as the nons, get their applications and support, and as one of our local chairmen put it: keep them from "pulling the harness off over their ears, backing up" and trying to take us along. With a solid line-up, there is no practical limit to our salaries and working conditions.

Everybody chipped in this month, and the result is a fine, large write-up. Get the habit, boys, and let's have a good one every month.

RELAY COR.

Chicago Terminal and Illinois Division—

Friday, February 27th, all agents and local conductors were called to Davenport to attend an O. S. & D. meeting, the object being to eliminate as far as possible the enormous short and bad order claims. It was a very profitable meeting to all; presided over by Division Superintendent G. W. Rourke.

Bro. Nordholm, Geneseo, was a Rock Island visitor a few days ago. Bro. Woodfine, Geneseo, at 5th st., Rock Island, a few days, went to the wreck at Mineral, thence to Rockdale second a few days.

Galva first on bulletin.

Bro. Bont, third Sheffield, attended the banquet given by Bro. Beckwith, Geneseo, with fifteen more business men of Sheffield.

Business is picking up now, boys, let's be right on the job; we have a good bunch of dispatchers, and they appreciate promptness.
A six-mile speed limit has been put on all trains through Geneseo.

Send all your notes to Bro. Condon, at Wagoner, or Bro. Kay, at Blue Island. Nothing will help a division more than a good write-up every month, to let others know about the old Rock Island line, where trains are always on time.

Ex-Bro. G. A. Lundin, agent Minooka past two years, was relieved by Bro. C. A. Peterson, from the U. P. Minooka and Toulon agency both pending bulletin.

W. F. Rush relieved Mrs. E. W. Budworth, Spickards, a few days on account of sickness, and H. R. McGuire relieved W. F. Rush on transfer.

Bro. F. H. Harrab has returned to Donovan, after an extended leave.

Our meeting at Trenton last month was well attended, and all present had an exceedingly good time, more so on account of the ladies being present. I again urge all to attend these meetings. Nothing will have the effect of keeping your division up from all view points as these meetings. Remember, if nothing special comes up to prevent, these meetings will be held the third Saturday night of each month in the Rob Hall, Trenton.

W. H. Plum, L. C.

Arkansas Division—

Several new members received recently. Keep the good work progressing. Every man on the system was benefited by the O. R. T. in our last schedule. Those who did not get any raises in salary, failed to fill out the information blanks sent them during our negotiations with the company last summer.

Bro. Ellis, first Biddle, has resigned as local chairman of this division, and Bro. C. J. McAnich, third Biddle, has been appointed, until a regular man can be elected. I hope each of you brothers will give him your hearty support and do all you can to get the non in line.

Waveland has been made an agency, and bid in by E. R. Weis, who has promised the writer his application as soon as he gets moved. Germany has also been made an agency, and Bro. Fowler, of Ola, bid it in.

E. B. Richardson, operator Benton, bid in agency Haskell, and has mailed his application.

Brothers, it is your duty to see that your friend next to you gets an up-to-date and keeps one all the time. Men from other roads were not asked to come here, and as they are enjoying the benefits of our schedule we should see to it that they join, if they are going to stay here. Local Chairman McAnich is doing good work, and every brother should give him his assistance.

Bro. T. M. Poole bid in third Lonoke, and F. M. Grimes, of Proctor, bid in Widener’s agency.

J. H. Hodges, who bid in agency Butterfield, promises to come in pay day.

Cert. 185.

Don't forget the non's, boys. Remember, "No card, no favors," and stick to it, too.

Send in some news so we can have a write-up.

M. W. Shaw, L. C., and Cert. 1016.

Des Moines Valley Division

I hope our local chairman will succeed in getting some energetic member to act as correspondent. A good write-up in each month's edition has a tendency to keep members interested in the work. We should all take a personal interest in helping our estimable local chairman and not cause him unnecessary work.

Keep up to date and answer correspondence. Help to line up the non's and not expect him to be continually reminding us that we are getting behind. Each one consider himself a committee to see that dues are paid promptly and that our neighbor keeps up to date. In this way this division would soon be solid.

All members should appreciate the promptness of our superintendent, Mr. Abbott, in issuing bulletins and issuing names of applicants, and showing assignments.

Seniority list for 1914 shows quite a number of good new positions on account of the new Allerton-Des Moines line which is doing a heavy business.

Recent assignments: Bro. J. E. Sweeney, first Evans, to second Osakaloosa, vice Bro. C. D. White, to agent Harper, vice Bro. M. L. Myers, to agent Eddyville, vice Bro. H. S. Life, to operator Winterseet; Bro. C. F. Dykstra, agent Keosauqua, to agent Pella; A. M. Cox, oldest man on the division, retiring. Bro. J. A. Mock assigned agent Knoxville, vice Bro. C. E. Schmidt, off on account of sickness, who is thinking seriously of quitting railroad work. We would be sorry to lose Bro. Schmidt, but glad to hear he has a good paying position.

Bro. M. Matusick, agent Evans, assigned agent Melcher.

Regardless of the benefits being enjoyed, some of the nons turn a deaf ear to all appeals to get a card, as long as they get the benefits without paying they seem satisfied to remain nons, now is the time to apply “No card, no favors.” Every one keep after them; they are as able to pay for what they are getting as the rest of us.

D. B. Richardson.

Panhandle and Oklahoma Divisions—

R. S. H.

Southern Division

If the brothers will try and send me an item or two each month, I will try and see that we have a monthly write-up.

The Magnolia Pipe Line Co., of Oklahoma, running along a section line from Terral to Addington, thence to the Healdton oil fields, has been a great benefit to the Rock Island the past few months, in the way of revenue at all stations between Terral and Addington. Sudgen office showed a large increase over February of last year, and other stations did as well if not better.

Bro. P. J. Reynolds, from the F. W. D. C., at Texline, recently at Tarrant nights, has gone to the T. & B. V.; relieved by F. C. Clark, from the T. & P. crossing, now closed. He promises to come through soon.

Remember we still have a lady non on the Dallas line. Get after all the nonos, brothers. We need them to make a good showing, and it is our duty to work on them every day until we get them lined-up.

Bro. W. P. McCormick, from the Louisiana Division, has purchased a farm near Tarrant and retired from railroad life, but still carries an up-to-date card and says he always will. This brother knows a thing or two.

L. A. Eastlake is now on third at Irving.

The new seniority lists are out, and every brother can get a copy by applying to the local chairman.

Our next meeting will be held at Ft. Worth in the superintendent's office. Every brother on this division should make arrangements to be present, as we will have several of our officials with us; let us make them think that we want to do the right thing.

Bro. J. I. Dealy, Ryan nights, bid in second there.

I wish to thank the two brothers who sent me items this month. Unless I can get help, this will be my last effort. If some other brother wants to try it, I will help all I can, but one man can not do it all. "Slats."

El Paso Division

Superintendent Greenough spent several days in Hutchinson.

Dispatcher F. W. Sharpe, Pratt, Kan., called to Chicago, on account of sickness in his family, was accompanied by his wife. Extra Dispatcher Williamson, from Dalhart, Tex., relieving Dispatcher Rice, on vacation, on return of Dispatcher Sharpe. Mr. Childers, from B. C. Ware's office at Dalhart, on third there several days, owing to shortage of men.

Bro. Edgar called to Canute, accompanied by his wife, owing to the illness of his mother, relieved by Bro. Louderdale.

W. L. Woods, agent Greensburg, while on vacation to Harrisonville, Mo., relieved by Mr. McCulloch, and Agent Wellsford, visiting a few days in Liberal, relieved by Bro. L. M. McGee, of Greensburg, Kan.

Bro. H. C. Breckenridge, on visit to his sister in Montana, writes that "No card, no favors" is the rule there. He has resigned here and will remain there.

Bro. M. E. Holliday, agent Naravisa, N. M., visiting at Hutchinson, Kan., Kansas City, Chicago, St. Louis and Newton, Kan., looking after his property there; relieved by J. H. Hemphill, who also relieved Bro. O. R. Griffin, agent Ramona, Kan., fifteen days.

Bro. H. F. Williams, agent Kismet, Kan., says the journal is the finest book he ever read, and we will all agree with him, even the nons.

Bro. A. H. Maytum, at Fowler, has a nice garden and a lot of fine chickens.

The Western Union manager at Hutchinson, Kan., made me dig up 25 cents on a personal rush message, and I have been working for Western Union for twelve years, only during the strike. Probably that's the reason he made the charge. If any of the section foremen refuse to clean up around the depot and yards, take it up with the superintendents' office, and they will soon get busy; so writes an agent, but, boys, let's take it up with the foreman first, and try to get along with everybody.

Bro. C. M. Pierce, who died at Liberal, Kan., was buried at Stanbury, Mo. His wife and mother accompanied the body, Bro. W. L. Woods, agent Greensburg, Kan., assisting Mrs. Pierce all possible. The boys from Herrington to Logan, "NM," all donated for a nice floral wreath, and several personal bouquets were also presented. The money left over on the donation was sent to Mrs. Pierce.
Boys, none of us missed that small donation. Let's look after such work as this and show that we are brothers and prove it by our good works and assistance to others.

Be sure and send in your notes so we can have a write-up each month, and remember our motto, "No card, no favors."

Assignments: Carthage agency to J. A. Swilley, and Upland agency to Bro. J. T. Green.

It is Bro. R. G. Lightfoot, at Pine Prairie, and Bro. H. E. Kerr, at Lamoure, now, and it will soon be Bro. Weaver, at Calion; Bro. Smart, at Jonesboro, and Bro. Fulton, at Ivan. Nothing like putting our shoulder to the wheel, boys, and everybody push.

Boys, if you want your rights protected, send a copy of your bid by United States mail to Bro. C. B. Hanley, local chairman, at Alexandria.

Bro. Brown, general chairman, and Bro. Meador, general secretary and treasurer, were over our division last month en route to New Orleans to the Mardi Gras. Bro. Allen, of Haileyville, was also with them. They all had a fine time, even if their wives were with them. Bro. Allen is coming back soon again, to get some more Louisiana oyster cock tails.

A. E. Walker, from the Amarillo Division, is our new superintendent.

Two good men are wanted with backbone enough to join the O. R. T. and work in "DO" office. Good salary for the men with the backbone qualities.

Don't forget to speak an encouraging word to the nons, and get them to secure an up-to-date. One letter will only cost you a few cents, and may help us gain several dollars by their being in, and they will likewise get the benefit. J. W. Fulton, agent Ivan, and J. A. Weaver, agent Calion, have promised their applications. We have only a few nons over here and will soon be 100 per cent strong.

Bro. E. P. Davis, agent Harrell, away a few days on account of serious illness in his father's family, was relieved by F. J. Autrey, agent Ellisville, who promises to come in next pay day.

Some of you experienced brothers tell us a good remedy, and we will do our best to get in these few "hard shells."

Amarillo Division C. R. I. & G. Ry.—

Supt. Van Heck was on No. 4 the night it was derailed by sand drift at Benonine. Bro. J. H. Andress was called to the office at 3 a.m. and when the superintendent learned his baby has just died of whooping cough he relieved him and took charge of the station until Bro. Ricketts arrived there from Texola telling Bro. Andress to get business off his mind and not let it trouble him. Mr. Van Heck's action is very much appreciated. Let each member on the division show this, by doing his full duty at all times, especially by seeing that our toilet and station lamps are kept properly burning. This is a very vital question and in this matter we are his representatives, so let's do everything the best way and always right. We have the assurance that he is going to be fair and square with us. He is from the ranks of agents and operators and knows what station work is, and if we do what is right he will be our friend.

Bro. B. E. Clapp, cashier at Shamrock, was so seriously injured by No. 91 on March 11th that Bro. Teed was obliged to get a new cashier to relieve him. He is getting along nicely now, and we hope will be able to resume his position within thirty days. His hip was fractured, several ribs broken and had an ear cut off, which the doctor replaced, which is also doing nicely. We hope for his speedy recovery, and offer him our sympathy and if necessary our financial assistance.

Bro. Morgan, at Erick, Okla., who was on the sick list, is back on duty again.

I appeal to all to pay dues promptly and save time and postage, and be always up to date and remember the one non, B. L. Summers, at Adrian, Texas. M. H. Keasler, Local Chairman.
IN MEMORIAM.

Whereas, God, in His infinite wisdom, has seen fit to call from its earthly home to its home beyond the cares of this life, the infant son of Bro. and Mrs. J. H. Andrews, of Benomine, Tex., C. R. I. & P. Ry. System, Division 126; be it Resolved, That although we bow in submission to Him who doeth all things well, we are grieved because of the sorrow that has come to the home of our esteemed brother; and be it further Resolved, That in token of our sympathy, we cause to be printed in The Telegrapher a copy of these resolutions and a copy be sent to the bereaved brother.

Lake Shore & Michigan Southern Ry.,
Div. No. 129.

Western Division—

The committee is still in Cleveland and we expect to hear some good tidings most any day now. Don't get discouraged, but strive for the 100 per cent membership and the rest is sure to come. Keep after the nons and try and land all eligible ones. They need some brother to remind them of their duty to their fellow workers. Some of you brothers on the west end get busy with a few of them.

Bro. Farmer, second J-I Crossing, expects to quit the service to engage in farming shortly. His name indicates that he should make good.

Bro. Mesiwer will probably land second "XX." He deserves it.

Mr. Pancake got in eight nights at L. E. & W. crossing, while Bro. Longee was visiting his parents in Ohio.

Bro. Whitehead displaced Mr. Smith, third Ind. Harbor.

Mr. Fulton was off several nights recently on account of his wife's illness, relieved by Mr. Brandon.

Bro. Pratt, "RO," was off recently.

Bro. Miller is back on third "XX" after ten days' illness.

Englewood second taken off, Bro. Trowe going to second Whiting, displacing Mr. Tracey.

It would help considerably if some of you energetic brothers would send a few notes to me, especially from the west end.

Bros. Sam Barchus and Guy Stearns visited friends in Erie recently.

Bro. Zeebe, extra man posted up at tower "W" a few days, so as to relieve Mr. Lamb at Willoughby.

Bro. Glenn D. Miller was off a few days recently practicing on the new targets at the 75th Armory, Buffalo.

Bro. Claude Sadtler, second Bay View, visited in Buffalo recently.

Paul Pickard has taken second Erie depot on account of reduction of force at "ON" Cleveland, vice Bro. C. M. Smith, who goes back to Erie yard office days; Bro. Chas. Switzer going back extra West Seneca yard third, trick closed and Henry Nemeyer is now working nine hours nights. and Bro. Art Munson days.

J. J. Fay has taken second Dunkirk tower, displacing Bros. A. C. Will and Beideck; Bro. Will taking third trick there, and Bro. Beideck third Buffalo Creek, vice Bro. Schroeder to third North East, vice Bro. Miller, who goes on extra.

Business is very dull and the extra men are having a hard time making their salt this winter. but a number of the boys are planning on one to three months' leave, which will probably keep all the extra men busy.

Remember our motto, "No card, no favors."

Chicago, Burlington & Quincy R. R.,
Div. No. 130.

Galesburg Division—

The meeting at Quincy in the Wood Hotel, Sunday, March 22d, was the best ever held at that point, nothing being lacking in interest, enthusiasm or attendance, and we were mighty glad to have the Q. O. K. C. members with us, as they served to make the meeting all the more enjoyable; not only because of the fact that it was a great testimonial that the brothers on the south end of the Quincy branch have realized the good which a good attendance at these meetings do ourselves and the organization which we represent, but because we had with us men who had not yet reached the stage where they were represented by a committee and protected by a schedule, and their presence in the meeting gave them a most favorable idea of the vast good which the Order of Railroad Telegraphers is doing and the great amount of good which it will do for them in the near future.

The meeting and brothers missed our loyal, energetic local chairman, who was confined at his parents' home threatened with pneumonia, but in token of their loyalty and appreciativeness of his valuable work, turned out to a man to see that each one would do their part in keeping up the good work which is being done at the present time on our division.

Bro. Cardier made a splendid talk, telling of the almost solid membership on Division 130, and in his remarks concerning the Q. O. K. C. conditions, he pledged his earnest and hearty support toward procuring a schedule for the members working on that line, and explained to them how in the short space of ten years our salaries on the Burlington had increased thirty-three and one third per cent, and how much more favorable working conditions are for the telegraphers now
than at that time. He laid particular stress upon the fact that at the time we secured our first schedule there was being paid only fifty cents per month overtime, while today this item runs into hundreds of dollars per day on the Burlington System.

Bro. Schoene, local chairman of the Q. O. K. C., who is one of the veteran operators on the C. B. & Q., contributed a most pleasant and interesting talk of the earlier days of railroading, and explained the far from favorable conditions which existed at that time.

Bro. Alexander, who is one of the live wires on the Q. O. K. C. and who has done a wonderful amount of good, converting the nones down that way, also made a few timely remarks, which were thoroughly enjoyed.

Bro. Kinsey, agent Colchester, gave a most accurate description of the circumstances which demands that the present rate advances he allowed the railroads. Bro. Kinsey is an able speaker and his talks are always appreciated.

Short talks by Bros. Dowell, Fisher, Davia, Fox, Armstrong, Belding, and various others certainly verified the brotherly feeling and the interest they all have for our organization.

Bro. Minor, as usual, made good in the pinch and in his peculiarly pleasant way sprang a few jokes on the crowd, and as they are always a sure cure for the blues, we are always glad to have him with us.

Bro. Rogers, our most faithful and efficient general secretary and treasurer, made a most interesting talk of thirty minutes' duration, concerning the splendid condition of Division 130.

Bro. Carder read the new schedule which we expect to procure in the near future. It is a dandy, and now that our general officers have done and are doing their part it is the duty of every member not only to support them in every way possible, but each member should make a special effort within the next few weeks to land every non on this division. A seventy-five or eighty per cent membership means just that strong a schedule, and a little interest and personal cooperation on the part of the membership will put us over the one hundred per cent mark.

As employees of a corporation, nine out of ten of us put forth our best energies for them for a salary far below what we should receive. We work hard for them for a salary, and it looks reasonable that we should be just as energetic in an effort to make our organization stronger, which will eventually mean more money and better conditions.

The splendid attendance will not permit me to criticise any brother for not attending a meeting when it is possible for him to do so, however, keep up the good work and always remember after you have read your journal thoroughly to mark your division write-up and send it to some non who is working near you. It will wake him up to a realization of what we are doing and what a large faction our organization represents among the other labor bodies identified with the railroads of the United States, and if the proper amount of interest and persuasion is brought to bear upon the non's case someone will eventually secure his application; while it would be impossible for each member to secure a new member this year yet some of those who are non-members makes it necessary for several members to work overtime to make them come acros; never lose the opportunity to remind a non of his delinquency and make it your own personal matter to see that he gets a card at once.

Galesburg Division, North End—
Bro. S. E. Mattson, agent, off a few days, was relieved by Mr. Shephard, who also relieved Bro. Lindell, second Erie, a few days, on vacation.
Bro. Miller, second Denrock, gets Rockport on bid.

Whitehead, third Denrock, is on vacation.
"Where there is a will there is a way." Shortly after Bro. Duffy was assigned to second Barstow he was obliged to transmit one of Happy Sharp's destination reports to Savannah yard by wire, at first he thought it was a Chinese laundry bill, but finally tumbled. Got the operator on the tone, picked up his flute and played the notes in a creditable manner.

It is now Bro. H. V. Lonis, second Rio.
Commencing now each member see if he can secure one new member before June 30th. By so doing much good can be accomplished, as we still have plenty of material to work on.

Galesburg Division, Quincy Branch—
Bro. Dallberg, Galesburg relay, on an extended visit in Florida, returned March 15th.
Manager Vivion, Galesburg relay, is being relieved by Mr. Ramp, putting Mr. Wood on first trick wire-chief, Bro. Abrahamson second trick wire-chief and Bro. Brown third wire-chief.
First Trick Dispatcher Root, Peoria branch, is being relieved by Mr. Eiler, Bro. Florence working as second trick dispatcher Peoria branch and Mr. Kelly third.
Bro. G. S. Herron, first Augusta, off on account of sickness, was relieved by Bro. Mullen.

The nons on the Quincy branch better look out for their personal safety, for Bro. Willis is the official "motorcycle mike" of that locality, and a good jolt with a machine making ninety miles an hour is likely to wake up some of the few hard shells over there.

It is very gratifying to have the brothers take so much interest in the affairs of our organization, and the first part of the year 1914 shows the Galesburg Division in better shape than at any previous time since its existence. It means a great deal to all of us who are interested to know that we are not only holding our own, but that as each month succeeds another we are growing by leaps and bounds, through the splendid work of those in charge of our organization and the thorough co-operation of the entire membership has made this possible. Brothers, do not lose sight of the fact that now is the time to prepare for the future. Never lose an opportunity to solicit a non-member's application, to be successful we must be energetic and willing to work for "the cause" which has helped us in the past. If every member will do his or her part the future will hold far greater possibilities for us than any other railroad organization in existence. "We will" should be the motto of every member on the Galesburg Division.

**Peoria Branch—**

Bro. F. M. Everettts, Peoria yard office, was off a few days sick, relieved by Mr. Sherman, from Colchester.

Bro. C. E. Walker, Galesburg relay, one of the many losing out on account of reduction in force, bid in third Yates City.

Bro. C. H. Austin, city ticket office Peoria, visited home folks at Camp Point, Sunday, March 22d.

Bro. H. C. Eyeman, agent Duncan, on vacation, was relieved by Bro. J. F. Weller.

Bro. Graves, local chairman of this division, after being in La Crosse, Wis., a few days, serving as chairman of the finance committee, returned home and was taken seriously ill, threatened with pneumonia. After a week's confinement he became well enough to be taken to his parents' home at Wyoming, and we are glad to say that he is now on the road to recovery.

**Q. O. & K. C.—**

Things are beginning to look brighter each day on this division, boys are lining up in fine shape and the officials of the Order are prepared to help us. We should each lend all our assistance and keep dues paid right up to date.

We now have fifty members out of sixty-three positions, with prospects of five or six more before long. We now have enough to begin action.

Bro. King, Brimson, has been laid up for four or five weeks with a very bad dislocated hip, hav-

Now the nones they won't come into the Order until the trainmen stop taking orders over the telephone. They are always ready with new excuses, but never fail to exercise the rights secured for them by the O. R. T.

Brothers, when trainmen take orders over the telephone, except in cases of emergency, you are requested to notify General Chairman J. F. Carder, Burlington, Iowa. The trainmen's schedule only calls for this kind of work in case of emergency, which has been defined by the Interstate Commerce Commission, and they ought to live up to it; furthermore, if you are sure of any cases where they have taken these orders and not written them down, give date and trainmen's name and the number of the order. The only way to break this practice up is for us all to watch and report them as requested.

The boys along the Jack line are coming in fine. Bro. Uram on telephone circuit in Beards- town relay office has about twelve on his list so far. If we will all work like Bro. Urham we will soon be solid down here.

I have received no notes this month except from a couple of the brothers on the wire.

Let no discord prevail, but let us all dwell in unity and harmony, giving good service to the company and the officials will recognize us as the only men to have, and ever remember that we are traveling upon the level of modern times, where the supreme architect presides.

Div. Cor., Cert. 2212.

Relay Division—

We still have a few delinquents left whom we hope will pay up before it is too late. Considering the reductions, the members are to be congratulated for the prompt manner in which they paid up. This indicates the interest manifested, and it ought to have some influences on the nones who are deriving benefits from the schedule, but doing nothing to maintain the organization. This division was hit harder this time than ever before, but in view of all this we have managed to hold up our percentage and continue to take in new members. The outlook for increasing the force in the different offices is not very encouraging, but as business begins to pick up, we will gradually get back to normal conditions. The success of an organization depends upon the efforts put forth by the individual members, if you ask a non to join and he turns you down, do not get discouraged, but go after him again, there is hardly ever anything accomplished by the first attempt, but every attempt accomplishes something, and if you keep it up you are bound to win.

A great many changes have taken place recently, but not one note was received, as these notes serve two purposes: by having the division well represented in The Telegrapher, and keeping the local chairman posted on what's going on, the members should send them in.

Bro. Curt Haines, "GO," has bought out a cigar and tobacco store at 2117 W. Harrison St., Chicago, he carries a full line of union made goods, so when you want to smoke a good union-made cigar call on him. Bro. Haines also has the exclusive agency for the Martin vibroplex, if you are in the market for a sending machine he will be glad to give your order prompt attention, address him in care of C. B. & Q., General Office, Chicago.

Our esteemed contemporary, Bro. Wood, has purchased a barber shop at 2351 W. Madison St., Chicago. Sister Wood is managing the shop successfully, and also works the first chair herself, having had fifteen years' experience in the tor-sorial business. We are daily expecting Bro. Wood to drive up in his forty-horsepower limousine. We wish both himself and Mrs. Wood the best of success.

We still have a few nons who are finding fault and making excuses for not joining the Order. We wonder what excuse they will find now that our grievances have been so favorably settled.

Many brothers from other lines are carrying annual transportation for themselves and family, after ten years' service with the company. Why should the boys on the Burlington not have this also?

Just received an up-to-date list from Bro. Rogers, which is a good showing. You who have not remitted, please do so immediately, and do not allow yourself to become a non.

Some of the brothers are very faithful in furnishing us write-ups for the journal, and we would be glad to have others do likewise, then we will be able to furnish you with all the news up-to-date.

There are only two operators on the Sheridan Division not up to date. With the time approaching for negotiations for a new schedule it certainly would be very much to the interest of the agents who have had their commissions materially
reduced during the past year to line up. The expenses of the division are largely borne by the operators, and this will possibly reduce the changes of the agencies getting their portion of any increases unless the agents join and help bear the expenses of securing a schedule. When the last schedule was secured there were almost four operators who were members to one agent up to date, so it is not surprising that the telegraph positions received the increase. Every operator get the agent at his station to line up, as this will be a great help to us in the negotiations soon to begin.

Waycross District—

A non recently asked the local chairman, “Are we going to sit back and be satisfied with what we have got for ever? It looks to me as if it is about time we were going after another raise.” And when the local chairman asked him when he was going to get a card, he replied that he was hard up just now, having just bought a $2,500 place and it was taking all he could get to
pay for it. Not long before this his excuse was that he ran in a ditch with his automobile and it had cost him a good deal to get it repaired. He must surely realize that he never could have had an automobile, much less have gotten it repaired, or had time to use it, or have bought any place at all, if it had not been for the O. R. T. But we all understand that these excuses are only made because he don't want to spend $18.00 a year to help support the organization that has made it possible for him to enjoy such things. But the day is fast coming when the labor organizations will stop supporting those who do not do their share of the work, and such men will then understand what it will mean to be without the protection that an up-to-date card gives.

There are still a few nons on this district who will join if we write them a monthly letter or ask them on the wire to join. Those who are willing to help in this way will be furnished with the names and present location of all the nons on this district up to March 1st, by applying to the local chairman. If each member will go after the nons once a month on the wire or by letter we will soon have this district 100 per cent strong.

Everyone push for the banquet in May and let it be the best ever held in the south on any road. Everyone bring a lady, for no gathering is complete without plenty of ladies.

Cincinnati and Sandusky Division—

Some brother on the Sandusky Division get “25” and send in the news. There is plenty doing up that way.

J. H. Ross, transferred to Cleveland Division, relieved by J. F. Williams.

F. Walsh resigned; Mr. Lemon is ticket agent, and Bro. Vail, night clerk.
Bro. Hagerman spent a few days in Texas, relieved by C. E. Schnorf on second Delaware pending bulletin. Bro. J. W. Diehl, spending thirty days taking in the picture shows, relieved by Bro. Colway. Bro. R. Howser spent a few days at home in Chillicothe, Ohio, relieved by Mr. Yazell. Dispatcher H. Smith, taking an extended trip through Texas, relieved by “Jumbo” on first; Mr. Faucett taking second. Mr. Guitch has resigned and gone to the farm, leaving Lilly Chapel on bulletin. The chief dispatcher’s office has been moved in the same room with the dispatchers. C. F. Trainer is agent at Monroe again. Bro. Moore is now at Mands, his home town. Bro. Slane, of Shale, was kept under close confinement while three boys got away from Dayton on a speeder, using the C. H. & D. and Big 4 tracks. We are getting paid for handling the telephone. If the trainmen wish to transact business with the dispatcher regarding engine failure, tie-ups, etc., give them a piece of clip, and safeguard yourself by keeping them away from the phones. Bro. W. R. Calaway, of the L. S. & M. S., was on second West Sharon a few days. F. W. Griffin, night chief, and C. E. Shearer are on retired list. C. Stabler is back at “J” on “AB” wire. J. B. Glenn went to third Draw Bridge, while T. J. Flinn was spending a few days at his home. Brotherly, mail the changes made at your stations, or any other news you can, to W. H. Aige, Franklin, Ohio, and we will try to have a good write-up each month. Cert. 1619.

Cairo Division, North End— Bro. McConchie was a recent visitor in Mt. Carmel, on official business. Bro. Rogers has been assigned as car distributor for north and south ends of the Cairo Division. Bro. Foley has returned from the warring zone. We overheard one of the operators trying to persuade the dispatcher to become a purveyor of fuel, one of the cold nights lately, but he demurred, saying he feared he might be taken for a brakeman. Bro. Hays, on a trip to Cairo, was relieved by Mr. Buckner. Bro. Roberts bid in second Allendale. Bro. Blakeman has resumed on third. Bro. Bristow is back on his job at Flat Rock, after acting as agent there several months. Agent Miller assigned Flat Rock agency, relieved at Birds agency by Mr. White. Telegrapher Lee, who has been critically ill, has passed the crisis and is improving rapidly. “Red” is deservedly popular. Bro. Fry to second “YD”; Mr. Anderson to third, and Mr. Boylan to extra list. Cert. 871.

Chicago Division, West— When the committee goes up and gets more money for the nons there is no excuse in the world for them not joining. March 1st found all of us on this end who had been in the fold, sporting a new card, and west of “FA” clear to Seneca, nearly 100 per cent strong. Keep after the new men on the division now who have no card. We want to make this the crack division of the Big Four. Thanks to the two boys who sent me items. I have too much to do here on first to get all the changes alone. Q. N. Sweeney, who worked third “MF” while Bro. Frank had the measles the first of the month, also relieved E. C. Taylor on third “J.” It is now Bros. Argenbright, Brown and McCann, making “KT” solid. Lucas and Wright resigned; Sister Danwood, from “RO,” changed with Sayers on second; “HR” later closed and Sayers went to Indianapolis. L. R. Mann on second and W. L. Martin on third “W.” Roy Thomas is now at agency “WD.” The eye car was over the division this month. Bro. Frances, who suffered a serious sprained ankle, was relieved by Bro. Wert. Barney. CARD OF THANKS. We wish to extend to the officers and members of Division 138, our sincere and heartfelt thanks for the many expressions of sympathy at the time of our sad bereavement in the loss of our infant daughter, February 7th. Mr. and Mrs. M. M. La Rue. Donovan, Ill.

CARD OF THANKS. I wish, through THE TELEGRAPHER, to extend my sincere thanks to the members of Division 138, O. R. T., for the beautiful floral tribute sent me in my great bereavement, the death of my beloved husband. Especially do I want to thank the boys of “AB” for all their assistance during the sickness of their brother operator and my dear husband. Sincerely, Mrs. F. T. McAninch. Amo, Ind.
Maine Central R. R., Div. No. 140.

Mountain Division—

The resignation of E. A. Hall, superintendent of telegraph, was received with regret by every man who knew him. He came to the road thirty-nine years ago, as train dispatcher, was soon made chief dispatcher, later promoted to assistant superintendent of the system, and served for about eight years as superintendent. He was then appointed superintendent of telegraph and served in that capacity until failing health caused him to resign. His genial way and kindly disposition won for him the respect, admiration and loyalty of all who served under him. He leaves the road with our best wishes.

J. B. Norcross, chief clerk in the superintendent’s office of the Portland Division, for the past seventeen years, has been appointed superintendent of telegraph. “Jim” is well liked and will no doubt make good.

C. D. Ellis, at Harmony, and H. A. Reed, at Cathance, have been recently admitted on the Waterville list, and it is now Bro. Emery, recently assigned to Warren as agent.

Bro. L. R. Blodgett, from the Grand Trunk at North Stratford, relieved Bro. Hardy, relieving at Unity.

Bro. and Mrs. Colby, and son, spent Sunday, March 8th, at Bro. Colby’s home in Richmond.

Bro. Crepeau, of Jefferson Jct., has returned from his vacation in Canada.

Bro. Saunders, of Intervale, has been ill, relieved by Bro. Whittaker. Bro. Allen, agent Bartlett, is reported quite ill; Relief Agent Bro. Whittaker relieving.

The Mountain Division lacks one man to make it 100 per cent strong. Hope the brothers near Clifton will be able to get him in the fold soon.

Hope Sister Little, at Bowdoinham, will be able to show Agent Clark where the O. R. T. has done something for him and convince him that a card would be one of his best assets.

A few delinquents on the Waterville give the laughable excuse: “Was not notified.”

Bro. Durgin, first Brunswick, off sick for a week, relieved by Bro. Lavallee, second Richmond.

A good meeting was held at Waterville, Sunday, March 22nd, and much interest manifested. Bro. W. S. McGeoch was elected system correspondent. The brothers on each division should send their notes to their local chairman, who will eliminate duplicates and forward same to the system correspondent, who should have them not later than the 22d of each month.

There was a meeting of the general committee at the close of the regular session. Div. Cor.

Eastern Division—

Bro. Leighton of Columbia, spent his two weeks’ vacation in Boston, and while there visited the all-day session of the Boston Elevated Division 156. He says it was a warm one.

Mr. Neal Frost is ticket clerk and operator at Eastport. Trust he will soon be with us.

Green Lake agency is the only position on this division entitled to vacation with pay, but we hope for more such positions or a shorter day before long; twelve hours is a long working day.

W. J. McAllian, of Deadwater, bid in Ayers Jct. station. Some of the boys at or near that place should see him at once. Eastern Division is in good standing in membership and we must keep it up to the mark.

Bro. Crabtree, relief agent, who bid in Franklin Road agency, was very prompt in taking out his card when he went to his new position.

Bro. McGregor, a new man, bid in operator Tomah.

Supt. Dunn wired your local correspondent February 1st that an investigation would be held in his office February 2nd on account of an operator leaving his train order board displayed, delaying a C. P. R. passenger train. The operator not being a member of the O. R. T., it was necessary for your local chairman to wire the superintendent that on this account he was not entitled to be represented, although he had been intending to join for some weeks. He now has an up to date.

Give your TELEGRAPHER to some non-member, as it might help them to see what we are trying to do.

Main Line—

Bro. Durgin, first Brunswick, off on account of sickness, was relieved by Bro. Lavallee, second Richmond, relieved by Bro. Beane.

Mr. Otis, from Carmel, is assistant at Unity.

F. M. McLeod, agent at Silvers Mill, landed agency there, relieved at Silvers Mill by L. E. Blodgett, pending bulletin.

My apology is tendered Bro. Redmun, agent Yarmouth Jct., for referring to him as “Mr.” instead of “Bro.” in the last write-up. Bro. Redmun has been a good member for many years.

Bro. J. E. Fardy, off a few days on account of his uncle’s death, was relieved by Mr. Ames.

C. F. Files, from Unity agency, landed agency Clinton.

Bro. Priest, third Waterville, landed second “WR.”

Mr. Oakes, second Gardiner, bid in third Waterville.

It is now Bro. Earles at Clinton.

After this Bro. McGeoch will take care of the write-up. Hope I have not made any hard feelings amongst the boys with my write-ups, and that you will all send in items, so we can keep the Maine Central on the map.

Bro. Tompkins is now on second “YD,” Yoakum, vice Bro. Simmons, who bid in Sinton days, and is now relieving at Taft agency.
Bro. Pinchin, Muldoon, bid in the relief agency.
Bro. Thomas is agent Skidmore now.
Bro. W. A. Alford, Rosebud days, recently married, carried green signals for Bro. B. B. Hale at Eagle Lake. Congratulations to both.
We were sorry to lose Bro. Hood, now with the H. & T. C. Best wishes to him.
Bro. R. E. Stratford has resigned and gone with the E. P. & S. W. Good luck, Strat.
The track from Flatonia to Giddings is undergoing a general overhauling, roadbed being raised and ballasted and new steel laid. The whole line from Yoakum to Ward will be improved this year, as the old steel is too light for the new heavy equipment.

How about the improvements in our line? How many nons have you in your limits? Are you doing anything to get them with us? If not, you should. Mail their names to our secretary, all of you, and also ask them to come over. Would be pleased to have a new roster from one of the officers, this being a mighty good way for the boys to get after the nons. Look at the good work the Order is doing. Never in the history has there been such headway made, and the nons know it. Let’s show them the right path. We are certainly glad to see M. K. & T. Division 22 in full force again. Mighty nice work, boys, and we assure you that our routing via “Waco and M. K. & T.” looks and writes well with all of us now.
We extend our best wishes to all the brothers along the line.

Three new brothers this month: H. E. Ayers, the efficient agent at Falls River; H. M. Meisell, the good-looking operator at Hallettsville, and J. C. Thorp, the speedy man in “Q,” Yoakum, and they all feel better since they receive their credentials.
Get acquainted with your neighbor and see if he carries the proper colors or not. Some of them talk it all right, but make them show you, and remember “No card, no favors.”
Bro. B. B. Hale, of Eagle Lake, was recently married to a young lady from Hallettsville.
Bro. E. H. Ford met Clodine agency after being on the seniority list a day and half; R. M. Pinchin going to Bluegirt to throw levers on third.

Bro. S. W. Moore bid in Chilton agency, vice Bro. Hildebrandt, going to Waring to fill the vacancy caused by the sad death of Bro. Hendershot, who died in San Antonio, February 13th. A more faithful or loyal brother was not to be found.

Bro. C. J. Jordan got Fredericksburg Jet. agency, and Bro. J. E. Ham left the prickly pears and horned toads at Premont for the quietude of Ottine. Moore, the handsome young agent, goes to Sweet Home. Congratulations; always like to see a fellow get in the same town where his girl is. Bro. C. H. Batchelor, the popular and accommodating Sweet Home agent, is now at Portland, billing vegetables and handling parcel post to and from.
Bro. J. G. Thomas, the energetic and efficient relief agent, has landed Skidmore agency, where a good man is needed.
Bro. A. Pierce, from Sasampoco, bid in Premont agency.

Watch this place, fellows, I am going to give you my opinion of a twentieth century railroad man before long, and I want you to be prepared to argue the case with me.

Chief Dispatcher Bodeen has made extensive improvements to his properties on Wayside Ave., adding much to the comfort of Dispatcher Clark.
Luther Sparkman, of the superintendent’s office, was a recent Wichita Falls visitor.

Delaware & Hudson Ry., Div. No. 151.

Saratoga Division—

Our regular monthly meetings are held at
Mechanicsville, N. Y., in the K. of C. Hall every
third Wednesday. Meetings are called to order
promptly at 6:15 p. m., so as to allow the brothers
from points north of McVille to catch No. 41.
Brothers, the general committee had hard work
to get what is in our schedule, and the best way
to show your appreciation for what has been
accomplished is to try and secure at least one appli-
cant for membership. By doing this you not only
make it easier to secure larger increases, but you
lower the cost per capita for maintaining our or-
ganization, which in itself should induce you to be
more active in getting new members. A good,
common-sense talk, with facts and figures produced
from our schedule, will catch the nons easier than
you think. Try it.
The general committee is now in Albany to
close negotiations with the company, which no
doubt will bring our salaries up a notch further.
Saratoga depot first, “XO” tower third, Green
Island and Lake George freight are up for bids.
D. L. Herlihy bid in Smith’s Basin.
Bro. F. J. Denio, the first man to have the
two days off on that job, has just returned to second
“Z.”
Bro. Corey, of the Prison City, has gone into the
poultry business. We wish him success.
Bro. H. N. Brown and E. McCarroll made their
initial attendance at our March meeting. We
hope Balston will be represented at all future
meetings. Bro. McCarroll is reported sick; Bro.
J. Whalen covering third “GY,” and Bro. F.
Cassidy covering second at “CH.”
Bro. E. Southwell is on second “XO,” vice
H. M. Hanrahan’s place, and the towers in Mc-
Ville, “XO” and “WY,” are solid for the first
time. Bro. Calahan spent his two days off at
“XO,” posting up.
Bro. C. Andrews is relieving General Chairman
G. A. Johnson on second “RX,” off on committee
work, and Bro. G. Sullivan is covering second
“OW.”
Bro. T. E. Welch is going to run a boarding
house. In case you know of any one locating in
“ML,” steer him over to our good brother.
Our dance in Mechanicsville, January 29th, was
the largest ever held in that burg. The decora-
tions of the hall were great. Thanks to Bros.
T. F. Cassidy, T. Coyne, T. E. Welch and J.
Walsh. Among the 130 couples present there were
not over twenty-five or thirty telegraphers. Where
were you all that night?
Any member who has money or tickets to return,
is earnestly requested to remit as soon as possible
to T. F. Cassidy, secretary, Mechanicsville, so the
dance committee can make its report.
It would be a good idea, brothers, to mark every
third Wednesday of the month on your calendar
in the office, as a reminder that this is meeting
night in Mechanicsville, 6:15 p. m. sharp.

Pennsylvania Division—

Bro. J. J. O’Malley, second Carben St. tower,
who was ill for some time with erysipelas, is now
at work again.
Bro. Leo Speicher, second Hudson, ill of rheu-
matism, is improving.
It is with sincere sorrow that we note the death
of the father of Bro. E. J. Hastings, of Wilkes-
barre yard office, also the death of the father of
Bro. Geo. Werts, agent at Pittston. They both
have the sympathy of their many friends on this
division.
Bro. Jenkins and wife, agent at Peckville, have
returned from an extended trip to the Pacific
coast, taking in all the large cities through the
West. The trip was primarily for Mrs. Jenkins’
health, and we are pleased to note that she was
greatly benefited by the trip. “Jenk” says there
is nothing as good to take on a trip in that
country as an up-to-date card. It opens doors to
you that would be locked tight if you did not
have one with you.
Miss Isabelle Moot, clerk at Moosic station, had
the misfortune to slip on the ice and sprain her
ankle very badly.
Mrs. Geo. Gibb, wife of Bro. Gibb, of Yates-
ville, made a flying trip to Binghamton.
Bro. Loftus, the boss at Scranton station, off
a few days recently on account of falling on the
ice near his home and dislocating his shoulder,
was relieved by Bro. J. W. Parry, and be by
D. Murray.
Three new men for this month, keep the good
work up, boys, and we will soon reach the 100
per cent mark.
The committee met the general superintendent
on March 17th and on the 21st had agreed on
all points in the new schedule that went in
effect April 1st. If the members will read the
rules carefully and compare them with the rules
of other roads, either east or west, they will find
we have about the best set of rules printed. All
grievances are to be settled directly by the griev-
ance committee of the Order of Railroad Teleg-
THE RAILROAD TELEGRAPHER.

rappers, therefore, it behooves anyone who ever expects to have a grievance (and we all are liable to have one when we least expect it) to get in under cover of the people that can represent them, if not, who will help you when you get in a little trouble, or a big one, for that matter.

Some of the boys not satisfied with the way the money was placed should think it over and remember that a committee does not represent a man but the job, and if we have a few men in certain jobs that have not seen their way clear to join and help the good work along, it certainly is not the fault of our local chairman, who has worn more than one pair of shoes out getting after them and another pair out getting after some of you members to get your dues, and keep you in good standing. So just because you are one of the fellows who has paid your dues under almost compulsion, don't get sour and forget that it was through you that a committee went up before the management at all and it should be through you that these very few fellows who do not belong, should join us or get out to the farm and give a good, up-to-date man a chance on their job.

We can all be knockers. Try and be a booster for awhile and see how much better you will feel.

The writer of this has been a member of the Order of Railroad Telegraphers for fourteen years, long before a schedule was thought of on this road, and he has the first time to knock a committee for not getting him something, and there has been many times that he got nothing at that.

"Isch ca bibble," as everyone says, what do we care if some fellow who can not see his way clear to come in and be a man with men got $2.50 or $5.00 or even $10.00 per month added to his payroll, maybe he has a wife to keep that we know nothing about, and if some of you boys do know about it and know her address, kindly send her a copy of this and she will see that he comes around with his dues.

If Mike O'Malley or Frank Stephenson should read this they can tell you what they done at "J" office for $42.50 per month, 12 hours per day. Paddy Corcoran can tell you what was done at Olphant for $35.00 per month, 12 hours per night. Harry Croop and Paddy could tell what was done at Old Bridge St. tower for $35.00 per month, 12 hours per day.

When you can get a railroad to come along with over $14,000 a year, with an expense of only $150 to committeeen you can know that you belong to the best organization in the world, and there is something certainly wrong with those fellows that won't come in before it is too late, and there is something more than wrong with the fellow that talks of dropping out.

You fellows that read this all know me and know that I have been in the game from all angles, and know what I am talking about.

J. H. Kilker, who resigned about one year ago to accept a position with the Lackawanna, as train dispatcher, has returned to our road to accept the position he gave up. The boys are all glad to hear old "KO" back on the job.

M. H. Clune, one of our trick dispatchers, has been appointed chief train dispatcher of the A. & S. Division. We wish him the very best of success. — Div. Com.

IN MEMORIAM.

Whereas, It has pleased our heavenly Father to call to her reward, the beloved mother of our esteemed brother, H. L. Weaver; therefore, be it

Resolved, That the members of Division 151, Order of Railroad Telegraphers, extend to Bro. Weaver our heartfelt sympathy in his sad bereavement; and be it further

Resolved, That a copy of these resolutions be spread upon the minutes of this division, a copy sent to The Railroad Telegrapher for publication and a copy forwarded to the sorrowing brother.

G. A. Johnson,
General Chairman.

First and Second Divisions—

Business is picking up gradually on this end. Bro. Wooten, off a few days on account of illness, was relieved by Mr. Peck.

Bro. Herring bid in second "BO," vice Mr. Allsbrook.

We hope the correspondent from the third and Deepwater Divisions will give us a good write-up next month, also our general chairman.

"Red."

All Members—The general committee last spring performed its service with good intention, but the organization on this road was in its infancy and of course not in perfect working order. Therefore, the committee desires to have the co-operation of the membership in future negotiations. We must all do our share of the work, and get together now, as the season for improvement is near at hand. Anyone who has suggestions to make will be doing the general committee a favor by offering them from time to time, so that we will know just what the men have to contend with at their respective locations. It is our earnest wish that the next step we are soon to take will be an advance that all will appreciate, and I sincerely hope the needed enthusiasm for this will prevail.

E. J. La Pointe, G. C.

The largest gathering of railroad telegraphers ever held in Rutland occurred March 7, 1914, when representative agents and operators of System Division 157 met and discussed the schedule now in force on the Rutland R. R. Many of the boys enjoyed the various theaters before the meeting, while others were entertained by members of the O. R. C & B. of F. L. E. All enjoyed the banquet after the meeting. Many
members remaining over Sunday to view the wonderful marble quarries in the vicinity of Rutland. All are loud in their praise of the hospitality of the Marble City, and are anxious to come again.

Bro. Colton has recovered from his recent illness, and is back at Proctorsville again.

Bro. Spafford, agent Gassetts, has also recovered from his sick spell.

Bro. Barnum has returned to Proctor from a visit to friends in Manchester.

Bro. W. S. Ames, of Brainard, has been visiting relatives in Schenectady.

Bro. L. F. Hewitt, Berlin days, has been expelled from the Bachelors' Club there, but all extend their best wishes, owing to his recent marriage.

A new dispatcher's position is to be created in "RD" this spring.

R. R. Dunham, second North Bennington, has our sympathy, owing to the death of his sister, Miss Laura. A great many beautiful floral tributes were received, among them a very pretty piece from the members of this division.

Bro. James F. Judge, of the O. R. C., was recently married to Miss Mary Hogan, and while on their honeymoon in Washington, D. C., called on Secretary Bryan, a distant relative of the bride.

Chicago, Indiana & Southern R. R.,
Div. No. 159.

A joint meeting of the Danville and Kankakee Divisions was held at Schneider on March 12th, which was well attended by the brothers of the Danville Division, and many subjects of vital interest were discussed. We should all exert our best efforts to attend meetings. That's the proper place to find out what the Order is doing for you and see that all matters of interest to your self and the membership are brought to the attention of your local officers, discuss them at the meetings and co-operate with the rest of the brothers in abolishing bad practices; promote the interests of the company along with your own and thereby convince your officials that the Order stands for what is best to them as well as ourselves, and ask for only what is just and honorable. We would like to see more of the Kankakee Division brothers attend the joint meetings at Schneider, at the first one there were three members present, and at the last one only one besides General Chairman Shimaneck. No doubt it is very inconvenient for you brothers to get there and return home, but surely some of you could sacrifice a night's sleep or part of it to attend some of these meetings. They are held at Schneider particularly to give you brothers an opportunity to attend and you should avail yourself of it. I understand your officials will allow you to return home on freight trains that will stop to let you off at your respective stations.

The brothers of the Danville Division extend our officials at Gibson many thanks for the favors shown them in the past, by stopping No. 45 to let them off on returning from the meetings.

Danville Division—

Bro. C. D. Johnson, of Tab, and Bro. P. T. Cunningham, of Handy, on three days' leave, were relieved by Elmer Jackson and G. D. Bassett. Underestab. Bros. Johnson and Cunningham spent their time in Chicago, purchasing clothing suitable for nuptial celebrations and picking out furniture to furnish a five-room flat.

Bro. Hardesty has resigned, rented a farm and will begin work on it at once. Sorry to lose him as a brother; many will envy him, but we all extend him our best wishes for success. Bro. R. C. Born relieved him at Cook agency on bulletin, relieved by L. V. Lewis at Conrad agency on bid, who was relieved by P. T. Cain on second Morocco tower.

Bro. Blaney, Cunningham and Johnson were recent Danville visitors. Understand Bro. Blaney is taking tango lessons. No telegraphing for Harry when he is able to teach the art to the fair sex.

Bro. Albert was in Chicago on business several days the first of the month. Bro. Shimaneck was down from Chicago several times during the month, practicing with the O. R. T. orchestra recently organized at Kentland, Ind., which will furnish the music at the O. R. T. ball to be given at Schneider during the latter part of April or the forepart of May.

Bro. Richter, of Schneider, has finally purchased that house he has been thinking about so long.

C. C. B.

Kankakee Division—

F. Patton is the only agent, and first at Knox the only operator still out on this division except Driscoll, whom we have passed up as he has a weak heart.

Have you paid your dues for this term. If not, why not? We are nearer the 100 per cent mark than we have ever been on this road, and let us stay that way.

Our general chairman is now in Chicago, working on the new schedule. Bro. "Shim" can not be given too much praise for his faithful service to this division.

Bro. Popejoy, Momence, and Bro. White, Wheatfield, have had their stations broken into twice recently by robbers, but nothing of value taken. No. 102 has been installed in several offices, and you should all answer your telegraph call promptly, showing you appreciate having this wire in your office.
Florida East Coast Ry., Div. No. 160.

Bro. R. S. Robertson, agent Jupiter, is our correspondent. Send him some items so we can have a write-up every month.

Our new System Division 160 is now organized, the books have been straightened out and audited, and we have things in good shape, so that we know where we stand, and have more money in the treasury than ever before.

We now want the support of every member, and would like to see the brothers take a little more interest in our affairs. The outlook is very bright, if we would put into effect the old and true saying, "where there is unity there is strength." See how the brothers on the M. K. & T. have struggled for the last ten years, but now they have been well paid for their work and have a very good schedule to their credit. Quite a few of the brothers here have been very loyal indeed and have tried to make the old nons see their position, but a great many times only in vain.

We are one of the very few remaining roads in the United States without a schedule, our conditions are just the same as the S. A. L. and A. C. L. except that our brothers over there have good schedules and a nine and ten-hour day, while we have a fourteen-hour day with no overtime. The express commissions average as much and in many cases more on those roads.

When a man is too selfish to advance his own interests by staying away from an organization of his class in this day of advancement, it indicates that more education along organization lines is needed in order to convert him. This is what we must do whenever the opportunity presents itself, and I feel confident that the membership roll will increase rapidly by so doing.

Don't be a delinquent, pay up your back dues if not too late to do so, and if the time limit has run out, send to me for a set of application blanks and get lined up, the division needs your support, and our treasurer your money, it is necessary for you to reciprocate and I am sure no better investment could be made. The cost for new members to join during the month of May is $7.66, this includes the $1 application fee for the Mutual Benefit Department.

After reading your journal, send it along to the non nearest to you, perhaps it might enlighten him along lines that he heretofore may have been in the dark on.

E. C. W.,
Local Chairman, So. Div.

Bro. R. B. Turner, agent East Palatka, is down with typhoid fever, relieved by Bro. W. F. Brannan. We hope to soon see him out again.

Bro. C. H. Lanman, Jr., was off a few nights at Sebastian, relieved by Bro. W. E. Johnson, of the C. R. I. & P., Division 126, accompanied by his wife, who also is a member of the Order.

It is reported that an agency will soon be opened at Vero, with Bro. A. B. Whilden as agent.

Boys, let's get after the nons, and have an organizer come down this way soon. "CH."

Providence, R. I., Div. No. 35.

A card, gratefully acknowledging, with deepest appreciation, the kind remembrance and sympathy extended to Mrs. D. F. McCarty and family in their recent bereavement, has been received by your chief telegrapher, on behalf of Division 35.

The Grand Secretary and Treasurer is again urging upon all officers co-operation in getting applications to the Mutual Benefit Department properly filled out at time of filing. Many applicants fail to answer the last half of questions 13 and 14, while may others make errors in answering questions 32, 33 and 34.

In answering question 15 in the affirmative, an explanation should be made in space provided for that purpose, and the same applies to questions 23 or 24 in case either are answered affirmatively.

Complaint is justly made, that too many applications must be sent back for corrections, and members securing applications, by using care, can reduce this condition to a minimum. Please give it immediate attention.

Bro. McKenna, agent Wood River Jet., goes to Broadford as agent, and Agent Balcom, Broadford to Borrowsville, on bid.

Bro. Monihan, operator Uxbridge, Mass., lost his mother March 10th, being relieved by spare man. Our sympathies go out to our bereaved brother.

To Bro. G. D. Hebert, second trick Elmwood tower, and wife, on March 8th, a seven-pound boy. The Elmwood section of our city is growing rapidly, and we congratulate our brother that the O. R. T. has a part in it. Here's to the health of the mother and son, may they live long, be a joy to each other and prosper.

Bro. W. J. Brenner at Auburn tower first trick, vice Bro. and Local Chairman Joslin, away for a couple of months for the purpose of taking to himself a bride, and make his annual visit to St. Louis.

As a result of the pruning knife, which is in operation all over the system, many men are being laid off, including Bros. Weeks and Payne, relief towermen.

We have been lead to believe that a policy of "safety first" was in force upon the New Haven system, hence it is not clear why many are being laid off and the service crippled, since there are not enough men now in many departments to carry on the work properly.

To cut out deal timber is not a bad idea, but to cut "live wires," such as many of the men are, does not argue well as a "safety first" principle.

Sister M. W. Grant and Bro. W. J. Smith, both of Kingston, R. I., are to take part in a local theatrical performance to be given at Kingston early in April. Bro. Smith will take the part of Dr. Dibbs. The part to be filled by Sister Grant has not been divulged.

We are accustomed to report large and enthusiastic meetings held by this division but, if the statement so freely made by the old-timers is reliable (and your correspondent does not question them), it was the largest, most enthusiastic and
successful meeting ever held by any division of our organization in New England.

There was ample cause for all this from the fact that it was not only our regular annual installation night, but the division was honored by a visit from the general committee, whose three-day session in Providence closed on this day.

Ordinarily these two features when added to our routine work would have kept us busy, but to these must be added two more.

With the advent of Vice-President and Bro. T. M. Pierson upon the scene, things began to warm up considerably, and it is to be regretted, sincerely, that more time could not have been given our distinguished brother before this representative gathering. However, our latch-string is always open, as he is well aware, and we hope to hear him again at more length at no remote day.

By invitation of the chief telegrapher, Bro. Pierson installed the officers-elect, selecting Assistant Local Chairman J. F. Brady to assist him as marshal, with the result that this feature was disposed of in a dignified and pleasing manner.

The last, and perhaps the most delightful feature, and one in which all had a part and participated most heartily, including our honored guests, the general committee, was the presentations made to our popular and beloved local chairman, Bro. George E. Joslin, in anticipation of his coming marriage to Miss Ethel May Potter, of Dorchester, Mass., on Wednesday evening, March 25th, 1914.

The first gift of a leather traveling bag from his associate members on the general committee by General Chairman Ross, took considerable wind out of the recipient's sail, but when this delightful feature was followed immediately by a gift from his division members, consisting of a suitably inscribed silver jewel case containing $150 in gold, it looked for a moment as if a stimulant might be needed to revive Bro. Joslin from the sudden surprise.

This beautiful token was presented by Bro. J. F. Brady, in choice, appropriate words.

After the cessation of prolonged applause, Bro. Joslin, though laboring under great effort, finally planted his feet firmly on the floor and made an effort to respond. It was at once apparent that he was up against an exceptionally difficult task, but like the able and resourceful man that he is, he succeeded admirably and deserves to be congratulated upon the success of his effort.

Other tokens of less monetary value, but in perfect harmony with the occasion, caused much merriment.

Many assumed to offer Bro. Joslin advice as to how to inaugurate the new life upon which he is embarking, but be it remembered that our brother is a faithful employee of the New Haven railroad and whose slogan now is "safety first," and with this motto firmly impressed upon his mind, it is presumed the thought will be uppermost in his mind under all contingencies that may arise.

No member of Division 35 ever received a more royal send-off, nor carried away with him a greater load of good wishes, than did Bro. Joslin upon this ever-to-be-remembered event in his life.

Following the presentation of gifts a recess was taken of sufficient length to permit all present to enjoy the delightful and bountiful buffet lunch spread upon the dining hall tables.

Re-assembling in the lodge room, the members and visitors were entertained by brief addresses by Vice-President Pierson, General Chairman Ross and individual members of the general committee, also by Bro. Enos, chief telegrapher of Division 89, an honored guest.

The committee having in charge the arrangements for the reception and entertainment of the honorable general committee, and presentation of gifts to Bro. Joslin, consisted of Bros. J. F. Brady, W. J. Smith, A. H. Haddock, R. S. Eaton and W. J. Brenner. The fact that there were no hitches in the carrying out of the program and the splendid success of the whole affair, reflects the ability of the committee to do things well, and no words of praise can be too strongly bestowed upon them.

No officer or member can be more pleased with results and the smoothness with which our program was carried to such unmistakable success, than your chief telegrapher; in fact, he states he was never in doubt from the moment the committee was appointed.

We have aimed to make, have made, and shall continue to maintain, Division 35 as the banner division of New England, at least. We are determined to be progressive and shall succeed. Every officer and member has a part and is expected to do it.

Brothers, stand by and support your officers and attend your division meetings; the good that will result will agreeably surprise you. Don't let the good effects of this great meeting be lost.

The following officers were installed: Chief telegrapher, J. D. Vanderbeck; secretary-treasurer, W. J. Smith; first vice-chief telegrapher, A. L. Conant; second vice-chief telegrapher, J. M. Gaynor, assemblyman from the fifth representative district. The Providence Division includes Rhode Island and the southeastern part of Massachusetts.

The installation of Bro. Vanderbeck is for the third term. During his administration the division has grown to 371 members, and is said to be one of the best disciplined bodies in the whole Order. He has been a telegrapher for more than forty years and is an expert at the key.

Many happy returns of this eventful night to Division 35.

There was a smile on the general chairman's face that will be a long time wearing off, if ever.

If ever the members of the general committee returned home happy—well, this was once anyway. I could say a lot of nice things about each one, but if you will think no ill of them, that will cover it.

Did anybody see Bill Brenner there? Well, rather.
Bro. Harry Young, third Park St., Appleboro to third Franklin St., Worcester, on bid, vice Bro. Fred Barden, who bid in second Scolcums, succeeding Bro. Lovelace, resigned.

Bro. Harry Payne, from relief towerman to third Park St., on bid.

Bro. "Jimmie" Dykeman, second Olive St., Appleboro, and Bro. Leo Trouve, second Woodlawn, celebrated the 17th in "Gotham." They report having done much sight-seeing, including the Bowery, the queen of Chinatown, McFadden's flats, Hogan's alley and the great White Way. Yet no one would accuse them of being "sports."

It is with deep regret that the death of Bro. A. G. Wite, late agent at Dighton, Mass., is announced, having occurred on March 18th, and our sincere sympathy goes out to his bereaved family.

The wife of our assistant local chairman, Bro. J. F. Brady, has been sick for two weeks, but now reported improving. She was greatly missed on our Boston wedding trip.

The new "safety first" stick-pin was worn by several of the members of this party.

Chattanooga Division—

We were glad to see in the write-up last month from the boys on the Nashville Division, that the spirit of organization is among them again. That is right, boys, get an up-to-date, give us a write-up every month and keep pushing, you can always depend on the Chattanooga Division, as well as the W. A. We are busy over here, increasing our fold one by one. Let every one get busy and line up, don't wait until next month, now is the time; delay is dangerous; our trouble has always been that we are too slow and depending on the other fellow. Get an up-to-date yourself, and then go after those next to you. Other departments of the service here under contract are receiving better pay and working conditions with less responsibility; remember, you will never have better pay or working conditions until you organize. Think how long it has been since you received an increase, while those under contract have received an annual increase in wages with better working conditions, our cost of living continues the same as theirs. Every other road in the country but ours is under contract; they constantly receive better pay and working conditions, which enable them to feed and clothe their families and educate the children. It is your duty to get better your own condition—you can only do it by organizing—so line up. That is what we are doing on the Chattanooga and W. A. Divisions, as well as branches.

Let us have a write-up each month from each division. Get your news items to your division correspondent in time for him to get them in for publication.

Quite a number of vacancies are not being bulleted. Some are still open for want of bids. Several offices have been abolished, and force and pay reduced.

J. L. McNabb is relieving J. D. Miller, first at Cowan.

Extra Wiggs relieving second trick man at Mboro.

Extra Thaxton is on second Normandy.

Extra Heard is posting at Rockledge.

Mr. Thornton has been with Q. & C. a few days.

E. V. Clouse bid in first at Glenn Cliff. We are glad to have him on this end of the line.

Extra Mazon is relieving C. H. Vest at Cravens.

V. H. Hask is working first trick dispatcher Chattanooga.

Telegrapher Williams has returned from Florida.

CORT Club.

Over thirty brothers were present at our meeting on March 7th. Important matters were discussed and various interesting eye-openers were sprung at this meeting. We had a very enthusiastic crowd, the personnel of which is enough to make one proud to be connected with union labor and to be able to associate with such good, clean cut, honorable and sensible gentlemen as you will always find at our CORT Club meetings.

Many old familiar faces were present.

Bro. P. E. Gray is working days in Judge McKinley's court and nights in "SJ," C. & N. W. general office.

Bro. W. J. Early, on his annual vacation (with pay), is visiting relatives in Chesteron, Ind.

Bro. and Mrs. F. F. Breining spent Sunday, March 28th, with Bro. and Mrs. Hennings, of DeKalb, Ill.

Bro. Eddie Novak, C. & N. W. general office, was off ten days visiting with friends in LaSalle, Ill., and Eau Claire, Wis.

Your correspondent would appreciate a few items from the C. B. & Q., C. R. I. & P., I. C. and C. M. & St. P. brothers about the 25th of each month.

IN MEMORIAM.

Whereas, Almighty God, in His infinite wisdom, has deemed it wise to call to her reward, the beloved mother of our highly esteemed brother George E. Soyster; therefore, be it Resolved, That we, the members of Chicago Order of Railroad Telegraphers, Local Division No. 91 and the members of the Chicago Order of Railroad Telegraphers Club, in joint meeting assembled, tender Bro. Soyster our deep and heartfelt sympathy in this sad hour of bereavement; and be it further Resolved, That a copy of these resolutions be sent to Bro. Soyster and a copy sent to The...
Peoria-Pekin O. R. T. Club.

The meeting held at Peoria and Pekin during the month of March abounded in interest and enthusiasm, and the boys turned out well on both occasions. It is mighty encouraging to the officers of the club to note the good work which is being done by the membership and the outlook for the success and the rapid growth of the club is very gratifying to all concerned. The Terminal and P. & P. U. are in fine shape as far as membership is concerned. While the P. & P. U. and the P. R. T. do not enjoy the protection of a schedule, but the effects of the schedules on the other roads force these companies to pay more than was paid ten years ago in order to secure good men, but we hope with thorough organization that the men engaged in the telegraph service on these two roads soon have their hopes for a schedule realized.

Our club was organized in the interest of the members of all roads entering Peoria, and each member of the O. R. T. at Peoria and Pekin should see that all members in good standing join. If you know of a non, keep after him until you secure his application. If each member will make a special effort to do this it will not be long until the Order of Railroad Telegraphers will be the largest and most influential labor organization in Peoria and Pekin.

Don't miss an opportunity to attend these club meetings whenever it is possible to do so.

We are making great strides toward a larger club, and if the present interest and enthusiasm shown by the brothers continues there will be no limit to our future success. CERT. 928.

Topeka O. R. T. Club.

Our meeting Sunday evening, March 8th, was called to order at 8:30 p.m., by President Stover.

Bro. Owens was unanimously elected third vice-president to represent the Missouri Pacific for the ensuing year.

Bro. Owens responded to the compliment, with a very eloquent address, assuring us of his support, and telling of the work on the road he represented.

Bro. Stover announced the subjects assigned the brothers, as follows: Bro. O. E. Bonecutter, "The O. R. T.; Its Benefits, etc. to an Exclusive Agent;" Bro. E. Pringle, "The Parcel Post;" Bro. R. A. Powell, "Our Order, Its Origin and Growth," and asked the three brothers to address the meeting on the above subjects.

Bro. Bonecutter read a paper, showing why the exclusive agent should belong to our organization, pointing out the benefits to be derived therefrom, even though not working a scheduled position, and brought out interesting points.

Bro. Pringle, in his address on the parcel post, made many live suggestions, predicting some very good things for the agent. His address was certainly a masterpiece of oratory.

Bro. Powell, in his address, gave a very complete history of the O. R. T., from its inception, telling of its rapid growth, and the many great things it had accomplished.

All were well pleased with the addresses, and this feature will be looked forward to at each meeting.

It was decided some time ago that the president would assign two or three subjects each month to different brothers, so they could come to the meetings prepared to deliver an address on the subject assigned them.

Bro. Brown gave us one of his characteristic "forty-five"-minute addresses, and it was certainly interesting and beneficial.

Every brother present made a short talk and the meeting was very interesting in every detail, twenty members being present.

It was decided that at our next meeting we would go over the work in the ritual and endeavor to carry on our meetings, using that work which we think will prove interesting and educational.

Omaha Railroad Telegraphers' Club.

The regular February meeting for the 23d was cancelled and in its stead a social and dance was given to the members and their friends, in Labor Temple Hall on the 24th, and was a pronounced success both financially and socially. More would have come only for the snow blizzard which raged across this section February 22d and 23d.

This affair was announced in the February TELEGRAPHER, but that issue of the journal reached most of the members on about the same day as the social was given, however, the boys notified their brothers on the line, and a few were able to come in.

The committee on arrangements is to be complimented on the smoothness the affair was carried off. Lamp's Union Orchestra furnished excellent music for the dancing. Refreshments were provided and served by the wives of the members. The whole affair was managed by the telegraphers, even to the checking of wraps, floor, etc. Bro. Fullington, of the M. P., took charge of the hat check room, and handled it successfully, as there were about 150 present. Bro. Jack Hart, of the I. C., handled the door in a most satisfactory manner. Not many got by "Jack" without contributing their mite. President Ackerman and Bros. Reynolds and Coulter had charge of the floor, assisted by Mrs. Ackerman, and everyone was well satisfied with the way the floor was handled. Our old friend, Bro.
Olson, of the Milwaukee, distributed the programs and earned his money.

A shawl for the benefit of Bro. Hunter, now in the Nevada State Penitentiary at Carson, City, Nev., was given as a prize to the one attending who held the lucky number, and the number of tickets limited to 175, which were nearly all sold out by the night of the dance. Expenses were kept to a minimum, and the receipts far exceeded the expenses, so we were able to send Bro. Hunter a fair amount, and have received his grateful thanks for the same.

Bro. Carson, of the Rock Island Lines, who secured the shawl, was greatly pleased with it. He purchased his ticket from Bro. O. S. Marshall, of the R. I. Co., Bluffs, Iowa, who sold thirty tickets to his friends and the boys on the R. I. Lines.

The dance closed at 11:55 p. m., with one of the most enjoyable evenings the club has had the pleasure of arranging.

The regular meeting, held Monday, March 21st, was attended by the old "stand-bys," who listened to the reports of the secretary, Bro. Frederic, as to the financial condition of the club, and to a review of the events of the past year, it being the anniversary of the Easter Sunday tornado which struck Omaha, the evening of March 23, 1913, destroying, among other things, the records of this club. It was necessary to start anew, with practically no funds, and we are pleased to say that the club is now in the best of shape financially, with no outstanding bills unpaid.

Bro. Frederic called the attention of the members to the date, marking the first anniversary of the tornado, in which he suffered considerable loss, and thanked the members again for their timely aid given immediately following the storm.

At the meeting on April 26th something in the line of a social will be arranged for the meeting May 25th. We urgently request that every O. R. T. member make a special effort to attend the meetings, especially the boys in the city offices, Omaha, South Omaha and Council Bluffs.

THE SCRIBE.

Smash the Cyclopedia Trust! That Is Our Determination

TRUST PRICES WRECKED!

Yes, We Mean W-r-e-c-k-e-d

You can now secure a high-grade cyclopedia at less than 7c the former extravagant monopoly prices. The response to this offer is overwhelming—amazing. From present indications we shall sell at least 1,000,000 sets of this great cyclopedia. We are determined to smash the trust. To prove our claims we are just now allowing a free-inspection privilege. But you must hurry. Simply use the coupon below.

NEW UNIVERSAL CYCLOPEDIA

Direct to You. No Middlemen's Profits. Trust-Smashing Price and Easy Terms. Get a High-Grade Cyclopedia at a Big Saving

Here is the Truth: Up to this time the cyclopedia business has been absolutely controlled by a few companies, backed by Wall Street, who inflated the prices to suit themselves. Although a cyclopedia is practically a necessity, it has been impossible for you, or anyone else, to obtain a high-grade work without paying an extravagant monopoly price, until now.

We are proving that with a large sale, and by eliminating middlemen, it is possible to put a cyclopedia within reach of every American Home, Office and School. From the very beginning, we deliberately planned to sell—not the usual 5,000 or 10,000 sets—but at least 500,000 sets. Indications now are that we shall sell a great many more than this—probably 1,000,000. In this huge quantity—never before even approached—it was no longer necessary to make a large profit on each set. We were also able to make a great saving in materials and manufacturing cost. This made possible a tremendous reduction from the old trust prices. We are now able to offer to the American People a cyclopedia of the very utmost merit at a price which is within the reach of all. Simply use the free inspection coupon.

Six Massive Volumes of Authoritative World Knowledge:—Thousands of sets of this great work are already in use in Public Libraries, Schools, Homes and Offices. Even when price was not a factor, this work has been selected above all others. It is edited by Marcus Benjamin, Ph. D., F. C. S., Editor of U. S. National Museum at Washington, assisted by the highest authorities. Every one of the 16,382 subjects is brought right down to date—not 10 years ago or a year ago, but right down to 1914. Every subject is fully illustrated with photographs and drawings. It is complete enough for the most exacting scholar, yet so simple a child can understand it; and so interesting that everybody will read it with pleasure. These six superb volumes contain over 3000 pages and are printed from large, clear, new type on highest quality paper and bound in heavy buckram. 1820 text illustrations, 464 full page color plates, 44 full page half tones. Leading educators and librarians everywhere agree that this is the finest reference book available anywhere. Highest endorsements.

Limited Free Inspection Privilege: To demonstrate the genuineness of our claims—to prove beyond possible doubt the tremendous value in this work, we are sending sets out, express prepaid, absolutely free and without obligation, to all persons who fill out and mail the coupon below. There are no formalities, of any kind. You may hold the books ten days on approval, examining them at leisure. If you are not more than satisfied, we will send for them at our expense. You will not have been put to any inconvenience and it will not have cost you a cent.

Typewriter Touch by Actual Weight

Now mark the story this test tells. To operate the average typewriter requires a 10-ounce pressure on the keys. Some 7½, some 13½. Mark that the Oliver writes at 6½ ounces—scaled down to 50% lighter! And it wins its leadership in other points, too.

Here again a service to the world—the new model Oliver—the Silent Seven. A benefaction to all mankind. Labor of thousands lightened. With touch so sensitive that experts marvel—the weight of your finger, tapped on the key.

You Can Prove It

Place some small, flat object on a key of the average typewriter. Add enough objects to make the key write. Now perform this experiment with the Oliver No. 7, set at equal tension. Then weigh the two sets of objects. Your nearest druggist can do so if you have no handy means.

Others have made this demonstration. The result is as interesting as it is conclusive.

The Silent Seven

This brilliant triumph has all our epoch-making inventions—visible writing, visible reading, fewest keys, and Printype if desired.

To these have been added the cushioned keyboard, anchor-keys and automatic improvements. With the new paper holder no care is needed—your sheet can not crumple.

The return of the carriage advances your paper to another line—our famous automatic spacer. It prevents you writing on the line just written. Now the hardest thing to do with the Oliver is to make mistakes.

Soon Paid at 17c a Day

Our popular purchase plan applies to the new Silent Seven. And we give you by careful estimate 25% more value! Yet we have not increased the price one penny.

De Luxe Book Free to Telegraphers

EDITORIAL

REPORT OF THE BOARD OF DIRECTORS.

To the Officers and Members of the Order of Railroad Telegraphers, Greetings:

In compliance with the provisions of the Constitution, your Board of Directors convened at the headquarters of the Order in St. Louis, Mo., on April 1, 1914. All members were present except Bro. A. O. Sinks, who was unavoidably detained at home.

With the assistance of M. D. Kennedy, expert accountant, we made a careful and systematic check of the books and accounts of L. W. Quick, Grand Secretary and Treasurer, and found them correct, with all money and property of the organization satisfactorily accounted for.

We have pleasure in testifying to the very efficient manner in which the affairs of the Grand Secretary’s office have been conducted.

Our check of the accounts shows that on March 31, 1914, there was a cash balance on hand of $1,039,662.49.

We desire to call attention to the continued prosperity of the Order. Numerically and financially we are stronger than at any previous time in our history, and the President with his staff of organizers, vice-presidents, general committees and all whose efforts have brought about this desirable condition of things, are to be congratulated.

Yours fraternally,

Geo. O. Forbes,  
Chairman,

C. G. Kelso,  
Secretary,

LABOR'S RIGHTS GUARANTEED.

As the result of the effort of the organized labor movement and long years of agitation, the Bartlett-Bacon bills were introduced in the Sixty-second Congress and reintroduced in the Sixty-third Congress. These bills were indorsed by the American Federation of Labor at several conventions.

On April 14th, Hon. Henry D. Clayton, of Alabama, chairman of the Judiciary Committee of the House of Representatives, introduced a bill "to supplement existing laws against unlawful restraints and monopolies, and for other purposes." Among the features of interest to labor are those aimed to relieve labor, fraternal and other voluntary associations from the provisions of the Sherman anti-trust law, to limit the issuance of injunctions, and to regulate contempt proceedings. The full text of the bill is herewith given. The labor provisions are printed in bold-faced type.

A BILL
To supplement existing laws against unlawful restraints and monopolies, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That "anti-trust laws," as used herein, includes the act entitled "An Act to protect trade and commerce against unlawful restraints and monopolies," approved July second, eighteen hundred and ninety; sections seventy-three to seventy-seven, inclusive, of an Act entitled "An Act to reduce taxation, to provide revenue for the government, and for other purposes," of August twenty-seventh, eighteen hundred and ninety-four; an Act entitled "An Act to amend sections seventy-three and seventy-six" of the Act of August twenty-seventh, eighteen hundred and ninety-four, entitled "An Act to reduce taxation to provide revenue for the government, and for other purposes," approved February twelfth, nineteen hundred and thirteen; and also this Act.

"Commerce," as used herein, means trade or commerce among the several States, and with foreign nations, or between the District of Columbia or any territory of the United States and any State, Territory or foreign nation, or within the District of Columbia or any territory of the United States.

Sec. 2. That any person engaged in commerce who shall discriminate in price between different purchasers of commodities in the same or different sections or communities, with the purpose or intent to thereby injure or destroy the business of a competitor, either of such purchaser or the seller, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not exceeding $5,000, or imprisonment not exceeding one year, or both, in the discretion of the court. Corporations shall be deemed persons within the meaning of this section, and when any corporation shall be guilty of a violation of this section, the offense shall be deemed to be also that of the individual directors or other officers or employees of such corporation ordering or doing the prohibited act, and upon conviction they shall be punished as provided in this section: Provided, That nothing herein contained shall prevent persons engaged in selling goods, wares, or merchandise in commerce from selecting their own customers. It shall be unlawful for the owner or operator of any mine engaged in selling its product in commerce to refuse arbitrarily to sell the same to a responsible person, firm or corporation who applies to purchase.

Sec. 3. That any person engaged in commerce, who shall lease or make a sale of goods, wares, merchandise, machinery, supplies, or other commodities, or fix a price charged therefor, or discount from, or rebate upon such price, on the condition or understanding that the lessee or purchaser thereof shall not use or deal in the goods, wares, merchandise, machinery, supplies or other commodities, of a competitor or competitors of the lessor or seller, shall be...
is brought by or on behalf of the United States, under any of the anti-trust laws, the statute of limitations in respect of each and every private right of action, arising under such anti-trust laws, and based, in whole or in part, on any matter complained of in said suit, or proceeding in equity, shall be suspended during the pendency of such suit or proceeding in equity.

Sec. 6. That nothing contained in the anti-trust laws shall be construed to forbid the existence and operation of fraternal, labor, consumers, agricultural or horticultural organizations, orders, or associations operating under the lodge system, instituted for the purposes of mutual help, and not having capital stock or conducted for profit, or to forbid or restrain individual members of such orders or associations from carrying out the legitimate objects of such associations.

Sec. 7. That no corporation engaged in commerce shall acquire, directly or indirectly, the whole, or any part, of the stock or other share capital of another corporation engaged also in commerce, where the effect of such acquisition is to eliminate or lessen competition between the corporation whose stock is so acquired and the corporation making the acquisition, or to create a monopoly of any line of trade in any section or community.

No corporation shall acquire, directly or indirectly, the whole or any part of the stock or other share capital of two or more corporations engaged in commerce where the effect of such acquisition, or the use of such stock by the voting or granting of proxies or otherwise, is to eliminate or lessen competition between such corporations, or any of them, whose stock or other share capital is so acquired, or to create a monopoly of any line of trade in any section or community.

This section shall not apply to corporations purchasing such stock solely for investment, and not using the same by voting or otherwise to bring about, or in attempting to bring about, the lessening of competition. Nor shall anything contained in this section prevent a corporation engaged in commerce from causing the formation
of subsidiary corporations for the actual carrying on of their immediate lawful business, or the natural and legitimate branches thereof, or from owning and holding all, or a part of, the stock of such subsidiary corporations, when the effect of such formation is not to eliminate or lessen competition.

Nothing contained in this section shall be held to affect or impair any right heretofore legally acquired: Provided, That nothing in this paragraph shall make legal stockholding relations between corporations when, and under such circumstances that, such relations constitute violations of the anti-trust laws.

Nor shall anything herein contained be construed to prohibit any railroad corporation from aiding in the construction of branch or short line railroads so located as to become feeders to the main line of the company so aiding in such construction or from acquiring or owning all or any part of the stock of such branch line, nor to prevent any railroad corporation from acquiring and owning all or any part of the stock of a branch or short line railroad constructed by an independent company where there is no substantial competition between the company owning the branch line so constructed and the company owning the main line acquiring the property or an interest therein, nor to prevent any railroad company from extending any of its lines.

A violation of this section shall be deemed a misdemeanor, and shall be punishable by a fine not exceeding $5,000, or by imprisonment, not exceeding one year, or both, in the discretion of the court, and any violation by a corporation shall be deemed to be also the offense of its individual officers or directors, ordering, doing or participating in, the prohibited act, and upon conviction, they shall be punished as herein provided.

Sec. 8. That from and after two years from the date of the approval of this Act no person shall at the same time be a director or other officer or employee of more than one bank, banking association, or trust company organized and operated under the laws of the United States, either of which has deposits, capital, surplus, and undivided profits aggregating more than $2,500,000; and no private banker, or person who is a director in any bank or trust company, organized and operating under the laws of a State, having deposits, capital, surplus, and undivided profits aggregating more than $2,500,000, shall be eligible to be a director in any bank or banking association organized and operating under the laws of the United States.

No bank, banking association, or trust company organized and doing business under the laws of the United States in any city or town of more than one hundred thousand inhabitants shall have as a director or other officer or employee any private banker or any director or other officer or employee of any other bank, banking asso-

creation, or trust company located in the same place.

That from and after two years from the date of the approval of this Act no person at the same time shall be a director in any two or more corporations engaged in whole or in part in commerce, other than common carriers, subject to the Act to regulate commerce, approved February fourth, eighteen hundred and eighty-seven, if such corporations are, or shall have been theretofore, by virtue of their business and location of operation, competitors, so that an elimination of competition by agreement between them would constitute a violation of any of the provisions of any of the anti-trust laws.

That any person who shall violate any of the provisions of this section shall be guilty of a misdemeanor, and shall be punished by a fine of $100 a day for each day of the continuance of such violation, or by imprisonment for such period as the court may designate, not exceeding one year, or by both, in the discretion of the court.

Sec. 9. That any suit, action, or proceeding under the anti-trust laws, against a corporation, may be brought not only in the judicial district whereof it is an inhabitant, but also in any district wherein it may be found.

Sec. 10. That subpoenas for witnesses who are required to attend a court of the United States in any judicial district in any case, civil or criminal, arising under the Federal anti-trust laws, may run into any other district.

Sec. 11. That whenever a corporation shall be guilty of the violation of any of the provisions of the anti-trust laws, the offense shall be deemed to be also that of the individual directors, officers, and agents of such corporation authorizing, ordering, or doing any of such prohibited acts, and upon conviction thereof they shall be deemed guilty of a misdemeanor, and punished by a fine not exceeding $5,000, or imprisonment not exceeding one year, or by both said punishments in the discretion of the court.

Sec. 12. That the several district courts of the United States are hereby invested with jurisdiction to prevent and restrain violations of this Act; and it shall be the duty of the several district attorneys of the United States, in their respective districts, under the direction of the Attorney-General, to institute proceedings in equity to prevent and restrain such violations. Such proceedings may be by way of petition, setting forth the case and praying that such violation shall be enjoined or otherwise prohibited. When the parties complained of shall have been duly notified of such petition, the court shall proceed, as soon as may be, to the hearing and determination of the case; and pending such petition, and before final decree, the court may at any time make such temporary restraining order or prohibition as shall be deemed just in the premises. Whenever it shall appear to the court before which any such proceeding may be pending that the ends of justice require that other parties should be brought before the court, the court may cause them to be summoned, whether they reside in the district in which the court is held or not, and subpoenas to that end may be served in any district by the marshal thereof.

Sec. 13. That any person, firm, corporation, or association shall be entitled to sue for and have injunctive relief, in any court of the United States having jurisdiction over the parties, against threatened loss or damage by a violation of the anti-trust laws, when and under the same conditions and principles as injunctive relief against threatened conduct that will cause loss or damage is granted by courts of equity, under the rules governing such proceedings, and upon the execution of proper bond against damages for an injunction improvidently granted and a showing that the danger of irreparable loss or damage is immediate, a preliminary injunction may issue: Provided, That nothing herein contained shall be construed to entitle any person, firm, corporation, or association, except the United States, to bring suit in equity for injunctive relief against any common carrier, subject to the provisions of the Act to regulate commerce, approved February fourth, eighteen hundred and eighty-seven, in respect of any matter sub-
ject to the regulation, supervision, or other jurisdiction of the Interstate Commerce Commission.

Sec. 14. That no injunction, whether interlocutory or permanent, in cases other than those described in section two hundred and sixty-six of an Act entitled "An Act to codify, revise, and amend the laws relating to the judiciary," approved March third, nineteen hundred and eleven, shall be issued without previous notice and an opportunity to be heard on behalf of the parties to be enjoined, which notice, together with a copy of the bill of complaint or other pleading upon which the application for such injunction will be based, shall be served upon the parties sought to be enjoined a reasonable time in advance of such application. But if it shall appear to the satisfaction of the court or judge that immediate and irreparable injury is likely to ensue to property or a property right of the complainant, and that the giving of notice of the application or the delay incident thereto would probably permit the doing of the act sought to be restrained before notice could be served or hearing had thereon, the court or judge may, in his discretion, issue a temporary restraining order without notice. Every such order shall be endorsed with the date and hour of issuance, shall be forthwith entered of record, shall define the injury and state why it is irreparable and why the order was granted without notice, and shall by its terms expire within such time after entry, not to exceed ten days, as the court or judge may fix, unless within the time so fixed the order is extended or renewed for a like period, after notice to those previously served, if any, and for good cause shown, and the reasons for such extension shall be entered of record, and section two hundred and sixty-three of the Act entitled "An Act to codify, revise, and amend the laws relating to the judiciary," approved March third, nineteen hundred and eleven, is hereby repealed.

Sec. 15. That no restraining order or interlocutory order of injunction shall issue, except upon the giving of security by the applicant in such sum as the court or judge may deem proper, conditioned upon the payment of such costs and damages as may be incurred or suffered by any party who may be found to have been wrongfully enjoined or restrained thereby.

Sec. 16. That every order of injunction or restraining order shall set forth the reasons for the issuance of the same, shall be specific in terms, and shall describe in reasonable detail, and not by reference to the bill of complaint or other document, the act or acts sought to be restrained; and shall be binding only upon the parties to the suit, their agents, servants, employees, and attorneys, or those in active concert with them, and who shall, by personal service or otherwise, have received actual notice of the same.

Sec. 17. That no restraining order or injunction shall be granted by any court of the United States, or a judge or the judges thereof, in any case between an employer and employees, or between employers and employees, or between employees, or between persons employed and persons seeking employment, involving, or growing out of, a dispute concerning terms or conditions of employment, unless necessary to prevent irreparable injury to property, or to a property right, of the party making the application, for which injury there is no adequate remedy at law, and such property or property right must be described with particularity in the application, which must be in writing and sworn to by the applicant or by his agent or attorney. And no such restraining order or injunction shall prohibit any person or persons from terminating any relation of employment, or from ceasing to perform any work or labor, or from recommending, advising, or persuading others by peaceful means so to do; or from attending at or near a house or place where any person resides or works, or carries on business, or happens to be for the purpose of peacefully obtaining or communicating information, or of peacefully persuading any person to work.
or to abstain from working; or from ceasing to patronize or to employ any party to such dispute; or from recommending, advising, or persuading others by peaceful means so to do; or from paying or giving to, or withholding from, any person engaged in such dispute, any strike benefits or other moneys or things of value; or from peaceably assembling at any place in a lawful manner, and for lawful purposes; or from doing any act or thing which might lawfully be done in the absence of such dispute by any party thereto.

Sec. 18. That any person who shall willfully disobey any lawful writ, process, order, rule, decree, or command of any district court of the United States by doing any act or thing therein, or thereby forbidden to be done by him, if the act or thing so done by him be of such character as to constitute also a criminal offense under any statute of the United States, or at common law, shall be proceeded against for his said contempt as hereinafter provided.

Sec. 19. That whenever it shall be made to appear to any district court or judge thereof, or to any judge therein sitting, by the return of a proper officer on lawful process, or upon the affidavit of some credible person, or by information filed by any district attorney, that there is reasonable ground to believe that any person has been guilty of such contempt, the court or judge thereof, or any judge therein sitting, may issue a rule requiring the said person so charged to show cause upon a day certain why he should not be punished therefor, which rule, together with a copy of the affidavit or information, shall be served upon the person charged with sufficient promptness to enable him to prepare for and make return to the order at the time fixed therein. If upon or by return, in the judgment of the court, the alleged contempt be not sufficiently purged, a trial shall be directed at a time and place fixed by the court: Provided, however, That if the accused, being a natural person, fail or refuse to make return to the rule to show cause, an attachment may issue against his person to compel an answer, and in case of his continued failure or refusal, or if, for any reason, it be impracticable to dispose of the matter on the return day, he may be required to give reasonable bail for his attendance at the trial and his submission to the final judgment of the court. Where the accused person is a body corporate, an attachment for the sequestration of its property may be issued upon like refusal or failure to answer.

In all cases within the purview of this Act such trial may be by the court, or upon demand of the accused, by a jury; in which latter event the court may impanel a jury from the jurors then in attendance, or the court or the judge thereof in chambers may cause a sufficient number of jurors to be selected and summoned, as provided by law, to attend at the time and place of trial, at which time a jury shall be selected and impaneled as upon a trial for misdemeanor; and such trial shall conform, as near as may be, to the practice in criminal cases prosecuted by indictment or upon information.

If the accused be found guilty, judgment shall be entered accordingly, prescribing the punishment, either by fine or imprisonment, or both, in the discretion of the court. Such fine shall be paid to the United States or to the complainant or other party injured by the act constituting the contempt, or may, where more than one is so damaged, be divided or apportioned among them as the court may direct; but in no case shall the fine to be paid to the United States exceed, in case the accused is a natural person, the sum of $1,000, nor shall such imprisonment exceed the term of six months.

Sec. 20. That the evidence taken upon the trial of any person so accused may be preserved by bill of exceptions, and any judgment of conviction may be reviewed upon writ of error in all respects as now provided by law in criminal cases, and may be affirmed, reversed, or modified as justice may require. Upon the granting of such writ of error, exe-
cution of judgment shall be stayed, and the accused, if thereby sentenced to imprisonment, shall be admitted to bail in such reasonable sum as may be required by the court, or by any justice, or any judge, of any district court of the United States.

Sec. 21. That nothing herein contained shall be construed to relate to contempt committed in the presence of the court, or so near thereto as to obstruct the administration of justice, nor to contempts committed in disobedience of any lawful writ, process, order, rule, decree, or command entered in any suit or action brought or prosecuted in the name of, or on behalf of, the United States, but the same, and all other cases of contempt not specifically embraced within section eighteen of this Act, may be punished in conformity to the usages at law and in equity now prevailing.

Sec. 22. That no proceeding for contempt shall be instituted against any person unless begun within one year from the date of the act complained of; nor shall any such proceeding be a bar to any criminal prosecution for the same act or acts; but nothing herein contained shall affect any proceedings in contempt pending at the time of the passage of this Act.

THE MECOGRAPH INJUNCTION.

The following is a copy of the order of court, together with the request for the opinion and the opinion itself:

In the District Court of the United States, Northern District of Illinois, Eastern Division.

Monday, Dec. 22, 1913.

Present: HONORABLE KENESAW M. LANDIS, District Judge.

Nellie E. Bellows, doing business as Mecograph Company, vs. Max Levey, doing business as Atoz Electric Novelty Company.—30,947.

This cause coming on to be heard upon the pleadings; upon the evidence taken in the cause in open court, and after the hearing of the arguments of Walter H. Chamberlin, solicitor for complainant and Harvey L. Hanson, of counsel for defendant, and after due proceeding had it is upon consideration.

Ordered, adjudged and decreed as follows:

1. That Letters Patent of the United States issued to William O. Coffe, assignor by direct and mesne assignments to Benjamin F. Bellows, on February 13, 1906, for Improvements in Telegraph Keys No. 812,183, are good and valid in law as to Claim 11 thereof.

2. That said William O. Coffe was the first, true and original inventor of the invention and improvement described and claimed in said Letters Patent, and particularly recited in said Claim 11 thereof.

3. That by an instrument in writing duly recorded in the United States Patent Office, Nellie E Bellows, the complainant herein, acquired from Benjamin F. Bellows and now owns the entire right, title and interest in and to the said Letters Patent, No. 812,183, subject to an equitable interest held by one James E. Albright, of New York City.

4. That the defendant, Max Levey, doing business as Atoz Electric Novelty Company, has infringed upon said Letters Patent, and particularly upon said Claim 11 thereof, and upon the exclusive right of the complainant under the same.

5. That a perpetual injunction issued out of and under the seal of this court, directed

THE injunction granted by Judge K. M. Landis, of the United States District Court for the Northern District of Illinois, Eastern Division, on March 17th, in the cause of the Mecograph Company, against the Atoz Electric Novelty Company, has caused considerable confusion in telegraph circles. Quite a number of railroads have issued instructions that all telegraphers employed by those companies must remove all sending machines in use other than the Mecograph or Martin Vibroplex, the latter company having been absorbed by the former, and many of those interested have appealed to the Order to advise them as to their rights in the matter. In order to definitely settle this question, the matter was taken up with the General Counselor of the Order and his written opinion secured.
to said defendant, Max Levey, his agents, associates, confederates, servants, attorneys, employees and workmen, enjoining them and each and every one of them from directly or indirectly making, constructing, causing to be made, using, causing to be used, selling, causing to be sold, advertising for sale, working, putting into practice, operation or use, telegraph keys like or similar to those heretofore made, used, sold and advertised for sale, or controlled by the said defendant or in any way counterfeiting the said patent invention or any part thereof or from making, using or selling telegraph keys made in accordance with said patented invention, or like or similar to those which said defendant has heretofore made, used or sold or in any manner infringing upon said Letters Patent No. 812,183, and particularly upon the eleventh claim thereof, or in any way trespassing upon the complainant's rights therein, and also enjoining said Levey pending the entry of a final decree herein from selling or in any way parting with any parts of machines particularly adapted for use in the manufacture of telegraph keys like those heretofore manufactured and sold by said Levey, or from the sale or otherwise disposing of any parts by said Levey with the knowledge and intent that they shall be used in the construction of telegraph keys like those heretofore made and sold by said Levey or which are an infringement on said Patent No. 812,183.

6. That this cause is hereby referred to Charles B Morrison, as a Master in Chancery of this court, to ascertain and report to the court the profits derived by the defendant, Levey, from his infringement on said patent and the damages done to the complainant by virtue of said infringement.

7. That the complainant do recover of the defendant her costs and disbursements of this suit to be taxed.

Kenesaw M. Landis.

Approved and we consent to the entry of the foregoing decree.

Brown, Williams, Bell, Hanson & Boettcher,
For Defendant.

In the District Court of the United States of America, for the Northern District of Illinois, Eastern Division.

I, T. C. MacMillan, clerk of the District Court of the United States of America, for the Northern District of Illinois, do hereby certify the above and foregoing to be a true and correct copy of an order made and entered in said court on the 22d day of December, A. D. 1913, as fully as the same appears of record in my office.

In Testimony Whereof, I have hereunto set my hand and affixed the seal of said court at my office in Chicago, in said district, this 17th day of March, A. D. 1914.

T. C. MacMillan,
Clerk.

By John H. R. Jamar,
Deputy Clerk.

St. Louis, Mo., March 30, 1914.
Mr. W. S. Campbell, General Counsel O. R. T., Laclede Building, City.

Dear Sir—I enclose herein copy of temporary injunction granted by Judge Landis, in Chicago, against a party by the name of Levey, which is self-explanatory.

Suppose that I purchased one of the sending machines from Levey a year ago. Is there anything in that injunction which would prevent me from continuing to use the machine at this time? Kindly give me an opinion on this matter.

Yours truly,
L. W. Quick,
Grand Secretary and Treasurer.

St. Louis, Mo., April 8, 1914.
Mr. Leon W. Quick, Grand Secretary and Treasurer O. R. T.

Dear Sir—In compliance with your request, I am herewith furnishing opinion on the matter requested.

The finding of the District Court of the United States, that the defendant in that case, Max Levey, doing business as Atoz Electric Novelty Company has infringed upon letters patent for improvements in telegraph keys, No. 812,183, and particularly as to Claim 11 thereof, is conclusive upon the defendant in that case, and establishes the right of the patentee to the exclusive
use of the patent. All persons using the telegraph keys become infringers, but only such persons are affected by the decision as are made parties defendant in that case or in some other proceeding. The injunction granted in that case, or in any other case, against the use of said telegraph keys, does not affect the individual owners of telegraph keys, and will not prevent them from using the telegraph keys, which they have purchased, unless they are made parties by name, and served with a regular summons in a suit for infringement.

In the case in the United States District Court, against Max Levey, according to the copy of decree furnished, an accounting is to be had to ascertain the profits derived, and also the damages done by reason of the infringement. It is most likely that the patentee will endeavor to secure his damages and profits in suits against the agents, distributors and makers of these keys as he is doing in the case against Max Levey, and it is not likely that an attempt will be made to enjoin the use of these keys by the individual owners who have purchased them from the distributors or manufacturers. The persons owning the telegraph keys, who purchased them from the infringers, are, of course, subject to a suit enjoining them from further use of the instrument, but in this instance, it is not likely that such action will be taken.

As the matter now stands there is nothing to prevent the owners of such telegraph keys continuing the use of them, as the injunction granted by the District Court of the United States for the Northern District of Illinois does not apply to anyone who is not made a party to that suit, and that is true as regards any other suit that has been brought by the owner of this patent against other infringers. The suit only affects such persons as are made parties to the suit.

The notice published in The Railroad Telegrapher with reference to infringements is not such a notice as would, in any way, affect the present owners of these telegraph keys. The statement in that notice, that all who are now using sending machines "purchased from these parties or from the agents of either, are daily liable to prosecution for contempt, if they continue such use," is misleading, as the persons now using the machines, who were not made parties to those suits, are not affected by them. It is true, they may, at any time, be proceeded against in a separate proceeding, but not for contempt of the courts, having heretofore issued the injunction. The purpose of that notice is to get the persons who are now using these machines to write, and they will likely arrange with them in some way to give them the right to continue the use of the machines, upon paying some stipulated amount, no doubt.

As I stated above, it is not likely that action will be taken against the individual owners of these telegraph keys, to prevent their continued use of them.

I think this covers the question which you desired information upon, and if not, will furnish you any further information that is desired. Respectfully yours,

W. S. Campbell.

Gompers, Mitchell, Morrison Freed.

After a seven years' battle in various courts of the District of Columbia and the United States Supreme Court, the latter tribunal has made final disposition of the Gompers-Mitchell-Morrison contempt case by setting aside the penalties inflicted by the lower court on the ground that the statute of limitations barred further proceedings.

The highest court in the land thus declined to decide the questions of free speech and free press, which unionists insisted were involved. This ending of the famous suit, however, marks a development of public opinion against injunction practices that never would have been possible but for organized labor, who stood as a solid phalanx behind those officers who were attacked, and who stood staunch in the great struggle for the guarantees that some courts would deny. This preserving attitude of the workers is now reflected in the changing attitude of legislators and the judiciary toward writs and orders that would deny
workers rights accorded, without question, to others.

The cause of the contempt case was the efforts of the American Federation of Labor to assist the International Union of Metal Polishers, an allied organization, in its contest with the Bucks Stove and Range Company, whose president, Mr. Van Cleave, was also president of the National Association of Manufacturers. On December 18, 1907, Justice Gould, of the Supreme Court of the District of Columbia, issued a sweeping and general injunction against the American Federation of Labor, its officers, and all others within the jurisdiction of the court, from making any reference whatsoever to the company's relations with organized labor. No injunction ever issued equaled this drastic writ, which ordered that no reference could be made, either by written or printed word, or orally, of the fact that the company was engaged in a dispute, or that it had been unfair to labor. The order not only applied to the officers of the A. F. of L., but to "each of their agents, servants, attorneys, confederates, and any and all persons acting in aid of or in conjunction with them."

President Gompers and his colleagues showed that this injunction even denied them the right to discuss Justice Gould's order and the principles involved, as the company's name would necessarily be mentioned, thereby violating the order and making them liable to punishment for contempt of court. This, the unionists pointed out, was the "high-water mark," as it were, of government by injunction rule, as the constitutional guarantees of free speech and free press were attempted to be set aside by an order of a court.

On these grounds the unionists declared it their duty to contest this unheard of injunction, and the case was appealed to the Court of Appeals of the District of Columbia. With this began a campaign for remedial legislation that included an amendment to the Sherman anti-trust law, the elimination of injunctions in purely industrial disputes, and reform of contempt proceedings.

Later, President Gompers, Vice-President Mitchell and Secretary Morrison were ordered to appear before Justice Wright to show cause why they should not be punished for contempt. They were found guilty, and in a speech replete with bitter invective and abuse, the court sentenced President Gompers to one year in jail, Vice-President Mitchell to nine months, and Secretary Morrison to six months. The action of the court, together with his intemperate language, electrified the American workers, who rallied to the support of their officers, and the incident drove home, more effectually than ever the principles for which the three unionists made battle. Pending the appeal to the United States Supreme Court, an agreement was reached between organized labor and the company, settling all disputive questions. As a consequence, when the appeal reached the Supreme Court, the case was decided to be "moot," and therefore the principles involved in the contention were not passed upon by the court.

After a series of motions and hearings in lower courts, the United States Supreme Court, on May 15, 1911, set these verdicts aside and ordered the case remanded for trial "without prejudice." On re-trial the sentences were reduced to thirty days' imprisonment for President Gompers and fines of $500 each for Vice-President Mitchell and Secretary Morrison.

For "sidelight" purposes, and to illustrate the "fairness" and judicial temperament of Justice Wright, it may be recalled that when the Supreme Court ordered the case remanded for trial, Justice Wright appointed a commission of lawyers who were instructed to investigate and report to him whether there was "reasonable ground to believe" that the defendants violated the injunction. Judge Wright appointed as the committee the lawyers who prosecuted Gompers, Mitchell and Morrison in the first case.

The "committee," intending to place the defendants in a false position and to humiliate them, offered them the opportunity to "apologize" to the court and to promise obedience to the issuance of its orders, the implication being that they would thereby acknowledge that they had been guilty of wrong doing. This Messrs. Gompers, Mitchell and Morrison refused to do; their
contention was for the rights of the freedom of speech and the press, and the exercise of the normal activities of the working people. Several conventions of the American Federation of Labor encouraged and sustained this contention, and the rank and file of the working people of the country as well as all others who love liberty and justice, rallied to the support of the men who were taking whatever risk might ensue for their contention of the principles involved.

Last Monday the United States Supreme Court dismissed the case on the ground that it was barred by the statute of limitations.

From an educational standpoint, incalculable benefit has been the net result of the agitation that has followed the uncompromising attitude of the American Federation of Labor, whose position in this matter has finally attracted the attention of every right-thinking person to the iniquities of the injunction as a weapon against labor and to the ends some judges will go in their use of this writ to even set aside the American Magna Charta. These encroachments, if not checked, it is now agreed, would eventually be used against other elements of our citizenship. These gains can not be computed from the standpoint of dollars and cents, for they are interwoven with every economic and legislative advance now being made by the men of toil in even the smallest community of our land, and are factors in the sum total that will eventually place in our statutes enactments that will sweep from injunction judges their assumed right to act as lawmaker, jury and judge.

TO IMPEACH JUSTICE WRIGHT.

STANDING on the floor of the National House of Representatives Congress-man Park, of Georgia, started impeachment proceedings against Justice Wright and presented resolutions instructing the Committee on the Judiciary to inquire and report whether action by the House is necessary "concerning the alleged official misconduct of Daniel Thew Wright; whether he has accepted favors from lawyers appearing before him; whether he has permitted counsel for a street railway to indorse his notes while said counsel was retained in business and causes before his court; whether he has collected and wrongfully appropriated other people's money; whether he has purposely changed the record in order to prevent the reversal of causes wherein he presided; whether he is guilty of judicial misconduct in the trial of a writ of habeas corpus to an extent which provoked a reviewing court of the District of Columbia to justly characterize the trial as a 'travesty of justice;' whether he has arbitrarily revoked, without legal right, an order of a judge of concurrent jurisdiction, appointing three receivers, so as to favor his friend by appointing him sole receiver; whether he is morally and temperamentally unfit to hold judicial office, and whether he has been guilty of various other acts of personal and judicial misconduct for which he should be impeached."

The above charges are similar to the ones by Wade H. Cooper, which were handed to the Attorney-General, who, in turn, forwarded them to the House Committee on the Judiciary, which decided, in effect, it had no power to act on the impeachment of a judge unless ordered to do so by the House. The committee now stands so instructed, and is given full power to send for witnesses and administer oaths in its investigation.

It will be remembered that Justice Wright is the jurist who held Samuel Gompers, John Mitchell and Frank Morrison to be in contempt of his court, and sentenced them all to jail, which sentence, however, has never been served, on account of appeals.

ANOTHER IMPEACHMENT PROCEEDING.

CONGRESSMAN NEELY, of West Virginia, has introduced a resolution in Congress, asking the Judiciary Committee to consider charges against Federal Judge Dayton, who has been jailing West Virginia workers on contempt proceedings because of a miners' strike in that section. The specific charges against Judge Dayton are:

"That he has issued injunctions against labor unions, which place them beyond the pale of the law, and which make their de-
liberative actions conspiracy and their members miscreants and felons:

"That he has had men and women arrested on the sole charge of asking other men to join the union.

"That by the use of injunction he has prevented the exercise of the constitutional right of the people to assemble peaceably to petition for redress of wrongs.

"That under prosecution by contempt proceedings he recently found Mayor Schwartz guilty of contempt of court and sentenced him to serve sixty days in jail for the sole reason that said Schwartz rented his property to a labor man.

"That he has publicly declared his antagonism to persons not yet on trial, whom he expected to be tried before him.

"That in the hearing of contempt proceedings he ignores the West Virginia laws and the Federal constitution, and refuses to follow the decisions of the Supreme Court.

"That his decisions have been such as to result in their reversal by a higher court, but that such appeals are so costly as to be prohibitive to some, and that this puts a price upon justice which keeps it out of the reach of poor people."

Two impeachment cases are already pending before the House Judiciary Committee, involving Judge Emory Speer, of the Georgia Federal District Court, and Daniel Thew Wright, of the District of Columbia Supreme Court.

INJUNCTION DENIED.

UNITED STATES DISTRICT JUDGE HOUGH, sitting in New York, recently refused a request of the Gill Engraving Company for an injunction against the Photo Engravers' Union, declaring that since law has recognized strikes, it is impossible to secure injunctions as a remedy for the injuries incident to such struggles.

The court's views are out of the ordinary, and the position of organized labor that injunctions should not apply where statutory law covers alleged violations, is sustained by Judge Hough, who objects to the position of the Gill Company, which holds that if the penal law has been violated, an injunction should be issued. The court further said that the unionists had not combined with any intention of injuring the Gill Company, although that injury had occurred and might have been foreseen. The object of the "conspiracy" had been merely to increase the power of the union, so as to get more, easier, and better-paid work, and that, the judge remarked, was now considered laudable.

"As to the means employed," he went on, "everything lately done and alleged as ground for present action consists in threatening strikes. This is the exercise of a legal right. If the defendants have sought to attain a legal right by legal means, that a motive or part of a motive was hate of the Gill Company is immaterial."

The company charged that the Allied Printing Trades Council was involved in alleged conspiracy, but the court held there was no proof that printers, bookbinders and others had taken part. Judge Hough said it was important to study the motive of the union. "What motive," he asked, "incited defendants to injure the Gill Company? None, except that it hinders the expansion and aggrandizement of the union."

The decision is an important victory for the Photo Engravers, who have opposed the Gill Company as part of the war against the nonunion publishing house of Doubleday, Page & Co. The conduct of the interested unions was the subject for Federal grand jury investigation recently.

MINERS' OFFICERS ARE SUED.

BECAUSE of inflammatory and intimidating speeches, made by President White, Vice-President Frank Hayes, and a score of other United Mine Workers' officials, the strike in the Colorado coal fields resulted, is the allegation of coal operators, who have filed a suit for $1,000,000 damages against these unionists. The mine owners state that only about one-half of the miners went on strike voluntarily, but the speeches referred to above "contained intimations and insinuations and statements that personal injury and abuse would come to those who failed to respond to said call of strike." The
coal operators complain of the manner in which the strikers' tent colonies were conducted. These places were maintained by the union to keep their striking members and families from starvation, but the court is assured that men were "restrained" in the tents—that they wanted to return to work, but by intimidating methods were fearful to exercise their right to work when, where and for whom they pleased. The suit is filed in the District Court of Las Animas County, Colorado, by the Colorado Fuel and Iron Company, and the complaint drawn up by their attorney is truly a lurid document when one recalls the methods employed by this concern and its allies during the past several months to destroy the United Mine Workers' union, and who now resort to legal entanglements. Attorney Hawkins, Denver counsel for the unionists, is quoted as saying that the suit will give an opportunity to "show in court that Mr. Rockefeller's company and other companies who are allied with the Colorado Fuel and Iron Company constitute a gigantic trust, operating in violation of law, and engaged in oppressing the people in prices charged for coal." Unionists agree that the suit is an admission that the coal companies have failed to break the long-contested miners' strike and are now using other tactics. The suit was started under a State law passed several years ago for the purpose of "regulating monopoly," and which was never intended to apply to organizations of workers. Unionists say that the continued interpretations by Federal courts of the Sherman anti-trust law to include trade unions has made possible the belief by attorneys for the mine operators that the Colorado law can also be so construed.

**EDITORIAL NOTES**

Eight hundred and twenty-six new members were initiated into the Order during the month of April, 1914.

The Senate of the New Jersey Legislature has defeated the bill to create a commission to inquire into the industrial condition of the United States, which bill was defeated by a majority of one.

County Judge Addington, of Albany, N. Y., sustained the decision of the lower court in finding the New York Central Railroad guilty of violating the two-days'-rest-per-month law in that State. The railroad is contesting the case on the ground that the law is unconstitutional. The case now goes to the Court of Appeals.

The report of the Industrial Accident Commission of California shows that during the first three months of the present year 10,000 workmen in that State were injured or killed. Of these, 300 have been permanently disabled and more than 120 were killed, and approximately one-half of the latter have left one or more persons dependent upon them.

The Ohio State Supreme Court has upheld that part of the Workmen's Compensation Act which prohibits an employer from pleading the common-law defenses of "Fellow Servant" responsibility, "Contributory Negligence," or "Assumption of Risk," if he neglects to contribute to the compensation fund for injured employes. Under the Ohio law, a failure of employers to contribute to the fund debars them from using these defenses in a suit for damages.

Governor Glynn, of New York, has signed a bill creating an additional bureau in the Department of Labor, designed to secure employment for the unemployed in that State. Under the new law, the Commissioner of Labor is
given power to solicit employment for
the unemployed by advertising in newspa-
papers or in any other ways be may deem
necessary. No fees or charges, direct
or indirect, are to be made for the
service.

One of the largest, if not the largest,
verdicts ever given a workman in the
United States was awarded by a jury in
White Plains, N. Y., a few days ago to
Oscar Fried, who had both arms burned
off while in the employ of the New York,
new Haven & Hartford Railway, the ver-
dict being for $75,000. Fried, who is
thirty years old, touched an electric wire
last year and 11,000 volts of electricity
passed through his body. He was comatose
for eight days, and then both arms, which
has been burned to a crisp, were
amputated.

The report of the officials of Wisconsin
on the Compensation Act of that State
shows that payments of compensation to
workers injured through industrial acci-
dents in April was at the rate of over
$1,000,000 a year. The amount of com-
ensation paid to employees was $67,175.61.
The expense for medical, hospital and surgical services, which is also
paid by the employers, amounted to ap-
proximately $33,587.80, making the total
relief furnished to injured men $100,762.41, or at the rate of $1,209,148.92 per
annum. The expense of the commission
for administering the law during April
was less than $900.

The statement issued by the Bureau
of Immigration for the month of March,
1914, shows that there were 131,643 aliens
landed at the various ports of entry dur-
ing the month; that there were 3,015
debarrased from entrance, classified as fol-
lows: Idiots, 109; insane and epileptic,
52; loathsome or dangerous contagious
diseases, 268; professional beggars, 3;
paupers, 1; likely to become public
charges, 1,384; mentally or physically
defective, 639; contract laborers, 235;
accompanying aliens, 44; under sixteen
years of age and unaccompanied by
parent, 50; assisted aliens, 44; criminals,
97; anarchists, 1; prostitutes and pro-
curers, 43; without passport, 7; under
provisions of Chinese-exclusion act, 38.
The report also shows that there were
387 aliens returned after landing.

The strike of the copper miners in
Michigan has been declared off. In com-
menting on this action, the Bulletin, the
official organ of the striking miners, says:
"At the meetings held prior to taking a
referendum of the proposition, the ques-
tion was thoroughly discussed, and the
men, realizing that all concessions asked
at the time of calling the strike had been
granted by the mining companies, with
the exception of recognition of the union,
felt as if this demand might be waived
and that they could return to work with
the feeling that the strike had been prac-
tically won. The companies' only de-
mand is that all union men returning to
work must surrender their union card,
but whether the fires of unionism which
finds a home in their breasts can be
quenched by forcing them to renounce
their organization remains to be seen."

Supreme Court Justice Tompkins, of
New York, has decided that it is illegal
to make a man work on Sunday. This
law was passed last year and requires
employers to give their employees one
day of rest in seven. Justice Tompkins
in his decision says: "The apparent pur-
pose and effect of the statute is to re-
quire employers of labor in factory or
mercantile establishments that are in
operation on Sunday to give their em-
ployees some other full day in every seven
for a rest. The penal law of the State
prohibits all unnecessary work in trades,
manufactures and mechanical employ-
ment upon the first day of the week. Hence,
the statute must have been de-
signed to apply only to men employed
in enterprises that have a lawful right to
carry on their operations on the first day
of the week."

ORGANIZATION NECESSARY.

By Mrs. E. L. Mathis, President.

Organized labor is necessary to man, it is necessary to peace and the prosperity of the country. Labor is a merchandise that will not keep. In its individual capacity it is helpless and must take what it can get. It can not go to another market, for when it leaves home the wife and children are in need. Individual labor is subject to the laws of supply and demand, because labor can not wait. In its united capacity it is strong—not strong in wrong, because labor has no desire to do wrong to capital or to conditions. It has too much brains.

There are two classes of organized labor—one who thinks the organization is under obligation to him and who measures his fealty only by what he can get out of the union in the way of benefits and who cares nothing for the organization further than this; the other is the one who knows that organized labor has done more for him than he can ever do for the union, and who realizes that by strict loyalty to the cause is the surest way to betterment. It is not the former class that make for advancement, and any organization is weak just in proportion as they go to make up the membership.

Although organized labor is necessary to man, it can not confine its advantages to its own members. Perhaps it would be much better if it could, for if this was the case the most bitter opponents outside of the organization would be the strongest members within them. It is very common to hear the non damn the union, but you never, no never, hear one of them damn the union pay day, the union short work day or other union advantages. They accept all of them and fall back on their “independence” of union control to ease a guilty conscience. They know, and so do we all know, that whatever the union gets for its members will also be given to all others employed in the same line of work.

On account of sickness last month, I did not write anything for the journal. I have not been well for the past six weeks, and at this time am far from well, but am in hopes that I will soon be myself again. I am receiving quite a good deal of encouragement from many of the O. R. T. brothers, among many of them the following from Bro. C. A. Mulhall, general chairman Division No. 93: “Since the meeting at Jackson last week I have been talking to the members attending our meetings about the work of the Ladies’ Auxiliary and urging them to help the cause along by having their wives and sisters join, and I assure you that I am anxious to see a good live membership here on the Illinois Central by our next convention, and I will do all I can to help the cause along.”

ORGANIZED LABOR AND THE HOME.

Organized labor is one of the greatest single factors for good in the home of the workingman that we have. It is largely responsible for free schools and free textbooks. It has fought for child-labor and compulsory-education laws that will take the children out of factories and mines and stores and other kinds of work, and send them to these schools. It has raised the wages of the
man so that they are sufficient to support the family while the children take advantage of these schools.

It has shortened the working day so that a man has time and inclination for proper recreation and reading; time and inclination to get out and rub elbows with other people. With the broadening effect of such an experience, it has thereby automatically made a better citizen of him.

Organized labor is responsible for workmen’s-compensation laws that are now in effect in some States, for the minimum-wage laws, for laws regulating the hours of work for women and children, and many others directly affecting us. It is fighting for old-age pensions, for widows’ pensions and other reforms of like nature. It is fighting to abolish the sweatshop, with its attendant evils; low wages, the spread of loathsome diseases, undernourished children, who, if they grow up at all, grow up in ignorance, stunted in both mind and body, and a menace to future generations. Organized labor is doing so great a work that my space and vocabulary are not sufficient to do it justice.

Many women are prone to think that, because they do not sell their labor in the market place for money, this trades-union movement is not for them to take part in—that they are not it in or of it. Nevertheless, we are a part of it, as whatever benefits the wage earner benefits those supported by that wage. As beneficiaries of it, it is our duty to pay this debt by giving our individual support to our organization, the purpose of which is to encourage and assist in this work.

IN MEMORIAM.

Whereas, It has pleased Almighty God in His infinite wisdom to call to his heavenly home the infant son of Bro. and Sister Mrs. A. Filby; therefore, be it

Resolved, That the members of Local 16, Ladies’ Auxiliary to the Order of Railroad Telegraphers, extend to Bro. and Sister Filby our heartfelt sympathy.

Mrs. J. E. Shields,
Chairman,
Mrs. Adelaide Decker,
Mrs. Jennie L. Martin,
Committee.

Southern Pacific, Local No. 18.

Upon the resignation of Sister Mulvihill as General Chairman of Local No. 18 I was appointed to take her place.

I am unable to say just how much I am pleased to have this honor bestowed upon me. I feel that there might have been other sisters in No. 18 that have had more experience than I, but I take this means of informing you, my sisters, that I will do all in my power to bring about thorough organization in the Ladies’ Auxiliary. We all know it will be a great help to the O. R. T., inasmuch as it will bring the brother and sister in closer touch with one another and thereby mean better understanding socially and mentally if not financially. Unionism means better conditions and an Auxiliary to any union can’t help but mean to help better the conditions.

Let’s see every brother on the great and good Southern Pacific System Division. No. 53. O. R. T., bring his wife into the Ladies’ Auxiliary and let’s make the Southern Pacific System not only the best O. R. T. road in the country, but also the greatest Auxiliary road. Put your shoulder to the wheel, everybody.

My husband is local chairman on the San Joaquin Division, and is boosting the Auxiliary at all the O. R. T. meetings and already quite a few have joined.

On Easter Sunday there was a big joint O. R. T. and Ladies’ Auxiliary meeting held at Mojave, Calif., and Bro. J. O’Neill was master of ceremonies, and as he is of the jolly Irish and full of jokes as well as real unionism, it was one of the largest meetings ever held on the San Joaquin Division of the S. P.

Again urging thorough organization of the Ladies’ Auxiliary and with best
wishes to all, I am respectfully and fraternaly,

MRS. W. E. BLUME,
General Chairman L. A. Local 18,
Cameron, Calif.

W. J. & S. Div., Local No. 21.

March meeting held at Sister Thompson's house at Camden on Wednesday, March 18, 1914. The weather being rainy the attendance was not what it would have been had we had nice weather.

We have hopes of adding several new members soon. If only every O. R. T. member would take this matter up with his wife and explain what the L. A. is and ask her to join he would help us much and we would appreciate it very much.

We were pleased to have Sister Austin, of the Trenton Division, with us at this meeting. We hope that Sister Austin will receive the help of our brother O. R. T. members on the Trenton Division to get in their wives and hold meetings and get acquainted.

The M. B. D. of the L. A. seems to be an established fact and every member should become a member of the M. B. D. $150 costs $1.60 per year, payable semi-annually and $300 costs $3.20 per year. When you join you will fill out the application and enclose with it 50 cents for initiation and 80 cents for $150 series and if $300 series 50 cents initiation and $1.60, which pays for the term in which you become a member. They do not make any allowance for the month as they do in the O. R. T.

Sister Maurer has been indisposed for a few days and we are glad to hear that she is better.

We have heard some rumors that our brothers are going to invite us to an acquaintance meeting to be held some time in May. Let us all resolve to be present. Every wife of member or non will be welcomed to this meeting and we hope they will all come out and get acquainted with us.

CORRESPONDENT.

Local No. 23.

It has been said that interest is somewhat lacking in Local 23, and from the outside it might appear so, but I am inclined to think not. We have held no meetings during the past winter months due to the disagreeable weather, but we hope to be in position to get together soon again with the prospects of coming good weather. We have taken in no new members of late for the reason that there are but few eligibles left on the line, however, there are a few who hope to submit applications in the near future.

Sister Daley, at Divide, has been on the sick list for some time past, and on this account our winter meeting at Divide was postponed.

I would ask all members to co-operate with your local chairman, who will be glad to give you the names of those ladies who should be with us. Let us endeavor to secure what few eligibles we have and I will be glad to receive notes for the journal, that we may be represented each month in the future.

MRS. EMMA L. ROSE,
Gen'l Sec. & Treas.

Northern Pacific Ry., Local No. 24.

Our membership is steadily increasing, and there is a quiet determination on the part of all members to make Local 24 one of the best, both in numbers and activity, before the close of the current year. We are receiving many words of encouragement from brothers of Division 54, and especially wish to thank the division correspondents of the Montana and Dakota Divisions for the favorable mention given our cause in their respective write-ups in the April Journal. Words of encouragement are easily given, and no one can estimate the good that results from them.

We of the Auxiliary have our part in this great movement for the emancipation of labor, and if we can but attain the numbers to make us a working force to be reckoned with, the good results will far exceed our most sanguine expectations. In the great majority of telegraphers' homes, the wife or mother or sister purchases the greater
part of the supplies, and what better or more noble work can we find to do than to educate these wives, mothers and sisters to expend none of the money secured through the efforts of the O. R. T., unless the articles purchased bear the union label, the only guarantee that they were fairly made and worthy to enter the home of a union man. Let us not forget this important matter, sisters, insist upon having goods with the union label and refuse to purchase those which do not bear it.

Sister E. P. Wilcoxon, local chairman of the Idaho Division, with her two daughters, Frances and Margaret, made us a very pleasant visit the latter part of April. Sister Wilcoxon is an earnest and energetic worker for the Auxiliary and will keep the Idaho Division in the front rank from a membership standpoint.

Sister Jaynes continues her good work on the Dakota Division.

Sister Daisy M. Sherwood has accepted the appointment of local chairman of the Tacoma Division, and will achieve good results there, as she is an earnest and enthusiastic worker for the L. A.

Sister G. F. Beske, of Athol, and daughter Iva, visited with relatives and friends in Rathdrum and Spokane, a few days early in May.

MRS. B. E. NASON,
General Chairman.

Pere Marquette Ry., Local No. 25.

On account of Sister Morford, our general chairman, having withdrawn from the Auxiliary on account of Bro. Morford engaging in business for himself, I take this means of notifying the members of this local that Sister Florence E. Watson, 404 Columbia avenue, Holland, Mich., has been appointed general chairman of this local and I wish to further announce the appointment of Sister Ida M. Wagar, 855 Turner avenue, Grand Rapids, Mich., as local chairman of Chicago district.

All members of this local should earnestly place their shoulders to the wheel and help boost the Auxiliary by securing new applicants or speak to prospective members and drop either of above-men-
tioned sisters a few lines as to who they might communicate with.

There are some few who have as yet not remitted their dues for the current term and it is hoped that they will send their remittance to me at an early date, and not keep putting this matter off, as I feel certain it has merely been an oversight on their part.

I would also be pleased to have anyone desiring to become a member of this local to communicate with either of the above mentioned or myself, and it is hoped that the wives and mothers of telegraphers in good standing on other divisions of P. M. Ry. will do their part and will send their application to us.

I also wish to announce that a beautiful emblem pin will be awarded to all members securing ten or more applicants this year. Membership fees for the remaining months are as follows: April, 80 cents; May, 70 cents; June, 60 cents, for term expiring June 30th; July, $1.10; August, $1.00; September, 90 cents; October, 80 cents; November, 70 cents, and December 60 cents for term December 31, 1914.

Semi-annual dues being payable the same as dues in the Order of Railroad Telegraphers, dues being 60 cents per term.

The Mutual Benefit Department, which was established at the Baltimore convention, is rapidly growing and anyone desiring information or application blanks to this department can secure same from Sister Florence P. Pierce, whose address can be found in Auxiliary Directory of this or other issues of The Telegrapher.

It would be very gratifying to see more members attending our meetings, which are held at Benton Harbor, on the second Saturday of each month, as no doubt in this way we can further the interests of our local, and I urge that each member put forth special effort in this regard.

Thanking you all for your hearty cooperation.

Grand Secretary and Treasurer,

HER DECORATION DAY.

I t was Decoration Day, and Miss Elizabeth Downes found herself in London—far away from her home and the graves of her forefathers.

Now, Bessie Downes had observed Decoration Day ever since she was a little toddler in the Boston suburb which gave her birth. Little wonder was it that she should have done so; for not only had her father fought gallantly for the Federal cause in the war, but no less than four of her uncles, and whole dozens of cousins to boot, were among those whose names are enshrined as defenders of the Union.

Consequently no one need feel surprised at learning that Bessie felt a pang of homesickness when she awoke in unsympathetic London on this particular Decoration Day. Outside in the prim Bloomsbury street, where she was staying with her friends—the Malcoms—she heard none of the noise and bustle which would assuredly have greeted her in Roxbury, Mass. Her engagement tablets bore no records of coming visits to cemetery or mausoleum, where warrior-dead repose. The simpering maid who brought up her coffee had probably never even heard of Decoration Day!

"It's a shame," said Bessie, stirring the coffee viciously: "General Downes' only daughter unable to lay even a single flower on some soldier's grave—and this Decoration Day! And, surely, there must be lots of Union soldiers buried in the London cemeteries."

This last reflection inspired her. She pulled the bell-robe sturdily, recalling the simpering domestic.

"I want a cablegram sent instantly to my father—Gen. Downes," she said. The servant did not even look surprised. Already this quiet Bloomsbury household was growing used to the whims of Bessie Downes, millionaire's heiress and spoiled child of fortune. Within fifteen minutes the message was on its way to the nearest office where cablegrams are received, and in five minutes more a puzzled clerk was spelling out these words:

"Gen. John Downes, Roxbury, Mass., U. S. A.:

'Are any of my soldier cousins buried inLondon? Bessie.'"

Whatever Gen. Downes may have thought regarding this very expensive method of seeking information, he answered promptly enough. Before noon Bessie received the reply:

"Cousin Randolph Carroll, Kensal Green."

The patriotic Miss Downes was delighted. "How good of the dear old pater!" she cried, to amused Mrs. Malcolm, over their early lunch—(early, because of the trip to Kensal Green cemetery, determined on the moment the cablegram arrived). "And, oh, how delightful to find one of my own kin buried here—one, who in addition to his kinship, was a loyal soldier of the Union."

After lunch, the Malcolm's carriage took them to a florist's, where Bessie purchased wreaths and immortelles for the grave of her warrior relative. Then it was on! for Kensal Green—that quiet Old World "God's Acre," so different from all the American burial places with which Bessie was acquainted. There was some difficulty at first in finding the grave of Randolph Carroll, but Bessie's pretty face smoothed matters wonderfully, and the location was soon determined. Mrs. Malcolm, being tired, remained in the sexton's lodge, while that dignified old person escorted Bessie and her wreaths to the tomb. Randolph Carroll's grave was surmounted by a very
plain piece of black marble, upon which was the inscription:

"Here lies the body of Capt. Randolph Lee Carroll, soldier and gentleman, a credit to his native country, the United States of America."

A great wave of enthusiasm surged through the impressionable being of this little New England maid, as one by one she took her commemorative flowers from the sexton and laid them around the tomb. Then she laid her gloveless hand carelessly upon the exiled soldier's name—looking as though she would have liked to kiss it—and silently turned away. The tactful sexton said naught; and the two passed slowly down the path. Suddenly, however, Bessie remembered that the best of all her memorials, the little "Stars and Stripes," brought all the way from New York, still remained in her hand. Bidding the sexton wait for her, she quickly retraced her steps to Capt. Carroll's grave.

But another person had reached the flower-bedecked marble before her, and now stood regarding the wealth of decorations with evident astonishment. This was a young man good enough to look upon, and possessed of that attractive liteness which told Bessie instantly that she was not looking at a Briton, but at one of her own countrymen. He, too, carried a wreath; but it was, though a charming wreath, a very simple and unpretentious one.

"Dear me!" said Bessie, regretfully, startling the young man, who had not heard her coming. "Dear me! I'm afraid that I haven't left you an inch of space for your flowers."

He looked at her curiously for a moment.

"It was you, then, that decorated the grave?" he said.

"Yes; it was I," answered Bessie, quickly. "You see I found myself so far away from America; and then it was Decoration Day."

"Decoration Day?" repeated the young man, inquiringly.

"Yes—Decoration Day. Is it possible you don't know what that is? And you're an American!"

"Yes; I am certainly an American. But I have lived for years in London, and my memory has been blunted. Now I remem-
tlemen among those Confederates. After all, you see, to the average Southerner the Confederate cause appealed quite as strongly as did that of the Union to your friends in the North." This was all said very quietly. Indeed, Mr. Carroll appeared to be a decidedly quiet, but none the less decided individual.

"Yes," asserted Bessie, anxious to make amends, "I suppose that is true. I never looked at it in that light before. And, now allow me to clear a space, so that you can lay your wreath on the marble."

She did not offer to take away her own flowers, but deftly made room for the wreath of the captain's son. When he had reverently placed it under his father's name, he said: "I come here with a wreath whenever I happen to be in London. My name is Alan Carroll, and you, since you are our cousin, belong, probably, to my mother's people. Her name was Elizabeth Downes."

Bessie's blue eyes opened widely. "Why, that is my name," she said. "You must be quite a near relation."

Just then the worthy sexton of Kensal Green came stamping down the path, bent on discovering what had happened to delay Bessie. Behind him came the anxious chaperon, Mrs. Malcolm, who started guiltily on perceiving her charge in close conversation with a stranger of the opposite sex.

"My dear Bessie—" she began, severely; but Bessie interrupted her in her usual quick fashion.

"Oh, Mrs. Malcolm, what do you think? I've found a cousin—a real, simon-pure cousin. Let me present Mr. Alan Carroll. His father and mine were on opposite sides during the Civil War, but they were both brave soldiers, as Mr. Carroll has pointed out to me, so that I think the feud ought to be buried."

Mrs. Malcolm, I fear, looked a trifle suspicious at first over this very extraordinary meeting of cousins in a cemetery. As for the sexton of Kensal Green, when he retired to his lodge after seeing the party out (the newly-found relative had been asked to lunch), he varied the monotony of counting an unusually fat fee by winking expressively and muttering: "Cousins! Ho, yes! Hof course! cousins!"

As for Gen. Downes in far-off Roxbury, when his daughter wrote him an account of her singular adventure he replied:

"You acted quite rightly, my dear. If Alan Carroll takes after his father, he must be a sterling fine fellow, and if there is an occasion upon which the differences of North and South ought to be laid aside it is on Decoration Day."

And there are sly hints regarding "A Coming Reunion of Blue and Gray," in the Boston newspapers.—GERALD BRENNAN, in Chicago Record.

THE WEST MONTGOMERY PAY ROLL.

"WILLIAMS," said the agent, "you'll have to take Green's run tonight, so you had better go home now and get some sleep." Fred Williams turned from the statement he was writing up, with an inquiry in his eyes. McLaughlin saw the unspoken question, and in reply said: "Green just sent over word that he is sick and can not take his run out tonight, so you will have to do it, as I haven't a man I can spare, except you, who can handle it."

"All right, sir," said Fred, rising from his desk, and putting on his coat and hat he immediately left the office.

"I hope something shows up before long so I can place that man where he belongs," said the route agent, who was standing near and had heard the conversation between the agent and his clerk.

"Well, for his sake, so do I," returned McLaughlin, "but he's a mighty good man for me, and I'll keep him as long as I can."

Little did either of the three men dream of what would happen in the next twenty-four hours.

At 6:45 p. m. Fred Williams registered out of Melrose Junction, checked over his "reds," signed for them, put them into his safe, and was loaded into the wagon waiting to take him to the station. There he climbed into his car and was ready for business at 7:45 when his train pulled out of the station on what was to be a most eventful ride.

Between Melrose Junction and West Montroy it was down grade with many a
sharp, dangerous curve. There were dense forests on the one side, while on the other the mountains would tower upward in their barren grandeur.

It was a beautiful moonlight evening in the early spring. Fred went to the door, and opening it stood looking out across the woodland valleys.

He had a strange feeling that seemed to keep whispering to him that all was not right; but as he closed the door and began looking around, he could find nothing but what was as it should be. Sitting down at his safe he opened it and began booking his reds. He checked them over again. They were O. K. There was one package of $10,000 for the payroll at the mines near West Montgomery, and Williams had been cautioned by the money clerk to see that the agent received this and not the clerk. This money package went over every other Thursday from the Melrose Bank on the afternoon train, but today it had missed that train. A couple of telephone calls and a telegram had resulted in its being sent over on the evening train, the paymaster from the mines agreeing to meet the train and relieve the agent of the money, as he wished to get his payroll out early the next morning as usual.

At last the train drew into West Montgomery, and as Fred slid the door open he was not a little surprised to see, standing in the dim light, McLaughlin, the agent at Melrose Junction.

"Hello," called Fred, "how the deuce did you get here, and where is Brown?"

"Brown is sick, and Riggs wanted me to come over and look after things tonight till he can get a man here. Didn’t Wilson tell you, when you signed up?"

"No," said Fred, as he reached his book down for the signature, and then handed McLaughlin the package and the waybill. The freight was then put on the truck. Fred yelled, "All right ahead." The baggageman pulled the cord, and away they sped again down among the hills and woods toward Whitefield.

Arriving there, the telegraph operator rushed out, waving a yellow sheet at Fred. He took it and read: "Short money pack-
age for mines. Answer. Signed McLaughlin."

Snatching up a piece of paper, Fred wrote: "Delivered to you. Hold your signature. Williams."

There was no more time to spare. He put out his freight and took what there was for him, and on they flew. They were now in the level open country, and the engineer was pulling the throttle out notch by notch.

Suddenly there was a crash, followed instantly by the screams of the passengers as the train plunged into the ditch. A broken journal on the mail car, which was next to the engine, was the cause (so the papers stated the next day).

Among the wounded was Fred Williams, with a broken arm and leg and a cut in the head which caused the doctor to shake his head doubtfully when he examined it. "He may pull through, but I doubt it," he said, as he bandaged him up and set the broken bones. Fred had not yet regained consciousness, and it was more than an hour before he did, and then the light of reason had left his eyes. He moaned about a package that was missing, which some one had signed for. He was taken back to Melrose Junction, together with all the others who could be moved, the next morning, and placed in the hospital.

Now, to go back to Melrose Junction, and see what has been transpiring there. After McLaughlin had given Williams his orders, he and Route Agent Riggs went out to attend the settlement of a heavy claim, and it was late in the afternoon when they returned. As they entered the office the telephone rang, and Wilson, the money clerk, called McLaughlin, saying at the same time, "The payroll for the mines missed No. 27, and they are after you on the 'phone."

McLaughlin answered the call. It was the bank cashier, and he wanted to know if they could not send the payroll on the evening train, as there was a messenger, and the mines paymaster would meet the train and take it off the agent’s hands at West Montgomery. It was important to get the payroll out the next morning, and it could not be done unless they received the money that night. They had been having trouble with the miners and now were
afraid of more if they asked them to wait for their pay. McLaughlin hesitated, and then told the cashier he would come over and see him, which he did, and the result was that he agreed to send it on No. 49 with Williams. These arrangements had just been completed when the agent at West Montgomery called up by phone and said "the mines people were red hot," and asked if the package they wanted would be down on No. 49. He was told that it would, and to look out for it. Next came a telegram from the paymaster at the mines saying to send package sure on evening train.

"I guess they want that money, all right," said McLaughlin as he hurriedly answered. "O. K., going on train 49, McLaughlin." He then busied himself with other matters until supper time.

At West Montgomery something was doing all that afternoon. After the paymaster had gone to the mines and things promised to be quiet for a while, Brown was surprised to see McLaughlin and a stranger drive up in an auto. McLaughlin got out and came in, while the stranger drove away rapidly.

"Hello, Brown," said McLaughlin as he came in. "Hello, Mack," replied Brown. "What's the matter with you? If I didn't see that it was you, I'd never recognize that voice as belonging to you."

The other laughed, but said nothing. "I've some good news for you," he said at last as he took a seat and looked around the office.

"That so, what is it?" asked Brown, also seating himself.

"Riggs sent me over to take your place until tomorrow night. He wants you to go over to Milton with him on the first train in the morning, so you'll have to go up on No. 48 this afternoon. He wants you to take that office as near as I can find out. Perhaps this will explain. He came in too late for me to get No. 27, so I came down by auto, and awful roads we found, too."

Brown opened the letter McLaughlin handed him. It was a typewritten letter, signed by Riggs, ordering him to come to Melrose Junction on train No. 48, leaving McLaughlin in his place, and stating that Brown's clerk could take charge of things, but that McLaughlin would be there to sign up for reds and help out with advice, if needed.

This seemed a queer proceeding, and Brown looked hard at McLaughlin, who twisted a little in his chair, and then rising went over to the window and looked out. Brown was nobody's fool, and things didn't look just right. However, he got ready, and after informing Brooks, his clerk, of what had transpired, he called him to one side and wrote something on a sheet of paper, which he burned after Brooks read it, while McLaughlin stood at the other end of the room looking out through the window at the approaching train—No. 48. Brown wrote: "Watch, wait, be ready." Brooks simply nodded.

The train pulled up at the station, and Brown climbed into the express car. As the train started he walked back to the rear car, and meeting the conductor on the way told him he wanted to jump off at the crossing. This crossing was near the switch to the siding, where No. 49 was waiting for No. 48 to pass. The conductor, who was an old friend, nodded; and when the crossing was reached, Brown dropped off easily. Then, as No. 49 came over the switch, he boarded the engine and rode back to the station. Getting off on the opposite side of the engine, he ran around the head end, stood unseen watching McLaughlin, while the latter signed for the package of currency and shoved it into his pocket instead of into the safe on the truck. Brooks was busy throwing in the freight and had not noticed what McLaughlin did. The safe was banged shut, and the money and waybills were apparently all O. K. Brown kept out of sight and saw McLaughlin go into the telegraph office and send a message after the train had started. He and Brooks then checked up and McLaughlin went over to the hotel to get supper apparently. Brooks closed up and started home. On the corner he met Mullegan, the paymaster. They turned and went back to the office. Soon, however, they came out again and hurried to the hotel. They soon returned to the office, and as they did so the operator came cut with a message, which he
handed to Brooks, who read it and handed it to Mullegan.

Brown now came out from the shadows, and approaching the two asked what was up. Brooks turned quickly and seized him by the arm. "McLaughlin is trying to pinch the payroll," he said, excitedly.

They all started toward the hotel, and were nearly there when the purr of an auto came to their ears, and around the corner it came driven by the stranger, while beside him sat McLaughlin, who waved his hand and smiled as they whirled by the astonished three. Mullegan drew a revolver and sent a shot after them. This drew a crowd to the street almost instantly. In less time than it takes to tell it, Brown, Brooks and Mullegan were in another auto and speeding after the fugitives, who were nearly out of sight on the long steep road up over the mountains. Both were good cars, but the one ahead had the advantage of at least five minutes' start, and for a long time there seemed to be a question of the pursuers gaining any on the pursued. The latter made the crest of the mountain and started down the other side. They were well on their way down when the second car arrived at the top and began the chase downward.

Mullegan was at the wheel, and his hand was as steady as though he was winding his watch; his eye was glued to the flying car ahead. When the first car was about half way down something happened. There was a report like that of a rifle; the rear wheels skidded around, and the two runaways with their machine were piled in a heap by the roadside. A minute later Mullegan stopped his machine, and he and his companions stepped to the ground by the side of the wrecked machine.

It was several minutes before they were able to drag the two mangled forms from under the wrecked car, and when they did, one had gone on a longer journey into a land from whence he would never return, while the other, McLaughlin, was so badly mangled that he would soon follow his companion.

The injured man opened his eyes and said: "I want to make what amends I can; I know there is but little time. The money is in my grip. I am Fred Kelly. I was discharged from the Junction office last week. I disguised myself as 'Mack' and tried to get away with the payroll; I bribed Holly to take me in his car; I—" His eyes closed and a convulsive shudder shook his frame. He had gone to meet his Creator.

Brown immediately telephoned everything to his superintendent and to the route agent at Melrose Junction, and it was from the latter that he learned of Williams' injuries and the particulars of the wreck.

Mullegan signed for his money and left for the mines. There is little left to tell. Williams finally recovered and was given an office, while Brooks was given the office at West Montgomery and Brown was transferred to a larger office.—By Earl C. Pressey, in Express Gazette.

"SOLDIERS OF THE SEA."

COMPARATIVELY few persons know who those "marines" are that are so frequently reported in the newspaper headlines as having "the situation well in hand." Where do the marines go? What are their duties, their characteristics? How do they dress? It would be interesting to hear the responses to those questions made by the first one hundred persons to whom they might be put.

Considering the part he has played in the world's history of warfare, there is no fighting unit less understood, less appreciated, or even less known than the marine. Having taken his share in the making and obliterating of maps since the days of the Phoenician galleys and the biremes of the Grecian maritime states, at least five centuries before the Christian era, down to the present day, the chroniclers of the glories of arms of all civilized peoples have mentioned him in many a stirring passage. And yet today, a very large part of the population of maritime nations, and certainly of the United States, do not know what a marine really is.

They have proved their patriotism and devotion to our country for over a hundred years. Throughout this period they have been in the front rank of America's de-
fenders. They have been zealous participants in nearly every expedition and action in which the navy has been engaged. In many trying campaigns with their brethren of the army they have won distinction. The globe has been their stage.

They have fought at Tripoli, in Mexico and in the Fiji Islands. They were on the job in Paraguay, at Harper's Ferry, at Kisembo, on the west coast of Africa, and in Panama. They fought the Japanese at Shimonoseki, the savages in Formosa and the forts in Korea. They suppressed seal poaching in the Bering Sea and protected the lives and property of American citizens in Honolulu, Chile and China. These and many more things have the United States marines accomplished.

Who is this amphibious warrior?

The marines comprise the military branch of the United States navy, and serve both at sea and on land. At sea they serve on the battleships and first-class cruisers, and on shore they are stationed at the navy yards and naval stations. It is the gallant little corps that has so ably assisted in fighting America's battles in every corner of the globe for more than a century. Its members are the first men on the ground in the event of trouble with a foreign power and the first men in battle in case of hostilities.

Great mobility and facilities for quick action are required of the marines. They are kept in readiness to move at a moment's notice. In many of the actions in which they have engaged they have had to contend against great odds in the way of superior numbers.

The battle of Guantanamo Bay, Cuba, during the war with Spain is a good example of the great odds that marines are frequently forced to meet. A battalion of twenty-three officers and 623 men was landed on the shores of Guantanamo Bay on June 10, 1898, and, with only little food and no rest, engaged a very large Spanish force, which was concealed in the swamps underbrush thereabout, for three days and nights, and finally succeeded in defeating and driving the enemy entirely out of the district.

At the outbreak of the war with Spain the United States marine corps consisted of 2,500 men. Now its approximate strength is 10,000 men.

The particular duties of marines aboard ship are as sentinels to watch over the gangways, boats alongside, approaching or passing, and to give the alarm in case of fire; to preserve order and to permit no gambling or swearing; to prevent injury to or theft of private or government property; to allow no smoking or washing of clothes except at the prescribed hours; to allow no enlisted man or boat to leave the ship without the authority of the officer of the deck; to guard prisoners and at all times maintain discipline and good order. In port they constitute the deck guard for purposes of rendering honors.

Marines are detailed as gun crews of the secondary battery, consisting of the smaller caliber, machine and rapid fire guns. Every possible opportunity for drill and target practice is taken advantage of, and the men become expert in working these guns.

In time of peace, therefore, the regular routine duties of the marine corps, in comparison with the various civil life employments, are light, and the hours of actual occupation are short.

In time of war the hardships are many. At such periods in our country's history we find the marines doing their duty by protecting the interests of the nation in their own characteristic way.

It is not an unusual thing to read of a marine in time of peace performing a deed of heroism as though impatient at the dearth of opportunities afforded by such piping season.

As an advance base force the marines of the United States navy are trained in the use of portable searchlights, the wireless telegraph, telegraphy, telephony, mines, torpedoes and range finders. They are trained to transport and mount in suitable shore positions guns of 3, 5 and 6-inch caliber.

In other words, the navy has in the marine corps a little army of its own, which, without causing international complications, without disturbing stock markets and without even attracting undue attention, it may pick up and move to some disturbed center in a foreign land for the protection of
American lives and property. These “soldiers of the sea” move speedily and unostentatiously, frequently nipping a revolution in the bud before the world at large knows that there has really been any cause for concern.

In nearly all maritime countries claiming to be war powers marine forces constitute a separate military body trained either to fight as infantrymen or artillerists, and especially for participation in naval engagements. They are organized, clothed and equipped very much as soldiers of the land forces, and their preliminary instruction is usually the same.

For these reasons they have become qualified for duty either with the army or the navy, and are, therefore, of double value to the nation that employs them. Their headquarters, barracks and depots are on shore, and from them details are made when required for service on board ship. These detachments vary in size with the ship, from a dozen men under a sergeant to sixty or more under one or more officers.

The first authentic record of marines in America bears the date of 1740. Early in that year three additional regiments were raised when the royal standard was displayed at New York as a port to which any volunteer marine was to repair.

It is supposed that the native Americans were better calculated for service in this climate than Europeans, and they were clothed in a manner which was considered well adapted for their duties. The field officers were appointed by the crown, the country officers were nominated by the American provinces.

On June 8, 1775, the continental congress resolved “that the compact between the crown and Massachusetts Bay is dissolved,” and on November 10th, before a single vessel of the navy was sent to sea the corps was organized by the following resolution:

“Resolved, That battalions of marines be raised, consisting of one colonel, two lieutenant colonels, two majors and other officers, as usual in other regiments; that they consist of an equal number of privates, with other battalions; that particular care be taken that no person be appointed to officers or enlisted in said battalions but such as are good seamen, or so acquainted with maritime affairs as to be able to serve to advantage by sea when required; that they be distinguished by the name of the first and second battalions of American marines.”

Later in the same month another resolution was adopted, providing against filling the corps for the army. On December 13, 1776, congress directed thirteen ships of war to be built. On December 22d congress passed a resolution declaring Essex Hopkins commander-in-chief, and appointed officers for all the vessels then in service.

This was the first step taken toward the creation of the naval establishment, which has won imperishable fame for the United States and upon which is based the claim of the marine corps to be “the oldest in the service.”

Aldridge says “before a single vessel of the navy went to sea a corps was organized,” and from that a detachment of it won, on the island of New Providence—one of the Bahamas—early in 1777, the first fight in the history of the regular navy. In this noteworthy engagement the attacking party, consisting of 300 marines and landsmen, under Major Nichols, captured the forts and other defenses of the enemy after a struggle of a few hours, and secured a quantity of stores and British cannon. The marines belonged to the fleet of Commodore Hopkins, who was operating against Lord Dunmore.

During the following years of the Revolution they were found at work proving their patriotism to the cause which gave them being. Conspicuous among their services is their part, under John Paul Jones, in the action between the Ranger and the Drake, in which Lieutenant Wallingford, of the marines, lost his life at the head of his men; again, in the great battle between the Bon Homme Richard and the Serapis, in which the marines numbered 137, led by Colonel Stack and two lieutenants. In this action they lost forty-nine, killed or wounded.

In 1782 Captain Barney, in command of the Hyder Ali, fitted out by the State of Pennsylvania, with a crew of 110 seamen and marines, captured in Delaware Bay the British ship General Monk, eighteen
guns, after a hotly contested combat. This action has been deemed one of the most brilliant that ever occurred under the American flag. It was fought in the presence of a vastly superior force that was not engaged, and the ship taken was in every essential respect superior to her enemy.

The navy, and consequently the corps of marines, like the army, was disbanded at the termination of the Revolutionary struggle, leaving nothing behind but the recollections of their service and sufferings. On April 30, 1798, a regular navy department was formally created, and on July 11, 1798, an act was approved for establishing and organizing the marine corps.

During the war with Tripoli, in 1803, in the fight between the frigate Philadelphia and the Tripolitans, "after most gallant exertions," Lieutenant Osborne and his guard were made prisoners.

In the fight of the Tripolitan gunboats on August 3, 1803, Lieutenant Trippe, engaged in a hand-to-hand contest with a Turk, was saved by a sergeant, who "passed a bayonet through the body of the Turk."

The marine corps also figured in the remarkable march of General Eaton from Alexandria to Derne, nearly six hundred miles through northern Africa, where a small detachment of marines, under the command of Lieutenant O'Bannon, mounted on camels and donkeys in the caravan, leavened the lump of Arabs and Greeks in the service of the United States, and in the attack on Derne stormed the principal work, took possession of the battery, planted the American flag for the first time on a fortress of the old world, and turned its guns upon the enemy. Thereafter, Tripoli was inscribed on the banners of the marine corps.

During the year of 1812 they were extremely active at sea and on shore. In the glorious victory of the Constitution over the Guerriere the first officer killed was Lieutenant Bush, who commanded the marine guard, and who, with his junior lieutenant, Conteet, was assisting in repelling boarders "at a critical moment of the engagement." In the victory of the United States over the Macedonian, Lieutenants Anderson and Edwards fought for the marines with the "utmost steadiness."

In the brilliant operations of the Essex in the Pacific Ocean, Lieutenant Gamble gained great reputation for "skill and efficiency," commanding in turn his guard, a prize ship, and a fort at Nukahiva, in the Marquesas Islands. In the bloody fight between the Shannon and the Chesapeake, Lieutenant Broom and eleven of his men were killed and twenty wounded.

The marines also took part in the battle of Lake Erie and Lake Champlain; in the action between the Constitution and the Cyane and Levant; in the fight between the President and the Endymion, and in the fight on Lake Ponchartrain.

On shore they were with the army under Scott, then colonel, in Canada; with General Winder at Bladensburg, with General Jackson at New Orleans, at North Point, Baltimore, and in sundry affairs on the coast of Maine and on the shores of Chesapeake and Delaware bays.

In the interval between 1815 and the Florida war (1836-37) they were called upon, among other things, to quell a serious revolt in the Massachusetts State prison and to act against Spanish pirates in the West Indies and Malays in Sumatra, and to guard public and private property at the time of the great fire in New York in 1835, for which they received a vote of thanks from that city.

When Indian hostilities broke out in Georgia, in 1836, the disposable force of the army being found inadequate, Colonel Commandant Henderson promptly volunteered his services and those of the corps serving on shore. In the Everglades they assisted in the arduous campaign of General Jessup against the treacherous Creeks and Seminoles. Besides, two companies, 130 men, served with the mosquito fleet on the west coast, cooperating.

The corps was engaged in the war with Mexico from 1846 to 1848, where it figured from every quarter and made a most excellent record. Several detachments were on the Pacific side, with Commodores Sloat, Shubrick and Stockton; others on the east coast with Commodores Connor and Perry, and at times with the army under Generals Scott, Taylor and Worth.
They were present at the capture of Monterey, San Francisco and Mazatlan; fought at Los Angeles, San Diego, San Jose, San Gabriel and Guaymas, with such credit that Commodore Shubrick recommended that the government double the number of marines on all vessels coming to the station, reducing, if necessary for the purpose, the complements of ordinary seamen and landsmen.

On the east coast they were engaged in the capture of Matamora, Tampico, Frontera, Tabasco and Vera Cruz. They were assigned to General Quitman’s division in the assault on Puebla. This was the first division to enter the Grand Plaza, City of Mexico, which completes the explanation on the inscription since found on the corps’ banners: “From Tripoli to the halls of Montezumas.”

The crowning honor, however, was at Chapultepec, on September 13th, where the party assigned to the storming of the castle—120 men selected from all corps—was led by Major Levi Twiggs, and the pioneers, equipped with ladders, etc., by Major Reynolds, both of the marine corps. These same Mexican heroes, in 1852 and 1853, were marching to the same music through the streets of Yeddo, the capital of Japan, as a part of the celebrated expedition of Commodore Perry.

In 1858 marines and sailors from the Vandalia had a fierce conflict in the islands with a body of native warriors. In the same year a detachment from the Brazil squadron landed at Montevideo, Paraguay, to protect the lives and property of foreign residents from domestic violence.

In the war of 1861 the first duty to which marines were called was as reinforcements on the Star of the West, being sent to the aid of Fort Sumpter. A detachment was sent to garrison Fort Washington, on the Potomac. They also reinforced Fort Pickens, Fla., and, acting under orders, destroyed the navy yard, ships, etc., at Norfolk, Va. They participated in the first battle of Bull Run, at the capture of Hatteras Inlet, in the Dupont expedition, and battle of Port Royal, and in all the expeditions and actions which followed along the coast and up the rivers of South Carolina, Georgia and Florida. They participated in the battle between the Merrimac and the Minnesota, Cumberland, Roanoke and St. Lawrence. And so on. Always they have “more than maintained their reputation,” right down to the present day.

HER CHECK.

One evening, something more than 100 years ago, a gentleman and a lady were strolling along the Battery in the city of New York. At that time the residential area bordering the park, which inherits its name from the old New Amsterdam fort located on the ground, was a very different section from what it is now. Today it is intersected by elevated railroads, and the loungers there are chiefly emigrants or persons out of employment. Then in the houses bordering upon the park lived the most aristocratic families of old New York.

The gentleman mentioned was tall, dignified, and wore the costume of the times, a beaver hat, ruffled shirt front, blue coat with brass buttons and a flaring skirt; his pantaloons, as they were then called, tight except where they covered his boots. The lady wore the bonnet of the period, skirt a la directoire, her shoulders covered with a lace shawl. She was a descendant of one of the original Dutch settlers and a widow.

“I am going to ask you once more, Mrs. Van Zandt, and for the last time,” said the man, with that dignified courtliness which has now passed into oblivion, “to make me happy. You may remember that a year ago, on this very spot, I asked you to honor me by becoming my wife. You told me that you lived and would live only for your son. Since then you have treated me, if not as a lover, at least as a dear friend. It is this that has emboldened me to ask you to reconsider your refusal and confer upon me the greatest happiness a woman can bestow upon a man.”

Having made this stilted proposal, he waited for a reply. In accordance with the custom of those times, the lady’s hand rested on his arm. He felt her hand trem-
ple. After a few moments of silence she said:

"I trust, Mr. Travers, that you will not think me insensible of the honor you would confer upon me; an honor, I must admit, of which I am scarcely worthy. But if my son required my undivided attention a year ago, he needs it still more now. Since you are my very dear friend, I will confide in you that he has become involved—has involved me—in a gambling debt. This Major Tilford, who has recently come to New York, and who has secured social recognition by some of our best families, has succeeded in winning from Frank at cards some $4,000."

"The rascal!" muttered Mr. Travers.

"I have drawn my check for the amount, and Frank will tomorrow pay the indebtedness. He has given me his solemn promise never again to play at cards for money. But I know I shall have trouble in keeping him from the temptation. Now you can understand why he needs my first consideration."

The lovers were silent for a time. They were standing on the southernmost part of the Battery, looking down the bay. A few ships were at anchor, while one was coming under full sail through the Narrows, the setting sun gilding her canvas. Presently Mr. Travers said:

"Will you permit me to hand your check to Major Tilford, madam?"

"With what object?"

"It may be better that your son should have nothing more to do with the man."

"Perhaps you are right. I shall consider myself under a deep obligation to you, my dear Mr. Travers, if you will act in the matter for me."

"On the contrary, I feel highly honored by your confidence."

They returned to Mrs. Van Zandt’s home, a modest two-story brick building, in place of which a modern skyscraper now stands, and Mrs. Van Zandt took from a lady’s mahogany writing desk with claw feet a check and handed it to Mr. Travers. He bent and kissed the hand from which he received it and, carefully avoiding turning his back to its owner, withdrew.

That same evening a party of gentlemen were supping at Fraunces’ tavern, among their number Major Tilford. Mr. Travers entered the dining-room and, taking a seat, called for wine.

Then he wrote on the back of one of his visiting cards a request for a few words in private with Major Tilford and sent the card to that gentleman. The latter arose and, going to the table where Mr. Travers sat, bowed and said:

"I am at your service, sir."

"I am commissioned to hand you a check for money taken from a boy in his teens, who should have been protected instead of swindled by you."

He handed Tilford Mrs. Van Zandt’s check, but the latter drew back. He had no sense of honor, but could not tell to what this matter might lead. He assumed a sense of honor he did not feel.

"Are you aware, sir," he said, "that this is an insult no gentleman can brook? Were it not for the prejudice against the code engendered by the recent affair between Mr. Hamilton and Mr. Burr you should answer for it on the field of honor."

"The prejudice against dueling you speak of arises from a murder, not an affair of honor. I have no fear of losing any of my friends by a meeting with you."

"Be it so, sir. I shall send a friend to you."

"One moment, sir. The lady whose son you have swindled must not be brought into this affair, and it is to your interest, sir, that its real cause should be concealed. Return to your friends. Presently I will arise to leave the room. Place your foot in such position that I may trip on it. I will retaliate by drawing my glove across your face. You can then send your friend to me without the true cause of the difference between us being known."

"As you like, sir. Meanwhile you may keep the check. If you kill me you may return it to the lady who wrote it. If I kill you—"

"You can take such action concerning it as you see fit. If you choose now to decline it and will give me a receipt for the amount of its face this affair need go no further."

Tilford made no reply to this for awhile. He was turning the matter over in his
mind. There were reasons why he should recede from the position in which he stood, but he did not wish to give up the plunder, and he might possibly retain it without damage to his reputation. Travers was not known as a fighter, while Tilford came from the South, where dueling was quite common, and he was an expert with both sword and pistol.

"No, sir," he said at last. "You have insulted me, accused me, and my honor must be vindicated."

With that he turned and went back to his companions.

Nothing of the conversation had been heard by them, and when Travers arose and walked toward the desk to pay his reckoning no one was aware that a pantomime was to be enacted. As he was walking leisurely past the table where his adversary sat the latter put out his foot, and Travers stumbled against it.

"You did that on purpose, sir," he said.

"As you please to consider it, sir."

Travers drew a glove from a pocket and struck Tilford with it lightly on the cheek. Then he passed in the same leisurely manner out of the dining-room.

When Tilford's second returned to him with Travers' reply to his challenge, the southerner knit his brows. By ascertaining to his enemy's plan he had given Travers the chance of place and weapons. The conditions named by the latter were pistols, in a dark room, each party to be supplied with an unlimited number of weapons. This placed them on an equality, and Tilford lost the advantage of his skill and reputation as a duelist.

Tilford was an impostor and a swindler. He had forged letters of introduction and had played young Van Zandt with marked cards. Believing that his true character would soon come out, he desired, if possible, to get the money on Mrs. Van Zandt's check and disappear. But in playing a gentleman's game he had left the check with Trayers. He sent word to his adversary that he would apologize for tripping him and take Mrs. Van Zandt's check to her and tear it to pieces in her presence if this would be agreeable to Mr. Travers.

Travers was unwilling to trust him with the check so long as it was good at the bank, but he took sufficient time to go there and request that it should not be paid if presented. Then he sent it to Tilford, stating that his proposed terms were accepted. But before Tilford had time to try to get the check cashed Travers went to the bank and was there in concealment when Tilford hurried in and presented the check. Travers confronted him.

"You scoundrel!" he said. "Sign a receipt for the amount you claim from young Van Zandt and give it to me, with this check, or go to jail."

Tilford threw up the game and agreed to the conditions. When the receipt had been drawn and signed and the check returned he was permitted to leave the bank and the city and was never seen in New York again.

The same evening Mr. Travers was announced in the drawing-room of Mrs. Van Zandt.

"Have you paid my son's indebtedness?" she asked.

"I have, madam. There is the receipt."

He handed it to her. She cast her eyes over it and was folding it when he handed her her check. She looked at it, surprised, then at him for an explanation.

"There was no legitimate debt," he said, "due from your son to this man Tilford, who was an impostor and a swindler. He returned your check and signed a receipt for the amount he had claimed in preference to going to jail."

"How did you prove him such?"

"I gave him my opinion of one who would take money in such fashion from a minor. He still pretended to be a gentleman and agreed to surrender the check to you in person. Instead of doing so, he presented it at the bank. I had taken the precaution to stop payment on the check and was at the bank to receive the rascal when he came to draw the money. I gave him his choice between exposure and its consequences and giving me, for you, these two papers."

Mrs. Van Zandt's eyes were dimmed with tears. She yearned to throw herself into her lover's arms, but those were times of great formality.

"Mr. Travers," she said, as soon as she could control her voice, "it seems, sir, that
my son's interests are safer in your hands than in mine."

With great composure he encircled her waist and took her hand; then he drew her to him and kissed her.

"Ah, madam, you have made me the happiest of men!"—By F. A. MITCHELL, in Exchange.

SHE TURNED TRAITOR.

WHEN the war between the States broke out I was living on a small plantation—or, rather, a farm, as it would be called in the North—in Georgia and the only girl in a family of seven. I was so bitter a rebel that Bob, the youngest, said I'd better organize a corps of amazons to help repel the invaders.

Father said that if a Yankee soldier smiled on me I'd drop.

"Do you mean to say, pop, that I would ever love a man who had come down here to deprive us of our liberties and take away our property?"

"I wouldn't trust you, Kit, if he had sense enough to flatter you, and more especially if he should enlist your sympathies."

I was so mad at this that I went out to the barn, fearing that I might say something disrespectful.

The invaders kept coming nearer and nearer till at last we had them all about us like pestiferous animals, or, rather, like a flight of locusts or grasshoppers eating up our diminished supplies and burning our fences for their campfires. If I hated them before I now both hated and dreaded them.

"I wish," I said, "they had one neck and I could chop their heads off with an ax as I would a chicken." Pop only laughed at this.

One morning I was on my way to Aunt Mary's when, crossing a stile, I looked right down into the face of a Yankee asleep. He was very pale, and I noticed that he was handsome. There's something defenseless in one asleep that takes away animosity. I was about to say "poor fellow" when I thought of what pop had said about woman's weakness through her sympathies, and I made up my mind I would show the family that I was of some use in the struggle even if I was only a girl.

So I ran back to the house and, taking pop's rifle that stood in a corner behind the door, without saying anything to anyone I went back and, aiming the gun at the sleeper, called out:

"Wake up!"

He opened his eyes, but he must have been very much exhausted, for, seeing a girl confronting him, he was going to sleep again.

"Wake up, you horrid Yankee!" I called.

"You contemptible, bloodthirsty"—

He opened his eyes once more and moved slightly. An awfully pained expression came over his face, and he put his hand to his side. I noticed blood on his clothes and knew he was wounded. The words "Poor fellow!" came up again, but I checked them on the tip of my tongue and said fiercely—at least I tried to say it fiercely: "Get up. You are my prisoner."

He now began to realize that there was something serious for him in the situation. I was pointing the rifle straight at him. It was cocked and my finger was on the trigger. He raised himself in a sitting posture, supported by one hand on the ground—though I saw it hurt him dreadfully—and, looking me in the eye, said:

"It would be better for me to be killed than captured. I haven't a load in my revolver, and if I had I wouldn't shoot a girl. Fire!"

I heard someone behind me and saw the Yankee's expression change. I turned, and there was pop. He had seen me go out with his rifle and had followed me. He took the weapon from my hands and, seeing that our prisoner was wounded, sent me back for a couple of the neighbors to come and carry him to the house. When we got him there the men searched him and found papers on his person giving the location and strength of the Confederate forces in the neighborhood. He had been chased and shot by our men. Having distanced them, he had fainted where I had found him. Later he had sunk into a slumber.

I heard the men speaking of him as a spy and debating whether they had better hang him to a tree or notify the Confederate general commanding the forces in that region of his capture. Finally, one of
the men mounted a horse and rode away. I was told he had a long ride before him and wouldn't be back before evening or perhaps by noon the next day. The Yankee was put in a room upstairs at the rear of the house. A man was put on guard at the front door and another one in the rear, under the prisoner's window.

Of course, we weren't so inhuman as to leave the man's wound unattended to, and I rode over to a doctor, who came and dressed it. Mother gave me some corn pone to take up to the man for his dinner, and when she went out about something during the afternoon I killed a chicken and made him some broth. He was very grateful to me and said it was the only thing he could have eaten. I was mighty careful to get rid of the remains of the chicken, and washed the dishes carefully, fearing that mother would find out what I'd done and would tell father. I wouldn't have him know that I had weakened toward a hated Yankee for anything.

After I had got rid of the evidence of that sympathy father had said would unfit women for soldiers I went back to my prisoner and asked if there was anything else he needed. He said there was. He undoubtedly would be hanged, and he would like me to write a letter to his mother. I saw this would do more to break me down than a hundred guns, and I didn't wish to do it, but I couldn't refuse him, and, getting the materials, I sat down by his bed, and he began to dictate. The very beginning caused me to waiver. "Dearest mother," spoken in a tremulous voice, was like sticking a knife into my heart. He went on to tell her that she must not grieve for him; that he died for his country, and had he got through without being captured would have rendered it a great service. I was weak enough to regret that I had been the cause of his capture, and when he came to the last words, "Your loving son who is about to die," I burst into a torrent of tears and sprinkled them on the paper.

This ended the fight for me. My rout was complete. I was ready to turn traitor to my country by assisting in the escape of one of her enemies who might cause the defeat—indeed, the slaughter—of her sons, among whom were my own brothers. To get him out of the house during the day seemed impossible, and by evening the messenger might return with soldiers to take him away. But I was now as hot for the enemy as I had been against him. I looked out of the window. There was the man on guard, sitting on a wood pile with a shotgun between his knees. A wheatfield extended from a few yards of the house to a wood an eighth of a mile away. In the interval there was not a tree or an obstruction of any kind. The wheat had been cut and was stacked on the ground in sheaves. Could anything be more hopeless for an escape?

But that power of duplicity, sympathy, unreasoning antagonism to seeing a fellow creature—especially a man who has awakened the divine spark of love—suffer, had been aroused in me, and I was as ready to do and dare in my field as a man in his. I must act in broad day; I dare not risk waiting for night. I looked at the sheaves and the guard below, and an idea—no, two ideas—came to me like the flash of a gun. Seizing a part of the bed covering, I began to tear it into strips.

"Are you strong enough," I asked the invader, "to let yourself down from the window by this?"

"I am strong enough, sweetheart," he said, his countenance lighting with hope and love, "to do anything you require."

Oh, that word "sweetheart!" It stung me with ecstasy. When I had made a rope long enough to reach nearly from the window to the ground I went downstairs and, taking an empty bucket and giving it to Sam Warder, the guard, who (a crown for my treachery) had asked me to be his wife, asked him to go to the spring across the road in front of the house and bring me some water while I guarded "the detestable Yankee" in his place, and I sealed the iniquity by giving him a Judas kiss.

His absence gave me just time enough to seize one of the sheaves and toss it up to the prisoner, whom I called to the window. He caught it and took it in. Then I returned to the room where he was and unbinding the sheaf put it about him and
tied it up again. Then I put one end of
the rope of bedclothes into his hands and
tied the other end to a leg of the bedstead.
This all done, I told the spy to watch by
the window and if he saw me disappear,
when he heard me give a little shriek, to
make the descent and take position in the
field as a sheaf of wheat.

Going downstairs again I began to talk
to Sam Warder about our affair, putting up
my lips near his to tempt him. He begged
for a kiss, and after teasing him awhile I
told him that if he would come around
the corner of the house where there were
no windows I would give him one. After
a hesitating glance at the prisoner’s window
he consented—“only for a minute”—and at
tempted to take the kiss. I gave a little
shriek, then allowed him to take me in his
arms and give me as many kisses as he
liked. When he started to go back to his
post I looked at him reproachfully and
asked him if he was through so soon. This
detained him for a few minutes longer,
when fearing that if I endeavored to keep
him further he might suspect my design,
I went back with him to the rear of the
house. There was the wheatfield, but I
could not detect the sheaf which contained
the man for whom I had become a double
traitor. While my heart was beating wildly
I ran upstairs.

The room was empty.

I danced for joy. There would be no
hanging. I had undone what I had done
for my country and deserved to be hanged
instead of the spy. But in a twinkling I
had been changed. I would rather suffer
death* for the prisoner than live for my
country. My demoralization was complete.

Later in the day I looked at the wheat-
field and saw that one sheaf had fallen on
the ground. I knew the man inside it could
not stand. I was terrified, for fear some
one would go and set it up. In an agony
of suspense, I waited for darkness to come.
It came at last and the messenger did not
return until 10 o’clock at night, to find that
the spy had escaped.

When the war was over the Yankee spy
came back to claim the girl who had saved
his life, and the story came out. But I
had become shameless. The whole family,
remembering my Confederate proclivities
when the war began, laughed at me. But
father said:

“Kit, you made the kind of a soldier
women are fitted to make, and you deserve
a medal of honor.”

“No,” I replied, “I made a coward, a
renegade, a traitor and deserve to be
hanged, but I’m glad of it.”—By Gertrude
S. Varney, in The Iowa Unionist.

A “HOLY TERROR.”

Skinny Skeever, him of the
object lessons, ran Mike Honihan’s
engine for a long time, while Mike
went to visit the “ould sod,” and Skinny’s
engine got a new firebox and a coat of
varnish.

The first time Skinny oiled around, he
yelled up to Patsy Killigen, the fireman, to
put on the injector, and cool her off, so he
could see the oil holes; she was howling so
it gave him the blind staggers.

“How does she steam, Patsy?” asked
Skeever, as they started out.

“She’s a ‘holy terror’ for wind,” said Pat,
proudly. “She’s always crazy wid it.”

Skeever was somewhat annoyed at the
constant howl of the pop, but it did little
good to speak to Pat—Pat fired by the pop,
and a “holy terror” was his ideal.

Skeever thought he’d try an object les-
son.

“What size nozzle has she got?” asked
Skeever.

“Oh! Lord, you ain’t agoin’ to go mon-
keying with her nozzles, are ye, Skeever?
They are 2½ or 3-inch now.”

“She burns too much coal, and howls
too much.”

“There hain’t another steamer like her
on the road,” moaned Patsy. “Why, you
can’t shut off her throttle, but up goes her
white tail—steam! Why, she’s the darlin’
of ‘em all, Skeever.”

Skeever got a smaller scoop, but Patsy
plied it industriously, and the “96” still held
the first prize as a “holy terror” for steam.

Skeever bribed the coal shovellers to put
on a tank load of lumps, none to weigh less
than 200, but Pat paralyzed the lumps and
reported the coal shovellers beside.
Skeevers thought of putting a flat car between the engine and tender, but gave the idea up as impracticable.

Patsy would put in a fire within two minutes of a regular stop, and be happy when the black smoke rolled, and the white feather stood proudly up forty-eight feet above the howling pops of the "Holy Terror." Skeevers was in despair.

"Pat, did you ever stop to think that you are shoveling a lot of coal through that pop for nothing?" he asked.

"I don't mind the work, Skeevers," said he. "Don't mind it a bit; it makes the other lads green with envy to see how she do steam."

"But it wastes coal."

"Bless ye, me boy, the company own their own mines, and it's proud they ort to be to have such steamers."

Skeevers couldn't get Patsy mad, and could awaken no other feeling in his heart but worshipful admiration of the prolific steam production of the "Holy Terror."

The run was a light passenger one, and after some scheming Skeevers got Pat and the "Holy Terror" on heavy freight run for a week. Skeevers managed to use all the steam that was made on the road, but Pat insisted on a pop solo at every stop.

Skeevers hated to disturb the front end adjustment of another man's engine; he finally determined to enlarge the nozzles, but concluded that this might give them trouble on the road, and besides that, Skeevers didn't believe in patching an engine to repair a man, any more than he believed in feeding a fireman soda ash to keep scale out of a boiler.

But right here the road got a new master mechanic, and the very first month he put up a bulletin of the amount of coal burned on each engine, and the "Holy Terror" was away down in the middle of the passenger engine list.

Pat was pretty mad about it, and said, if they would figure on who made the most miles or the most hours with the steam pressure at or about 140, he and the "Holy Terror" would take first money.

The next month he stole a few lumps of coal, gave the shovelers cigars for big measures, etc., but the bulletin appeared again with the "Holy Terror" advanced but one point.

Then came a bulletin notice that firemen would be promoted on merit, especially preference given for a coal record.

Pat had a nightmare that night when he thought of the "Holy Terror" and himself at eighth place, and Jim Bean, who was hired four months after he was, leading the list for coal—and promotion.

That evening after they got to going up the hill, and the pop sat down to rest a minute, Skeevers called Pat over, and, in a friendly way, told him that the Old Man had said he should have to promote three or four men in the fall, and that he was afraid that Pat would lose his chance and see a lot of younger fellows pass him, if he didn't mind. Skeevers suggested that the main trouble was with the "Holy Terror," and not Pat, and proposed that they prove it to the Old Man by having Pat transferred for one month to the "94," that was then leading the coal burners.

Pat agreed to this if Skeevers would arrange it—he didn't know that Skeevers had arranged it.

When the next bulletin came out, the "Holy Terror" was at the head, and the "94" was fifth. Pat was improving some.

Pat was glad to get back with Skeevers and the "Holy Terror"—said Old Man Martin on the "94" kept "picking at him" about opening the door and monkeying with the dampers.

Jimmy Bean was sent to running switch engine in a week or two, and Patsy's heart was broken.

"Skeevers," said he, "I'm disgraced. What the devil is the matter with the '96,' or—or—me?"

"The '96 is, without a doubt, the best engine on the road, Patsy," said Skeevers, "and honestly I think you are the best fireman, or rather would be the best, except that you haven't figured out plainly just what you are trying to do—you don't realize what you burn the coal for."

"To make steam, of course," said Patsy. "What do you want of the steam?"

"To pull the cars, av course."

"Where do you put it for that?"

"Into the cylinders, surely."
"Suppose you have more than you want?"
"Out of the pop she goes—can’t hurt nothin’.
"But the coal pile?"
"Coal pile?"
"Yes, don’t it take as much coal to make steam to blow through the pops as it does to make the same amount of steam to be used in the cylinders?"
"But there don’t much go out of the pops."
"That’s where your mistake has been, Patsy. Pop Martin told me this morning that if he had all the steam that the ’94 made and wasted at the pops while you were on her, he could make four round trips without coal or water."
Pat put in a fire and gave a big lump a few vigorous whacks with his coal pick, and then came back.
"I’ve a notion to quit, Skeever," said he.
"You fire this engine the best you know how for another month, take my advice, and if she don’t head the list, I’ll quit," said Skeever.
"You want to remember that in making steam to throw away you not only waste fuel to make it, but you waste water. Water is cheap, but it takes coal to haul it around, and the ’96 takes more water than the other engines do, and hauls many tons of it a month for nothing; then we have to stop for water oftener, and that takes coal—takes coal to stop and coal to start."
"Coal to stop; how dy’e make that out?"
"There you are again, Pat; you see you haven’t figured on your business or followed cause and effect up very much. Don’t you know that it takes just as much power to stop a train, leaving out friction, as it does to start it?"
"When you set the brake it commences to use up and lose ‘stored energy’ that has been put into the train by the coal, through the medium of the cylinders.
"Then your brake will use more steam to get its pressure back again, and the ’96 will get rid of more coal to get the train back into motion, and use more to haul the extra water. It all counts, Pat, because we do this all day, every day in the month; if it was only once it wouldn’t amount to much. Think about your work, and figure on how little you can do in the way of coal shoveling to get this train over the road, and I will bet on the result."

Last Thursday the new bulletin was put up. The "Holy Terror" stood at the head, and Patsy Killigen hummed "Comrades" as he was polishing the hand-rail in the round house, when the Old Man came along, touched Pat’s leg with his umbrella, and said:
"Come into the office after dinner—I want to talk with you."—_Illinois Central Employees’ Magazine._

**A SHORT CUT TO OPAL.**

STEBBINS sat in the office of the Grand Hotel at Hannibal and considered the fate of an umbrella.

It was not an ordinary umbrella. No man would have borrowed it on a rainy afternoon. No man would have dared to raise it on a crowded street unless he desired to attract the derisive attention of the multitude. It was a clumsy affair of paper and bamboo, and upon its top, delineated in brilliant red and yellow and green, was the hideously grinning face of a monster such as only the opium-twisted brain of a Chinaman can conceive. Stebbins had proudly twirled it above his head the day before in the drummers’ parade at Farmington. There had been ninety-nine others just like it in that procession, and when, at a given signal, they had been turned broadside to the spectators, every baby within range had set up a howl of terror.

Stebbins had carried it up the road for the same reason that he had carefully tucked his gold-tasseled convention badge away in the innermost recesses of his grip. It was a souvenir of a joyous occasion—a momentous occasion to Stebbins, for he had been elected to one of the minor offices of the association, and while the honor had not swollen his head it had enlarged his chest. But the umbrella was bulky and hard to manage with a bag and a heavy sample case. Reason told him to throw it away. Sentiment urged him to keep it. And so, as he sat in the hotel office and
smoked, he debated within himself after this manner:

"What's the use o' keepin' the blamed thing anyway? It's no good in a rain, and I wouldn't dare to make a sunshade of it unless I was alone in a desert. It's a nasty thing to carry around, and if I take it home it'll always be in the way. * * * And yet—, I'd kind o' like to hang on to it, too. * * * I wish that little girl out in Kansas could see it. I'd like to tell her what the boys did to me yesterday. * * * I wonder if it would interest her. * * * I believe it would. * * * It's funny, though, that I haven't heard from her for three weeks now. Maybe it was a bad move to take this new territory. Out o' sight out o' mind, they say. * * * But I don't believe it—not of her anyway. * * * When I get back from this trip I think I'll ask the old man to let me off for a few days. Then I'll run out there and close up this deal—one way or another. * * * If we just had a little place somewhere out in the edge of town. * * * Gee! Bet she'd find some use for this umbrella then. * * Oh, shucks, I guess I'll hang on to it for a while, anyway!"

Stebbins wasn't aware of it, but while he was debating this little question, love, promotion, happiness, possibly life itself, hung in the balance, and his decision fixed his future.

Fate came toward him disguised as a bellboy.

"Here's a telegram, Mr. Stebbins."

Stebbins tore open the yellow envelope and read this message from the house:

"New firm preparing to open up at Opal, Ill. Chase, of the B. & D. Co., on the way there. Beat him to it."

Stebbins puckered his brow.

"Opal, Opal," he muttered. "Where in the dickens is Opal?"

Then he grinned.

"That's funny. Her name. Opal! Wants me to hurry to Opal. Gee, but I wish I could. Only it would be her instead of it. Opal. Where—say, boy, bring me a railroad guide and be quick about it."

The "guide" reluctantly gave up the information that Opal was in Illinois on or near the Mississippi River, a hundred miles or so above Hannibal, and was the terminus of a little branch of the C., K. & S. Railway. It also revealed the fact that to reach it from Hannibal by rail one would have to journey south, east, north and west, some 300 miles, change cars five times and consume thirty-six hours.

"Say, Billy," Stebbins called across the room to the hotel clerk, "is there by chance a boat going up the river at any time this week?"

"You bet," replied the clerk. "The Keokuk's due at 9 o'clock and she may get in by midnight."

"Bully," cried Stebbins. "Don't tell me there ain't luck in opals."

And then he grabbed his sample case, his bag and the umbrella and made for the landing.

At 10 the next morning the Keokuk turned its nose toward the bank. Stebbins stood on the lower deck ready to go ashore. An unbroken forest stretched before him. There was nothing to indicate the existence of a town. The State of Illinois seemed to be uninhabited.

"I say," he cried to the mate, "ain't there some mistake about this? I want to get off at Opal."

"This is Opal Landing, sir. I believe the town is two or three miles back from the river, but there's a farmhouse just beyond that big sycamore that sticks up above the other trees, where you can get a rig to take you over."

"Oh," said Stebbins, "I see," and with some misgivings he trudged down the gangplank.

At the farmhouse he found a woman and a small boy. There was no conveyance to be had today, the woman told him. The men had all gone over to Opal to the circus.

"How far is it to Opal?" Stebbins asked.

" 'Bout three mile."

Stebbins looked up at the blazing sky, mopped his brow and sighed.

"Well, I guess I'll have to walk it."

"Say, mister," interposed the boy. "I know where there's a short cut that'll take off half a mile."

"Every little helps, sonny," said Stebbins. Can you show me the way to that short cut?"
“I kin fer ha'f a dollar.”
“Ah! I see,” Stebbins laughed. “Fifty cents is the price of a circus ticket, eh? All right, my boy, come along.”

And so it was that Stebbins, fifteen minutes later, found himself looking at the beginning of a path that broke off from the main road.

“Jes’ foller that trail, mister,” directed the boy, “and it’ll take you to Opal all right. I got to run back home and git my Sunday close.”

“Much obliged, my son,” said Stebbins. “Here’s your circus ticket and I hope you’ll get your money’s worth.”

Then, with his bag strapped across his shoulder, his sample case in one hand and the umbrella in the other, he plunged into the unknown.

It was truly a trail, and nothing more, a narrow and little-used path, a wall of dense and perspiring vegetation on either side and a canopy of verdure above. The air within this tunnel was hot and muggy and alive with insects of many kinds, but apparently of one mind in their desire to make it interesting for Stebbins. A plump drummer with his hands tied, so to speak, formed an opportunity that had not been offered them before and they swarmed to it. For half a mile Stebbins literally pushed his way through this jungle of whips and stings, his head bent to meet the branches of bushes that crossed the path and the corners of his sample case catching at their stems. Then, suddenly, he came into the open and paused for a moment to recover his breath and his equanimity. Before him were grass-covered hills with only here and there a tree. The path led over the shoulder of one of the hills, and Stebbins eyed the rather steep grade with some misgiving.

“It's going to be some climb with these weights, and this sun,” he muttered, “but, at any rate, there'll be more air and less bugs. I wish, though, I'd taken the longer way. I wish, too, I'd left this infernal umbrella at Hannibal.”

Fifteen minutes later he had changed his mind about the umbrella. The sun was blistering, the way was rough and his impediments rapidly increasing in gravitation.

He gingerly opened the cumbrous contrivance.

“Anyway,” he said, “it will make a shade and I guess it don't do any harm as long as nobody's in sight.”

As he rounded the first hill another hill confronted him, longer but not so steep. Near its top was a great unbragoeous oak, to which the trail seemed to lead.

“When I get to that tree,” said Stebbins, “I'm goin' to have a good rest, if I never get to Opal. Darn that boy!”

Panting and perspiring, he reached the shelter and dropped down upon the grass, leaning his tired back against the rough trunk of the oak with a sigh of relief.

“I'm a chump for comin' this way,” he grumbled. “Never did save any time by cuttin' across lots. If I'd gone around by rail I might have lost some sleep, but I'd have got there right side up, anyway. Now, I'll be so doggone tired I won't be able to talk business, even if I get a chance. I'll bet Chase is over there now, grabbin' everything in sight. But how in the dickens was I to know there was a circus in the blamed town? Just my luck. Maybe there is something in a name after all. But no; I won't believe that about Opal, anyway. It's a good name or it wouldn't belong to her. But—”

A rumbling sound came to his ears.

“Thunder,” he muttered. “A nice little rain would just about put the finishin' touches on this short cut. Huh! That's queer. Can't see a cloud anywhere.”

The path up which he had so laboriously climbed reached the top of the hill about 200 feet from the tree where Stebbins rested, and as he sat facing the crest he could see nothing beyond it but the blue sky. Presently the rumbling sound was repeated a little louder than before. Stebbins straightened up and his eyes widened.

“That's funny,” he said. “Sounds like—oh, shucks! It's from the circus. I guess the town's just on the other side of this hill. Might as well push on and have it over with.”

He picked up the umbrella and rose to his feet. As he reached for his bag the sound came again, but now it was a well-defined roar and near at hand. At the
same instant a great black horse leaped into sight at the crest of the hill. Bending low on its back and clinging desperately to the saddle was a slender girl. There came another roar, louder and nearer, and the horse, with a shriek of terror, rose straight up on its hind legs, gave a mighty shake to its body and the girl dropped to the ground. Then, freed of its burden, the animal raced madly down the slope.

Stebbins, unconsciously clinging to his umbrella, ran with all his speed to the assistance of the girl. He saw as he neared her that she was trying to rise, but before he reached her his attention was suddenly and strangely diverted.

Over the brow of the hill came a lion, trotting, head down. It paused for an instant as it sighted the girl, now on her knees, and then commenced silently to creep toward her.

Neither nature nor experience had fitted Stebbins to cope with such a situation. He was neither big nor strong. He had never killed anything larger than a rabbit and he had caught that in a trap when a boy. But he did not stop running, nor did he change his course. And he clung to the umbrella.

The girl, half dazed by the fall, got to her feet and stood gazing in fascinated horror at the lion, unable to take a step or make a sound. Stebbins swept past and stopped in front of her.

"Run for the tree," he commanded, without looking at her. "Quick!"

Instantly the girl came to life, obeyed the order with alacrity and climbed with surprising speed into the protecting arms of the great oak.

The lion, which had ceased its crawling approach when the man sprang into the narrowed focus of its vision, now raised to its full height and roared furiously.

Stebbins suddenly discovered that he was scared. He had rushed into this situation without thought, but now that the girl was probably safe, his legs trembled, his teeth rattled and something serious got the matter with his heart. But ten years on the road had given him presence of mind and had taught him that conversation sometimes has the powers attributed to music.

So he talked, as well as his spent breath and chattering teeth would let him.

"N-now you'd b-b-better just g-go on b-b-back to your c-c-cage," he advised, gesticulating with the closed umbrella and taking a careful step backward. "I d-d-don't want to have any t-t-trouble with you."

Again the lion roared.

"R-roar, dad b-b-b-blame you. K-k-keep it up. The k-k-k-quicker you can b-b-bring your circus friends over here, the b-b-better it'll suit m-m-me."

He took another step or two back, moving the point of the umbrella around in a wide circle in front of him. The lion cocked its head to one side, evidently puzzled. There had been nothing like that in its experience in the open in Africa. The people it had met had always run at its roar. Certainly they had never presumed to talk to it. It sat back on its haunches a moment to consider the matter.

"That's right," said Stebbins, getting control of his jaws, as he perceived that his conversation was making an impression. "That's right. Make yourself perfectly at home. Looks a little like rain; doesn't it? I—"

The lion suddenly discovered that Stebbins was slowly retreating, and with a fierce growl sprang towards him. The traveling man stopped. So did the lion.

"Keep your seat; keep your seat," said Stebbins, waving the umbrella. "There's really no hurry, you know."

A faint clamor arose in the distance, the other side of the hill. The lion turned its head in that direction. Stebbins whirled about and ran with all his speed for the tree. Instantly the great beast was in pursuit.

"Hurry, hurry, hurry," cried the girl, finding her voice, "he'll get you! Hurry, hurry! Look out! Oh!"

Stebbins turned, just in time. The lion was not ten feet away. Another second and it would have been upon him. But in that second Stebbins turned and opened the umbrella full in the lion's face. With a snort of surprise and terror, the lion sprang back. Magically the man had disappeared. In his place was a terrifying demon that rolled its eyes and twisted its
mouth horribly as Stebbins wiggled the bamboo sticks. Suddenly the great face thrust itself forward and the lion jumped back again with such precipitation that it rolled over.

"Now!" cried the girl. "Come quick! Hurry!"

Stebbins dropped the umbrella. It was thirty feet to the tree. He made it in four steps. The lion, on its feet again, saw that the demon had somehow disappeared, and the man was getting away. With a snarl of rage it leaped after him, and its leaps were the longer. But Stebbins had the advantage in time and distance. He arrived first, sprang and caught a limb and drew himself up just in time to escape the rush of the beast, which threw itself against the trunk of the tree and tore the bark with its claws.

"I'm mighty glad I brought that umbrella after all," murmured Stebbins to himself, as for a moment, from his seat on the limb, he contemplated the fury of the baffled lion. Then he raised his head—and convulsively grasped a branch above him to keep from falling. The girl was facing him, her mouth opened, her eyes bulging.

"You!" she gasped.

Stebbins quickly dissembled his astonishment.

"Yessum, it's me," he grinned, feebly.

"But how—how on earth did you get here?"

"Same way you did, I expect. I didn't see you do it, but I guess it was about the same way. Ain't you glad to see me?"

The girl drew a long, ecstatic breath.

"Glad! Oh, Jim, I'm so glad I could—"

"Be careful, Opal," Stebbins cried, "don't let go of that limb. Our rambunctious friend is still below. Got a mean disposition, hasn't he? But—excuse me for interrupting—what were you going to say?"

The roses came back to the girl's cheeks.

"No," she said, "I'll not say it—now."

Stebbins swung himself over to the limb on which she sat and found a place by her side and means to put an arm around her.

"Now," he urged, "what was it?"

The girl lifted her face to his.

"This, Jim," she whispered.

The lion dropped to the ground and growled softly.

The tumult over the hill grew louder, but the pair in the tree heard it not. The lion did, looked over its shoulder and crept silently away. They did not realize that it was gone.

"Jim," said the girl, "I thought you were an angel from heaven sent down to save me."

"And it was only a drummer from St. Louis," laughed Stebbins, as he drew her closer. "Which would you have preferred?"

"The drummer," answered the girl.

"Any drummer, but this one in particular. But, Jim," she said, raising her head from his shoulder, "how in the world did you happen to be here? Was it a miracle—or what?"

"Maybe it was a miracle," said Stebbins. "It looks mighty like one to me now, but I was on my way to Opal to sell a bill of goods."

"And did you—did you really know it was me out there?" she asked.

"Know you! Why, of course I did," Stebbins lied with great cheerfulness. "Do you suppose I would have tackled that beast for any other girl on earth? Not me. But now it's my turn to ask questions. How did you happen to be here? I thought you were in Kansas."

"Oh, father took a sudden notion to come back to our old home here and go into business. You know, my grandfather used to own most of the land about here. He laid out this town and named it after my mother, and I was named for her."

"Then I guess it's your father I came up here to see," said Stebbins. "The house didn't give me his name. Suppose they didn't have it. I've got a lot o' things to say to him—not all about business, either. As soon as our yellow friend—why, hello, Opal, it's gone! Come on; let's get down and hustle over to town before that fellow Chase closes up the deal."

And so they descended, and after Stebbins had rescued the umbrella, which she said they would never part with, they climbed over the hill and down the long slope on the other side to the little town.
“I had an order fixed up for Chase,” said Opal’s father, when the situation had been explained and he had given him his blessing, “but he got excited, like nearly everybody else, when the lion broke loose, and I guess he joined in the pursuit. Anyway, I haven’t seen him since, and I suppose I’ll just have to turn it over to my son-in-law.”

May is Building Her House.

May is building her house. With apple blooms
She is roofing over the glistening rooms;
Of the oak and the beech hath she built its
beams.
And, spinning all day at her secret looms,
With arras of leaves each wind-swayed wall
She pictureth over, and peopleth it all
With echoes and dreams,
And singing of streams.

May is building her house. Of petal and blade,
Of the roots of the oak is the flooring made,
With a carpet of mosses and lichen and clover,
Each small miracle over and over,
And tender, traveling green things strayed.

Her windows, the morning and evening star,
And her rustling doorways, ever ajar
With the coming and going
Of fair things blowing,
The thresholds of the four winds are.

May is building her house. From the dust of things
She is making the songs and the flowers and the wings;
From October's tossed and trodden gold
She is making the young year out of the old;
Yea, out of winter's flying sleet
She is making all the summer sweet,
And the brown leaves spunned of November's feet
She is changing back again to spring's.

Children of the Mills.

Oh, the silence of the children in the sunny South today,
It is sadder than the cry of fettered slaves.
Lean and listen, and you will hear the roaring of the mill
And the sighing of the winds through open graves;
But the voices of the children—they are still—
Oh, the roaring of the mill, of the mill.

They no longer shout and gambol in the blossom-laden fields,
And their laughter does not echo down the street,
They have gone across the hills, they are working in the mills.
Oh, the tired little hands and aching feet,
And the dreary, weary life that stunts and kills—
Oh, the roaring of the mills, of the mills.

All the pleasures known to childhood are but tales of Fairyland.
What to them are singing birds and running streams?
For the rumble of the mill seems an echo of the mill,
And they see but flying spindles in their dreams;
Life is one, in summer's heat or winter's chill—Oh, the roaring of the mill, of the mill.

In this boasted land of freedom they are bonded baby slaves;
And the busy world goes by and does not heed.
They are driven to the mill just to glut and overfill
Bursting coffers of the Plutocrats of greed.
When they perish we are told it is "God's will"—Oh, the roaring of the mill, of the mill.

Still from valley, plain and hamlet lofty steeples proudly rise,
And the droning tones of preachers prelate of crimes;
And the Gospel vendors still sell the people of the mill
Lakes of fire and fields of glory for their dimes,
And they pray beside the graves the children fill—Oh, the roaming of the mill, of the mill.

Bid Me Good-By.

Bid me good-by. No sweeter salutation
Can friendship claim;
Nor yet can any language, any nation,
A sweeter frame.
It is not final, it forebodes no sorrow,
As some declare,
Who, born to fretting, are so prone to borrow Tomorrow's share.
Good-by is but a prayer, a benediction From lips sincere;
And breathed by thine it brings a sweet conviction That God will hear.
Good-by, yet, God be with you, prayer and blessing
In simplest phrase;
Alike our need, and His dear care confessing In all our ways.
However rare or frequent be our meeting, However night The last, long parting or the endless greeting, Bid me good-by.

—Unknown.
Now.
Rise, for the day is passing,
And you lie dreaming on;
The others have buckled their armour,
And forth to the fight have gone;
A place in the ranks awaits you,
Each man has some part to play;
The past and the future are nothing
In the face of the stern today.
Rise from your dreams of the future—
Of gaining some hard-fought field;
Of storming some airy fortress,
Or bidding some giant yield;
Your future has deeds of glory,
Of honor (God grant it may!)
But your arm will never be stronger,
Or the need so great as today.
Rise! If the past detains you,
Her sunshine and storms forget,
No chains so unworthy to hold you
As those of a vain regret;
Sad or bright, she is lifeless ever,
Cast her phantom arms away,
Nor look back, save to learn the lesson
Of a nobler strife today.
Rise! For the day is passing;
The sound that you scarcely hear
Is the enemy marching to battle—
Arise! For the foe is here!
Stay not to sharpen your weapons
Or the hour will strike at last,
When from dreams of a coming battle
You may wake to find it past!

The Desert's Call.
This sure is one fine, big hotel—
It's strictly up t' snuff—
Been livin' here almost three months,
An' I guess that's long enough.
Th' city's awful noisy,
An' it sometimes makes me sick,
An' when I think o' my desert camp,
I want t' go back right quick.
I've seen some funny sights tho,
Since I been a-visitin' here—
But th' more I see, th' less I like—
I guess you'll think I'm queer.
I've seen your big, high buildin's,
I've rid in your trolley cars,
I took a flyer in Wall Street,
An' I've leaned against th' bars.
I've watched th' kids smoke cigarettes,
An' th' girls out late at night.
'Most anywhere you look around,
You'll see some awful sight.
I'm goin' back to th' desert—
An' th' mountains, an' sunshine, an' air—
Where th' clean wind blows away sickness,
An' God's hand is felt everywhere.
Where th' rattler hides in th' thicket,
An' th' wild-cat is guardin' her lair,
An' th' lonely ole ki-yote at midnight,
Sends his long, mournful howl thru th' air.
When once you have lived in th' desert,
Its grip you c'n never forget;
It's always a-callin', an' callin',
An' says, "you'll come back to me yet."
Th' buzzard is wheelin' in circles,
Th' jack-rabbit's doggin' round,
Th' tarantular hides in th' sand-dune,
An' th' sun is 'most scorchin' th' ground.
But I'm goin' back to th' desert,
It's nearer to God, all in all,
I knew it would come, soon or later,
I'm only obeyin' th' call.

The Telegraph Key.
The musical click of the telegraph key,
Is the sweetest music on earth to me.
Who, oh! who, in this world so free,
From coast to coast of the deep blue sea,
Is more to be envied than he or she,
Who fathoms the touch of that telegraph key?

Professor Morse was indeed a great man.
Who, by work of the brain and touch of the hand,
Invented a system by which every man,
With enough ready wit and gift of the hand,
Could in a brief moment have wires in command,
And send a quick message far out o'er the land.

Oh! what would I give were I the man
Who, with flashing eye and quick wit at hand,
Reads a wireless message of peril to be,
Of a noble vessel far out at sea;
With lightning rapidity he sends in return
From his post of duty, the glad news to learn
That a big liner is at hand;
The ship is saved by the wireless man.

Now all you operators of the old "KC"
And the rest for that matter who care to see
My simple words on paper found;
I am no operator of great renown,
But only a "Ham" at "CN" town;
But a paper board, and "OS" a train,
And strive to please with might and main,
But when "BS" says "31 Cy 3,"
Oh, Lord! how I grasp that telegraph key.

So don't laugh and scoff when my call you hear,
And say to yourself with un pitying sneer:
He's calling "CN," that's a town down the line,
And the biggest "Ham" o'er modern times;
I only think of me kindly and bear in mind,
'Cause the days gone by and left behind
When you were a "Ham" just the same as me,
But still you loved that telegraph key.

OPTIMISTS AND PESSIMISTS.

"I F WE wish to keep fresh and be happy up to the age of 70, as I am now, we must have plenty to do and worry very little. I have sixteen hours work per day and enjoy it."—Evening Mail, March 20th.

That prescription comes from one of our important American bishops.

No philosophy of life can be embodied in any few words representing the tendencies of any one man or group of them. That is more the case in our days than ever, because of the boundless differentiations of modern life. Then, we have so many kinds of work, and so many kinds of pay for any given job. Then again, each condition in the social order requires a special taste to properly perform the duties of each situation. Another fact needs to be mentioned. The fact that only some of us have the opportunity to make a choice in our occupation. The majority of people have to do, for a bare living, what comes to them. Some have to commence a hard life at the age of 14, if not before. Some can wait until the age of 22 before they choose.

Take now the great chasm between the $600 average annual income of our plain family group, and the $6,000 or more income for the bishop's family, who only needs to worry a little now and then, while most of the rest of us are forced to worry all the time, if we have any brains left. Of course that we would not need to worry at all if civilization was properly organized. And the higher we rise in life the greater the need to be now and then uneasy about that dreadful tomorrow forever present with most of us. And it is we, the top people, that produce a progress entailing all kinds of anxieties about every today and every tomorrow. All the same we have been told how all such worry and uneasiness could be blotted out of existence. Of course, that requires high ideals, ambitions of the spiritual order, and few of us can manage to have them. How can we, when we cling to mere processes by which to accumulate more and more wealth, or greater importance, the kind that may flatter our materialized minds and souls?

It is through the vapid and confusing distinctions of sophistry that we have always cheated each other out of all truth in the most essential departments of our terrestrial development. For instance: every nation has had a select class of people able to fully control their method of existence. Some of them have possessed the taste of constant occupation like the bishop we have mentioned. We become often attached to any given job, and then to work along that line is but a perpetual joy. It is most especially so when we can drop that labor as often as we like, and take another form of activity, like that of traveling or investigating any branch of natural phenomena, etc. Then, all that is only possible when we have wealth to burn, and only need to please those we like to make happy.

What now about those who have to work hard for a bare existence, and have no chances of changing their occupations, nor money enough for any enjoyments, and need to please somebody? What about them? Oh, you people who can do what you like, how little you do know about the bulk of humanity!

Take this nation, the richest of all, after a fashion. Do you know anything about our 17,000,000 wives and mothers of our plain people? Have you ever thought of their sixteen hours' of daily work, Sundays included, with no chances of any vacation of any account? And do you know that their worry is about perpetual, because they have to stretch every dollar into two or
three dollars? And who is responsible for that? We choice people, we who can afford to work as much or as little as we like, we who only need to worry when we wish to do that for a change.

The responsibilities attached to power and knowledge are enormous. And how few of us important people realize that! And thus life vanishes into death, generation after generation, and chaos and turmoils are reproduced, when we could suppress them for all time to come. We think that charities and prayers, and libraries and cathedrals, and attacking some of the surface wrongs, is all we should do. How long before we try to learn any better?

Day after day and year after year follow each other. The same happens with decades and centuries. The story of human life remains the same. Can that be intended by our Father and Creator in His universe of glory? That glory remains only outside of men. Why so? There must be a reason for it. But here comes our friend the optimist, with his face redolent with smiles, and his brains full of hopes but empty in connection with sound ideals. Does it pay to forever entertain such a mental attitude, and never to study the science of healthy human development? Can it be possible that God has denied us the power to learn that science? Yet we happen to have a science for every section of cosmical phenomena and for every branch in our material development. Only when equity and morality are reached, only when fair play is most needed, only when sense is required to solve our important problems in the life of nations, only then do we drop into inanity and sell our real happiness to the wealth that perishes.

Neither our friends the optimists—always happy, they say, in the midst of their troubles, nor our solemn pessimists, occasionally happy when joys come along, have thus far tried to teach humanity how to clear up the skies and horizons of national life. Pestiferous problems follow each other all over the planet, and turmoils continue ad infinitum among men, while the whole universe around is perpetually enveloped in glory, subject to simple natural laws that never need any change. And when we deal with each other we can see that the laws of the universe are yet simpler and more easily adapted to joy and peace, but decline to obey them, or have to become entangled with our own laws and conditions, working for trouble with all of us. It is thus that our saturnalia of sorrows and sins goes on forever. Yet, it would be so easy to stop the process in question! All in God's universe remains forever ready to the blessings and joys of divine love.

Jose Gros.

WHY THE O. R. T.?

In the first place, what is the cardinal function of the Order and the fundamental principles and purposes desired to be accomplished in its inception? It is a bona fide organization of men working for the common good, to promote among its members a closer bond of unity and fellowship, to perpetuate the feelings of our forefathers who laid down their lives for the cause that "all men are created equal," and last but not least to teach these principles to our posterity by living up to them ourselves.

It is superfluous to assert in union there is no strength. Benjamin Franklin said to his colleagues, "Gentlemen, if we do not hang together they will hang us together." Not long since I heard the Speaker of the House, Hon. Champ Clark, remark in a speech, "I think Abraham Lincoln owes his success in his political campaigns to one single quotation from the Bible. 'A house divided against itself can not stand.'" Speaker Clark said the continued use of the excerpt soon won Lincoln fame. This is exactly the position that should be taken by the telegraphers. We all know eternal vigilance is the price of liberty. Abate the vigilance and watch the liberty vanish as a pinch of gunpowder would in Vesuvius.

There is another reason why I am a member of the O. R. T. It is the visible results of its existence. I have no time for the so-called man who says the Order has done nothing for anyone. Ninety per cent of the benefits to the craft can be attributed to the activity of the O. R. T. To the real man it is ipso facto a reality. The argument of the non can be well expressed in the words of the poet, "argumentum ad
absurdum.” The obstinate non often calls attention to some minor blunder of a member of the O. R. T., and which he gives as his reasons for not affiliating himself with the Order. He does not stop to consider that all men are subject to err. He does not compare his own inconsistency with the small errors of his fellow craftsmen. Stop and think about a hive of bees. There are the workers and there are the drones or the parasites who would partake of the fruits of those that work. But do the workers stand for this? No, they do not. If the non persists in such a view and his mental equilibrium is so much disturbed by some small error that he will point out, the axiom “No card, no favors” is a good antidote.

Many centuries before the dawn of Christianity the great teacher of ethics, Confucius, said: “The point where to rest being known, the object of pursuit is then determined.” He also said, “Faithfully admonish your friend and kindly try to lead him. If you find him impracticable, stop; do not disgrace yourself.” This is thoroughly philosophical and has always been so. If your friend is opposed to the O. R. T., he is not your best friend. If he is repugnant to and works in derogation of the O. R. T., he is not fit to be your friend.

He that is wont to chide you for belonging to the O. R. T. should have his trouble for his pains. Remember there are but two species of creation that hiss, the snake from its venom and the goose from its simplicity.

There is also the “backslider” to deal with. He feels that he has spent enough money. He is too selfish to stop and think how valiantly and with what self-abnegation men have worked to put this cause where it is today. The man who constantly says he has an armful of cards and that it is time for someone else to do something, should be treated as a non also.

There is this “next pay day” man, too. He treats this phrase so sacredly that he uses it every month. I can best express this thought in the words of Congreve, “Defer not tomorrow to be wise, tomorrow’s sun to thee may never rise.”

While I believe we should make due allowance for the frailties of mankind, we should treat it reasonably. It is true, “no perfection is so absolute that some impurity doth not pollute,” but it should be treated with reason. If society disregarded the offenders who breach its laws we would soon be back to a state of barbarism and savagery. We can have due regard for our non co-workers as men, but we should not give them the same merit that we do those who will help to fight a loyal cause.

The general manager of a large trunk line said recently, “I can blame no man for working for the best of his own interests; men who show an interest in the welfare of themselves will likewise show an interest in the company.” There is no plausible excuse for not belonging to the O. R. T. It will help you and help your family, and they will certainly think more of you.

Last, those sordid, unfeeling reprobates, degraded, spiritless, parasitic outcasts, who actually work against the cause in every way they can, should be treated as enemies to us, our families, and our posterity by their contaminated motives.

To those who are members I might say, “sweet is pleasure after pain,” and “honor and shame from no condition rise, act well your part, there all the honor lies.”

NOTICE.

All matter for this department must be in the hands of the Grand Secretary and Treasurer on or before the 28th day of the month in order to insure its use in the following issue.

New Haven, Conn., Div. No. 29.

Midland Division, N. Y., N. H. & H. R. R.——

Since the burning of the Union Station the general offices have been located in the C. N. E. R. R. building. The chief dispatcher's office on the third floor. The boys there are rejoicing over the fact that they have a full new outfit—desk instruments, etc.

Third trick "AD" union station, opened since the fire, bid in by M. J. Phillips, who later resigned and accepted a position with the Central New England Telephone Co., has been bid in temporarily by Mr. Watson, of Pomfert.

Bro. Arrison received second branch switch, vice Bro. Hilborn, who received third East Hartford yard, vice Phillips.

All operators, conductors, trainmen, and everyone who has anything to do with the handling of trains, are now required to have standard watches. Those so situated as not to be able to have their watches inspected bi-monthly as required by the circular, or can not conveniently get to a watch inspector, must compare their watches at stated intervals, with the standard time or with a standard clock.

R. H. Long, third East Hartford yard, and J. L. Strong, retrieving the ticket agent South Bridge, on vacation, are both new men.

Bro. J. F. Condon, first Burnside Jct., while off sick, relieved by Bro. Andre, who later relieved J. L. Otis at Auburn, also off sick. The spring weather seems to be getting the best of the boys.

Local Chairman Leete attended the meetings held in Providence recently, the largest ever held on the New Haven. Everyone who possibly can should attend them. Besides learning something one can meet and get acquainted with the boys, which is the best part of all.

We all congratulate Bro. Koch, car distributor, on his promotion to the responsible position of stationmaster at Hartford. Bro. Koch has been with the New Haven for nineteen years and has held various important positions. Here's hoping he will always carry a card, if he can not wear a button.

Bro. Gill, of Vernon Jct., has purchased an auto, and hired Bro. Risley, of Burnside Jct., to flag it. Any of the brothers who care for rough-riding apply to "GI."

One of our oldest men, Bro. Fanning, bid in "CD." For several years he was the "C. T. D." clerk and agent at Andover, and Rockville. Let's help him all we can. He has our best wishes for success.

Mr. Weir, Manchester second, says "nothing doing." When necessity comes he will wish he had stayed where he could get a helping hand.

Dispatcher Guinack, back from the Panama Canal, with an up-to-date, is on second "MI."

The ladies are to be excused from having the regulation size watch. The sisters always give prompt and efficient service and have the standard time.

Bro. Tommy Buckley will probably land second in the dispatcher's office for six months.

The few who have not yet paid their dues should dig down at once and be somebody.

The general committee recently settled cases at Danielson and North Grosvenordale, and both operators are now being paid four hours overtime each day on account of one trick at each station being abolished. They are now drawing more than $22 each week and their back pay. This should convince everyone that they can not afford to be without the kind of protection in their pockets that means something. Remind the nones that they have no one to take up their grievances.

Mr. Emery, who bid in second Willimantic, should appreciate the privilege our schedule gives him, and get an up-to-date.

Mr. Keach, the agent at Buckland, seems to think it is all right to take everything the schedule provides and give nothing in return. Wonder if he acts on the same principle when he goes to church?

With the train service and the "trolleys" we have there is no reason for any man within thirty miles of our lodge room, who is not on duty, to not attend our meetings. That's the place to start something. Brothers, don't let anything interfere with that one night in the month, but get there.

Bro. Mullen, from "QA," is at "DI" nights. We wish him success.

Bro. Franklin has again bid in "BO" tower second, and Bro. Wilsey second "QA," but is now relieving Miss Henderson on first there.
There is a lot of agitation along the line relative to new regulations covering standard watches. Local Chairman Margraf was in conference with the general committee which met General Manager Bardo in New Haven, April 15th, relative to an extension of time to allow the men a chance to secure them.

Bro. Melins, "HY," can furnish you a good lot when ready to build.

It is understood that we are to be allowed another committeeman (four in all), to cover that portion of our division from Hopewell to Danbury.

Your cross-country walkers have nothing on Bro. Joyce, third "GD." He walks about five miles to and from work. The weather never bothers him.

Bro. Wheeler, at "RD," just secured two more new members. He is certainly setting a good example for those who simply pay their dues and do nothing to let the "nons" know that we are organized on this pike. Talk things over with the other member in your office, and get in touch with your local chairman. He will be glad to receive any suggestions in regard to increasing our membership. Some of the nons secured a raise of $30 to $75 a year through the efforts of the O. R. T., about a year ago, and we should see that they use a small portion of it to secure an up-to-date. There's a way to do this effectively and you all know what it is.

Brothers, send me the news, changes, etc. If it's only a line or two it will help out.

E. L. C., Cert. 263.

Providence, R. I., Div. No. 35.

Through the courtesy of Bro. Burt, chairman, and Bro. O'Neil, secretary of the Railway Clerks' Association, your chief telegrapher and wife, Bro. W. J. Brenner and wife, and Bro. A. H. Hadlock and wife, enjoyed the ball given by Local Division No. 103, of that Order, the evening of April 14, in Providence. It was a delightful occasion and a pronounced success, reflecting great credit upon Bro. Burt and his efficient aids. It was nice of them to thus honor Division No. 35.

Sister Brady, wife of our assistant local chairman, J. F. Brady, who has been quite sick, is reported improving encouragingly. Bro. Brady is suffering from an attack of tonsillitis. We hope they will both soon be better.

The attendance at the meeting on April 18th was large and enthusiastic, which was gratifying to the officers. The bunch of applications on the secretary's desk shows that the members are wide awake. Our territory should be purged of the remaining nons who are all working under improved conditions brought about through our efforts, and enjoyed at our expense, and every member should consider himself a committee of one to see that this is done.

At our last meeting we devoted most of our time discussing the question of clocks and watches. Mr. Ball, the official time inspector of the road, told why new time-pieces were necessary, and it was clearly shown to him that many of the clocks now in use had received no attention for years, and if given a good cleaning, oiling and overhauling there would be little need for changes. He was also shown that it was impossible for towermen to use watches while handling levers and that they must have reliable clocks, and that this also applied to stations and other persons where standard clocks are now in use, or should be. That if these clocks were properly looked after there would be no necessity for employees getting new watches, and the sending out of the watch notice was uncalled for as far as it applies to telegraphers, towermen or agents, and is looked upon by them as an unwarranted imposition. Probably had Mr. Ball known conditions on the New Haven System, the watch notice would doubtless have never been issued, and as he now understands the unjustness of its enforcement it may be withdrawn. Take, for instance, East Providence tower, where there is a standard clock, which cost at least $25.00. The three towermen there are asked to purchase new watches, costing about $25.00 each, which neither of them need, and can not use, while on duty. If having reliable clocks properly cared for, the time system can be kept in "A1" condition without placing this financial burden upon our men, who can ill afford this needless expense.

In a recent issue we referred to "Mr." H. E. Johnson, for which we apologize. It should have read "Bro." H. E. Johnson.

Bro. R. S. Eaton is at Mystic, breaking in new agent.

Mrs. W. J. Brenner, wife of Bro. and President Brenner, of the B. A., is convalescing from several days' illness.

Bids were posted April 20th for second towerman Dedham Road, leverman third Brayton Ave., and clerk and operator Washington, R. I.

A committee of five will be appointed to perfect necessary arrangements for the proper observance of memorial day, July 12th, and all members are asked to co-operate.

Our next meeting promises to be just as interesting as the last, and all who can should plan in advance to be present.

Get your news items in promptly in order that they may reach the editor at St. Louis before the 28th of each month. A good write-up in each issue of the journal will help materially to make the present year one of our best.

During the past few warm days some of the boys have been down the river and got a smell of clams, with the result that we shall soon hear about a clam dinner being arranged for.

Go to it, boys, and make it a big success.

New York, N. Y., Div. No. 44.

Regular meeting for April was held on Saturday, the 11th, with about forty-five members present. We had hoped for even a larger audience, as it was a "red letter." Our general committee, after long and tedious efforts, reported on our new wage schedule effective April 1st.

Brothers, do not let your efforts relax, but make it a point to see that the man working next to you is paid up and keeps an up-to-date in his possession at all times. This is the only way that you can support your committee.

It was regretted that our chief, Bro. Light, could not be with us. First Vice-Brother Tilby conducted the meeting in an able manner.

At this meeting our old chief, Bro. C. B. Van Nostrand, was presented with a token of esteem by the brothers of Division 44, whom Bro. "Van" has served faithfully and well for six long years. Bro. Hudson, on behalf of Division 44, presented "Van" with a beautiful diamond ring, which made "Van" wish he had served us twelve years instead of six for the good will and best wishes that went with the token.

Bro. E. H. Decker made his final report of our last entertainment which showed it was a financial success as well as a social success. The committee was discharged with a vote of thanks, and a rising vote was extended to Chairman Bro. Decker.

Bro. Mat Reiser accepted his old post as outside sentinel, which he has ably fulfilled for several terms—a good man in the right place.

On Sunday, April 19th, General Chairman Bro. Leonard held a meeting at Manorville for the benefit of the brothers on the east end, who are unable to attend any of our regular meetings, and the brothers showed their appreciation by a large attendance. This meeting proved very beneficial to both the members on the east end and our general committee, secretary and treasurer.

Bro. Merringer, with several of the other brothers, accompanied Bro. Leonard. Bro. E. M. Robinson, who refused to work with a scab and left the service of the road several years ago, attended this meeting.

It is the intention of the general chairman to hold a similar meeting on the south side for the benefit of the brothers on the Montauk Division.

Bro. J. S. Thuma took his annual spring vacation on April 14th, and visited Polo Grounds for the opening game of the World Champion Athletics and Yanks, with the usual result, could not talk for a week.

Mr. Leonard, ticket clerk and operator Oyster Bay, has joined the newlyweds. Bro. Rust, formerly of Long Beach third, has bid in first trick Oyster Bay, and Mr. Atkinson second there.

Bro. Tom Bennett, first “OY” tower, was in Oyster Bay recently visiting the boys and introducing a new shaving oil.

Bro. Hill, Glen Cove, is taking lessons in agriculture, and promises to have the finest station flower garden on the Oyster Bay branch this summer.

Bro. A. F. Heller attended the State legislative meeting in Albany recently.

Bro. Frank Cady gives all the boys a cordial invitation to take a ride in his dandy new automobile. His fondness for softshells and crabs at the landing is well known. He has the price, too.

Bro. Dalbender, of Lynbrook, returned after three years’ travel to his native home, and is now on first “SY” cabin Sayville, pending bulletin.

Bro. Godneck, first Sheet “N. J.,” was at Wreck Lead recently fishing, and, from his report, he caught a whale.

Bro. Leonard entertained his sister and her husband, Mr. and Mrs. Geo. W. Sheasley, of WestFairview, Pa., for a week recently. Andy was a real sport, taking in all the movies.

Bro. Ed. Van Nostrand, third “IS” Hollis, has purchased a new boat and is making big preparations for entertaining during the summer.

Bro. Geo. Croake, who bid in second “G” cabin Great Neck, says the ozone there agrees with him. Bro. Williams, back from his three weeks’ vacation, on first there again.

Bro. Goldman, third “PN” Port Washington, says the doctor has ordered him, while working nights, to eat a pound of peanuts every night.

The brothers are all pleased with the recent raise in salary secured by our committee. Every little bit helps, and Bro. W. E. McCargar, our ladies’ man, says we need it. Div. Cor.

Committee.

Our April meeting was called to order by Chief Telegrapher Beacham, on Saturday evening, the 11th, at 8 o’clock. The business session was followed by a luncheon prepared by the committee in charge of the evening’s entertainment.

Bro. T. M. Pierson, the guest of the evening, gave us one of his interesting talks upon matters relative to the welfare of the Order. He compared the conditions under which the general committee carries on its present work with the conditions in the days when the first committee on the B. & M. strove to secure recognition from the railroad officials.

General Chairman Bode talked about the work that had been done on the general committee, the handling of grievances and other important matters.

Other speakers were: Local Chairman McGeouch, of the Mountain Division of the Maine Central; Local Chairman Clifton, of the Fitchburg Division of the B. & M.; Local Chairman Jones, of the W. N. & P. Division; A. W. Landsberg, of Division 41, and C. J. Scott, past chief telegrapher, and the meeting did not adjourn until after midnight. The success of the evening’s entertainment was due largely to the efforts of Bros. C. P. Lord, McDonough and D. J. Donovan, the committee of arrangements. Besides the visiting brothers there were present: Bros. E. J. Scott,
declined for the reason that there appears to be some foreign element behind the movement, and just what the result may be is left open to conjecture. A movement of such vast import must naturally come from the heads of the respective organizations involved. We therefore complimentarily await the arrival of such time.

Bro. George Clark, of South Framingham, off duty on account of poor health, is handling a side line of high-grade watches. Inasmuch as there is an increased standard of requirements on the New Haven, which will necessitate a great number of new watches being bought, it will be well for those requiring new ones to communicate with Bro. Clark, as he is selling all makes on easy terms at rock-bottom prices to brothers in good standing.

During his last visit in Boston, Vice-President Pierson spent a friendly half-hour with His Honor Gov. Walsh, accompanied by Bro. Mullen.

Boston Division, N. H. R. R.—

Bro. Patterson, of Black Bay tower, is back from his vacation spent in Florida much improved in health.

Bro. Bicknell, away for a week, was relieved by Bro. Clark.

Bro. Goodell, off three days, was relieved by Mr. Abbott.

Dorchester second bid in by Bro. Sandborn, Harrison Square station. Second secured by Mr. Snyder, who should get in line now.

You may sometimes get by without an up-to-date card, but it was proved to the contrary at Dorchester recently.

Many thanks to Chief Telegrapher Enos and Bro. C. Clark for the notes in each write-up.

Midland Division, N. H. R. R.—

Bro. Guinac is back from Panama Canal, filling in at Willow, vice Curry resigned.

Bro. Graichen, while off sick, was relieved by Bro. Tom Condon.

Bro. Wm. Murphy, relief dispatcher, and wife, spent a few days with relatives at Franklin.

Bro. C. S. Mathewson has been appointed assistant local chairman to represent the agents; address East Thompson, Conn.

Bro. J. H. White, Franklin tower, has the Alaska gold fever.

Quite a number of the brothers have secured new and better watches. The new Vanguard with the winding indicator is made popular on this division by so many purchasers.

WHEREAS, It has pleased our heavenly Father to remove from our midst Bro. Elmer E. Wright; and

WHEREAS, We are stricken with grief at the loss of this loyal brother; therefore be it

Resolved, That the members of Boston Division 89, Order of Railroad Telegraphers, extend their
heartfelt sympathy to the bereaved family of our 
brother in this time of sorrow; and be it further
Resolved, That a copy of these resolutions be 
sent to the afflicted family and a copy to THE 
RAILROAD TELEGRAPHER for publication.

Meridian, Miss., Div. No. 94.

Bro. D. W. Crump, of Reform, sent in his 
usual bunch of locals without waiting to be 
asked. Wish we had a lot of Crumps on the 
line, then the write-up would be a humdinger.

We have a few nons and delinquents who should 
come across at once. We need their help as it 
is nearly time for a revision in schedule.

Remember, "a house divided against itself 
must fall," so let's stand together and get what 
is intended for us.

Montgomery Division—

H. Parker, third trick at Reform, pending 
bulletin. Boys, see that he comes across.

Bro. Claude Floyd bid in clerk-telegrapher at 
Gordo, Ala., and James Albright bid in agency 
Duncanville.

Bro. Pearson, Northport, Ala., off sick several 
days, was relieved by C. F. Wright.

The agent at Eoline is now working six hours 
first trick, the other two men nine hours, and 
has a $30.00 clerk. We trust the eight-hour bill 
will pass the Senate so they can not work any 
of the operators over eight hours.

Our chief, while off sick, was relieved by First 
Trick Dispatcher Deever, and he by Bro. J. M. 
Elliott, of Artiesia, as extra dispatcher.

Southern Ry. in Mississippi, Div. No. 94.

Greenville, Miss., April 20, 1914.

To Members Division 94, Southern Railway in 
Mississippi:

Bro. C. D. Strong, West Point, Miss., has been 
appointed correspondent, and I hope each one of 
you will send him any news you can.

J. W. Robinson, General Chairman.

B. & M. R. R.—

The attendance at our April meeting made our 
new chief feel as though the men were behind 
him in helping him make good in his office and 
we all felt encouraged the way the men turned 
out. Keep the good work up, don’t stop now, 
get the habit and keep coming; when we have 
a crowd like that our meetings are always in 
teresting, and we all would look forward to the 
meetings with pleasure instead of feeling it a 
duty. It’s only one evening a month; we cer 
tainly ought to devote that much time to the 
cause.

Bros. Brewster and Kellogg go back to their old 
positions at Westboro, and Mr. Gavril back to 
Canaan. Your local chairman worked hard and con 
scientiously on these cases and won out. Give him 
the praise and thanks he deserves. He does this 
work without any compensation whatever and 
should receive the credit due him.

Understand there is a movement on foot 
whereby we may get rid of lighting switch lights.

If you know of anyone desiring a position as 
flagman, they might do well to get in touch with 
Bros. Jenness and Martin.

Bro. Hicker has resigned as traveling agent 
and resumed his former position as agent at 
Bristol, N. H.

Local Chairman Gage was called to Boston 
on business recently.

Your secretary is pleased to report that all 
members excepting two now hold an up-to-date, 
and they no doubt will have them by the time 
this is in print, making a perfect record for this 
semi-annual period. Our boys usually pay up 
promptly which shows the proper spirit.

Would appreciate any news that any of the 
members could give me from time to time. It 
would help to make these write-ups more inter 
esting.

Keep after those nons. Sec.

Toronto, Hamilton & Buffalo Ry.—

Our regular meeting was held Sunday, April 
12th, with ten members in attendance and a good 
time was the order of the meeting.

We were favored with a visit by Bro. Yauman, 
president, and Bro. Stuart, secretary-treasurer, of 
the C. T. U. A. local formed in Hamilton. It 
was decided that the two lodges, No. 155 of the 
O. R. T., and the C. T. U. A. local, unite for 
the purpose of holding meetings on the same day
in the same hall, but at a different hour, the C. T. U. A. boys holding their sessions first.

H. T. Malcolmson, for several years car accountant, has been promoted to superintendent, vice R. A. Barrett, resigned. All the boys are pleased at Harry’s appointment, as it means better service. A. E. Locke, commercial agent, has been appointed car accountant. Mr. Locke is a very genial gentleman, who improves on acquaintance.

One of Mr. Malcolmson’s first acts was to appoint Bro. W. J. Warnick chief train dispatcher and Bro. W. H. Staniland night chief. This places Bro. L. Harrington on first, Bro. R. P. Nevills on second and Bro. R. A. Warrender on third in the dispatcher’s office, with Bro. C. W. Hinchey doing the relieving.

Bro. J. D. Rowntree transferred from upstairs to downstairs. Although he does not now have to work on Sunday, his hours are plenty long enough during the week.

Mr. Chapman, relieving in the various offices during the winter, has departed for fields unknown. “Fields afar off look green”—you might go farther and do worse.

Bro. W. Malcolm has been appointed to relief work.

Bro. M. E. Birdsall is now agent at Silverdale and likes the country air immensely.

Bro. W. H. Bates is at Penwick nights, pending bulletin assignment. Vinemount nights, also advertised, is held by J. L. Kelly, a former member, the only bidder. Come across, now Joe.

Bro. N. C. Burdick was recently reappointed agent at Coyle. His little three-year-old girl who has been sick and whose life was at one time despair of, we are glad to hear, is on the way to recovery.

Sister Cusack, Hamilton “Q” days, is a little under the weather. We hope for her a speedy recovery.

Business is very dull; very few trains running, and a few cut off. Although the passenger business seems to hold up in good shape.

Grand Trunk Ry., Div, No. 1.

Just a few words with reference to the first month’s increase, as a voluntary contribution to apply on liquidating schedule expenses, as requested by your general committee when advising you of the settlement recently made. These negotiations, as you will observe by glancing over the financial statement for year 1913, just mailed, is in the neighborhood of $4,000.00, and while it was an expensive negotiation, yet your committee had no say in the matter of length of time it took to bring the settlement about. Your committee did their best for all concerned, and surely no one can find fault with the result of the negotiations. In addition to the Grand Trunk proper, indebtedness, as shown by the financial statement, namely, $752.27, which we have to square. Your traveling general chairman, Bro. L. M. Eddy, is giving his whole time to the work, and his salary must be made up by the members; therefore, it should not be a very hard matter for you to see and realize the importance of sending in at least one month’s increase from all sources, but not to, in any one case, exceed the sum of ten dollars. On all other roads it is customary for all telegraphers, whether a member of the Order or not, to send in one month’s increase; therefore those who have not already complied with the request will please make use of the voluntary contribution remittance slip distributed with the financial report, thereby preventing the necessity of the general chairman using his time in calling on you for it. This boys, is strictly a business proposition, and should be treated by all concerned as such. The above does not apply to Grand Trunk Pacific members.

In conclusion, allow me to congratulate you on the improved service a goodly number are rendering the company. Just keep on doing so and never allow an opportunity to pass you whereby you can improve the service. Good service can be rendered in many ways. If members would take advantage of the meetings that are being held at different points, they would hear this particular matter treely discussed and would no doubt be better servants in the future. This applies to the Grand Trunk Pacific members as well as the membership on the old Grand Trunk.

D. L. Shaw, G. S. & T.

Stratford Division—

Our monthly meeting was held in Odd Fellows’ Hall, Stratford, on Friday evening, April 17th, with a record attendance of sixty. Meeting was advertised. It was a purely social affair—business was kept more or less in the background—and everyone present went in for a jolly good time. The O. R. T. orchestra, which Bro. A. M. Smith, of Listowel, and Bro. C. H. Smith, of Gowanstown, have been quietly organizing for the past few weeks, made its initial appearance and made a decided hit, although it had never met in a body before and had no chance to rehearse. Bros. A. M. Smith, Listowel, and C. C. Leavitt, Stratford, played the clarinets; Bro. C. H. Smith, Gowanstown, drums and traps, and Bro. S. Edmonds, Acton West, and Mr. Howe (orchestra leader at Listowel not a railroad man), cornets; Bro. Len Taylor, relieving agent Bluevale, flute; Bro. J. G. McGregor, Owen Sound, first violin; C. Culligan, Stratford (car distributor and brother of chief dispatcher) second violin; Local Chairman Bro. W. Middleton, Breslau, bones, and F. Walker, Stratford (chief clerk to yardmaster), piano.

The meeting opened with a few choice selections at 8:40 p.m., after which Mr. Becker, a professional photographer, of Stratford, took a flashlight photo of the gathering. Copies eight by ten, nicely mounted, may be had upon application to Bro. J. D. Craig, Stratford, for 75 cents each.

After the photo was taken Bro. G. Vanhorne, of Thorndale, favored us with a song, which was much appreciated. After a few more selections from the orchestra, Bro. Len Taylor, upon special request, rendered very acceptably “My Hero” on
the flute, accompanied by Mr. Walker at the piano. This number fairly brought down the roof, as many of the audience had heard of Bro. Taylor's accomplishments with the flute. Bro. McGregor and Mr. Walker then favored us with a beautiful violin-piano selection, which was heartily applauded.

Bro. W. Middleton read a letter from Chief Dispatcher Culligan in reply to the one he was authorized to write at last meeting in regard to the reinstatement of Bro. L. K. Fox. McCulligan stated that as long as the boys on Stratford Division had no objections to Bro. Fox being reinstated with seniority standing he was willing to so arrange, the understanding being that Bro. Fox was not to bump any regularly appointed telegrapher, but would be allowed to bid on any vacancy that might occur. This was put to vote, on motion by Bro. F. W. Holman, Stratford, seconded by Bro. A. M. Cusack, Blackwell. Carried unanimously.

The orchestra then contributed several more very pleasing selections.

The meeting broke up about 11 p.m., everyone present feeling that they would not have missed the night's entertainment for anything.

A vote of thanks was tendered to the Messrs. Smith for the progressive spirit displayed in the organization of the orchestra, considering that they were working against great odds, inasmuch as they were unable to get together before date of meeting to try out the musicians. We are proud of the orchestra and will back it against any similar organization on the Grand Trunk or any other road.

Bro. C. E. Fleming, agent Fergus, has the heartfelt sympathy of all the boys in his bereavement in the death of his child.

Bro. Ed. Chester, Guelph nights, while off recently owing to the death of his mother in Hespeler, was relieved by Bro. Wieler. The sympathy of all the brothers goes out to Bro. Chester in his hour of sorrow, for verily there is no friend like a mother.

Bro. G. E. Smith, agent Warton, is on vacation; relieved by Bro. J. Wagner.

Bro. Charlie Ober, formerly Berlin nights, will be with us again soon, Bro. Eddy having induced Supt. Forrester to give Bro. Charlie another chance. And still the nons says what good is a card?

Bro. McCordic cut a regular Bramwell Booth figure marching the big drum up to the depot from the big meeting April 17th.

We missed Bro. Cline's familiar figure from the last meeting. The first one he has missed, as he had to keep an engagement with his better half.

Len Taylor, by an oversight, lapsed when he became traveling auditor, but will soon be with us again. He is a valuable addition to our O. R. T. orchestra and justly popular among the boys.

We were in error when we made the statement recently that vacancies on London territory were not being advertised on Brantford territory. Bro. I. D. Hodgin called our attention to this.

Chief Dispatcher Sharpe is doing his part in carrying out the terms of the schedule.

The superintendent, trainmaster, chief dispatcher and six trick dispatchers at Stratford have had their photos taken and mounted in a handsome frame and hung up in the dispatcher's office to commemorate the opening of the new depot.

Glad to note Bro. W. D. Harris, at Doon, has recovered from his recent illness.

Bro. W. J. Hodgin, Guelph Jct. nights, is back from vacation, relieved by Spare Connolly.

Wish to thank Bro. Clancy, at "HC," for his contribution to write-up. Can't some of you boys send me some items or photos?

Bro. Fred Holman, relief dispatcher at Stratford, now sports a brand new Ford machine. Bro. Knap, at Berlin, an up-to-date electric-lighted motorcycle; Bro. Chester, of Guelph, and Bro. Cober, of New Hamburg, motorcycles. Bro. Nat Middleton, of Newton, motored in to the meeting April 17th. Local Chairman Middleton, at Breslau, is about to dispose of his motorcycle and get an auto.

Pleased to see our old friend Bro. Forster at the meetings. He lends dignity to our gatherings and certainly sets a good example to the younger members, as it means the loss of a night's sleep for him, but he realizes what the Order has done for the boys on this division.

Desire to call your attention to that little booklet which has been distributed to every employe entitled, "Efficiency—Courtesy." Note the remark at the bottom of the cover: "Responsibilities gravitate to the man who can shoulder them, and power comes to the man who knows how." Do not be content with being an agent or operator till you are too old for anything better. Read that booklet through a few times. Bro. Campbell,
at Hickson, says there is enough encouragement in it to bump the bluest day that ever dawned. Remember, anything that affects the earning power of the company affects its employees, therefore your prosperity depends largely on the prosperity of the company. High wages or increase in salaries can not be paid unless sufficient money is earned to cover expenses and have enough left to do these things. Div. Cor.

Ottawa Division—

Our regular meeting was held at the Windsor Hotel committee rooms, Ottawa, Sunday, March 29th, with the following members present:

Bros. Valin, Arnpror; Otto, of Kinburn; Reid, of Renfrew; Campbell, of Chaudiere Jct.; Patton and Matthews, Ottawa; Ross, of Carlsbad Springs; Mongeau and Parent, of Casselman; Marchant, of St. Louis.

Bro. Parent was in the chair, with Bro. Matthews acting secretary in the absence of Bro. Joyn, who was unable to be present owing to illness.

General order of business discussed fully. Bro. Patton, of Ottawa, was unanimously chosen division correspondent, and will have the assistance of Bros. Matthews, Joyn, Thurston and Parent. Brothers having anything of interest for the journal will kindly forward same to Bro. Patton.

We were pleased to note the attendance of Bro. A. E. Campbell, one of the "Old Guards," who stated that although unable to be present at former meetings owing to serious illness, he had been with us in spirit at all times. Come again, old boy.

It is hoped the boys east of Ottawa will take advantage of the excellent train accommodations and attend meetings more regularly.

"Members on the 31st District are obliged to reach Ottawa on Saturday night to attend Sunday meetings. Several always manage to be on hand although at such a disadvantage—a fact which deserves special mention.

Bro. P. Egan, of Division 7, favored us with a short visit, accompanied by Bro. McCochrane, legislative representative of our organization at Ottawa, who favored us with a short address before our departure, which was highly appreciated. Bro. McCochrane has promised to be with us at our next meeting, May 17th. No member should miss the opportunity of hearing this brother on matters of interest to every telegrapher in Canada.

We are pleased to report this division 98 per cent strong, and the only two nons left have promised to join in June.

A few of the boys have overlooked getting in their voluntary contributions. Cert. 661.

Barrie Division—

Our meeting held in the I. O. O. F. Hall at Barrie, Wednesday evening, April 8th, should have been a bumper, as all members who cared to attend could have done so, with very few exceptions, by simply requesting transportation and making a small personal effort to get out, but apparently the majority have no regard for their own and the company's interest, save meeting the pay car and paying their dues, and some do not even do the latter, but expect the company to supply Pullman cars and special trains for them to come to the meetings.

We were more than pleased to have with us Bros. Eddy and Shaw, the former giving an interesting address on the negotiations which resulted in our present schedule and the correct interpretation of the various rules, particularly those pertaining to overtime and dinner hour, which caused some surprise. Several grievances were placed in Bro. Eddy's hands for settlement, and some points of interest both to agents and the company were discussed, among them being, "Was it better for an agent, where the company paid assistants, to have one supplied with a diploma from a college of telegraphy or to engage some energetic local man who is anxious to learn railroad perfectly from the bottom up." This will again be taken up at a subsequent meeting.

It was decided to hold regular monthly meetings in the same hall the second Wednesday of each month, and unless further advised the next meeting will be held on May 13th, when it is expected Bro. Eddy will again be with us. Now, boys, try to get out, as it means much for the company and ourselves to get together and have these discussions, especially when we have the dispatchers present to give us pointers how the most efficient service can be rendered, and more especially as the tourist season is drawing near when a large number of fast trains are added to our schedule, as in addition to the business transacted the fraternal spirit means much to us all.

After the meeting adjourned we were invited to a restaurant across the street where a dainty luncheon had been provided by Allandale and Barrie members.

"We are very sorry to learn that Bros. Corneil, night operator Beeton, and Campbell, night operator Aurora, have resigned, as also Mr. Nixen of Washago. These two night jobs and one agency now on bulletin.

Bro. Healy, dispatcher Allandale, on a trip to the sunny south, avoided the disagreeable weather.

We expect to have this division totally rid of nons in a short time. "CY," Div. Cor.

Fourth and Fifth Districts—

Our meeting held in Montreal, March 27th, had a fairly good attendance, being called to order at 8:30 p.m. by Local Chairman Bro. A. O. Talbot, of St. Isidore Jct., Que.; Bro. J. P. Lazure, agent at Laprairie, acting as secretary.

A number of grievances were discussed at length, such as working hours, Sunday overtime and student-teaching. Also proper interpretation of Rule 18 was thoroughly discussed. Through discussing the matter of teaching students, it was clearly shown that members who harbor such around their office positively can not give the company the up-to-date service that is desired, neither do they live up to the obligation subscribed to when joining the Order.

Travelling General Chairman Bro. L. M. Eddy, after listening to what each one had to say, dealt
with each grievance thoroughly and pointed out where members were right—also wrong—in their contention relative to the rules, etc. He also went extensively into the matter of each one concerned in giving the company good service, explaining in many ways how this can be accomplished, and gave all present to understand that he would be greatly disappointed if every member of the Order did not work to the end of increasing the revenue of the company equally as much as looking after matters pertaining to their own welfare.

It was shown that the organization had made great strides since the new schedule became effective, these districts now being about 90 per cent strong. While each one filling the following positions benefited through the new schedule in like manner to that of all others, yet these chaps were still in the non-member class, which all present were sorry to know. Agent Stottsville, night operator Brosseau, operator at Laprairie, agent St. Martine, agent St. Johns, agent Huntingdon, agent Ft. Covington, agent Bombay. We can not understand how these fellows can accept the increase and improved working conditions and let the other fellows pay for them.

Another matter that was thoroughly discussed was each member contributing their first month's increase. While a few had complied with the committee's request in this matter, yet the great majority had not, and it was very plainly shown that any member, or non-member, who would accept the improved conditions and refuse to send in one month's increase to help defray expenses in securing same, hadn't the good of the Order at heart. It is hoped that no member will overlook this important matter, but will send to our general secretary and treasurer, Bro. D. L. Shaw, London, Ont., one month's increase without delay. The local chairman of each section, as well as the general chairman and general secretary and treasurer, has a copy of the increases each one received and are in a position to tell just how much each one should contribute. It is hoped members will not make it necessary for the general chairman to call on each one in order to get this money in the treasury. Each one should show his appreciation of the work the committee did in this way. Let's not be different from the same class on other roads.

It was moved by Bro. Hughes, of Mille Roches, and seconded by Bro. N. Wood, of Pt. Claire, that Bro. E. Richardson, of Vaudreuil, be appointed correspondent for the 5th district. Carried.

Bellville Division, District Five -
Quite a number of the boys were present at our meeting held at Montreal at the Russel House. A number of grievances were talked over, and I think all the boys were fully satisfied with the explanations given by Bro. Eddy, a very fluent speaker, who, when it comes to explaining the schedule, is surely there.

We were sorry that Bros. Mullen and Sheets were not with us, but they were forced to work, and could not come.

Bro. Woods was in evidence, and helped the boys to explain some of their grievances. Bro. Carrier presented a grievance on which he spoke for some time.

We were sorry that Bro. Hughes had to leave before the meeting was over, but he was forced to return to duty on No. 13.

The boys all seemed very well satisfied with the way things are working and were pleased that they had come and thankful to our local chairman, Bro. Talbot, and to Bro. Eddy that they had made the meeting so successful. On motion of Bro. Hughes, Bro. Richardson was appointed correspondent, and on motion by Bro. Carrier it was decided to meet every month, the date for the next meeting being May 15th.

Now, boys, don't forget to send your news to Bro. Richardson if you wish to see a write-up from this district.

Although business has been comparatively slack during the winter only a few operators were laid off. We have only two or three on the spare list and they are nons. Serves them right. With the benefits derived from our new schedule, there is no excuse for this and if we all stick to our old motto, "No card, no favors," they will soon be glad to come in without coaxing. Let's try to make this district 100 per cent.

Bro. Heath, Vaudreuil nights, and Bro. Brownell, of Cedars, are sporting new cards. Welcome to our midst.

Bros. McGinnis and Richardson have invested in new mills. They are tired pushing a pen.

Bro. Hughes turned down a berth with "The Federals," deciding to stick with the boys. Bro. Richardson is limbering up his pitching arm. No doubt the old team will miss him.

Bro. Snyder is now listening to the spring music of his many hens.

One of the brothers who started an imitation of a telegraph school didn't last long after good brothers got on his trail.

We are glad to hear the boys using "No. 1" for blocking trains, instead of listening on the phone. That's right. Keep your hand in. Don't forget the old brass was here first.

We certainly have a fine district, and with our officials using us as they do, we should endeavor to give them the very best service possible.

The boys are all looking forward to our next meeting. There will be a lot of good fellows present. We hope Bro. Woods will be there with his usual flow of eloquence to make things interesting.

We are pleased to hear Bro. Sauvee's voice still in evidence, as we thought after his episode with the tank car we would lose him.

Boys, after what the old O. R. T. has done for us do not forget that we owe her something and send in your first month's increase to help pay the many expenses incurred while working on our new schedule.

Cert. 1374.
Seventeenth District—

A meeting held at the Dominion Hotel, Hamilton, Wednesday afternoon, March 25th, for night telegraphers, was fairly well attended. Bro. D. L. Shaw taking the chair. Among those present were: Bros. Morgan, McPhee, Schafer, Woods, Harding, Blake, Leisi and A. K. Barnes, to whom Bro. Shaw added the word "brother," before opening the meeting. Others came to the city with the view of attending, but got their wires crossed relative to place of meeting, and failed to show up in time.

There are just two nons in Hamilton, otherwise it would be solid. One of these received an increase of $1.50, and the other $1.50 per month through the new schedule, in addition to the free holidays, yet both fail to show their appreciation in a manner becoming fellow employees. Their names will be given if they do not line up.

The members who failed to put in an appearance at this meeting missed a good thing, as Bro. Shaw certainly gave us a good straight talk, giving us to thoroughly understand that apart from paying our division dues, etc., regularly, we have other duties to perform, not only to the O. R. T., but to the company that employs us. From the way he put it to those present, the officers of our organization promised the company that owing to the liberal manner the company had treated the general committee they (the officers of the division) would leave no stone unturned in order to have the men deliver the best kind of service, and for that reason it was up to the boys to make good that promise. He also explained fully how we could, as employees of the company, improve the service, and the writer is glad to say there has been a vast improvement of late.

After a lengthy discussion on Article 15, Bro. Shaw strongly advised us not to split hairs, but rather develop the spirit of give and take, and be reasonable.

Those who failed to get out to this meeting should attend all such gatherings in the future. It would do you good to come out and get acquainted, and learn what's being done in matters pertaining to your own welfare, as well as that of giving improved service to the company.

Seventeenth District Notes—

A number of train dispatchers, agents and telegraphers held a meeting in Cullis' Hall, London, Friday evening, April 17th, Bro. D. L. Shaw occupying the chair. After a few remarks from the chairman, the meeting was thrown open for the discussion of grievances, how best to improve the service, or anything else members present desired to talk about. Bros. McTaggart, local chairman, Blyth, and Dispatcher Luscombe, gave the boys a few excellent pointers on how to improve the service. A question was asked by one of the boys whether it would be advisable to have the committee endeavor to make arrangements with the Great Northwestern Telegraph Company to pay a minimum salary of $3.00 per month to telegraphers handling their business instead of handling it on a commission basis. This discussion ended by a motion being made and carried that the matter be left with the general committee to deal with.

The statement in the March write-up to the effect that vacancies were not being advertised from the Brantford office according to schedule, is an error. Chief Dispatcher Sharpe is living up to that part of the schedule in the same satisfactory manner as other chief dispatchers, therefore we apologize for the error.

Cer. 6.

Twentieth District, B. & G. and B. & T.—

Bros. Rodgers, Walton and Stone, dispatchers Brantford, while going over the 20th District, were relieved by Relieving Dispatcher Owens, and he by Bro. Thorburn, of Caledonia, recently appointed to "CS" nights, and is now right at home.

Bro. Toft, "JY" nights, resigned; filled by Mr. Bratton from the 19th District.

Mr. McCulla is at agency Canfield, pending bulletin. Boys, get after him.

The wife of Agent Groat, Norwich Jct., was operated on recently in London Hospital. Mr. Groat promises to line up shortly, which will make B. & T. branch solid, with the exception of Mr. Crouch, at Springford. Mr. Nickerson, from the B. & M., now relieving on this line, has promised to line up right away.

A number of the brothers on the 20th and 21st Districts attended an enjoyable sociable and business meeting in Stratford, Friday, April 17th.

We hope to have a good turn-out at the Brantford May meeting. Notices will be sent to the surrounding members as to the exact date.

Twenty-first District: Bro. Simons, Simcoe, was off a few days, relieved by Relieving Agent Bro. Holley.

Wish some of the boys on the 20th and 21st Districts would send me some items by the fifteenth so we can have a good write-up every month.

"G," Cer. 1365.

Twenty-Second District—

Bro. Co.nnell Pinkerton has returned after enjoying his holidays. Bro. Loftus, who relieved him, went to Stratford.

Division Agent Stokes and Trainmaster White were over this branch recently inspecting the stations and yards.

Bro. Sparling, of Goderich days, spent Easter under the parental roof at Cargill.

Since the last issue we had Bro. Dispatchers Stinson, Webster, Holman and Tretheway. We are always glad to see them.

It is rumored Bro. Walford, at Walkerton, will soon be married. Congratulations.

The fine weather should be an incentive for us all to keep our stations looking right in order, that no complaints may be made.

Bro. A. J. Weinert spent his holidays at Mildmay before resuming at Brampton nights.

Grand Trunk Western Ry., Div. No. 1.

Meetings are to be held at Durand on the third Tuesday of each month 7:30 p.m. Every member should make an effort to be at these meetings.

Miss Elizabeth Crown, of the Grand Trunk, Flint, Mich., won the honor of being "Queen of the Carnival," held there by the Knights of Pythias, and was crowned with a lovely wreath of roses and presented with a beautiful $160 solitaire diamond ring. Miss Crown ran against very strong opposition from the Buick and other factories, but with our grand slogan, "Grand Trunk or Bust," she of course could not help but win. Miss Crown thanks all who helped her, and she can rest assured that all were more than glad to see her win.

N. P. North is now chief train dispatcher at Durand, re G. W. Gilsip, night chief now at Battle Creek.

Decker, relieving operator, has been relieving at Bancroft, Climax, Haslett and Griffith.

A. H. Thatcher, one of our good old O. R. T. workers, formerly from the P. M., at Durand, is back relieving Jay, of St. Johns. We all give Bro. Thatcher the glad hand.

Curwin, at Thornton Jct., relieved by Osborn.

Harrington and Miller, of Griffith, relieved by Albright and a new man.

Parker, "UN" office Chicago, is off several months for his health, relieved by Niles, a new man.

Bro. Neil, dispatcher, was recently called to Gumesby, Ont., on account of the death of his brother, and his daughter has been very ill for several weeks. Bro. Neil has our sympathy in his affliction; Bro. Kay relieved him.

Well relieved McNamara, Drayton Plains, for a week recently.

Our April meeting was held at Durand the night of the 21st. Bro. Eddy, assisted by Billie O'Hara, gave us a light toast, highly covered with gravy, and then we turned loose Bro. McKinnon with his little letter of introduction in regard to the different heights, ambition, indifference, etc. After everybody had doubled up and undoubled a few times aplece Bro. Butler, on the piano, and Bro. Thomas, with the violin, gave us several pleasing selections. By that time Bro. McKinnon had started the victrola, so we then turned the meeting over to Billy Murphy and Ada Jones for a while, allowing Uncle Josh to intercede. Later the meeting was called to order and a motion passed to assess each member 25 cents each six months to defray rent and light and fuel bills. Several other things were discussed and we again turned the meeting over to the musicians and all enjoyed themselves unto the last.

Bro. McNamara, chairman D. & M., was rather disappointed because his boys did not turn out better. A great many of the boys on the M. L. could have been there also, but were not. Boys, come and enjoy yourselves and if you have any grievances bring them along. You should not neglect these meetings. Those present were: L. M. Eddy, E. D. Haun, N. Richard, F. C. Thomas, F. D. Thomas, F. S. Robinson, H. B. Dell, E. E. and B. O. Butler, H. S. Harmon, R. H. O'Hara, J. C. Robinson, J. W. Case, J. M. McNamara, R. H. McKinnon and yours truly. If I have missed any you will have to excuse me as I mislaid my list.

C. C. Crouch, reinstated, is now at Durand as dispatcher.

B. W. Savage, fifty years in service, now retired on pension. We hope he will enjoy himself and take life easy.

The members who have not forwarded their first month's increase of our new schedule to Bro. Shaw, should do so at once, as we need the money after the prolonged fight carried on by the committee.

Mr. Miller, from Griffith, relieved Snyder, of Climax, a few days recently, and Decker relieved Sanders a few days there.

All agents on western lines are now furnished by the company with caps with the "station agent" marked on them.

F. C. Snyder has been appointed on the "safety first" committee by Superintendent Ehrke. We are all glad to see Bro. Snyder get the appointment.

Port Huron 16th St. and tunnel yard have been put on the eight-hour basis, with tricks commencing at 8 a.m. and 4 p.m. and 12 m. Hamilton first, Cheidle second and Fairchilds third at 16th St.; Sears first, Matthews second and McFall third at Fort Huron; Crow first, Brophy second and Summers third at tunnel yard. This leaves very few nine-hour offices west of the river.

The few nons left have all had enough of a monthly increase to pay their expenses in the Order for six months out of one month's increase. This is the fifth month since the schedule was in effect, and those who do not pay up now we should remember with our motto, "No card, no favors." These nons are getting too good a thing, and we are furnishing it to them for nothing, so don't forget to tell 'em.

Fourth, Fifth and Sixth Districts—

Calgary station has opened up with Bro. A. B. Dowling as agent, from "NU" Young; two clerks and a checker, no operator appointed as yet. Commercial office also opened, uptown, "Q," from "RG" Regina, going there as manager, and "H," from "SA" Saskatoon, as operator.

New Norway, on the T. C. Branch, opened up. Bro. C. J. Leslie, from "SK" Scott days, getting this under the hammer. Business picking up a little on this branch.

We are sorry to lose Bro. H. B. Briggs, agent "NU," who has hit the trail for a warmer climate, having got an agency at Terre Haute, Ind.

Bro. McKeegan, from "AR," South Saskatoon nights, is on days at "SK," pending bulletin.

Bro. G. S. Bass, the old standby at "AR" days, bid on "JU" Junicia agency.

Mr. Colliutt, from "DN" (Edmonton commercial office), is now on nights at "NU."

Our general chairman, Bro. R. L. Harrop, has transferred from the first district and taken Battleford agency, vice Bro. Gillis,
Bro. Fleming is on nights at "NI" Unity; Bro. D. L. Lyons taking the day trick.

On bulletin: Agencies Three Hills and Cudworth, and Scott and Young days.

Thanks to Bro. Brien, at "FD" Tofield, for a line-up of the happenings on the west end.

One or two of the boys have not yet paid up this half year. They are "going to do it next pay check;" but the next pay check comes and goes and they are still not up to date. This makes a lot of unnecessary work for our local chairman, and he already has quite sufficient. You fellows near them get busy with them and also the nonss.

Don't forget to send in the news items, please.

Wabash Ry., Div. No. 2.

Relay Division——

The largest meeting held in some time was that of Division 2 in St. Louis, Monday evening, April 20th, when there were twenty-five present by actual count. When we take into consideration the fact that only seven of these were residents of St. Louis, the others coming from distances ranging from 10 to 400 miles, the attendance was truly remarkable.

At this meeting it was decided to hold meetings at all division points, and we would like very much to get all the boys interested in their own welfare to attend these meetings. We are all very wise "ops" in our own estimation, but there are always others who are capable of giving us a few pointers on subjects of vital importance to us, and these meetings are precisely the place to get "wised up" on conditions as they really exist. We have brothers with us at each meeting who are in the field of action daily and are in a position to give us cold facts pertaining to our organization, relative to its accomplishments, future plans, etc., which are absolutely impossible for us to obtain from reliable sources elsewhere than in the meeting hall; so turn out, brothers, and get the habit. Once you acquire it you will be very reluctant to miss a single meeting. Be a booster and let your power as such be thoroughly demonstrated.

Oscar C. Sanberg, from Forrest, is extra night chief at "XP" Decatur.

Extra Dispatcher Ashbury, "GO" Moberly, spent Easter Sunday in St. Louis watching the parade of Eastern goods, and Bro. Wheeler, "GM" St. Louis, spent his with relatives in Jefferson City.

Bro. Nixon, "GM" St. Louis, has returned after an enjoyable two weeks' vacation with friends and relatives in Frankfort and Upland, Ind.; relieved by Bro. Bagby and Bro. Horan doubling.

Wish to correct our news item in the April journal wherein we spoke of "Mr." Rather, at "MX" Detroit. This should have read Bro. Raether.

Mr. Kelly, "GO" Moberly, has returned after two weeks' vacation with relatives at Truesdale.

C. W. LAYTON, Cert. 2147.

St. Louis Division——

Boys, I hope by the time this reaches you the Wabash will be out of the hands of the receivers. We can then look for a new schedule. We have now reached the point where we do not want to lose a single member. Every member added increases the power of our organization. The Order is in a better position than ever before to improve our conditions, and every member should be glad to assist in not only maintaining it at its present high state of efficiency, but also in bringing in the few nones who are still on the outside. Therefore let me urge you to keep after them continually.

The benefits you enjoy today pave the way to something better. To make any union a success each member must be a missionary. We must awaken the manhood in the non-members and not allow them to longer remain a stumbling block to our advancement when in honest justice to the Order they should come in and do their part. No man can serve the company faithfully who is not interested enough in his own welfare to join his fellow-workers for his own betterment.

The only way to get results is for every man to do his full duty, and by this means make a livelihood for your family, raise and educate your children, and give your loved ones a comfortable home. We can obtain results only through organization.

Bro. J. P. Wilson, extra, resigned to go to the Associated Press.

Bro. Edgar, assigned agency Thompson, relieving Sister Sadler, taking a vacation and waiting for something to open up.

Bro. Moddix, first Mexico, on vacation, was relieved by Mr. Verhoff from Martinburg.

Ben Cleveland, second Gilmore, called to Wisconsin on account of the death of his grandmother, was relieved by Extra Schumucker.

H. M. Schweiz, ticket agent St. Charles, called to Truesdale on account of the death of his father, was relieved by Bro. C. B. Maddox, of second, relieved by Mr. Richardson, a new man, from Sturgeon.

Mr. and Mrs. Stevens, formerly Miss Algermission, have returned from their honeymoon in the West, to third Gilmore and St. Charles. Mrs. Stevens was relieved by Mr. Hockersmith, from Thompson, and Mr. Stevens by Mr. Schumucker. We wish them much happiness and hope they will soon get an up-to-date.

Bro. Dornan, second Ferguson, is on vacation; relieved by Mr. Hockersmith, relieved by W. R. Derby, from Clark.

Bro. E. P. Marion, St. Peters, spent a day in St. Louis recently.

Mr. West, second La Plata, is on a vacation; relieved by Wm. Harlow, from Truesdale, relieved by Bro. W. P. Marion, from Keytesville.

C. W. LAYTON, Cert. 2147.
**Springfield Division**

From what I can gather, something will be done in the very near future in regard to taking the Wabash out of the receivers’ hands.

I had the pleasure of attending the regular meeting of No. 2 in St. Louis, Monday night, April 20th, accompanied by Bro. Flint, from Lanesville, who can tell you what happened, and what he is going to do every chance he gets.

He says there is nothing like it.

There were about seventy present at this meeting, including the board of directors, who made us some very pleasant and interesting talks; also General Secretary and Treasurer Bro. Quick, Bro. Nosh and Bro. Mohler, of the Mo. P., all of which were very beneficial to the Wabash boys.

We must arrange to get together, have some meetings and stir up some interest, so we can do something just as soon as a move is made.

Boys, send me the news, ask for information, and send in your grievances. I have nothing else to do but take care of them.

Bro. Frederick, second Valley City, bid in the agency there, relieving Bro. Constant, who returned to his home at Dawson after second Valley City had been regularly assigned, and later relieved Local Chairman Abbott, while he attended the division meeting.

Bro. Driscoll, agent Mantic, was off a few days, relieved by Extra Mehl, from Barry.

Bro. Tolle, third Valley City, bid in third Berlin.

Bro. Zold, extra, went to work.

Extra Dispatchers Dean and Henderson, taken off; former bumping Bro. Anderson, manager “JN,” and Henderson bumping Bro. Taylor, first Shops. In my view, this is in direct violation of our agreement and will be adjusted in the next few days.

Your chairman has been requested lately to secure positions for non-members, which would displace men with up to dates. I suppose you know my answer to such queries: “No card, no favors.” Get busy and get them all to feeling the same way.

L. W. Abbott, Cert. 748.

**Decatur Division**

There was quite a turnout of Wabash boys at the regular meeting of Division 2, April 20th, twelve from the Decatur Division, two from Springfield Division and eight from “GM.” Many interesting things were gone over relative to drafting a new schedule to present to the management as soon as the receivership is closed.

Those present had the pleasure of hearing some very interesting talks by Bro. Quick, and three members of the board of directors, besides Local Chairmen Nash and Abbott and former Local Chairman Bro. Hefner, and several of the boys from “GM,” and I am sure none regret the time and effort it took to attend.

Bro. Ayers, of Brisbane, was a Decatur visitor recently.

Bro. Chas. Lynk has returned to the Wabash.

Bro. Heiden bid in second “CW” and has moved from Mt. Olive to Decatur, Ill.

Bro. Wolf, agent Milmine, on five days’ vacation in Chicago, was relieved by Bro. Burwell, extra agent.

Bro. Burt, agent Essex, has returned from two weeks’ vacation.

Bulletins coming out regular now give the boys a chance to land a regular job.

Pretty easy to let the other guy send in the items, but don’t all get that notion.

R. V.

**Hi Line Division**

Mr. Sears, agent Malvern, has returned after a three months’ spell of sickness.

W. J. Bloom, agent Darlington, has been transferred.

Mr. White is back on second there, and Mr. Kidney on third, and Bro. C. B. David is relieving Mr. Wilkinson on third Shenandoah; Bro. David going to Burlington Jet., relieved by Mr. Heckinger smith.

Mr. Sanders is now on third Gallatin, and Bro. Hart on second Blanchard.

It is now Bro. Pace, at Malvern, and hope to get his superior in soon.

Bro. Greathouse, first Stanberry, has the small-pox. Mr. Gwinn, a new man, on third there.

Brothers, let me know of the changes made and what is going on at your office. Let us make every month’s write-up better.

When you get permission to be out for a lunch see that your keys are closed, and give the dispatcher the best service possible.

Remember our slogan, “No cards, no favors.”

**Peru Division**

Recent assignments: D. H. Williams, third Danville; J. F. Miller, third Hugo; H. L. Parkman, third Attica; S. D. Bridenbaugh, second Butler; J. W. Kieff, third West Lebanon; F. W. Johnson, second Andrews yard; J. F. Miller, first Hugo; T. S. Evans, second Peru Jet.; C. F. Smith, first “GS” tower.

F. Z. Swartz relieved R. W. H. Schotemeayer, second at Hugo, a few days on account of sickness, and S. P. Aubrey relieved H. W. Bechtol, second Gould, several days on the same account.

Before leaving for the West, W. L. Gentry relieved W. E. Spencer, fourth “Z,” for two days, and C. F. Smith relieved C. C. Chase, first Tilton, two days.

C. H. Terry, back in the service after several months at a desk in the superintendent’s office, relieved V. Wolfe, first C. & O. Jet., a few days on account of Mrs. Wolfe undergoing an operation at the city hospital, and later relieved B. S. Harris, agent Antwerp, several days.

H. Brooks relieved L. R. Cochrane, third at West Peru, during the civil service examination at Fort Wayne.
S. F. Monroe is now on second Wauseon, and F. Graham on third Tilton; both pending bulletin. We received a call several days ago from a "tourist" whose heart was in the right place, but his card was out of date. He met a friend—one of his kind—same evening and next morning he awoke in jail. Not having the "necessary" with which to liquidate he got twenty days on the chain gang cleaning streets. We were solicited for aid in getting sentence suspended, but we informed him our motto was "A fuzzy card, no favora."

J. S. Rizos, Local Chairman.

Detroit Division—

It is now Bro. C. L. Droudby, at Crocker. He was relieved, while off getting married, by Bro. R. S. Farrar, a new man. Congratulations on both events.

D. S. Stoaks, third Magee, off a few days on account of sickness, was relieved by R. S. Farrar, from Lutesville, Mo.

Bro. F. W. Wixson, third North Liberty, off a few days, was relieved by Bro. E. J. Howard.

Bro. H. J. Cummings, third Edon, called to Indiana on account of sickness, was relieved by J. H. Pickering.

Dispatcher Mann, while off sick, was relieved by Dispatcher Bunell.

Bro. T. Coughlin relieved F. W. Hegenaur on second Kunkle a few days.

Bro. J. H. Pickering, who relieved G. E. Shepard, third Ashley, while off several days sick, also relieved Mr. Coddig, third North Morenci, while off two weeks.

Bro. C. W. Edson, second Ashley, is baching while his wife is at Hamilton helping to care for a new granddaughter.

Bro. Geo. Gund, first Adrian, off a few days on account of sickness, was relieved by Bro. E. J. Howard.

G. E. Shepard, second Ashley, was relieved by Bro. R. S. Farrar, while she and her husband visited her parents at Wannatah, and relatives in Lacrosse, Ind.

Bro. R. A. Mills, agent Crocker, and family, were recent callers on friends at Westville, where Bro. Mills is getting in trim for the coming ball season.

Bro. C. J. Hollensbee, second Crocker, was a recent Chicago visitor.

Bro. J. W. Bloom, agent Cone, off a few days was relieved by Bro. R. S. Farrar, who later relieved Bro. J. McBeth, third Wakarusa, while off sick.

The Wabash has had an electric bell put in at the public crossing at Westville.

W. B. West, Div. Cor.

Mobile & Ohio R. R., Div. No. 2.

J. & O. District—

Bro. Brooks relieved Night Chief Kiester while off recently.

General Chairman Murdaugh, while on committee work, was relieved by Bro. G. T. Teague, who also relieved Bro. C. W. Armstrong, while on vacation.

Bro. Red Dowling bid in "YD" second; Bro. Briggs bid in "FY" third, and Bro. E. S. Saunders bid in second "FN."

Bro. C. M. Laughlin, agent McNairy, off a few days visiting relatives, was relieved by Bro. E. E. Greer, and Bro. Barner was relieved by A. C. Ramer several days.

Bro. S. M. Richardson, while off on account of the death of his brother, was relieved by Bro. H. L. Meeks, who also relieved Bro. Overall several days.

Bro. T. H. Keaton was off a few days, relieved by Bro. Barr, whom we are glad to learn has been reinstated on third. This puts Bro. C. E. Jones back to third "RO."

Bro. McCarter is relieving Mr. Dean, who is very sick.

Bro. H. L. Meeks took Mr. Glisson's place at "RO" and "DM" on account of his wife being sick.

Wake up, boys, and land the nons left on the line. It should be an easy matter if you go about it right. Also try and get in the "17" report on time, as it causes extra work and trouble on Bros. Brooks and Luton, if you don't. Let's show the chief that O. R. T. men are the best workers.

CERT. 2093.

Mboro. District—

Bro. Meisenheimer, second Ava, was off nine days recently.

Bro. Spencer, Oraville, while attending the meeting at Mboro., April 11th, relieved by Bro. Crocker.

Bro. G. F. Saxonmeyer, agent Red Bud, was a recent St. Louis visitor.

Bro. Russell Haynes, second Woorroo, was relieved by Bro. Mathis, while he relieved Agent Rendleman, at Sparta, attending court in Texas.

Bros. McMurtrie, agent, and Rosenduagh, second Willis, on the sick list for some time, latter relieved by Bro. Mathis.

Extra Zimmer, extra Ava, has returned from a trip out to Wichita, Kan., and Missouri. Mr. Parker, agent Ava, has bought a home, and will try farming and telegraphing together, and try to improve his health.

Bro. Crocker relieved Agent Williamson, Campbell Hill, while he took in the ball game in St. Louis.
Bro. Grabbow, second Mt. Glen, is on a trip to the golden West; relieved by Extra Summers. Brothers, send me all the items for these columns you possibly can by the 20th of the month. It is impossible for me to get this news alone. Also drop me a line when anything happens. Bros. Haynes and Crocker were the only ones who sent me any items for this write-up.

The meeting at Mboro., April 11th, was attended by thirteen members. Bro. Murdough was very much impressed with the interest shown so far. There was quite a great deal of "For the good of the Order talk," and everyone told of his grievances. It is hoped more will be able to attend the next time, as these meetings get us in touch with all the questions confronting the committee.

It is gratifying to know that the majority of the nons on this end have promised to come in at an early date, but you must keep everlasting at that non near you. The seed you plant will bear fruit when you least expect it sometimes. Conditions were never better on "the Molly." The "19" orders are to be put into service at an early date now, and we should acquaint ourselves with the new procedure and be prepared to give the best of service. We have splendid officials to work for now and we should not fail to do our duty. The Southern Railway has started a monthly bulletin, and anything worthy of mention about our looking after the company's equipment, etc., will be published in this sheet. Bro. G. A. McNelly had his picture and a statement published recently concerning his watchfulness. These things will engender more friendly feeling toward us by the company and have its effect in getting us a more substantial increase. The only way to get it is good service.

"X," Cert. 973.

Relay Division—

Keep up the good work, boys, lining up the nons. They are helping themselves by joining more than they are favoring us. They may recall this fact, if they do not receive an increase, when our present schedule is revised. If you expect to be represented, share in the concessions and have your grievances adjusted, keep an up-to-date card; don't keep some one continually chasing you down to pay up your dues; it is never missed after you once remit. It isn't what you used to have that is going to benefit you, it is what you have today.

Your committee should have plenty of confidence when they meet the officials for a revised schedule, knowing that 95 per cent of the agents, operators, phoners and towermen are behind it.

The Relay Division is solid, excepting Kansas City "DV," including Chicago, Bloomington, Springfield, Roodhouse, East St. Louis and St. Louis. No doubt the boys at "DV" will be with us shortly.

The reductions in all departments only slightly affected our department, and those affected have been taken care of. The reductions, of course, were unforeseen, and our abolishing positions will be made to read different in the future.

"JE" Bloomington motive power abolished, leaving Bro. DeVault on extra list. The moving of the Kansas City and Bloomington dispatching force to Roodhouse did away with one set of dispatchers, Bro. Stephenson being set back to extra dispatcher. The talk of abolishing Roodhouse as a relay point, and cutting off one man, fell through. Roodhouse is considered a relay office within the meaning of our schedule—ten hours, including a meal-hour.

Bro. C. O. Lakin, chief dispatcher "CIM" Taylorville, has received $15.00 increase since his appointment.

Bro. Parent, "B" office, while visiting relatives with his wife, at Indianapolis, was relieved by C. D. Cornett, who later relieved Bro. Winkler while he and his wife were in St. Joseph, Mo., on account of Bro. Winkler's sister's illness.

Bro. Symons, Roodhouse, while on vacation, was also relieved by C. D. Cornett.

Bros. Stice and Edmunds, of "GO," on a month's vacation visiting Los Angeles, Cal., were relieved by Bros. DeVault and Moon, later relieved by Bro. De Normandie.

The next quarterly meeting will be held at Bloomington, June 20th; everybody make an effort to attend. Let's keep up the record of March 21st. Don't forget the date. H. L. Major.

IN MEMORIAM.

Whereas, It has pleased our heavenly Father to call to her reward the loving mother of Bro. J. A. Cooper, of La Rose, at her home in Sherman, Ill.; be it

Resolved, That we, as members of Division No. 2, Order of Railroad Telegraphers, extend to Bro. Cooper our heartfelt sympathy in his sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the sorrowing brother and a copy sent to THE TELEGRAPHER for publication.

E. E. Gentz,
THOS. RILEY,
O. P. MULLIN,
H. L. MAJOR,
Committee.

Southern Division—

A. C. Carlson, second Lawndale, has promised to get an up-to-date, making Lawndale solid. We hope L. Mason, first Atlanta, will help us to make that a solid office by coming in with us soon. We need him and he needs us.

Bro. M. F. Watt, assistant cashier of Atlanta State Bank, who still keeps up his membership, although in no way connected with the road, says it is the cheapest insurance he can get. This should be an additional inducement to the nons to get an up-to-date.
LETTER OF THANKS.

DEER PARK, Wis., April 17, 1914.

To the Members Northern Division:

Dear Sirs and Brothers—This is not a notification of my resignation as local chairman, but simply a letter of thanks to the members on the north who so kindly assisted me.

My absence may not be permanent, but my resignation as local chairman is. I feel that I can do better work for the O. R. T. when not associated with it in an official capacity. I want to congratulate the boys in choosing Bro. Jacobs as my successor, for you certainly couldn't have done better, and you should get together and help him to keep the nons weeded out.

Our worthy general chairman, W. J. Liddane, and General Secretary and Treasurer D. O. Tenney, are two of the most faithful, conscientious gentlemen that ever lived. I know whereof I speak, as I had occasion to be with them considerably in the last year.

I want to urge every one of you to do your utmost to make the organization on the Omaha solid one. I am not receiving any benefit just at present, but those I have already received and will receive if I return to work will keep me a member in good standing.

Again thanking you all, and especially Bro. Rind and Stouffer, I beg to remain,

W. E. Striner, Cert. 4.

East District—

Bro. Kuhen is back on his old stamping ground again, having drawn Northline third on March bulletin. Bro. Burger, who has been relieving there, is back on Stillwater Jet third.

Mr. Gaffney is relieving Bro. Witt, at Ellsworth. Joe was injured last summer and has been in the hospital most of the time since then.

Bro. V. P. Maloy, Division 54, relieving at Spooner a few weeks, and is temporarily in "A" St. Paul.

Bro. Hurst finished his canvass of the divisions April 1st, and secured several applications and promises. The members should line up those left, as our finances make it impossible for a man to be kept on the road chasing nons and delinquents all the time. The only way is for the members themselves to do it. This is a matter which affects your pocket-book. Don't leave it for the other fellow, for he may be leaving it for you to do. Some of the old members who wouldn't think of dropping out, are slow and careless about paying up. It is just as easy to pay up one time as another and it doesn't cost any more to pay up promptly. That keeps you in good standing all the time and saves a lot of work for our general chairman and secretary. We need the money to keep our treasury in good shape. It will soon be time for our committee to meet the management, and we want you all lined up ready to do your part; don't leave it for a few.

Bro. Ergebretson relieved Bro. Weisseneggar, third Marshfield, a few nights; Bro. Zank, third Knapp, was off a few days, relieved by Bro.

Bro. Gray Sheppard is baching while his wife is at Maryville, Mo., attending the funeral of her uncle.

The business car is making the rounds on general inspection, so shine up your shoes and brighten up the brass buttons.

One of the old guards, Bro. Manske, visiting at Marshfield, is now with the Milwaukee, at Watertown.

A man the other night trying to beat his way on No. 2 was thrown off at Merrill in some way, hit one of the stub switches and was killed. His head was cut up badly.

---

**Minnesota and Iowa Division**

Dispatcher P. J. Dempsey was compelled to go to St. Paul, April 2d, to consult, a specialist; relieved by A. P. Jamieson, of the side wire.

Bro. F. H. Spatgen, of Merriam, is making good on St. James side wire.

Bro. O. A. Iverson, while away on account of sickness, was relieved by M. J. Barnisch, a new man, at Minnesota nights, who promises to get in line next pay day. The brother is now on first Belle Plaine, where he drew third on February assignments. W. C. Hamilton, first there for many years, bid in third Worthington. Bro. C. N. Frank, who bid in Minnesota nights on March assignments, relinquished his rights and the job is again on bulletin.

Bro. O. S. Mann, of Bingham Lake, visited with his brother, A. R. Mann and wife, at Mankato; relieved by E. A. Brown.

Bro. J. H. Gove, of Sibley, was an east-bound passenger April 8th.

Bro. F. F. Lapachek's mother died Easter Sunday at Chelsea, Iowa. He was relieved at Worthington by E. A. Brown. Miss Julia Galvin, sister of Bro. D. J. Galvin, died at St. Paul, March 29th; interment at Shakopee, March 31st.

Bro. J. H. Johnson has taken up his assignment at Sibley; relieved by W. C. Hamilton.

From an unknown origin fire totally destroyed the depot at Bingham Lake, April 15th, about 6:15 p.m. Bro. O. S. Mann, first there, who was on vacation, relieved by Mr. Brown, lost his new typewriter, new uniform suit and a new gun. Everything in the depot was destroyed, excepting the money drawer and ticket case. W. J. Patterson also lost all his clothes. Plans are now perfected for a modern, up-to-date depot.

Bro. W. J. Jarman relieved Bro. Thoms, at Org, who has taken up his duties at Blue Earth. He was relieved by the new agent, Bro. G. L. Kleeman going to Hartford to relieve Bro. Wagner, on vacation, looking at land in Northern Minnesota. Later Bro. Jarman relieved Bro. Hugo Bromander, at Savage, for a trip to the Wisconsin fishing grounds. The bunch at Savage are looking forward to his return and a big fish feast.

Bro. C. J. Rathmann, who relieved Bro. Pettingill at Adrian agency while the latter was trying his hand in the banking business, was relieved by W. J. Ross, of St. James; went to Worthington a few days, and later relieved Bro. C. T. Shier, at Garden City, who left with a party of Garden Cityites, April 20th, for the southeastern part of Wyoming to look over some choice homestead lands.

Bro. M. R. Dewar, from Wilder, has taken up his assignment at Magnolia.

Bro. H. B. Levering, at Windom, on vacation, relieved by J. C. Mousler, who promises to be with us in the near future.

Bro. W. J. A. Maxfield writes from Seattle, Wash., and sends his best regards to all the boys on the Omaha.

We are pleased to welcome into the ranks our new brother, G. M. Crose, of Merrimac. We would like to welcome also Jack Nelson, at Shakopee; Jack Linehan, at Heron Lake; E. R. Butcherfield, at Ashton; F. E. Lehmann, at Sioux City, and some of the boys at St. James; Hartley and Walker, at Cliff, and Axt, at Amboy. Possibly a few more increases might help us to shame them in, if no other way; or a schedule like the one just granted on the Boston Elevated Railway might make them think of affiliating. That sure is, “No card, no favors,” all right.

The little ten-year-old boy of Bro. and Mrs. Warner, at Jeffers, attempted to jump onto a pony, but went over, striking on and breaking his left arm between the wrist and elbow. He is coming along fine, and the doctors promise that he will come through all right.

An unconfirmed rumor states that former Bro. J. B. Hodge, who was one of the heavy O. R. T. promoters on this division, died in Washington.

The ten-year-old son of Bro. and Mrs. D. O. Tenney is rapidly recovering and regaining the flesh that his several months of illness took from him.

The little son of Bro. and Mrs. A. Backer, of Western Ave., we are pleased to report, has regained his former health.

Do you know the meaning of the word “procrastination”? If not, look it up. It has a meaning. If you are still delinquent send your dues at once to the general secretary and treasurer.

Bro. C. R. Williams has returned from his Canadian trip to Minneopa. He is undecided whether to take work with the Omaha or give his undivided attention to the State Park, of which he is superintendent.

Dispatcher J. J. Hannon is very sick as we compile these items.

CARD OF THANKS.
St. Paul, Minn., April 4, 1914.
We wish to extend to Bros. D. O. Tenney, B.
J. Funk, A. R. Mann, and all the members of
Division No. 4, our heartfelt thanks for the
beautiful floral piece and expressions of sympathy
in our bereavement in the death of our sister.

Nebraska Division—
Bro. Foot is back in harness again; he says
married life is fine and dandy.
Bro. Poole bached for about three weeks, while
his better half enjoyed a visit with her parents
in South Dakota.
Bro. Schaller is still unable to work; Mr. Jager
relieving him, advises he will soon be with us.
Ross Wood, operator south cut, enjoyed a visit
from his brother Otis, and family, for a few days.
W. M. Wassum, relief agent, gave up “SH”
station; Bro. A. R. Stevan, from Bancroft, being
next in line, gets it.
Bro. J. F. Harston, with the Milwaukee, at
Vermillion, S. D., writes that he makes better
wages and not near the work he had at his old
job. How does it happen? Well, there are but
three nons on the division and they don’t give
them any rest until they either get their applica-
tions or their goats.
Cashier C. B. Knudsen was home few days; re-
lied by E. Wood; he gets “AU”; Bro. May-
field, “RO”; E. W. Wilson, “HD,” and J. B.
Gabrielson, Bancroft, on bulletin.
Bro. Poole gives up his station to take up other
duties which he thinks he will like better. We
wish him all kinds of good luck, being as I get
the credit of it.
Hope all you brothers voted on the new local
chairman. It takes a good man for this job;
mast anyone can handle it through the winter
when we have no grievances to take up.
This will be my last write-up; at least, for
some time. I am going out of railway service,
and bid you all good-by and good luck. Will still
endeavor to keep an up-to-date.
Bro. Northrop was caught scrubbing out his
depot. This serious offense don’t want to be
repeated too often.

Nebraska Division, First and Second Districts—
Bro. L. G. Ging, our former local representa-
tive, committed suicide in his room at the Carleton
Hotel in Omaha on April 19th, by shooting himself
through the head with a revolver. To all who
knew Bro. Ging’s happy, not to say clownish dis-
position it certainly passed belief. Yet those who
knew him intimately understood. A few years
ago a siege of typhoid in an Omaha hospital left
him a nervous wreck, especially when working
in the city. Every treatment proved unavailing. The
few years he spent in the little town of Egbert,
Wyoming, helped more than anything. Many often
asked, “why is a fellow of his possibilities content
to remain in that place?” That was the answer.
Often he desired to leave and recently was the
oldest applicant for Kearney third, but just as he
went to take it, was offered a position with Cudahy
Packaging Company at Omaha and resigned to take
up that work. Forrest Miller, formerly Mr. Cor-
nell’s clerk at Grand Island, who now supervises
the salesmen for Cudahy, was initiating him to his
new work at the time the deed was committed. A
letter, written evidently late Saturday evening,
April 18th, in his usual breezy style, was received
by Mr. Anderson the following Monday morning,
asking for his service letter, which leads us to the
conclusion that he was simply overwhelmed all at
once by his affliction and driven insane.
His relatives were communicated with and all the
boys assisted in every way in looking after the
affair. Bro. Ackerman laid off and met Louie’s
father and brother, who were strangers to Omaha,
and showed them every courtesy possible. All the
boys helped to bear these expenses and purchase
a floral tribute. Feeling that too much money is
often received at such times I only asked the boys
for ten cents apiece and $8.50 was contributed
through me for the second district and remitted to
Bro. Ackerman. Resolutions will be drawn up by
the Omaha Club.
I feel like occupying the space of this month’s
write-up in a personal tribute to Bro. Ging. For
three years I was associated with him on the com-
mittee officially and socially. A more eager booster
for the ideal condition of his fellow workmen could
not be found. Being erratic his associates some-
times felt his peculiarity, but so skillful was he in
hiding it and bearing up under it, that only by con-
The Railroad Telegrapher.

Bro. A. T. Runyan, of South Omaha, was again forced to lay off on account of his health. We are surely sorry he is having such a siege.

Bro. J. W. Langley, of Omaha general office, was off several days this month owing to the illness of relatives at Columbus; hope it was nothing serious.

Some of you fellows on the First District get busy if you want your share in this write-up space. I don't get all that goes on down there. Don't let warm weather get your goat now; keep on boosting. There are a lot of things to be looked after in the near future. Are you going to help? Is your neighbor helping? If not, it is half your fault.

Colorado Division, D. P.—

Bro. Gibbs, Pierce second, drew Hardin agency.

Bro. Mitchell, "UD" office, on sick leave several months, is slowly improving; we hope to hear him on the wire soon again.

Bro. Minnick, from Oakley first to Greely third, relieving Bro. Frost, who drew Erle agency.

Bro. R. E. Shanafelt, LaSalle third, on thirty days' leave visiting friends in Washington, D. C., and other Eastern points, was married in Michigan. Congratulations.

Bro. Gibbs, who recently bid in Hardin agency, now in Mercy hospital, Denver, where he recently underwent an operation for appendicitis, is improving rapidly.

Bro. H. D. Sanders, our lineman, has returned from a week's visit to his folks in Omaha without a bride. (Not yet, but soon?)

The recent telegraph department circular announcing the fact that all "bugs," not vibropex or micrograph, in use, were infringements on a patent, and that their use had to be discontinued until a license is secured, is causing a grand howl from numbers who own some of the old, reliable sending machines. Will our typewriters be the next to come under this list?

Bro. Kane and Gates drew the two vacancies recently bulletinized in "UD," the latter night chief. Bro. Kane was relieved at Pullman by W. L. Winkelman; Gates not yet relieved there.

Bro. H. D. O. Shoults is sojourning at the Savoy Hotel, Denver, while his family is in Missouri. Some class to "DO."

St. Vrain reduced to a one-man job again, second trick operator being taken off there, leaving the old reliable Bro. Touhy doing all the heavy again.

Chief Dispatcher Larimer has returned to Denver after an extended vacation. "Bill" is hard to beat and we are all glad to see him on the job again.

THE RAILROAD TELEGRAPHER.

K. P.—

The hauling of gravel to ballast track between Wild Horse and Oakley is making things hum on the K. P. Several operators have been put on again at places which were closed during the winter, and the dispenser’s office at Sharon Springs is opened up again on account of the rush.

Was unable to get a line on all the new positions opened up. Kit Carson was made a continuous telegraph office again, with J. R. Blackman, from Wakeeny, on third.

Wyoming Division—

Bro. A. J. Daines, from second Red Desert to third Bitter Creek, relieving Bro. Lewis, assigned third Dale Creek on bulletin.

Mrs. Adams, second Table Rock, relieved by Mr. Whitaker, first Red Desert, extra.

Bro. C. M. English, formerly of Bitter Creek, is now with the Wabash at Antwerp, Ohio.

Bro. O. B. Frank, of “N,” Cheyenne, sojourning at Saratoga for thirty days.

Bro. R. Decker, formerly at Table Rock, is now at Butler, N. J.

Bro. Shoffliff, of Buford, will be a busy man this summer. The gravel pit has opened up and 10,000 cars of gravel will be billed from that point. The wire test is being used quite extensively. Would suggest that all use it to try out a new man.

Bro. Roy Reinhart assigned Laramie pending bulletin.

Bro. C. S. (Red) Hill, Grahite Canon, we understand, is about to overcome the “loneliness” there. Wm. Upton, chief dispatcher on Seventh, resigned, relieved by former First Trick Dispatcher Brooks, who is starting off well in looking out for the welfare of his operators in the way of living accommodations, having secured a bunk house for the use of second and third trick operators at Red Desert.

Bro. Cronk, third Sherman to “N” days, relieved by Wm. Schatzer, helper, from Ft. Steele.

Canadian Pacific Ry., Div. No. 7.

British Columbia Division, District One—

A meeting was called at Revelstoke on the evening of March 26th by Local Chairman Bro. Little to meet our new chairman of western lines, Bro. J. M. Mein. The meeting held in Smith’s Hall was well attended and very profitable. Called to order by Bro. Little. Local matters discussed and the advisability of monthly meetings considered and left in the hands of Bro. Little. This was followed with an address by Bro. Mein, touching upon important phases of the work of the Order and conditions in Division 7. Bro. Mein spoke with enthusiasm and impressed his hearers with his ability in his new position. His address was followed by further discussion. The meeting closed with a session of music in which we discovered real talent in our midst. Bro. Kellogg tickled the ivories, with Bros. Bennett and Boyle doing the Caruso stunt. Bro. Meyers insisted on offering prayer, but was quieted by the Senator. Following is the roll call: Bros. Sloan, Foster, Wilson, Bennett, Kellogg, Forney, Peters, Sharpe, Jones, James, Storey, Nichols, Halstenburg, Laughlin, Little, Mein, Webster, Gallant, Yeager, Davidson, Shaw, “Fattie” Myers, Bradshaw, Maxwell, Ketchum, Ranum, Boyle, Alexander and Logan.

Bro. Hout bid in second Field.

Bro. Storey to dispatcher’s office Revelstoke, vice Bro. Hout.

Bro. Storey, first “BY” Revelstoke, while visiting at Notch Hill, was relieved by Bro. F. T. Withler.

Bro. Davidson, dispatcher, relieved by Bro. V. English, at Revelstoke, has returned to Kamloops.

Bro. Haney, relieved a few weeks by Bro. Young, just returned from a vacation in the east and south.

Bro. Little, relieving dispatcher Revelstoke, was relieved while on a trip to Tacoma, by Bro. English.

Bro. Alexander was on the 412 job extra a few weeks.

Bro. Lane has returned to nights Three Valley.

Alberta Division, District One—

I was appointed division correspondent First District, Alberta Division, at the meeting in Medicine Hat, March 22d, and was promised items by several of the boys out on the line, but only one or two sent any in. Thanks to those who did send some.

The meeting at Medicine Hat, Sunday, March 22d, held in the Assinibioa Hotel was presided over by Local Chairman Brown, with a very representative gathering of about twenty-five very enthusiastic brothers present. Quite a number of grievances and other important matters were brought up for discussion and settlement. Glad to see such a large turnout from all over the district; the “Crow” being well represented. We expect to hold another meeting in the near future subject to call of the local chairman, when we expect to have General Chairman Mein with us.

As I am not in possession of the names of all the brothers on this district will not use the word “brother” in this write-up, as I might pos-
sibly slight some one, but will endeavor to use it in the next write-up, when I expect to be more familiar with their standing.

W. McIntosh, agent at Irvine for the past three years, resigned to engage in other business; relieved by H. E. Tompkins, on bulletin.

H. Crook bid in Brooks agency, relieved on bid at Burdett by C. W. Hendershot, from Crane Lake agency, closed on account of reduction of staff.

G. E. Chudleigh bid in the new Prelate agency, just opened on Empire subdivision.

Agencies on bulletin: Sceptre, Tilley and Bow Island, and Webb and Kincorth nights.

Agencies Whitala and Cross closed. Agent Whitala taking agency Bow Island, and Agent Cross, Montana days. Set dispatchers on Lethbridge subdivision taken off account reduction in force; Calgary subdivision dispatchers handling Lethbridge, also subdivisions.

Business is very quiet; forces reduced wherever possible, and expenses cut to a minimum. A number of operators and agents pulled off on account of closing a number of offices.

J. C. Suffel, agent Langdon, has returned from Seven weeks' vacation through the East; relieved by Relief Agent Ferro.

Claude Constable, lineman, has returned from a visit to the old country; relieved by Jack May, of Maple Creek, relieved by Lineman Mitchell, of Lethbridge.

Dispatcher A. E. Harshaw, second trick east end, has gone to his appointment of chief dispatcher North Bend, B. C. We wish him success. Relieved by Dispatcher G. M. Carden, who, on account of reduction of force, has been on "412" job temporarily, relieved by W. J. Patterson, from "NS" yard office, and he by Operator Reeves.

R. Rutledge, first Lethbridge yard, has returned from a trip East. Wish some brother would get his application.

E. G. Corlette, former agent Bassano, now with the E. & N., on Vancouver Island, was in Medicine Hat recently on business pertaining to the C. P. R.

Glad to hear of the recovery of Engineer "Stoney" Jackson, who, while on first section No. 3, was struck on the head, presumably the mail crane at Cross, being rendered unconscious several days.

Supt. Cameron, first district, is being relieved by J. A. MacGregor.

The transfer to Toronto of our genial chief, J. E. Ryan, is regretted by the employees in every department. He has been connected with us as chief dispatcher and trainmaster, being well-liked by everyone. He was relieved by Dispatcher H. M. Smith.

Hope every brother will send me a few items next month so we can have a good, long write-up, as this district has been very much neglected in that respect for the past three or four years.

Get after the nona, brother; we need their assistance and they need ours. Local Chairman Brown, at Carlsbad, will gladly supply you with application blanks. Remember, your assistant agents and clerks are now eligible to become members, so get them in.

C. D. Holder, Div. Cor.

Alberta Division, District Three—

Bro. Watson presided and introduced Bro. Mein as the first permanent general chairman of western lines. The latter explained that the new position in the Order which he holds had been created because of the appointment of General Chairman G. D. Robertson to be third vice-president of the Order, which had necessitated another chairman to take care of the interests of Division 7 west of Fort Williami.

Bro. Mein gave a very interesting address on many matters of interest concerning the Order, and we hope to see him soon again.

Bro. J. T. Burgess, agent Kitkener, is visiting in Spokane; relieved by Bro. G. Doner.

Bro. Goodman, agent Colvalli, just returned from a month's vacation, spent in Montreal and other eastern points, where he was successful in interesting several roads in an invention of his, "a combination angle bar and fish-plate." He was relieved by Bro. A. B. Nigg.

Bro. Atwood, agent Mayie, is spending his vacation on his fruit ranch at Creston; relieved by Bro. H. E. Padgett.

Dispatcher H. H. Wickett, of Macleod, and Miss D. Cameron, were married April 25th, and spent their honeymoon in Banff.

Bro. Ira E. Barr and wife returned from a trip to California, and will soon start relieving the agents on the east end.

Bro. Frank A. Dunn, dispatcher Cranbrook, is on two weeks' vacation, visiting local points.

There seems to be a slight increase in the lumber trade. A number of extra men are still waiting for something to do.

Manitoba Division, District Two—

Bro. S. A. Todd is back to third "C" Winnipeg, and Bro. E. Walker back from a trip across the pond. Bro. B. E. Weightman is now in "K" Winnipeg. Bro. F. Robinson, of "VD," goes to Arnaud, and Bro. Bennett is on first there, pending bulletin.

Bro. H. F. Johnson, Austin, while visiting Winnipeg, was relieved by Bro. F. M. Johnson.

Meadows station has been reopened with Bro. Winter in charge.
Bro. Fonger is now rustling cream cans and way freight at Marquette.

Bro. Edwards, at Poplar, is busy gardening.

Bro. F. Mein, Gladstone, was off two weeks; relieved by Bro. F. M. Johnson.

Bro. Pennie is back at Neepawa; Bro. Otley opening the station at Niverville. Bro. Booth, Franklin, was relieved a few days by Bro. Ormond.

New Yard Transcona open first of May. Operators placed at N. Transcona, Woodman or Doran, and one at east end of yard.

Bro. J. M. Mein, general chairman western lines, has returned from his trip west.

Sir Wm. Whyte, formerly vice-president of western lines, died at San Diego, Cal., April 13th. He retired from the vice-presidency about two years ago, but remained a member of the board of directors, and will be greatly missed by all. He was fair to all and willing to adjust any grievances, no matter how small. His family have the sincere sympathy of every telegrapher.

**Port Arthur & Winnipeg Line**

Bro. Gilbert was off a few days account of sickness; relieved by old "RD."

The sympathy of all the brothers goes to Bro. Ralph, who had the misfortune to lose his father lately. He resumed duty as agent at Vermilion Bay on April 5th, after the funeral, which was held at his old home in Manitoba.

Bro. Buelow returned and bumped Gelzer off second "GN."

Bro. Hoffman, on holidays, relieved by Bro. Gelzer, on third "RS."

Lachappelle was up on the carpet lately, but was returned to Buda.

Brothers, stick close to your job, there are dozens of good men lying idle. "No card, no favors." Stick to it nowadays closer than ever.

Cert. 1719.

**White River to Cartier, District Two**

We are now 99 per cent strong. Three new and valuable additions to our ranks are: Bro. Dave Moran, Bro. T. F. Carpenter and Bro. R. Taylor, all trick dispatchers in "CU" office. This leaves just one non on the district. Mr. Walker, at Woman River nights, will get a card in a few days, and our district will then be 100 per cent strong.

Bro. Joe Fournier has been appointed agent at Cartier. Bro. McIsaac transferred from Healey, where he relieved Bro. Vilas Soules, has recovered from his sick spell.

Bro. Hatch is alone at Stralak now. The operators on this district are all being called into the superintendent of telegraph’s office in "SY" to pass a wire test.

Bro. Bergeron was transferred from Metagama days to Geneva nights.

Bro. Fournier has four new songs all practiced up for the next passing of the pork chops in Chapleau.

Bro. Jamey Stitt, who was home on holidays, is back to work again.

Bro. James Depew went to his home in White River for a few days to recuperate.

Bro. Beatty has Goldie days now.

Bro. Dulude, formerly at Lochalsh days, is back on our district again.

Bro. Crane has been transferred to Esher days; message wire job cut out at Chapleau, and the one operators are now handling all the messages in addition to their regular work. The yard office staff at Chapleau have most all got their cards, and we shall soon have a large lodge in Chapleau.

Only one member from the east end was at the meeting in Chapleau last month. Every station on the west end was represented but Depew and Esher. Bro. Sullivan was kept away on account of his night man being in town that night. This is a most commendable showing for the boys on the west end, but very disappointing owing to the fellows on the east end not attending. Geneva office has never been represented since the office was opened over a year ago. The brothers there should try to come regularly, turn about each month. When the meetings were held in White River two or three years ago, stations like Stralak were represented at every meeting, and now they have only half that distance to come. The brothers at Depew should also try to attend. If you leave the whole thing on the shoulders of a few, how can you expect the Order and your interests to prosper? Don't forget that the meetings are held on the last Saturday of every month, and the lodge room is in the town hall at Chapleau. A big spread was held there the last Saturday in April.

A non hurts our Order to some extent, but not half so much as he hurts himself. A new man coming into the service should get a card the day he enters, and not wait to be asked.

Bro. Hogg, our able local chairman, is to be congratulated upon the way in which he has swung this district into shape. Next month we will get a regular ritual, and leave it in his hands to see that things are put through in the right shape.

Brothers, come to the meetings. "No card, no favors," and put it into effect.

**Div. Cor., Cert. 1287.**

**West End, District Five**

Our joint meeting was held in Smiths Falls, March 28th, with Bro. J. E. Angus in the chair. Brothers present: G. D. Robertson, vice-president; J. C. Rooney, general chairman; McConlin, Toronto; E. Hogan, Arnprior; J. H. Healey, Renfrew; A. Marchand, Finch; J. B. Garton, Farnham; E. Riker, Kempston; Geo. Etherington and Frank Hogan, Almonte; E. C. McKay, J. H. Lawson, J. Bolton and R. H. Fenton. Smiths Falls; J. H. Dixon, Petawawa; A. S. Ross and A. Appleby, Cobden; T. P. Eagen, Pakenham; W. McCollum, Merrickville; L. B. Smith, Carleton Place; T. W. Boyes, Stittville; Bertrand, Farnham.
"Trading positions will not be allowed, according to schedule, and anyone violating the article subjects his job to being put on bulletin."

The above rule should apply everywhere. General Chairman Rooney found out the boys on District 5 would not allow any more trading jobs, and by the time he has the last trade (where Bro. Joe Garton lost his dispatching trick at Ottawa through a trade he knew nothing about), straightened out he will not try any more.

Vice-President Robinson and General Chairman Rooney got a special call to Smiths Falls on March 28th, over Bro. Garton's case. The meeting was not adjourned until 2:00 a.m., and it was a lively one, too. The meeting objected to Bro. Kitchen's seniority, and he will have to take his seniority as a telegrapher, not as a freight clerk. Bros. Robinson and Rooney made somewhat lengthy speeches regarding the freight clerks and office assistants being accorded the same privilege as the telegraphers.

Almonte is solid and Bros. Geo. Etherington and Frank Hogan, who have been at the last two joint meetings at Smiths Falls, were received with open arms.

Bro. Hill is back at Franktown again.

Havelock Subdivision, District One—

Meetings are being held in Havelock now, which should bring about some good.

Our worthy chairman, Peter Brown, gives all of his spare time to our interests. He can not be beaten as a hustler.

There's a nice young lady in charge at Bathurst. Can't some of you young fellows win her over? If we can not induce her to join us, we could call her sister then, anyway.

Bro. Card, at Groves, still holding forth in the box-stall shell, but has been promised a new station.

CERT. 997.

Eastern Division, District Three—

It was an agreeable surprise to read a write-up in our magazine about the Quebec Subdivision. Many thanks to Cert. 2372.

We are expecting that business will be about 40 per cent heavier than last summer. Junior operators will greatly appreciate this, as it has been quite dull during the winter months.

In March we notice Bro. Phillips relieving chief dispatcher.

A meeting was held in Quebec on March 1st; attendance was rather small account poor train connections.

In the last month we had four meetings at different places. We must therefore congratulate our Local Chairman Bro. Patrin for this good work.

Bro. Bique recently visited some friends at Lamèville.

Bro. F. Naud bid in days and Bro. Sylvester nights at Terrebonne.

Bro. J. Lapermere is on regular at St. Maurice. Bro. Laferriere, of "JA," has now made the St. M. V. Subdivision solid, by securing a card.

The municipality of Grandinies has just issued a circular letter advising its cyclists not to exceed twenty miles per hour within its limits—Bro. Thibeau and will please note.

It was with the deepest regret we learned the death of our esteemed brother, J. M. Gravel, on March 19, 1914. His funeral, which took place at Louiville, on March 21st, was attended by a great number of friends and the following members: Bro. J. M. Patrin, local chairman, and Bros. P. Desautmers, Dusablon, F. Naud, J. D. Lamarche, J. O. Marissette, Arcand, Bique, Beanages, J. Naud and Chenevert.

A beautiful wreath of flowers, together with an offering for high masses were sent to the bereaved family.

DIV. COR., Cert. 2505.

IN MEMORIAM.

WHEREAS, On the 19th day of March, 1914, it pleased Almighty God, in His infinite wisdom, to call to his heavenly home our dearly beloved Bro. J. M. Gravel; and

WHEREAS, We realize that Division 7 has lost a true and faithful member, and his family a devoted and loving member, and been brought to face a sorrow, the like of which comes only to those who have lost, the bitterness of which can only be healed by Him who has suffered for us; and

WHEREAS, Each member of Division 7 feels a personal loss in the death of the deceased brother; therefore, be it

Resolved, That in the death of Bro. Gravel the Order of Railroad Telegraphers has lost a true and loyal member; be it further

Resolved, That we tender our heartfelt sympathy to the bereaved family and friends in their hour of sorrow; and be it further

Hudson Division—

There were about fifty brothers present at our meeting Tuesday evening, April 21st. It was certainly some meeting. "Bro. H. B. Morey, general chairman, was with us and gave a very pleasing address on "Co-operation." Bro. J. M. Moss, local chairman, Electric Division, also gave an interesting talk on "The two-days rest law." Bros. Sloan, Green, Stahlhuss, Hagar, Sutherland, Farrell and Munger, all stationmen, also favored us with a very interesting talk on "Station work." Bro. D. C. Turner, one of the oldest members on this division, whom we had never before seen at a meeting, was in attendance.

The committee appointed last meeting—Bros. Hyde, Tinney and Stickel—to furnish refreshments certainly did their work up to the usual standard and furnished a fine clam chowder supper, which was thoroughly enjoyed.

The meetings on this division are developing into fine social affairs, bringing the members from all parts of the road together for a very pleasant as well as instructive evening.

A vote of thanks was extended to Mr. Christie, superintendent of this division, for his kindness in having train No. 37 stop to land the brothers returning from this meeting.

Recent assignments are: Bro. L. B. Gaedeke, second S. S. 54; Bro. Sutherland, ticket agent Hudson; Bro. Price, second S. S. 51; Bro. Cleveland, second S. S. 77; Bro. Carrotte, assistant agent Hyde Park, and Bro. Burger, relief agent.

A number of displacements have been made on this division on account of the office of signal inspector and chief signalman's clerk being abolished. The committee have taken this matter under consideration, claiming these men have no displacement rights on account of being years out of the regular service, but they retain seniority and bidding rights.

Bro. Morey, of New Hamburg, wears the smile that won't come off. Good reason—grandpa for the first time.

Would it be unchristianlike to call a certain ex-member an "ingrate" when he persists in knocking the Order to every new man who comes on this division? This same individual received an increase of $72.00 a year and other concessions just before he dropped out for non-payment of dues. He has less expenses in the way of house rent, etc., than any other man on the division. Claims to be a great believer in unionism, but the kind that don't cost him anything. A union for himself alone. No seniority right for him to all big positions on other divisions, yearly passes for himself, family and friends. This is his dream of unionism, and what he desires before he will join again. We are thinking, and that very seriously, too, if he does not very soon desist in his "knocking" that his name will be placed on the undesirable list, which means no one will sign his application when his mind gets back to normal position again, if it ever does.

The few delinquents on this division should pay up and keep paid up, so as to protect themselves and loved ones.

Bros. Kaben and Clark are working out of Poughkeepsie, brought here by Bro. Dedrick.

Bro. Dingler is on second S. S. 74, with Bro. Bauer on third.

Bro. Overton, S. S. 65 second, off for a few days, relieved by Bro. Gaedeke.

Bro. Rugman has resumed his leverman's trick at S. S. 59 again, and Bro. Tinney has gone back to first S. S. 48.

Bro. Dedrick has given up second S. S. 54 to go back on extra list.

Bro. McGowan, off a few days at intervals, relieved Bros. Dedrick, Quinn and Smith.

Bro. Van Benschoten, first S. S. 58, off three days sick, relieved by Bro. W. A. Smith.

Bro. McNiven, third S. S. 77, off for a number of days sick, covered by Bros. Clark and Dedrick.

Bro. Quinn is at Peekskill depot nights, place on Palmer off sick.

Bro. Ostrander, first S. S. 71, off for a week's vacation; covered by Mr. Jones.

Bro. Clark is on second S. S. 81, as no one seems to want it. Mr. Jones and Bro. Hudson covered this trick previously.

Bro. Dunn, Poughkeepsie ticket office, on his week's vacation; Bro. Burger relieving.

Bro. A. A. Smith, S. S. 59, took a trip to New York recently to see how it looks at night.

Ontario Division East End—

Bro. Cooley, recently out motocycling, made a record of five minutes from "FP" Manor to Mannsville.

Bro. Cook is taking music lessons at Adams, practicing nights to help pass the long hours. Bro. F. F. Felter is back on second Adams, after being in the hospital for almost a month. Bro. O'Brien relieved Bro. Patterson, agent Adams, a few days. The agents will soon be coming out in new uniforms, as the tailor has made the roumds.

Bro. L. F. Mott, agent Altmar, resumed work April 1st, having been off two months on account of the long illness which resulted in the death of his father at Vienna, N. Y. Bro. Mott has our sympathy. He was relieved by Bro. H. L. Lamoine.

Bro. E. N. Pond, second Altmar, has been assigned to Crocketts agency.
Bro. O. A. Manzer, second Camden, was off recently; relieved by Bro. Dalton.
Bro. M. A. Pitcher, third at Lacona, off several nights, was relieved by Mr. Fleming.
Bro. A. B. Glassford, second Westdale, was off few days last month on account of sickness.

_Harlem Division_

Bro. T. B. Tompkins, on the sick list, was relieved by Bro. J. R. Ostrander.
Second "UN" on bulletin.
Bro. C. R. Drum, on vacation, relieved by Bro. F. Wall.
H. B. Vail has been appointed freight agent at Katonah.
Local Chairman Spaulding, on the sick list a few days, was relieved by Bro. J. J. Gillrist, relieved by Mr. Siegel.
Bro. J. Kozlarek, third "DP," on sick list, relieved by Mr. McGarry.

_Electric Division_

Don't forget to send in your vacation dates.
Trainmaster, supervising agent and chief dispatcher are checking up depots as regard cleanliness. Glad to say most of them were found in very good condition.
Brothers, let's "hit the ball" and show the company that the Order men are always on the job.
Brothers, don't forget the motto, "No card, no favors." Backsliders and nons all look alike; no excuse for them not having an up-to-date, with the increases in salaries we have secured for them. Pick out one of these nons and peg away at him until he comes in, and make the division 100 per cent by June 30th. This will mean better conditions for all of us.
Bros. Dawson and Byrnes, and Extra B. M. Rundle have been working at "BV" extra; Baggage man Lounder off sick.
Attend the regular monthly meetings, there is always something doing that will interest you.
Ask the extra men to join. They are needed in the organization for their own good.
Brothers who fail to get their Telegrapher on time should notify Bro. L. W. Quick, St. Louis, Mo., and see that your division officials have your correct address.
Mr. King awarded "KO" second.
Mr. Schwartz, first "WM," on his vacation from last year.

One of our brothers—an assistant agent—was called upon to pay 30 cents for telephone calls made while he had charge of the office. The agent and a freight clerk were on duty several hours also during that time and the calls, if made, were on company business, but agent is a strong non.
The reduced express rates and complicated tariffs will obligate the agents to do a heavy business to make enough commission to pay up debt errors.

Local Chairman Moss should succeed himself on this division. He is conservative, honest and strictly sober, has been with the N. Y. C. for years, and will receive due consideration and respect from the officials he will meet in our behalf.

If a few good members on the line will furnish some items we can have a good monthly write-up.

_IN MEMORIAM._

Whereas, God, in His infinite wisdom, has seen fit to call to his reward the father of our Bro. C. T. Porter; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of System Division No. 8, Order of Railroad Telegraphers, extend to our brother and the members of the afflicted family our sincere and fraternal sympathy in this hour of their sad bereavement; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved brother and a copy sent to The Telegrapher for publication.

_Monon Route (C. I. & L. Ry.), Div. No. 9._

_Southern Division_

Bro. Salvo, second Wallace Jct., off several days account sickness; relieved by Operator Thorpe.
Bro. Leo Williams, back at Mitchell days; Bro. Fisher, agent there, relieved from telegraphing after three months of it.
Bro. Cornell, second Shops, working "AD" days, relieving Bro. Bennett, who was called home account the death of his father at Smithville.
Bro. Sherr, second Greencastle, on a ten days' vacation visiting friends and relatives in Ohio, relieved by Operator Thorpe.

Recently the operators at Wallace Jct. and Bainbridge were required to double, account no men available. Bro. Parks was attending court at Crawfordsville; cause at Wallace Jct. unknown; Bro. Keefe working second Shops while Bro. Cornell is doing the relief work at Salem street.

Bro. Priest, third Wallace Jct., off few days, relieved by Operator Thorpe.

What about a meeting? The weather now permits for one. The boys seem to have the spirit to turn out; hear several asking when we will have one.

Business is rather quiet account of the coal miners being out and mines closed down, several crews taken off; Fourth District station clerks and one operator cut off at Midland yards.
Bro. R. W. Dunkin relieved Collins and Miller at second and third New Albany, recently.
Bro. E. F. Packwood, first West Baden, visited home folks at Campbellsburg a few Sundays ago.
Bro. L. D. Wood, local chairman, first Salem, spent Saturday, April 11th, with home folks at
Borden and took in high school commencement exercises, where his brother graduated.

It is now Bro. Shough, first Orleans.

The agents at Greencastle and Gosport are still doing the six-hour lap, causing them to neglect their other duties. Freight passes their stations without a check. Double an operator's salary is being paid in claims. No record being made, as it is impossible for agents at such points to keep up their work in the three hours they have left after putting in six hours telegraphing.

Bro. Ben Sipple, second Crawfordsville, has been stung with a gasoline bug, and is now riding a "Twin" around through Montgomery county, and has been consulting a blacksmith to place an additional seat on his motorcycle.

Operators were required to double recently at North Wye on account Operator Miller's baby being sick and necessary for him to be off.

Bro. Dunkin relieved Agent Davis, at Borden, for a few days.

Bro. Slim Bennett relieved Bro. Harmon at McDoel yards second; latter off sick.

Relief Agent West, First Division, has resigned. Success to you, "L.D."

One operator taken off dispatcher's office Salem St. nights account of light business.

It is now Bro. A. Eastridge, at Louisville, a telegrapher many know, whom we lost sight of when he accepted a clerical position in "FH." Bro. J. W. Christie is at "FH" nights, making it solid. Other new members on our division since January 1st are: Bros. J. F. Farrell, South Hammond; C. T. Hodges, Dyer; G. C. Wingfield, Cloverdale; J. F. Shough, Orleans; C. A. Coras, Frankfort. Several applications are pending, and with a proper effort by all the brothers we will be 100 per cent solid ere this year closes.

Bro. Roy Peacock, Dyer, has resigned. Our loss is someone else's gain.

Bro. H. J. Henson, off duty a few days, was relieved by Bro. R. W. Dunkin, who later went to New Albany "SP" for a day or two.

We were all sorry to learn of the death of the father of Bro. G. P. Bennett. A beautiful floral offering was given by the division as a token of esteem for Bro. Bennett, as we could not do more.

The brothers who have contributed their hard-earned earnings to bring the good things to pass feel that there must be a streak of crookedness in anyone who can accept the increases without contributing in return for it. There are better men behind the bars who have been sent up for years for a less serious crime than the few tight-fisted nons who keep grabbing all they can get and "holler" for more.

Bro. Ed Shorr, off duty a few days, was relieved by one who has been promising for several years, but has so far failed to make good his promise.

Bro. M. T. Parks was off duty three days attending court at Crawfordsville. He recently sent eighteen gallons of maple syrup to the force at Lafayette.

The few members who overlooked sending their dues to the secretary and treasurer for the current term, better wake up and get in good standing. While in temporary suspension your insurance is also suspended; you have no lease on life and should protect your family and loved ones in a better manner.

The rate for new members for May is $2.20, June $5.36. Any member will be glad to assist you in filling out the blanks.

Members should bear in mind that Bro. Ed Shorr, Greencastle correspondent, is greatly handicapped in getting out a nice write-up each month. He is as busy as the rest of us and it is impossible for him to gather all the items, but if each of us will mail him an item or two each month he will be bountifully supplied and will see that Division 9 is well furnished with news.

IN MEMORIAM.

WHEREAS, It has pleased God, in His infinite wisdom, to remove from our midst the beloved father of our Bro. G. P. Bennett, and we bow in humble submission to the will of Him who doeth all things well; and in manifestation of our grief and sorrow and fraternal sympathy, be it

Resolved, By the members of C. I. & L. Ry., System Division 9, of the Order of Railroad Telegraphers, that we extend to the grief-stricken brother and his family our sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother and a copy sent to The Telegrapher for publication.

CARD OF THANKS.

To the Brothers of Shenandoah Valley, Division Fourteen—

We take this means of thanking you all for your sympathy in the loss of our brother, Dr. D. C. Burks, and also for the beautiful design contributed for his last resting place.

W. L. BURKS,
H. H. BURKS.

Michigan Central R. R., Div. No. 16.
Northern Division—

Bro. E. L. Hill, third Gaylord, relieved by Mr. Poole while taking in the sights at Saginaw and Detroit.
Bro. Hasley, agent Bath, is on vacation; Mr. Wiltse relieving.
Bro. McQuade, wire chief Bay City, is on a trip in northern Michigan; Bro. Doc Gilbert working nights and Bro. Flood days in "DI."

Bro. C. J. Frohaska, third West Branch, off fifteen days getting acquainted with his new baby girl, was relieved by Bro. Swaine.

The B. & O. telegraphers finally won their long-standing case through arbitration and got better than 6 per cent increase in wages, as well as improved working conditions.

Offices will soon be opened at Chandler's, double track switch, Quinn, Horrigan and Freedom, to take care of the new block system.

Bro. H. M. Garrison, agent Holt, has been seriously ill for some time at his home in Lansing. We hope for his speedy recovery. 

West Jersey & Seashore Division—

The Telegraphers' Association held its meeting on February 26th, and decided to continue the present arrangement. Next year we shall take such action as may be deemed advisable to make this association one of the best of its kind. If it requires more dues we should not hesitate to raise them. Every man should get into this association, as in case of sickness it would be a great help.

The morning and night O. R. T. meetings held February 26th were both very well attended, and matters of great importance were discussed. Bro. Battersby, of the B. & O., made a good talk, and we hope he will come again and often. The boys should all come out to these meetings, and the members should bend their whole energy to getting in all the nons on this division. Never in the history of this division have our men paid their dues so promptly, and the few still behind will soon all be up to date. We certainly made a fine record this term. Get that fellow working with you or next to you; brothers, do not miss any of them.

The reduction in wages and the increase in hours at Sewell has been rectified as to wages, but the hours are still 5:20 a. m. until 3:40 p. m., salary $60.95.

Bro. W. H. Morris has the sympathy of all the brothers owing to the illness of his wife; also Bro. E. F. Horner, whose wife has been sick for a long while, and W. E. Cavanaugh, "RM" tower, whose wife is in the Philadelphia Hospital.

We congratulate the boys of the Maryland Division in having secured the two days' rest for all operators, agents, levermen, etc. They always stand up for their principles, and back their committee.

We congratulate Bro. P. E. Louguie on his return to the Order, and trust some of the other old former brothers will follow suit.

Boys, don't forget to remit your mite for the legislative committee to Bro. Nightingale.

J. P. Lloyd, in the dispatcher's office for a number of years, is now at "G," not being able to bump younger men in the office and service.

Bro. M. J. Fitzgerald, Westville, who attended the ticket agents' convention at Grand Canyon, Colo., sent several postals to the boys from Juarez, Mex. Probably gone down there to help Villa.

Bro. H. L. Stratton, of Franklinville, who has been very sick for some time, is getting better and will probably be on his job again.

Bro. T. A. Hitchens displaced H. H. Reed on first "CA" tower Atlantic City, who has taken third there.

B. H. Bates, of "KN," is now on third 'Pleasantville, vice E. A. Lake, to Mays Landing, and Bro. Rickards is now at Gibbstown.

Bro. B. W. Sykes, "SA" second, spent a few days recently in Pennsylvania among his friends up in the mountains.

The two-day rest bill, known as "Senate Bill No. 238," introduced by Senator Ackley, of Cumberland County, passed both houses on March 20, 1914, but Governor Fielder vetoed it, his excuse being that it would be a hardship on the railroads, and he did not like to impose this extra expense on them. He did not consider how he was imposing on the employees, thus showing that his greatest concern was for the companies and not for his constituency, therefore he deserves no further consideration from us.

Bro. Everingham, of Heislerville, is off on account of his little girl being operated on for congenital hip disease at the Samaritan Hospital, Philadelphia, Pa. We hope that the operation will prove successful and that she will soon be all right again. Bro. and Mrs. Everingham have the sympathy of all the boys on this division.

Bro. H. L. Stratton, South Vineland, on the sick list for some time, is improving, and we hope he will soon be on his job again.

A. E. Udy has accepted the agency at Belleplain, N. J., and we hope to soon call him brother.

That so-called committee that was told to report on April 6th for the final answer in regard to all those concessions it was to get, does not seem to have much to say since that meeting, and that much heralded increase does not seem to have materialized. Someone must have had a pipe dream.

Bro. Wenrich, national organizer, has the sympathy of every man on the P. R. R. His wife was operated on recently and one of his children was very sick. We all hope for their speedy recovery. Bro. Ackroyd's wife is also ill. We hope she will soon be all right again.

B. W. Sutton had the time of his life at the grand ball.

The Long Island boys are happy over their new O. R. T. schedule, which went into effect there on April 1st, giving nearly every man an increase in salary and better working conditions. That road is a part of the P. R. R. System and they got these concessions because nearly every man over there belongs to the O. R. T., and were wise enough to stick together and support their committee, although the conditions there were similar to those here. Get in the nons, and we can do the same here as they did there.

Div. Cor.
THE RAILROAD TELEGRAPHER.

Williamsport and Susquehanna Divisions—

We have made the best progress during the past four months ever yet attained in any like period since System Division 17 was inaugurated. Every month new members are being added to the rapidly increasing list, and we only have one member on the delinquent list. Our telegraphers apparently do not appreciate the value of their organization. On every railroad line where a good, gilt-edge working schedule is in effect the men are loyal and enthusiastic for the great cause they represent. The men working on the Pennsy can have a good working schedule and an increased scale of wages as well as elsewhere, as the small sum of 75 cents a month, paid in by the nonos, would enable them to draw a handsome increase in wages. All honor to those true, noble veterans who stand loyal and true, and are always found with an up-to-date and praise for the only organization that ever did and ever will succeed in the cause we represent.

The general committee say we have as fine a bunch of men working on the Williamsport and Susquehanna Divisions as on any division on the system, and it is a pleasure for your chairman to serve a set of organized men like this. But some of our non-members would refuse to carry a card if they received a salary and other conditions of employment equal to any railroad line in the country, and they are the ones who are preventing the rest of us from receiving a liberal increase in wages monthly. We, however, have some non-members who would be a credit to any organization, and we hope they will soon unite with us and help to secure what we have been struggling for so many years.

A very handsome subscription has again been tendered our worthy Bro. Jos. Schlottman, and shows the fraternal feeling existing among the members.

Our Bro. F. W. Wetzel had the misfortune to lose all his household goods in a fire recently without insurance. The membership contributed towards this brother in a liberal manner.

Bro. W. E. Williams has been transferred to "ZA" tower, due to "VN" tower being closed. Bro. Williams is pricing furniture, and cigars will soon be in order.

Bro. L. W. Auchmuty bid in third "CY" tower.

Bro. N. C. Malik worked a few nights at "MR" tower.

Bro. W. S. Minnier seems to have some attraction around Fishers Ferry.

Bro. R. S. Frey was off several days recently to look after his farm interests near Muncy. Wish we all had farms to look after.

Bro. S. H. Young, of Hyner, recently visited his parents at Nisbet. Bro. J. G. Young, of Hyner, also spent several days with his parents at Nisbet, who were very sick, but we are glad to say that both have recovered.

Bro. H. E. Boyer, of Sunbury, one of our most active young members, recently spent a few days at Lansdale.

Bro. C. S. Dieffenderfer, secretary of the L. B. of A., is one of our active members, ever ready to respond to the call of his fellow members.

Allegheny Division—

Several weeks ago it was reported that an increase would be granted by the P. R. R. in order to keep up with the B. & O., who recently granted its telegraphers an advance in salary amounting to about 10 per cent. We are anxiously awaiting this increase, but it should be remembered that the only way we will ever get a substantial increase is to build up our organization and then stand back of it and demand our rights. It is very encouraging the way the delinquents have paid up this term, and the few who are still behind with their dues have all promised to pay up this month. We are also continually taking in new members, and our division at this time is stronger than it ever has been in the history of our organization. We have one of the strongest divisions on the system. I feel proud of it and hope that the brothers will all continue to take an active part in the work and help to keep it in the lead. Get after your friend who has not yet secured an up-to-date, and show him the advantages of having a card. We are gaining in membership all over the system, and our organization today is in better condition on the P. R. R. than ever before. Several new members have come in recently, and there are more to follow soon.

It is now Bros. Herman, third "OA;" L. D. Cable, third "GH;" and A. J. Fonner, third "DU;" and there will soon be more on the Grade and Salamanca branch. Bros. Shaughnessy, of the Conductors, and Durner, of the Trainmen, are doing good work for us on this branch. They feel the same way about the "No card, no favor" motto as we do, and unless a man has an up-to-date card they will show him no favors. We wish to thank these brothers for their assistance, and I urge all the brothers to render the same assistance to these brothers whenever they have an opportunity.

Bro. J. L. Crawley, who had been lingering with Bright's disease for some time, died April 21st at his home in Reynoldsville, Pa., and the funeral was held Friday morning, April 24th. Among the brothers in attendance were M. J. McGarity, E. J. and M. L. Stanley, J. F. Schneider, A. J. Fonner, C. W. Robertson and O. T. Arendt. The floral pieces were many and beautiful, among them being two from the O. R. T.—one from the boys on the Low Grade branch and the other from Division 17. Bros. McGarity, M. L. Stanley, A. J. Fonner and H. W. Robertson acted as flower bearers. Bro. Crawley will be missed by his fellow-workers as well as by his parents. Our thanks are extended to all those who contributed toward the floral offerings and also to the brothers who had the affair in charge. They could not have selected a better design.

Bro. W. W. McCullum attended the Knights Templar lodge in Pittsburgh on his relief day.

Bro. J. F. Schneider was off a few days recently attending the wedding of his wife's sister in Bradford.
Bro. H. R. Thomas and bride spent their honey-moon visiting friends in Ohio and West Virginia. Congratulations.

Bro. Lowery and Golden, at Big Rock, have gone into the chicken business.

C. H. Hilliard, relief operator south end, operated on for appendicitis in the Kittanning hospital, is back on the job again.

Bro. F. F. Hilliard, third Birch, was off a few days recently, relieved by Bro. C. B. McCoy, and Bro. P. T. Evans, second Birch, off twenty days, by Bro. P. S. Hilliard.

Sister Snyder spent her relief day in Pittsburg, taking in the sights, and returned with a new Eastern bonnet.

Many emergency offices are closed, and, with an unusual amount of extra men, some are not getting much work. The old reliables are all staying on the job.

Bro. Murray, recently married, is building a new home in Franklin, next to that of his mother-in-law, where he will be handy for a square meal.

Bro. C. B. McCoy, who was bumped out of second “NB” and wanted to bump into second “SY,” was taken out of the service on account of heart trouble, as diagnosed by one of the relief department doctors.

Bro. F. E. Wiley, bumped out of third Siverly yard by Mr. Rhodaberger, bumped into third “NB.”

Bro. E. N. Thrunquist, third Eagle Rock, is laid up with congestion of the lungs, relieved by Bro. J. H. Osgood. We all wish him a speedy recovery.

Bro. C. C. Hollingsworth, second Pump House, was off sick for several days. We are glad to see him back on the job again.

Since it is now Bro. Herman, third Tionesta, we hope Guy will try to get the first trick there in line and make that a solid office.

Bro. S. R. Seitz, West Hickory, spent two weeks’ vacation visiting his parents near York, Pa.

All three tricks at “MO” and Glad and third “DI” are up for bid.

Bro. Giles has purchased an automobile, and will take his friends out for a spin this summer.

Bro. Roy Jones, Division 42, first Oleopolis, closed, in now on third Glad.

Bro. L. A. Crouse is on thirty days’ vacation near Cleveland, Ohio, relieved by Bro. F. E. Crelly.

Bro. S. P. Gilbert was off Easter Sunday, relieved by Bro. E. E. Crouse.

Bro. W. W. Hall spent his relief day with relatives in Franklinville, N. Y.

Bro. J. C. Garin, from Tuna, transferred to Bradford as ticket agent and telegrapher. E. L. O’Meara, who handled this job until taken out of freight station, now has charge of the telegrapher’s department and is out of the telegraph service.

Bro. Walter Linjen spent his relief day with relatives in Quaker Bridge, his old camping place, and Bro. Frank Hurd, second “RJ,” spent his at Riverside digging leaks. Bros. Lamb and Cleaver spent their relief days at home with their families, and Bro. C. B. King, Carrollton, spent his with friends in nearby towns.

Bro. A. F. Gilbert, off a few days recently, was relieved by Bro. S. P. Gilbert, and he by Bro. E. Crouse.

Thanks to the brothers who assisted me with this write-up. I hope they will keep up the good work and that some good brother on the Low Grade and south end main line will let me have some items. Have not had anything from the south end for some time.

A large joint brotherhood meeting was held in Olean, April 26th, attended by a good many of the Salamanca branch boys. A similar meeting will be held in Oil City shortly. CERT. 18.

IN MEMORIAM.

WHEREAS, Our heavenly Father, in His infinite wisdom and goodness, has deemed it best to call to her heavenly home the beloved mother of our esteemed brother, G. N. Shoup, and while we bow in humble submission to the will of Him who doeth all things well; therefore be it

Resolved, That we, the members of Allegheny Division, System Division No. 17, Order of Rail Road Telegraphers, extend to the bereaved brother and members of the family our sincere and heartfelt sympathy in this their hour of sadness and sorrow: and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother and a copy sent to THE RAILROAD TELEGRAPHER for publication.

O. T. ARENDT,
EMIL MARSHALL,
G. M. SLOUGHENHAUPT,
Committee.

IN MEMORIAM.

WHEREAS, It has pleased our heavenly Father, in His infinite wisdom, to call from this earth to a brighter world our loyal and worthy brother, J. L. Crawley; in manifestation of our fraternal grief and sympathy, be it

Resolved, That we, the members of Allegheny Division, System Division No. 17, Order of Railroad Telegraphers, extend to the bereaved family our sincere and heartfelt sympathy in this their hour of sorrow and sadness and commend them to the all-wise Ruler, who doeth all things well; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved family and a copy sent to THE RAILROAD TELEGRAPHER for publication.

O. T. ARENDT,
M. J. McGARTY,
H. T. MARSH,
Committee.

Buffalo Division—

Bro. Ridgeway, Hauber and Culley are our recent new members. Brothers, now try to get some of your friends to join also. The O. R. T.
D. A. & S. has only one paid-up member left on the Rochester branch. Glad to see them get wise.

General Chairman Bro. Miller writes that the P. R. R. is going to give us a raise because the O. R. T. secured one on the B. & O. The O. R. T. D. A. & S. men will try to take the credit of getting the raise. Brothers, don't allow them to fool the nons around you with any such dope if we should happen to get any such raise; also beware of the so-called Perren. R. R. Co.'s mutual benefit department.

Bro. Butzer, agent Keating Summit, Pa., on ten days' vacation through Michigan.

Am glad to see the boys passing the medical examination O. K.

Bro. Taylor is back at Relay tower, and Bro. Francis has resumed second there.

The P. R. R. laid off a lot of men lately, due to hard times. The nons who have steady work should get wise and get an up-to-date.

Bro. Hammond is on the relief job, as usual, and the boys are enjoying the fishing. Bro. Botsford secured a fine mess of trout on his relief day.

The relay work was taken out of "WB" tower and put back in "JN," cutting the wages back to $67.35.

Mr. Beyea is back again on second Sizer, after being away a week moving to the great summer resort. We expect to call him brother before long.

Brothers, see that the few delinquents pay their dues and get in good standing, so their beneficiaries may be protected. We need your support to have them pay up before it is too late.

The get-together plan is meeting with great favor among the men in the five brotherhoods. Brothers, put the nons next to you wise, and show them where they will stand if they don't get in and help the good work along.

General Chairman Bro. Miller succeeded in having his "two days' rest per month with regular compensation" bill passed in New Jersey. He never tires in doing something for his fellow craftsmen. If we all had his spirit for a few months and would work like he does, we would soon have a solid organization here.

Bro. Conductor Mulroy is still cracking away at the nons whenever he gets a chance.

Nothing received from the Chautauqua branch this month. "Boo."

Chicago District—

Sincere thanks extended to Bro. Ciss for this write-up.

Bro. H. E. Hutchins, first east end double track, spent his twelve days' vacation visiting his wife's folks at Van Wert, Ohio, relieved by Mr. Stork. Bro. Hutchins is very well pleased with the new quarters that the company put up for him to live in, saving him the trip to Hammond each day.

Bro. C. W. White, third South Wanaunas, was relieved by Mr. Cassidy, while off sick.

Bro. C. O. Crisenberry, first Knox, was off ten days, relieved by Mr. Burke, who will soon be with us. He also relieved Bro. Lidgirt, second Hibbard, a few days, and later relieved H. C. Wise, who has been relieving Bro. Peasley, third Hibbard, for quite awhile, on vacation.

Bro. H. A. Snyder, third Claypool, was relieved by Mr. Cassiday a few days while his wife went to the hospital for an operation. She is improving nicely, and hopes to be at home in a few days.

Bro. E. E. Easley, first South Whitley, made a business trip to Hobart a few days ago between trains.

Bro. Dixon, first message room "FO," attended the I. O. O. F. meeting at Continental, Ohio, and reported a grand time. Mr. Bird relieved Dixon while he was copying a twenty-day stunt. You could tell a difference in the work, as Bro. Dixon's sending is that of a loyal O. R. T. man.

Bro. W. C. Leslie, agent Ober, on vacation, relieved by a new man. We hope to be able to line him up.

It is now Bro. F. B. Williamson at Bruket. Bro. Earney was a good, loyal member when he was here before, and we know that he will be now. Gene White, "FO," promises to line up soon.

New members for March: P. S. Lazarus, Cleveland, Ohio; W. A. Hatch and R. C. Thompson, Kingsville, Ohio; H. Kienzie, Lorain, Ohio; F. A. Blakeslee, Ashtabula, Ohio; F. H. Farquharson, Madison, Ohio, and H. S. Dunlop, Euclid, Ohio. Thanks to our general chairman. Every member secure at least one application, and we will soon have the high percentage we desire.

Remember the meeting at Hammond, Ind., which is held in the I. O. O. F. Hall, on Main street, the last Saturday night of each month. The meetings have been well attended this winter and spring, and we hope that every member will do his utmost to be present. Bro. G. Dal Jones, chief telegrapher from Division 91, was present at the meeting in March, and gave an excellent address on the organization. Brothers who have not heard this brother talk should be at the meeting in May. Bro. Jones has promised to attend. He is closely connected with the various labor organizations in Illinois, and has made a special study of organization; therefore, remember the date and be on hand.

On account of being crippled up with rheumatism, your correspondent was unable to get away to learn what was doing last month, but is able to be around again, and will try to do better next time.

Second District—

Bro. R. O Waddell, first trick operator in the dispatcher's office at Conneaut, has just returned from an enjoyable three months' trip to New Orleans and the sunny South. He takes a trip to Dixie about every two years.

Bro. Frank Kelley, Conneaut yard, was relieved a few days, on account of sickness, by Earl Shepard, now at Westfield, N. Y.
Bro. Jump, second Shinrock, laying off, relieved by a new man. Get busy, boys, and line up the nons. Remember your duty to the company, the Order and yourselves and those depending on you.

CERT. 142.

Bro. Mulley moved his household goods from Cooks Falls to Apex, where he is working second.

Chas. D. O'Niel, second Walton, is on two months' leave, trying out another job with more congenial hours and better pay. We miss his baseball scores every night, but wish him luck.

Bro. Cudney, East Branch, was relieved a few days recently by Mr. Sherwood, who later relieved Bro. Hoffman, second at Northfield, who relieved O'Niel on second Walton. Later Bro. Cudney was called home to Spring Glen on account of the serious illness of his father, relieved by Bro. E. D. Maynard, who was on second at Cadasia two or three years ago, later going to Scranton Division and then to Canada. We are glad to have him back on the O. & W.

Things seem to be a little quiet just now. A decision either way by the Interstate Commerce Commission on the rate question would no doubt start things humming, as it is probably only the uncertainty that is holding business back.

H. J. Degraw, Div. Cor.

Div. No. 22.

Wichita Falls Division—

We now have about five hundred members in good standing and new applications coming in every day. Let every O. R. T. boy and girl on the Katy get busy—land the nons and be prepared on June 1st to pay up your dues, and remind any member we see or hear of falling behind to pay up. We want to be solid and everybody have an up-to-date January 1, 1915, so we will have plenty of backing. Then we can secure one of the best schedules in the country.

Jobs are being batted up promptly since our contract went into effect, which we certainly appreciate. Don't overlook the importance of mailing your local chairman copies of your bids, and always write him about anything you hear or see pertaining to our welfare. Remember, he has his hands full the same as the rest of us attending to his station duties. He does not draw any salary for being local chairman, but is willing at all times to do all he can for the good of the Order and its members. But if we don't notify him of the faults he can not rectify them.

We will have our hands full this year moving the wheat from this section of the country, as there was never a better prospect for a bumper crop. Let us all endeavor to give the company the best of service. Exclusive telegraphers should not abscond themselves from the immediate vicinity of the wires without permission. Try to be on the job when "DI" calls, as he always has plenty of work to do.

Brothers, send a few items to your local chairman. He don't hear all news and can not make an interesting write-up without your help.

Bro. Lane is now on extra out of Mangum. His position at Frederick being abolished, and a new position, cashier-telegrapher, created there, which was bid away from him by Staggs.

Bro. C. V. Williams recently returned to Altus, having been called home on account of the death of his father. We extend our sincere sympathy to the bereaved brother.

Telegrapher Rouer, first Mangum, has returned after a thirty days' visit to his parents in Ft. Worth, Tex.

Bro. S. V. Lively is back on second trick Mangum relieving Bro. Lane.

Bro. D. L. Fritz is working as clerk Burk Burnett, Tex., on account of reduction of force.

Bro. Will Anderson is at the C. & O. W. Jct. agency, after a few days' recreation in Texas.

Local Chairman Shelton and his two boys are sitting up nights with whooping cough. We hope they will all be over it soon.

Bro. L. W. Fritz, agent Woodward, spent a few days in Oklahoma City attending court.

Bro. F. C. Donnelly, agent Hammon, Okla., is entertaining his brother from Kansas City.

Bro. J. T. Lyon, agent Sharon, witnessed the first baseball game of the season in Woodward.

Bro. J. L. Martin, Loveland, has just returned from a short vacation.

Agent Morgan bid in Hollis, leaving Vici up for bids.

Brothers, remember that it's against the rules to give out any information regarding the war situation, but don't forget to mail your local chairman any news you happen to hear. If you take leave of absence, tell him where you went and what you saw. Also ascertain if that fellow working next station to you, or anywhere on the line, has a card, and tell your local chairman all about him.

Remember the motto, "No card, no favors."

"Sunshine on the Katy"—

The depth of the meaning of this can best be appreciated or comprehended by the writer. It has been many days since I have been permitted to speak to my fellow workers through the columns of this journal, and I would like to offer a little persuasion to the boys on the Katy.

The committee that labored untiringly and secured the recognition and schedule for all the boys is certainly entitled to great praise for its efforts. But there are many things yet to be done; we have as yet only laid the foundation and cornerstone on which to build, and must now finish the building substantially. We have the material; all that is needed is the shaping and placing it in proper place.
Our general chairman is out doing good work and we should keep him on the road all the time. This is a big system and it takes several weeks for him to go over the line, so that he would not get to see the boys very many times each year. This work may look easy to the man who is not well posted as to the conditions surrounding it, but we must not permit what has been done to be undone for lack of interest on our part. Many of us have been benefited pretty substantially with the new schedule, and should be willing to divide this increase the first year or two to build up our treasury, so that we can be in a position to maintain our general chairman continuously on the road for the next year. At the rate new members are coming in, it will only be a few weeks until you will not find over twenty, perhaps, without a card. Our portion of the dues paid in will amount to about $2,000 a year at present, but it will take about $2,500 per year to maintain our general chairman on the road. Then we should have a surplus laid up in our treasury for next year to meet the expenses of the committee when it goes back; therefore, I propose that Division 22 assess each member $3.00 July 1st and January 1st for this fund, allowing our yearly dues to remain the same as at present. Compared with the increase we have received, dues and extra assessments all paid, would only take one-half of the amount of our increase, if we received but $2.50 per month, say nothing about the better working conditions. I know some of our loyal members, classed as “exclusive agents,” did not fare as well as we would have liked, but there is a remedy, and it will be applied the next trip.

Let us all put our shoulders to the wheel and keep it rolling. The little proverb says, “A rolling stone gathers no moss,” and “A setting hen does not get fat.” When the iron is hot it is time to strike it, for when it cools it is difficult to shape it again.

I have heard several of our officials express themselves in regard to our schedule; know that they are ready to meet us half way on any proposition. In appreciation of their generous recognition of our cause, let us all show them that we fully appreciate the courtesies shown us, and help them to make a substantial increase in earnings, and 1914 a banner year for the “Old Katy.”

Remember, boys, “In union there is strength.”

CERT. (Grand) 1900.

McAlester District—

Now, that we are on the fair list once more, each district should render a good write-up every month, and tell us the news. We all feel grateful for the courteous treatment shown our committee during the past four months by the management, and in return are rendering the best possible service. Let us show our appreciation to our committee by keeping our dues paid up and each member pick a non, go right after him and never give up until we land him. We have still several on this district who claim they are hard up and can not afford to go in just now. These boys have received a nice increase in salary through the efforts of our committee, which they do not hesitate to accept each month. This increase would pay their dues for an entire year, buy a good suit of clothes and still have a dollar or two left. Keep after them until we make this district solid, never overlooking, “No card, no favors.”

On Saturday night, March 21st, a joint meeting with the Rock Island was held at the McAlester Trades and Labor Council’s hall, McAlester, Okla., and the McAlester O. R. T. Club organized. A committee appointed to draw up a constitution and by-laws completed its work before the meeting adjourned, and their report submitted and passed upon at the meeting held at the same hall and place April 25, 1914. Our meetings held on Saturday night will be changed to some other night, and all will be duly notified.

We had a good attendance, but bad weather and late trains prevented many from coming.

Bro. Henry, of the F. S. & W., at Crowder, was a welcome visitor at the meeting March 21st.

Our first trick dispatcher has returned to Muskogee after spending a week looking after his interests in the oil fields. The oil fever is very contagious. Be careful, boys.

Bro. Willis, Allen and Morahan, of McAlester, are looking forward to a ninety-day leave of absence in the near future.

You boys at Kiowa make a brother out of your third trick man.

We are glad to see Bro. C. E. Parker, our general chairman, is back again at Wilburton, and we thank him from the bottom of our hearts for the grand things he has done for us. We are with him, one and all. “No card, no favors” is our motto.

Bro. Ragland is back again at Eufaula after a siege with the mumps.

Genl. Ragland, chief clerk in the chief dispatcher’s office since December, has returned to Muskogee. He displaced Mr. Phares, who went to Denison relay, and will probably be used for vacation relief.

Now brothers, keep your eagle-eye out for new men; if non, then let’s make them members; if members of other divisions, have them transfer to No. 22.

Let me have all the notes you can by the 20th of the month. It is almost impossible for your local chairman to get all the news, changes, names and initials, etc. Address your letters to the McAlester O. R. T. Club, Box 193, North McAlester, Okla.

CERT. (Grand) 3752.

Statement in the February issue of The Telegrapher, relative to Mr. J. G. Tuffley being discharged through the influence of the C. & N. W., and also that Mr. Tuffley was not a member, is in error. He was not discharged from “The Milwaukee’s” service, and is a member of Division 23. This is to correct the erroneous statement in the former write-up.

Trans-Missouri Division—

Local Chairman Hoesley wishes to remind the few delinquents to remit to Bro. Derrickson at once. Read the third annual report compiled by Bros. So get your new cards, boys, and keep them up to date all the time, and get in the few nons on our division. The only way our representatives will be able to accomplish results is outlined in the annual report. Show the nons that by joining our Order they better their own as well as our working conditions.

Bros. Suyster and Derrickson should be given a vote of thanks for the excellent way in which our division has been managed during the past year. A. C. Peterson, from the I. & D. Division, is now trainmaster, vice Mr. Druen, resigned. Mr. Druen's many friends regret his departure. Mr. R. E. O'Neill relieved at Seymour two weeks. The item in the February TELEGRAPHER that Bro. O'Neill had resigned was an error. Ex-Bro. Ben Stauft relieved Bro. Benn at Rubio, Bro. McCarthy at Linby and Bro. Chase at Rutledge.

Bro. Kelsey, at Aman, relieved on account of sickness in family by Bro. Kay Lewis, from the C. B. & Q.

Bro. Baker, on second Excelsior Springs pending assignment, relieved Bro. Sandusky at Powersville a few nights.

Bro. Johnson, of Cone third, made a flying trip to Ottumwa recently.
The loop job at Ottumwa Jct. has been abolished.
The second operator at Rutledge now works all of his nine hours there, and the agent has a six-hour trick. This arrangement is more agreeable to Bro. Atkins.
The good-natured east end lineman, Carl Liston, and John Sowders, superintendent's chief clerk, went through an attack of smallpox, but seems none the worse for it.
Was a pretty busy man last month, and didn't get a chance to send in usual bunch of items. Will not fail again if it can be helped.
Bro. Baker on Chula second pending assignment.
Bro. Maytum, of Polo, has been making trips to Chillicothe to visit his daughter, in a hospital there on account of a serious operation.
The national editorial special that we put through to Kansas City, April 21st, was a swell train and should get the company some good advertising. A fast daylight Chicago-Kansas City train on this schedule has often been suggested, and it would be a fine thing.
Bro. George Gallagher has returned to Sigourney, after spending a good part of the winter on his fruit ranch in Arizona.
Bro. Johnstone has resigned Rathbun agency.

Bro. Hartzell, second Vermillion, while moving his family from Omaha, was relieved by Mr. Bruce, from the C. & N. W.

The depot at Elk Point has been furnished with locks on all the doors to keep the "BOs" out. It was impossible to keep it in shape with them hanging around.

If you will all put your shoulder to the wheel, this division will soon be solid. A few can not do it all. By doing your duty we can get results.

Bro. Woods has given up the correspondent's job, and this is our first attempt at a write-up. You will help us a great deal by sending all the notes of changes, etc., that you hear of.

Bro. Seward has resumed at Corsica, after a siege with the dentist.

Hudson, S. D., agency on bulletin.

The I. & D. Division seems to have had better material for the Sioux Falls agency, as I have not heard of any S. C. & D. agent being offered the position.

The 2½-cent passenger rate went into effect on April 15th in South Dakota, and the interstate on May 1st.

Some restrictions should be placed on immigration from the south of Europe, Africa and Asia. Thousands out of employment are coming here every month. "Uncle Sam" will have to devise some plan to give them work until they are here the length of time required to gain a title to the land not yet taken up; otherwise most of them will starve. Most of them I know are poorer now than when they tried it out the past two or three years. Coming down to our own troubles, although we represent lots of jobs, there is no reason for taking on students. If any of you have outside business that requires your attention away from your job, quit and let some fellow have it who will run it without a student.

CERT. 15.

Dubuque Division—

Bro. Knapp, Smiths, while visiting relatives at Cedar Rapids was relieved by A. M. Yeager.

Mrs. R. V. Lane bid in second, and H. C. Marts, helper Montgomery, third Castle Rock.

Bro. H. V. Pickel, third Northfield, drew Blooming Prairie second, and Bro. Finnegan, Bixby agency, vice Mr. KIrly, from the M. & St. L. wires were recently installed there.

Bro. Barlow, agent Chester, was relieved several days by Mr. Spencer, who also relieved Bro. Gleason, first Cresco, a few days, and Bro. Platt, agent Lime Springs, a week.

We are glad to welcome J. F. Gosh, Blooming Prairie, as brother again, also Bro. C. E. Maretz at Castle Rock.

Most of the few delinquents are brothers who have been with us a long time. The committee will convene again in Chicago shortly, and we hope they will all be lined up before that time. Every time a member drops out we are weakened just that much. It is a business proposition, and a worthy one to always keep up to date. The nons are the first to grab any good thing they possibly can, and should not receive any courtesy whatever from those who pay out their money year after year to maintain our schedule.

DIV. CON.

River Division—

Bro. John Sainsbury has taken first Hoffman Ave.; Bro. Clifford third, and Mr. Feed Chestnut St. third; Bro. Coddington going back on first there, vice Mr. Ogle returned to I. & M. Division.

Bro. Ferrier, signal tower, taken suddenly ill, was relieved by Bro. G. J. Leahy, from lower yard, relieved by Mr. Hanson, from Canada. Bro. G. J. Leahy, while at signal tower, was sick one day; Bros. Cahill and Kenyon doubling. Bro. J. P. Leahy relieved Bro. G. J. Leahy at signal tower, who went to third South Minneapolis. Bro. Kugler, who bid in the latter, relieved Bro. Leahy at lower yard.

The brothers who have worked in the terminal district will be grieved to learn of the death of John Rogan, familiarly known as "Shanty" Rogan, who was instantly killed at lower yard on April 5th while switching cars. He was an old-timer, and well liked by all who knew him for his ready wit. His bereaved wife and children have the sympathy of all.

Bro. C. D. Galliven, of "C" office, has been selected to do the extra dispatching at Newport this summer. Congratulations. The last three promotions on this pike have been loyal brothers—nons should get onto this. The officials realize that a man intelligent enough to look after his own interests is a good one to safeguard the interests of the company.

The Western Union office at Hastings has been closed and the business turned over to Bro. Moore, which keeps him on the jump and incidentally adds to his commission.

Bro. Olsen, from Lake City, relieved Mr. Lemen, at Hastings yard, a few days recently.

Bro. Fast, on vacation a week, relieved at Hastings by Mr. Wyler, from Vermillion.

Bro. Witte, first at Wabasha, visited in the Twin Cities on Sunday, April 5th.

The new automatic signals placed in service between Wabasha and Winona, April 16th, closing Whitman entirely, taking off second man at Kellogg and possibly third man at Minnesota City.

Bro. Junkin, agent at Kellogg, will probably go into the chicken business now that he don't have to block trains. Rhode Island Reds ought to be cheap when "Junk" gets going. This chicken business is some business around Kellogg.

Local Chairman Hanson went, as routing clerk, to the Jewell Nursery Co., Lake City, April 1st, for five or six weeks during the spring shipments. Bro. Workman going on first and Bro. Olson on second. The latter relieved Bro. Lemen, at Hastings yard, on ten days' vacation.

Bro. Thayer and Olson lost out at Frontenac when the automatic block signals went into effect; Bro. Thayer going to second Weaver, and Bro. Olson to second Hastings yard. Bro. Tackaberry, at Frontenac, since losing his two operators, was furnished with a $25 helper, making it a twelve-hour job. "Tack" says the helper can do the rough work, which helps some.

Bro. Kugler, who lost out via the new automatic signals at Wacouta, relieved Bro. Field, at Kellogg, while he was relieving Bro. Junkin.

Bro. Workman, at Lake City, is bacheloring while his wife is on a visit to Montana.

Mr. Potter, baggageman at Minneapolis for five or six months, came back to Lake City as baggageman on April 1st.
Prairie du Chien and Mineral Point Divisions—

General Secretary and Treasurer Derrickson called on several brothers along the division recently.

Bro. Gunderson, second Lone Rock, was relieved a few days by Mr. Bock, a new man from Mazomanie. Wonder if an article in our schedule has not been violated?

Bro. J. J. Connell, now at Ellenburg, Wash., on the Puget Sound, called recently on his many friends along the division.

Bro. J. J. Gallagher was assigned to Monticello agency, and Middletown is now pending bulletin.

Bro. Thurbur, Muscoda, was relieved a few days recently by Extra Richter.

Agent Shipley, Cross Plains, off three months, is being relieved by Bro. Ed Coleman, of Boscobel second, now temporarily on bulletin.

Bro. Martin, second, and Vaughan, third Waukeza, have asked permission to exchange tricks and hold rights accordingly. Bro. Sprattler, Mineral Point days, on six months’ leave; position pending bulletin.

Superintendent Thurbur, Chief Dispatcher Agner, Traveling Freight Agent Anderson and Mitchell made a two days’ inspection trip by special train over these divisions recently.

Bro. Hitchcock, McFarland second, was relieved two days by Mr. Hotaling, a student of Carroll College, Waukesha.

Chief Dispatcher Agner has requested all operators to send him their office copies of all train orders received on April 13th, criticism being made that some of them could not be read on account of using worn-out carbons, and failing to check orders. We should be very particular to check train orders, as a strict ruling to that effect was issued by the officials. Failure to do so may cause discipline.

We were pleased to learn of the election of Bro. W. C. Olson, second Eagle, to the office of assessor of that village, and wish him success.

There are still a few eligibles, and members should make a special effort to get them, and make the division solid. There are also a few delinquents who cause a great deal of correspondence for the general secretary and treasurer and local chairman. Dues are a debt and should be paid promptly like any other obligation. We should strive to have them remedy this and keep in good standing.

Wisconsin Valley Division—

IN MEMORIAM.

WHEREAS, At the pleasure of the Great Creator, our brother, R. E. Schultz, local chairman of the Wisconsin Valley Division, has been removed from hence by death; and

WHEREAS, His services and loyalty to Division 23, Order of Railroad Telegraphers, will be sorely missed and his place in his home as a loving husband, father and brother made vacant; therefore, be it

Resolved, By Division 23, Order of Railroad Telegraphers, that we hereby extend our sincere sympathy to the sorrowing wife, son and brother, and we do commend them to the aid of the All Father for comfort in their loss; and be it further

Resolved, That a copy of these resolutions be sent Mrs. Schultz, Bro. Herman F. Schultz, and also a copy to Bro. L. W. Quick for publication in The Telegrapher.

Div. No. 25.

Ft. Worth Division—

The big booster meeting held at Houston, Sunday, April 5th, was a grand success. Over one hundred were present—representing nearly every line in Texas, and all had a very enjoyable time. It is regretted that more of the members from this division could not have been present.

The telegraphers legislative board of Texas held a business meeting in the afternoon. It is now composed of nineteen members representing the telegraphers of practically every line in that State. The officers are: Chairman, E. B. Hill (S. A. & A. P.), 1027 Yale St., Houston, Tex.; secretary and treasurer, A. E. Lausure (H. & T. C), Ennis, Tex.; executive committee—W. J. Haddon, (S. P.), San Antonio; Chas. C. Webner (I. & G. N.), Mart and P. J. Kelley (M. K. & T.), Taylor.

Our enterprising local chairman, and Bro. M. M. Mosely, secretary and treasurer M. K. & T. System, are arranging for a similar meeting at Waco, but are not yet able to make any definite announcement. Let everyone attend who can possibly do so. Bro. Webner has been keeping things alive along this division by himself about long enough. Let us show him that we appreciate what he has been doing in our behalf by lining up the nons, and give the company the best possible service, so much superior to that of the non that the officials are bound to notice it.

Bro. Reulet, High Bank, bid in first Italy; there being no bids on “HG” it was assigned to J. A. Scott, a new man on this division.

Bro. Glen Fretwell has returned to Mart after a month’s vacation spent with relatives in Arkansas. It’s now Bro. “DM” there, making it solid.

Bro. C. Hellums bid in second Marlin, relieved on third Bryan by Mr. Hatfield, who promises to line up payday.
THE RAILROAD TELEGRAPHER.

Bro. Menger, Navasota, and Bro. Webner, Mart, attended the booster meeting at Houston.

Louisiana Division—

Bro. G. B. Rogers relieved Mr. Lewis on second Georgetown. Later Georgetown was discontinued as a train order office, and the two operators moved to Rochelle, creating a continuous office, and the two added bulletin. Also third trick passenger depot Monroe and agency Boscoe where Bro. Elton was relieved by Mr. Neel, when assigned Griffin agency. J. W. Butler, agent Riverton, who was sick a few days, was relieved by Bro. Elton.

It's now Bro. J. W. Waggoner, second Olla again. Hope the other boys will fall in line.

Bro. H. A. Eckler, from Southern Pacific, who relieved J. O. Nettles at Griffin agency, was later relieved by T. M. Butler, from the Tremont & Gulf, and relieved Bro. A. L. Davis at Farmer ville, resigned.

The two telephone jobs on the branch pay good salaries; one of the men has promised him his application. Let's see that he don't forget and get in the other phone also.

Bro. Jack Bernard, who bid in Huttig telegraph job recently, has been made manager for the Western Union there, adding $6 or $7 to his salary. This is a W. U. relay point for Marion and Farmerville, and he will earn all he gets.

There are two or three offices where there is only a Western Union wire, that are handling "22" report and railroad messages. Lawson gives Eldorado his "22" daily over the Western Union wire. This practice should be discontinued.

There has been considerable trouble on the branches on account of washouts. One at Haile delaying all trains in and out of Monroe on the L. R. & M.

The writer is being temporarily relieved by Mr. Bush, a new man, on account of illness, but hopes to resume work shortly.

While our progress on this division is somewhat slow there is more interest shown right now than at any other time. Some of the boys know that we mean business, and we will soon be almost solid on all our districts. We hope the Lake Charles District members will soon line the boys up over there, and also furnish us the news, otherwise it is difficult to learn what is going on there.

We wish to especially thank Bro. Jack Bernard, Huttig, Ark., for the help he has given us on his territory. J. W. M., Cert. 1941, Div. Cor.

Wichita Division—

Chief Dispatcher Knapp, while off being made a 32d degree Mason, was relieved by First Trick Dispatcher C. E. Welch, and he by Dispatcher Larson, relieved in "H" office by Extra Dean.

Bro. J. M. Blackman, Hazelton, assigned Redfield agency.

Ernest Leedy, clerk Kanapolis, appointed agent Potwin, and J. W. Scheis telegrapher at Lyons.

Bro. Groves, from the Rock Island, who has been relieving telegraphers at Durand and Yates Center, is now at Eldorado.

Bro. Cliff Underwood, Yates Center second, attended the consistory at Wichita.

Telegrapher Young, of Eldorado, while off on account of sickness in the family, was relieved by F. H. Jenkins, and he on third by Groves.

Clearwater agency on bulletin; Bro. Blomberg, of Hardtner, being the oldest bidder. The express business there is most all handled at the Santa Fe.

Bro. Huddelson, on account of poor health, bid in Batesville agency, vice Sister L. E. Kluckhuhn, in the hospital for six weeks, but now much improved.

Bro. Kessinger has returned from his vacation.

Don't forget to call up the correspondent at Recce, or the local chairman at Haven, and give us any items that may be of interest.

G. E. T., Div. Cor.

Southern Kansas Division—

Prospects for good business is very promising, and most all the extra men are at work. The wheat crop on the west end is the best it has been for years, and business will be humming when it commences to move. The rain this month has brought out the crops fine. A good year for the company means a good year for us, so let's all pull for it.

Brothers, there are still a few nons left; find out whether the man working alongside of you is up to date, if not with you line him up. It is your business and your duty to do this, and you can do it better than anyone else because you are right there to explain to him what the Order has accomplished. With a little assistance from all concerned we will soon be solid.

A few of the brothers have been a little negligent and failed to remit their dues and their insurance is now forfeited. In order to protect their beneficiaries they should renew at once.

Let me know when a change is made at your office, and send me the relieving man's name. If up to date give me his division and certificate number. It won't take you five minutes to find this all out, and it will be a great help in keeping the division lined up. Get familiar with the schedule, and if you are not getting what is coming to you take it up at once. The management expects to pay you on this basis, and it is your fault if you let it slip by.

Bro. Kennedy, third Altoona, also off sick, relieved by J. F. Connaughton.

Bro. Holleran, second Deering, was off a few days, relieved by Bro. Patterson, from the Union Pacific.
Bro. Crone, second Buffalo, relieved at Sedan while Bro. Thompson relieved Agent Jarvis, off sick.

Bro. Stroder, agent Rose, bid in second Garnett, vice Mr. Brandon, who bid in Rose agency.

It is now Bro. L. A. Martin, at Lane, and Bro. F. P. Strange, Coffeyville.

Bro. Ralph Henderson, Knoxville, Ark., formerly on second Neodesha, is visiting Bro. T. R. Henderson and family at Wauneta.

Bro. T. W. Harmon was off several days recently looking after his farm in Nebraska.

Bro. C. A. Vinson, on second Lane, was relieved a few days by Mr. Butler.

Bro. Nigh, who went to second Garnett while Bro. Stroder relieved Bro. Crites a few days at Westphalia, later relieved Bro. McCormick at Mont Ida.

No notes were received this month from anyone. I would be glad if some brother would volunteer to act as correspondent, and will publish it in next month’s journal. Then all notes can be sent him, and we will all assist him.

T. F. Jameson, Local Chairman.

Eastern Division—

Several of the boys have promised to send me news, but all I get I have to go after on the wires. Every brother that has a change of any kind at his station, please let me know about it. This will be appreciated, as it is hard to get all the news over the wires. Mail your items to third trick operator Cole Jct., as I forget half I get over the wire before I have time to write it down. Some brother on the east end send me the news from that locality, and let’s have a good monthly write-up.

Bro. McClain is back on third Independence. Mr. Martin left the service.

Bro. Wilmarth, first Holden, off a few days, relieved by Mr. Hendrix.

Bro. McBride, our assistant local chairman, is preparing to visit Salt Lake City.

Bro. B. S. Bryan, Sedalia yard, off a few days, relieved by Extra Willis, Centerton nights.

The block system opened on River District, April 10th, with Stanhope nights, Boonville second and Hodge nights as the only new jobs. Grand Pass nights closed, vice Mr. Best, who drew Boonville second; Bro. Hutton, Stanhope, and Bro. Keown, Hodge.

We are blocking with several $40 men on river, but we can’t help it until we get a solid bunch on this pike. Everybody tell the non that this is the only way to get them better wages and fairer conditions.

Bro. Kresl, who opened Stanhope nights, relieved Non Hall, third Blackwater, a few days. Bro. H. L. Dare, on his sixty days’ vacation, is now at Hodge nights.

Bro. O. G. Tipton, agent Buckner, quarantined a few weeks with smallpox in family, was relieved by Bro. Reavis.

Bro. Burlingame is now on second Pacific.

Bro. Bartley, third Gasconade, was off a few days recently, relieved by Bro. Rippstein, who later relieved Bro. Singleton, Eureka nights, to Kent on bid.

Bro. Keithley is back on second Washington, after a siege with smallpox, relieved by F. Davis.

Bro. Duncan, Chamois, was off a few weeks, relieved by Mr. Moade, a new man. Segler on first and Talley on second Morrison.

Bro. Lewis, third Myrick, off several weeks with mumps, has resumed work.

Our committee is soon going up for another schedule. Let’s all try to get a new member, so we will be strong enough to get that $75 minimum. There are several delinquents and nons along the line that could give us a great lift as well as help themselves by getting up to date and not be living off someone else. Remember, “No card, no favors.” Don’t forget the news about the 20th of each month.

Kans. City to Omaha—

Brothers, let us all get after the nons and make it 100 per cent strong.

Bro. R. E. Davis is on third at his home town, Wolcott, pending bulletin. Bro. Farrah, second Wolcott, has gone to housekeeping.

Local Chairman Williams is putting in his garden, having given up poultry-raising.

Bro. Black, third Leavenworth Jct., has his motorcycle in condition again.

L. T. Smith, Falls City, while visiting at home a few days, was relieved by Mr. Rulon.

The non who drew second Wolcott had to turn it down because he could not give bond. If each agent would demand a bond from such men, it would not be long before we would be 100 per cent strong.

Bro. Freeder, “KI” Omaha, is lining up the backsliders on the Belt Line.

We wish to thank Bro. Thomas, of Leavenworth, for the items he sent us. If some of the other brothers would do likewise, we could have a nice write-up each month. Would like to hear from some of the boys on the K. C. N. W. and north end.

Bro. H. R. Walker is happy again. His mother and brother have moved to St. Joe, and Harry can eat mother’s cooking again.

Bro. Martin, assistant local chairman, is about to quit railroad work and devote his time to his well-stocked farm.

Understand Drake, Morris, Fuller, Hayter and a few others are planning to go to Mexico, as the railroads are not organized in their line of work there.
Dispatcher Kelly was off a few days visiting friends in Omaha, and Bro. Dyer was on a trip to Kansas City recently.

Agency Paul and second Union are on bulletin. Brothres, send me all the news you can, even if it is only one item, and I will see that it is sent to Bro. Quick. 

Valley Division—

There were twenty-three present at the regular meeting on Sunday, April 12th, at McGehee, the division headquarters.

General Chairman Maxwell, from St. Louis, was present. Short talks were made by all present and much information gained.

These meetings are being well attended, and a growing interest is manifested. We hope every man on the division will make every effort possible to be present to mingle with his fellow operators, as it is the only way to see and converse with some of them. Our trainmaster, superintendent and "XDP" will do all they can to make it possible for you to attend these meetings.

General Chairman Maxwell, Local Chairman Lewis and Assistant Local Chairman Barker had a very satisfactory consultation recently at Little Rock with General Superintendent Dean regarding some matters that could not be settled with the local officials.

It is now Bro. Roul and his clerk at Monticello.

Bro. Williams, Lake Village, is laid up with a bone felon.

Local Chairman Bro. Lewis has returned from St. Louis, where he has been in session with the general committee, of which he is a member, auditing the accounts of General Secretary and Treasurer Mohler, which were found in splendid condition.

Don't overlook the fact that the local chairman has warned you against signing conductors' names to "31" orders, and that if you do this and get into trouble you will have to suffer the consequences. If you are asked by the dispatcher or anyone else in authority to do this, require them to give you either a message or an order to do so.

The committee will go up in August for a new schedule and will need your assistance. You can help in this move by paying your dues promptly and seeing that all others do likewise, also by making a personal effort to line up the nons.

Some time ago it was reported that Bro. Gibert, agent Parkdale, was a non. I am glad to correct this, as Bro. Gibert is a good Order man, and we beg his pardon for making this error.

Missouri Division—

Bro. C. M. Lane, agent Kimmswick, off sixty days, was relieved by F. B. Phillips.

Bro. W. S. Thompson, Hogan third, was off a few days recently.

Bro. F. J. Rozier, at Middle Brook, was off a few nights, relieved by Bro. L. P. Dozenbach, from Doe Run Jct.

Bro. G. W. Hodges, Cliff Cave third, was off a few days recently.

Bro. G. A. Phillips, Des Arc, was off several nights celebrating his mother's birthday in St. Louis.

Bro. C. S. Swan, Piedmont first, on thirty days' vacation to Los Angeles, was relieved by Bro. F. F. Black.

Bro. R. L. Drury, of Mill Springs, was called home on account of the death of his father at Ste. Genevieve, Mo. The brothers all extend him their sincere sympathy.

Sorry to hear that Bro. C. C. Courtenay, nights Hilliard, is having so much sickness in his family.

Bro. C. H. Cooper, agent Harrell was relieved several days last month by Bro. J. F. Dee, of second there. Bro. Jack Chase, third at Harrell, was off a week last month on account of sickness.

Bro. B. W. Fink, of the Cotton Belt, relieved George Johnson at Neelyville while visiting his home at Shenandoah, Iowa. Bro. Fred Biggs, second at Neelyville, has recovered from his gun wounds.

Bro. A. Carty, of Delta, bid in O'kean agency.

Bro. S. N. and G. W. Gray, of Delaplaine nights and Walnut Ridge agency, called to the bedside and death of their father at Cornings, were relieved by Bro. A. B. Ford and Mr. Davis.

V. Otey, agent Knobel, has resigned and gone to Crawfordville, on the Memphis Division, relieved by Mr. Naylor, from the Missouri Pacific.

Bro. Chas. Hall, second Knobel, while off owing to the illness of his wife in St. Vincent's Infirmary at Little Rock, was relieved by Bro. A. B. Ford. Glad to note that she is improving rapidly.

Boys, we should remit just as promptly for our cards as before the new schedule was issued. There is not an office on the division but what received enough raise over the old schedule to pay our dues and have a little change left over.

B. H. SELVIDGE, L. C. and Div. Cor.

Frisco R. R., Div. No. 32.

Northern Division—

Bro. Conover, agent Rich Hill, was off for two weeks; relieved by Bro. Dalrymple, from Lenexa.

Narcissus on the Afton sub closed as a telegraph office. Mr. Skipper bumped Rafferty at Opolis, who bumped Bro. Dalrymple at Lenexa to extra.

Bro. Gillahan was relieved at Pleasanton several days by Bro. Hartman, from Ocheltree, who also relieved Bro. Scotty, at Hammond, a few days.

Bro. Strain, second La Cygne, off a few days, was relieved by Bro. Dalrymple.

Bro. Day, third at Columbus, was off recently attending court. Bro. Whittington is on first and Bro. Suson on second there.

Bro. Barry, third Olathe, is quite a regular Sunday visitor at Pleasanton.

DIV. COX.
Kansas Division—
Bro. O. Monical bid in third “SX,” and Bro. Cloud, third “FR,” relieved at “SY” by Agent D. L. Hathaway, as cashier, relieved by Mr. Ingles temporarily.
Bro. Hagar bid in third “OJ.”
Cert. 1875.

Cleveland Division—

The object of the meeting was to take some action towards the federating of the five railway orders, and it went on record as being in favor of federation under the Cedar Rapids plan.

An interesting meeting was held at New Philadelphia, April 24th. The new schedule and rules were the chief subject of the evening. All the boys expressed themselves as being well pleased with them. Several brothers who undoubtedly could have attended this meeting failed to do so. We hope they will attend hereafter. The division’s meetings will now be held in Massillon and New Philadelphia alternately, subject to call of local chairman.

Bro. S. B. Shafer is back again after a six months’ furlough on account of his health.

Boys, we can line up practically all the non-is now if we will only get after them right.

Recent applications are: R. K. Hughes, Piedmont; H. C. Chaney, Canal Dover; F. E. Jackson Stillwater; B. C. Meek, Botzum. We also have promises from several more in the near future. Keep after them, boys; only a few more left, and with a little effort on our part we can make this division solid.

Div. Cor.

Philadelphia Division—
A largely attended special meeting called by Local Chairman F. F. Sullivan, was held April 21st, in Red Men's hall in Wilmington, Del., for the purpose of explaining the recent new schedule. It was discussed at some length, and conceded to be the best the company has yet granted.

As the company has granted us this increase and better working conditions each man should do his part to help make the B. & O. a better paying road by securing freight shipments or inducing passengers to travel on the B. & O. who never used the road, or secure shipments of express, as this all helps, and no one should lose an opportunity to help along these lines. It will be appreciated by the management, and help the general committee when it goes up for another schedule. The prosperity of the road will mean better conditions for the employees.

Superintendent Olhausen has been succeeded on this division by P. C. Allen.

H. K. Hartman, who recently took a trip to the coast for his health, has returned, succeeding J. R. Sanford as division operator, transferred.

R. W. Dill goes to first Silver Side, and R. H. Campbell to Singerly, Md., agency.

Telegram wires were put in the ticket office at Delaware Ave., Wilmington, Del.; J. E. Hitch securing the position.

F. H. Young is on third Newark, Del.
Cert. 405.

New Castle Division—West End—
The meeting at Akron, Saturday night, April 25th, was quite largely attended despite the heavy rain. Several visiting brothers were present, including four Cleveland Division boys. Division Operator Bock was also present by special request, and he with Local Chairman Ault went over the rules in the new schedule. With this increase and fifteen days' vacation, none of the non-is have any excuse at all for staying out. I understand one of them on this end says he would rather go back to twelve hours and $45 per than to join the Order. By that statement he admits that he really knows how much the O. R. T. has done for him, and "No card, no favors" can not be used too strongly on him.

"SK" Easton second trick closed, leaving Bro. Stephenson on a long trick, but a long pay check helps to make up the difference.

Bro. Gorham has opened a confectionery and tobacco store at Nova. Success.

Bro. C. F. Adams, of Lodi, on leave of absence, is now district manager of the Ohio State Life Insurance Co., with headquarters in Cleveland.

A. L. Wolfe bid in second "MN" tower Greenwich.

Bro. Done, "MR" tower third, was off several times lately on account of sickness in his family, relieved by Bro. Dieter. Some class to the newest wrinkle in tonnage trains—98 cars of ore with 3 Q1 engines.

Now, boys, have no mercy on the non-is. Let's see how many applications we can have for the next meeting night. Bro. Brenceman was present Saturday night with one, J. W. Burch. Who will be the next?
Cert. 758.

New Castle Division—East End—
Bro. O'Connor has returned to third "XII," after three weeks' vacation.

Assignments: Bro. Garner, third "TF," and W. S. Smith, second "X."

February meeting. Akron, Ohio, was a hummer. Several new applications were received.
"No card, no favors" is a good motto, and with a little perseverance will bring the non-is to time.

Bro. Artz, second "TF," was off a few days recently.
The few delinquents should pay up without further delay, as "No card, no favors" will be strictly adhered to.

Bro. Senner, second "BI," was relieved a few days by Bro. Morrissey, who relieved W. S. Smith, second "X" when latter assigned to third "VO." You brothers at "VO" get after him, and remember our motto.

The standing of this division is very encouraging. The boys are showing the nones the mistakes that are making by remaining on the outside, and quite a number have recently joined. Those who have been in the business for several years can readily see what the Order has done for us in the way of wages and better conditions.

Remember our motto. — AUNT SOPHIA.

Pittsburg Division——

Reduction second and third closed, and this is now a one-man affair of ten hours. Bro. Mathews, third, bumped Bro. Hamilton, third Vista, who bumped Mr. Snover, second there. Bro. Gleisinger, first Reduction, has not yet asserted his seniority.

Bro. Gleisinger recently returned from an extended trip through the sunny South.

Bro. Willings, first Bessemers, on six months' leave to his home in Canada; relieved by Bro. McIlhenny.

Bro. Hubley and Toulton, of Demmler, were off several days recently.

Bro. Eiseman has departed for the South on leave.

Local Chairman Olwell, of the P. & W., was in Baltimore recently helping to divide the coin.

Our general committee has been granted a substantial increase in wages, and fifteen days' vacation each year for men in the service two years or longer, and seven days' vacation for those who have been in the service one year and less than two, with full pay. The committee certainly deserves our appreciation. The negotiation lasted about six months, but not a single extra assessment has been made, which speaks well for our treasurer. Our local chairmen have done their best to give each office its share, and no one should criticize them.

Let's all live up to the requirements of our new schedule, and the company will no doubt do the same; our local chairmen will handle any case if we are on the right side.

Boost our meetings the fourth Thursday each month, third floor Robert building, 231 and 233 Fifth Ave., Pittsburg, and be sure to attend.

I received no news from any of my assistants this month. — CERT. 159.

Monongah Division——

Bro. Jimmy Maxwell has taken Central agency.

Bro. T. A. Robinson is now on third Brydon.

Mr. Fred England bid in third Bridgeport.

J. B. Hammond is on vacation.

Bro. C. M. Baker, second "DK" tower, is on the sick list; relieved by Bro. H. L. Loudon.

Bro. W. W. Powel is now on second "GR" relay.

Bro. Ferree is on second Flemington temporarily.

Bro. W. W. Morgan was relieved several days by Bro. Raymond Cockrell.

Bro. L. W. Graham has resumed duty looking much improved in health.

Quite a number of operators have been laid off account of cutting out offices.

Recently a conductor, in violation of the rules, left his train on the main track without a full crew and went on No. 14, to a discontinued block station to clear, where no way is now provided for stopping trains. Should this occur again it will be taken up with the proper authorities. We should all look out for cases of this nature, and see that conductors are not allowed to take orders on any old thing from the back of a card manifest to a leaf of note-book paper.

CERT. 2872.

Indiana and Illinois Division——

Mr. Gray, third "RN," was dismissed, charged with giving a C. B. & Q. train a clear break causing a rear-end collision at "FN."

Chairman Mead wrote to Baltimore, April 15th, to make the distribution of our raise. We secured seven days' vacation for men one year, and fifteen days each year for those two years in the service or who have to work on Sundays; we will also receive five cents more on our overtime, which makes it 35 cents an hour.

There is not over three or four nons on this division now, including Mr. Hays, second "HN," and Mr. Higgins, at "JN."

Bro. Munie bid in "U" third.

Boys, send me some news.

E. E. PRACHLEY, O'Fallon, Ill.

Chicago Division-East End——

Chicago Jct. yard office, west end, has been cut out, and the operators are working downtown in "RX."

Forshay, second "WN," tower, has taken third "NS" Cabin. Bro. P. V. Schiffer is on second "WN." Bro. J. D. Henry on third and Bro. Hollowell on first. Bros. Thompson and Etchie, on first and second, are both on the sick list. We all hope for their speedy return.

Bascom second and third closed. Bro. Zimmerman working twelve hours. Hoytville second and third closed, Bro. Walters working twelve hours. Hicksville, Pattons and Concord closed, and the boys at Concord were moved into the tower on Wabash crossing about two miles east of Concord. Pattons, Concord and Hicksville sidings are now handled by phone.

Bro. Brown was relieved of the blocking, but lost his clerk to make up for it.

We are all glad to hear that Bro. Etchie is again on duty after quite a spell of sickness, having bid in second Fostoria tower; Bro. J. D. Henry, extra, taking third.

Bro. Geer is back on this division again from relay office Pittsburg.

Mr. Flack is on third "J" tower; bumped by Joe Lee from second Kellars.

The new schedule is now ready for the press, and we will probably soon have the little books.

The office at Defiance has been moved from the station to the Wabash crossing, a short distance from the old haunt. It is at present controlled by gates, but no doubt in the near future there will be a big interlocker there. SIDNEY.

Ohio Division—

Our committee has finally closed with the officials at Baltimore, and a new schedule went into effect March 1, 1914. An amount of money equal to about 6 per cent will be distributed, on a pro rata basis, to each division.

All telegraphers and telephoners not relieved from Sunday duty, and who have been in the service one year and less than two years, will receive seven days' vacation annually with pay.

All telegraphers and telephoners not relieved from Sunday duty, and who have been in the service two years or more, will receive fifteen days' vacation annually with pay. It is some satisfaction to take a vacation in the hot summer months and know that your pay is going on just the same. The committee is to be congratulated on getting this.

Overtime for line offices is to be 35 cents an hour, and for general relay offices 45 cents an hour. Hours-of-service remain the same as at present. Various other improvements were made in the rules with nothing lost from the old schedules. A supplementary schedule for exclusive agents is being prepared, a large number of them being added to those already scheduled.

This is the best schedule that has been secured by any committee. Since the first of the year, the total concessions, including everything, amount to about 11 per cent.

Owing to the number and amount of concessions granted by the company, the subject of back pay was compromised, by making the schedule effective March 1, 1914, which, however, gives us about a month's back pay, which should be highly satisfactory in connection with the 11 per cent increase to start on.

Every member on this division joins with me in thanking the committee for its efforts on our behalf. It has been a long and arduous task, dating from August, 1913.

Let us not forget that the company expects something in return for these concessions, and deserves it, and we should strive to give our very best service at all times. The best we have is not too much, and every man should lend his full efforts to this end.

G. D. Brooke has been appointed superintendent of this division, vice J. D. Stack, resigned.

E. J. Correll was appointed division engineer, with headquarters also at Chillicothe, Ohio, vice H. M. Hayward, resigned. Mr. Stack, while with the B. & O. S-W. only about four months, proved himself a capable and generous official, and the large crowd of employees who were at the depot at Chillicothe to witness his departure for Los Angeles, Cal., and bid him good-by, was evident of the esteem in which he was held.

Mr. Brooke, a young man from the Shenandoah Division of the B. & O., comes well recommended and will doubtless conduct the business on the same high standard of efficiency as his predecessor.

A joint Ohio and Indiana Division meeting will shortly be held at Cincinnati, and one at Chillicothe, for the purpose of explaining the new rules, etc. Bro. Rawlins will be with us, and we would like to see a large number present. The members will be notified, of the date in plenty of time to make arrangements to attend.

Make it a point to come if you possibly can, as it will give you a chance to get a clear conception of the various rules and clauses in the new contract.

Among the eleven vacancies advertised on the April bulletin is third in "CD" train order office at Chillicothe. Understand Bro. T. L. Maloney, third Greenfield, bid it in.

Anderson has been closed and three tricks opened at "RK" tower. Two tricks taken off at East Monroe, and agent-operator installed. Farmers made a two-trick office. Gravel Pit and Hubbard "GH" closed, and two tricks taken off at Little Hocking. This put several men back on the extra board, but the majority of them are getting all the work they want.

We still have a few case-hardened nons who persist in holding off, making first one excuse and then another. Then there are a few who allow themselves to become delinquent every six months and it requires the united efforts of the local chairman and the entire local heard of adjustment to get them in good standing again.

These men are the first ones to inquire what percentage we are going to get in the new schedule, and don't seem to realize that they owe their present salaries and working conditions to the organization that is getting these schedules for them. Pay your dues up promptly, every six months and don't become delinquent, making it twice as hard to get in good standing again. At a certain station between Hamden and Athens there are three or four men who have been doing this for years. One who dropped out at this place said that when the O. R. T. would relieve him of the clerical work he was obliged to do in connection with his duties as telegrapher, he would join again and remain in good standing. If you have a just grievance it will be taken care of in the proper manner. If you don't do this clerical work it would be better to move to some other position at the first opportunity, and stick to the Order.

Bro. W. E. Stanton, who bid in first Dundas, will be used as extra dispatcher at Chillicothe when needed. Bro. Ovid Ray, third Dundas, has
THE RAILROAD TELEGRAPHER.

a four-wheeled track velocipede car which he uses as a conveyance between Dundas and Hamden, where he lives. With Bro. Frank Maloney now on second at this place, we have three good Order men there and that's as it should be.

Bro. C. H. Merrill, who was on second Dundas bid in second Hamden.

C. J. Plumley, agent at Vigo, promised to join the last of April.

Bro. A. E. Combs is now out on the line again; Gravel Pit closed.

Bro. Berthold, first Anderson (closed), who went to “RK” tower first when Anderson closed, later asserted his seniority rights, claiming Muselman days, vice Mr. Flinn, who took third, Schooley, vice Bro. John Bresenhan, who went back on second there.

C. C. Parker, second “RK” tower, will take out a card May 1st.

Bro. Bremigan, second Roxabel extra, has gone to Chicago.

Bro. C. L. Romeine, third Midland City, while off getting married, was relieved by Bro. Tiggar, “the handy kid,” who later relieved Bro. Dixon a few days on third Blanchester. Heartly congratulations to Bro. and Mrs. Romeine.

Here is an effusion from the pen of Bro. Tiggar:

“Breathes there an ‘Op’ with soul so dead,
Who never to himself hath said
‘I’ll get a card along with my check,
And join the ranks, ‘tis best, I reck.’”

Bro. R. K. Hall, first Cozadelle, bid in second “GN” tower, and Bro. Wires, agent Cozadelle, bidding in first track at the tower there. Bro. Wires, while off several days on account of death in his wife’s family, was relieved by Mr. Hutton, who later fell from grace while on second Roxabel. We paid our insurance this month and can’t afford to buy flowers.

Send in your notes to O. E. March, local chairman, Harpers, Ohio, if you wish them to appear in these write-ups in the journal. Let every brother try and secure at least one new member in the next six months, and let us all work together to make this Ohio Division the very best and strongest part of Division 33. "AN."

CORRECTION.

In the April notes from the Indiana Division, B. & 0. S.W., appears a paragraph to the effect that Loogootee, Ind., is a solid non office. This is an error. Mr. Gibson, the third track operator, is the only non-member we have at that point. Bro. N. C. Stuckey, agent at Loogootee, has been an up-to-date member of the 0. R. T. for years, long before any benefits were derived from being in good standing. Bro. W. F. Love, first track, and Sister C. A. Montgomery, second track, are both loyal members. In singling out the few nons we have left on the division, it is not fair to include old-time members of the Order like these in the same category with “moochers.” Kindly correct.

C. & E. I. R. R., Div. No. 34.

Chicago Division, Villa Grove District—

Unless some others besides Bro. Smith, at Gerald, send in some notes, this district will not be any better represented in the write-ups than it has been in the past.

Let us show the dispatchers that we are superior to the nons by our strict attention to duty. There is nothing to lose and everything to gain by following such a course.

Examiner Reemstern paid his annual visit over the district recently.

J. M. Johnson relieved C. E. Lewis, "DL," promoted to extra dispatcher while regular on vacation, relieved R. J. Mr. R. M. Abernathy, "JV" Danville, was relieved a few days by E. Young.

Local Chairman Lottinville and Superintendent Trenary, after some four months of negotiations with the L. E. & W. have finally induced them to reimburse this company with half of the salary of the operators at Hoopeston.

The closing of the coal mines for repairs has put business in bad shape temporarily.

Brothers, don't forget to send me your items as soon as you get them. None of you contributed any this month.

Don't forget that next month is dues-paying time, and be prompt with your remittance to avoid delay and worry.

"United we stand, divided we fall."

"BO," Div. Cor., "SA."

I have not written anything for The Telegrapher recently owing to the enormous volume of work involved in our past schedule negotiations, making it imperative that I devote every minute of my time to that work, the indefinite progress of which made it impossible for me to give out any authentic information. The committee and myself worked hard and earnestly with Bro. Campbell, our counsel, until it looked like the company did not have a single point to build its final brief, but simply asked the court to pay absolutely no attention to our counsel's statements and arguments, and his Honor ruled against us, and has tied us up with court procedure, owing to the road being in his hands.

There were over 500 pages of typewritten evidence, some forty odd exhibits and three briefs, besides the petition and the company's. We do not know of a court before taking the stand that Judge Tuttle took that the employes must come to him, as the final court of appeal, and we were forced to abide by his decision.

It is nearly four years since we had a revision of schedule, and even the small amount of money given out by the Judge could have been divided better by the committee than it was by his decision. We went to the court for redress, and what we got was 50 per cent less than what the officials offered us, and then lost our protective rights.

I am as loyal an employe as the Pere Marquette has on its line today and am boosting it all I can, but I must say the attitude of the officials toward the telegraph employes is not calculated to inspire such a feeling.

We have had "safety first" preached to us a long time. I think it is an excellent idea, and want you to help me to carry it further on, and let your slogan to the nons be: "Safety first—Get an up-to-date." If there ever was a time when we needed a strong membership it will be within the next few months. Brothers, help me to make this division solid. When your committee goes in again it must have a force behind it to accomplish results. Impress this strongly upon the nons. It is a duty you owe to yourself and to every man on the road, non and member alike, to begin this work at once. Line up your man, drop me a line and I will assist you.

Bro. Quick is offering some mighty fine prizes for securing new members. I have a magnificent gold watch I won doing this and I wouldn't sell it for any price. You can get a similar prize if you will only try.

Don't put it off till tomorrow, but begin right now with a determination to succeed, and you will be surprised how much easier it is than you thought before you had tried it.

I wish to thank the members for their many letters expressing their gratitude for what the committee had done. They were the silver linings to the big black cloud.

Not all have responded to the call for the voluntary contribution toward the expenses of the court procedure. Send it in now. Also you—dues if you have not already done so.
We have lost from the committee Bro. A. A. Paterson, for several years local chairman on the Port Huron Division. He has been promoted to Alma, Mich., agency, and writes that it is impossible to continue an active member of the committee. He has been a faithful worker and the boys on that division will miss him as much as the committee.

The removal of the division offices to Detroit has given the boys at Detroit a chance to get acquainted with the different division officials. Chief Dispatcher W. H. Gunzleman certainly improves on acquaintance. He seems to know what a square deal is, and that counts for a whole lot.

The general committee has several grievances up for adjustment now, two absolute violations of the court’s recent ruling, and one of our schedule. A full report on the outcome will be made later.

W. R. Adaik, General Secretary-Treasurer.

**Petoskey Division**

We were greatly shocked on Sunday morning, March 1st, to learn that Bro. Arthur D. Clink, at Newaygo, was found dead about twenty minutes after he had left the office to get some information from the crew of Extra 279, a string of freight cars having backed over him. He had been held four hours after closing time on account of a late train, going home at 1:00 a.m., and was again called at 1:30 a.m. by freight trains.

Bro. Clink was an earnest worker in the Order, and we greatly miss him. The funeral services were held at Masonic Temple, Newaygo, March 4th, and nearly every brother on this division, as well as the officials and dispatchers, contributed liberally for a beautiful O. R. T. wreath. He leaves a wife and parents, of Capac, Mich. Bro. Maines, from second Sparta, was awarded Newaygo.

The wife of Bro. Ross, of White Cloud, died suddenly on March 2d, and a wreath was also sent to Bro. Ross, who has our heartfelt sympathy. He is the oldest man on this division, if not the road, having been employed since September, 1876.

Bro. Benton has left agency Bellaire, relieved by Bro. Don Vanderhill, who resigned recently at Rapid City. Bro. Clark has resigned agency Ellsworth to try farming, relieved by M. R. Drescher.

Bro. W. A. Brannon, agent Sparta, also resigned to go farming, relieved by Mr. Crawford of Kent City, relieved by O. U. Rivett, and he at Grawn by Bro. N. C. Rhodes.

Central Lake, Rapid City and Williamsburg men laid off temporarily, and Bro. Hoyt is relieving Agent McDonal1 on the Chicago Division. Bro. O'Brien, Williamsburg, is assisting the agent at Honor, and Bro. Todd, of Rapid City, is at third Kaleva, vice Operator Barry, who bid in agency Berry, on Pentwater Division, and is now making his home in Muskegon, where he can take medical treatment.

Bro. McGovern, operator Kalkaska, has also been laid off.

It is now Bro. S. B. McCormick third Comstock Park. Agent Huckle will also soon be with us.

Brothers, if you have any items of news, please send them along, and see if we can not get a write-up each month. —R. M. B.

**Grand Rapids-Saginaw Division**

Bro. V. H. Shepard, freight agent Ionia, is at his home in Alma, owing to illness. Traveling Freight Agent Evens is relieving.

Glad to see Bro. A. A. Paterson gain promotion. He is now freight agent Alma.

Bro. T. E. Crane and wife, of Edmore, visited his parents in Lyons over Sunday.

Bro. Walter Kidd, cashier Belding, who has battled against illness during the winter, is now about O. K. again. His witticisms cause much mirth.

Bro. Will Wacha is relieving Bro. Thos Pearson, Sidney, on account of the latter’s sickness.

Several students from the Grand Rapids factory are now trying to get on the P. M.

Bro. Alexander and Jakeway, ticket agent and operator, respectively, Ionia, were off duty temporarily on account of relatives’ funerals.

Bro. E. D. Richner and wife of Sheridan, recently returned from a short tour.

Sister Anna Eaton, first Greenville, is a frequent Grand Rapids visitor.

Bro. C. E. Utley, of Stanton, has resigned, after being with the Pere Marquette twenty-six years, President Wilson having appointed him postmaster of that city. He will always carry an up-to-date card.

We regret there can be no means devised whereby we can get more frequent write-ups in our journal.

---

**Ionia Division**

Understand Mr. Slaver, agent at Trufant, is going to move to G. R.

Mr. Hall, second Greenville, who has been benefited by the O. R. T. for the last ten years, has just received a $25.00 per month increase, under Judge Tuttle’s order. We should see that he now gets an up-to-date; also get after the “ham factory” at Six Lakes.

Car Clerk A. Madsen, of Greenville, bill in the cashier’s job there and Bro. Paterson, of Silverwood, drew Alma agency.

Clerk and operator’s job at St. Louis is up for bids. Mr. Mauterstock, one of the Six Lakes “ham factory” products, is relieving there pending assignment.

Agency Weidman is open for bid.

“No card, no favors” on this division. Everybody adheres to that, and we will make some of the nons sit up and take notice. —Cert. 301.

**Chesapeake & Ohio Ry., Div. No. 40.**

**Hinton Division**

A meeting was held in the Brotherhood Building, Hinton, W. Va., April 16th, which was very well attended by New River District, but there was not an Allegheny District brother present, not
even the chairman. The meeting night is each third Thursday evening. Brothers, take note of the time and place, and don't overlook the date again. We had a very interesting session, as Bro. Hicks, our general chairman, was there, as usual, and livened us up with one of his very interesting talks. Boys, you are missing a great deal by not attending our meetings. Make a resolution to attend better in the future, even if you have to make a slight sacrifice. It is very discouraging to our chairman to find such a small number present. You are certainly not satisfied with present conditions. Why not come and make your wants and troubles known to the committee? This is the best way to help our representatives to better our working conditions. Also keep in mind that we meet at 9:00 o'clock, instead of 11:00, as some of our members seem to think, who get there just about the time we are ready to adjourn.

Brothers, get after the nons in your territory, and remember, "No card, no favors." Make them see their duty. If you can not handle them alone call on some brother to help you, and don't keep them up on them. Advise every delinquent you meet to pay up at once, for should any of them get in trouble the committee can not handle any grievances for them. It doesn't cost any more to pay promptly than to wait until delinquent, and cause your chairman and secretary extra trouble, time and expense, and jeopardize the insurance you have been carrying for your beneficiaries, should you be called to the great beyond while delinquent.

Operator and pumper at Jenkins Ford on Warm Springs branch has been opened and bulletinized. The general manager got stuck three hours by a break-down there recently on account of there being no office at that point. Third Quinimont is also advertised, Mr. Gwinn, formerly extra dispatcher at Raleigh, having quit.

We are sorry to learn of the illness of Bro. Ford, second Deepwater; relieved by Bro. Hoilman. The first and second men had to double one trick.

Bro. Nichols, third "GU "cabin, was relieved a few days by Bro. Gleason. If we had a few more extra men like Bro. Gleason the boys might be able to get off occasionally for a few days recreation.

Boys, attend the meetings; get after the nons, and make our division 100 per cent solid. There is lots to be accomplished in the near dates.

CERT. 373.

Allegheny and New River District—

S. F. Lively, agent Fort Spring, bid in second there; relieved by E. T. Bruce, second Deep Water, and he by L. S. Ford, second Brooks, now advertised.

Agency Clover Lick bid in by F. E. Morgan, and assistant agency and operator at Fayette by O. A. Mustain.

C. M. Noel, Brooks second, is relieving Mrs. Denning on first.

W. A. Sutherland, extra dispatcher on Piney Branch, is relieving John Gwinn, dispatcher at Raleigh. H. E. Melton, extra dispatcher Raleigh, relieved on first Meadow Creek by E. V. Bleau.

C. C. Mustain is in Hinton Hospital with typhoid.

F. B. Green is relieving Bro. Tigrett, second Moss Run, in Hinton Hospital with appendicitis.

S. B. Anderson is relieving C. M. Perry, second Big Bend.

We were all so glad to have General Chairman L. E. Hicks with us again at our last regular meeting that we voted him a raise, thereby showing our estimate of his value. We had a good meeting, as we heard through Bro. Hicks from the entire road and other roads, which broadens and brightens us all.

Smiling Bro. Holt, local chairman, Mountain District, was there with us, also Bro. Wheatley, local chairman, New River, whom the boys and girls all know is always there.

All the old officers were re-elected, including our faithful secretary, James Rushford. Our meetings are increasing in membership monthly, but we should get together earlier in evenings and get through before morning, even a day operator appreciates a nap before going to work.

Several good talks were made. Bro. Pfadt, of Whitcomb, and Sayers, of Jerry's Run, being among the number.

Bring your ideas of improvement of service and working conditions to the meeting, display your own, discuss your brothers', adopt the best, and go back to duty re-enforced for the best possible work. That's what the company pays us for and is entitled to, and we believe is receiving in the main now, but the best is none too good for us or them.

We are practically solid O. R. T. in all the districts. Let it be the duty of each to see that his own office is solid and up to date, no excuse being taken—he who is faithful to his brother worker is faithful to his employer, and he who will stab his brother worker, will cheat his paymaster just as gleefully, and those who hire have come to know it.

Div. Cox.

Huntington Division—

It's delightful to live the life of the dreamer, but it's disastrous to wake up to the realization that while we have been indulging in this favorite pastime some of the "higher ups" have been wide-awake and doing, and we are the ones "being done." It's quite time for us to wake up and get a "jersey" on if we don't want to be classed with that animal noted for his appetite for bill boards and tin cans. A word to the wise is sufficient.

Bro. C. C. Preston goes to Branchland, and Bro. A. M. Smith to Handle; J. B. Hensley closed out at Hansford, displaced Bro. Rowles at West Huntington.

Claude Miller bid in second Barboursville.

Bro. W. L. Lossee is on first Malden again.

Hurricane agency, Barboursville third, and Cabin Creek third on bulletin.
Railroad officials argue that the roads are not paying enough dividends, and on that ground refuse their employees an increase. If the railroads have been unfortunate in speculation or otherwise the employees are certainly not responsible. The railroads take every advantage they can to increase their revenue, and are now demanding permission to increase their freight rates 5 per cent. The employees therefore should be just as insistent in their demand for increased wages.

SHAMROCK.

Cincinnati District—

On February 27, 1914, the house occupied by Bro. S. F. Reed, Cert. 1049, of Wellsburg station (Elm Grove postoffice), Ky., burned to the ground and he lost everything, including his wife and youngest child, leaving him with two children, four and six years old, and nothing. We made him a donation on the Cincinnati District, and also furnished flowers for the funeral.

G. F. WILLIS, Chairman.

CARD OF THANKS.

I wish to extend my sincere thanks, through THE TELEGRAPHER, for the floral offering and sympathy of my many friends on this district, also for the financial assistance in my sorrow and distress. I assure you that I appreciate all your kindness and assistance, especially that of Bro. D. W. Riley, assistant chairman.

S. F. REED.

C. & O. Ry. of Ind., Div. No. 40.

I received just one item in the past three months. Lots of class (?) to you fellows.

Bro. F. M. People's was one of the three live members of Division 40 to secure a prize for securing new members during the past year. We still have a few nons left which we should be able to land if the proper effort is made. The trainmen are after them now, which may make it easier for us to convince them that they should all have an up-to-date card.

Bro. U. W. Raber, closed out on third Converse, bumped back into Santa Fe agency, his old position, and Bro. Geo. Shanklin bid in Miami agency.

Bro. J. C. King, third Summit, on sick leave the past four months, returned to work May 1st. This is hard luck, as it put him back a year in his central course.

Boys, there are quite a number of members out of work now. If one of them should ask you for help, don't turn him down. A brother at Peru helped one of these if unfortunate at the price of a supper and bed recently. The money was returned to him with a letter of thanks two weeks later. Of course, this would not be the case every time, but to a man who has the proper fraternal spirit the thought that he is helping a deserving man in a tight place should be sufficient reward.

Div. Cor.

Erie Railroad, Div. No. 42.

New York Division—

We had a fair attendance at our regular meeting in Jersey City, Monday evening, April 20th. Several new faces were present, but not as many of the old ones as there should have been. The weather is good now, boys, and you will have to find some new excuses to spring on us if you don't attend.

Bro. Coleman has resumed "BJ," and we are pleased to see Bro. Readly around again, after several weeks' illness, and hope he will soon be in shape to resume work.

Owing to the curtailment of expenses, we are sorry to state that the office of division operator has been abolished, and we have lost Mr. E. J. Padien just at a time when everything was progressing harmoniously. We hope it will not be long until Mr. Padien is back with us again. A. M. Kelly, chief dispatcher, now holds the position in addition to his other duties, and Mr. Padien is back dispatching on the west end.

We had quite a good meeting in Suffern on Saturday, April 4th, but some of the boys from the west end, who came down early in the evening, had to return before the meeting started. This shows that we should have kept the hall open continuously.

Several new members have been initiated recently, and more applications are on the way. There are a large number of younger men who will join when the proper time arrives.

The towers at "JD," Highland Mills Jct. and "GD" have been closed, and the displaced men have started to bump. Bro. Earl, first "JD," displaced Bro. Bucher, first "NJ," who took second there. Mr. Lake, second "JD," took first "BS" tower. Bro. McNamara, second "NJ," goes to second Vails Gate Jct., where the men are out altogether and are yet to be heard from.

We are pleased to call Newl and Lockr/ "brothers."

CERT. 85, Div. Cor.

Delaware and Jefferson Divisions—

The towers at Rosas, Oak Tree and "CP" and "SR," in Susquehanna yard, have been closed, and it is rumored that more offices will be closed, and clerks laid off. We hope the drop in business is only temporary and will revive again before we lose some good men to other roads who had promised to join in the near future.

Things look very promising for a good increase in membership. Your local chairman recently made a trip over most of the territory embracing the Delaware and Jefferson Divisions, securing promises of early returns. We hope the brothers will assist us in making Division 42 one of the leading divisions of the O. R. T. by reminding the nons of their promises to join in the near future, and give them no rest until they sign up and remit on the applications that were left with them to fill out. They know we have been helping them to better their conditions, and all that is now necessary to secure their membership is to continue reminding them of it in the proper manner.
Our only salvation is in thorough organization, and our hope for betterment in our union and the ballot box. If you forget this, you will lose everything that is dear to you.

Bro. Bridge from Gulf Summit to morning trick "NS" Susquehanna. Boice from "SR" to "GP" third.

Lackawaxen nights closed, displacing Kinney.

Bro. Kelly, "SR" Susquehanna yard to clerk yardmaster's office.

Bro. Flaherty, of Deposit, recently visited Carbondale, Pa., to see his sister and inspect some mine properties.

Station forces reduced one man at Deposit, Hancock, Narrowsburg and Lackawaxen.

J. Ambrose loses Jefferson wire nights in dispatcher's office Susquehanna, owing to retrenchment.

**Susquehanna Division**

Owing to slack business, "MJ" and "XU" towers have been closed. Bros. Monohan and Welch, of "MJ," went to "VO" tower; Bro. Westoski, of "MJ," to second "GJ;" Bro. Knickerbocker, of "XU," to second "RX;" Bro. Kellihier, of "XU," to third "RX," and Bro. Stahl, of "XU," to the N. Y. C. It has been a long time since the Erie has retrenched so much in all departments.

I am very glad to announce that it is now Bro. Chichester at "JP" tower. We hope he will be able to induce Messrs. Peck and Collins to also get in line.

The closed-shop schedule recently secured on the Boston Elevated by Bro. Pierson was good work.

Bro. Meeker is now on the extra list on account of the towers being closed, and he is still making records on his motorcycle. He was recently seen on the Eldridge Park drive going at a fifty-mile clip, with a "fellow" (?) hanging on the rear seat.

We hope the brothers at "S" will hurry Mr. Brown's papers, also have a talk with Mr. Allen.

Messrs. Smith and Shaughnessey, of Owego, have not yet answered our letters. Boys, give them a reminder.

We have a supply of M. B. D. application blanks on hand. Call on your local chairman for them. Don't use the old ones.

**Mahoning Division**

Stockwell resigned Garrettsville agency, relieved by Relief Agent Daugherty, later bid in by Moses, from division freight agent's office.

Mitchell, third "YO," off on account of sickness. Taylor, from dispatcher's office, relieved.

Cares working second "BR" on account of shortage of men, closing "VY" as a block office.

Carney, first "DO," off sick, relieved by Extra Hegley.

Andrews, second "DY," working on new time-card, relieved by Smith, copier.

Eddy, third "FA," took yardmaster at "NE," relieved by C. G. Smith, former trainmaster at "HD."

Arnold, third "GS," off a few days visiting in Pittsburgh.

Ray, first "SA," recently spent several days in Cleveland.

Bacon, first "SP," has moved his family to Randall.

On account of shortage of operators, several offices closed to relieve operators on sick list.

The "old reliable" on April 15th changed time from central to eastern on the Ohio Division as far west as Dayton, Ohio, to comply with the different cities which changed to eastern time on May 1st. The Erie is the first to adopt eastern time.

Spencer, first "RV," is not in love with the telephone, and resorts to the "old reliable" every chance he gets. It's hard to break in an old man. It's hoped that the interstate commissioners will grant the 5 per cent increase asked by the railroads in the eastern territory. We may thereby get an increase in wages.

Osborne and Thompson, third "AB" and third "JU," traded tricks.

Several of the boys are contemplating the civil-service examination at Youngstown, April 24th and 25th, including Lewis, Owens, Hart and Fenstermaker.

Pierson, third "WA," is taking music lessons on his new fiddle.

Remember that the Order gives valuable prizes to secure new members by putting in a few spare moments on that fellow alongside of you. The local chairman has plenty of blanks. Help make the division solid; then when your committee goes in for an increase it will have the backing of a man.

**Cincinnati Division**

General Chairman Husted has returned from New York City where he has been looking after business of the Order; relieved on second Richwood by Bro. Harry Liebhard.

A fine meeting was held in Marion, Monday night, March 23d; had a good attendance and important questions were discussed. There were several operators living in Marion that were not present, while others came several miles to attend. Brothers, no one can take your place, and it is up to everyone to be present at these meetings; do not stay away and find fault with the committee if they do not happen to ask for something you want, you should be present and let your wants be known.

Bro. H. H. Holycross, of West Salem, relieved W. H. Peters, agent Richwood, pending bulletin, who has gone to agency Creston. This is the first time Richwood agency has ever been advertised, and is the result of our last agreement with the company.
Bro. W. J. Robbins, of "AC" tower Marion, is
off sick; Mr. Jones relieving.

The interlocking plant at Peoria is being en-
larged, connecting up more tracks, and Bros.
Jewell, Tallman and Blackwell, three good union
men, are there to handle the business and give
the company full value for every cent they re-
ceive.

Canadian Northern Ry., Division No. 43.

Ten new members received into Division 43 in
March, eight by initiation, two by transfer.

G. H. PALMER,
General Secretary and Treasurer.

Western Division—District One—

Some members on our district had the pleasure
of attending the division meeting on second and
third districts, Central Division, in Winnipeg on
April 19th, at which eighty-five members were
present, being one of the largest meetings ever
held by Division 43. Bro. J. R. Williams was
chairman and Bro. G. H. Palmer acted as secre-
tary.

After routine business was disposed of Bro.
G. D. Robertson, acting third vice-president, ad-
dressed the meeting in his usual logical and force-
ful manner, and at the conclusion of Bro. Robert-
son's address, Bro. D. Campbell, general counsel,
in a very eloquent and masterly address outlined
the principles of his work.

The telegraphers of Division 43, as well as
the other divisions in Canada, are to be con-
gratulated on their possession of the services of
Bro. Robertson and Campbell, as they are effi-
cient and command the respect of all the men
with whom they come in contact.

Bro. G. H. Palmer, of Dauphin, and G. H.
Vasbinder, of Gilbert Plains, are in attendance
at general committee meeting in Winnipeg.

CERT. 52.

Bro. Millman, agent Waldheim, appointed agent
Meota; Waldheim agency now open for bids.

Bro. Grant, now at Radisson nights; Bro. Toop
laid off account reduction.

Bro. Hamilton is on a trip to Chicago and other
Eastern cities. Hope "IIY" will be back again
as soon as business picks up.

Vonda nights closed; business very slack just
now.

A meeting was held at North Battleford on
March 29th, with a fair attendance. We should
have more brothers from the east end at these
North Battleford meetings. Those present were:

son, Radisson; Davidson, Borden; McConnell,
Langham; Melkonian, Delmas; Hart, Lashburn;

mont; H. J. and W. A. Fallow, Maymont and
Vermilion; Shaw, Bethune; Harrington and
Douglas, North Battleford, and Local Chairman
Chard, from Fort Saskatchewan, who gave us a
few interesting pointers. We should have had a
few more from Humbolt, Fielding, Denholm, and
at least two from Warman on the east end, as
these meetings are for their benefit as well as
ours, and they should make it a point to attend.

Our C. T. D., Mr. Nelson, will gladly give
you permission to do so.

Bro. Menzies, from the east end, has taken
Lamont agency.

Bro. Henry, Radisson nights, has resigned and
gone back to the States.

Bro. Nichols, Lloydminster days, is on holiday;
relieved by Bro. Stephen, just returned from
Pennsylvania.

Bro. A. Hughes, Camrose days, bid in Wald-
heim agency.

In March write-up I neglected to add the pre-
fix "Bro." to A. O. Thomas, agent Calgary.
Sorry that this happened, as Bro. Thomas is one
of the oldest members of Division 43, having
been in since the good Order started on this road.

Bro. Strong appointed night operator Hum-
bolt, vice Bro. Dowler to Calgary days. Radis-
son days and nights on bulletin.

Bro. Gigure is at Big Valley nights, vice Bro.

Bro. Altwater relieving at Denholm.

We should have a meeting in Edmonton soon,
and should have a good crowd, so all arrange to
get there.

vision, of the Southern.

CERTS. 478 and 590.

Detroit, Toledo & Ironton Ry., Div. No. 48.

There are entirely too many nons on this divi-
sion, and we can not expect better wages and
better working conditions until they come in and
help to get them.
We have a new schedule secured by good work of our hustling local chairman, Bro. R. L. Palmer, and Bro. Simmons. A very fair contract considering—but if each one of us will see that these nons get up to date we could get a much better one.

The outlook for the company was never better under new management. Let us help out all we can, by answering the dispatcher promptly. Stay on the job awake and keep awake. Then when we go for anything it won't be so hard for our local chairman to secure it. He is a good man and doing all he can to help us out. Get after that non next to you, brother, and don’t let up until he gets a card.

Bro. M. C. Williams, from the “Big Four,” is relieving Mr. Matthews at “GO” Springfield; Bro. Lowery, “GO,” off several days on account of being vaccinated is back at work again.

Bro. E. L. Walburn, who went to the Hocking Valley, is now at Jackson nights. We are glad to have the brother back with us.

Garfield Rankins, car distributor, is being relieved at Jackson on account of severe illness by B. M. Gibson. We all wish him a speedy recovery.

Bro. F. D. Chism, from the C. G. W., makes Jackson solid now.

Dispatcher Clyde Bloss is being relieved by Dispatcher Leslie Ogle, and he on second by O. L. Dibert, with J. H. Jones on third.

A. Y. Walters, agent Washington “CH,” visited in Jackson recently with his father and mother.

The officials were over the line recently, and their report at Jackson was very satisfactory.

Bro. Mowery, first Jeffersonville, relieved several days by Mr. Matthews, later relieved by Fred Ray, from the Penny, and returned to Greenwood. Some of you brothers who are close to these two men keep after them, and we will soon have two more members added to this division. Bro. Palmer has plenty of application blanks and wants to put them into action. When you have a man spotted drop me a card at Jackson yard and we will see that you get blanks immediately, and don’t let him rest until you have his application on the road to St. Louis.

Mr. Stoll succeeded A. E. Marine, at Beaver. He should get a card now.

Remember, “No card, no favors.”

Brothers, show our new chief dispatcher, Mr. Coffey, that it is the organized men who do the best work. He will surely appreciate it.

Bro. Walburn is very proud of his new desk and instruments at the depot. “FC” at “G.”

Mr. Horton, on Red Ball position in car service Toledo, has resigned; Mr. O’Bryan, cashier Toledo freight house, relieved him. We were just about to get Mr. Horton in line. Red Ball office closed. Later Mr. O’Bryan, after relieving Mr. White for a few days, went to the auditor’s office as clerk.

Mr. Dickerson, days Dundee, relieved Mr. Kirby at Mt. Pleasant, who relieved Agent Oliver at Bannister, resigned. The Ann Arbor closed one trick at Mt. Pleasant, Mr. Dickerson going back to Dundee.

Mr. Drake, dispatcher from the K. & M. at Charleston, W. Va., was offered the Red Ball position at Owosso but refused it.

Bro. Wiedman and R. C. Hawley have resigned and now gone with the G. T.

Durand third closed several nights; no operators to fill vacancy. Mr. Miller, second Durand, has promised to join, also new man on third. Keep right after them, brothers, until you secure their applications.

The motor cars have started again, but no overtime for this. Good men demand good wages when they line up in an order that can protect them.

F. W. Campbell, visiting relatives in Manton, Mich., was relieved by Bro. Lanham.

Bro. Miller, third Hallet, discovered Ottawa River bridge on fire about midnight April 11th and by his promptness in notifying the yardmaster, the engines put fire out after twenty feet of the bridge was destroyed.

Bro. J. S. Cox, operator and ticket agent Toledo, transferred from Division 97; also Bro. G. D. Lewis, from the C. H. & D., Division 21.

Brothers on the Ann Arbor must wake up and get the nons in line if we expect to improve our working conditions.

Mt. Pleasant and Ashley have been reduced to two-men positions each, on account of lack of business.

We want the brothers on the north end to send in some news, as well as those on the south end, every month so we can keep in touch with each other through this journal. Try and scrape up something for next month’s publication.

Business on the Ann Arbor has fallen off somewhat, and now is the time to get all the nons lined up, so when it picks up again we can present a new schedule to the company for an increase in salary and some new working conditions; so let us all jump right in and do all we can to get more members and get back the fellows who have dropped out. Let’s show them that the Ann Arbor can have just as solid a bunch of O. R. T. men as any other road and make it solid.

I regret that I did not have much time to visit the boys on my recent trip to Owosso, but I got acquainted with Bro. Tirrel, agent Dundee, and he is willing to do all he can to help the cause along, and every member should do likewise. I also saw Mr. Strong, agent Federman, who, I am pretty sure, we will call brother again before many days.

I have a copy of the revised schedule secured by the D. T. & I. boys February 1st, and I wish to congratulate them on their good work. I hope they will stick together and keep in good standing, so when they are ready to go after another revision they will be all solid. Let us try and pattern after the D. T. & I. boys, and get our old schedule revised. Let’s show them that we can do as well as they did.

ORA A. MCCOLLUM, Local Chairman.
Ann Arbor Ry., Div. No. 48.

Operator Rassat, Clare, while playing ball, April 1st, was hit on his thumb, causing a compound fracture, and is carrying his hand in a sling, relieved by Bro. Carpenter. Operator Grill surprised the boys at Clare by slipping off to Lapeer and returning with a bride.

Mount Pleasant third closed for a few weeks.

Boys, let's all get busy and get in the nons, so we can get a new schedule, with overtime and the concessions other well-organized roads are enjoying. If we had a schedule calling for Sunday overtime, a great many of the small stations would not be kept open for Sunday trains, which would be a great relief to some of the agents who are being made to work Sundays. F. Holmes.

First Division—

Bro. Jess Campbell, "DC" Denver general office, has resigned to go farming, and the position is up for bids.

Mrs. Washburn, Burnham, is still on the sick list, and Bro. Morris is holding down the station.

Bro. Lively, Louviers, is on an extended visit East, relieved by W. D. Kelly, from Walsenburg, Bro. R. L. Niswonger, Palmer Lake, is also on extended leave of absence.

Agent Honnold, Huster, back after long leave, Bro. Hoffman bumping Wagoner at Littleton, who goes to Palmer Lake second, Dahlberg taking Echo nights.

F. J. Rogers enjoyed a short visit in Denver recently, relieved by F. G. Hobbs, and J. R. Easterly, Augusta, is off for a month, relieved by F. S. Miller.

J. N. Fridy, Barnes station, is on vacation. He was relieved by Fred Penny just in time to be on the "firing line" during the recent battles between strikers and militia.

Nearly all mines on the Third District are closed since the latest labor troubles in that territory, cutting down business considerably there.

General Manager Martin is still in Chicago with the engineers and firemen, and our committee will be further delayed on this account, but hope to get in action again soon. Cert. 41.

IN MEMORIAM.

WHEREAS, It has been the will of the Supreme Ruler of the universe to remove from this life the beloved mother of our general secretary and treasurer, Bro. Roberts; and

WHEREAS, In token of our esteem and sympathy for our brother and the family; be it

Resolved, By the members of Division 49, that we extend to them our sincere sympathy and heartfelt regrets in their sorrow; and be it further

F. J. Rogers,
J. J. Roudabush, Committee.

Fourth Division—

Bro. A. Tucker, of LaVeta, was treated to a charivari recently by a bunch of railroad boys on a very large scale, owing to his recent marriage, which cost him a box of good cigars to suppress. Congratulations.

Recent new members: K. M. Jarrett, second Chama, and D. N. Phelps, Blanca.

Bro. Tucker got second LaVeta on bid.

Bro. Cummins was checked back into Lumberton. On his return from Durango he relieved Bro. Rogers at Pagosa Jct. while he was ill.

Mr. Robbins, who relieved Bro. Kuhn for a few days at Pagosa Springs, later relieved Bro. McCully at Farmington, on a sixty-day vacation visiting his old home and friends in Pennsylvania.

Bro. Ogle, relieved at Del Norte by Regular Agent Rafter, relieved O'Brien at Antonito while he was relieving Dispatchers Wilbur, Ashley and Moore for a few days each, Dispatcher Moore going to Denver for the "Scottish Rite." We are all glad to see "Pat" making good as a dispatcher. On O'Brien's return to Antonito Bro. Ogle relieved Bro. Norton, Ignacio, for sixty days, on vacation.

Mr. Rafter's recent visit to Bro. Wesson at Creede resulted in his lining up as a member.

Bro. Bailey was laid up with an attack of grippe, but O'Brien and Ogle being experienced station men, the work was kept up.

Bro. Lively, of Ogle being experienced station men, the work was kept up.

Work is progressing nicely on the new twelve-mile line being built from Caliente for the Hallock-Howard Lumber Co., for transportation of lumber. The new Caliente-Taos stage and wagon road is also well under way.

Keep after the few nons on the division and remember, "No card, no favors" is our motto.

"CR," Div. Cor.

CARD OF THANKS.

I wish through The Telegrapher to extend my sincere and heartfelt thanks to the members of Division 51 for the beautiful floral tribute sent me in my great bereavement, the death of my husband. Southern Pacific Ry., Div. No. 53.

San Joaquin District—

"Judge O'Neill's Day," the O. R. T. meeting and the grand rally held at Mojave on Easter Sunday, April 12th, was a grand success in every way. Miners' Union Hall was decorated with pennants and bunting. Eighteen telegraph sounders were placed at intervals on the walls and ceiling, and let out until they could be heard above all noises, 110 volts of main-line battery being used for the occasion. The key was placed on the table of the chief telegrapher, and the program was called by the dots and dashes, which proved a novel and interesting feature.

The meeting was called to order at 5:30 p. m. instead of 4:00, some of the brothers arriving late on account of auto trouble. After a short talk by Local Chairman Bro. Blume, everybody stood up and sang "America."

Bro. E. J. Manion, fifth vice-president of the O. R. T., then addressed the meeting, dwelling upon the great good the Order has done, is doing and will continue to do, citing as an example our own schedule on the Southern Pacific. He made it plain to the brothers that they should not make a grievance out of everything that came up, as trifling affairs of no consequence only serve to bring about discord between the Order and the railroad officials; also that it is the duty of the local chairman to thoroughly study cases brought up before him, and if there is really no grievance to drop the case. That the local chairman is elected by the division members to serve them, and they should stand by his decisions and also back him up in all his undertakings. They should help him to make the division solid and live up to our motto, "Solid San Joaquin for 1915."

Bro. Manion referred to the high standing of this division, and hoped it would be solid before 1915.

Speaking of Our Royal "Judge" O'Neill, Bro. Manion said that his name and generosity would long be remembered on the San Joaquin and especially by those who attended this grand affair at Mojave on Easter Sunday. Bro. Manion's address lasted over half an hour, during which he stated that he was glad beyond expression that he made the trip from San Francisco to be present at the meeting.

The next on the program was a solo entitled "Where the River Shannon Flows," with a piano accompaniment by Mr. Ball.

Then a poem was recited by Bro. Blume, entitled "Happy Are We Tonight."

Bro. Kenyon, former assistant general chairman of Division 53, "HU" Los Angeles, next addressed us. His great ability as an entertainer and the ready wit he interwove into his address, including several good jokes, was greatly enjoyed, especially by the ladies, who were unable to understand why he remained so long a bachelor, as his hair is already gray.

All the brothers next had a chance to express themselves on various subjects for the good of the Order, which included many past experiences of knights of the key. Among those who spoke were Bros. Mallachowitz, Nejedly, Black, McMullen, Moorman, Whitson and O'Day.

Mr. Morgan, from the superintendent's office at Bakersfield, also addressed us, and urged the boys to study their schedules better, so they could claim the right overtime properly, etc., as some were not turning in enough and others too much, and it took a lot of work to keep it straight. Brothers, let us watch this, familiarize ourselves with the schedule, and not turn in overtime we are not entitled to, nor fail to turn in that to which we are entitled.

After a musical selection, an address was made by Sister Mrs. W. E. Blume, general chairman of the Ladies' Auxiliary, in which she pointed out the need of a strong organization of this kind, its duty and helpfulness.

This address was followed by another musical selection, after which Sister Blume recited a selection entitled "The Legions of Labor Are Marching Today."

Bro. Manion also made an interesting talk on the Ladies' Auxiliary, urging everyone to become an ardent booster for that organization.

The cigars were then passed to the gentlemen, and all adjourned to the Harvey House to enjoy the excellent six-course chicken dinner, which was served without a flaw. The dining-room was tastefully decorated with calla lilies, and everything was spotless.

Upon returning to the hall, the ladies were each presented with a pound box of best chocolates.

Everyone then proceeded to enjoy an old-fashioned good time until 2:00 a. m., when the trains arrived to take all to their respective homes, each leaving with a heart full of praise for our generous and big-hearted brother, "Judge" Jerome O'Neill.

During the afternoon and evening five different settings of the entire party were taken by Bro. C. L. Coleman, of Mojave, and are excellent. They are 5 by 7 inches, and can be had by Bro. Coleman for 75 cents a set of four pictures (un-mounted).

Those present with their wives were: Bros. W. E. Blume, M. B. McMullen, J. A. Gamble, O. D. Day, P. E. Turner, G. A. Sears, C. L. Coleman, B. C. Valer, W. L. Anderson, R. E. Hogan and H. C. Winter and son; Meadames G. H. Frederick and E. DeMesame and Misses Hickey, E. Heath, Edna Coleman, Naomi DeMesame and Dolle Perreto. Others present were: Bros. E. J. Manion, G. H. Kenyon, M. Kronbeck, A. O. Hughes, C. Mallachowitz, C. D. Liston, J. D. Slagle, G. M. Black, D. P. and E. P. Gibson, F. L. Moorman, F. A. Nejedly, W. A. Troutman, H. E. Sharpe, F. S. Whitson and Messrs. J. E. Ross, Paton Moore, W. B. Morgan, L. F. Bennett, J. R. Sweezy and M. U. Ball. Only two members were present from the Valley, although ample notice was given in time for everyone to get relief who wished and plenty of extras to relieve those who desired to attend. It is disappointing that more interest can not be aroused among the members between Bakersfield and Fresno. How
ever, we had one of the best meetings with the
largest attendance ever held on this division.

Bro. P. E. Turner and wife also attended the
festivities of home-coming week at Bakersfield.
Bro. Jerome O'Neill, night agent Searles, on two
months' vacation visiting friends in Mojave, Los
Angeles and San Francisco, is being relieved by
F. V. Colline, a new man.

Bro. A. O. Miller, agent Palmdale, is one of our
latest additions.

L. A. Sister Mrs. M. B. McMullen, of Mojave,
is visiting friends in Bakersfield during home-
coming week.

Our membership on this division is the greatest
it has ever been, but we must bring it up to the
standard adopted at the Mojave meeting: "Solid
San Joaquin for 1915." Let us all work with that
end in view, and we will soon have the best-
organized division on the system.

Sister M. E. Heck, of Woodford, was off a few
days visiting friends in Bakersfield.

Bro. W. A. Troutman, displaced on fourth Mo-
jave by Bro. D. P. Gibson, has gone to Tucson.
Bro. Frank Nejedly was relieved several weeks
at Tehachapi by Bro. Stouffer, formerly at Vincent.
Bro. E. P. Gibson is now acting as seal clerk at
Mojave.

Bro. R. L. Davis relieved Bro. Sharpe on third
Lang, who went on extra board.

Bro. V. L. Underwood assigned agency Clovis,
relieved at Tehachapi by Bro. Slagle.
Bro. G. H. Doyle, agent Brown, relieved a few
days by Bro. E. E. Eaton, from Ravenna, and he
by Bro. G. H. Frederick.

We are all glad to hear that Bro. J. R. Mc-
Knight, agent Owendo, is working again, after
spending several weeks in the hospital at Los
Angeles.

J. A. Cooper, of San Francisco, spent a week at
Edison with his wife, Sister Nell Cooper, and
daughter Naomi.

Bro. N. P. Gidley, manager Mojave, was off
days recently, visiting friends in Hanford
and Los Angeles.

Under the provisions of the present schedule, the staff operators are eligible to membership in the Order, and a large majority have already joined.

There are only a few delinquents and nons now on this division. Spring is coming, boys, and it's time to weed.

Brothers, I can handle the hill from Blue Canon to Sparks, but it will be almost impossible for me to get the Valley without some assistance. Several of the boys promised to assist me, but so far I have received nothing. Let me have the news promptly.

G. C. McAdow.

"BD" General Office, San Francisco, Cal.—

E. L. King, trainmaster from Dunsmuir, Cal., has been appointed superintendent of telegraph, to succeed F. S. Rawlins, deceased. He has had years of experience in railroad telegraph business, and is generally well liked. We all wish for his success.

E. C. Smith, first wire chief, has returned after a month spent on his ranch at Warfield, Cal., putting Bro. J. D. Hoell on the extra list, grabbing what few hours overtime he can.

Jack Tehan, an old-timer, back in "BD" during March, was bumped out on Bro. L. Rosenbaum's return from vacation spent in Los Angeles and at Catalina Island.

E. F. Raymond, assistant superintendent of telegraph, was married on April 10th to Miss Lucore, of Alameda. They spent their honeymoon around Los Angeles. All of the boys extend Mr. Raymond and bride heartiest congratulations.

Fifth Vice-President Manion, who has been in the city some time, attended the successful meeting given by the San Joaquin Division at Mojave, Cal., during April.

Bro. Compton, organizer, who was with us during April, has departed for the East. Bro. Compton worked in "BJ" office during 1907, returning to New York via Panama and the Central American countries. It sure is a pleasure to have these old-time brothers drop in and say "hello."

Work on the Panama-Pacific International Exposition is progressing rapidly. Any of the out-of-town brothers will be amply repaid by taking a trip to the fair grounds and see the immense structures already completed when they visit the city.

Bros. Chas. Tyler and Jim Hoell, our most ardent baseball fans have been almost regular ball ground visitors since the Coast League opened. The Seals are at the top of the list, and they hope they will stay there.

Why don't a few more of the relay offices in and have some news in the journal? How about it, Los Angeles? RE:AY.

Portland Division—

Bro. Simpson, second West Fork, on a hunting trip, was relieved by Bro. Gaines. Bro. Crimp, West Fork, is off thirty days taking in the sights in Portland.

Bro. Carle, third Riddle, who is on a trip to his old home in the East, has an electrical device by which it is almost impossible to overlook a train order. That place is in the canyon where trains can not be seen until right at the board.

Bro. A. S. Markee is acting agent at Molalla. Bro. H. D. Olsen, agent Gervais, was a recent Sunday caller at his former home, La Fayette.

Bro. T. J. Odell, second Hillsboro, is dispatching in "C" office on the branches. Dispatcher Cantrell is visiting his old home in Indiana.

There is lots of good reading in the bulletin this road puts out, every brother should read it. Bro. F. D. Dogart, freight office Portland, retired April 1st, and that office was then closed. We regret very much to lose this valuable brother after being with us for thirty-seven years.

Bro. G. F. King, agent Cottage Grove, was off thirty days; relieved by Bro. H. A. Tibbels, and he by Bro. McLamore, who inspected his mines in Southern Oregon, upon Bro. King's return.

Mr. Mahoney, first Grants Pass, off thirty days, was relieved by Bro. Greive.

Bro. Noth and Fromm, of Medford, attended the baseball game between the Northwesterns and Chicago Giants, and got so excited they were excluded from the grounds.

Brothers, when you bid in a place you should take it if only for the time between the bulletins. If you throw up a position you bid on it works an injustice to others, who might have secured it and the company does not like it. Recently a brother with some fifteen years drew a third trick in the canyon and took it like a man, bidding out on the next bulletin. Be sure you want a position before you bid on it.

Local Chairman Boyd is settling grievances in Southern California.

Sister M. R. Rice, third Ashland, recently visited her home town at Gold Hill.

Assistant Superintendent May, who had that terrible accident at Myrtle Creek some time ago, is back again at Roseburg in his position.

Bro. I. F. Bradley, agent Comstock, was off a few days; relieved by Bro. J. R. Spurgeon.

Bro. R. A. Wilson, extra dispatcher, bumped at Roseburg by S. J. Stewart, went to Portland; also Bro. Barrett, second Roseburg side wire, R. J. Neil, city office Portland, is on thirty days' vacation.

Bro. Brunken, third Grants Pass, is breaking in a new "murder" cycle.
Our new superintendent, Mr. Burckhalter, brought his clerk, Mr. Lowe, with him from the engineering department to succeed Mr. Woodbury as chief clerk, who has handled us with great satisfaction. We hope the boys will all answer correspondence from the superintendent's office as promptly as heretofore, and make the new chief clerk's position as easy as possible.

The boys on third tricks Junction City to Ashland are being congratulated upon the good service they are giving the dispatcher. Hope the boys on first and second will also show their appreciation of the good treatment they are getting by giving good service.

Remember the good old motto: "——.—. — — —.

Wish to thank Bros. Vickers and Gaines for news this month. Seems as though these are all the brothers who can send me any news.

G. M. LESLIE, Div. Cor.

Coast Division

Bro. West, of Coyote, has started a petition recommending that we pay our local chairman $15 a month for his services, which the writer heartily recommends. The local chairman has plenty of work to do, and we can well afford to pay him that amount or even more if it is necessary, as he has to do all the Order work outside his eight hours telegraphing.

Bro. Kraemer, agent Tres Pinas, off a few days, was relieved by Extra Miles.

Bro. Bell, from King City, relieved Bro. Feldt on San Ardo second, who went to King City third a few days and then relieved Bro. Hoon, San Lucas, while visiting around the Bay Cities a few days.

Bro. Sisson relieving Bro. Stephenson, agent Felton, relieved at Santa Cruz by Bro. Merrill, who later went to King City third.

Bro. Spencer, who relieved Mr. Shane, "ND" San Francisco, on vacation, is back on third San Jose.

Bro. "Fat" King, of Guadalupe, has a portable three-room bungalow to put up on the beach, which will be like being on a vacation all the year.

The weather has never been finer at this time of the year; just like the middle of June here on the 15th of April.

I am indebted to Bros. Werner, Marble, Smith and Doyle for nearly all the news. If all the boys chip in like they have been doing for the last two months there will be no trouble at all to have a good write-up. "HS." Cert. 1558.

Western Division

Bro. H. J. Hendricks, agent Kenwood, relieved by Bro. Burns, second Suisun, and Mr. Rash, third Davis, relieved by Bro. Porterfield, while on special work connected with the unmerging of the Central and Southern Pacific.

Bro. A. G. Gilliland is relieving Mr. Pearson at San Leandro.

Suisun-Fairfield station now in operation, cuts out an extra stop for passenger trains at Fairfield. The old passenger station was moved from Suisun and repaired and painted and makes a very creditable appearance. The freight station was also moved, and a good many trainloads of dirt and gravel used to fill in around the two stations. A new steel semaphore, worked with levers instead of wires, help to make it an up-to-date workshop. Sanitary drinking fountains also installed. Understand a subway is to be built just east of the station to make "safety first" crossing with the Northern Electric.

There is still lots of missionary work to be done and I will call on you brothers to help me, as requested in the March issue of the journal. One man can accomplish little alone by letter writing. It is to your interest as well as your duty to keep up the membership.

In handling a grievance, first thrash it out with the division officials, then if a satisfactory settlement can not be effected, take it up with your local chairman. If he is unable to adjust it, then it will be taken up with the general chairman. Don't refer your grievance to the general secretary and treasurer, as it only causes him unnecessary work to refer it back to your local chairman. When applying for position bullotted be sure to make three copies, two to be sent to the assistant superintendent and the other to me.

Our General Secretary and Treasurer Bro. Koppikus is at Calistoga taking treatment at the springs for another siege of rheumatism; relieved by J. W. Davis, extra.

Bro. Allspach relieved Bro. Reinhart, at Martinez, who accepted position with a lumber company at Sloat, Cal.

Webster closed as telegraph office, and Bro. P. V. Wilson displaced Bro. Dohner at Bay Point, who relieved Bro. Rutherford, third Benicia, for sixty days' vacation.

Bro. Collins, third Port Costa, taken suddenly ill while working, and third trick man at Benicia, removed him until Bro. Alsop was sent there from Martinez.

Bro. Pennington, relieved by Mr. Colson at Suisun while off with an injured hand.

Bro. Alexander relieved Bro. Turner, third Oakland Pier, a few days.

Mr. McLaughlin, agent San Leandro, on a sixty days' trip east, relieved by Mr. Pearson, San Leandro.

Mr. Wyatt, agent Newark, relieved by Bro. Braun, of second, and he by Bro. Rouse.

The company have installed cars at Altamont for the living quarters of the operators. Some chance to reduce the high cost of living.

Recent new members: C. W. Brandt, Altamont; W. O. Cole, Vacaville; L. S. Carruth, Esparto; E. S. Smith, Pleasanton, and W. G. Rogers, agent Suisun.

It would be an excellent idea if some brother would notify the "BD" bunch when an operator or agent is taken to the general hospital in San Francisco. The "BD" boys are glad to do what they can for any brother, and it would be appreciated by the sick. A note to Bro. H. B. Segur, F. E. Barton, C. E. Neff or F. B. Bell giving name and where from would receive attention.

Understand the Western Pacific have taken off almost half of their operators. We have been rather fortunate in only having one regular telegraph office closed on this division.

The San Joaquin has adopted the motto: "Solid San Joaquin," and I can not think of a better one for the Western. Our percentage (of nons) is getting smaller each month, and we hope the beginning of 1915 will see us with a solid front. Have you written that non that is working with you day after day? Make your letter's gentlemanly one and show them we are a good bunch to get in with. Wire conversations on this subject are bad, as often times the ones you work with thinks you are trying to show them up, and more harm than good is accomplished.

Don't forget the news items. Many of the brothers contributed this month, and I sincerely hope the good work continues. We can have a good write-up if you will only drop me a line when you know of some change or item of interest.

Where other divisions are represented by local chairmen, committee men, correspondents and assistants, correspondents this division is represented by the local chairman only. We need a good write-up each month and whoever acts as correspondent should have assistance, as we have a large division, hard to cover to get the news. Some one volunteer as correspondent and I will do all I can to furnish the news from Sacramento to Oakland.

Local Chairman.

Stockton Division—

Former Local Chairman Bro. R. A. Anderson, of Merced; Bro. H. L. Downing, of Modesto, and Bro. L. L. Mullens, of Tracy, have returned from the East with brides to their tricks again. Congratulations, boys.

Bro. T. M. Boyd, local chairman from Oregon Division, was in Stockton recently acting as general chairman.

It's now Bro. L. B. Hickey, agent Turlock, and will soon be Bro. T. M. Marts, agent Modesto, and Bro. F. M. Humphreys, on second there.

Bro. M. E. Price is on third Lodi, and Bro. W. L. Reeves on third Lathrop pending bulletin, making the latter solid with the exception of the agent.

Bro. V. E. Haggard is now on the St. Louis Division of the Illinois Central.

Bro. R. R. Duncan, from the Sacramento Division, is on third "BR."

Assistant General Manager Platt was over the division recently in his private car "Miraflores." F. J. Clifford, chief clerk to superintendent, is back from a trip to Seattle.

Bro. L. E. Needham, third Galt, was a recent Stockton visitor.

Bro. T. G. Woolard, Tracy second, spent several weeks in San Francisco recently; relieved by Bro. Reeves. Bro. C. E. Wykes, while visiting friends around Madera, Fresno, Stockton and Modesto, was relieved by Bro. Hislop.

Bro. R. A. Richards, first Lodi, succeeds Bro. R. E. Denney as local chairman, whose good work was greatly appreciated. Bro. Richards is an old-timer at the railroad game. Let us help him get in the few nons left and make the division solid.

Bro. L. L. Mullens, first Tracy, has been appointed committee man, vice Bro. F. A. Hemphill gone to Los Angeles Division.

Dispatcher Hallin, on the Tracy-Brighton side, is spending his vacation in Chicago, Cincinnati and Louisville; relieved by D. C. Delmore.

Madera is solid now, with Bros. A. D. Smith, agent; E. E. Leardom, first; F. D. Faulke, from U. P. Denver second, and F. D. Butler, third.

Traveling Freight and Passenger Agent Beane and Chief Clerk Tandrow and Agent Fish, Stockton, are on a trip to Boston and other eastern cities.

Bro. Richards has appointed me local secretary, and I want to make a good showing, and if the brothers will drop me the news to "KN" we can have a good write-up each month. Let me hear from all.

J. E. HAMLOW, Div. Cor.
Tucson Division—

On page 409 of the March Telegrapher, Bro. Pierson, Second Vice-President, gives a brief synopsis of a contract recently signed on the Boston Elevated Ry., containing a provision, "That none but members of the Order of Railroad Telegraphers be employed in offices covered by this schedule." Bro. Pierson is to be congratulated on this splendid provision in the schedule, and one which we hope can be incorporated in all schedules in the future, as it won't benefit the nons, as all our schedules have done in the past. It emphasizes the strictness we should use in the enforcement of our motto, "No card, no favors." Has the man worked out to you a card? If not, find out why. Would you pay his grocery bill? No, but you sit still and pay the debt he owes the O. R. T. without a murmur. We want every eligible man to be a brother. At present there are but three on the division. Get after them, and don't let them forget the benefits they derived from our schedule.

Rasco second pulled off; Bro. Spaulding to Tucson. Sibyl second pulled off; Bro. Gutierrez to El Paso, account sickness of wife; relieved by C. A. Olson; later Sibyl office closed, Olson to Blaisdell, vice F. A. Clark, resigned.

Aztec one trick pulled off, Bro. C. E. Welsh relieved. Picacho two tricks pulled off, J. W. King, second to Amado, relieving C. F. Sage, resigned; Bro. Brusha, third Picacho, resigned, relieved by Bro. Bostick.

Tucson "UN" sixth pulled off, Bro. Bachman bumped R. P. Flynn, third wire chief, who bumped Bro. Spaulding, to Maricopa. New sixth put on hours, clerical work from 4 a. m. to 7 a. m., telegraph 7 a. m. to 12 noon, incumbent Bro. B. E. Acre, chief dispatcher's clerk. Flynn expects to go back extra dispatching.

New members for May cost $6.50, June $10.50, which pays up till December 31, 1914. If you are not up to date now is the time to get in. Last half 1914 dues should be paid this month to insure you getting your new card before June 3oth. Don't become delinquent. Bro. Kopppikus likes to see 'em come in early.

Bro. Lewis, at Lordsburg, was the only new member the past month.

Those not referred to as brothers are either delinquents or nons. We should like to see the delinquents pay up and the nons get a card.

Will Bros. Bechel, O'Brien, Cull, Long, Lawrence at Bowie and Cannon favor me with something for the journal next month?

General Manager Scott went over the division in April on No. 1. Lordsburg fourth pulled off; Bro. Fellows relieved Bro. Meacham on second, who relieved Bro. G. E. Wilson, Tucson "UN" fifth, who relieved Bro. O. W. Allison, Fairbank, on sick list.

Bro. Larkey, formerly agent Wellton, was removed from Tucson Hospital to San Francisco General Hospital, and is not expected to live.

Bro. Welsh, from Aztec, relieved Bro. Burke, third Wilcox. Understand his destination is Phoenix, and his purpose matrimony. He has our heartfelt sympathy.

Bro. Jack Marks and Bro. Jesse Long were recent Tucson visitors. Bro. Hettinger, from Esmond, comes in almost every day on his "Indian."

Several brothers and sisters have not paid their assessments levied last year and also several delinquent in dues for this half. This division received the highest increase in our recently revised schedule, and these assessments and dues should be sent to the general secretary and treasurer at once.

I have been given the agency for the Mecograph and Vibroplex, by J. E. Albright, of New York, for this district, anyone in the market drop me a line.

2099 B. C.

Houston District—

Bro. R. G. Floyd, of Division 128, is a new addition to our ranks.

Bro. W. H. IIolt, Waelder days, attended the big meeting in Houston on April 5th, where there were close to 150 present from all roads leading into Houston, including General Chairman Cowgill.

Bro. Lester, Schulenburg first, off on account of ill-health, was relieved by Bro. Dobbs, of second, and he by a new man from B. & O.

Bro. N. C. Ney bid in Eagle Lake agency, vice Mr. Moore, who re-entered the telegraph service.

Bro. McNutt is relieving at Glidden agency now on bulletin.

Bro. Petty, Sabinal third, was off a few days; relieved by Mr. Atkinson.
THE RAILROAD TELEGRAPHER.

Extra Dispatcher Williams, of San Antonio, off a few days sick, was relieved by Bro. Westbrook. Bro. Stuart, agent Engle, off a few days, was relieved by Bro. Williams, Seguin third, and he by Bro. Floyd, a new man.

Bro. O'Farrell, agent Waelder, while visiting Houston and Galveston was relieved by Bro. Holt. Crota. 2303 and 2811.

T. & N. O. and Galveston Divisions—

Bro. I. B. Rathburn, our division correspondent, was called suddenly to Mississippi on account of serious illness of his father, whom, however, we understand is greatly improved. Our best wishes for a speedy recovery. Bro. Rathburn was relieved by Bro. Goodson.

The big meeting April 5th, in the dining-room of Hotel Cotton, was well attended by all five of the Sunset lines: I. & G. N., M. K. & T., T. & B. V. and S. A. & A. P., as well as the oil companies and commercial men, including Bros. Kelley and Moseley, from the Katy; Santon, T. & B. V.; Hunegate, I. & G. N.; Laisure, of Ennis, and another good live brother from S. A. & A. P., whose name I have misplaced; Chairman Cowgill and Secretary E. B. Hill, and many of the good, live brothers gave us good talks.

Bro. Hill read several interesting letters from brothers unable to be with us, including Fifth Vice-President Manion, Fourth Vice-President Dermody, second Vice-President Pierson and several others.

The meeting organized a social O. R. T. Club, and a Texas legislative committee board, as well as increasing the membership of the Ladies' Auxiliary. The first social meeting will be held on May 10th, and one each month thereafter; dates advertised later.

Bro. Cowgill left April 22d to attend a big meeting in Ft. Worth on the 23d, taking Bro. Laisure with him from Ennis. On his return he will visit all the boys possible over the H. & T. C. and put on the finishing touches to meet the officials to start a good schedule, which we expect soon after May 1st.

Bro. Rummell was on the sick list about a week.

Bro. E. Yarbrough, of Village Mills, will move to Nome agency, secured on bid, as soon as the little ones get over the whooping cough.

Bro. R. L. Bradford, "N" San Antonio, is now on second Galveston, and his pal, "Ad," from El Paso, on third Echo, while "Bill" is sick.

Bro. Hayes will see that R. H. Finney, Liberty second, will soon be up-to-date.

Bro. W. O. Livingston attended the big meeting.

P. J. Musgrove, agent Jacksonville, is now at Crandall extra.

Bro. J. W. Simpson, of Athens, can't keep from traveling. Sorry to lose such a good brother.

Bro. Chas. Hercheck, our heavy weight tower-man, is on a trip to El Paso and the West.

Bro. Little, of Texas City Jct., bid in "Z" second.

Bro. P. C. Newton, of Caro, has helped us land three nons on the Rabbit this month. A few more like Bro. Newton would be of great assistance.

Bro. Clark relieved Mr. Giffee, "HD" first, off sick a few days.

I hope the boys out on the line will try and get to our meetings held each month, and take some interest for their own good.

The nons in "HQ" should get lined up for their own good, even if they are on non-scheduled jobs.

All agents who I mailed the revenue circular to, get busy, so we will have it when needed.

LOCAL CHAIRMAN.

T. & N. O. and Galveston Divisions, Including Dallas-Sabine District—

There are still a few who, regardless of the precepts of the Golden Rule, continue to sponge on the men who have done, and are still doing, everything possible to keep up the high standard set by the good old Order.

General Chairman Cowgill took a trip out over the Victoria Division recently, returning via San Antonio and the Houston Division, Bro. Alexander, local chairman at Fort Lavaca, entertaining him on a fishing trip.

Bro. Dunlap, second Beaumont, was recently burnt out of house and home while attending the theater. We all sympathize with him in his loss.

The towermen are joining rapidly, and Houston towers are now solid with the exception of one man at tower 26, who has been very sick for three months.

Bro. Charles Hercheck, third tower 25, Houston, is on vacation.

Bro. H. G. Dunham, who bid in second Echo, vice Sanders, resigned, was relieved on second Galveston by Bro. J. L. Husted, from the Union Pacific, who also relieved Bro. Dunlap, third Beaumont, while he was getting a fresh start after the fire. Bro. Robertson, second Beaumont, was laid up a week with a crippled hand.

Bro. C. F. Strickland, who relieved E. F. Reeder, agent Port Arthur, was given a $5 increase there.

Bro. Vincent, second Harrisburg tower, who paid us a visit recently, has a fine garden.

We are glad to state that Bro. Oliver, agent China, has returned from the hospital, Bro. R. F. Stuckey going to Nome agency, vice B. E. DeJournette. Bro. Stuckey celebrated his arrival by sending in the papers of K. C. Walker, second there.

Superintendent of Telegraph Percy Hewitt, who went six fast rounds with his motor car out on the Houston Division, has been obliged to have a small piece of bone removed from one of his legs, which was broken at the time of the accident. We hope for his speedy recovery.

Bro. Pickard, cashier at Athens, is on vacation, relieved by H. B. Wearre. C. E. Armstrong, extra agent there, promises to renew his membership shortly.

Jimmy Collins, "Q" "HN" Houston, now has an up-to-date. E. M. Bush, who signs "F," should
not be mistaken for Bro. F. W. Bush, who signs "B."

Bro. Rudisill is back at Cushing, leaving Bro. Craig in charge at Crandall.

R. W. Brenham, first Galveston "Z," will show up a brother at every opportunity.

The brothers in "K" Harrisburg tower have been required, by the division signal supervisor, to clean up the yard around the tower and scrub the floor. This violation of the contract will be handled vigorously.

A circular letter was issued recently announcing that "bugs" infringing on the Coffee and Martin patents by the Mecograph and Vibroplex would be debarred from the company's wires. Bro. Cowgill went into the matter, but found there was no appeal.

The meeting held in Houston, April 5th, was a great success. The enthusiasm and great volume of business would not permit of an intermission, so we had a continuous session, replete with intelligent ideas and good, sound, common-sense discussions from 2:30 p.m. until the midnight adjournment. Owing to poor train facilities, the T. & N. O. was not as well represented as we should like to have seen it, but those who can not go each time on account of their duties can do their little task for the betterment of the Order and their own conditions right at home by being right on the job all the time.

Our committee has the promise of a date with the management some time this month in connection with the schedule negotiations. We can not all be committee men, but we can be good constituents. A committee can be no stronger than what it represents, but merely what we make it, and must depend upon us for support. Let us not be found wanting.

Don't lay down at this stage of the game, but get that card up to date, talk unionism, get the man next to you, and we will have the "safety-first" business right up to the handle.

DIV. COR.

H. E. & W. T. and H. & S. District—

We no longer feel ashamed of our little branch of the Southern Pacific, better known as the "Rabbit," and at last feel safe to venture out and make ourselves known to the world. We have never had the opportunity that we now have, being included in the S. P. main line schedule, and everyone should take advantage of this and do everything possible to aid the organization and division in securing a schedule governing working conditions and rates of pay.

Your humble servant had the pleasure of attending the telegraphers' booster meeting at the Hotel Cotton, Houston, Sunday, April 5th. Bro. Towns, of Humble, also attended, but none of the rest of the boys were able to attend on account of being unable to secure relief. Many interesting subjects were discussed during the meeting, and very beneficial things said by prominent and able members. I only attended the night session, as I did not reach Houston until about 7:10 p.m.

Much credit is due Bro. Cowgill, our general chairman. He is one of the most able gentlemen to be had to handle a matter like ours, and if we all do our part and give him all information and assistance possible, we may rest assured everything will be handled properly by him. Our proposed contract was handed in to the management in person by Bro. Cowgill the latter part of February, and no doubt they will go into negotiations at an early date. We should all put forth every effort to give our employer the very best of service and show that we are worthy of better pay and working conditions, and are only asking for what is just and right and that which we are entitled to. The matter will be handled in a businesslike way by the general committee, and all we need to do is to keep up our courage and get in the few nons at "SY," "JC," "HU," "N" and "MS."

Mack Holland, our local correspondent, left us on short notice. We are sorry to lose him and hope he will drop us a card and let us know where he has landed.

Yours truly landed another new brother relieving "HW" at "SY." If there is a non in your office, show him the necessity of getting an up-to-date card. Everybody practice efficiency, and get up to the standard in every respect. There is going to be some legislation soon of the right kind. Let's get wise and do something.

L. M. Lopez, Local Chairman.

H. & T. C. District, First Division—

Recent assignments: Bro. Darwood, Fallon; Bro. Gormley, first Sherman; Mr. Brayer, Courtney; Bro. Bowser, Chaney Jct.; Bro. L. B. Pitzer, Howe. Mr. Drayer will soon be with us.

Boys, find out if the man working with you or next to you has a card. If not, get his application. Send his name to Bro. Laisure, local chairman, Ennis, Texas, who will also work on him. We need concerted action right now to make this line 100 per cent strong. A little activity on each one's part will do it. Remember, "No card, no favors," and let the nons know when they come to the H. & T. C. for work they must have a card.

The booster meeting at Houston was a great success, about 150 to 200 members being in attendance throughout the day and night, and more enthusiasm was shown than at any other meeting ever held in this part of the country.

Bros. Guy Neeley, Wellborn and Foster, formerly of Ferris; Laisure, of Ennis, and myself attended from this line. No. 2 running late that night made it impossible for a great many to come. I hope the whole south end will be represented at the next one in May.

Bro. Vaughn, Ft. Worth nights, visited in Corsicana and Ennis recently.

Bro. Darwood, who bid in Millican, later bid in Fallon.

Bro. Hardaway, agent Melissa, while attending court in Sherman, was relieved by Mr. Brayleton. It is now Bro. Battle at Normangee.

Bro. Jackson, third Mexia, off a few days, was relieved by Mr. Grass, a new man.

Bro. Laisure, our efficient local chairman, attended the big meeting at Ft. Worth. About sev-
enty-five were present, representing all the divisions entering Ft. Worth; the H. & T. C. brothers being Latimer, Kelley, Tatum, Beene and LaLaurie. The more of these meetings we attend, the better men we will be. Make it a duty to attend every one within reaching distance. A little loss of sleep is easily made up. Bro. Cowgill, our general chairman, was also there.

Bro. Steele, Corsicana second, attending court at Denison, was relieved by Bro. King, from the N. P., who also relieved Bro. LaLaurie at Ennis while at the Ft. Worth meeting. Bro. Tatum was relieved at Ft. Worth by Bro. Frost.

Bro. Branson, "FN" Ennis, off sick, was relieved by Mr. Ryan.

The committee is now in session with the management at Houston. Boys, stand firm and show that we are with the committee one and all.

Don't forget that the dues commencing with July first will be $6. Save the change being spent and get one of the first cards issued for the new period.

“No card, no favors.”

W. F. DAVIS, Div. Cor.

Albany water-tank office closed and Jeanerette nights opened.

We are glad to see so many of the good operators getting promoted. N. C. Frier, E. V. Chauving and C. G. Moseley have been promoted to dispatchers.

A revised list of nons shows that we are nearly 100 per cent strong, and in a few more days we will reach that mark.

The Lockport branch is being ballasted, and when completed will be one of the best branch tracks on the Morgan.

Assistant Superintendent Herrington resigned, relieved by F. S. Swing. General Superintendent Hopkins has been made vice-president.

We are all sorry to learn of the death of W. Walker, who worked so long at Morgan City and Algiers. H. L. Ferske, Cert. 2179.

Northern Pacific Ry., Div. No. 54.

Idaho Division—

All Members—Bro. R. N. McLeod, local chairman, Brotherhood of Locomotive Firemen and Enginemen of this division, has requested our cooperation in the matter of passing up train order hoops to engines in a manner that will cause as little hazard as possible to enginemen. Through representations made to the company by the B. of L. F. & E., train order "pulpits" have been placed at most stations, so that hoops may be handed up without the necessity of firemen coming down in gangway of engine to get them, and it is thought that "pulpits" will soon be installed at all stations. Complaint has been made that some telegraphers do not always use the "pulpits," which makes the catching of hoops more dangerous for enginemen. It is also dangerous for telegraphers to use the "pulpit" to handle up hoops to engines of mail trains, as the catcher arm of the mail car constitutes a serious menace to life and limb, but for all other trains, it is much better to hand the hoops up from the "pulpit," and makes it a great deal safer for our brothers in the engine cab. I would therefore respectfully request that all of our members use the "pulpit" as much as is consistent with personal safety.

It is obligatory under our schedule, Rule 6, Clause A, for the section forces to scrub and clean offices and waiting rooms, and a recent ruling by Superintendent DeForce, instructing that section forces attend to this work of scrubbing, will no doubt do away with any future misunderstanding along these lines.

If you are compelled to attend to mail on meal or split hours, or after the conclusion of your regular hours, you are entitled to overtime, or a call, as the case may be. I understand a ruling has been made on this division that "handling mail is a part of the regular station duties of an agent, for which no overtime will be paid." Rule 8, Clause A of schedule, provides that, "Telegraphers * * * required to remain more than the hours as hereinbefore provided, will be allowed overtime, etc." It makes no difference what service is required, if it is something that can not be done within your regular hours and necessitates your attention outside of such regular hours, you are entitled to overtime pay and should insist that it be allowed you.

Correct seniority list of January 1, 1914, as follows: Scratch all numbers, 121 to 136 inclu-
sive; scratch Nos. 104, 108, 111 and 118; add No. 109, Fuller K. Sims, Sept. 5, 1912. Please make these corrections on your lists, instead of writing me for new lists or for corrections, as I have not the time to attend to these matters. Seniority lists are printed and distributed about the first of each year, and corrections published quarterly in the journal, making it easy for you to keep your list corrected to date.

Some of the largest sweaters of labor have recently become very much concerned about the "rights of unorganized labor and the freedom of contract," and in order to draw the public attention from their oppression of all labor, are shouting that the unions are distorting the non-union workmen of their constitutional right to work for whom and for what they will. Such slush will fall short of the purpose for which it is used. Organized labor have the same right to speak for unorganized labor as trust-organized employers have to speak for it. Strike-breakers would not be getting fancy pay for their specialty if there were no labor organizations.

Five telegraphers who formerly carried cards and have drawn from $10 to $15 per month each in increased salaries under the last two revisions by dropping their membership are keeping us from having a 100 per cent membership on the main line, simply because they could not violate the schedule at will. Members should demonstrate to them, in no uncertain way, what they think of such action.

B. E. Nason,
Local Chairman.

The local fund, first quarter, ending March 31, 1914, is as follows: Cash on hand January 1, 1914, $11.50; receipts first quarter 1914, $28.00; total, $39.50. Disbursements—Seniority lists, $5.25; typewriter supplies for local chairman, $4.00; total disbursements, $9.25; balance cash on hand April 1, 1914, $30.25.

Due 50 cents semi-annually, payable in advance. All members are urged and expected to contribute to this fund, which is used for the local expenses of this division. If you have not sent in your fifty cents for the current six months, please do so at once, remitting to the undersigned at Athol, Idaho.

E. S. Smith,
Local Secretary and Treasurer.

uary has been changed to the third Saturday.

Tacoma Division—

Owing to being off several days, I was unable to 
keep up with the changes.

After a new schedule is secured it is bad policy 
to lose interest and neglect to pay dues, causing 
the local chairman a lot of extra work. We hope 
the brothers and sisters will not get into this 
habit, as we all want more money and better work-
ing conditions, and the only way to secure them is 
by hard work both to the company and our Order. 
The delinquents should get busy and pay up, and we should see that the nons who accepted 
the increase secured last fall, but so far have not 
contributed one cent, are brought to time. If 
they are able to purchase pianos, automobiles, etc., 
they are certainly able to carry an up-to-date. 
Instead of doing that, some of them even try
on every possible occasion, to keep others from joining the Order.

So far none of the members have replied to my letter in a recent issue in regard to levying an assessment of ten cents a month, payable quarterly, for a social relief fund. We have now about $70 in the fund, and if the members will contribute just ten cents a month, we would soon be able to meet all local expenses without calling on the members for a special donation. Please give us your views on this at once.

Bro. W. E. Yordy, second Kalama, is on a trip to Canada, relieved by W. D. McClelland, former agent at Sumner.

Bro. E. E. LaMarche, who relieved Bro. Mockross in "PA" relay, was bumped at Granger, and denied the agency on account of traffic department officials saying they did not want to make a change. This has gone to General Superintendent Richards for decision.

Wires were taken out of Waitsburg station, giving Bro. Wilde a chance to bump.

Dakota Division—

Bro. Ellsworth recently appointed me assistant local chairman, and requested me to collect the items this month. It has been a pleasure to do this, and I wish to thank the many brothers who sent me the items.

Sister Jaymes, of Pettibone, has been appointed local chairman of the Ladies' Auxiliary on this division. Brothers, get your wives and lady relatives to join. Sister Jaymes is supplied with blanks, etc., and desires that anyone she has not yet written will drop her a line and let her know that they are interested. Let's all lend a helping hand, and make the auxiliary as strong as a membership as the O. R. T. on this division as far as percentage is concerned as quickly as possible. Sister Jaymes wishes to thank the brothers who helped her to be put in as local chairman, and will handle the work to the best of her ability.

The main line is now solid O. R. T., with the exception of Messrs. Moe, at McKenzie; Jolley, at Berner, and Boyle and Rich, at "J" Jamestown, and Mr. DeVoe, at Woodworth, is the only non still left on the Pingree-Wilton branch. Boys, drop him a line and tell him of the benefits and pleasure of belonging. With our membership almost 100 per cent strong, let us put forth our best efforts in the interest of the Northern Pacific and show the officials that we are a better class of men since our new schedule. Take just as good care of offices, waiting-rooms, freight-rooms and platforms as if they were our own, and make the traveling public feel that this is the best line in the Northwest to patronize.

Write the nons or mail them your TELEGRAPHER, and call their attention to the fact that the June fee for joining will be only $5.00.

Bro. Ellsworth will write the items next month. Send him your notes by the 20th.

O. H. Underwood,
Assistant Local Chairman.

Bro. John Smith's wife, of Mott, called on friends at Elgin recently; also Bro. C. E. Rotamel's.

The few delinquents should pay up at once, take a lot of unnecessary work off of our local chairman's shoulders, and do justice to themselves.

Remember the motto, boys, "No card, no favors," and enforce it.

Next month when you send in your notes to the local chairman give him your ideas and suggestions on the parcel post matter, and help land the nons, and get our division solid. Read the item on page 401, headed "Maryland's New Law," and also the item regarding the new schedule the brothers on the Boston Elevated Railway just signed up, on page 409. Both in the March issue of THE TELEGRAPHER. Help to get her solid, boys, and possibly our next revision of our schedule may be made on this plan.

The great number of new men coming and going makes it almost impossible to keep track of them all. If I have favored any nons with the prefix “brother,” here’s hoping that they will be such before long.

I hope the brothers who sent me notes this month will continue the good work. Be sure you send them before the 20th, so as to get them in the journal for the following month.

I wish to thank Bros. Ames, Harbaugh and Warnock for the above items. It should be understood that I cannot furnish an interesting write-up without the support of the brothers at various points along the line. Some of you make an effort to send me a few items for the next write-up.

Washington Division—

Brothers, suppose you were to find a man in your home or your office taking something that did not belong to him, would you invite him to come back and get another load of the "swag"? Would you invite him to come and take dinner with you, meet your family and treat him as a friend? Would you slap him on the back and tell him that he is a good fellow, or would you hold him and turn him over to an officer of the law and then do all in your power to put him where he could get no more of other people's property?

Suppose you found a man in your trade or profession taking something that did not belong to him, would you accord him the same courtesies, the same privileges and the same respect that you do to the man who is doing the right thing by you and his co-workers?

Brothers, what are you doing with that "non" you are working with? What are you doing to eliminate him? Is not the non taking something that does not belong to him—something that he has not paid for? And what have you done to show him his error?

This is a personal question of vital interest to every one of us.

Are you satisfied to continue to pay for all the music while that non enjoys the dancing more than you do? What do you carry your card for? What does it represent to you?

It is an investment, brothers, not only a financial one, but an investment in protection, in principle and in manhood (backbone). What are you doing to protect your investment?
The Railroad Telegrapher.

The non is beginning to be quite a factor on this division. You should wake up to the fact and get busy.

It is a matter of personal protection for you to get everyone to carry an up-to-date.

After you have given him an opportunity to do the right thing by his fellow-workers, if he fails to do so, show him that you can no longer treat him as your friend or an honest man.

It is a business proposition for you to look out for your own interest and protection.

Will you continue to jeopardize your protection and interests by just letting things go along easy and waiting for someone else to come along and work on the nones?

Do your part; there is plenty for all to do.

If you are interested and wish to know who is who, the information will gladly be given you by either Bro. Burgess or myself upon application.

I have received a number of letters and personal requests to ask for a meeting through The Telegrapher. I am in favor of calling one, and will do everything in my power to make it a success. If you want a meeting, write Bro. Burgess to call one and tell him you will come. If he receives enough promises of attendance to warrant it, he will be glad to comply with your wishes.

The interlocking plant and tower have been moved from Bealton to Cameron Run to replace the one destroyed by fire last month. The boys at Cameron Run are unanimous in their verdict that box cars do not make good telegraph offices. Bro. Lewis found a novel way to dispose of some of the surplus interlockers of the division.

The division has been equipped with "order hoops." This is a step in the right direction, and something we have been needing for a number of years. Why not some "order boards or signals" next? With the two there would be a big saving of delays to traffic.

Cut out the playing and bad language on the wires. Answer your dispatchers and blocks promptly, and you will have enough to keep you busy. Brothers, try to locate the guilty parties and report the matter to the chief.

It should have been Bro. Lewis instead of plain "mister." Ditto Bro. Javins at Cameron Run.

Bro. L. M. Brittle, third Brandy, is taking his vacation, relieved by W. A. Dingleline, a new man, and Bro. C. S. McCleary, second Buena, is taking his, relieved by Bro. M. H. Crump.

Sister L. E. Connelly, third Coolwell, is on the sick list, relieved by Mr. Clarke, a new man.

Sister Hamm, first Barbourville, has gone to Hot Springs, Ark., with her brother, who has rheumatism, relieved by A. J. Redmiles, a new man.

Sister Robertson, first Gilberts, is on the sick list, relieved by Lewis Carioff, a new man.

Bro. Dudley, third New Glasgow, has resumed after a short illness. Glad to see the brother on the line again.

Bro. Roberts, first Shipman, has resumed after a short rest.

Bro. J. B. Norvell and A. E. Harrison, Arrowhead, off for a few days, relieved by Bro. Fields, Sr.

Bro. T. M. Weaver and family, of Nokesville, are on a trip to Florida. We will set 'em up if Tom don't go to sleep and let an old "crocodile" get him. He was relieved by Mr. Dingleline.

Mr. McClung, from the general office, gets Warrenton agency, and T. G. Meredith bid in Gainesville agency.

Bro. P. A. McCleary has learned the road, expecting to do extra dispatching in the future. Our good wishes for his success.

Bro. Brinkman, the newlyed, third "CD" office, is the right man in the right place.

The Southern expects to set a precedent in handling packages this year—about nine thousand cars in sight.

Bro. B. W. Monday attended the funeral of Mr. Faulconer at Coolwell.

Bro. Page, second Barrett, off for Easter, now sports a new straw bonnet.

Bro. R. D. Lewis, first Edsall, off on account of ill health, relieved by Mr. Bloxton.

Trainmaster T. P. Weston transferred to Manassas branch, vice G. R. Buddin, who comes to the main line. We are sorry to lose our genial little trainmaster.

Bro. Abbott, first Nokesville, on vacation, was relieved by Mr. McCarthy, and he by Bro. Crump.

Bro. Javins, first Cameron Run, off on account of the illness of his little son, was relieved by Thomas Sharp.

The automatic block which will be in operation between Cameron and Orange, June 1st, will probably cut out twelve or fourteen men and cause quite a lot of moving about.

Bro. Allen, of Strasburg, has promised to let us hear from the Manassas branch next month.

I wish to thank the boys who assisted me this month and ask them to come again. Unless I have your help I can not give you the doings I have spoken.

— W. E. B., Div. Cor.

Danville Division—

The last monthly meeting in Greensboro had a small attendance. I regret that sickness prevented me from being present.

Boys, those of you who have neglected to renew your cards to June 30th kindly send in the necessary amount at once. It makes it very costly to send a man over the road to get them.

Glad to see Bro. Bodenheimer, Stokesland first, lack after a severe illness; relieved by Mr. Hash.

Bro. J. L. Jacobs, Dry Fork, is off "farming," relieved by Mr. Ray, and Mr. Fitzpatrick is relieving Bro. E. A. Lillard at "GO," who is relieving Bro. Stroud.

Bro. Knowls, Pelham Jct., while off sick was relieved by L. W. Lillard; Bro. C. J. Wright is relieving Bro. Turner, at Reidsville, on account of sickness, and W. H. Booth is relieving W. F. Baxter, at Mizpah.

Bro. O. C. Knight, who relieved Bro. J. W. Woody, at Pacoman, on vacation, is now reliev-
Dispatcher Jackson, who relieved Night Chief Faulconer, while off sick, was relieved by Third
Trick Dispatcher Baxter, on first.
Send me all the notes you can, boys, and we will try and have a write-up every month.

C. M. Kirkman, Cert. 2819.

Memphis Division—

The telegraphers who remained loyal to the N. C. & St. L. in the trouble there about two years
ago have had their wages reduced recently from $10 to $27 a month. They are beginning
to realize now what it means to remain loyal
and true in cases of this kind.
This is a different kind of loyalty practiced
by the men on the Southern who make it their
duty to give the company the best service they
possibly can in return for a good schedule and
decent working conditions.
We are glad to have Bro. W. J. Bibb with us
and hope he can help us secure some of the
nons who are still procrastinating, giving all kinds
unreasonable excuses for not showing their man-
hood.
Third "DS," third "V," and second and third
"MC" are now on bulletin. Bro. C. E. Uptain
is at "DS" temporarily; relieved on second "MC"
by Bro. Tipler, relieved on third "MC" by Extra
Keep after the extra men until they come in.

Div. Cox., Cert. 2641.

Birmingham Division, East End—

The old faithfuls are still coming out to the meetings. There are twenty-seven on this division
who could come and get back in time for work.
Usually only about one-third this number attend,
and at the last two meetings there were not that
many present. Boys, these meetings are for your
benefit, and if you don't get what is coming to
you don't blame anyone but yourselves. Bros.
M. Jackson and W. B. Foster attended the last
Sunday meeting at Tallapoosa. You can always
depend on them. Brothers, the next time this
committee goes to Washington the boys who have
been loyal are the ones who are going to be
remembered. The ones showing an interest in
the cause are the ones who will reap the benefits,
and the division of the harvest will be in propor-
tion as you have sown. This will be especially
applicable to those who say, "There is no good in
the Order." The more you put into a thing the
more you get out of it, and those are the ones
who show they are interested by coming out to
the meetings and keeping their dues paid up.
Some of the delinquents say, "Let the new men
pay awhile;" the new men see that the old men
are not paying, and says, "If there is no good in
it for the old men there is no good in it for us;"
and they drop out. Then you wonder why we
don't get more for our work. We are worth as
much as a brakeman, and it took us longer to
learn our trade, but we sit idly by and allow a
few to keep up the expenses, while the brakemen
make it their business to pay their dues without
waiting for someone to come after them.
Bro. R. J. Williams has been assigned third
Waco; relieved by Bro. Harry Foster, on second
Douglasville. Bro. Curtis Johnson, extra Waco,
is now up to date.

Div. Cox.

Birmingham Division, West End—

We are glad to hear Bro. Akins is improving,
and hope he will soon be back to his post.
Bro. Stewart lost his operator and will be
furnished a $23 helper instead. This puts Bro.
Thomas on the extra list. Bro. Dowdle has been
allowed a $23 helper.
Clerk-telegraph job at Cordova is on bulletin;
Mrs. Downey has moved to Columbus, Miss.
Bro. O. W. Wilson, agent Drifton, Ala., made
a trip to Sheffield recently.
Bro. J. R. Kilgore, second Parrish, is planning
a twenty days' vacation.
Bro. J. G. Stewart made a trip over the line
west of Berry recently. Bro. Bagwell and Stew-
art are both suffering with the "auto fever."
Mr. Williams, agent Belk, Ala., promises his
application next meeting.
Thanks to Bro. Stewart for the news he fur-
ished, and would be glad if the other boys
would drop me a note or call "J" and give me
the news.

Knoxville Division—

Brothers—I note the appeal in The Tele-
grapher, March, 1914, pages 407 and 408 from
Bro. C. E. Moss, now at Smyrna, Ga., R. F. D.
No. 2.
This brother was for some time local chairman
of this division, and served on the general com-
mittee during the year 1907. He is now suffer-
ing with consumption, and unable to work. He
writes me that he only realized about $50 from
his appeal through the journal, and adds, "I be-
lieve some of the Southern Ry. brothers will do
something for me at an early date, and an appeal
from you would no doubt bring good results."
Bro. Moss has a family, and being unable to
work we can realize just what he is up against,
therefore I take great pleasure in making this
statement in behalf of Bro. Moss, and believe that
many of the brothers of Division 59 will con-
tribute towards his relief. I am sending my
remittance at once and anything the Knoxville
Division brothers feel like doing in this cause
please remit to him direct. I know same will
be greatly appreciated.
If you wish to know further about it I refer
you to Dr. J. A. Goodwin, of Jasper, Ala., and
Dr. J. M. Strickland, of Austell, Ga., also Bro.
A. L. Atkins, of Jasper, Ala., and Bro. Quick,
grand secretary and treasurer.

W. H. Cord, Local Chairman.
The Railroad Telegrapher.

By the promotion within the past two months of Mr. R. E. Simpson and the death of E. J. Wooten, we have lost two of the best friends the telegraphers and station agents ever had. During the time Mr. Simpson was superintendent of the division, and Mr. Wooten chief dispatcher and trainmaster the writer had considerable matters effecting the division to handle with them, and I will state that neither of these gentlemen ever turned me down in a matter of any kind, if at all consistent, whether it was something for the men or myself, and this you will agree is saying a great deal.

I will quote below a letter from our superintendent in answer to mine written him just previous to his departure, expressing our regrets at his leaving and congratulating him upon his promotion:

"KNOXVILLE, TENN., April 10, 1914.

"Mr. W. H. Cord, Charleston, Tenn.

"My Dear Sir—Please be assured of my sincere thanks for your letter of congratulation dated April 9th.

"If, as you say, I am leaving on the Knoxville Division a solid division of friends among the station agents and telegraphers, and I believe this to be the case, I do so with regret, and I do not know that I can say anything except that I wish them all well.

"I do want to say, however, that our relations, which we have had since I have been in charge of the Knoxville Division, have always been pleasant, and this is a source of gratification to me.

"Again thanking you for your letter and the many kind expressions contained therein, I am,

"Sincerely yours,

"R. E. SIMPSON.

"We hope for Mr. Simpson's success in his new position as general superintendent, and know that such a reward is always coming to men of his consideration and kindness of heart to the employes.

"We are glad to see Mr. Keister coming back home and know that he is glad to get back. We hope he will have a successful period as superintendent of the Knoxville Division.

"W. H. Cord, Local Chairman.

Knoxville Division Notes—

The write-up in the March journal, in which the correspondent of this division referred to certain trainmen taking their own orders over the telephone has caused considerable comment by several of our conductors, because no names were mentioned. We do not wish to do an injustice to any of the trainmen, but we know who the guilty parties are, and we propose to take care of our interests just as the other classes of railway men are doing, and unless the practice is discontinued the matter will be taken up just as noted heretofore, then everybody will know just who is guilty. So far as this division is concerned, no offices have been closed as yet in order to have the trainmen do the work, but on certain railroads the telegraph operators for a stretch of 200 miles have been let out, and trainmen are now taking their orders at those places, therefore we shall protect ourselves against the starting of the practice here, because we feel that such work is against the interests of the telegraphers without calling it by any other name. No telegrapher would ever attempt to perform any of the trainmen's duties, and when they infringe upon any of our rights they will certainly hear from us. We propose to handle the work required of us without any outside interference. We do not wish to cause any bad feeling, but if necessary, we can mention the names and prove it.

Knoxville Division, Between Bulls Gap and Knoxville—

No one has sent me a single item in six months. It is impossible to furnish a write-up unless you help. Let us try to lift up our noble Order that has done so much for us in the past eight years, and do not fall behind with your dues. If we ever expect to reach the $75 minimum, we will have to pay our dues promptly and stay in line. Our general committee can not do anything for us unless we do this.

Let other things wait and pay your O. R. T. dues first. Take warning by the case of Telegrapher Allison, first Keister, Tenn., who carried his card up to 1914, then failed to pay his dues for that year, allowing his insurance to lapse, and died on March 26th at the age of seventy-six. The insurance would have been a great help to the widow and children left to mourn his loss. We purchased a nice floral design for the funeral, nearly all the boys on the division contributing towards the $10 it cost us. Two envelopes came with just my name and address on them, and did not say who from or what station. Hereafter, when we make a floral offering, let each station that donates sign up in full. I want to thank everyone who contributed. Your liberality is certainly appreciated. Hereafter, when a brother dies and we desire to present a floral offering at his funeral, let every member on the division on which he works donate whatever he feels able to give. This is the last thing we can do for him to show our brotherly love.

There still are several noms between Bulls Gap and Knoxville. Let us do our best to get them to join. They have no excuse whatever for remaining on the outside, as they have all been benefited by the Order more or less in the last eight or ten years. Jobs that then paid only $35 a month now pay $67 for an eight-hour trick. We are gaining ground every day, and by securing their applications we can get still better working conditions and more money.

Our new superintendent has taken charge of this division. Let us all pay strict attention to our duties and help him make Knoxville one of the best divisions on the Southern. His success will help us in every way.

Bro. Thomas, Mascot second, while attending the funeral of his uncle, E. J. Wooten, was relieved by Telegrapher Anderson, and Bro. E. E. Wooten, Mascot third, while attending the same
funeral, Mr. Wooten being his brother, was relieved by Bro. W. D. Keister. Bro. Wooten and family have the heartfelt sympathy of every telegrapher on this division in their sad bereavement.

Agent-Telegrapher J. O. Remine, New Market, Tenn., while attending court was relieved by F. A. Misner.

Bro. J. E. McCubbin, first Hodges, Tenn., off recently, was relieved by Bro. F. F. Remine.

Bro. Barkley, second Hodges, Tenn., looking after the floral offering for the deceased Mr. Allison, was relieved by Bro. Rogers.

Bro. C. E. Teague, of Telford, Tenn., second, was relieved recently by Telegrapher Rich.

Bro. P. O. Byerley, Wolf Creek, Tenn., third, was off recently, but did not learn who relieved him.

First Keister, Tenn., was won by J. H. Reams.

A. L. C., Cert. 65.

Between Asheville and Morristown—

The projected cut-off from Bulls Gap to this line when completed will open up more offices, and we hope it will become a fact.

Bro. Gott, Delrio second, bid in first there, and Bro. P. O. Byerley, third Wolf Creek, bid in third Bridgeport.

There is some talk of putting in the electric block, which is said to be put in between Knoxville and Morristown.

Some are now taking the vacation coming due and some are taking the money, and extra work is fairly good.

Boys, keep after the few nons along the line until we get them in. Some fell out since the first of the year, and some have never been in. When the committee goes back this time to Washington the nons will be knocked out of the raises and vacations unless they come in at once.

C. K. Calfee is now on third Sandy Bottom, vice Bro. Brown. We all regret very much to have Superintendent Simpson, who has been here so long, leave us, but glad of his promotion, and also glad to welcome back our friend O. B. Keister as our new superintendent.

The section masters recently got a raise of $3 per month.

Boys, let’s have a write-up each month.

Cert. 1632.

Knoxville Division, Between Morristown and Ashe-
ville—

Would like to see a good write-up from “up the river” each month. We have not been represented in the journal for some time. Since our regular meetings in Knoxville have been discontinued, the journal is about the only medium through which we may learn of the happenings along the line. Let us have a meeting called and see if we can’t arrange to hold regular meetings in Knoxville once a month. It is very discouraging to some of our loyal members not to have these meetings. Why not have a banquet as the Asheville Division recently had at Hickory, N. C.? Meetings are the life of the organization. Let us make every effort to have one called, have a large attendance, and keep our division in good condition.

The meeting at Atkin Hotel, Knoxville, April 21st, in regard to the reinstatement of seniority of two brothers, was largely attended. Sister Bessie Stokley, second Yula, showed her interest by attending, and it is high time for our inactive brothers to display a similar interest in our organization.

General Chairman Alexander addressed us, and his remarks were very interesting and encouraging. Those who did not attend this meeting missed a treat. Bro. R. C. May, first Yula, was also among those who attended this meeting.

Bro. J. T. Roberts, second Craggy, N. C., on his fifteen days’ vacation, was relieved by Bro. G. B. Rogers, who also relieved Bro. A. B. Plemmons, second Bailey, N. C., a few days.

Bro. O. W. Craigmiles, second Rollins, N. C., has recently had some fine sport duck hunting, bagging ten ducks in one day.

Bro. John Swain, third at Delrio, Tenn., was relieved recently by B. B. Biblo.

J. J. Bailey.

Charlotte Division, North End—

Bro. Holmes has notified me that I was elected division correspondent at the meeting in Gastonia, N. C., April 16th, and I desire to thank the members for the honor thus bestowed upon me and their confidence in my ability to represent them. But in order to do this properly, you will have to assist me by sending me all the notes of interest you possibly can not later than the 20th of each month.

A certain agent-operator on this end is now taking fifteen days’ vacation on full pay, secured for him by the Order, who becomes insured if anyone asks him to join. Such people are more to be pitied than censured.

We are working for the largest, if not the best, railroad in the world, and with one common point in view—a furtherance and betterment of its interests. If it’s prosperous, we in like manner prosper; and if it suffers, in like manner so do we. We should feel that we are a part of the great system and strive to improve the service of our road and secure business for it by making friends with the public and thereby gain their confidence, and watch every chance to have business routed our way.

Our president, Fairfax Harrison, is quoted as saying, “The Southern Railway is the servant of the Southern people.” Truly it is for, symbolically speaking, the Southern Railway has nursed and reared the Southern people from babyhood to manhood, and now at this period of the South’s maturity we should, on behalf of our company, remain their trusted public servant and friend.

The death of our brother, Hovey D. Hudson, which occurred at Paris, S. C., March 9th, was a severe shock to us all. He was highly esteemed by all who knew him. His funeral services were attended by quite a number of members of the Order, and the floral tributes furnished by the Order, with the letters “O. R. T.” in purple flowers, were very beautiful.

Bro. L. L. Benson, first Paris, off fifteen days recently, was relieved by J. M. Redwine.
J. O. Coan, agent Fair Forest, off fifteen days on full pay, relieved by Bro. M. L. Laughlin. We hope Mr. Coan will soon make good his several promises to join.

T. J. Troublefield, first Greer, S. C., off fifteen days, was relieved by M. E. Ake, of the "Penney," who also relieved Bro. Chas. B. Wood, second Greer, on vacation.

Bro. W. B. Benson, second Juneau, was off fifteen days, relieved by Mr. Angle, from San Francisco.

Local Chairman Holmes was over the line recently getting some of the non-members lined up. We all miss our congenial trick dispatcher, J. T. Penny, of Charlotte "DI," off on account of ill-health. We hope to hear of his speedy improvement.

All members entitled to vacation should take them instead of accepting pay in lieu thereof. The latter course, if continued, will sooner or later result in our losing that concession.

The next regular meeting will be held at Spartanburg, S. C., on May 21st. Let's all try to attend these meetings as far as it is possible.

J. F. Dowling, Div. Cor.

"GO" Greensboro Relay—

The meeting of managers at Charlotte last month brought out many good points for the betterment of the relay service, and we should all co-operate with them toward this end. Complaint about standing the small stations off and working only the larger offices; criticism from the chief dispatcher about the delay to accident reports, yards and consists, and contending for wire should be brought down to a minimum.

Bro. Mastin, "BO," our third trick "WC," runs down to Salisbury about three times a week, and all we can get out of him is "I should worry."

Bro. Francis Coe, "HC," and wife spent Sunday recently at Monroe, Va., with relatives.

Bro. Smith, "S," had an enjoyable time in Washington a few weeks since. This office is solid with the exception of Mr. Fox, "VO."

Let's hear from the other relay offices.

"CS," Cert. 1242.

"QN" Atlanta Relay—

This office is lined up with the exception of one non, who says he will pay up in June, and two delinquents. These figures do not include Manager Peek and Second Trick Wire Chief N. L. Coleman.

It is a very bad idea to drop your card and then have to join again later, as it costs about the same, if not a little more, to do this; besides you lose your old certificate number and have to take a larger one. Then when you show your card to an "old-timer," he knows that you have not had it long, and for a man who has been in the telegraph service for, say ten years, to have a card with a certificate number in the serials of this year looks bad. Let's all pull together, pay our dues regularly and ask our neighbor to do the same.

Bro. Morehead, "MO," was transferred to "GM" Washington relay, April 1st. We were all sorry to lose him, but he has a fine bunch to work with at "GM," nearly solid, and we are sure they will treat "MO" fine.

Bro. Alexander was in town recently, and came around to see us. We enjoyed his visit very much. He gave me a list of delinquents, on which I was surprised to see the names of some personal friends of mine, and I trust ere this they have all paid up and are carrying up-to-date cards.

The write-up Little Willie (alias "Fatty") gave us in the March issue was a corker. Come again; we won't "BK."

There is some missionary work to be done in "GS" Birmingham Relay. Help the brother in that office to get it lined up.

Sam Moore, "SM" at "XN," Sheffield, Ala., will give the first man that applies in person his application. Some good brother near there go after it.

Local Chairman Allen comes to see us real often. We are always glad to see him, and all appreciate very much the interest he has shown in this office.

When you hear the following signs from "QN" office, you know they are on the right side of the fence: "GN," "P," "S," "JR," "A," "DC," "F," "RA," "BO," "AH," "DE," "Z." And "ON" and "RX" will be with us soon.

Mr. Zellinger, "Z," who relieved "MO," has been out of the telegraph service for some years. His application is in. Cert. 2519.

Atlanta Division—

I am afraid my friends and brothers who write these "rolling" articles are prompted to do so by a selfish motive. If a man has eight or nine years' age or more, he has gotten pay for his services, and if he is much account has had some of the best jobs on the division. The job a man has with all these years to his credit is not very likely to be abolished, but if it should be, that's one man's troubles. The extra board is where he belongs. He has had preferred jobs long enough. There is hardly a bulletin comes out but what there is a good "warnin" job open which such aged man couldn't bid in, and the chances are he wouldn't be on the extra board six weeks. After a fellow has been chased around until he's entitled to a regular job and bids it in, he should be secure in that position just so long as he attends to business and renders satisfactory service, and our schedule should protect him. Because a fellow has been cut out of a job is no reason that he should be turned loose to root-roll and disrupt the whole division. It's not treating the younger heads right.

"OD," Cert. 3248.

Atlanta Division, Coast District—

Our regular meeting was held at Lumber City in the Masonic Hall, Wednesday night, April 15th, when we had the extreme pleasure of having with us as our highly honored guests, Bro. Allen, our local chairman, and Bro. Alexander,
our general chairman. They arrived in the after-
noon and were given an auto ride over the town
by Bro. Barker, our assistant local chairman, the
other members arriving in the afternoon also en-
joyed auto rides.

The meeting was not as largely attended as was
expected, and those south of Macon missed a
great treat by not coming and hearing the ad-
dresses of Bros. Alexander and Allen, as well as
the elegant banquet given by the members. The
members greatly appreciate what Bro. Alexander
has done for us in securing the minimum wage
scale for the block jobs south of Macon.

Bro. W. H. Davis relieved Mr. Bennett on third "KA." We gladly welcome the exchange.

Bro. W. L. Beasley, our first V. C. T. was
relieved at "WN" agency by R. E. Ponsell. We
were sorry to lose Bro. Beasley.

A non on third "RG" stopped No. 1 recently.
The assistant superintendent was on the train.
Neither he nor the crew were able to wake him,
so the office was closed and the sleeper was
relieved. Good riddance.

You men with up-to-date cards remember that
we want to prove to the officials that our mem-
bers are faithful and careful. Don't be caught
"napping."

Bro. Barnes was off a few days entertaining
the stork; relieved by Bro. Pittman.

Boys, send me a few notes from along the
line so we can have a good write-up every month.

"Z," Cert. 2523.

Atlanta Division, North End—

Bro. Parker, Silver Creek, bid in third East
Rome tower; relieved by Mr. O'Donnel, and Bro.
Massingill gets third North Inman, relieved by
W. W. Sawers; both reliefs new men.

Bro. J. P. McDonald, third Varnell, off a few
days, was relieved by W. D. Fore, from N. C.
& St. L.

Bro. W. F. Thomas, second Phelps, bid in sec-
cond Dalton; relieved by T. A. Cox. C. P. Adams
is on third Dalton.

Bro. J. L. Brook bid in third Plainville; Bro.
L. C. Rainis, third Brice, and Bro. L. C. Mullins,
third Waring.

Bro. E. Middlebrooks, second Powder Springs,
off sick two weeks, relieved by a new man. Bro.
E. B. Stanley, while on a visit, relieved by Mr.
Wooten.

We are very sorry to learn of the sad accident
to Bro. J. H. Williams, first Longs, and hope he
will soon recover; Nat Bulloch relieving.

On bulletin: Daltn second and E. Rome,
Hiram, Powder Springs, Nickajack, North In-
man and Macon terminal third.

Some very important matters were handled at
the special meeting called by Local Chairman
Dellinger at Rome, Ga., April 26th.

Bro. R. R. Jones, Inman yards, has been ap-
pointed assistant city ticket and passenger agent
at Savannah. Bro. Jones has been for a long
time division correspondent, always working for
the Order, and ready and willing to do anything
in his power to better our conditions. We regret

very much to lose him, but wish him great suc-
cess in the passenger department.

The few who have not paid their back dues
should think of what the Order has already done
for them. We can't expect our committee to ac-
complish anything for us unless we give them our
support. Pay up at once. Our committee will
soon go up again, and we need your help. A
"has been," you know, is in the same class as
a "never was." A six months' old card gets you
nothing and is poor backing for a committee.

Ask the men you work with and those beside
you if they have paid their dues, and if not, see
that you all do your duty at once. Then you can
get after the nons with a clear conscience, and
help to make this a solid division. We can do
it if everyone will do his part, and remember,
"No card, no favors."

Thanks to Bros. Mullins and Fisher for their
notes; try and get them all in by the 20th so
we can have a write-up every month.

H. G. Gay.

Queen & Crescent Route (South),
Div. No. 69.

N. O. & N. E. R. R.—

We are gradually forging to the front, and the
non list keeps getting smaller all the time. Keep
after them. Remember, we must have your co-
operation in this, as well as sending in items for
the write-up each month.

It is now Bro. Austin, at Hattiesburg, making
that point solid again.

Bro. J. C. Burt has returned to Lumberton
from his vacation in Kentucky.

Bro. Hickman has to work a thirteen-hour
trick at Heidelberg now, Bro. P. L. Cooper going
to second at Picayune. Bro. Tom Craig had his
leg broken, and Mr. Jamison's face was badly
lacerated in a recent automobile accident. Both
were employed at Picayune. Mr. Jamison quit.
S. R. Boykin, formerly at Picayune, is back with

McNeil, being his recent victims. The latter went

witness in the famous Walters-Dunbar kidnapping
case. We extend our hearty congratulations to
the newlyweds.

Bro. J. C. Talley, who died recently at Bogal-
usa, La., was for a long time our secretary-
treasurer, and at his demise had established a lucrative law practice in South Mississippi and Louisiana. His death was not unexpected, as he had been in bad health for a long time. Bro. Talley kept his membership paid up and had a thousand-dollar-policy to leave his family, which we would like to see every good member do.

- M. V. HICKMAN

N. O. & N. E. R. R. Notes—
The boys have been very prompt this term in paying up their dues, and we have but a few nons with us now. Several have promised to come in at an early date. This is encouraging, keep the work going, boys.

Bro. Cooper is on second Picayune, vice C. G. Jamison, resigned, and Mr. Poole is on third.

Bro. H. E. Damon from the Southern, Selma, Ala., is on third Carriere.

R. R. Oliver, first and manager "H" Meridan, has gone to Birmingham, Ala., to engage in insurance business; relieved by Mr. Hadoway, from the Frisco, at Birmingham. We hope Mr. Hadoway, also Boots and Oakley on second and third will soon have an up-to-date card.

Bro. Needham, Tremont, resigned, relieved by Relief Agent Hoge. We all regret very much to lose Mr. Needham.

No one sent me any notes this month, and as I am away off where I never hear anything but the lonesome cry of the bull frogs you will be obliged to help me if you expect a good write-up.

Mr. McClintic, of "YA" (Mon. yards), has been appointed agent at Monmouth, relieving Mr. Blaney, on a tour in the northwest.

Oskaloosa "SK" is now solid.

Boys, let's get after the good men still out, and show them how they are standing in their own light, by such a course, and that they must help to support the Order. That is the only way we can ever better our conditions and secure our rights. In the meantime we must also do our best for the interest of the company we are employed by. When we know a thing is right push it forward regardless of what the other fellow may say or do.

"SJ" Generol Office, Chicago—

Bro. Novak was off ten days, visiting relatives and friends in LaSalle, Ill., Gary, Ind., and Evansville, Ind.

Bro. Early is taking his ten days’ vacation (with pay) visiting his parents at Chesternton, Ind.

Bro. Dave Smart, our “Abe Lincoln,” is on vacation (with pay), fighting Mexico through the columns of the newspapers with all the ardor of his enthusiastic nature. He expects to participate in the capture of Mexico City before he returns.

Bro. Novak recently took in the Ringling circus with the aid of Bro. Flynn’s “field glasses.”

We brothers of “SJ” feel that General Chairman Troy acted very intelligently in temporarily postponing the March meeting with the officials, as conditions are not just what they should be, in order to secure improvements in wages and working conditions. It will be necessary to keep after every non until we get his support. Stay in line, boys, and give the company your best efforts. The reward is bound to come. Bro. Troy recently gave us a pleasant call.

Mr. Golden and Hohman, our two non-sons, are unable to come in just at present on account of “hard times.” Keep after them. “F.”

IN MEMORIAM.

WHEREAS, It has pleased Almighty God, in His infinite wisdom, to call to her heavenly home Mildred, the beloved daughter of our esteemed and worthy brother, W. J. Early; in manifestation of our sympathy, be it

Bob Crampton relieved Heiden several nights on second Sangamon street.

Bro. George E. Cone gets third Noble street, and Bro. T. P. Shiels first Mayfair on bulletin. Several more positions will soon be bulletinized.

The following brothers in this territory turned out to the Cort Club meeting, April 4th: Smart, Brienning, Early, Shaver, Cone, Shiels, DeCKER, and Boyington. It is hoped that more will attend these very instructive meetings in future. A very cordial invitation has been extended to the Terminal members by Chairman Dal Jones to attend these meetings, and help was very generously offered in organizing the men, which will probably be accepted when the vital time arrives.

The committee will no doubt convene shortly. Keep after the non, and remember, “No card, no favors.” LOCAL CHAIRMAN, Cert. 434.

I. & M. Division—

I recently saw a schedule of the Frisco System, which is such a good one that I was surprised until I learned that the boys on that road were strongly organized. This should be an object lesson to us, as a relief from the conditions we are working under. Our express commissions have been reduced on account of the parcel post, and our railroad salaries remain the same. We should not be satisfied with present conditions, but work all the harder for thorough organization. This is the only thing that will better our conditions. We are forced to wear uniforms, which we have to pay for out of our small salaries, while other roads only require their men to wear a cap. We must do something to bring about more thorough organization. Get after the non in the office with or next to you, and don’t let up until he gets a card.

Local Chairman Howard is sick in bed. He has our sympathy, and we hope he will have a speedy recovery.

Div. Com.

Sioux City Division—

Bro. DePue is now a successful auto dealer at Moville, his home town.

Our committee is due to meet early next month. Let us all do our part to make its labors successful, by building up our membership to as near 100 per cent as possible. A few more live brothers like Baker, Noe and Baskin will make non-sons a scarce article on this division.

Bro. Gabrielson, now on the Omaha, at Bancroft, Neb., sends his “73” to all of the boys. Bro. Dick failed to get the postoffice at Early.

Missionary work on the Mo. Valley line might have a good effect.

Bro. Cochran, Lake View, has been allowed a helper. Every station that does any business at all is entitled to two men.

President Perham was present at the hearing in Washington during February in regard to the proposed eight-hour law. The Congressional Record containing Bro. Perham’s address to the committee, makes very interesting reading.

There is one point on this division where both the first and second trick telegraphers have received increases, and one of them received his position by bulletin. We should see that these men get in line.

I want to thank the boys who sent me notes for this write-up. Your help is appreciated. It is important to keep before the boys in print. Remember, it pays to advertise.

Dispatcher Billie Cutler is on vacation, relieved by Dispatcher Morse. Bro. O. E. Highlen, St. Peter Jct. second, is on third side wire Winona dispatcher's office, while the dispatchers are taking their vacations.

Keep your dues, both division and local, paid up so that our treasuries will be in good shape at all times for any emergency, and remember "No card, no favors."

D. J. M.

T. M. Kvedera, agent Agar, relieved by Mr. Platt, from the Southern Illinois Division.

Don't forget the meetings every month at Redfield, and as many as can make arrangements to attend. These meetings are instructive and interesting.

Brothers, if you know of any news let the division correspondent, whoever he may be, or myself, have it by not later than the 20th of the month, so we will be able to arrange and send it in before the 28th.

P. E. Long, Local Chairman.

Leadville dance committee, Bros. Ellis, Coldiron and O'Brien, have reported as to their investigation, and the general committee has decided to hold the dance, but no date has been set. We desire the support of the entire membership to make this affair a success. We are to secure the very best hall in Leadville, and look for a good attendance.

Our sympathy goes out to the families of those unfortunate members of the United Mine Workers who have paid so dearly with their lives in the brave struggle for justice in the Colorado coal fields. As soon as I learned of the Ludlow outrage I submitted suggestions to the general committee calling for a special assessment for the benefit of these brave brothers and sisters.

The undersigned has just returned from a trip into Northern Colorado, relieved by Bro. F. M. Wright, transferred from Division 126.

Mr. Borneman, of Basalt, still refuses to acknowledge receipt of our letters extending an invitation to come in with us. We need Mr. Borneman and Mr. Scandan both, and they need us.

Bro. Hyde bids in second "CG," making this office solid.

Bro. Yeakle gets Town Creek agency.

Mr. Matthews promised to join "soon as he gets on his feet" over a year ago when he was making $57.50. He now gets $67.50, and is still not "on his feet." L. L. Lugar, third "YD," is still going to "fringe" or "farming." It's about time these got a card, and done their part towards paying for the benefits secured through the efforts of those that did pay their portion. These men are not doing as they would wish to be done by. We are supporting a cause that is causing improvements in the telegraph service on the railroads of this country and getting them more money and better conditions. You brothers near them hand them an application blank and see that they join without further delay.

The general committee met the general superintendent at Cumberland on April 24th and were successful in getting overtime bonuses and annual vacations satisfactorily adjusted. Something is being accomplished all the time through united efforts, and more concessions can be secured when we support our representatives with a solid up-to-date membership. The few who are back with their dues should pay up and help us get in the nons.

The general committee would like to have the views of all the brothers as to how Rule 5 in our last agreement should read. Please write the general secretary and treasurer in regard to this as soon as possible.

Thanks to Bros. Lawrence and Munsen for the news they furnished me for this write-up. Kindly continue the good work, and some of the others help in this matter all you can.

Bro. Wakefield goes to "CD" Bangor, relieved by Bro. Murphy, from Mars Hill.

Bro. Crommitt relieved F. Crook, agent Griswold.

The name of Milo Jct. Station has been changed to "Derby."

Texas & Pacific Ry., Div. No. 88.

Trans-Continental Division—

I was indeed glad to see such good write-ups in the March Telegrapher from the different divisions. It shows plainly that the boys are alive to the situation, and are taking an active interest in the progress of the Order. I was pleased to see that Bro. Mattingly, at Donaldsonville, and Bro. Sledge, at Grand Cane, have come in with us. I know both of these brothers, and am glad to welcome them. Let’s have write-ups from all the divisions every month. It is the only means we have of keeping up with what is going on, and we should be as much interested in the other divisions as we are in our own.

The boys on the T. & P. are able, for the first time, to bid on the jobs of their choice. Denison station was recently bulletined. Whenever a position goes on bulletin, every man who wants it, and feels competent to handle it, has as much right to bid on it as anyone else, and his application will be given due consideration. Please mail me a copy of your application, in order that I may know just who asked for it, as otherwise I have no means of finding out. Please don’t forget this boys, as it may be important to you.

Bro. F. A. Wemple, Sr., first Bonham, on the sick list, is convalescing at Durant, Okla., relieved by Bro. McGlasson, second, and he by Bro. W. O. Robertson, who was off ten days on account of his baby having pneumonia. Later he relieved Bro. C. C. Robertson, agent Hooks, on a twenty-day trip East.

Bro. F. McGlasson, second Bonham, is taking the civil-service examination at Dallas for inspector of hours of service.

Trainmaster Nash called on me recently when looking after the mails carrying for No. 33. Mr. Nash is well liked by all the men.

Several station porters have been pulled off recently, which is working quite a hardship on some of the boys.

Heavy steel and ballast is being put on this division, and I we will soon have some mighty good track over here.

Boys, we must keep after the nons. If every member will try to land one within the next thirty days, they will soon be a thing of the past on this division. Show them where they stand, and don’t forget, “No card, no favors.”

P. O. Ruthven, Local Chairman.

T. S. & N. Subdivision—

About the first thing I look for in The Telegrapher is a write-up from the Trans-Continental Division, and I feel that it was negligence to some extent on my part when we fail to have one. Our local chairman can not do this work without the assistance of the other members on the division.

Let us all help Bro. Ruthven, and have a good write-up each month.

We should also show our gratitude for the new schedule by discharging our duties to the company faithfully, and try to increase its revenues and show our loyalty to our organization by keeping after the nons. We still have some good material over here that should be in use. See that they keep their promises to join, and don’t lag in the good work until they all come in and we have a solid line-up. We know that Vice-President Kearney will be pleased to have us all live up to the teachings of our Order.

J. W. Ballard, at Hosston, has an interest in an oil well that is making him about $100 a month.

Mr. Johns, while attending court at Shreveport, was relieved at Ida by a Standard Oil man.

Watch your bulletin board, boys, as well as other things.

W. J. S., Cert. 496.

Eastern Division—

Business has fallen off some, causing a reduction of force in all departments. Bro. McDuffie, Mesquite laid off, closing that office from 11:30 p.m. until 6:30 a.m., and requiring Agent Baker to do six and a half hours’ telegraphing each day.

Mr. Van De Mark bid in vacancy there.

Changes in dispatchers at Marshall puts Mulchay on first Longview Jct. to Texarkana, Shane on second and Berry on third. Longview Jct. to Wills Point first, Brownrigg; second, McCullar; third, Robinson; Wills Point to Ft. Worth first, Oliver; second, Trout; third, Draper. Dispatcher Spencer, from the N. P., is now night chief dispatcher at “FS.” Dispatcher Roy Trout, just out of the hospital after an operation, relieved Dispatcher Howe, who takes a trick at Alexandria.

Bro. Cole, assigned Atlanta third, was off several days packing up his household goods at Gladewater.

Bro. Downs, third Forney, off a few days, was relieved by Bro. Cherry.

L. J. Mantius, agent Wills Point the past eight years, is now joint ticket agent for the H. & T. C., Frisco and T. & P. at Sherman, relieved by Clerk O. O. Lindsey until bid in by Cashier Buchanan, from Longview Jct. Mr. Lindsey, resigning to go into other business, was relieved by Bro. M. G. Aven, from the Cotton Belt, whom we are glad to have with us.

The boys on this division are coming in nicely.

We extend the hand of fellowship to Bro. Ira Seller, agent for the past twenty-nine years at Lodi, Texas; similarly also Bro. Rhodes, “AZZ,” Bro. McJimsey, “US,” and Bro. Cole, Hawkins. With the exception of "MX" Marshall, "RN" Texarkana and the man on second Jefferson, the
division is practically solid, as Herman Harris, at Gladewater, will be with us shortly. We have made excellent progress, and hope others on this division will soon come in and lend a helping hand.

Bro. Mulhausen, at Edgewood, attends the Masonic Lodge at Wills Point.

Bro. Walton is on the sick list. We hope for his speedy recovery. Bro. Roberts is relieving at "NC." W. R. Daniels, traveling freight agent, was at Kildare recently looking for business. Bro. Diehl gets any new business coming his way there, but he appreciated Mr. Daniels' visit all the same. His station is certainly a "beauty spot," and shows that he's quite a florist.

Dispatcher Mulchay was relieved a few days recently on account of the death of his father-in-law. We extend our sympathy to the bereaved relatives.

Bro. Cole drew third Atlanta, relieved on third Gladewater by Bro. Barber, from the Louisiana Division.

Thanks to Bros. Diehl, of Kildare, and Barber, of Hallsville, for their items.

CERTS. 375 and 438.

Rio Grande Division—
The ax fell recently, and Night Chief Young, Big Spring, is now working a trick, bumping Bro. Paylor, now working west of "BC" Bro. Hatchett, bumped by Telegrapher Marshall at Colorado, is back home at Clyde, waiting for something to show up, and we now have a number on the extra board.

After attending court in Ablene, Bro. Hester visited with relatives a few days, and then returned to Kent.

"DY" third closed, Bro. McIntosh going to Strawn days. Eskota nights closed, Bro. Allyn bumping Bro. Gage from Odessa third, and Bro. Leach bump. 1 Bro. Day from Merkel second, who relieved Bro. Lindsay on Roscoe third a few days.

Telegrapher Marshall recently transferred to Colorado third, will soon line up again. He was relieved on Baird third by Extra Operator and Dispatcher Bro. Mills, which placed Bro. Bradford on second. Bro. Leach has moved to Merkel.

Bro. W. A. (Dick) Canafax, discharged about a year ago for affiliation with the Order, was reinstated April first, and relieved Bro. Baxter at Brazos. His many friends and brothers congratulated the "True Blue" on his return. The cases of the other three brothers discharged at the same time should be taken up in a gentlemanly manner with the officials, and they will more than likely be reinstated, which is justly due them.

The boys are familiarizing themselves with the contract and living up to it to the letter.

Let's make the assertion hold good on the T. & P. that "Union workmen are superior." Vice-President Kearney has stated that we are doing better work than ever before. Now that this improvement is noticeable by our higher officials, let us try to keep it up, and also try to line up every accessible non.

Bro. Stover, agent Tye, has been to Brazos recently to see home folks and—well, others. Bro. Dearman, from "SP," recently at "WF" extra, went to Baird third while the regular man there relieved Dispatcher Stewart, now at the bedside of his sick father.

It is now Bro. Bud Tucker, agent Mingus.

Good rains all over west Texas have made things look fine for a big year all around.

Many thanks to Cert. 290 for the items furnished. If we had a few more like him, we would have the best write-up on the T. & P. Members west of "BG," kindly mail your items to Bro. Cross, Odessa, who is handling them.

CERT. 89.

Tennessee Division—
I again solicit the aid of the members in lining up the few remaining nons, so that your committee will have solid backing when it meets the management. Let us all make a special effort to secure every member possible, so when the members of the committee return they can say, "With your loyal support we have succeeded in securing many betterments both in working conditions and wages."

The canvass of the division just made by the local chairman resulted in a solid vote to sustain any action the general committee may take in securing a settlement with the management, only two men voting in the negative. This shows that the members in Tennessee are wide awake to their own interests, have confidence in the committee and will stick together until a satisfactory settlement is reached.

We are in very good shape on this division, and every member should see that the new men who will soon be coming here are transferred at the proper time, and see that those who are not members are brought into the fold as quickly as possible.

Those who have not paid current dues should do so. Remit the necessary amount at once, and everyone boost as they have never boosted before.

CERT. 332.

Illinois Division, Chicago and B. P. & T. Districts—

Bro. A. H. Arnold, who resigned third Gilman, returned east to enter the Marconi wireless service. Bro. F. McNabney, who bid in the vacancy, is on an extended leave, F. J. Dugan, Jr., relieving.

C. L. Ford, Chicago District, operator and clerk, is now with the C. & N. W.

J. H. Todd is on second Matteson. We hope Bro. Diemer can land him. He was relieved on second Otto by Bro. O. H. Schwabe on bid.

Bro. R. R. McCarty, of Farmer City, was relieved ten days by Mr. Lovan, who later relieved Bro. G. D. Cox fifteen days.

Fifteen members attended our last meeting at Kankakee on April 17th. Bro. Morrison, past chief telegrapher, conducted a very impressive ceremony installing the division officers, and introduced subjects of vital importance. We should have better attendance at our monthly meetings. Decisive action is taken here, important to the entire division, individually and collectively, and it is to the advantage of every one to be present and give the division the benefit of their views and advice.

Bro. F. A. Henion is relieving Bro. A. S. Hatch, Kempton station, for ninety days.

The applications of O. H. Schwabe and O. E. Meeks, second and third Otto, presented at the regular meeting April 17th were accepted and will be initiated at our next meeting. They are both new men, and their prompt action in lining up is most commendable.

Illinois Division, Champaign District—

Bro. C. L. Harris, of Savoy, recently visited home folks several days at Colfax.

Bro. E. O. Wooley has returned to Pesotum, having finished his duties as tax collector.

We regret to have "lost out" last month, but we were short on notes and very busy. Would suggest that the brothers send their notes to me, in order that we may have a write-up each month.

Meeting at Ft. Dodge on April 11th was a banner one. We regret Bro. Mulhall could not be present, having been called to Chicago in conference with the general manager regarding the next meeting of the committee. Someone start a "get-together" move, let's see what we can do towards making the division 100 per cent. Our general committee will soon meet the officials in Chicago, and this should make us all determined to land every non on the division.

A special passed over the entire division recently, picking up all old scrap and excess supplies at various stations.

Bro. Livingston, Ticonic, has returned from leave of absence.

CARD OF THANKS.

We wish, through The Telegrapher, to extend our thanks to members of the Iowa Division for the beautiful floral emblem sent us at the time of our husband and father's death. It is through such kindly tokens of sympathy that we are better enabled to bear our loss.

Local Chairman Beattie reports quite a bunch of new members and promises of many more shortly. Brothers, keep after the non working with you or near you until you land him. Although seemingly indifferent and hopeless, and somewhat irksome task, don’t get discouraged. You have all the argument and he has none, and you will eventually succeed.

have promised to line up pay day; and it is now
This division is now in better shape than in
many a day, and we are not through yet.
Some of the brothers who promised items for
this write-up failed to send them. Every brother
get into the game, and let us make the Southern
"the banner division" of the system.
"No card, no favors." Don't forget our motto,
and live up to it.
SEABOARD AIR LINE RY., DIV. NO. 97.
NORTH CAROLINA DIVISION —
We have a number of lady telegraphers on our
division, and will have more of them as the years
fly by. Their ability on the phone averages up better
even than the men, who should not allow them
to show better service than men do. Most of our
women are members, and we should see that those
who do not belong are brought into the fold as
soon as possible. A telegraph office is not the
most desirable place for a woman at best, and they
should be discouraged as much as possible from
entering the business, as it keeps the men out of
a job. The tone of the railroad phone does not
sound like the tones of a piano to the tender ears
of a woman, either.
Another subject that grates on our nerves is the
inquiries made by mothers in the journal as to
"Where is my boy?" I wish sincerely that every
boy loved his mother as I try to love mine.
Though she is seventy-five years of age, every
vacation is spent with her, and often I rush to
the mail cars to hurry a line on Friday night, so
she will hear by Sunday. Those dear old hands
that cared for me in helpless years are dearer as
the years go on. She is the best friend I can
ever have, and at the age of forty-three I feel
as dependent and as closely bound to her as ever.
Please pardon self-reference, but I want to
impress upon the 40,000 boys away from home to
write to that dear old mother often. Let your
minds go back to the old album at home, where
she treasures that picture of your little self, taken
in her arms, and remember the holly tree on
December 25th when you were only three years
old, laden with toys for your pleasure and de-
light by her loving hands.
Jobs are holding up well since the limited was
taken off, and indications are that this condition
will continue.
On bulletin: Agency Councils and second Mon-
cure.
Bro. Scales, third "DS" Monroe, off a few days,
was relieved by Bro. M. J. Cullen.
I was highly pleased to get a letter from Bro.
Trantham, C. C. East, the first one from that
pike in years. I hope the brother will come
again. I wish I could get one from the R. & A.,
also C. C. West and C. & K., which would give
us a good write-up each month. We have one of
the best-organized divisions on the road and in the
South also, and it would be very encouraging to
all to pick up the journal and find out what is
going on all over the division each month. Let's
all furnish the correspondent with items.
I especially want to call your attention to the
notes from Bro. C. G. Pepper in regard to lady
operators and boys writing to their mothers.
Boys, help me out, and let's make our columns
bright and breezy each issue with news from the
N. C. Division.
R. H. CUNNINGHAM.
C. C. EAST DIVISION —
The fertilizing season on this division is nearing
a close and was one of the largest for years. This
is a highly competitive point with the A. C. L.
and S. A. L. Rys., and the C. C. has had all the
business it could handle, but Trainmaster James
and Chief Dispatcher Wrotton proved themselves
equal to every emergency.
There have been changes at Lumberton, but I
am unable to give them, as I have been in bed
all month with la grippe, and am just able to sit
up, but hope to be out in a few days. I was
relieved by P. A. Findlayson, and he later by Mr.
Bruff, from the A. C. L.
D. E. TRANTHAM.
ULSTER & DELAWARE R. R., DIV. NO. 113.
The company recently held meetings at Rond-
out and Oneonta for employees on the rules
and safeguarding of trains and passengers. Among
other things, reference was made to changes or
alterations in train orders, especially the num-
ers. This is a very serious matter, and no order
should bear any changed figures whatsoever, as
it may lead to serious disaster. Brothers, if it is
necessary to make a correction in your copy,
ask the dispatcher to repeat the order and he
will willingly do so, as he wants to be on the
safe side as well as you. Always take the safe
course and run no risks.
Bro. Lafferty, off a few days sick, was relieved
by Bro. T. Ennist, who also relieved Bro. Klein

Joe McDermott, of Grand Gorge, would be a welcome member.

The newlyweds—Bro. Krom and wife—have bought one of Agent Bishop's houses at Arkville.

Any brother who has any suggestions to make for our betterment should mail them to the committee to be acted upon.

Thanks to Bro. Krom for the notes he sent. Let all brothers send in a few notes by the 20th, and I will have a good write-up in each issue.

The summer rush will soon be here. If you see any nons get them in line. *Ike*.

Understand the Interstate Commerce Commission will shortly grant the railroad's request for a 5 per cent increase in freight rates, which will relieve the present tension. Div. Cor.

Bro. Jenkins, operator and clerk Wapakoneta, has returned from his vacation.

Glad to say "KO" office is now solid.

We are sorry to learn of the death of Bro. Devore's mother, and offer him our sincere sympathy.

Bro. Sayre, second Findlay, took a few days' vacation recently, visiting relatives.

Bro. Poling, operator and clerk Pleasantville, now has his new card.

Mr. Artz bid in Kile agency.

Understand the telegraphic block system on this road is a sure thing.

Boys, post up on the new wire test as changed January 1st, and then we will know you have the new card. I like to hear a quick response to the test.

If we hope to get better working conditions we must get in the nons. We are very thankful for our good showing of 75 per cent, but need a better one. Remember, "No card, no favors."

Get up all the news items you can every month and mail to me on a postal or by letter not later than the 25th. Div. Cor.

IN MEMORIAM.

Bro. Hayes is at Amarillo as relief dispatcher Mr. Rippon, "F."

Bro. Melbourne is planning for several weeks vacation back to his boyhood woods in "old Mis souri." Bro. Barnard contemplates ninety days vacation to Mexico with a Mexican who did him a bad trick years ago, and Bro. "Z" is getting homesick for Canada.

The "bug" (Morkrum) is still idle sixty per cent of the time and bulling the business the other forty per cent. The brothers taken off recently owing to force reductions were replaced by "printer operators."

Mr. Welliver and his assistants expect to have our switchboard completed within two or three weeks.

Bro. DeGarmo, recently cut off in "K1," called on us en route to Haileyville, where he bid in a vacancy.

Powell, Topeka, flute; Mr. Harris, editor Herington, trombone, and Mrs. H. A. Ford, pianist, furnished excellent music for an orchestra having had no rehearsings. Bros. Brown, Ford and others gave a few vocal selections, which were well received. We should try this again later, as some of the local members were unable to attend on account of observing Lent.

Topeka (K1)—Bro. DeGarmo and Powell, victims of "the reduction," went to Haileyville and Chicago respectively. We were all sorry to lose these good boosters.

Bro. Stover and wife accompanied our general officers and their wives to the Trenton banquet, March 28th. That Missouri Division bunch was "right there with bells on." Bro. Stover says: "They had some fair speaking, fine eats, and the best-looking lot of ladies in the world."

Bro. Ehrhart was off a week the first part of May.

Four of the six delinquents in the relay service will be with us again May 15th. Keep after them, boys, and let us have a clean slate. Relay Cor.

Bro. W. K. Cousins, Clio agency, relieved on his vacation by L. E. Price who promises to line up again soon.

Congratulations to Bro. Potter, Centerville, married March 25th.

Bro. P. V. Cox and L. E. Price attended the meeting at Trenton, April 28th.

During this month we have had the pleasure of securing the applications of H. H. Potter, Centerville; E. L. Cummings and O. G. Edwards, Muscatine, and F. W. Fields, Rushville. This nice work on the part of the membership is certainly appreciated. Let us get the remaining non-members.

Don't forget our meetings at Trenton the third Saturday night in each month. Be sure and be there.

W. H. Plum.

Arkansas Division—

New members secured recently on this division are: C. E. McGugan, Heth; W. W. Adams, Palestine; E. S. Petway, Biscoe; M. C. McKay, Kerr; J. E. Mitchell, Havana; E. B. Richardson, Haskell; H. D. Ellison, Newport, and E. B. Matkin, Gregory. This is a pretty good record for the last thirty days. Every brother on the division should see that the man next to him carries an up-to-date, and if he does not, keep after him until he comes in. Anyone who claims that their working conditions were not bettered by our recent negotiations with the company will be found to be those who failed to furnish the committee at Chicago the information it had requested to show that they deserved more money.

W. A. Clark, agent Rolant, is still long on promises and short a card. He always bids on the best jobs when he wants a change, and we should see that he or any other man on the division with a permanent position without a card gets one without any further delay. The division is in better shape than it has been for over two years. Now, let's make it the best on the system.

Local Chairman McAnich has appointed the following brothers assistant local chairmen on this division; L. E. Greer, Cotton Plant; A. H. Jones, Palestine; J. W. Formy, Lonoke; H. Inglis, Danville; G. W. Minich, Roland, and F. R. Collins, Haskell. Give them your hearty support. If there is anything you wish to know call on them and they will gladly help you out.

Bro. W. P. Bargion has returned from the Oklahoma oil fields. G. D. LEe, Cert. 185.

Kansas Division—

Quite a few of the delinquent brothers paid up this month, and several of the nons will soon join, making things look better on this division. Let the good work continue.

Bro. J. B. Burham, "CH" Wichita, is now with the Wichita Terminal Association. "BA" at "UD" sounds good.

Bro. C. S. Farber, who relieved Mr. Smith at "CD" while the latter's wife was in Wichita Hospital, later relieved Bro. M. W. Shaw at Herington yard, and then took the Lincolnville agency, pending assignment, vice Bro. Pearsoll, gone to Montana with the Great Northern.

Bro. G. L. Johnson is now a full-fledged dispatcher on the south end nights.

Bro. L. M. Tucker has taken the "280" job in the dispatcher's office, leaving Morganville station on bulletin. Wellington first is also on bulletin.

Agency Lincolnville, assigned to J. A. Jones, first Wellington.

Bro. M. W. Shaw was off a few days on account of the death of his nephew.

Boys, be careful, the woods are full of spotters, and there are plenty of operators to relieve you.

The banquet at Herington, March 27th, was a success in every way. Those present were: Mr. and Mrs. W. T. Brown, Mr. and Mrs. C. H. Meador, Mr. and Mrs. R. A. Powell, Mr. and Mrs. Halpin, Mr. and Mrs. E. Pringle, Mr. and Mrs. F. Nelson, Mr. and Mrs. O. E. Bencuttner, Mr. and Mrs. Harris of Herington, Mr. and Mrs. G. L. Johnson, Mr. and Mrs. H. A. Ford, Mr. and Mrs. L. H. Ingram, Mr. and Mrs. W. P. Hedrix, and Messrs. Lowe, Shanklin, Pearsoll, Shaw and Jones of Lost Springs. A very enjoyable evening was spent with orchestra music by Mrs. H. A. Ford, Messrs. Powell,
Meador, Bonecutter, Harris and Jones, after which all enjoyed refreshments, and departed for their homes well pleased.

Bro. C. O. Lowe, "Si!" Herington relay, was off a few days recently.

Bro. C. C. Cassidy, second White City, was relieved a few days by H. H. Woolsey.

Bro. O. W. Emerich, second Dwight, while at Council Grove a few days, was relieved by F. Girdner.

Bro. W. S. Griggs, second Willard, is said to be the champion croquet player there.

Received no news from the Clay Center line this month. Wish some one over there would mail me the items from there to Box 24, Volland, Kan.

Boys, keep after the nons and make them come in. If they can't pay the small amount necessary to get an up-to-date, they have no business on the R. I. 

West Iowa Division—

Every brother should take a little more interest in our monthly write-up and send a few lines to me or Bro. Kuhns. We have not had one for several months. Note the Chicago general office write-up in the April number. Let's try and have one a good.

The meeting at Des Moines on April 14th was well attended, and the West Iowa and "MS" office was well represented. Some of those attending along the line were: Bros. L. E. Hubbell, second Anita; J. H. Toller, agent Menlo; F. H. Grote, second Neola; C. Hubbell, agent Dexter, and a few from the East Iowa, in all about thirty.

The meeting was called to order by Bro. Bylander, chairman of the club, and Bro. M. J. Collins, secretary.

Bro. Brown gave a very interesting talk on the closed-shop question, and Bro. G. E. Soyster, general chairman C. M. & St. P., a thirty minute talk, which was very much appreciated. His heart and soul are sure deep in the work of lining up the nons.

We then heard from Bro. A. L. Coleman, general chairman, and Bro. C. E. Norris, general secretary and treasurer, from the C. G. W.

L. A. Nichols, formerly chief dispatcher, also made a talk which was very interesting and much appreciated. He is on several months' leave, trying out the buttermilk proposition, which he thinks is going to be a great success, and we all hope it will be.

Several good jobs recently bulletined, we are glad to note, were all filled by up-to-dates. Bro. C. M. Peasley, Stuart second, bid in Underwood agency; Bro. F. R. Kuhns, second Iowa City, Exira agency, vice Mr. Nancarrow, "hopping clods." He will not have to take out a card to do that, any "old sod buster" can run a plow, but we wish him success anyway.

Bro. H. M. Hanson bid in Atlantic third; Bro. W. R. Larimer, Casey agency; F. V. Varner, Guthrie Center second; Bro. C. W. Coffin, first Homestead; Bro. A. G. Hauge, agency Metz. Several other changes have taken place, but without assistance I was unable to get them. Please send me a line once in a while, and let me know what is going on, also try to make the nons let loose of some of that money we have gotten for them and get an up-to-date.

L. E. H., Cert. 1449.

Minnesota Division—

Bro. C. R. Bauman, from Northwood, goes to Mason City first, in freight depot, relieved by Leonard Stone, from Arkansas.

Bro. Frances, of Kensett, relieved Lemen, gone to "WB" second.

Bro. C. J. Shanger, father of Bro. M. J. Shanger, first Northwood, is now agent at Grundy Center.

Bro. J. J. Flynn, relieved at Mason City by Bro. Bauman, goes to Cedar Falls.

Bro. M. H. Chuker relieved his brother at Wellsburg a few days.

The spring inspection train passed over the main line of this division recently. 

Cert. 266.

Colorado Division—

There should be a marked improvement in business from now on. Guard the company's interests so that your comparative statements can show as near the standard figures in earnings for the month as possible, and show that you are capable of giving first class service.

Bro. N. O. Faison received agency Arriba, vice Bro. T. J. O'Brien, resigned, in California.

Bro. Haworth, agent Stuttgart, is off ninety days on the farm near Haswell, Colo., relieved by Bro. Mellor, relieved by Bro. Robb, who recently relieved Bro. Sarvis, several weeks at Colby.

Bro. Geo. W. Von Hartman, on ninety days' leave to Virginia, was relieved by Bro. Prettyman, recently displaced on Falcon second, owing to reduction.

Bro. B. J. and A. F. Brown, of Prairie View, on sixty days' leave, were relieved by Bro. Judd and Sister Holz, on bulletin.
Sister McGee is now on El Paso Division.
Frank Blakeman, Jr., assigned Ramah agency sixty days on bulletin. We should see that he renews his membership.

Third tricks up for bids are: Clayton, permanent; Stuttgart, sixty days; Dresden, ninety days; Gem, sixty days; Burlington, thirty days. Those bidding in these positions at the expiration of the time limit are returned to former positions.

Bro. Grivin is on third Clayton, and C. W. Green on third Gem, pending bulletin.

Bro. Johnson is taking civil service examination under the hours-of-service law.

Only one non on the east end now.

Every man on the division needs the protection of the organization, whether an extra or a regular, and 100 per cent membership would give us the needed strength as a union to carry on our work, so it is up to the stauncher members to secure the applications of those yet on the outside.

Bro. J. C. Jones, reinstated April 1st, is on third Burlington, his old position at Kanorado was abolished in the recent reduction. Bro. Gillaspy has also been reinstated to his former position at Limon with seniority intact—thanks to the good work of the division committee, and too much credit can not be given to Bro. Brown, the general chairman.

Dispatcher Creighton, of Goodland, was on a recent trip on the Iowa Division, when the wife of a telegrapher died on the train before they reached his destination. The brother was unable to pay the expenses incident upon such an occasion and Mr. Creighton volunteered his aid, and at the next larger city got off the train with the brother and his wife's corpse and stood responsible for the undertaker's bill. This act was no surprise to Mr. Creighton's acquaintances on this, his home division, where his kindness of heart is so well known.

Bro. E. C. Lloyd relieved Bro. Marquis for a few days on Burlington second.

Bro. Chas. F. Judd, home from Kansas City visiting his parents at Prairie View, and Gem, Kan., will probably return to service on this division.

Bro. T. J. Murphy returns to third Roswell, vice Bro. Steffy, to Rexford second.

Remember that individual effort will eliminate the few nons on the division, especially those agents west of Goodland.

Amarillo Division, C. R. I. & G. Ry.—
Bro. Koening, agent Vega, has resigned, relieved by Bro. J. J. McLean on bid, who recently returned from a visit to his mother at Salt Lake City, who was very sick but is now getting well.

We hope the few brothers who have not paid their dues for the current term will attend to this at once.

B. L. Summers, agent Adrian, Tex., the only non on the division, has bought an auto. We hope he will appreciate the increase of $10 a month that he has been receiving, which now amounts to $270, and come in now, making us 100 per cent strong.

Bro. B. E. Clapp, who was seriously injured at Shamrock, February 11th, is getting along nicely, but will not be able to work for some time. We sympathize with him.

Don't forget to do as Mr. Gruhlekey said in the magazine—help our superintendent so that he may carry off the banner when he leaves this division, and everyone help to make the service better.

M. H. Keabler, Local Chairman.

**Western Division**

Our committee, including Local Chairman Graham, is still in Chicago with the United States Labor Commission, trying to make a settlement with officials.

Bro. Longee, third L. E. & N. Crossing, LaPorte, was off sick recently.

It is now Bro. Krathwoll, second "RO."

Bro. King bid in "FS" first.

I can not get all the changes unless the brothers will advise me of them on or before the 20th. Pay up your dues and special assessment, stick together, and don't get discouraged.

"No card, no favor."

"Bill, Cert. 10."

Bro. J. F. Henry is a recent new member.

The recent assessment of $3 mailed all members of Division 129 should be paid promptly, as it is needed by our committee to help carry on negotiations with the management. Brothers, you can figure this as money well spent when you remem-

ber what the O. R. T. has done for us in the past and what it will do again. Pay up and keep in good standing. According to our constitution, this assessment is compulsory and must be paid to keep from being suspended.

Remember our motto, "No card, no favor."

**C. B. & Q. R. R., Div. No. 130.**

**Relay Division**

Bro. Young, phoner Galesburg, is enjoying a leave of absence in Florida. Bro. Dahlgren, "GT," is back on the job after a three months' leave. Bro. Brown, "GT," who has been relieving third wire chief, has been laid off, but anticipates bumping the Morkrum operator, Bro. Swanson.

Bro. Clendenin, Denver and Jones, Brookfield, visited the boys in "GO" the latter part of April.

Ex-Bro. John Stroud, of Leland, Ill., has sold out his interest in his store to his brother-in-law, and expects to return to telegraphing. He will join again as soon as he starts to work.

A. J. Ranger, second Somonauk tower, was in Chicago recently, taking the civil service examination for Federal inspection hours-of-service law.

Bro. Selanders goes to second Leverman trick at "SY" Aurora, Sister M. E. Hills bidding in the vacancy thus created on Sandwich second. Bro. E. G. Noack, third Sandwich, visited friends in Aurora recently, and Bro. W. H. Dillon and wife, of Somonauk, visited Aurora the first of the month.

Mr. Peoples, second Piano, on thirty days' vacation, was relieved by Mr. Thompson, of Biggsville, Ill.
Hope some good brother on the west end and C. & I. and east end will send in a few items to the local chairman about the 20th, so the entire Aurora Division can be heard from.  

Beardstown Division—

Whitetail is again operated with two nine-hour tricks, Bro. G. Ventrees on days and Bro. H. B. Anderson nights. H. Farr has gone home, after seven days' hard toil.

Bro. T. Nelvis is relieving Bro. McCoy, third Vermont, on account of sickness.

Local Chairman Frazier bid in Brighton, relieved at Rockbridge agency, pending bulletin, by A. D. Haist.

Bro. Critchfield went to Aurora relay on account of Bro. Renfro returning, and W. Nelms, from Bader, relieved C. W. McCoy on third Vermont on account of rheumatism.

Bro. Beekman, laid off at Litchfield, went on a vacation with his wife to Yellowstone Park and other Northwest points. We wish them a pleasant trip.

Bro. E. C. Kitner, from the C. P. S. T. L. at Athens and Lockhaven, has gone to the Northern Pacific at East Helena, Mont.

Bro. Wharton, Franklin days, bid in Atwater agency, and Bro. Dooley, Youngstown agency, vice Bro. Costley, bumped to second Metropolis.

Brothers, the schedule we have now in regard to reduction in force, the youngest man will be dismissed with first, and the fellow with seniority has the chance to get what he wants when positions are made vacant or new positions created. Let us strive to keep this part of the schedule in force, and remember, "No card, no favors."

D. K.

Galesburg Division, Quincy Branch—

Spring weather makes it hard to stay inside, but don't forget your wires, men of the O. R. T. Remember, duty first, last and all the time; play after the work is done.

We are mighty glad to hear Bro. Herron back again, after his long siege of rheumatism.

Those who did not attend the big meeting at Galesburg, April 18th, missed a very interesting and instructive session. Bro. Carder read the draft of the new schedule to the members, and it was discussed in detail. The next meeting will be at Quincy, usual time and place, on Sunday, June 21st. Never has the O. R. T. enjoyed such prosperity and growth as at present on Division 130. Get to the meetings, men, and learn the vastness and importance of your Order.

Recent changes on bulletin: Bro. Kynion, to second Denrock; Bro. Duffy, to third Bardolph, later to agency Norris; Bro. Mullin, to first "YD;" Bro. Westbay to third Lynn; Bro. Botkin, to third "YD," later to agency Rushville; Bro. Eighns, to second Lynn; Mr. Fling, to second Barstow; Bro. Duncan, to third Bardolph; Bro. Clayton, to second "YD;" Bro. Chinn, to third "YD;" Bro. Weller, to first Rushville.

It is gratifying to note only one non among the changes. They are becoming scarce on this division.

Positions closed: Second Prairie City and third St. Augustine, Farmington and Maquon. The brothers shut out can displace the youngest man on the division, in accordance with schedule, making their wants known to Mr. Hibbs and advising the local chairman of their action.

Bro. E. C. Fisk is on second Portal pending close of bulletin.

Vacations are now in order, and, with the number of extra men on the division, we should have no trouble in getting relief. Don't forget to commence to lay away that dues money for June 30th.

Don't wait until it becomes necessary to spend a lot of your money in postage to remind you of your duty.

Galesburg Division, General—Bro. J. L. Dollison, Elmwood, is laid up with inflammatory rheumatism, relieved by Bro. Sherman.

Bro. C. E. Walker, Yates City, off a week, relieved by Bro. E. L. Ventrees, who also relieved Bro. A. F. Theilen, third Canton, while visiting relatives.

Bro. T. P. Ogle recently returned from his fruit farm at Corpus Christi, Texas, relieving Mr. Conner at Knoxville a few days, later relieving Bro. Hendricks, Ipava, on account of the death of his uncle.

Many thanks to Bro. Root for items. Get into the habit of sending in the news. If your name is left out of these columns, it is because you have not advised your correspondent.  

Galesburg Division, North End—

Bro. Weller worked two weeks at Barstow. Mr. Fling, of Rushville, bid in second, and Bro. Westbay, second Lynn, third there.

Joslin agency on bulletin, Bro. Mattison, the agent there, going into the grocery business.

Bro. Carroll, agent Hilldale, was off two days, relieved by helper from Lyndon.

Considering the very light business at present, we have no excuse for having a dirty office or soiled windows.

We regret that more of the brothers were not able to attend the Galesburg meeting, April 18th. Both Bros. Carder and Graves made very interesting talks.

How many brothers have made any effort to secure new members since January 1, 1914?

Bro. Vincent, agent Warner, off a few days, was relieved by Bro. Waite.
Q. O. & K. C. Division—
Bro. Carder was over the line last month for the first time, made many new acquaintances, and raised the spirits of those downhearted.
Our friends, the dispatchers, going over the line learned things they never new, and extensive visits were made at Durham, Weatherby and Avendale.
Several vacations will take place this month.
We look for many changes before the last of June in the way of wages and working conditions, something that has been a long time reaching us.

Div. Cor.

La Crosse Division—
Bro. P. V. McCue received third Diamond Bluff.
Day operator put on at Lynxville temporarily, also understand one will be put on at Desoto on account of double-track work.
Bro. C. J. Nelson, Dubuque, has gone West on six weeks' vacation, relieved by Bro. Fitz.
It is now Bros. C. C. Howard, Crawford first; L. G. White, Stoddard third, and C. M. Kemp, Oakland, and will soon be Bros. Olson, Lane and Irwin. Several more applications in.
Looks good for a near solid line-up by the last of the year, if all will keep up the good work.
Bro. Gilliland, Savanna yard days, off on account of sickness, was relieved by Bro. Flanagan formerly of La Crosse. We hope for a speedy recovery.
Don't forget the flower fund; it is a good thing and concerns us all.
Our unpaid list is very small and will no doubt soon be cut down to two or three, which shows that all are interested. With the promises now in, we should have 130 by another month.
Bro. J. L. Scobee, laid off during the cut, visited his folks in Missouri, and then relieved Mr. Irwin at Blake.
Bro. Bill Bright is on first Lynxville, and Bro. Randall on second pending bulletin.
Bro. Baker was off a few days, relieved by Mr. Irwin.
Bro. Dyer, "CD" third, goes to Desoto.
Bro. Unangst, agent Whiton, has some fine chickens.
Bro. Gilbertson relieving W. D. Johnson, Crawford, several weeks.
Bro. Rogers passed over the division recently.
Bro. W. B. Tarri, first Prairie du Chien, on sick list, was relieved by Bro. Ota Sands, who later relieved Bro. Graves, "NA".
Four more work trains put on between Charme and Lynxville keep the brothers hustling.
Would like to have some notes from more of the brothers on the north end.
Bro. Hartman, who relieved Bro. E. G. Nash, on six weeks' vacation to Baker, Mont., was later relieved by Bro. Huth, bidding in Precott second.
Remember, when bidding in a "temporary" job this summer that the trick you vacate will be bulleted as a permanent job, and after temporary job is discontinued you will have to go on the extra list and bid in something else. There seems to be some misunderstanding in regard to this. The word "temporary" is used to let all concerned know that it is not to be a permanent job, so be governed accordingly.
I wish to thank those who helped with this write-up and would like to get some notes from each one of you every month. We could then be well represented.

Cert. 3044.

Brookfield Division—
Bro. Mahoney, third Callao, who fell and sprained his wrist going to work, was relieved by Mr. Leary, later by Mr. Hughes.
Bro. Hoover, second Lentner, was in Moline several days with sick relatives.
The entire east end boys enjoyed a vacation and full time, taking in the sights at Paris, Mo. We enjoyed the trip fine, and the writer especially wishes to thank the Katy brother for his kindness.
Boys, let us know what is happening on the division. Get after that non next to you and give him no rest until he gets a card. A brother from the west end has promised us some items for next month. The rest of you boys keep me posted on the news, and get that non.

Hannibal Division—
Every man in the United States who handles express should tip his hat to the man or men who compiled our new express tariff. It is simply fine in every respect. The freight rates could also be put in three books, and do away with 999,999 nonsensical documents called freight tariffs. We trust Billy Sunday or some other 400-bating evangelist, will pray that this may be done.
Bro. B. B. Gregory worked a couple of nights extra at Bellflower the last of April.
One man with an up-to-date, full of booze and giving poor service, does the O. R. T. more harm than six nons doing the same thing. "No card, no favors," and respectability as one of the requirements to get a card is a good slogan.
The nons continue to enjoy our schedule with all its rights and benefits, and "pay their dues" with wisdom by telling those who paid real money to secure these things how to run the O. R. T.
Account of sickness, Bro. F. C. Palmer, agent LaGrange, was off a few days, relieved by Relief Agent Anderson.
Bro. M. P. Gough, agent West Alton, bumped by Bro. Roberts, third Montrose. Latter position discontinued, and Bro. Tal Gray, second Orchard Farm, bumped by Mr. Wing, from Helton, discontinued. Sister Opal H. Gray, third Orchard Farm, off a few days, was relieved by Bro. Gray, who later secured second there, vice Wing, resigned.
Bro. King, third Machens, on three weeks' vacation, relieved by Bro. Jarman, and he on the agency there by Relief Agent Anderson.
Bro. Beck, second Machens, is greasing up his Overland to enter the races at Indianapolis next month.

Bro. Hart, third Old Monroe, off a few days sick, relieved by Bro. Trihey, of Firma.

Bro. L. E. Williams, off two weeks owing to the illness of his little daughter, was relieved by H. M. Anderson.

Bro. Wilburn, of Peruque, on vacation, relieved by relief agent.

F. Miner, agent Winfield, off a few days, was relieved by Mr. Jackson.

We would be glad to hear from some of the brothers on the north end. We have asked a number for items, but only one or two responded.

Div. Cor.

Burlington Division—

It is now Bro. Clark, at Roca; Bro. S. M. Wilson, at Swan, and Bro. R. L. McGruder, helper, at Pleasantville. Only one delinquent on this division this term. That is good, keep it up.

Bro. Severs, assistant agent Oskaloosa, has gone to the division office at Ottumwa, relieved by Bro. M. J. Cummings.

Ed Stout, in telegraph position Oskaloosa, relieved at Stockport by Mr. Porter, a new man, from the Santa Fe.

H. M. Smith is at Winfield pending bulletin.

Bro. McKay, agent Packwood, is back after thirty days’ vacation, vice Bro. W. C. Moore, going to Danville, Iowa.

Centerville Division—

Bro. L. G. Potter bid in “DX” dispatcher’s office. Let’s all do our best to make his work as light as we can, as he has a great many wires to handle, and when he has to call ten or fifteen minutes you are taking him from the other wires.

It is now Bro. Phillips, at Elston, and Davison at Granger.

The few members who have failed to pay up their dues will be dropped if they don’t pay up at once. Don’t allow yourself to become a non again.

I hope when I send in my next write-up there won’t be a delinquent on the Centerville Division.

Lancaster depot was destroyed by fire morning of March 1st, and Bro. Wilson, like the writer, is now residing in a box car.

Brothers, get after the nons next to you and give them no rest until you get their applications. You can get blanks from Bro. Buckles or myself.

Div. Cor.

Creston Division—

Bro. Rose, Pacific Jct., off few days account sickness, relieved by Ilo. Poindexter, from second Cromwell, relieved by Foner Heflin, from second, and he on second Nodaway by Bro. Fredrickson.

Bro. Poindexter later bid in first Bedford.

Bro. Knight, third Corning, bid in second Glenwood, relieved by Mr. Hainey, from Creston relay.

Bro. E. P. Browne, third Mt. Pleasant, relieved by Bro. Wilkins, La Crosse relay, went to Norfolk agency until bid in by Bro. E. S. Morey.

Bro. J. W. Walsh is back on second Burlington yard; his relief, Bro. C. C. Carson, to third “UK” Ottumwa.

Superintendent Cummings has decided that the agent at Gladstone cannot work the express from No. 3 each morning without a violation of the law. It will hereafter be made at Burlington. Loss to ex-Bro. Houston, $9.00.

Bro. D. Smitherman, transferred from Grand Division, assigned third Murray.

L. A. Wagner, of the G. R. & I., Vicksburg, Mich., spent a few days this month with Bro. F. L. Carpenter, Albia passenger, being old boyhood chums on the Pennsylvania. Bro. Carpenter had Mr. Wagner in the right state of mind about a card when he left.

A. E. Mangle, Santa Fe, was assigned third Maxon, as no applications were received for it. Mr. Mangle is a brother of Bro. A. W. Mangle, third tower 307, and we have his application.

Bro. O. S. Hatcher, agent Milo, has returned from his all-winter vacation on his fruit farm in California; Bro. F. E. Hull was his relief.

Bro. C. F. Fisher, Albia, has resigned to go into the auto livery business for himself. When in Albia look up Bro. Fisher and his classy Overlands. We wish him success.

Bro. Carpenter, third Albia, owing to his ability as a leverman, has been kept at Maxon and tower 307 nearly a month relieving sick men. Bro. J. W. Greeley and myself both being on the sick list at the same time. Bro. J. M. Carr, third Melrose, also helped out; Bro. J. M. Kane, relieved Bro. Carpenter, and Bro. Carr’s position was closed, owing to shortage of men.

Bro. A. W. McDonald, second Melrose, off a few days sick, relieved by Bro. E. W. Puts, third Woodburn.

Extra Dispatcher Tullloss is relieving the dispatchers for their annual vacation, putting Bro.
C. A. Walters on the chief clerk's desk, relieved on second "UK" Ottumwa, by E. A. Gustavsson, with Bro. Carson on third.
R. C. Carpenter, second Afton, recently lost his four-months' old baby through death. Mr. and Mrs. Carpenter have our sympathy.
We have only two members on the delinquent list, and both were benefited by the last schedule and know where we stand at the present time in regard to a new schedule. Any member on the east end who will help me out with these cases can have their names upon request.
I am indebted to a number of the boys for assistance with this write-up. Thanks for the interest shown, it being an especial help this time on account of being on the sick list and off the division most of the month.

T. R. CRANDALL, Local Chairman.

St. Joseph Division—

No one responded with items this month except Bro. Fields, at Fairfax. Some of you brothers on the main line should be able to send some in.
Your humble servant took three weeks' vacation this month, making a trip to South Dakota and Florida; relieved by Extra Agent C. E. Ledgerwood, who went to Forest City on my return.

The boys on the southern roads are all well organized and are coming to the front.
Bro. W. E. Stouffer, third Hamburg, while taking his first Masonic degree at Fairfax, was relieved by Bro. P. A. F ewson.

It is now Bro. Weight, at Craig, and Bro. B. F. Whiting, Folsom. There are still a few out of line, but they are waking up and getting wise.

Send in the news next month and let us be well represented.

L. J. MILLER, Coin, Ia.

Wymore Division—

We have not gathered in the number of nons we should have in the month just passed. Let us see before the real hot weather starts in if we can not make a clean-up of every non on this division. Keep right after them, day after day, until we round them up. While most of the boys have paid up their dues, we still have a few holding back. This makes it bad for the division. The local chairman will gladly furnish you the names of either nons or delinquents if you are interested enough to work on them, and will ask for the list. Don't you want to try it? It is now Bro. J. T. Clark, at Kesterson.

Bro. E. Miller, third Rule, called away account of the death in his family, relieved by Mr. J. R. Heilman.

Bro. Hicks, DeWeese, off with an attack of mumps, relieved by Mr. Van Duesen.

Bro. J. A. Milbourne, agent Graf, is out for nomination for sheriff, and Bro. Niblo, Crab Orchard, wants to be county treasurer. Both these men carry up to date cards in Division 130, and should be remembered whenever the opportunity presents.

Bro. Allsman, Falls City, on vacation, relieved by Bro. McIntyre.

We regret that Traveling Auditor Peters has been transferred to the Sheridan Division. Mr. Peters has made many friends by his fair and open way of treating the men, and we can heartily commend him to the good will of the Sheridan Division boys.

Bro. Fillley, Bostwick, and Bro. Hart, Hardy, attended the Knight Templar services at Superior, Easter Sunday.

Chief Dispatcher Murdock and Dispatcher Miller recently gave the operator's examination to the boys on the west end and High Line.

Our earnest appeal for items last month did not set any of the brothers working overtime to furnish them. Glad to note, however, that three or four of the boys are still alive and interested in the write-up, and trust they will come each month with a handful of news.

Remember the non and the delinquent. "No card, no favors.

Div. Cox.

Alliance Division, West End—

Bro. H. C. Williams, Beardstown relay, bid in an Alliance relay trick. Welcome to our midst, brother.

A. W. Parker, second trick dispatcher, Deadwood, passed a very pleasant vacation back among his old friends at Monmouth, Ill., the first of the month.

C. M. Mackey, Alliance, has been promoted to third trick dispatcher at Sterling, relieved as extra dispatcher by J. L. Biedermann, and he on first Deadwood by A. W. Parker, relieved on second Deadwood by Bro. Frank Brunkhorst, of Alliance relay. All are deserved promotions, and we congratulate the boys.

Bro. Ed Shields, Alliance relay, visited old friends and relatives at St. Joe recently.

Bro. V. H. Ough is relieving Bro. Jesse McKinnie, agent Hecia, while he, Mrs. Mac. and little Sammy are visiting the former's father and mother, and taking in the sights of Arkansas.

Bro. L. Z. Young relieved the agent at Mystic a week.

Bro. C. E. Seybolt, second Crawford, has ordered a 1914 model Indian motocycle with an extra seat on the rear. What for? Wait and see.

Bro. Harris relieved Bro. Fiske a few days on third Belmont.

Bro. Frank Brunkhorst was the only one to contribute any news this month. Brothers, it only takes a few minutes to send in your items, and helps us out wonderfully.

This part of the division is solid, with one exception. We hope to bring him into the fold shortly.

Sheridan Division—

Bro. Arnold, second Parkman, was relieved a few days by Mr. Roan, a new man, who later relieved at Corinth and Hardin.
Bro. Haworth, agent Parkman, was off several days, relieved by Bro. Heywood, second Clearmont. Bro. Lowe was relieved three or four nights at Corinth by Mr. Roan, and spent several days in Sheridan.

Judging by the number of telegraphers on this division that failed to pass examination, it would seem that more study should be given to the book of rules, more especially to its applications.

Second Clearmont and third Gillette on bulletin.

Lucerne station opened May 10th for wool business, with Bro. Best as agent temporarily, and will not be bulletined.

A helper has been put on at Greybull to handle increased business.

It is now Bros. E. R. Songer, relieving Mr. Cordua at Felix, and Bro. K. C. Fortner at Ionia. Mr. Cordua has promised to come in as soon as he returns from vacation.

Business in general on this division is some better, but not yet back to normal conditions. Operators asking for work are seldom given any encouragement.

Boys, it's now time to pay our semi-annual dues. Let's see how many can pay up before the end of the first period. It is just as easy to pay one time as another, and a great deal of extra work and expense can be saved our general secretary and treasurer by paying up promptly. We have only two members delinquent, but I do not like to have any member drop out, especially just when we are about to send our general committee before the management.

Bro. Sullender, second Arvada, on vacation, was relieved by Bro. McCully, from "SA" Relay, later bumped by Telegrapher Howard, from La Crosse.

J. E. WHAM, Local Chairman.

McCook Division—

Bro. Spahn, who relieved agent Darnell while attending his sister's funeral, was relieved on second Culberson by Mr. Dillman.

Bro. Weyl, agent Laird, was a Holdrege caller between trains.

Bro. E. Johnson, third Otis, was off a few days, relieved by Mr. Mallory.

Bro. Hitt is back on second Roggen, Bro. Venneri going to third Hudson.

Bro. Taylor, agent Parks, made a trip to Benkle- man recently and visited the brothers at "NA."

Bro. Peterson relieved Mr. Hawley at Derby. He is so near Denver that he could run in any time to the O. R. T. meeting and get an up-to-date. Mr. Wallace, agent Oxford, was off a few days, relieved by Mr. Weiser. Wake up, boys, and land those old-timers.

Bro. I. O. Primer secured Dispatcher Stewart's new Ford car.

Bro. A. V. Bloom, first Oxford, was off several weeks, going to Texas to look after his land near the coast.

Regardless of what happens, stay to a man by your committee, and we will win in our schedule revision. The committee is just as strong as you make it by your backing. C. R. HUNT, L. C.

Atlantic Coast Line R. R., Div. No. 132.

Lakeland District—

The scribe had the pleasure of attending a called meeting of the general committee in Jacksonville, Fla., April 21st and 22d, where many important questions were discussed, every local chairman being present, as well as the general committee, and much important business transacted.

We are about 95 per cent strong, but want to reach the 100 per cent mark. Brothers, get the few nons lined up for your benefit as well as theirs. Let's all go after them with a new vim, explaining the benefits of being members of our Order, and what the Order has already accomplished in the past and can do in the near future if they will come with us.

Find out from the local chairman who the delinquents and nons are. It is time to ask for more money and better working conditions, and, in order to do this, we must go at it in the right way, and we can do it provided you will all give us your support.

D. D. McCall, agent Croom, is off sick, relieved by Relief Agent J. W. Dickson, Second Division. Mr. McCall promises to join shortly.

Bro. W. R. Lott, second Tribly, while visiting relatives in Georgia, relieved by R. E. Carleton, a new man, who did not remain with us long.

Bro. J. E. Long, third Croom, off a few days, was relieved by V. H. Griffin, who also relieved Bro. Lott, second Tribly, while attending the meeting of the general committee in Jacksonville.

J. H. Jordan, Montbrook nights, has gone with the Southern, relieved by T. E. McDonald, from Ohio.

Bro. O. L. Stubbs, Arcadia, is now in the dispatcher's office at Rocky Mount. We regret very much to lose him. He was relieved by Bro. Brown Kilpatrick, from Croom agency.

Cem. 1265.

Richmond District—

Bro. Brown, agent at Gary, was relieved several weeks by Bro. Sandford, relief agent, who also relieved Bro. Dunham, agent Pleasant Hill, a few days.

Bro. Jeter, third Jarratt, resigned, relieved by Bro. Harrison, from the N. & W. Later Bro. Harrison went to the Southern at Emporia. We are sorry to lose these good brothers.

Bro. McLeod, second Emporia, while attending court was relieved by Bro. Meade, who went on extra list when Halifax closed 11:00 p. m. to 6:00 a. m. Bro. Meade later relieved Bro. Crowder, second Stony Creek, a few days.

Bro. Watkins, first Jarratt, while attending court at Emporia, was relieved by Bro. Spiers, agent there.

We extend our deepest sympathy to Mr. and Mrs. C. F. Grigg in the death of their little baby. The Richmond District telegraphers gave a very nice design, which was very much appreciated.
Bro. Hopkins, first Washington street, Petersburg, was relieved by Bro. Sanford, relief agent, while off getting married. Congratulations.

C. W. Langford, third South Emporia, while on the sick list was relieved by C. W. Orange, from the Western Union.

Savannah District—

Bro. A. R. Jones has been transferred from Division 54. After learning the plant at Moncrief, he relieved Bro. Miller on third “CN” yard, Jacksonville. Bro. G. A. Ford has also been transferred from Division 54. We are glad to welcome such men as these two brothers. The latter is now relieving Bro. Boyd at Folston.

Bro. G. A. Young, first Central Jet. a number of years, who has been off sick some time, is now convalescing, and will soon be able to resume his duties.

Bro. Mullinax spent several days recently seeing the sights in and around Savannah.

We are glad to chronicle the recovery from an attack of yellow jaundice of Bro. Fred Foster, who has again resumed his duties.

An interlocking plant has been erected at Brought Crossing, in charge of Bros. Herrin, Col bert and Strickland.

The winter blocks were abolished April 5th, and we are again back to a regular schedule basis.

Bro. Jim Leigh, while attending court at Fernandina, is being relieved by Bro. Dan Stauter.

Bro. Fletcher, Walthouville, has placed his child in Savannah hospital for treatment. We trust the desired results will be accomplished.

It is our duty to keep bad men out of the Order when the fact is known.

When you have the opportunity of saying a good word for a brother, say it.

A united membership with a good constant supply of well-directed energy is bound to succeed. If you show no interest in your Order, how can we show an interest in you?

We regret very much to learn of the death of the infant daughter of Bro. Boyd, of Folston. He has our sympathy in his bereavement.

Let our ambition be a solid membership. Ideals are like the stars—we can not reach them with our hands, but, like the seafaring man, we can make them our guides to reach our destination.

It was interesting to note in the last issue of The Telegrapher that Bro. Pierson, vice-president, had signed an agreement with the Boston Terminal which provided, among other things, that a man accepting a position with that company has to be a member of the Order of Railroad Telegraphers. Just another step nearer the goal. The agreement was with the O. R. T., and not “a committee representing the employees.”

The following brothers have been returned to their regular tricks, after having worked temporary jobs during the winter: G. W. Murray to Southover yard, A. L. Bunch to “SF” Savannah, A. R. Smith to third Jesup, and J. M. Clements to dispatcher’s office Savannah nights.

Bro. Clements worked a trick in the dispatcher’s office during the winter tourist season, also Bro. Barefoot, now relieving Bro. Howard Calvin, days “DE,” visiting relatives in Florida.

F. E. Blackburn, assigned second “SF” Savannah should now get an up-to-date.

Let us not rest on what the Order has already done in the past, but be up and doing, looking to the future, and make our noble Order even more glorious.

Every brother is not an angel, but he has at least some good features. Be slow to use the hammer; hock it and lose the ticket.

Tim O'Shea.

Our rivals, fine looking chaps, right from the factory, have been assigned to different towers along the line.

The night yard master has been taken off at Dayton yard, putting the work on the yard clerk and operator.

It sounds good to hear the boys blocking on the wires instead of listening on the phone.

Bro. Pickering, located at Milo, Mich., sends his “Hi.”

Let us start that “No card, no favors,” and work on the nons.

I am determined to have a write-up every month. It will only take you a few minutes to send an item or two. Mail them to W. H. Alge, Franklin, Ohio. “Bill,” Cert. 1619.

Chicago Division, West—

Mr. Tipton, third Earl Park, discharged for sleeping on duty.

Bro. J. R. Huges, while attending court in Lebanon, was relieved by Bros. Harris and Wert.

Bro. M. M. La Rue was off a few days, relieved by Mr. Sayers, who later went to “PK” pending bulletin.

A. F. Jacobs and C. E. Woodington will take that two weeks off with pay, and go fishing. We hope they don’t catch any fish, unless they take an up-date along.

Bro. G. B. Harris, while wrestling with a Bohemian, received a bad sprain in his right shoulder.

Quite a few of the boys turned out to the meeting on the 23rd. If you want to know the particulars of the “Hoosier Club” call “OX” at “MF.”

Bro. Wert has been relieving at so many different places lately that all the section men know him by his first name.

It is now Bros. Taylor, Sloan and Boyle, and Sister Stewart. If any of you fellows want application blanks I have plenty on hand.

We have received a tentative agreement, calling for an appropriation of $45,000, which will raise our pay checks about six per cent. You all have a general letter giving you this information, also calling for a special assessment of $3 to defray the expenses of the conference. It is up to you now to get busy on the nons in your office. Don’t wait for your local chairman to get over the line. Don’t write me and tell me where there is a prospect. You are entitled to work on them as well as I. I know where everyone of them are, and why they won’t join, but I can’t lose time and make a thorough canvass of the division. I have been doing it, but it is your duty to help this thing also. If they put up the old story about not being able to join, remind them when they draw their pay checks that it was the O. R. T. that got them this increase, and keep after them. There is no reason in the world why there should be a non-member on this division after the 31st of August. The money they will secure under this new schedule does not belong to them any more than does the money the trainmen secured in their last schedule belong to them. Get busy now, boys. Let’s make this division 100 per cent strong. Any time you want any help or advice write me and I will help you all I can.

Barney.

Bros. Nichols and Stanton have been off since they were bumped.

It is now Bros. L. E. McCarty and V. H. Turner, by good work of Bro. Moore.

Bro. O. F. Murphy was off a few days on account of the death of his father.

The bridge over the river just west of Shelby Jct. has been remodeled and widened, and is now better able to withstand the high water.

The brothers should remember that the O. R. T. due should be sent to Geo. Lawengood, Alexandria, Ind., and the M. B. D. assessments to Bro. L. W. Quick, St. Louis. Watch this and don't think because you have paid your $5.00 due that you are in good standing in all depart-
ments. When new members are making out their papers see that they answer every question in full; about half of the papers have to be returned for correction.
The meeting at Cleveland, April 8th, was well attended, as the brothers are taking a great inter-

Wherrass. It has pleased Almighty God, in His infinite wisdom, to remove from this earthly sphere, Bro. Fred T. McAninch, of the Big Four System, Division No. 138; and

Revision of the schedule were discussed.

Am glad to see the nons getting in line.
Bro. Williams, who bid in agency Furtan, off several days visiting his father, who was slightly injured, was relieved by Mr. Oldham.
It is now Bro. W. F. Barnes, nights “VN.”
Boys, send in some news for the write-up, and get busy with the old heads who are not up to date.

Saratoga and Champaign Divisions—
We are now working under a schedule in effect April 1st. Rules and rates of pay have been changed to a point where we compare favorably to that of any other railroad in the country, considering present conditions. Our committee did splendid work, and we should now show our appreciation by remitting promptly to the general secretary and treasurer an amount equal to that of our first month’s increase, and see that the rest of the brothers do the same; also see that the nons “come across” as they agreed to.

Regular meetings are being held at Mechanicsville, in the K. of C. Hall, at 6:15 p.m., on the third Wednesday of the month. This date should be kept in mind, as your attendance is expected monthly.

At the meeting held April 15th a report from the dance showed that the affair had netted us about $200. Not so bad for the first. Now let’s see what we can do in the line of a “field day” some time during the summer.

We are glad to state that Bros. Parkis, Brink, Van Pomer, Leonard and McCormack have never yet missed a meeting, and are in hopes that “GY,” “GV,” “KN” and “JA” will continue to have a delegate at these meetings.

Bro. Andres spent his two days in New York this month. Bro. Galico, of “QA,” also spent his two days in the metropolis.
Bro. G. Sullivan, who recently relieved Bro. Williamson for a week or so, also relieved Bro. W. J. Cassidy a few days.
The singing of Bro. Jorden, with the assistance of Bro. Brown at the piano, was quite a treat for the brothers at the March meeting. We hope at the next meeting Bros. W. J. Cassidy and J. E. Walsh will be present, so as to form an O. R. T. quartet.
Bro. T. E. Welch has a wireless station in good working condition. All the brothers are invited to inspect it.
Bro. Callahan was detained an hour at “WY” recently on account of “hoboes” holding main track in yard, but “Bill” succeeded in getting a ride to “XO,” thus avoiding trouble.
Bro. J. Norton intends to spend his next two days off at Dennamora.
Bro. Hughes, first “RX,” has promised Bro. Andres to keep the hook cleaned in the future.
Bro. Hickey and Connors have not been noticed at the meetings lately.
Bro. Parker, with us last meeting, was fishing up the Lake recently. Glad he had such splendid success.
Bro. Eric R. Hayes, second Essex, is to be married soon.
Bro. Lucia, of Chazy, has been relieving third trick man at “RO” on account of sickness.
Don’t think it would take much trouble to get Telegrapher Barron to fill out the necessary papers, as his father and brother are very good brotherhood men.
Understand there are some telegraphers at Plattsburg who would like to get a card. Don’t be bashful in sending the application blanks.

To make ours a progressive division we must keep an eye out for the non, keep our dues paid up to date, pay our first month’s increase promptly, and, above all, don’t be a knocker. If you have a grievance, come to the meetings, place your facts before us, and things will be explained satisfactorily to you there.

Div. Coa.

First and Second Divisions—
We were all very sorry to have to give up our local chairman, who had served us so long. Bro. Wooten was a faithful officer, and one who studied our interest. Bro. Williams was elected his successor, but declined, and our general chairman called another meeting, which was held at Ponce de Leon Hotel, Roanoke, Va., on Saturday night, April 18th. The meeting was quite a success. Bro. Compher, second Roanoke, being elected local chairman. We feel that Bro. Compher is the right man in the right place, and assured him that he has the good wishes of all the boys on this end, who will give him their co-operation in every way and on all occasions.

Bro. Carper, who was operated on for appendicitis, we are glad to say is getting on nicely, and all indications are that he will be out soon.
Bro. Boone, first South Norfolk, has just returned from a "splurging" trip to St. Augustine, Fla., and other southern points. We imagine that a trip to "the ancient" St. Augustine would be very interesting, as it is the oldest city in our country.

Bro. Holland, third "SK," left us very unexpectedly, causing Bro. Strickland and Mr. Marks to double two days. Vacancy filled temporarily by Bro. Clark, relief agent.

Bro. Bryson has been appointed agent Seneca.

Bro. Vaughan, off a few days, was relieved by Mr. Bosserman, who promises to get a card soon.

It is now Bro. Maxson at Huddleston, and Thompson at Kenbridge.

Bro. Herring bid in third Sewall's Point, leaving second Carolina on bid.

Dispatcher Smith has been spending a few days in the "Old North State."

Dispatcher Pedneau has been visiting the "chickens" in Roanoke recently.

Thanks to Certificates 63 and 130 for the notes. Come again.

Deepwater Division, West of Princeton—

H. H. Williams bid in first Micajah.

Sister S. S. Riddick relieved Bro. Preston on first Herndon, while he was rusticking in the East.

Bro. B. F. Parrish, third trick copier at "SO," off a few days, was relieved by Bro. H. L. Booker.

Bro. J. A. Abott is relieving Bro. L. A. Collinsworth, chief staff at East Elmore.

Bro. H. L. Booker, third Clarks Gap, is being relieved by W. Howerton.

Sister S. Riddick, second Slab Fork, was off a few days recently.

Bro. R. V. Snyder, third chief staff East Elmore, has moved between Mullins and Elmore.

We are glad to hear Sister A. E. Hardy, third at "VN," and Bro. R. L. George, third at Kegley, back to work again, having been called home by the serious illness of their mother at Buffalo, who is reported better.

We are very sorry to hear that Bro. J. W. Parrish, second "D," had his foot cut off by the N. & W. shifting train near his home at Christiansburg, Va. He is being relieved by L. L. Abott.

Our new office at Kegley was bid in by Bro. J. S. Gravely, agent; Bro. T. W. Williams, second, and Bro. R. L. George, third.

Bro. H. S. Spradling has disposed of his property at Clarks Gap and invested in a fine property near Christiansburg, Va.

Bro. H. Trent has returned from his vacation, relieved by Bro. Poythress.

Local Chairman Davis was a recent "RO" visitor.

The stork recently visited in the home of Bro. T. C. Rutherford, agent Pax.

Bro. C. J. Ross, third at Herndon, was relieved a few days by C. Parsons.

Micajah and Pax first on bulletin. Bro. C. W. Riddick is back again at "BF" agency.

We still have a few nonas, and as we want to revise our schedule shortly, every member should do his best to secure their applications. Don't wait for the local chairman to do it all, but get their names and locations from him and get busy. Don't forget that you violate your obligation if you allow students in your offices and are liable to be expelled for it. Do the work assigned you, and if unable to handle it, apply for more help. Cut out the student game and see that others do likewise, or make a report of the matter to the proper officials of the Order.

Boys, send your items to the local chairman, so we can have a good write-up every month.

BOSTON ELEVATED RY., DIV. NO. 156.

Solid O. R. T.

Our local chairman, Bro. Barringer, deserves credit for making Boston Elevated (Division 156) solid.

We sure all enjoy the day off with pay, and hope the other roads will take notice and get liberal.

The legislative committee on day off with pay reports progress.

Bro. Moody paid us a short visit, and will stick with Division 156.

Bro. Tuttle and Griffin still on sick list, relieved by Bros. Wadrapo and Shuman.

Bro. Lucas, in the hospital for operation, reported doing well, and out of danger. We all hope to see him back on his old job soon.

New line-up on account of day off: Bro. O'Connor got relief job; Bro. Pressey, tower "C" second; Bro. Trask, tower "D" third; Bro. Roughside, Jr., tower "P" second; Bro. J. J. Murphy, split trick tower "D."

Brothers, organized labor is based on the principle of live and let live. Ask for the union label.

There is some talk of using the telephone instead of telegraph, but nothing definite yet.

When the Western Union and Postal Companies substitute the telephone for the telegraph we may begin to think the fone is the best, but not before.

Government ownership of the railroads means that the little shipper gets the same service as the big shipper, and that you will be able to buy a one month's ticket at the same rate as a three months'. It also will mean that the net profit will go to the up-keep of the road. And also that the telegraph will be used instead of the telephone.

Lots of the brothers who have worked here have gone west. If any of you will drop us a letter we will be pleased to mention your address, etc., in our write-up.
There is quite a rivalry to see who will get the smallest Cert. number for next semi-annual card. Quite a number have already paid their dues, hoping to get No. 1.

Would like to get all items for The Telegrapher by the 20th of each month. Please send them in so we can have a good write-up.

Officers installed at the night meeting March 28th: Robert H. Buxton, chief telegrapher; Lewis L. Hunt, second vice-chief telegrapher; James Melville, secretary and treasurer. The following appointed: William T. Roughside, marshall; William E. Roughside, sentinel, Wilbur E. Tensall, scribe.

The following resolutions were passed at the meeting on March 21st:

Resolved, That Division 156 go on record as extending a hearty vote of thanks to our general vice-president, Bro. T. M. Pierson, and the committee, Bros. E. C. Barringer, R. H. Buxton and H. E. Lucas for their untiring efforts in our behalf, and in successfully negotiating such a remarkably good schedule; and be it further

Resolved, That a copy of these resolutions be forwarded to each of the brothers named herein, a copy spread upon the records of the division and a copy sent to The Telegrapher for publication.

Jas. Melville,
Secretary and Treasurer.

Brother, if you have not paid your dues for the term ending June 30, 1914, you are not in good standing, and can not enjoy the protection of the Order. If you were discharged or otherwise aggrieved while not in good standing, the laws of the Order say the local chairman shall not exercise himself in your behalf. This matter should receive your serious attention.

If you have not paid your local division dues and mutual benefit department assessments, you should do so at once, for the wisest know not how soon you or someone near and dear to you may need the protection of the Order.

A member who is always a month or so behind pays as much in a year as the member always up to date, yet he is not entitled to the same benefits. By keeping up to date you increase your protection without increasing your expense. It is easier to keep even than to catch up, and it is safer to be ahead than just even. Remit your dues for the current term at once to your secretary-treasurer, thereby protecting yourself and those dependent upon you.

The organization, only about one year old on this road, is in a flourishing condition, and the nons are very few and far between.

Bro. Quinn, of Alburgh, distinguished himself a short time ago by rescuing two customs house officers, who were asleep in their apartment over the station, which was destroyed by fire.

The further extension of facilities of the parcel post means increased accommodations for the public and increased business for the railroads, but almost ruined the express companies and added to the duties of the stationman with the wheelbarrow, without one dollar of additional compensation for all the added burden. This will no doubt be a subject for consideration in framing future contracts.

Cert. 48.

Chicago & Indiana Southern R. R., Div. No. 159.

Bro. J. J. DeArmond, of Illinois, has bid in McNabb, and Frank Anderson goes to Illinois. Someone put the local chairman "next," and he will go after him.

Harry Seibert, first Knox, on sixty days' vacation to Minnesota, relieved by Bro. Morgan. Harry has his papers in, but, owing to taking his vacation, could not spare the money for his card. Here's hoping by next year the O. R. T. will have made it possible to not lose any time. However, if we were all like him, it would never be so.

Bro. Richter, agent Schneider, has come to stay, having purchased one of the finest houses in town.

Bro. Barkley called to his father's bedside; other two men compelled to double in his absence, owing to no man available at this time.

On Monday, April 20th, all eastbound locals began tying up at Schneider, and the other two locals run from Gibson to Kankakee via Schneider.

J. E. H.

Bro. P. L. Wright suffered a heartbreaking loss in the death of his sister, Calantha, March 28th. Dear Bub, the "old guard" on the Kankakee Division extend their heartfelt sympathy to you and your father, the oldest dispatcher on the C. I. & S. R. R., and to your mother. The boys all extend their sympathy, as they are all his friends.

C. C. B.

Second Division, Amarillo to Huntington—

After three months of strenuous argument, the general committee reached an agreement between the officials of the O. W. R. R. & N. Co. and its employees, thanks to the able assistance of the Federal mediator, Judge G. W. W. Hanger, of Washington, D. C.

The fight was a long, tiresome, drawn-out affair, on account of the unexpected complications in the nature of delays, etc., which arose during the conferences, and after the matter had been turned over to the organization.

Although we did not get a first-class schedule, we did secure a signed contract and a set of working rules that are as good as could be expected at this time, and, above everything, recognition, which is the most essential feature on a newly organized road. Among other things, we now have seniority rights, which we did not have heretofore, also the bulletining of all positions shown in the wage scale. There were some positions which we could not get in the wage scale, despite our strenuous efforts, but conditions arose at the time which made it impossible to do so.
However, I believe the majority of the men are satisfied with the outcome of the negotiations, and we can only say that we will strive harder the next time to secure these positions.

Speaking in accord with the sentiments of the men of Division 161, I want to say that we appreciate more than words can express the extraordinary efforts, patience and diplomacy put forth by our fifth vice-president, Bro. E. J. Manion, and our organizer, Bro. E. A. Compton, in endeavoring to make a success of this proposition, and we hope to be able to show this in a substantial manner at some future time.

It should be the desire of everyone of us to do our part in building up and making Division 161 a success, and we should be set with a firm determination to get every non-member in our vicinity into the Order. Let us adopt the slogan "Solid 1-6-1."

Bro. Mitchell, Union Jet., has been appointed division correspondent. Send him all the news items, and let's have a good write-up each month. It only requires a little extra time and effort, and news happenings along the line are appreciated by all. You should by now have received the ballots from St. Louis, on which you cast your vote for local chairman of your division. Please send them in to St. Louis promptly, so that there will be no delay in getting our officers placed and the division established.

It is the desire of myself, and I believe I voice the sentiments of the majority of the men on the line, to endeavor to create as high a standard of efficiency as possible, and to strive to the very best of our ability to comply with the company's rules and instructions. Let's show them what organization will do to bring about efficiency, harmony and co-operation amongst their employees on the line. Every man should do his part to bring about these conditions. C. C. Thompson, Acting L. C., Cert. 2190.

Second Division Notes—

There are several agents along the line who seem to be reluctant yet about coming in, although they have expressed their intentions to join. Let each one of us bombard the non nearest and concentrate our entire effort on him until we land him. There is no excuse at all for their hesitancy about joining. This means agents and telegraphers alike who are still nons.

I believe we all realize the necessity of giving the best service possible. If we expect an employer to pay us more, we must show him where we are making him more and then ask for part of it. We must answer the dispatchers promptly and not oblige them to call us an unreasonable length of time. Don't "chew the rag" with the dispatcher; if he tells you to do anything, go do it and keep your thoughts to yourself. He may be a little cranky, but what of it? It doesn't hurt you, and he has more to contend with than we have. Our chief told two or three of us the other day when we were at LaGrande for "exams" that the trick dispatchers might be a little cranky, but they never turn any of us in. As for myself, I don't find them cranky. If they tell me to do anything, I do it, or as near as I can, and try to answer them promptly.

Bro. A. F. Lessing, third Union Jet., is on thirty days' leave, visiting home folks at Waco, Texas, relieved by S. C. (soon to be Bro.) Sheldon.

Mrs. Myrtle Woods, Durkee second, is off for sixty days, relieved by Bro. S. P. King—an elegant place for Bro. King to get in some good work.

Bro. Fidcock, second Meacham, was off a few days visiting home folks at LaGrande, relieved by Miss Ruth Hart. He relieved several of the boys for a day each while they went to LaGrande for the examination.

Mr. West is on third Baker pending bulletin.

Mrs. Simpkins, who relieved our genial committeeman at Gibbon while he was helping to secure our schedule, has gone to Spokane.

Now all of you please send me any news items you can.

J. V. Mitchell.

Topeka O. R. T. Club.

Our monthly meeting was held at the residence of General Secretary-Treasurer Meador, 211 Huntoon, Topeka, April 19th. The attendance was smaller than it should have been, and the absentees were the losers. The house was tastefully decorated with carnations and sweet peas, and Mrs. Meador proved herself a gracious hostess. Bros. Shaw and Lowe, of Herington, were the only out-of-town members present. After a general discussion of matters pertaining principally to our Order, a delightful lunch was served by the wives of the brothers present, Mrs. Brown, Mrs. Meador, Mrs. Ballard, Mrs. Stover, Mrs. Carver and Miss Doering.

Our "one best booster" was lost to us the past month by the reduction route, Bro. Powell being pulled off at Topeka and sent to Chicago.

Our club has been very successful during its life, and we are unanimous in placing the credit where it belongs, and that is mostly to the untiring, ceaseless energy of Bro. Powell, who was ever willing and ready to work for the club. Now that he is gone, let some other good brother step in and take his place. Let us all constitute ourselves a "booster," and not only attend the meetings personally, but see that we do all in our power to get others to attend. These meetings result in great good in our Order, and we can not help but be benefited by attending them.

The morning meeting will be abandoned until a sufficient number of night men signify a desire and a willingness to attend. It has been a popular excuse for some of the brothers that they could not attend our club meetings on account of having to work nights, and saying they would be here if we had meetings in the mornings, so we advertised a meeting for 8:30 a.m., April 19th, but not a man was present from off the line. The train service is excellent for such a meeting, No. 40 arriving from the west at 7:30 a.m., and two trains going back between noon and 1:00 p.m., and there should be no difficulty in having a big meeting. All that
is necessary is a little manifestation of interest in your own welfare.

Next meeting will be held at the Throop Hotel on the night of Sunday, May 10th.

The Fort Club.

April 23d, at 7:30 p. m., a meeting for the purpose of organizing a club for members of the Order of Railroad Telegraphers in this city was called to order by W. T. Brown, general chairman of the C. R. I. & P. There were members present representing every road running into Ft. Worth. Some coming from a distance of several hundred miles in order to be in attendance.

The purpose in forming the club is to bring the members in closer touch with each other and provide a forum, for discussion of things of interest to every member, like nearly all labor unions except the telegraphers already has in this section of the State, and most of them in this city. There has been quite a general demand among the members for a club of this kind. Everyone who attended was very enthusiastic, and those not present at the formation, but who will be at the meetings hereafter, are equally interested.

There will be entertainments and banquets from time to time, as well as the social diversion and benefit that will come from the meeting together of a body of this kind.

The club will meet again on May 17th, at 7:30 p. m. At this meeting the regular time for meetings will be decided upon. The constitution and by-laws of the club will be adopted at this meeting, as well as other important business that will come up for consideration.

With the co-operation of the general committees of all these lines represented, I am sure that this club will be of great benefit in the up-building and strengthening of the Order in this section.

The Fort Worth, Texas, Club meets at the Metropolitan Hotel. WALLACE H. MALONE, Secretary and Treasurer.

Hoosier O. R. T. Club.

The Hoosier O. R. T. Club met in second regular session Thursday evening, March 26th, at the new location in the Hotel Meridian, Indianapolis. The attendance was most gratifying. Eight new members being enrolled, making a total of thirty-four, a gain of twelve the past month, a membership of at least fifty within the next month is an absolute certainty. As soon as the boys all learn what a good thing it is they will all do no doubt be with us. The prime idea of the club being to promote good fellowship and sociability amongst us. It was the original intention that all roads entering Indianapolis be represented by club membership, and invitations were issued accordingly, but up to the present time we have not heard from them, it being a

Big Four congregation so far, but the latch string is always out, and we hope that all lines will be amply represented in a very short time.

Many good talks were made, especially the one by Bro. H. T. Franklin, who, although out of the railroad service for many years, still retains his card. His subject was the rigid adherence to using only articles bearing the union label, and it was surely appreciated.

Many of the brothers come great distances to the meeting. Interest is gradually being aroused and a membership of 100 seems assured in due time. All O. R. T. members are welcome to visit us. The meetings are held the fourth Thursday evening at 8:00 p. m. at the Hotel Meridian, Indianapolis, Ind.

The Hoosier O. R. T. Club met at Hotel Meridian, Thursday evening, April 23d, a good crowd attended, and an enjoyable time was had, several good talks were made by different brothers, amongst whom was Bro. Sullivan, committeeman, who gave us a line-up on the schedule negotiations. Things are coming our way, and we hope to have everything settled to the benefit of the entire force within a very short time.

It was decided at this meeting to hold the next meeting at the Labor Temple, 138 West Washington St., Indianapolis, the fourth Thursday in May, at 8:00 p. m., and we will be glad to welcome all brothers holding the "necessary."

Ten new members were taken in at this meeting, which makes us forty-four strong at this time, and with the large territory embraced, a membership of twice this number is an immediate possibility. With a good membership we will be able to enjoy a big feed now and then, which will get all the boys acquainted and will be for our general good. Quite a number of brothers at this meeting were from the Chicago division, nearly all came a great distance, and went home with a "Hoosier O. R. T." card in their vest. The interest shown so far does certainly look encouraging. Brothers, drop in on us whenever possible.

IN MEMORIAM.

WHEREAS, It has been the will of our heavenly Father to call from earth our Bro. Fred T. McNinch; be it

Resolved, That the members of the Hoosier O. R. T. Club, of Indianapolis and vicinity, extend to the sorrowing wife and family their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved family, a copy spread upon the minutes of the club and a copy forwarded to The Telegrapher for publication.

LIGHT INSPECTION CAR

The strongest, lightest-running car known.

We show here the single-seated car (No. 1). It is fitted with a basket for carrying luggage, lanterns, etc. It is as simply constructed and finely proportioned as a car can be, and is fitted with ball bearings, rubber tires and tool bag completely equipped. This car is built for any gauge track from 18 inches to 6 feet, and is equipped with an effective brake.

Our cars are geared to suit grade conditions, and any heavy grades should be mentioned in ordering. The standard gear is 62, but we can furnish 52, 58 or 73.

Our No. 2 car has two seats, side by side, and can be fitted out with an extra front seat, thus accommodating three people. It is an ideal car for all classes of inspection and transportation purposes. The No. 2 can only be furnished for roads having gauges of 36 inches or over. Its general makeup is the same as No. 1.

Here is what a few satisfied users say about our cars. (They are in use in thirty-nine countries throughout the world):

J. A. Coleman, Jena, Louisiana, writes: “I have been using one of your cars for two years and it is a dandy. It is exceptionally good for hilly train roads where a motor car is not practical.”

W. B. Champion, Agent of Seaboard Air Line, Ochlockee, Georgia, writes: “The car lightens my work at least fifty percent, and I am delighted with it. It is a wonder in saving time as well as hundreds of steps during the day.”

D. L. Steel, Reid, Newfoundland County, Bay of Islands, says: “The first week I had your car I ran eight hundred miles in six days. I have great satisfaction with your car. I have been using motor cars for the last eight years.”

5 Tons Less Typewriter Touch!
—Every Day the Silent Seven Oliver Saves This Load

Freedom from mountains of needless labor for a world of typewriter users. Thousands have gained it. And you can, too. For we give you the most conclusive lesson that typewriter science has revealed. Here are the settled facts—if you find them incredible make this test yourself:

Touch by Weight

All important makes of typewriters are tested in our laboratories. Standard ounces are placed on the keys till sufficient to make the type print.

These tests prove the average machine demands ten ounces of pressure from the operator's finger.

Yet the Silent Seven Oliver writes when pressure on the type keys is 6 1/2 ounces.

5 Tons Less a Day

Thus the Oliver at every stroke eases your load by 3 1/2 ounces. In a single day's writing this saving is multiplied 50,000 times. Hence the amazing sum of 175,000 ounces — over 10,000 pounds — feet tons of human energy saved by the Oliver per day.

Sometimes this runs a little less — often it is more; so we give you the average in a series of easy tests.

Win With Oliver

Not since we first gave visible writing to the world has the labor of thousands been lightened so.

Every day the Oliver operators work in winning trim till the clock says quit. Then go home fresh — with a big day's work all done. And the top-notch pay checks go to these clear-brained experts. Working with less fatigue will win for you, too.

The Silent Seven

A benefaction to all mankind — this new model Oliver. Visible reading, visible writing, universal key-board arrangement, with fewest keys of any typewriter. All epoch-making triumphs. And our cushioned key-board, anchor keys and automatic spacer, too. A score of improvements and refinements that raise this typewriter to the pinnacle of attainment.

Pay 17½c a Day

The price of the Silent Seven Oliver has not been increased a dollar. Yet we give you, by careful estimate, 25 per cent more value. And we let you buy on our popular purchase plan — 17½ cents a day. Scarcely more than typewriter rent.

Book Free

Let us send you a copy, fresh from the press — a priceless book to any man or woman who will use or ever own a typewriter.

It fully pictures and describes the new Silent Seven Oliver; it coaches you on points that others dare not give. It shows how the novice can start and write at once, without schooling, without skill.

Victory In Sight

HOUSE OF REPRESENTATIVES PASSES CLAYTON BILL

Organized Labor Must Keep Up Struggle Until Complete Victory Is Won

EARLY this month the House of Representatives of the National Congress, sitting as a committee of the whole, passed the labor amendments to the Clayton Anti-Trust Bill by a unanimous vote, which amendments have for their purpose the removing of trade unions from the classification of trusts under the Sherman Anti-Trust Law, and which also regulates the injunction abuses and the power of judges to punish for contempt of court. When the bill was reported to the House, it was passed by a vote of 277 to 54. The bill as originally drawn was not satisfactory to organized labor, but was amended so that it is now entirely satisfactory. The amendment was offered by Congressman Webb, of the Judiciary Committee, which amendment was approved by all concerned and adopted by the House, and which is as follows:

Section 7. That nothing contained in the anti-trust laws shall be construed to forbid the existence and operation of fraternal, labor, consumers, agricultural, or horticultural organizations, orders or associations instituted for the purposes of mutual help and not having capital stock or conducted for profit, or to forbid or restrain individual members of such organizations, orders or associations from carrying out the legitimate objects thereof, nor
shall such organizations, orders, or associations, or the members thereof, be held or construed to be illegal combinations or conspiracies in restraint of trade under the anti-trust laws.

Section 18 provides:

"That no restraining order or injunction shall be granted by any court of the United States, or a judge or the judges thereof, in any case between an employer and employees, or between employers and employees, or between employees, or between persons employed and persons seeking employment, involving or growing out of, a dispute, concerning terms or conditions of employment, unless necessary to prevent irreparable injury to property, or to a property right, of the party making the application, for which injury there is no adequate remedy at law, and such property or property right must be described with particularity in the application, which must be in writing and sworn to by the applicant or by his agent or attorney.

"And no such restraining order or injunction shall prohibit any person or persons from terminating any relation of employment, or from ceasing to perform any work or labor, or from recommending, advising or persuading others by peaceful means so to do; or from attending at or near a house or place where any person resides or works, or carries on business or happens to be, for the purpose of peacefully obtaining or communicating information, or of peacefully persuading any person to work or to abstain from working; or from ceasing to patronize or to employ any party to such dispute, or from recommending, advising, or persuading others by peaceful means so to do; or from paying or giving to, or withholding from, any person engaged in such dispute, any strike benefits or other moneys or things of value; or from peacefully assembling at any place in a lawful manner, and for lawful purposes; or from doing any act or thing which might lawfully be done in absence of such dispute by any party thereto, nor shall any of the acts specified in this paragraph be considered or held unlawful."

The sections dealing with the contempt proceedings and jury trials are as follows:

Section 19. That any person who shall willfully disobey any lawful writ, process, order, rule, decree, or command of any district court of the United States or any court of the District of Columbia by doing any act or thing therein, or thereby forbidden to be done by him, if the act or thing so done by him be of such character as to constitute also a criminal offense under any statute of the United States, or at common law, shall be proceeded against for his said contempt as hereinafter provided.

Section 20. That whenever it shall be made to appear to any district court or judge thereof, or to any judge therein sitting, by the return of a proper officer on lawful process, or upon the affidavit of some credible person, or by information filed by any district attorney, that there is reasonable ground to believe that any person has been guilty of such contempt, the court or judge thereof, or any judge therein sitting, may issue a rule requiring the said person so charged to show cause upon a day certain why he should not be punished therefor, which rule, together with a copy of the affidavit or information, shall be served upon the person charged with sufficient promptness to enable him to prepare for and make return to the order at the time fixed therein. If, upon or by such return, in the judgment of the court, the alleged contempt be not sufficiently purged, a trial shall be directed at a time and place fixed by the court. Provided, however, that if the accused, being a natural person, fail or refuse to make return to the rule to show cause, an attachment may issue against his person to compel an answer, and in case of his continued, failure or refusal, or if for any reason it be impracticable to dispose of the matter on the return day, he may be required to give reasonable bail for his attendance at the trial and his submission to the final judgment of the court. Where the accused person is a body corporate, an attachment for the sequestration of its property may be issued upon like refusal or failure to answer.
In all cases within the purview of this act such trial may be by the court, or, upon demand of the accused, by a jury; in which latter event the court may impanel a jury from the jurors then in attendance, or the court or the judge thereof in chambers may cause a sufficient number of jurors to be selected and summoned, as provided by law, to attend at the time and place of trial, at which time a jury shall be selected and impaneled as upon a trial for misdemeanor; and such trial shall conform, as near as may be, to the practice in criminal cases prosecuted by indictment or upon information.

If the accused be found guilty, judgment shall be entered accordingly, prescribing the punishment, either by fine or imprisonment, or both, in the discretion of the court. Such fine shall be paid to the United States or to the complainant or other party injured by the act constituting the contempt, or may, where more than one is so damaged, be divided or apportioned among them as the court may direct, but in no case shall the fine to be paid to the United States exceed, in case the accused is a natural person, the sum of $1,000, nor shall such imprisonment exceed the term of six months.

Section 21. That the evidence taken upon the trial of any person so accused may be preserved by bill of exceptions, and any judgment of conviction may be reviewed upon writ of error in all respects as now provided by law in criminal cases, and may be affirmed, reversed, or modified as justice may require. Upon the granting of such writ of error, execution of judgment shall be stayed, and the accused, if thereby sentenced to imprisonment, shall be admitted to bail in such reasonable sum as may be required by the court, or by any justice, or any judge, of any district court of the United States or any court of the District of Columbia.

Section 22. That nothing herein contained shall be construed to relate to contempts committed in the presence of the court, or so near thereto as to obstruct the administration of justice, nor to contempts committed in disobedience of any lawful writ, process, order, rule, decree, or command entered in any suit or action brought or prosecuted in the name of, or on behalf of, the United States, but the same, and all other cases of contempt not specifically embraced within section nineteen of this act, may be punished in conformity to the usages at law and in equity now prevailing.

Section 23. That no proceeding for contempt shall be instituted against any person unless begun within one year from the date of the act complained of; nor shall any such proceeding be a bar to any criminal prosecution for the same act or acts; but nothing herein contained shall affect any proceedings in contempt pending at the time of the passage of this act.

The bill was then sent to the United States Senate, where it was referred to the Judiciary Committee, where efforts, no doubt, will be made by opponents of the measure to secure the adoption of numerous amendments, nullifying these amendments, and failing in that, the next move undoubtedly will be to bring about all the delay possible in the consideration of the bill, in an effort to eventually kill it in that way.

Being alive to the situation, President Samuel Gompers and Secretary Frank Morrison, of the American Federation of Labor, have issued an appeal to the members of all labor organizations, urging them to communicate with the United States Senators from their respective States, insisting that they support the Clayton Bill known as H. R. 15657, which appeal is as follows:

To All Organized Labor and Friends:

The House of Representatives, in committee of the whole, adopted, on Monday and Tuesday, June 1st and 2d, the labor sections of the Clayton Bill, H. R. 15657, with amendments which made them satisfactory to labor. The bill contains provisions which not only guarantee the freedom of labor and farmers' organizations from the Sherman anti-trust law, but also prevent abuses of the writ of injunction and provide jury trials for alleged charges of indirect contempts. The first provision mentioned passed the House without a vote.
in opposition, the other two with but one dissenting vote.

The bill now goes to the United States Senate for action. It is to this fact that the attention of all organized labor and friends is called.

More than likely, little if any opposition to the labor features of the bill will be shown in the Senate. When the bill comes to a vote in the Senate, we feel confident that but few, if any, Senators will vote against the labor sections. But some who oppose according justice to labor and farmers' organizations are engaged in a tremendous campaign to persuade and to influence Senators from passing the Clayton Bill. They try to hide their real antagonism to the labor and farmer provisions of the bill under feigned opposition to any trust legislation as they say "at this time."

The action and policy of the National Association of Manufacturers and their other allied interests must not deceive our people and the United States Senators.

Therefore, it is the imperative duty of every labor and farmers' organization at once, at their regular meetings, or in meetings specially called, to adopt resolutions or motions insisting that the United States Senate pass at the earliest possible date, at the present session of Congress and before its adjournment, the Clayton Bill, H. R. 15657.

Transmit at once such resolutions or motions to the United States Senators from your State. No matter how friendly or sympathetic any Senator may be to this most just measure, write him anyway. It will encourage him in the struggle for justice.

Let all officers of local, central and national organized bodies, let every worker and every friend of labor write letters to their respective United States Senators, urging and insisting upon the passage of the Clayton Bill. Now! Now! Now!

Address your communications to your Senators, by name, at United States Senate, Washington, D. C.

Men of labor, men of justice, victory is in sight, and it will be achieved not only for the working people now but for the people forever, if you but do your full duty forcefully and effectually now.

Fraternally yours,

SAML. GOMPERS,
President
American Federation of Labor.

FRANK MORRISON,
Secretary
American Federation of Labor.

Washington, D. C., June 6, 1914.

In addition to the foregoing appeal, President Gompers, in an editorial in the official organ of the American Federation of Labor, dwells at considerable length upon the opposition that can be expected to this bill by the opponents of labor, and points out in a very clear manner the importance of the measure to the organized workers, and urges them to take a personal interest in the passage of this measure. He says:

"The House, sitting as a committee of the whole, incorporated in Section 7 of the Clayton Anti-Trust Bill the Webb amendment providing that labor organizations shall not be construed or held to be illegal combinations in restraint of trade under the anti-trust laws. Labor is now nearing victory at the end of a twenty-year fight.

"Ever since the labor exemption amendment was omitted from the Sherman Anti-Trust Law, and that law was perverted by the courts to apply to organizations of labor, America's workers have been demanding legislation which should return the rights fished from them.

"As the barons of England, on the field of Runnymede, forced King John to grant them the Magna Charta, defining the relations between the King and his subjects, and enumerating a list of rights and liberties, so the men of labor have fought the capitalists' interests that occupied high places whence came the laws of the land and have demanded from those in authority a Magna Charta defining their industrial liberty.

"This industrial Magna Charta secures for America's workers freedom for action for self-protection and for the promotion of their own interests.

"Sections 15 to 23, inclusive, of the measure which constitute Labor's Bill of Rights
were also adopted by the House of Representatives by a practically unanimous vote. The first skirmish has been won. The fight now shifts to the Senate. There the interests will make their last stand.

"Every influence that greed and special privilege can exert will be used to defeat these labor measures in the Senate. Special privilege will not voluntarily yield its control over the making of law. The desperate character of the campaign it has been conducting is reflected in attempts to vilify and discredit the motives of the high public officials who dare to be champions of humanity's cause.

"The special interests can not conceive of public officials who are influenced by ideals of justice. They think money can talk in such thunderous tones as to drown the cries of the people for justice as well as in such gentle, alluring murmurs as will lull into passivity the consciences of all mankind.

"It is a powerful, resourceful enemy that confronts labor in its effort to secure its legislation from the United States Senate. The organized workers of America must not underrate the enemy. Though victory is in sight, the fight is not yet won.

"There is an opportunity for every worker in the United States yet to do something to win this fight. It is more than an opportunity, it is a duty.

"Every member of organized labor must make his Senators feel that he is personally deeply concerned that the labor section of the Clayton Bill shall be adopted by the United States Senate.

"Each member of the labor organizations should write his Senators immediately, urging upon them the vital importance of this legislation to labor. Make your Senators understand that the workers are watching each legislative movement and that they will hold public agents responsible for inaction or for opposition to industrial freedom.

"The time for wavering or compromise has passed. Labor now demands the fulfillment of platform pledges from those now controlling national legislation.

"The issues are plain. The workers of America demand that they be recognized as free men and women and that this freedom be incorporated in the laws of the land.

"Labor's Magna Charta and Bill of Rights are the most important legislation since the abolition of slavery. This legislation formally recognizes the passing of the political and legal theory of an employer's property right in the labor power of employees—a survival of slavery and feudal conditions.

"The passage of this legislation is a tremendous victory for the workers. It insures for them liberty of action to promote their own welfare.

"Those who help to achieve this victory, aid in one of the most memorable events in the history of human liberty. They aid in establishing conditions under which men shall be of greater value than dollars, when the workers shall be recognized as greater than that which they produce, when human beings shall be of greater value than all else.

"We urge upon each of America's workers the realization of his duty and the significance of any contributing action for the realization of this victory.

"Act immediately. Write to your Senators. Make them feel the force and depth of national sentiment which demands for workers their rights."

ANOTHER IMPORTANT DECISION.

THE United States Court of Appeals, sitting in Richmond, Va., has just handed down an important decision in the case appealed from Judge Dayton of the United States Circuit Court for the Northern District of West Virginia, who, following the decision of the late Judge Jackson, held that trade unions were "illegal conspiracies":

This judicial position has been reversed by the Circuit Court of Appeals. The first of these was an appeal from an injunction issued by Judge Jackson, November 26, 1907, against John Mitchell, T. L. Lewis and W. B. Wilson, who were then respectively president, vice-president and secretary-treasurer of the United Mine Workers of America, and scores of other unionists and strikers, who were enjoined from attempting to unionize the employes of the
Hitchman Coal & Coke Company "without the plaintiff's consent." The union was denied the right to maintain pickets for the purpose of inducing or persuading employees of the company to join them, and were debarred from going to the homes of the company's employees and persuading or entreating them to join their ranks.

In deciding this case, the Circuit Court of Appeals held that the evidence in this case failed to show that any unlawful methods had been resorted to by the defendants in this instance, and therefore the court below erred in holding the organization to be unlawful upon the theory that it was guilty of a conspiracy.

A portion of the opinion, an unusually lengthy one, is as follows:

"This is an age of co-operation through organization. In fact, organization is the only means by which united effort can be secured in any branch of human endeavor. The doctors, dentists, school teachers, wholesale and retail merchants, and, in fact, every branch of industry in this country, are organized for the purpose of mutual protection of the respective parties interested. Such being the case, it is just as essential, and perhaps more important, that the laboring people organize for their advancement and protection than it is for any of the vocations we have mentioned."

In defining the rights of the parties in this controversy, the court held:

"In the first place, it should be understood once and for all that so long as capital employs legitimate means for the protection of property rights, that it is to be accorded the protection of the law, but this does not mean that capital may, by improper methods, form combinations for the purpose of preventing labor from organizing for mutual protection. Likewise, it should be definitely understood that the laboring men have the right to use peaceable and lawful methods to unite their forces in order to improve their condition as respects their ability to earn a decent living, give their children moral and intellectual training and secure the enactment of legislation requiring mine owners to adopt such methods as may be necessary to keep their mines in a sanitary condition, and, above all, to adopt methods to minimize, as much as possible, the occurrence of the awful catastrophes by which so many human lives have been lost."

The Circuit Court of Appeals took the same position in regard to Judge Dayton's injunction order against President Van Bittner, of the Pittsburgh District, United Mine Workers, and miners on strike against the West Virginia-Pittsburgh Coal Company. Judge Dayton issued an injunction in this case, November 11, 1913, and last March sentenced several miners to terms in jail. The unions were denied contributing financial aid to the strikers. Among those sentenced was Fannie Sellers, who was given six months in jail because the court found, among other things, that she was "a paid organizer of the United Mine Workers," and that she "frequented the camp at Collier, which was not a fit place for any decent woman," and that she had "paid their ( strikers) fares on the car to the place where they divided into three several troops for the purpose of intercepting the company's men whom you expected to come from work by one of the roads." These workers, including Fannie Sellers, are now in jail. A petition bearing thousands of signatures have been signed for Judge Dayton's impeachment, and impeachment proceedings have already been begun against him in Congress.

THE GOMPERS-MORRISON-MITCHELL CASE.

As stated in these columns in the last month's issue, after a seven years' battle in the various courts of the District of Columbia and the United States Supreme Court, the latter tribunal finally disposed of the contempt cases pending against Messrs. Samuel Gompers, Frank Morrison and John Mitchell, President, Secretary and Vice-President, respectively, of the American Federation of Labor, by setting aside the penalties inflicted by the lower courts on the ground that the statute of limitation debarred further proceeding. While the discharge of the defendant in this famous case by the highest tribunal in the United States was a source of great
satisfaction to organized labor in general, deep regret was occasioned by the failure of that high tribunal to pass upon the vital point at issue, namely that of free speech and free press. There seems to be, however, some comfort to be derived from the action of the Supreme Court, which is outlined in a letter of Attorney J. H. Ralston, who defended Gompers, Morrison and Mitchell, who declares that the United States Supreme Court in its decision has taken a position in advance of that heretofore favored by the Judiciary. Attorney Ralston in his letter, which was written to Secretary Morrison, comments as follows on the dismissal of this now famous case:

"There is at least one feature of the decision given last Monday by the Supreme Court of the United States in the contempt case to which I desire to invite your attention.

"For the first time in the history of American jurisprudence a court of this country has declared that proceedings in criminal contempt were for the punishment of nothing else than crimes and that in the early history of the law they were so treated.

"The court said:

"‘These contempts are infractions of the law visited with punishment as such. If such acts are not criminal, we are in error as to the most fundamental characteristic of crimes as that word has been understood in English speech. So truly are they crimes that it seems to be proved that in the early law they were punished only by the usual criminal procedure, and that at least in England it seems that they still may be and preferably are tried in that way.

"This statement exactly sustains our contentions, and its implications are extremely important.

"If contempts were in the first instance treated as crimes and punished by the usual process of the criminal law there seems no possible excuse for having at least indirect contempts committed out of the presence of the court tried today by the judge.

"This decision, in my opinion, thoroughly explodes the theory that contempts are in any way personal to the judge, giving him an exclusive right in the punishment, or that they are anything else except ordinary criminal offenses properly to be tried in the ordinary criminal way.

"This consideration completely disposes, in my opinion, of the arguments which have been made by Mr. Emery and others in the past before the Judiciary Committees of the two Houses against allowing trial by jury in indirect contempts, and absolutely vindicates the course with regard to this matter heretofore taken by the Federation of Labor."

GOVERNMENT OWNERSHIP.

ACCORDING to a London dispatch, President Newman Erb, of the Ann Arbor Railroad, in an interview in that city, predicted that government ownership of railroads in the United States is inevitable and will be welcomed by every railroad director.

Mr. Erb is quoted as saying that nothing can stop government ownership and that this will not be opposed by the officials, as the prime troubles of the railways as at present constituted is the fact that the actual owners no longer control them, but are forced to bow to the dictates of the great banks upon which they are dependent.

Mr. Erb gives the following additional reasons for the inevitable nationalization of America's railroads:

"The hue and cry against the railroads has certainly been justified in some instances, but the reason for the evils increasing has been overlooked. Up to ten years ago the men identified with the management of railways were, without exception, large owners of the railroads' capital. When money was spent for new equipment, for increasing the mileage, or for improvements, the head of the roads used due precaution for the simple reason that it was largely their own money they were spending.

"But a new era began with the beginning of the twentieth century. Men who did not own a dollar's worth of stock were elected to important executive positions, and it was no longer their own money they spent. Extravagance was therefore to be expected.
"What Mellen did virtually every railway president in the country has to do or go broke. For no railroad in the United States today can pay expenses and be independent without outside financial assistance. That's why the old order of railroad men are praying for the nationalization of the roads.

"The longer the roads are compelled to continue under private ownership, the greater must become the difference between income and outgo, with the eventual result that our securities will be down to the point which will spell ruin to the hundreds of thousands of shareholders.

"My knowledge of the feeling inspiring virtually every railroad director in the country today enables me to say that not one would hesitate for an instant to turn over their properties to the government for the present market valuation—and thank God they are out of a hopeless mess."

STILL "ON THE JOB."

It will be remembered that when the Sundry Civil Appropriation Bill was before the 62d Congress, an amendment was offered to it, which was adopted and made a part of the bill by both branches of the National Congress providing that no part of the money appropriated in the bill should be spent in the prosecution of any organization or individual for entering into any combination or agreement having in view the increasing of wages, shortening of hours, etc. The bill was vetoed by President Taft on account of containing this clause.

Shortly after the special session of the 63d Congress convened the Sundry Civil Appropriation Bill was reintroduced, but did not contain the provision exempting labor organizations and farmers associations from the Sherman Anti-Trust Law, by prohibiting the expenditure of money in their prosecutions, but this proviso was inserted in the bill as an amendment in the House, and the Senate accepted it and the bill was approved by President Wilson, who, however, added a memorandum to it, which, in effect, was an objection to this form of legislation, being incorporated in a general appropriation bill.

The Sundry Civil Appropriation Bill, which had just been endorsed by the Committee on Appropriation, and which will be introduced in the present Congress, contains this provision in its original draft, showing that the members of the Committee on Appropriation have been impressed with the justness of labor's contentions in this regard.

The provision is as follows:

"Enforcement of anti-trust laws: For the enforcement of anti-trust laws, including not exceeding $10,000 for salaries of necessary employees at the seat of government, $300,000: Provided, however, that no part of this money shall be spent in the prosecution of any organization or individual for entering into any combination or agreement having in view the increasing of wages, shortening of hours or bettering the conditions of labor, or for any act done in furtherance thereof, not in itself unlawful: Provided, further, that no part of this appropriation shall be expended for the prosecution of producers of farm products and associations of farmers who co-operate and organize in an effort to and for the purpose to obtain and maintain a fair and reasonable price for their products."

PRESIDENT GOMPERS TO ORGANIZED WORKERS.

President Gompers has issued the following call to the organized workers of America, that the unskilled as well as the skilled workers, both men and women, may be taught the benefits of organization. In this call, President Gompers says:

"At no time in the history of our country has the duty devolved so keenly as now upon the men of labor to put forth their best efforts to help the more thorough organization of all of our fellow-workers. men and women, skilled and unskilled, in every occupation in which they are employed; at no time have the forces of antagonism been more active to prevent organization or to crush out the spirit of organized associated effort among the toilers. It
therefore all the more devolves upon all engaged in our great humane and uplift work to put forth every energy to bring the unorganized within the beneficent fold of the organized labor movement of America.

"You will recall the fact that at the Seattle convention of the A. F. of L. special emphasis was placed upon the determined effort which should be put forth by all to accomplish this result. Our movement has been crowned with more success than can here be recorded, but they are simply achievements which whet our purposes to still greater efforts.

"We must organize the unskilled workers as well as the skilled.

"We must organize the worker permanently domiciled in his locality as well as the itinerant worker who travels from place to place in search of employment.

"We must organize the women workers in all branches of industry in which they are engaged. We must organize the office employees in the various branches of their occupations.

"We must concentrate our effort to achieve greater benefits in wages, hours and conditions of employment of the toiling masses of America.

"We must secure for the toilers the rights to which they are justly entitled on the economic, on the political, on the legislative field. There is no effort which must be left untired to organize our fellow-workers everywhere, to place them in a position where they will be best able to help themselves, to help their already organized fellow-workers, and in turn to receive the assistance and co-operation of those already within the ranks.

"The unions affiliated to the A. F. of L. have already passed the 2,000,000 mark. It is our bounden duty to see that at the earliest possible date we have reached and passed the 3,000,000 mark. Let every man of labor, and particularly our organizers, do their share in the work and bring better conditions, comfort, hope and encouragement to the toilers of America for their own advancement and for the betterment of the generations yet unborn."

"TOM" PIERSON MARRIED.

Mr. and Mrs. Louis H. Traub announce the marriage of their daughter Blanche Louise to Mr. Thomas Morton Pierson on Wednesday, June the third, nineteen hundred and fourteen, Central Square, New York.

THE foregoing announcement caused consternation among the members of the Bachelors' Club. Shades of Patrick Henry "Tom" Pierson, the leader of that clan, who had worshipped at the shrine of single blessedness for lo these many years, "has dun trun them down cold." It was unbelievable that their president, who had led them so valiantly during all these years against the assaults of cupid had "surrendered." When the cold truth finally dawned upon them and they were forced to realize that they had been "deserted," a hurried meeting of members of the club was held and the "situation" was thoroughly discussed, and it was unanimously decided that an army without a leader could not hope to succeed, therefore, the club was disbanded, not, however, until all present drank to the health, happiness and prosperity of "Tom" Pierson and his bride.

As is well known, Thomas Morton Pierson is Second Vice-President of the Order of Railroad Telegraphers and has been officially connected with the Order for more than twenty years, and the news of his marriage will come as a pleasant surprise to his thousands of friends throughout the United States and Canada, and on their behalf, as well as for itself, THE TELEGRAPHER extends congratulations and best wishes for a long, prosperous and happy life to "Tom" and his bride.

THE "NEWLYWED" MAKES HIS BOW.

NEW YORK, June 11, 1914.

Mr. L. W. Quick,
Grand Secretary and Treasurer,
St. Louis, Mo.

DEAR SIR AND BROTHER—The bachelors cabinet having been broken up by the de-
sertion of Seniors Manion and Joslin, I have found myself deserted and alone, and as no bids have been received from eligibles for the vacancies thus created and Grand Union having closed its doors to make room for an office building.

Without any hesitation or mental reservation whatsoever, I take great pleasure in presenting my bride, Mrs. Thomas Morton Pierson, to the officers and members of the organization and in extending one and all a cordial invitation to call upon us whenever it pleases you to come our way.

With felicitations and kind regards, I beg to remain,

Yours fraternally,

T. M. PIERSON,
Vice-President,
Order Railroad Telegraphers.

MANION'S CONGRATULATIONS.

SAN FRANCISCO, CAL., June 9, 1914.

To the Editor Telegrapher:

I am just in receipt of an official document, announcing the marriage of my esteemed contemporary, Bro. Thomas M. Pierson, Second Vice-President, and Miss Blanche L. Traub, of Central Square, N. Y.

existing, the cabinet has been vacated, annulled, abandoned and permanently discontinued, and I have sought and found refuge in new and strange surroundings, wherein the association will be more elevating and congenial; therefore, henceforth, hereafter and forever, I intend to be known as a respectable married man and will, of course, expect all of you, of the common herd, to address me as Mister.

I was married on June 3d, at 4 p.m., to Miss Blanche Louise Traub, of and at Central Square, N. Y., the home of her parents, and at which place we will, after September 1st, make our home.

Invitations were not issued, but formal announcements were sent to those whose addresses I could recall and, in order that the membership may be apprised of this most important step on my part, I respectfully ask that it be announced through the columns of our official organ, using this letter as such announcement if you will.

The headquarters of the Vice-President will be continued at New York, at the Wallack Hotel, corner 43d and Broadway; the
the Pacific Coast are incorporated in the blessings I am delegated to bestow upon them.

And I also wish to take this opportunity to offer my congratulations to my old friend and comrade, Bro. George E. Joslin, of the Board of Directors, and to Mrs. Joslin, whose marriage was solemnized last March, and to wish them perpetual happiness and prosperity.

The April Telegrapher contained an article by our worthy Second Vice-President, in which he referred to his Bachelor Cabinet, composed of Bro. Joslin and myself. The "Cabinet" has disbanded. My two compatriots have plunged into the sea of matrimony, as the last of the Mohicans I still carry the banner of "Bachelorhood," the only living specie to be found among the Grand Officers. Alas! I must plod on unattended, sans Pierson, sans Joslin, sans matrimonial hope.

Yours fraternally,

E. J. Manion,
Fifth Vice-President.

THE C. T. U. OF A. CONVENTION.

THE Fifth Biennial Session of the General Assembly of the Commercial Telegraphers' Union of America was held in Detroit, Mich., June 8th to 11th, inclusive, with a good representation present.

The reports of the President and Grand Secretary and Treasurer showed considerable progress had been made during the last two years in increasing the membership and that the prospects for the future were very bright. At its session on June 9th, the convention took cognizance of the fact that that date was the twenty-eighth anniversary of the Order of Railroad Telegraphers, and the following message was sent by order of the convention:

"DETOIT, MICH., June 9, 1914.

"L. W. Quick,
"Grand Secretary O. R. T.,
"St. Louis, Mo.

"Commercial Telegraphers' Union in convention assembled, by unanimous resolution, extend to your organization their heartiest congratulations upon this, the twenty-eighth anniversary of your existence. The convention further recorded itself as being favorable to continuation and a stronger sense of affiliation with our kindred, and further wish you a long life and abundant success in the future undertakings and stand ready to co-operate at any time in anything which may be of mutual benefit. We are indebted to Bro. Perhaps for his gracious participations in our deliberations.

(Signed) "Commercial Telegraphers' of America."

Officers were elected for the ensuing term as follows: President, S. J. Konenkamp; Grand Secretary and Treasurer, Wesley Russell; Vice-President, James F. Campbell. Members of the General Executive Board: Chas. E. Hill, Joseph F. Malon, Chas. H. Ludwig, D. K. Stevenson and C. H. McElreath.

PHILLIPS' CODE REVISED.

MR. EUGENE F. BRUCKNER, the well-known press operator, now located at Spokane, Wash., has, under the authority of Walter P. Phillips and with the assistance of a number of officials and operators in the press service, thoroughly revised Phillips' Code, and the new edition will be ready for delivery in a few days. Mr. Bruckner was considered by Mr. Phillips the most competent authority to undertake this important work, and so satisfactorily has the task been accomplished that the finished book has received the stamp of approval of the Associated Press, the United Press, the Publishers Press, and all other newspaper agencies, as well as the endorsement of press operators, well qualified to judge the merits of the new book. A large number of officials and operators in the press service were also frequently consulted on the revision.

The new book was desirable for the same reasons that makes necessary a revision of scientific text books with the progress of each decade.

Thirty years ago, when Mr. Phillips first published his work, a large number of words were used that today are almost obsolete, and several hundreds of others,
not provided for then, have come into general use. Provision must therefore be made for the newer modes of expression.

As indubitable evidence of this need, men who have joined the ranks of the press associations in recent years have found themselves wholly perplexed, and have been humiliated by apparent incompetence owing to their inability readily to interpret hundreds of contractions in constant use but not honored by Phillips' Code.

The whole object of the revision has been to promote greater accuracy and reduce memorizing to a minimum. Under the new system, an operator who knows the code for *Assist* does not need to know the specific contraction for *Consist, Desist, Insist, Persist, Resist*, etc., for all are formed upon the same basis. Nor is it probable that the operator could make a mistake in their translation if, by force of sheer will-power, he tried.

The price of Phillips' Code is $1.00.
Remit by post office or express money order to

HOURS OF SERVICE LAW.

The following decisions recently rendered in the United States courts in causes brought under the hours-of-service law will be of general interest:

No. 1751

In the District Court of the United States for the Eastern District of Washington, Northern Division.

April 23, 1914.

In an action under the hours of service act, in which the basis of the alleged violation was the excess service of a telegraph operator in a continuously operated day and night office, on ten consecutive days, it developed that the employee had been positively instructed by his superior officer not to remain on duty in excess of nine hours in any twenty-four-hour period, and that his violation of such instructions had been unknown to the defendant; Held:

1. That the safety-appliance act and kindred statutes impose positive and absolute duties on carriers the nonperformance of which is not excused by the exercise of reasonable diligence or due care on their part, and the hours of service act admits of no other rational construction;

2. That the word "permit," as used in the statute, means "a failure to prohibit by one who has the power and authority to do so;"

3. That the expression "all its officers and agents," as used in the statute, cannot be limited to general officers and agents, since the knowledge of such officers and agents was imputable to carriers by the common law, and the hours of service act is more than merely declaratory of the common law; and

4. That neither the lack of actual knowledge on the part of the defendant that the act was being violated nor its previous instructions to the contrary is a defense to an action for the penalty prescribed.

Francis A. Garrecht, United States attorney, and Otis B. Kent, special assistant United States attorney, for plaintiff.

Hamblen & Gilbert, for defendant.

OPINION OF THE COURT.

Rudkin, District Judge:

This is an action to recover penalties for violation of the act of Congress of March 4, 1907, entitled, "An act to promote the safety of employes and travelers upon railroads by limiting the hours of service of employes thereon" (34 Stat., 1415), commonly known as "The hours of service act." The complaint contains ten counts or causes of action in all, the first based on excessive hours of service by an employe named Longabaugh on the 21st day of April, 1913, and the remaining nine on excessive hours of service by the same employe on the nine succeeding days. When the case was called for trial a jury was empaneled and sworn, but the parties thereafter agreed upon the facts, and the jury was discharged by consent and the cause submitted to the court on a written stipulation. From this stipulation it appears that
the defendant corporation is a common carrier by railroad engaged in interstate commerce: that Wallula, an office on its line of railway, is a station continuously operated night and day; that on the 21st day of April, 1913, and on each of the nine succeeding days the employe Longabaugh went on duty as agent at that place at the hour of 7 o'clock a. m., and remained on duty continuously as such agent until the hour of 7 o'clock p. m., and thereafter remained on duty continuously as a telegraph operator and, by use of the telegraph, dispatched, reported, transmitted, received and delivered orders pertaining to or affecting train movements until the hour of 12 o'clock midnight; that before the employe Longabaugh had performed any excessive hours of service he was instructed by his superior officer not to work in excess of nine in any 24-hour period, either as agent or operator, or in both capacities, and that he remained on duty for a longer period than nine successive hours in violation of such instructions and without the actual knowledge of his superior officers. The sole question presented for decision, therefore, is, did the instructions to the employe not to violate the law, or want of knowledge of a violation of the law on the part of his superior officers, constitute a defense.

It is now well settled that the safety-appliance act and kindred statutes impose positive and absolute duties on carriers the nonperformance of which is not excused by the exercise of reasonable diligence or due care on their part, and the hours-of-service act admits of no other rational construction. (St. Louis & Iron Mountain Ry. vs. Taylor, 210 U. S., 281; C. B. & Q. Ry. vs. United States, 220 U. S., 559; Delk vs. St. Louis & San Francisco R. R., 220 U. S., 580.)

It is urged that the words "require or permit" imply consent or knowledge on the part of the employer, and this is perhaps their common significance; but the word "permit" also means a failure to prohibit by one who has the power and authority to do so, and in my opinion the term is here used in the latter sense.

In United States vs. San Francisco Bridge Co. (88 Fed., 891), cited by the defendant, section 2 of the act under consideration expressly provided:

"That any officer or agent of the Government of the United States or of the District of Columbia, or any contractor or subcontractor whose duty it shall be to employ, direct, or control any laborer or mechanic employed upon any of the public works of the United States or of the District of Columbia, who shall intentionally violate any provision of this act, shall be guilty of a misdemeanor."

The criminal intent was there made a part of the offense by express legislative enactment, and the word "permit" was of necessity given the meaning here contended for by the defendant. But the act now under consideration expressly provides in Section 3 that "in all prosecutions under this act the common carrier shall be deemed to have had knowledge of all acts of all its officers and agents," and this provision eliminates all questions of knowledge or criminal intent.

Nor can the expression, "all its officers and agents," be limited to general officers and agents, as claimed by the defendant. The knowledge of such general officers or agents is imputed to the company by the common law, and it is very apparent that the statute in question is not merely declaratory of the common law. As said by the court in the Taylor case, supra:

"In the case before us the liability of the defendant does not grow out of the common-law duty of master to servant. The Congress, not satisfied with the common-law duty and its resulting liability, has prescribed and defined the law by statute. We have nothing to do but to ascertain and declare the meaning of a few simple words in which the duty is described. It is enacted that "no cars, either loaded or unloaded, shall be used in interstate traffic which do not comply with the standard." There is no escape from the meaning of these words. Explanation can not clarify them, and ought not to be employed to confuse them or lessen their significance. The obvious purpose of the legislature was to supplant the qualified duty of the com-
mon law with an absolute duty deemed by it more just. If the railroad does, in point of fact, use cars which do not comply with the standard, it violates the plain prohibitions of the law, and there arises from that violation the liability to make compensation to one who is injured by it. It is urged that this is a harsh construction. To this we reply that if it be the true construction, its harshness is no concern of the courts. They have no responsibility for the justice or wisdom of legislation and no duty except to enforce the law as it is written, unless it is clearly beyond the constitutional power of the lawmaking body. It is said that the liability under the statute, as thus construed, imposes so great a hardship upon the railroads that it ought not to be supposed that Congress intended it. Certainly the statute ought not to be given an absurd or utterly unreasonable interpretation leading to hardship and injustice, if any other interpretation is reasonably possible. But this argument is a dangerous one, and never should be heeded where the hardship would be occasional and exceptional. It would be better, it was once said by Lord Eldon, to look hardship in the face rather than break down the rules of law. But when applied to the case at bar the argument of hardship is plausible only when the attention is directed to the material interest of the employer to the exclusion of the interests of the employe and of the public. Where an injury happens through the absence of a safe drawbar, there must be hardship. Such an injury must be an irreparable misfortune to some one. If it must be borne entirely by him who suffers it, that is a hardship to him. If its burden is transferred, as far as it is capable of transfer, to the employer, it is a hardship to him. It is quite conceivable that Congress, contemplating the inevitable hardship of such injuries, and hoping to diminish the economic loss to the community resulting from them, should deem it wise to impose their burdens upon those who could measurably control their causes, instead of upon those who are in the main helpless in that regard. Such a policy would be intelligible, and, to say the least, not so unreasonable as to require us to doubt that it was intended; and to seek some unnatural interpretation of common words.

For these reasons I am of the opinion that the knowledge of the agent Longbaugh was the knowledge of the company and that the instructions given by his superior officer not to work excessive hours, or a want of knowledge on the part of his superior officers that he did in fact work excessive hours is no defense. I therefore adjudge the defendant guilty on all counts and impose a fine of $100 and costs for each violation.

No. 1483.

United States of America, vs. Northern Pacific Railway Company.

United States District Court, Eastern District of Washington, Northern Division.

Decided April 21, 1914.

The period of service of a given train crew ended seventeen hours and thirty minutes after its inception, but in the interim the men were entirely relieved from duty for a predetermined period of one hour and thirty minutes, a watchman then being in charge of the train; Held, That such a lay-off or release from duty, even though for a definite period, does not break the continuity of service within the meaning of the hours of service act.

Francis A. Garrecht, United States attorney, and Otis B. Kent, special assistant United States attorney, for plaintiff.

Edward J. Cannon, for defendant.

OPINION OF THE COURT.

Rudkin, District Judge.

This is an action to recover penalties for violation of the act of Congress of March 4, 1907, entitled, "An act to promote the safety of employees and travelers upon railroads by limiting the hours of service of employees thereon" (34 Stat., 1415), commonly known as "The hours of service act." The complaint contains six counts or causes of action in all, based upon excessive hours of service by the several members of the same train crew. The case has been submitted to the court upon
an agreed statement of facts from which
the following appears:

The defendant is a common carrier by
railroad engaged in interstate commerce,
and the several employees named in the
different counts or causes of action were
in the employ of the defendant engaged in
or in connection with the movement of its
trains; on the 10th day of January, 1912,
the engineer and fireman of engine No.
1507, hauling an eastbound extra freight
train from Tacoma, Wash., to Cle Elum,
Wash., went on duty at the hour of 5:30
a.m., and remained on duty until 11 p.m.
of the same day; the conductor and the
remaining members of the crew went on
duty at the hour of 5 o'clock a.m., and
remained on duty until the hour of 10:30
o'clock p.m.; the schedule time out of
Tacoma was 6 o'clock a.m., but the de-
parture of the train was delayed for forty-
five minutes by reason of a derailment in
the yard; the train arrived at Auburn,
eighteen miles east of Tacoma, at 8:25 a.m.,
and was there held for a period of one
hour and thirty minutes to permit superior
trains to meet and pass; during this period
of one hour and thirty minutes the train
was placed in charge of an engine foreman
or watchman at Auburn, and the train crew
laid off or released from duty. If the lay-
of one hour and thirty minutes at
Auburn be included in the hours of service
of the crew, the law has been transgressed;
but if excluded, the time of actual service
falls within the sixteen-hour period limited
by law. The sole question presented for
decision is, therefore, does a definite lay-off
or release from duty for a period of one
hour and thirty minutes, under the circum-
stances stated, break the continuity of the
service within the meaning of the law. I
am of the opinion that it does not. In
the case of United States vs. Chicago,
Milwaukee & P. S. Ry. Co., 197 Fed., 624,
I held that a lay off of from thirty to
forty-five minutes for breakfast and of
about one hour each for the midday and
evening meals did not break the continuity
of the service. I further held in the same
case that an indefinite lay-off of three
hours while the train crew was awaiting
the arrival of a helper engine at a small way
station did not break the continuity of the
service. This decision was cited with ap-
parent approval in the case of M., K. & T.
case, it seems to me, is controlling here.
The purpose of the statute is plain, and
it must be so construed as to promote
its policy. The hours of service of rail-
way trainmen are long at best, leaving only
eight hours for rest and recreation, and
if this brief period can be broken into frag-
ments the purpose and policy of the law
will be entirely frustrated. If a train crew
may be laid off for an hour and a half at
one point to suit the convenience or neces-
sities of the company, it may be laid off
for a like period at another, and the mem-
ers of the crew thus wholly deprived of
any substantial period for either sleep or
rest. If this crew had not been released
from duty at Auburn, the members would
have been compelled to remain idle until
the time of departure arrived, and the re-
lease for the brief period allowed by the
company permitted them to do little else.
The release was of no benefit to the crew
and could subserv no substantial purpose
except to obviate the penalty imposed by
law. Perhaps it can not be said as a
matter of law in all cases whether a re-
lease from duty for a fixed period of time
will or will not be sufficient to break the
continuity of the service. No doubt in
extreme cases the court may declare as a
matter of law that a given period is so
short as not to break the continuity of the
service, or that another period is so long
as to break the continuity of the service;
but between these extremes there is a
twilight zone, where the question becomes a
mixed one of law and fact. This case, how-
ever, has been submitted to the court for
decision, and whatever inferences are to be
drawn from the admitted facts must be
drawn by the court, and under the ad-
mitted facts I am of the opinion that the
plain spirit and policy of the law has been
violated. I therefore adjudge the defend-
ant guilty on each count or cause of action,
and impose a penalty of $100 and costs for
each violation.

Let judgment be entered accordingly.
Big Four Railway System Division No. 138 will hereafter be known as Division No. 3.

Eight hundred and seventy-nine new members were initiated into the Order during the month of May, 1914.

Membership cards for the new term, July 1st to December 31st, have already been received and are being distributed as fast as members pay their dues.

W. H. Husted, General Chairman Erie Railway System Division No. 42, is a candidate for the nomination for the office of county auditor of Union County, Ohio.

The Order celebrated its twenty-eighth anniversary on June 9th, and it was most fitting that the Order should have more members actually paid up on that date than ever before in its history.

Since the last announcement system divisions have been organized on the Georgia Railroad, the Florida East Coast Railway, the Oregon, Washington Railway and Navigation Company lines and the Philadelphia and Reading Railway.

Henry C. Peterson, Cert. 191, Div. 4, is a candidate for nomination for the office of State Railway Commissioner of Nebraska. He has been a faithful member of the Order for many years, and no doubt will receive the active support of the union men of that State.

A press dispatch from Washington says that Congress will allow the railroads of the country more compensation for carrying the mail. It is estimated that the increase will be about $10,000,000, exclusive of additional compensation for carrying the increased volume of parcel post matter. It is also proposed to pay the railroads for space actually required for transporting the mail, instead of on a weight basis.

The Ohio State Industrial Commission has set a precedent in administering the Workmen’s Compensation Act by granting a lump sum award in a total disability case. The beneficiary of this award will receive a lump sum of $3,646.75, in addition to $9.00 per week for the remainder of his life.

State Senator W. K. McLaurin, of Vicksburg, Miss., who during the last session of the Mississippi Legislature rendered such valuable service in assisting the telegraphers in getting their bonding bill through the Senate, is now a candidate for circuit judge. His district is composed of the counties of Warren, Sharkey, Issaquena and Clairborne.

Congressman MacDonald has introduced a bill in Congress to establish a national employment bureau under the Department of Labor. Under the proposed legislation the bureau would be directly administered by three commissioners and every post office would become a labor exchange. Persons desiring employment would apply to their local post office, filing an application in duplicate on blanks prepared for that purpose.

The question of which was the first schedule made by the Order has been a subject of discussion for many years past, and as the Editor recently had occasion to look the matter up from the official record in order to settle a wager which was referred to him, the following information is given for those who may be interested: The first schedule made by the Order was on the Atlantic & Pacific Railway on December 16, 1891; the sec-
ond schedule was made on the Denver & Rio Grande Railroad on February 20, 1892; the third schedule was made on the Santa Fe on April 1, 1892, and the fourth on the Pittsburg & Western Railway on June 1, 1892.

Warning has reached the headquarters of the Order against a party traveling in and around New York City, going under the name of W. S. Gordon, and who pretends to represent Bosworth & Kent, 46 India street, Boston, Mass., lubricating oil, who is constantly telling a hard luck story and soliciting assistance from agents. It is said there is no such firm as Bosworth & Kent, and that Gordon is an imposter.

An International Telegraphers' Tournament is being arranged to be held at the Panama Pacific Exposition grounds on May 24, 25 and 26, 1915. The contestants will be entered free. Many valuable prizes will be offered. It is proposed to divide the contest into various classes, some for railroad men, others for commercial men and still other contests to be a free-for-all, and there will be a first, second and third prize in each class. J. C. Arthur, Cert. 3 in the Grand Division, whose address is 244 California street, San Francisco, is taking the lead in the movement for this tournament.

The report also shows that there were 399 aliens returned after landing.

Since the advent of the parcel post, the post office department is exerting itself to bring the consumer and the producer closer together by means of that service. As a result of this plan, Postmaster Selph, of St. Louis, recently received instructions from Postmaster-General Burleson to prepare and organize his office so as to be an intermediary between the produce farmers, dairymen and poultrymen and the consumer living in St. Louis, and it is presumed similar instructions were issued in other large cities. Lists are to be printed containing the names of all farmers in Missouri, Illinois, Iowa, Arkansas and Oklahoma, who wish to ship eggs, butter and general produce to consumers in St. Louis, via parcel post service. These lists are to be distributed by letter carriers to patrons of the St. Louis post office.

A press dispatch from Portland, Ore., says:

"For violations of sections of the interstate commerce law relating to the working of employees overtime, the O.-W. R. & N. Company was fined a total of $3,350 by Judge Bean in United States District Court.

"For failure to report the overtime put in by a freight crew for thirty days, Judge Bean imposed the statutory fine of $100 a day. He directed a verdict at the conclusion of the evidence.

"Because five members of a train crew were worked overtime in caring for a hotbox, and it was not reported, a fine of $250 was imposed, or $50 for each count in the indictment. The maximum fine of $100 for each offense was not imposed because at the time of the offense the law had not been construed to have its present accepted meaning.

"The third fine was one of $100 for working a telegrapher two shifts, or eighteen hours straight. The telegrapher had been sent to relieve the operator at Hilgard, Ore."

PRESIDENT MATHIS SICK.

To The Editor:

Will you kindly announce through the columns of the journal the serious illness of Mrs. Mathis, President of the Ladies’ Auxiliary. She had the misfortune to lose her brother, Alex. B. Wilson, who died suddenly at Little Rock, Ark., on May 28th. The funeral was held at Fulton, Ky., and the shock and grief completely prostrated Mrs. Mathis, and we have not as yet been able to bring her home. She is, however, some better, and we hope she will soon be herself again.

Yours fraternally,
E. L. MATHIS.

Jackson, Tenn., June 7, 1914.

Notes from the Grand Secretary and Treasurer.

It gives me great pleasure to announce to the membership, that the term just closing has been one of the best in the history of the Auxiliary. With this record, let us strive to make the new term much better, and if we continue our present co-operative work, from all over the country, we will far surpass what has been done this term.

Let all members who have not yet paid for this term remit back dues with the new term, and all old members who have let dues run out, and they are no longer members, renew their membership and come back to stay. Many new members have been added, and the Mutual Benefit Department is an assured fact.

Assessments will be computed from the month you join, and the 50-cent initiation rate will continue until further notice. By sending for application to the Grand Secretary and Treasurer direct, you will save time, and rates will be furnished with any other desired information.

Rates in Mutual Benefit Department:
Series A, $150.00, initiation and dues per six months, $1.30, 18 to 50 years; Series B, $300.00, initiation and dues per six months, $2.10, 18 to 40 years. Receipts for money will be furnished until certificates are received by member.

Initiation and dues to join the Ladies’ Auxiliary month of July is $1.10. Blanks will be furnished by any Grand Officer or Local Officers.

The winners of the prizes will be given in the July number of this department. The prize contest has met with such success, that it will continue.

It gives me great pleasure to announce to the membership that we now have another local, which has been organized and officers elected. This new local is known as Local No. 27, Division 140, Maine Central Ry. General chairman, Sister Edna P. McKenzie, Lincoln, Maine; general secretary and treasurer, Sister Florence L. Graham, Bangor, Maine. Sisters McGown, Scribner and Murray were elected local chairmen. This local received the best material help from the brothers of Division 140.

I am in receipt of letters from Sisters Wood, Mehring and Conant, of Division 35, O. R. T., stating that a meeting was held at the home of Sister Wood, at Auburn, R. I., where they reorganized a new local upon their division, and that they will make application for a new charter, and they already have secured twenty-seven charter members, and others desire to be in the number.

After the business meeting adjourned, a light lunch was served by Sister Wood,
assisted by the youngest members, Sisters Conant and Higgins. After several musical selections had been rendered by different members, the sisters departed, all expressing themselves delighted with the first meeting of the new Local No. 4. The next meeting will be held on June 16th at the home of Sister Welch, where installation of the new officers will take place. The officers are: Sister Bessie Mehring, general chairman; Attleboro, Mass.; Sister Addie Conant, general secretary and treasurer, Auburn, R. I.; Sister Callas, first vice-president; Sister Springer, second vice-president; Sister Payne, chaperone.

We extend our heartiest congratulations to these sisters on coming back into the Auxiliary, and their desire to take their place in the ranks of the locals.

I hope that all members in the Grand Division will pay as promptly as they have this term, and that all delinquent members will pay up back dues, and that the Grand Secretary and Treasurer will not have to remind you of this duty.

Thanking the Grand Division and the locals for their support this term, and asking for more for the new term, I remain,

Yours fraternally,

MRS. FLORENCE P. PIERCE,
Grand Secretary and Treasurer,
Ladies' Auxiliary to O. R. T.
2021 Longwood St., Walbrook, Balto., Md.

Local No. 4.

EDITOR RAILROAD TELEGRAPHER:
At the home of Mrs. John Wood, 301 Station St., Auburn, May 21st, the new Local No. 4, Ladies' Auxiliary to O. R. T., Division 35, was organized by the following members of the Grand Division: Clara Wood, Emma C. Welch, Addie Conant, Bessie Mehring, Mary Ray, Josephine Payne, Edna Weeks. A membership of twenty was secured. The charter will be kept open for additional names until our next meeting, which is held on June 18th at the home of Sister Welch, 16 Fenner St., Auburn, 2:30 p. m.

All wishing to become members will please send to Sister Conant, 55 Francis Ave., Auburn, R. I., for application blanks or information regarding same.

The following officers were elected: Sister Bessie Mehring, general chairman; Sister Addie Conant, secretary and treasurer; Sister Callas, first vice-president; Sister Springer, second vice-president; Sister Payne, chaperone.

After the business meeting adjourned, a social hour was spent and a buffet lunch was served by Sisters Wood and Welch. After several musical selections were rendered by the different members, the ladies departed, all expressing themselves as delighted with the first meeting of the new Local No. 4.

Local No. 8.

Our fair started out under very pleasing prospects, and the members seem to be interested in the undertaking, but there are some who have not been heard from, also some who have not paid their dues for the current term. Remember, sisters, half of the dues is all we get to keep up expenses. As it is only a short time until the next term's dues should be sent in, we trust that each one will make an effort to get up to date in the Auxiliary.

I know that we all have plenty of work to do, but we would appreciate it very much if each of the members would make it a point to write some of the eligibles near them, or if you can see them, make a personal appeal to them to join. We are bound to do good work, and the more members we get the better work we can do.

Some of the local chairmen of the O. R. T. have been very kind in furnishing us lists of names to enable us to write to those who should join. This is just a reminder to the other local chairmen that we would appreciate their co-operation.

Remember that our M. B. D. is now in full operation, and that it affords members a good insurance as well as being an aid to the Auxiliary. We would be glad to see all the members to take advantage of the opportunity.

Any of the officers will be very glad to explain anything in connection with either department of the Auxiliary. Do not hesitate to write us for any desired information. You have a chance to secure a premium this year for new members, and this
will in turn assist your local to secure a prize, too. These premiums are worth working for.

It is now only a year until the biennial convention, and as it is held in St. Louis, the members of this division will naturally feel that it is close home and will no doubt make an effort to attend. There are always a lot of pleasant times to be had at these conventions. Let us get busy and have a large membership, so that we can show the O. R. T. that we are capable of accomplishing results.

Mrs. F. O. Mortz,
General Chairman.

Local No. 16.

Our last regular meeting was well attended and much business of importance transacted.

Special election of officers to fill unexpired terms of officers who had tendered resignations took place, and the following were elected to fill the vacancies: General chairman, Mrs. O. A. Hudson; first vice-chairman, Mrs. A. F. Hellar; second vice-chairman, Mrs. P. T. Mocken; third vice-chairman, Mrs. Adelaide Decker; secretary and treasurer, Mrs. J. E. Shields; sentinel, Mrs. D. H. Powers.

Our constitution calls for election of officers bi-annually in the year of the convention. However, the members of Local 16 desired an election of officers in the off year, and to make same legal all the old officers tendered their resignations.

A very pleasant surprise was tendered Bro. O. A. Hudson on his (?) birthday, at his residence in Jamaica, May 20th. Over forty members of Local 16 and Division 44 were present. It was a most enjoyable occasion.

First Vice-President Sister Mrs. G. W. Hilley journeyed to Camden, N. J., on May 28th to attend an open meeting (ladies' night) of Division 17, O. R. T. Sister Hilley reports having a most enjoyable trip. The meeting was a grand success.

We have just heard the sad news of the death of Mr. Gafney, husband of Sister Mrs. Cecelia Gafney and father of Sister Mary Gafney and Bro. T. F. Gafney. On behalf of Local 16 of the Ladies' Auxiliary, we extend heartfelt sympathy to the sorrowing family. Suitable resolutions will be adopted at our next meeting.

Mrs. J. E. Shields,
Secretary and Treasurer.

Local No. 18.

Local 18 certainly possesses some live and willing workers. If every woman would enter this great cause and become such a worker, what a wonderful Auxiliary we would have. Some seem to think that this is a pleasure affair only and that since they are not situated so they can get to enjoy everything that takes place they will not join. This seems rather selfish. Even though we can not enjoy all the pleasures yet, just the same our membership is strengthening the Auxiliary, thus forming a body that will not only help the O. R. T. individually in the many homes, but also as a whole. Our small dues, like the "Widow's Mite," will be helping along a noble cause.

Let each one of us strive to bring each non whom we meet to see that this is not something for her pleasure only, but that it means the betterment of her daily living. Once we get the fundamental principles instilled in the home, or at least so far as the wife or mother is concerned, there will be a big movement started for unionism. Future generations will see these things in a different light from the beginning, and will be prepared better to legislate for the world of labor.

On May 12th I attended a joint O. R. T. and Auxiliary meeting at the Labor Temple in Los Angeles, and there was an excellent gathering. Although not a great number of the ladies present were Auxiliary members, I hope, from the talks made, that they will soon be up to date. Bro. E. J. Manion made an excellent address.

Local 18 is growing steadily, and I am sure that with the interest all of the sisters are showing, together with that of the many brothers, that we will accomplish great ends.

Sister D. W. Kopipikus, Oakville, Cal., has accepted the position of local chairman for the Western Division. Sister W. M. Ross, Logansport, La., has also been appointed local chairman on the H. E. &
W. T., and H. & S., part of the Sunset Central Lines. I hope you will give them your hearty support.

Sister Turner recently visited friends at Marcel.

If any of the sisters have any little items they would like to put in the write-up concerning their meetings, I will be glad to get them. Perhaps it may be the means of awakening some non-member.

MRS. W. E. BLUME,
General Chairman.

Local No. 21.

On May 28th our brother O. R. T. men of the West Jersey & Seashore and Trenton Divisions gave us a ladies' night, and the entertainment was very much appreciated with lunch besides. We appreciate this courtesy of the boys and we hope to return the compliment at some time.

The committee deserves much credit for arranging such a nice program for this occasion. It shows what can be done when we try and get together. The orchestra was fine and everything on the program was meritorious.

Sisters Hilley and Hudson, of Local No. 16 (Long Island Railroad) were with us. Sister Hilley was on the program for an address which she made, and was well received. Our Grand Secretary & Treasurer, Sister Pierce, from Baltimore, was also present and made an address along organization lines.

We hope that every O. R. T. member on the W. J. & S. and Trenton Divisions will get his wife to join us now and help make the Ladies' Auxiliary a grand success. We should have been glad to have received at least a few applications at this meeting, but the program was so crowded that there was not much time to solicit applications. Everybody seemed to have a good time and quite a good number were on hand and we hope that this may be the nucleus for larger and better affairs of this kind later.

Bro. J. F. Miller, General Chairman of the O. R. T. P. R. R. Lines East, was present and made a few remarks. He arrived late and did not wish to take too much time, but what he had to say was to the point and should be a cue to all those ladies on these divisions to join us and help this good work along. While we did not get to meet every one present this time we have met quite a few and we welcome them to our local and hope they will send in their applications now and help us get up another entertainment later on. Let us have a meeting at some convenient point soon for the purpose of organization; let all the ladies who are not now members come to this meeting and join us. Have some sister from the B. & O. or L. I. R. R. attend and help us get started right.

Local No. 26.

On account of having been quite ill for some time, I have not been able to get up much in the way of news, or do as much work for the local as I anticipated, but am improving in health now and hope to be able to do something more in the future.

Sister Gorman, of Mauk, spent the day in Atlanta recently on a shopping expedition.

Sister West, of Atlanta, attended a meeting of Local No. 12 in Macon last month.

We have secured several new members since we secured our charter, and have the promise of several more. Ladies, don't wait for us to ask you personally to join us. We want each and every one of you. Just drop me or Sister West, in Atlanta, a card, or have your husband tell her on the wire, and application blanks will be sent you at once. The dues are very small and if you will give us your support, we think we can make it interesting for you.

We hope to hold our first meeting in June at either Manchester or Warm Springs. Then we expect to hold one a little later in the summer at Fitzgerald, and hope to have a good attendance at both meetings. Both will be open meet-
ings, so come whether you are a member or not, or whether you even want to be or not. We will make you welcome in any event.

Any of you who so desire may add your dues to your husband's when he is remitting to the G. S. & T., making a note of what the extra amount is for. That may save some of you the extra trouble of getting a money order for your dues.

Any news items that any of you can furnish me will be greatly appreciated and I hope that each member will try to furnish some, so that I can get up a news letter each month.

Mrs. C. A. Pye,
Acting Secretary and Treasurer.

SENDING A TELEGRAM.

AFTER the passengers had gathered around the wrecked locomotive and helped the brakeman to swear a little, and the conductor had assured us for the hundredth time that we would reach the city without fail by 6:30 that evening, we all went into the station for the purpose of keeping warm, sending a few telegrams and badgering the poor station agent with questions.

My business was soon transacted. I sent the committee the cheering words that told them nothing short of a miracle could get me to Bosshaven in time to lecture that night, and then I ceased to worry, and resigned myself to grim Fate and the grimmer cigar which the train boy sold me. A veritable wrecker is the train boy. An accident that lays the train out for half a day is his fortune, because by some inscrutable law of disaster a wreck never takes place in a pleasant harbor, and trains never collide at a dining station. Here is something for our great thinkers to ponder upon.

While I puffed tranquilly away at the alleged cigar, I amused myself by watching my fellow passengers. Presently one man reached a long arm over the little crowd clustered at the operator’s window and asked for a “blank telegraphic form,” explaining that he wished “to send a telegraphic dispatch” to his family.

Now, when a man speaks of a “telegraphic dispatch” I always wake up and look as him, because the cumbersome title is all at utter variance with the spirit of the telegraph. It’s too long. The use of it betrays the man who has little use for the telegraph. The more he uses the wire, the shorter his terms. The more nearly he can come to saying “msg” the more content he is. And he doesn’t call for a “telegraphic form,” he asks for a blank, black or red, as the case may be. And he never telegraphs anybody. He wires them. He doesn’t explain to the operator what he wants to do with the blank. Presumably he wants to write a message. And as for the matters referred to in that “msg,” and the party for whom it is intended, the operator will know all he wishes to know—and sometimes much more than you want him to know—soon enough.

So I watched this passenger write his “telegraphic dispatch.” First he asked the operator:

“What day of the month is this?”

There was nothing unusual in that. All men ask that. It is the opening line in the regular formula of sending a “msg.” You may know what date it is before entering the office, you may even have it impressed on your mind by having a note fall due on that day, but the moment you poise your pencil over the blank, the date flies from your mind like the toothache from a dentist’s stairway. So when the man asked: “What day of the month is this?” I was not surprised. I courteously answered him as a cover to approaching his position, but he did not believe me. He repeated his question and made the operator answer. Then I knew he was very new at it.

He was a tall man, with long hair and a thin neck. He had a nervous way of licking his lips and then smacking them as though the ghost of a good breakfast still lingered about them. His pantaloons were just about as much too short as his hair was too long, and he wore a shawl. That settled him. He spoiled three blanks before he got a “telegraphic dispatch” written to suit him. But even that is not very uncommon. A man always uses stationery more extravagantly in another man’s office than he does at home. Then he wrote
every word in the body of the dispatch carefully and distinctly, but scrambled hurriedly over the address as if everybody knew that as well as he did, and dashed off his own signature in a blind letter style as though his name was as familiar to the operator as it was to his own family.

But even this is not uncommon. A man will write “Cunningham” so that no expert under the skies will tell whether it was Covington, or Carrington, or Cummagen, or Carrenton, and when the operator points to it and asks, “What is this?” the writer will stare at him in blank amazement for a moment, and then answer: "Why, that's my name!"

"Well, yes. I know that," the operator will say, "but what is your name?"

Then the man will gasp for breath and catch hold of the desk to keep himself from falling, and finally shout, "Why, Cunningham, of course!" and look pityingly upon the operator, and then glance about the room with a pained, shocked expression, as one who should say:

"Gentlemen, you may not believe it, and I do not blame you, but heaven is my witness—here is a man who does not know that my name is Cunningham!"

This is not unusual. Any operator will tell you that he has met Cunningham scores of times, and has morally offended him every time, by asking his name. Well, my tall man with the thin neck got along a little better than that, when he handed the operator the following explicit message:

_Mrs. Sarah A. Follinsbee, Dallas Center, Iowa:_

_MY DEAR WIFE—I left the city early this morning after eating breakfast with Professor Morton, a live man in the temperance cause. I expected to eat dinner with you at home. But we were delayed by a terrible railroad accident on the railroad, and I narrowly escaped being killed; one passenger was terribly mangled, and has since died, but I am alive. The conductor says I can not make connection so as to come to Dallas Center this morning, but I can get there by 8 o'clock this evening. I hate to disappoint you, but can not help it.

With love to mother and the children, I am your loving husband.

_Roger K. Follinsbee_

The operator read it, smiled and said:

"You can save considerable expense and tell all that is really necessary, I presume, by shortening this message down to ten words. We have no wire directly into Dallas, and will have to send this message part of the way over another line, which adds largely to the cost of transmission. Shall I shorten this for you?"

"No; oh no," the man with the shawl replied. "I'll fix it myself. Ten words, you say?"

"Yes, sir."

The tall man with the short pantaloons went back to the desk with his message. It was a stunner, for a fact, and the man heaved a despairing sigh as he prepared to boil his letter down to ten words. He sighed again after reading it through once or twice, and then scratched out "Dallas Center, Iowa," as though everybody knew where he lived. Then he erased "early" and drew his pen slowly through "breakfast with" and "in the temperance." Then he scratched over "dinner with" and went on to erase "and narrowly escaped." And so he went on through the dispatch. Occasionally he would hold it from him at arm's length after making an erasure, to get at the general effect. And at last, after scratching and erasing, and many sighs, he came to the window and said:

"Here is the telegraphic dispatch to my wife. I have not been able to condense it into ten words, and do not see how it can be done without garbling the sense of the dispatch, but if you can do it, you will oblige me greatly, as I do not wish to incur any really unnecessary expense."

And with that he handed the operator the following expunged edition of his original message:

_Mrs. Sarah A. Follinsbee:_

_MY DEAR WIFE—I left the city—this morning after eating—Prof. Morton alive—cause I expected to eat—you at home. But we were delayed by a terrible railroad accident on the railroad I—being killed—terribly mangled and since died; but I am
—the conductor—I can not—come to Dallas Center—but I can—I hate—mother and the children.

Your loving husband,

ROGER K. FOLLINSBEE.

The operator smiled once more, and in the tense nervous way that grows out of his familiar association with the lightning, made a few quick dashes with his pencil, and without adding or changing a letter in the original message, shrank it down to its very sinews, like this:

Sarah A. Follinsbee, Dallas Center, Iowa:

Left city smorning; delayed by accident; all right; home sevening.

ROGER K. FOLLINSBEE.

"There, that is all right," he said in the cheery magnetic way these operators have. "Fifty cents, sir—only twenty-five cents if we had our own wire into Dallas, sir; we'll have one next spring, too; saves you several dollars, sir. That's right, thank you."

And the man with the thin neck and long hair went and sat down on a chair by the stove and stared at that operator until the rescuing train came along, as though he was a worker of miracles. And when he got off the train at the Junction for Dallas, I heard him whispering softly to himself:

"S'follinbee—cish'n smorning—d'layed baxident—mall right—home safernoon. Rog."

And I knew that he was practicing his lesson, and had "caught on."—By Robert J. Burdette, in Sunset Magazine.

NOT A TRAITOR IN 1200.

(Record made by Military Telegraph in Civil War.)

THROUGOUHT the war there were, all told, 15,000 miles of wire operated by the army telegraphers, and the service cost the government about $3,000,000. Twelve hundred operators were employed and although these operators knew all the secret orders emanating from the various headquarters and from Washington directing the movements of troops, not one of them ever betrayed a trust.

In addition to the ordinary oath of allegiance, each operator had to pledge himself as follows:

"I do further swear that I will not reveal to any person or persons the contents of any dispatch, report or other communication, either directly or indirectly, that may come to my knowledge through my connection with the telegraph, in any manner whatever; that I will not reveal or divulge to any person or persons any cipher that may be given me for United States military purposes, and that I will faithfully keep secrecy and allegiance to the United States of America."

During the operations in front of Atlanta in 1864, twenty miles of wire was kept in operation twenty-eight days by almost as many operators, half of whom were exposed to the enemy's fire while at work at their instruments.

At New Orleans the operators and line-men were not only in danger of being shot, but risked their lives almost daily in the surf in trying to keep the submarine part of their system in working order.

The active service of the operators practically came to an end when they rushed a line of wire to Appomattox, over which the news of Lee's surrender was received at Washington within two hours after the event.

The list of casualties and captures in the little corps, probably aggregating 332, establishes its military character.

The telegrams supplying, reinforcing and moving the armies manifested a courier service unequaled in any war, ancient or modern.

The 15,389 miles of military telegraph lines constructed and operated in the theaters of the war by the corps, hundreds of whom were within range of the enemy's guns and often under fire, evidences a devotion and bravery that surely make its members worthy of comradeship with others of the army.

And the sole custodians of the cipher keys imparted a confidence in the corps never before or since reposed in so large a body of men, a confidence that was never betrayed.
A GOOD OPPORTUNITY.

On no doubt a great many of you have heard of the Illinois Central Station Training School, situated on Fifty-seventh street, Chicago, Ill., owned and operated by the Illinois Central Railroad Company, one of the leading Western railroads; if not and you wish to learn the manner in which this school is carried on and for what purpose, kindly address Mr. E. A. Barton, Fifty-seventh street, Chicago, Ill., who will furnish you a prompt reply stating the facts concerning this school.

On being in Chicago last September 1 had the pleasure of meeting Mr. Barton, who is instructor of this school and an old ex-O. R. T. member, and a man highly respected by the Illinois Central Railroad Company for his good service rendered them during the past thirty years as station agent.

Some members may be inclined to believe Mr. Barton is teaching a telegraph school in Chicago, which is not true. His purpose is to fit young men in routine of station work as required by the great Western roads, so that they may later qualify as station agents.

Many O. R. T. boys attend his school to learn agency work, which requires from four to six weeks, and is given free.

The school room is equipped with all the requisites of a medium-sized station with tables and chairs, and all the stationery used within an ordinary railway station. The main line, telegraph and telephone wires run into the building along with the Western Union telegraph wires, and students are granted the privilege of copying from the wires during spare moments, providing they care to. But the school only teaches them the difference between a "31" and "19" train order, and the manner in which they should be handled. "Telegraphy is not taught." Of course, we are led to believe many things are done wrong by not having the opportunity to visit and see just what is going on and I believe if any O. R. T. member will visit this school of instruction work, he will find it as stated by me, and a great advantage to any young man who would care to learn agent's work, for there is no place better according to my knowledge of schools.

You will find Mr. Barton a first-class gentleman in every respect, and willing to assist any member to the highest standpoint in his power. Should you chance to be in Chicago please call upon Mr. Barton, as he is glad to meet O. R. T. boys and will take great pains in showing you the station work of the great Western roads.

THE MAN WHO OVERHEARD.

The Junction Billiard Hall was fairly well patronized by the "smart" young men of the town that night, and Pyramids were being played for stakes unusually high, when the door opened and two men—one a frequent visitor to the place, the other a complete stranger—entered.

"Hallo! Who's Baxter got in tow this time?" was the whisper that went round the room. "He does manage to net them, anyhow."

Translated into acceptable English, these and similar remarks meant that Bob Baxter, the one who had entered with the stranger and an expert cuist, who followed the game on account of the money he was able to make out of it, had struck up acquaintance with one who knew not of his skill with the object of playing him—and fleecing him.

And such was the case.

Whilst returning home to Downley from a race meeting Baxter had had for a fellow traveler the young fellow mentioned, and in the course of their conversation the elder man had learned that he the other had to make a change at Downley, which would necessitate an hour's wait.

"It's a beastly nuisance," he had said, "but I suppose I shall have to make the best of it. Of course, if there's a decent billiard room in the town I could pass the hour pleasantly enough."

"You play the game, eh?" said Baxter, pricking his ears.

The young fellow nodded, saying: "And my friends tell me I play a fair stick. To tell you the truth—and I'm not saying it boastingly—I do play a bit above the average."
"I play a little myself," said Baxter, what time he was speculating the extent of the other's pocket.

"As a matter of fact," went on the young fellow, "all the handicaps at the Southmarsh Social Club are made from me. My mark's fifty behind. Perhaps you heard of me—Lingard—Ronald Lingard."

"U-um-er, yes, I've heard about you, Mr. Lingard," said Baxter, whilst his thoughts ran: "Lingards, of Southmarsh. He's the son of old Lingard, the wealthy Mayor of that town!" Then aloud: "Certainly. I've often seen your name in the Amateur Cuisi, but I never thought I should have the pleasure of meeting you. But to come back to what you said about having a knock at the balls for about an hour. There's a very decent table at the Junction Hall, just outside Downley Station, and I shall take it as an honor to play you a 'hundred.' As I told you, I play a moderate game, and although you might be able to 'lose me,' I don't think I should disgrace myself very much. Anyhow, just to give a spice of interest to the matter I'll back myself for a sovereign against you, and we'll play at the Junction."

"Done," said young Lingard, his eyes sparkling at the thought of how his friends at the Southmarsh Social Club would laugh when he told them, later in the evening, about the challenge. It never occurred to him for one moment that a mere Downley amateur could "take his number down," and he was still smiling the smile confident as he and Baxter entered the Junction Billiard Hall.

"My table next, marker," said Baxter, winking covertly at the gentleman of the "short rest."

"Your lamb next, you mean," said a young fellow in an undertone as Baxter brushed past him. "You do find 'em, Bob."

Baxter passed on as though he had not heard; but another young fellow, dark-eyed, clean-shaven, purposeful of feature, who had a minute before sauntered into the room from the smokeroom beyond and seated himself on the raised seat that ran round the room, looked up quickly; he also had heard the words addressed to Baxter.

The game between the latter and young Lingard commenced, and as it progressed the Man Who Had Overheard muttered something to himself. In common with most of the other spectators, he could see that Baxter was far and away the better player of the two—was keeping comfortably in front without putting forth any effort.

Eventually Baxter ran out the winner by 25, and, as he pocketed Lingard's sovereign, expressed himself as sorry the young fellow had had so many "hard lines" and such "rotten position."

A second game between the two (and now the stakes, on Lingard's suggestion, were two pounds aside) was started, and Baxter was running up a big "break" off the red, when the Man Who Had Overheard touched Lingard on the arm as he stood, white of face, watching his opponent's ball disappear time after time into one of the middle pockets.

"Well?" said the young fellow, turning.

"Don't play that chap again; he's altogether too good for you," said the Man Who Had Overheard, quietly.

"Mind your own business," rapped back Lingard.

"Well, under ordinary circumstances I daresay I'd take your advice," said the other, "but—well, you might call it anything—sentiment, silliness and so on, but your face reminds me of someone, someone I like to think about, and for that reason I said to you what I did. Further, I see that chap at the D end is putting his hand in your pocket, and I'd like to chastise him in a sort of way. I can do it. Read that."

Lingard glanced at the visiting card the speaker held forth, and his manner changed; his face flushed.

"I beg your pardon," he said; "I'd no idea it was you. What do you want me to do?"

"Back me to play that fellow across there, Baxter they call him. Back me up to five pounds. That will be two pounds more than you'll lose to him. If he beats me I'll stand the fiver myself."

"Not much fear of your losing if he'll play you," said Lingard, and turning, he
watched his opponent run out an easy winner.

"Couldn't do the wrong thing tonight," remarked Baxter, as he pocketed his winnings once more.

"That's so," said Lingard, whose face was pale and set, "but for all that you're a better player than I—perhaps better than my friend here, whom I've just recognized." He pointed to the Man Who Had Overheard, who had taken down a cue from the rack and was knocking the balls about in anything but artistic style.

"Ah, so you know him, and you think he can play a bit?" said Baxter.

"He certainly can, and, what's is more, I'll back him to play you for a 'fiver'—that's if he'll oblige me," said Lingard.

Baxter smiled, for at that moment the Man Who Had Overheard had made one of the clumsiest of strokes.

"Guess I'll take the chap on," said Baxter. "Sound him and see what he says."

Lingard went and spoke to the "chap" in question, then, returning to Baxter, informed him that he had persuaded his friend to undertake the game. The news of the new match ran quickly round, and the habits of the room quickly gathered in the vicinity of the table on which it was to be played, much curiosity being evinced as to the name of "Baxter's mug No. 2." But nobody knew it.

Stakes were put down, this time in the manager's hands, and the game began, Baxter leading off with, of course, a "miss in baulk." His opponent made an amateurish attempt at an all-round cannon, failing miserably.

"Well," said Baxter, "after that I'm sorry the stakes aren't another 'tenner' aside."

"They can be if it will suit you," remarked the Man Who Had Overheard, dipping his hand into his pocket and counting out ten sovereigns.

Baxter produced a like sum with alacrity. The increased stakes were handed to the landlord, and Baxter settled down to his play, his first "break" amounting to 43.

With a slight smile on his lips, the Man Who Had Overheard went to the table, and with a masterly stroke got the balls into position. Baxter gasped and muttered something under his breath.

"Click! Click!

With mathematical precision and skill the Man Who Had Overheard disturbed the balls only sufficient to score, and to leave them practically in the same position to score again. In this manner he compiled 80, and had straightened his back for a moment to consider, when Baxter uttered an oath, and, banging his fist on the edge of the table, said:

"It's a sell! I've been 'had'—swindled!"

"I'll trouble you not to shake this table until I've done with it," said his opponent calmly, "and after that I'll discuss the 'sell' with you in any fashion you prefer."

Baxter, trembling with rage, was persuaded by his acquaintances to sit down, and "be a sport." "For," said one of them, "it's easy to see you're getting beaten at your own game, Bob—'mug catching.' Sit down, and you'll learn something, if you have to pay for it."

Shortly afterwards the game terminated, the Man Who Had Overheard coming out winner with an unfinished "break" of 101.

"I'll trouble you for the stakes," he said to the manager, as he threw on his coat.

"You're not to part!" roared Baxter. "It's a —— swindle!"

The Man Who Had Overheard turned quickly, and gripped him by the shoulder.

"If you say that again I'll wring your ears," he said. "It's true I haven't played the game I usually play, but it was your game against the young chap over there, and for certain reasons I dropped, for once, into your groove."

Loud expressions of approval came from those around, and Baxter, noting them, turned towards the door.

"He's not used to losing, you see, sir," said the manager a minute later, as he handed over the stakes to the victor, "and there's no doubt about it you've given him a fair beating—taken the 'bounce' out of him." Then in an undertone, "All the same you might tell me your name. I won't blab it you don't want me to."

"I'm not particular whether you blab or you don't; my name's Marlin," said the Man Who Had Overheard.
The manager opened his mouth wide in surprise.

"Well! Blow my peepers!" he exclaimed. 
"Not Ted Marlin, Midland champion?"

"Guilty," said the young fellow, laughing, and turned to Lingard. Motioning to the latter to follow him, he led the way into the smokeroom, where, in a quiet corner, they were soon in conversation.

* * * * *

"Yes," said Marlin presently, replying to something Lingard had said, "considered coldly—dispassionately—it was a curious idea of mine to beat that fellow at his own game, but it was nothing more than sentiment on my part. You'll laugh, I know, but it was your resemblance of a certain young lady I once met that prompted me to do it. Funny thing this sentiment. It has a lot to do with the shaping of our lives, though."

"It has," concurred Lingard, caressing his slight moustache, "I'm in love myself, you know, so I understand what you mean."

"Excuse me, but I don't think you do understand," said Marlin, a faraway look dawning in his dark eyes. "You yourself are doubtless in love with a girl whom you know well—I'm in love with a girl whose name I don't even know."

Lingard was surprised. "I've read about such things, but I've never swallowed 'em," he said. "How did your affair come about—when did you see the girl?"

"I saw her at New Street Station, Birmingham, nine months ago. I was on my way to play McIntyre, of Glasgow, and just as I was about to book I heard a little scream behind me. Looking round, I saw a girl. She was evidently in distress, and I soon learned the cause, for in reply to an old lady who asked her what the matter was she said she had lost her purse—her pocket had been picked—"

"Great Scott!" interrupted Lingard, 'bang- ing the table in front of him with his fist. 
"What's the matter?" asked Marlin.

"Get on with your story—but stay; don't go on with it, for I know it already."

"You?"

"Yes. When you heard the girl say she'd been robbed, you asked her where she had intended to book to. She said Southmarsh, and without more ado you booked a first-class ticket for her, pushed the ticket in the girl's hand and 'did a guy.'"

It was now Marlin's turn to be surprised. "How came you to know that?" he asked.

"I was told by the young lady herself when she arrived home. Quite natural I should hear, too; she's my sister, you know, ha, ha, ha! By George, won't Maysie be surprised when she hears?"

Marlin sat silent a space, steadfastly gazing at his companion's face; then he said: "Maysie is her name, you say? And she's your sister. That accounts for the resemblance—about the eyes—especially when you discovered the chap in the billiard room yonder had got you 'on toast'—anger, pain—yes. Well, old chap," with a short laugh, "it's a curious turn-up, and you finished my little tale all right."

"Say," said Lingard, impulsively, "you'll have to come and spend a few days with me. You've been quite a hero, and that sort of thing, with my folks—a nameless hero. We've always alluded to you as 'Maysie's Knight of the Purse.' You'll come, won't you?"

"Some day, perhaps, but it can not be yet," said Marlin. "I am pretty well engaged for two months. Besides, all things considered, it would perhaps be better I didn't come at all. Some people have distorted opinions about professional individuals like myself, and your people—"

"Haven't got such distorted opinions. The pater's a real sport, and as for Maysie—well, she's a chip off the old block. But, I say, Marlin, when's your next big match, and who's it with?"

"Next Thursday against Baker, in Borough's Rooms, Manchester. My last match this side Christmas."

* * * * *

In reporting the great billiard match between Marlin, of Birmingham, and Baker, of Manchester (these names will serve for the purpose of the story), most of the papers mentioned that "during the afternoon Marlin, who had been playing well up to his reputation, suddenly displayed nervousness, and failed at the easiest of positions. But there was no cause for alarm
amongst those whose moneyed fancy was the Midlander, for he pulled himself together and proved his superiority over the Manchester man by winning with the comfortable margin of 275."

Marlin’s “nervousness,” by the way, was attributable to the following:

Soon after the commencement of the game the Midlander, glancing round at the packed audience, saw young Lingard, and at his side the girl whom he now tenderly thought of as “Maysie.” Miss Lingard’s eyes—so like her brother’s—were upon him, and as their glances met she nodded shyly, blushingly, her recognition.

After the match Ronald Lingard pressed through the crowd to Marlin’s side, and it was not long before Maysie Lingard and Marlin were chatting together, laughing over the episode of the stolen purse and the part Marlin had taken in connection with the matter.

“She didn’t require much persuasion from me to come and see you play, old chap,” said Lingard, bluntly, nodding towards his sister. “She doesn’t play a bad game herself for a girl, you know, so this affair was doubly interesting to her. I think I didn’t tell you we have a decent table at home? We have, and Maysie here promised me half-an-hour ago to support my invitation to you to come and stay with us over Christmas.”

Marlin looked at the girl, but she had turned her face aside.

“Thanks, Lingard, I’ll come,” said he.

For a moment Maysie Lingard turned her blue eyes upon him, and he read pleasure in their depths.—By Fred Plant, in The Railway Review.

PERPETUAL YOUTH.

“I see by the newspapers,” said Reinhard, “that these institute fellows who have been substituting knee joints in the legs of human beings and otherwise repairing the human body claim that they are on the way to cut out substances which lead to decay or bring on old age and when they succeed we shall always be able to remain young.”

“H’m!” grunted Von Buest contemptuously.

“You seem to doubt the possibility of such a result.”

“Doubt it? It has been done long ago.”

“Been done long ago! What do you mean, professor?”

Professor Von Buest took his pipe out of his mouth—he was always smoking—and, looking the other in the eye, said:

“Reinhard, the conceit of this age is intolerable. Most of our discoveries are accidental, though I will admit that nowadays our scientists are drawing out nature’s secrets by scientific experiment. Why shouldn’t what has been accidentally discovered today have been accidentally discovered before?”

“Because such discoveries electrify the world, and we all know of them.”

“Some of them do know that knowledge is so widely diffused. But you who are German know that there still remain in the fatherland those who investigate for the love of science and, despising the world, do not always give out their discoveries, and when they do it is because they will benefit mankind.”

“What do you mean by saying that the elixir of life has been discovered?”

“I did not say that. Listen to me and I will impart a secret. Pasteur did not begin our present methods of microbe investigation. Jenner began it a century ago. Why should the idea lay dormant from the time of Jenner’s suggestion till Pasteur took it up and developed it? It did not lie dormant. Many scientists thought about it, and some made experiments based on the idea of vaccination which Jenner propounded.

“It is needless to tell you how I became a scientist. You know all about it. I was born a scientist. When I was a little boy I was wondering what held the clouds in position, why objects were reflected in soap bubbles, how animals walked. When I was six years old I killed my pet kitten to see its works, which I supposed to be similar to those of a clock. That may seem shocking to you, but it was the beginning of investigations which led me to prolong life.

“At eighteen I left the university. I had found the professors a stupid lot, handing down what they considered knowledge from
one generation to another. Some of it was knowledge, but the most of it was error. The first President of this republic, Washington, was killed by just such men, who, following an ancient theory of letting blood in case of fever, bled the Father of His Country to death. I came into my estate soon after leaving the university, a landed property in Pomerania on the Baltic Sea. There, rid of the false knowledge that flooded the world, I established my laboratory.

"I followed up the killing of my kitten by an onslaught upon such inferior animals as would give me the secrets of nature. I worked twenty years, at the end of which time I discovered an antitoxin for the decay that accompanies age."

"Why, professor!" interrupted Reinhard. "You are seventy and you look seventy. If you discovered this antitoxin, why did you not arrest the effects of age in yourself?"

"Not so fast, my friend. At the time I made the discovery I was forty years old. I could not bring back my youth, and the beginning of disease is the time to arrest it. There is another reason. I did not hunt for my antitoxin because I wished to live forever, since I knew this would bring me intolerable misery. I experimented to satisfy my thirst for knowledge. And now I can explain to you why the world never got my secret. I did not wish to cause my fellowmen to suffer. At my present age I have lived too long. Had I the physical strength of youth the mental ennui of age would be with me. And what would this ennui be in another seventy or twice seventy years?

"In the lonely region in which I lived I had one congenial friend—Weisbward. His tastes were not my tastes or I should have hated him. In his world I found something different, something to freshen me. To him alone I confided my secret. I had cause to regret my confidence. He had a daughter fifteen years old, a lovely, beautiful girl. 'Could you keep her as she is today,' he said to me, 'the rest of my life would be supremely happy.'

"I sighed, for I knew that a desire to preserve his daughter's youth would master him and he would pursue me till I consented to give her perpetual youth. I paid no attention to this first broad hint, but it came again and again and finally took the form of a definite request.

"For a year I resisted, assuring Weisbward that if I consented the day would come when his daughter, Wilhelmine, would long for age, if not for death. Her associates would grow old while she would remain young. She would have experience which is incompatible with youth. She would be long neither to her own generation nor the one next below her. Having no proper position, being identified with no particular age, she would be a worse enemy to herself than the microbe that produces the decay of old age. All in vain. The opportunity to preserve his daughter's youth and beauty was too tempting for him. He gave me no peace till I consented.

"When I began to give Wilhelmine the antitoxin she was sixteen years old. Hers was my first case and my only one in practicing upon a human being after having satisfied myself of the efficacy of my remedy, and naturally my efforts were not at once successful. I did not completely arrest Wilhelmine's natural decay till she was midway between seventeen and eighteen."

Von Buest paused and resumed his pipe.

"Well, professor," said Reinhard impatiently, "go on."

"In what way? In the case of Wilhelmine Weisbward there are many stories. What would you prefer to know about her?"

Reinhard thought a few minutes, then asked his friend to tell him if the girl gained or lost by remaining young and why.

"What you ask to know," replied the professor, "has in itself many branches. I will confine myself to one—Wilhelmine's relations to her husband. She married Max Menzel. She was then twenty, he thirty. He grew old; his wife remained young. Her father one day came to me with a cloud upon his brow and told me that his son-in-law, who was getting gray and otherwise showing signs of age, was making his wife miserable by his jealous behavior. She was still young and beautiful and attracted younger men than himself.
"From time to time Weisbarg came to me to tell me that matters between his son-in-law and daughter were going from bad to worse. At last he confessed that he regretted having urged me to give the latter perpetual youth.

"I have given her perpetual youth," I replied, 'only so long as it may be desired.'

"His face lighted with pleasure. 'Can you re-establish the ordinary process of growing old?' he asked.

"There is nothing to re-establish. Let your daughter stop taking the antitoxin and the natural decay will be resumed.'

"I did not see Weisbarg for a week, at the end of which time he looked more lugubrious than ever. I asked him what troubled him. He told me that he had proposed to his daughter to cease taking my antitoxin and she had flatly refused. Weisbarg had very unwisely told his son-in-law that his wife could resume the process of following him to old age if she chose, and he had urged her to do so. She was obstinate, and a quarrel had ensued between the two that bid fair to wreck their happiness forever—that is, all that was left of it.

"And here, my friend, comes an instance of the unity of nature. A unity that is best for us always, though there are numerous instances in which we believe her decrees are misfortunes. There was every reason why Frau Menzel should grow old. And yet those old fellows like Ponce de Leon were continually seeking for the elixir of life. A man may be satisfied to grow old, a woman never. This one having perpetual youth would never give it up, though it threw her out of harmony with the rest of the universe.

"At first it seemed that remaining young with her children would be a boon to her. It did not turn out so. A melancholy phase of life is that we can not be of the next generation beneath us. Even a young body will not bridge that gulf.

"Every year after this the husband grew older, while the wife remained young and beautiful, and every year the gulf between them grew wider. After awhile it became a case of December and May. The older Frau Menzel grew in years the more pleased she was with the attention of young men. They, while pleased with her beauty, found in her an experience which did not accord with their own exuberance. This led to a continued disappointment in her that soured her disposition. The couple's bickerings wore on Weisbarg, who reproached himself for being the cause of their troubles.

"And yet there was one thing that would have undone, partly at least, all the mischief. All that was needed was for Wilhelmine to stop taking the antitoxin.'

"That could scarcely be expected," remarked Reinhard. "How did the matter end?"

"When Frau Menzel was fifty years old—she reached that age a year ago—she was a very singular compound, having a youthful body and an old mind. One evening, having forced her husband, who was now sixty, to take her to a ball, she insisted on dancing the turkey trot, which was just appearing in fashionable society. When the pair reached home there was a violent quarrel, the result of which was never known, but the couple were never seen out together again. Soon after this the husband died, and the wife discovered that the antitoxin ceased to affect her. Her youth and beauty suddenly collapsed. In a night she had grown old and ugly."

"What was the matter with the antitoxin?" asked Reinhard.

"I was making it for her, and after her quarrel with her husband over the dance I ceased to put in the proper ingredients."

**SAVED BY STRANGE MEANS.**

I had been appointed manager of a large colliery upon the retirement, twelve months previously, owing to failing health and the weight of advancing years, of my old chief, under whom, as sub-manager, I had worked for nearly five years.

The work was familiar enough, but I found that as chief a good many difficulties and responsibilities rested upon my shoulders which had not found a place there when I was merely a sub. However, upon the whole, I was very well satisfied with
the change, and contented; for there had been a very substantial increase in salary to make up for the added responsibility, and the work, with one or two exceptions, had gone cheerily and profitably forward.

One of the exceptions was the having come across what is technically called "a fault" in one of the best seams of coal we were working, and which had been a source of a good deal of anxiety to me, and of expense to the company.

For the benefit of those not quite fully up in coal mining matters, it may be explained that a "fault" is a more or less abrupt break in the continuity of a seam of coal, the result probably of some tremendous upheaving or depressing force in such times as the earth was younger—interesting enough, doubtless, to the inquiring geologist, but a very different matter to the coal getter, who finds his profitable coal either petering out into worthless rubbish in the shape of clay and dirt, or suddenly losing itself against a wall of rock. No option is there, however, in the matter; if the coal be worth the working, the fault must be driven through, in the hope of coming across the lost seam somewhere the other side; the matter being further complicated by the uncertainty as to whether the broken end lie above or below the point of breakage—in other words, whether the shifting force has been a lifting or a depressing one.

Anxious work for the manager is the deciding which; for he may be directing his workings at a rise, on the assumption that the coal is at a higher level, when it is all the while below him, or vice versa; at the best of times meaning money spent without return—a sin unpardonable in the eyes of colliery, in common with all other directors.

In this particular case of ours, after a good deal of lengthy consideration, we had determined that the coal was above us, and I had consequently directed the workings at a rise, to meet it farther on.

The fault had proved a good deal longer and more difficult to penetrate than we had anticipated, and although slight indications were come across, more particularly in the arrangement of the strata, that we were probably upon the right track, there was still no sign of the coal we were after, but we had been brought up, instead, by a most uncompromising wall of rock. So hard, indeed, was it that I had to step out of the groove of our ordinarily used explosives, and order a specially powerful one, in the hope that it would prove more effective in our struggle with it; and the work had been for a few days at a standstill, pending its arrival. This was the state of things as I reviewed them one Saturday afternoon, with the week's work over.

I had arranged to go that evening to spend the Sunday, as I frequently did, with my old college friend, Tom Bryanston, a doctor in practice in a pleasant and picturesque little town thirty miles or so distant.

Visits these were which I always looked forward to with great pleasure, not only on account of the complete tonic change in surroundings to those of my everyday life, but also because Tom, a first-rate geologist, took a great interest in matters pertaining to mining, insofar as they bore upon the different and varied stratifications we came across in our operations. I had thoroughly posted him, for instance, in this business of the "fault," and he had cheered me up upon one or two occasions by decisive asserting:

"You must be going in the right direction, old man, and the coal you will certainly regain in due time."

Thinking vaguely over the matter and our probable confab, it suddenly occurred to me that he was also a microscopist of no mean merit, and that his services in this direction might possibly be of use to me; and in this way we had come across, in our operations, two thin veins of coal, but two or three inches thick, similar to those which I knew to underlie the seam we had been working, and lost.

Now, I thought that a microscopic comparison of these two different lots might lead to some pleasant confirmation, provided they were the same in microscopic structure, that we were all right in the direction in which we were going. Samples of both it was easy to obtain, and I determined to get them to take with me. The one, I knew where to put my hand upon—in the surveyor's room in the office, where they very
sensibly kept, not only a record of the various strata gone through in the different sinkings, but also classified samples of the strata themselves. The others I could easily obtain also by a descent into the mine.

But, time running short, I found I would have to take both on my way to the station; so, hurriedly dressing, packing a few indispensables in a small hand satchel, and telling my old housekeeper that I wouldn't be home until Monday evening, off I started.

Coming to the office, where they were busy paying the men, I secured my one set of samples and placed them in the satchel, putting the satchel itself away in a cupboard in my own private room until I should have returned from below. A word or two of chat with a member of the clerical staff I met on my way out, and I made my way to the pithead.

It was the slackest time of the week, the work being practically over until Monday morning—until Tuesday or Wednesday morning, indeed, in this particular instance, for the following Monday, being the first one in the month, was acknowledged and regarded as a general collier holiday in the district. Tuesday being required by many to recruit from the fatigues of the holiday, meant that there wasn't much in the way of work doing on that day either, the only people engaged, barring the salaried staff, in the shape of sub-managers, overseers and "firemen," being a few timbermen and laborers.

The bankman was about giving up his work—indeed, had given it up, and was putting on his coat in the lodge near the shaft mouth when I came up. Upon my telling him that I was going down for a short time, he got me a lamp from the lamp room near, signaled below in case any one might be in the way, and a few seconds later I was let down by the engineman.

At the bottom of the shaft were a couple of men—the last in the pit, probably—who had just come along from their work, and were waiting to be raised. With mutual acknowledging nods, they entered the cage I had just descended in, and I started, "putting best foot foremost," as I had half a mile or so to traverse before coming to the point at which I could get my specimens, in order to be out and away as soon as possible. In due course, I came to the commencement of the "fault," and passed along the slightly inclining way, or "drift," we had already driven nearly two hundred yards into it.

I knew pretty well where to put my hand upon what I wanted, and soon had a small piece or two of the coal broken off and dropped into my pocket.

As I was so near, I took a fancy to see how the "face" looked, so walked the remaining distance, about a hundred yards, until brought up by the rock.

Yes, here it was, stern, hard and obstinate looking enough, glistening dully to the feeble light of the lamp I passed along its surface. But I am not to be beaten, I said, decisively, as I turned to start upon the return journey; in fact, I had turned, and was engaged in trimming the wick of the lamp, to improve the light, prior to a brisk stepping out, when a heavy rumble from the long, dark passage in front, followed almost immediately by a light cloud of dust, made my heart jump with a start to my throat.

Had what I had, unconsciously, ever dreaded in my secret soul, an explosion, come at last? It looked very much like it. Either an explosion or a heavy fall it must be; and as soon as I had in a measure collected myself, I hurried onward, to find out—only, however, to be brought up, eighty yards or so farther on, by a mass of stone and rubbish completely blocking the passage.

I tried to creep over it, but after, proceeding, with the extremity of effort and squeezing, ten or twelve feet, found it impossible to go farther, and had to worm my way backward, with, if possible, greater labor and danger.

Here was a fine plight to be in, trapped like a rat in a caved-in drain, and without a rat's powers of finding a way out.

I naturally felt very excited and upset for awhile, and could give little connected thought to things; but after some little time, when the first burst of excitement had given away, I was able to sit down and think matters over with some measure of steadiness.
I could not say whether there had been an explosion, and the fall the result of it, or whether the fall had taken place without it—one of those which occasionally occur in mines, due to causes apparently beyond control.

If there had been an explosion, I felt very thankful that it had not meant any loss of life, or very little, as there could have been very few, if any, in the mine just then.

Anyhow, explosion or not, there was the fall very palpably in front of me, and black indeed appeared my prospects and chances, when I came to look upon them and count them up.

In the first place, what was the extent of the fall? If an extensive one, I knew from former experience that it would take time and trouble to clear it away, both in the amount of loose stuff to be hauled away, and the care and caution necessary in properly securing every foot of advance.

Then it suddenly dawned upon me that no one in particular knew where I was. I had left home saying that I would not be back until Monday; and one of the office clerks I had told that I was off for a day or two's holiday.

The bankman and the two colliers I had met at the shaft bottom were the only ones who knew I was down, and not one of them knew the part of the mine I had gone to. If there had not been an explosion, they would not give me a thought; the first would have gone home until Monday or Tuesday morning and the others would probably be holidaying until the same time or later.

A few days would certainly make it known that I was a missing man, but in the meantime what would become of me, caged up as I was, without food or water? To crown my miseries, my lamp, from lack of oil probably, with a useless warning flicker or two, went out.

I remember walking, or rather stumbling, about a good deal, lying down for spells long or short, listening intently for a possible noise from the other side of the fall; but all to no purpose. The darkness and gloom of a sealed vault could not have been more absolute—indeed, probably not so absolute, for I was as good as buried at a depth of more than a hundred yards in the earth.

The fireman in his morning's round would, at the latest, discover the fall; but would the work of clearing be taken in hand at once? Probably not, the day being Sunday. Monday being a holiday would mean another day gone, possibly Tuesday also. And the place it had occurred in not being a main way, but leading to work temporarily suspended, there was nothing very pressing in the clearing.

My only feeble chance lay in being able to attract the notice of the fireman when he went his round. But how was that to be done? Shouting suggested itself, and very soon dismissed itself also, for, granted the possibility of making a shout heard through the mass of material of unknown extent lying in front of me—and sound travels but feebly through rock—how was I to know the time of his arrival?

Feebler still the chances seemed with the thinking over them, and in a fit of despair I changed my sitting position to a lying-down one, when, utterly wearied out, I must have dropped off into a long and uneasy sleep, for, upon awaking and feeling the hands of my watch for the time, I found it was nearly half-past three.

I had been down nearly twelve hours, and yet, strange to say, the time actually seemed shorter than it had really been.

Getting up out of my lying position, which had by this time become a very cramped one, resting my hand upon the floor for support, it came into contact with an iron pipe lying there, near the side.

Ah, I thought, here is something to drink, anyway. The why and wherefore of the pipe was this. It having been proved that the force of an explosion is very much intensified and spread by the coal dust caught up and made white hot in the swirl of flame and disturbance of air caused by it, it is the practice in "fiery" mines to remove the dust regularly, and in addition, to water all places where dust accumulates or is likely to accumulate.

This is done in the chief roadways by carrying a small iron pipe along the floor, close to one side, and fixing at regular intervals in it secondary pieces of pipe, two or
three feet high, the nozzles of these second ones being pierced by a very fine hole, and each controlled by a stop tap.

Given a good head of water for pressure in the main pipe, turning the tap of the smaller branch, fixed in it, means the delivery of a very fine and powerful spray, which, diffusing itself around, carried along, and broken up by the air current, effectually damps and lays the dust in its surrounding area, and in addition, fulfills the useful function of cooling and purifying the air.

Out of the main roads, dust-watering is also regularly carried out by means of barrels filled at conveniently-placed taps.

It was one of those watering pipes that my hand had providentially touched. We had carried the pipe along with us into the "fault" workings, for, although not in the coal, and troubled with but little dust, we had been doing a good deal of blasting, and had found a plentiful supply of water at hand a great convenience in damping the area near and around a shot hole before firing.

We had not, however, fixed sprays upon it, but used a standpipe, furnished with a tap, which was shifted to the end section of pipe all along as we advanced.

Was the pipe broken or not? Going back to the end of the pipe I turned the tap. To my joy there was a steady gush and fall of water; the pipe, lying upon the ground and close to the side wall, had escaped being broken—a very lucky thing for me, as it turned out.

After a long and satisfying drink, I was about to turn off the water again, when a thought flashed through my mind that straightened me up in an instant, and gave the first jot of comfort I had as yet experienced. Thin, painfully thin, I could not but admit it was, but still a chance, and as such, most keenly welcome.

It was that of utilizing the unbroken pipe connection as a means of communication with the other side of the fall—the side of the living world to me.

Our chief mechanic—in a rough way an undoubted genius—had, a short while before introduced into the line of pipe, near the shaft bottom, an original kind of water meter, by noting the hands on the dial of which it could be exactly seen how much water was passing, and how much had passed through—in other words, whether the sprays had been properly opened and the water barrels fully at work.

It had proved such a useful and convenient addition that the firemen had orders to enter the registration in their reports each day, giving this readily, upon comparison of one reading with the last, the manner in which the mine had been each day watered.

I left the tap open, allowing the water to run, in the hope of the waste being noticed and sought for, the further development of my plan resting upon this taking place. If not noticed, why, in all probability, I must die.

There was no danger from the accumulat- ing of water, for in the stretch between me and the damming material in the rear farther on, there was plenty of room and rise to allow for a good deal of storage; and besides, I had the power to stop the inflow at any time by merely closing the tap. The air, too, I noted, remained sweet and good. There was plenty blocked off for my use, or a filtration to some degree through the fall.

While there is life there is some action of mind and hope, so I sat down, with my head and ear against the standpipe, in better spirits than before. The fireman would soon be at his rounds, doing his duty of thoroughly examining all his district—more particularly for indications of gas—before other workers were allowed down.

Long, painfully long, the time seemed in waiting, trying to calculate up chances favorably, but without much success, as my thoughts kept wandering from one thing to another—more particularly resting upon the contrast between my present state and the pleasure I had anticipated in my visit to my friend.

But suddenly, click, click, click at my ear. Yes, sure enough, they were breaking the pipe connection on the other side, as I had hoped, so as to plug the pipe and stop the waste of water. Now was the moment for me, or never; so, with a stone, held in readiness in my hand, I struck heavily and deliberately three times upon the pipe on the ground.
A pause; then a hesitating couple of taps again which I made haste to reply to with two, adding, after the slightest of intervals, four more. To my joy, they were replied to by four, followed by a rain of strokes—a crash, and, with a thinning dribble, my tap ceased running.

The pipe had been broken. An idea struck me; the same one, strange to say, had struck the man on the other side, I found out afterward, and was the cause of his breaking the pipe so quickly. It was that of using the pipe as a speaking tube. With a hard wrench, I started the stand-pipe, unscrewed it, and, clapping my mouth to the hole in the larger pipe, now empty, yelled out as loud a “hullo” as I could muster. Putting my ear to the hole, after a brief pause, came the question, “Who’s there?” I readily recognizing the voice of Brown, one of the firemen, very soon and very joyfully replied.

Communication thus once established, the rest was easy. Hard enough to deal with the men oftentimes were, but they loyally made up for it now in my need and peril, for such work as immediately followed Brown’s discovery has but rarely been seen underground, or above ground either, as far as that goes.

But, in spite of all exertions made, and risk run, in pushing the work on at all costs, it was twenty-four hours before, a good deal shaken and weakened, I was walking, with the limp of Brown’s arm, in the blessed sunlight of early morning again—walking away from the pit mouth through a small crowd of men looking curiously at me as they made way for us to pass through, which, having done, they clustered together again, and gave three hearty cheers.

There had been no explosion, but merely the heavy fall. The fireman, reading the water dial as usual on his way in, was surprised to see one of the indicating long hands quiver a little and move forward. Staying to observe more closely, he found further movement, indicating a flow of water through.

Something wrong, evidently, for Sunday morning first thing, and no work on, when all the outlets should be closed—a tap left running or a pipe broken. As a result, he kept special watch for the waste. Coming to the fall, and noticing a little flow of water from under it—some of the water having found a devious way through—he came to the natural, but false conclusion that the pipe had been broken by the fall itself.

He had made up his mind, he said, to turn the water off at the main stop-cock on his way to the surface to report the fall to his immediate superior, when, remembering that on that day and the next, there being no regular work on, it had been arranged to have an extra clearing of dust and rubbish from the roadways and roadsides, for which water would be needed, to delay matters as little as possible, he had determined to break the pipe and plug it himself.

Soon finding a hammer in the nearest collier’s stall, and a hard piece of wood, he had returned to do the job. “Startled to the bones,” he confessed he was at the responding taps to his own, and very much inclined to clear out straight off, but, being a clear-headed man, his reason soon got the better of his terror, and enabled him to quickly guess at the true solution of the tapping and state of things.

His level-headedness I acknowledged a little later by the present of a gold watch and such a pushing of his interests, that he is now himself the very successful manager of a large colliery in the neighborhood.

A visit to my friend, lengthened to a fortnight, put me squarely upon my legs again, and quite restored my nerve and spirits.

THE STATION AGENT’S STORY.

IT WAS a hot afternoon—some of you may know how hot it may be on the prairie when there is no wind.

I was sitting in the little ticket office at the railroad station at which I was agent. From the window I could see the hot air rising from the sunburned buffalo grass, giving to the lonely ranch buildings scattered here and there in the distance an unstable, wavering appearance, as though they might at any moment blow away.

Presently out of the silence there came the footfalls of a horse’s hoofs, stopping at
the platform, and followed by a queer "pegging" sound over the planks and into the waiting room. I looked up and saw a boy of about fourteen standing in the doorway. His right leg was amputated above the knee, and he supported himself on a pair of light crutches, which had slings straps like an army carbine.

He handed me an express order for a package to Colonel Reed, a prominent cattleman, whose ranch buildings were about a mile south of the track.

"Are you the Colonel's son?" I asked, as I handed out the package.

"Yes, sir," was the reply. "Charles Reed is my name."

Then he turned and looked curiously in at the telegraphic instruments. He had such a bright, healthy and wide awake air that I invited him to walk in and examine them, if he wished.

His eyes brightened immediately.

"I'd like to, if you don't mind. The other agent was cross, and I was afraid to ask him."

Seeing that he was interested in them, I explained briefly the working of the key and sounding, and tried to give him some idea how a message was sent and received. He listened attentively and seemed to comprehend pretty well.

"Yes," he said, as I concluded, I know something about it, though only through what I have read. Would you mind writing out the alphabet for me?"

I wrote out the characters on a slip of paper, which he tucked carefully away in his pocketbook; and then, finding I was a stranger to that part of the West, he volunteered some information about the country, concluding with a remarkably accurate description of the game birds and their habits, which, as a sportsman, I found very interesting. Before he left he told me that he had lost his leg during an Indian raid about four years previously, before the railroad was built. His father's ranch had been attacked without any warning. He was only ten years old at the time, and, being out of doors, he had slipped away unobserved and hidden in the corral, and while there was hit by a stray rifle ball in the knee. I accompanied him to the door when he was ready to go, and was surprised to see how thoroughly at home he was on his pony. With his crutches slung behind him, he swung nimbly into the saddle and started off toward home on a brisk gallop.

One afternoon, about a week later, he dropped in again, having meanwhile learned the telegraphic alphabet so that he could repeat all the characters easily, and next day the Colonel himself stopped in on his way to town. He was a brisk, genial man, who had a habit of shaking hands with every one. He was a typical frontier ranchman.

"See here, Mister Agent," he said, "that boy of mine has a hankering to learn your business. He's kind of lonesome, you see—he can't play with the other boys on account of his leg—and now if you don't mind havin' him around, and will teach him what you can—he's pretty bright and can learn most anything—why, I'll make it worth your while. What's your charge?"

"Why, Colonel," I replied, laughing at his business-like manner. "I shall be glad to have him round—I am lonesome here—so we won't draw up any contract."

Charley was an apt pupil. In about a month he could send and receive a message, though of course not very rapidly. His father was so delighted with his progress that he made me a present of a riding pony; and shortly after, when Charley got it into his head that it would be a fine thing to have a private line from the ranch to the station, the Colonel had me order two instruments and a coil of wire from Chicago.

Under my direction the cowboys put it up, and though it wasn't stretched very tight, and the poles were only fence poles spliced together, it worked as well as the main line. The instrument on my end of the line I did not care to have in my office, for fear that officious gentleman, the lineman, would object, and so I set it up on one side of the big, empty freight room.

The autumn was now well advanced, and I found that my duties, instead of increasing, grew lighter. There were but two freight trains every other day, and the daily mail and express, East and West, went through between the hours of one and four
in the morning, so that I had a great deal of time on my hands. I spent much of it shooting chickens with Charley—he was an excellent shot from the saddle, though he told me that he had a time of it training his pony to stand fire—and the rest of the time I either read or rode out over the trails in the delicious Indian summer weather.

One night, about the middle of October, we had a terrific thunder and wind storm, with a blinding fall of rain and hail. It came up after the west-bound train had left, and about an hour before the eastern train was due. I was awakened by the noise, and got up to look out. The rain was falling in torrents, and the wind shook the building, while the lightning flashed incessantly.

I was still looking out, watching the furious storm, when an unusually bright flash revealed for an instant the figures of a group of horsemen lopping across the prairie toward the station. I stood still to catch another glimpse of them, if possible, but without success; they had probably turned off to the left.

Shortly afterward I heard them at the other end of the building, where they stopped, I supposed to seek shelter from the storm; or possibly they were going to take the train. It was not unusual for passengers to come around an hour before train time, so I thought little of it at the time.

However, before I left the window, I heard them tramping around the platform to the door, and drawing back to one side, I waited to see them pass. Between trains I always kept a lamp burning, but turned down low, and it shone out now through the window; and as the men stepped into the faint bar of light, I got quite a distinct view of them.

They were all heavily built. Each one wore a yellow "slicker" coat, and had his slouch hat pulled down close to keep off the rain, and around each one's face, just below the eyes, was tied a red "harvester's" handkerchief. This struck me as unusual, and I was puzzled for a moment, until it occurred to me that perhaps they were worn as a protection against the hail.

A moment later they were pounding at the door for admittance. Now, as a rule, I did not like to admit anyone so long before train time. I sometimes had express money packages on hand, with no safe to put them in. I once carried a package of $2,000 in my pocket three days before the owner called for it, and so I was somewhat apprehensive at times for my safety.

That night, however, I had only a few dollars of my own and an almost empty mail pouch, but before opening the door, I sang out, "Who's there and what do you want?"

"Passengers for the train," came the answer. "We're all wet an' wanter get in out o' the rain."

I unlocked the door, and they crowded into the room. In a brighter light indoors the handkerchiefs that concealed their faces looked so much like an attempt at disguise—and a pretty good one at that—that for a moment I was startled, and made a hasty step towards the ticket office. Before I could take another, however, one of the men struck me with his fist, and though the blow was not a hard one, it was so unexpected that it knocked me completely off my feet. Then two of them seized me while I was down, turned me on my face, and held me, while the others bound my hands firmly behind me. They next bound my feet, and then rolled me over again on my back.

"Now, my chicken," said one, who appeared to be the leader, "we ain't got nothin' agin you, an' won't hurt you as long as you keep quiet; but sure as you yell or make a noise, there'll be some shootin'."

They seemed to be familiar with the office and its surroundings, and probably had been there before. Two of them picked me up and carried me towards the freight room, while another went ahead with the lamp and opened the door. Here they looked around for a moment, then laid me down against the side of the building with an old coat under my head for a pillow, and bidding me keep "mum," returned to the waiting room.

Thus left alone in the dark, I began to think, and pretty fast, too, for I was thoroughly excited.

Their scheme was evident enough—to waylay the train there and rob the express
and mail cars. The express messenger always had money in his safe on the east run, and not infrequently gold bullion from the mines further west, so in case they were successful, they would secure a large sum. There had been several like attempts throughout the country lately, and I felt sure that this was their object.

By taking the trainmen by surprise, they might easily overpower them, then separating the mail and express cars from the rest of the train, run them a mile or two further east with the engine and plunder them at their leisure. This plan had been successfully carried out on another road a short time before, and there was no reason why it should not be again successful—unless, in some manner, I could prevent it.

I tried to loosen my hands, but they were tied too securely—so tightly that the cords almost cut the flesh. Then I reflected that even if I were loose, I should be unable to get out and flag the train, for both freight doors were padlocked and the key was in the ticket office drawer.

About this time the door leading to the waiting room was opened and one of the roughs looked in.

"Say, young feller, are you alive yet?" he asked.

"Yes," I responded.

"Well, we wanter know if there's any thing you've got to do to this here telegraph machine so they won't suspect nothin'—any report to make?"

This was pretty cool, and for a moment I thought I might still have an opportunity to warn the dispatcher, and was on the point of saying "Yes," when another voice cut me short.

"You let him get his claws on that machine an' he'll have 'em stop the train. Don't be a fool; come out an' shut the door."

The door slammed and once more I was left in the dark.

I was now beginning to suffer from my constrained position and the cutting of the cords, so I began to cast about me for relief; and then suddenly I remembered a reaper-blade that had been left at the station a few days ago by the express.

It was loose from the board and I had placed it in a corner so that no one could be hurt by it accidentally. Accordingly, I rolled over and over until my feet touched the opposite wall, and then sitting with 'ny back toward the corner, I felt for the blade with my hands.

To my great satisfaction I found it, got the cord across one of the teeth, and carefully sawed it back and forth.

In a moment my hands were free, and then I loosened my feet. I then took off my shoes. This done, I was able to move about without making any noise.

Still I was unable to accomplish anything, for it was impossible to get out, and I was on the point of composing myself in my old position, to avoid another knockdown, should the roughs look in when a slight "spiz-z-," followed by a bright sparkle, attracted my attention to the south side of the room. It was the instrument on the private line, affected by the lightning—a common occurrence in all offices during thunder storms.

I stepped up to it quickly and tried the circuit. It was all right, though the rain made such a noise on the roof that I could hardly hear the sounder. It was not probable that I could get an answer from Charley at that time of the night, but as my only resource it was worth trying. So I started in, making his call, "Ch."

"C-h—c-h—c-h," I rattled; and presently, to my surprise, the circuit was opened and the response came: "I-i—c-h."

Then I "talked" to him—in my excitement a great deal faster than he could take, and he interrupted me with "slower."

"I-i," I said, "call your father."

"Not home," came the answer, "all hands gone out to round up a bunch of cattle stampeded by the storm."

"I-i—i-i—i-i," I answered, stopping to reflect. Then I went ahead again:

"Can you ride over to the west cut and signal the train to stop?"

"Yes; what for?"

"Get a lantern and put a piece of red flannel around it if you can. Swing it across the track when you see the headlight and keep it up till they stop. Tell the conductor
there are eight men here waiting to rob his train. Be quick about it."

"O. K. By George!" This last by way of expressing his surprise, I suppose, and then the ticking stopped.

I now began to feel that the roughs would be foiled, though, of course, it all depended on Charley. But it was something that just suited his nature. I could imagine him on his pony, lantern in hand, tearing across the prairie as though a band of Comanches was after him.

Meanwhile, I thought it best to take my old position against the wall, to avoid any suspicion, should the robbers grow inquisitive. So I lay there, and waited and waited—the time seemed fairly to drag along—until I felt certain that the train was due. But it did not come, though the movements of the roughs convinced me that I had guessed aright—it was probably overdue by this time, and they were getting restless. Presently one of them opened the door and looked in.

"Say, operator, is that train on time?"

"Yes," I replied, "they were on time the last I heard them reported—about two o'clock."

He retired again, and for about ten minutes all was still. Then above the noise of the storm a far-away whistle sounded faintly. Next there was a hurried movement out upon the platform.

I sprang to my feet and stood against the side of the building next to the track, and, by putting my ear against the boards, I could hear the distant rumble of the train, now fast nearing the station. I tried to imagine where the roughs had placed themselves. Probably around the corner of the building, ready to rush out, revolvers in hand.

The train was now quite near, and presently it drew up to the station with a rumble and roar and hissing of air-brakes.

Almost instantly I heard the shouted command, "Hands up!" followed by the report of four or five revolvers and the sound of scuffling on the planks, which, however, was soon ended, and then a veritable babble of voices and the noise of many feet on the platform.

I dashed out through the waiting room to see how things had gone, and soon found the conductor.

"Hello, Leith, is that you? We have prevented that robbery this time, thanks to your warning. I borrowed half a dozen revolvers from the passengers and called for volunteers, so when we pulled in there were twelve men on the platform ready for business. We've got the robbers in the baggage car—come along and see 'em."

They were a hard-looking set of men. Two of them lay on the floor wounded, though not seriously.

About this time Charley made his appearance on his crutches, clad only in a pair of trousers and a red flannel shirt, one sleeve of which had been torn off to draw over the lantern. He was wet through, his hat was gone, and altogether he looked so forlorn that the passengers, who were profuse in their sympathy and praise, began to make up a purse for him.

After the train had left, I found him in the waiting room, and here we discussed the affair and tried to think how much we should charge the express company for the use of our private line. A few days later, more as a joke than anything else, we sent in a bill for $50, which was paid promptly, with many thanks for what they called our "prompt action."—By FRANK H. SWEET, in Express Gazette.

A VISION.

I see a world where thrones have crumbled and where kings are dust. The aristocracy of idleness has perished from the earth.

I see a world without a slave. Man at last is free. Nature's forces have by science been enslaved. Lightning and light, wind and wave, frost and flame, and all the secret, subtle powers of earth and air are the tireless toilers of the human race.

I see a world at peace, adorned with every form of art, with music's myriad voices thrilled, while lips are rich with words of love and truth—a world in which no exile sighs, no prisoner mourns; a world on which the gibbet's shadow does not fall;
a world where labor reaps its full reward; where work and worth go hand in hand; where the poor girl trying to win bread with the needle—the needle, that has been called "the asp for the breast of the poor"—is not driven to the desperate choice of crime or death, of suicide or shame.

I see a world without the beggar's outstretched palm, the miser's heartless, stony stare, the piteous wail of want, the livid lips of lies, the cruel eyes of scorn.

I see a race without disease of flesh or brain—shapely and fair, the married harmony of form and function—and, as I look life lengthens, joy deepens, love canopies the earth; and over all, in the great dome, shines the eternal star of human hope.—Ingersoll.
June.
Our yearning souls rejoice, when June with her broad blue skies,
Comes gladly back to us, with Hope in her flashing eyes.
And the babbling brook and the song of the whippoorwill
Make our hearts beat warm and happy with a blissful thrill.

We hear'kin' to the triumphant voice of the nightingale,
And the fragrant breeze carries it over hill and dale.
We wander through verdant flower-bordered meadows green,
While the azure realms of the boundless sky are serene.

And so our souls rejoice, and our hearts beat warm and high,
The old world's glad and new, as swiftly the days go by.
And Love's eternal youth has spilled his sweet perfume,
Making a Paradise through which to walk in June.

The Two Glasses.
There sat two glasses filled to the brim,
On a rich man's table, rim to rim.
One was ruddy and red as blood,
And one was as clear as the crystal flood.

Said the glass of wine to his paler brother:
"Let us tell tales of the past to each other.
I can tell of banquet and revel and mirth,
Where I was king, for I ruled in might;
And the proudest and grandest souls on earth
Fell under my touch as though struck with blight.
From the heads of kings I have torn the crown;
From the heights of fame I have hurled men down;
I have blasted many an honored name;
I have taken virtue and given shame;
I have tempted the youth with a sip, a taste,
That has made his future a barren waste.
Far greater than any king am I,
Or than any army under the sky.
I have made the arm of the driver fail
And sent the train from its iron rail.
I have made good ships go down at sea,
And the shricks of the lost were sweet to me.
Fame, strength, wealth, genius before me fall,
And my might and power are over all."

"Hot, hot, pale brother," laughed the wine,
"Can you boast of deeds as great as mine?"

Said the glass of water: "I can not boast
Of a king deposed or a murdered host.
But I can tell of hearts that were sad
By my crystal drops made light and glad;
Of thirsts I have quenched and brows I have laved;
Of hands I have cooled and souls I have saved.
I have leaped through the valley and washed down the mountain;
Slept in the sunshine and dripped from the fountain.
I have burst my cloud-fetters and dropped from the sky,
And everywhere gladdened the landscape and eye.
I have eased the hot forehead of fever and pain;
I have made the parched meadows grow fertile with grain;
I can tell of the powerful wheel of the mill
That ground out the flour and turned at my will;
I can tell of manhood debased by you,
That I have uplifted and crowned anew.
I cheer, I help, I strengthen and aid;
I gladden the heart of man and maid;
I set the chained wine-captive free,
And all are better for knowing me."

These are the tales they told each other,
The glass of wine and his paler brother,
As they sat together, filled to the brim,
On the rich man's table, rim to rim.

Where Ignorance is Bliss.
Lo, in the vale of years beneath
A grisly troop are seen
The painful family of Death.
More hideous than their queen;
This racks the joints, this fires the veins,
That every laboring sinew strains;
These in the deeper vitals rage;
Lo! Poverty to fill the band,
That numbs the soul with icy hand,
And slow-consuming Age.

To each his sufferings; all are men,
Condemned alike to groan,
The tender for another's pain,
The unfeeling for his own.
Yet, ah! Why should they know their fate
Since sorrow never comes too late.
And happiness too swiftly flies?
Thought would destroy their paradise
No more—where ignorance is bliss,
'Tis folly to be wise.

Nobody Knows.

Nobody knows why the summer rose
Droops and dies at the summer's close,
And the vagrant mind its petals brown
Scatter at will thro' the busy town—
Ah, nobody knows!

Nobody knows why the summer goes
And the weary winter brings the snows;
And the boughs are bare and the birds are gone,
And the dreary days drag dully on—
Ah, nobody knows!

Nobody knows why the days disclose
Fears and follies and wants and woes—
And death and duty and pain and care
Scatter their shadows everywhere—
Ah, nobody knows!

Nobody knows why the spirit goes
And the lips grow dumb and the eyelids close;
And the world's desire and the world's unrest
Wake no more in the icy breast—
Ah, nobody knows!

Nobody knows why the day departs
And night brings shadows to skies and hearts
And finds the dreamer at set of sun
With a broken heart o'er task undone—
Ah, nobody knows!

Nobody knows? Ah, yes! Oh, yes!
And that One—God! We grieve and guess,
But He is clearer of sight than we
And he knows why that it comes to be
Yes, somebody knows!

The Railroad Telegrapher.

In a railroad tower not far away
A telegraph operator sits day by day,
Sending messages of safety from tower to tower,
Just a few words, but carrying great power.

Engine number forty on the east-bound track,
Engine number twenty with stock coming back,
A switch here to make, so keep the track clear.
Engine number twenty soon will be here.

Engine numbers fifty and seventy-nine,
With a double-header making slow time.
Conductor McCarthy laid over here
Ten cars of dead freight held into clear.

No fear of collision, no loss of lives,
He must know just the time each train arrives,
How many cars that an engine can pull,
How many cars empty, how many full.

He must tend to all signals to lights burning low,
To guide trains safely, switches he must throw.
All these, yes, and many things more
This operator must do the year o'er and o'er.

He works with a might and a will that is strong,
A heart filled with courage to carry him along.
No medal he wears for the lives he has saved,
Unhonored, unknown he goes to the grave.

Just simple messages, yet holding full away,
Where the safety of life depends day after day
Upon this operator in the railroad tower,
With his telegraph key holding life in its power.

Keep Out of the Past.

Whatever you do in this wonderful world
In business, in church or at play,
Whatever of gain or of loss you have met
With the others who go away,
Keep out of the past
From the first to the last,
And away from its worries stay;
The present has wealth you would never suspect,
If prudent you are and wisely elect
To live in the light of today.

The things that are past did very well once;
Today they are rusty and stale.
That trouble you had with your fellow-man—
Did you struggle in vain and fail?
What of it, indeed?
There is all the more need
That you start on a different trail.
Don't take to the woods, whatever you do.
Just look right ahead; there's a fortune for you
In keeping a well-trimmed sail.

So cramped can we be in our mental states,
So burdened with might-have-beens,
That life will become a woeful waste
For its many outs and ins.
But stop and reflect
You will never be wrecked
By your own or another's sins,
If the past you will keep in its proper place,
And meet what is yours with a candid face—
'Tis the man of today who wins.

Fishing Fever.

I'm wishing for fishing
When blossoms come out.
I'm dreaming of gleaming
And silvery trout.

I'm thinking of slinking
Away from the shore.
I'm sighing for trying
My fortune once more.

I'm talking of walking
Alone by a brook
And luring and purring
Cat fish to the hook.

I'm wishing for fishing
When spring comes this way.
I'm moping and hoping
To try it some day.

“Jamaica?”
“No, she left of her own accord.”

Aggrieved.
“Do you think your husband would lay down his life for you?”
“I doubt it. There are times when I want to talk to him, and he won't even lay down his newspaper for me.”—Birmingham Age-Herald.

Drawing a Bead.
“Did you follow the thread of her discourse?”
“No; I soon saw that she just wanted to string me.”

Aftermath.
“Now, Archie,” said his teacher, who was trying to teach him the alphabet, “what comes after T?”
“Prayers, ma'am,” replied the young hopeful, whose father was a minister.—Florida Times-Union.

A Suggestion.
“How did that young architect come out, Slithers?” asked Dubbleigh.
“Oh, we had to fire him—he bungled everything,” said Slithers.
“Why didn’t you put him in charge of your bungalow department, then?” suggested Dubbleigh.—Judge.

Woman at Window—Well, of all the mean people! Why, I’ve mailed hundreds of letters that weren’t anywhere near full weight, and now that I’m sending one just a little over you want to charge extra for it.—San Francisco Chronicle.

Not a Scarecrow.
A certain Chicago business man has had a great deal of trouble with his workmen, a number of whom have from time to time evinced a disposition “to soldier.”

On one occasion, when this gentleman, in company with his brother, was visiting the farm of a friend in Southern Illinois, the two observed an uncouth figure standing in a distant field.

“Since it isn’t moving,” observed the brother, “it must be a scarecrow.”

“That isn’t a scarecrow,” said the other, after a long gaze at the figure. “That’s a man working by the day.”—Lippincott’s.

Probably True.

"The slashed skirt still holds its own," said Montgomery Carroll, on his return from Monte Carlo. "The slash frequently runs clear up to the knee, too. Sometimes the slash is omitted—the skirt is then transparent to the knee."

Mr. Carroll smiled and added:

"They say—I don’t know whether it is true or not—but they say, apropos of these skirts, that the prettier a girl’s feet and ankles, the quicker and easier she gets up stares."

Pat and the Apostles.

An English commercial traveler was one day driving past the General Postoffice in Dublin, Ireland. Over the front entrance of the building stand three large stone figures, representing three of the Apostles. The inquisitive traveler asked the Jarvey who was driving the outside car whom those figures denoted, to which the answer quickly came, "The three Apostles, yer honor."

"But," said the traveler, "I thought there were twelve of them. Where are the other nine?"

"Inside, yer honor, sorting the letters."

His Rising Hopes.

Mr. Jenkins was talking with a young man whom he hoped might become his son-in-law. Wishing to encourage the young man, who had very little of this world’s goods, the old gentleman said:

"I am proud of my girls, sir, and there is nothing I would like better than to see them married to bright, smart young men. I have made considerable money, and the girls won’t go to their husbands penniless, by any means. Now, there’s Belle, twenty-five years old, one of the best girls in the world. I shall give her $10,000 when she marries. Then next comes Caroline, who won’t see thirty-five again, and I shall give her $20,000. And the man who marries Delia, who is forty, will have $30,000."

The young man reflected for a moment or so and then inquired:

"You haven’t got a daughter about fifty, have you?"—Harper’s Basar.

Riley at Home.

An Indianapolis lawyer, with a friend, motored down to Greenfield, Ind., the birthplace of James Whitcomb Riley, the Hoosier poet. They had dinner at the hotel and thought they would like to see the house where Riley lived. So they asked the hotel man:

"Where is the Riley house?"

"I don’t know any hotel by that name," he replied, "though there may be some such boarding house here."

"I mean the James Whitcomb Riley house," said the lawyer, thinking his host had misunderstood.

"I don’t know him. You may be able to find his name in the city directory."

"I guess he’s moved," said the lawyer, as he aimlessly thumbed the directory.

"Probably," the hotel keeper commented. "Some of them Irish don’t stay long in a place."—Saturday Evening Post.

An Obliging Clerk.

She came into the telegraph office and rapped on the counter. The clerk remembered that she had been there about ten minutes before as he came forward to meet her. He wondered what she wanted this time.

"Oh," she said, "let me have that telegram I wrote just now. I forgot something very important. I wanted to underscore ‘perfectly lovely’ in acknowledging the receipt of that bracelet. Will it cost anything extra?"

"No, ma’am," said the accommodating clerk, as he handed her the message.

The young woman drew two heavy lines beneath the words, and said: "It’s awfully good of you to let me do that. It will please Arthur ever so much."

"Don’t mention it," said the clerk. "If you would like it I will put a few drops of violet extract on the telegram at the same rates."

"Oh, thank you, sir! You don’t know how much I would appreciate it. I’m going to send all my telegrams through this office. Your are so obliging."

And the smile she gave him would have done anyone good, with the possible exception of Arthur.—The Pathfinder.
INEFFICIENCY.

THE Evening Mail, for May 4th, says, in a short editorial, as follows:

"An examination of the 'help-wanted' advertisements in the daily papers of twenty-eight (28) leading cities for a recent week, showed a falling off of 29 per cent for the entire list. The wonder is, perhaps, that all such advertisements have not ceased altogether. Not ever since 1894 have we had such an epoch of unemployment. And we have 213,000 idle railroad freight cars. And all that happens in the spring of 1914." Go now back to March 17th of our 1914, and a 1:dy writer in the Evening Mail then deplores the great mass of women lacking the employment they need. She attributes that, in part, to inefficiency. The same lady deplores also the fact that we have to support institutions for the feeble-minded, the sick, the indigent, etc., instead of restricting the birth rate. Then she adds that "there is always work for the skilled, for those who can do something—well done." On top of all that we hear of women taking often the place of men—at lower wages, of course.

We have now collected a little bundle of what we may call petty social evils, yet very perplexing to most people, and even to those engaged in trying to suppress them or curtail at least their bad effects. It is sad and dismal to notice how many fine men and women often become discouraged in their constant effort to at least limit the ravages that all wrongs spread over the human family. Some, on the contrary, appear to be very well satisfied with their efforts against any of the many subsidiary abnormalities we keep having all the time. Any little curtailment of some of them is often taken as a great victory in the march of our desultory progress. That is fatal, because it keeps us sunk in the same chaos of all times and all ages in historic development. That is what prolongs the kingdom of all serious and deeper wrongs. It is like an army in the field against a powerful enemy, forever satisfied with some petty advantages and never willing to extend its efforts in such a way as to cripple the antagonistic army, to destroy it if possible, to make an end of the war.

It is by the tactics or military processes we have mentioned that progress remains forever a miserable battlefield between humanity and God, between nations and the order of the universe. We assume that to be inevitable, for the present, anyhow. That assertion has never been proved. That is fatalism in the realm of thought. Not until we get rid of that dreadful philosophy can we expect any success in the realm of a real progress. We can not even initiate any positive civilization until we commence with the conviction that evil is necessarily self-destructive, and can only live in so far as we mix it up with some of the good we may see fit to perform. We must eliminate all wrong in our efforts to establish the right. It is then that our victories shall produce great results in our fight against social evils.

We accept the idea of women having to compete with men in our industrial combinations. That has never been proved. Man alone was by God ordained to be a wealth-producer. Woman was to be the home ornamenter and the mother. That is all.

About forty years ago one of the brightest and most philosophic writers of England said: "A woman can be very homely and does not need to lack a husband." Today, in this grand nation of ours, we have but about five women that are able to get married for every one who goes through life unmarried. Fifty or more
years ago, and down to sixty centuries, at least 95 per cent of women managed to get a husband. We have all of 8,000,000 from twenty-five years of age forced to remain single until death takes them away. That means multitudes of men unmarried for all time to come. Neither the men nor the women in question can afford to go into the matrimonial combination. That is what they think, anyhow. No wonder that competition among workers is more ferocious than ever in human history. We can hardly conceive of any greater social absurdity on earth, no matter what the cause may be. Life seems to be more and more perplexing and unnatural than ever. We may have more wealth than ever, but that does not seem to increase our happiness. All our modern joys appear to lack stamina. They are all so evanescent!

What now about that inefficiency to which we often attribute our industrial troubles? We claim to have plenty of jobs for the efficient in this or that useful occupation, but lack jobs for the many apparently too stupid to be good for anything. Somebody or something must be responsible for the supposed or actual inefficiency of the many. A good general can make good soldiers out of all classes and conditions of men. A good employer can make the best employees in all occupations. A good husband and a good wife can do a great deal for mutual happiness. Good government would soon make good citizens, while the latter would very rapidly make good government. Healthy social conditions would give some form of efficiency to everybody. It is all a question of the education we important men may see fit to establish in the essentials of our combined development. We don't refer to the mere education that fills up the brains with surface or merely ornamental knowledge. We mean the education of duties to God and to each other, for our full life.

Ladies and gentlemen, are we sure that we know anything about the full life we owe to each other? Are we not yet working for the mean life of all of us? Not that we intend to do any such thing, but please let us try to be sensible, and we shall then find that most of our traditions are yet fatalistic. Sin is yet considered inevitable on earth. Who makes it so—the Creator? Of course not. We have practically received omnipotent power for good, and only limited power for evil, for wrong and sin.

The two kinds of power have been granted to men grouped in nations or social organizations. After centuries of progress, the progress of despair, we still keep legislating God out of existence, as much so as we can. There we have inefficiency with a vengeance. We are all dreadfully inefficient in the most essential departments of human development.

Maximum beauty and complete unity, through boundless variations in phenomena, combinations and details, through all cosmical and conscious life development... that is the aim of the universe, men on earth included. We still remain in love with a godless progress. Hence all the inefficiency we manage to have, personal and collective, in every unfolding of human life.

JOSE GROS.

CARD OF THANKS.

As a result of my appeal to all members of the O. R. T., which was kindly given prominent space on page 407 of the March TELEGRAPHER, I have to date received substantial assistance from the following brothers: J. O. Johnson, L. E. Whiting, N. O. Lyell, J. D. Stine, W. F. Coleman, J. Kolbo, J. F. Stevens, F. L. J. Maggiola, S. A. Shoemaker, S. S. Kofer, J. W. Burgess, O. L. Howard and C. C. Jewell. The prompt and liberal response of Bro. Stine came from Cuba, and the other loyal brothers named represent nine States of the Union. A letter postmarked Wheeling, W. Va., and without name, brought a crisp $1 bill. I sincerely thank each of these kind brethren who have given me a helping hand during my affliction; may God bless them. I am quite confident there are others of our craft who will respond to my appeal, as three letters were received yesterday. My condition is practically the same as for the past month, but slightly better than when I left Alabama in January. Will you please read the tenth chap-
ter of St. Luke, verses 25 to 37, inclusive; this lesson has prompted me to refer to all who respond to my appeal, or to that of any worthy person in affliction or distress, as good Samaritans—as the spirit shown by them corresponds with that of the Samaritan. Will be pleased to hear from any brother who may find pleasure in lending a helping fraternal hand as the brothers above mentioned have done. Address, C. E. Moss, Route 2, Smyrna, Ga.

Fraternally,

C. E. Moss, Cert. 1056, Div. 32.

ATTENTION, MEMBERS!

Did you read an appeal in the March Telegrapher, pages 407 and 408? If you overlooked this matter, do not fail to take it up now and give it your prompt and generous consideration.

The appeal is signed C. E. Moss, and I ask your consideration on the following grounds:

Bro. Moss is personally known to me, and up to the time of his disability was not only regular and attentive to his duties at the telegraph table, but was active in the interest of the O. R. T. He was, in 1906 and 1907, local chairman for Atlanta Division, Southern Railway System, Division 59, and did much organizing on that division, assisted in securing revision of schedule and substantial increase for Division 59 in 1907, and a representative to Minneapolis Convention same year, and did considerable organizing on the Southeastern Division of the Frisco (Division 32) during his three years and ten months with that road and was always ready to assist those in affliction or distress.

Some months prior to the time that severe lung trouble forced Mr. Moss to discontinue work, he had sickness and death in his family, and his expenses were very heavy.

If you desire to assist this worthy brother during his affliction, or, in other words, furnish flowers while he lives, send aid in any amounts to C. E. Moss, R. F. D. No. 2, Smyrna, Ga.

FRATERNAL

NOTICE.

All matter for this department must be in the hands of the Grand Secretary and Treasurer on or before the 25th day of the month in order to insure its use in the following issue.

New Haven, Conn., Div. No. 29.

In the absence of Chief Terry the meeting on May 3d was conducted by General Chairman Ross.

The watch question, the principal topic, provoked a good deal of discussion. It seems like a hardship now, but in a year or two probably all concerned will be glad they have watches measuring up to standard. A good watch is a necessity.

The committee appointed to look after the welfare of Bro. O'Keefe reported that he had been placed in Waterbury hospital, where he is receiving the best of attention.

Everybody examined on the new joint book of rules, effective June 6th, which contains several changes.

Welcome back, Bro. Culver; glad you have arranged other matters so we may see your smiling countenance at the meetings again.

T. A. A.

Western Division, N. H. & C. N. E.—

Bro. L. Schulz, Danbury, was called to Mauch Chunk, Pa., by the death of his mother. He has the sympathy of the division.

The Western Division dispatchers are making their semi-annual trips over the road, relieved by Jesse Brink.

The station and all the other buildings at Brewster have been improved by a coat of paint.

Bro. E. L. Clark ably represents the C. N. E., and I will therefore not cover anything west of Hopewell Jct.

T. A. A., Div. Cor.

Western Division, N. Y. N. H. & H. R. R.—

Bro. Babcock, of Terryville, bid in Cornwall Bridge agency.

Bro. O. C. Wheaton has been appointed on the safety first committee. Congratulations.

Bro. P. J. Reardon bid in second "RX" tower, relieved on bid at second "HJ" Hawleyville Jct. tower by Bro. Sommers, of "BK".

Bros. Cranwell and Gallagher, of Towantic, and Bro. Cassidy, of Sheffield, have returned from a very pleasant journey to the coast, bringing back several interesting pictures taken en route, Bro. Cassidy acting as photographer, except when the subjects were "Indiana."

Bro. Gillette, of Pittsfield, recently confined to Griffin hospital at Derby, Conn., with rupture, is out and convalescing rapidly. We will be glad to hear this genial brother's O. K. "G" again.

Bro. Davids and Babcock, of Still River and Cornwall Bridge, respectively, were recent visitors to Waterbury, accompanied by Conductor G. B. Whaley, from Danbury.

Bro. Tarbox, at Sandy Hook, has now a private phone line running from the station to his house: Bro. Nutting, lineman.

Bro. Wolcott has moved to Bridgeport from Waterbury, and is now on Botsford third, feeling fine, his operation for appendicitis having been a success.

Bro. Bigely, at Southbury, has bought a new automobile, and invites the brothers to call and take a "joy ride."

Bro. Brewer, at Southbury, can now supply the brothers with fresh eggs. Bro. Van Deuren, first New Milford, now has a six-wire jack for his office, also a resonator and other improvements to facilitate business. Bro. Ryan, second there, gave a dance recently, attended by a large crowd, including several brothers. Bro. Ryan is the leader of the New Milford Drum Corps.

Bro. Bert Dunbar was relieved on Danbury first, while down with mumps, by Bro. Schultz.

All the dealers are trying to sell the boys a standard timepiece, and some are getting bargains.

Bro. G. M. Seaman, veteran agent Stormville, is off recuperating, relieved by Bro. K. N. Seaman.

T. A. A.

Bro. Teadsdale, off sick a week, was relieved by Bro. R. Yeager.

Our committee—Bros. Margraf, Clark and Marshall—met in Poughkeepsie on May 11th, and cleaned up all grievances in good shape and lined up our vacations so everyone entitled to one this year should get it without any trouble, as we have two relief agents working.

Bro. Carey is now on his week's vacation, as our schedule now provides for one week's vaca-
tion with pay each year. Agents, after five years' service, receive two weeks' vacation each year with pay. Brothers, we should show our appreciation for these benefits by giving good service.

Wrecks are sometimes caused by brake riggings coming down, derailling cars, etc. Remember, brothers, everything of this nature you discover and report means a merit mark for you. Bro. Scott, third "BO" tower, recently received three merit marks and a commendation from our general superintendent for stopping three different freight trains with brake riggings down.

Bro. Dalley, first "BO" tower, is making weekly trips to Highland lately.

Bro. Hootchkin served as the first operator on the efficiency committee, which meets in the general superintendent's office each month.

The membership on this road is larger than ever before, and we should all work with our chairman to make it 100 per cent by keeping after the few nones until we get them in. They are all good boys and girls, and all they need now is an up-to-date card.

Remember, our motto hereafter will be: "O. R. T. works for O. R. T. members only."

Bro. Joyce was relieved recently for a trip to the "big city" by Mr. Dorr.

I did not receive any news from you brother members. Please send me all the items you can by the 20th of the month, so we can have a good write-up.

E. L. C., Cert. 263.

_providence, R. I., Div. No. 35._

Twenty-two years ago Bro. Joe Buck and John Dunn opened the Orms street tower in Providence, one of the hottest propositions on the Providence Division, always filled by competent men. When all the men employed there become O. R. T. members there will be little left to be perfected.

It is with sincere regret that we learn of Bro. L. B. Timmons being compelled to go to the Massachusetts general hospital for eye treatment, and hope he will soon return fully recovered.

Everyone should study the new book of rules carefully. In this matter it is not sufficient to only "look" wise.

Bro. Remington is trying his hand at train dispatching. A man of his weight should have no difficulty in holding it down.

Very few have purchased new watches, and very few need them. This watch question is an imposition upon our men.

From the fact that no word has come from St. Louis since Bro. Joslin went there, we naturally conclude that Bro. Pearson's namesake has kept him too busy to allow time for writing. It is some kid, all right.

Division members who are members of the benefit association should remember that in order to insure benefits from the B. A. your division dues should be promptly paid. Don't neglect so important a matter.

Bro. Black, second East Foxboro tower, is on vacation to Butte, Mont., relieved by Bro. Peloquin.

Bro. Provencher has returned from two weeks' vacation spent in Chicago.

Most of us have been taught to believe that money could talk, whereas recent discoveries prove it both deaf and dumb.

Bro. Quick is right when he says "Now is the time to exclaim that motto so long advocated—'A long pull, a strong pull, and a pull all together.'" Let's follow his advice.

Any yet in arrears should pay up promptly, and all make a special effort to go into the second period with a clean slate, thus saving our secretary-treasurer an amount of unnecessary labor for which there is ample use in other directions. You should assist the officers of your division in every possible way to conduct its affairs in a business-like manner. Let us wake up, do something and be somebody. A name to live is not enough; we must be alive.

A committee is at work upon a plan for the proper observance of Memorial Sunday, July 12th. Every member who possibly can should be present and help make it a pronounced success.

Div. Cor.

At our last meeting thirty-four members and officers were present, and two candidates were balloted for and elected to membership. E. G. Smith, of Glenbrook, Conn., was awarded the $10 goldpiece, and Bro. Minkler, of Riverside, Conn., the $10 shawl which the division had purchased from a brother in need.

After routine business, we discussed the watch question, and every member spoke, the unanimous opinion being that we should not be compelled to buy watches, but that the company should furnish standard clocks.

Some of the boys were in New York City, April 24th-25th, taking the two days', seven hours each, civil-service examination for inspector of hours or service, Interstate Commerce Commission. The points are: Spelling, 20 words, 5; Arithmetic, to division of fractions and decimals, 5; reporting a wreck, not less than 600 words, 15; practical questions, duties of an inspector, etc., 25; experience and references, 50. Total, 100. A position of this kind would be all right for a single man, but too much running around for a married man. The papers state that the pay is $1,800 per year and expenses, but one of the first papers handed an applicant asks, "What is the lowest rate of pay you will accept?" Also in what part of the United States or territories you would be willing to work? We hope some of the O. R. T. members are successful in obtaining these appointments. We know they would be a credit to the government service.

Division 37 should have a baseball team. Now is the time to start, and when the time arrives for our annual clambake, our team will be in good playing condition.

Bro. Reif, C. T., announces his intention of touring the country. Perhaps some of us may get the opportunity of touring Mexico.

B. & A. Ry.—

Bro. Travers, second track tower 65, has purchased a Ford touring car. His little red runabout was won by Conductor Austin, Harlem Division, Chatham, N. Y.

Bro. H. D. Whitney, covered first tower 65, two weeks, while Bro. E. F. Whitney and wife were in Detroit and Cass City, Mich., visiting Charles E. Wager and wife. Mr. Wager, who was with the B. & A. three years ago, is now station agent for the G. T. at Cass City, Mich.

H. L. Moore bid in agency Middlefield. Operator Bondsville, second Washington and third Russell are up for bids again.

Bro. Dwight Chase and other brothers at tower 55, N. A. Jct. are kept quite busy swinging those seventy-six levers, especially "the puzzle," or slip, as they call it.

Bro. Service is at Becket.

Boys, send me some news for the next magazine, and see that the noms get an up-to-date card. They can afford it as well as the rest of us. Members not in good standing should pay up and get back with the regulars again. "Doc."

Boston, Mass., Div. No. 41.

B. & M. R. R., Fitchburg Division—

Bro. Hadley has resigned the seven-day telegraph position at Union Square, now posted six days. The agent is now to cover the Sunday hours, 8 a. m. to 8 p. m. No bids yet on this vacancy.

Bro. Lawrence, "WJ" tower, viewed the "Votes for Women" parade recently in Boston.

Bro. Jones, at "NY" East Portal, and his wife are enjoying the good country air of North Adams, where they reside.

We are glad to hear that Bro. Brightman is back at Troy, N. H., after a long siege of pneumonia.

Bro. Campbell, formerly with Bro. Clifton at Roberts, has been assigned to second "FG." When 259 recently piled up seventeen cars in front of Westminster station, Bro. "CN," at "FG" third, went to "RA" to assist in the use of single iron, relieved by Bro. Campbell.

Bro. Handlon, from Gardner, bid in second "JD." It is rumored that "JD" and the Boston office of the Southern Division are to be consolidated.

R. Y. Scott is on third "JD," vice Mike Meehan, now dispatching on the W. N. & P. Division at Nashua.

Portland Division—

Paul Pitman assigned to Conway agency while Bro. Snow is at Maplewood, Mass., agency for six months.

Ex-Bro. Danforth, formerly sheetman at tower "A," is on third Rugby tower.

Bro. C. L. Beaton, second Portsmouth, has received his appointment in the railway mail service.

B. & M., C. & P. South—

Pending bulletin: Clerk and operator Easthampton, New Haven side and Holyoke freight house.

Silver street switch has been reopened and bid in—Bro. Jones, first; Bro. Cyr, second, and Mr. Hurst, third.

It is now Bro. Wells at Williamstown, and Bro. Mulvey at Ashuelot, due to the good work of Bro. Cyr.

Bro. Coombs, agent Winchester, on six months' leave, relieved by Mr. Crowley.

The new dispatcher's office opened at Greenfield abolished "K" message office. The work formerly done there is now handled at the dispatcher's office and the train work at "S."

Thanks to Bro. Cyr for his news items from the south end. Hope he will keep it up.

Brothers, get after that non next to you, get him in line, and remember, "No card, no favors."

C. B., Div. Cor.

New York, N. Y., Div. No. 44.

The regular monthly meeting on Saturday, May 9th, was largely attended, which shows the interest the brothers are taking in the division, and that is what is needed. All who can possibly do so should attend regularly and keep in close touch with its affairs.

It was decided to hold our annual anniversary reception and entertainment on Saturday, June 6th instead of the 13th, the regular meeting night, as it gave the members and their friends more time to enjoy themselves.

Long Island R. R., Station News—

Sister I. Webb was off three weeks owing to the death of her father; relieved by Bro. Dietz. The brothers and sisters of Division 44 extend to Sister Webb their heartfelt sympathy.

Bro. Furnan, agent Merrick, takes Central Islip on bid, relieved by Mr. Bonuck.
IN MEMORIAM.

WHEREAS, It has pleased our heavenly Father and all-wise Ruler of the universe to call to his reward the beloved son of our Bro. A. Filby; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of New York Division, No. 44, Order of Railroad Telegraphers, extend to the sorrowing brother and members of the afflicted family their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy spread upon the minutes of the division, and a copy forwarded to The Telegrapher for publication.

O. A. HUDSON,
J. S. MARTIN,
A. F. HELLER,
Committee.

Boston, Mass., Div. No. 89.

Worthy Chief Bro. Enos called the May night meeting to order promptly at 8 p.m., as there was much important business to be transacted among which was the report of General Chairman Bro. Ross regarding standard watches and time inspection. His report also embodied grievances handled. These reports coming direct from our chairman sometimes put on an aspect different from what is heard up and down the line, therefore it is for your interest to attend the meetings where you get the information you seek, from its true source.

Bro. Mullen, our legislative agent, reports that, owing to being short-handed, he was recalled to duty in the dispatcher's office at Taunton, therefore we were without representation at the State House for a short period. He reports that a substitute bill was drafted by the division and placed upon the Senate calendar by Senator Dean, which is liable to be taken from the table any day. The bill in question is a modification of the one championed by the O. R. S. A. and amended by this division, but declared unconstitutional by the attorney-general of Massachusetts, and in consequence thereof a new bill was substituted as above stated.

N. Y., N. H. & H. R. R., Boston Division—

Savin Hill tower was abolished May 17th. Bro. Godfrey landed Back Bay tower, a season job during Bro. Keough's absence; Bro. Hickey discharged Mr. Snyder, second Harrison Square station, and Bro. Clark reverts back to the spare list. Bro. Charles Kohler, unable to resist the beautiful spring weather, laid off Sunday to commune with nature; relieved by Bro. Clark, who also relieved Bro. Wadens one day.

Bro. Pierce has succeeded in increasing the female population of Braintree. Congratulations, old man.

Bro. D. J. Hickey went to Springfield for a short visit.
Nantasket and Pemberton agencies, up for bids, are only season jobs.
The West Point, Miss., band carried off the musical honors in Jacksonville, Fla., recently, at the convention of the old Confederates.

Some of you fellows send me some news and items of interest for the next write-up.

"SR," Cert. 286.

Sydney, N. S., Div. No. 133.

Intercolonial Railway of Canada—

Our meeting held at North Sydney was well attended. Some important matters were discussed, and some very interesting and beneficial information given by Bros. F. A. Gillis and M. A. J. McDonald.

Two new members were admitted—Bro. Keef, "BR" nights, and Bro. Nesbett, dispatcher on the S. & L. Boys, this is encouraging.

"We are still up and doing,
With a heart for any faith,
Still achieving, still pursuing,
The nons, before it is too late."

Let us keep after the few on our division, they need us badly and we need them.

We are kept pretty busy studying the standard rules, and glad to say most of us have them written and complete and ready for business. Bro. I. W. Reaves, our instructor, keeps after the boys to write them up, but there are only a few more.

Bro. S. W. Burns, agent North Sydney Jct, and relieving dispatcher, is now relieving one of the dispatchers in Sydney.

Bro. T. Dooley, who has been home several months on account of an operation performed at Port Arthur, has entirely recovered and will soon return to his old position at Horn on the C. P. R. Boys, send in some items, and help to make our division lively. It is time something was done as this is the first write-up for some time.

"C," Cert. 38.

B. & M. R. R.—

The May meeting was called on time, with a goodly crowd on deck, and plenty of argument concerning the big clambake that the division will hold the latter part of July or first of August. The tickets will soon be out, so get your little roll of jingle ready to make a noise like two tickets per head. Loosen up and join the bunch. A good time is assured with plenty of eats and lubrication.

Johnsonville tower third has been assigned to Towerman Lawrence, which makes it quite evident that it is unnecessary for an operator or agent to waste time applying for such positions, and it is to be run strictly of absolute block system. Then it is only right that the operators arrange it so that the towermen can not work straight telegraph nor agents’ positions. No better one way than it is the other. See who, on the spare list, will stay idle the most.

Special meeting between the five big Orders. O. R. T., O. R. C., B. R. T., B. L. F. E., and B. L. E. was held May 24th at Greenfield, with the purpose of federating, have not heard the results.
Should the trio at Troy union station apply for membership cards do the secretary and treasurer a favor by sending him the interesting advice so he can furnish the necessary papers to make them up to date.

Bro. Glass is on the pitching staff of Mechanicville, and making good.

Greenfield "K" closed; business handled by "N" side wire job. Every little bit added to what you have, makes just a little bit more.

Bro. Banker, our secretary and treasurer, has been sowing the seed of O. R. T.-ism, and is anxiously awaiting the results of a bigger crop of brass pounders who have been enlightened enough to realize that if they have ever received a raise that it did not come through the charity of the railroad company, but through the efforts of our committee, who sure will appreciate it with a greater vim if the receivers will only brace up and recognize the originating point. Be men.

This is short, but hope to see it touching, so I'll beat it and bid you all an enjoyable vacation.

CERT. 4.

*Boston & Maine R. R.*—

Our regular correspondent, owing to his numerous duties, could not possibly attend to this work, and I have been appointed in his place. I hope every member will co-operate and send me all the news they can before the 20th of every month.

Attendance at our meetings are not up to the standard. Twelve members live here in Nashua, and there is no reason why at least eight of them should not attend. The Keene branch is well represented, and our worthy chief, Bro. Harry E. Heath, of Ponemah, has missed only one meeting since he was elected January, 1913. The east and west ends are always there. These meetings are the life of the Order, and everyone should attend who possibly can; learn each others' troubles and what is going on on the various parts of the road; get in touch with one another, and become better acquainted.

We should get after the non-members on the division, and see that every brother pays up promptly and carries an up-to-date. This is the kind of a solid front to have.

We now have five members out of the nine dispatchers, Bros. A. W. Maloy, F. H. Willard, G. H. Cook, J. P. Osgood and W. J. Knowles recently appointed. We hope to have Messrs. L. S. Bartlett, J. McGuire, Barnes and Meehan with us soon. Bro. G. F. Riley, from Nashua east yard, is now telegraphing in the dispatcher's office.

Owing to his increasing optical business, Bro. Fred H. Collins had to give up his position as dispatcher, which he has faithfully filled for some thirty-two years. Best wishes to you, old Doc, for success.

Brothers, when you read this dig down in your pockets and send $4.00 to Secretary and Treasurer Bro. J. W. Vaillancourt, 111 Alds St., Nashua, N. H., for your dues and do not forget to come to our next meeting, as business of the utmost importance will be transacted.

J. I. Sarrault, Div. Cor., Cert. 7.

*Wherar, Almighty God, in His infinite wisdom, has deemed it best to call to His heavenly home the beloved father of Bro. Geo. H. Mansfield; and Wherar, We bow in humble submission to Him that doeth all things well; therefore, be it Resolved, That we, the members of the Nashua Order of Railroad Telegraphers, Division 152, extend to Bro. Mansfield our sincere and heartfelt sympathy in his sad bereavement; and be it further Resolved, That a copy of these resolutions be sent to the bereaved brother, a copy spread upon the minutes of Division 152 and a copy sent to The Railroad Telegrapher for publication.*

*Toronto, Hamilton & Buffalo Ry.*—

I wish to thank the brothers in Hamilton, of Division 155, who so kindly sent me a bunch of flowers when I was laid up after the operation on my throat, in which it was itself a slight one, but complications set in and I was threatened with blood poisoning. I also wish to thank Bros. Smith, Jerseyville; McClary, Grassies, McDonald, Smithville, and Nevills, Hamilton, for calling and cheering me up. Bro. Smith, of Jerseyville, relieved me on my holidays, which, in this case, was a pretty costly one.

Bro. W. Malcolm, who relieved four days at Smithville, later relived Bro. Ab Campbell, Stoney Creek, for a trip to Toronto and Niagara Falls.

Sunday, May 17th, the boys had Bro. G. D. Robertson, third Vice-President, out to visit them, and I missed a very good time on account of sickness. This was an open meeting with the brothers of the C. T. U. A., but they did not turn out very well.

**Boston Elevated, Div. No. 156.**

*Solid O. R. T.*—

Bro. Farley, assigned split trick tower "A;" Bro. Trask, second tower "P," and Bro. Roughsidge, Jr., third tower "D." Printed schedule received and very much appreciated by the brothers.

 Pleasant Sunday time table run Sunday, May 24th. Eighty trains per hour at tower "C."

 The legislative committee report progress. The substitute bill for time off with pay was tabled at last accounts. Expect it to be taken up again most any day.

Bro. Tuttle back to work June 1st.

The sympathy of the division is extended to Bro. Conners in his affliction by the death of his
mother. Proper action will be taken at next regular meeting.

The boys are wondering who will land the job at the new Boylston St. tower.

If you don't send any scribbling for the scribe to scribble how do you expect him to scribble it? Send in your items, brothers, if you want a good write-up.

The question of the trainmen entering the tower service will probably be settled by the American Federation of Labor.

Bro. Lucas is back at work and fully recovered from a serious operation.

The boys are all saving up for vacations, and will probably be able to get their choice of vacation time this year. TRUSSELL, Cert. 24.

Grand Trunk Ry., Div. No. 1.

Note—Dues notice and remittance slips for the term, July 1 to December 31, 1914, will be mailed to all members on the Grand Trunk, Grand Trunk Pacific, and those out of the service entirely, about June 10th.

The amount for members in the service located in the Province of Quebec, and the United States, is $6.00 per term.

The amount for members not in the service of any road, or filling positions not covered by the schedule in Quebec and the United States, is $4.00 per term.

The amount for members in the service located in the Provinces of Ontario, Manitoba, Saskatchewan, Alberta and British Columbia, is $6.50 per term. The extra 50 cents is general counsel fee.

The amount for members not in the service, or members filling positions not covered by the schedule located in the Provinces of Ontario, Manitoba, Saskatchewan and British Columbia, is $4.50 per term, the extra 50 cents being general counsel fee.

A prompt renewal of cards will be greatly appreciated by your committee. If you will comply with this request, it will enable them to give more time to other matters pertaining to your welfare.

Mutual benefit assessments are also due, and should be remitted at once direct to Bro. L. W. Quick, St. Louis, Mo. On a $300.00 policy, remit $1.20; on a $500.00 policy, remit $1.80, and on a $1,000.00 policy, remit $3.60.

It was thought by the members of the general committee, when the recent negotiations were on, that the men generally would be willing to contribute at least one month's increase secured through the new schedule, thereby enabling the treasurer to liquidate the indebtedness incurred through the deal. After the negotiations were over, the division was $752.27 in debt to the general committeemen, and in order to clear this debt, and to build up the treasury so as to support the traveling general chairman, the committee, when rendering a report to the membership and others concerned, requested all in the service receiving a benefit to send in one month's increase for the above purpose, as well as to show appreciation for the improved conditions. This is a rule followed, and is readily complied with, by the same class on all other roads, regardless of size or part of the country located in. A few have complied with this request, some sending in double the amount of their increase, and we thank these good brothers for the proper spirit displayed in the matter. However, a whole lot of the members, and others as well, have so far simply ignored the request. This kind of treatment has led your committeemen to think that a good many of the boys care little or nothing whether they (the committeemen) are paid for the time lost through the recent negotiations or not, that so long as certain ones get an increase, the fellows who lost their time in bringing about the improved conditions can either wait or whistle for amount due them. Now, boys, don't treat committeemen in that way. It is utterly impossible for them to live on wind any more than you could. Neither can your division exist and prosper without funds any more so than could the C. P. R. or C. N. Divisions. When your committeemen convened last fall for the purpose of revising your schedule, they discussed the advisability of levying a special assessment for the purpose of raising funds to carry on the negotiations, but decided not to do so, thinking that everyone in the service would readily contribute their first month's increase for this purpose. Therefore, if you have not already remitted to the undersigned the amount in question, send it in at once. There is some more money to be distributed this fall, and you will probably expect a share of it.

Trusting it will not be necessary to again refer to this matter, and with best wishes, I am

Fraternally,

D. L. SHAW, G. S. & T.

First District—

The meeting held at South Paris, Me., May 10th, was well attended by members from the west end, but, on account of poor train service, the boys from the south did not show up in as large bunches as was their intention. However, a lot of enthusiasm was displayed; only those present can appreciate the up-hill work and tribulations met with during the recent negotiations which was fully explained by General Chairman L. M. Eddy in his usual able manner, at the same time explaining the standing of Division No. 1, both numerically and financially, the courteous treatment the committee received from the officials during the negotiations and which will not be forgotten. Bro. Eddy was followed by Bro. Cowan, local chairman, who explained to the members the manner in which the increase of $100,000 was distributed, how the next will be divided, all of which was interesting to those present. Both General Chairman Eddy and Local Chairman Cowan dwelt at length on the matter of good service to the company, explaining how it was the duty of all in the service to leave nothing undone in order to increase the revenue of the company, both explaining how that could be accomplished in many ways.
The good and welfare of the Order was taken up, discussed at length by practically all present, resulting in a motion being carried to the effect that the next meeting should be held at Berlin, N. H., Saturday evening, June 27th. Don't forget the date. This meeting will be followed by a social dance, after which light refreshments will be served. Bros. Cowan, Belisle and Doran, appointed as entertainment committee, have already arranged for the ball, music and supper. A good time is guaranteed; therefore, all concerned should endeavor to make the grade, bringing their wife or best girl with them.

Bros. E. F. Belisle, Percy, N. H., was appointed district correspondent; therefore, members should hereafter send their notes for the journal to him direct, so same will be in his possession not later than the 18th of each month. Coa.

Second District—

The meeting held at Island Pond, Vt., May 8th, was not the success desired, owing more to the fact that the notice was not out soon enough to give the boys time to get transportation. Don't forget the Berlin meeting on June 27th, as "a whale of a time" is in store for those who manage to climb the grade. Coa.

Second and Third Districts—

The meeting held at Richmond, May 6th, was well attended and very successful, the following being present: General Chairman Eddy, Assistant Local Chairman Tardif (presiding), Beaubien, Mulbens, Cormier, Astell, Eastman, Jutras, Demont, Hamel, Hatcher, Ling, Provencher, Desjardins, Normandin, Potias, Auger and Marquis. Bro. Marquis acting as secretary.

It was decided to hold regular monthly meetings at Richmond, the next to be held June 24th. Resolutions were adopted to form an O. R. T. club, officers and complete arrangements to be finished at the June meeting.

General Chairman Eddy explained in detail the meaning of all the new rules, which was much appreciated.

It is not Bros. Findley, Astell, Pym, Segée, Harrison and Cormier, which makes the line solid Island Pond to Richmond, only one non now on the Third District, and by the first of July the Second District will be practically solid, but everybody has to take a hand, and work hard, too.

Send me your notes by the 20th of the month.

O. A. Cowan, Local Chairman.

Belleville Division, Fifth District—

We will soon have lots of work again, with the extra passenger trains and increased run of freight.

We are pleased to have our genial trainmaster back again, after his illness, and know that he has completely recovered.

Bro. Lepalm was recently married. Congratulations.

Bro. Sheets has purchased a sailboat.

Our meeting in Montreal, at the St. James Hotel, on Friday night, May 15th, was not very large, owing, no doubt, to the pay checks not getting here soon enough. Our June, July and August meeting will be held on the 25th days of those months, and it is to the interest of every brother to attend and talk over the affairs of the Order, meet the other members and become acquainted.

The meeting was called to order at 8 p. m., with A. O. Talbot in the chair. It was moved by Bro. Woods, seconded by Bro. Richardson, that a list be made of all the nons and members on the Fourth and Fifth Districts who had not paid their voluntary contributions.

On motion by Bro. Woods, seconded by Bro. Carrier, $10.00 was contributed towards a wreath for the late Mr. Wainwright, the amount to be deposited in the hands of Bro. Corbet to purchase the same, and members not present donate at least 25 cents each for said wreath, any surplus to go into meeting fund for expenses of hall, etc.

Moved by Bro. Woods, seconded by Bro. Pollier, that a vote of thanks be tendered Bro. Talbot, our local chairman, for his efforts in our behalf. Motion unanimously carried.

On motion by Bro. Foulom, seconded by Bro. Leroux, the meeting then adjourned.

E. Richardson, Div. Cor.

Vaudreuil, Que.

Seventeenth District—

Meeting held by Bro. Shaw, London, Friday afternoon, May 15th, for night telegraphers, was fairly well attended. Night telegraphers should make it a point to get out to these afternoon gatherings wherever held. If they would they would hear matters discussed pertaining to their welfare. Matters probably that interest them more than they dream of. Coa.

Nineteenth District—

The initial meeting of the season for Southern Division members held in Simcoe, Ont., Friday evening, April 24th, in Hotel Norfolk, was well attended considering the threatening condition of the weather, and everybody had a most enjoyable time. At the appointed hour all present repaired to the comfortable apartments of Bros. L. M. Eddy, general chairman, and D. L. Shaw, general secretary and treasurer.

Bro. Shaw, in his old-time genial manner, opened the meeting, and to further emphasize his humorous remarks, he passed around a box of good Havanas. Reference was made to our recent schedule negotiations, and while the importance of the negotiations called for much forethought and consideration on many occasions, the final result proved to be the essence of cordiality and harmony, and our schedule today is one worthy of the labor and sacrifice wrought upon and given for it. Our faithful committee are surely worthy of much praise and commendation. In this connection it is probably not out of place to pause and ask all concerned whether or not they have
sent in their first month's increase as requested by the committee thereby enabling our worthy treasurer to liquidate the indebtedness incurred through bettering our conditions of employment which all appear to enjoy? Throughout Bro. Shaw's deliberations several points of interest to the company, as well as the telegraphers, were taken up, and it was plainly evident that those whose misfortune it was to be absent, missed a rare treat.

Bro. Eddy was next called upon, and though in a measure a stranger to some, his discourse throughout was flavored with the spirit of speech that warms its way into every heart in a brotherly way, making the rough places smooth, and the crooked places straight. Various matters of vital concern to all were then taken up and discussed in a general way to the satisfaction of everyone.

While it is the reasonable duty of every member of our Order to do his very best for the company, without coaching, a duty expected of every employee, yet, we were pleased to hear both these brothers advance the spirit of fairness towards the company and its officials, also the matter of giving the company, in way of appreciation for the liberal way they dealt with our committee, the very best service possible.

It was decided to hold another meeting Friday evening, June 26th, to which all telegraphers are cordially invited. At this meeting, business of importance will be taken up, and it will be to the interest of every telegrapher that can possibly get there, to be on hand. Arrangements are being made for a private assembly room, and it is up to the telegraphers on the Grand Trunk to fill it. Don't forget the place and date, Simeon, Ont., June 26th. Make application for relief and transportation two weeks ahead if possible.

Our meeting drew to a pleasant close in the small hours of the morning by a vote of thanks being tendered our visiting brothers, and also to our superintendent, Mr. J. C. Crombie, Trainmaster J. A. McLardy, Chief Dispatcher T. J. Cassidy and all trick dispatchers for the many kindnesses and considerations received at their hands.

CERT. CXCIX.

Middle Division—

The meeting held in Hamilton, Friday afternoon, May 22d, at the New Commercial Hotel, for night telegraphers, was not as well attended as it should have been, some of the boys getting place of meeting crossed with that of the Dominion Hotel where the majority congregated.

Relieving Agent Bro. Loftus, Simcoe, and Bro. Patten, White Church, are on a trip to British Columbia; Bro. L. K. Fox relieving at White Church.

Work trains out of Port Elgin pit this month ballasting up the Southampton and Owen Sound branches.

Business is good on Kincardine branch. All way-freights for the past few weeks running double-header.

Stratford Division—

Stratford "Belles" were very much in evidence, and the boys smoked to their heart's content while Bro. Trethewey regaled them with choice selections from his "New Edison" phonograph, and the evening passed off very pleasantly. Some of the boys were fortunate enough to be treated to a spin around the city in Bro. Fred Holman's new Ford. Owing to the hot weather coming on and vacations the meetings were discontinued until September, when we will have a big reopening with the full O. R. T. orchestra on hand. The date will be announced later. Bro. Eddy was busy down east. Bro. D. L. Shaw conducted an afternoon meeting in London and was unable to make connections for Stratford.

Wedding bells will soon be ringing at Walkerston, Hanover and Ayton.

Bro. R. Middleton, Newton, relieved a few days by Bro. Fox.

Bro. C. Dopfer visited in Hesperia recently, relieved by Mr. Blyth.

The boys bought forty-two of the flashlight photos of the April meeting. The May meeting photo turned out poorly.

Dispatchers telephone being installed between Stratford and London makes the Fifteenth District all four jobs, giving London another source of communication with Sarnia and Toronto in case of wire trouble on Seventeenth District.

Bro. R. J. Murray, agent Ethel, joined at the May meeting.
Only three nons left on the Twenty-second District, two agents and one operator, and none on the Twenty-third or Twenty-fourth Districts. Keep up the good work.

Bro. Bill Rollings and wife, of Weston, visited over Sunday in Stratford recently.

Keep your stations and freight sheds clean and tidy, boys. The trainmaster and traveling agent are checking you up, and there will be some more diminishals unless there is an improvement at certain stations. Take warning in time.

Bros. Kinder and Hooper, of London and London East, were in Stratford on payday.

Bro. J. Hunter, of Sound, was relieved by Bro. Brent for fifteen days.

**London Division, Twenty-fourth District—**

Bros. Lyons of Londenborough, Case of Hensall, and Local Chairman McTaggart, of Blyth, attended the London meeting, May 15th. Those who have not yet paid their first month's increase should do so at once. It took a lot of money and trouble to get that increase, and you should be men enough to do your part.

**Grand Trunk Western Ry., Div. No. 1.**

**Main Line—**

Bro. Neal, third dispatcher east, off sick a few days, relieved by Bro. Kay.

The boys at Pt. Huron tunnel yard, and 16th St., all welcome the change in their working hours from nine to eight hours. Since May 1st the other man has been added, making eight hours straight for all. We should see now that Mr. Hammond stops dawdling and shows his appreciation for the better pay, shorter hours and vacations secured for him, and come in.

Bro. McFall is now on third "HR," Summers relieving him on third "TY."

In bidding on a position be sure and send a copy of your bid to your local chairman, also length of time in service and then it will be easy for him to check you up, and if there should be a mistake in placing men he will know it at once.

A great many neglected to do this. It is impossible for Bro. Case to check up correctly unless it is done. Only one delinquent this term, January to June. We will not mention his name.

Bro. Rennel's mother, of Durand, is very ill. We all wish for her speedy recovery.

A seniority list will probably be furnished the western lines shortly.

Bro. Thompson, Belsay, on two weeks' vacation, was relieved by regular relief agent.

Through the efforts of Bro. Leverick, of South Bend, the applications of three men at Blue Island were received, making that point solid.

The new depot at Capac, rapidly nearing completion, will be a dandy.

A bad wash-out recently, half a mile west of Previllion at the big concrete bridge, was noticed in time to save any disaster to trains.

The steel was joined about one mile east of Nechaco River crossing shortly before 2 p.m., April 8th, connecting up with Prince Rupert on the Pacific Coast. There are sixty-five steel bridges on the road, making a total of about five and a half miles. The three largest are on our own division between Saskatoon and Edmonton, over the Saskatchewan River at South Saskatchewan, 1,500 feet long; over the Battle River, west of Wamwight, 5,410 feet long, and another over the Saskatchewan at Clover Bar, 1,653 feet long. The highest bridge, 208 feet, is over the Pembina River, just west of Entwistle.

Not many news items sent in this time. Get busy, boys.

**Wabash R. R., Div. No. 2.**

**Springfield Division—**

The Wabash is reorganizing, and we should be organizing and be ready as soon as the officials are ready to handle us. Boys, you put too much confidence in your local chairman. You do not take enough interest. I have attended the division meeting twice recently, and I find that there is considerable lack of interest. There was a fair bunch of the boys out, but not what it should be. Each member located where it is possible, should attend every meeting of the division, not only his own, but other division meetings if held in the near neighborhood.

Bro. G. E. East, third Baylis, relieved a few days on account of sick relatives in Kansas City by Mr. Deerwester, who also relieved Mr. Hancock on Barry first.

Bro. Zold, third Valley City, off recently, relieved by Mrs. Leeper.

A good bunch of the boys were present at the Lanesville meeting recently, and things important were brought before them.

Bro. McRoberts, agent Curran, out motoring recently, relieved by Bro. Constant, from Dawson, who also relieved Mr. Clause, at Bluffs, and Mr. Omer, third Lanesville, while visiting his wife's folks at Beardstown. Later he relieved Local Chairman Abbott while attending the division meeting in St. Louis, accompanied by Bro. Flint, agent Lanesville. Bro. Wood, general chairman, who visited Local Chairman Abbott at Dawson recently on business for the Order, also accompanied him to the St. Louis Division meeting, May 18th.

Bro. Bales, agent Buffalo, recently attended a Masonic class at Jacksonville, relieved by Bro. Constant.

We welcome Bro. Ross, second Griggsville, back in the fold again. Carr. 748.

**Detroit Division**

North Morence is solid now.

Bro. V. A. Wood, first Milan, was off a few days, relieved by Bro. J. H. Pickering, and Bro. J. W. Bloom, agent Cone, by R. S. Parrar, of Ashley.

Bro. M. E. Fohey saw the Tigers at Detroit recently clean up Cleveland.

Bro. F. B. Hanes, first Crocker, called on the boys at "NG" recently when returning from his vacation at Hamilton, his old home. He has purchased a touring car and Vibroplex. The nons will certainly have to run to cover now.

It is now Bro. D. C. Stoaks. He recently bid in Kunkle second, relieved on second Magee by Extra Pavers.

Bro. W. B. West, second Westville, and wife were recent Chicago shoppers. The electric bell recently installed at Westville crossing gets on the boys' nerves. Their new flower beds are beauties and show careful attention.

Bro. Jas. Sero is now at Tolleston as bill clerk.

Bro. R. H. Bowers, third Gary, and wife spent Sunday, May 3d, at his old home in Helmer. Freight Agent J. D. Herr, of Gary, is visiting in Houston and Dallas, Tex.

Bro. Bahl, of Gary, took in the sights at Chicago recently.

The Western Union has installed a new ticker in "MN" Gary, to get the baseball "dope" on. The boys there say their motto is "No card, no favors," to the "tourists" who apply for work at that point.

Bro. C. W. Edson, second Ashley, was off a few days recently visiting relatives in Fort Wayne and Bro. A. W. Bailey, agent Willis, and wife.

It's getting near schedule and vacation time. A card helps to get them both.

Bro. E. Brown, third Britton, on his vacation, was relieved by G. W. Rowe.

Bro. R. A. Mills, agent Crocker, wife and little daughter visited Westville in a big touring car May 9th, the former playing out in the field in the opening ball game for the Westville team.

I wish to thank all who sent me items for this write-up, and hope they will come again. Boys, we want to soon go up for a better schedule, giving us more money, so let us do all we can to get in all the nons on this division. Remember our motto, "No card, no favors."

**Decatur Division**

Boys, you should attend every meeting of St. Louis Division No. 2 you possibly can get out to the first and third Mondays of each month in the Odeon Building, Grand and Finney avenues, St. Louis. This is the only place you have an opportunity to attend a meeting, and it is your own division. If you have anything to say, the division room is the place to come to and speak your piece, as you have a right to your opinion.

Everything in our constitution at one time was the private opinion of some one individual. If the majority thought it best, they adopted it, if not, they rejected it. So don't be afraid to come out and say what you think because it may be unpopular; some day it may mark for uplift and progress.

Brothers, there never was a time when there was greater necessity for working class solidarity than at present. In Colorado, State laws with reference to labor are practically inoperative, and innocent women and children have been murdered because the miners asked for a little more of what their labor has created.

In the Dewitt County jail at Clinton, Ill., lies one of labors' staunchest and truest friends, Carl E. Person, editor of the strike bulletin, the official organ of the System Federation of the Illinois Central shop men, awaiting trial charged with the murder of Tony Musser, a slugger for the Illinois Central, who decoyed him from his office by misrepresentation, attacked him without provocation and severely injured him. While cut and bleeding Person drew his revolver and shot Musser dead. He is now being held without bail for defending himself against this brutal giant. Organized labor throughout the country is rallying to his support, but it will require both publicity and funds to help Person to get a fair trial. Every individual member should contribute what he can, and every local and system division should lend a helping hand. Today it is Person, tomorrow it may be one of us.

Bro. C. C. Hess is now at home at Sullivan waiting for something to show up.

J. T. Duncan, agent Windsor, on thirty days' vacation, was relieved by Bro. T. C. Burwell.
Bro. Holmes and family, of Cornell, recently visited over Sunday with relatives and friends at Steele, where he was formerly located.

Bro. Stephens, of Ashburn, spent a few hours with the boys at Forest lately.

An order issued on the north end prohibiting the use of motor cars by employees unless duly authorized affects several of the boys who purchased cars expecting to spend their leisure time along the banks of some stream with hook and line this summer.

Forest agency now on bulletin again, Bro. Nelson having failed to take it.

Bro. Fleming bid in first “AH.” Bro. Koeller, off a few days, was relieved by Bro. Settles from the “Van.”

Bro. Summers has been awarded Swann agency.

Bro. Kurtz, Manhattan, off thirty days, was relieved by Bro. Engle and he by Bro. Hultz. Bro. Link has returned to third after several month’s tour of the West.

Palos crossing opened again, making a twelve-hour job for Bro. J. L. Rufly who worked there last summer.

Bro. Evans, extra Symerton, resigned.

On the return of Dispatchers Lomison, Sullivan and McCormick from their vacations, McGrath, Fightmaster and Renner will go back into the telegraph service. There is not much work for the extras.

G. R. Layher has gone to the Pere Marquette, relieved by W. D. Lewis.

The write-up in April should have stated that Bro. Keyes resigned from Stonington instead of Staunton.

Sister O’Neill is still on third Staunton. Bro. M. W. Million is on Stonington third.

Bro. Newlin, first Staunton, bid in Stewardson agency, and first Staunton was bid in by Charley Case from third Litchfield, now Bro. Case. We hope bad company won’t spoil Bro. Crack, and that he will be able to show the boys the error of their ways.

Bro. R. R. Heerdts, agent Boody, is visiting in Tennessee, relieved by Bro. T. C. Burwell, who later relieved Bro. L. L. Steinheimer on second a few days.

Bro. P. W. Ishmael, second Staunton, was a recent Decatur caller.

Bro. W. E. Moore worked first Litchfield ten days recently.

Many thanks to those who assisted in this write-up. Hope you will all do the same next month.

R. V., Cert. 1613.

Peru Division—

J. W. Kieff, third C. & O. crossing, off a few days on account of sickness, relieved by H. Brooks.

A. H. Barto, third New Waverly, off a few days on account of sickness, relieved by G. May, a new man.

T. A. Kinsey, third “Z” Peru, on thirty days’ vacation, relieved by L. R. Cochrane.

W. L. Craig, on extra list past three months, now out of service.

Recent assignments: S. D. Bridenbaugh, second Wauseon; C. F. Smith, third Tilton; F. O. Graham, third Hugo; R. Hoover, third Gould, and Walter Muzzy, second Butler. First “GS” tower and second Willimasport on bulletin.

Dispatchers’ force reduced, Edwards and Gladden taken off. They are now on vacation. When they return other dispatchers will take their vacations, and by the time all are through, about August 20th, business will probably justify putting them on again. We hope so, at least, as we would not like to see anyone hitting the extra list who has been regularly located.

J. S. Rizor, L. C.

Mobile & Ohio R. R., Div. No. 2.

Murphysboro District—

Bro. E. W. Looper relieved at New Ilianos several nights by Extra Crocker.

Bro. Brewer, second Pomona, off four days fishing, relieved by Bro. Crocker.

Bro. McCord, agent Pomona, off four days, relieved by Extra Summer, who also relieved Bro. House, third there, a few days.

Bro. McNealy, agent Burksville, off a few days sick, relieved by Bro. Mathis, and G. B. Satter, second “BK,” off three weeks on account of sickness, relieved by Extra McDermott.

Bro. H. E. Parker, agent Ava, while taking in the sights at “St. Louie,” was relieved by Mr. Zimmer.

J. E. Cox, agent Baldwin, relieved a few days by Mathis, on account of death in family.

Bro. Spencer relieved several nights at Oraville while sick by Extra Summer.

I am indebted to quite a number for items this time, especially the extra men, who all responded with news. Keep it up; it’s fine business.

I wish all you operators on Cairo Terminal would send your items to Bro. McNealy at “C4,” or mail direct to me. I don’t want to overlook anyone, but it is impossible for me to get news on the Terminal, having no wires to listen to.

Bro. Haynes, second Waterloo, off a few days, relieved by Bro. Crocker, and Agent Greer, Jonesboro, by Fletcher.
Cairo Terminal—

Bro. M. M. Hayden, Davis, relived a few days by Mr. Elsey, and Bro. Billings by Bro. R. R. Hayden, relieved by Extra Hullien, from Sandusky.

J. B. Gannon, extra dispatcher from Davis tower, relieved Dispatcher J. P. Hayden and J. H. Haiden a few days.

Bro. Hill and McNealy, "CO," are putting in eleven hours now, with banana and vegetable billing, with prospects of being much heavier shortly.

Boys, when sending in news, always give full names of persons and places, and whether Bro. or Mr.

Any who are working under conditions with which they are not satisfied drop Bro. Murdough a line, so he can take it up with the management. Have your grievances ready when the regular letter is passed around previous to Bro. Murdough going to Mobile in July. He is going to try to have every job pay extra in accordance with the amount of work done solely on a minimum basis. The only way he can do anything accurately is for you to describe your work the best you can, show just what you have to do and why it should pay more than the regular minimum salary. Co-operate with him, so he will be in possession of information that will get us the raise that is needed.

Bro. Lameson, third Alto Pass, off a few days, relieved by Extra Zimmier.

Conditions are steadily improving, but we must keep the harness on and live up to the O. R. T. rules if we expect to continue progressing. The number of nons on this end is gradually decreasing, and others have promised to come in, but sickness is holding them back.

Write Bro. T. R. Knauer, assistant local chairman on this end, and he will give you all the information necessary.

A new interlocker tower is being installed at Levee Jct., Cairo Terminal. This will be quite an improvement over the old hand switches. There being no flood stage at Cairo this year, the officials are better prepared to improve things along the line and also help the "ops," which I am confident they will do.

"The Molly" has been doing the business of its history, and it keeps the equipment "on the hike" to move the business. The big engines have cut down train crews, but haven't lightened telegraphing.

Don't forget your items, not later than the 20th of each month. "X," 973.

St. Louis & Southwestern (Cotton Belt) Lines, Div. No. 2.

Rap, rap, rap! Good morning. May we come in? We have been so long on the road that we are weary, hungry, thirsty, and would like to sit down and rest our weary bodies, quench our thirst, and satisfy our hunger.

Thank you, sirs; it is such a blessing to sit at the O. R. T. table with our brothers from the other roads, where so many good things have been provided for us.

How shall we ever repay you for this favor. Bro. Perham and Bro. Newman? There are improved hours, overtime rules, seniority, right of grievance, improvement in transfers and relief work, and work at wrecks, relief from such objectionable work as scrubbing depots and out-buildings, an increase in wages to many, no discrimination on account of membership in any railway labor organization, positions bulletinied! My! won't that tickle our palates? Watch us, brothers, lest we overeat and founder.

"Hully Gey!" Look what delicacies our brothers have, further up towards the head of the table! Here, you B. & O. S.-W. and Mo. Pac. brethren, please pass some of that "leave of absence without loss of pay" sauce down this way. My dear Frisco brothers, pass us some of your "better wages" preserves. Say, you Can. Pac. boys, don't be so hoghish with your "Sunday off" dessert; pass it down here, I say. You I. C. boys and—what's that? "Not quite so fast, Mr. Cotton Belt brother, you have considerably more to start with than we had. These delicacies that you are asking for were only secured after years of hard work. We have established a precedent and set an example, by which you Cotton Belt boys will be the gainers, and which will enable you to secure these delicacies much sooner than we did. But your men will have to join the organization. See to it that the committee is of the right material, and then stand solidly behind it. That's the way we did. If you think that after the many years of self-denial, during which economy was necessary to such an extent that your menu consisted of nothing much more than saw belly and beans, that you can really enjoy these delicacies, then join our organization and assist in securing them. Some have eaten nothing but huskings so long that they do not appreciate cake and pie, but the telegraphers on the Cotton Belt are not afflicted with such a poor digestive apparatus now."

The committee did its very best and secured the most favorable settlement possible under existing conditions. The only regrets, the only heartaches we have left is that so many good men have had to suffer the loss of their positions on account of our little difficulty. We hope, though, that before this is before you that all men will have been reinstated to the positions from which they were dismissed. We did not get all that we asked for, that is true. However, the end of the earth is not expected before another meeting with the officials will be given us. More concessions will be secured then, and each succeeding year, until you will have a schedule worth while.

By this time each of you will have received a copy of the schedule. Study it; do not violate it, nor let it be violated by a telegrapher or the company without referring the matter to your local chairman. If any part of the schedule is not understood, ask him to explain.

The committee never met each other before we assembled in Tyler. We were strangers, but
immediately we were filled with such a brotherly feeling for one another that it made the work of the committee proceed perfectly and harmoniously. My work and associations with them, both on and off the committee, were of the most pleasing. I shall cherish their acquaintance always, and feel the richer for having associated with them. I have a complaint to make, however, against Deacon Palmer for persuading me to eat chop suet, and we had to eat pie to take the taste out of our mouths. Camp, Jordan and Palmer were men who seemed to be all heart. Not one but who stood ready at any time to sacrifice himself for the men they represented. Brighter, more capable committees there may have been, but none truer or more faithful in the discharge of their duties.

I ask that the O. R. T. men on the Cotton Belt, and everywhere, render the very best of service. Perform your duties in such a pleasing and efficient manner that our officials will be forced to acknowledge that Order men are the best. Be loyal to your company and to yourselves, remembering that loyalty, like charity, begins at home.

Our association with everyone around headquarters at St. Louis was delightfully pleasing. President Perham, Grand Secretary and Treasurer L. W. Quick, those old warriors, Finnian and Long, McQuade, Bull, Burcht, McElhinney, Hill, Dougherty, Weidner, Schutt, Waples, Thomas, Christianson, Fringle, Livsey, Veach and all the rest, made us welcome and feel right at home. Members passing through St. Louis should not neglect to call at headquarters. They want to meet you, and you should meet them.

Particularly do I wish to thank President Perham and First Vice-President J. A. Newman for their valuable assistance during our negotiations. Without it we would have been as a ship at sea without its rudder; and also we thank that gallant band of organizers, Brandon, Dunn, Huff, DeBus, Holton, Schroeder, Bray and Dellaplanke, who did such efficient service at the front; and lastly, we thank the men on the Cotton Belt, who gave this committee such loyal support. After all has been said, it was the men out on the line who made it possible for us to place a schedule on the Cotton Belt. Gentlemen, all, we thank you, and thank you again and again. I trust that some time I shall again have the pleasure of meeting each and every one of you.

GENERAL CHAIRMAN.

Ilmo Division—

At last we have the long-looked-for schedule. Boys, it is a great improvement over old wages and working conditions; now, help us build up our organization in anticipation of the time when we can again go before the management and ask for what the future will prove we need and are entitled to. We had a long, drawn-out conference, but the sacrifices made and the courage and determination displayed by the men involved helped us eventually to win. Our business now is to organize, and the only one way to do this is to keep after every non-member you know until you convince him he is wrong and you are right. It is not necessary to threaten, coerce or intimidate anyone to get his application, a member secured in that manner would not make the kind of man that we would want. There are sufficient good and substantial reasons to convince any fair-minded thinking worker that it is not only to his personal advantage, but necessary to the advancement of the working conditions and wages of his craft as a whole, that every man affiliate with and support his craft organization. When a man's membership is secured under these conditions and he becomes imbued with this knowledge and belief he will join and become a good working member.

Let us remember the old axiom, "United we stand, divided we fall," and don't rest until we can say, "Every telegrapher on the Cotton Belt is a member of the Order of Railroad Telegraphers, believes in it and will support the principles it represents."

We should make every effort to improve the service and eliminate every cause for complaint by the officials. In doing this we will not only prove to them that we appreciate the concessions granted in this, our first schedule, but also convince them that we are worthy and deserving of greater concessions when we ask for them in the future.

S. G. CAMP, Local Chairman.

Ilmo Division Notes—

Our committee is to be complimented upon the successful termination of the long drawn-out conference with the management, which gives us a new birth of prosperity under a new schedule. We are all very grateful to the management for the courteous treatment shown our committee during the past five months, and we must show our appreciation by giving the best service possible. We have a good schedule, which contains some articles better than we expected. Our committee done exceedingly good work, for which we are all thankful. Each member should take a particular interest now as it is a matter for his own welfare. See that your dues are paid promptly and that not a single member goes delinquent. See that the nons around you realize the necessity of our being 100 per cent strong, and we need their help to accomplish this. If each member does his duty in securing the few nons still out of the fold ere another year rolls around we can have just as good a schedule as any road in the southwest territory.

This is my first attempt at writing for a publication, and I trust you will furnish me with all the news you can so we can have a write-up every month.

Bro. H. J. Rudy, report man Ilmo, was relieved by Extra Dispatcher S. D. Irwin, and returned to Malden third, his former position.

Bro. Shelton, second Jonesboro, off a few days, was relieved by Bro. W. R. Hensley, and Bro. G. W. Laws, first Malden by Bro. Williams.

G. A. SIMMONS, DIV. COR.

Our joint meeting, held in Elks' Hall, Joliet, Saturday, May 9th, proved very successful. Quite a number of the brothers were present from the various lines entering Joliet. Bro. Wagner, local chairman, Rock Island, presided.

Among those present were: Bro. Newman, Bro. Jones, chief telegrapher Division 91; Bro. Brown, and our general chairman, Bro. Gents, all who made some excellent talks on various matters pertaining to the betterment of our fraternity, and a number of important subjects were discussed and explained.

The brothers not present missed more than they realize, and we regret very much their inability to attend.

We contemplate organizing a joint telegraphers' club in Joliet, which will no doubt prove successful. The recent change in time table prevented many from attending from the south, but the brothers from the north had good train service between Joliet and Chicago. Boys, you should attend these meetings, get acquainted, and learn what's going on, and if you have any grievance let it be known in order that it can be discussed and settled satisfactorily to all concerned. We should have a better attendance at our meetings and develop more enthusiasm. We hope our next meeting will be well attended and every station be represented.

CERT. 1266.

Relay Division

The Relay Division is sound, with the exception of "DV" Kansas City, but the future looks quite promising, as the brothers in the Relay Division have been doing their share of the work getting in the nons. Keep up the good work, brothers; if you know of a non who should be furnished blanks advise your local chairman, and in the meantime try and land him.

Let's remit Bro. McElhinney promptly for our new cards as soon as we receive the notice, and keep right up to date.

Bro. De Normandie, "GO," has gone East on account of poor health.

We are expecting quite a large attendance at our Bloomington meeting, June 20th.

H. L. MAJOR.

Northern Division and P. & N. Line—

Bro. Mahan, Covel, was relieved while painting and moving into his new house by Bro. Frensdorfer, relief agent.

Ashland third cut out, Mr. Feathers back to third Glenn. Bro. Robinson, first Ashland, on his return from Missouri found his nine-hour job changed to twelve hours, using only a leverman, with a $7.50 per month decrease in Leverman Schamburg's salary. Mr. Crank, second Ashland, bid in Stanford agency.

When the committee goes in again telegraphers should be granted annual passes for themselves and wives, same as the agents get now.

Tower jobs at Minier, Mason City, Ashland and Murrayville have been cut to two men, with a leverman on twelve hours. Bro. Walters is working the levers at Mason City.

Agent McDonald, Green Valley, promises to join this month.

P. & N. Jct. closed, F. Langford going to Green Valley tower nights, and Mr. Clenden to San Jose days.

One agent says he has never derived any benefit from the Order. Remember, "No card, no favors."

Thanks to Bro. Schlicht, first Pekin, for assisting with the items in this write-up; wish some of the other members would do the same, then we could be properly represented. C. Waigh.

Southern Division—

It is surprising after the amount of energy expended by organizers in the past year that we still have a few who still refuse to join the Order, that not only protects themselves, but also the little ones at home. We anticipate a nice increase this fall. This was not the case before a few live ones started the ball rolling. It was simply "$5.25 and $5.50 this year and every year thereafter. Gee, but I'm a lucky guy." Get it?

Bro. Leslie Baker, first Atlanta tower, claims to be some checker shark. It takes brains to be one, also to have a card. The nons should read between the lines.

L. E. Mason, second Atlanta tower, is still between two up-to-dates; likewise, A. C. Carlson, second Lawndale.

Bro. Melton, third Nilwood, is taking thirty days off, relieved by G. O. Davis, a new man.

Bro. Vosburg, agent Sherman, has resumed duty after a six weeks' vacation.

Sister Karr, first Carlinville, called to her home on account of the illness of her mother, was relieved by Mr. Jacobs, second Carlinville, and he by Mr. Schlicht, from Nilwood.

THOS. RILEY, DIV. COR.

Western Division—

Bro. Sommers, of Pleasant Hill, recently received a pleasant visit from his sisters, of McCredivie, Mo. Wish someone would persuade Miss Sue to join.
It is now Bro. Waddell, at Slater, and Bros. Stubblefield and Adams at Mexico. Please send Local Chairman Mullen, at Pleasant Hill, the name and address of every non you know of.

Boys, give the company your very best service, very few have been laid off so far. Attend strictly to business and you will be kept at work.

Since the dispatchers were put in at Roodhouse business moves along in fine shape, with A. C. Poole chief, and two trick men from Kansas City. A fine set to work with. Kansas City had too much track to handle alone.

Bro. L. A. Winn, third Marshall, Mo., is now on first Straut.

Sister Ellen Hughes has moved from her old home at Carder, Mo., to Kansas City.

Bro. W. R. Branscomb is back on third Blackburn after being off several weeks owing to his wife's death at Alma, Mo.

Bro. A. F. Bergschneider was relieved on Higginsville third on ten days' honeymoon by Bro. W. F. Baker, now relieving at McCredie, Mo., agency.

---

IN MEMORIAM.

WHEREAS, It has pleased our heavenly Father and all-wise Ruler of the universe to take unto Himself the beloved wife of our dear Bro. W. R. Branscomb; in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of Chicago & Alton Division No. 2, O. R. T., extend to the sorrowing brother and members of the afflicted family their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy spread upon the minutes of the meeting and a copy forwarded to The Telegrapher for publication.

O. P. MULLIN,
E. A. GIMSDLE,
W. P. MAUPIN,
Committee.

CARD OF THANKS.

BLACKBURN, Mo., May 8, 1914.

Through The Telegrapher I wish to thank my brother telegraphers and others for their sympathy, the beautiful floral offerings and their kindly remembrance of me in my great sorrow in the loss of my beloved wife.

May the richest blessings of heaven be with you and yours.

W. R. BRANSCOM.

C., St. P., M. & O. Ry., Div. No. 4.

MINNESOTA & IOWA DIVISION——

Another old land mark has gone. On May 3d E. E. Gresham, for many years agent at St. Peter, passed to the great beyond after a lingering sickness with hardening of the liver. The railroad boys presented a beautiful floral wreath, and as there was $20.00 raised, above the cost of the wreath, it was given to Mr. Gresham's little boy, Quinton.

Bro. W. W. Jones, at Miloma, is on three months' leave, relieved by Bro. F. F. Frost, of Merriam.

Bro. O. J. Smith, of Brewster, has taken up his new duties as agent at Wilder. Mr. Barnisch, of Minnesota, was sent to Brewster several nights, relieved by Bro. C. R. Williams.

Bro. J. L. Kelly, of Stone, spent several hours on the shady banks of the Minnesota River recently in a vain endeavor to entice some of the finny tribe his way, but there seemed to be "nothing doing."

We were pained to learn of the death of the sixteen-year-old son of Roalmdt and Mrs. C. Lundquist, at Eau Claire, May 12th. Interment taking place at Altoona. The telegraphers extend sympathy.

After a few days' stay in his regular position at Heron Lake nights, Bro. W. J. Jarman hit the relief trail again. During the eighteen months since he was assigned to Heron Lake he has been there only ten days, the balance of the time has been put in as relief agent. He is now relieving A. W. Beck, at Slayton, for several months, after which he will undoubtedly take up his new duties as second telegrapher at Belle Plaine.

Bro. F. H. Spaggen and E. T. Brady, filling in at St. James on the side wire, are delivering the goods.

A. P. Jamieson is working as dispatcher while the different trick dispatchers are taking their vacations.

A. E. Stempel has been acting agent at St. Peter since Mr. Gresham's sickness, relieved by Bro. C. N. Frank, from Belle Plaine.

Traveling Freight Agent L. A. Mizner reports that the prospects for a splendid crop was never better.

Mrs. J. N. Alvord, wife of Bro. Alvord, of Mountain Lake, is improving very slowly from her sickness and operation.

Bro. M. Hayes, of Blue Earth, bid in and has taken charge for three months, at Sioux City shops, relieving R. R. Phillips, who was there temporarily, and who now has his application papers filled out.

General Chairman Bro. W. J. Liddane, who attended the general chairmen's meeting in Chicago, May 12th, 13th and 14th, returning initiated Bro. J. L. Mayfield, at Crofton, Neb., into his new duties as local chairman. From there he went to the Northern Division in the interests of the brothers there. Later he transacted business with the general secretary and treasurer, and wound up by settling a few grievances satisfactorily at Eau Claire.

The dues-paying period is again upon us, and as money is what talks and is what makes the mare go, it is quite essential that we respond promptly. Remember that your dues should go to the general secretary and treasurer, and your insurance assessments to the grand secretary and treasurer, if you will bear this in mind you will save work and confusion, and will get a new card quicker.

As we start on the homeward stretch of this grand old year 1914 let us cast about to see if we have done our duty. Have we taken as much
pains as we should in seeing that non-members have had an invitation to come in with us? Have we asked our neighbor if he has received his new card? Or have we been so busy that we have failed to do this? Individual effort is what built up the O. R. T. to its present high standard, and the same effort is what will keep it built up. Now, it's up to you to exercise some of that individual effort, for it's dollars and cents to you.

There are a few on this division that should feel ashamed of themselves for not lining up; they are setting back accepting the betterments that your money is bringing to them; you continue to help them along by doing them favors, and they are holding your committee back every move they attempt to make.

A. J. Lang, at Ottawa, is still satisfied to take the increase the O. R. T. got him, but thinks because he is not a member he stands higher in the estimation of the railway officials, and by delivering the goods secured the agency at Ottawa. Another "cigarette dream."

J. H. Nelson, at Shakopee, refuses to loosen up, although he admits the O. R. T. has boosted his salary $15.00 per month in the past ten years.

A. E. Stemple, at St. Peter, is on the wrong side of the fence, because, well we think because his candidate did not win out in the last election.

Jack Linehan, at Hereon Lake, and E. R. Butterfield, at Ashton, both nons by mutual agreement, have no grievances against the O. R. T., but it's cheaper to be out than in.

Dad Beyer, at Dundee, is getting his money back from the O. R. T. which he didn't get, thanks the local chairman handed him something; maybe he did, but not intentionally.

Will you know about the rest of the nons next month.

**Members Nebraska Division**

Having succeeded Bro. Poole, who resigned to go into the banking business, and being elected by you to succeed him as local chairman, I wish to thank you all through the columns of the journal for the honor you have conferred upon me.

Being practically a stranger to most of you I consider it a great boost. In assuming the responsibility of local chairman, I will do my best to have any differences between yourselves and the company righted. The position is new to me, but I hope every one of the brothers will do his part, keep up his dues, and drop me a card before the 20th of each month, advising me of any changes or news of interest. This will be greatly appreciated.

Every member on the division should keep paid up. Get after the non next to you, and give him no rest until he gives us his application, and I will do the rest.

I desire to thank Bro. Poole for what he has done for us, and wish him success in his new undertaking, and I think expresses the sentiment of every brother on this division.

With best wishes for the success of every brother on the division and the Order, I am,

**J. L. Mayfield, Local Chairman,**

Crofton, Neb.

---

**Nebraska Division Notes**

Many of the brothers from the branches were able to attend the union meeting in Omaha, Sunday, May 10th, as they have no train Sundays.

Bro. Mayfield, of Crofton, succeeded Bro. Poole as local chairman. We trust he will be given the support of every member in lining up the nons.

M. R. Hansen relieved Bro. Mayfield at Haskins pending relief by Bro. Mathews, of Tekamah, who bid it in.

Bro. Gabrielson, at Bancroft, transferred from Division 76.

Bro. C. F. Wilson, of Division 130, is on second "C" Omaha while the dispatchers in "C" are laying off.

Bro. Potts was off several weeks owing to the sickness of some of his folks.

Bro. G. W. Smith was relieved a week by Bro. Fox, of Maskell.

Bro. Gabrielson took in Sioux City sights by "gas light" several nights recently.

L. G. Hallisey, Coburn, resigned.

Brothers on the Wynot line, run in the man at Jackson, and make it solid; take turns getting after him.

Bro. Schaller, of Fordyce, has been very ill for two months. We all hope he will soon be out and able to work again.

W. M. Wassum, relief agent, on three weeks' vacation at Lodge Pole, Neb., will be with us on his return. Former Bro. E. W. Wilson, at Hubbard, will also be with us soon.

Brothers, help the local chairman to get the nons north of Emerson in line; ask him who they are.

If you lay off, are sick or know of any items that will be of interest to any of the brothers, advise the local chairman.

---

Carl Knudsen, returning from a visit to home folks, was assigned Nacora station, vice Mr. Wassum. Someone get after Wassum, he has the papers.

Mr. Jager relieved at Fordyce by Mr. Dyke, from Bloomfield, for an extended trip to Boston, has promised to come in.

Mr. Hanson is at Haskins pending bulletin.

Bro. Mathews, at Tekamah, was the first to pay his dues till December 31, 1914, and Bro. Fox, at Maskel, is the next. If some of the delinquents would pay up their back dues this month it would be very encouraging. Keep after them, brothers.

Wanted—Some live brother on the "BO" line, and another on the "ON" line to secure a few notes each month. Not a single note received this month from any of the brothers.

Bro. Schaller, agent at Fordyce, is back from the Omaha hospital for a few days on a recuperation trip. We are glad to see him out and hope to soon see him back to work again.

Bro. Stevan is at Sholes, vice Mr. Halpin, who went to "SD." Someone nail him. Premium in it if you do.

Bro. Parchen is being relieved by ex-Bro. Hatherne, from the "Q," who has promised to come
THE RAILROAD TELEGRAPHER.

in soon. Bro. Parchen is spending his time with home folks at "KS" and on the reservation among the "Injuns" in South Dakota.

Mr. Plumleigh, at "U," has the papers; someone see that he gets into the fold.

Bro. Liddane spent a day at "RO" recently transferring the O. R. T. records from Bro. Poole to Bro. Mayfield.

Bro. Donahue was recently transferred to Division 96.

Ex-Bro. Wilson, who bid in "HD," will also be a brother soon. The old-timers appreciate what the O. R. T. has done in the past.

CERT. 155.

Eastern Division—

The Wedges Creek gravel pit opened May 10th for about two months, patching up on the new line between Baldwin and Northline, with Bro. Waldum as operator. Dispatching force split at Eau Claire—Mr. Swanson on east, Mr. Stubbs on west and Mr. Rosencairns to side wire. Seems good to hear "RO" back on the job. Later Bro. Waldum relieved Bro. Barne, first Sheppard, on two months' leave to the coast, relieved at pit by Thomas, a new man, and Lennie working at junction.

Roy Bigger, first Merrillan, relieved for a month by a new man from M. & I. Division.

Mr. Johnson, second Levis, is farming on the side. It keeps him busy running back and forth between there and Tunnel.

Bro. Engbrethson relieved Mr. Pope at Knapp a few days.

Mr. Gaffney, hurt about a year ago at Minneapolis, still has to walk with a cane. He bid in Hersey agency. Bro. Phillips on Northline agency pending bulletin.

Bro. Campbell relieved Bro. Mullhollam at Elwood for two months.

Brothers now delinquent, you are in the same class with the nons. Your insurance is all to the bad now until you pay up, and if anything should happen to you your families are unpardoned for. It doesn't cost any more to pay up one time than another. Don't hang back, and wait until the last minute. The Order needs your support at all times, and you need its protection. Send in your dues at once. The time is drawing near when our committee will go before the management to ask for something better for you, and will need your support both financially and morally. It can go in with more confidence with a solid backing. Do your share.

No news from west end this month. Some of you brothers up that way send me a few items.

CERT. 7.

Northern District—

The membership is pretty well paid up, but we have too many nons on the road yet.

Local Chairman Jacobs, who went to Chippewa Falls, May 9th, in the interest of the Order, was also in Spooner with Bro. Liddane, May 13th, interviewing the officials in regard to O. R. T. matters. Many members are going in to Spooner for examination on eyesight and hearing.

Frank White relieved Bro. Sauleen at Barolett, who drew Solon Springs third.

Bro. Reid, agent Deer Park, got agency Boardman instead of Bro. Olson—error in bulletin—Reid being the oldest man.

Mr. Britten, agent Jim Falls, off on account of sickness, relieved by Mr. Trogan, of Eastern Division.

Bro. F. J. Payson, member of State Guards, attended the Chippewa Falls review.

Harry Thorpe, of Hayward, has taken out papers again. Mr. Filbey, of Duluth, and Mr. Carriere, of Spring Brook, both joined recently, also I. W. Morris, New Richmond.

Mr. Coultier is on first Clear Lake.

Understand Bro. W. E. Steiner is coming back, as he does not like the hardware business.

Bro. Amdahl's job at Burkhard was bulletined in error last month, being temporarily located at Minong, but not assigned any other agency.

Our committee is going in soon again, boys, and we should see that it has the financial as well as the moral support of at least 90 per cent of the men on the division. A little money expended now will be returned to us ten-fold in the future. Let's be there with the support.

Div. Col.

Kansas City Southern Ry, Div. No. 5.

Bro. J. C. Smith, second Trigg street, is contemplating a trip shortly to Vicksburg, Miss., a visit to his mother at Hammond, La., also to New Orleans, La. Understand he became quite a hero on a boating excursion recently by saving one of the ladies of the party from drowning. Bro. T. M. Sims, first Trigg street, visited at Horatio, Ark., recently.

Bro. H. E. Long, "J" shops, while on the sick list was relieved by an extra from the Western Union.

Dispatcher Moss, of Texarkana, is on vacation, visiting Los Angeles, San Francisco and other coast cities; on his return he will visit friends and relatives at Kansas City, Mo., and Lansing, Kan.

Dispatcher James was on a fishing trip recently, some of his catch weighing over four pounds.

CERT. 95.

Nebraska Division, First and Second Districts—

Bro. F. J. Hansen, who has been relieving Bro. Parker at Maxwell, relieved Mr. Clinton at St. Paul, resigned; agency on bulletin.

There are some twenty-five extra men on the entire division, and it has been a problem to pass the little extra work around.

Bro. J. W. Stepnoski, all are glad to learn, is able to resume work, displacing W. B. Hanson, extra, at Cozad.

Bro. Dohner, at Elm Creek, was relieved a few days recently by Mr. Robert.
Bro. J. N. Collier, who drew Kearney third, was bumped, owing to reduction at North Platte, by Bro. F. J. Evans, who traded jobs with Bro. W. J. Lewis, of Dale Creek.

Bro. Brown was relieved by Mr. Roberts at Eddyville while he drove a brand new Maxwell roadster up from Omaha, via Grand Island. I am under obligations for the spin he gave me.

Bro. L. M. Knoop is relieving Bro. Stevenson at Arnold for three weeks while he visits relatives on the Northport branch.

Bro. W. E. Dodendorf has gone to the claim near Keystone he drew in the North Platte drawing last fall. The boys are glad to know that he secured some very good land. Bro. Feeney, bumped by Bro. J. W. Langley, is relieving him.

Bro. C. E. Cole was displaced in the dispatcher's office at Grand Island by the closing of Sidney dispatcher's office and taking care of the dispatchers there. King is back in the relay office, bumping me to the graveyard trick, and Bro. J. H. Atchison is waiting for something to show up.

A fine, new-model switchboard will soon be placed in the relay office at Grand Island. The wires are now being brought under the tracks in a cable. This should eliminate wire trouble in Grand Island yard. The latest model flutometer is also being installed, and we will have the distinction of being the first office on the system so equipped. Naturally, its work will be watched with interest.

Fred Shumaker, at Silver Creek, was off several days, looking at St. Paul agency with a view of bidding on it.

Bro. Geo. Birmingham was relieved at Columbus a few days by Bro. E. W. Laum, of Valley.

Three men have been taken off in the general office at Omaha. Bro. Langley went back to yard office Grand Island, bumping Bro. Feeney; Bro. Cochran back to North Platte, bumping Bro. Evans, and Bug Holmes is sitting at the hole in Omaha.

Her many friends were sorry to hear that Bro. Joe Ackerman's wife fell through a defective manhole near her home in Omaha recently. No bones were broken, however, and the prospects are she can command all her grace at the next club ball we have in Omaha.

K. P.—

Deer Trail closed as a continuous office May 1st, Woodward and Bro. Barnhart going to Byers, which was made a continuous office. Agate also opened as a continuous office with Mr. Girdner and Bro. Schneider, new men, working the two tricks.

We were pained to hear of the recent death of J. Q. Matthews, our old trainmaster, at Lafayette, Ind., who had long suffered with a complaint which finally caused his death. He was well liked by all the boys under him.

A depot inspector made a trip over the line a few days ago. We should all take pains to keep our offices tidy, as that will catch the eye of our superior officials quicker than anything else.

L. C. Durnweg, Agate, Colo.
Wyoming Division—

One man taken off at "N" Cheyenne, and Bro. Cronk working that trick pending bulletin, has resigned. Bro. L. Q. Long has also resigned at "N" and goes with N. W. at Deadwood, S. D., as city ticket agent.

Bro. F. E. Smith, agent Hermosa, is expecting her mother to spend the summer with him.

Bro. Pennington has gone on report job at Evanston, and force cut to three men, Bro. Cue, Thomas and Hix, on first, second and third, respectively.

Bro. Shortridge, Fairbury second, and several other boys were recent St. Joseph callers. Understand the brother is arranging for a newly furnished house and congratulations will soon be in order. R. V. Tye, second Fairbury, is on ninety days leave.

R. C. Harris, of the T. & B. V., got second Marysville; C. F. McCall, first trick there, resigned.

Since the opening of the Western League, it keeps us guessing who is the "DS" these days. Dispatchers Cahill, Watts, Harrison and Meriman are always on the ground. "BO."

Canadian Pacific Ry., Div. No. 7.

Alberta Division, First District—

Mention was made in last issue of The Telegrapher of the transfer of Chief Dispatcher Ryan from Medicine Hat to Toronto. On April 22d, the date of his departure, a presentation was made on behalf of the members of the First District by Local Chairman Brown of a beautiful Masonic emblem ring, set with a half-carat white diamond. The inside was engraved "To J. E. R., from the members of the O. R. T., First District, April, 1914." In response to the presentation Mr. Ryan said he could not find words to express his appreciation of the gift, coming as it did from the boys out on the road, a great many of whom he had never seen and knew only through business dealings, but if any of them ever came to Toronto and made themselves known they would be gladly welcomed by him. Some very beautiful gifts were also made to him by the office force, conductors and trainmen. We wish him success in his new position.

Bro. W. H. McEwan, first trick east end dispatcher, left April 25th on an extended trip to eastern points, Toronto included, where he was married a short time ago. Dispatcher J. A. McLean, third east end, is relieving, he being relieved by Dispatcher R. J. Gough, from "NS."

Bro. Wheeler is also on an extended trip East, which is to terminate in a honeymoon. Seems to be rather contagious among the dispatchers force at Medicine Hat. Wonder who will be the next "victim" there?

Bro. J. H. Boston bid in Kincorth nights; Bro. J. Favreau, Tilley agency; Bro. J. E. Dessert, Bow Island agency; Bro. H. D. Patterson, of Maple Creek, bid in Scepter agency, a new position just opened on the Empress Subdivision, and Bro. T. F. Cain, Retlaw agency. Maple Creek and Brooks days on bulletin.

Bro. Beattie, Carlstadt, spent two weeks on his ranch building stables and incidentally putting in sixty-five acres of wheat—some farmer; relieved by Bro. Barr, Third District, an old-timer.

Bro. C. G. Taylor, at Bassano, has a large hog and chicken ranch started to supply the needs of the surrounding country. Anyone desiring fried chicken or fresh pork sausage call on him. Bros. Wade and Blair have standing orders in.

The discovery of oil near Calgary recently is the sole topic of conversation, and excitement is intense. Several of the brothers will be classing themselves with John D. in the near future from present indications.

Bro. N. K. Black bid in second trick dispatcher's position east end Medicine Hat. Understand he still has visions of that hog ranch, and anyone wanting information on the hog industry would do well to seek his advice. They have inaugurated a "hog day" at Medicine Hat.

I am indebted to Bros. Brown and Burpee for items this month. Thanks, brothers; come again, as every little helps. Wish some brother on the Crow would keep me advised of the happenings on the Lethbridge and Coutts Subdivisions.

As the time is drawing near for your new card get in early and get after that non that is near you. Let's get them all up to date for the last six months of 1914. Get that helper into line also.

Third District—

That was a dandy write-up in the March number. Cert. 1247, you should get some news in every month. I am sure every member on this district was pleased to see the news.

We had one of the best meetings ever held in Calgary recently. We had the pleasure of meeting a number of brothers and one sister of the C. T. U. A. Bro. Pryde, of that organization, is a true union labor man. He gave us a very fine talk, and we urge the brothers of our sister organization to attend all our meetings.

Everybody on this district is oil-crazy since the discovery of oil near the town of Okotoks, south of Calgary.

Bro. McCue is relieving at the yard office in Calgary for a month.
Our brothers of the C. T. U. A. gave a fine dance on May 1st. It was a success and elicited praise from all who attended for the elegant manner in which everything was carried out. As this was their first dance it was not a great financial success, but it is sure to be a grand success the next time. Their invitations were tastefully gotten up in the form of a telegram.

The brother who rode to Banff in a box car to see the beautiful scenery from an unobstructed viewpoint was met at the station by our genial trainmaster who did not approve of the tour very much.

Bro. McFarland has returned from Texas, and is again on nights at Banff.

Bro. Wilkinson has gone to his home back East for a few weeks, relieved by Bro. Williams.

Brothers who do not attend the meetings do not know what they miss; it is the greatest treat we operators can get.

Bro. Dowler, who went to Airdrie when he left this road, is now at Calgary days for the C. N. R. Bro. Rick is back at Sunalta from a visit to the coast cities.

Bro. Buckingham is relieving the agent, Bro. Young, at Exshaw.

When Bro. Taylor, from far-off Coronation, and Bro. Rutledge, from Stettler, can come to the meetings at Calgary, there is no excuse for the brothers on the Big Hill, etc.

Bro. Conductor Fryers, an old-time dispatcher and conductor for a number of years, has been promoted to trainmaster at Saskatoon. Joe will be a success and will be coming back to us as superintendent one of these days.

Several trainmen in my office recently said our magazine was the best of all railroad publications. Of course, we telegraphers knew this, but it was pleasant to have others say so. We have reason to be proud of our TELEGRAPHER.

As I scan the write-ups from different divisions, I notice very many references to Mr. So and So, who, of course, is a non. Now, unless I am writing of an official, I never mention a non. This is a journal of union men, and if these nons want to be mentioned, let them get a card. My idea is to ignore these “Mr.” people entirely.

Our genial dispatcher, Bro. Woodrow Wilson, has developed into a captain of finance or an oil king.

Do not buy oil stock until you have paid your dues and you are up to date. Believe me, you will need your jobs, notwithstanding the oil boom.

About the only out-and-out non we have, had the effrontery to put his grievance in to our committee. Did you ever see a non who was minus his gall?

There are about five or six brothers behind in their dues, all good friends of the writer, and we ask you to get up to date at once. Do it now.

The Educational Bulletin in these days is a large and curious magazine of fiction. Mr. Brown, the American railroad official who introduced this form of discipline, would not be very proud of his invention if he was aware of how it is applied here. It is a living example of the saying, “Consistency, thou art a jewel!”

British Columbia Division, District One—

Relief Agent Bro. Tibbs, relieving Bro. Keetch, agent Field, for a trip to England, was relieved at Rogers Pass by Bro. Kenney, and he days there by Bro. Logan, who later bid in Beaver-mouth nights, relieving Bro. Helmer, who bid in the Pass nights, with Bro. Withler on days extra.

Bro. Yeager, nights Albert Canyon, while ranching on his land at Golden, was relieved by Bro. Neigut.

Bro. Bennett is now at Boulder Pit.

Bro. Von Winkler, Sicamous days, relieved several weeks by Bro. Maloney.

Bro. Hanna bid in “BY” first. Bro. Logan relieved there a few days while Bro. Boyle relieved Dispatcher Bro. Webster, off for a few days to North Bend.

A meeting was called in Revelstoke, May 23d.

Saskatchewan Division, District One—

Barry, from Second District; third, Bro. J. R. Leydon, from Third District. Stations—Limerick, Bro. Turley; LaFleche, Bro. Baker; Woodrow, Bro. Webster; Aneroid, Bro. Boyd; all from District No. 1; Kincaid, Bro. Theberge, Pontiac, Bro. Hennessey; Notoken, Bro. Hunter; Shaunavon, Bro. O’Brien; Cadillac, Bro. Gaudet; all from District No. 2. Our worthy brothers from the Third District seem to be satisfied where they are, or fared poorly in the drawing.

Bro. Levenway, Wolseley nights, and Bro. Green, Pasqua nights, on holidays, relieved by two new men. The brothers will have to send in a little news if they expect a write-up.

We have a few nons on the district. We should see that they send in their papers; have them all lined up in June and help support the schedule they are working under. Casr. 1604.
The Railroad Telegrapher.

Saskatchewan Division, District Two—

The tireless efforts of Local Chairman Horn have at last been rewarded, and F. J. Milestone, agent Dunkirk, and A. J. Cunningham, third “YD” Moose Jaw, are now members, making this district solid. Now, boys, when any new men come around without cards, it is your duty to see that they get in line.

Do not make grievances out of trifles, but if you have any, take such matters up in the way our schedule calls for. That portion in regard to grievances reads: “All grievances in dispute must first be referred to the officer of the company having immediate jurisdiction by the telegrapher aggrieved. If reasonable efforts in this direction does not result in a satisfactory adjustment of the case, he may then file a statement giving full particulars, together with all correspondence in connection with the matter, with his local chairman, who will give it prompt attention.”

Several grievances regarding the placing of operators at stations have been settled satisfactorily. The double track between Moose Jaw and Swift Current, now in operation between Moose Jaw and Herbert and between Notman and Swift Current will soon be cut through, and the operators at Notman will have to chase for other jobs.

Owing to train service, it is impossible to have a meeting at present, but things are in very good shape, better than for a long time, and we hope to have a meeting in the near future.

The few who have not yet paid their first month’s increase should do so at once. Don’t allow yourselves to be classed as “cheap skates.”

We are all glad to see Mr. Trump, our capable chief, back again, after a month’s absence on account of the illness of Mrs. Trump and their four children, who are now on the road to recovery.

General Chairman Mien was in Moose Jaw several days recently, helping Bro. Horn with grievances, and we are hoping for a visit from Bro. Campbell, our general legal adviser, the exact date for which has not been set.

Bro. F. H. Flett, dispatcher Moose Jaw, has returned from his holidays East.

Five of our members bid in positions bulletinized on the Assiniboia Shaunavon Subdivision; A. F. O’Brien, from Lang, going to Shaunavon; T. J. Hennessey, Neville to Ponties; F. L. Theberge, Keeler to Kincaid; N. Hunter, Notman to Notoken, and E. J. Gaudent, Wymark to Cadicall. We all wish them success.

Neville, Glenside, first and second “YD” Moose Jaw, Rouleau days and Outlook nights now on bulletin.

Bro. McConnell, Roche per se, has returned from the South.

Bro. Bowler, Lang agency, is holidaying on his chicken farm in Montana.

Bro. J. Ouellet, Fria’s Pit, has transferred to District 1. Sorry to lose Joe. Drv. Cos.

Manitoba Division, District Four—

A seniority list has been mailed every telegrapher on this district. Any corrections necessary should be taken up with Superintendent Souris and your local chairman notified accordingly, so he can correct his copy.

The called meeting held in Napinka on Thursday, April 23d, had an attendance of fifteen, including Bro. Mien, general chairman Western Lines, who gave a very interesting address, outlining things in general, which we all certainly very much appreciated. We hope to have him again in the near future.

The few who have not yet sent in their first month’s increase in connection with our last schedule will greatly oblige by doing so now, so our general secretary and treasurer can clear his books, and when doing so he wishes all remittance slips filled in full, with division, district, station and certificate number, as shown at top of left-hand slip No. 1. If this is done, it will save him considerable trouble; also your post office address and name of station. Remittances have reached him where only the name of the remitter has been shown on the sheet.

Bro. Herriot, from “D”, is now out on the farm at Souris. We hope that his position, closed in January, will soon be opened, so that we may hear his glad fat on the wire again. None of the positions abolished in January have as yet been reopened, and we have still ten spare men on last seniority list out of jobs—something new for this district. There should be no trouble getting holidays this summer nearly on time.

Bro. J. Casey is relieving Bro. Evans at Carn-duff, and Bro. A. I. Kraft, agent at Bender several years, is relieving Bro. Baker, Napinka station, both on leave of absence.

Our next meeting will be held at Napinka before the rush starts, and we would like as many present as possible. At our last meeting there was only one from the Arcola Subdivision and none west of Napinka on the Estevan Subdivision. Most of you can get transportation and relief for one day by making your request to Chief Dispatcher Scott in time.

The only three nons on the division have all their application papers and promise to come in this pay day. With the two delinquents paid up again, we will then be 100 per cent strong.

Those who have not yet sent in their first month’s increase in connection with the present schedule should attend to it at once.

When a new man comes on the district, find out if he has a card, and if not, do not forget our motto, “No card, no favors.” By each one taking hold of this personally we can keep our district solid. Will gladly send you application papers at any time.
It is now time to remit your dues. Brothers, attend to this promptly, and save our general secretary and treasurer a lot of trouble through correspondence.

A. D. Anderson,
Local Chairman.

**Ontario Division, Districts Three and Four—**

Bro. Milmine, Muskoka days, is on vacation, Bro. McLean relieving, and Bro. McCoy is being relieved by Bro. Pattison.

We are pleased the way the clerks are coming in; Bro. Johnston being the first man here to get a card. Some of the boys find it difficult to raise the necessary funds out of the pittance they now receive, but Bro. Berry, baggageman at "JU," managed to do so, and also get married.

Congratulations.

Bro. Rutledge has our sincere sympathy in his recent sad bereavement.

Bro. Wansbrough has returned from New York, where he found the lights of Broadway as bright as ever.

The three London dispatchers, whose faces appeared in the April number, are really very good looking gentlemen.

Bro. McDonald is relieving Bro. Walker, at Carley nights, who may return with a wife.

Bro. Dan McCaughrin spent Sunday at his home in Mono Road. He is having a very interesting time in Ottawa, but we will be glad to have him back in our midst again when the house adjourns.

A full attendance is requested at our next meeting, as several important matters will be given attention. Bro. McCaughrin and Bro. Rooney expect to be present.

**West End, District Five—**

Special meeting was called in Arnprior, May 9th, by request of one of the brothers who did not attend at all. Brothers present were T. P. Eagen, in the chair; J. C. Rooney, Chairman Eastern Lines, and J. Reynolds, from the G. T.; F. Pierce, Frankton; Geo. Eitherington, Almonte; F. Shanks, Carleton Place; E. Hogan and L. Jelly, Arnprior; N. Smith, Braeside; T. Coulter, Moose Jaw, and J. H. Healey, Renfrew.

Bro. Worley, agent Haley's, on holidays, touring around in his car, relieved by Bro. L. B. Smith. There are a few cautions Mr. Cook can not upset down in Smith's Falls and Dick, I understand, has never run up against this kind yet.

Bro. Bailey, agent at Moath, and Healey, at Renfrew, are tormenting the chief dispatcher for transportation.

The C. P. R. have an A1 baseball team in the league at thesporty town of Renfrew. May they not lose a game.

We all hope to see Bro. Usher at the dispatching table in Smith's Falls before long, and wish him success.

---

**Best End, District Five—**

Bro. Collum is relieving Bro. Legault at Beaconsfield.

Bro. Barclay, relieving Bro. Harvey, has gone back to "DK." Mr. Lauber is back at "MK" nights again, relieving Bro. Collum for the summer.

St. Polycarpe Jct. is busy point, owing to the opening of a C. P. R. branch line to Cornwall. Bro. H. Harvey is back at Kempston nights from his honeymoon. We all extend to him heartiest congratulations.

Bro. Farrel, who relieved Bro. Rioux on vacation, was relieved by Bro. Courier.

**New York Central R. R., Div. No. 8.**

**Hudson Division—**

The regular meeting on May 19th was very largely attended by brothers from along the division. These meetings are very interesting as well as instructive, and any one not a regular attendant is missing something.

Judge Addington, of Albany, gave a favorable decision in regard to the "Two Days Rest Law," and the company gave notice at once of an appeal to the higher court. If this appeal business is going to continue, we might as well try for a law for six days work a week, the same as our brothers in Canada are enjoying, and other lines in New York State now have. It will be just as easy to fight appeals for one day off a week as two days off a month.

It was clearly demonstrated on this division recently that we have "some schedule." When the proposed displacements were taking place our superintendent decided that a position not in our schedule can not displace a scheduled position. One of the men affected protested, but the superintendent held to his previous decision and the men displaced returned to their positions, while the men from the abolished non-scheduled positions had to accept bidding rights only.

Brother, get that non working with you or next to you to come into the order. In 1913 we secured thirty-seven applications. Of course, we can not do that this year, as there are not one-quarter of that number still out, but we can make it less. Get after the few desirables. They can be landed if approached in the right way.

The mother of Bro. Thos. Murray, who was struck, at Rossmans, by an electric car on the A. & S. Ry., died shortly after being taken to the Hudson hospital. Bro. Murray was a member before this division was organized, and we are all sorry to hear of his loss.

Bro. Lockhart, was relieved while off on account of sickness, by Bro. W. A. Smith and Bro. Dedrick, who also relieved on S. S. 54, while Bro. Fraleigh was on committee work. Later Bro. Dedrick relieved Bro. McGranaghan, second S. S. 46, several days.

Bro. A. W. Kubes is now manager of the Western Union at Hackensack, N. J.

Latest assignments: H. Simmons, third S. S. 71; Bro. J. T. Bellew, second S. S. 47; Bro. F. T.
THE RAILROAD TELEGRAPHER.

Hallock, second S. S. 55; Bro. W. E. Trowbridge, third S. S. 76; Bro. Lewis, second S. S. 81.

Bro. Filler, first S. S. 63, off two days moving, was relieved by Bro. W. A. Smith.

Bro.'Bellow covered second S. S. 37 one day for Bro. Ayers. Bro. Clarke put in two nights on second S. S. 90, and he and Bro. Kubes covered first S. S. 77 while Bro. Gardner was off on account of his mother's illness, and Bro. Witty was relieved one night on third S. S. 63 by Bro. Decker, who also relieved Bro. Overton one day on second S. S. 65.

The dispatchers' phone has been installed at S. S. 60, where Bro. Manion was relieved by Bro. Sheffer.

Bro. Dedrick covered third S. S. 71 while Mr. Simmons relieved J. Smith on third S. S. 74 two weeks.

A. A. S., Div. Cor.

IN MEMORIAM.

Whereas, Our heavenly Father has deemed it best to call to her reward the beloved mother of our esteemed brother, Thomas Murray; and

Wheeras, We, the members of the Order of Railroad Telegraphers of the N. Y. C. & H. R. R. R., Hudson Division No. 8, bow in humble submission to the will of Him who doeth all things well; be it therefore

Resolved, That we extend to Bro. Murray our fraternal sympathy in his sad bereavement, commending him to the One who doeth all things well, for help to bear his sad affliction; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy spread upon the minutes of this Order, and a copy forwarded to The Telegrapher for publication.

A. A. SMITH,
W. CLEARY,
Committee.

Mohawk Division, Main Line and W. S. 5—

The day meeting held at Syracuse on May 21st was very well attended.

Bro. Morey, who was present, decided to hold day meetings every odd month, that makes the next one come in July. Brothers, you should attend these meetings and help make them a success. If you have any grievance come to the meetings and talk them over with the rest of the boys. It will do you all good, and make you better acquainted with the men you are working with every day. There is no reason why the second and third trick men between Utica and Syracuse can't attend these meetings. Come to the one in July and have a good talk.

On account of closing all three tricks at Crawford's grade, Bro. J. V. Spencer displaced the first trick man at Frankfort.

Mohawk grade also closed recently, causing H. Cooper to displace Bro. Lee at S. S. V. G.

Andy Furman displacing Bro. H. A. Wood second at "VG," who displaced H. Hooper at "VG," and Bro. Lee went on the extra list. Furman on the road eighteen years could never afford a card. Of course, he wouldn't refuse an increase in wages, and is always very anxious to know what the boys are doing when the committee is in New York. G. F. Lackey, second "NF," and C. D. Gitchell, third "VO," are of the same type. The latter has his whole family working, and then has to peddle eggs to live. He won't join while a certain man is a member, who the objectionable party is we have never been able to find out. The less we have to do with such fellows the better off we will be.

Bro. Frank Caraheer has been appointed third trick dispatcher at South Utica, and Bro. Joyce, from S. S. "CT," is now extra dispatcher. Both of these brothers have been on the road a long time, and their promotion is well deserved.

Bro. E. A. Wright, third S. S. "WU," displaced by Mr. Hartwick, went on the extra list.

Bro. Geo. Levey bid in second S. S. 37; Tower 36 recently closed, and tower 30 is expected to be taken out any day now.

Bro. F. E. Down, second at "JO," was off a few days.

Bro. Bob Farley, second "AK," has been on second "NF" for a month.

Recently Bro. Smith, at "WU," going down stairs to fix the fire, obeyed the command, "Hands up," when he found himself looking into a six-shooter. As the robber started to go through the brother's pockets, he brought the poker down on the fellow's arm, causing him to drop his gun and beat it up the track. Bro. Smith chased him awhile, gun in hand, but he got away in the darkness.

Dispatcher Trim, on ten days' vacation, relieved by Bro. Caraheer, and he by Bro. Joyce. The new Utica depot was opened to the public May 24th. It's certainly a dandy.

Plenty of extra men on the line, so it should be easy to get away this summer.

Now, boys, be sure and come to the next meeting in July. Help to make them a success.

CERT. 661.

Western Division—

Our regular day meeting, held in Clinton Hall, Syracuse, May 21st, was one of the largest attended in a long time. Ontario Division was out in force, and most of the time was taken up with affairs of that division. General Chairman Morey brought up a number of topics, and the attention displayed showed that all were deeply interested. One thing especially to occur in the near future will have an important bearing on the welfare of Division 8.

We hope the night meeting in June will be well attended.

Lineman Hassett's wife died very suddenly, and was buried April 30th. She had been an invalid for some time, and Mr. Hassett intended taking her to Baltimore for treatment again, but she was too weak to take the journey.
Bro. Potter, at Jordan, was given his vacation the first week in May.

"DW" closed night and day; Akron Jct. closed nights, and Cockfield from midnight until 6 a.m. Newark block station changed from yard office to freight house, and leverman taken off days at tower 1.

Hoist bridge over Congo Canal, W. S., put in service May 15th. Conway days and Proseus nights are both eligible for membership. See that they come in.

I wish to thank all who forwarded items this month and hope they will continue to do so.

G. A. N.

CARD OF THANKS.

I wish to express my heartfelt thanks to the members of Division 8 for the floral offering, consisting of a beautiful pillow, also to the office employees at "MI" for the large wreath which they presented during my recent bereavement in the loss of my beloved mother.

G. F. RITTER, Cert. 1489.

River Division—

Operators Harris and Donohue off line. Bro. Hyde has left us. Good luck to you, brother.

Awards: Hasbrouck, agency "HO;" Goodwin, to "DU;" Buddington, to "MX;" Mr. Johnson, to "QA," which is contested; Elting, to "HM."

Bro. "DR" took the tariff inspector examination with such high honors that it was decided to start him out immediately.

"MR" second abolished.

Bro. Holting, who was hit on the head with a poker while on duty at "PA" about 1:30 a.m., Thursday, May 21st, revived as the robbers were leaving after rifling money drawer, and ran out of his office after them, when they turned and shot him twice in the head and once in the chest killing him instantly. No trace thus far of the assassins. The funeral was held at his home in New Baltimore the following Saturday. Several floral offerings were sent, including one in Division 8's name, and several of our members were present at funeral. The boys extend their heartfelt sympathy to his parents and relatives. Bro. "H" carried series A insurance in the O. R. T.

Judge Addington, of Albany County Court, decided against the railroad company in the two-days-off law, upholding it as a health measure, and the company has carried the case to the Court of Appeals. The New Jersey bill upon same subject was vetoed by Gov. Fielder, and Massachusetts is trying to secure practically the same law. The workers have a time trying to secure remedial legislation.

The steamer Hendrick Hudson, of the Hudson River Day Line, is in service, and the Washington Irving started Decoration Day. These boats are the largest and finest river steamers in the world.

Poor showing at our last Newburgh meeting. This is the place you will hear exactly what is going on, turn out and interest yourselves. Our meetings at Newburgh will be held the 3d Tuesday of each alternate month at 7:10 p.m., Old Fellows Hall, banquet room; same old hall, but downstairs. Haverstraw meetings each alternate month, Junior Order A. M. Hall, the 3d Wednesday, at 7:10 p.m.; next meeting at Haverstraw.

Div. Cov.

St. Lawrence Division—

I want to see this division represented in The Telegrapher every month. Please send me your items to Harrisonville in time, so I can arrange and send them in before the 28th.

The few delinquents on this division should pay up without further delay. We need their support, and every member we can get hold of.

Judge Addington, of the Albany County Court, has rendered his decision in the two-day-rest law in our favor, and the company has given notice of appeal, which will act as a stay of execution the same as in the decision given by Judge Brady.

A great many of the boys attended the civil service examination at Ogdenburg, April 24th and 25th.

Herbert Dervereaux, passenger conductor for the last twenty-seven years, has gone into the livery business at Newton Falls. Herb is a hustler, and we all know he will succeed.

The C. & A. freight trains are now running nights through the forest preserve of the Adirondacks to comply with the law.

Agent Penoyer, of Natural Bridge, while at County Court two weeks in regard to the case of the Chinamen who tried to smuggle themselves into the United States, was relieved by F. Macomber. Call up the force at Oswegatchie station and they will put you wise as to what has been doing at Canton Court.

The new time card will create some new positions and cause some changes to be made, if not promptly bulletined notify me and I will give it my prompt attention.

G. W. BACKUS, Local Chairman.

St. L. & A. Division—

Chief Dispatcher A. J. Tessier, who has been sick for the past year, passed away April 14th. Flowers were sent by the employes of the St. L. & A. Division, and Bros. C. McPherson, P. M. Phaneuf and A. Weaver attended his funeral at Syracuse, N. Y. He was a faithful employe. His family has our sincere sympathy in their loss.

Cert. 1839.

Harlem Division—

Bro. J. R. Ostrander has been assigned to second "UN."

Bro. H. P. Palmer, on a few days' vacation, relieved by Mr. Siegel.
Bro. W. H. Gardner, on vacation, relieved by Bro. F. Wall, relief agent.

Mr. Guigey, on second "NS" pending bids, Bro. J. Scolpina extra.

Fred Clum is baggageman at "G," vice Mr. Gately resigned.

Bro. Smith relieved by Bro. Thomas several days owing to the illness of his mother.

We hope the three delinquents on this division will pay up before it is too late.

Thanks are due Bro. Grant for the notes sent me. Evidently a couple of brothers from the north end are not interested in having this division represented in The Telegrapher, as they didn't have the courtesy to reply to the notes sent them.

BUNK.

Electric Division—

The merry game of abolishing jobs and cutting down force still goes on. Bro. Jimmy Howarth was one of the latest to feel the axe when the split trick at "BR" was done away with. He will displace a younger man, and so it goes down the line. In the stations the same situation exists, and some of the brothers will have to move to less desirable places, or find themselves out in the world when jobs are scarce. The thought of going home to your family to say that you have no job and your income has stopped makes a man's heart sink. And the cause, as we see it, leads to the question: Why should the members of a Government Commission, drawing what to us seems high salaries, drool along month after month playing to a galaxy of farmers while thousands of men to whom two or three dollars a day means everything fall by the wayside?

Bro. H. A. Smith, who has been in Fordham hospital for a long time, is out, and we all hope to see him at work soon.

Bro. Fenstermacher and family visited Harrisburg, Pa., Memorial day.

Bro. Bowish, of "MJ," is away getting his spring crops in.

Bro. Bowen has gone to "G" office as dispatcher's operator for the vacation season. Joe is an old hand at the business and seems pleased to get another crack at it.

Ex-Bro. Short, extra on third at "PF," feels out in the cold and has promised to come back in the fold. Don't let there be any pie-crust to that promise.

Bro. Hooper, Schwartz, Kidney, Hitchcock and Moss attended the Hudson Division meeting at Poughkeepsie, April 21st, and enjoyed the meeting, clam chowder and cigars. The Hudson men are good sports and Poughkeepsie is a hospitable town in spite of its queer name.

Bro. Hodgeboom is back from a two weeks' visit to his folks in the maple syrup belt. Don't be stingy, Hodge!

Bro. Kneipp and Kahn went fishing recently and a big storm came up. The next man who goes out in a boat with Harry won't be Henry, or vice versa.

Bro. M. J. Kane, leverman at "HM," away sick, has resumed work. Bro. Wm. Kidney, third "BR" to first "HS," is so pleased with his new position he don't want to go home when his relief shows up. W. Gramp, first "HS" to first "GD," is also pleased and will soon be with us again. Bro. H. L. Wood is feeling fine since he came to "HM" and has taken to riding a bike.

The moving picture show said to be visible from "MJ" tower is very fine if you put the light out in the tower.

Our baseball team is doing some good work and have won every game so far. Hope to see the interest in the game increase and the good luck go hand in hand with the love of the game. When we do lose a game, or our work goes wrong, try to think of something like this:

"An' after all your fussin' di'l the world stand still a bit? Did the universal forces seem at all inclined to quit? Make the most of all that's doin' in the labors of the day, An' the future will be better for the trials of the way."

H. D. S.

IN MEMORIAM.

WHEREAS, It has pleased Almighty God to remove from our midst our beloved brother and co-worker, A. Magaw, a loyal friend and loving son to his mother; be it therefore

Resolved, That the members of Division No. 8, O. R. T., extend to the bereaved mother their sincere and heartfelt sympathy; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved mother, a copy spread on the minutes of this division and a copy sent to The Telegrapher for publication.

Electric Division Notes—

Bro. Collins, on a week's vacation, relieved by Mr. Hynes. Mr. Rice also on a week's vacation.

My apology is tendered Bro. Sullivan, acting agent, for referring to him as "Mr." instead of "Bro." in April write-up. Bro. Sullivan has been a good member for years. He is now relieving Bro. Frewnederger, on his honeymoon.

Get acquainted with your neighbor and make him show you the proper colors. Brothers, say what you like about the nons, but don't violate your obligation or let personal quarrels interfere with your duty to your brother member. Let the spirit shown in our meeting room, working for our betterment, govern us always, and tell the new men that our motto is "No cards, no favors." Were it not for the men who always carry an up-to-date, jobs that now pay $75 and $85 a month would be paying $55 and $60. This increased pay every month is a good return for the $12 or $15 a year put into the Order, and you have the protection and respect of the other Order men among whom you are working.
Some of our assistant agents are charged with carelessness in failing to keep a clear record of registered letters to and from their station.

Mr. Schwartz awarded “YD” nights, and Bro. Fenstermacher relief agent, vice Bro. Alritz resigned.

Supervising agent has been abolished, Mr. Muller going back to White Plains freight office.

Freight clerks at "KO" and "WM," baggage men at "RN" and "M," porter at "MH" have been taken off.

After reading your journal, send it to the non nearest to you. It may enlighten him along lines he has heretofore not understood.

Bro. Donetz entertained a few of the brothers at the Gramatan Inn recently.

"CE," Div. Cor.

Southern Division—

Bro. Harmon, second McDoel, was off a few days, relieved by Bro. Rainey, from the Sou. Ry., who was later relieved by Ex-Bro. Harbin, and went to Shelby. Hope Bro. Rainey will stay with us. He is an up-to-date man and a good agent.

Bro. Royster has gone to "AD" days, south end, which he bid in several months ago.

It is now Bro. Schmals, third Greencastle, and Bro. Slough, first Orleans.

Bro. Dunkin has been given his rights on second Wallace Junction, relieving Bro. Salvo, who relieved Bro. Kern on third Bedford, to extra list.

Brothers, if you don't get a square deal, don't fail to take it up with the local chairman. He is not in a position to know everything going on. Make your wants known to him and he will gladly take up any grievances you may have. Be sure to send him a copy of your letters making application for positions bulletin, then there will be no question as to your getting a square deal.

There may be no more meetings called unless a petition is presented to the local chairman signed by at least eight members agreeing to attend. On account of trick arrangements those who would like to attend can not, and those who can don't. All the meetings should be well attended, there is where we can find out what is going on and we always have a good time.

Bro. Fox, second Gosport, was off a few days recently on account of sickness.

West Baden and Frankfort second, and "FH" days, Louisville, are up for bid. Bro. Eastbridge is at "FH" days, and Bro. Christie nights.

Bro. Kern, while off getting married, was relieved by Mr. Harbin. All the boys extend congratulations. Later he relieved Bro. Roach, second Bedford.

The "Lamb and Berry" specials are now hitting the high spots between New Albany and the Windy City. Brothers, give the dispatcher the best service possible in handling this class of business.

Bro. Packwood, first West Baden, is recuperating down on the farm.

Bro. Wood, local chairman, first Salem, spent Sunday, May 3d, at Bloomington, attending the O. R. T. meeting and visiting his brother, who is in I. U. there.

Boys, each of you send me an item, and we can have a good write-up every month. I thank Bros. Speer and Woods for the notes sent me.

T. E. Shorr.

Resolved, That the members of Norfolk and Western System, Division No. 14, Order of Railroad Telegraphers, extend to the sorrowing wife and children their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved wife, a copy spread on the minutes of the division, and a copy sent to The Telegrapher for publication.

C. I. Kerr,

Michigan Central R. R., Div. No. 16.

Middle Division and Branches—

The special meeting called at Jackson, Saturday, April 25th, for the purpose of getting the sentiment and approval of the members of the O. R. T. to affiliate with the other brotherhoods Orders of the M. C. Ry. System, was well attended.
The matter was discussed quite freely and all seemed to be in favor of a federation with the other Orders.

On invitation, we also attended a joint meeting of the brotherhoods on Sunday, April 26th, to further discuss the question of federating the Orders. There was a large attendance of the other Orders, but only five O. R. T. members. There is not very much excuse for the members who live in Jackson for not being at this meeting. It will probably mean better schedules and other conditions if this federation is made a success. The meeting was very large and enthusiastic. On motion it was recommended that each Order elect a delegate to meet at some place later agreed upon, to draft a set of rules or regulations for the federation.

Mr. Laughlin, of the firemen's organization, chairman of the meeting, made a good talk, which was well received. He stated that the proposed federation could put up a strong front and see that the company lived up to the schedules after we worked so hard to get them.

I hope Bro. Shoemaker will keep track of the main line, and Bro. J. F. Wholihan, of the Air Line, and send me the items before the 20th of the month. I was elected division correspondent at the last meeting, and want to have a good monthly write-up. Bro. Palmer, Eaton Rapids, resigned to take a position in the bank there, and Bro. Beiler, Vanhorn, bid it in after Bros. Ren-rick, Kenrick, Cunningham and McEldowney had all taken a whirl at it. Bro. J. M. Hickey, of Jackson, bid in the Vanhorn vacancy.

Agent Fairfax resigned to go into other business; position bid in by Bro. McMillen, relieved at Nashville nights on bid by Bro. White, and he on first there by Bro. Sheffer on bid. Later Bro. Ramsay, agent Vermontville, resigned to go to California, and Bro. White bid in the vacancy, relieved at Nashville on bid by Bro. Carpenter.

Grand Rapids nights bid in by Bro. Reynberg, vice Bro. Carpenter, on extra list.

Parma nights up for bid; Bro. Werle resigned to take a position in Cassopolis postoffice.

Bro. Fred Fitch was off three days trout fishing recently.

Bro. E. E. Warner, Irving, is doing nicely since being operated on for appendicitis at Butterworth Hospital, Grand Rapids, May 11th. He was relieved by Bro. B. F. Gillette, and he by Bro. Spooner, at Middleville nights.

Bro. Salter bid in Augusta nights.

Botsford “BO” yard office Kalamazoo is open nights with Telegrapher Wrightman in charge.

Bro. I. Ketchum is on Kalamazoo nights since second day there was taken off.

Bro. McMurray, a new man, bid in first, and Bro. Nysewandqer, second Glenwood nights, when the office was opened up.

Bro. Rouke, Dowagiac nights, while attending the meeting at Jackson, was relieved by Bro. Fitch, who also relieved Bro. Shoemaker several days recently on account of sickness. The latter was relieved while attending his wife’s father’s funeral by Bro. Moon.

Barron Lake closed, putting Mr. Lindsay on extra list; Fabius nights closed, making it a twelve-hour job for Bro. Bowby, recently back from Western Canada. Colon nights closed, making Bro. Watson’s job twelve hours; he is now on vacation east, relieved by Mr. Lavalley.

Bro. Avery, first Three Rivers nights, on vacation, relieved by Bro. McEldowney.

The new single-track blocking system will open up soon some good offices at new place, and change some twelve-hour to eight-hour tricks, and we hope it will soon go into effect.

You brothers at Three Rivers get after that now and rid of that student. Your obligation prohibits student-teaching.

I thank the brothers who sent me items. Any time any of you have any news of interest send it to me at Vanhorn. Am open day and night, so you will always find me there.

J. CLISSOLD, Div. Cor.

West Division—

A great change has taken place at Kensington. The old depot which stood there so long has been torn down, and, along with the old water tank, has gone to its last resting place; not a landmark remains by which one would recognize the place. The tracks are being elevated, the telegraph office has been closed and the ticket office is now located in a temporary shack across the tracks from where the old depot stood. Bro. Borsos, who was at "CA" when that office closed, bid in second "KD," relieving Bro. Hensell now on extra.

We are sorry to hear that Bro. Cripe has been taken out of the service on account of some trouble at Buchanan, which was bid in by Bro. Durflinger.

Bro. Ault, dispatcher, is now "pounding brass" in "TY" days again on account of the reduction in force. Bro. McLean is on the examiner's job, and Bro. Tone is back on third. The phone and the wires keep Bro. Wilson jumping all day, but he is always on the job when you want him.

Bro. Croxton, second Tolleston, has resigned to go on his father's farm. We all wish him success, but are sorry to lose the co-operation of such a good brother. Bro. Henderson, from the P. M., bid in the vacancy.

Bro. VanRiper was away several days looking at some land in Michigan.

Local Chairman Booth has been lining up nons and delinquents, but they are almost extinct on this division now. Boys, let us get busy and hook the two or three left; you all know who they are.

Bro. Brown was relieved at Hammond during the illness of his father, by Mr. Watson.

Bro. Hensell relieved Mr. Nickerson, second East Gary, two days on account of sickness. Mr. Nickerson promises to get an up-to-date on pay day. This will make this division about solid.

Thanks to Bro. Borsos for his items, and hope this will not be his last effort. Boys, get busy, the new tariff don’t stop you from giving your local correspondent at least one item a month.

“UNCLE DUDLEY.”

Baltimore Division—

The ball given by the five brotherhoods on this division on May 12th was attended by more than 3,000 people, and the receipts amounted to something like $1,000. As this was the first annual ball held by the brotherhoods it was considered a success from every point of view. Bros. J. F. Miller, T. E. Fidler, L. T. Scally, N. G. Wilson, J. T. Brenize, L. H. Nelson and C. S. Lowe represented the telegraphers on the committee.

Bro. F. O. Warner, foreman of linemen on this division, who was struck by an engine near Biddle street station and taken to St. Joseph Hospital, is greatly improved, and we hope that ere long he will be able to be among us again. He has the sympathy of the entire membership on this division.

Many of the telegraphers on this division have been laid off. Bros. Abe Sirkis and R. E. Lloyd are now with the Postal.

Dr. J. B. Sebastian is planning to leave for the West to open a dental office. We all regret to have him leave Baltimore, as he has been an active worker in behalf of the telegraphers in the East for a number of years. He will carry with him the best wishes of all the O. R. T. men in this territory.

Brothers, get after the few delinquents and insist upon them paying up before June 30th, otherwise they will be dropped from the membership roll. This is important. We should work hard to hold the present membership intact and organize the nons, as the stronger the organization the better conditions and wages can be secured. We must back up our officers when they are negotiating in our behalf with a solid organization.

Our regular monthly meetings are well attended and those present take an active interest in what is being done in their behalf, but a greater number should turn out and find out what is being done, and there would be fewer knockers and more real workers. A few have been paying all the expenses and doing the hard work, while the men in union station and other larger offices on the division who have really received the real benefits the O. R. T. has secured continue to give the excuses that they are afraid to join a labor organization. This is a progressive age; labor organizations everywhere are pressing forward, and unless we desire to work the balance of our days under present conditions and wages we must get into the movement at once.

Bricklayers and plasterers get $6.00, iron workers $7.00 and carpenters $5.00 a day for eight hours, while telegraphers on the P. R. R. get $2.00 a day and are glad that the P. R. R. permits them to work. Solid organization is what betters the conditions of the toilers, and it is the only way in which the telegraphers can hope to accomplish anything. There is nothing to gain by remaining outside the organization that has shortened our hours and increased our salaries. Be a man among men and stand for justice and the things you are entitled to. The man who joins the union that represents his craft shows that he desires better living conditions, a fair return for the labor he sells, and signs a declaration of independence.

Brothers, be prompt in the payment of your dues and give the non no rest until he joins. Remember, your influence counts; help build up the organization by trying to get at least one new member this term.

Our committee is now holding hearings in our case, give every assistance you can. Get busy today.

"ISAAC."

Buffalo Division—

Brothers, now that the other four brotherhoods are doing so much to help us and are willing to co-operate to help us get recognition, keep after the nons and get them in line. We need them and they need us. Attend all the meetings you hear of, and bring all the nons you can find, so they may learn for themselves what we are trying to accomplish for them. Secure one new member a month, and it won't be long before we will be strong enough to get what we are entitled to.

Glad to hear Mrs. M. M. Kirby back again at Porter, after several weeks' absence.

The boys are all working on the south end again, after taking the medical examination. Guess some of them had to purchase glasses.

Two very interesting joint meetings of the five brotherhoods, held in Olean on Sunday, April 26th, in Shean's Hall, were very well attended, considering the time we had to advertise them. Bro. Glaney, a Grand Lodge officer of the B. L. E., and our general chairman, Bro. J. F. Miller, gave us very interesting talks on the co-operative plan. We expect to have another meeting before long.

Bro. Miller and Assistant General Chairman Fidler stayed with us the week of April 27th, helping us to organize and telling the boys what was being done for them.

All the nons were very much pleased to meet Bro. Miller, and realize that he's a fighter who only needs the proper amount of backing to win, and, from present indications, he is going to get it.

Brothers, stay on the job, keep awake, and show the company that union men are the best to employ.

Brothers, keep after those nons on the Chautau branch until they are ashamed to work beside good union men and get in line. Keep your shoulders to the wheel and it will soon be moving our way at a lively pace.

Renovo Division, East End—

A large number of extra men on this division have either resigned or been granted leave of absence on account of slack working conditions. We were sorry to see these men go, as they were practically in line.
Bro. Hoffman spent his relief day at Erie, Pa., and Bro. Mathewson spent his in Buffalo visiting friends.

Bro. Lem Kane, from Howards, is now in the superintendent's office at Renovo.

Bro. Seth Johnson, Driftwood, made quite a fine catch of speckled beauties while off several days recently.

Bro. Blassey, Seabonda, will make good use of his new motorcycle as soon as the roads are dry enough.

Bro. Zaner was relieved at St. Mary's a few days recently by Miss Besnie Seid.

Bro. J. P. Frampton while on the sick list was relieved by Bro. C. W. Johnson.

Bro. Leo R. Burlingame, displaced at Rathbun, gets third Cameron.

Bro. Westley Pflautz, of Huling, Pa., recently enjoyed a few days' fishing.

Bro. Rosenkranz gave us a very pleasant call on his relief day, accompanied by Smiling Sam Harding, letterman, of Ridgway. Come again.

We notice some of the operators on the division using figures for personal signs, such as "6 K 4- & 3." Guess they mean "HK," "Y" & "Q."

Bro. J. F. Mann, our able chairman, is running for State committeeman on the Democratic ticket. We all wish him success.

W. S. B.

Reno Division, West End—

Bro. Barry, extra, bid in Anchor Line dock, and Bro. J. C. Frick first Clayendon.

Operators in "CY" tower have been moved into Erie R. R. tower east of Corry station.

Would be glad to get some news from Bro. Hovis, of Garland, before the 20th of each month.

Owing to reduction in force at Renovo superintendent's office, Bro. Price, first Irvington, is back on the farm, and Bro. W. S. Barner on message trick at "KZ" Kane.

Mrs. Geary, first "KZ" Kane, on sick list, relieved by Bro. C. H. Nagle.

Chas. T. Witter, of superintendent's office, Renovo, was a pleasant visitor recently, looking over old records soon to be sent to Sunbury storage house.

"WY" tower, west end Kane yard, reopened, with Operators Daugherty, Bro. Crawford and Miss Kiernan.

W. S. B.

IN MEMORIAM.

Whereas, It has pleased our heavenly Father, our Supreme Ruler, to remove from our midst Bro. J. A. Dunkle, in manifestation of our grief and fraternal sympathy, be it

Resolved, That the members of Pennsylvania Railroad, System Division 17, extend our sympathy to his bereaved parents, other relatives and friends in their sorrow and sadness; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family and also to The Railroad Telegrapher for publication.

J. E. O'Leary,
B. J. Kane,
A. L. Goodwin,

Committee.

Williamsport & Susquehanna Division—

It certainly is gratifying the way the brothers are paying up on this division, all having paid but two, and they will also probably do the right thing before you read this.

Bro. C. A. Riland, the good old war horse, first "RV," was defeated for the Legislature in the Democratic primaries by only a very small majority, which shows his great popularity. Bro. P. A. Herman, of Selingsgrove, candidate for General Assembly on same party ticket, was defeated by only ten votes.

Bro. C. C. Spade was relieved on first "GD" recently by Bro. H. E. Boyer.

Several first-trick brothers have traded with second-trick men, so they would have more time to work on their farms.

Bro. H. A. Roush was off several days, and Bro. A. Wetzel was storm-stayed in Sunbury recently.

Bro. M. J. Snyder was also out in that storm, and didn't discover that his umbrella had turned inside out until he asked someone why he was getting wet. Pretty bad storm.

Bro. E. I. Leister and W. H. Kebach recently moved from Dalmatia to Sunbury.

Bro. C. S. Dieffenderfer was off May 11th to 14th attending the annual convocation of the Grand Commandery of the Knights of Malta at York, Pa., as a delegate, relieved by Bro. L. W. Auchmuty. Bro. E. J. Fetterhoff was off May 12th to see the grand parade of the Knights of Malta at York, Pa.

Bro. G. E. Shaffer recently went on one of his famous fishing trips in the wilds back of Mifflinburg. No report from him yet.

Bro. F. W. Wetzel wishes to express his heartfelt thanks and appreciation to the brothers and others who contributed to him on account of being burned out by fire.

Bro. H. J. Engle recently attended a banquet given by a Sunday school class in Herndon, and asked several of his friends, but they evidently were out of his class in the eating line, for they did not go. Bro. Engle is some eater. He was relieved at "RV" tower by Bro. A. L. Grimm, who was off two weeks recently to look after a house in Herndon—"not too large a house." Well, we know what that means. Pass the cigars. Bro. S. W. Reichenbauch was also off recently visiting
near Herndon. He is in the same fix as Bro. Grimm, except that he was pricing furniture instead of a house. Watch for the smokes when it comes off.

Bro. Jos. Derrick and L. E. Engle are busy making mallets and handles. If business doesn't soon pick up they are going out among the farmers to kill potato bugs.

Bro. J. H. Zerbe has traded tricks with E. M. Weaver.

Bro. G. H. Wetzel, third "RV" tower, one of the progressive school directors of Herndon Borough, was recently in Sunbury to help elect the superintendent of schools of North'd County.

Bro. W. E. Williams, second "XA" tower, has to come to Herndon to have his shoes repaired on No. 39 and get back the next morning twice a week. What do you think of that? He says "Daisies won't tell," and guess Bill knows. Some more cigs! "Steve."

West Jersey & Seashore Division—

Our March write-up reached St. Louis too late for the April number and was merged with the next month's items and given the lead in the May issue.

Our last meetings were not as well attended as they should have been. Bro. Miller was delayed on account of the soldier movement, and did not get to the morning meeting. Several men from the south end were disappointed in not meeting him.

We are glad to hear Bro. Stratton back, after his long illness, but regret that Sister Stratton is now indisposed, no doubt partly due to the nursing of Bro. Stratton. We hope she will soon be around again.

We seldom hear anything of Bro. Coles since he has a twelve-hour job and went into the chicken business.

Lloyd and Bates won out and got "CM," as they were entitled to; Justice took second "HN" and Filer second Pitman. Bill is about where he started out. He held a job in "KN" on account of his special fitness. How things change in a few short years! All ye loyal, beware! Such is fate when the glitter wears off.

Trenton Division, Lower End—

After all our hard work, the two-day-rest bill was vetoed by Governor Fielder, after he had practically promised to sign it; therefore, we need not expect any favorable legislation under his regime. We should remember all such people at election time and cast our ballots only for those whom we know will give us a fair deal.

Everything was done to make "ladies' night," Thursday evening, May 28th, a grand success, and the committee deserves great credit for the manner things were prepared for that special occasion, giving the L. A. the support it is entitled to.

We extend our heartfelt sympathy to Mr. Clark in the loss of his daughter.

New York, Chicago & St. Louis R. R.,
Div. No. 18

"Nickel Plate," Second District—

Bro. R. O. Waddell, Conneaut dispatcher's office, was relieved a few days by a Buffalo Division brother. Bro. Frank Kelly, Conneaut yard, was also absent about a week, and Mr. Smith, third Conneaut yard, was relieved by Mr. Wilcox, a newcomer.

Bro. E. A. Hill was relieved several days at Bellevue yard by Bro. Glosser.

Operator at "NS," in the Cleveland general office a year ago, who went into the real estate business East, is back again, extra. A good operator and a pleasant fellow. Boys, see that he has or gets an up-to-date.

The telegraph office at east end of Cleveland double track has just been moved across the track in order that the operators will be in a better position to see trains coming.

Bro. "Mack" McGuerdy, first East Lorain, is now on his farm near Sheffield, relieved by Telegrapher "NS." "Mack" will soon have "punkins" to give away.

Mr. Baxtine, third Vermillion, Ohio, in the service since 1883 or 84, was retired recently on $15 a month pension, granted by this company to all employees over 70 years of age. Third Vermillion is up for bid.

Bro. Jas. E. Baker, Bellevue depot, was relieved by Bro. Glosser, from Cleveland, a few days recently, while taking a civil service examination at Cleveland with a few other telegraphers and conductors.

If one of "Uncle Sam's" mail bags hits you, look in the mail car door and see if there is not an O. R. T. member in charge of the mail car.

Bro. W. A. Stover, Bellevue yard, while off attending the funeral of his father, Jos. Stover, at Bellefontaine, Ohio, was relieved by Mr. Stone-side, who later went to Cleveland, is now on the sick list.

Those not attending the meetings are missing the "doings" and some good things in the eating line.

Keep alive to the welfare of all concerned, and do a little personal work. Curr. 142.

"Nickel Plate," Fourth District—

We had a good turn out at the Hammond meeting in April, yet many who were not there could have been on hand. Regular meetings will be held the fourth Saturday night of each month. Bro. Gorman, third Dunfee, is on vacation. It is now Bro. Donard, third West Ft. Wayne. Welcome to the Order.

Bro. C. O. Cirschenberry, first Knox, was off ten days, relieved by Mr. Collette, on account of the death of his father-in-law.

Bro. H. E. Holmes, first Valparaiso, bid in second copying, west end, Ft. Wayne, relieved by Foster Groves. V. O. Behmer is on second Valparaiso. We trust Jack will get busy there. Nons may be good fellows all right, but every up-to-date man should practice "No card, no favors."
Bro. Lidgardt, second Hibbard, resigned, relieved, pending bids, by Bro. Pasley, of third there.
Bro. H. E. Ruhl, first Osborne, is on thirty days' vacation, relieved by Bro. Teeters, of second there.
Bro. H. E. Hutchins, off two weeks with rheumatism, was relieved by Bro. R. A. Newland, from C. H. D.
Bro. A. T. Hixon has been covering the Ft. Wayne and Chicago Divisions, learning the road for a turn at the dispatcher's chair. We all wish him success.
A list of the nons on this division has been prepared. Secure a copy from the local chairman and get after those near you with a vim and win some of the prizes Bro. Quick offers for new members.
Bro. Hamilton, third east end double track, is on vacation, relieved by Bro. Cassidy.
Boys, it is time for the payment of dues again. Let's all pay up promptly and get our cards early in the term.
Bro. Wilson, agent Burnham, has returned from the meeting of the agent associations at Houston, Tex., and reports crops looking fine.
I wish to thank Bros. Crispenberry and John Ridtenauer for assistance in this write-up.

"ALEX," Div. Cor.

Northern Division—

Bro. Shepardson, Smyrna, on a two weeks' fishing trip to the Adirondacks, reports many fine catches; relieved by Extra Lewis.
It is now Bro. C. L. Clifford, at Kenwood. There are still a few agents with good jobs whom should follow suit.
Bro. and Mrs. J. B. Dixon, copier and extra dispatcher at Norwich, have the sympathy of Division 20 in the death of their infant daughter.
The Oneida office has been improved with a new telegraph table and generally cleaned up.
We regret Bro. Wentworth, at Clinton, has been forced to leave the service on account of poor health. J. J. Dickie has bid in his position.
Those contemplating vacations better hurry in their requests for relief.
The N. Y. C. boys are not entirely pleased with their bumping system since testing it out. Men who held regular positions for fifteen years have had to accept inferior jobs or move out of the town they had selected for a home. Our schedule on this point is very satisfactory.
We all regret to hear of the sudden death of our assistant paymaster, Ivan King. The family has the sympathy of Division 20 in their bereavement.

H. K., Div. Cor., Cert. 122.

Southern Division—

Agent Kitchen, of Centerville, resigned to go into the grocery business in Middletown. Bro. George Merwin, of High Falls, landing Centerville on bid, and Agent Reynolds, of South Unadilla, securing High Falls.
Bro. Terwilliger bid for first Burnside tower, relieved on second there by Mr. Sherwood.
Bro. Maynard went from East Branch to South Unadilla agency.
Fallalburg second assigned, no bids.
Bro. A. V. Kerwin, second Wheelers tower, and bride, on return from their wedding trip through the Eastern Atlantic States, will reside on East Front street, Hancock, N. Y.
Bro. Cassidy, of East Branch, is closing out his business there, and many of the brothers and other railroad men are laying in a supply of shoes and wearing apparel at very low prices.
Brothers, send in the news if you want to see a better write-up next month.

H. J. DEGRAW.

Cincinnati, Hamilton & Dayton Ry.,
Div. No. 21.

Springfield Division—

Bro. J. H. Carter, local chairman, called to Cincinnati, May 18th, to assist in the final details of our new schedule, was relieved by Mr. Vickory. Understand we will get about a 6 per cent raise, with some other concessions as to hours and vacations. The brothers have been waiting very patiently for a raise in pay, the only howl coming from the nons. Our committee must be fully instructed next time in regard to this matter, as we don't want them worried, especially during the hot weather.
Several agents on this division seem to be running in opposition to the Dodge Telegraph School of Valparaiso, judging from the supply of (so-called) operators they are turning out.
The committee appointed to secure concessions from the U. S. Express Co., has the support of the entire division, with the exception of two offices. If we all continue to return our bond premium expenses, we will be able to make the company offer us something, and not ignore us as heretofore.
Bro. Miner, first Montezuma, bid in first State street, but decided he did not want it. Bro. (Slim) Canigan, who bid it in later, is being relieved by Mr. Slieth, while undergoing an operation for appendicitis.
Bro. Mutt Cummins, second Mooresfield, is confined to the city with tire trouble.
Bro. Singleton was relieved at Bloomingdale while attending to business at Rockville by Mr. McIntyre from Marshall.
Bro. Lambert, Milligan, is sporting a Ford.
Bro. Miles, second, and Bro. Burk, third Montezuma, exchanged tricks during the street carnival there, in order that Bro. Miles could attend evenings. Bro. Burk did not get much rest until after the noise had subsided as he lives close to the grounds.
Bro. A. P. McCown, first Hume, while in Indianapolis, and Mr. Perkins, third Hume, working first State street a few days, were both relieved by Mr. Vickory.
It is now Bro. G. S. Aikman, second Hume, and will soon be Bro. Perkins, making Hume solid.
Bro. Stabler, of Scotland, has our sympathy, owing to the death of his baby.

Bro. Sutton, Hillsdale, on two weeks' vacation, was relieved by W. C. Daugherty.

Sister B. M. Dickey, Lintner, off fifteen days, was relieved by E. B. Tackitt, from Carmado. "B" and her mother spent a pleasant afternoon and took supper with Bro. C. E. Robinson, second Decatur, and family, while on vacation.

Bro. Clingan, first Shops, spent a Sunday with relatives in Decatur. Bro. Sing, of second, spent an unsuccessful day fishing, and Agent Shannon spent a week at Dayton.

Smithville District—

Everything is moving along nicely, and the boys are all hard at work endeavoring to give the company the very best service possible. The big booster meeting held at the Cotton Hotel, Houston, Tex., on Sunday, April 5th, is still the topic of conversation. Large delegations were present from the S. P., H. & T. C., S. A. & A. P., I. & G. N., T. & B. V., and the M. K. & T., with their wives and sweethearts. Refreshments were served during the evening and some delightful music rendered by the ladies. The day was one of enjoyment, and well spent. This "get-together" meeting was brought about through the uniting efforts of Bro. Jno. E. Cowgill, general chairman of the S. P. lines, and Bro. E. B. Hill, general secretary and treasurer of the S. A. & A. P., and the "True Blues" of the other divisions above mentioned. Some able talks were made by officers and members present, ideas exchanged and other important matters discussed for the good of the craft, the Telegraphers' Club of Houston was also organized at this meeting.

It was our good fortune to have another big booster meeting again on Sunday, May 17th, at Waco, Tex., along the same lines as the Houston meeting. Representatives of the different lines in that section were present, besides a large number of visiting members, which resulted in a great deal of good.

McGee transferred to West Point agency, relieved at Gruene by Bro. E. B. Moore; Bro. M. F. Dickerson to second New Ulm; Bro. Frank Rigdon extra; message job Houston yard office abolished, Bro. R. W. Burton displacing Bro. T. E. Anderson on second. The Smithville district is almost solid to a man, the few not lined up being on the way.

It will soon be time for the new card; keep your dues paid up; see that you are in possession of an up-to-date card, and remember, "No card, no favors." P. J. Kelley, Local Chairman.

C. R. 2518, Div. 2.

St. Louis District—

Brothers, if you know of anyone taking a vacation, or if any changes, drop me a line; in this way we will know what is going on and get acquainted.

Bro. Beck has been down south. We are glad to see him back again, and feel proud that a man was selected from this district for general chairman. Let us back him up by paying our dues promptly, keeping him on the road and assist him to line up the nons.

Bro. Bradley is now on third "MO" extra. He was formerly a Mo. Pac. man and knows the value of an up-to-date card.

Bro. Mittler, while moving to McBain, was relieved by Mr. Logan, who will get a card, if we give him enough extra work, so do not be afraid to take a vacation and give the extra boys a chance.

Now, boys, all send me a few notes by the 20th of the month.

Cert. 4235, Grand.

II. & D. Division—

This cuts down our non list greatly, and if each member will try to get the non near them (if any), we will soon be 100 per cent strong.

It is indeed a pleasure to have an old-timer like George Hakes, agent at Milan, join the Order. He has been with the C., M. & St. P. continuously for nearly thirty years, being the third oldest on seniority list. Welcome, Bro. Hakes.

There are a number of operators traveling through the country out of work, and many have had scarcely any work this year, and it is a pleasure to see so many of them up to date in spite of existing conditions. This tends to still further show up the men who are steadily employed who claim they are too hard up to join; a goodly number, too, are single men who squander each month more than enough to pay their dues for six months.

I am indebted to Bro. H. S. Deming for most of the news items this month, and kindly request you all to let me know of any news, so we can have a better write-up each month. Call me on the wire if you don’t wish to write it up. There should be quite a bit of news within the next sixty days, as many will be taking their summer vacations, and we want to give them all a notice.

Take warning—Two boys on this division out of service for working for each other.

Bro. Kay Lewis, a new man, relieved a few nights at Seward.

It is now Bro. Parsons, of Deer Lodge, and the only nons left on the division regularly assigned are: C. K. Leach, Hudson, Mont., third; G. B. Baker, Alberton, Mont., first, and Mr. Hughes, Clinton, Mont., second. Every member should keep after them until you land every one of them.

Bro. Dean has done good work for the division, and we should see that not a non is left. Mr. Estep, Haugan second, has promised to be with us in June. Mr. Rhinehart, now at Deer Lodge, the only extra non, has promised to join inside of thirty days.

Brothers, it is not a good policy to let trainmen use phones so much. You are paid for this work and are held responsible for all that takes place in your office. Tell the trainmen that you will do the talking over the phone.

MR. AND MRS. E. C. E. ROBERTS
AND SON, DAYTON ROBERTS.

Columbia Division—

Twelve work trains on bulletin. Looks like a busy year on the Columbia.

Bro. Woods has sent a non list to all members, asking that each of us make a special effort to land one of them. With a little activity, there shouldn't be one left by the first of the year. The committee is going in soon, and conditions look good for a substantial increase if backed up by a good percentage. Each one do his or her duty, and the result will be gratifying to all.

Keep after the new men and remind them that they must do the right thing if not already lined up.

Bro. Kirkpatrick is relieving Bro. Parker, agent Tekoa.

Lone Pine opened for the benefit of work-train service.

Bro. Stites has resigned third Othello, relieved by a new man.

Operators are being furnished for all work trains not handy to open telegraph stations, the practice of giving orders to conductors on the line having been discontinued. This will greatly increase the telegraph force and provide work for the extra men.

Now is the time to hold out that $6 for the price of a new card. Don't become delinquent, as it takes up the time of the local chairman to remind you of this. We have no delinquents on the division. Let's begin the next current term with a clean sheet, so Bro. Woods will have more time to devote to the nons, but don't leave that all for him to do, either. Remember, he is getting no more benefit than we are, and we should give him all the assistance we possibly can. CERT. 910.

Bro. R. C. Nisonger wishes me to express his appreciation of the honor and confidence conferred upon him in electing him local chairman, and desires to say that he will endeavor to perform the duties of the position to the best of his ability, with the time he has to devote to our interest. CERT. 1588.

A TRAMP OPERATOR’S COMPLAINT.

Hello, dispatcher, this is old Boo West.

Say, I’ve worked here a week and I now need a rest.

This job of hello girl beats them all for fair,

But I’ve got to get out and get some repair.

I need a new ear drum, a valve for my throat,

I’ve lost all my temper, my stomach its coat;

I have eaten canned spuds, I’ve eaten canned fish,

I now eat from a trough instead of a dish.

I board down with Horrocks, the camp of bad grub,

But it’s one or the other—Horrocks, Murphy or Stubbs.

My system won’t stand this; I long for a cake

Or a bit of doughy godlike we Boos used to make.

I have hallooed O. S.; I have hallooed hello;

I have hallooed O—well, too high and too low.

I’m worn to a frazzle, I can’t stand this strain,

I’ll have to get back to a railroad again.

Please send me relief of some sort or other;

Please make it a non—don’t send out a brother,

And see that he’s strong in back, ears and throat,

And see that his stomach has a new copper coat.

Then let me fade out on the first fast express,

And forget my bad dream of the C. M. & P. S.

Mrs. Van, Stetson, Idaho, 1910.

International & Great Northern Ry.
Div. No. 25.

San Antonio Division—

Our section of the State was visited by another period of hard rains, causing washouts on both the north and south ends.

Austin had a high wind with hail, which almost caused little Willie to take to the tall and uncut, but while he was wondering whether he would be killed by the house being blown down or get his bean bursted by a good-sized hailstone, the storm passed.

Bro. Dudley Barron, agent Kyle, is on a sixty-day leave; Kyle on bulletin.

Bro. Gilmore, second New Braunfels, was relieved several days by Bro. Wilkinson, relieved on second by Bro. Lewis.

Relay men and others are complaining about students answering calls and trying to take business, causing delays and danger of bulling same. It would be a difficult matter to explain that
business was bulled on account of working with a student.

Bro. Walter Biel relieved at Lytle while Bro. Pieper was getting married. Bro. Arthur Biel, agent Millett, was also recently married. The good wishes of the division are extended to the two happy couples.

A very enthusiastic meeting—participated in by the different divisions on lines entering Waco—was held in that city Sunday, May 17, at 2:30 p.m. and 7:30 p.m. A large bunch of the I. & G. N. boys from the Fort Worth Division were on hand, but the H. & T. C., S. A. & A. P., M. K. & T. and St. L. S.W. did not have as large an attendance as was expected. Bro. Weber, of this division, presided, with Bro. Gates, of Division 22, as secretary.

R. L. Peck, a new man from the T. & P., is relieving at Maypearl agency pending bulletin.

White River Division—

Delinquents are piling up and the nones are joining; thanks to the brothers who are explaining to them the importance of getting and keeping in line. This is a duty we owe to our family, brothers, and even our employers, as well; organized labor is best that can be had.

The boys who contemplate vacations this summer should not all try to lay off at the same time, and necessitate the superintendent's hiring so many extra men.

Fishing and strawberry picking on commission is quite a profitable livelihood at present.

Bro. Collins is sick, relieved by a new man.

Bro. Pittman is working the manual block at Olphant, Ark., on main line.

Bro. W. A. Wade resigned agency Oneal, also goes to the main line; relieved by W. B. Patterson, helper from Sylamore.

Bro. J. M. Kirkpatrick is now at Batesville days, vice Bro. L. J. Whybrew, with the Western Union at Kansas City. The new passenger station at Batesville will soon be ready for occupancy, and will afford a nice, modern and comfortable place for the operator; a great improvement over old conditions. The Batesville Business College, which added a telegraph department, has one scholar.

A planing and stave mill is being erected at Sylamore, Ark., which will keep me hopping, and I would be glad if more of you would send me a few items. We must have a write-up each month or we will lose interest. Every one of you send me an item, and encourage every non to get in line.

Valley District, South End—

The meeting at McGehee, May 10th, was the best yet held. There were twenty-one present, and many things were discussed, resulting in a much better understanding in regard to many matters known very little of heretofore. Bros. Morris from Collinston, Cleeper from Bonita, Archibald from Wilmot, Barker and Curtis from Montrose, were among those who attended. All the boys from Dermott were there—"I don't think?"

The special feature of the next meeting, June 14th, will be an entertainment and banquet for the operators and agents and their wives. Every effort will be put forth to make this occasion a grand success. Bros. and Mrs. Simmins and Gilbula will be the committee on reception, and Bros. Seamans, Morris, Williams, Shaffer, Harris and Barker committee on arrangements. It is earnestly desired that every telegrapher that can possibly do so attend this meeting with their wives, sisters or mothers.

Bro. Foster, third Montrose, has gone to "WJ" at Dallas, relieved by Bro. Robinson, from the Burlington; later relieved by Bro. Curtis, from Bonita third, Robinson going to third Bonita pending bulletin.

Bro. Buffington, agent Lake Village, recently took the Shriner's degree in Masonry at Little Rock. "Buff." don't look like a real man with that little red cap on, but that under the cap is 32-karat. Mrs. Buffington and little son, who accompanied him to Little Rock and Pine Bluff, paid the Montrose force a pleasant visit on their return trip.

Bro. Cook, second Bonita, changed the name of one of Bonita's fair sex to Mrs. J. T. Cook. Congratulations and best wishes to the happy couple.

Bro. Curtis, from second Bonita, who visited his father in Texarkana recently, went on third Montrose regular on his return.
General Chairman Maxwell, while on the Louisiana Division recently, secured applications from some of the oldest and most useful operators and agents on that division.

Brothers, don't forget that we only have to render nine hours' service, and a great many of us only eight. Please get your rest during the sixteen or eighteen hours you have off, and cut out sleeping on duty. The dispatchers are complaining on your service, and justly so. Remember that we will offer you all the protection in the power of the organization if you are right, but if you are not right the Order has nothing to offer you. Our dispatchers are very lenient and as fine a bunch as ever signed "DS," and it's not treating them right to lay down on them in this manner.

Bro. Ralston, agent Blissville, bid on Arkansas City agency sometime in October and in some way the superintendent failed to make the transfer. It was taken up and he is going there in the near future.

Bro. J. M. Bruce, from LaPile, on vacation, on his return Bruce will probably go either to Kinder as clerk or on extra, as LaPile is not a schedule telegraph job.

B. F. Johnson, former agent at Winser, now extra in the telegraph service, will be back with us as soon as he gets on regular.

Agencies Glennora and Farmersville, and second Riverton on bulletin.

Bro. T. W. Turner, agent Oak Ridge, who gets thirty days' vacation beginning June 15th has not missed a pay day since 1902, twelve years continuous service. That record certainly entitles him to a vacation.

Extra Johnson relieved L. A. Stewart at Ferriday while attending court in a murder trial.

General Chairman Maxwell has been over the division doing some fine lining up. He "swooped" down on the delinquents and made the feathered fry.

There are only about two or three "misters" on the Natchez and Monroe Districts now. Have no definite figures from the Watkins District. I sure miss Bro. Bernard on the El Dorado Territory, who is off sick. He has been helping me a lot.

Many thanks to Bro. McDougald for helping me with the news, as I am entirely off the division, making it a little difficult to get any of the happenings at all. Everybody help and we will do better next month.

Bro. H. E. Caley, second Okean, off a few days, was relieved by A. B. Ford.

Bro. W. O. Beard, agent Corning was off last month, relieved by J. S. Shelton, from St. Louis Frisco general offices.

Bro. R. O. Block relieved a few nights at Leeper.

Municipal work for the A. L. C. is about the most perplexing proposition for the present, since being elected Mayor at the April election.

**Missouri Pacific Ry., Div. No. 31.**

**Wichita Division—**

A very interesting meeting was held in the Eaton Hotel, Wichita, Saturday night, May 24th, attended by ten members of the Missouri Pacific and three members of the Rock Island Division. The "unlucky 13\(^{st}\)" present did not make it an unlucky meeting.
Several talks were made by members regarding changes which they thought would help the O. R. T., and Bro. C. H. Meador, general secretary and treasurer of the Rock Island Division, then gave us an interesting talk, followed by a talk on what we are working for this year, by Bro. H. J. Mohler, of St. Louis.

We were sorry that Local Chairman Mott could not be present owing to the sickness of his wife.

It was suggested and favorably thought of to hold a meeting every two or three months. In that way we would be better able to keep in line with our general officers and what they are doing. It is hoped that a better turn-out will be had at future meetings.

Those present, in addition to General Secretary and Treasurer Meador and General Secretary and Treasurer Mohler, were: Assistant Local Chairman G. E. Twiggs, L. H. Moan and Bros. Ives, of Mount Hope; Webb, of Whitewater; Strimple, of Moran; Burton, of Andale; Hudson, of Greenwich; Buchanan, of Benton, and Carton, of Conway Springs. The names of the two other brothers of the Rock Island the correspondent did not get.

If any more meetings are held, try to get in, brothers. It will do you good and give you a chance to tell the general officers what changes you want them to go after in the next schedule meeting.

G. E. Twiggs, Div. Cor.

Southern Kansas Division—

Bro. E. K. Lucy, second Leroy, off a few days relieved by Mr. Arnold, who later relieved Bro Staley, agent, and also Bro. Evans on third at Leroy.

Bro. Price, third at Neodesha, off a few days, relieved by Bro. Patterson. Bro. H. L. Rearick, second trick Altoona, off two weeks, relieved by Bro. John Kennedy on third there, and he by Mr. Stallings.

On account of the reduction of force, Bro. Sherman, of “GO,” was cut off temporarily, and is now working second at “RB.” Bro. F. P. Strange, extra, gone to visit his folks at Lafontaine, after relieving Bro. W. C. Martin, second “CF,” a few days.

The way the different departments have been reduced lately we have been exceptionally lucky. The extra men have had very good success here also, and we all feel that “The Old Southern Kansas” is a mighty good place to work.

Bro. Collins, at Roper, relieved a few days by a new man.

Send in a few notes, brothers, so we can have a good write-up in each journal.

T. F. Jameson, L. C.

Eastern Division—

Bro. Bragg, who relieved Bro. Wilson, Sedalia second, while visiting in Pittsburg, Kan., was relieved at Lamonte by Mr. Willis.

Brakeman Harry Knox, while trying to make a coupling at Sedalia yard, Sunday night, May 10th, was run down and killed by a switch engine.

Bro. Keown, who relieved Bro. McBride at Centerview, on ninety days’ vacation visiting relatives and fishing in Utah, later bid in Smithton nights.

It is now Bros. H. E. Pace, E. G. Church, W. T. H. Lewis, F. A. Wilson, B. B. McCormick, O. G. Tipton and J. E. Lewis. This sounds better. Everybody keep after the nons and we will soon have a solid line-up between St. Louis and Kansas City. If every brother will put on a little extra steam, it will only be a matter of a short time until they will be a thing of the past on this division. See that the few delinquents pay up and keep up to date. Every brother ask that man on the other trick to show his card, and if it isn’t up to date, keep right after him until he gets one. If these fellows won’t line up, we will advertise them and let every brother know who they are.

Bro. H. L. Dare has resigned, accepting a position with his father in Wheatland, Ind.

Mr. Callicott was referred to recently in error as a brother. He is still a non.

Bro. O’Bryan, third Pacific, is now with the Terminal at St. Louis, relieved on bid by Bro. John Singleton.

Bro. Mahan, Myrick, relieved a few days on first by Bro. Lewis on third there.

Bro. John Wilson, who relieved Mr. Hall, Blackwater third, while on business in Kansas City, is out now until business picks up.

Bro. Carter, Labadie nights, confined with smallpox for some time, relieved by Bro. L. H. Becker, we are glad to hear has recovered.

Stanhope, Hodge and Boonville nights and Kent days discontinued, throwing Bros. Hutton, Keown, McClain and Singleton out of the new positions they bid in recently.

Valley Park first pulled off about a week, Bro. Fitzgerald doing the telegraphing along with his agency work. Bro. W. H. Dore, second there, relieved several days while visiting in Kansas City by Bro. L. H. Becker.

Bro. Sitzman, seventh St. Louis, on vacation, was relieved by Bro. Glyn, from Twenty-third street third, relieved by Bro. Keithley, from Washington second, relieved by Cecil Pace. Bro. Duncan, second, has returned from his vacation, relieved by G. E. Moat, who later went to Eureka nights until bid in by Bro. Hutton.

Boys, if you know of any changes, vacancies, new positions, etc., send them to me by the 20th, so we can have a good monthly write-up in the journal.

C. L. A., at “BJ.”

Western Division—

Agent Masters, Mountain Park, resigned, relieved by Chas. Blakeslee.
Several Western Division conductors, Roadmaster Powell, of Enid, and J. E. Jones, agent Atlanta, have secured a charter to build a line from Beaumont Jct. to Olathe, Kans.
Two new operators in the dispatcher's office at Enid.
Brothers, send us a few items, and have a write-up regularly.

Kansas Division—
Bro. R. O. Edwards has returned from a visit with relatives in Illinois and St. Louis.
Bro. Marsh, agent Redds, was a recent Tulsa, Okla., visitor.
Bro. J. L. Mumma, first "WH" Wichita, who bid in second Oronogo Jct. when third man was added, got first.
Bro. P. Crawford, from Fall River, relieved J. W. Ralston, second Rust yards, resigned.
Boys, let us have a good write-up in The Telegrapher each month, and always have a card of the right color.

River and Cape Division, South End—
Bro. Fyton has been off sick, and Bros. Hopkins and Helm were obliged to double.
Bro. Schumacher was relieved by Bro. Seithulman while on his honeymoon. Congratulations.
Please send me any news you can by the 20th and let us have a good, interesting write-up. Many thanks to Bros. Hopkins and Young for assistance. Bro. Smith will handle the north end and the branch.
Boys, don't allow the students to use the wire unless they have the proper permission, and don't violate your obligation by teaching them.
Help Bro. Smith, first Osceola, our local chairman, to line up the nobs and delinquents. He will be glad to handle all the applications you can send him. Let our motto be: "100 per cent strong." "B," third "BY," Cert. 2291.

Ohio Division B. & O. S.-W.—
On Monday evening, May 11th, a meeting of the members of this division was held at Fireman's Hall on Main street, Chillicothe, Ohio, over twenty members being present. Local Chairman Marsh called the meeting to order and presented Assistant General Chairman Rawlins as the speaker of the evening.
Bro. Rawlins gave an interesting talk, going over the work of the general committee on the last schedule, taking up the various articles in their turn, explaining the sense and meaning of each one clearly and completely, and then gave the boys an opportunity to ask any questions on matters of which they were in doubt. Many took advantage of this to get their minds clear on various subjects in which they were personally interested.
Considering the hardships some of the brothers had to endure getting back home after the meeting and being obliged to work the next day, the attendance was good.
Applications have been received from: C. J. Plumley, agent Vigo; Herman Pecher, third Summit; E. W. Shambert, second at Zaleski; W. H. Joyce and G. Bolen, second and third Camaanville and C. C. Parker; extra third Greenfield, and C. O. Doles, second Schooleys, are filling the papers out now. Everything points to a solid membership on this division, and we should all work to that end.
In connection with the regular monthly bulletin of vacancies advertised and filled, a new sheet, called the "man bulletin," will be issued by the division operator, in which the attention of telegraphers is called to matters of interest, such as discipline applied and reasons for same. Mr. Plumley desires his attention called, as a member of the local board of safety, to any matters of interest that will promote safety in train service and the work of employees.
At Leesburg, April 27th, operators were notified of two runaway cars coming east from Highland. Bro. T. Murphy opened the west switch, running the cars into the passing siding, and he and Bro. K. S. Jones boarded them at considerable risk and set the hand brakes, stopping them before reaching the derail at east end of siding. Their promptness no doubt prevented a serious accident.
Bro. T. L. Maloney, third Greenfield, is now on third "CP" Chillicothe.
Bro. John Iuler, second "DE" Chillicothe, on vacation, was relieved by Bro. E. J. Haynes.
Bro. C. M. Scott, second "RK" tower, says the fish they catch out of North Fork creek are so large that they are unable to sleep in their tent at night on account of the noise they make playing in the water.
There are but very few nobs left on this division. The brothers have been doing good work, and our percentage is something to be proud of. Let us continue this good work until there is not a non in sight. Keep after the exclusive agents and get them in. The nobs are now being discriminated against, the benefits going to the men in good standing, which is right and just. The schedule which went into effect March 1st gave us about two months' back pay, and everyone should now get in good standing and pay dues promptly. The one-half of the first month's increase should also be remitted promptly.
Vacations for all men in the telegraph service, as provided in the new schedule, commenced May 15th, and a good many of the men are taking compensation for the time they are entitled to receive and working straight ahead. The general committee worked hard to get this article in the schedule in order to give a rest each summer to
the men who perhaps couldn't afford to take a vacation, if they were required to lose the time. It is impossible for the company to relieve every one in July and August, and we should not expect this. If this is to be made a bone of contention, the company may eliminate it from the next contract. Better arrange to take your vacation when the company offers it to you, instead of taking a monied consideration and run the risk of losing this concession altogether next time we go in for a schedule.

Local Chairman Marsh, first Harpers, while off on grievances, was relieved by Bro. A. E. Combs.

Bro. E. J. Brooks, first Byers Jct. tower, on vacation, was relieved by Bro. N. C. Fulkerson, a new man from the South.

---

Cleveland Division—

Dispatcher O'Leary, while off sick, relieved by E. C. Robinson. Bro. Bigler, while visiting his parents at Dennison, was relieved by A. Schiser. Beach City is now worked three tricks: Bro. Tope and Mr. Mishler on the two new ones.

Brothers, stay awake and "hit the ball." Prospects for opening offices recently closed, looks bright.

Bro. D. V. Kelly is now with the C. A. & C. at Warwick.

Mr. Summers bumped in on second Lorain. Bro. S. B. Shafer getting third there, vice Mr. Beard, appointed night yardmaster.

Meeting of the five Orders at Lorain the evening of May 19th was well attended, the telegraphers being represented by Bros. Stoup and McCabe, of Lester. These meetings are accomplishing a great deal of good, and the brothers should make an effort to attend as often as possible.

Dispatcher "Bill" Wright, while looking over the road and instructing Bro. Kief, Canal Dover, was relieved by O'Leary, who makes a moving picture of Bro. Kief and Bro. McCoy.

Division Operator Heatton is a picture of gloom, as the Naps have lost eight games.

Under date of May 18th, Grand Secretary Quick advises that 40,121 members have already paid their dues for the current term, and states that all previous records can be broken if we all get after the delinquents and nons, and get them within the fold. Let's show our grand secretary that the boys on the Cleveland Division are on the job by making it solid.

---

West End, Cumberland Division—

This portion of the system has not been represented in the fraternal columns for some months, your correspondent being engaged on general committee work, and I will now make up for lost time.

The printed copies of the new schedule and the back pay should have been in the hands of all by the last of May.

Our new vacation rule is the best in the country, providing for seven days a year for one-year men and fifteen days for two-year men. All should try and take their vacations when offered, as we got a late start on it this year. Plans are on foot for a more satisfactory method for next year. All will be advised of it in due time, so that preparations can be made accordingly. A good many of the brothers have already had their vacations. Those off the first part of May were: Bros. Leuthke, Fouch and Pennington. The latter part of May Bros. G. A. Ott, W. C. Ready and Elsey and several others are expecting relief soon.

The new schedule shows what can be accomplished by united action, and all of the boys are to be congratulated upon the manner in which they backed up their committee. Let's all get after the few non-members who are not paying anything to help better conditions. Get them in and success will crown our efforts in the future. The committee can not do it all; it is a solid membership that counts.

It is with much sorrow and sympathy that we chronicle the death of Mrs. Rose P. Smith, wife of Fireman Smith, of Terra Alta, in Cumberland hospital, after a long illness. Mrs. Smith's maiden name was also Smith. Her father, pumper at Terra Alta, is a member of the B. of L. F., and her two brothers, Charles and James, are members of the O. R. T. She also leaves a mother, a sister and three small children to mourn her loss. They all have the sympathy of the entire division.

The recent reduction of force threw nine men on the extra list; Bro. Elsey, from Thornton to second Rowlesburg; Bro. Bell, from Thornton to third Mt. Lake Park, vice Bro. Ready to second there; Bro. Pendergast, from Hutton to third Altamont, vice Bro. Rashke to third "Z" tower, vice Bro. Shaw to second there, vice Bro. Matthews to second Keyser station; Bro. Foreman, from Hutton to third Strecker, vice Bro. Johnson back on extra list; Bro. Sebold also back on extra list; Bro. Murphy, from "MK" to third Deer Park; Bro. Walters, our young married friend, from Oakland to second there; Bro. Bell, from west end to Mt. Lake Park.

During our recent conferences with the company I did not hear one word of criticism in regard to our service, which, taken as a whole, is second to none in the country. We should continue to be loyal to our employers, and keep up the good work in our organization. It is a big help to our representatives.

Everyone send me some news. "73" to all.

Wheeling Division—

Bro. J. K. Payne, second wire chief "FW" Wheeling, relieved thirty days by Bro. C. W. Linn, extra copier from "Q."

Bro. H. E. Rureman, of Pine Grove, was off a few days.

Bro. E. B. Hager and W. A. Yeater, second and third Denver, on a thirty-day fishing trip to the Big Sandy River, relieved by Bro. F. H. Jones, of Cameron, and H. E. Winland.

Bro. H. S. Barnes, of Fairmount, bid in third Glover Gap, vice Mr. Miller, resigned to go into other business.

Bro. L. B. Tennant, S. C. Stewart and C. L. Allender attended the circus at Hundred and
ran first at attractions, refusing very flattering offers to join the "side show."

Local Chairman Allender has resumed duty at Littleton, after six months on general committee work, Bro. R. B. Daugherty going to second Burton.

Bro. R. B. Kennedy, first Barrackville, is on six months' leave, relieved by Mr. Fleming.

Burton tower was reopened at 4 p. m., May 11th, with Bro. S. C. Stewart on first, Bro. R. B. Kennedy on second and H. E. Winland on third, pending bulletin.

Bro. D. S. Jones, of Mannington, and J. E. Beatty, of "WR" tower, were first to get the new vacation, taking their fifteen days beginning May 16th, the date vacations started on this division.

The new agreement has resulted in a large number of the nons joining, and we expect the support of every man on the division who has the ambition to reach a high standard in his calling. Every member should be careful to give the best service and maintain our present high efficiency record.

Baltimore District—

Bro. Graves S. Brendel, one of the oldest and most respected men in our district, is dead. He entered the service of the Baltimore & Ohio on April 1, 1864, and was retired October, 1909, on account of impaired health. His son expressed to me in high terms his appreciation, both as to our having a representative at the funeral and for the beautiful floral design presented by the Order.

E. E. HURDLE, S. & T.

IN MEMORIAM.

WHEREAS, It has pleased the universal Father to remove from our midst our friend and brother, Graves S. Brendel; and

WHEREAS, We are deeply grieved at the separation from this good brother, who in his life exemplified many virtues; therefore be it

Resolved, That we extend to his relatives our sincere sympathy in their loss, and that we endeavor to emulate the good qualities which he exhibited during his life among us; and be it further

Resolved, That this resolution be published in our official organ, The Railroad Telegrapher, a copy be sent to the son of our departed friend and brother, and a copy spread upon the minutes of this division.

E. E. HURDLE,
W. M. SHAWEN,
H. J. LATCHFORD,
Committee.

Metropolitan Branch—

A great amount of bumping has occurred on the Baltimore Division, due to the abolishing of several offices, causing a number of the younger men to go back on relief work.

Our genial division operator, Mr. Hurlick, started the fifteen days' vacation (secured in the new schedule) on May 1st, which will enable the extra men to make a decent month's wage.

The telegraphers of this division are highly pleased with the new schedule, the best we have ever had, largely due to the good work of General Chairman Pieres, whose acquaintance I had the pleasure of making recently. The telegraphers of the entire system should be proud of him, and the members of the general committee should be highly commended for their meritorious work with the government board of arbitrators. Let us show them our appreciation by exerting all our efforts and influence in securing for membership the few nons yet remaining on the division.

The next United States senatorial primary will be held in Maryland next September, and we will have the pleasure of voting for honorable Isaac Lobe Strausa. All the labor and railway unions of the State expect to give him their united support. He has been friendly to the laboring men and assisted them in strengthening their cause.

CERT. 2179.

Chicago & Eastern Illinois R. R., Div. No. 34.

Illinois Division—

No items were sent in from this end of the line for the past three months, because I have not received any. I volunteered to handle the Illinois items for Local Chairman Hicks, but received very little encouragement. Now, brothers, make a circle around the "25" on your calendar for each month. When that date comes around, drop me a note giving me what news you have, even if but one item, and I will do my part to have a good write-up every month. Thanks to the good brothers who helped me out this month.

Bro. F. R. Thixton, second Mode, resigned, and is now "oil king" for the Ohio Oil Co. at Bridgeport, Ill., relieved by Bro. H. M. Patton until bid in by Bro. F. E. Hudson, extra, who was relieved several days recently on account of sickness by L. R. Hudson, and he later by F. Furry on third Mode when Hall, operated for a time nights, was finally abolished.

Bro. A. C. Campbell, second Goreville, off few days recently, relieved by O. Calhoun.

Bro. E. F. LaBrier, first Salem yard, has purchased a farm in Texas, and, on account of his wife being in poor health, has taken an indefinite leave to try his luck as a farmer. We all wish him success. Bro. L. B. Johnson is on first Salem yard temporarily. G. W. Garrett, relieving him on third, will soon be a brother. Bro. F. D. Stephenson, second Salem yard, is learning the "touch" system on the new Fox he purchased through Bro. Johnson.

E. H. Morris, third "SA" tower, was off a few days recently, relieved by Bro. E. H. Kirt.
The Railroad Telegrapher.

On account of slack business offices are being abolished entirely at some points and other three-man jobs being made one-man positions. The I. C. operators at Tuscola have been moved to S. & E. I. tower, "TY" tower night job there being abolished and night office opened at Tuscola depot. F. E. George, formerly first "TY," is now on the all-day job there, and J. D. Ferguson, from a trick at "TY," on nights at depot. Bro. T. O. Wilson is at Fair Ground, now a night office only.

Through instructions from the legal department, sending machines that infringe on Vibroplex's patents have been outlawed on our line, and several of us are forced to fall back on "nature." An opinion has been secured from our O. R. T. legal adviser—see pages 778-780, May Telegrapher—and we will be permitted to use our machines again after the matter has been threshed out.

"No card, no favors." Line up the nons. Mark your calendar.

IN MEMORIAM.

Whereas, It has pleased Almighty God, in His infinite wisdom, to call from our midst to her heavenly home the beloved little daughter of our worthy friend and brother, L. E. Regenold; therefore, in manifestation of our sympathy, be it

Resolved, That we, the members of Division No. 34, extend our sincere and heartfelt sympathy to Bro. and Mrs. Regenold in their great bereavement; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved family and a copy sent to The Telegrapher for publication.

W. E. Hicks,
C. E. Kelly,
C. E. M'Ferrin,
Committee.

P. S. Lottinville,
Local Chairman.

Bro. C. E. Hubbell installed as agent Reilly, vice Bro. J. R. Wilson, assigned to other duties.

J. G. McCleskey on second Reilly, Sister Wilson on vacation.

Bro. J. J. Ferguson, first Villa Grove yard, has resumed duty after a few weeks' absence.

Bro. O. O. Franklin, "XN," keeps the boys posted on the latest war news. Many thanks, "Dinny."

C. E. Lewis, extra dispatcher, relieving Mr. Dunlay on second trick. Glad to see Charlie making good. He is an A-I "rum" player, also.

Boys on third tricks, don't be caught sleeping on duty. If it happens, you have no recourse.

R. E. Farlow, agent Royal, promises to be with us soon, and his word is good with your scribe.

How many complied with the request of the president of the American Federation of Labor, pertaining to the Bacon-Bartlett bills? Such topics should not be overlooked by us.

The general manager's special paid us a visit recently. Everybody seemed to be "hitting the ball," which we should always do.

Ex-Bro. Fogerty, second Glover, says he will be with us again in June. "MC," see that he does.

Brothers, if you ask a non to join and he refuses, your answer should be, "No card no favors." I am waiting.

J. G. McCleskey, relieving on second Reilly, has moved his family there, and it's now time for him to return blanks sent him properly filled out and get a new card.

Bro. Hendricks was in Penfield recently to see his mother.

F. E. Dunlay and S. R. Driskel, two second trick dispatchers, called on this end while making a tour of the division. Come again, boys; you are always welcome.

Brothers, mail your news for the journal to me at Penfield, Ill., R. F. D. No. 28. It will soon be time to pay dues again and get our new cards. Don't fail to remit promptly, and go to work with that strong determination to have a solid district. Understand the boys on the Danville District are working with the slogan, "Solid division; watch us grow; dig, brothers; warm up." Let's be up and prepare for the future, as the day of the old-time telegrapher is nearly done.

C. D. S., Local Cor.

Chicago Division, Terre Haute District—

Bro. T. M. Alfonse, agent Gessie, IND., appointed local correspondent for the Terre Haute District, Chicago Division. Don't fail to contribute your items hereafter.

Third Hillsdale bid in by G. F. Chaney—three moves for this non in forty-five days; getting to be a regular boomer.

It is now Bro. Wilson again at Jackson, and we have the promise of Mr. Ross there also.

Bro. C. M. Smith, third Jackson, has asked for sixty days' leave, expecting to take in the sights from Jackson to Salt Lake City and travel via the "honeymoon route" from Kansas City westward.

Not many changes this spring as usual. You fellows on the south end—"TJ," "HY," "WY," "JJ" and "AI"—get busy with your ink-slinger and let me have the notes by the 19th or 20th inst.

Everybody seems to be enjoying the new schedule, members and nons alike—yet no one has whispered "amen" for the committee and the good work it did last fall. Now that we have a correspondent, the members should send in some notes each month.
“WS,” at Jackson, get after the second and third tricks at “AH,” and see what they have reference to about this pay day. Bro. Ayers, at “AH,” will help you out. Brothers, keep after the nons on this district, and don’t let them rest until you have their applications in your hands, and remember, “No card, no favors.”

T. M. A., Local Cor.

Chicago Division, Brazil District—
Bro. J. C. Acklemier, Brazil freight station, appointed local correspondent for this district. Be sure to do your share of the contributing of items, as we have not been represented for a year.

P. S. Lottinville, Local Chairman.

Miss Carrie T. Acklemier, sister of Bro. J. C. Acklemier, of Brazil, Ind., was recently married to W. B. Nichols, of Clinton, Ind. Miss Acklemier has been private stenographer for S. S. Hoffman, assistant superintendent Brazil District, for five years. Division 34 extends congratulations.

W. T. Hamilton installed as agent Winthrop, vice H. J. McConnell, resigned.
Bro. F. S. Allen, of Papineau, on first extra Meoca pending bulletin.

Having just received the notice appointing me correspondent, I have been unable to secure any items of interest other than quoted, but I assure you that I will try to give you the news each month hereafter.

J. G. A., Local Cor.

Chicago Division, Danville District—
Combination, co-operation and organization is the order of the day, and no improvement can possibly be brought about in any branch of labor in the industrial world without these three articles, and we must work together and exert our efforts for its accomplishment. Organization is an absolute necessity under the present-day profit system, and any telegrapher or agent who does not carry an O. R. T. card simply shows poor business judgment and a lack of every-day ordinary common sense, and is a burden to those who support the general committee that secured concessions for them in excess of the cost of membership. A good per cent of the delinquents and some of the available nons have made application, and with a little more energy exerted by each of us we will soon have that 100 per cent membership. Every member should have a heart-to-heart talk with each non near them; personal grievances should not stand in your path. It is entirely our own fault today that we are no further advanced than at present. Individual efforts will accomplish more towards securing the non than any amount of correspondence by the loal chairman.

It is very essential that every member keep posted on our affairs and the current happenings of the Order in general. When through with this journal pass it along to some non. The increased interest shown by a few of the members in organizing is very encouraging, and should stimulate the rest to further exertions; the nons having no support, have no right whatsoever to the resulting benefits, his gratuity is the fruit of our labor, so enroll him if possible and desirable.

It is now dues-paying time and we trust that each member will pay up promptly. It is a good system for one member to collect dues from the others at the same office, and forward them all at once, and eliminate delay. It is much easier to remain a member than to be bouncing in and out every six months or so. We must pay dues promptly to avoid being placed on the delinquent list. Remit your semi-annual dues to Bro. S. M. Rittenhouse, Sidell, Ill., and your assessments in M. B. D. to Bro. L. W. Quick, room 706, Star Building, St. Louis, Mo. Promptness saves delay, time and worry, and the delinquent list.

Boys, don’t forget the notes; keep tab on the happenings, and let me have them not later than the 20th of each month, and remember to say to the nons, “No card, no favors.”

Bro. C. E. Oehmke took in the sights in Chicago recently.

E. C. Martin installed as agent Westville, vice J. R. Carboy resigned.
Bro. S. O. Frankenberger installed as agent Collinson, vice E. C. Martin transferred to other duties.

G. W. Eaton installed as agent Goodenow, Ill., vice A. Dohkmyer, now automobile repairman with H. C. Wehrmann there.
Bro. J. W. Begbie, second St. Anne, was a recent Chicago visitor, relieved by Roy Wert, of the “Big Four.”

Bro. Edgar Keefe, second Hoopeson, was relieved several days by E. Young.
Bro. C. L. Miller, second Coaler, off a few days, was relieved by E. E. Barnes.

Bro. P. S. Lottinville, our local chairman, was a recent Danville visitor, relieved by Bro. S. O. Frankenberger.

Mr. Linquest, the assistant examiner, paid his annual visit to the boys recently, requesting the "ops" to inform him what a train was.

Bro. J. V. Phillips, our general chairman, reports a fine attendance at the Cort meeting in Chicago.

S. R. Driskel, second trick dispatcher, on vacation, relieved by R. W. Law, from the Clover Leaf.

Bro. C. J. Shotts, first Coaler, off on account of the death of his father, was relieved by E. E. Barnes.

Bro. Hock, of Thornton Jct., assigned first Valparaiso on Grand Trunk. We will miss old “H,” who has been faithful for about seven years.

Only two of the nons and delinquents replied to the circular letters sent them extending an invitation to join us, and the rest still are accepting the raise granted them December 1st, last.

IN MEMORIAM.

Whereas, Our heavenly Father, in His infinite wisdom and goodness, has deemed it best to call to his heavenly home the beloved father of our Bro. C. J. Shotta, of Woodland, Ill.; therefore, in manifestation of our fraternal sympathy, be it

Resolved, That the members of Chicago & Eastern Illinois Division 34, Order of Railroad Telegraphers, extend to the sorrowing brother and family their sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded the bereaved brother, a copy spread upon the minutes of the division and a copy forwarded The Telegrapher for publication.

"GO" General Offices, Chicago—

Bro. W. J. Townsley has returned from two months' vacation, after visiting Frisco, Seattle, Tacoma and other points of interest; relieved by J. B. Hubbell, Chicago Division.

Business is very slack, coal mines having closed down on account of no orders, and the boys are all sticking like glue. We are expecting retribution to happen along now at any time, as "XN" Danville has already felt the effects of it, and several offices on the Chicago & Illinois Divisions have been closed.

There are plenty of operators floating around Chicago now.

Bro. Davenport expects to soon have all the terminals lined up solid.

Boys, watch your calls closely, and save us wasting time we should devote to other duties.

Remember, "No card, no favors."

"BO," Div. Cor.

Chesapeake & Ohio Ry., Div. No. 40.

Hinton Division—

I have just returned from my fifteen days' vacation. We had a very interesting meeting at Hinton, Thursday night, May 21st. Our esteemed general chairman, Bro. Hicks, was with us and wielded the gavel, also gave us an interesting talk on general conditions. While our crowd wasn't as large as we like to see, all enjoyed the meeting, and we hope to see a larger attendance in the future. Remember the date, 3d Thursday night in each month, "Big Four" Building. Boys, come out and see what we are doing. You stay-at-homes don't realize what good times you are missing, besides you don't get the inside facts as to what is being done for your own welfare as well as that of others.

A good attendance at our lodge meetings stimulates interest and encourages our officers to do their utmost for our cause, for they feel that if the membership is awake to what is being done it behooves them to be more alert than ever in order to meet the demands of their constituents. Another thing that is of vital importance to our craft is—don't forget to pay your dues promptly. I regret to say that several of our members are still delinquent. While I believe their intentions are good, that does not make the showing we like to have and must have to put up our fight. This condition should not exist.

Where can you invest the same amount that will give you the net returns that you have received through the O. R. T. for the past ten years? It is at the very lowest estimate 100 per cent better investment than the same amount in bank stock, besides the cheap rate of insurance, and last, but by no means least, the guarantee of a square deal, but if you are delinquent over sixty days, your committee can not handle any grievances you have, which is a strong plea for an up-to-date card, be you delinquent or not. Let's all pay up at once and get right.

Bro. C. Johnson, first residence 999, "XN" cabin, just returned from an enjoyable vacation, says the "old tent" still looks good.

Our dashing relief agent, Bro. Older, continues his flying visits to Mt. Hope. The single brothers better look after their interests as 'tis rumored he may soon claim one of our fair sisters.

Montgomery was closed May 22d. Bro. Pinelli attending court and no available extra men. We should have more good extra men, or be able to locate the few we have so that a regular man can get off within a reasonable time after making application.

Hope to see a write-up next month from some of the boys who are better posted.

W. L. Miller.

Mountain and James River District—

Bro. C. L. Miller, extra dispatching has swapped off with Bro. R. A. Cutler and returned to "F."

Owing to the boys not being given sufficient notice, the last meeting was not very well attended. The Legislature has adjourned now, so let us all attend the next meeting and hear what Bro. Hicks succeeded in accomplishing while it was in session.

Bro. J. R. Rodgers on sick list, relieved by Bro. H. C. Worley, who also relieved Bro. J. W. McClure a few days.

Bro. A. L. Fluherty, who recently relieved Bro. W. S. Acord, also relieved Bro. T. P. Halloran a few days.

Bro. L. W. Ayers has returned from vacation, relieving Bro. R. L. Fletcher.

C. W. Hutcheson assigned Springwood days, vice E. D. Mitchell, deceased, who was a brother until recently. He was in his seventieth year, and had been in the service of the C. & O. since September 28, 1889. He leaves a wife and three daughters, two of which are the wives of Bros. W. P. Bickers, of Crozet, and N. B. O'Connor, of Balcony Falls; also four sons, one in the ministry at Staunton, Va.; one a train dispatcher for the Southern at Salisbury, N. C., and two in the telegraph service at Little Rock, Ark. We extend to our brothers and families our deepest sympathy in their loss of a faithful companion in life and a loving father.

Bro. T. H. Hassett on sick list, relieved by Bro. J. G. Thompson, who later relieved Bro. G. H. Harmon while off on account of the illness of his wife. CERT. 579.

Piedmont, Peninsula and Rivanna Divisions—

Boys, let us wake up and have a write-up every month. Suggestions can be made and improvements had, especially if we will attend our meetings and pull together.

Remember our motto, "No card, no favors," and try to get this division solid this year.

The attendance at our regular monthly meeting, held at Fraternity Hall, April 23d, was rather small. Bro. L. E. Hicks, our general chairman, who presided, made things interesting, and several matters were discussed of benefit to those present.

Secretary and Treasurer Bro. J. C. Collie was re-elected unanimously. He has served in this capacity for four years in the most satisfactory way to the divisions he represents, and is beloved and respected by all of the boys.

The Southern Ry. is now using Main street station for all its passenger trains. This required another operator on first trick, which was bid in by Bro. C. B. Robinson, of third there, relieved on bid by Bro. J. C. Epps, from third "JN," and he by Bro. W. L. Scott, third "CD," pending bids.

Bro. R. W. Wheeler off several days, relieved by Bro. E. G. Rawlings; and Bro. Sam Halaker, on sick list sixty days, by Bro. S. B. Binford, relief agent. We hope Bro. Halaker will fully regain his health and soon be able for duty.

Recently a passenger train was given a caution card to meet train No. 53 in block, when train to be met was running as No. 97, and the man at fault was given a five-day book suspension. Watch this brothers; save your reputation and perhaps loss of life or limb.

Boys, send me all the local happenings you can by the 20th, so we can have a write-up every month. CERT. 669.

Erie R. R., Div. No. 42.

New York Division—

Regular meeting May 18th at Jersey City. Usual crowd out, with the exception of two or three new faces, which we all appreciate and hope when the new blood gets better acquainted they will be active and give us their loyal support. Bro. Thunna and Adams, from the L. I., paid us a visit, which we are pleased to note, and with the little feed the evening was well worth while, and everybody went home contented. The visiting brothers gave us some very good advice for the benefit of all concerned in reference to getting new members, and if compiled with will result in unlimited success, which they have tried and proven on the L. I. The scheme is each individual member to be an organizer. Don't leave it all to the local chairman or an organizer to do the work. Each do his share in this line and go after the sons. They will put up some hard-luck story at first, but go after him again and again if necessary, and in the end you will receive his application and dough.

We are anticipating to include in our next schedule members only to be represented to get an increase and other concessions. This is the only way we figure it out to be a square deal, as there is a certain class of men who get the best jobs on account of seniority rights and are not men enough to help maintain the cause. If not included in the schedule they may awaken to the fact that they had better join. When we read in The Telegrapher how the dispatchers on the other roads have come in can we have anything but contempt for "JY"? The few brothers there must have a feeling of satisfaction in knowing to whom we refer.

It is awful to be a grafter; the woods between "NJ" and "MQ," on the E. & J., are full of them. One of them is going to buy a track machine. He will, no doubt, tell his friends his money paid for it?

Bro. Lorden was off a few days on account of death in the family, which we all regret to learn. Bro. D. Noonan is on first "BJ," vice Owens taken out of the service. "There's a reason."

Bro. J. A. Readyd is on the sick list. We will all be glad to see "Jim" back.

Bro. Rensm has purchased a new home at Lake View. City life must have been too gay for him.

Bro. Barton was kind enough to bring his banjo to "JC," and between him and Bro. Dockery things were kept lively after regular business. Come again, brothers; some men.

If some kind brother can think of some scheme to get Bro. Green to a meeting at "JC" and get him in the habit again, just write Bro. Coleman.

Bro. Washer, the picketel season is open.

Bro. Pitketley landed third "BT," and Mr. Petrie third "SJ." Now, Dave and Mack, get on the job and do business. "No card, no favors." Everything at Suffern is solid.

Bro. Billy McNamara displaced on third "NJ" by Bro. Dean.
Bros. Garland, Angelo and Custer, at "M. Q." are watching which way the cat at "GD" will jump.

Bros. F. C. Flinton, formerly agent at Nutley, now has a very good position with the N. Y., N. H. & H. R. R., at Holyoke, Mass. We all regret losing him, but wish him success.

Bros. Paddy Burns has a feeling of anxiety since "1D" and "GD" were discontinued.

Bros. Jim Dunn has not lost his affinity for the fishing rod.

We surely feel sorry for Bros. Albert Stevens since necessity compels him to work in such poor company.

Bros. Matt Brown doesn't think much of the extra list.

Bros. Earl boosted Bros. Bucher, at "NJ." Bros. Tom Clifford has been quite sick.

Only three nons in the valley now and one of them is out because all the rest of us believe in a supreme being.

IN MEMORIAM.

WHEREAS, God, who knoweth best and doeth all things well, has called from her earthly home the beloved mother of our esteemed brother, D. F. Lorden; therefore, be it

Resolved, That we, the members of System Division 42, Order of Railroad Telegraphers, extend to the bereaved brother and family our deepest sympathy in this their greatest earthly loss; and be it further

Resolved, That a copy of these resolutions be sent to the sorrowing and bereaved brother, a copy placed upon the minutes of the Division and a copy sent to The Telegrapher for publication.

Mahoning Division—

Marshall spent several days at Union City recently visiting.

Automatic signals closed "WA" and "OR" towers, Saltzman to first "SB," bumping Fenstermaker, now visiting relatives in Cleveland; Hart to first "VO," bumping McHale; Pierson to first Niles, bumping Taylor, Armstrong taking first "BR."

Meek, agent Pulaski, resigned to go in jewelry business, relieved by Wallace.

Kirby is a frequent visitor in Cleveland.

Brownie is enjoying his spare time learning to run his auto.

Lewis relieved Flagherty several days, who relieved Andrews while working on new time card.

Bacon has added "deputy sheriff" to his numerous titles.

"CB" tower has been moved to "AB" to replace the tower burnt down there several months ago.

Chapman, off several days, was relieved by Boosinger.

Dick Noble has returned after several months' sickness.

McHale, bumped out of first Moser, takes third there.

J. E. Bailey after being absent several years, has returned as dispatcher first Collopy, taking third, Wetsell second and Cronin going on east end as dispatcher.

Politeness is like an air cushion—there is nothing in it, but it eases the jolt wonderfully.

Canadian Northern Ry., Div. No. 43.

Seventeen new members received in the month of April, eleven by initiation and six by transfer.

G. H. Palmer,
General Secretary and Treasurer.

First District, Western Division—

We are glad to welcome our genial Bro. E. G. Delano back in our midst after a three months' tour of the North American continent from Florida to California, and to learn that he found no better abiding place than Manitoba through all his extensive journey.

Bro. Frank Wells, of Swan River, is on a two months' trip to Old Scotia, relieved by Bro. T. Roberts, and Bro. A. C. McDonald, of Muenster, on two months' vacation to Toronto and Eastern points, relieved by Bro. G. M. Kane.

It is rumored that one of the handsome young dispatchers at Dauphin will take a better half this month (June), and two of the dashing young agents on the north line are also going to enter the realms of married bliss in the near future.

Our local chairman, Bro. G. H. Vaubinder, at Gilbert Plains, is busily engaged in directing prospectors and experts to the oil regions adjacent to his town, and the whole Dauphin District is being prospected over by would-be Rockefellers. If the present indications of gas and oil are found to justify the hopes of the experts, we may expect a big boom in these parts.

CED. 52.

Third District, Western Division—

The meeting at Edmonton, Sunday, May 3d, was largely attended, brothers arriving by auto, horseback, oxcart, canoe and on foot. Bro. Douglas, a long brave from the Battleford Reserve, came by canoe 300 miles, attended by two guides, Bros. McArthur and Hines.

Assistant General Chairman Chard presided and kept the best order he could considering the audience. In introducing our General Chairman L. F. Muncey, who we were pleased to have with us, Bro. Chard asked that he give us an account of all matters pertaining to our welfare, especially as to business lately transacted in Winnipeg.
in regard to electing a salaried general chairman. Bro. Muncey then proceeded to explain the present circumstances of this interesting question, pointing the inability at the present time of our being able to take care of this man, but to satisfy all concerned a ballot was now in preparation by our General Secretary and Treasurer G. H. Palmer, Dauphin, Man., which will submit the question to a vote over the entire system, giving a plain statement of facts and advising under what conditions and those only upon which we can afford this representative.

The seniority of telegraphers received a thorough airing at the hands of Bro. McMahon, of Camrose. (The M. P. does not stand for member of parliament in this case.) Bro. McMahon, though a little hard to get wound up, is a power in discourse considering the furor he created in our midst.

The matter of general counsel in the person of Bro. D. Campbell was discussed and the unanimous opinion was that it was a step in the right direction upon the part of our general committee.

We were pleased to enjoy the company of Bro. L. J. Furois, our former local chairman, of the Canadian Northern Quebec Railway, who is now sojourning in these parts, and who has taken a prominent part in connection with schedule matters on the Eastern Lines.

In summing up the condition of the membership on this district the results are gratifying, with the exception of a few odd cases where men holding good positions have allowed their cards to lapse and letting someone else pay the cost of their benefits. As a rule, these boys, if asked if they carry a card, reply cheerfully that they do; presumably they are not aware our general secretary mails a report each month to the division local chairman showing names of all men who pay dues during the month, so these who do not belong are easily spotted, as they are so few.

We believe our meetings should be held just a little oftener, it affords us our only means of getting personally acquainted, and they do good for all of us. Cnr. 27.

**Central Division, Second and Third Districts**

Bro. G. H. Palmer was appointed secretary. Minutes of previous meeting were read and approved.

On motion of Bro. Young, seconded by Bro. Hobson, it was decided as a sense of this meeting that a lineman be placed on the general committee as assistant.

Moved by Bro. Carlaw, seconded by Bro. Young and carried, that the matter of agents' badges be taken up and a uniform cap be supplied.

Moved by Bro. Law, seconded by Bro. Blair and carried, that on revision of schedule, vacancies on newly constructed lines should be bulked for a year.

Moved by Bro. Mann, seconded by Bro. McGreedy and carried, that the same conditions as
obtain on the Canadian Northern Railway at present obtain west of Edmonton, and that the general committee endeavor to secure this.

After considerable discussion of various matters relating to working conditions, Bro. Williams called on Bro. G. D. Robertson, deputy vice-president, to address the meeting, and his address was interesting and beneficial and very acceptably received.

Bro. Williams then called upon Bro. D. Campbell, general counsel, to address the meeting, and in a very able and eloquent speech Bro. Campbell outlined what he has been doing and is doing and plans for the future for the welfare of our members in the new department he has opened up, and gave a stirring address on unionism and all that it implies.

Moved by Bro. Chard, seconded by Bro. Carroll, that we thank Bro. Campbell for his presence and address.

Moved by Bro. Sparkman, seconded by Bro. Cawley and carried, that we give a hearty vote of thanks to the local officers of the C. N. R. for their kindliness in allowing so many members to be present.

Moved by Bro. McMann, seconded by Bro. Davidson and carried, that we adjourn, the hour of 5:30 p. m. having arrived.

G. H. PALMER,  
J. R. WILLIAMS,  
Local Chairman.

Secretary.

First and Second District Notes—

"H" Office, Winnipeg, Dispatcher’s Office—Bro. Fink now spends his evenings in the Morris chair with his new German pipe and a full supply of "Tuxedo" handy.

Bro. Seivers is spending his annual vacation at Rock Island, Ill., relieved by Bro. C. H. Simpson. This is the first of dispatchers to go on holidays, and Bro. Simpson will now be busy until fall.

"FG" Office—Bro. T. J. Murphy, of first, is kept busy with the fair sex, attends the "Osborne" one night and the "Orpheum" the next. He is contemplating a trip East next month, and rumor is rampant that he will not come back alone. Bro. J. G. Anderson, of second, attended a "hop" in Emerson recently, where he is still popular, and reports a good time. Bro. Geo. Mann, of third, played the bag pipes with the Seventy-ninth Highlanders on Decoration Day, attired in the regulation kilts, commanding the admiration of the fair sex. We are of the opinion that kilts furnish insufficient protection for this northern clime.

Bro. H. E. Davidson, of "WP" office, holds the championship for the national game of push penny, and will accept all challenges.

Mr. Oulette, chief operator in "WI" Winnipeg, who understands, is now engaged during his spare time running a full-fledged "ham factory" in the Y. M. C. A. building, under the nom de plume of Prof. Jones.

Bro. Ravin, relief agent, entertained two of the ladies of the Ft. Rouge offices to a trip on the "Miami Local" recently. Failing to make a reservation in advance, they were unable to secure a table at the St. Charles. The girls are anticipating a light repast in the near future at this famous hostelry.

Bro. Knoblauch, "JN" nights, aspires for the honorary position as chief of the safety-first movement. It will be necessary, however, for "Knobs" to forego his "garlic" rations while presiding at these gatherings.

Bro. McDougall, Carman, spent a recent Sunday in Winnipeg, participating in the veterans' parade. Sorry to hear of Bro. Bowman's sickness; and hope to hear of his speedy recovery; Bro. Connolly is relieving.

Bro. J. A. Ryan is relieving Bro. Beggs at Lowe Farm. Understand "B" has gone to help decide the "home rule question" in Erin.

Bro. W. H. Henderson, Neepawa, is on leave to his home in Boston, Mr. Fenety relieving. Hope to soon call this man brother. Bro. Daigle, nights Neepawa, vice J. L. Ryan.

It is now Bro. Marshall at Swan Lake. Glad to have you with us, "CM."

Bro. J. R. Williams while on committee work was relieved by J. K. Fraser, a non of the Fourth District.

Bro. F. J. Gilbert, Somerset, and Bro. Simpson, Plumas, are to represent the telegraphers on the Second and Third Districts at the safety-first meeting to be held in Winnipeg.

Out of one hundred and nine telegraphers on Second and Third Districts there are one hundred and five members, or 96 per cent. Use the motto, "No card, no favors" on the other four. Mr. Newburg, at Berton, who promises to come in on the first pay day, was not working all winter on account of reduction of staff. Some excuse here, but none in the other three cases.

Mitchellton and Gravelbourg, on Western Division, up for bid.

Bro. O. R. Phelps, late agent St. Agathe, bid in relief agent's position season 1914.

Bro. Sam Payne has returned to "RU," after attending the funeral of his sister at Katrine. Sam has the sympathy of all the brother members of Division 43.

Bro. J. W. Elliot, agent Rapid City, visited friends in Brandon recently.

Congratulations to Bro. and Mrs. E. Davidson; it's a girl this time. "Mac."

Central Division, Rossburn Subdivision—

This subdivision was represented at the meeting April 19th in Winnipeg by Bro. Dorset, of Clan; Wm. Hughes, of Elphinstone; Foster, of Russell; Pruden, of McNutt; Fee, of Wroxton,
THE RAILROAD TELEGRAPHER.

and Blair, of Oakburn. We missed Bro. Dow, from Calder, at the meeting.

It was with profound sympathy that we learned at the meeting that Bro. Pruden had lost one of his boys. When he left home on Saturday the little fellow was not ill, and it was indeed a shock to our esteemed brother when he received the message telling of his bereavement.

Chief Dispatcher Helston granted leave to every agent or telegrapher that applied. We appreciate his kindness and courtesy very much.

Bro. Fee, at Wroxton, is happy; his mother and sister are visiting him. "MB," Cert. 962.

Duluth, Winnipey & Pacific Ry.,
Div. No. 43.

The new schedule is quite satisfactory considering the hard times being experienced by the railroads in this territory. The increase in salaries make our position compare very favorably with other roads in the same district, and each alternate Sunday off duty is something which none of them have.

A meeting held in the North Pole Hall, at Virginia, May 10th, was very well attended by the north end boys. Our train schedules will not, at present, permit of the boys from both ends of the line attending a meeting at the same time, but we hope the summer schedule will be such that we can have a meeting with every man possible in attendance.

Dispatcher Conroy has returned from his vacation spent with the Shriners at Atlanta, and Dispatcher Lansworth is now spending his vacation visiting Portland, San Francisco and Los Angeles. Bro. Dorris, from the S. A. & A. P., is relief dispatcher while the regular men are on their vacations, and Bro. Wicks, from the Canadian Northern and Grand Trunk Western, is doing the regular second-frick dispatching.

Quite a number of positions abolished owing to the depression in business, will be reopened in a short time. Ten operators were laid-off in one day and four or five more in the following week, among them the night operator in dispatcher’s office at Virginia, throwing the telegraph work on the dispatchers.

Fire damaged the interior of the depot at Ranier while the night clerk was engaged in filling a gasoline lamp, destroying Bro. Rogge’s supply of coupon tickets and other records.

I expect the boys to furnish me with notes for these write-ups, as I have no way to get them except from what I can pick up while working. Send your notes to me at Virginia before the 20th of each month so I can get them in before the 28th.

Bro. Merry recently took the same kind of a business (?) trip as Bro. Smith and C. G. Ernst took this month. Congratulations. We will have to have another page added to the Ladies’ Auxiliary if the boys keep up this pace. We hope C. G. E. will consider joining us as much as he did the other joining.

Some of the boys are bent on going west. We don’t like to lose our good men.

Bro. Patterson, who relieved Bro. Merry on his honeymoon, is now at home on sick leave.

Bro. Amiro was off a week, relieved by Sister Wyatt.

"BILL."

Central of Georgia Ry., Div. No. 46.
Southwestern Division—

Our regular meeting was held in Macon, April 19th, with the largest attendance we have had in some time. Columbus Division also had a very good meeting in Phenix City on May 10th, and another was called for some time in June. Regular division meeting will be held in Macon, July 19th. We hope the brothers don’t let their efforts relax, and those who failed to attend the last meeting will make an extra effort to be with us next time.

It is about time to remit for a new card. Boys, be prompt and not wait to be called on by the secretary and treasurer for such a just debt.

Your committee has settled quite a lot of grievances recently in our favor. A few are still being handled.

A fairly good peach movement this year is being promptly handled, several new men having been put to work on account of the heavy business.

Sister Lamar recently relieved Bro. Brown at Howard.

Sister Sims, of Mathews, Ala., spent several days in Florida, relieved by Mr. Underwood.

Quite a number of the exclusive agents attended a very enjoyable meeting in the superintendent’s office May 21st.

Bro. Carter, Lamar, Sammons and Randall attended the Shriners’ convention in Atlanta in May.

Bro. Hartzog made a flying trip to Columbia recently.

Bro. Sears, of Shellman, spent a few days in Atlanta on business in May.

Bro. Smith, of "RA" Macon, made a flying trip to Dawson on his motorcycle a few days ago.

The trains run too slow for him.

Every member should make a strong effort to land the few nons left. Don’t wait for the local chairman to do it all. We hope to revise our schedule before many moons, and we must have a solid line-up in membership, and give the committee our support regardless of what happens. The committee is just as strong as you make it by your backing. Don’t overlook your dues.

Detroit, Toledo & Ironton Ry., Div. No. 48.

Bro. Mowery, Jeffersonville, relieved by Mr. Ray, a new man from the Penna., promises to line up soon.

Bro. Dawse, Lismian, off a few days, was relieved by V. E. Hutton, a new man from the B. & O. We hope we will also take out a card.

Mr. Murphy, Springfield yard, has had the benefit of a raise. Boys, see that he gets a card.

Car Distributor Rankin will soon be at work again. We are glad of his recovery from a long illness. Dan Crossan, bill clerk Jackson, has our sympathy in the loss of his mother.
THE RAILROAD TELEGRAPHER.

We are enjoying a larger membership than ever had before. Bro. Palmer is always trying to get more members. We should help him to get in the remaining nons so our committee will have an incentive to try for better conditions. Bro. Chism or Bro. Palmer will be glad to send you all the blanks you can use. Forward the applications to Bro. J. S. Kneisley, Quincy, Ohio, and he will see that they get their cards promptly. Springfield to Jackson is now solid, with the exception of Mayor Lathberry, at Jackson Center, but there are some other sections where missionary work should be done at once.

The Big Four schedule recently revised gave the telegraphers an increase of $4.00. They are about 95 per cent O. R. T. on that system, which makes it very unpleasant for a man who hasn't the moral courage and manhood to carry a card. Let us get wise and thoroughly organize.

Bro. P. H. Sheedy, during the illness and death of his little grand-daughter, Florence Williams, whom he had raised from infancy, was relieved by Mr. Davis, of Rosewood, and Mr. Shaw. I am indebted to Bro. Kneisley for items this month. I wish the brothers on the north end would profit by his example, and send me their items by the 20th, so we could have a write-up every month, and get the boys interested.

Div. Cor., Cert. 148.

IN MEMORIAM.

Whereas, Our heavenly Father, in His infinite goodness, has deemed it best to call to her heavenly home Florence A. Williams, the little grand-daughter of our esteemed and worthy Bro. P. H. Sheedy; in manifestation of our fraternal grief and sympathy be it

Resolved, That the members of Division 48, Order of Railroad Telegraphers, extend to the bereaved brother and members of the bereaved family our sincere and heartfelt sympathy; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy to THE TELEGRAPHER for publication, and a copy spread on the minutes of this division.

F. N. GINN,

Committee.

Ann Arbor Ry., Div. No. 48.

I see by the April issue of THE TELEGRAPHER that on March 4th the State Legislature of Maryland passed a law compelling the railroads of that State to grant their telegraphers two days' rest a month without loss of wages. The O.-R. T. boys in Maryland are to be congratulated on the struggle they have made to bring about a betterment of their working conditions, and we could also enjoy similar conditions if we would thoroughly organize.

The telegraphers' nine-hour law went into effect March 4, 1907. Let's hope that March 4th continues to be a lucky date for the telegraphers.

Twenty-eight years ago, June 9th, out in Iowa the Order of Railroad Telegraphers was organized by a small band, who had ideas of their own about unionism which they wanted to show the world. They knew at that time that individually they could do nothing, and that the only way to get better pay, shorter hours and better working conditions was to organize a union whereby with friendship, fidelity and brotherly love as its foundation, the telegraphers of this country are now reaping the benefits of the sacrifices made and hardships endured by these pioneers toiling steadily onward and meeting all reverses and setbacks with grim determination until the O. R. T. has become the strongest organization of the railroad fraternities, and the time is coming when the railroads will not employ an operator unless he belongs to the O. R. T. The way to hasten that time is to line-up all the nons with an up-to-date card, and let this be our motto and abide by it, "No card, no favors," until they join. Let us exert ourselves a little and induce these nons to join, and be ready for an organizer to go over the road. I will let you all know when to expect him. In the meantime let every brother get after the non or delinquent. It is your duty to use every means in your power to bring them into the organization.

M. O. Dickerson, Dundee, days, has gone to the Northern Pacific.

A special train with the officials and the directors went over the road April 28th on an inspection trip.

We now have three members in the dispatcher's office at Owosso, Bros. Waterman, McDaniel and Williams. The latter, who belongs to a foreign division, will be transferred into this division shortly.

Bro. Miller, third Hallet, has had his motorcycle repaired, after trying to skid over the top of an automobile. We hope the next time he wants to pass an automobile he will take the passing track.

Among our conductors there is only one eligible man who does not belong to the trainmen or conductors. The operators on the A. A. can be just as thoroughly organized if every member will get busy.

Those notes from Bro. Holmes, at Clare, came in at the proper time, and I take pleasure in thanking him for his trouble in getting them. Come again, Bro. Holmes, and some more of the boys on, the north end send some in. Bro. Holmes was the only one to send news in last month, and would like to hear from others.

Brothers, kindly forward to me by first mail the day, month and year that you started to work on the Ann Arbor, for a seniority list.

Harry Shields, Federman nights, was recently married. Mr. Pearson relieved him.

Bro. Mckena, second Marion, is now on from 7 a. m. to 8 p. m. with one hour for dinner. Before he worked only nine hours. The agent's wife has been promoted from day operator to cashier.

Bro. West, Boulevard, is having an enjoyable vacation visiting relatives in Washington, D. C.
Operator Brokaw relieved him on first, Bro. Lewis remaining on second; Bro. Lanham relieving Bro. McCollum on second Hallet, while on third Boulevard.

Mr. Grill, third Clare tower, sick ten days, relieved by C. D. Barton, from Saginaw, on the Pere Marquette, as we had no extras to relieve him. J. Rassat is off with a broken thumb since April 1st.

A new diamond is being put in at Clare P. M. crossing.

Clare, Mich., that has been "dry" for five years, voted on local option this spring and went "wet." As there is no other "wet town" within fifty miles, passenger traffic to Clare is "on the boom."

Boys, get lined-up for a new schedule. Look, for example, at Hallett, which pays only $62.00 a month when Alexis pays $82.50, only three-fourths of a mile away on the M. C., where they have a schedule. Get those nons near you to come in. Cert. 81.

**Fourth Division**

On Saturday evening May 16th, through the courtesy and kindness of our generous chief dispatcher, it was possible for a large number of us to abandon the cares and duties of the office and journey to Alamosa, where an elaborate banquet was awaiting us at the Victoria Hotel.

The table was artistically arranged, with red and pink carnations. We were served with the feast of our lives, which consisted of turkey in all styles, strawberry short-ecake, ice cream, and in fact everything that could be desired by a hungry bunch of operators and agents.

We had as our guests C. A. Carter, chief dispatcher; C. D. Crum, agent Alamosa; J. W. Moore, track dispatcher Alamosa; H. Moore, operator Alamosa, and Mr. Walls, a new man from the Norfolk & Western, who earlier in the evening gave us his application for membership in our Order.

During the banquet appropriate addresses were made by Mr. Carter, H. Moore, Crum; Bro. Wasson, Hatfield, Wright and several others.

After the banquet the up-to-date brothers retired to a private room, where we discussed some of the problems confronting us today. Owing to the limited amount of time, we were unable to go into details, but at our next meeting, in the near future, we will give our entire attention to business matters.

This is the first time in the history of this division that we have been able to hold such a meeting.

Mr. Carter, in his address, encouraged these meetings and assured us that it was a pleasure to him to be able to assist us.

It was indeed good to see such a large number of enthusiastic brothers present, and to observe the good fellowship which existed among us. Such meetings as this help us to plod on from day to day through the never ceasing routine of our work, ever looking forward to the time when we may assemble together and there share alike the sorrow and happiness of our brother laborers.

We were indeed sorry that several of the brothers were unable to attend, but those who were absent were remembered, and we sincerely trust they may be able to be at our next meeting.

Regrets were received from Bros. Graves, Firtle, Norton, Kuhn, Cummings and General Chairman Fulton, who made many appropriate suggestions and gave us many encouraging words, for which we extend to him our thanks.

Those present at the meeting were: Tucker, LaVeta; Wright, LaVeta Pass; O'Dell, Garland; Phelps, Blanca; Tucker, Monte Vista; Rafter, Del Norte; Wasson, Creede; Hatfield, LaJara; Case, Romeo; O'Brien, Antonito; Lively, Cumbres, and Graves, Espanola. We wish to thank all who helped in defraying the expense of this meeting.

Notice of our next meeting will be given at least ten days in advance, and we earnestly request that everyone make every effort possible to attend, and all desirous of attending will advise Mr. Carter, who will make necessary arrangements so you can get away from your stations.

Bro. Kuhn, is on leave, relieved by W. A. Wall, from the South, who has promised to make good.

Bro. Harvey Grace is now commissary clerk for the Trinchera Estate Co., at Mortimer.

Bro. Norton has returned from his vacation, relieving Bro. Ogle, who is now relieving Bro. Shiles, at Servilleta.

We will all be advised as to the date of our next meeting, so don't forget the date, all attend who possibly can.

We, the brothers of this division, extend our heartfelt sympathy to Bro. Kuhn and relatives in their bereavement at the loss of their beloved mother.

Third Trick Dispatcher "Ludwig" relieved by Little several nights.

Former Superintendent N. A. Williams has gone into the insurance business with Mr. Cody, agent Helper, also resigned. R. C. Ten Eyck, from Gunnison, now superintendent this division, seems to be a square fellow, who will do the right thing by all.

E. L. Debrell, second "DN," Denver, has returned from a visit to Missouri, relieved by Andy Anderson.

On May 10th J. O. Aldrich was called to Birmingham, ‘Ala., by the death of his mother at that place. Joe has the sympathy of all the boys of Division 49 in his bereavement.

Frank Jones is on third "SB," Pueblo, while Kemp is in the dispatcher’s office.

Seems no prospects of reopening any offices at present; most of our extra men now on relief jobs.

Don’t forget the semi-annual dues this month, as we need the money.

The California fruit rush is over and business is normal again, but the parcel post continues to hold its own.

Div. Cox.

Southern Pacific System, Div. No. 53.

Western Division—

Three meetings were held in the Pacific Building, San Francisco, Sunday, April 26th.

The morning meeting, at 10 a. m., with Local Chairman Pennington, in the chair, was fairly well attended, twenty being present. Quite a number of good talks were made, Fifth Vice-President Bro. Manion and General Secretary and Treasurer Bro. Koppikus making the principal speeches. It was the first attempt at holding a morning meeting, and from the way the second trick men turned out, it was evident they appreciate the chance to attend.

So few attended the afternoon meeting that it was turned into an informal talkfest.

A fairly good crowd, numbering twenty-nine, were present at the evening meeting, Local Chairman Ward, of the Coast Division, presiding. Many interesting and instructive talks were made both by our fifth vice-president and general secretary and treasurer and the members present.

Bro. J. C. Arthur, of the Redwood Shingle Association, talked for some time on a "telegraphers’ tournament," to be held in Frisco in 1915 during the exposition, and while Bro. Arthur said he had made no definite plans, it was his own idea to get the several sending machine manufacturers and typewriter companies to hang up prizes. He said when he could present some plans, he would ask Division 53 for what assistance the officers could give in making the plan a success. He said it was planned to separate the entries into classes, such as commercial, railroad and the like, and give everyone a chance. It is hoped it will be put through and carried to a successful conclusion.

Bro. Harry Segin, of “BD” office, talked for some time on the subject of a telegraphers’ club in San Francisco, and while nothing was done at the time, quite a number seemed in favor of it, and it may be only a matter of time until something is done to start it on its way.

We all missed General Chairman Bro. Cowgill’s interesting and instructive talks at all the meetings, but as he is very busy on the Atlantic System in schedule revision work, his regrets at being unable to be with us were read at all the meetings.

Sister Kiley was present and made good talks at the morning and evening meetings. As Sister Kiley has been out of employment for some time, the boys all responded nobly when the situation
was explained to them, and a neat little sum was realized to help the sister on her way. Sister Kiley voiced her gratitude in a few remarks, and made the assertion that she would always carry a card, no matter what turn she experienced. I only wish we could show 100 per cent on the Western Division as loyal to their organization.

I mailed a circular to every name on the seniority list, and feel that we should have had a much larger turn-out. These meetings are held for the purpose of keeping interest to the highest point, and even though you may have to cancel some other engagement to attend, we feel sure you will consider yourself well repaid, as several who stated it was their first meeting said, "I'm coming again." It is worth going many miles to hear a man like Bro. Manion talk.

I would like to request that the members do not use company stationery or envelopes for private or O. R. T. correspondence, as it is a violation of the I. C. C. law to send a personal letter through the railroad mail. Also, the better service the members give, the better regard the O. R. T. enjoys from the company, and emphasizes the fact that it pays to employ O. R. T. men.

Bro. Pennington, Suisun, on leave of absence for sixty days, was relieved by Telegrapher Colson.

It is rumored that some trains are to be taken off soon. I am still looking for some notes each month, but either there are no changes or everyone is too busy to let me know. We all like to see our own division with a large write-up each month, but should not leave it to one man to do it all.

Understand several extra men taken off at "BD" San Francisco on account of business falling off.

From letters received, everyone seems to want to get on the coast before the exposition. Everyone will have to "hit the ball," for there will be so many men out here before long, and all looking for work, that it will be an easy matter to keep the extra list filled up.

Our general secretary and treasurer, Bro. Kopikus, is still doctoring at Calistoga Springs for his "bum" leg. We all hope he gets back into harness again soon. His relief, Mr. Davis, promises to join soon.

Don't forget to mail me any news items.

LOCAL CHAIRMAN.

Coast Division—

On April 26th the Coast and Western Divisions held a joint O. R. T. meeting in San Francisco, at the Pacific Building, which was a grand success in attendance and enthusiasm. Bro. Ward and Bro. Pennington, local chairmen of the Coast and Western Divisions being in charge. Three meetings were held—one in the morning, one in the afternoon and one in the evening, so as to give everyone a chance to attend at least one of them. Bro. Pennington acted as secretary of the meetings, so I will refer the Coast Division boys who were not there to the Western Division write-up for a complete report. Owing to the hours I work and the shortage of men, was unable to attend, for which I am very sorry, as Bro. Ward reports I missed a rare treat. In order to not miss one of the meetings, Bro. Oakes journeyed from Ben Lomond the night before, and was on hand at 10 a. m. Bro. Oakes is an appreciative member, and he believes in making a little sacrifice occasionally, and, if necessary, spending a few dollars to show his appreciation, and it is highly commendable, to say the least, when an old-timer like Bro. Oakes, who has been thirty-five years in the telegraph service and all the time an up-to-date, shows so much enthusiasm, if some of the younger bloods would take the same interest in the Order that the old-timers like Bros. Oakes, Berry, Taylor, West, Dains and Kopikus do, it would be no trouble to be 100 per cent strong all the time. It is the men of their caliber, stability and constant faithful support that keep the Order up to its high standard.

I understand some very interesting experiences were told, questions were brought up, and the telegraphers' tournament for 1915 voiced by Bro. J. C. Arthur. Personally I think that we should have a competitive tournament during the world's fair. All interested in this, please take it up with your local chairman, and talk it over with the boys, so that necessary arrangements can be made now.

Mr. Glen sor, a former brother telegrapher at "BD," now a lawyer, dropped in for a short while to meet some of the old members, and, being called on for an address, gave an interesting talk on conditions of the working class and the progress that is being made in other union organizations.

Our genial general secretary and treasurer, Bro. Kopikus, in his very eloquent, interesting and instructive talk on the present condition, numerically and financially, of Division 53, made a comparative statement of that of former years.

Bro. Manion, fifth vice-president, covered conditions current in the Order over the entire continent, comparing various schedules and claiming that without exception the Southern has the best in North America. He never fails to arouse an interest in his auditors, and we regret exceedingly that more from the Coast and Western Divisions were unable to be on hand and hear him.

Bro. Geary, a member of the State railroad commission, gave a very interesting and instructive talk that was appreciated by everyone.

Bro. Condon, agent San Ardo, off several weeks on account of getting poison in his eyes and having to go to San Francisco for treatment, was relieved by Mr. Bell, and he on second by Bro. Cookson, a new man from the Maine Central.

Kenneth Kinkade, for a long time messenger San Jose "SJ," has been appointed agent Fourth street, San Jose.

Bro. Shandy, agent Capitola, who fell and wrenched his knee, was laid up ten days, relieved by Mr. Miles, who also relieved Bro. Tony, agent Apts, on vacation.

Bro. Doig, agent Salinas, off a few days, was relieved by Bro. Fry, and he on first by Bro. Cookson.
THE RAILROAD TELEGRAPHER.

Bro. Stephenson, agent Felton, on vacation touring the southern part of the country, was relieved by Bro. Sisson, and he on second Santa Cruz by Bro. Merrill.

Bro. Simpson, agent Chualar, on three weeks' vacation, relieved by Bro. Morebeck, from third San Ardo, and he by Bro. Shackelford, extra.

Bro. Pittman, extra San Luis Obispo, relieved at Gaviota third by Mr. Arctander, later by Bro. Feldt. Mr. Arctander assigned third King City, relieving Bro. Allen, a new man from Panama.

Bro. Ward, our genial local chairman, relieved on second "SJ" by Bro. Moore pending bulletin, assigned third San Jose "SJ," relieving Bro. Spear, a new man from Panama.

Bro. Hoon, agent San Lucas, off a few days on account of neuralgia, relieved by Bro. Feldt.

From reliable authority we understand wedding bells will soon be ringing for Bro. Pittman.

On account of the serious illness of his father, Bro. Lindsay made a hurried trip to Los Angeles, where he spent several days.

We are very sorry indeed to report the death of Mr. Arctander, third King City. Just after he went there he spotted the baggage truck to work No. 10, and, seeing that it was too close to the track, rushed out to move it, the train striking the truck just as he got in front of it, striking him in the stomach and knocking him about thirty feet up against the platform of the depot, fracturing his skull at the base. He was rushed to Salinas hospital on the Lark, but lived only three days, hardly conscious at any time. Bro. Fry and I visited him at the hospital, but he did not recognize either of us. Mr. Arctander had been with the S. P. about six months, and came from the East out here. His home was in St. Paul, where his wife took the remains. The boys at Gaviota, Paso Robles, King City, Soledad, Chualar, Salinas and Watsonville Jct. got a nice large floral piece for the casket before the remains were taken from Salinas.

There are two new men at San Francisco "ND" and a new man at San Jose "SJ" second.

Bro. Topham, from Del Monte Jct., paid your scribe and the boys at Salinas a short visit while down on a business trip the other day.

The "division is pretty well stocked with operators at present, and summer jobs not yet opened. Anyone who knows of any changes or new men coming on the division, please drop me a line or let me know on the wire, so we can have a good write-up every month.

"HS," Cert. 1558.

"BD" General Office, San Francisco—

Business is exceedingly light. Bro. P. B. Bell pulled off and transferred to Shasta Division, and bidding in telegrapher Grass Lake, Oregon.

Bro. Jeff Hoell pulled off sometime ago bid in third Davis, Cal., where he will be able to develop his muscles by use of the levers now being installed in the tower there.

Bro. R. H. Stuart is a regular attendant at the Employees Welfare Society and reports they have fine times.

Fifth Vice-President Manion and Bro. Compton are again in the city after attending a good meeting at Los Angeles on May 16th, having enjoyed a fine trip on the fast steamer Yale.

Bro. A. W. Allen has been assigned to the third trick chiefship. Bro. Mooney, pulled off here about three months ago, is now late night chief at "H" Sacramento. Some class to Ed, getting into "H" office after having been pulled off at his "OS" job at Caporn.

Electrician Birt moved "HU" office Los Angeles into the new quarters during the past month.

A big argument has taken place in the office as to the manner in which the regular men should be pulled off, owing to the reductions. Some claim that office seniority should prevail, while others believe road seniority should prevail. The office seniority men claim that the youngest assigned man should be the first to be reduced, while the other side contends that the youngest man in road seniority should be the one, regardless of the length of time a man has been working in the office. The matter has been referred to the superintendent of telegraph and General Chairman Cowgill for a decision. The office seniority men propose to take the matter up with the entire general committee if road seniority is allowed to stand, and a man bidding into the office within the last year, with twenty years' seniority, is allowed to displace a man who has been in the office eight or ten years. We hope that things are settled amicably to all concerned.

Bro. Jim Hoell wagers on San Francisco and Bro. Louie Rosenbaum on Oakland in the Coast League. Several suits of clothes are involved.

On April 23d the boys on third were treated to an earthquake lasting ten seconds, felt over all this division, stopping the clocks in Sacto dispatcher’s office, and doing considerable damage to brick buildings.

Bro. C. E. Heiderick, agent Zamora, on a year’s leave, is in the confectionery business at Lincoln. We all wish him good luck. Relieved on bid by Bro. C. N. Cutler.

Assignments: J. C. Reitenour, second Emigrant Gap, staff; third Eder to O. M. Potter, staff; relieved at Soda Springs by Bro. C. W. Collins, who also relieved Bro. Hefflin there when he went to agency Summit.

There are only four or five nons on this division, and our local chairman is right after them. The staff men are coming in fast and we will soon be 99 per cent, both staff and telegraphing.

I wish to thank Bros. L. B. Deen, C. N. Cutler, L. S. Wilson and A. J. Stakl for mailing me notes from the valley. Only one or two brothers who promised me their assistance failed, but will look for notes from them next month.

G. C. McAulow, Cert. 3042.

Let us all write our chairman, and he will take the matter in hand and try to remedy it. Carrying mail to and from the postoffice should also be taken up, since the parcel post started we carry it to the postoffice for nothing. When this stuff came by express we got a commission for handling it.

Los Angeles District—

Bro. J. C. Arthur, manager Redwood Shingle Association, 244 California St., San Francisco, has solicited the support of the officers of the different System Divisions of the United States and Canada to organize a Telegraphers' Tournament at the Panama Exposition in San Francisco next year. The contest to open to all classes of operators, those using "Bugs" as well as old-style keys, and those using "Mills" as well as "Stick" men. The Vibroplex people wish to award prizes, as does a number of jewelry and typewriter companies and other manufacturers.

Bro. Arthur has appealed to Thomas Edison and Andrew Carnegie, old-time telegraphers, to get in on the prizes. Please advise any suggestions you wish to make, and if you wish to participate in any of the contests.

Since the Southern District has been extended to include the Stockton and Coast Divisions, it has been agreed that telegraphers on these two divisions should be privileged to make application for positions in "HU," Los Angeles office. And same will be bulletined over these divisions in future.

San Joaquin Division—

The meeting at Famoso was a success, and we 

wish to compliment the Valley boys on their in- 

terest in getting there.

Bro. Blume left Cameron on No. 113 in order to 
catch No. 51 out of Bakersfield, but a freight train 
head got a car off at Tunnel 9 and delayed him 
an hour and thirty minutes, making it impossible for
Bro. Blume to reach Famoso ahead of No. 107.

A number of the Valley boys had to leave on 
Nos. 107 and 105, but they had a little meeting of 
their own before No. 107 got there, and being 
treated to a nice dinner by Bro. and Mrs. Edson 
went away rejoicing. Bro. Blume will lay off 
when the next meeting is held in the Valley, and 
get there on an early morning train to enable him 
to have a talk with the boys there.

The brothers from Bakersfield went out on 
their motorcycles and had a nice ride as well as a 
good time at the meeting.

J. O. Barngrover, agent Strathmore, out for 
a number of years, joined at the meeting. We all 
welcome this old-timer back into the Order.

The following brothers and their families were 
present: Local Chairman Blume, and Sister Blume, 
General Chairman Ladies’ Auxiliary; A. B. Loomis, 
Kingsbury; G. M. Black, Porterville; G. W. Ure, 
McFarland; F. R. Kirkland, Terre Bella; F. L. 
Hutchinson and wife, Pixley; K. L. Galyan, 
Tulare; Ivy Krim, Sanger; M. Krombeck and 
G. A. Sears and wife, Bakersfield; M. H. Gage, 
wife and daughter, Edison; S. W. Davis, W. W. 
Edson and wife, and J. E. Donnelly and wife, 
Famoso; C. D. Listen and sister, of Bena; H. C. 
Winter, Beaville, and Bro. L. E. Lehmer and 
wife of Traver.

Bro. Gage, wife and daughter are planning a 
trip East about June 15th via Portland, Van- 
couver and Canada, coming back the southern 
route. We wish them a pleasant vacation.

Bro. Blume has been appointed postmaster at 
Cameron. Brothers, when you have any letters 
to mail drop them off in passing and let him post 
them. He also has the agency for a handsome 
O. R. T. card case of genuine calf skin with 
transparent pocket, and you can have any secret 
order, lodge or union put on that you like, or 
all three, also your name and the O. R. T. with a 
key. The price is $1.50 each.

At the “Judge O’Niel Day” meeting, Easter 
Sunday, Bro. Mallachowitz started a hat around, 
suggesting that every brother give something to 
show their appreciation of the efforts of Bro. 
Blume in managing the affair so well and for 
his past untiring efforts on behalf of the organi-

zation and the boys on the S. J. Division. The 
donation was presented by Bro. Manion. Bro. 
Blume was greatly moved by the spirit in which 
it was given and asserted that while he was very 
willings to serve the boys as local chairman with- 
out compensation he assured them that the money 
received would be devoted to the good of the 
cause and not for personal interest.

Bro. D. T. Towles bid in third Goschen Jct., 
relieved on third Mojave by Bro. D. P. Gibson. 
Bro. J. T. Juve relieved Bro. F. L. True on 
Lancaster, who relieved Bro. D. M. R. Stuffer 
on fourth Majave.

Sister Mabel Evans, second Ravena, visited 
friends in Bakersfield recently, relieved by Bro. 
H. J. Hendry.

Bro. R. L. Davis assigned third Ravena, re- 
Bro. Moffitt, agent Rowen, is visiting friends 
and relatives in the East.

Bro. P. E. Turner, of Tehachapi, has been 
promoted to dispatcher at Bakersfield. The 
brothers extend congratulations and best wishes 
for his success.

Dispatcher J. J. Duggan and wife on three 
months’ vacation in the East.

Local Chairman Blume attended the recent 
meeting in Los Angeles.

Our membership on this division continues to 
increase and more life and interest is being shown 
at every meeting.

Bro. J. O’Niel returned from vacation, reliev- 
H. L. Haage relieved Bro. Vaughn as agent 
Searles, who went on extra list.

Bro. and Mrs. M. B. McMullen visited Bro. 
G. H. Frederick and wife at Ravena recently.

The only items received this month were from 
Bro. Black and Blume. Some of the others send 
some next time. Bro. Blume is doing more than 
his share.

Bro. J. A. Gamble, switchman at Mojave, visited 
friends in Turlock, while looking after his ranch 
at that place last month.

We would like F. V. Collins to line-up. He 
has been working quite awhile as extra.

M. B. McMULLEN.

Stockton Division—

No cards, no favors.

Bro. A. G. Gilliland, from the Western Divi- 
sion, is relieved by Bro. Butler on third Madera, 
on account of sickness.

Bro. H. W. McNeil, who bid in agency Ray- 
mond, is now on second Modesto, relieved by 
Bro. T. O. Young, and he at Peters by Bro. 
Costello.

Bro. R. E. Ham, Patterson nights, on vacation, 
relieved by Bro. Hugo Schlichtenberg, who later 
relieved Bros. Burrows, Lowel, and Hanlon, of 
“KN,” Stockton, on vacation. Bro. H. W. McNe- 
Neil of Modesto, called on the brothers at “KN” 
and “BR,” Stockton, recently, and Bro. Richards, 
of Lodi, took in Sells-Floto Circus at Stockton.

Bro. Alexander, formerly of Lodi, in Ferry 
Building several years, is visiting Bro. Anderson 
in Merced.
There are a few good positions open, get your bid in early.

Dispatcher Hallinig is back from a short visit East.

I want to thank Bro. C. E. Wykes, of Merced, for the nice lot of items he has sent me the last two months, they were greatly appreciated, and I wish the rest of the boys would show the same spirit and drop me a line when they know of something that would be of interest.

A new train order crane has been located at "KN," Stockton, and Lodi, they stand about ten feet high and hoops are placed in hooks at top of crane so engineer and conductor can secure orders on the run, without operator having to stand so near the track; after train has passed cranes are taken from track and hung up against office until needed again. They weigh about fifteen pounds.

Bro. R. E. Denehey visited his parents in Acampo this week.

Tucson Division—

"Éternal vigilance is the price of safety." We have several delinquents and several who have not paid the special assessments levied last year. Several of the delinquents claim to be short of money, yet they profited quite a few dollars in our last schedule, and their dues are now six months' overdue. You brothers working beside delinquents should see that they keep paid up to date and not allow them to fall behind, as it increases your burden as well as the rest of the brothers on the line. We have with us, too, several men on the division who should have cards, but don't have them. One is agent, salary $160.00 per month. Though we have written him and sent him application blanks, he has not as yet acknowledged them. One other says the O. R. T. never did anything for him. These men should have no favors accorded them.

Recently the local chairman heard of two brothers doubting up for an undesirable. This certainly is not the proper spirit to exhibit towards the telegraphers' nine-hour law, passed at great expense to the Order and for the benefit of the individual members. You not only subject yourselves to a fine, but to dismissal from the service for doing this.

Your local chairman, in a recent interview with the superintendent, was informed that several agents have made application for the summer vacations, but that he did not know how he was going to relieve them, for the reason that many of our telegraphers are unwilling or incompetent to take charge of even the smaller stations. Brothis, this is a subject worthy of very serious consideration, for in return for increased salaries and better working conditions our Order promised "better service and increased efficiency." Are we doing our part? Perhaps all are not ambitious and do not seek promotion. However, it would seem that every brother would have enough interest in his own personal welfare to qualify himself to handle the small stations and eventually the larger stations should occasion arise that would demand it.

As our hot weather season is again coming on, brothers working night tricks should endeavor to keep awake, answer your calls promptly and render the best service possible to make good the statements we made to the company upon the completion of our new schedule—that Order men are the best to employ at all times. These statements and promises made the company at that time should be lived up to by you, as you are the ones who are reaping the benefits.

Beginning with May salary, Afton nights position takes the $90.00 rating. General Chairman Cowgill was appealed to in this question, and, after considerable correspondence between him and Mr. Platt, the matter has been settled in our favor.

Commencing April 4th, the sixth trick in "UN" office was made a combination clerk and telegraph job. Clerical duties being added to "UN" office tricks was taken up with Mr. Dyer, who stated that on account of the poor commercial conditions it was necessary, and after stating that it would not be used as a precedent, your local chairman decided to let the clerical duties stay on for the summer or until such time as the sixth man in "UN" was needed for full eight hours' telegraphing. Brothers bidding on this combination position will be given reasonable time to qualify for clerical work, and when clerical work is taken off the trick it will again go on bulletin as a straight telegraph position.

I am indebted to Bros. Cull, Del Buono and O'Brien for assistance in the write-up this month. Won't these brothers kindly assist me next month? Would also like Bros. Hibbs, Lawrence, at Bowie, and Milster, at Deming, to send in something, and mail it so as to reach Box 621, Tucson, before the 20th of the month.

Dispatcher Smongske resigned, relieved by C. H. Eva, from second Stormy, relieved by R. P. Flynn, from "UN" office, reinstated. Later Eva, relieved by Dispatcher Foster, from Los Angeles Division, took leave of absence, visiting his home in Wisconsin.

F. W. Livesley, second trick dispatcher "CB," relieved by Dispatcher Quick, relieved Chief Bonorden, who went to Los Angeles to string new time card.

E. L. Johnson, a new man, relieved W. H. Johnson, second Mescal, on sick leave.

Fourth trick "BY" Yuma pulled off on account of slack business, Bro. Brinley going to Cambria.
With the advent of June your dues for the last half of 1914 become payable. Let's all see if we can't get by without any delinquents this time. Send your dues in early; you won't miss it now any more than you will two months from now.

Bro. Hammond, local chairman of the Los Angeles Division, was a Yuma visitor recently, getting acquainted with the boys on the east end of this division and running in a few nons incidentally.

Bro. Sturges, Yuma, recently bought an "Indian" for use in traveling to and from his ranch in the Valley. Mr. King, formerly ticket agent and operator at "CY" Yuma, has transferred to the L. A. Division as extra dispatcher.

Miss Amanda Morrison, who recently came to this division, relieved Bro. Badger, second Astee, who took the agency there, relieving Bro. Bouck, to his assignment, agent Welton, vice Bro. Dumd in to Bowie. We hope to induce Miss Morrison to become a sister, as sisters are scarce here.

Bro. Allison, agent Fairbank, relieved by Bro. Wilson, from Tucson, on account sickness, recently transferred to San Francisco hospital, is in a very serious condition, having recently suffered a hemorrhage of the brain. We hope for his speedy recovery.

E. L. Johnson, relieved by W. H. Johnson, from sick leave, go to A. & E. at Tempe, on account of slack business on S. P.

Bro. Cull was a Tucson visitor recently, going over several grievances with the superintendent.

It is with grief and sorrow for his wife and family that we chronicle the death of Bro. W. P. Larcey, last month at the San Francisco hospital, where he had been some time. Bro. Larcey was stricken with hemorrhage of the brain in the early part of February, and was moved from Wellton to the hospital at Tucson. He did not regain consciousness until the early part of March, and did not improve in health. The latter part of March he was removed to the hospital at San Francisco, but only lingered a few days, declining rapidly. Bro. Larcey was well liked by all who knew him, and we all miss him from our ranks.

"It is God's will; His will be done."

IN MEMORIAM.

WHEREAS, In His infinite wisdom and knowledge, it has pleased our heavenly Father to call to his home and reward our esteemed and worthy brother, W. P. Larcey; and

WHEREAS, We realize that in the death of Bro. Larcey we have lost a true and loyal brother, and his widow a devoted and beloved husband; therefore, in manifestation of our sorrow and fraternal sympathy, be it

Resolved, That we, the members of Southern Pacific Division, No. 53, of the Order of Railroad Telegraphers, extend to the bereaved widow and relatives the heartfelt sympathy of each brother individually and the condolence of Division 53, and in so doing, be it further

Resolved, That a copy of these resolutions be sent to the bereaved widow of the deceased, a copy spread on the minutes of this division, and a copy to be sent to THE TELEGRAPHER for publication.

H. F. DUMOND, B. M. STANLEY, O. L. BUTLER, Committee.

El Paso District—

Assignments: Valentine agency, Bro. W. B. Phelps; Marathon agency, Bro. J. F. Gardner; Fabens agency, Bro. G. W. Haas; Clint third, Bro. A. Boone (formerly agent Clint); Marfa third, Bro. H. J. Hall. Vacancies: Clint and Ft. Hancock agencies, Valentine and Marfa second, temporarily filled by Bro. Skipper, Graves, Hickerson and Custer, respectively.

Bro. L. D. Myers, formerly assistant agent Alpine, has been transferred to the telegraph department, and is relieving Bro. Scott, agent Langtry, a few days.

It is very encouraging to note the number of new men we are getting who hold up-to-dates, seldom an exception.

There is still a delinquent or two along the line. Ask the boys with whom you are working to see their latest card, and if they don't produce, do a little missionary work and advise your local chairman.

The oldest man on our seniority list, set back on the best position we have, refuses to help "pay the freight" because the masses did not see fit to run the O. R. T. just to suit his fancies.

Our general committee—an able body of conservative men—went into conference with the management at Houston on grievances, May 18th. We are with them, and wish them all possible success.

Our local chairman, Bro. L. B. Starns, did not convene with the committee, though a member of the reduced board, as this district had no repeated grievances.

In the excitement during the recent international agitation around El Paso, Tex., our "RK" office had its full share of nervousness and humor. It was rumored that Villa's attack on El Paso was averted by him mistaking Hester's mill for a flock of machine guns. Bro. Dunbar, the manager, was very patient with the boys during troublesome times. "RK" is a solid aggregation.

Houston Division—

Bro. O. K. Gentles, of Stafford, was relieved several nights by Gentles and Morris.

Bro. S. Wright, Eagle Lake third, on a trip to New York, was relieved by Mr. Moore.
Bro. R. M. Turner, Luling third, on vacation, relieved by Bro. C. W. Churchill, from Division 32, whom we welcome to our fold.

Bro. Preston, on relief work to "DR," relieved on third "DS" by Bro. Ney, and he on east yard third by Bro. Powell.

I haven't even a line from my "assistant." I can't keep tab on everything. Please help me a little. I thought that when I agreed to undertake this job I would get your co-operation, but very few have taken any interest in it. All of you know where I am located, so let me have your items, no matter how small; all of it put together will make a good pile.

Burr.

H. & T. C. District, Second Division—

Organization of a Railway Telegraphers' Club, with headquarters at Houston, and composed of members of the Order of Railroad Telegraphers within the territory tributary to the city, was effected Sunday afternoon, April 5th, at a meeting in the Cotton Hotel, at Houston. More than 100 members of the Order were in attendance, accompanied by their wives and other women members of their families.

Preliminary organization was effected at the afternoon meeting, called to order at 2:30 o'clock, and presided over by General Chairman J. E. Cowgill. Committees were appointed to draft constitution and by-laws, nominate officers and directors, and to attend to the preparation of other matters relative to permanent organization. A legislative committee was appointed and occupied the latter part of the afternoon in framing policies and resolutions to be adopted relative to future proposed legislation, and we were entertained with a number of piano and song solos. Refreshments of delicious ice cream and cake were also served, and cigars to the smokers.

A second meeting, held from 8 to 11 o'clock in the evening, attended by the women visitors, was largely of a social nature, reflective of one of the important phases that the club will include.

Among those present at the meeting from this division were: Local Chairman Bro. W. W. Holman, Assistant Local Chairman Bro. W. F. Brown and Local Secretary Bro. W. F. Sucha.

Bro. Holman was elected as a director on that committee at the meeting in Houston.

Bro. Forster, third Elgin tower, had his card transferred from Division 144 to Division 53. Bro. Ward, of Elgin, relieved Agent Rummel, at Lampasas a few days on account of court, and Bro. Brown, at Manor, relieved Bro. Suhrs at Ledbetter while he was on the grand jury.

A controversy as to the rights of position of first trick operator Giddings, union depot, caused the bulletin to be withdrawn until the question is settled.

Let's hear from some of you brothers along the line, with a few items of interest, and by all means don't forget to line up the nons.

LOCAL SECRETARY.

T. & N. O. District, including Dallas, Sabine and Galveston, G. H. & S. A. Division—

The meeting of the H. O. R. T. Social Club, May 8th, at the Houston Press Club lodge room, was well attended, there being twenty-three members present. The offices of president, vice-president and secretary and treasurer were filled at this meeting, and such other officers as are necessary from time to time will be added as occasion requires. The officers earnestly request all operators who possibly can to be present on the lodge meeting nights, the second Thursday nights of each month, at the rooms at the Houston Press Club on Texas avenue, between Main and Travis streets.

In the future, when any member of the O. R. T. is so unfortunate as to require hospital attention the officials of the H. O. R. T. will see that their stay in the hospital will be rendered as pleasant as possible by the hospital committee.

The reduced general committee convened May 17th and concluded May 23d. The success in all matters of just grievances was uniform. There were two of three cases wherein the complainant had filed a grievance on matters such as violation of rule "G," etc. Where the facts clearly showed that such rule had been violated there was nothing the committee could do but rely on the company's leniency. The railroad officials being compelled to be out of town until Saturday, May 29th, negotiations on the new contract was delayed until that date.

Bro. Bill Rummell was relieved at Echo by Bro. Deir, from "RK" El Paso, whom we are glad to have with us, but very sorry to lose old "Bill." His good work at Echo had established a precedent that his successors will find hard to beat.

Bro. Bandy, of "OD" Orange, was the first brother to furnish the good statement of revenue of April 5th. We wish to thank Bro. Oliver for his excellent statement of revenue.

Owing to the heavy increase in business at Dayton, Bro. Shaw has been allowed an increase in clerical force.

Bro. Sturtevant relieved Bro. Goodson on "HD" third while in "HN" Houston.

Bro. Buffington, local chairman, was relieved by a man from "WU" while engaged in committee work.

Bro. J. H. Clark is relieving Bro. R. G. Lee in "JR" Houston, on a visit East.

W. A. Floyd who relieved R. H. Finney on Texas City Jct. third will soon be with us.
P. J. Musgrove past agent Jacksonville to
Crandell agency temporarily.
Bro. C. W. Lester, Beaumont first, is now at
Jacksonville, and his name appears on the time
card as extra dispatcher.
H. B. Ware, relieved at Athens by Mark Frost.
We hope the Hard Ware will forget to return.
The committee wishes to extend its thorough
appreciation for the hearty support accorded so
far in the work on the grievance and contract
problem.
This write-up clearly shows who are nons and
who are not. If you will all act on the motto,
“No card, no favors,” there will be no nons to
appear in the following write-up; brace up and
get the man next to you. Div. Cox.

G. H. & S. A., Victoria Division—
Our local chairman on general committee service
met our efficient general chairman and Bro. Jno.
E. Cowgill at the Cotton Hotel, Houston, Sunday
morning, May 17th, to go over our grievances in
order to be fully prepared to meet Mr. Waid the
following morning. Many of us would like to
have had the time to impress Bro. Alexander as
he passed through on No. 306 on May 16th. Bro.
Wells, Laisure and Buffington and our other effi-
cient brothers, have gone to the front many times,
to always with success, and we rejoice in the knowl-
dge of their ability to effect a settlement which
has the approval of both employers and employees.
Our local chairman will probably be away from
his post at Port Lavaca some time attending
general committee duties at Houston, and every
member of the division should keep after the
nons. Most of the new men are up to date, and
will transfer to this division, among which are
Bro. Ford, at Pledger; Mr. Dunlap, Ganado; Mr.
Williams, at Pierce; Bro. Millhollen, at Edna, and
Mr. Whitsett, at Nixon. All of these are prac-
tically new men and we extend them a hearty
welcome.

One old head on this division about five years
is either going to quit, illness or some other ex-

count. Let us all write R. I. Nichols, at Louise,
and see if that won’t move him; also A. R.
Hillyer, at Palacios, and Wm. Beaumont, at
Sutherland Springs, who are behind with their
dues.
We have had fairly good results from the non-
telegaph stations, having secured the applications
of Kendleton, Fannin, Berclair, Adkins and Inez.
We now want Midfield, Hawkinsville, Telfernen,
Sample and Pandora; let everyone get behind them.
Some of the brothers have assisted our local
chairman very much in securing applications from
the new men, and we wish to thank them for
their good work; keep it up, brothers.
Assignments on bulletin: J. R. Dunlap, oper-
ator-clerk Ganado; F. N. Millhollen, agency
Smiley; J. W. Black, operator-clerk Wharton; E.
B. Luder, agency Bay City (pending); understand
this man has not the proper credentials; get
busy, it’s our duty to find out.
Bro. Isaacson has returned from a pleasant
vacation, taking up his assigned position, agency
Westhoff, relieving E. B. Luder, who relieved
Bro. Harris, at Laverna, on two weeks’ vacation;
was then checked in as agent at Nixon, and later
relied by H. J. Hammett from the superin-
tendent’s office Victoria, and assigned to Bay
City (pending).
Bro. McClanahan, assigned to operator-clerk
Edna on February bulletin, has just gone there,
relying F. N. Millhollen.
Bro. Gaddis, of Pledger, on extended vacation,
relied by Bro. Ford, relied at Edna by Bro.
Millhollen.
Mr. Douglas, clerk at Palacios, who does most
of the telegraphing there, knows a good thing
when he sees it, and has sent in his application.
We regret to learn of Bro. C. A. Shoquist’s
condition. He probably will never be able to
work again. A train struck a truck loaded with
large drummers trunks several months ago at Nixon,
one falling on Bro. Shoquist, and he has been
confined to his room ever since. The agencies at
Nixon and Pierce have been placed on bulletin,
no applications yet on the latter.
Thanks to Bro. Isaacson for lots of this in-
formation. Would be hard to have any kind of
a write-up without assistance from the boys from
the west end. I hope he will keep up the good
work, and that others will also take an interest
and mail me notes.
Bro. Morgan, at El Campo, hasn’t sufficient
time to give us a nice write-up each month. In-
stead of congratulations for Bro. Reinhardt, of
Beasley, it will probably soon be Bro. Morgan.

Boys, watch for the “all agents” message from
Victoria. Our duty is to lend every assistance, and
not make it necessary to send messages more than
once on this line. The wires should be given
preference in every case. Good service is to our
advantage in many ways, and will be a helping
hand in securing good schedules. Cut out con-
tending for circuit, five minutes on a wire used
for both train movement and messages means a
lot in many cases.

Motor car service was established on the Whar-
ton branch May 20th. Probably some of the
agents along this line will make an extra fifty cents
daily meeting this motor car.
Boling has been made a telegraph station dur-
ing spud season, with Roy W. Black at the key,
first telegraph position. We will soon have his
application. An express office may be opened up
there, making this a regular telegraph office.
G. L. Tooley, a new man from the Iron Moun-
tain, has been appointed extra dispatcher Victoria.
Everyone get behind the nons, let “No card,
no favors” be your motto, and we will soon be
100 per cent strong.
Bro. Morgan, at El Campo, our former corre-
respondent, on account of heavy clerical work, had
to give it up. He gave us good service and we
regret that he was obliged to relinquish the task.
I have been asked by our local chairman to act
as correspondent until arrangements for one can
be made, and I would be glad to see one of the
good brothers take hold of it.

J. W. Black, Cert. 3246, Wharton, Texas.
Louisiana Lines—

Bro. R. Finchar has gone to his assignment, third Algiers, v'ee Mrs. B. Coe, who later went to first Schriever. Bro. Holland, who relieved Finchar while change was being made, has gone to Lake Charles.

It is now Bro. Wade on second.

Bro. P. J. St. Romain on sick list again, relieved by W. O. Guidry, a new man, now on third Bowie.

Boutte has been made a freight and ticket office. Bro. P. Champaine, on third there, while off getting married was relieved by J. Boudreaux, a new man, who later went home to Scott.

Bro. D. C. Wells, local chairman, is in Houston on general committee business.

Boys, let's get in the few remaining nons and make this division 100 per cent strong.

The busy season on onions and potatoes is on. Jeannerette days closed, Bro. Hanley, relieving Bro. Prague, agent Bayou Sale.

Relief agent abolished. Bowie third, Schriever first, Bayou Sale and Scott agencies vacant.

Remember, "No card, no favors."

Don't forget your notes for next month's write-up are due on or before the 20th.

H. L. Feske, Cert. 2179.

Northern Pacific Ry., Div. No. 54.

Idaho Division—

As far back in the affairs of the organization as the writer can remember, we have used for a slogan the old familiar "No card, no favors," and have constantly been trying to drive home to our membership the importance of observing that principle. We have set forth in countless columns of print the fact that the telegrapher who does not carry a card is not only of no assistance to the one who does, but is actually throwing his influence on the other side of the question. He is accepting—yes, and constantly clamoring for—the benefits, financial and otherwise, that our work and our money is securing, yet when we sound a call for support, the non withholds it, and, not content with that, in many instances heaps abuse on the Order and on the members of his committee; always, however, being careful to do the latter where those so maligned will not call him to account.

Regardless of these facts, we still find many of our members associating and forming personal friendships with the most pernicious of the "hard-shell" nons, tendering them favors and occasionally getting one in return (for the non is as miserly with his favors as he is with his financial support), and generally giving them as good treatment as is accorded a good member. Those members who are doing this may imagine that they have selected one of the best nons as a recipient for favors, but, having had a great many years' experience with nons, I give it as my honest opinion that there are no "best" ones among the chronic variety, and the sooner the membership awakens to the fact that it is best to leave a confirmed non alone, as far as sociability is concerned, the sooner we will have less of their kind in our midst. Kindness is wasted upon them, as their only ambition seems to be to get as much as possible out of us with the least possible expense to themselves, and the only way to bring them to their senses is to leave them strictly alone from a social standpoint, and if they make advances, give them to understand that there will be nothing doing until they develop sufficient manhood or womanhood to do the right thing by their fellow-workers and cease their efforts toward tearing down what we have labored so hard to build up. "No card, no favors" is not easily misunderstood. Apply it exactly as it reads, and remember that it does not carry an exemption clause for that particular non whom you seem to think is good enough for you to hobnob with. We have a few "hardshells" on this division who should be brought to a realization of what the membership in general thinks of their action, and the best way to effect this end is for all members to leave them strictly alone in a social way.

Sister Gephart relieved the non on first Kildee for thirty days, and Bro. Kreitz relieved the female non on third at the same place for a short time.

Bro. "Bill" Elver has returned from a trip to his ranch in southern Idaho, and resumed his duties as agent at White Pine. He was relieved by Bro. Partridge.

Bro. Anderson relieved the female non on third Trout Creek a few days.

Bro. Phillips, second Noxon, was relieved several days by Bro. Kreitz.

Sister Percy, second trick Clarks Fork, relieved several days by Bro. Thompson, who later went to Hangman temporarily.

Bro. Cunningham, agent Hauser, on vacation, relieved by Bro. Partridge.

Bros. Kreitz, Thompson and Sims have returned from their vacation, during which they "hiked" from Klamath Falls to Burns, Ore., a distance of over three hundred miles, enjoying a very pleasant outing.

Bro. Hartlerode, agent at Peck, on vacation, relieved by Bro. King.

Bros. Berquist and Dickinson, of Garfield, are cordially welcome to our ranks.

F. A. and E. W. Hartman, who dropped out first term of 1913, when asked to pay up replied they were "going to quit railroadin." They are still drawing the increase of $5.00 per month each
given them in the last revision. "No card, no
favors."

Remember, there are five nons on the main line
of this division. If you have a "bump" coming
and your seniority will permit, why not bump a
non?

Thanks to Bro. Davidson for news notes this
month. None received from other sources.

Agency at Govan recently closed, vice Bro.
Harned.

Several work trains will soon be put on the
F. & L. branch, and two temporary tricks will be
added at Belmont. Cheering news, but not much
of it.

If you believe in a fair and square deal for
your fellow workers—in the Golden Rule, if you
please—demand the union label on everything you
buy, no matter what it is. The union label is the
only safeguard against sweatshop and prison-made
goods.

It is estimated that only 15 per cent of the
wages earned by union men is spent for un Horn-
made goods. In other words, we spend 85 per
cent of our money where the scabs are benefited
by our higher wages. Let every man who believes
in unionism refuse to buy the product of the
scab, and see how quickly the employers will come
to terms. United we have the power; divided we
are weak. Let us be consistent and practice what
we preach.

If you are thinking of buying anything, from
a tooth brush to a piano, and your dealer can not
supply you with a product bearing the label, drop
me a card, and I can put you on the right track.
Kindly bear this in mind.

D. C. POINDEXTER,
Bismarck, N. D.

As Bro. D. Chas. Poindexter has expressed his
willingness to handle the write-up for this month,
I wish to express my appreciation to the many
diligent brothers who have been co-operating
with me in writing to the few remaining nons on
this division. Though it sometimes takes months,
as we are all aware, to actually receive the non's
papers and fees, it is this continual and persistent
"pounding 'em on the back" that eventually brings
results. Only a few left, fellows; keep up the
good work. "In time of peace, prepare for war."

H. H. ELLSWORTH, Local Chairman.

The appointment of W. E. Berner as superin-
tendent of this division is very pleasing news,
especially to some of the old-timers who served
under him when he was our chief dispatcher. Mr.
Strachan went to the L. S. Division in the same
capacity.

Bro. G. C. Leach, formerly of this division, now
with the "Soo" at Enderlin, visited at McKenzie
for a few days, and also spent a few hours with
Bro. Ellsworth at Sterling.

Mrs. W. W. Jaynes, local chairman of the L. A.,
continues to land a new member now and then.
You fellows who are lucky enough to have a
wife, or other relative of the fairer sex who are
eligible, will be doing all concerned a great favor
by getting them interested.

Bro. W. L. West, of New Rockford, resigned,
relieved by Bro. T. E. Neves, from Division 76,
until bid in by Bro. G. B. Stuart.

C. E. Boyden, Oberon, and J. F. Ellis, Robin-
son, still promise to come in "next pay day."

It is now Bro. C. E. Knoop, agent Grand Rapids.
E. C. ought to make a good booster, and we extend
him the glad hand.

Understand Bro. Pravitz, at Wilton traded his
benzine buggy for a house and lot. Wish we
knew how an operator ever got money enough to
buy an auto.

Bro. Schmoldt and wife, of Wing, motored to
Regan recently and enjoyed the hospitality of Bro.
Ottensohn and wife.

Ladoga gravel pit opened May 19th, with F. E.
Redner again in charge. We were unsuccessful in
landing F. E. last year, but hope for better luck
this time.

Bro. J. W. King, Hurdafield, spent a few days
with friends at Jamestown and Valley City, and
took the examination for federal hours-of-service
inspector at the latter place.

On the morning of April 28th the main line
between Jamestown and Dawson was visited with
one of the most destructive sleet storms on rec-
ord. The wires, poles and crossarms went down
in one confused mass of tangled wreckage. Some-
thing like three hundred poles were broken off.
Cables were stretched eight miles until the wires
could be repaired by the crews from Minneapolis
and Winnipeg. Trains were run on time-card
schedule, and the dispatcher's office was removed
to Dawson until communication had been re-es-
blished. The loss will total many thousands of
dollars.

Bro. Howard Allen, of Crystal Springs, on
three months' leave, relieved by Mark Sexton,
formerly clerk in yard masters' office at Jame-
town. Mark will be one of us at an early date.

Bro. F. A. Sommars, of Mercer, was married on
May 2d. No particulars. Congratulations.

Bro. H. L. Mattson and his "fair one" motored to
Fessenden, had the knot tied and returned on the
job the same day. Harvey says furniture is
preferable to honeymooning.

Bro. Kibler, second Dawson, visiting several
weeks at his old home in Ohio, also looking over
the Pacific Coast country, relieved by Bro. C. J.
Roberts.

Bro. R. Willie Whitcome, first Bismarck, visited
in New Rockford a few days, relieved by A. D.
Adams, from the W. U., who later left for the
West.

Bro. James Harrison Case, second Bismarck, spent several weeks at Boulder Springs, Mont.,
recently, relieved by Bro. Poindexter, third, and
he by Bro. Roberts.

Hazelton agency was requested to be put on bul-
letin, through a rumor that Chris Bettger, who
took an indefinite leave owing to sickness, would
come back, but he has since signified his inten-
tion of returning.

Denny Boyle, at "J" office, should now get right with the O. R. T., inasmuch as the Order secured him that $5.00 a month increase.

You fellows on the Mott Line had better get busy with Mr. Anderson at Cannon Ball and retrieve your reputation for having a solid line-up.

I wish to thank Bros. Carll, Roberts, Schmidlt and Mrs. J. W. King for their notes this month. A few more of you brothers follow their example.

D. C. POINDexter.

Rocky Mountain Division——

Bro. Spencer, "MD," Missoula third, off several nights sick, relieved by T. J. Smith. Bro. Schini, manager "MD," Missoula, spent three weeks at his old home in Canada, relieved by Bro. A. L. Avery, and be by H. G. Scott, a new man, who will be with us soon. Mr. Showalter, "MD" second, is extra dispatcher while the regular men are having their vacations, relieved by Bro. J. W. Scott.

Bro. Hart, agent Avon, on three months' vacation, relieved by Mr. Wilcoxen, from third, and he by Miss Guiot.

Agent Case, Drummond, on two weeks' vacation, relieved by Non Nurse, from third, and he by Bro. Manchester.

Bro. A. Balabizer, Drummond second, who returned from Rochester about four months ago, is now in a Kansas City hospital for another operation.

Bro. Carr, St. Regis, reports killing a bear recently.

Non Lorson, who relieved Non Hoover at Wallace four days, later relieved Bro. Kinsey at Skyline.

Bro. Bernert, Lothrop second, off ten days, relieved by Miss Guiot.

Bro. Hunsinger, "MA," Missoula second, off three months, relieved by Bro. H. B. Avery, who gave up Garrison third so as to be a little nearer to the little lady.

Mr. Lyle bid in Garrison third. Hope he will now send in his blanks.

Deer Lodge second bid in by Mr. Harmon. Expect Bro. Cuthbert to land him before long.

Bro. Day, Elliston third, off for a week, relieved by H. G. Scott.

Mrs. Sohn, first "MA," Missoula, off a few days recently, relieved by Bro. Merrick, our noted barrier.

Bro. Dilley, agent Larson, off for a week, relieved by Bro. Campbell, lately of the Philippine jungles.

Bro. Campbell has returned from an enjoyable visit on the Pacific Coast with old army and navy friends.

Bro. Manchester, on Garrison second pending bulletin, relieved Mr. Stevens, Garrison first, on sick list a few days. It's about time the latter was taking out a card.

Bro. Fretts called to St. Paul by the sickness of his mother, upon his return he went to Mullen on bid.

Bro. Day recently spent a few days sightseeing in Missoula.

Non Parr is on Blossburg second, pending the arrival of Bro. Thompson, who bid in the position.

It is now Bro. H. E. Balabizer at Blossburg, making the hill very nearly solid. This was our sore spot for a long while, and we would be feeling fine now if some of the old men would refrain from becoming delinquent. It is very discouraging to organize the division and just about get it up to a respectable standing, only to lose five or six men through delinquency. It takes up practically half my time to keep old men from dropping out and then I am only half way successful, if this time could be put in organizing the new men we could have a 95 per cent solid division, and with the members taking enough interest to keep up their cards it would be smooth sailing for all of us. Why not take a little interest and encourage us a little by at least keeping paid up? It is a lot easier to ask of you, but means a lot to your officers, and I hope that you will make an effort to pay up promptly for the coming term.

Assistant Local Chairman Kufel reports W. P. Wilson, Mr. Lorson and Miss Guiot filling out their blanks, and hope we can call them brother and sister next month. Bro. Kuffel has been doing splendid work, helping me organize, and it largely through his efforts that the hill has been put in such good shape. A few more live ones like Dan would help wonderfully on this division.

Bros. Corwin, Nutter, Woods, Sirios and Kuffel attended the opening of the ventilating plant at the Blossburg tunnel.

Second Elliston and Evaro on bulletin on account of Bro. Reidell and Sister Leahy not returning at the expiration of their sick leave.

The writer recently had the pleasure of a call from Bro. F. W. Buck, of the Yellowstone Division, who visited old friends in our village.

Bro. Dorval, extra Arlee second, was down with a siege of the measles for two weeks, relieved by Mr. Lawler, a new man, who is holding his first position.

Bro. Meikle relieved Agent Furry, Arlee, ten days, on a fishing trip.

I was unable to give a write-up last month, as nobody sent me any notes, and I was unable to get any news from this end of the division. Wish to thank Bros. H. B. Avery, Manchester and Kufel for the notes they sent me this month; keep it up, boys, and we will have a live write-up every month.

V. N. WASSA, L. C.
Montana Division—

I have asked almost every brother to send in items, changes, etc., made at each office during the month, but the correspondent complains that only one or two on this whole division do this. While our correspondent, Bro. Arnold, is on a trip East and South, I will have to do this stunt. Let me have these changes, etc., by the 20th, so we can get them in on time, also send in your dues promptly without solicitation on the part of our officials.

Bro. Bowers relieved on first Townsend while Mr. Rightmire relieved the agent. Mr. Donnelly relieved Bro. Atwell on third a few days.

Bro. Pidgeon, second Lombard, while undergoing an operation on his nose, was relieved by Mr. LeChamp, who later relieved Sister Pidgeon a few days.

Turvey, third Billings passenger depot, while on vacation in Ohio, was relieved by Extra Zaner, who later relieved Sister Taylor, at Columbus, several days, Bro. Winters, at “KD,” Laurel yard, while off sick, and Sister Douglas, second Greycliff, a few days.

Thanks to Bro. Hazlett, Billings, for the east end notes. F. M. Haines, Local Chairman.

Bro. Bradbury’s engagement has been announced. Congratulations.

Bro. Harte, Sale and Wright will soon be full-fledged “phoners,” as there is to be no more circuit on the new Pt. Defiance line. The trouble being experienced by the contractors may prevent that line being ready for traffic this year.

A large slide near Tenino is estimated by the engineers to be sliding for forty-five acres back, and the lake being filled in for a roadbed, seems to have no bottom to it. Recently at Steilacoom $40,000 worth of rock, piling and track slid into the bay.

Dispatcher Joe Lunds died at Missoula Hospital, May 17th. His parents reside here, and his mother went to him when he took a turn for the worse on the 13th, the officials stopping No. 1 for her so she could reach him as soon as possible. Paul had been with him for three or four weeks and everything possible was done for him. But the Creator knows best and took him to His heavenly home, where there is no sorrow known. Joe will be greatly missed at home as well as by the boys with whom he worked, and his kindness to all will never be forgotten.

In remembrance of him I knew so well, I repeat:

The best will is our Father's will,
And we may rest there calm and still;
Oh! make it home as home thine own,
And wish for naught but that alone
Which pleaseth God.

W. O. ASH.

Relay Division—

The wire chiefs were benefited more than the operators by the recent revision of schedule and are certainly not showing the right spirit in remaining outside. If they fear to lose their "standing" with the company by carrying cards, they should remember that the company is well aware that the best men in the service are those who belong to the O. R. T. The delinquents at St. Paul, Fargo, Dickinson, Spokane and Tacoma should also get wise and pay up. Helena is solid.

Bro. W. J. Servis, at Dickinson, was inadvertently referred to as "Mr." in our last write-up. He is right up-to-date and there with the goods.
Bro. A. E. Robinson, off at Tacoma, April 1st, on account of reduction, went to Dickinson, bumping Bro. Johnson.

Business is showing slight improvement, due to fruit shipments beginning to move.

All relay offices are now keeping hourly average. It went hard at first for those unused to it, but seems to be working out all right. One of the results is a noticeable improvement in our arithmetic. A good many inconsistencies of the numbering system have been reported. For instance, a message addressed "All agents Tacoma and Vancouver" from "CD," Seattle, takes twenty-five numbers, time three minutes, and it takes the southern wire woodsman an hour to make the same twenty-five numbers. Car service report, one number, requires twenty-five minutes to handle, and an "X-3" report takes one number, requiring but one or two minutes to handle.

At first a disposition was shown on the part of some of the men to show a better average than anyone else in the service, by exceeding the ordinary working speed limit, but they soon realized that this was working more harm than good. "Forty an hour's plenty."

Bro. "Jimmy" Kileen, assistant chief Helena, taking in New York City, when last heard from had learned the names of all the French dishes served at the Broadway hotels. At least his letter to Bro. Gibson looked that way. 

Wheeling & Lake Erie R. R., Div. No. 55.

Toledo Division—

Bro. Peregory, who relieved Mr. Schulenburger, third Lodi, while he was visiting friends and looking after business matters at West Salem, also relieved Bro. Dennis, first Orrville Jct., ten days on account sickness.

Bro. H. F. Larker, of Massillon, relieved by Mr. Hull on account of the death of his mother. The membership of Division 55 extend Bro. Larker their heartfelt sympathy.

Bro. F. C. Ames, third Norwalk yard, on vacation, relieved by Mr. Whistler.

We will soon be working on the telephones, Brewer to Ironville, as there are only a few more offices west of Huron Jct. to be cut in.

Get after the "No Bills," as they will get us in wrong sooner or later.

W. W. Dunn, an "old-timer" of the W. & L. E., is visiting Bro. Lyons and friends at Bellevue. John Keough, another "old-timer," in general freight house Toledo, has been transferred to Bellevue as receiving and bill clerk.

H. J. Sherman, from Pittsburg, was calling on friends at Bellevue recently.

Cleveland Division—

A. B. Myers, who will soon be back in the fold, is relieving Bro. N. C. Osborne at Justus for twelve days' vacation.

Bro. J. P. West, agent Mogadore, bid in temporary relief agency, relieved by B. G. Knowlton, from the I. C., who promises to soon get in line.

C. A. Shilling, second Kent, off ten days, relieved by Bro. R. E. Burke, later went to 93rd St. pending bids.

Bro. A. J. Mack on first and Mr. Mizner on second Brewer pending bids.

Bro. Fisher relieved Mr. Matzenbach, Canton yard second, while off on account of the death of his father. We extend him our heartfelt sympathy.

Bro. Vernon, Fair, visited his parents at Baltic a few days last month.

Business is light; a set of dispatchers pulled off. Flynn and Goodrich now in "D" days, and E. C. Palmer nights, who bumped John Sproul, who visited his folks at Tippecanoe and relatives in the West. Later Flynn relieved Dispatcher Slusser, first Cleveland Division a few days.

It's about time Mr. Shilling, second Kent, got in line.

Bro. Ross, Buchanan, is acting as assistant repeater chief in the Western Union at Cleveland, while on thirty days' leave.

Bro. Taylor is on third Canton yard while Bro. J. C. Swope is at Ellis agency relieving his brother, who had his hip broken last winter.

Bro. Lantz, first Canton yard, while at Fresno looking after his strawberry patch was relieved by Mr. Whistler.

Dispatcher "Jim" Melson was off a few days, relieved by Extra Dispatcher Flynn. Dispatcher Plantz was also off a few days.

Wheeling Division—

Bro. H. T. Welch bid in Brilliant agency.

Bro. Howard Warnock on vacation, relieved by Bro. Endress.

Bro. Jake Stern, agent Zoar, on twelve days' vacation, relieved by Relief Agent Bro. J. A. West.

Bro. W. A. Albaugh, second Mingo yard, visited Bros. C. H. Rector and Buchanan at Cleveland while on his vacation.

Bro. T. E. Lucas, first Adena, on vacation, relieved by F. X. McCaffery.

There has been sixty-three new members added to Division 55 since January 1st.

I have changed my address from Brilliant to Mogadore; any items you have, please mail them to R. F. Smith, Mogadore, Ohio. I wish to thank the brothers who helped me secure these items. Let each of you send all the items you can, so that we may have a nice write-up in each issue.

O. K. "RF."

St. Louis Division—

The meeting at Milltown Hotel, Louisville, Ky., Saturday night, May 23d, was a success in every respect. There were about twenty-nine or thirty of the brothers out from the St. Louis and Louisville lines.

The boys were well pleased with the treatment received from the management of the Louisville Hotel, and a vote of thanks was tendered for the courtesies extended.

Let’s have more meetings, brothers. They are very helpful, and our slogan should be “Regular meetings,” and all turn out.

Bro. Bottenfield, of Versailles, Ky., made a recent visit to Huntingburg.

Bro. O. M. Houghland, Troy, is on an extended vacation, relieved by Relief Agent L. C. Smith.

Bro. H. A. Boston and wife just returned from a fifteen-day vacation, having attended the I. O. F. grand lodge at Indianapolis.

Bro. J. A. Wood, agent at Huntingburg, has resigned, relieved on bid by Bro. W. T. Survant, of Lincoln City. We hate to see John leave us, for we lose a long-time member and the company a good agent.

Bro. J. A. Whaley, of Milltown, took a trip to Hardinburg recently. Hope he will be able to attend our meeting next time.

Complaint of students being allowed in some of the offices between Louisville and St. Louis, upon investigation, proved to be true. Article XVII of our schedule, which should have lived up to, reads: "No telegrapher will be allowed to keep students in any office of the company without written permission from the chief dispatcher, and in no case will there be allowed more than one student in any office, and should reasonable objections be made against any student he shall be removed."

If any of the brothers are violating this section, and their obligation to the Order, they should stop it at once. Brothers who work with these students should report all regularities at once to the proper officer, stating their objections, as they are liable to involve you in some trouble. I hope all our members can show a clear record in this matter.

Bro. J. H. Holstein, of Gentryville, was at Evansville, and Bro. O. M. Houghland, of Troy, at Jasper recently.

Bro. J. T. Stroud, on a visit to the Pacific coast, Salt Lake, Ogden, San Francisco, Galveston, New Orleans and many points of interest in the West, will return via Chicago.

Bro. R. Crawford, just returned from an enjoyable tour through Florida, says the towns in Florida are so dry that a building would catch fire in midday.

Bro. R. Crawford, R. H. Kemp, H. A. Boston, J. H. Holstein and L. Crandall attended Lewis No. 191, Louisville, April 17th, and had a fine time.

It is Bro. H. E. Swank at Dunverside now. Shake.

Bro. Stroud, of Milltown, made a trip to Louisville, and Bro. McFarland, of Taswell, was on English recently.

Birmingham Division, East End—

Regarding the rolling clause in our present contract, I agree with W. O. Davis, Atlanta Division, in April number. He has the correct ideas. If the old heads think they should have a bid on temporary jobs, then let such places be bullied for the length of time they are expected to be kept on. Let the regular men who bid them in not forfeit their regular positions, and when the places are cut out let them return to their regular jobs. While they are working such temporary jobs let their places be filled by extras. If no bids from regular men, then give the jobs to the oldest extra men making application. In this way it will give the old heads a chance at everything and not keep the boys on the "roll," for it is not treating the younger men right for an older head to bid in a job during the winter months that he knows won't last but a few months and then, when abolished, "roll" some fellow who perhaps invested what little savings he may have in real estate or otherwise, putting him to the trouble and expense of moving. As it is now, a fellow can't afford to take chances on building a home and settling down and try to accumulate something for a "rainy" day that's sure to reach us all, without having half centuries of age; just as long as we keep paying rent and breaking up what little we have and moving it around we will remain just as I am now—"broke." I am greatly in favor of giving the oldest men preference, and should any job be abolished that has been on for a year or more, let the party so affected have any place that his seniority entitles him to. This would very near do away with "rolling," for it's very seldom we have any of our old jobs cut out. In addition to this, let everyone take their vacation and quit taking the money, for it's hoggish
to accept double pay for fifteen days' work when some brother on extra may not be making his board. Some of the boys raise sand because they can't get relief just when wanted. If everyone will take vacations so as to justify a few men to work extra, it won't be so hard to get relief, but we can't expect a man to stick to extra on two or three days a month. Give the old heads what they are entitled to, but give the extra man a chance. Perhaps he's a good brother that's had hard luck elsewhere, and when you can give him fifteen days and not lose the time yourself, better do it.

We started last December to have regular monthly meetings, and for the first few times had fairly good attendance. However, not more than one-third as many as could have come without interfering with their work were present; but our last two meetings were poorly attended. These meetings are the life of the Order, and the boys ought to get more interested. If we can't get together once a month, let's hear from all what you think about quarterly meetings. Surely we can get a good crowd together four times a year. Think this over and let's pledge ourselves to do for our division what others are doing for theirs. To do this we need the help of the nons, so every brother keep after them until they are landed. Those who can not be gotten are not our friends and should be treated accordingly after giving each one sufficient time to come in. We have several on this division who claim to be up to date who are six months or more behind with their dues. These and the ones who claim to be union men at heart, but can't spare the price of a card, are nons, too, and should be treated as such.

It's time now to remit for our new cards, so let's figure on this and be prepared to do so on or before June 30th. It's just as easy to pay when due as it is to put it off, and much better for all. If you wait until August, something may turn up to cause you to wait longer. Let's all remit on time and keep an up-to-date; it's a mighty good thing to have, and we should remember that one dollar of our check each month belongs to the grand old Order for securing our contract and be men enough to remit on time.

Bro. J. R. Williams bid in third Waco, relieved at Douglasville by Bro. Harry Foster, who also relieved Bro. Harry Davis, second Douglasville, at Waco; Bro. Galamore, third Douglasville; Bro. Lynn, agency McFall, and first Villa Rica by Mrs. Scarborough.

Bro. E. R. Butler was off a few days, relieved by Mr. Sherman, now relieving Bro. Crawford, first Tallapoosa, on fifteen days' vacation.

Villa Rica third, Leeds, Coalburg and Parrish second, Waco and Corona are now on bulletin.

Knoxville Division, Between Asheville and Morristown—

Bro. C. A. Parks, first Alexander, N. C., on fifteen days' vacation, relieved by Bro. W. E. West, second there, who has been sick some time, relieved by A. M. Williams.

Bro. O. W. Craigmiles, second Rollins, N. C., on fifteen days' vacation, relieved by F. A. Misner.

O. R. Treadway, third Nocona, N. C., on fifteen days' vacation, relieved by E. D. Parrott.

Bro. D. T. Haney, first Barnard, N. C., on fifteen days' vacation, relieved by Bro. C. D. Matter. J. F. Morgan (the name sounds loud to not to have a card), third Barnard, on fifteen days' vacation, relieved by C. R. Stuart.

A. A. Price, third Bailey, N. C., off two days, relieved by Bro. G. B. Rogers, and D. D. Robinson, third Roe Jct., off a few days, relieved by Mr. Mefford.

Brothers, I want to impress upon your minds the importance of practicing the "No card, no favors" motto among the nons on this end. Some of them have the opinion that it's useless to join the Order, as they receive the same courtesies from the members that a worthy brother does. I know of a non, six miles from me, who receives an increase of $5.00 every time we make a new agreement, which, since June 22, 1911, would amount to $180.00. He has taken pay each year for his vacation, total amount for three years $108.90, vacation and increase received amounting to $288.90, paying the Order nothing, is keeping a student; and yet he receives the same accommodations from the Order men of this division that any of the members do. The only excuse this fellow has for not joining is that "the dues are too high" and the O. R. T. officials are getting rich off the same. May God speed the time when Order men only will be covered by our agreement. As long as we treat the non like we do a brother, we will continue to have the non.

J. J. Bailey.

Danville Division—

We had a very small attendance at the meeting on April 25th, but nevertheless a very interesting one. Among those present were: Bros. Alexander, Duncan, Cole, Whitfield, Queensbury, Witt, Jacobs, Milloway and myself. We were sorry Bro. Sommers, from Reidsville, was absent, as there is something doing when he is with us. Bro. Alexander gave us a very interesting talk, which was greatly enjoyed. Bro. Duncan also made a few remarks that were to the point in regard to the operators and officials living up to our agreement with the company.

Bro. J. E. Smith is relieving Bro. J. W. Hopkins, Brown Summit, for his vacation. Bro. Hopkins has our heartfelt sympathy on account of the death of his son, Dr. E. H. Hopkins, of Danville, who was a telegrapher some years ago, and also a good Order man, until he left the service.

Bro. Gerringer, third Pelham Jct., off fifteen days fishing and hunting.
Boys, come to the meetings and send me some notes. Would be glad to have a few notes from down the N. C. pike.

*Winston-Salem Division*

On account of my being absent for some time, it was impossible to send in a write-up, but hope we will have something in the journal every issue thereafter.

I hope the few delinquents on this division, who have not yet received their cards, will pay up and get them at once, and help us to get this division solid and keep it that way.

As soon as I can get relief I will go over the division and try to bring back all who have dropped out, and also get any new ones who may be on the wrong side. We must not allow ourselves to become negligent in this matter, it is very important that we keep a solid membership if we wish to hold what we have already secured and hope to get anything better. Even 500 on a system as large as the Southern Railway cannot get the best results. It takes practically every man's help to get the things that we should and ought to have, and we will have very little trouble in getting anything we ask for if we will all "get right" and stand by the men who go up in our behalf.

Bro. Cotner, agent at Clemmons, who has been very sick with typhoid fever, is improving we are glad to learn; Extra Butner is relieving Bro. Cotner.

Sister N. F. Spoon, agent Ore Hill, is with her brother in Baltimore, who graduates in dentistry there this month.

Bro. G. C. Stewart, who relieved me, is now relieving Mr. Forbis, agent Cornelius.

Bro. Jaco, agent at Cooleemee Mills, was disappointed in not being able to go to Mississippi for a few days and return with Mrs. Jaco, who is visiting relatives there. On account of the scarcity of relief men he was unable to get off.

I am promised some items from the east end next month by Bro. Moffitt, and hope some of the other brothers will also send me any news they can by the 20th of each month, so we can have something in every journal.

W. E. Jones, Local Chairman.

*Atlanta Division, North End*

The meeting at Rome, Ga., held in Central Labor Union Hall, on April 26th, was a great success, although we did not have as large a crowd as hoped for.

The meeting was called to order by Assistant Local Chairman Dellinger, and many questions were brought up and discussed of vast importance to members of this division. Another meeting was held at the same place on Sunday, May 24th, when several important matters were handled. After thoroughly discussing our seniority rule in regard to filling temporary positions, a resolution was unanimously adopted, recommending that Article I, paragraph D, in our contract, effective May 1, 1913, be amended as follows:

"When vacancies occur, or new positions are created, they will be burlletoned within ten days to all offices on the division, and telegraphers will be given ten days in which to apply therefor. Such positions will be permanently filled within thirty days after the vacancy occurs. In filling temporary vacancies known to be of thirty days' or more duration, the oldest competent extra telegrapher will be given preference. In filling temporary positions known to be of not more than twelve (12) calendar months duration, the oldest competent extra telegrapher will be given preference."

A copy of this resolution will be forwarded to our committee with the request that it be given consideration at its next meeting.

Second and third at Plainville and Powder Springs was cut off May 15th. Some changes were also made on the south end between Macon and Jesup.

Bro. Fuller, Plainville, relieved Bro. Thomas, on second Phelps, temporarily, and Bro. Brock took a vacation. Telegrapher Dillard, at Plainville, went to Holton a few days, and later to Inman yards, during Shriner week.

Bro. W. N. Thomas, Phelps, while off sick was relieved by W. D. Forc, who later relieved Bro. McDonald at Varnell a few days.

Bro. L. C. Mullins, Waring, and his brother, O. R. Mullins, were called to the bedside of their father at Ooltewah, Tenn., who was very ill. The former was relieved by Extra Stuart. Through the efforts of our committee O. R. Mullins' job was raised $4.00 a month last March, as his benefits so far amounts to $48.00, we feel that he should now be able to get a card.

Bro. Brock, Plainville, relieved by A. L. Wooten while attending a funeral at Bullards, Ga., was later relieved by Ray S. Miller on account of sickness, who left there the morning of May 2d without the time due him. The officials claim that money orders, etc., were missed after Miller left, and are trying to locate him.

Assistant Local Chairman Dellinger will make a trip over the division shortly to line up the few nons left. Let's give him all the assistance we possibly can.

Dues for term ending December 31, 1914, are now payable, and every member should send for his new card promptly, and keep their names off the slow list.

We are glad to learn that Bro. Williams, of Longs, is improving rapidly, and hope he will soon be on his old job again.

Thanks to Bros. Mullins, Dellinger and Fisher for their notes. Keep it up, and let's have a write-up every month.

H. G. Gay.

Have you been reading the various opinions of our brothers south of us with reference to the changes in the seniority rules in our contract? If not, you should read the last several numbers of The Telegrapher and familiarize yourself with
THE RAILROAD TELEGRAPHER.

this matter, for there is a possibility that the question involved will be an issue to be voted upon when we go before the management again. The article on page 708, in the May TELEGRAPHER, strikes a sound basis for the settlement of this rule. Cert. 2844 and others signing this article have the interests of the system at heart, and their ideas should be given serious consideration by our general committee, and they should try to incorporate the principles of this article into our next contract.

Automatic block was put into operation between Cameron Run and Manassas, May 15th, cutting off five men and two offices. The rest of these signals between Manassas and Orange will be put into operation about June 15th. This will cut off about seventeen men and seven offices. Among the changes that have been effected by closing Clifton and Edsall are: H. V. Jones, second Clifton, pulls Bro. N. S. Desler, third Buena; Bro. C. H. Adams, first Clifton, pulls Bro. M. B. Merchant, first Burke, Bro. Merchant pulling Bro. Fitzhugh second, and he Bro. Gaines third, who rolls Bro. Weeks, third Cameron Run; Mr. Ford, third Clifton, pulls Bro. Javins, first Cameron Run, he pulling Bro. P. A. McCleary, first “CD” office, who goes on split track “CD.” A complete line-up of the changes at this time is impossible.

Bro. O. P. Loving, first Culpeper, taking his vacation, relieved by Bro. Young, and he on second by Mr. Sharp.

Bro. J. E. Spitzer, on vacation, relieved by Bloxton, extra.

Bro. F. G. Faulconer, first Weyburn, off few days, relieved by Mr. Dinglestone, who also relieved "ye scribe" several days.

Bro. Oscar Hudson, third Barbourville, on a trip to Atlanta, relieved by Bro. Crump.

Bro. B. W. Minlay, first Monroe, is taking his vacation, relieved by Bro. J. J. Connelly, and he on third by Mr. Carichoff. During the rush split trick men have been put on at Monroe to help with the work.

Sister Hamm, first Barbourville, has returned from Hot Springs after a month’s absence and resumed duty.

Sisters L. M. Robertson and C. R. Fields had the misfortune to lose their father in the mine disaster at Eccles, W. Va., on May 6th.

Sister L. E. Connelly is still on the sick list, relieved by Extra Wenderoth.

Bro. J. W. Burgess, first Charlottesville, relieved several days by Mr. Shell.

Bro. Bruffy, third Arrington, has taken his departure for “greener pastures,” relieved by Extra Sharp on bil.

There will be some big changes within the next thirty days, and in the mix-up, brothers, please do not forget that you should be thinking of your card for the next term.

Brothers, please don’t forget to send me your notes by the 20th. I wish to thank those who assisted me this month. Don’t forget the extra man with a card; let him do your relief work if possible. I have spoken. “BE,” Div. Cor.

"G.M" Washington, D. C.:

We are glad to welcome Bro. Moorhead, a new man, among us.

Cline expects to leave soon for South America. Boys, remember, “No car l, no favors,” and carry it out to the letter.

Don’t take the money for your vacation when you can be relieved. Golden has done this against the wishes of every man here, as the manager was in a position to relieve him. This concession is a blessing to most of us, and should not be abused. It was not the intention of the company, in granting this, nor the intention of the committee, that this vacation should be turned into a money-making scheme. It is not justice to ourselves or the company, as the rest will benefit us in health and enable us to give better service after the rest.

Last year every manager of the relay office received a letter stating that he would not be allowed to take the money for his vacation, as the
company considered they needed the rest. Now, if
the managers need the rest, surely the men need
it also, as their duties are much more confining
and tiring than the managers, notwithstanding
the responsibility of their positions. When you hear
of a man who is thinking of taking vacation
money try to show him his error.

Would like to hear the views of the other
officers in regard to this matter. CERT. 1809.

N. O. & N. E. R. R.—

The division correspondent failed to get in his
April items until April 3d, which was five days
too late. They were published in the May issue
of the journal. Boys, send him your notes by the
20th so he can get them in before the 28th.

General Chairman Hickman, on an extended
trip down the coast in his automobile expects
to visit several towns en route, including Maxie,
Miss., on the G. & S. I., where he learned to
telegraph. He was relieved by Bro. Will Horne,
at Heidelberg.

Bro. Marrionceaux, third "D" Vossburg, secured
two new members last month, and Bro. Apperson,
third "MY" Meridian, secured Mr. Hadaway,
manager and first "H" terminal Meridian. Boys,
there are still some nons on the N. O. & N. E.
Let's all pull together and get them in line, then
we will be able to do something worth speaking
of for our benefit, as well as theirs.

Bro. Cooper bid in split trip "JC" shops, vice
Bro. Sullivan back to third there; S. E. Bilbo
goes to third Picayune, and John L. Poole second
"C."

Bro. H. E. Damon, third Carriere, now at

Eastern Division—

We were greatly encouraged to see so many of
the boys out to the meeting at Oskaloosa, Sat-
urday night, May 17th, there being twenty-three
present—the largest number we have been able
to get out for some time. Among those present
were: Bros. Gardner, G. C.; Sandmier, G. S. &
T.; Phelps, L. C.; Foster, L. C.; Melian, A. L. C.;
Scott, W. G.; Urine, Keohen, Cunningham, Mil-
len, Bob Vannoy, H. R. Lane, Agent Nelson,
Wilson, R. E. Davis, Page, A. Williams and Bro.
Fiorche, from Division 126.

The meeting was called to order at 10 p. m.,
General Chairman Gariner in the chair, who gave
us a nice opening speech, telling us how pleased
he was to see so many of the brothers out and
how well pleased he was with the work we were
doing all along the line.

Matters as to how we could do more efficient
work in organizing our division and keeping the
nons lined up were discussed by nearly all pres-
cent, and it was decided to get our division in the
best possible shape and go in for a revised sched-
ule in July or August if it could be so arranged.
After the meeting adjourned light refreshments
were served, and all departed happy and resolved
that they would attend all the future meetings.

Bro. Sweet, the big ticket man at Albia, who
was on deck, says they have their depot all
painted up in fancy colors, and are going right
after the business.

Bro. Rex Davis is back at Cramers again. He
was offered Oakesville again, but he did not care
to go back there on account of the unsatisfactory
hours, so Mr. Wellington remains there. As he
now has a nice girl baby to care for, we hope he
will soon some in with us.

Some of the agents claim the Order don't do
any good, but "In union there is strength," and
when strongly organized we can back up our
demands when we send up our committee.

Local Chairman Platts, on a trip West, was
relieved by his brother, from the C. & N. W. at
Webster City.

Bro. E. E. Carmichael, of Mason City, has been
transferred from Division 126.

Bro. J. G. Kugel, of Abbott crossing, and Bro.
H. C. Haben, of Seaton, new members, were taken
in last month.

On account of a bridge burning out on the
short line west of Hampton, the Rock Island
detoured their passenger trains over our line
from Hampton to Abbott crossing and vice versa.
B. D. Dean, yard clerk at "YD," went to Abbott
as night telegrapher during that time.

Our old friend R. W. Brown D. P. A. for
several years, is now working a dispatcher's trick
on the east end, being relieved by C. A. Quire,
formerly agent at Grinnell.

Former Chief Dispatcher R. P. Wilson, trans-
ferred to trainmaster on east end, was relieved by
Trick Dispatcher B. W. Landfear, Mr. Wilson
relieving Trainmaster Barr, who was transferred
to the north end, vice former Trainmaster Mur-
phy, resigned. A subscription list was passed and
a present bought for Mr. Murphy by the em-
ployees.

The few who might have attended the meet-
ing at Oskaloosa, Saturday night, May 17th, missed
a treat, and we hope they will all be out at the
next meeting.

Bro. L. C. Vannoy, of Ackley, relieved General
Chairman A. L. Gardner, of Abbott, while he
attended the meeting at Oskaloosa.

Send in your news items, brothers. Thanks to
Bro. Gardner for the nice bunch he sent in.

It is now Bro. Griffin at Albia, and Mr. Reed
will not doubt soon line up. Bro. Sweet, keep

Lake Shore Division—

When it comes to attending meetings, the boys on the north end certainly deserve credit. The best-attended meeting ever held on this division was at Laona, Sunday, May 3d. No. 503 picked up members at every station, and the enthusiastic crowd invaded the city in such a way that the natives will remember it for years to come. The city was decorated for the occasion in a manner that made the Green Bay home-coming of last year look like thirty cents. All of the business places had banners, streamers and flags displayed and over Pennsylvania avenue was a large banner bearing our official emblem and the words "Order of Railroad Telegraphers, Welcome to Our City." A large delegation of business men, headed by the mayor, was at the station on the arrival of No. 503 to welcome the boys. The Laona Cornet Band was out in full uniform, and as soon as the train stopped opened up with "The Star-Spangled Banner." The members then formed in a line of march, and proceeded up Pennsylvania avenue, headed by the band and followed by the business men and the large crowd that turned out to see the "doings."

The meeting was called immediately in the blue room of the Hotel Gordon, which had been prepared and decorated in a very pleasing manner. Many important topics were brought up and discussed thoroughly, and much enthusiasm was shown by all the members present. A vote of thanks was extended to the citizens at Laona for the excellent manner in which the boys were entertained while in the city, and for helping make this more of a grand convention than an ordinary division meeting.

After the meeting, a sumptuous banquet was served in the dining-hall, which all who enjoyed the utmost. Space will not permit of naming all the good things laid before us. Anyone desiring particulars is referred to Bro. Steinbrecher.

The billiard hall was the next point visited, where an interesting match between Bros. Knudson and Steinbrecher was witnessed. The contestants were evenly matched, and it looked very much like a draw when Bro. Knudson had a burst of luck and won out by three points. These two brothers so demonstrated their ability as cue artists that there was talk of securing a match with Willie Hoppe at a near date.

About 2 o'clock some of the members made a tour of the city in an auto, visiting all the points of interest, including the Indian Village. Another party took a side trip over the Laona & Northern Railway, reporting prospects good there for a solid lineup. A third party, consisting of Bro. Knudson and part of the faculty of the Laona High School, made a tour of inspection of the timber belt lying east of the city. On account of the extreme heat, however, this expedition was not completed. When returned the station just in time to join the rest of the boys in bidding farewell to the "old town."

The news that the Order of Railroad Telegraphers was in town seemed to have spread over the whole county, and there was a crowd at the station the like of which had not been seen since last county fair. When No. 504 pulled out, there was not a man in the bunch who would have missed the time for ten dollars. A vote of thanks was extended to Local Chairman Bro. Tiedka for holding this meeting on the north end and giving those brothers such a good chance to attend, which they surely took advantage of.

A trip up the Laona Line on a Sunday is worth a good deal to anyone, as there are many interesting and beautiful scenes along the route, which make this part of Wisconsin a second Yellowstone Park. Among other things the party had the pleasure of watching the train baggageman on No. 504 catch two fine trout in the springs at Kingston, without taking more than six steps from his car, while the train stopped for water.

On arrival at Green Bay, the only members left were Bros. Frank, Tiedka, Holland and Knudson. A motor car was secured at Duck Creek, and Bro. Tiedka was taken to his home at Denmark; at least, that is where the car was headed when it left Green Bay. Nothing more has been heard from them up to this writing.

It is planned to have a meeting on the south end soon, probably at Sheboygan, and if the boys on the south end turn out like their brothers up north, there will be some time, indeed. It certainly seems good to get into a bunch of live wires like this, and if we continue the good work, we will soon be second to none when it comes to a solid lineup, and a lineup of men who mean business and do business.

It was demonstrated Sunday what the boys can do when they take enough interest in their Order to turn out the way they did. Three cheers for Division 76, for the Lake Shore Division, and for Laona, where we were shown the best time we ever had on the pike.

Lake Shore Division, North End—

Automatic signals have been installed between Duck Creek and Manitowoc Jct., relieving all the brothers of blocking, which is the heaviest work at these stations. Fones have also been installed between these points to help out when necessary.

Logging business is over for another year, closing the night offices open on that account during the winter.

The interlocking plant at Duck Creek was out of service for about a month. While repairs were being made, switches had to be thrown by hand from the outside, giving the brothers there a little fresh air. The plant will soon be in operation again, relieving them of this work.
Bro. Retzloff, off three weeks honeymooning and visiting at different points in the State, was relieved on third North Green Bay by our new brother, Mr. Hendrickson.

Bro. H. S. Walsh and Bro. Hendrickson took in the sights at Chicago recently, the former being relieved on second North Green Bay by Mr. Mart, who later went to Pulaski second.

Brothers, send in the changes, etc., so we can have a write-up every month, and don't forget to tell the non working with you or next to you all about the Order.

Thanks to Bro. Walsh for the items he sent in this month.

Lake Shore Division, South End—

Bro. Van Roy, first Rosemere, wrote up the civil service examinations at Appleton recently, relieved by Mr. Patrie.

Bro. Blau, agent Oostburg, who was off several days, owing to the death, at Brilliant, of his nineteen-year-old son, Carroll, was relieved by Bro. Gatto, and he at Newton by Bro. Haulotte, who has re-entered the telegraph service.

Bro. Hawlet has returned to Newton after enjoying a few months' vacation around Green Bay.

Bro. Engles, second Calumet yard, is on six months' leave, relieved by Mr. Scafl.

Bro. Seymour, second Rosemere, was called back to the Penn. Division, relieved by Mr. Patry, Mequon nights.

Bro. Drenderg, second Denmark, is acting agent at Laona, vice Bro. Liesenfelder, resigned to enter the mercantile business.

Bro. Smith, first Calumet yard, was relieved a few days by W. R. Dunlap.

Bro. Brewer, third Rosemere, has a new auto. Do not fail to attend the next meeting at Manitowoc, as he has promised us all a speedy ride around town.

Keep after the few nons, brothers, and see that every one of your fellow workers has an up-to-date; bring the Lake Shore Division to the front with a solid membership.

IN MEMORIAM.

Whereas, Our heavenly Father, in His infinite wisdom, has deemed it best to call to the great beyond the beloved son of our esteemed Bro. J. Blau; in manifestation of our fraternal sympathy be it

Resolved, That the members of the Lake Shore Division, C. & N. W. Ry. System, Division 76, Order of Railroad Telegraphers, extend to the bereaved brother and members of the bereaved family our sincere and heartfelt sympathy in their sad bereavement; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved brother, a copy to THE TELEGRAPHER for publication, and a copy spread on the minutes of this division.

Ashland Division—

The ore business about to start will open some offices, closed when logging was over. Cedar, Kimball and Birch already opened.

Bro. J. D. Laughlin, agent Marion, appointed postmaster there, relieved by Bro. T. C. Laughlin of third at that point.

Bro. Barrett, third Pelican, relieved by Mr. Knapp, from the M. & St. L.

Dispatcher Bessey, Antigo, is relieving the dispatchers at Ashland on their vacations. Bro. Garvey, Ashland dispatcher's office, was recently referred to as "Mr." Please correct, as he is up-to-date.

A meeting will be called at Antigo in the near future.

Some one from the north and south ends kindly send me what news you can get before the 20th, as I must send them to the journal before the 28th.

Div. Cor.

Iowa and Minnesota Division—

We should give the company our best services and at the same time work for our own welfare. Our committee is now in Chicago, so let's see what we can do during the next thirty days towards securing a stronger membership.

W. D. Cantillion, general manager of the C. & N. W., has retired after serving this company forty years.

If you think the company can afford to pay us the wages we deserve, then please do your part to secure them.

The agents and operators north of Mason City are being held on Sundays to hand a clearance to No. 123, the only train on that end of the division. I took the matter up with Mr. Armstrong, and he said he could not do any more than he has done; that he has worked when there was
no time off whatever on Sundays. I have done the same many a Sunday, when I could not get away for dinner, but had to have it brought to me. This is no reason why such conditions should exist forever. I have asked our committee to take this matter up. We should all have something to say in regard to such matters, and then we could secure results.

Our local chairman, Bro. Howard, is back on the job after a severe illness. He will arrange for a meeting somewhere on the division shortly: when you receive a notice arrange to be on hand.

Bro. P. L. Howard, of Arnfrey, is on vacation, relieved by a new man.

Bro. Brix, of Dougherty, spent several days at Fairmount, relieved by a man whom he had to train for a week before he could handle the job. Looks as though good telegraphers are getting scarce. Several more want to take vacations, but it's hard to get relief.

The brothers who want a copy of the seniority list can be furnished one upon request.

DIV. COR.

MINNESOTA DIVISION—

Bro. Mike Daly, third Sanborn, resigned, now with the Soo Line at Kenmare, N. D. Success to you, Mike. Relieved by Bro. J. Pressnall, from Judson.

S. M. Wright, first Eyota, relieved a few days by Garvin from third.

I want to thank the many boys who helped me out with news this month, nearly all responded to the requests sent out.

W. F. Negur is now in shoe factory at Winona.

Bro. H. Burdorf, at Dodge Center, off for a few days, owing to the illness of his wife, was relieved by Jack Richards, who promises to soon have an up-to-date.

Bro. E. F. Grundt, Lamberton, was off a few days.

Bro. C. F. Leatherman, on first Mankato pending the return of Bro. Mosher, relieved on second trick by F. H. Wade, a newcomer.

Bro. H. A. Sterling, agent Dodge Center, while attending a company law-suit at Kansas City, Mo., was relieved by Bro. Burdorff.

Harry Fellows, assigned St. Charles third, will be with us shortly. He went out on strike on the Frisco, and was also a delegate to the last convention at Baltimore.

Bro. Schwab returned to Eagle Lake second, relieving Telegrapher Keiland, who took Burdette pending assignment. Keiland will be with us soon.

Dispatcher Cutler resumed work May 10th, after three weeks spent in a sanatorium in Michigan. The boys are glad to have him back again.

B. H. Nixon, now in the dispatcher's office at Spooner, Wis., on the Omaha line, visited friends and relatives on this division recently.

Telegrapher Souls, St. Peter Jct. nights, who went to the M. & St. L. at Winona, has resigned there and left for parts unknown. Jack Richards is on second St. Peter Jct., pending the return of Bro. Highlen, from the Winona dispatcher's office.

Bro. H. F. Janke, second Janesville, resigned to enter other employment, relieved by Bro. C. Watson, relieved by Telegrapher Guth, who promises to soon line-up. Brothers at the point where he may be working will see that he makes good his promise.

Bro. W. E. Skeels, at Winona, has the sympathy of all the brothers on the division, in the loss of his little daughter, who passed away at Winona, May 5th. Bros. Sorenson and Higlen arranged their work so as to take in Bro. Skeels' trick at Winona during the time he was off.

Bro. R. E. Graham returns from Mankato first to Tracy second, relieving F. M. Byars, resigned, who left for his home in the South.

J. F. H. Wade worked several weeks at Lamberton third and Byron second.

Local Chairman E. J. Thomas and Assistant Local Chairman D. J. Mahoney, as Grievance Committee, held a conference at Winona with division officials, May 8th, adjusting grievances and settling other matters to the satisfaction of a number of brothers on this division whose welfare was directly effected. Bro. Thomas was relieved, at Zumbrota, by Bro. I. V. Fury, from Stockton, and Bro. Mahoney relieved, at Waseca, by Harry Fellows, from St. Charles second.

Bro. J. J. Schlekeau, agent Eagle Lake, went to Omaha for several days, relieved by Bro. R. F. Schwab.

Bro. M. D. Van Darwarka is relieving Bro. A. Sawyer on third New Ulm, who went to Janesville pending assignments there.

Telegrapher McCoy, a new man, relieved Telegrapher Lusk, third Burdette, while he relieved Agent Dickerson at Lucan. Brothers, see that McCoy gets on the right side.

It is with deep regret that we chronicle the death of Bro. G. W. Cotton, which occurred at Winona, May 15th. The remains were gently laid to rest at Minnesota City Cemetery the following Sunday. No eulogy of Bro. Cotton, that I could write, would do him full justice, but those friends who had the good fortune to know him, feel that in the passing of Guy Cotton the O. R. T. has lost a staunch and loyal member, his family a kind and loving husband and father, one whose memory they will cherish for all time to come. An O. R. T. emblem floral design was placed on the casket, and resolutions were drawn by the committee and sent to the bereaved family, expressing to them our deep and heartfelt sympathy in their sad hour. Long may the memory of Guy Cotton remain green in the thoughts of the brothers of the Minnesota Division.

Dispatchers in Winona office beginning with their vacations, and Dispatcher T. F. Carroll is being relieved on third trick Middle Division by Dispatcher R. M. Morse.

E. W. Zieske, agent Walnut Grove, off a few days attending the funeral of a relative, relieved by Telegrapher Garver, from Eyota third.
Bro. W. H. Small, back with us again, now on Walnut Grove second, was married June 3d.

The meeting at Mankato, Saturday evening, May 9th, was presided over by Bro. Thomas, all the local officers being present, also about twenty-five brothers, including general secretary and treasurer of Omaha Division No. 4 and a brother off the O. G. W. Ry. at Mankato. Several matters were brought up and discussed, including the report of the trip made by the Grievance Committee to Winona a few days previous. The meeting, which was taken part in by nearly all the brothers present, was one of the best we have had for some time. More of the boys should make an effort to get to these gatherings, get acquainted with the other brothers, voice their grievances and take part in the discussions. That is the way to bring out the most good, and every one will go his way homeward feeling that he has spent a very profitable evening and one that will promote his own welfare as well as that of his neighbor. Such was the feeling of those who attended the last meeting. Get out and boost.

D. J. M.

IN MEMORIAM.

Whereas, Our heavenly Father, in His infinite wisdom and goodness, has deemed it best to cause our esteemed brother, G. W. Cotton, to be called to the great beyond; and

Whereas, We realize that in the death of Bro. Cotton we have lost a true and loyal brother; therefore, in manifestation of our sorrow and fraternal sympathy, be it

Resolved, That we, the members of Chicago and Northwestern Division, No. 76, extend to the friends and relatives our sincere and heartfelt sympathy in this sad hour; and be it further

Resolved, That a copy of these resolutions be forwarded to the bereaved wife, a copy spread on the minutes of this division, and a copy sent to The Telegrapher for publication.

E. J. Thomas, J. G. Johnson, D. J. Mahoney, Committee.

CARD OF THANKS.

We wish to express our thanks and appreciation to the O. R. T., I. O. F., Modern Samaritans, B. of R. T. 510, the Street Car Motormen, Rev. Dally and the many friends and neighbors, for the beautiful flowers and sympathy shown us at the time of our late sorrow and bereavement in the death of our husband, son and brother.

MRS. GUY COTTON AND DAUGHTERS,
MR. AND MRS. GEO. W. COTTON,
MR. AND MRS. S. E. COTTON,
MR. RISSER COTTON.

Prairie Division

Bro. C. V. Pratt, second Tyler, has resigned, relieved by Bro. Phelan.

Bro. G. L. Curran, second Desmet, relieved by O. H. Mueller, has gone on his claim near Wasta.

Bro. R. A. Pfefferle, second Cavour, has resigned to engage in the general merchandise business at Cavour, relieved by O. J. Spaulding, a new man.

Bro. A. D. Loatscher, agent Highmore, is now with the C. M. & St. P. Ry. at Glenham, S. D.

Bro. C. V. Pratt, second Tyler, now has a position in a garage in Minneapolis.

We are glad to welcome Bro. M. A. Taylor back on the division. He is relieving E. A. Clark, third Brookings.

Bro. R. W. Richardson, who relieved E. A. Nohlgreen, agent Estelline, was later relieved by Bro. A. H. Broudiur, and went to the Sioux City dispatcher's office.

K. E. Platt relieved T. M. Kridera, agent Agar, on his honeymoon. He will need the protection of the Order now more than ever, and we hope to get his application on his return.

We had our usual monthly meeting at Redfield, S. D., May 10th, with a fair attendance. A good time was enjoyed by all. We are not having the attendance at these meetings that we should have, considering our 70 per cent membership on this division, which is a fine increase considering the condition our division was in prior to the changes made several months ago. There is no reason why from twenty to thirty members cannot be present at each meeting. Get a little "sit" into you and attend. If you have any grievances relative to your work or working conditions that is the place to discuss them, no matter how slight. Attend the meetings and give us an opportunity to hear your troubles, and adjust them. Don't sit around and worry about them, but take the proper steps to remove them. Perhaps the O. R. T. never did anything for you because you never gave it a chance. Never did anything for the writer either, personally, but you and I might need its help and protection mighty bad tomorrow.

Former Bro. Bishop, at Monroe, S. D., had his depot burned down, destroying quite a lot of his personal property about three years ago and we helped him. Today he can go joy riding in his auto, but don't seem to care to become up to date.

We extend an invitation to former members, as well as up-to-date members, to come to our meetings, and whatever grievances they have may be put before us, as we are willing to help anyone.

Our next meeting will be held at Huron, June 14th, when we hope to have an exceptionally fine attendance.

H. A. W. Graham, Div. Cor.

Wisconsin Division

T. boys, and a fine floral offering was sent by the members of Wisconsin Division.

Card of Thanks.

Through The Telegrapher we wish to express our sincere thanks to the members of the Order of Railroad Telegraphers, Wisconsin Division No. 76, for their kind assistance during the sickness and death of our beloved one, and also for the beautiful floral offerings.

Mrs. Leroy C. Stalder and Family,
Chemung, Ill.

Galena Division—

We had a meeting at DeKalb, May 23d, which made up in high spirit and enthusiasm what it lacked in numbers.

We expect to have another in the near future at West Chicago.

We expect to procure a needle from some eminent surgeon and a barrel of new life, and inoculate all of the dormant ones with a double charge in order to see if we can get rid of that dread disease known as "ennui" (please look this up before getting frightened to death). This is a terrible disease, also very contagious, and deals out death and destruction to any organization that it gets a good hold on, so it is up to us to cast it out from our midst.

If every brother will turn out to our next meeting they may find a way to help us along. Any brother having any news of any kind will please forward the same to the local secretary at DeKalb and he will have the items sent to Bro. Quick at St. Louis for publication. Anyone who does not know the name of the secretary at DeKalb will please look on the notice of his local dues that has been or will be sent to him and he will become as wise as the rest of us. It might also be a good plan while looking at that notice of local dues to consider what best be done with it.

We hope to have more news next month, and a little more nerve.

Cert. 805.

Chicago Terminal District—

On account of the death of R. E. Webb, director at Carpenter street, several changes have taken place. Charley Lund gets the director's job; Crampton, First Division; Sibben, Second Division; Rice, Third Division; Goebel, second Sangamon street, and third Sangamon on bulletin.

Bro. Geo. Cone has taken one of the relief jobs, and John Harris third at Noble street regular.

Bro. De Decker took second Hunting avenue, while Bro. Gladish is relieving him on first Wilmette. Third Wilmette is open.

The boys at Lake street and Clinton street have been granted ten days' vacation this year, for which they are very thankful and much pleased.

Not a word from the Galena Division side of the Terminal. There is certainly plenty of room for organization work out there. Before this is in print the local chairman will have made a trip in that territory to see what can be done.

The boys on the Wisconsin and Milwaukee Divisions of the Terminal are to be congratulated; they are alive and thoroughly interested in this organizing game we are now engaged in.

No changes at Lake street, only that Bro. Lawson is working split trick while the vacations are in progress.

Bro. George Kenney is on third at Clinton street, Lee on second and Bro. Strange on the split trick; all regular assignments.

Bro. Strange is performing relief work at Clinton street during the vacations, and Bro. Cheney is doing the same stint at Lake street.

"No card, no favors."

Local Chairman.

In Memoriam.

Whereas, Almighty God, in His infinite wisdom, has deemed it best to call to her heavenly home the beloved mother of Bro. John A. Rose;
WHEREAS, We bow in humble submission to Him that doeth all things well; therefore, be it

Resolved, That we, the members of the Chicago Terminal District, Division No. 76, O. R. T., extend to Bro. Rose our sincere and heartfelt sympathy in his sad bereavement; and be it further

Resolved, That a copy of these resolutions be sent to the bereaved brother, a copy spread upon the minutes of the Chicago Terminal District, Division No. 76, and a copy sent to The Railroad Telegrapher for publication.

CARD OF THANKS.

We wish to express our great appreciation and sincere thanks to all the operators on the Mobile Division for the beautiful floral offering presented by them in token of their sympathy for the loss of our dear baby boy.

Mr. and Mrs. Henry Gross,
First Trick Dispatcher, N. O. M. & C. R. R.

Western Maryland Ry., Div. No. 82.

Western Division—

The writer had the pleasure of being at a well attended meeting of the general committee in Cumberland recently. More meetings of this kind would mean more members and better ones; they are an inspiration to those who are able to attend. The Order shows a healthy gain in membership for the first five months of the present year. Let us all help collectively and individually make it a banner year. Very few dropped out during the past year, and our financial condition is good. This should prove a healthy stimulant to our committee, when it goes up for that fifteen-day vacation and that long expected increase in wages.

Today the boys on the B. & O. are enjoying a generous increase in pay, and fifteen days' vacation for everybody that taps a key or answers a phone. What has been done can be done. We of the rank and file propose giving our committee the fullest moral and financial support, and in return we expect it to bring home the bacon.

Notwithstanding the fact that several offices were closed recently, extra men are making good time.

Bro. Niland, from second Colmar, to extra list, displaced by Bro. Mull, closed out at Meyersdale. Stanley showed his grit by early taking an up-to-late. R. W. England, one of the very few dropped out, claims the Order never done anything for him and that he was tired of paying in his money and getting nothing for it, but if we got him a raise he would come in again.

Dispatchers Hirschiser and Grimm, and former first trick operator "GM," are at the new Ridgley yard office pending bulletin. Third "GM," recently advertised and filled by J. F. Fordyce whom we never heard of, and whose name does not appear on our seniority list.

Bro. Rinehart, third Rockwood, on fifteen days' vacation, relieved by Bro. Niland.

Bro. Rafferty, second Ohioople, has gone to the B. & O. He says the new schedule on that line looks good to him. Frank is always after the dough.

Brothers, there is no excuse for sleeping on duty on eight-hour tricks. We should give the company the best service possible, and show that we are worthy of an increase in wages and better working conditions.

The general committee, after concluding business with General Superintendent Ennes, the first of May, took a trip over the new line, from Cumberland to Connellsville, through a beautiful mountain country, and while waiting for a return train, took in the movies, and Bro. Kolby said, "Take me back to Hanover; nothing but mountains, and even mountains on the stage scenery."

Bro. Smith, first "GC" Jet., enjoys the luxury of a fine auto, and one day recently when the writer was on No. 3, he raced it through the narrows at Cumberland, holding his own with the train without any trouble.

TO THE NONS OF THE W. M.

Now, boys, I've just been thinking,
As I sit in my office tonight
Of the good that our lodge is doing,
And I think it is doing what's right.

So why can't we all get together
And not leave it all to a few,
And don't always keep holding back, boys,
To see what they're going to do.

If the soldiers would all stay at home,
But a few who were willing to fight,
Do you think they would win just the same
As if all turned out with a might.

So see if we can't get lined up,
And each one carry his load,
And the O. R. T. of the W. M.
Will compete with any road.

But don't wait till all is settled,
And you think we got what was right,
And then when we get our raise
You can say that you helped in the fight.

For would you think much of a soldier
Who would wait till the war was done
And then come to join the army,
After all the battles were won?

Yet that is what you are doing;
Just waiting for something to come,
So if all our members were like our nons,
The jobs would be on the bum.

CERT. 268.
The Railroad Telegrapher.

Main Line—

Bro. Murphy, who bid in second "D," was relieved several days by Mr. Burns, who also relieved Bro. Griffith, third "D," on two weeks' vacation while at Boston.

Bro. Crombitt bid in first relief agent position, vice Bro. Johnson now relief dispatcher at "KX."

Bro. Crombitt recently relieved Station Agent Holden at Smyrna Mills on two weeks' vacation.

Texas & Pacific Ry., Div. No. 88.

Eastern Division—

The State (eight-hour) as well as the nine-hour law is being abused to where conditions are at a point that affairs now in the meaning of this law (safety) is in far worse conditions than when operators worked twelve hours, occasioned by the railroads obliging operators to perform other duties than telegraphing. Discrimination is being made between operators and agents, which is detrimental to the company, because in many places the influence of the telegraphers with patrons of the road are on a par with other employees who draw much larger salaries.

May 12th the following rules were put in force on this division: "To avoid necessity of increasing station forces and a better understanding as to hours required at certain stations. Where three telegraphers are employed (including agents who fill one of the tricks) the day trick man will work six hours as telegrapher and three hours at other work assigned by the agent. The other two operators will work nine hours (each) as telegraphers and do other duties assigned them by the agent without interfering with their telegraphing."

(This arrangement will be put into effect on all divisions.)

Stations at present affected on Eastern Division are: Atlanta, Jefferson, Big Sandy, Grand Saline, Terrell, Forney, Eagle Ford and Arlington.

It seems this division is the seat of all contentions, as all other divisions seem to be working in harmony.

For the welfare of all members and the organization, as our schedule has been in force now about six months, I suggest that a vote be taken on the entire system relative to employing a grievance man, as the trainmen have, "who can go over the system and familiarize himself with the working conditions at each point. This is very essential in preparing our next schedule, as it is our greatest trouble and our positions will not permit us to meet and discuss conditions.

Boys, get busy on this question, and let's have a vote on it. I suggest that a member at each point write the House of Representatives at Washington, D. C., for a copy of "Safety on Railroads." It is an article that all should read and will cost you nothing.

The recent complications on the S. P. Ry. and New Haven has proven that federation is beneficial to all, and on every occasion talk this matter over with your fellow-employees, all of whom I find heartily in favor of this move.

Very few items were received this month for the journal. Wake up, boys, and send me the news.

Bro. B. B. Campbell, off a few days sick, was relieved by J. H. Mills, relieved by Bro. R. V. Peterson, from N. P. in Washington, who is of a robust nature and works well to the mail wagon.

Bro. Hegan, agent Eagle Ford, off ten days on account of illness of his grandmother at Martha-ville, La., was relieved by Bro. Calvin, of second, and he by Bro. Hartsell, from "WX" Denison (Katy).

Arlington third on bid.

Mr. Harris, during the misunderstanding on the C. B., was asked to vacate at Pittsburg, and came to the T. & P. (his first love), and assigned Glade water. He has now resigned and returned to Pittsburg, where he has been reinstated.

Bro. Sellers, at Lodi, was off fifteen days on account of sickness, relieved by Bro. Barbier.

Bro. Illiehl, at Kildare, called to court, was relieved by Bro. Barbier, who later relieved Mr. Smith at Arlington. Mr. Hollinsworth, third Arlington, has gone with the Cotton Belt at Ft. Worth, relieved by Mr. Lawry, a new man.

Bro. Huffmaster's wife, seriously ill, was taken to the Baptist sanitarium at Dallas for an operation, which we hope will be successful. Bro. Huffmaster accompanied his wife, relieved by Bro. R. V. Peterson.

Be sure to give the local chairman notice of all changes. It is important that he knows about them.

Transcontinental Division—

I notice with pleasure that the April Telegrapher had write-ups from all the divisions on the T. & P., and I hope the boys will keep the good work going and have it that way every month. It only takes a few minutes to send in your notes to the correspondent, and neither he nor your local chairman can keep up with everything, so whenever you know of a change or news item, drop me a line, so we can have an interesting write-up every month.

Be prompt in paying your dues and assessments; don't put your notice aside to be paid later, but pay it just as soon as you are notified, so Bro. Hambright will know just how you stand. We want to get every man on the line to join, and I hope every member will work on his neighbor non until he secures his membership. Some of them are good men, but are laboring under false ideas as to the company's attitude, which we must take pains to correct.

In the May Telegrapher I asked every man bidding on a job to send me a copy of his bid. It is necessary for me to have this information, in case a man should be assigned to a position that he is not entitled to according to the seniority list. Of course, his capacity must be considered ahead of seniority. Please don't forget to send me a copy of your bid.
A non was assigned to Denison agency. Bro. W. O. Robertson is cashier there.

Honey Grove second is on bulletin. Bro. R. L. Brown, agent Ector, visiting at Avery and Clarksville, was relieved by Bro. B. W. Wilson, who also relieved Bro. L. R. Anderson, first Bells, several days, and later relieved Bro. J. E. Denton, agent Dodds, when called to Rexton on account of his mother's death. We extend Bro. Denton our heartfelt sympathy.

Bro. F. A. Wemple, first Bonham, is on the sick list.

Grain will soon begin to move. Boys, let's see if we can not save the company some money by examining every car carefully and seeing that it is in good shape before loading it, and if we should happen to find a leak or two in a car of bulk grain, let's get our hatchets and nails and put the car in good condition. When we can save the company any money or keep down claims and anything that will increase our worth to them, let's be right there with the goods, and, next to this in importance, let's always be in a good humor and treat the patrons of the company right and always have a pleasant word and smile for them, and they will think more of us and our company, and it will be a pleasure to them to do business with us.

P. O. Ruthven, Local Chairman.

New Orleans Division

We can have a good write-up every month if you brothers will send me the changes and other items. I have received notes from only two brothers since I was appointed correspondent, and these were Bro. W. H. Robinson, agent Glyn, and Bro. H. R. Montecino, cashier Harvey. Bro. Robinson's notes were received too late to be in the April issue. Thanks to these brothers.

Vacheries was bid in by Bro. J. P. Burten, from Batchelor, relieved by Bro. E. P. Lacour, from Shaw, which is now up for bids. Bro. L. J. Bourdier, agent Belle Alliance, off several days attending court at Canton, Miss., was relieved by Bro. Thiac. Bro. Bourdier seems to enjoy these "side" trips.

The T. & P. Monthly Magazine for May, 1914, publishes the following: "The old expression, 'Good things come in small packages,' is especially exemplified by the position of Napoleonville and its agent, W. B. Harp. An immigration movement, close attention to business and great interest in his probable standing forced Mr. Harp to the top." His picture shows very prominently what type of a hustler Bro. Harp is, and we feel very proud to have such an enthusiastic worker enlisted with us. We hope he will continue in his good work and that his example will be followed by many of the other brothers who have the same opportunities.

Don't forget to send your news items to Bro. R. E. Cecil, agent Burton, on or before the 20th of the month for the next issue of the journal. Don't forget that "Every little bit added to what you got makes just a little bit more," and that is just what we want.

Joint Track Division

The Joint Track motto is: "100 per cent solid;" "No card, no favors." We all know that can't be beat.

Brothers, please send me all the news available not later than the 20th.

Get after the few nons on this division. We have only three left, and one of them promised; also the new men, and line them up.

Bro. H. R. Hambright, off for thirty days on account of sickness, was relieved by Bro. C. W. Davidson bumped at Roanoke.

Ft. Worth second must be threshed out as there seems to be some mistake as to the understanding of the contract.

I am taking up with our secretary and treasurer the matter of having a meeting and will announce the exact date and place soon as decided upon.

Brothers, we must discourage working with the student at "NY" Ft. Worth, and all of us try to get "K's" application.

Business is picking up, and a few new jobs may soon open up.

The cartoon in the April journal is a good one. The old opposition boat has become so badly weather-beaten that she will not be able to withstand many more storms.

Let our watchword be: "Efficient service," and give the old T. & P. the very best we possibly can, then when we ask for further concessions we will have no trouble in getting them.

Your correspondent has just moved, my address is now 301 South Broadway.

We hope the Ft. Worth Telegrapher's Club may have great success. A better man than Bro. Malone for secretary could not have been selected and we should do everything in our power to help make it a success. Our meeting can be called at Ft. Worth in conjunction with the club meetings, and have brothers attend from all the roads running into Ft. Worth.

I am trying to have Bro. Hambright find a solution for our overtime troubles. Hereafter mail him a duplicate copy of your overtime, also your bid on each bulletined job, then we can keep it straight.

"No card, no favors" for No. 88; 100 per cent soli.

Rio Grande Division

After a ten-inch rain all over West Texas we are feeling fine, being assured of a big cotton year.

Telegrapher Jones bid in Strawn days; relieved on third Merkel by Extra Marshall, pending bids.

Some of the agents who were not relieved of switch lights until several months after the schedule was effective failed to get pay for handling them. This should be taken up.

Bro. Leach, second Merkel, was off several days owing to his little girl being sick, whom we are glad to note is much better.

J. E. McMurray, agent Alejo, is not yet a member, but has promised to join. Bro. Carl Lasater out of service on account of reduction and Alejo is now a two-man station.
Bro. J. A. Stover appointed agent Benbrook, vice A. S. O'Neal, to the "Katy" as train auditor.

Bro. Littlefield, third Cisco, off several days, relieved by Bro. Tarrant, of Putnam.

G. E. Day is reported sick at Oran, Texas, where he is visiting relatives.

Bro. Glass, second Abilene, off a few days, was relieved by G. A. Collins, of Clyde.

Many thanks to Bro. Collins, of Aledo, for items furnished; come again. Cert. 89.

Illinois Division, Chicago District—

Twenty members were present at our meeting in Kankakee on May 15th, and a most interesting session in ritualistic form was held. The feature of the evening was the initiation of Bros. Meeks and Wilkes, who conducted themselves in a very commendable manner, and are entitled to a hearty welcome as members of our Order.

Bro. Morrison, our worthy local chairman, has been doing some very effective work rounding up the men new as well as a number of our old standpat nons. Besides five or six applications received, he reports several promises for the near future. This helps materially towards the consummation of our ambition to make the Illinois Division 100 percent solid, and with the energetic co-operation of each member there is no doubt of it being accomplished.

Bro. R. L. Madix, of Otto, seriously injured in the cyclone April 24th, was taken to Mercy Hospital, Chicago, to receive special treatment for his broken and dislocated shoulder. We are glad to learn that he is improving rapidly, and that no permanent injuries will result from his accident.

Bro. G. D. Cox, Roberts nights, has returned from his annual vacation, relieved by T. M. Lovan, who later relieved Bro. McNabney, nights Gibson, fifteen days.

Bro. Baile, Gilman, relieved thirty days by F. W. Dugan, Jr.

Bro. Billingsby bid in third Effingham, relieved on third Monee on bid by Mr. Behrenas, who has promised to come in this month. B. E. P.

Illinois Division, Champaign District—

W. L. Rainey relieving at Galton for fifteen days.

Bro. A. O. Keeper, of Kinmundy, who relieved Bro. O. E. Connors, Arcola tower, on account of sickness in his family, later assigned Kinmundy station nights, and Bro. O. D. Keen assigned Laclede agency.

A new train order office, called "Paradise," has been opened about a mile south of Mattoon, with Bro. J. B. Foster, in charge, whom we understand is hired by the J. D. Lynch Co.

Understand the night clerk at Tuscola has changed his title to "H. H. W.'s emergency operator." Brothers, turn all the dope you hear on this over to the local chairman and let's try and have it stopped.

C. E. M.

Springfield Division—

Bro. G. E. Houseman is on three months' vacation.

Bro. T. B. Walker, agent Patoka, was off few days on account of sickness, relieved by Bro. E. H. Bonney.

Bro. Harry Meadows, agent Divernon, relieved some time by Bro. Beach, has returned with a bride. Congratulations.

Mr. Messinger, ex-agent Mt. Pulaski, is in Texas, on his way to fight the Mexicans. We hope he makes a better soldier than he did an Order man. C. W. Donaldson, Div. Cor.

Mr. Blye, of Pekin, resumed duty after being off three months, Moore going to Bloomfield agency pending bulletin.

Bro. Hocking, of Hidalgo, was off several days, during May.

Bro. Burr has resumed at Bone Gap after two months' illness.

Bro. McNeill, of the "Big Four," has accepted position in the I. C. local freight office at Peoria.

Bro. Quinn, Mattoon, was off two days during May attending a funeral at Chicago.

Bro. Hall has been assigned to Bloomfield, vice Clements; Bro. Moore, extra, filling the vacancy temporarily.

Bro. McGinnis, Poseyville, was off for thirty days.

Quite a large number of agents attended the agent's meeting at Newton, May 17th.

CARD OF THANKS.

Iowa Division—

I wish to thank the members of Division No. 93, located on the Iowa Division of the Illinois Central R. R., through The Telegrapher, for the many kind words of sympathy and the lovely floral pillow presented by them at the death of my beloved wife on May 9, 1914.

R. G. Reisinger, Cert. 2869.
St. Louis District—

Sand Ridge agency closed. Second and third Christopher cut off. Bro. W. L. Virgin, relieved on second East St. Louis a few days, and Bro. Grissom, after relieving Bro. Settlemaier, agent DeSoto, while attending court in Chicago, and Bro. Elmore, ticket agent Marion, attending court in Murphyboro, relieved by Bro. R. Humes, night ticket agent Carbondale, while taking the civil-service examination at Cairo, and later placed Bro. Reynolds at North yards.

Boys, please keep me posted as to changes not later than the 20th of each month. Div. Cox.

Louisiana Division—

Owing to the division correspondent being off the division and very little news to report, our write-up for last month was omitted.

The strawberry season is about over, much to the regret of Bros. Rehorst, Smith, Allen and Seab. Extra operators were put on at Ponchatoula and Independence to handle the business.

The vegetable season has superseded the strawberies, and the agents north of McComb are now getting theirs, especially at Hazlehurst and Crystal Springs; solid trains moving out of these two points.

A day operator has been put on at Hazlehurst for sixty days, bid in by Bro. J. G. Phipp. "Jim" says "FI" is a nice place to spend one's honeymoon; the bride says "ditto."

Recent assignments: Bros. T. C. Rowes to fourth at Jackson, Miss.; A. K. Elzey, nights Tangipahoa, La.; Guy Weatherby, fourth McComb, Miss.; O. M. Barbee, second Kenner Jct., La.; Grover C. Gwin, days Magnolia, Miss.

Several of the boys are taking their vacations, and as the hot weather will soon be in full blast, many others will get the vacation fever. Bro. Floyd Williams, agent Gullet, has returned, after spending several weeks with relatives in St. Louis, relieved by Bro. Elzey, clerk from Tickfaw.

Bro. J. F. Caldwell, late of the S. P., is helping to do the extra work. "CQ" put 'em over like a heavyweight.

Following new members since our last report, which shows that individual effort gets results. Samuel Hosea, Albany, La.; H. L. Whitworth, McComb, Miss.; H. E. Holliday, Jackson, Miss., and John Weeks and G. W. Smith, towermen Brookhaven, Miss.

Stewart Gant, of Canton, and Grandma Foley, of Nogan, continue the old hard-luck story. The latest is: "My mother-in-law has been sick for a long time." It would be more truthful to say: "Dollars for Ky. Taylor, but nothing for the O. R. T."

Leslie Chambers is anxious for the O. R. T. committee to make a killing. He says "HO" needs some more money badly. Less is one of those hard-luck kids, too; always behind the O. R. T.

Our general committee is still on the job in Chicago, and prospects look good for a settlement. Probably before this is read the good news will have been received and everybody pleased except a few soreheads and one or two nons.

Mississippi Division—

We have not had a write-up from this division in two or three months on account of sickness in family of our correspondent, but as conditions are very much improved, will try to give you a few items this month.

Bro. Rehberg, Pickens, was relieved several nights by Mr. Holt, a new man; Bro. Buford, agent Sallis, by Bro. Coleman; Bro. W. S. Caldwell, Vaiden, by Bro. Steele; Bro. Winn, agent Horn Lake, by Bro. Griffin; Bro. Drown's, agent Enid, by Mr. Robertson; Bro. Holley, third Coffeeville, by Bro. Hodges, from Division 62, and Bro. Jones, at Tillatoba, by Mr. Young, for vacations.

Bro. Prigmore, with the company since May, 1906, has resigned Pope agency, Bro. Rhew, from Coldwater, bidding it in, relieved by Bro. Kelly on bid, and he by Bro. McNeil at agency Hernando, Mr. Ennis bidding in agency Vaughan.

Bro. Gore assigned to agency Nesbit, relieved by Bro. Williams on first "CF," but, on account of abolishing "NE" at Water Valley, Bro. Huff "rolled" him back on second again, bumping Bro. Seadman, who had bid it in.

Mr. Arnett, after asking for fifteen days' vacation, resigned, and O. W. Goyer bid in third Sardis.

Bro. Steele assigned to second Ackerman, and Bro. C. Y. Goolsby, second West Point permanently, and Bro. Gulo, first "CF" (ninety days), while Bro. Huff is visiting relatives in Kentucky and taking a trip to California and other points; Bro. Hodges going to Durant third.

Bro. L. D. Goolsby, on account of the illness of Bro. Knight, bid in Abbeville agency for three months. Bro. Bryant, third Grenada, visited the Bluff City recently.

Bro. Bull, our local chairman, was over the division recently, lining up the boys, and found it about 95 per cent "for."

Bro. Weir is nicely fixed up and very proud of his new depot at Weir.

Bro. Faucett, our efficient agent at Toone, is getting pretty tired of "camp" life, and will be very glad when the company erects him a depot. The old one was destroyed by fire several months ago, and he has a nice cool box-car to do business in this summer.
Chicago Great Western R. R., Div. No. 96.

Brothers: Bros. Norris and myself have just covered the system with the exception of the W. M. & P., and as we have only about three nons on that division we did not think it would pay to cover it. We secured a large increase in membership; all the divisions are now in fine shape, and Bro. Norris advises that he is still receiving applications through the mail since our trip over the line. But, brothers, there are still a few nons left. It is our aim, before the committee convenes for a revision of schedule (which will be very soon), to bring up our membership to 99 per cent, and we can reach that point it every member will take a personal interest and try to induce the nons to join and help better our conditions. As your local chairman can not get them all, a friendly line from you might do more good than a dozen letters from him. This is a matter which concerns us all, and it is hoped that you will all take a personal interest and make the C. G. W. a poor place for a non to light; and when your committee asks for a revision, send it in with a good, strong membership back of it. All of you no doubt know the proposition we have been up against in the past, and that is all the more reason why you should all take an active part.

A. L. COLEMAN,
General Chairman.

Northern Division—

The notice of dues for the present term has been mailed to each member, and all are urged to pay up promptly. There is nothing gained in being dilatory. There are cases where sickness might not permit one to remit at once, but keeping up to date in our organization should be considered one of our first obligations, and your obligation should not end in just being up to date. Every member should grab a root and make a diminution of those nons who have done nothing but act pleased over an increase which his neighbor helped get for him.

Bro. Coleman and myself just recently covered the system and we had fine success in increasing our membership. Since the first of the year we have taken in eighty-three new members, which has made the system in better shape than ever before. Now, brothers, it remains for each one of us to keep it so. The organization on the C. G. W. is just what the members make it. When conditions look the darkest, our determination for organization should be the strongest. We do not possess the ideals of unionism if we discard the O. R. T. when we face obstruction and strong opposition. Those are the times when we should remain steadfast, true to a right belief, strive on for a true cause and stand together to protect the advantages we have secured.

The committee believes that we should request a revision of the schedule as soon as business conditions are better, and while we are waiting for the opportune time let no brother relinquish his membership. Since we worked hard to strengthen old No. 96, let us hope that each one will do his part to keep it so.

Bro. Thos. McBride, agent Rich Valley, and Bro. L. G. Meek, agent Taopi, were recently married. We wish the couples happiness.

Bro. Ed Stack, second Hayfield, is now in St. Paul "X" nights. We hope that he can convert Jenny and McAdams. He was relieved at Hayfield by R. G. Debolt, who says he will have a card next month.

Bro. Jarstead, agent Skyburg, took a fishing trip to Randolph, and Bro. Bob Adams, agent Elma, also landed a few at the same place recently.

Bro. Selby has resigned agency Hampton, and he and Mrs. Selby returned to Chicago, relieved by Mr. Reed, who had been relieving Bro. Easton at Spring Valley, later relieved by J. F. Franklin, who was agent at Elkton last spring.

Bro. J. L. Tolstead, agent Stanton, on vacation, relieved by Mr. Collins.

Bro. F. N. Johnson resigned agency Renova; now at Cannon Falls. Bro. H. R. Tolstead took the agency, relieved on second by Mr. Cowles, who will soon be a member.

It is now Bros. Bailey and Noble at New Hampton first and second, and Elma is now a solid office.

Bro. Geo. Latimer, agent Summer, on vacation, was relieved by Bro. Woods, and he on first by Bro. Littel, relieved on third by a son of Bro. Latimer.

Bro. C. E. Norris, off five weeks organizing was relieved by Bro. F. G. Norris, relieved on second by a Mr. Voss, who went to Dundas.

Again I want to ask you brothers on the branch when you know of a little item for the write-up please jot it down on a post card and mail it to me. This is the only way that I can get the news.

I wish to thank Bros. Meek and Casey for sending in items for the May TELEGRAPHER while I was on the road.

C. E. N.

Southern Division—

Bro. H. H. Hilfinger, from C. R. I. & P. relay Des Moines, is now agent at Dearborn. Harry is a good live wire and we welcome him back to Division 96, of which he was a member for several years.

Bro. Iles is relieving V. H. Dickens, agent Diagonal, who has gone into the auto business, but can not afford a card yet.

W. P. Oxley, second Alton Jct., was mentioned as a brother in last write-up. This is an error as "Bill" dropped out after paying $3.50 on his application.

The following brothers attended the Southern Division agent's meeting in Des Moines, May 23d: Bros. Raber, Savannah; Jones, Ravenna; Collings, Athelstan; Wilson, Maloy; Hartley, Mirgo; Stephenson, Marshalltown; Giles, Hudson; Meter, Dewar, and Dukes, Fairbanks. The meeting was attended by eighty-five agents and clerks from various departments, including a number from the Chicago general offices.

Several of the brothers who promised items for the write-up failed to send them. We expect some help from the north end now that they have awakened out of their long sleep. Every
The Railroad Telegrapher.

brother send me an item or two, and then we can have a large write-up every month.

Keep after the nons. We are in better shape now than ever before, and let us try to make it a solid division by July 1st.

Remember our motto, "No card, no favors."

L. M. Wilson, Chairman, Maloy, Iowa.

Western Division—

The following new members have been received during the month: W. R. Burnell, Shell Rock; A. L. Kinson, Quinn; J. J. Field, Moorland; W. T. Devine, Clarion; A. C. Mayers, Readly; H. A. Connor, Waverly; J. M. Geitz, Oran; J. C. Ferris, Dumont; G. A. Egalston, Rinard; W. L. Cole, Lyle; H. A. Welton, Meltonville; E. W. Lynch, Mason City; A. R. Pendarvis, Meservey.

Transferred from other divisions: I. D. Hatton, second Waverly, from 43; D. S. Gosseth, agent Lanesboro, from 71; S. E. Donoho, second Carroll, from 4.

Several more applications will go in shortly.

We are indebted to Bro. Norris, who made a trip over our division recently, for this increase in our membership.

None of the brothers forwarded any items this month, which makes it very difficult to have a write-up. We all feel proud of our division, and I wish everyone would send me a few items each month so I can get them to Bro. Quick before the 28th of the month. Let us all see what we can do next month.

Cart. 146.

Virginia Division—

A number of telegraph positions have been abolished, but a majority of our card men have been taken care of, and our loss is nothing compared with that of the conductors and trainmen.

On account of unsettled conditions matters (which all members are aware of) have been held up, but the committee has not been idle, and will make a move when best to do so. You remember what was done in 1907, although all odds were against us. This success was due to the loyalty and personal support given by each member of the system, and thorough organization, personal labor and support means success now.

Cultivate the union spirit among ourselves, showing no favors of any description to non-members, but striving to advance our interests collectively.

Bro. Cumming's report ending December 31st, and up to this time, shows the largest membership ever obtained, and one to be proud of. There are still a few "barnacles," however, hanging onto the "hold" and retarding the good old O. R. T. ship, and the membership must get busy and reduce the number to a minimum. Get that non working with you, brother. There is no more reason why he should hold that job than you should board him free at your home. You paid for the increases and betterment of his condition and he should help maintain it; keep after him until he comes in. If a man would come into your home each day and sit at your table and eat his fill and get up and go away without a "thank you," how long would you stand for it? Yet you are paying that non's way, working with you, or alongside of you, and never say a word to him about helping pay his own way. It's time to wake up, brother, and tell that non what you think. Do not forget yourself, brother. The almighty has no use for a quitter, nor for one with enmity, neither has this old world of ours. The quickest way we can come into our own is for every man to do his or her part. Remember, someone else is doing your share; someone is doing double duty because of your inaction. Be true union men and not merely members. Don't be a delinquent, pay up your dues, and support the committee in its efforts for our betterment. Without a contract we would return to the hard hours we older ones have experienced. Have an up-to-date card at all times. As soon as notice of dues are received remit to Bro. Cumming and to Bro. Quick, and prevent lapse of both, continuing you under the protection of the grand old Order. Our sisters never wait for the receipt of notices of dues, but remit long before the period expires. That is the right spirit, and we men folks should adopt the same rule, which would save the division a number of dollars every year.

Your card expired June 30th. Remit now, that the committee may know you are in the fight to remain, and assist it in whatever steps are necessary. We know that our interests have been carefully looked after heretofore and will be again.

Cart. 20.

North Carolina Division—

Changes have come thick and fast on this division. Three dispatchers—Grubbs, Slattery and Windham—cut off recently, also ten or fifteen operators. We hope business will pick up soon and all the men be back at their old tricks.

Bro. Rogers and myself had a pleasant visit with Bro. "WF" at Hamlet recently. Mrs. J. E. Mercy, second at tower, visited friends at Peachland a few days.

Bro. Clyde Hamilton bid in first Lumberton, and third Marshallville now on bulletin, also agency Bladenboro, Lemon Springs and second Moncure.

Bro. C. C. Lamb, agent Wingate, owing to the sudden death of his father at his home in Charleston, S. C., was relieved by W. M. Fields, whose application is in. Bro. Lamb has our sympathy in his great loss of a loving father.

Bro. C. W. Scales, third "DS," attended the celebration on May 20th at Charlotte. Bros. Weathers and Windham, of Hamlet, were also there helping to emphasize the Mecklenberg declaration, of which all are firm believers about here.
Bro. Causey, first Wadesboro, was a recent Lilesville visitor.

Bro. Free, second Wingate, was off several days sick, relieved by J. D. Diggs.

Men who get a card and when something happens just not to their liking threaten to drop out should remember that while such action hampers our progress a little, the injury they do themselves is far greater than that done the Order. I have no words to waste on a man who has once been a member and for no other reason than that he does not get a raise in salary every time he thinks he should be ready to drop out and become a "kicker." I have much more respect for a man who is "dead set" against the O. R. T. and lets it be known all the time than for one who is half the year up to date and the other half complaining about something, because you can never place that sort of a man. On an average we are all paid about the same, and that old gag, "Financial strain keeps me out," doesn't work with me. If a man wants to be a thing and has love enough for his family and those depending on him for support, to stand for something and let the world know it, he can; otherwise, if he "booms" only when the Order does and shrinks far back and falls out of line because he doesn't get an increase every year, he becomes more of a detriment than a help. What we need more of is men with reason, who will stick all the time though the heavens fall.

It is now time to renew our cards for the last half of this year, and I want a list of all who fail to renew for publication, so everybody can see who is who and why. I will get the list all right; look out for them.

Brothers, send me in all the news you can, so as to make our end of this division interesting.

Best wishes for the success of all the boys.

R. H. CUNNINGHAM, Div. Cor.

Bro. Roosa, off one week, relieved by Bro. T. Ennist. Bro. Lafferty is quite a frequent visitor at Kingston Sunday evenings.

Bro. Gellner has returned from Florida, where he spent the winter, and has resumed his position at Haines Falls. He drove his auto from Kingston to Jacksonville.

Bro. Stevens, relieved by Relief Agent Falk, now in New York on his honeymoon, and Bro. Potter, relieved by Bro. Winchell, spending his honeymoon in traveling about in his auto. Congratulations.

Telegrapher Kingfield, at Haines Falls, will soon be one of us. It is now Bro. Dan Thompson at Hobart.

Second Trick Dispatcher Decker returned from his vacation, and Third Trick Dispatcher Cudney is now on his. Dispatcher Leipold resumed second on his return from Florida, where he worked the past winter.

Agent Spriggs and Telegrapher Gillespie have promised our general chairman they will soon be with us. Brothers, write to them and keep them to their promises. We want desirable men like them.

Bro. Thompson, of Hobart, relieved Bro. Snyder, who attended the circus at Kingston.

Two of our brothers got married last month. Wonder who will be next? I notice our second vice-president has also caught the matrimonial germ.

The meetings at Kingston, Arkville and Oneonta were well attended, and the enthusiasm shown will long be remembered. The new schedule was drawn up and has been presented to the company. We have hopes of securing a nice settlement. The committee is encouraged because everyone will do his part, has confidence in the committee and will support it to the limit. This road is among the roads paying agents and operators the least money, and the parcel post is reducing salaries considerably by cutting down express commissions. Men of our occupation have been underpaid from the beginning, regardless of the faithful work of the class of men we represent. We are all working together and working hard, and in the end we will win. "Ize."

Bro. Bradley, of Trout Creek, had two weeks baching while his wife visited in the lower part of the State.

Dispatcher M. J. Stitgen, from the Marquette shops, is dispatching trains at Calumet, on the Mineral Range, relieved by Mr. Foster.

Bro. Davidson, Kenton nights, relieved Mr. Crull, the agent there, on vacation.

Bro. Anderson, of Ewen, was off for two weeks, relieved by Mr. Foreman.

Bro. McCarthy, who still carried his card while braking on freight, will take one of the gravel pit jobs.

Continue to remind Mr. Corcoran, third Thompson, that he needs a card.

Charles Wright, ticket agent Marquette, recently appointed agent McMillan, was taken suddenly while on vacation at Mellen, Wis., and died in Ashland hospital after an operation for peritonitis. He was beloved by all of the brothers who extend their sympathy to the family.

A few brothers from each division should help with this work. Jot down the items as they occur, and send them to the division correspondent not later than the 20th, so we can have a good write-up each month.

N.

"Soo Line" Ry., Div. No. 119.

Chicago Division, Northern District—

Through an error our April write-up was placed in the C. M. & St. P. Ry. notes, on page 676.

Several more men have been laid off, and there are about ten or twelve of the younger men off now. Third Cadott was taken off displacing Bro.
Kavanaugh, who took a two weeks' lay off before going back to work again. Both second and third tricks at Auburndale were taken off, displacing Bros. Schubert and Zivney. Bro. Schubert went to third Park Falls, relieving Bro. Carter, who went to second Ironwood. Bro. Zivney went to third Phillips, displacing Bro. Wenzel again laid off account no work.

Bro. F. C. Ludowise, after relieving Mr. Disher at Milladore relieved Bro. Kotas at Westboro, on ninety days' leave to do his spring work on his farm at Auburndale.

Bro. Daggett relieved Mr. Korb, yard office Stevens Point, who relieved Bro. Alvord on first Marshfield; Bro. Daggett was displaced at Colfax by Bro. Anderson, second Chelsea, closed account reduction in force. Bro. St. Amand, third Chelsea, also laid off account no work.

Bro. W. J. Martin, second Park Falls, who was relieved a few days by Extra Forrest, is going to the Great Northern as brakeman. We are sorry to lose him.

Mr. Schannock takes Hoyt station during the ore season.

On bulletin: Ashland ore yards, three tricks; agent Marshfield, and Gloster, non-telegraph station.

Bro. Welsh, at Auburndale, lost his two operators, and his hours are now 7:30 a. m. to 7:30 p. m.

Bro. Buchmiller was relieved a few days recently by Bro. Daggett.

Bro. Lepinski also laid off a few days.

Bro. Owen, second Spencer recently visited Bro. Ludowise, agent Westboro, a few days.

Bro. Temby bid in Eau Claire agency, creating a vacancy at Marshfield agency.

Keep up the good work and show that non next to you no favors until he comes in. He will then see the difference it makes when one carries a card.

We will soon receive our notices for dues for the last half of the year. Be prompt in your payments, boys, and have a new card as soon as they come out. "Buck."

Chicago Division, First and Second Districts—

Bro. O. E. Lock, second Kelze, on vacation, relieved by R. C. Sutton, who later bid in second Wheeling, was taken sick, and office closed three nights; later opened by G. M. Fisher.

Bro. F. C. Johnson, third Wheeling, visited relatives at Waukesha recently.

Bro. Wm. Jones, agent Area, off a few days on account of sickness, relieved by P. J. Weber.

Bro. Wagner, agent Grays Lake, motored down to Lake Villa recently to see the boys. The Lake Villa Hotel there burned to the ground recently. This will divert considerable of the summer resort business to other parts. Bro. Lund reports the fishing fine there.

We are all very sorry to hear of the resignation of Bro. E. E. Clemons, first Fond du Lac. Bro. Clemons has been local chairman of the Southern District for the past three years, and we regret exceedingly to lose such an efficient and hard working official. He was relieved by J. J. McDonald. M. R. Miller, third Fond du Lac, has resigned and gone West, relieved by Bro. Pelson, he on second Nelsons by G. M. Fincher, later by Oscar Larson. "13" Larson is "some" artist.

Bro. H. S. Day is back on third Nelsons, relieved on third Burlington by H. S. Shryer on bid.

Bro. Loek, Tyler, Meyer and Day sent in items this month. Let every brother help out with an item or two and we will have a better write-up next time. — Jack Frost, Cor.

Wisconsin Division—

Bro. Haufek, from "Q" Superior, relieved Mr. Holt, first Weyerhauser on six weeks' vacation at his home in Oklahoma.

Bro. Kelly, cashier at Ladysmith, has gone to the M. & St. L. in Iowa, relieved by Stanton, from Eau Claire.

Bro. Fahey has returned to third Brentwood after sixty days' leave of absence from Bulwer Jct.; Vanderhoef goes to first.

Bro. Shigley is back to third Prentice after three months at Brantwood agency, relieved at Brantwood by Carlson. Damer, Prentice nights, now on the N. P. in Idaho. Bro. Sale, Prentice first, is back from his visit in the southern part of the State.

Warehouseman E. M. Fry bid in Trenary agency.

F. J. Kendrecht, for the past ten years at Kennan, is now cashier of the National Bank at Park Falls, relieved by W. Edwards pending bulletin.

Bro. Crum called on the boys along the line a few days ago while on vacation.

Bro. Kircher, third Weyerhauser, is at home in the southern part of the State to celebrate his mother's birthday and attending a family reunion.

Bro. E. M. Hogan has made a lot of improvements to the Soo Line park this spring by setting out some nice plants, and the citizens of Amery are alive to the fact that nice, clean station grounds and a few trees are a good advertisement for a town.

Bro. Edwards, first Barron, who had a piano fall on him and break his leg in several places, is getting along fine, but it will be two months before he will be able to go to work. Bro. F. N. Canfield, ex-dispatcher from Madison, S. D., on the Milwaukee, is relieving him.

I was out of service two months, and will try and send in a few notes each month now if the boys will help me.

I am indebted to Bro. A. M. Sale for the most of these items. Now A. V. S., E. M. H. and E. R. C., see if you can't send me a note or two next month. — W. H. B., Cert. 492.

W. & P. Division—

There seems to be a lack of interest on the part of the members on the east side to send in items for our journal. Brothers, all try and send in a few lines to our correspondent each month, not later than the 20th.

1086

THE RAILROAD TELEGRAPHER.

Bro. Erickson, second Cardigan Jct., tired of boarding with strangers, and has stepped off into matrimony. Congratulations from all the boys.

Bro. Fogarty, agent Marine, drew second Sh oreham. Get Mr. Oden to come across with that card.

Bro. Nixon, agent Bulwer Jct., surely is there now by when it comes to "hitting the high spots" with that Ford.

Local Chairman Cram, who has been on the sick list for the past month, is now able to attend to his station again.

Our committee may meet the officials this month, and there are several nons on the east side who have not yet sent in the price of a card. You brothers nearest to them wake them up.

Don't forget to send our division correspondent at Weyerhauser a few lines for the journal every month.

Colorado Division—

The meeting at Goodland on May 13th was very poorly attended. Bros. Brown and Meadow, from Topeka, came out, but the trains are not convenient for the boys to come now, as so many offices have lately been made one-man stations that it is very hard to get away.

Third operator at Calhan pulled off May 17th, Bro. McMillan taking ninety days' leave to work on his property there. Mattison was made a one-man day office, Bro. Taylor working nights, relieving Sister Holtz on Clayton second.

Agencies advertised for bids sixty to ninety days: Almena, Kanorda and Falcon. Regular men assigned elsewhere should not hesitate to bid on these vacancies, if they are looking for advancement in the station service, for, after performing this temporary service, you are returned to your former regular assignment. Almena second and Rulon third also up for bids on account of thirty-six day vacations. Bros. Girvin and Robb received the temporary assignments at Stuttgart and Prairie View.

Agent D. J. Nichols, at Mattison, off on account of sickness, relieved by Bro. Loyd, from the St. Louis Division.

Bro. Carter, agent Ramah, has returned after a thirty days' enjoyable vacation; finished building his home there.

Bro. Gaunt, third Flagler, recently met with an accident while riding his motorcycle from Flagler to Seibert. He was picked up in an unconscious condition a few feet from where the motorcycle lay, taken back to Flagler, and given medical attention, and is now getting along as nicely as could be expected; Bro. Jones, extra Burlington, relieved him.

Bro. F. V. Dodge, cut off in the recent reduction, is on extra list again, and is now at Almena while Bro. Rabourne is on vacation; Bro. Yocum is working as agent.

Bro. R. C. Logan, recently re-employed, is now on second Stratton during the absence of Bro. Falb.

A new seniority list gotten out to all stations by Chief Dispatcher Inwood, May 15th, shows a few additions.

Div. Coa.

Nebraska Division—

Pierrard, from Otego, relieved Bro. Ensor, Kenneth, several weeks while visiting with the folks down home.

S. Mathis goes to Hallam second, relieved on Courtland second on bid by Pierrard.

Sister D. B. Richardson and Bro. H. M. Edwards, of the Mo. Pac., Lincoln, were married April 22d at Scandia, Kan. On their return from their honeymoon they will make their home at Lincoln, Neb. Sister Dollie worked on this division for the past ten years as agent and operator at South Bend until the fifty-four-hour law went into effect last June, when she took a trick in Fairbury relay, and later at Beatrice and Courtland, where she left the service. She has been a faithful and conscientious worker, and we join in wishing them happiness.

This is the time of year when it is hard to stay indoors and listen to the ticking of the instruments. All nature will call and tug and pull at us, and we will long to get into our old clothes, and with fishing rod and minnow bucket tramp along some stream or lie in the cool shade of some tree, free from the daily grind. But many of us will be deprived of such pleasure, and why? Because we can not afford to lay off and lose the time. And why are such conditions? Because we are not all doing our part, and you nons (who are reading this without right) have not been and are not now doing your part. Now fill out those application papers quick and get that non next to you to fill out his and let us all work together and get a solid line-up and see if we can't get those two weeks' vacation with pay, and enjoy a good fish-fry each year.

Mr. Mathis, from Munden, has been relieving Moore and Galor on third and second Smith Center.

Bro. Ford, agent Bellaire, is on thirty days' vacation, relieved by Bro. Harry Ingram, from second Lebanon.

L. G. Bales is back on this division again after an absence of several months in Kentucky. His wife will probably come out and help him have enough to get a new card. He is now on second Lebanon.

General Secretary and Treasurer Meador was over the line recently linen up the nons and speaking encouraging words to all. Everyone is always glad to see him, also the dispatchers who have been going over the road recently.

Bro. McKinzie, agent Munden, was relieved a few days by W. F. Mathis.
S. Mathis, now relieving Sister "DY," at Courtland, is a new man. Boys, don't forget to remind him to start in right with a card.

Don't allow the promises pending to be forgotten, but keep after eligibles, and remember that a little persuasion now and then may help.

Bro. Tucker, Thompson, had a little misunderstanding with a trunk, and in consequence one foot is marked "handle with care." He has our sympathy.

Bros. I. G. and Lewis Hornbeck, the former our local chairman, on their vacation to Hot Springs, Ark., were relieved at Murdock by Mr. Cole, the minister there, as agent, S. Mathis relieving on second.

Bro. Herb Moore, agent Alvo, is filling the local chairman's seat temporarily. Herb has his bunch at Alvo lined up solid now, with Bro. Cochran on second and Bro. Cash on third.

E. A. McKee, second Havelock, and D. S. Annis, agent Meadow, still continue on the non-list.

A change in the office and hours was made at South Bend, the night office was moved from the tower to the depot, and the hours cut from twelve to nine last month and it was a pleasant surprise to yours truly.

Brothers, it's now time for spring house-cleaning and you whose wives can spare you, or who haven't any wives, do a little job of house-cleaning on your own hook, and see if you can get that non next to you.

We are greatly indebted to Sister Sawyer and Bro. and Sister Eaton for this month's write-up. Let the good work continue.

"Cookie."

El Paso Division—

Every man from Herington to Tucumcari should send me notes for our write-up not later than the 20th of each month. Please give me hello anyway. H. R. Crist, agent Tampa, Kan.; P. Alexander, agent Groveland; agent Greensburg, W. L. Woods, agent Wessford, and R. E. Combs, agent Preston, favored me with notes this month. Thanks, come again.

The new steel girders for bridge 167, three miles west of Greensburg, were recently laid, the El Paso and Kansas Division derricks being used for this work.

Prospects for a bumper wheat crop all over Kansas this season has already had a stimulating influence. Greensburg for March increased $1000 over 1913.

Bro. L. M. McGee, who recently relieved Agent Combs, of Wessford, is back on third Greensburg.

Bro. W. L. Woods, agent Greensburg, recently made a trip to Missouri on account of a death in his brother's family, relieved by Bro. E. J. McCallam.

Agent Wessford secured business for our "Golden State Limited," stopping No. 4 for his passengers who would have gone via another line. Boys, let's all look out for this kind of business and give good service.

S. L. Breckinridge, agent Langdon, and his son, Bro. J. E., have moved on a ranch in Montana; latter relieved by Bro. W. R. Launderdale.

We also heard from J. Souer, agent Cullison, Kan., and J. F. Barter, Texhoma, now a solid office. Let's make them all solid. Keep the good work going.

Work trains between Herington and Liberal are getting our line in good shape.

We recently handled soldier trains en route to Ft. Bliss, Texas. Ruby D. Garrett, lawyer, Kansas City, Mo., wants operators for the signal corps.

Bro. J. W. Reeves, in Wichita taking the degrees in Masonry, was relieved by Roy Pratz, ticket agent at Hutchinson.

Best wishes to all. Help me next month with the write-up. CERT. 2855.

Des Moines Valley Division—

Only a few more nons left and most of them have promised their applications soon. Watch the new men and find out just how they stand, also notify the local chairman, as it is impossible for him to keep posted on what is going on without some help.

Mr. Humphries on second Pella pending bulletin, vice Mr. Farrell resigned. L. A. Bickford on first, vice C. E. Gearhart resigned.

Helper Virgil Brown appointed agent at Givin, vice Bro. Stanley, agent at Evans, vice Bro. Matusick checked in at Media.

Bro. B. B. Brown and J. S. Chessenery on ninety days' leave trying farming; Mr. McGuire relieving him with Bro. Bates, from the Missouri, as operator.

Bro. Hunter, agent Winterset, on vacation recently took a trip west, returning via Chicago, relieved by A. R. Rison.

H. K. Hackney, extra Pella, resigned.

The Des Moines O. R. T. Club holds meetings the 15th of each month at the Kirkwood Hotel in Des Moines. All who can, are urged to attend these meetings, as they bring the brother operators and agents together, and there are good, interesting talks that will benefit all who are present.

Bro. Goschke, at Rose Hill, is doing business in two box cars on account of the depot burning down a short time ago, cause of the fire unknown.

It is now Bro. Arnold, at Douds, also Bro. Mock, at Knoxville.

Bro. H. H. Hilfinger, first Evans, has gone to the C. G. W. as agent. We wish him success. Relieved by J. E. Humphreys pending bulletin. M. Barber, second, and Mr. Cox, third, promise to line up in the near future. Agent Brown, at Givin, and Mr. Bickford, at Pella, have promised their applications this month.

N. F. Whiting assigned second Pella, vice J. E. Humphries, at Evans.

Any notes that you have address to Bro. Sweeney, at Oskaolosa, before the 20th, so we can have a write-up in the journal each month. With some of the boys along the short line would send us a few notes, letting us know what is going on and what changes take place. J. E. S.
Iowa Falls Line, Minnesota Division—

In a recent issue of the journal appeared an item about "Mr." Schneider. This was an error in that it is Bro. Schneider, who always has an up-to-date. We beg his pardon for this slip.

Bros. Hession, Barry, Beecher, Merrill, O'Kelly and Luth were present at the club meeting in Cedar Rapids, May 15th.

Bros. Stealey of Sherman, Merrill, Pardun, Havirland and Kennedy were the only ones from the Minnesota Division who attended the Iowa Falls meeting Monday evening, May 18th. Brothers, you should get out to these meetings, you will find something of profit to you. From now on you will have either Cedar Rapids or Iowa Falls or both at your convenience, and you should make it a point to attend.

Bro. E. V. Soules is now on second Grundy Center, and "Mr." Reagan on third, Ristol going to Ellendale and Greene.

It is now "Bro." Worley at Shellsburg.

J. S. Kugle, agent Abbott crossing, has a new card in Division 71.

We looked for Reagan and White to possess "up to dates" by this time. Boys, don't put it off any longer. "Do it now." You brothers with the license get after them.

Bro. Merrill was checked out of Cleves, May 27th and into Clarksville the 28th. C. L. Brown, from McCallsburg, relieving at Cleves.

Iowa Division—

L. S. Hardenbrook has returned, after traveling several months in western States, and is on West Liberty third.

Bro. A. D. Martin and wife, of Iowa City, spent a Sunday visiting the Tri-cities recently.

Bro. A. G. Hauge, of Underwood, is now at Mets, Bro. C. M. Peasy bidding in agency Underwood.

Bro. H. A. Whitehead is on Altoona third.

Brothers, don't forget to send F. R. Kuhns, local chairman Iowa City, your news items, so we can have a nice write-up, and let us see if we can not make this division 100 per cent by June 30th.

Remember the motto, "No card, no favors," and make it effective.

Oklahoma Division—

Bros. A. W. Seiver and A. N. Wooldridge have resigned. The latter is now with a commercial company at Chickasha.

Bro. Hoover, extra dispatcher at El Reno, on the branch, bumped by Extra Dispatcher Earl Thompson.

Bro. Harry Snodgrass, of the relay office, was recently married.

Some of the boys seem to be having a little "ham factory" of their own, watching the helpers so they don't "bull" things up.

Bro. Johnson, of Kingfisher, is out after a Grand Division prize. Let him know of any nons showing up.

Local Chairman Bro. C. H. Meador, Room 314, New England Building, Topeka, Kan., is in better position now to do us good than ever before. Any misunderstanding, or any information that will be for the good of the division should be mailed to him at once. The few delinquents should remit him their dues at once. Every man should pay up his dues before the sixty-day period after each term ends. It will save hundreds of dollars' worth of time, stationery, postage and work every year to the division and protect your insurance. Handle this just the same as any other matter, and pay up promptly. You can't let your grocery bill run ninety days to six months, and if it was not for the Order you wouldn't be making enough money to pay it.

If a non-member lights at your station, drop a note to Bro. Meador, and also advise him of the certificate and division number of a new man coming to work who belongs to another division, so he can transfer him and make the division just that much stronger.

If you are older than a man assigned to a bulletin position, write and ask your superintendent why. If you know of a vacancy that should be bulletinized, drop a note to your chief dispatcher, and if you fail to receive a bulletin promptly, ascertain from him why not furnished, as it might not be mailed you through some error.

The notice of dues for the term ending December 31, 1914, has been mailed out. Pay them promptly and have your card in your pocket before July 1st.

We must take time to drop a line to the new men who are not members, and ask them to take out a card and stay with us. We have increased their positions very nearly $25.00 each already, and must have their support to do still better.

Watch for the El Reno meetings, and come out and meet Bros. Brown and Meador. We want you with us at these meetings, and have your new card with you. "73."

Div. Coa.

Indian Territory Division—

Boys, why do you not give my correspondence more attention. When I write you for information you let in lay around a week before you answer, if you answer at all. If the company should write you, you would answer by return mail, which is entirely proper. However, you should be willing to answer my letters just as promptly, when I am trying to help you better your conditions.

Answer my correspondence, attend the meetings when I notify you, and help me to make this division solid, and we will soon have the best and strongest Order in the country. You can not expect me to do this work properly when you will not even answer my letters or attend the meetings. Please wake up boys and help me. Get after the nons and let us show that we are alive.

I have made some improvements in the four months that I have been local chairman, and can make many more if you will only do your part.

P. M. Paul, Local Chairman.
Arkansas Division—

Bro. J. B. Swain, third Booneville, and a young lady there bided to Little Rock, May 19th, secured their marriage license, got married and went back home and surprised all their folks. Bro. G. T. Murray, of Little Rock, was also married recently. J. W. Mitchell, wire chief "RK," and Bro. Ed Mitchell are back from Roanoke, Va., from the funeral of their father. John is now under the weather, and Bro. Ed has gone West for his health.

Bro. J. A. Einklebery, after three years as agent at Havana, bid in second Ola and went to Booneville to lay off awhile, but Chief Silas had to have him work there a few days on second, vice Corbett, who got into argument with the dispatcher and got his time check.

P. W. Clark, at Blue Mountain, is still sitting back drawing the increase and living off what we boys secured for him, but does not see fit to help us out by getting a card. You can tell that station is run by a non from its outside appearances.

Agent Weiss, at Waveland, who has had some pretty hard luck in the past, promises to line up July 1st. Brothers next to him, keep him reminded of his promise on pay day—June 28th.

Bro. Perry, third Havana, is contemplating getting married shortly; presume to the little maiden from Ft. Smith.

Bro. G. D. Lee is now agent at Palestine, relieved by Bro. E. E. Fowler, at Bauxite.

Bro. W. F. McCaithren is at Round Pond agency pending regular appointment of agent there.

Bro. L. R. Kirby, agent Carlisle, bid in Casa.

W. A. Blankenship, third Roland, was in the hospital a week the latter part of April, relieved by Mr. Adair.

Bro. Powell, Belleville, who has instructions from Mr. Copley to rebuild the flower park in front of his depot, says he will make it a thing of beauty and a joy forever.

Two worthy brothers discharged recently on this division for overlapping on the nine-hour law. Look out for this, brothers.

Some of you good brothers west of Little Rock, drop Bro. Minch, of Roland, a few notes each month. It will certainly be appreciated by the writer.

Positions on bulletin: Madison third, Biddle second and third; Round Pond and Carlisle agencies.

Brothers, don't allow yourselves to become delinquent. It is as hard to line up a bunch of nons as it is to secure a schedule from the management. It will soon be time for our committee to meet the management for a revision of the schedule, and one of the main things to be taken up is the United States mail question, as most of us boys are making regular pack horses of ourselves now. This mail business should be handled by the postmaster the country over, as they are paid for handling it. Since the institution of the parcel post their salaries have almost been doubled, while our work has been doubled and our express commissions cut in two.

I am now located on the East, where I think a lot of good work can be done securing applications. If the nons don't line up, I will keep after them until they do.

E. Sharpe's application was secured by Bro. Epperson at Forrest City. I hope to see a clause in the next schedule that only a man with an up-to-date card can bid a job in. The card men pay for these concessions and the nons should not be allowed to benefit by them until they help to pay for getting them. GEORGE D. LEE, Cert. 185.

Missouri Division—

Bro. W. Manz, who was in St. Louis recently to witness the laying of the cornerstone of the Masonic Building there, with such impressive ceremonies, was a pleasant caller at O. R. T. headquarters, and made the acquaintance of the brothers who work there. MEMBER Div. 2.

Lake Shore & Michigan Southern Ry.,
Div. No. 129.

Eastern Division—

Wm. Ball, Girard Jct., on three months' leave, relieved by Bro. G. D. Miller.

Bro. Chadwick, Lake View, visited New York City on business recently.

D. A. Pratt, second Dock Jct., fell from his horse and sprained his leg, relieved a few days by T. H. Miles.

H. W. Williams is back again, after a two months' leave. We should see that he gets an up-to-date now.

Bro. Hazen, Wesleyville second, visited friends at Springfield recently, relieved by Bro. L. G. Graney, who also relieved Wm. Vrooman, relief agent, while on his honeymoon.

Mr. Bannister, Painesville tower, on a month's leave, relieved by Bro. F. J. Henry.

Bro. Ed Hass, third Amboy, is being relieved by F. J. Zeebe.

Bro. Fred Mechl, Canadaway, was off a few days to "fish."

Bro. J. F. Graney relieved Bro. Lawrence, Emerling, on third Lake View, who goes on extra.

E. H. Girard, in the dispatcher's office, Buffalo, three years, relieved Bro. O. W. Snyder on second Buffalo Creek, who takes the relief position, vice Bro. H. C. Hillgruber.

General Chairman Kipp is back to work, after three months on committee work.

Bro. E. J. Kane, Erie depot third, was off several days visiting his folks at Buffalo.

Bro. Lew Pickard, now on the Northern Pacific, formerly of Division 129, visited old friends on this division during his trip East.

Another increase in wages and working rules, due to the good work of our committee and membership at large. What excuse can the few nons
on this division hatch up now? We want a solid division, and the recent raise will pay dues for five years and then some—a pretty good investment on the money—besides the insurance in the mutual benefit department. If the nons fail to come to time now and get "up to dates," our motto, "No card, no favors," should be enforced to the letter.

The boys were all very highly pleased on hearing of the success of our committee at Chicago, which was rather unexpected the way business has been of late, and we extend our general chairman and committee a hearty vote of thanks for the good service they rendered us. 

Chicago, Burlington & Quincy R. R., Div. No. 130.

Chicago Division—

First Robey street tower bid in by Bro. V. L. Depattie, relieved on Kedzie avenue tower first on bid by Bro. Summers, from Robey street.

Second Kedzie avenue tower bid in by H. E. Ensworth.

Second Clyde tower bid in by R. D. Weil, from second Robey street tower. These changes are due to Bro. G. E. Gannon and Bro. Summers, Kedzie avenue, leaving the service. We regret very much to lose these brothers, who have been with us so long.

M. J. Peters.

Beardstown Division—

Bro. Beekman, Litchfield, has returned from a delightful visit to Yellowstone Park.

Bro. Wharton, agent Atwater, bid in Franklin days, a position he held a month ago, when it was abolished.

L. F. Savage, at Walshville agency several weeks, is now relieving the agent at Browning.

Dispatcher Best, Beardstown, was down the line recently, looking over the track and other changes. He is relieving the dispatchers who are taking their vacations.

E. T. Christopher, third Jacksonville, is making some extra money now playing ball, and ought to get a card.

J. H. Anew, second Jacksonville, is coming in soon.

Bro. Erhman has landed a couple of applications and more have promised.

Work is soon to commence on the bridge across the Ohio River at Metropolis, Ill.

Agent Hale, Waverly, who went West some time ago for his health, has returned.

Night men at Virden and Litchfield have been taken off.

The double track through Jacksonville is just about complete, which gives us double track from Concord to Virden.

We will soon be going up for a revision of our schedule, and we can get a ten-hour day for all agents if they will come in and make a strong line-up.

Remember, "No card, no favors." 

Aurora Division—

Bros. E. F. Todd, Sandwich; James Skelly, Bristol, and Fred Caster, Millbrook, Ill., attended the Masonic banquet at Plano, Ill., Friday evening, May 15th.

Bro E. G. Noack, Sandwich, and Bro. G. H. Graves, Mendota, were called to Aurora, Saturday, May 23d. They have been asked to withdraw their bids on first track West Eola tower in favor of Bro. Chambers. This is asked of them to make room at Montgomery for Tom Bree, the oldest telegrapher on the Aurora Division, one of the "hard-shell" nons. If they do lay down in his favor, it will be on account of his advanced age, as he is over seventy.

The new tower at Wataga is now solid O. R. T.—Bros. Watson, first; Hale, second, and Deane, third. Now line up the agent, brothers.

Bristol is again solid, Bro. Dowding receiving his card a short time ago.

Bro. W. Filkins was a Bristol visitor Monday, May 18th. He claims to be looking over some real estate, but some of the brothers are inclined to think he is headed this way by Cupid. Lucky girl. Geo. W. Carley, of Wyanet, visited Bristol, Sunday, May 17th.

Bro. Bob Brundage, agent Somonauk, is taking two weeks forced vacation on account of his daughter having smallpox.

Mr. Barger, Fifth avenue Lagrange days, on furlough, J. A. McIntee relieving him.

Bro. Beardsley, third Montgomery, is relieving Bro. People, second wire chief Aurora, relieved by Mr. Flewelling.

Bro. Brown, from Galesburg relay, bid in third "WC" Aurora, making Aurora relay offices almost solid.

Bro. A. M. Smith, second Big Rock, bid in third Sugar Grove, vice Lloyd Jones, now in the painter's trade.

Thos. Bree is relieving Bro. Chambers on first Montgomery, until bulletin closes on West Eola first.

Bro. LaCure, first tower 38, is having his troubles since the company started to fill in the old stone quarry between Aurora and South Aurora with work train, switch engines and ten telephone lines. When the gravel pits open up at Montgomery and Sugar Grove he will be busier than ever.

Bro. R. J. Olson, relief wire chief Aurora relay for two months, is now with the Ford Auto Co., Detroit, Mich.

Bulletin, has been withdrawn on West Eola tower second and third.

Galesburg Division—

Seems as though the warm weather has had a very demoralizing effect on the brothers, as no one has had the ambition to send in any notes.

The last meeting at Rock Island, May 23d, was attended by the few old faithfuls, not as large an attendance as we could wish. However, the O. R. T. is alive up that way.
Look out for Bro. Waddill; he always gets them. No chance to get away from him, and the nous might as well sign up first as last.

Mr. Pierce, who bid in Joslin agency, has canceled, and C. W. Herron, from Fiatl, will be next on list.

Don't forget that your card expired June 30th, and get a new one right away. June 30th we will drop those who are delinquent from December 31st. Brothers, if any are in your offices, talk to them and don't let them drop.

Next meeting will be in Galesburg; notice of date will be sent by card later. Please help us, boys, to have a good write-up of this division.

We understand that Bro. Dollison is improving. Bro. Clayton, at "YH," was recently referred to in error as "Mr." Bro. Clayton is an old member in good standing.

Pay up is the thing; don't forget it.

---

Brookfield Division

Bro. Gosney, third Shelbina, off a few days fishing, was relieved by Mr. Leary. Jake has no use for mosquitoes and frogs since the battle last fall at Ely, so he went before it was time for them to come out.

Bro. G. F. Daumee, second Pal. Jct., was off a few days looking for a house.

C. W. Shay is back again at Clarence, after a long vacation in the country.

Boys, send me some news for the write-up each month.

Bro. E. A. R. Teich has been busy lately issuing 3,000-mile coupon tickets at Chillicothe.

Rumley Company's splendid special trains, May 18th and 19th only made a few stops.

---

Hannibal Division

"The agent leaves every bit of his work for the night men." Investigate the noise and you will find the men making it could not make a daily balance in three weeks.

Bro. and Sister D. T. Gray, second and third Orchard Farm, on a week's vacation the last of May, visited Hannibal, Quincy and St Louis, relieved by Bro. Gregory and F. E. Neese.

Safety first and all the time. Let us on the Hannibal Division remember this and not give up a sure thing to experiment. We could not improve on our local chairman in a thousand years. Make it a point to keep Bro. Mays on the job.

Bro. M. P. Gough, while relieving Bro. Jarman as agent Machens, was called home to Salem, Iowa, on account of the serious illness of his mother.

Bro. P. A. King, third Machens, has resumed work, after a three weeks' vacation, visiting home folks at Silex, Mo., relieved by Bro. Jarman. Bro. G. E. Beck, second Machens, attended the automobile races at Indianapolis, Ind., the latter part of May.

Bro. Mitts, of South Troy, is relieving Agent Ferrée at Clarksville, on his annual vacation.

Bro. O. L. Jarman and wife visited over Sunday with friends and relatives in Ashburn, Ill.

Bro. G. L. Hubbard, of Orchard Farm, and Bro. Callie Mays, our genial local chairman, made the boys at Machens a very pleasant call one evening recently.

We saw Bro. Burton Lee on No. 13 a few days ago.

Work on interlocker at Machens is progressing rapidly, and we will soon have an up-to-date plant there. Old Monroe will be the next station in line for repairs in the interlocking line, and Dunsford in the near future.

I think some good brother on the north end would receive a vote of thanks from the members on the South Division if they would mail our local chairman each month, on or before the 20th, all the news they can get hold of. This division would then have a write-up second to none.

Boys, cut out the wisdom tonic, stay awake, do not delay, but assist in getting trains over the road. A black mark an inch in length will grow thirty feet if you ever get in serious trouble. The man with a clear record may make a serious mistake and get due consideration and the benefit of the doubt; with a bad record he will get a time check with the notation "We can't use you."

Bro. W. T. Mitts, of South Troy, while working as relief agent at Clarksville, was relieved by Bro. L. Triehey, and he at Firma days by Bro. J. M. Porter.

Bro. C. E. Smart, of Seeburger, and H. L. Fisher while visiting in St. Louis were relieved by Bro. B. A. Gregory.

W. L. Gilmore taking a five-day vacation, relieved by Bro. C. E. Epperson.

Bro. Roy Cluck, second Ashburn, while attending court at Louisiana was relieved by Bro. Miller, Stout.

Bro. R. A. Aines and Earl Kenning have returned to Hannibal relay, after fifteen days' sight-seeing in Galveston, Tex., and other cities in the Lone Star State.

Business is picking up again.

Bro. Cadigan, agent King City, on vacation, relieved by ex-Agent Ledgerwood.

The new passenger train between Albany Jct. and Davis City is doing quite a business and making more work for the boys at Albany.

It is now Bro. C. O. Whalen, Percival nights, making Percival solid.

Bro. Davis, Nodaway, on the sick list a few days, was relieved by Bro. Shandy, from Langdon (closed), who also relieved Bro. Hale, Phelps, on vacation.

Bro. Armstrong, Amazonia, has resigned to go west; position on bulletin.

Chief Dispatcher Brown on vacation, relieved by Night Chief Foy.

North-end Roadmaster Buban has changed headquarters from Craig to Council Bluffs.
Steve Cameron, lineman Hamburg, has been transferred to Aurora, Ill., and Ed Davis from lines west stationed at Hamburg.

Bro. F. W. Sprecklemeyer, Payne nights, off recently on account of the death of a brother at Oregon, Mo., was relieved by Bro. Camden, who also relieved Bro. Solleder, East Leavenworth, while attending court, and later relieved Agent Winslow, Northboro, on fifteen days' vacation.

Bro. Owen, at Skidmore, taking vacation, relieved by Bro. Hale, from Phelps.

It is now Bros. Burkhalter and Reidling at Harlem tower, also Bro. Whiting at Potosi.

We still have a few delinquents and a few nons, get after them, boys.

C. F. Rumerfield, second Council Bluffs, on vacation, relieved by Bro. F. L. Young.

Thanks to Bro. Arnold, Hamburg, and Bro. Cranor, Albany, for news this month.

L. J. MILLER, Local Cor.

Otumwa Division—

Bro. J. B. McKenna was relieved, while taking his wife away for treatment of her throat, by Bro. F. E. Hull.

Bro. J. M. Walden, third Happy Rock, was relieved several days by Bro. L. Palmer, and relieved Bro. H. B. McMillen, agent Maxon, for a short vacation.

Bro. C. W. Small, third Monmouth passenger depot, was relieved two weeks by ex-Bro. J. M. Kane.

I am pleased to announce that H. A. Shirer, agent Chariton, is a brother again. He was one of the first five hundred members of the Order in the United States.

Bro. E. S. Morey, agent Frederic, withdrew his bid on Norwalk agency, and later resigned. Bro. E. P. Brown, the next oldest applicant, was assigned Norwalk agency. We wish Bro. Morey success wherever he locates.

Bro. D. Smitherman, third Murray, is spending his vacation at home in St. Louis, relieved by R. S. McKee, a new man, who will be with us pay day.

Bro. A. H. Cannon, agent Melrose, was relieved two weeks by Bro. E. W. Putz, of third Woodburn.

Bro. W. C. Harrell, our old stand-by, is on three months' vacation, relieved at Cainsville by Bro. Bradshaw, Afton third.

We are sorry to learn that Bro. D. L. Gibbs, third Chariton, is compelled to take an extended vacation on account of poor health. We all wish him a quick recovery and return to duty. Extra men of the kind that can fill such a place as Chariton are very scarce.

Extra Heasley is back again, after forty days' tussle with the smallpox in the pest house at Burlington. Mr. Heasley has been with us nearly a year now, and we hope he will soon be able to get a card.

I did not receive any help from the brothers to speak of this time. About all I have is what I've tried loose myself.

Help me land some of the nons this month. The rates are low enough now to enable all of them to get a card.

T. R. CRANDALL, L. C.

Centerville Division—

Bro. Austin, agent Glenwood Jct., off a few days attending court.

Bro. Sibert, agent Carrollton, has been entertaining a case of mumps, but is now able to resume his duties.

Bro. Smith, agent Gravity, was called to his home at Cantril on account of the death of his grandfather; relieved by Extra Smith.

Nos. 14 and 15, between Osceola and Shenandoah, discontinued—not paying.

The reduction in help has certainly struck the Centerville Division. Helpers have been taken off at most of the heavy stations. Bro. Potter, taken off at "DX," is now third trick dispatcher. Mr. Miller taking his vacation. Second Humeston closed; Bro. Cooey looking for work.

Dispatchers are now handling all messages and trains, which keeps them on the jump.

Bro. Phillips, at Ellston, has been on the sick list.

Bro. Mason on vacation. This is a good time to get leave of absence, as there are plenty of men. Not a position bulletined this month on this division, all the boys holding tight.

Don't fail to land the non next to you.

Wanted, an assistant on the K. C. Brothers, don't all speak at once.

Mr. Murray, at Mt. Sterling, off a few days, relieved by Mr. Thompson, of Sumner.

Bro. Tuttle, of Milton, is taking an examination for a government position.

Brothers, don't wait before paying your dues until after you have received four or five letters from the secretary that you are delinquent. You all know that this amount is well spent and could not be invested anywhere that the returns are as good. Get your new card early and be up to date.

It will not be long until everyone will have plenty to do; annual reports will soon be due, when we may be able to get some help at stations where it is needed.

G. E. SMITH, Cor.

Bro. A. A. Canfield, agent Inland, was a recent Sunday Lincoln visitor.

Bro. E. E. Holmes was relieved a few days at Friend by Helper Clegg.

Bro. R. B. Sievers, first Sutton, is some farmer and chicken raiser. If he sends out any invitations to Sunday chicken dinners, he should put his name on the menu.

It's now Bro. E. P. Flickinger, York tower nights, landed by Bro. C. R. Baker, the busy O. R. T. boy on the High line at York.

C. E. Rogers, agent Berks, resumed, after long vacation. Helper Anderson, his relief, back to Saronville.

On April 2d the house occupied by Bro. Beatty, at Harvard tower nights, was badly wrecked by fire, and he lost all his household goods, being slightly burned while saving his children. Bro. Beatty is in hard circumstances. If you did not contribute on the circulated letter and feel that you can now, it's not too late.

Bro. R. R. Hargitt, first Utica, relieved by Helper Anderson, from Saronville, on account of the death of his mother. We extend our sympathy to the bereaved.

Bro. I. C. York, having lately lost his father, has changed his plans for the future, and is now going on his father's fruit farm in Colorado instead of going North.

Bro. F. D. Chadwick, agent Juniata, was off a couple of weeks visiting in Missouri, relieved by Bro. B. W. Lannon, getting lined up on extra agents' work. Bro. Andy Kline relieved Lannon on third Fairmont.

Bro. R. V. Starks, agent Fairmont, has been very ill and wanted to lay off, but could get no relief.

Bro. A. A. Canfield, agent Inland, was a Harvard visitor between trains.

Bro. J. M. Combs, Trumbull, is harvesting a nice bunch of Rhode Island red chicks. Bro. Miller must have an interest in the bunch—watching to get a fry.

Bro. C. H. Pletch, Saronville, was a Hastings visitor, and Bro. W. S. Harris, first Cobb, a Lincoln visitor this month.

Second "GS" Hastings now pending bulletin.

Bro. B. H. Bladerson, second Kenesaw, on vacation, relieved by "ND," from "NI" Lincoln.

Mr. Hershner, second "KY" Lincoln, relieved by C. M. Halstead, of first, several days, and he by Bro. Brake.

Bro. C. M. Halstead, first "KY" Lincoln, off sick, relieved by Temple, from "DS."

Walt Lamb, second dispatcher main line, while going over the road was relieved by Extra Dispatcher Temple.

Bro. W. A. Kunzelsman, third Utica, is now on the Rock Island.

Bro. G. O. Vant bid in third "GS" Hastings. This will help the attendance at the Hastings State League games, as "VA" is some fan.

Bro. E. E. Holmes, Friend, relieved a few days by helper while with folks at Saronville.

Bro. Wade, St. Paul, has promises of R. R. Burne, agent Archer.

F. R. Underwood, agent Norman, has invested in a new car, but hasn't got a card yet.

"WA," Cor.

Omaha Division—

Bro. Howeriter relieved Burkett at Page, who bid in Waterbury.

Bro. Saddler bid in first South Omaha.

Bro. Hess back to O'Neill.

Bro. Downey made a trip to Sioux City recently.

Bro. Holt is going to Illinois with Mrs. Holt to consult a doctor.

Bro. Lacey made a trip to Plainview on a "spit car."

Bro. Lussier has purchased a "Hen'ry," and will raise ducks, geese and chickens.

Bro. Enlow, of Louisville, has resigned.

Div. Cor.

Omaha Division, West—

Bro. and Mrs. Holt went to Illinois for a four weeks' stay. On return, Bro. Holt went to Fairmont extra.

Bro. Lyle, of Cedar Creek, off short time, relieved by Jerry Frey.

Bro. Horning, of Havelock, was away a few days, relieved by McKnight, a new man.

Meyers, of Bellevue, off recently on account of sickness in family, relieved by Murphy.

Ward, of Gibson, was off some time on account of the sickness of his wife.

Bro. Fender has erected a ninety-foot aerial at his residence for his wireless outfit. He has one of the best in the State.

Craig at "SY" pending bulletin, vice Satterly.

Bro. Bulter, third "WC," went to Ottumwa.
Bro. Howeriter still at Page, cussing because they won't fix the living rooms.
Bro. Lussier, at Randolph, has purchased a residence and moved out of the depot.
Bro. Coffield, of Orchard, has bought a residence and moved in. (Please note—the boys who buy the property are the ones who carry the card.)
If you want any (chicken) information, call up Bros. Marsh, Lussier or Downey.
The station on the Chalco-Yutan cut off will go under the name of "Allis," in honor of an early-day missionary.
I heard a non say the other day: "I wish they would hurry up and get that new schedule; I need the money." This fellow surely ought to be satisfied with the present salary and conditions from his line of talk when one tries to get him to join.
We note the nons watch the Sunday hours very closely.

Sheridan Division —
Bro. Songer, who relieved Mr. Cordua, agent Felix, later relieved Mr. Westwood, agent Lodge Grass.
Bro. Young, agent Wyola, is back, after an extended trip East, during which he was operated on at Mayo Bros. hospital, at Rochester, Minn. We are glad he is able to resume work. Sister Young, who took a vacation at the same time, is still visiting with relatives in California.
Bro. Lowe, nights Corinth, resigned and entered the government signal service in the navy. We were all sorry to see Bro. Lowe leave, and wish him success. Bro. McCully, who lost out in the relay service, bid in Corinth nights.
Bro. Thomas, second New Castle, on sixty days' leave, visiting near Salt Lake City, relieved by Bro. Gallagher, of Crow agency, and he by Sister Gallagher.
Bro. Heywood, who resigned second Clearmont, relieved by Mr. Cook, went to Peru, Neb., and was married. Congratulations.
Mr. Meadows assigned Clearmont second.
Lysite, Armitio and Lucerne opened temporarily to handle the wool business.
Bro. Dilts, who fell before the reduction knife at Sterling relay, was relieved Mr. Connors, Gillette third, on vacation, later relieving at Moorcroft.
Bro. Snow relieved at Tolucu several days by Mr. Brown, who also relieved Bro. Ross while relieving Bro. McCarthy, on sick list. Hardin is now solid for the first time, and we hope will remain so.
Operators are very scarce on this division, and it is almost impossible to get relief when wanted.
Bro. Carder will be here about the 20th, and, accompanied by myself, make a trip over entire division. Hope to see all members and get acquainted with them personally; also see that the non-members fill out a set of papers. We want to try to hold a meeting on the division some place most convenient to the members, if it can possibly be arranged.
It is now time for payment of dues for the next period, and hope all will pay promptly. See if you can't get every neighbor to do the same, and save a lot of extra work for our secretary-treasurer. It costs no more at one time than at another.
J. F. WHAM, L. C.

Wyomie Division —
The four members who have not paid dues for this term, although requested to do so numerous times by a number of the brothers, should remember that they will soon be on a social level with the nons, whom we can not meet on the same ground of fellowship we do our members. Let's give them to understand, "No card, no favors," and then stick to our slogan.
Mr. Glenn, nights Fortescue, was unable to spare the money to join the Order, but found nothing in the way of taking a thirty days' leave, relieved by Bro. Hargis.
Bro. Allsman is back at Falls City, after a long vacation, relieved by Mr. Van Dusen, and later by Bro. McIntyre, who also relieved Mr. Breece, second there, another non too near the verge of bankruptcy to purchase an up-to-date card, but has no trouble to dig up the "long green" for a vacation.
All the boys on the Wyomie Division will be pleased to learn that Conductor Dan O'Shea is back on his run between Lincoln and St. Joseph, after being off since last winter on account of sickness.
W. B. Ockerman, nights Firth, who is always "going to join some day," but who never does on account of "hard times," was recently on vacation, relieved by Mr. Hillman, of the Relay Division.
Bro. Hargis bid in third Nebraska City.
Bro. Ed Cox, agent Bennett, met with a serious and exceedingly painful accident the last of April. He made a trip to the depot after hours to deliver a shipment of freight to a farmer. After they had loaded the box in the buggy, Bro. Cox got in to ride home, and the team shied at an object in the road, overturning the buggy and throwing the occupants out. The box struck Bro. Cox on the ankle, badly crushing it, making it necessary for him to be taken to a hospital at Lincoln for treatment. While he is improving slowly, it now looks as if he would be laid up for two or three months yet; relieved by Bro. McIntyre.

Now, brothers, let us all get busy on the nons, and remember, "No card, no favors."

McCook Division—
Bro. Peterson, Riverton; Bro. Salade and Bro. Lance, "MO" relay, were Benkelman visitors recently.

Bro. Byrd, second Yuma, called to Edison recently, on account of sickness of his mother, was relieved by Mr. Dillman, a new man.

Bro. Curran, third Haigler, relieving in McCook recently, relieved by Bro. Vennera.

Bro. Dowlin, a Brush visitor recently, is now on the Sterling Division.

We are sorry to lose our good Bro. Van Camp, of Red Cloud, quitting the railroad business. We wish him success.

Bro. Cole came along with Bro. Westmoreland from Haigler to Benkelman recently to see Bro. Westmoreland finish the A. F. & A. M. goat ride in the Blue Lodge.

Mr. Kutler relieved a few days by Bro. Buck, and he by Mr. Dillman. We are in hopes Bro. Buck can get Kutler and Dillman's applications soon.

Bro. Green, agent Ludell, has been quite sick, relieved by Mr. Jones, who also relieved Bro. Joyce, on vacation.

Mr. Darnell, agent Cowles, off a few days, relieved by Bro. Peterson.

Bro. Mallory, extra, now has his new card.

Bro. Primer relieved Mr. Harding, Long Island, recently.

Bro. L. M. Pexton is extra agent at Franklin.

It is now time for the new cards. Don't forget that it takes my time and lots of postage to write so many letters in regard to delinquents. In the term just closed we have fewer delinquents than at any time since I have been on this division, and I hope we will not have one to drop. If you know a brother in bad health who is back in his dues, let me know, so I can take the matter up with him, and, if necessary, help him.

We hope to soon have a date with the management. We have been put off several times on account of lack of information in regard to the decrease suffered by us in the express proposition. Bro. Carder will probably have this soon, so we can see where we stand.

We have had two good meetings since last report, and the boys mused a good thing that didn't get out. One at McCook was very enthusiastic, with a good attendance, Bros. Carder and Rogers both being present. Bro. Carder lined up the proposed schedule, and told us of the work in regard to the handling of the grievances, and Bro. Rogers gave us one of his good talks under "the good of the Order" that was very instructive and interesting to all. Of course, I had to have my say, which in most cases is not very voluminous, as all I have is usually a report of the work done by me since last meeting for the good of the Order.

The meeting we had at Denver was not so well attended, but was just as full of enthusiasm as the one at McCook, Bro. Carder being with us. The intention was to have a joint meeting with the D. O. R. T. Club, as I had that invitation from Bro. D. O. Shouts, but, from some unknown cause, there was not a member of the club shown up. While we were very much disappointed, we were paid for the night's loss of sleep to get a few things straightened out that were not understood by some of the boys. One thing was in regard to an operator holding a regular job on the road and working extra in relay office. This is strictly in accordance with the schedule. I think it would work out better for all concerned to let the road man hold his regular road job until the year was up, at which time he would either have a relay job regular or know that it would be extra work only. The present practice is to bulletin a road job and then if the brother is set back he has no regular job to go to, while if it was put off the year, all would know better whether it was a permanent move. The new schedule may cover this differently. I am in hopes some change will be made, as it is very unsatisfactory to a lot of the boys on this division as it has worked out in the past six months.

Remember to pay up promptly helps all.

C. R. Hunt, L. C., Erie, Colo.

Atlantic Coast Line R. R., Div. No. 132.

Columbia District—

Brothers and Friends—I have been appointed local chairman to fill the unexpired term of Bro. Murray, resigned, and I want each member to help me get in the nons on the district. I have written all of them, and received two applications, six others have promised, but some have not replied to my letters. A little personal work on your part would be very beneficial. Get after every non you know of and drop me a note stating his name and address. I expect to see each non on the district personally shortly, and if you members will do the necessary, I can get their application when called upon, personally, if not by letter.

A circular letter from our superintendent in reference to the hours-of-service act, urges that each man be very careful not to violate it. In a case of this nature before the United States court on this district, the company lost after a very hard fight. It seems to be the policy of the Interstate Commerce Commission to enter suits against the persons in charge of train operation now, instead of against the railroad. Therefore be sure you are not violating this act, but work strictly according to our contract.

Hoping that each member on this district will co-operate with me and help me get in the nons, I beg to remain,

Fraternally yours,

C. Bolick.

Columbia District Notes—

Bro. Chas. Bolick, Florence, has been appointed local chairman by Bro. B. F. Wheeler, to fill out the unexpired term of Bro. F. T. Murray, resigned.

Bro. L. B. Timmons assigned to first Bennettsville, vice Mr. Edwards.

On bulletin: Second Bennettsville, Robbins agency, and second and third at Orangeburg, and Barnwell. New positions at two latter points
created on account of new trains put on between
Sumter and Augusta, making a through connection
from Wilmington, N. C., to Atlanta, Ga.
Bro. W. H. Hall, relief agent, is at Robbins,
S. C., pending assignment, vice W. M. Mobeley.
Bro. C. S. Smith, of Holly Hill, bid in Harley-
ville, S. C., opened as day agent-telegraph office,
relieved by Bro. H. W. Pearce, from Ferguson,
S. C., agency; Bro. W. S. Clarke, extra relief
agent, bidding in the latter.
Figuring on banquet at Florence sometime next
month. Each member will receive particulars later.
Hope to have a big crowd. Members from Fayette-
ville, Wilmington and Charleston Districts cordially
invited to be present.
Bro. G. A. McKinney, Sumter, S. C., has been
appointed assistant local chairman, and Bro. S. A.
Dantzler, agent Orangeburg, will look out for the
south end of the M. & A. We are expecting great
things now that we are lining up in a business-
like manner.
Bro. O. L. Johnson, Jr., Florence, has been
appointed correspondent for this district. If you
have any news send it to him by the 20th.
Help to get in the nones and make our district
solid. Some of them have been written to by the
local chairman a number of times, who have not
replied to his letters. Get them to fill out the
applications sent them and send them in with the
proper amount enclosed. It will cost more later
on. Also help get in the few delinquents on the
district. It is much better to remit dues at the
proper time than to put it off and be in a position
if you get in trouble that your case can not be
investigated.
Notify the local chairman or correspondent of
all the new men coming to our district and when
you get off advise who is relieving you, in order
that we may get all happenings on this district.
We need the hearty co-operation of all the men on
the district to run it in a business-like manner,
have a write-up each month and keep the men
interested in what is going on. Help our new
local chairman to have a solid and up to date
district.

Bro. Joudon, second "FR" Columbia, was off a
few days recently on account of his mother's ill-
ness, whom we are glad to know is much improved.

Richmond District—

Boys, we only have eight hours to work. Let's
give the very best service we can. Our dispatchers
are considerate in all cases. Let's show by our
work that men with up-to-date cards are better
than non's.

on, Fayetteville and Wilmington Districts; keep
the ball rolling.
Superintendent Phenneger was on a fishing trip
to Weldon recently.
Bro. Roebuck, third Stony Creek, off a few

account of scarcity of men.

on first there, vice Bro. Hopkins, on his bridal
tour, and third Chester closed again owing to

lieved a few days by Extra Clarke, who later

on the sick list.

was relieved by C. W. Orange, who later relieved
We wish to extend our deepest sympathy to

occurred at Danville, Va.
Third Trick Dispatcher Coleman relieved ten
days by Bro. Scott, first "K," and he by Bro.

mittee at Jacksonville, Fla., relieved by Acting

at Suffolk.

Waycross District—

Members Waycross District: As a personal
favor to me, make every effort to send in your
dues to Bro. Williams promptly on July pay day,
and greatly help me and Bro. Williams, besides saving a large amount of postage for the division. The less money we spend, the more we have to secure new schedules. If you will all remit promptly, it will give me more time to line up the nons and properly handle grievances.

Since July, 1913, there have been no less than fifty-five separate grievances handled from this district alone, with seventy-five or eighty jobs vacated and bulletined, and numerous other things of a general nature. My office files are open to the inspection of any up-to-date brother on this district, and I hope you will all co-operate with me in getting it up to date. If you do nothing more than send in your dues on July pay day, it will be greatly appreciated.

When a man comes to your station, find out if he carries a card; if so, get his certificate and division number. If he is a non, ask him to join, and keep asking him until he does; also write me a note or call me on the wire and tell me his name and initials, whether a non or member, so I can put him on my list and get after him also. Work with me and the nons will soon disappear.

Remember, "No card, no favors," and live up to it hard. Show the nons that they are in a separate class—on the outside looking in.

If you see something going on that you think is a violation of the contract, write me about it, so that it can be remedied.

When you get through with your Telegrapher, send it to some non, and mark certain parts of it so that he may be enlightened.

Now, brothers, please remember to send in your dues right away. Let's get solid and stay that way.

A. L. Pixley, L. C.

Waycross District Notes—

Recent additions: Bro. E. Jackson, Fairfax, Ga., and Bro. C. W. Hughes, Hardaway.

Bro. B. V. Hay, third Sylvester, has resigned and we lose a good member; relieved by C. E. Putnam pending bulletin.

It is now Bros. W. W. Braddock, Quitman; R. D. Reid, Homerville; W. C. Anderson, Atkinson; D. B. McQuaig, Valdosta; and P. D. Cox and A. H. Strickland, High Springs. Only two delinquents on the district.

R. A. Beard, agent-operator Hardaway pending bulletin, and J. C. Shirley on second Boston, both ex-members. Both advise they will join soon. Help line them up. Expect it will soon be Bro. A. L. Hughes, tax receiver.

Bro. G. H. Baggett, of Hildreth, is visiting relatives in Alabama.

Bro. L. J. Murray, of Fairfax, is out of service pending investigation of some slight trouble with our "old friend," the Western Union.

Bro. Pixley, on a trip over the district just prior to his trip to Jacksonville on business of the Order, secured six applications and dues from five delinquents. His success was made possible by the united work of Assistant Chairmen Moore, Sasser and Hughes, and Bros. Braswell and Crittenden. If all the brothers would work like these did, we would be solid in thirty days and stay that way.

F. A. Crittenden, Cor.

Charleston District—

This is to inform the brothers and nons of the Charleston District that I have been assigned to the duties of division correspondent. It is with considerable reluctance that I undertake the duty, on account of the out-of-the-way place at which I am located, and I hope that all will see that the success of the undertaking is going to depend very largely on the notes I receive from those who are in better position to observe the changes that happen.

You will note that I extend the invitation to nons as well as members. I think where the nons contribute to the write-ups they will be more interested in the contents of the journal, thereby getting side lights on the work of the membership and what the members rightly expect of them, and it is very probable that once they view the case in the right light that Bro. Bolick will be worked overtime mailing application blanks.

The Isle de Palms has been put in excellent shape for the summer, and it is expected that the attendance will exceed all past seasons. Charleston also seems to be growing in favor with the tourists.

We expect our committee will be able to land a nice new contract, with "car fare" attached, but there is work for all hands. Don't allow a string of nons to impede our progress when, with a little work, we can turn what is now a liability into an asset; so get after the nons, and also show the officials that the letters "O. R. T." not only stand for our Order, but that they also stand for the "Only Reliable Telegraphers."

From present indications, wedding bells will soon chime for Bro. Woods. He just can't stay away from Savannah.

"Ye scribe" attended quite a swell wedding recently. The ceremony was performed at St. Stephens, the party returning to the City by the Sea on No. 53, where a reception was held.

Most of the boomers are "hitting it" back for the white way and other northern points now, and I don't think the performance of some of them has made them any too strong with our chief.

We are glad to welcome to the ranks Bro. J. E. Hutto, of "HN" office, who was one time local chairman of Charleston Division of old 59.

Ridgeland second and third opened temporarily, A. H. Ingram and Bro. O. F. Klintworth assigned. Bro. Klintworth will secure Mr. Ingram's papers.

Bos. Gregg and McCrae assigned Effingham second and third.

W. W. Holiday, Kingstree, is now a brother.

W. H. Wyse presumably will forward his papers as soon as the "ghost walks."
Bro. W. F. Stanley was recently called to Savannah on account of death in his family. We all feel the deepest sympathy for the brother and the family.

Bro. D. J. Kirton, third Lake City, off sick, relieved by P. H. Chester. We hope for his speedy recovery.

Bro. Bolick was the only one to respond to my call for notes, for which I thank him.

L. A. GARDNER, Div. Cor.

Montgomery District—

I have just made a trip and seen every one on this entire district, although that was not my mission. You brothers in offices with the nons, also those who have them for neighbors, should go after them and earn one of the prizes—the year is not half gone and you can secure a prize that you would always be proud of, besides having the honor of securing the application of a non that even I and possibly others have failed on.

The watermelon movement is now on, and there will be lots of extra trains run to handle the business. We should all give good service now and leave no room for complaint.

Bro. H. W. Lawson returned to Cairo agency after being off near five months’ sick, and we are all glad to see him back to work. He was relieved by Relief Agent Bro. J. C. Thames.

Bro. W. F. Thames, Climax, was relieved on a fishing trip by A. E. Mathis, who also relieved Bro. L. P. Bailey several weeks at Pickard.

Bro. R. L. Williams, third Cairo, was off a few days, relieved by Bro. G. L. Cherry, who also relieved Bro. G. W. Smith, Ansley, for two weeks’ vacation, and Bro. W. M. Johnson, at Sprague, several days.

Bro. S. M. Adams, Waterford, was relieved a few days by Mr. Dupree.

Bro. E. R. Lewis is in Dothan dispatcher’s office while the dispatchers are taking their annual vacations.

Savannah District—

The boys were pleased to receive the letter of commendation from the officials for their part in the successful handling of the heaviest passenger traffic on record on this district brought about through the holding of the Confederate reunion in Jacksonville, May 6th, 7th and 8th. It is estimated that there were 192,000 passengers handled through the union station during the three days, not including the eight thousand handled by the steamship companies. A number of the boys accepted the opportunity of viewing the big city and crowds. Bros. Smith, Folkson and Myrick, of Callahan, took a trolley ride, and didn’t get lost either.

The writer has just learned of the death of Bro. Calhoun’s father and brother which occurred within a week’s time, and in behalf of the membership of this division we extend our heartfelt sympathy to the bereaved ones.

Bro. Davis Jesup says he can not see where it would pay him to attend the Waycross banquet, as he is not well and has been reducing his diet of late.

As soon as it was learned that Dispatcher Clark had prepared a speech to be delivered (in person) at the banquet, the C. D. was almost swamped with requests for relief to attend.

There remains on the district just a few who are not members: names furnished upon application to the local chairman. Let us see if we can not separate them from the “Moocher’s” club.

Bro. A. R. Jones, extra, after working at Moncrief and Newyard Jax, is now at Burroughs.

Agency Offerman, first Offerman, and second and third Southover yard, on bulletin. Bro. Ford is at Offerman.

Bro. L. Ellis, formerly of Division 97, has been assigned first Burroughs.

Bros. Mullinax and Herrin in Waycross hospital account malaria. Trust they will soon be up and around.

Bro. Stauter spent several days visiting the “old homestead,” relieved by Bro. Jones.

Bro. Barefoot, extra dispatcher, is visiting relatives in Florida.

We were pleased to learn that the officials have been extended an invitation to our banquet, and trust that they will avail themselves of the opportunity. It was desired that our worthy president be with us on this occasion, but understand it will be impossible for him to attend, which we regret exceedingly.

Let’s hit the ball and get them all
By showing the non the way,
And our conditions then will change,
As will the rate of pay.

Tim O’Shea.

Lakeland District—

Brothers, send in your dues to Bro. Williams, it is only $5.50—about one month’s increase you received when our committee went up last time.

Bro. W. D. Harnage bid in first, and Bro. J. M. Widemer second Dunnellon. A. J. Barnwell bid in first “CD” Lakeland, made vacant by Bro. G. I. Bailey, Jr., being set up to third trick dispatcher. Mr. Barnwell was relieved on second “CD” by Bro. G. P. Webb, an old-timer there, who has been off about eight months restig his arm up. We are glad to see him back and trust he will land something good.

Bro. J. W. Dickson, from the Second Division, has accepted the relief agent’s position.

Brothers, if you know of a non don’t let him rest until he comes in.

Div. Coa.
Gainesville District—

I am somewhat off the main line, and do not know much of that is going on in the way of changes. No one ever sends me any news from the Florida Southern or the J. & S. W., and I have had my hands full the past winter, keeping my office work up. Now that the rush is over I want to have a write-up of this district every month, and wish all the brothers would send me any news they can. I will call on Bro. F. L. Wise to get all the news he can from the J. & S. W., and mail to me, and Bro. J. M. Blow on the south end to do likewise.

Boys, pay your dues promptly and keep in good standing, and get right after the nons.

H. F. Guy has been sent to Clearwater temporary.

Mr. McGuffy, from Ocala, is relieving Mr. Jones at Tarpon Springs while off getting married.

Mr. Raymond has saved up enough O. R. T. money at St. Petersburg to take a vacation, relieved by Bro. Hobdy.

Bro. C. P. Moore is still on the sick list.

M. H. MARTIN, Local Chairman.

"Big Four" Ry., Div. No. 3.
Cincinnati & Sandusky Division—

It is certainly encouraging to see the new members coming in; keep after them, brothers, and we will soon be solid. Don't get discouraged and drop out. The unfair treatment some are getting should awaken them to the fact that organization is the only thing.

Broa. C. A. Stewart, J. Weber and F. B. Raff were appointed as assistants for Bro. L. W. Shearing, local chairman.

At the last meeting held in Springfield it was decided to create a flower fund by assessing the brothers of this division ten cents a month. The meeting at Cleveland this month was well attended. The next one will be held at Galion about the middle of June, and should be a "hummer," as the brothers are waking up to the fact that the Big Four is right there with the rest of them when it comes to working conditions and pay. I want to see every member who can possibly get away come to this meeting, as there will be some things brought before the brothers which needs your attention.

The nons are fast disappearing on this division. Every member do his best now until we get them all.

C. M. 1123.

CARD OF THANKS.

No notes received from either Portland or the Eastern Division for this month. If you want to see your division represented, get your notes in promptly.

W. S. McGonigle, System Cor.

On account of high water and the losing of fifty bents of the bridge over the Canadian River, our through trains were detoured via Dalhart and Tucumcari, over the Rock Island, for six days, the dispatchers at Trinidad handling our trains as far south as Canadian River. All detoured trains carried double crews to facilitate getting over the long runs.

Business is picking up on all districts on account of stock movement, and abundant rains, and prospects are favorable for a good fall movement.

Bro. E. R. Tatum, first Clarendon, has returned from a trip South to Texas points.

Bro. O. E. Phelps, first "X" Childress, has been elected chairman of the Third and Fourth Districts, vice G. H. Wheeler, resigned to go with the First State Bank at Channing. Bro. Phelps needs no introduction to the boys on the line, as he has served this company many years, and will treat the boys right.

Bro. J. M. Erwin, second Clarendon, expects to harvest a big crop of cantaloupes this season, and any brother wanting from one to five carloads of this luscious vegetable should place his order early.
Bro. Sides, third Channing, is like a chip in mid-ocean, being the only brother left at that point. What's the matter with those "past" brothers up there?

Bro. H. L. O'Bryant, is now on second Chillicothe, and says it's a fine place.

Bro. Dave Kersey, second Amarillo, is a very busy man looking after the stock trains and keeping crews lined up.

Bro. Henderson, assistant trainmaster and agent Texline, deserves much credit for the manner in which he handled trains and the re-building of the line from Texline to Dalhart during the recent washouts, being up night and day until it was open again.

Bro. Huffmaster, Carey, reports hail falling in that section recently as large as ostrich eggs.

Jargo Harrison, night yardmaster Childress, wearied of bachelor's life and was recently married. All extend congratulations.

Paul Jamison, formerly manager "DW" Fort Worth, died at his home in that city, May 5th. "JX" is well remembered by all the old-timers on the road for his clear-cut Morse, emanating from a never-faltering arm. His death is deeply regretted by all who knew him.

Bro. E. M. Gilley, manager "DW" Fort Worth, will soon leave on a tour embracing South Africa and other foreign countries. Before crossing the water he will visit his old home in Minnesota and also take in the great "white way" of Gotham. He expects to be gone several months. All join in wishing him a bon voyage and hope he will bring back some rare specimens of the jungles.

During the six days the Canadian River bridge was out at Tascosa the officials made temporary headquarters there, and a third man was put on, Bro. Sansing doing the stunt.

During the stock rush of the past two weeks we failed to see the smiling countenance of Dispatcher Clark and his motocycle, and the little ones can now cross the streets in perfect safety.

Red Cross car, in charge of Dr. Lipscomb, remained in Childress five days last week, giving demonstration meetings to all employees, and a large crowd attended daily.

Vice Dispatcher Joe Huggins, in the coal and feed trade in Childress, is doing a "land office" business. Joe says they could not drag him back to the key with "Death's Valley" 20-mule team.

Dispatcher Clugh made a flying trip to Dallas recently, on business, and, notwithstanding the extreme warm weather, he returned empty handed, leaving the "cold ones" from whence he came.

Bro. P. D. Everett, second Tascosa, was promoted to Goodlett agency.

Bro. Robinson, first FR Ft. Worth, relieved Operator Goldsmith a few days in the general office, and showed his colors well.

Bro. Gilley, DW Ft. Worth, received much praise for the way he handled the "high-water news," and, while his services were very efficient, the boys in "X" Childress, who did most of the relaying and did not have time to brush a fly off their noses until relieved, didn't even get a pleasant look. "Some funny things happen in this big world."

Bro. J. C. Yancey, from the T. & B. V., is on second Quanah.

Our bustling Secretary-Treasurer Weaver attended the O. R. T. Club meeting in Ft. Worth.

Bro. B. B. Abbington is again at "CD" Childress as cashier, and Bro. Campbell, who relieved him, is back at the key at "CD."

Birmingham Division—

Bro. Williams has returned from a visit to his father, who was injured a few weeks ago.

Bro. Painter, second Bellwood yards, is in Manchester message office while Bro. Rock is relieving the dispatchers, going over the road to see what kind of hills the hogheads and cons have to get over.

Brothers, it is time to renew your cards. Don't forget it, but get that up to date as soon as the time comes around, and also remember that your dues will be two dollars more this term than it was last year. Get after those nones next to you and don't give them any rest until you get their applications. Let's all pull together and try and make our division solid.

Cart. 960.

Pennsylvania Division—

We have promises from every non on the division to join, and they have all been supplied with blanks. Keep after the three or four left outside of the extra men, who will come in as soon as they work long enough to spare the money. Any of you boys who work next to a non tell him no more excuses will be tolerated; if he don't want to join we want to know it and then we will know just how to use him. They are all getting anywhere from $20 to $30 a month more than if the O. R. T. was not on this road, also protection, and that is worth the price of their jobs. An up-to-date card shows anyone who questions you that you have a right to protection.

According to our last schedule a local chairman can do nothing for a man without a card if he is unjustly discharged. Read the rules over carefully and you can see very quickly why a man should belong with us. We hope we may never be called on to use the rights this schedule gives us, but we may be called on to assert them at any time.

Div. Cox.

Our present and first schedule has been in effect a little more than one year, and we should congratulate our committee on the increased salary and better working conditions now existing which are as good as the first agreement of any other road. A few minor changes probably will be added or amended in the new schedule which will be made as soon as our committee can get before the management. At present Mr. Berlingett is ill and three other committees are ahead of ours. Previous to this our committee has had sufficient grounds for not going before the management. Let the brothers not worry about our committee, as they have the facts in the case from those who know. They will be prepared to secure good results at the proper time.

Bro. Wooten, First and Second Divisions, has resigned as local chairman, and Bro. C. W. Compher, second Roanoke, elected to the vacant chair, and we feel that the lot fell to the right party, and knowing him for a number of years know that he will do his whole duty, and having the fellowship of Bro. Hix, general chairman; Bro. Davis, local chairman of Third and Fourth Divisions, and Bro. Goodwin, secretary and treasurer, there is no fear but what both the men and the company will be treated on an even basis, as the organization is not a compact to protect employes in the wrong.

Brothers, we must not impose on our local chairmen, with supposed grievances, as we must remember that they have their duties to perform toward their employer as well as ourselves. If we unwittingly violate the rules our committee will no doubt intercede for us in a proper manner, but not as a grievance.

Bro. Daniels, agent at Tams, W. Va., was called away for several days on account of his wife's brother being killed in the mine explosion at Eccles, W. Va., on April 28th. Bro. Daniels and wife have our deepest sympathy.

Bro. H. H. Williams bid in first at Pax. We are glad to welcome Bro. Williams into our midst and glad to know that his health has greatly improved. Bro. G. W. Stevens, first Pax, resigned to accept an agency with the T. & O. C. We regret very much to lose Bro. Stevens; he has been one of the faithfuls for many years, and we wish him success.

Bro. Gross, agent Mullens, has returned from his fifteen days' vacation and moved into his newly purchased home there. We hope he will help to keep the boys lined up at that place, with the assistance of Bro. West.

Bro. C. H. Bowling, off for some time with a severe attack of pneumonia, we are glad to learn is now improving rapidly.

Bro. Hanson, agent Eccles, on fifteen days' vacation, was relieved by Relief Agent Wilcoxon. During the great mine disaster there the Western Union sent three men from Charleston. Among those called by the Virginian were: Bros. J. W. Wood; H. L. Booker, second Clarks Gap; C. L. Farmer, third Pax; Third Trick Dispatcher Miller; Mr. Souterland, agent; Yardmaster Page, Mr. Collinworth, and Mr. Oliver, first and second chief staff men from Elmore, including the regular operators, Bros. C. E. Gross and G. L. Shinn.

We are glad to welcome Bros. J. W. Wood and D. C. Crizer, first Pemberton, in the Order. Keep the local chairman informed of men without up-to-dates. We want to secure all nons who come within our reach, and make this road 100 per cent strong. Please help the other members by doing your mite.

J. E. Oliver, Elmore, on fifteen days' vacation, relieved by Sister Mrs. C. W. Riddick.

Bro. A. J. Vaughan is now on second Mullens, and Bro. Robinson bid in third there.

Bro. Long, first at Taft, off fifteen days visiting home folks, relieved by Bro. Howerton.

The new station at Merrimac has been completed. We hope Agent Campbell will now get an up-to-date.

Bro. B. D. Carper, agent Pemberton, will soon be in the new station there. The C. & O. loss was much gain to the Virginian in securing Bro. Carper. Bro. Strong, agent Woodsay, is still holding his own. We hope the C. & O. can continue to furnish us such good and energetic men as Carper and Strong.

We are glad that Bro. Gravely's health has so improved that he is able to take his assignment at agency Kegley.

Bro. C. W. Riddick, agent and first Slab Fork, was off a few days attending court at Beckley, W. Va. Sister Miss Sarah Riddick, second Slab Fork, has gone back to Georgia to visit the old homestead, relieved by Mr. Bailey, of Clarks Gap, who will soon possess an up-to-date. Brothers, don't forget him.

Bro. J. W. Wood is on an extended visit to his home in Virginia.
Our old friend Jimmie Good, at Princeton, has retired from the reporter’s staff and is now running trains. Bro. G. L. Shinn, at Eccles, is still on the reporter’s staff. The best way to keep up interest on the division is for all the members to send in the news items they hear of, as it is impossible to get it all without your assistance. Let us see if we can not make this the banner division.

Chicago, Indiana & Southern R. R., Div. No. 159.

Danville Division—
The long-looked for ball was given at Schneider, May 29th and all the brothers who could tango, bunny-hug, hesitate, etc., were there. Even the music was strained by O. R. T. members.

Agent C. T. Allison, off two days, relieved by Bro. O. L. Born, who also relieved Bro. J. P. Allison, agent Campbell, a few days account sickness.

Three tricks at Tab closed April 16th; Bro. Born to extra board, and Mr. Jackson relieving on third Sloan. Campbell three tricks closed; Bro. C. R. Handley to Sloan third, Bro. Humphry to Morocco tower second.

Bro. F. G. Handley, agent Stewart, is being relieved by Bro. C. R. Handley on account of spraining his shoulder on May 13th.

We are indebted to Bro. Will Jacobs, at Sloan, for these items. Boys, please drop me a line or two, and we can have a good write-up each month.

Bro. Albert, off few days, to assist on the new schedule, was relieved by Bro. Johnson.

Bros. Blancy and Cunningham were recent Chicago visitors.

Second Trick Dispatcher Dockery is working a trick on the belt, relieved by Extra Dispatcher Connors.

Bro. Humphry, second Morocco tower, is visiting his parents in North Carolina.

Bro. Tom Gott is working levers at Stewart nights while Bro. Wyatt is on a vacation.

Bro. Lewis, agent Conrad, while attending the funeral of his sister, was relieved by Bro. Cunningham.

Agent Williamson, at Free, sports a new Ford auto, and we wonder how he can afford it as he could not see his way clear for an up-to-date.

Kankakee Division—

Bro. Barnes, Oliviers, off a few days recently on committee work and rounding up the nons.

Bro. Smith has engaged in the hotel business at Schneider; brothers, give him a call. Boomers not allowed.

Several block jobs will be opened shortly on this division.

One dispatcher has been taken off at "KKK:" Mr. Dooley now on extra. Mr. Wright has his hands full; now help him all you can, boys.

Our committee has been successful in securing a new schedule, and no one was slighted. Considering financial affairs, as they now stand, we did fine. All honor to General Chairman A. J. Shimaneck, one of the best there is. Keep him busy, boys.

A rousing good time was had at the meeting at Schneider, May 14th. It is too bad you east end boys did not turn out. The company was good enough to run a train so you could get home. If we don't turn out better to these meetings they will say no when we ask them again.

Several good talks made by the brothers, also a good explanation of the new schedule by Bro. "Shim," and Alberts. Bro. Barnes is to be the next speaker of the house.

Officers were elected for future meetings and everything is to be carried on in first-class shape. After everybody had smoked all the union-made cigars in town we all repaired to Bro. Smith’s "face foundry." Nuff sed. Officers represented: South Bend, North Judson, Schneider, Illinoi, Momence, Streator, North Hayden, Enos, Kentland, Sheff, Handy, Tab, Sloan and Campbell.

There are two nons on this division between South Bend and Kankakee who took the raise but have not joined yet.

Second Division—

Bro. A. E. Leasing has returned from Texas, Mr. Sheldon to Durkee to relieve Bro. S. P. King, who relieved Mr. Woods, on the sick list several days. Later Bro. King relieved Mr. Houser at Pleasant Valley. He and Mrs. Houser are on a thirty-day leave, the latter being relieved by Miss Ruth Hart.

Bro. Leasing was relieved by Bro. Dolan to take examination, and the latter then relieved Bro. Stearns at Pendleton while on a trip to Portland. Bro. Dolan is now relieving Mr. O’Neal at Huntington, who is taking lessons at LaGrande on train dispatching.

Mr. Connelly, of LaGrande, is relieving the genial T. A. M. dispatcher on the west end.

Our genial general chairman, J. H. Young, has returned from a pleasant visit in Texas to home folks, and is now installed as postmaster at Hermiston. We are sorry to lose him from our ranks, but rejoice with him on his good fortune and wish him success in his new venture. He is a man of sterling qualities and ability far above the average, and one of the kind who will not turn back when they meet apparently insurmountable obstacles. Hermiston agency is on bulletin since Bro. Young took the postoffice there.

Mr. Nolton, agent Union Jct., was off for ten days, being called to Stanfield to the funeral of Mrs. Nolton’s sister. We extend our sympathy to the family in their bereavement.

O. K. Mudge is at Haines pending bulletin, vice Bro. Wilson.
Bro. Pidcock, of Meacham, who was off several days, relieved by Miss Ruth Hart, can now be called "papa." Congratulations.

Miss Simpkins is at Duncan.

Superintendent Bollons and Maintainer Woods went over the division recently on a gasoline speeder.

The boys along the line are not sending us the items, which is just a little neglectful, for there have been many changes, and someone at each station should take the time to drop us a line on them. Just because we have a schedule you must not lose your interest. We will want a better one some day. Get after the few nons along the line and help us get them into the fold. Unless you do your duty to yourself, it is impossible to do your duty to your employer, and you are certainly not doing your duty to yourself unless you help to get in the non-members. There is no reason for anyone staying out of the Order now for lack of funds, because they have already received a $5.00 increase for five months, and none of them hesitate to take that extra five, either, but they are not entitled to it unless they help those who were responsible for their getting it. Were it not for our Order we would all be working for sixty-five per. Now get busy.

J. V. MITCHELL.

Chattanooga Division

It is very encouraging to see so many with an "up to date." We are doing good work, boys. Keep busy on that non next to you; let him have no peace until he comes into the ranks.

Some of the men have been trading positions. This does injustice to others. It must be adjusted.

Telegrapher Richards, of Wartrace, is contemplating a trip West. Extra Wiggs is relieving the regular men on this end of the line.

E. V. Clouse has accepted Glenn Cliff agency. Agency and first trick Hooker, Ga., have been combined. J. E. Straw is agent-operator; no change in salary.

R. S. Thaxton is relieving F. Loft on first at "NY" tower, Cravens, Tenn.

Jeff Miller has returned to first Cowan. He was relieved by Extra McNabb, of Wartrace.

The boys at Bass, Ala., frequently make a catch of a nice string of trout.

Wm. Huddleston has accepted the agency at Stevenson.

Boys, in handling trains during heavy passenger travel, remember "safety first."

Get your items to me promptly by the 20th. Keep your good work going on. See what has been accomplished in such a short time.

I recently made a trip over the other divisions. We must hustle or they will get ahead of us, especially on W. & A. Make every effort to be present at the meetings.

The Fort Club.

About sixty-five members were present at a meeting of the telegraphers representing the lines entering Ft. Worth at the Metropolitan Hotel in that city on the night of April 23d, when the groundwork for forming an O. R. T. club was laid. Bro. Bean, an attorney, formerly with the H. & T. C., was elected president, and Bro. Terhune, of the Rock Island, first vice-president. A vice-president was also elected from the M. K. & T., Ft. W. & D. C., Frisco, H. & T. C., S. P., and T. & P. Meetings are to be held every month.

The purpose of the club is to get as many brothers, with their families, together as possible, socially, and the discussion of matters of interest to telegraphers. We believe this club will be of untold interest to the members on all lines entering Ft. Worth. We all regretted that General Chairman Menter was unable to attend the meeting, while we know his thoughts were with us.

This was the second of a series of joint meetings held at the Metropolitan Hotel in Ft. Worth, and, while not so largely attended as the one at Houston on the 5th, it was not lacking in enthusiasm. After the club had been formed the hours were spent in listening to remarks and speeches from the different members present, which were both interesting and beneficial.

Another meeting of the club was held at the Metropolitan, Ft. Worth, Sunday evening, May 17th. All O. R. T. members having been cordially invited to attend made it a very interesting affair.

CORT Club.

No write-up in the April issue, as the correspondent was on vacation.

The April meeting was well attended, and we are glad to note that the brothers seem to be taking more interest of late. Interesting and instructive talks, made by Konenkamp, Newman, Brown, Soyster, Derrickson, Jones and Boyington. We were all glad to meet Sister Soyster at this meeting, and trust she may find it convenient to be with us often in the future.

The May meeting was another of the "bumper" type. Talks were made by Newman, Jones, Smart, Boyington, Rose, Carter and Sharer. Sister Veasley was a welcome visitor at this meeting. Bro. D. C. Bro. and Mrs. W. J. Early are visiting relatives in Mattison, Ill.

Bro. F. O'Leaf, of the Grand Division, is now with the C. & N. W., in the general office, Chicago.

Bro. F. F. Breining attended an O. R. T. meeting at DeKalb, Ill., on May 23d.

Let us spend a little of our spare time, brothers, assisting Bro. Boyington in organizing the levermen of the Terminal District, C. & N. W.

Bro. Marthy, C. B. & Q., is now enjoying his annual vacation, relieved by Sister Grabow.
